CONDITION OF THE KING IS IMPROVING

MILD TYPE OF INFLUENZA IS SWEEPING OVER CONTINENT

King George is Better Anxiety Still Persists In Regard to Outcome

LONDON, Dec. 13.—King George was apparently relieved by last night's operation for removal of purulent fluid at the base of the right lung. Today he was making progress. At 3 o'clock this afternoon it was stated in authoritative circles that the "King is progressing." Queen Mary left the palace shortly before 3 o'clock for a motor drive. She had luncheon with the Prince of Wales, who drove to Buckingham Palace about noon. Speaking at a

PEASANTS WIN IN ROUMANIA

Sweep the Country at Elections
With About 300 Out of
387 Seats

BUCHAREST, Dec. 13.—Incomplete returns today gave the National Peasant Party more than 300 out of 387 seats of the lower house of parliament. The former Premier Brătianu's once powerful Liberal group obtained only eighteen seats. Communists and the Anti-Jewish party suffered crushing defeats.

BYRD DENIES DOG STORIES

Refutes Statement That He Had
Sent Man to Yukon for
Replacements

NEW YORK, Dec. 13.—Commander Richard Byrd, in a wireless dispatch to the Associated Press from his ship which is now in the Antarctic Ocean, denied reports that he had sent Bill Riley, dog driver, back to the Yukon to get 40 huskies to replace dogs that had died aboard the ship. Riley was quoted in a story from Vancouver, B.C., last week as having stated that 37 dogs of the Byrd expedition had died, and that Byrd had commissioned him to return for replacements. Byrd said that he had 86 dogs in good condition and only three or four had died.

REQUIEM MASS THIS MORNING

Ceremony Conducted in Honor of
Memory of Late E. C.
Gibbons

Mourning friends filled the Church of Annunciation to capacity this morning when requiem mass for the repose of the soul of the late Edward C. Gibbons was celebrated by Bishop E. M. Burns, O.M.I., who was assisted in the ceremonies by Rev. Father Hammond, O.M.I. In the course of the service, the bishop referred in fitting words to the life of the deceased and his worth and usefulness in the community.

The service was of the usual choral nature and Charles P. Balagano presided at the organ. A suitable solo was sung by Mrs. J. J. Muldoon. Among those in attendance was James Gibbons, of Bangor, Me., brother of the deceased.

League of Mercy meeting at St. James Palace this afternoon Princess Mary said: "You will be pleased to know that so far the condition of the King is satisfactory."

While details of the operation yesterday have not yet been revealed, it was learned that the King was given anaesthetic, his chest opened with a knife and a tube inserted through which pus was being drained away. Doctors did not say whether, as is often done in such operations, a section of one of the ribs removed.

The object of the second operation was to get rid of poisonous matter. A section of bone taken from the ribs is usually a small one and the bone grows again and fills the gap.

Despite the successful result of the operations, anxiety for the King continued at Buckingham Palace, and must continue for the next few days until it is definitely known whether his strength is sufficient to conquer the weakness or not. Emphasis was laid in palace circles on the fact that the struggle was likely to be a long and difficult one.

At 10:43 a.m. today King George's doctors issued the following bulletin: "The King has had some sleep. The local condition is satisfactory. The weakness and toxemia are considerable but the pulse is steady and His Majesty is not losing ground."

The famous medical journal "Lancet" says in an authoritative article on the King's condition that the position is so far satisfactory and those who are conversant with the course of the symptoms and their significance in these cases will recognize that "we have here foundation for a renewal of legitimate hopes."

The King's physicians issued the following bulletin at 8:15 tonight: "Though the King is still suffering from exhaustion, there is a slight improvement in His Majesty's condition this evening. The local condition remains unsatisfactory."

It was officially announced from Buckingham Palace at 10:30 last night that the King's condition so far continued satisfactory.

TO AID BRIDGE AT VANCOUVER

OTTAWA, Dec. 13.—The Dominion government will give immediate consideration to the request for a grant of \$570,000 towards the construction of a new bridge over False Creek at Burrard Street in Vancouver. This was promised by the government through Minister of Publics J. C. Elliott and Minister of Marine and Fisheries J. P. A. Cardin on a deputation from the Vancouver city council.

The above picture shows a type of lifeboat invented by a Canadian now living in Detroit. The boat has a metal outer shell lined with asbestos and cork, and an inner shell. The ventilator is protected by a wave shield and an automatic inner cover. During storms an air motor runs a suction fan inside the ventilator. The shell is fireproof, and insulated against heat and cold. A United States patent was issued in January last and a Canadian patent in March.

AIR SERVICE FROM RIMOUSKI PLANNED

OTTAWA, Dec. 13.—Hon. P. J. Veniot, postmaster general, intimated yesterday the possibility of inaugurating an experimental air service next summer between Rimouski, Que. and Vancouver.

WOULD DEPORT ROBERTSON ORR

Latest Card Played Today in Sensational Case Over Vancouver Minister

ORDER SERVED

Clergyman Refuses to Accompany Officers Who Sought Him Today

VANCOUVER, Dec. 13.—Notice of an order asking him to present himself at the Canadian immigration building here for hearing to determine if he is eligible for deportation was served upon Rev. S. Robertson Orr today, as he emerged from the morning session of the Presbyterian Church commission which is enquiring into his status.

Mr. Orr refused to accompany the officers who served the order and declared it was not necessary for him to appear. Mrs. Orr, who was with him, took part in the ensuing argument. After a great deal of discussion, the officers permitted Mr. Orr to return to the vestry of the church, where the minister telephoned to his counsel.

The immigration officers were accompanied by two detectives of the city police force.

A telegram had been received from the minister of immigration at Ottawa stating Mr. Orr's case was to be investigated under Section III. of the Immigration Act.

MRS. LUCY LARSEN OF LEWIS ISLAND DIES IN HOSPITAL

The death occurred yesterday afternoon at the Prince Rupert General Hospital of Mrs. Lucy Larsen, a native of Lewis Island. She is survived by several children. Funeral arrangements are in the hands of Hayner Bros., undertakers.

Lord Rothermere Bets the British Conservative Government Will be Beaten at Next General Election

LONDON, Dec. 13.—The government's behavior has rendered the chances of the Conservative party in the next election absolutely hopeless, according to the personal views of Lord Rothermere, newspaper magnate, expressed in various forms in his Rothermere newspapers throughout the country. The opinion is made the subject of vigorous criticism by the more orthodox Conservative colleagues of the press like the Morning Post.

Sir William Joynson Hicks, home secretary, publicly wagged Lord Rothermere a new hat that Conservatives would get a majority. Rothermere requested that the wager be changed to money and offered \$500 to \$50 against a government majority. The home secretary replied he preferred not to make money bets, but offered two hats to one that we will beat you, Ramsay MacDonald and Lloyd George together. His lordship did not reply.

Lady Houston, better known as Dame Fanny Byron, thereupon offered to take up Lord Rothermere's money wager if the amounts were multiplied by 10. Lord Rothermere responded frigidly: "I have not the pleasure of Lady Houston's acquaintance and I never make bets with strangers."

Something Like 200,000 Cases of Influenza Are Reported in United States but Not Virulent

WASHINGTON, Dec. 13.—Health officials believe that there are more than 200,000 cases of influenza in the United States at present. Reports of schools closing continue, particularly in the south. Officials say the epidemic is apparently not so widespread or virulent as in 1918, 1919 or 1920 outbreaks, but refused to make any predictions as to the course of the malady.

SEATTLE, Dec. 13.—Influenza continues to spread slowly over the Pacific Northwest and has resulted in thirteen deaths. A few sections of Oregon, Washington and Idaho had not felt the disease. About a dozen towns have closed their schools. Spokane county in Eastern Washington, where nine persons died, suffered most.

Public Service Company Lays Its Case Before Prince Rupert People

The following statement has been made in regard to the power situation by the American States Public Service Company, which has bid on the local power plant and franchise:

On December 20 you must decide whether you wish to sell your hydro-electric plant or not.

If your answer is "No," then for many more years you will have as little surplus power as you have at present,

with consequent difficulty in attracting industries to your city, despite the many resources at your door.

If your answer is "Yes" your city will benefit for many years to come, provided you choose the best offer submitted to you.

When you decide to sell mark your ballot for American States Public Service Company.

Why? Because we offer you \$400,000.00 cash for your hydro-electric system, which is \$25,000.00 more than the offer of the Power Corporation of Canada.

Because we will install for you throughout your entire city at our own expense modern street lighting equipment to your satisfaction and will charge the city rates as low as the Power Corporation of Canada or anyone else offers.

Because we will develop for you within two years five thousand additional horse-power and as much more without limit as will be required at any time and at no increase in present rates.

Because Prince Rupert will be our chief operation in British Columbia.

Because we have no properties or affiliations in Vancouver or anywhere else on the B.C. coast and must therefore exert every effort to attract industries to Prince Rupert to use the power we will produce.

Because Prince Rupert has long been playing second fiddle and this is her opportunity to become headquarters for a new hydro-electric development in competition with Vancouver.

Because in Vancouver the B.C. Electric owned and operated by the Power Corporation of Canada, has a surplus of some three hundred thousand horsepower on which huge expenditures have already been made. It is only logical that industrial power users will be induced by the Power Corporation of Canada to take up the surplus in Vancouver before being induced to locate in Prince Rupert.

Because we, with no power elsewhere on the coast must bend all efforts to increasing industrial development here.

Because reduced to dollars and cents our offer is \$25,000.00 better than that of the Power Corporation of Canada, we offer you \$400,000.00 cash, development program as desired, adequate street lighting installation at our own expense with lighting rates to the city and consumers at rates as low as our competitor's offer.

Because we guarantee not to raise existing rates during the whole period of the franchise and claim no exemption from taxation. Because we have expressly promised that rates will not be higher than at present.

Because however you regard the two offers ours is best by \$25,000.00.

Because we are backed finan-

cially by Peabody Smith formerly Peabody Houghteling of New York, Davis Longstaff Company of Chicago, Gillett Company of Baltimore and associates, all reliable and reputable firms who guarantee our undertakings and financial responsibility.

Because American States Public Service Company are not brokers but are operators and now control and operate some thirty gas, water and hydro-electric companies situate in California, Idaho and Michigan which have been in successful and continuous operation for periods ranging up to twenty-six years.

Because our company is headed by men of long continued and successful experience in the management and engineering of public utilities properties.

A vote for American States Public Service Company assures industrial independence for Prince Rupert. advt.

OPIUM PROBE IN PHILIPPINES

United States Government Assents to Investigation

LUGANO, Switzerland, Dec. 13.—Senator Raoul Dandurand, Canadian representative on the council of the League of Nations, read a letter at today's session from the United States government assuring the league that the proposed opium investigation mission would be welcomed in the Philippines.

President Briand announced that a letter of thanks will be sent to Washington.

CIVIC ELECTION VICTORIA TODAY

VICTORIA, Dec. 13.—The civic elections are taking place here today. The twenty-three candidates who filed their names for public offices are as follows:

For mayor—Herbert Anson, Alderman P. R. Brown and John Dean.

For council—Alderman James Adam, A. M. Aitken, R. E. Collis, Mrs. Emma Crocker, W. H. Cullin, W. H. Fullerton, P. R. Leighton, Alderman H. O. Litchfield, Carew Martin, J. A. Shanks, Robert Smith, W. T. Straith and Alderman E. S. Woodward.

For school trusteeships—P. E. George, G. A. A. Hebdon, Trustee George Jay and Trustees W. C. Moresby, K.C.

For police commissioner—Andrew McGavin, Mrs. Alice McGregor and Commissioner W. E. Staneland.

News and Views In The World of Sport

MOOSE JOHNSON BACK IN GAME

Spectacular Hockey Player to Line Up on Portland Team

PORTLAND, Ore., Dec. 13.—Moose Johnson is back in the hockey game. Ten years ago he played for Victoria and was far ahead of the most spectacular and most popular player on the team. Then he quit the game and little has been heard of him.

Years ago Johnson played for the Portland Rosebuds. That was in 1914. It is said that he still wields a wicked stick and will bring some inspiration to the youngsters on the Portland team, which he has joined.

CANADIAN LEGION WINS IN BILLIARDS

Canadian Legion maintained the leadership of first division billiards and Grand Terminals dropped deeper into second place as a result of last night's fixture in which the Vets defeated the club men by an aggregate score of 1147 to 1035. The Canadian Legion lost but one game. Individual scores were as follows:

W. H. Long (Grand Terminals), 250; Col. S. P. McMordie (Canadian Legion), 147.
C. P. Balagno, 210; F. G. Pyle, 250.
W. J. Nelson, 174; A. Murray, 250.
W. Mitchell, 187; J. Andrews, 250.
W. H. Jarman, 214; G. P. Tucker, 250.

TEN-MAN BASEBALL IS VOTED DOWN BY AMERICAN LEAGUE

CHICAGO, Dec. 13.—The American League yesterday voted against the proposal of a 10-man baseball, by which a pitcher could have a man to bat for him.

Barney McGuire.

The appointment of a civic boxing commission in Prince Rupert is proposed by some of the fans of the fistic art. On a number of occasions, boxing bouts here have not been arranged to the best advantage for either participants and spectators. A commission, such as are appointed in other cities, would have the authority to pass upon the merits of the proposed pugilists as well as to see that participants are properly matched. In other words, any boxing card would have to pass such a board before it or any part of it could be staged. The idea looks like a good one particularly if by means of it, assurance would be given that the public would be given better bouts and, at the same time, all boxers would have a square deal in connection with matching etc. The proposal, it is believed, will find sympathy with the present mayor who is an enthusiastic sportsman himself.

Around The World With Sport Fans

(By The Trump)

The official announcement was made at Hamilton recently that the combined Oxford-Cambridge team of track and field athletes would visit there next July to compete against Canadian athletes. This is a most noteworthy athletic event. It will be the first visit of English university athletes to Canada and they are sure to receive a wonderful reception. The visit should prove a great incentive to track athletics in Canada. The Oxford-Cambridge team will visit Hamilton on July 6, 1929, and afterwards will engage Yale and Harvard on July 13 and Cornell and Princeton on July 20. The visit to Hamilton was arranged by M. M. Robinson of Hamilton as a forerunner to the British Empire games being held in Canada in 1930.

MINING RECORDER

VICTORIA, Dec. 13.—C. G. Barber has been appointed sub-mining recorder for Omineca mining division in place of C. L. Watts.

CAMBRIDGE WINS

EDINBURGH, Dec. 13.—Cambridge University defeated Edinburgh University 35 to 6 in an inter-collegiate rugby match today.

CATHOLIC CHURCH AT LAC STE. ANNES AND VESTMENTS LOST

Building Which is Historic Landmark Goes Up in Flames

EDMONTON, Dec. 12.—One of Alberta's landmarks was destroyed when fire razed the Catholic church erected at Lac Ste. Anne some 35 years ago. Valuable relics and vestments were burned, the total loss being \$12,000, while there was no insurance.

Thousands of people in Alberta and other parts of the west are

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia

familiar with the old church it was there that the big pilgrimage assembled in July of each year. It was estimated that fully 6,000 attended the last ceremony at the famous shrine, which is four and a half miles from Alberta Beach.

The cause of the blaze is not definitely known, but it is believed to have started in the vestment section soon after the close of the church service. There was burning of incense during the service and possibly one of the jars was placed too close to the church wall, thus starting the blaze.

Local and Personal News In Brief

BATH SALTS

The Essence of Daintiness, from a feminine point of view; and the most refreshing, as well, for a man.

This luxury for the few a generation or two ago is a modern refinement now within the reach of everyone. And, really, this is one of the things you owe yourself.

PAY YOUR DEBT TO YOURSELF

And get some today. They don't cost much.

THE KING'S ILLNESS

It is a wonderful tribute to the King that so great has been the interest in his illness that bulletins have been sent out at least five or six times a day, not only to all parts of the British Empire, but to United States and many other countries. And the King's sickness is still the subject on which this paper receives most inquiries.

King George has been very close to death for some time and he is not by any means out of danger yet.

AIR MAIL ON PRAIRIES

An air mail service was inaugurated this week when a great many letters were carried between the cities of Edmonton, Calgary and Winnipeg, saving 24 hours train time. Prior to that an airplane met incoming mail steamers at Rimouski and brought in letters ahead of the passengers and freight.

It is now suggested that an air mail service from Rimouski to Vancouver may be inaugurated, which would be a real extension that would be of more value than the short flights.

While it may be possible that the air mail may lose money for the department, if the Dominion is to develop air-mindedness and have a government air service for defence purposes, it must expect to lose money. It is much better to have the planes occupied in some useful occupation than flying only for military practice.

POST OFFICE ADVERTISING

The post office department of Canada is self-sustaining. It is a benevolent monopoly operated for the benefit of the people of the country. Whatever the post office does it charges for. Yet when the postoffice wants publicity it expects the newspapers to give it free. It does not even advertise for employees when they are needed. So intent are the heads of the organization on making a showing in the annual report that it pares down everything to the lowest possible.

We are of opinion that the post office and all other governmental departments should pay for their advertising just as do any other commercial organization. When the airmail was inaugurated an appeal for support was sent out and the newspapers were asked to publish it free. Some did and others refused to do so. We are among those who refused. We have had something to say in the past in regard to the marine department along the same line. There is no reason why any governmental departments should sponge on the newspapers. They should pay their way just as do commercial organizations.

News of the Mines

AROUND PRINCE RUPERT
Big Developments in Ingenika District; Bright Prospects for Alice Arm Camp; Electrical Prospecting

Incident to the development of the famous Ferguson mine on the Ingenika River, the Wilson interests propose the establishment of a hydro-electric plant at Black Canyon on the Omineca River and already application is being made for the use of the water for this purpose. The power may also be used for industrial and agricultural purposes. Power could be taken from Black Canyon over a fifty-mile transmission line to Manson Creek and seventy miles to the Ferguson group.

As a result of the work which has been done on the Ferguson group, the mining future of this remote section seems assured. Transportation is its big problem but the Wilson interests are undaunted and have visions of making a great future for the district.

Splendid results obtained this year by mining companies developing properties in the Alice Arm district will unquestionably result in an expansion of the mining industry next year, declares the Alice Arm Herald. The fact that five companies are operating this winter will also show that transportation problems are not unmountable for a small company desiring winter operations in this district.

The Toric, Tiger, North Star, Esperanza and Sunrise are all prepared for winter operations. Every one is well financed and every one is operating a good property that should develop into big tonnage producers. Three—Toric, Esperanza and North Star—are already producers, each having shipped either ore or concentrates. Today it is much easier to raise money for the development of Alice Arm properties. The camp is becoming better known. Success spells prosperity. Alice Arm is getting the first and is rapidly acquiring the latter.

It is considered probable that a number of properties in this district may next year utilize the method of electrical prospecting for ore bodies. Among properties so prospected this year have been the Dunwell, Bayview and Hidden Creek.

He—Dearest, will you marry me?
She—No, I can never marry you, Jack, but I shall always respect your good taste.—Montreal Star.

BENNETT AND VICTORIA AS EDMONTON SEES IT

(Edmonton Bulletin)

Mr. Bennett succeeded in persuading the voters of Victoria, B. C., to send a member to Ottawa to help him boost the tariff on everything high enough to keep out United States goods. The Tolmie government has hired a lawyer to appear before the tariff commission at Ottawa and fight a proposal to put on a tariff which would keep United States bituminous coal out of Canada. Mr. Tolmie was until three months ago a lieutenant of Mr. Bennett in the field of federal politics. He is now the head of the Conservative government of British Columbia. Gilbert and Sullivan died too soon.

WOODWARD BUILDING LARGE ADDITION TO HIS EDMONTON STORE

EDMONTON, Dec. 12.—Expanding to meet business demands, the C. Woodward departmental store firm is to erect an extension of at least three storeys, involving a cost of \$125,000, as soon as weather conditions permit next spring. Definite announcement to that effect was made to the Journal on Friday by Charles Woodward, ex-M.L.A. of Vancouver and president of the firm, who has been spending some weeks in this city with Oswald Thomas, the local manager. "It will be a three storey building at least, and we may yet decide to make it larger," said Mr. Woodward. "A modern sprinkler system will be installed and inclusive of this cost, the initial expenditure will be around that stated."

Fashion Fancies

The Tweed Dress That is the Bread and Butter on Fashion Menu

If you haven't at least two well-tailored tweed dresses for sports wear, lose no time in getting them. For they are, this season, almost more important than any other article of your wardrobe.

Here is an especially popular one-piece model of tan tweed, with a narrow brown suede belt. Notice the subtle flare beginning at the hips and extending down, and the clever line worked in below the belt.

The perfect complement for this type of dress is a simple felt hat of dark brown with bag to match. The buttonhole flower is of burnt orange.

Fraser & Payne

3RD AVENUE AND 6TH STREET

Power Corporation of Canada

Limited

OWNED AND OPERATED BY

Nesbitt, Thomson & Company

Limited, Montreal

TO THE CITIZENS OF PRINCE RUPERT:—This company has submitted for your consideration an offer to purchase the fixed assets of your municipal light and power department, and takes this opportunity of placing before you the following brief synopsis of their offer:

PRICE \$375,000 CASH—Approximately \$25,000.00 more than the present book value.

DOMESTIC RATES—The present schedules to remain in force, but the company is to be allowed to reduce rates if found to be advisable.

EXISTING CONTRACTS to be respected by the company in their entirety.

POWER RATES to remain as at present in force, or, if city prefers in the alternative, the company has offered to institute the same schedule of rates and conditions as have been used in their operations in the East.

FUTURE DEVELOPMENT—Company undertakes to commence immediately and complete within two years, subject to 6 months' grace for contingencies, further HYDRO-ELECTRIC development having capacity of not less than 5000 H. P. installed, and pledges itself to continue, when, and as, required, until 100,000 H. P. or more has been developed for the use of industries located in the city.

STREET LIGHTING—Has undertaken to do this at rates which, on the now existing conditions, it is estimated, would save the city annually the sum of \$1780.00 when compared with the existing rate.

ORNAMENTAL STREET LIGHTING—The company undertakes upon demand of the city to install at its own expense system of modern ornamental street lighting in ALL the streets of the city and operate them at the same rates.

TAXES—The company DOES NOT ASK for exemption of municipal taxes.

INDUSTRIAL DEVELOPMENT—THE COMPANY PLACES AT THE DISPOSAL OF THE CITY OR ITS BOARD OF TRADE THE SERVICES OF ITS INDUSTRIAL BUREAU, WHOSE ACTIVITIES IN OTHER SECTIONS OF THE DOMINION HAVE PRODUCED RESULTS NOT EQUALLED BY ANY OTHER ORGANIZATION.

The outstanding advantages to be derived from your acceptance of this offer would appear to be:

- (1). THE COMPANY IS WHOLLY CANADIAN, with a record of accomplishment over many years second to none in the Dominion.
 - (2). The directors are all well and favorably known CANADIAN business men of diversified interests and WIDE INFLUENCE in Dominion affairs.
 - (3). The PROFITS derived from the operations of the company are almost wholly DISPERSED IN CANADA for the benefit of the FURTHER DEVELOPMENT OF CANADA.
 - (4). By making a FURTHER INVESTMENT in the Prince Rupert district estimated at ONE AND A HALF MILLION dollars the COMPANY will be economically COMPELLED TO PROTECT the interests of its CLIENTS by FURTHER DEVELOPMENT of the city, its INDUSTRIES and RESOURCES.
 - (5). The alternative schedule of Eastern power rates offered are to the highest advantage. The present city rates in some cases are as much as 50 per cent higher than those being offered. The RATES OFFERED are the SAME as those operative in that section of the East where the greatest INDUSTRIAL DEVELOPMENT of the Dominion has taken place and which the company knows therefore are RIGHT.
 - (6). Adequate and modern street lighting is considered as being one of the best advertising mediums and full provision has been made for this without capital cost to the city.
 - (7). The company places at the disposal of the City of Prince Rupert, free of charge, the services of the same industrial department which has, in the past eight to ten years, located in one area alone 38 INDUSTRIES, having a total capitalization of around FORTY MILLION DOLLARS, with an ANNUAL PAYROLL of in excess of NINE MILLION DOLLARS to 9000 EMPLOYEES, bringing in a contingent population estimated at from 50,000 to 75,000 inhabitants.
- EXPERIENCE IS THE BEST SCHOOL TO GRADUATE FROM
- (8). Besides its activities in the hydro-electric field, the principals of the company have financed from amongst many others the following notable industrial enterprises: Bathurst Paper Co., Bathurst, New Brunswick; St. Lawrence Paper Co., Three Rivers, Quebec; Canada Paper Co., Windsor Mills, Quebec; Canadian Celanese Co., Drummondville, Que.; Eastern Dairies Co., Montreal, Toronto, Ottawa; McColl Frontenac Oil Co.; Canada Steamships Co., Montreal; Reliance Grain Co., Winnipeg.
 - (9). The men behind this company were the first in the Dominion to advocate and institute the principals of "employee" and "customer ownership," and can not, therefore, be looked upon as monopolistic by nature or determination.
 - (10). The principals behind this company are in a position to and can arrange to materially assist in the financing of any local industry of merit, or the development of the natural resources of the territory as warranted.

Your interest and vote in our favor is solicited. We are not asking for your support on patriotic or sentimental reasons, but upon our established record and proven ability, and upon which your fullest investigation is invited.

Power Corporation of Canada, Ltd.

H. E. PAWSON, Assistant Commercial Manager.

CHRISTMAS SPIRIT S. A. DINNER

Last year the Salvation Army had on Christmas Day dinner for the men and women unable to provide for themselves, but instead a number were sent to restaurants at the expense of the Army. It is felt, however, that this does not quite instill the Christmas spirit and is a cold, impersonal way of entertaining. This year, as in some previous years, all will be gathered together at the Citadel, where a good home cooked meal will be served and all will have an opportunity of enjoying themselves just as they would at any other Christmas party.

Previously acknowledged ... \$65
W. Palmore \$10

H. E. Pawson of the Canada Paper Co. was the speaker at the weekly luncheon of the Prince Rupert Rotary Club which was held in the Commodore Cafe today. He dealt with the local power situation. H. B. Rochester, who had charge of the program, presided.

Heart Trouble Hands and Feet Numb and Cold

Mrs. Wm. Fowler, Auburn, Ont., writes: "Several years ago I was troubled with my heart and nerves, so that at times my hands would become numb and cold. I took doctor's medicine for a while, but it did me little or no good. I happened to see

advertisements and started taking them at once, and continued for some time, and now then I have had no return of my trouble.

PIONEER ASSOCIATION HAS SOCIAL EVENING

Enjoyable Function Took Place Last Night at Home of Mr. and Mrs. F. W. Hart

The Prince Rupert Pioneer's Association held another most successful social at the home of Mr. and Mrs. F. W. Hart last evening.

The proceedings were opened with the National Anthem in deference to the King's illness, followed by "O Canada" and community singing.

Special reference was made to the loss sustained by the community in the death of the late Mrs. DuVernet.

There were twelve tables of bridge, whist and pedro.

The prize winners were as follows:

Bridge—Ladies' Mrs. Olof Hanson; men's, P. W. Anderson.

Whist—Ladies' first, Mrs. H. B. Eastman; ladies' second, Mrs. W. H. Goodsell; men's first, H. B. Eastman; second, W. F. Cameron.

The musical portion of the program was given by Mrs. F. W. Hart, Mrs. S. P. McMordie, Mrs. J. W. McKinley and Mrs. Wm. Millar.

There were speeches by president Hart and S. M. Newton, J. W. McKinley, O. Larsen, Geo. Johnstone, Jarvis McLeod and H. B. Eastman.

The next pioneer event will be the annual meeting in the City Hall on January 10.

CANADIAN NATIONAL HOLD STEAMER FOR CHRISTMAS SAILING

In order to accommodate those desiring to go south after schools close Friday, December 21, the Canadian National Steamships announce that on that day the S. S. Prince Rupert will be held here until 6:00 p.m., arriving Vancouver at 9:00 a.m. Sunday, December 23. Make reservations early at City Ticket Office, Third Ave. Phone 260. 298

CARRIED OFF POWER REPORT

Alderman Collart Took Exception to Publication of Official Document

Yesterday morning the city sent the newspapers an order to publish on Saturday the tenders of the rival companies seeking to secure the power charter from the city. Included with the matter was a copy of the report of the engineer employed by them to advise in regard to the tenders.

Yesterday afternoon Alderman Theo Collart, chairman of the Finance Committee of the City council visited the newspaper offices and was courteously allowed to look over the matter submitted for publication. He carried off the report of William Young which he claimed was unfair to the Los Angeles company and absolutely refused to return it, the result being that the people have not the benefit of the advice tendered by an expert employed by the city.

Members of the Daily News staff have not had an opportunity to peruse the document suppressed so cannot say whether the claim of Alderman Collart is correct or not. At any rate, owing to the protests of the alderman, publication of the document is withheld.

GEORGE COPPER WILL HELP TO FEED SMELTER

VICTORIA, Dec. 13.—It develops here that the main reason for the acquisition and reconditioning of the Stewart short line railway by the company headed by H. H. Stevens is to carry the copper ore from the George Copper mine at the Bear River to tide-water to supply a new smelter proposed to be built somewhere on the coast by the Consolidated Mining and Smelting Co.

The Consolidated owns the Coast Copper mine on the west coast of Vancouver Island and has a number of Portland Canal properties under option. The company's men are out inspecting every possible source of ore supply. From these and other sources

it is expected a sufficient supply of ore will be available to keep a smelter busy all the time.

The funeral of the late Mrs. F. H. DuVernet is taking place this afternoon at 3:30 from St. Andrew's Anglican Cathedral. Interment will be made in the family plot at Fairview Cemetery.

TO INSPECT WRECK OF BARGE PEZUTA

Representative of Prince Rupert Salvage & Towing Co. Leaves for Islands

Capt. R. Gammon of the Prince Rupert Salvage & Towing Co. left last night with the tug Zanardi for Tlell to make an inspection of the wreck of the log carrying barge Pezuta. Return to the city, it is expected, will be made tomorrow morning.

IF YOU WANT RESULTS TRY
A CLASSIFIED—IT PAYS.

You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here right in town and every live druggist has it. It's a low price remedy, to be sure, but that doesn't stop it from taking the lumps, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all your ailments. Just rub it on the tormented, lame

joints and in just a few seconds it will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is so clean and stainless that you can rub it on often and get thereby results much more quickly when the joint is inflamed and the agony intense.

Being such a powerful counter irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

An Open Confession:

TO THE PUBLIC:—

If you were in the same position as we are, wouldn't you do the exact thing we are doing today?

Here it is: Fifteen more days and 1929 will be with us, and we have a huge stock of merchandise, more than we should or care to have at this time of the year. Goods on the shelf never pay bills and a dollar in the bank is better than ten on the shelf.

Fifteen days to go and this stock must be reduced by ten thousand dollars, and the only way we can do it is by taking the heart out of our prices. Profit is no object, neither the cost at this time. It is a matter of changing goods into cash in the shortest possible time, and unless we offer you goods at unheard of prices our efforts will be useless.

You have watched our sales in the past and you went home satisfied and loaded. In this PRE-INVENTORY SALE we promise you greater values, more bargains and more savings. Our reputation is at stake, watch the paper tomorrow! Yes, sir! we defy competition; we challenge you to equal values. Never before have you been able to effect such enormous savings. This is a bold statement, yet we are ready to back it up. Come Saturday morning and prove it to yourself.

Also, we are closing out our gents' furnishings and boys' clothing department. Every article in these two departments must be cleared irrespective of cost. Men, equip yourself at these prices! It is a chance in a lifetime.

Mothers, what about your boys? You can buy two suits today for the price of one. Underwear, sweaters and Mackinaws are reduced to rock-bottom prices. Here is where your dollar will take the place of two. Wait till Saturday morning.

Reductions in every department, every article is reduced. Xmas gifts of all descriptions included. No reserve.

Store closed the rest of Thursday, and Friday all day. Sale opens Saturday, December 15th, 9 a.m. sharp.

Watch Friday's paper.

YOURS FOR THE BIGGEST OF THE YEAR

Jabour Bros. Limited

MILLIONS FROM FISH SCALES

Fishermen on Atlantic Coast Add to Their Earnings by Marketing By-Product

EASTPORT, Me., Dec. 13.—For more than a century herring scales were regarded as a nuisance by the sardine industry of the Maine coast. The iridescent little scales clung to fishermen's faces and hands and clustered against their boats to accumulate in the bottom or foul bilge pumps. At the factories they were hardly less an inconvenience.

Now science has come to claim as a valuable material which was formerly thrown away as waste. During the past season it is estimated that the so-called pearl essence factories purchased not less than \$250,000 worth of these herring scales. These essence plants are located at Eastport, Lubec, Rockland, Portland and other logical points where large supplies may be obtained.

So profitable is the gathering of this by-product that some fishermen have added as much as from \$10 to \$75 a day to their earnings, this despite the fact that the factories pay but seven cents a pound. The new market has led fishermen to devise many ingenious contrivances for the salvaging of scales.

It is known that 100 pounds of scales obtained by the essence factories for \$7 will produce one pound of pearl paste which commands the fancy price of \$125 a pound in the New York market. The essence plants do not manufacture the ultimate pearl paste, but produce from the scales the pearl essence, which in turn is shipped to New York and through an elaborate process becomes the paste now used extensively in the manufacture of pearl beads and necklaces, for pearl handled knives and for miscellaneous jewelry where the mother-of-pearl effect is sought.

The fish scales which for a century were regarded as a nuisance are now the most valuable by-product of Maine's sardine industry.

BANDIT FORGOT TO BRING GUN

CHICAGO, Dec. 13.—The decadent age in banditry seems to have set in.

First there was the bandit who got peeved at his victim, threw away his gun and started a fight. Then there was the bandit who stuttered, taking so long to give the command to "st-t-lick 'em up" that police were on the scene before the victim could respond. Again, just recently, there was the holdup man who picked a deaf gentleman as his victim, and had to shout so loud to make his demands known that police came running.

And now there is Daniel Falco, the holdup man who forgot his pistol. Falco walked up to Milton Fields at Madison and Curtis streets and said: "Hands up." As he spoke he began to search his pocket for his gun. It was not there. In a quandry he began to search his other pockets. His victim observed the actions with growing interest.

"You have no gun," he inquired. "No," said Falco. "It's gone!" That was all Fields wanted to know. He began burying his fists in Falco's face.

When Police Lieutenant Sullivan was shutting the cell door behind Falco a few minutes later Falco still was mystified. "It certainly beats all," he said, "where I put that gun."

THE RIGHT SPIRIT FOR DEFEATED MAN SHOWN VANCOUVER

(Vancouver Star) He must have been a poor citizen indeed who did not feel a glow of pride on Saturday when he read Mayor L. D. Taylor's message to the people of Greater Vancouver. The mayor made a splendid gesture—one that will probably remain in memory long after many other incidents of civic life are forgotten. It was a generous gesture—a plea to all the elements of the amalgamating areas to support the administration which takes over the municipal government on January 1, 1929, and to give its whole-hearted backing in its projects for the improvement of the new city. Mayor Taylor urges that sectionalism be forgotten and that all unite to create a wholesome atmosphere out of which a new, forward looking Greater Vancouver spirit can hope to be born. He speaks in broad, general terms, but he does not fail to make direct reference to two concrete projects which require early action, the Burrard Street bridge and the city hall.

HOSPITAL BOARD HOLDS MEETING

Only Routine Business Taken Up in Brief Session Last Evening

Merely routine business was taken up last night at the monthly meeting of the board of directors of the Prince Rupert General Hospital. The session, which was held in the hospital, was a very brief one, lasting only about ten minutes. President James H. Thompson was in the chair and others present included: Ald. W. M. Brown, Ald. G. P. Tinker, Ald. W. J. Greer and Dr. J. P. Cade, directors; H. W. Birch, managing secretary; and Miss Jean Harrison, R. N., lady superintendent.

The only correspondence was a letter from D. G. Stewart, for many years president of the board, expressing appreciation for a letter of condolence that had been sent him following the recent death of his son.

Miss Harrison reported that everything was going along smoothly in the hospital. Arrangements were being made for the observance of Christmas among the staff and patients. Santa Claus was coming, but who would take his role had not yet been decided upon. Miss Harrison felt that any member of the board who was willing to act would make a very suitable Father Christmas.

Ald. Brown had nothing to report for the house committee except that he had been successful in having the city reduce from \$409.57 to \$200 an account in connection with the grading of Green Street in front of the hospital.

Ald. Tinker reported for the finance committee that there had been 1383 hospital days during November at a per diem cost of \$3.49. Collections for the month had amounted to \$5,116.30 and disbursements \$4,827.67, leaving a surplus of \$288.63.

A donation of \$20.35 from a local company, which was desirous that its name be not revealed, was reported and will be suitably acknowledged.

The next meeting of the hospital board in January will be its final session before the annual general meeting of the association and the annual statement will be brought down at that time.

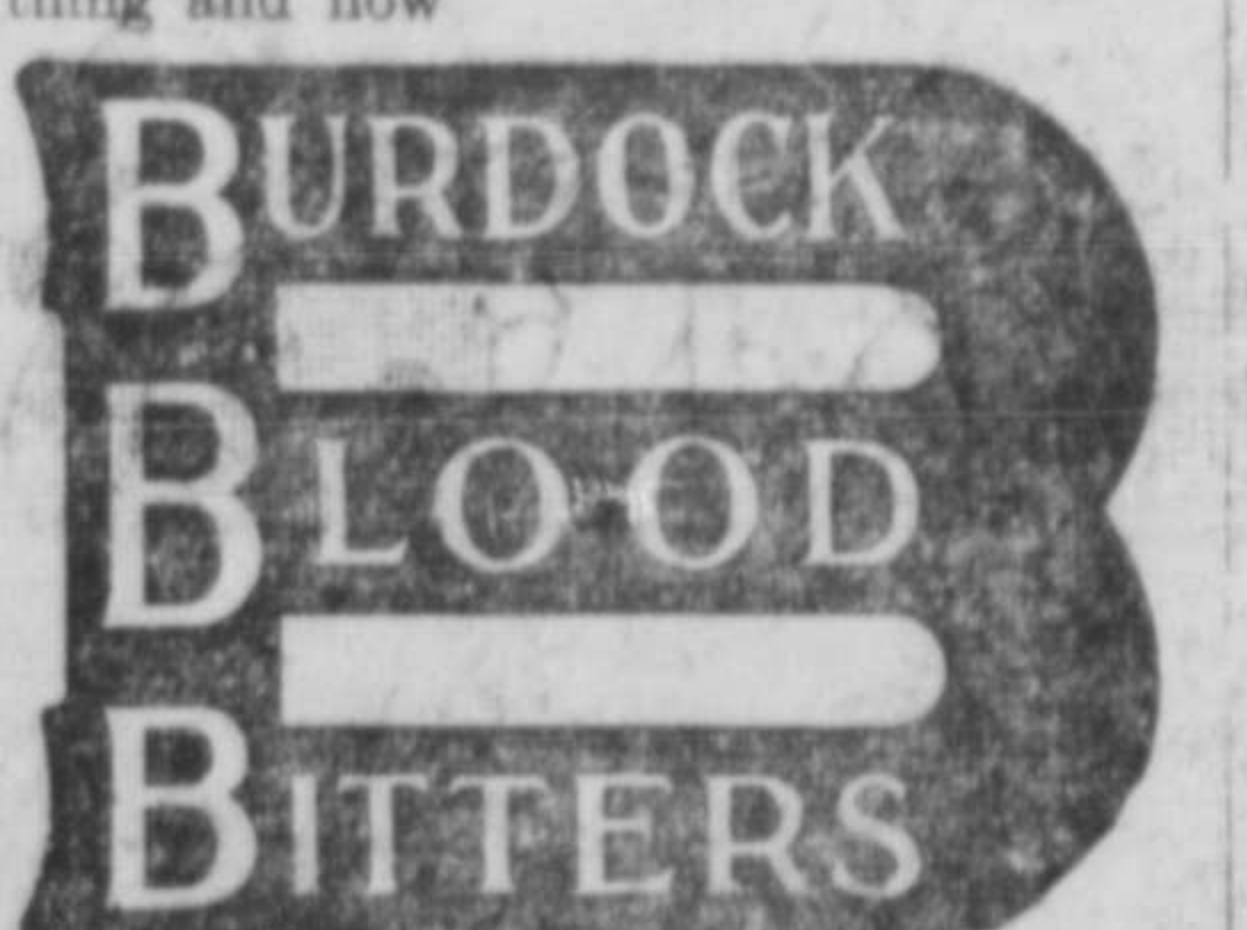

MORMONS VISIT PRINCE RUPERT

Four Emissaries From Church of Latter Day Saints Here on Mission Work

Four members of the Church of Jesus Christ of Latter Day Saints, better known as the Mormon Church, have arrived in the city and plan to remain until next summer, during the interval organizing a church here. They are R. B. ASBRY, a Utah farmer; Delbert BATH, son of an Idaho sheep farmer; Wallace EYERSON, son of a Utah merchant; and Paul WERNICH, son of an Idaho banker. The latter incidentally is an expert basketball player and all members of the party are interested in the game. Mr. Asbry is particularly interested in education, being a school trustee in his own country. The party say they plan to find a meeting place here and will hold services. They have come without pay, as all good Mormons do, giving their time to mission work as is their duty and also paying one-tenth of their income into the church. They plan to teach the doctrines as taught by their church and draw attention to the fact that they have a prosperous church in Alberta.

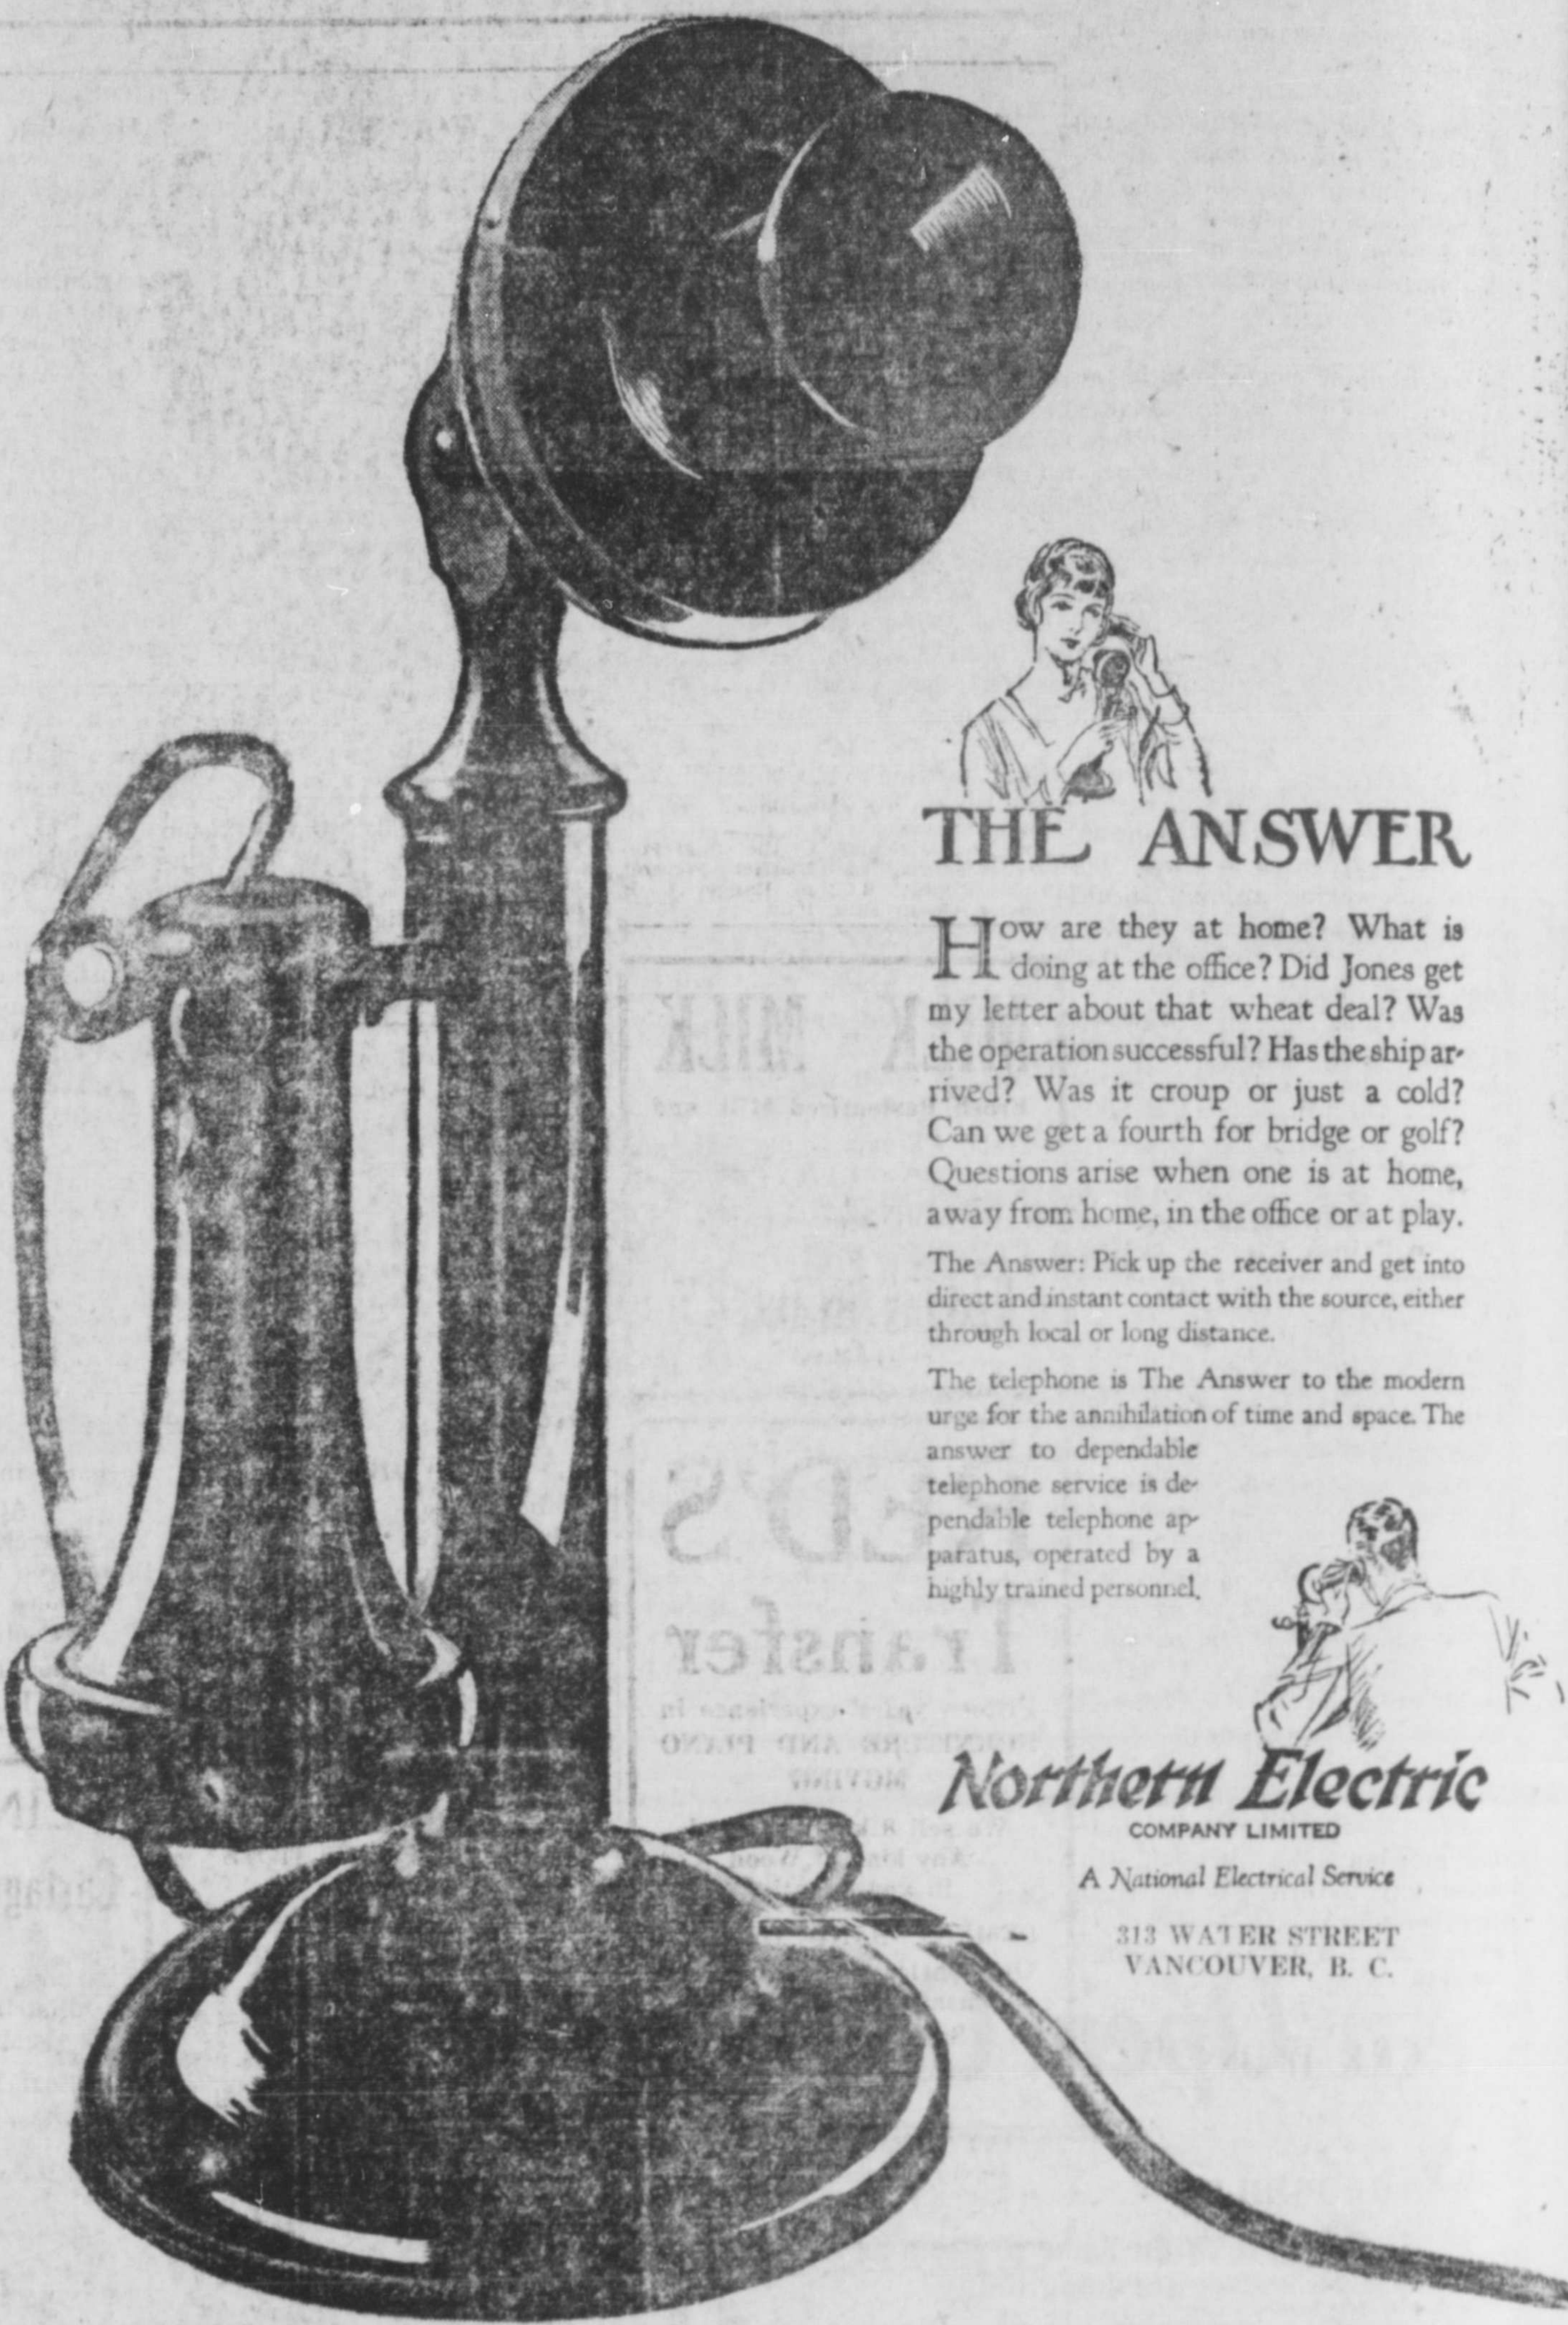

Suffered From Indigestion Was Afraid To Eat

Mrs. E. Proulx, 10548-96th St., Edmonton, Alta., writes: "I suffered from indigestion and was afraid to eat I suffered so after. A friend told me how she used to suffer with the same thing and how

had relieved her. I took two bottles and I will never regret the day I did as I am happy to say I can now eat anything and not be bothered with indigestion after." Manufactured only by The T. Millburn Co., Ltd., Toronto, Ont.

SOUND TRANSMISSION

THE ANSWER

How are they at home? What is doing at the office? Did Jones get my letter about that wheat deal? Was the operation successful? Has the ship arrived? Was it croup or just a cold? Can we get a fourth for bridge or golf? Questions arise when one is at home, away from home, in the office or at play.

The Answer: Pick up the receiver and get into direct and instant contact with the source, either through local or long distance.

The telephone is The Answer to the modern urge for the annihilation of time and space. The answer to dependable telephone service is dependable telephone apparatus, operated by a highly trained personnel.

LOCAL ELEVATOR FULL OF GRAIN

No More Can Be Taken In Until Ship Has Loaded Early Next Week

The local elevator of the Alberta Wheat Pool is now full of grain and no more can be taken in until some has been loaded out. Grain coming here from the prairies will have to be held on the sidings for the next few days until after the British steamer Rossington Court has loaded. This vessel is expected about Sunday and will immediately start loading a full cargo for the United Kingdom or continent.

RESULTS COUNT

Experience has proven that the intelligent application of Chiropractic will invariably relieve acute and chronic ailments; that hunting misplaced spinal bones, and congested nerve centres by hand, is done more or less by guess; that the X-ray, in diagnosing spinal lesions, is of doubtful value. Our new analyte removes any guesswork or doubt, thereby proving the inefficiency of the older methods, and increasing our percentage of good results. Consultation is invited.

Man in the Moon

If a man has horse sense Jake says he should have a stable mind. I presume there are still a few people left who know what a stable is.

A new kind of sport is proposed for Prince Rupert. Since all the ordinary marathons are becoming common and somewhat outworn it is suggested that a working marathon would be a complete novelty.

Eavesdropping commenced in the Garden of Eden when Adam's consort fell out of the apple tree.

There's a difference between being home sick and sick of home.

Some local people who spend the summer at the Salt Lakes and the winter in Victoria or California and then take an occasional run out of town or round trip between times can hardly get tired of home.

"Wall," said Farmer Wikins to his city boarder, who was up early and looking around, "benn out to hear the hay cock crow, I s'pose." And he winked at the hired man.

"No," replied the city boarder. "I've just been burying the frogs that croaked last night."

Ten Years Ago in Prince Rupert

December 13, 1918

Hon. T. D. Pattullo, minister of lands, is making efforts to establish export markets for British Columbia lumber as a result of which, it is expected, that more business will soon be in sight.

The annual ball of the St. Andrew's Society last night was a great success. Over 200 persons being in attendance. S. D. Macdonald, president of the Society, was master of ceremonies.

Mayor Thomas McClymont, City Engineer F. S. Clements and Superintendent of Utilities T. C. Duncan have returned to the city after spending nearly a week inspecting the city's water rights at Warke Canal.

St. Andrew's Society meeting, Friday, December 14 at 8 p.m.

The tea and sale of home cooking and fancy work held yesterday afternoon at the home of Mrs. John Watson, 735 Fifth Avenue West, by the Ladies' Aid of First Presbyterian Church proved a very successful affair, about \$37 being realized as a result of the effort.

Outside of making arrangements for the Christmas Tree which will be held on December 22, business at the meeting last night of the Canadian Legion was of a routine nature. President M. M. Lamb occupied the chair and there was fair attendance of members.

Eyes of Blue—true to you

Eyes of Gray—love while away

Eyes of Green—jealousy between

The color and shape of the eyes reveal character and disposition. They indicate types and racial origin. They form an interesting psychological study.

What are Your eyes saying today?

Your eyes have no voice, but they speak—they show moods and temper. They do more, they show your physical condition. Are they clear, bright, sparkling with health—or dull, with a yellowish tinge to the whites? This yellowish tinge is the signal of intestinal sluggishness—auto-intoxication and liver trouble. Don't neglect this warning of poor health to follow.

Try a regular daily course for a short period. Your eyes will soon tell the story of improved health.
