FLIES TO AUSTRALIA IN FIFTEEN DAYS

MINE AT PORTLAND CANAL SOLD TO BRITISH INVESTORS

Bert Hinckler Flying Alone from England to Australia in Fifteen Days Breaks Many Flight Records

Made his schedule with clock-like regularity and reached Port Darwin today by way of Africa and India

PORT DARWIN, Australia, February 22.—Bert Hinckler, the British flyer, arrived here today from Bima Sungawa, completing his flight from England in fifteen days.

Flying alone Hinckler came with clocklike regularity, stopping at Rome, Malta, Bengazi, Circonica, Tripoli, Ramleh, Basra, Irak, Jask, Persia, Perachi, Calcutta, Rangoon, Burma, Singapore and Bima from whence he made the most dangerous stretch of a thousand miles over the Timor Sea to Port Darwin.

LONDON, February 22.—The Daily Mail says the object of Hinckler's flight was to test a new under-carriage invented by himself. The plane was fitted with folding wings. The under-carriage swings back, enabling the flyer to house the machine in a garage.

Hinckler announced that he never had the slightest assistance in moving the machine since he started his flight.

The flight is acclaimed by London as one of the most remarkable feats of skill and endurance ever accomplished. The following claims are made in regard to the flight:

That the flight is the fastest yet made between England and Australia.

It is the longest light plane flight ever made.

It is the longest solo flight in any kind of airplane.

It is the fastest journey yet made between England and India.

It is the first non-stop flight between London and Rome.

HALIBUT SALE TODAY DELAYED

Catches of Three American Vessels Totalling 28,000 to be Auctioned Tomorrow

Sale of 28,000 pounds of American halibut offered at the Fish Exchange this morning was deferred until tomorrow, this not being a sufficient quantity to make up a special train which would require five cars.

The boats in are as follows: Uranus, 16,000 pounds; Alitak, 7,000; H. Gill, 11,000.

The Alitak, whose owner and skipper is Capt. A. Pedersen, is paying its first visit to the port.

E. ST. GODDARD WON DOG DERBY

Wins Today and Gets Best Total For Three Days

UBREC, Feb. 22.—Smil St. Goddard of the Pas won the international dog derby today, going today's heat in 3 hours 30 minutes and the three days in 11 hours 14 minutes.

Leonard Steppella of Nome came second today in 11 hours 17 minutes, and Earl Bryson of the Pas third.

TWIGG REFUSES RESIGN SEAT

Declares Responsibility for Investigation Rested With the Government

VICTORIA, Fe. 22.—"I have not the slightest intention of resigning my seat and there is no need of doing so," declared H. D. Twigg, Conservative member for Victoria, in the Legislature in reply to a demand from Ian MacKenzie, Liberal member for Vancouver, that he resign as a result of the Royal Commission finding on the Gauthier and Carlow liquor charges.

Mr. Twigg maintained he proved what he started out to prove, that the Government's actions in the Gauthier and Carlow cases were undermining the faith of the people in the Government generally. He declared that full responsibility for the investigation rested with the Government.

BUDGET DEBATE IS CONTINUED

Dr. Manion Waxer Sarcastic and Declares Government is No Friend of Laboring Man

OTTAWA, Feb. 22.—"The great mass of the people get nothing from this budget," were the words used by Hon. Dr. R. J. Manion of Fort William in the House of Commons in continuation of the debate. His remarks were typical of further Conservative criticism of the budget. The debate on the government's financial proposals again held the stage yesterday and, at adjournment, it was still unfinished.

Dr. Manion declared that the government, surprised that its unwise policies had not ruined the country, had formed a mutual admiration society with the minister of railways recently complimenting Providence on being associated with the government.

Dr. Manion further declared that the only kindness of the government to the working man had been in the giving of permits to go to the United States.

H. E. Lavigne, Liberal, thought that the budget was one of the best that had been offered Parliament since Confederation.

LITTLE HOPE FOR FLYERS

Government Authorities Fear That Hudson Straits Aviators Are Gone

OTTAWA, Feb. 22.—Little hope is held out by government officials that Flying Officer Lewis, Flight Sergeant N. C. Terry and a native, who have been missing since February 17 from Port Barwell air base in Hudson's strait, are still alive. They carried three days' rations which must now be exhausted and it seems impossible that they could have survived exposure in the storms and extreme cold for long. Their comrades are braving the elements in a search for them.

ROAD WORK IS GOING AHEAD

Thirty Men Employed on Local Highway—Will be Finished to Galloway Rapids in Two Months

Following a shut-down of two months on account of unfavorable weather conditions, construction work on the Kaien Island Highway is again proceeding in full swing. Some thirty men are employed and it is expected that it will take fully two months before timbering and surfacing is completed and the road will be ready for traffic as far as Galloway Rapids. The work is being carried out by the Vancouver Pile-driving & Contracting Co. with James Jack superintendent in charge.

MARCIL AGAIN HEADS CAUCUS

WASHINGTON DAY BEING OBSERVED

United States Celebrates Anniversary of Birth of Nation's Founder Today

Today is the anniversary of the birth of George Washington, founder of the republic of the United States. Accordingly it is a holiday throughout the States and on such American soil as the local consulate which is closed for the day.

George Washington, who was born in 1732 and died in 1799, was of English descent and was living on his American estate at Mount Vernon when the dispute between the British home government and the colonists broke out. Washington became one of the leaders of the local opposition and later was elected to the first Congress at Philadelphia. The following year, 1775, saw him commander-in-chief of the American Army and, from that time until the end of the struggle in 1783, he was trusted and adored by the people. On the founding of the Republic he became its first president in 1789. He served a second term of office from 1793 onwards and refused election for a third time. He was one of America's noblest characters—good, simple, honest, brave and efficient.

MAROONS ARE NOW SECOND

One Point Ahead of Ottawa in Canadian Section of Hockey League

TORONTO, Feb. 22.—Montreal Maroons are in second place in the Canadian section of the National Hockey League with 37 points, which is eight points behind the Canadiens, while Ottawa came third with one point behind Montreal. Toronto is the next in line.

In the American section Boston now has a four point lead over the New York Rangers.

In the games last night, the Canadiens had the edge against Toronto.

Joe Lamb, the recent amateur acquisition of Montreal maroons twice tied the game with New York and gave Stewart a pass for the winning goal.

Boston won the first victory this season on Pittsburgh ice.

Scores were:

Pittsburg 6, Boston 2.

Toronto 0, Canadiens 0.

Montreal 5, N.Y. Americans 3.

Dr. H. L. Alexander returned to the city today after a short visit to Vancouver.

London People New Purchasers Terminus Mine at Portland Canal Connected with Short Line Railway

Railway Expected to Reach Property by August is Announced at Victoria; E. P. Davis and H. H. Stevens Connected With Deal

VICTORIA, February 22.—London, England, interests headed by W. B. Wooley of Broad Street, were revealed as the purchasers of the Terminus Mine at the general meeting of shareholders yesterday at which the sale of control in the property was ratified. E. P. Davis & Co. of Vancouver acted as trustees for the purchasers.

The Wooley interests are associated with the London interests that are associated with H. H. Stevens in the Vancouver Holdings Company under which construction and operation of the old Portland Canal short line is to be carried on.

It is expected that the railway, construction of which is to be continued directly, will reach the base of Terminus Mountain probably by August of this year. The mine is on American Creek, a small tributary of Bear River, up which it is proposed to build the railway.

Sand-lime bricks, cinder blocks, and cement blocks are made at many points in Canada, both in competition with ordinary clay bricks and pressed bricks, and also for use in localities where ordinary bricks are not available except at relatively high cost.

OTTAWA, Feb. 22.—Wing Commander Lindsay Gordon, recently appointed director of military aviation, has been named a member of the defense council of Canada.

Prohibitionists Ask Plebiscite on Beer Parlors at Next General Election in B.C. and Urge Changes

VICTORIA, February 22.—A delegation of prohibitionists and temperance workers interviewed the government yesterday urging the use of a temperance text book in the regular public school curriculum. They also asked for the elimination of liquor advertisements; for the abolition of the present system of distributing liquor profits to municipalities, hospitals and charities, and for a plebiscite on beer by the glass at the next provincial election.

The delegation did not ask for abolition of government control of the liquor business but urged improvements to the system, which they said they were willing should have a fair trial.

Premier MacLean promised most earnest consideration of the requests but added that education rather than legislation appeared to him the best means of attacking liquor problems.

Revenue Mining Company Option on Independence

People Now Operating at Khutze Inlet to Diamond Drill Property Near Stewart This Season

The Revenue Mining Co., which is already operating extensively at Khutze Inlet, down the coast from Prince Rupert, has optioned sufficient of the stock of the Independence Mining Co. to give it control when work to which the new company has obligated itself has been performed, states S. P. Fitzgerald, president and managing director of the Independence, who is a passenger on the Camosun today bound from Stewart to Vancouver. This will mean active development of the well known Portland Canal property again this season, states Mr. Fitzgerald.

A contract has been let to Lynch Bros. of Seattle for three thousand feet of diamond drilling which will be started as early in the spring as supplies can be moved on to the ground. This work will be carried out at an elevation of 1,800 feet where good ore showings have been already exposed by open cuts and a short tunnel. In addition, a six-hundred foot tunnel will be driven at 2,600 feet elevation under a long tunnel already driven by the Independence Co. Development work will be carried out under the direction of C. L. Batten, M.E., who was at one time identified with the B.C. Silver.

The Independence is one of the best known properties in the Portland Canal district. Underground work already carried out has developed a large amount of what is declared to be good milling ore as well as several shoots of high grade. The property is well situated from a shipping standpoint, the Portland Canal Short Line Railway passing through the lower claims of the group which extends from the Bear River to the summit of a mountain.

WANT TO STOP BUTTER IMPORT

Dairymen Pass Resolutions in Regard to Australian Trade Agreement

NANAIMO, Feb. 22.—J. W. Berry of Langley was yesterday elected president of the British Columbia Dairymen's Association.

The association passed a resolution asking that the Australian agreement be terminated; that the order-in-council applying schedule two of the Australian agreement with New Zealand be rescinded at once; that the dumping clause be immediately applied on all butter sent from Australia to Canada on consignment as well as on direct sale so long as the Patterson bonusing plan is in effect.

CANADA FAVORS CONCILIATION

Dr. W. A. Riddell, Representative of Dominion, Speaks Before League of Nations Security Committee

GENEVA, Feb. 22.—Canada is strongly in favor of a commission of conciliation and investigation as distinct from "traditional arbitration," Dr. W. A. Riddell, Canadian representative in Geneva, said before the League of Nations security committee today. Mr. Riddell cited the success of the joint commission in settling disputes between Canada and the United States.

UNEMPLOYMENT RELIEF ENDED

Federal Contributions to Provinces is Withdrawn, Premier King Announces

OTTAWA, Feb. 22.—Withdrawal of federal contributions to the provinces for unemployment relief is announced in a letter from Premier King to Premier Bracken of Manitoba. The premier set out that the assistance had been given merely as a post-war measure to meet conditions arising out of the Great War and the civil re-establishment of returned men.

MAKE THIS CITY BEAUTIFUL

It is satisfactory to feel that the city council is interested in the matter of making the city more beautiful. It is something everyone should be interested in, either from an aesthetic or business reason.

We might well make the city beautiful in order that we might have here something of which to be proud. It would increase our self-respect as citizens and help us to realize our importance in the world. That would be a good reason for trying to make the city more beautiful. The other reason is that it pays. We can attract people here by giving them something worth while to look at.

Every vacant lot improved, every stump removed, every window box planted, every garden cultivated adds to the general feeling of pride in the home town and the self importance of each inhabitant. It also should be a good commercial asset.

The city council is to be congratulated that it took the matter seriously and if it can help in the general movement, it will be fulfilling its function in that respect and be of benefit to the city.

UNEMPLOYMENT INSURANCE

Opinion seems to be somewhat divided as to the value of unemployment insurance. It is claimed that in England it is a much abused measure, due largely to the fact that the amount paid is too large, compared with the actual earning. In that way it encourages idleness. The man who can get paid for doing nothing will not work, it is said. And it is bad for both health and morals not to work.

The other picture is of course more important. In this part of the country where there is seasonal employment, some provision should be made for those who are thrown out of employment through work closing down. People who have regular salaries and who have never been subject to this kind of thing happening, find it hard to realize what it means to be without money or the means of earning. It is especially hard when there is a family dependent on those earnings. It is one of the tragedies of our present civilization.

Of course unemployment insurance is spoken of as a socialistic move. No matter what label is put on it, the facts remain. People have to suffer from want of employment. Since the employment bureaus have become so successful and have systemized their work, the making provision for those who are absolutely unable to get work is the next step. It has to be carefully supervised but in the light of the experience of other countries a plan ought to be worked out that may prove a success.

SECOND CHAMBER GOES

Nova Scotia is evolving. That province which is not half as large as the constituency represented by J. C. Brady in the Federal House, has until now had two legislative chambers, just as Canada has a House of Commons and a Senate. Tired of so much overhead and hampered in legislation by the legislative council, it has finally decided to lop off the encumbrance and this is the last session of that chamber.

So Canada will some day find the Canadian Senate to be simply an excrescence. It will have to go because it is expensive and unnecessary.

ATHLETIC ASSOCIATION

The proposal is made in another column than an athletic club should be formed here. Everyone will agree that it is needed, that there ought to be one and that there might be one if the people united on some definite course of action. The difficulty is largely a matter of leadership. Someone in whom the people have confidence has to get out and rustle for it and look after it when it has been formed.

Whether this is the time of year to approach the subject, we are not ready to say, but it does seem as if some such club as mentioned ought to be organized here. Encouragement to athletics is one of the first signs of advancing civilization.

SOLDIERS AND RIGHT TO VOTE

Proposal Made at Victoria to Disfranchise Men of Fighting Force at Esquimalt

OBJECTION IS TAKEN

Colonel Peck and Ian Mackenzie Express Opinion That Men Who Would Fight Should Vote

A barrage of criticism met the request of the Esquimalt Municipal Voters' Association for legislation depriving soldiers and sailors of the regular forces stationed in Esquimalt of the right to vote in municipal elections, when representatives of the association laid their views before the municipal committee of the House.

Col. Cyrus W. Peck, Conservative, The Islands; Captain Ian Mackenzie, Liberal, Vancouver; and N. A. Wallinger, Conservative, Cranbrook, led the attack on the disfranchisement proposal, which was finally laid over for further consideration by the committee.

The association asked for legislation amending the Municipal Act so as to change the definition of "householder" to exclude persons who reside on property held or occupied by or on behalf of the Crown from the municipal voters' list.

Claiming that the vote of the sailors and soldiers was an irresponsible one, R. P. Matheson, representing the association, declared that they controlled municipal election to the detriment of the interests of responsible residents.

"I suppose that, if Esquimalt were attacked, you would not mind those people going out to fight for you,

would you?" asked Col. Peck.

EXPLAINS POSITION

Members of the association liked the soldiers and sailors, Mr. Matheson replied. They were as fond of them as anyone else. What they objected to was that one side in an election could get the names of the military on the voters' list and control the situation.

"Haven't both sides the same opportunity?" asked Mr. Wallinger.

"When you have a body of people without a stake in the community, that is the body who are subject to influence by liquor interests and other groups," Mr. Matheson declared, adding that the candidate who would allow the town to "run wide open" was the one who would "go down and get them to vote." Both sides in an election had the right of presenting a line of reasoning to the voters, but no reason would appeal to irresponsible people who had no stake in the community.

"What inducement was offered them to vote in a certain way and what evidence have you that any was offered?" asked A. W. Gray, New Westminster, secretary of the committee.

INDUCEMENTS SIMPLE

Inducements in such situations were usually so simple and so well known that it was hardly necessary for him to suggest what they were, Mr. Matheson replied. He was not saying that there had been any particular inducements. His association was thinking of the future.

"You are assuming that soldiers are in a low state of morals," asserted Col. Peck. "Why are they irresponsible? Are they any more irresponsible than you?" Mr. Matheson quoted Kipling in reply.

There was a principle at stake and no precedent should be set to impair it, Mr. Wallinger declared.

Mr. Matheson said that in one year, 1926, the names of only one of the forces was on the voters' list, but that in 1928 116 names of members of the

garrison forces were included.

"It is the old question of a man good enough to fight for his country but not good enough to vote in it," Col. Peck commented.

"OUTRAGEOUS"

"This is the most outrageous and the most outlandish proposal I ever heard," declared Capt. Ian Mackenzie, explaining that he was not a member of the committee, but claimed the privilege of a member of the House in addressing it. "The ultimate sanction behind the ballot is the willingness of the person who votes to defend with his life the country in which he votes. If this proposal is brought before the House I will op-

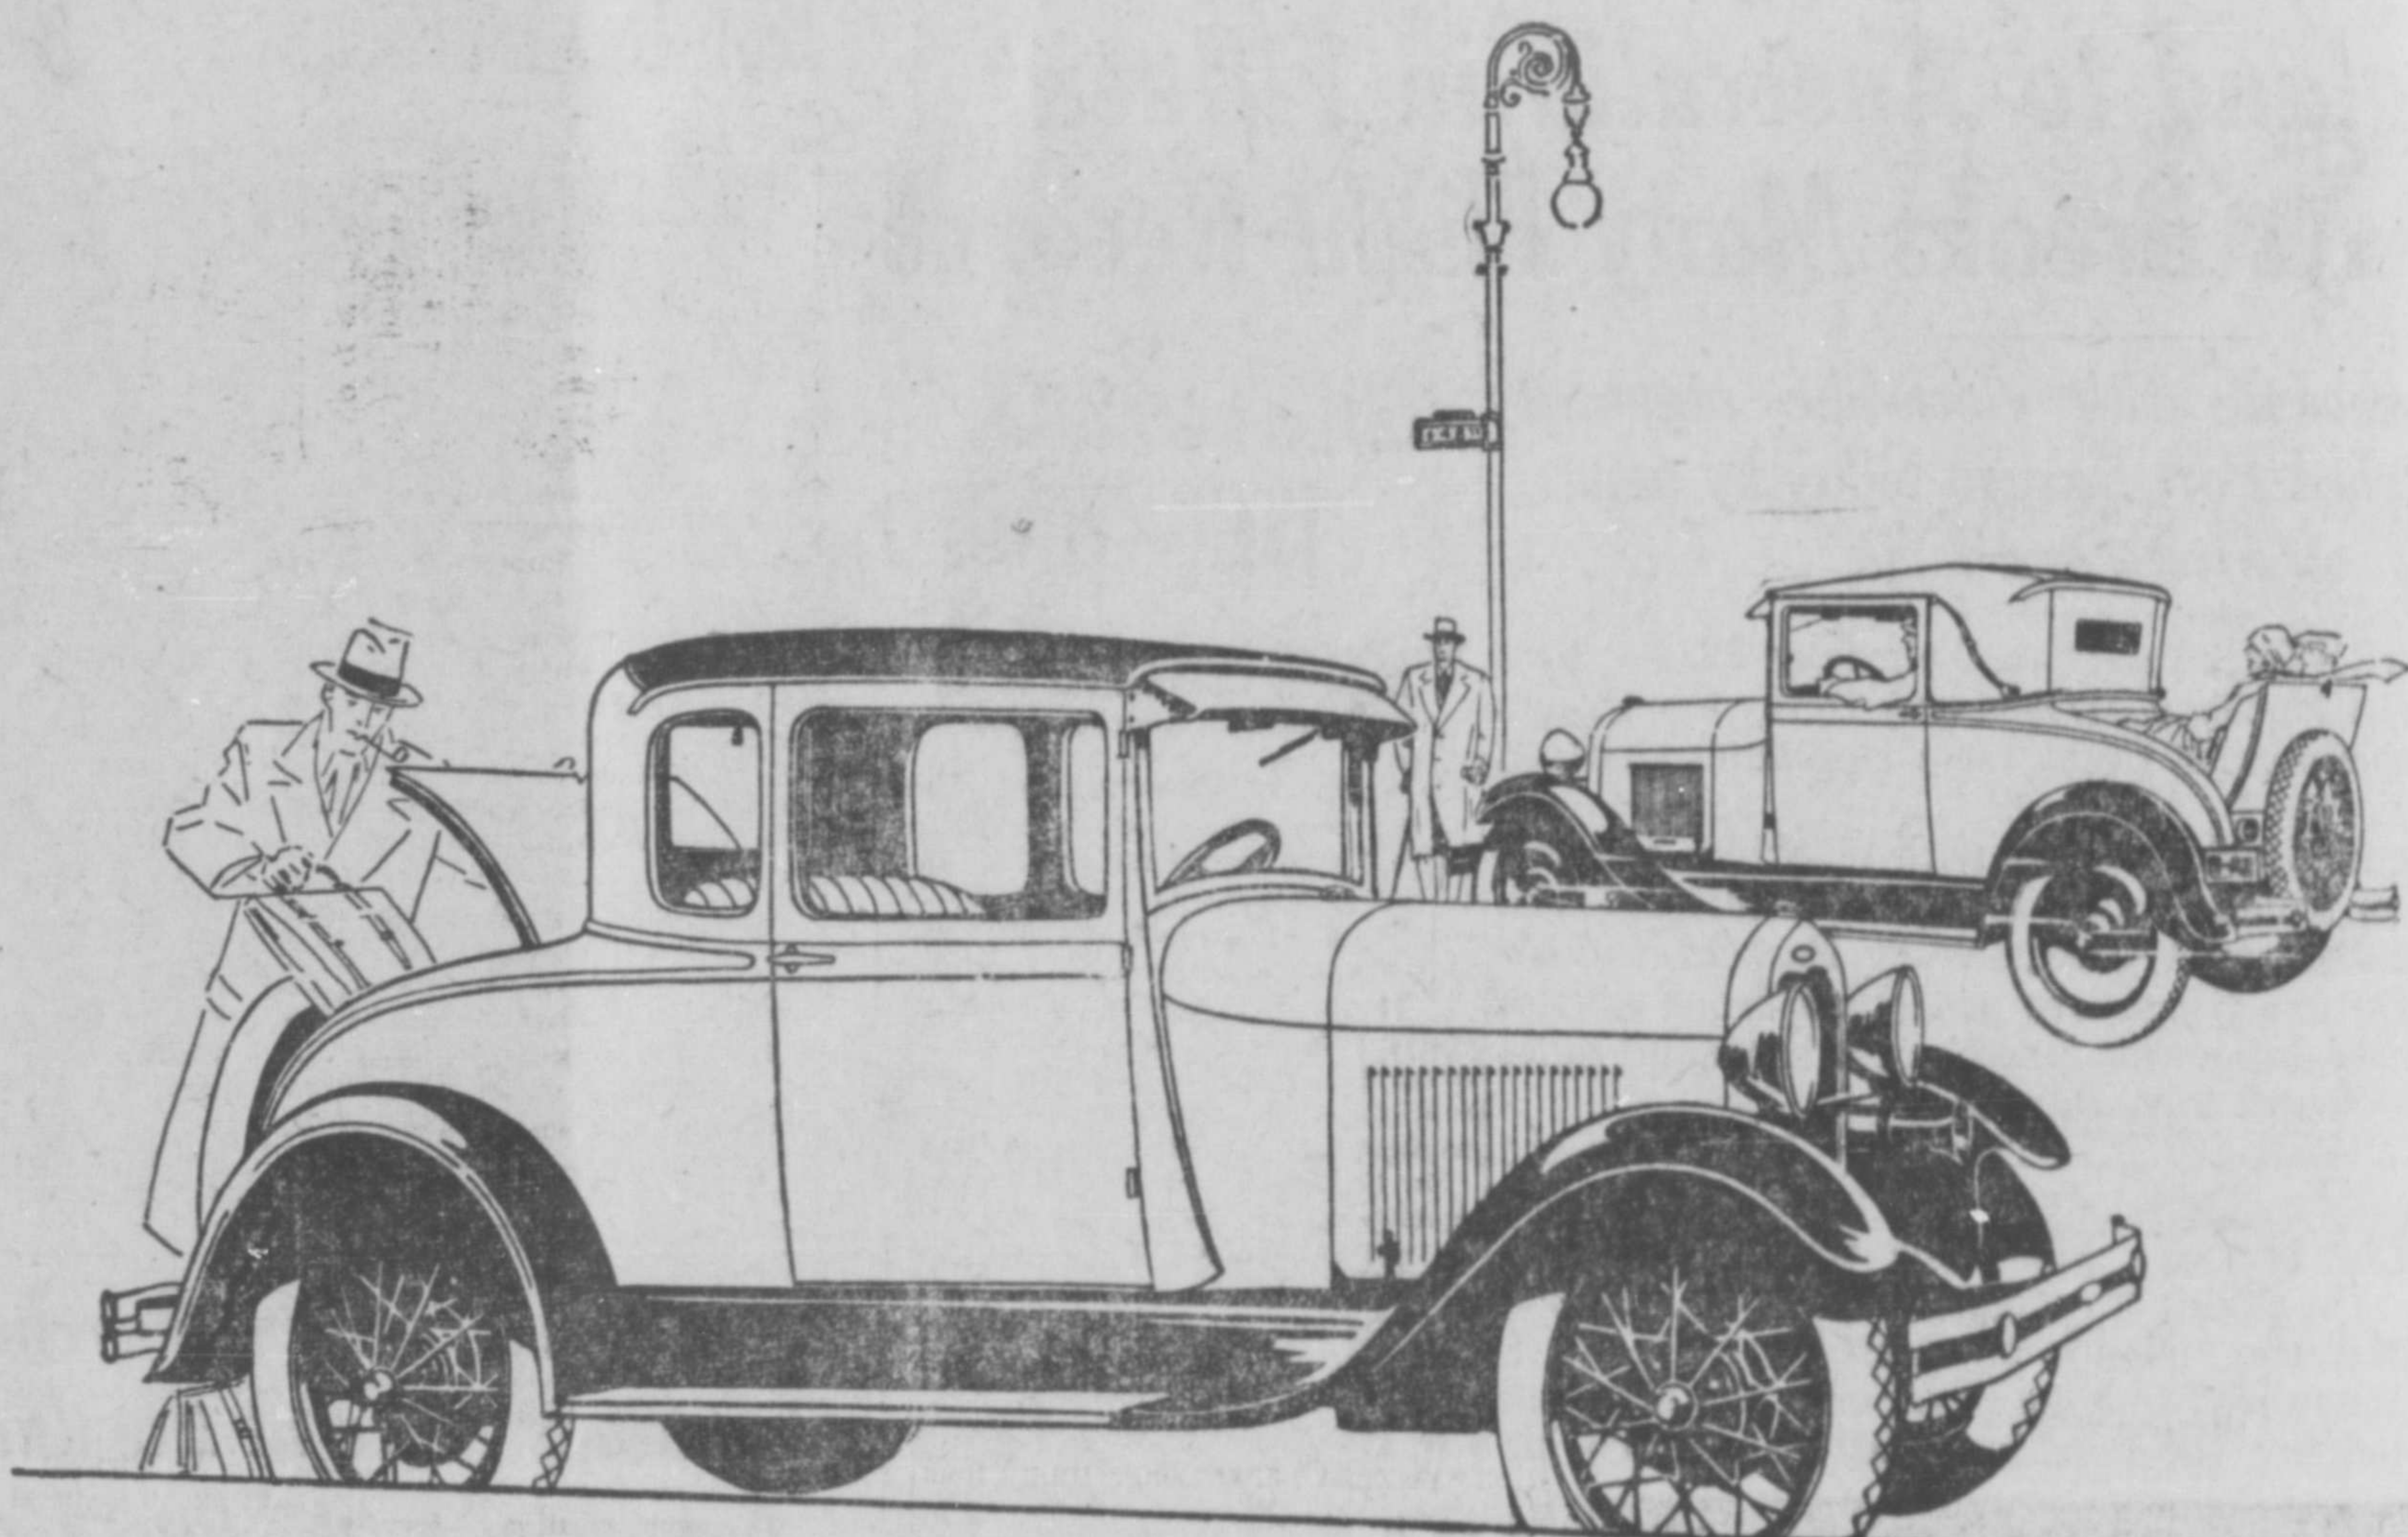

pose it to the last drop."

Councillors Pomeroy and Eirick and Captain Gray also addressed the committee in support of the proposal.

Declaring that the voters' association was itself an irresponsible body, Reeve Eirick, of Esquimalt, strongly opposed the proposal. The men were entitled to vote and there should be no discrimination, he said, maintaining that the members of the forces were entirely responsible voters. If he took the same stand as Mr. Matheson, he would want to cross the name of every man who voted against him off the list.

Moose and Canadian National Ladies' Now Tied for Leadership as Result of Last Night's Games

As a result of last night's games, Moose Ladies and Canadian National Ladies are now tied for the leadership of the ladies' section of the Fraternal Whist League. On the results of the final scheduled games next week will depend the season's honors as far as this division is concerned with all four teams yet having the chance to win out.

English Ladies defeated Orange Ladies by 5 to 4 last night, Canadian National Ladies winning over Moose Ladies with a similar score.

League standings to date are as follows:

	W.	L.	Pts.
Moose Ladies	6	5	6
C. N. Ladies	6	5	6
Orange Ladies	5	6	5
English Ladies	5	6	5

MERCHANTS HAVE ANNUAL DINNER

Officers Elected at Meeting Last Night—Plans for Year Discussed—Healthy Finances

Officers for the year as follows were elected at the annual dinner last evening in the Commodore Cafe of the Prince Rupert Retail Merchants' Association:

President, D. C. McRae.
Vice-President, L. M. Fuller (retiring president).
Secretary, John Bulger.
Executive—Dan Jabour and N. Musallam.

Retiring President Fuller, in a brief speech, expressed his appreciation to the members for the co-operation and support that had been accorded him during his term of office.

President-Elect McRae thanked the meeting for the honor which had been bestowed upon him and stated that he would do his utmost to carry on the work successfully.

The financial report, presented by the retiring secretary-treasurer, Aid. Frank Dibb, showed the Association to be in a healthy condition with a substantial balance in the bank to its credit.

Plans for the year were discussed and it was decided to have a series of addresses by members of a vocational nature. It was also decided to resume the annual picnic of the Association on a date which will be selected later.

A letter from the cenotaph committee requesting support in its forthcoming campaign for funds was read.

"ARE YOU A MASON?" WILL BE NEXT PLAY

Prince Rupert Players' Club Decided to Stage Farce About End of April —Meeting Last Night

The Prince Rupert Players' Club, at its regular monthly meeting last night in the hall on Second Avenue, decided to stage the farce "Are You a Mason?" about the end of April. The meeting was presided over by the vice-president, Miss Nora Rivett, in the absence of the president, A. A. Connon, and Miss Caroline Mitchell acted as secretary in the absence of Miss Vi Cameron. There was a good-sized attendance of members.

Following the business session, the members of the club enjoyed a dance for which music was furnished by Miss Irene Morrison and Jimmy Currie. In the course of the proceedings a solo was sung by Ernest Smith and a duet by Bill Smith and George Mitchell.

T. J. Shenton, inspector of mines, left on this afternoon's train for Telkwa on official duties.

Perspiration Odour is no respecter of Persons- or Seasons

Winter and Summer one perspires . . . everyone . . . from one to two pints daily, the doctors say.

One needn't be in a warm room, it may not be a sultry summer day, for sometimes excess perspiration is caused by emotion or plain nervousness.

But, whatever causes perspiration odour, no one need ever offend because of it . . . not while there is Lifebuoy Soap to be had practically everywhere.

Lifebuoy Soap used for face, hands and bath makes one sure of not offending. The creamy antiseptic lather not only cleanses but also purifies the pores and keeps them antiseptically clean and sweet from bath to bath.

Lifebuoy is orange red, the colour of its pure palm fruit oils . . . it costs no more than the toilet soap you are using now.

MAPLE LEAFS ARE WINNERS

Defeated Drill Team in Exhibition Ladies' Basketball Match Last Evening

The feature of last night's basketball games was the ladies' exhibition match in which the old Maple Leafs, for years champions of the city and the north, took the Girls' Drill Team into camp by the effective score of 29 to 7. It was a well contested game up to the final quarter in which the Drill Team went to pieces and allowed the Maple Leafs to score ten points while they got none. The Maple Leafs were leading all the way through—at the end of the first quarter 3-1; at half-time 9-5; and at the end of the third quarter 19-7.

The Senior League match scheduled between the Native Sons of Canada and Elks took the form of an exhibition, players being mixed up on either side. Rough play featured the match which the Canucks won 28-19, half-time score being 19-7 in their favor.

The third game of the evening between the Elevator and Big Four in the Intermediate League was a well-contested affair. Big Four won 45-34 after having been leading 26-11 at half time. E. A. Mann refereed the Ladies' and Intermediate games and Mike Budinich the Senior. Oke Jackson was timekeeper and Spiro Gurvich, scorekeeper.

Only a small group of fans was in attendance. Friday night's games give promise of being interesting, the features including a match between Port Simpson Athletic Club and local All Stars for the championship of Northern British Columbia, and a match between the Maple Leafs and champion High School in the Ladies' League. Port Simpson Athletic Club players arrived in the city this afternoon and will have a workout tonight in anticipation of Friday evening's game. A return game will be played at Simpson Saturday night.

Individual scoring last night was as follows:

SENIOR LEAGUE

Native Sons of Canada—Dido Gurvich, 10; Ernie Ratchford, 4; Clarence Thomson, 3; George White, 2; Bronson Hunt, 4; Will Lambie, 5; total, 28.
Elks—Vic Menzie; Jack McNulty, 10; Doug Stalker; Tom Kelsey, 2; Kenneth Meagher, 7; total, 19.

LADIES' LEAGUE

Maple Leafs—Margaret Graham, Catherine Harvey, 8; Vera Smith, 3; Lillian Lowe, 9; Myra Harvey, total 20.
Drill Team—Laura Frizell, 4; Cathie Irvine, 1; Evelyn Dalby; Evelyn March 2; Ada Mengzohr, Dot Edgar; total, 7.

INTERMEDIATE LEAGUE

Big Four—Ernie Ratchford, 11; Tom Kelsey, 12; Doug Stalker, 13; Fred Dingwall, 5; Mike Comadina, 4; total, 45.

Elevator—Vincent Meagher, 14; D. McDonald, 9; T. Hughes; A. Donald, 6; Eddie Smith; B. Wendle, 5; N. McDonald; W. Murray, 34.

League standings to date follow:

Senior League	W.	D.	L.	Pts.

BOBBY JONES NOW A LAWYER

Only Brief Time in Law School and he Becomes Qualified

MEMPHIS, Tenn., Feb. 22.—It requires years to become a bricklayer or a golfer but one can enter the legal profession by a "match shorter" route. Silas H. Strawn, president of the American Bar Association, has observed. Mr. Strawn cited the case of Bobby Jones, golfer and lawyer. "Bobby Jones spent 25 years in his efforts to become a champion golfer," Mr. Strawn said. "They have made him a lawyer after a brief time spent in law school. He may be, and probably is qualified, but would others admitted under the same system be equally as well qualified?" The American Bar Association is

urging the uniform adoption of requirement, which are two years of college work and three years of law school work. Pointing out that labor unions require long apprenticeships, Mr. Strawn said "The law is a profession which should require at least as much training bricklaying."

SPORT CHAT

A boxing match without the possibility of a knock-out sounds in these days rather like "Hamlet" without the prince; but some Swedish doctors have previously made the suggestion. Their case is purely a medical one. It appears that a knock-out blow sometimes brings about eventual, not immediate, death by causing certain blood-vessels to be torn, and again that every knock-out implies a degree of concussion which may tend towards insanity. Hence it has been concluded that all matches should be decided on points, and that the knock-out should be prohibited by law.

From the point of view of the sport, there is something to be said for the suggestion. It might make for more interesting if less exciting bouts. Where the issue may depend upon a single blow both fighters must of necessity be cautious not to give their opponent a easy chance, and the tremendous unching power of a good boxer had to a rather wearisome defensive policy, as anyone who saw the film record of the Dempsey-Tunney match will know.

In the "classical" days of Sayers, Heenan, and their predecessors there was no knock-out, because men fought with the bare fist, and the fist can hurt and sting and bruise, but cannot stun. The dazzling blow was made possible by the apparently humane introduction of the eight-ounce glove. The substitution of a much lighter glove, designed only to protect the skin might lead to interesting developments in the game. The impossibility of a knock-out and the necessity for a win in points would encourage a more open style. But promoters will no doubt be reluctant to lose the spectacular appeal of the knock-out.

ALICE ARM
An ore vein eight inches wide, composed of the finest high-grade argente-silver ever mined on the property, is now being worked at the Esperanza mine. The vein was broken into last week and depth is being gained as the tunnel is extended. The Esperanza is said to have \$125,000 worth of ore on the dump and a similar quantity sacked. It is being held pending the proposed construction of a mill on the property.

Norman Macleod, who has spent the winter at the Anxoy mine, returned to Alice Arm last week from the smelter town.

Latest reports from the Silver Cord mine, on which a big strike was reported lately, indicate that the ore body is even larger than was at first expected. Work is being pushed with all possible speed.

During the past week the weather has become much warmer and the snow is gradually diminishing. Unless protracted cold weather again prevails, an early spring will follow one of the coldest winters ever recorded here.

Residents who have spent the winter in the south are gradually returning and soon the town will again be filled up and humming with summer activities.

The death occurred recently in the Vancouver General Hospital of Arthur Smith, aged 4 years and 2 months, eldest son of Mr. and Mrs. C. M. Smith of Alice Arm. The boy had been taken to a short time ago for treatment.

STEWART
Edgar Provinse has left Stewart for the south on a business trip.

The Hyder sawmill is to start cutting in a few days. Several orders have been received from the Premier mine for reconstruction work following the recent fire.

Mrs. Charles Larson left Monday night for a brief visit in Prince Rupert.

Fred G. Elder, shift boss at the Premier concentrator, has left for a trip to Vancouver.

Mrs. W. Anderson and daughter, Miss G. Elder, William LaRose, Hugh McDonald, William Gray, P. Wilson, F. C. Green and Walter Magee are Stewart residents recently returning from trips south.

Mrs. William Tompkins left last week on a trip to Vancouver.

Last Wednesday was the eighty-ninth birthday of Frank Bison, Stewart's "grand old man." A reception in his honor was given by Mrs. A. E. Yeung at the hospital.

Jack Scott of the Crawford Transfer Co., is a patient in the Stewart General Hospital suffering from a fractured leg as a result of a painful accident last week when he fell from the trailer of a tractor and was dragged for a considerable distance.

ATTACK MADE ON SIR HENRY

Conservative Paper Objects to Method of Criticizing Head of Railway

OTTAWA, Feb. 22.—In reply to an attack made on Sir Henry Thornton by C. H. Cahan, one of the spokesmen of the Conservative party in a speech in connection with the budget debate Monday, the Ottawa Journal, a Conservative newspaper, made the following reply:

"It is a great pity that C. H. Cahan should have marred an otherwise fine speech by going out of his way to make a gratuitous attack upon Sir Henry Thornton. What Sir Henry Thornton said at Montreal last week or what he is alleged to have said, so vociferously assailed by Mr. Cahan was absolutely irrelevant in any specific or even general consideration of the proposals of the budget, and the only consequence that can come from Mr. Cahan's sarcasm is a false public belief that the Conservative party is in some way hostile to Sir Henry Thornton and to his conduct of the Canadian National Railway. Such a belief, prompted by certain other assaults upon the Canadian National Railway head some years ago, and unscrupulously used by Liberal partisans in the last election, did considerable harm to the Conservative cause in the constituencies, and Mr. Cahan, by his failure to profit from past mistakes is merely once more putting a dangerous weapon into the hands of his opponents.

"The Journal does not hold, and has never held, that Sir Henry Thornton's words and actions should be above criticism, what it has held, and now holds, however, is that the criticism should be upon worth-while responsible and specific grounds, and we do not think that can be said for the statements made by Mr. Cahan in the House of Commons yesterday. On the contrary, they were trivial, far-fetched, irrelevant to the subject of his address and unworthy of his speech as a whole."

WHAT WE NEED.

Editor Daily News.

I am taking the liberty of bringing to your notice the absolute necessity of an Athletic Club in Prince Rupert. It has been tried in the past, but for some reason, it did not meet with success. Why can't we start one here? A fee of \$1.00 to join and 50c per month would help to make it a success. Anyone in Prince Rupert who is interested in sport would not mind paying such a fee. In P.R., as in all other small cities, we have to make our own pleasures. A club like this would keep many young men out of less profitable places and they would be better from a physical standpoint. If the people who are interested in sport had a little more encouragement along that line it would help towards something that is necessary.

Thanking you Mr. Editor, I remain
A SPORT FAN.

MEMBERS OF LIEF ERICKSON SOCIETY CARD PARTY, DANCE

Following their regular monthly meeting last night, members of the Lief Erickson Society to the number of about sixty enjoyed a whist drive and dance.

In the card playing, H. Halkestad won the first prize for the ladies on a cut with Mrs. Karl Dybhavn while ladies' consolation prize went to H. Gjoesund. The men's first prize was won by A. Sund and the consolation by Einar Stockland.

Refreshments were served after which dancing was enjoyed, music being furnished by A. Wikdahl and Mrs. Luth. The committee in charge of the evening's entertainment consisted of Mr. and Mrs. H. Dahl, Mrs. Wikdahl, Tom Dybhavn and Mrs. Lindseth.

TEA AND SALE BY CATHOLIC LADIES

Successful Affair Yesterday Afternoon in Spacious Home of Mrs. Oller Besner

A very successful tea and sale was held yesterday afternoon by the Catholic Women's League at the home of Mrs. Oller Besner, 303 Fourth Avenue East. A large number of ladies favored the function with their patronage and well over \$500 was realized.

The guests were received by Mrs. Besner and Mrs. M. P. McCaffery. Mrs. D. W. Morrissey and Mrs. McBrierty, those assisting in serving including Mrs. S. Batcher, Mrs. G. W. Nickerson, Mrs. J. L. Blain, Mrs. G. Couture and Mrs. Louis Amadio. It being Shrove Tuesday, pancakes featured the delicious and bounteous refreshments.

Mrs. Harold McEwen and Mrs. Hubert Ward was in charge of the home cooking table and the raffling of a pillow, donated by Mrs. S. Batcher, was supervised by Mrs. C. P. Balagno, the winner being Mrs. Wilfrid Gratton.

During the afternoon there was a delightful musical program in charge of which was Mrs. J. J. Muldoon. Those contributing to the program included Miss Lorna Tite, Miss Jackson, Miss Virginia Riel, Mrs. J. H. McLeod and Mrs. Hubert Ward.

The rooms of the spacious home were tastefully decorated, the dining room with tulips and daffodils and the living room with pink and white carnations.

CHOOSING A LIFE PARTNER SUBJECT OF INTERESTING TALK

In his address to the young people of the United Church, Monday, Rev. A. Wilson spoke most interestingly on "Choosing a Life Partner." He said that a Christian standard was implied by the title and certain ideals were also required but there were also other factors which entered into assuring wedded happiness such as disposition, temperament, spiritual culture and the practical qualities. Health and physique were important factors as well as honor, truth, loyalty, confidence and patience; efficiency on the part of the woman and ability to provide on the part of the man. Common interests in such as art and hobbies were desirable and, finally, a common religious interest. While infatuation or spontaneous attraction was often responsible in bringing individuals together in marriage, this was not always a reliable guide to permanent happiness albeit that in the Scripture the direction of evoking of the emotional side was often exhorted such as "Thou shalt love thy neighbor as thyself" and "husbands love your wives."

Fashion Youth

as Paris expresses them for Spring 1928 presented in new sizes in

Dresses, Coats Suits

to fit WOMEN AND MISSES

A new chapter in the history of Fashion was begun when we opened our new store on Third Avenue less than a year ago.

It was more than new. It was revolutionary. No one else was doing it. But it had to be done—because you wanted it—because you demanded

THE SAME CHOICE OF CURRENT STYLES THAT ANY SMART WOMEN ENJOYS IN THE SIZE TO FIT YOU.

To give the needed ease at arms, bust and hips, and to give the style—unchanged—meant thought, required special organization. "Why go to all that bother" was—and is—the attitude of most fashion shops.

Why, indeed! Except as a greater service to you. Richmond's Louvre decided to give that greater service. Created the organization to give it. Planned the new store, with adequate space and a modern environment, for the proper showing of Youthful Styles in a definitely new range of sizes, originated by us, misses—plus sizes 16 plus to 30 plus (to fit 34 to 48 bust).

MILLINERY FOR LADIES

We have a few original models in Millinery, also a few very good copies.

Ladies' Spring Coats and Dresses

We have these to suit every pocket. Do not think that because we have an up-to-date modern store that our prices are necessarily higher than you want to pay. Just drop in and see the variety of our stock—there will be something to suit you—both in price and quality.

And if you are looking for something new in styles and materials, we have it!

ODDFELLOWS GIVE SUCCESSFUL WHIST DRIVE AND DANCE

A successful whist drive and dance which was largely attended was held last evening by the Oddfellows: Men's first, R. L. Parry on cut with J. A. Prince; men's second, E. N. Glass; ladies' first, Mrs. Keroni; ladies' second, Mrs. J. S. Irvine.

After cards, refreshments were served and dancing followed with music by an orchestra consisting of A. L. Sharp, Dave Eastman and J. Underwood.

J. E. Boddie was master of ceremonies and Tom Tomblinson presided at the door. The committee responsible for the success of the proceedings consisted of S. V. Cox, Mr. Delorme and Mr. Tomblinson.

TIMELY RECIPES

(By Barbara B. Brooks)

CHOC-O-BRAN

2 eggs, 1-3 cup sugar, 1-4 cup strained honey, 1 square melted chocolate, 1 cup all-bran, 2 cups flour, 1 teaspoon salt, 2 teaspoons baking powder, 1-2 teaspoon

cinnamon, 1-3 cup melted butter.

Beat eggs slightly and add sugar and honey. Beat thoroughly and add melted chocolate and bran. Add dry ingredients which have been sifted and melted butter. Drop from a teaspoon on to a greased pan and bake in a moderately hot oven (400 deg. F.) for 12 minutes. Field: 2 dozen cookies.

EDMONTON HAS ACTIVE FLYING CLUB PLANNED

Third Machine May be Built in City to Supplement Two Moths

EDMONTON, Feb. 22.—An Edmonton-made aeroplane may be in service here this spring, if plans which the local Aero club has under consideration are carried into effect. The suggestion was taken up at the general meeting of the club when it met with considerable favor.

Owing to the large increase in the number taking the ground school of the course, officials of the club are of the opinion that a "solo" machine is necessary. A patent for a suitable one-seater type is held in the old country and it is felt that by purchasing an English-made engine, permission might be given for the parts of the plane to be built and assembled in Edmonton.

BRITISH USING CHINESE EGGS

Import More From China Than From Any Other Country; Few From Canada

LONDON, Feb. 22.—Last year the United Kingdom spent \$95,000,000 on imported eggs, her requirements from home and Empire sources calling for 5,700 million eggs per annum. Of every thousand eggs used in Great Britain 433 are produced at home, 138 come from China, 121 from Denmark, 95 from the Irish Free State, 47 from Russia, 35 from the Netherlands, 22 each from Poland and Egypt, 21 from Belgium, a total of 32 from Italy, Lithuania and the Argentine, 5 each from Canada and South America, and 3 from Australia. A report lately issued by the Imperial Economic Committee on the marketing of poultry and eggs cites Canada as an instance of how grading increases the consumption of eggs. In 1901 it was estimated that 181 eggs were consumed in Canada per head per year compared with 125 in the United Kingdom at present. The grades for weight and quality now insisted upon in Canada have brought consumption up to 337 per head per annum, a result so striking that the report strongly urges the adoption of similar methods and the introduction of adequate marking regulations.

PRESBYTERIANS WRONGLY NAMED

Committee Decided Church Has no Right to Use Title "Presbyterian Church of Canada"

REGINA, Feb. 22.—After wrestling for hours with the constitutional question "Has the Presbyterian Church in Canada legal right to the use of that title?" the private bills committee of Saskatchewan Legislature decided last night that such a right did not exist.

The question came up during consideration of a proposed amending bill to the United Church of Canada Act of this province.

MARITIME VISITORS WON DEBATE WITH BRITISH COLUMBIA

VICTORIA, Feb. 22.—The maritime universities debating team won a debate with the B.C. Civil service representatives here last night. The subject was "Resolved that Canadian Universities should be combined to form a National Scheme of Education."

The locals upheld the affirmative.

NEW THEATRE FOR HEART OF LONDON

LONDON, Feb. 22.—A company is being formed to build a large theatre at the corner of Tottenham Court Road and New Oxford Street. The prospectus will be issued shortly, says Sir Alfred Butt. The company will be under the auspices of Theatre Royal, Drury Lane, Limited, and Moss Empires, Limited. Sir Alfred Butt, R. H. Gillespie, Lord Lurgan, Colonel Gillespie, and Captain Malone will be on the directorate.

Built to seat 2,600 (same number as Drury Lane), it will be one of the three largest theatres in London (the Lyceum seats 3,000) and will be devoted chiefly to the production of super-musical plays at popular prices. Drury Lane and Moss Empires have entered into a far-reaching agreement to cooperate in the production of musical plays at this theatre, and at Drury Lane, the London Hippodrome, and elsewhere. To carry out this policy an entirely new producing corporation is being formed.

The new theatre will be known as the Dominion Theatre.

MUSCULAR SYSTEM WRITING PERNICIOUS SAYS SAANICH M.P.

VICTORIA, Feb. 22.—"The pernicious, ruinous system of muscular-movement hand-writing taught in British Columbia schools should be abolished," charged T. G. Coventry, Conservative Saanich, in the legislature Tuesday afternoon.

He declared the system was producing wretched results. He also advised the minister of education to do away with a text-book called "General Science," and written by Messrs. Caldwell and Elkensberry.

It is published by Gunn & Company, New York and Boston, and used extensively in provincial schools.

Mr. Coventry claimed the text-book was too strongly pro-American.

WRONG GESTURE

Here is a first-class illustration of "insult added to injury." Owing to a mistake in the loading of a pistol during the making of a moving picture, a bad accident occurred. As the unfortunate actor dropped with a bullet in him, the director shouted: "That's not the way to fall when you're shot, you poor sap!"—Boston Transcript.

Jan. L. Lee was among the arrivals on today's steamer from Vancouver.
