HON. J. RAMSAY MACDONALD DISCUSSES IMPERIAL UNITY

Ramsay Macdonald Urges Closer Relations Between Canada and Mother Country Which Sea Joins

VICTORIA, August 29.—Addressing the Men's and Women's Canadian Clubs here last night, Ramsay Macdonald declared: "We must live closer together—you in Canada and I in the old country. If the British Empire is to be kept together, the freedom of the self-governing dominions is to be kept solid and the mother country is to be kept in its splendid status by representatives of the dominions and the mother country holding frequent personal communication with each other. "We in the old country and you in Canada are divided by the sea," said the former British premier. "However, the sea has been the highway of the British race and we can use the sea to bring about closer unity between the mother country and Canada. The sea is our pathway and we shall keep it."

BOX FACTORY IS DESTROYED

FIRE IN VANCOUVER DOES DAMAGE ESTIMATED AT QUARTER MILLION DOLLARS

VANCOUVER, Aug. 29.—Fanned by a high wind a fire in the B. C. Box factory on Second Avenue West, yesterday afternoon destroyed the company's mill and the tannery of Pierre Paris before it was brought under control. The loss is estimated at a quarter of a million dollars as the box factory was valued at \$200,000 and the tannery at \$50,000.

The plant of A. B. Cushing Mills Ltd. on the same side of the street was threatened by flames which ate nearby through large piles of lumber between it and the box factory.

BROTHER OF LOCAL LADY DIES IN EAST

Mrs. D. W. Morrissey Received Sad Intelligence by Wire From Georgetown, P.E.I.

Friends will sympathize with Mrs. D. W. Morrissey who received the sad intelligence by wire yesterday of the sudden death from heart disease of the youngest and only surviving brother of her family, William H. O'Brien, at Georgetown, Prince Edward Island. The late Mr. O'Brien was known to several Prince Rupert people hailing from Prince Edward Island. His death leaves only two sisters in the family—Mrs. Morrissey and Mrs. (Dr.) Stewart of Dorchester, Massachusetts. The late Mr. O'Brien is survived by a widow and married daughter.

MRS. CHAPLIN DIES

GLENDALE, Cal., Aug. 29.—The mother of Charles and Sid Chaplin, Mrs. Hannah Chaplin, died here yesterday, aged 65. She was born in London and was well known on the English stage. Charles was at her bedside.

Robert Forke Defends Policy of Immigration Into Canada

OTTAWA, August 29.—Hon. Robert Forke, minister of immigration, commented briefly today on remarks with regard to immigration into Canada attributed to Lord Lovatt, head of the Empire Settlement Board. Mr. Forke said: "If British immigrants won't come to Canada, we cannot help it." The British immigrant who was able and willing to go on the land was practically being subsidized to come to Canada, the minister declared. This was not the case with subservient people such as were referred to by Lord Lovatt. They came to Canada though given no encouragement. Lord Lovatt was quoted in Winnipeg as saying that the British people failed to understand why Canada brought 51,000 immigrants from non-preferred countries annually and only 50,000 from the British Isles.

CANADIAN NATIONAL SPENDS GOOD CASH IN PRINCE RUPERT. Discussing the value of the Canadian National Steamships to Prince Rupert, an official of the company this morning mentioned that in addition to bringing a great many people to the city the C.N.S. spends a large sum in the city for groceries, fish, laundry and other purposes. For the period March 1 to July 31 this amounted to \$19,943.38, something that helps put money in circulation in the city.

OPERA SINGER IN FINE VOICE

ERIK BYE, NORWEGIAN TENOR, MADE EXCELLENT IMPRESSION IN MOOSE HALL LAST EVENING.

Erik Bye, Norwegian opera tenor, one of the finest vocalists Prince Rupert music lovers have had the opportunity of hearing in many a day, made a splendid impression with a program in six different languages last night in the Moose Hall. Mr. Bye had been heard about ten days ago during the display of the film "Norway of Today" and many who recalled to hear him again last night were not disappointed. With no other detracting features on his program, he was in excellent voice and handled the different languages with equal technical skill and sympathetic feeling. His tenor possesses smoothness and volume and a marked expression.

His audience of 250 last night included speakers of all the singer's languages and there were general plaudits. He was compelled to give several encores both in English and Norwegian. The other languages in which he sang both operatic selections folk songs and ballads were Italian, German, Swedish and Danish. His English songs, giving excellent scope for his voice, were "Homing" (Teresa del Riego); "Allah" (C. W. Chadwick); "Trees" (Oscar Rosbach) and "There Is No Death" (Godfrey O'Hara).

- Mr. Bye was given effective assistance by his piano accompanist, Charles P. Balagno. Mr. Bye leaves this afternoon to give repeat recitals in Juneau, Ketchikan and Wrangell. The program was as follows: I. "Elucivan le stelle"—Aria from La Tosca Puccini II. a. "Am Meer" Schubert b. "Der Asra" Rubinstein c. "Zveigling" Richard Strauss d. "Die beiden Grenadiere"—Schumann III. a. "Homing" Teresa del Riego b. "Allah" C. W. Chadwick c. "Trees" Oscar Rosbach d. "There is no Death" Godfrey O'Hara IV. a. "Hvorfor hylte de sorte hunde" Alf. Hurum b. "Han gikk her ved min side" Chr. Schiott c. "Sylvelin" Chr. Sinding d. "Til mit hjertes dronning" A. B. Grandahl V. FOLK SONGS a. "Aeh Warmeland du skona" Swedish b. "Aa jenta aa ja" Swedish c. "Vi elsker vort land" Danish d. "Manden og kona" Danish e. "Kjerringe med staven" Norwegian f. "Aa kjore vatten aa kjore ved" Norwegian g. LOST LIVES GLORY HOLE

TWO MEN FELL AT ANYOX MINE AND DEATH WAS INSTANTANEOUS

ANYOX, Aug. 29.—Two fatal accidents took place at the Anyox mine during the latter part of last week. Late Friday evening Walter Henrik Liljals slipped and fell into a glory hole, death being instantaneous. Deceased was 32 years of age and a native of Finland, having been in this country for only one year. He leaves to mourn his loss a mother, father and three brothers in Lappland, Finland, and one brother employed at Anyox. The second fatality occurred the next afternoon when Tomo Rubelich, a native of Jugoslavia, lost his balance and fell into a glory hole, also meeting death instantaneously. Deceased was in his 39th year and had been a resident here for the last year and a half. He leaves to mourn his loss a wife and two children and his father and mother, all of Rawana Sanjan, Jugoslavia. The coroner's jury returned a verdict of accidental death in both cases.

PREMIER LEFT FOR GENEVA

WROTE HIS NAME IN GOLDEN BOOK OF PARIS CITY BEFORE LEAVING

PARIS, Aug. 29.—Premier Mackenzie King of Canada brought his stay here as a guest of the French Government to a close yesterday by attending a reception for signatories of the anti-war pact given by the municipality of Paris in the city hall. He left Paris last night for Geneva where he will arrive today. Following the reception, the Premier affixed his signature in the city's "Golden Book."

DEVASTATED HAITI CALLS OUTSIDE AID

PORT AU PRINCE, Aug. 29.—Intimation that outside help is needed for the rehabilitation of the hurricane stricken district of Haiti is contained in a statement issued today saying that more than 100,000 people are facing starvation in the hurricane devastated area. All animals were killed and the crops destroyed, it will take from three to six months to grow new crops. Charles Haester, well known local truck dealer, left on this morning's train for a trip to Kirkville, Kansas and Kansas City. On his return to the city, he will travel via Denver, Colorado.

DR. SOVEREL OF E'ST ORANGE, NEW JERSEY, LOST WITH SEAPLANE

EAST ORANGE, N. J., Aug. 29.—Dr. Floyd Sovarel of this city, who is reported to have been a passenger on the airplane presumably lost in Puget Sound Saturday had been travelling through the west since June with his brother Elmer Sovarel and the latter's wife and children. Their itinerary called for arrival at Lake Louise yesterday.

Wreckage of Plane and Body of Woman Found Near Port Townsend Making It Certain That All of Seaplane Is Lost

SEATTLE, August 29.—Positive identification of leatherette upholstery found on the beach of Discovery Bay, near Port Townsend, as being from the B.C. Airways plane which vanished last Saturday with seven passengers, was made today by C. C. George, Seattle representative of the B.C. Airways. A wicker chair, washed up today on the northern side of Fort Point, is believed to definitely establish Discovery Bay as the watery grave of the plane.

A woman's body, presumably that of Mrs. Alexander McCallum Scott, one of the passengers on the ill-fated plane, was found in Discovery Bay later today, a message to the United States Coast Guard reported. A brief case and diary, which belonged to the woman's husband, a former member of the British parliament, was also washed up on the same beach today.

New Site to Be Chosen Fishery Fleet Floats

That the dominion government has abandoned the idea of putting in new floats for the fishery fleet at Cow Bay but is making arrangements to have additional mooring accommodation provided at some other point on the waterfront central to the city was the interesting announcement made today by J. P. Forde, district engineer for the federal department of public works with headquarters at Victoria, while on a visit to the city on official duties. It has been decided, stated Mr. Forde, that the float accommodation already at Cow Bay can hardly be improved upon as it fits the site very suitably. Seal Cove is a little bit too far from the city centre to be suitable so negotiations are now under way to obtain something closer in for the purpose of building additional float accommodation.

Mr. Forde stated that the department would ask parliament this year for the appropriation necessary to install the additional float accommodation at Prince Rupert. Until the appropriation had been made and the ground secured, Mr. Forde stated that he did not care to further discuss plans for the project. Work being carried on by his department in this district at the present time is largely of a routine nature, states Mr. Forde. Rupert for Skagway enroute to Whitehorse, Yukon Territory, on business in connection with extensive work that the department is undertaking on the Yukon River. He expects to be in the city again next Monday on his way south.

Vancouver Ratepayers Disappointed at Report of Police Commission

Plans Laid to Make it Issue and Possibly to Ask for Provincial Policing of the City

VANCOUVER, August 29.—Members of the Central Ratepayers' Association expressed keen disappointment and disapproval of Commissioner Lennie's finding in the police inquiry in a resolution passed at a meeting last night. The resolution said in part: "In view of the appalling evidence produced as to gambling and prostitution of the most sordid and despicable kind, citizens had every right to expect a report from the commissioner in accordance with the evidence which would be definite and decisive in every respect. We emphatically deny that Mayor Taylor was elected at the last election or any other previous election to run a wide open city." If the city council is not prepared to take vigorous action it was suggested that the attorney general be requested to take over the policing of the city.

CLOSE FIGHT THE NATIONAL

ONLY HALF GAME SEPARATES THREE TEAMS IN CONTEST FOR SECOND PLACE

NEW YORK, Aug. 29.—It's a dog's fight for runner-up position in the National League. A half game divided the Giants in second place from Cincinnati and Pittsburgh, tied for fourth place. Chicago is practically abreast of the Giants. The Cardinals increase their lead to five and a half games by beating the Cubs yesterday while the Giants ran into unexpected disaster at the hands of the Braves. Rogers Hornsby got six hits, three of them doubles, and drove in two runs and scored four himself for the Braves. Philadelphia regained ground they lost in the American League by taking a double-header from Chicago while the Yankees were idle.

HIGH PRICES ON STOCK MARKETS

NEW YORK AND TORONTO EXCHANGES SHARED HONORS IN BULLISH MOVEMENT TODAY

NEW YORK, Aug. 29.—Bullish activity on the New York Stock Exchange today caused more than a score of issues to be boosted from \$5 to \$7 to new high prices by noon. Midland Steel Products preferred shot up \$7.25; R. H. Macy, \$6.37 1/2, and Montgomery Ward and Paramount, \$5 each. Rails joined the upward movement though they were slow in getting started. TORONTO, Aug. 29.—International Nickel, which startled traders yesterday with an advance of \$9, reached another new high price level at 114 7/8 today. It closed at 112 5/8, a net gain of 1 7/8.

VETERAN MOTORIST IS PRESENTED WITH CHECK

TORONTO, Aug. 29.—As a token of appreciation of what he had done to promote motoring in Canada, representatives of the Canadian automobile industry presented Dr. P. E. Doolittle, veteran motorist, with a check for \$5,000 at a luncheon of the directors of the Canadian National Exhibition.

LAW AGAINST LONG HAIR

China is different from other countries, so when we read that a law has been passed that women under 30 years of age must either bob their hair or pay a degeneracy tax we must not be surprised. The law there is no more effective there than are the decrees of Dame Fashion in this country.

Men need not think that they are exempt from laws of this kind in China. Men must pay a heavy monthly tax if they wish to wear the picturesque queue which was at one time the characteristic method of wearing the hair by the Chinese.

While liberty in all things is very desirable, it is possible that extreme methods are needed just at this time to bring the Chinese people into line with the rest of the world. The Nationalists are in a hurry. They are not willing to wait for the gradual change of custom. They have overrun the country, conquering it from various factions which have hitherto ruled. Now they want to bring it up to date and make it modern.

We have great faith in the Nationalist leaders of China. They are imbued with high ideals. At one time they thought they could democratize China by simply giving them free government. Now they find that in the early stages at any rate a little force is necessary and they are using that means with some success.

UNFORTUNATE INCIDENT

It was unfortunate that just at the moment when the pact was being signed outlawing war and all the great nations were signing, a forged document should have been brought before the public representing Great Britain as making a naval agreement with France which would have been scarcely in good faith with the other agreement she was signing. It looks like a deep laid scheme of some enemy to undermine the world peace movement. We hope that the greatest possible publicity will be given the matter so that there may be no secret suspicions left in the minds of the people interested.

Rich Galena Strike Made on Hudson Bay Mountain Near Evelyn—Lead Sulphate at Decker Lake—Mona Miles Ltd. Active

Another rich strike of galena ore on the northerly slope of Hudson Bay Mountain again attracts attention to the section above Evelyn station just west of Smithers where Peter Shufer has located a large showing on a plateau at an elevation of 6,600 feet. This is on the Silver Lake group, owned by L. S. McGill and Mr. Schufer, and marks the third important find which has been made in that region recently. The first of these strikes was made by the same owners some time ago and on June 30 Angus Chisholm brought down some specimens of solid ore he located about 800 feet away. The latest strike was made by Mr. Shufer on ground between the two earlier discoveries, indicating the possibility of a huge zone of ore and the probability that the three veins will merge into a large body at depth. Development will be undertaken to further expose the ore on the strike and also by means of a shaft.

For a distance of 500 feet a four-foot seam of lead-sulphate ore has been traced on the Decker Lake Silver Glance and Blue Diamond mineral claims held by D. M. Gerow and J. C. McLean. The value of the discovery is said to lie in indications of rich galena at depth which lead-sulphate is believed to predict. Considerable development work has been done during the present summer on these properties and also on the Golden Glory, owned by R. H. Gerow, and the Golden Glory No. 1, owned by W. I. Reid, both of which adjoin. There are also other promising claims nearby.

O. W. Owens has arrived at Burns Lake to get work started on the property of the Mona Mines Ltd. consisting of three claims about ten miles south of Burns Lake and a mile from the government road between Burns Lake and Francois Lake. A private road gives access to the claims and machinery has already been shipped in. Mr. Owen has worked the property for several years in a small way and, having received ample financial backing, is now prepared to ascertain what lies beneath promising surface showings. It is expected to have

the work well advanced this season.

The Mining & Industrial Record takes a slap at the Toric management at Alice Arm with the following:

An Alice Arm correspondent sends us an interesting letter on what he describes as the "tragic comedy" of the Toric Mine. The new "goat" is the Dolly Varden Railway. Since the "hiring and firing" policy has become played out the British shareholders are being informed that the railway has proved incapable of putting ore in the mine, developing, mining and sending it to the mill; while it has also failed to make the mill run and turn out gold and silver bricks without the necessary metals in sufficient quantity for their production. Really it is time the Association of Professional Engineers and the Provincial Department of Mines took this matter up and published the truth about it for the credit of the mining industry and the interest of the shareholders.

The L. & L. on Glacier Creek at Stewart continues to prove up splendid veins though the property does not seem to have the interest of the public at the present time. This company is happily situated with a very modest valuation of \$200,000 at a price of 10c per share.

The operating mines of British Columbia are not over valued by the public writes E. A. Haggen, Premier Gold Mining Co., which

has, in addition to the Premier mine, a 38 per cent interest in B.C. Silver, 75 per cent in Prosperity and a large share in Porter Idaho and Silverado, is valued at \$11,400,000 though it is dispersing \$300,000 in dividends at the present time and increasing its capital assets out of earnings. Duthie, a producing mine, making profits of \$25,000 per month, is rated at \$1,100,000. It would appear that the stocks in British Columbia mines hold out to the investor a very much greater probability of profits than do those on the American side of the line.

Work is being resumed on the Keystone group at Alice Arm. Activity in that section also includes the driving of a new drift on the Toric mine in order to block out new ore bodies for the mill.

The Jessie Gold Mines Syndicate, operating on Hudson Bay Mountain near Smithers, has found arsenical iron which carries gold values running as high as \$15 a ton.

CHILDREN OF RIDLEY HOME RETURNED FROM CAMPING METLAKATLA

The children living at the Ridley Home who have been away camping at Metlakatla, returned home today in readiness for their school duties next week. They have had a very enjoyable time at the Indian village in charge of the matrons, Misses Gillett and Matthews.

There are now thirty children living at the home, all the available accommodation being taken.

WORK BEGINS AT RUFUS ARM

MACHINERY BEING SENT TO STEWART TO BE USED AT RIVER MINE

Word has been received from management of the Rufus Arm that all arrangements have been made for work to proceed on the property recently acquired by him. Machinery is being sent north immediately and an effort will be made to get under ground before the snow falls so that work may be continued uninterruptedly through the winter.

In spring a tramline up the mountain will be started as well as the development of the water power from Erickson Falls.

It is expected at Stewart that this Bear River property will make a big mine.

Ten Years Ago in Prince Rupert

AUGUST 29, 1918

The lumber mill at Queen Charlotte City has been purchased by Oiler Besner of Prince Rupert for the sum of \$25,000 and will be immediately put in shape for cutting airplane spruce. Something like \$15,000 will be spent on the plant which has a capacity of 65,000 feet daily.

O. H. Nelson has completed the census of Prince Rupert. The district has a population of 20,670 people over sixteen years of age, the total population of the city itself, being 4,511 according to the enumerator's figures.

There will be eight new teachers on the staff of the local public schools which will reopen next week for the fall term. Angus M. McDonald is the principal.

Reforestation

Much has been said recently about re-forestation in B. C. The present forest is the result of natural reforestation when the human hazard was not present to defeat nature.

Natural re-stocking of cut over lands is now going on, as may be seen almost everywhere, and nature will again re-establish the forests if only fire is kept out.

BRINGING UP FATHER

BURNS LAKE

Major Robert Lowe local hardware dealer, president of the Burns Lake Board of Trade and chairman of village commissioners returned last week from Vancouver with his bride who was formerly Miss Bertha Mabel Robinson, daughter of Mrs. M. B. Robinson, Hollyburn, West Vancouver.

Duncan McGibbon, while on a trip to his mining property in the Tahla district, nearly lost his life at the head of Oca Lake when a storm arose suddenly. His boat was swamped and all the supplies it contained were lost but McGibbon managed to make shore safely.

Mr. and Mrs. George F. Henson of Coosa Lake left last week for Rochester, Minnesota, where Mr. Henson will undergo treatment at Mayo Clinic. They expect to return home in about two months' time.

Gust Bjorkbom has sold his farm at Rose Lake to Mr. Bach and is leaving for Port Alberni where he intends to engage in fishing. Mr. Bjorkbom has resided at Rose Lake for many years and is well known in the district.

T. W. Brewer of the Forest Branch at Smithers was a visitor here last week on official duties.

L. F. Coles of Vancouver has been a business visitor in this district.

Gust Westberg was in town last week on business.

Mr. and Mrs. E. B. Hopkins, who were recently married in Vancouver spent part of their honeymoon here.

Mrs. G. F. Lee has arrived from Vancouver for an extended visit here with her daughter, Mrs. A. H. Silk.

SMITHERS

S. H. Hoskins, government agent, has left for an extended trip into the Manson Creek country to look into the placer situation. He went in by way of Stuart Lake and will travel most of the distance by saddle horse.

It is reported that several patrons of the government liquor store here have been getting bottles of water instead of whiskey. The bottles were replaced and an investigation is to be made.

H. H. Gilchrist of Calgary, Alberta, spent several days in Smithers recently on business. He stated that negotiations were pending for resumption of operations at the sawmill west of town.

The new High School building here was formally opened to the public on Saturday afternoon, many citizens calling during the afternoon to inspect the premises. Light refreshments were served.

C. L. Dimock, municipal clerk, accompanied by Mrs. Dimock and family, is spending a two weeks' vacation motoring through the Lakes district.

In connection with the formation of organization to encourage the growing of pure seed and the eradication of weeds, Cecil Tice, provincial agronomist, recently visited this district in the course of a tour of the province.

A. L. Evitt has moved his electrical supply and photography business to the building on Main Street formerly occupied by the Municipal Hall. The building formerly occupied by Mr.

Evitt has been purchased by B. F. Stewart who will use it as a restaurant.

Provincial Constable and Mrs. G. A. Wyman of Hazelton were visitors in Smithers for a day or so last week.

ALICE ARM

Vancouver Board of Trade excursionists, here on Sunday, were taken up the Dolly Varden Railway to the Toric mine where they inspected the mine and concentrating mill. The visitors manifested much interest in this camp. There was a special ore display in G. W. Brugg's old store for the occasion.

The final provincial election count in Atlin riding was as follows: H. F. Kergin, Liberal, 587; T. W. Falconer, Conservative, 542; W. H. Mout, Independent, 33.

John E. Stark entertained at a house warming party in his new residence on Valley View Heights last Wednesday evening. The toast to the health of the host was proposed by A. C. H. Gerhardt and there were many felicitations. Thirty-three guests were present.

W. A. Talbot, assistant district engineer for the provincial department of public works, was in town from Anyox the latter part of last week on official duties.

Rev. W. B. Jennings of the Anglican mission boat Northern Cross held services here last Sunday.

Mrs. S. Benton and child arrived yesterday from Prince Rupert to join Mr. Benton who is relieving in charge of the Government Telegraph office here.

J. C. McCutcheon, who has been on the staff of the Toric mine here for the past two months, left last week for Vancouver.

Provincial Constable William Smith of Anyox was here last week on official duties.

Another big dance was held last Saturday evening in the Alice Arm Hotel.

A son was born last Wednesday to Mr. and Mrs. William Stephen of Alice Arm.

GOLDBLOOM HAVING 20TH ANNIVERSARY CELEBRATION NOW

William Goldbloom, the pioneer fur dealer, is celebrating the twentieth anniversary of his entry into business in Prince Rupert. During these twenty years he has sold thousands of dollars' worth of fur coats—and defies complaint. He does not sell electric acid for seal coats nor dogskins for rat coats. Everything in his store has the Goldbloom guarantee—if goods are not satisfactory, you get your money back. Fair dealing with all, both buying and selling—has been the secret of success in the Goldbloom business.

Buy your fur coats from the full Goldbloom stock at little more than wholesale prices. We have a full stock of all kinds of fur and are agents for one of the largest fur houses on the continent. If we have not what you desire, we can get it—and get it quick! The Old Reliable Fur House.

ANYOX KNIFING BOUT REPORTED

ONE MAN HOVERING BETWEEN LIFE AND DEATH AND ANOTHER IN JAIL ACCORDING TO REPORT

From Anyox is received word of a stabbing affair in the course of a recent drinking bout as a result of which one man lies near death's door in a hospital at the smelter town while another is in jail, pending the death or recovery of the injured man when a charge will be laid accordingly against him. One of the men, it is reported, in the course of the melee, drew a knife and stabbed the other severely in the abdomen. Three operations, it is said, have already been performed on the injured man and still he is in a condition between life and death. According to report, after the one man had stabbed the other, more men that were in the party jumped on the assailant and, with their fists and force, inflicted such injuries as fractures upon him.

Local police headquarters stated yesterday afternoon that they had not yet been informed of the affair.

FALL CANNING ON NEXT WEEK

PRESERVING PEACHES AND PEARS THEN AVAILABLE — EGGS STIFFEN AND FRESH VEGETABLES DROP

Housewives will start fall canning next week when preserving peaches, pears, etc., go on sale in local stores. By that time apple stocks will have arrived and the prices are not expected to be out of the way. So far, peaches and pears have been selling by the dozen for fresh table use.
Fall canners will welcome a drop in the price of sugar during the past few days. White sugar is down 40c per hundred and yellow has dropped correspondingly.
With local supply now becoming available, fresh vegetables are taking the customary seasonal drop in prices, almost all lines being down somewhat.
There has been a stiffening in the price of eggs, all varieties being up 5c a dozen. This is the time that egg prices usually commence to rise.
The price of butter is the same as it has been during recent weeks.

SECOND PERIOD CLOSES FRIDAY

TWO DAYS LEFT TO CINCH CHOICE OF BIG PRIZES IN DAILY NEWS CAMPAIGN

With the last big vote period of the \$4,000 Gift Distribution ending at 9 o'clock Friday and with the points on special side competition for extra cash prize decreasing the same day and hour, candidates are straining every nerve in their final efforts for supremacy as the end looms in sight.
The two big, beautiful, luxurious motor cars are ready in all their newness and splendor, waiting for their new owners to take a delightful spin. The extra cash prize can be won at the same time and with the same subscriptions.
Two days are left of this big period. Two days only remain of the big points for the special prize. 9 p.m. Friday the next final period schedule will be in effect and the second period opportunities will be gone forever.
Truly these next few days are opportunity days. Candidates should bear in mind that the difference in value between the greatest and the least of the cars included in the prize list is \$340. Understand this is not the price of a car but just the difference in value between the car of greatest value and the other prize car. Certainly, just the difference of more than \$300 is worth striving for, to say nothing of the value of the prizes themselves.

REAL EFFORT WILL WIN
As close as the race stands today any candidate can win his or her choice of these mammoth prizes with some real effort these last days. The fact is, each individual candidate's success or failure, depends upon what each candidate is able to accomplish in the limited time left.
Every day, every hour, of the short time that remains should be utilized to the fullest extent by the earnest hustlers who really want to take advantage of what may prove to be one of the greatest events in their lives. It's "Do or Die" these next two days of the last vote period. At 9 p.m. Friday the vote schedule is sharply reduced and the salary check offer ends. Two days and two days only remain of the biggest and best vote offer left.
Watch them go in the few hours which remain. It will be interesting, indeed, to see which candidates will get to the top and stay there. The wide-awake candidate can, before 9 Friday, pile up such an enormous number of votes that the advantage cannot be overcome.
Subscriptions are especially valuable until the final hour Friday. And every subscription credits points toward the extra salary check to be awarded at the end of the period. Certainly, it will pay you well to concentrate on subscriptions these final days. A subscription for one year is worth almost twice as many votes as a subscription for the same length of time after Friday.

It would be about as difficult for a visitor from Mars to distinguish one man from another in this country as it is for the ordinary person to distinguish one sheep from another in a big flock.
In England when a man speaks of "corn" he probably means wheat. In Canada he means maize or Indian corn. In the States he means a particular brand of bootleg whiskey.
Monday is Labor Day for some people. Jake says that every day is labor day with him.
There are a number of enterprising beauty shops in town but not one so far has invented a permanent neck shave.
Jim Killas is reported to have discovered a gold mine along the Skeena River, somewhere this side of Terrace. He made a trip there a few days ago and brought home a nugget and a lot of lumps on his hands and arms and neck and legs. He says the gold mine has a lot of grizzly bears guarding it. The first thing he had to do was to drive out the bears and then he got a piece of gold, just enough to show his friends that he really meant business, when the bears began to return and he left. He says grizzly bears are all right but he prefers them in moderate numbers.

\$200 in Cash DIVIDED INTO TWO PRIZES

One Prize for District No. 1. of \$100.00 in Cash.
One Prize for District No. 2. of \$100.00 in Cash.

HOW SUBSCRIPTIONS COUNT IN POINTS

Up to and including Friday, August 31, the following number of points will be issued on subscriptions:	From Saturday, Sept. 1, up to and including Friday, Sept. 7, the following number of points will be issued on subscriptions:
1 year ... 8 points	1 year ... 6 points
2 years ... 16 points	2 years ... 12 points
3 years ... 24 points	3 years ... 18 points
4 years ... 32 points	4 years ... 24 points
5 years ... 40 points	5 years ... 30 points
6 years ... 48 points	6 years ... 36 points

The above schedule shows "HOW SUBSCRIPTIONS COUNT IN POINTS" in the new campaign for the \$200 COMPETITION which has been announced. You will notice that subscriptions turned in by Friday night, August 31, count more points than they will if not turned in until the following week. New, arrears, renewal or second payment subscriptions each count the same number of points in the \$200 COMPETITION.
EACH candidate in the \$4,000 Prize Campaign now has the opportunity of entering the \$200 COMPETITION, and any subscriptions they secure and turn in now will count votes in the \$4,000 prize campaign and points in the \$200 Competition.

With the all-important second period ending forever promptly at 9 o'clock next Friday night, it is only natural to expect every candidate, who expects to win either one of the big prizes originally announced, or one of the two \$100 cash prizes in the new \$200 competition, to do their very best during the short time that remains.
To make it easier on the campaign department to handle the volume of subscriptions which are expected to come from the "live" candidates before this period ends, every candidate is urged to make frequent reports to campaign headquarters. By doing this we will be able to give you more time than we will if all the candidates wait until the closing hours of this period to make their reports. Out-of-town candidates are urged to mail their subscriptions on each mail coming to Prince Rupert and not hold them until the end of the week.
In addition to lessening your work and ours, frequent reports to campaign headquarters will often be the means of your securing some information which will enable you to make your campaign more highly successful.
No candidate will be permitted to enter The Daily News office after 9 o'clock Friday night, August 31 for the purpose of turning in subscriptions to apply on the big votes and points of the second period. All candidates in the office by that time, however, will be waited on and their subscriptions will count on the present big vote and point schedules.
ANY subscriptions mailed in ANY postoffice ANYWHERE which are postmarked not later than 12 p.m. (midnight) Friday, August 31, will also count on the big votes in effect until Friday night only, even though they do not reach this office until Saturday or even later. Those candidates who live in towns where the mail is not post-marked frequently will be given second period points and votes on all subscriptions postmarked for the first mail after midnight next Friday, August 31.
Campaign headquarters located on the second floor of The News Building, 243 Third Avenue, are open each day from 9 a.m. until 8 p.m. (next Friday night until 9 p.m.) Come in today or this evening and receive full particulars.
—YOU CAN WIN BIG—

For the benefit of the city candidates we have compiled a list showing the name and expiration date of every subscriber. These lists should prove a real benefit to ambitious candidates and may be had by calling at campaign headquarters.
MUST KEEP ACTIVE
Candidates are again warned that number 17 of the Rules and Regulations governing the campaign, provides that in order to participate in the prizes and commissions a candidate must make a weekly cash report. The turning in of coupons does not constitute a cash report. We have already been more than fair in the enforcing of this rule, but any candidate who does not make their weekly cash report in the future will be dropped from the lists and they will not participate in the distribution of the prizes or the commissions. One cash report a week is little enough for any one, who is active, to secure. As long as your name appears in the list of candidates you are eligible to share in the awards. But any candidate who does not make their weekly report by Friday night will be dropped. A week is seven days from the time of your last cash report. This is final and fair warning.

In addition to the above votes, 100,000 and they will not participate in the "club" or \$15.00 turned in. A "club" may be composed of small or large amounts totalling \$15.00.
The "Second Payments" Arrangement will not be in effect during the last week of the campaign.

HOW TO GET A MILLION VOTES BY FRIDAY EVENING

Four NEW SIX-YEAR subscriptions, including "clubs," count 2,480,000 votes. Five NEW SIX-YEAR subscriptions, including "clubs," count 3,100,000 votes. Eight NEW SIX-YEAR subscriptions, including "clubs," count 4,960,000 votes.
One hundred and fifty dollars (ten clubs of 100,000 votes each) made up of any size subscriptions, means 1,000,000 votes besides the regular number of votes credited to each subscription.
A million votes can easily be secured by any candidate after the SECOND PAYMENTS—that is extensions of subscriptions received earlier in the campaign. Thousands of extra additional votes can be secured in this way and many new "clubs" made up. This arrangement of "Second Payments" will not be in effect during the last period of the campaign.

FINE PROGRAM AT FALL FAIR

TEX YOUNG ONE OF HOLLYWOOD'S STARS, IS COMING FOR WEEK

An excellent program of entertainment in connection with this year's exhibition has been secured. The people of Prince Rupert and district will have the unprecedented opportunity of being entertained by one of Hollywood's stars in the person of Tex Young, the 20th century cowboy.

"Shorty" as he is called has appeared in many first class film productions such as "Riding Pretty," a Universal production, and in the "Ace of Spades" where he ably supported the famous Bill Desmond; Tex also appeared with Hoot Gibson in the cast playing "Rarin' to Go." Many local movie fans will remember him in the film which appeared in the city a few months ago in "The Calgary Stampede" where he excelled himself.

This same celebrity will appear in person at the coming fair direct from the Paramount Studios at Hollywood. It is highly probable that he will perform at the afternoon of the stampede as "Tex" will be right in his element among the Bronchos and Steers.

The Board of Directors are concentrating all their energies to making this year's fair and rodeo an outstanding success, and have lined up a program of entertainment that has never been equalled in the history of the city.

SPORT CHAT

Jack Campbell, chairman of the sports committee of the Trades and Labor Council's Labor Day celebration next Monday, announces that the grounds will be properly marked and that records in the various boys' events will be kept and compared with records of junior sports at Stamford Bridge, England, and High School sports at Vancouver. A good program of boys' sports has been lined up for Labor Day and a number of ladies are practising assiduously with a view to participating. The card is an interesting one and, if weather remains good, all events should be keenly con-

Soccer Comment

In the football match last night Gurvich kept a good goal for Terminals. Howe was unlucky to give away the penalty and otherwise kicked well. Currie was the best halfback both in constructive and defensive play. MacDonald tackled well and combined well with his forwards. Hill played his usual fast game and used his head to great advantage in spite of getting a nasty knock early in the match. Terminal forwards played a fast game but found Thistle defence sound. Harrison was fair, Strachan always fast and keen was a constant source of danger. Dickens should learn to shoot. The only way to control a ball is to keep the knee over the foot as the ball is struck. If Albert practised this he would get many more goals but he skies too many. Warren knows how to hit a ball and played a neat clever game. Chenoski swung across many dangerous centres.

Thistle were well served by succombe in goal but he must keep his eye on the ball not on the opposing player, and he should field every shot with his hands, only kicking the ball when he cannot possibly catch it. Haig was the best back on the field his tackling and positioning being of the highest standard. Stiles is improving but found Chenoski a hard problem. Haddon turned in a splendid game and was well supported by Dyer. This youth is one of the finds of the season. Woods was not so good as usual. The forwards were weak. Alex Mitchell had an off night. Willie as not up to his standard and tried too many long shots—that usually went wide. Comadina made a fairly good start and is well worth persevering with. Erskine had hard luck not to score when he touched the ball so neatly out of Gurvich's hand. But for an inside forward he did not get back at times enough. Farquhar made the best run of the game and his centre was well worth a goal.

Altogether Terminals were lucky to be on even terms at the finish.

A HARD GAME OF FOOTBALL

TERMINALS AND THISTLES PLAYED TO 1-1 DRAW LAST NIGHT

Terminals and Thistles played a hard game to a 1-1 draw in the Gailyly Football Cup last evening, before a good crowd of spectators who saw a very interesting game.

Currie was prominent for Terminals but Haig cleared. Dyer centred and Gurvich had to punch away. Haddon was clever. Chenoski was in the picture, too, but Dyer robbed him. Hill headed away a fine pass from Haig. Dyer stopped Chenoski after Warren had given the latter a nice opening. Stiles was lucky to clear. Comadina centred well. Strachan tried a first time shot that went too high. Skinner headed away in an attack. Farquhar used his speed to catch a ball that the defence thought would go behind and Gurvich was lucky to scramble it away. They had a narrower escape when Erskine came in fast to touch the ball past Gurvich but it hit the upright. Stiles cleared well and then Howe was unlucky to handle in the penalty area and from the spot Erskine put Thistles a goal up. Terminals came right back but Stiles cleared. Farquhar made a splendid run beating man after man but Comadina put the ball over the open goal. Play was at the other end in a flash and after Dickens hit the crossbar Warren put the teams level. Gurvich caught a fine centre from W. Mitchell and cleared.

Play in the second half opened fast and Alex Mitchell put over. Haig cleared and Woods stopped Dickens. Succombe punched away a high shot. Currie, Warren and Dickens showed neat football but Haddon cleared. Then Dickens hit the upright, and later headed over from Currie's well taken free kick. MacDonald made a good run. Dyer gave W. Mitchell a good opening but he shot far over from well out. The light was now poor and mistakes were frequent but no goals were scored though Haig was lucky to clear from Harrison. Play was even to the end swinging from one goal to the other but no further goals were scored.

Teams:
 Terminals—S. Gurvich; Howe, Skinner, Hill, Currie, MacDonald, Harrison, Strachan, Dickens, Warren, Chenoski.
 Thistles—Succombe; Stiles, Haig; Dyer, Haddon, Woods; Comadina, S. Erskine, A. Mitchell, W. Mitchell, Farquhar.
 Referee—W. Williscroft.
 Linesmen—A. Clapperton, Burdett.

rested and the whole day's proceedings should be a great success.

A post-league series of baseball games is now in progress at Anxox. In the first game, the Elks, many games ahead in the league, defeated the Concentrator by a score of 8 to 4. In the second match, the Elks also won but by a closer score, 5 to 4. There will be five games in the series. A number of boys, formerly in Prince Rupert, have been playing ball at Anxox this season including Chenoski, McColl, Cavalier and Meagher.

Vancouver cricket players last week sustained a worse defeat at the hands of the batsmen from H.M.S. Durban than did the locals when they played with the officers from the warship recently. Vancouver's best players lost by an innings and 215 runs while Prince Rupert's defeat was by an innings and 48 runs. "Cricketers from the visiting warship gave a Vancouver eleven a thrilling exhibition of how the game should be played," commented the Vancouver Province on the match. Lieut. Commander Agnew and Midshipman Merriman gave the finest display of forceful and polished batting ever seen on the local ground.

LACROSSE PRACTICE TONIGHT

Lacrosse practice tonight at 6:30. All players are requested to turn out to get into shape for series to be played with the Indians during the fair.

SPORT CHAT

Jack Campbell, chairman of the sports committee of the Trades and Labor Council's Labor Day celebration next Monday, announces that the grounds will be properly marked and that records in the various boys' events will be kept and compared with records of junior sports at Stamford Bridge, England, and High School sports at Vancouver. A good program of boys' sports has been lined up for Labor Day and a number of ladies are practising assiduously with a view to participating. The card is an interesting one and, if weather remains good, all events should be keenly con-
