PRICE FIVE CENTS

PEOPLE TO DECIDE POWER CONTRACT

KING GEORGE GROWING WEAKER AS HE FIGHTS DISEASE

Ratepayers to Decide Which Company is to Get Power Plant and Franchise for Prince Rupert

Vote to Be Taken December 20 When Two Questions Will Be Answered by Property Owners of the City

The ratepayers of Prince Rupert are to decide whether they want to sell their light and power plant and franchise and if so what company is to be the purchaser. A vote is to be taken December 20, following which, if the vote is favorable to selling, a bylaw will be passed and submitted to the ratepayers for their endorsement, when a three-fifths vote will be necessary to carry it.

The city council decided on this line of action last night after hearing the whole situation reviewed by Mayor McMordie, who strongly recommended that the matter be left to the people to decide, as the members of the council were divided among themselves.

ELEVATOR IS NEARLY FULL

There is a million bushels of grain today in the Alberta Wheat Pool's Prince Rupert Elevator and the plant will be full on Thursday. Meantime, no word was available up to this morning as to when the next ship would be here to load and relieve the local congestion which is about to ensue.

Shipments to the house from the prairies are, as a consequence, slackening up. Thirty-five cars arrived overnight and something over one hundred carloads were reported this morning to be on the way here.

Grain exports from Prince Rupert this season are lagging behind last year. At this time last year the fourth ship of the season was loaded and gone and the fifth ship was in port. So far this season only three boats have landed here and there has not been a ship for over two weeks.

INVESTIGATE WRECKAGE REPORTED IN ALASKA

JUNEAU, Alaska, Dec. 11.—The Alaska coast guard Unalaska returned from Yakutat today with reports that the searching party was due to leave there today for Itallo River, where wreckage was reported found from one or both of the missing ships, Brunvoll and Imperial.

CELTIC STILL FAST ON ROCK

COBH, Ireland, Dec. 11.—The Celtic was still fast on the rocks this afternoon. Moderating weather and, calm seas, however, considerably lessen the danger of breaking up.

BALDWIN MEETING PRINCE OF WALES

LONDON, Dec. 11.—After a brief speech Premier Baldwin hurriedly left the House of Commons this afternoon for Dover where he will meet the Prince of Wales.

Backers of the Canadian company claim that the difference of \$25,000 would be easily made up through the ability of the big concern to bring industries to this district in order that they may sell their power, they having a special department to deal with this.

There was a large attendance at the city hall last night to hear the matter dealt with, including the representatives of the two companies and their respective solicitors. The outcome, which came on a motion of Alderman Dibb, seconded by Alderman Tinker, came as a surprise.

Mayor's Statement
In his statement to the council the mayor reviewed the negotiations which had been carried on since the very beginning. He explained that he and all the members of the council had been unanimous up to the time the tenders were opened. He thanked them for their support and also thanked the people for their patience while the negotiations were being carried on in private.

The mayor said they were now prepared to place their cards on the table and acquaint the public with what had been taking place. No such important matter had been before them in many a year as this. The halibut industry, on (continued on page 5)

DEATH NOTICE

At her residence, Fourth Avenue on Tuesday, December 11, Stella DuVernet, widow of the late Most Rev. F. H. DuVernet, Archbishop of Caledonia, died. The funeral service will be conducted in St. Andrew's Cathedral on Thursday next at 3.30 p.m. No flowers by request.

WASHINGTON, Dec. 11.—An expenditure of \$50,000 by the secretary of war to protect Valdez, Alaska, from the glacier stream floods was proposed in a bill introduced in Congress today by Delegate Sutherland.

PROVINCIAL LIBERAL EXECUTIVE TO CHOOSE HOUSE LEADER FOR SESSION

VANCOUVER, Dec. 11.—"One cannot give any idea at this juncture," Mrs. Mary Ellen Smith, president of the provincial executive of the British Columbia Liberal Association, said, in discussing the possibility that Dr. J. D. MacLean might be named Liberal leader, following her announcement that the executive would meet on January 21 to choose a house leader. "It is a matter for the provincial executive to decide," she said. Dr. MacLean's position, she pointed out, was not clear, pending the outcome of the re-count in the by-election.

DEATH CALLS MRS. DUVERNET

Passed Away Last Night After Long and Useful Life as Wife of Revered Archbishop
FOUNDED LOCAL I. O. D. E.
Funeral Will Take Place at Cathedral on Thursday Afternoon at 3:30 P. M.

SHOT GIRL'S FATHER BECAUSE HIS ATTENTIONS TO DAUGHTER WERE NOT FAVORABLY ENTERTAINED BY HIM

VANCOUVER, Dec. 11.—Unrequited love, and the refusal of the father of 20-year-old Mary Augustino to entertain the suit of Nasco Dominico for his daughter, is believed by police to be the cause which led to the shooting to death in his home here yesterday of Tony Augustino, 44 years of age, an Italian, allegedly by Nassi, who is held at police headquarters charged with murder.

Nasco, who arrived Monday morning from Nordegg, Alta., where he worked in a mine, spent the day at the Augustino home on Keefe Street and in the afternoon it is alleged he had a dispute with the father over his daughter and later, shortly after nine o'clock last night, Nassi was alleged suddenly to have drawn a revolver and fired at Augustino, the bullet entering the heart.

The daughter, her mother and a young brother fled from the house, followed by Dominico who fired two more shots, one at the girl and the other at the boy, but both went wide.

Later Dominico was arrested on Seymour Street. The police say that he made a long statement during which he is alleged to have confessed to the shooting.

Nasco Dominico appeared before police court this morning charged with the murder of Tony Augustino. He was remanded until December 18.

BURY ELECTED AT EDMONTON

EDMONTON, Dec. 11.—Mayor Bury was re-elected with a majority close to 3000 over Captain Bowen in yesterday's civic election.

This afternoon's train, due from the east at 3.30, was reported this morning to be on time.

DEATH CALLS MRS. DUVERNET

Passed Away Last Night After Long and Useful Life as Wife of Revered Archbishop

FOUNDED LOCAL I. O. D. E.

Funeral Will Take Place at Cathedral on Thursday Afternoon at 3:30 P. M.

Helpmate during his long and useful life to one of Canada's most illustrious churchmen, prominent and revered pioneer woman of this northern district of over twenty years' standing, one of the initiators of church work in Prince Rupert, founder of the Imperial Order, Daughters of the Empire, here, well beloved by her legion of friends and highly respected by all who were favored with her acquaintance, Mrs. Stella DuVernet, widow of the late Most Reverend Frederick Herbert DuVernet, Archbishop of British Columbia and Metropolitan of the Church of England for British Columbia, passed peacefully away at 2 o'clock this morning at her residence, 674 Fourth Avenue East, from heart trouble. Mrs. DuVernet was taken ill two years ago this month and had been an invalid ever since. With her characteristic fortitude and patience, she bore her sufferings which death mercifully relieved.

The late Mrs. DuVernet was born in Kingston, Ont. the daughter of the late Horatio Yates M. D., and lived in that city until her marriage in 1885 to the then Professor DuVernet of Wycliffe College, Toronto. In the latter city she made her home until 1905 when she came west to British Columbia, making her first home in this province at the native village of Metiakatla where her husband had been appointed Bishop of Caledonia to succeed the late Rt. Rev. William Ridley. In July, (Continued on page five)

MARY ELLEN IS NON-COMMITTAL

Provincial Liberal Executive to Choose House Leader for Session

VANCOUVER, Dec. 11.—"One cannot give any idea at this juncture," Mrs. Mary Ellen Smith, president of the provincial executive of the British Columbia Liberal Association, said, in discussing the possibility that Dr. J. D. MacLean might be named Liberal leader, following her announcement that the executive would meet on January 21 to choose a house leader. "It is a matter for the provincial executive to decide," she said. Dr. MacLean's position, she pointed out, was not clear, pending the outcome of the re-count in the by-election.

LORD BYNG STARTS WAR ON NIGHT CLUBS
Lord Byng of Vimy, in his new capacity of Chief Commissioner of Scotland Yard, has intimated that he is going to clean up London night clubs, whose proprietors are mostly foreigners, in an effort to purge the metropolitan police from alleged corruption. It is claimed that certain large sums of money in the possession of various members of the force have been obtained to a startling extent from alien managers and proprietors of night clubs. Lord Byng is here seen sitting at his desk at Scotland Yard.

SHOT GIRL'S FATHER BECAUSE HIS ATTENTIONS TO DAUGHTER WERE NOT FAVORABLY ENTERTAINED BY HIM

VANCOUVER, Dec. 11.—Unrequited love, and the refusal of the father of 20-year-old Mary Augustino to entertain the suit of Nasco Dominico for his daughter, is believed by police to be the cause which led to the shooting to death in his home here yesterday of Tony Augustino, 44 years of age, an Italian, allegedly by Nassi, who is held at police headquarters charged with murder.

NEW YORK STOCK MARKET RALLIED

NEW YORK, Dec. 11.—The market rallied impressively in the last hour of trading yesterday after sinking for a spell around noon. Radio closed at \$350.

NEW FEDERAL JUDGE

WASHINGTON, Dec. 11.—Justin Harding, of Alaska, was nominated by President Coolidge to be the federal judge of the first division of Alaska.

BRITISH STEAMER ROSSINGTON COURT DUE EARLY IN WEEK
Prince Rupert's fourth grain ship of the season will be the British steamer Rossington Court which is due December 16-18 from the Old Country to load a full cargo of wheat for the United Kingdom or Continent it was learned this afternoon at the offices of the Alberta Wheat Pool's Prince Rupert elevator. The Rossington Court will be lined when she arrives and will go on berth immediately after arrival to start loading.

BURY ELECTED AT EDMONTON

EDMONTON, Dec. 11.—Mayor Bury was re-elected with a majority close to 3000 over Captain Bowen in yesterday's civic election.

This afternoon's train, due from the east at 3.30, was reported this morning to be on time.

Waging Fight Against Death King George is Growing Much Weaker

Infection of Lung Is Spreading to Rest of System and Much Anxiety Felt; Prince Sped Through Europe and Is Expected Home Tonight

LONDON, Dec. 11.—King George's physicians were waging a fight against death this morning. Unofficially, it was said that chances of his recovery were slight.

King George's physicians at 1:15 a.m. this morning issued this bulletin on his condition: "His Majesty the King has had several hours of sleep. The temperature remains high, but there is no further impairment of strength."

A later announcement says it is stated authoritatively today that although the doctors were able to say there was no further impairment of the King's strength, today's bulletin was not regarded in palace circles as satisfactory. Anxiety remained unallayed owing to the continuance of high temperature. It was pointed out that the infection, which returned in some measure yesterday, still existed and although the fever was not worse, the position regarding the infection had not improved.

That the King's powers of resistance have been ebbing for days under the strain of the lung infection, which spread to his general system, was evident from the physicians' recent reports. The King's physicians issued the following bulletin at 8:30 p.m.: "His Majesty had a quiet day. There is no increase in the exhaustion and his pulse remains steady."

Prince Rushing Home
The Prince of Wales is expected to reach London tonight, fully 12 hours in advance of the best time previously estimated. Racing steadily toward Boulogne with all the facilities of three countries, Italy, Switzerland and France, at his disposal, the prince this afternoon was speeding through France. The British destroyer Torch, it was arranged, would take him from Boulogne across the channel.

The Duke of Gloucester, en route from Capetown to England on the steamer Balmoal Castle, is not expected to reach home until December 24.

Prince George is still serving aboard H. M. S. Durban at Bermuda.

The Press Association was reliably informed at 3:45 p.m. that there has been no change in the King's condition since morning.

BOULOGNE, France, Dec. 11.—The Prince of Wales arrived here at 6:45 this evening.

FOLKESTONE, Eng. Dec. 11.—The Prince of Wales landed here from Boulogne at 8:44 p.m., taking special train immediately. He is due in London at 10:22 p.m. He crossed the channel in the mail boat Biarritz.

HON. FRANK OLIVER GETS POSITION WITH RAILWAY COMMISSION

OTTAWA, Dec. 11.—The Hon. Frank Oliver has been appointed advisory officer to the board of railway commissioners.

RADIO SURVEY IS TO BE MADE

OTTAWA, Dec. 11.—Preliminary survey of the radio broadcasting stations in Canada will be undertaken immediately, it was announced by Sir John Aird, chairman of the newly formed Royal Commission on Radio. Following that, the commission will visit broadcasting centres in the Eastern United States then go to Britain and probably France and Germany.

MISS BOWRON INVESTIGATOR

Appointed by Government Make Inspections for School Teachers
VICTORIA, Dec. 11.—The social conditions under which women teachers carry on their work, especially in rural districts, will be investigated by Miss Lottie Bowron, who has been appointed by the minister of education to perform the duties.

Miss Bowron is available on application by any inspector to proceed to such districts as may be deemed necessary. She is to be a free agent, to carry out such inspections as she thinks desirable.

The initiation of this plan is the outcome of the recent death of Miss Mabel Jones, a young teacher at Cowichan Lake, who took her own life as a result of persecution by the trustees.

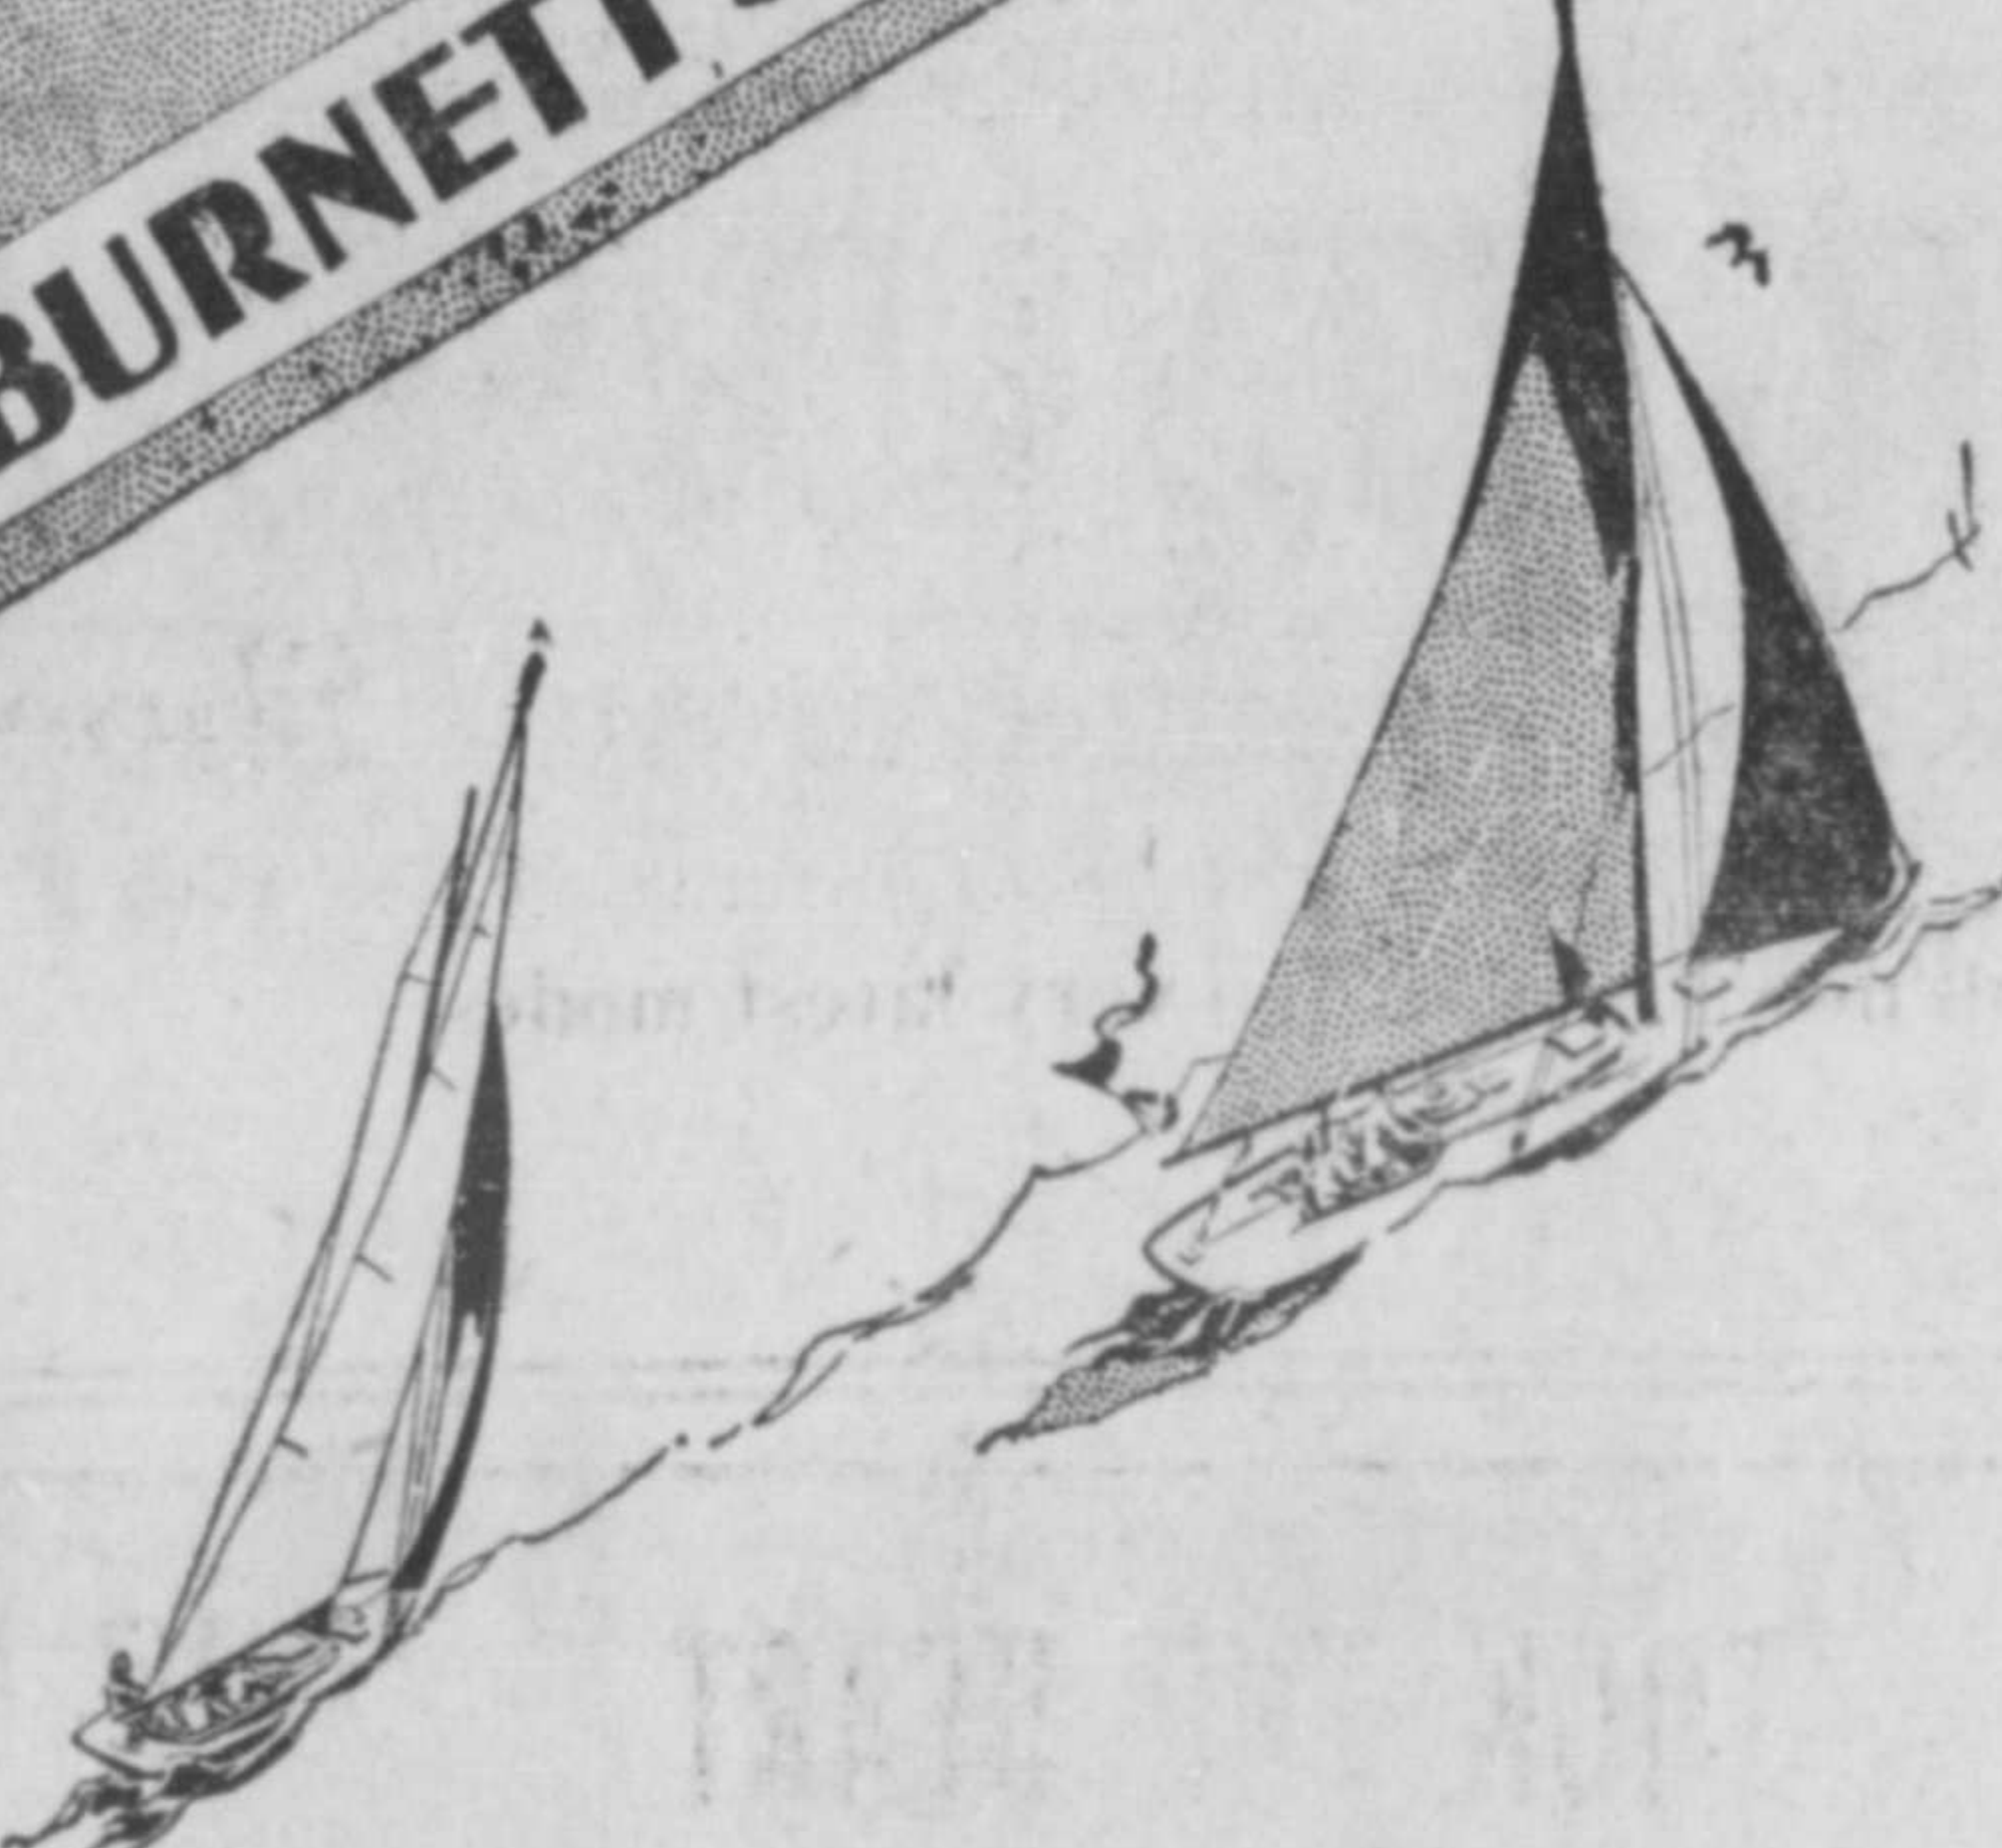

DINNER FUND STILL GROWS

The interest taken in the Christmas dinner fund is very gratifying. While money has not been coming in as fast as might have been expected, there is no doubt the required sum will be forthcoming, because it is unthinkable that Prince Rupert people will allow any to go without a good Christmas dinner when they are enjoying their own. The following is the present status of the fund:

TENNIS AS IT WAS AND IS —Le Rire, Paris.

VICTORIA CUBS BEAT BY LIONS

Strenuous Game at Vancouver With Only One Goal Made

VANCOUVER, Dec. 11.—Playing strenuous hockey for 70 minutes, Vancouver Lions in the dying moments of the game scored the solitary goal of the night, which enabled them to triumph over the Victoria Cubs in the Pacific Coast League game here last night, one to nothing.

For three periods the teams were unable to score and the overtime period was more than half over when Sanderson, on a pass from McAdams, sagged the net for the counter. It is Vancouver's fourth straight win.

SHARKEY WON TEN ROUNDS

BOSTON, Dec. 11.—Jack Sharkey, Boston heavyweight, won a 10-round decision last night over Arthur Dekuh, New York heavyweight.

Sharkey gave Dekuh a terrific beating, but lacked punch and the finish timing was woefully off.

BASKETBALL LEAGUE STANDINGS TODAY

NO BASKETBALL GAMES TONIGHT

There will be no league basketball tonight, but fixtures will be played on Friday and next Tuesday nights. Port Simpson Seniors, being at home and unable to come to town, have forfeited tonight's regularly scheduled fixture to Kincolith. Other games set down for tonight will be played during the course of the second half of the season.

SPEAKER BUYS

NEW YORK, Dec. 11.—Tris Speaker, manager of the New York Internationals, today announced the purchase from the New York Giants of Vic Aldridge, the veteran right-hand pitcher, and Russell Wrightson, utility infielder.

ELKS' BRIDGE AND WHIST COMPETITION FIRST HALF CLOSES

Joseph Howe, with a score of 2753, was the winner of the bridge prize, while Captain J. J. Mulligan, with 202, captured whist honors at the final Elks' Lodge competition last night for the first half of the season. Next Monday

evening a novelty social will be held when prizes for the first half of the season will be awarded. Announcement of the winners will not be made until then.

CAMBRIDGE BEAT OXFORD

TWICKENHAM, England, Dec. 11.—Cambridge won the annual university rugby match today from Oxford 14 to 10.

FIGHTING HIGHLANDER KNOCKED OUT PHIL BEFUS OF STETTLER

CALGARY, Dec. 11.—Scotty Inkster, fighting Highlander of Vancouver, upset the dope for ringside fans here last night when he knocked out Phil Befus of Stettler in the fourth round of a scheduled 10-round bout. Inkster gave away 12 pounds.

The following are the fixtures to be played Friday and next Tuesday:

Friday—Senior, Native Sons of Canada vs. Kincolith; intermediate, C. N. R. vs. Naval Reserve; ladies, Maple Leafs vs. Drill Team; junior, Colts vs. High School.

Tuesday—Senior, Players' Club vs. Port Simpson; intermediate, Toc H. vs. Eagles; and Big Four vs. High School.

SPORT CHAT

Dode Bercot, Monroe welter, won on a technical knock-out over Madison Dix of Bellingham in the sixth and final round of the main event of a boxing show in Tacoma last Thursday night, when Dix's seconds threw in the towel early in the round, believing their charge had a broken jaw. Medical examination after the match showed that Dix's jaw was fractured. Bercot broke his right thumb in the same round. The match up to that time was fast and hard fought with Bercot seeming to be taking the lead in the latter stages. Battling Slim Ryan, Bellingham light heavyweight, scored a knock-out over Jimmy McDermott of Los Angeles in the fifth round of the other contest scheduled for six. McDermott claimed a foul but the referee refused to recognize it and counted him out. Dix gained a decision over Alf Harding here last September.

Having successfully defended his junior lightweight title for the fourth time this year, Tod Morgan is now at his home in Seattle to spend a few days before going east to start his 1929 campaign. Morgan fought a 10-round draw with Santiago Zorrilla in San Francisco last Monday. New Year's day, Morgan will meet Joey Sangor in a 12-round no-decision bout in Milwaukee after which his manager, Frank Churchill expects to match him for fights in Detroit, Chicago and New York.

TOOK THE HEART OUT OF HIM

"FRUIT-A-TIVES" Restored Vim and Vigour

What a blessing "Fruit-a-tives" proves to those worn out and weary by the day's work. A blood purifier, a builder of health and strength, this marvellous medicine, made of an extract from fruit juices, combined with the finest medicinal ingredients, is just what is needed to regulate bowels, kidneys and skin—sharpen the appetite—steady the nerves—and restore the whole system to its former vigour and vitality. As Mr. John O. Ringheim, Wynndel, B.C., writes: "My nerves were completely gone and I was so tired out and run-down that work seemed impossible. Since taking 'Fruit-a-tives' I am eager to work and life is worth living again."

One cannot realize, until he has gone through the mill, how fine it is to be well again. I owe my present good health to "Fruit-a-tives." Try it. 25c. and 50c. a box—at dealers everywhere.

Mrs. Zygmunt was charged in city police court this morning with selling liquor, her case being adjourned until Thursday morning.

Mike Koevoff, charged with consuming liquor in a public place, and Fanny Miller, charged with intoxication, were both remanded until Thursday morning on appearing before Magistrate McClymont in city police court this morning.

Engineer Lieutenant R. C. Parsons addressed the local unit of the Royal Canadian Naval Volunteer Reserve last night on steam engines. It was the first of a series of lectures on similar subjects which he is to give.

The costumes worn by the young lady ushers at the play "The Saving Grace" at the Capitol Theatre last night were the subject of much favorable remark. They were very striking. It is understood that they were designed by Mrs. D. Thomson and made by the girls themselves, Miss McGuire doing the painting.

Awful Pimples On Face and Neck For Four Years

Mrs. Mary Rail, Eganville, Ont., writes:—I am writing to tell you that I suffered terribly with awful pimples, all over my face and neck, for four years.

I had tried everything, but got no relief until one day a friend told me about

and advised me to use it. I used four bottles and my face is now completely clear of pimples. Manufactured only by The T. Milburn Co., Ltd., Toronto, Ont.

News of the Mines

AROUND PRINCE RUPERT
 Great Progress Being Made With Mining in Usk Dis-
 trict; Silver Cup Looking Well; Local People
 Working Lowery Property at Usk

During the past season great progress has been made in the mining industry around Usk says the Omineca Herald. Some of the older companies are now far enough advanced to use machine drills, while others have reached the point that ore has been proved and that tunnels are being run to develop at depth. Others will reach that stage after another season's work. The majority of properties in the Usk district are located on the mountain tops and for that reason the seasons are short. On the Columario (the King continuously for two years. old Kleanza) property machine There is good reason to believe drills are being operated on two that the Silver Cup may yet prove tunnels and it is planned to in- the premier mine of the central crease this force by working interior. The tunnels are ex- double shifts throughout the win- pected to keep in ore for a long ter. Work has been done this yet. A sensational strike of anti- season on nine parallel veins on monial silver carrying large lead the Columario and at the present content as well as high grade sil- time it is being concentrated on ver was just recently made on the No. 4 with cross-cuts to Nos. 3 property. Values were 23 percent and 5. Nine hundred feet of tun- lead, 11 percent zinc and 50 ounc- nels have already been driven, es silver. The vein widened out opening up 300 feet of ore and to four feet and has been hailed giving a depth of 400 feet on the as the Silver Cup's most impor- face. The plan for the winter tant showing to date. Some of is to run in on No. 4 for 1,000 the ore will probably be shipped feet with a second 1,000-foot tun- direct without mill treatment nel farther down the hill giving Mr. McCrossan of Vancouver, on additional depth of 150 feet on of the directors of Silver Cup, re- the vein. From both these tun- cently visited the property and nels cross-cuts will be run to the expressed himself as being highly No. 3 and No. 5 veins. Recently pleased with it.

CLASS OF CHINESE MOTHERS IN TORONTO LEARNING TO NURSE

TORONTO, Dec. 10.—Twenty out of the 65 Chinese wives and mothers in Toronto form one of the most interesting of the local Cross home nursing classes; they are highly intelligent and seem delighted to bring their babies to be used in the various demonstrations. A Chinese woman student in one of the medical colleges, gave some of the instruction. The members had to be accompanied to and from their homes, as neither the women nor the children from the family room which the class was drawn were ever allowed alone on the street.

The Board of Trade was given a grant of \$400 by the city council at its meeting last night on condition that they undertake some special advertising for half that amount.

CHRISTMAS DINNER FUND

For the convenience of out-of-town subscribers the following coupon may be cut out and used:

TARIFF BOARD RECOMMENDS REGARD COAL

Question Is Much Involved Owing To Diversity of Interests in Canada

OTTAWA, Dec. 11.—The Dominion's position in respect to its coal industries has been the subject of a great deal of consideration by various governing bodies of the Dominion during the present year. The most extensive coal fields are found in Nova Scotia, Alberta and British Columbia. This means a long haul to supply the more thickly settled provinces of Ontario and Quebec should a policy be finally adopted of using Canadian coal to a much greater extent in the future.

At present the larger portion of coal used in central Canada is imported from the United States. Latest statistics show that out of a total annual importation of 14,165,000 tons of bituminous coal, 13,960,000 tons come from the United States. There is a duty of 50 cents a ton on this variety of coal into Canada, but the duty is returnable if the coal is converted into coke for metallurgical and certain other purposes. Government figures reveal that the annual drawback is approximately \$750,000, indicating that about 1,500,000 tons are imported to the Dominion for this purpose. There is no duty on anthracite coal.

The duty on bituminous coal has caused considerable clash of interests and it is with this that the tariff board has been wrestling for some time.

Present Situation

The United States tariff on soft coal is reciprocal. It provides that the tariff on coal from Canada shall be the same as the duty placed on United States coal coming into this country. As a result Fernie, B. C. mine operators have agitated for the removal of the duty so that they might have an open market in the Pacific coast states. Alberta interests want the duty to remain as it is, because they fear that an open door policy would cause them to lose some of their markets on the prairies to United States coal. Nova Scotia also is opposed to any lowering of the rate.

The United States reciprocal tariff, however, does not take into account the drawback allowed in Canada. All Canadian bituminous going across the border is assessed a 50-cent duty whether or not it is to be converted into coke.

Owners of the Nova Scotia mines point out that the present tariff gives them no protection at all where the coal is brought in to be converted into coke for metallurgical purposes. They have asked that they be recompensed for this loss of protection by being given a bonus of 50 cents a ton when they produce coke that comes into competition with the

imported product from which a drawback has been obtained. Canadian gas companies also insist that they are not being fairly treated because they have to pay a duty on their coal and yet the coke they produce as a by-product into competition with coke on which no duty has been paid.

Budget Will Show

The tariff board have heard all the interests who have submitted lengthy briefs and will advise the department of finance concerning its recommendation. This advice is not made public and will only be reflected in the budget submitted at the next session of the Dominion parliament.

The use of domestic bituminous coal, however, is increasing in spite of the vast distances which it must be hauled. There were heavy shipments of Nova Scotia coal to Montreal and other points along the St. Lawrence this year. Then there was the special rate, assumed to be the "out-of-pocket" costs of bringing Alberta coal to Ontario for three months during the summer. The success of this experiment is now being considered by the fuel board.

OPTION TAKEN ON TORIC MINE

Vancouver Sun Authority for Sale of Property to Howe Sound Mining Co.

An option has been taken by the Howe Sound Mining Company on the property of the Toric Mines Ltd., situated 18 miles north of Alice Arm, in the Kitsault River section, at the terminus of the Dolly Varden Railway, according to Toric officials today, says the Vancouver Sun.

Within the next six weeks a meeting of shareholders will be called for the purpose of ratifying the arrangement entered into with the Howe Sound Mining Company, but details of the option are not being announced by the Toric company at the present time.

Toric stock has sold between \$3.75 and \$4.00 on the Vancouver Stock Exchange, within the last few days on reports of the option by Howe Sound. The property consists of four claims, covering 98 acres, with silver, lead and gold values, developed by crosscut, raises and drifts, and a 50-ton mill is operating on the property. Mining and milling has been carried on for less than \$5 a ton, and the mill heads are running about \$10 a ton in silver and lead. The mill has been working two 8-hour shifts, crushing about 755 tons a month. Mill capacity could be increased to 160 tons daily at comparatively small cost. An estimate of 400,000 tons in sight has been made by the management as a result of development.

The capital of the Toric Mines Ltd. is \$1,000,000, with 200,000 shares of \$5 par value, of which 125,000 have been issued.

WHERE BEAUTY WILL WED ROYALTY
 The photo above shows the mansion and part of the grounds of the estate of Mr. and Mrs. H. E. Manville, of Pleasantville, New York, where their daughter, Estelle (left) will marry Count Folke Bernadotte (right), nephew of the King of Sweden. The bride-to-be is shown above in her wedding gown of white velvet trimmed with point lace. The best man at the wedding will be Crown Prince Gustavus Adolphus of Sweden.

NAAS RIVER WAS SUBJECT OF TALK

A. Halleran Speaks Before Young People's Society of United Church

A. Halleran of the staff of Booth Memorial School gave an interesting talk last night before the Young People's Society of First

United Church on the Naas River, where he was engaged in school teaching for a year. He described the resources and possibilities of the district and told interestingly of the pioneer people who are dwelling there. He illustrated his remarks with photographs and souvenirs.

Miss Alva Garnett, vice-president of the society, presided, in the absence of the president.

George H. Stocks. There was a good attendance of members.

PAINLESS PICTURES

RATEPAYERS TO DECIDE WHICH COMPANY IS TO GET POWER FRANCHISE FOR PRINCE RUPERT

(continued from page 1) which so much depended, was not capable of further expansion and the next move of the city should be in the way of attracting industries.

Last February, the mayor said, he interviewed the heads of one of the big companies when in the city. As a result they received a bid of \$200,000. Before taking action they had secured the services of William Young, a competent engineer, to make an appraisal and he stated the plant was worth \$400,000. Negotiations were carried on and finally \$300,000 was offered, but still he and the aldermen thought this not enough.

The bids were opened and of the tenders of four companies as previously published, the two companies, the Power Corporation of Canada and the American States Public Service Company, met with most favor. Mr. Young was asked to analyze the tenders, having in view the development proposed and the probable ability of the companies to attract industries.

The Power Corporation included an offer to install ornamental street lighting, which, according to an estimate obtained in 1923 by Superintendent Love, would cost \$3740 for the business section. There also were to have a rate for street lighting, which was very favorable.

There were many points in each which had to be considered. Mr. Young pointed out that the expenditure was really a long running matter. The Los Angeles Company had met the other matter of street lighting and the corporation had waived a exemption proposal and time set on construction.

As regards the financial aspect the Power Corporation of Canada was well known. The Public Service Company brought good credentials, but so far their experience had been with gas and water and the company was only eight months old.

The Power Corporation, in addition to expending from \$1,500,000 to \$2,000,000, would try to locate

industries here. It was the opinion of Mr. Young that without mentioning street lighting the offer of the Canadian company was preferable. However, it seemed of such paramount importance that he thought public meetings should be held and the advice of the people should be asked. He suggested a vote be taken as to whether the concern should be sold and also as to which company should take it.

He thought it should be carried to a conclusion as soon as possible. Alderman Dibb immediately moved that the plebiscite should be held. He said the council was very much divided as to which concern should have the franchise. They had allowed themselves to be placed in a position which all had agreed to avoid, that of making this a political issue.

It had been agreed to support the majority, but at Saturday's meeting they could come to no decision. He thought it would be unwise to recommend any particular company to the ratepayers in view of the attitude of the council, which would probably result in the defeat of the bylaw and the question would lie dormant for a few more years. He warned that it required three-fifths of the vote to carry, and, in addition to those opposed to one particular company, there were those opposed to private ownership.

HEALTH EXAMINATIONS BEFORE MARRIAGE STRONGLY ADVOCATED

TORONTO, Dec. 10.—"Health examinations before marriage are not only necessary, but reasonable," said Dr. George W. Ross, speaking before the Toronto Social Hygiene Council here, in urging the necessity of legislation in this respect. He pointed out that all big institutions demanded a health certificate from their employees and that the important institution of marriage is just as much in need of such case on the part of the contracting parties. Dr. Ross added that the medical profession was eager to co-operate with such proposed legislation and urged that it be adopted.

LIEUT.-GOVERNOR OF NEW BRUNSWICK IS MAJ.-GEN. McLEAN

OTTAWA, Dec. 11.—Major Hugh Haverock McLean, of Rothsay, New Brunswick, has been appointed Lieutenant-Governor of New Brunswick, to become effective December 28, succeeding Lieutenant Governor W. F. Todd.

WILLINGDON DELAYS TRIP TO QUEBEC

OTTAWA, Dec. 11.—Owing to the very serious nature of the news received at Government House today, Viscount Willingdon has suspended a trip to Quebec City.

Local Items

D. McD. Hunter is on a business trip to interior points.

R. A. Creech returned to the city on the Catala this morning from a brief business trip to Anxox.

G. E. Gulick, local manager of the Swift-Canadian Co., returned to the city on the Catala this morning from a brief business trip to Anxox and Stewart.

Paul Zygmunt of the Westholme Rooms will leave on tomorrow morning's train for a trip to his native home at Zarnopol, Poland. He will sail aboard the liner Aurania from Halifax on December 24.

Mrs. W. L. Newell of Stewart, who has been a patient in the Prince Rupert General Hospital for the past two or three weeks, was able to leave the institution yesterday and is registered as a guest at the Prince Rupert Hotel.

Passengers sailing this afternoon from here on the Catala for the south will include: Mr. and Mrs. I. Anger and daughter, for Seattle, and Ex-Governor D. W. Davis, C. B. Flewin, G. E. Brown, T. Green, L. J. Martin and B. C. Johnstone, for Vancouver.

Capt. David Ritchie of the local halibut boat Unome and Mrs. Ritchie and daughter will leave on tomorrow morning's train for St. John, New Brunswick, where they will embark for a holiday trip to their former home in Scotland.

District News

NFW HAZELTON

A number of officers of the Royal Canadian Mounted Police have been in Hazelton during the past week.

The Felix Bridge Club of Hazelton held its weekly meeting last Thursday night at the home of Mrs. R. S. Sargent.

The South Hazelton hill is in bad shape for motor traffic and a few loads of sand are badly needed.

NEW DIRECTOR

OTTAWA, Dec. 11.—Ernest A. Smith, Shediac, New Brunswick, has been appointed as a member of the directorate of the Canadian National Railways.

PAINTS PICTURES WITH HIS BRUSH BETWEEN HIS TEETH

HAMILTON, Dec. 10.—Deprived of the use of arms and legs and therefore imprisoned in the house except at such times as he is taken out, Albert Lowry, a Hamilton man, finds a way to get close to the beauties of nature that he loves. Holding a fine brush between his teeth he paints in water-colors and oils many beautiful scenes from nature and decorates cushion tops, silken hangings for walls and other lovely things that would be a credit to an artist who had the use of all his limbs.

TOLMIE TO CONFER WITH PREMIER KING

OTTAWA, Dec. 11.—The return of the natural resources to British Columbia will be discussed on Friday, when Premier Tolmie meets Premier Mackenzie King and the cabinet. Tolmie arrived last night.

DEATH CALLS MRS. DUVERNET

(Continued from page one)

907, Mrs. DuVernet moved to Prince Rupert and here she had since resided.

The late Mrs. DuVernet was a noted horsewoman in her native city and she was a lover of animals having been for years associated, both before and after her marriage, with the Royal Humane Society. She was also a talented musician. In her early life she was educated at home by governesses and later completed her education by going to school in England and France.

She initiated the work of the Women's Auxiliary in the Diocese of Caledonia and was the first Diocesan President. At the time of her death, she held the position of Honorary President. She taught the first Sunday School ever held in the city of Prince Rupert and in every branch of the early life of the Anglican Church was an active worker.

Founded L.O.D.E.

Mrs. DuVernet assisted in the establishment of the Imperial Order, Daughters of the Empire, in this city and might well be termed its "mother," having taken a keen and material interest in this organization throughout its history. At the time of her death, she held the position of Honorary Regent of Municipal Chapter as well as of Queen Mary Chapter.

She leaves to mourn her loss a son, Horace DuVernet, of Montgomery, Ala., and a daughter, Miss Alice Frances DuVernet of Prince Rupert. There are three grand children—Frederick Horace DuVernet, Alice Laing DuVernet and Ernest Arthur DuVernet—all of Montgomery, Ala.; one sister Mrs. A. H. VanBel of Cannes France, and one nephew, Dr. Carlton Yates Ford of Montreal Que. To the mourning members of the family will be extended deepest sympathy in their bereavement.

Funeral rites will take place from St. Andrew's Cathedral at 3:30 o'clock on Thursday afternoon and interment will be in the family plot at Fairview Cemetery. The B. C. Undertakers have charge of funeral arrangements.

FARMER'S WIFE GETS STRENGTH TO DO HER WORK

By taking Lydia E. Pinkham's Vegetable Compound

St. John, New Brunswick.—"I was all run-down from a pain in my back and my left leg bothered me so sometimes that I was unable to do my work. I saw your ad in the newspapers and decided to give your medicine a trial. I have taken over seven bottles of Lydia E. Pinkham's Vegetable Compound and am now relieved of this suffering. I am a farmer's wife and have three children. I tell all my friends of your Vegetable Compound and I am sure that when it helps me it will help them. I am willing to answer letters from women asking about the Vegetable Compound. All thanks to Lydia E. Pinkham." Mrs. ARTHUR N. DENNISON, 183 Wentworth St., St. John, New Brunswick.

TRANSMITTERS ON DIRIGIBLES

American Airships to be Specially Equipped With Apparatus Having Large Radius

WASHINGTON, Dec. 11.—Radio transmitters capable of sending signals to virtually every part of the world will be installed in the two mammoth dirigibles, the ZR4 and ZR5 to be constructed for the Navy.

It is the desire of the Navy department that the new rigid airships be equipped with apparatus which will have a communication range equal to their cruising radius, which will be more than 8,000 miles. In case either ship should make trans-Pacific flights its crews could keep in communication with Lakehurst or Washington virtually all the way.

It has been decided to use the Los Angeles as an experimental ship in determining the designs for the radio equipment. Steps are being taken to develop equipment which will replace that now installed on the Los Angeles. Both the intermediate and high frequency sets will be replaced by the latest type transmitters, and the present wind-driven power generator will be removed and engine-driven power units substituted. Navy engineers say the present radio compass will be allowed to remain intact, as it has given satisfactory service, although it is possible that the receiving equipment may be replaced by some of more modern design.

The ships are to be powered with eight engines instead of five, as in the case of the Los Angeles, and the ignition systems of the engines will be shielded to improve radio reception on board.

The ships are to be of 6,500,000 cubic feet capacity, which is approximately three times the size of the Los Angeles.

RUSSIAN PROGRAM FRIDAY FROM 8 TO 9 FROM ABC NETWORK

A composition by Borodine, famous Russian chemist-composer, will open the concert of the American artistic ensemble over stations of the ABC chain Friday evening, when they present a program composed entirely of the words of modern Russian composers.

Including in its personnel, Peter Meremblum, noted Russian violinist, Kolia Leviene, Russian cellist, and Cecile Baron, pianist, the ensemble has won a large following in northwest radio circles in the past three months for their distinctive interpretation of music of the masters.

Some of the numbers programmed for that evening include "Serenade" by Arensky, "Melodie" by Cherepnine, and "Nocturne" by Gliere.

Peter Meremblum will be featured during the hour playing a violin solo "Romance," a composition by Ogarew.

Originating in the main studio of the American Broadcasting Company in Seattle, this broadcast will be released by KJR, Seattle; KGA, Spokane; and KEX, Portland, northwest stations of the ABC chain.

C. N. R. CAUSE RADIO TROUBLE

Apparatus Doing Good Work in Locating Local Disturbances

A good deal of disturbance, as far as radio reception in this city is concerned, has been due to motor generators operated by the Canadian National Railways, it has been found through the use of the trouble finding set which was recently obtained from the Dominion government by the Prince Rupert Radio Association. The attention of the railway authorities has been drawn to this matter, which is now being taken up at company headquarters.

Operation of the trouble finding set is being attended with good results in the matter of locating disturbances here. It is being run by the city utilities department for the local radio club.

DOLLAR PAYS FOR SERVICE

License Fees Collected by Canada Go Toward Checking Interference With Radio

Radio fans will be glad to know that the dollar they pay for a license is being used to check up interference. The radio section of the department of marine is active all over Canada doing this work and Prince Rupert is sharing in it by securing the loan of an instrument.

In the larger cities interference-chasing cars are used to locate the sources of trouble and secure a remedy. Usually the trouble is from power lines or from regenerative sets, and in either case the parties responsible are compelled to make a change at once. The cars are fitted with a radio receiver, similar to that in use in Prince Rupert, with direction finding loops. There are also small portable receivers and other apparatus.

In the city of Toronto alone in one year there were close to three thousand cases of interference investigated and 2432 cases permanently cured. The outstanding sources of trouble now are street car lines, X-rays and high frequency electro-medical apparatus.

Man in the Moon

Christmas 'll be here before you're ready if you don't watch out.

Old Santa Claus is harnessing His team of fine reindeer. And early on Christmas morning He surely will be here. He'll bring a load of presents And goodies too, galore, But woe unto the youngster who Should dare to ask for more.

Jake says women rule today. There are Lizzies everywhere, cars are run by Ethyl and even at baseball there is a Ruth.

In the old days shepherdeses always had their crooks with them but today some of the crooks are in jail.

Prince Rupert theatre talkers are congratulating themselves that so far talking pictures have not been introduced to interfere with their monologues.

If women knew how knobby their knees looked they'd keep them covered.

Uncovered knees look just all right For little Jack or Bobby, But Mamie and Jane should not show their's Because they look so knobby.

Two fool jackasses—now get this dope— Were tied together with a piece of rope. Said one to the other, "You come my way, While I take a nibble of new-mown hay." "I won't," said the other, "You come with me.

For I, too, have some hay, you see." So they got nowhere; just pawed up dirt. And oh, my gosh, how that rope did hurt. Then they fussed about, those stubborn mules, And said, "We're just like a couple of human fools. Let's pull together, I'll go your way.

Then you come with me and we'll both eat hay." Well, they ate their hay, and liked it, too, And swore to be comrades good and true.

As the sun went down they were heard to say, "Ah, this is the end of a perfect day." Now get this lesson—don't let it pass; Learn this one thing from the poor jackass: We must pull together—it's the only way To conduct your business and make it pay.

Ten Years Ago in Prince Rupert

December 11, 1918

Now that the Imperial Munitions Board has discontinued its contract for Sitka spruce, it is expected that most of the mills in this district will start cutting lumber for commercial purposes.

The establishment of a reconstruction commission under the provincial government is being urged upon Premier John Oliver. Unemployment is one of the matters that could be taken in hand by such an organization.

Miss Kate Ryan, the only woman gold inspector in the world with headquarters in White Horse, is on a trip south.

BEBE DANIELS in "She's a Sheik"

COMEDY—"A TAXI SCANDAL."

FOX NEWS 35c AND 10c.
SELECTION—"The Desert Song," Westholme Orchestra.

FIRESIDE CLUB HAS A SOCIAL EVENING

The Fireside Club of First Baptist Church enjoyed its monthly social evening last night with the president, Miss Agnes Dawson, in the chair.

After devotions there was a musical program which included piano solos by Miss Aleita McKinley, mandolin solos by R. Bartlett and guitar duets by Misses Bessie Derry and Lillian Franks. Refreshments were served and playing of games followed. There was a good attendance.

BEBE DANIELS ARABIAN SHEIK

Comedy of the Desert Showing Tonight at Westholme Theatre Screamingly Funny

Motion picture producers who are continually bewailing the lack of ideas for screen play should take a tip and consult Bebe Daniels.

This Paramount star who seems to have a faculty of grabbing more than her share of good screen thoughts proves it thoroughly in her latest comedy hit "She's a Sheik," here tonight.

Today's flapper will learn a great deal by absorbing some of the methods used by Miss Daniels in the comedy. She is intent upon "getting her man" much against his will, and her tactics are screamingly funny.

The story has a setting in Algeria. Miss Daniels is shown as the sheik's granddaughter recently returned from America where she has gone to complete her education. The Sheik urges her to marry but she will have nothing to do with men until she sees Captain Colton, of the Foreign Legion. She changes her mind instantly and sets out to capture

the elusive captain, using a method which is truly of the desert. Whatever it is, it is the cause of a continuous string of laughs.

Not once does the story drop and this may be attributed to a great extent to capable direction at the hands of Clarence Badger, who has been with the Paramount star for some time. Another factor is the excellent story from the pen of John McDermott author of "Senorita" and a fine screen play by Lord Corrihan who wrote "The Campus Flirt" and "Swim, Girl, Swim."

INTERIOR COUPLE QUIETLY MARRIED

Miss Florence M. Warin of Fort Fraser Becomes Bride of Wesley Banta of Smithers

The marriage took place quietly at 4 o'clock yesterday afternoon in St. Andrew's Anglican Cathedral. Rev. J. B. Gibson officiating, of Miss Florence Mary Warin of Fort Fraser, recently arrived from Durham, England, and Wesley Banta of Smithers, who is identified with Frank H. Taylor in the ownership of the Topley-Richfield mine. The witnesses of the ceremony were R. L. McIntosh and Mrs. H. T. Cross. Mr. and Mrs. Banta will proceed tomorrow morning to Smithers, where they will take up residence.

PLAYERS' CLUB STAGES COMEDY

"The Saving Grace" Goes Over Strong Before Large Audience in Capitol Theatre

TO REPEAT TONIGHT

The Prince Rupert Players' Club scored another success last night with the presentation in the Capitol Theatre of the three-act comedy "The Saving Grace." A capacity audience greeted the effort, proceeds of which will go to the Prince Rupert Gyro Club for its children's playground fund.

"The Saving Grace," which will be repeated tonight, is a play of just a little different nature from what this proficient local dramatic organization has previously put on. Though a comedy, featured with many ludicrous and mirth-provoking denunciations, it is a shade heavier than previous plays and there is not quite so much laughter. The cast consists of only seven persons, each of whom are given the opportunity to demonstrate more histrionic initiative. It proved splendid entertainment for the large audience last night.

The doings of the now impecunious though haughty family of an English financial man who reaches the crisis of his affairs as the war breaks out constitutes the theme. Alex A. Cannon, president of the Players' Club, takes in his usual talented manner the role of Blinn Corbett, the scheming head of the household, and Miss Etta Robertson, always popular on the local stage, is his willowy though no less conspiratory wife.

Mrs. James Farquhar makes a winsome young niece, and the moving feature of the play is her love affair, deliberate at first, with the young man of the world, albeit tied to his mother's apron strings, whose part is in the capable hands of Louis Smith. As the indignant mother of the youth Mrs. E. W. Marentette, excels. Harold A. Ponder, as a manservant, and Miss Caroline Mitchell, as a ladies' maid, complete the cast and upon them devolves more than the usual amount of action which both carry out with distinct advantage. Costuming of the ladies constitutes a showy feature of the piece which appealed strongly to the audience last night. Gowns for the ladies were loaned by Mrs. H. S. Parker and fur coats by William Goldbloom while George D. Tite supplied the furniture.

Bouquets Presented

The popularity of the lady members of the cast and the excellent manner in which they carried out their parts were testified to by a number of beautiful bouquets which were presented before the final curtain. Arrangements for the play went off in a smooth manner in the new play house. Fine between acts and opening and closing music was rendered by Jack de Jausserand and his Rhpert Capitoliens.

Principally responsible for the success of the presentation are Miss Nora E. Rivett, as director; George C. Mitchell, business manager, and Harold A. Ponder, stage manager. William Mitchell is house manager and the usherettes quaintly garbed in Mandarin costume, are Misses Jean Grieve, Winnie Thomson, Laura Frizell, Margaret Palmer, Frances Cross and Margaret Maguire. Miss Willa Dyer has the duties of prompter, and, as far as was to be seen last night, her work was light. Mr. David Thomson was in charge of make-up.

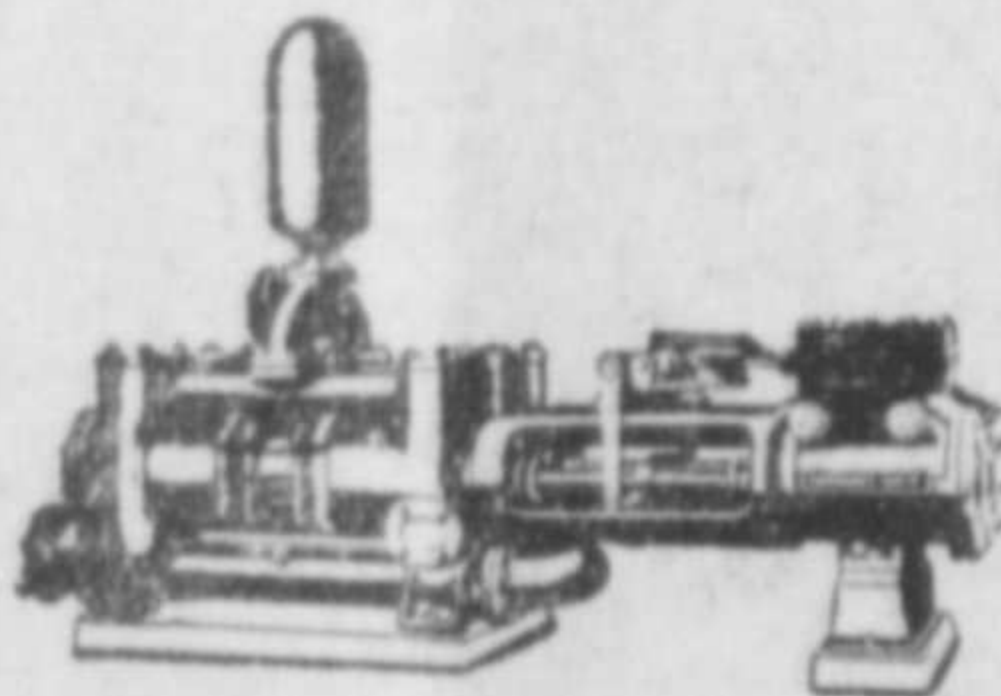

Members of the cast and others participating were entertained last night following the show with a supper in the Commodore Cafe. Tonight there will be a party in the I. O. D. E. Hall.

CANADIAN NATIONAL HOLD STEAMER FOR CHRISTMAS SAILING

In order to accommodate those desiring to go south after schools close Friday, December 21, the Canadian National Steamships announce that on that day the S. S. Prince Rupert will be held here until 6:00 p.m., arriving Vancouver at 9:00 a.m. Sunday, December 23. Make reservations early at City Ticket Office, Third Ave. Phone 260.

DO YOU NEED SOME EXTRA XMAS MONEY

At this time of year, most of us could use a few extra dollars. That little gift for Dad, Mother, brother, sister, relative or friend does not need to stick you. Here's a way to do it. Have you any used furniture or any other used articles around the home? Look in the attic, in the cellar, search the house! You may have an article someone else wants. When you find it, advertise the article in the Daily News Classified column. It costs little, and when cash accompanies the order, you get six insertions for the price of four. Turn used articles into money. Let our Advertising Office have the details. Their telephone number is 98.

An opportunity to invest in a high-class local security

\$55,000

Prince Rupert Amusement Co. Limited

7 PER CENT FIRST MORTGAGE BONDS
Dated September 1st, 1928 Due September 1st, 1943
PRICE: 98.90 and INTEREST
Yielding 7.12 Per Cent
Trustee:—Montreal Trust Company
Denominations \$500 and \$1,000

Principal and interest are payable at any branch of the Royal Bank in British Columbia.

Bonds are callable at 105 on any interest date on sixty days' prior notice. A Sinking Fund of \$3,000 per year will be paid to the Trustee who may invest same in these bonds if procurable at 105 or less, but if not, then it shall be invested in Trustee Securities.

The Prince Rupert Amusement Company was organized for the purpose of operating a moving picture theatre in the City of Prince Rupert. Up to the present the Company has operated in a rented building but has now completed construction of a very fine building on the main street of the City at a cost of approximately (including value of land) \$109,000. This building has been leased to B. C. Paramount Theatres Limited for 15 years on the following terms: Rental \$8,000 per year, together with one-half the net profits remaining after payment of such rental and other operating expenses. The Lessor also gives to the Lessee an option for three years to purchase the said property for \$150,000. If this option is not exercised then the Lessee will, during the balance of the term pay \$12,000 per year rental in lieu of \$8,000 and one-half the net profits.

According to official records, five-sixths of the issued capital of B. C. Paramount Theatres Limited is issued in the name of Famous Players Canadian Company Ltd.

Interest and Sinking Fund on these bonds will amount to \$6,850 per year. This amount is fully taken care of by the rental to be received from the Lessee without taking into consideration any revenue to be derived from profits.

In addition to the above, the Prince Rupert Amusement Company will have a rental of about \$2,500 per year from three stores in the new building. This will be more than ample to take care of all real estate taxes and incidental expenses.

THESE BONDS IN DENOMINATIONS OF \$500.00 AND \$1,000.00. BONDS MAY BE PURCHASED AT THE OFFICE OF ANY OF THE FOLLOWING DEALERS:

ROYAL FINANCIAL CORPORATION LTD.
