## ENGLISH BISHOPS TAKE NEW STAND PRAYER BOOK

PRINCE RUPERT AS POSSIBLE OUTLET TO PEACE RIVER COUNTRY

(Winnipeg Free Press)

The purchase of the Alberta Government Railways by the Canadian Pacific, and the possibility of joint ownership and operation with the Canadian National, is an event of first-class importance, not only to Western Canada, but to the Dominion as a whole. The lines serving the Peace River country will no longer be mere stubs beginning at Edmonton and running north and west into fertile but isolated districts. They will be no longer the rather unwanted children of a heavily-burdened government. Instead, they become an integral part of a great transcontinental system, a link in some ultimate plan much greater than any which the Alberta government, with its local interests, could ever formulate or carry through. The day of rapid and systematic colonization of an inland empire some 100,000 square miles in extent has dawned. The construction of an outlet to the Pacific coast is brought within the sphere of practical, perhaps immediate, action.

Of most importance in the new deal is the E.D. & B.C., which arcs north-westward from Edmonton towards Lesser Slave Lake, where the great prairie plateau of the "Peace River Country" begins to open up. Running through its centre lies the Peace River, which midway turns from its eastern course and curves northward, to flow into the Slave River hundreds of miles farther on. From Lesser Slave Lake on the east to Hudson Hope in British Columbia on the west, on both sides of the Peace, a distance of more than 200 miles, there are 73,590 square miles of agricultural country, or 47,000,000 acres, an area greater in extent than Scotland, Ireland and Wales, or more than six times the size of Belgium. The history of its exploration and settlement goes back more than a century, for it was at Peace River Crossing, now a flourishing town, that Alexander Mackenzie wintered before making his astonishing passage through the mountains to the Pacific coast in 1793.

There is in the Peace River district today, lying two-thirds in Alberta and one-third in British Columbia, a cultivable territory greater in extent than the whole area now under the plow in the three prairie provinces. It is not easy to vision the future production of the Peace River. The sizes of the figures which leap to the mind are too big to be grasped, but they represent a production which will become a fact before many decades have passed. This is what is meant when the Empire of the Peace River is spoken of, and it is easy to understand how important the problem of transportation becomes. Such a district can never be served by lines. At least three passes the Peace, the Pine and Wapiti, lead through the Rockies westward, and through one of these a railway must run. Will the line join hands with the Pacific Great Eastern, running south to Vancouver, or with the Canadian National, down the Skeena to Prince Rupert, or does the situation call for a new line through the northern parklands of British Columbia to Stewart, and the development of a third great seaport on the Canadian Pacific Coast? This is the problem which now faces the people of the dominion.

### Premier Tolmie Forecasts Plan To Settle Lands Of Province And Encourage Sheep Industry

### PIRATES KILL BRITISHERS

Steamer Yanking Taken and Chief Officer and Chief Engineer Victims

HONG KONG, Sept. 29.—Two British officers of the Chinese Navigation Company's steamer Yanking were killed by pirates who captured the ship with its 1400 passengers Wednesday and steered it into Hongai Bay, which is north of Boas Bay, the notorious lair of Chinese pirates. The Chinese quartermaster of the vessel was also killed.

The officers slain were Chief Officer David Jones of New Quay, Wales, and Chief Engineer Henry Thomason of Greenock, Scotland. Captain Plunkett Cole was wounded.

The Yanking left Singapore September 23 for Hong Kong via Hoihow, Swatow and Amoy. She was attacked by the pirates in the gulf of Tong King.

### FIRST PRAIRIE GRAIN ARRIVES

Initial Carload of Alberta Wheat for Local Elevator in Yesterday

The season's first carload of prairie wheat for the Alberta Wheat Pool's Prince Rupert elevator arrived yesterday afternoon. Twenty or twenty-two carloads of grain were this morning reported to be west of Edmonton bound for Prince Rupert and the first full trainload of the season is expected to arrive next week. Yesterday's was the second car load of grain to arrive here this fall, the first having come from the Smithers district last week.

There is no word yet of any ship charters for the port.

### MILLION DOLLAR EMBEZZLEMENT

That is Charge Against Former Treasurer of Baptist Home Mission Board

WINNIPEG, Sept. 29.—Clinton Carnes, former treasurer of the home-mission board of the southern Baptist convention at Atlanta, Georgia, was arrested here late yesterday on a warrant charging embezzlement.

It is alleged there is a million dollars shortage in his books. He had been in Winnipeg three weeks and admitted his identity soon after his arrest.

### PRICE OF WHEAT

VANCOUVER, Sept. 29.—The price of wheat today was \$1.19½.

VICTORIA, September 29. — By settling in blocks where they can encourage each other and be aided by experts, settlers on the lands to be opened up by the province will not drift into the cities, Premier Tolmie said, discussing the plans for colonization before the Victoria Chamber of Commerce at their meeting here last night.

"We will select A-1 land. It would be an outrage to put pioneers on poor land. Then we will work shoulder to shoulder with them to secure success. Our great future lies in production of sheep in British Columbia. We have only 100,000 in the province and only 3,000,000 sheep in Canada," he said, pointing out that New Zealand lamb was now being shipped as far east as Winnipeg.

The Premier advocated a wide advertising campaign. "We cannot lose money by telling everyone what we have."

"It would be impossible for a board of directors in London to operate any undertaking of magnitude in this country," the premier said, in forecasting that control of new undertakings would be located in the province.

### Mayor Taylor Claimed Was Offered Bribe To Stay Out Of Mayoralty In Vancouver But Says He Refused It

VANCOUVER, September 29.—The claim that he had been offered a bribe in the shape of a guaranteed income for ten years if he would withdraw from the mayoralty race was made by Mayor Taylor in his election address.

"When I came out of the hospital," said the mayor, "A rich man came to see me at my apartment and he represented other rich men and told me that if I would drop out of the election fight a certain group would guarantee me \$4,500 a year for the next ten years.

"I told him I never sold myself out in my life and I did not propose to take bribes now. There was a second one," added the mayor.

### ELECTION SOON GREAT BRITAIN

Labor Making Great Preparations for the Fray and Getting Support

LONDON, Sept. 29.—One of the biggest election fights in history is in prospect in this country in the near future. Labor is making great preparations for the fray and is enlisting a number of former Liberals in their ranks. Included are a number of titled men and women. The greatest difficulty they have to overcome is to secure sufficient funds for election expenses.

It is not expected that labor can secure a majority of the next House but there may possibly a majority of Liberal and Labor candidates returned although even that is somewhat doubtful.

### BIRTH

A son was born at the Prince Rupert General Hospital on September 27 to Mr. and Mrs. R. G. Macaulay, Claude Street, Prince Rupert, B. C.

### FIERY FRENCH FIGHTER WINS

André Routis is Now Featherweight Champion Having Beaten Canzoneri

NEW YORK, Sept. 29.—With one of the most spectacular finishes staged in many days André Routis, the fiery French fighter, last night won the featherweight championship of the world from Tony Canzoneri of New York. In a slashing fifteen round match he was awarded the decision.

### REFUGEES FROM BURNING SHIP

CORDOVA, Sept. 29. — Capt. John Hartlerox, engineer, Louis Anderson and Arthur Anderson, deckhands, who escaped in a skiff from the burning Pioneer Seaford Cannery tender Ikaros yesterday, were picked up today by a fisherman and brought to safety.

SIR FREDERICK WILLIAMS-TAYLOR

General Manager of the Bank of Montreal.

### FOUND GUILTY KILLING FOUR

Man Who Murdered His Mother and Brother and Two Hired Men to Hang

EDMONTON, Sept. 29.—Vernon Booher was found guilty yesterday of murdering his mother, his brother and two hired men near Mannville on July 9 and was sentenced to hang December 15.

Booher is only about twenty years of age. It seems that he ran amuck with a gun, shooting his mother, Mrs. Henry Booher, then his brother Fred in the kitchen. Then he proceeded to the barn and shot a hired man named Grumley and a second man was killed in his bunk.

### Bishops Will Ignore Ruling Of Parliament Regard to Prayer Book

Announcement That Clergy Not Considered Disloyal to Principles of Church if They Deviate From Recent Decision

LONDON, September 29.—After four days' deliberation of the House of Bishops of the Church of England, the Archbishops of Canterbury and York last night made a long-awaited announcement in regard to the situation created by the rejection of the new prayer-book by the House of Commons. The announcement said that during the present emergency and until order was taken the bishops cannot regard as inconsistent with loyalty to the principles of the Church of England for the clergy to use additions to or deviations from the prayer book of 1662 as fall within the limits of the proposals approved by the House of Convocation and the Church assembly but must regard as inconsistent with such loyalty the use of any other deviations from or additions to the book of 1662.

### NEW PRIEST AT THE CATHEDRAL

Catholic From England Who Was Educated at Dublin University Takes Place of Father McGrath

There arrived on the Princess Royal yesterday from Salford, England, Rev. Father John Hammond, a graduate of Dublin University, who will take the place here of Father McGrath as assistant at the Catholic Cathedral. Father McGrath is still ill and is unable to return.

### TWO STOCKS ACTIVE VANCOUVER YESTERDAY

VANCOUVER, Sept. 29.—Grandview was the subject of profit taking closing yesterday at 65½ on sales of 75,000 shares. Snowflake gained five cents to 63 on a turnover of 22,000 shares.

### ENTER TEAM BASKETBALL CHAMPIONSHIP

Dr. Carson Enthusiastic Over Prospects of Northern B.C. to Win Title

Dr. Carson, the president of the Prince Rupert Basketball Association, urges that Northern British Columbia should invade the south and make a bid for the championship of British Columbia. He says that the game is played just as well in the north as in the south and there is no reason why a team should not meet the other championship contestants.

The doctor's idea is that there should be a championship series for Northern B.C. and the winning team should enter for the provincial title.

### American Note To Britain And France Is Incisive And Plainly Shows Irritation At Procedure

WASHINGTON, September 29.—The United States has indited a note to London and Paris on the Franco-British naval accord which says:

"The American government has no objection to any agreement between France and Great Britain which those countries think will be to their advantage and in the interest of limitation of armaments but naturally cannot consent that such an agreement should be applied to the United States. Specifically it would restrict only types of ships peculiarly suited to the needs of the United States" and leave unlimited combat ships of great value to any nation having widely distributed fuelling bases or great merchant marine tonnage."

The note was marked throughout by sharpness of tone and frankness in stating the American viewpoint that plainly indicated irritation in Washington over the Franco-British procedure.

### NEW OIL COMPANY IS SAID TO BE COMING

It is being said on the waterfront today that a new oil company is to establish a station here. This time it is the Shell Company which does a large business all down the coast. No particulars have been given out in regard to it.

## DR. CARSON IS NEW PRESIDENT

Elected Last Night to Head Basketball Association During Coming Season

Dr. J. H. Carson was elected president of the Prince Rupert Basketball Association at the annual meeting last night. He succeeds George W. Johnstone, who is retiring as president after having devoted many years' time to the promotion of basketball in this city. Ernest Anderson was elected vice-president of the association and Ralph Smith was re-elected secretary-treasurer. There were twenty-two present at the meeting which took place in the City Hall.

There was a general discussion of prospects for the carrying on of basketball this winter and while there is plenty of material available, it was suggested that, if a greater public interest is not taken in the sport, it will be discontinued this winter. Another meeting of the association will be held on Thursday evening of next week when all entries for Senior, Intermediate, Ladies' and Junior Leagues are to be in.

## CARDINALS ARE PENNANT WINNERS

NEW YORK, Sept. 29.—The St. Louis Cardinals won the National Pennant today when Chicago beat the Giants six runs to two thus putting them out of the race.

## SPORT CHAT

At last the leaders in the two big leagues, after one of the most sensational baseball struggles in years, may rest on their laurels and take a breathing spell before the World's Series starts next week. With but today's and tomorrow's games to be played before the curtain rings down on the pennant races, New York Yankees and St. Louis Cardinals are practically assured of the flags in the American and National Leagues respectively. Many would have liked to have seen the Philadelphia Athletics cop this year. Perhaps they may do so in 1929 if they get an early start. In any case, there is some satisfaction that this year's World Series will not be an exclusive Gotham party although it was nearly such. The stage is all set for one of the most interesting World Series in years. Neither the Yanks or the Cards have been at their best of late and speculation is rife as to who will take the grand honors this year, both teams having their ardent supporters. If the Cards can stay the Yankee batsmen, they should have a very good chance. Card pitching and Yank batting will, no doubt, occupy the limelight when the big series opens at New York next Thursday.

There's a college in Kentucky which made history a while back—Old Central College, they call it. They called that team of youngsters the "Praying Kentucky Colonels," because they used to kneel down in the dressing room and say their prayers before they went out on the field. Because a man says prayers doesn't mark him a sissy, altogether. The "Praying Colonels" went up with a line that was 15 pounds per man lighter than Harvard and gave that big college the game of its life. The praying Kentuckians were afraid of nothing. They had trained on the "tough medicine" of modern coaches and they had the stuff that makes winners. They did not know what it was to say, "We're licked." The consequence was that they never were defeated.

CRACK POLO QUARTET OF THE UNITED STATES: American "Big Four" playing in the international matches against Argentine. W. Averill Harriman (left), Thomas Hitchcock Jr. (captain), Malcolm Stevenson and J. C. Goodwin.

## St. Louis Cardinals Have Hands On Pennant; Yanks Won Theirs By Ruth Hitting 53rd Homer

NEW YORK, September 29.—After a long staggering journey the New York Yankees finally landed the sixth American League pennant by defeating Detroit yesterday aided by Ruth's 53rd homer in the eighth inning with one man on.

Fighting to the last Philadelphia walloped Chicago but the Yank victory made it impossible for the Mackmen to capture the pennant, even by winning the remaining scheduled games while the Yanks lost.

St. Louis Cardinals were duplicating the performance in the National, virtually cinching the race by defeating Boston in a fifteen inning battle, the last frame being turned into a slaughter of seven runs.

New York fell before Chicago, leaving the Cardinals two full games ahead with only two to play. The worst they can now get is a tie. One victory or one defeat for the Giants gives them the title.

## A SUGGESTION FOR BADMINTON

Diningroom at Drydock it is Said Would Make Hall Suitable for Club

A local correspondent writes to suggest that the Prince Rupert Badminton Club might use the big diningroom of the drydock commissary building which has been out of service for several years. He thinks it would easily accommodate three courts and there are suitable lavatories and shower baths which could be used in connection with it. He suggests that

an agreement might be made with the drydock management. Light and heat could be secured from the power house.

The correspondent says he considers it a pity for such a building to remain idle when a sports club is badly needed.

## TROUBADOR WINNER OF NEWBURY CUP

NEWBURY, Sept. 29.—Troubador, owned by Corlett Glanville, won the Newbury Autumn Cup today over two and an eighth miles.

The second horse was Steelpoint while Bambooula came third.

Joyous sparkle... rare, dry flavor... "Canada Dry," the drink of connoisseurs

"CANADA DRY" is served at the embassies in Washington. It is served at the Savoy in London... at St. Moritz... in tens of thousands of homes in the Dominion. There must be some reason for this universal appeal.

"Canada Dry" is made from pure Jamaica ginger and other absolutely pure ingredients! It is blended with a care and skill which come from generations of makers.

This is really the reason for the distinction of "Canada Dry." The result? A really fine ginger ale which you can distinguish from all others as you distinguish a rare old wine. No wonder it is drunk wherever distinguished people gather! No wonder you will want to serve it to lend that final note of elegance to your dinners! No wonder it mixes well with other beverages.

## "CANADA DRY"

This is the Hottest Package of 12 bottles—the most convenient way to buy "Canada Dry."

What Happened the Giants

## Around The World With Sport Fans

(By The Tramp)

Not much money seems to be put up on the result of the pennant games now closing by the two big baseball leagues. Next week it will be different. There will be backers of each of the contestants and a number of pools.

Winnipeg Wellingtons made a good attempt at winning the Mann Cup for the amateur lacrosse championship of Canada. The team was trained by Moose Johnson, former famous hockey player who was so spectacular in his game for Victoria for several seasons. While they did not win they made such a good showing that they may be looked upon as future contenders with the possibility of a win next year if they keep up the good work.

Greyhounds from all over the continent have been racing at Montreal with pari-mutuel betting machines used by those who backed their favorites.

Christian Science Society Service every Sunday morning in the Hays' Block, 245 Second Avenue. Subject on Sunday "Christian Science." Testimony meeting on Wednesday evening at 8 o'clock.

First United Church Rev. A. Wilson, pastor. Anniversary and Thanksgiving Services. Morning at 11 o'clock. Soloist, Miss E. Davies; Sunday School at 12.15. Evening service at 7.30. Soloist, Mrs. Jarvis McLeod. Anthem by choir.

St. Paul's Lutheran Church Rev. John H. Hanson, pastor. Residence 437 Eighth Avenue West. Telephone Black 170. Morning worship on Sunday at 11 o'clock. English service. Sunday school and Confirmation Class at 12 noon. You are cordially invited to worship.

Presbyterian Church Minister, Rev. J. R. Frizell, B. A., LL.B. Residence, The Manse, Phone 463. Harvest Festival, Joint Service, Sunday School and congregation at 11 a.m. Chorus by Junior Choir of fifty voices. Solos by Miss Dorothy Fraser and Miss Betty Cameron. Miss Anne Fountain, B.A., of Vancouver, field secretary for Young People's Work for B.C. will speak. Evening service at 7.30. Solos by Mr. Williscroft and Mr. Clapper. The church will be decorated for the occasion. Sermonette by the minister. "Bless the Lord, O my soul and forget not all His benefits."

Baptist Church Minister, Rev. W. F. Price. Rally Day Services. Young People's service at 11 o'clock. Object address, subject "Watches." Rally of Sunday School scholars, parents and friends at 2.30. Special program. Address by Miss Fountain, of Vancouver. Evening service at 7.30. Subject: "Our debt to the past and our responsibility to the future." Everybody welcome.

Ben Lipsin returned to the city on the Prince George this morning from a business trip to Vancouver and other cities in the south.

James Calvin returned to the city on yesterday afternoon's train after having spent the week prospecting on the mountains north of Shames.

C.P.R. steamer Princess Royal Capt. Albert Rippon, arrived at 8.30 last evening from Vancouver and waypoints and sailed at 10 p.m. on her return south.

Mr. and Mrs. John McRae returned to the city on yesterday afternoon's train from Kitsumkalum where they have been spending the summer on the farm.

Local Canadian National Railway officials, who have been attending a divisional operating meeting at Smithers, returned to the city on this afternoon's train from the interior.

Mrs. W. F. Price, who has been visiting for the past week in Lloydminster, Saskatchewan, with her daughter following a trip to Toronto, returned to the city on yesterday afternoon's train.

W. H. Miller of Porcher Island and Mrs. Miller left on this morning's train for a trip to Regina. Mr. Miller is well known as the mail carrier to Porcher Island.

Mrs. John Dahlberg, having bought out the Shamrock apartments, wishes her patrons to know that the whole place has been overhauled and is still in the hands of the beatifiers. 230

Judge F. McB. Young, Milton Gonzales and W. E. Fisher returned to the city on this afternoon's train from Smithers where they have been in attendance at a session of County Court.

Mrs. Neil Mackay and Mrs. W. R. McDonald are in the city, returning to Vancouver after visiting with Mrs. Mackay's son, Thomas Mackay, chief accountant at the Premier Mine, and Donald at the Porter Idaho mine.

P. G. Russell, assistant superintendent for the Canadian National Railways at Smithers, and Mrs. Russell arrived in the city on the Prince George this morning following a holiday trip south and proceeded to the interior by train.

St. Andrew's Church (Church of England). Special Harvest Thanksgiving Services will be held in this church on Sunday, September 30, morning and evening. Preacher Rev. Canon Rushbrooke. Special music. Everybody welcome. 229

Something like 30 boys and girls gathered last evening and gave Fred Turtle a surprise party at the home of his sister, Mrs. Frank Fitzgerald, Eighth Avenue East. The evening was spent most enjoyably in music and games and dancing. Refreshments were served at midnight.

A. K. Bright, formerly at Third Cabin north of Hazelton, who has been in Vancouver recently, was a passenger aboard the Princess Louise this morning bound for Tagish, Yukon Territory, where he will take over the duties of government telegraph lineman succeeding George Barret, brother of Charles Barret of Barret Lake, who has resigned from the service to take up mink ranching.

## ANNOUNCEMENTS

Bridge and Whist Monday evenings Elks' Home.

Prince Rupert Girls' Drill team dance, October 12.

Gyro Hoedown, October 19, Moose Hall.

Catholic Bazaar, October 24, 25

Presbyterian Bazaar, November 8.

Moose Bazaar, November 8, 9.

Anglican Cathedral Bazaar, November 22.

W. M. McKay sailed last night on the Princess Royal for Vancouver.

Bridge and Whist Tournament Monday, October 1 at 8 p.m. in Elks' Home. Intending players are asked to be on hand at the appointed hour. Admission 50c.

Mrs. D. C. Patterson returned to the city on the Prince George this morning after having spent several weeks at Duncan, Vancouver Island, visiting with her mother.

L. F. Cokeley, B.C.L.S., of Vancouver, who has been carrying out survey work up the Naas river for the Indian Department, arrived in the city from there on the Cardena this morning.

D. W. McNabb of the Canadian Bureau of Explosives, Ottawa, arrived in the city from Vancouver on the Prince George this morning.

J. D. Carlisle, who is in the employ of the Canadian Pacific Railway at Edmonton, and Mrs. Carlisle sailed last night on the Princess Royal for Vancouver after having spent the day in the city.

At 7.30 this morning the fire department had a call to premises back of the Canadian Laundry on Sixth Avenue West. Hot ashes had been dumped and some planks caught fire. There was no damage of consequence.

W. Laing of Victoria was the only passenger disembarking here this morning from the steamer Princess Louise. Mrs. McDonald, who left for Juneau, was the only person taking passage from here on the vessel which had a total of 43 passengers and 230 tons of freight.

Louis Smith of the Prince Rupert Experimental Fisheries Experimental Station staff returned to the city on the Prince George this morning after spending a vacation in Vancouver following the recent conference of Pacific Coast workers of the Biological Board of Canada.

Making her final trip of the year on the Alaska run, C.P.R. steamer Princess Louise, Capt. Arthur Slater, arrived in port at 9.30 this morning from Vancouver and sailed at noon for Skagway. The vessel is scheduled to touch here southbound next Wednesday afternoon.

Capt. F. T. Saunders returned to the city on the Prince George this morning after a brief trip to Vancouver where he attended the wedding of his daughter, formerly Miss Rhona Saunders. Mrs. Saunders is remaining in the south for a while longer visiting with her daughter, Mrs. J. P. Walsh in Vancouver.

Miss Helen Grant of the United States Consulate in Vancouver arrived in the city on yesterday afternoon's train to be the guest for a few days of local friends after having spent the past couple of weeks visiting at Hazelton with her parents, Mr. and Mrs. William Grant, and at Smithers with her sister, Mrs. Norman Kilpatrick.

Mike Cashon, who apparently ran amok yesterday and attacked a Chinese building at the corner of Third Avenue and Seventh Street with an axe, appeared in city police court this morning before Magistrate McClymont and was charged with drunkenness. The case was adjourned until Monday.

W. A. Talbot, assistant district engineer for the provincial department of public works at Anyox and Joseph Wells, government road foreman at Alice Arm, arrived in the city on the Cardena this morning following a trip into the Naas Valley on official duties and will sail tomorrow night on the Catala for the north.

Jack Peach, one of the popular engineers aboard ss. Prince George, which is in port today, is receiving felicitations all around for, after this trip, he is going to leave the ship for a few weeks and go over to Nanaimo with the intention of robbing the Is-land town of one of its winsome young ladies who will become his bride.

## IN PROBATE

IN THE SUPREME COURT OF BRITISH COLUMBIA

In the Matter of the Administration Act; and

In the Matter of the Estate of Esther Killas, nee Estner Scimmons, Deceased. Intestate.

TAKE NOTICE that by order of His Honor, F. McB. Young, the 6th day of September A.D. 1928, I was appointed Administrator of the estate of Esther Killas, nee Estner Scimmons, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 11th day of October, A.D. 1928, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

NORMAN A. WATT,  
Official Administrator,  
Prince Rupert, B.C.  
Dated the 11th day of September, A.D. 1928.

DAILY EDITION Saturday, Sept. 29, 1928

**STARTLING STATEMENT**

The statement of Premier Baldwin in which he issues a direct challenge to Socialism, making it the chief issue in the coming campaign is a most startling one in that it recognizes the hold which Socialism has on a great number of the British people and is an admission of the strength of the movement.

It is one of the customs of British forms of government for what is the opposition today to become the government tomorrow. If the opposition today is socialistic, the government will be socialistic tomorrow. However, it is recognized that the present labor leader, Ramsay MacDonald, is a fairly safe and sane person, and as long as the opposition is constituted of such men as he, the country is safe. Perhaps Premier Baldwin is tilting at a windmill.

**PESSIMISTS PUT TO ROUT**

The pessimists have been put to rout. They prophesied that the P.G.E. railway would have to be abandoned and the steel taken up. It is possible that part of the route is not of the best but the greater portion of the route will undoubtedly be utilized and probably the whole of it. Capital is now bidding for the line and someone will purchase it. Premier To'mie says it is increasing in value every day and he ought to know.

**INTERVIEWS WITH CRIMINALS**

The Attorney General has issued instructions that no further interviews are to be given by young Northcott, alleged boy murderer. That is very good policy. We get too much death bed publicity for murderers and sensational interviews with criminals or those allegedly criminal. If Northcott is innocent, nothing is to be gained from giving interviews to the press. Mr. Pooley was wise in closing the mouth of this spectacular youth whose record is said to be beneath contempt.

**GREATEST SPORT EVENT**

The annual baseball world series is one of the greatest sport events of the world and probably the greatest and most spectacular of all on this continent. It commences next week and attracts general attention on this side the Atlantic.

Prince Rupert people have been following the Big League results and this paper has received many compliments on the good service given in this regard. Next week we hope to give the reports on the days on which the games are played. The series opens Thursday.

**News of the Mines**

AROUND PRINCE RUPERT

Silver Dollar Group Discovery Believed Important—Outland Silver Bar Developing on Large Scale—Silver Tip Looks Encouraging

Samples from a new discovery on the Silver Dollar group on the upper Bear River were brought into Stewart recently and indicate that the new find is apt to prove one of considerable importance. No work has yet been attempted but some open cutting will be done this fall as well as prospecting with a view to ascertaining the extent of the mineralization. The find was made in an almost inaccessible place but the vein appears to be thirty feet wide with bunches of galena and grey copper occurring throughout this width. The property consists of eight claims and lies east of the Red Top and north of the George Enterprise, both of which are being developed. The Silver Dollar group is owned by William Forsman, William Dann, Thomas Powers and J. H. Wilson.

Joe Jackson, well known Texas Creek discoverer, has taken an option of the White Bear group of seven claims on the north side of Bitter Creek about one mile from the Bear River wagon road and owned by M. Nash, M. Jopko, Eli Watland, Joe McDonald and Ernest Peterson. As soon as he

has made a thorough examination of the ground, Mr. Jackson intends to go south and endeavor to interest Oakland, San Francisco or Los Angeles capital in taking over and developing the property.

The Outland Silver Bar property is being developed into a mining proposition of considerable magnitude. This summer's operations, it is said, have at least doubled the value of the property.

While more than 2,000 feet of underground work has been done on the veins, the property has reached the point where ore extraction may commence at any time provided transportation facilities are provided. A new road has been built up Texas Creek by the United States government which can be connected with by means of a road through Texas Pass and up the Salmon Glacier. Two new veins have been found on the property within the past two weeks and the machine drills are already in on one of them for a distance of thirty feet, following a four-foot vein that carries 25 inches of \$128 ore. On the good vein, which is arsenical iron similar to the Nickle Plate at Hedley, the tunnel encountered a cross-dyke after being driven 30 feet. The formations here are simple, the surface showing that the vein continues on the opposite side of this dyke. The vein is thirty feet wide and assays \$28 in gold and four ounces silver amenable to treatment by the cyanide process. This is the only vein of this character known to exist in Stewart camp. Eight veins have been opened up to a certain degree on the property, five of which carry commercial ore, and an enormous tonnage that will run \$100 per ton and better in value is already in sight. Outland-Silver Bar, within the next two years, should become a large scale producer.

No. 1 tunnel on the Marmot River Gold Mines is now in 180 feet and is expected to cut No. 1 vein at 350 feet. No. 2 and No. 3 tunnels are also being driven and good progress is being made. Two shifts are being worked on both No. 1 and No. 3 to push them as rapidly as possible and supplies are being moved up to the property to assure continuous progress.

Developments this summer on the Silver Tip property in the upper Salmon River basin have been very encouraging, the managing director, George E. Winkler, reports. The tunnel on the May P. J. vein is now in 360 feet and some nice ore is beginning to appear in the face, the expectation being that the east shoot will be encountered within the next twenty feet. On the Bella Coola butte, where dry ore was opened up last season, surface trenching this season has proved the persistence of quartz-porphry mineralization. As surface outcrops have been difficult to obtain owing to glacial drift, a tunnel has been started at the base of the butte to cross-cut the north and south zone in a length of 400 feet and a vertical depth of 200 feet. The Abbey and Butte zones have also been receiving attention, an open cut across the Butte showing heavily oxidized material for a width of between 11 and 12 feet with a sprinkling of lead, zinc and iron sulphides. Near the hanging wall of this zone a narrow streak of galena and zinc-blende occurs, an assay of which showed only a trace of gold but 635 ounces in silver.

**Man in the Moon**

It is about time some civic issue was raised. I know of none but it may develop at any time.

Here's health then to Prince Rupert  
The hub of the north country.  
Long may she keep on flourishing  
As busy as can be.

Jake says health is about the only thing we have in this town.

Come on you baseball sharks,  
let's see the color of your money.  
Who are you betting on?

Will you bet your money on the Yankees  
Or place your mazumas on the Cards.

For the games are on next week  
That will bring the cash we seek  
If you place a dollar on the old die-herds

**Ten Years Ago**  
in Prince Rupert

September 29, 1918.  
A meeting was held last night

**Going up!**  
AFTER all, there's no place like British Columbia in which to work and live and play! Here, there are no long "off seasons" to cut down a man's working time. Our temperate climate keeps a man fit... enables him to produce more... earn more.

The producers' average weekly wage in British Columbia is \$28.39... 49% higher than the rest of Canada. In 1926 seventeen industries increased weekly wages by \$12.95! Actually in ten years our annual payroll has grown from 78 million dollars to 175 million dollars... the greatest advance by far of any Province during that period. This, of course, does not include agricultural workers, professionals, clerks and others. British Columbia's gross payroll is estimated at 210 million dollars!

Life is more enjoyable... we have more time to enjoy the year-round pleasures and recreations at our doors, while our general standard of living is very much higher.

Taxation during the last four years has been reduced by two and a half million dollars... concrete proof of our province's sound financial condition.

Construction, that outward evidence of the faith we have in our province, has played a large part in the wage situation. In ten years British Columbia's construction activity has gone up ten times. In 1916 it involved only \$2,800,000... for 10 months in 1927 it amounted to \$27,277,000!

This activity has an immediate effect on current conditions. Cash funds are disbursed for materials, employment is good... wages fairly steady... money in circulation.

It increases the capital investment in our Province. And there can be no surer indication of future progress than when producing machinery increases... a sign of growing markets... a sign that British Columbia products are winning a place in the markets of the world.

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

**BRITISH COLUMBIA'S PROGRESS**

to organize for the Victory Loan campaign in this district which opens on October 28. The principal speaker was Mr. McDiarmid of Vancouver. Mayor McClymont was appointed chairman of the executive committee. The objective for the district is \$300,000.

Women are playing an important part in the manufacture of munitions in the Old Country.

**LOCAL MAN IS BADLY SHOCKED**  
George Osborne May Not Recover From Accident at Peterboro Today

PETERBORO, Ont., Sept. 29.—George Osborne, aged 23, Prince Rupert electrical engineering student at the Canadian General Electric Co.'s plant here, was severely shocked while working in the plant today. Men are still working on the young man but little hope is held out as methods of resuscitation have so far produced not a spark of life.

Earl's daughters take menial positions in the factories while kitchen maids become skilled artisans. Other women run cranes and big machinery.

# A WIDE APPEAL

## AS AN ADVERTISING MEDIUM

As an advertising medium the Prince Rupert Daily News has a wide appeal. Not only is it read by the people of Prince Rupert, many of whom look to it for mercantile guidance, but it reaches out to the country districts where its arrival is awaited with eagerness. The mining camps and the towns of the interior look to it for the first news of the outside world.

Prince Rupert people who wish to reach the surrounding districts find there is only one medium, that of the Daily News. It is better and cheaper than any other advertising medium and can be depended upon to bring results if anything can.

## Past and Present

In the past when only about 1500 papers were being sold, advertisers in the Daily News claimed they got good results from outside points as well as in the city. During the present year the circulation has increased over a thousand, and the appeal to advertisers is consequently that much the wider.

## Wisdom of Advertising to Keep Goods Moving

Very few merchants seem to realize the cumulative effect of advertising. Every new customer secured is worth a great deal and this new customer becomes an advertiser for others, if he is well treated. The newspaper not only brings customers direct but prepares the way for the spread of business by personal contact.

The advertising manager will be pleased to talk this matter over with prospective advertisers and show them the newspaper's mailing list.

## THE DAILY NEWS

Prince Rupert - - - British Columbia

The great advertising medium for Northern and Central British Columbia.

## Waterfront Whiffs

Deer Hunting Parties are Order of Day—Albert & McCaffery May Purchase Big Bay Lumber Yard—Halibut Prices Fluctuate

There are many deer hunting parties going out these days but the prey are still high in the mountains and the hunters are meeting with but indifferent success on the whole. The weather, too, has been a bit too warm to be conducive to pleasant mountain climbing which seemingly must be engaged in if the deer are to be got. Only two deer were brought into the Yacht Club floats last week-end. One of these fell to the rifle of Harry Stiles near the Summit of Baldy Mountain at Jap Inlet and the job of bringing the game out was worth the venison.

This party, which made the trip with Pete Anderson in the cruiser "Sacramento Maru" in which Major Edmund of Vancouver, who is coming here shortly from the south, will proceed to Kiltmaat to look over some mining properties in which he is interested. Major Edmund, it will be remembered, participated last spring in a sensational race to the old Sacramento Ledge gold mine which he was successful in discovering. It is understood that he is contemplating mining further gold from the property.

Doug Frizzell has tied his speed boat up for the winter and the engine has been stored over the butcher shop. Doug Stork's "Spirit of Bronchitis," another speed boat which caused considerable commotion around the harbor this summer, is now at Ocean Falls, having been purchased by men there some time ago.

Hunters report a large number of does on the hills now. The bucks, as usual sagacious, are apparently keeping themselves scarce.

Negotiations are in progress for the purchase by Albert & McCaffery of the retail lumber yard business and 100 feet of waterfront west of Cow Bay from the Big Bay Lumber Co. Stock taking was still proceeding on Thursday and the deal at that time was still reported incomplete. The Big Bay Co. has conducted the yard for many years.

One of the Pacific Coyle Navigation Co.'s tugs is due in port this week-end with two scows containing some 100 tons of Vancouver Island coal for Albert & McCaffery.

### Doing Good Work

The newly installed fog alarm at Lucy Island has been doing yeoman service in the heavy mists which have prevailed around here during the past week. The raucous drone is distinctly audible in the city. Mariners agree that the new fog horn is proving a great aid to navigation on this part of the coast.

The frozen fish export trade has not so far developed as appeared likely, although large regular shipments are effected in refrigerated railway cars right across the continent from Prince Rupert, says the annual report of P. D. Williams, president of the Vancouver Merchants' Exchange. The reason for the small movement in refrigerator steamers to overseas markets would appear to be the inability of B. C. to compete largely in the European market against the great volume of cheaper fresh fish available there.

Rev. W. B. Jennings left port Wednesday with the Anglican Mission boat Northern Cross and will be absent for the next fortnight conducting regular services at Alice Arm, Port Essington, Port Simpson and other points along the coast.

Five new cedar pole uprights were driven during the week by P. W. Anderson at the Prince Rupert Rowing & Yacht Club's gird.

The ancient sealing vessel Kelpie, sold recently by Bill Schelimo to Mike Corso, was raised Wednesday evening from the old ways of the McLan shipyard at Cow Bay where she sank several weeks ago and has been taken to Seal Cove where the vessel will be converted during the winter by its new owner into a two-man trolling boat.

The Ward Electric & Marine Supply Co. is adjusting the 16 h.p. Evenrude outboard engine

ected, will not be up to the general high level prevailing during the two weeks just past.

During the week (Saturday to Friday inclusive), a total of 811,500 pounds of halibut was landed at Prince Rupert consisting of 693,500 pounds American and 118,000 pounds Canadian. The total for the season up to yesterday stood at 21,334,500 pounds, made up of 14,875,000 pounds American and 6,449,500 pounds of Canadian. Last year's total at a similar date was 20,905,550 pounds consisting of 15,167,850 pounds American and 5,737,700 pounds Canadian.

The highest price of the week for American halibut was 20.5c and 8c paid the Onah for 8,500 pounds while the top Canadian bid was 18.7c and 8c which the Mayflower received for 4,500 pounds. Low prices were 11.5c and 6c for both American and Canadian halibut.

### Broke Connecting Rod

Having suffered a broken connecting rod while proceeding to the grounds, the local halibut boat Emblem I, Capt. Haakon Lund, was towed back to port by the American schooner Zenith and arrived at 1 o'clock yesterday morning. The Emblem, it is expected, will be able to get out again early next week.

### NEW MINISTER IS EXPECTED IN CITY

Hon. William Atkinson Due Here Following Trip Through Central Interior District

Hon. William Atkinson, minister of agriculture, will be the first member of the new Tolmie provincial administration to visit Prince Rupert, it is expected. Mr. Atkinson, who made the trip over the Pacific Great Eastern Railway with the cabinet recently, left the party at Prince George, according to announcement made at Victoria, in order to travel westward to Prince Rupert and make a detailed examination of the territory tributary to the line of the Canadian National railways, inspecting its agricultural progress and land settlement.

At Vanderhoof Mr. Atkinson was to examine the position of the creamery which the government took over in 1925 after a co-operative organization became financially involved with its butter-making operations. Local Conservatives say they have not been advised that Mr. Atkinson is coming.

### MAINE FISHERMEN ARE TAKING CRABS

Formerly Threw Them Away But Now Make Money at Cent Apiece.

SOUTH FREEPORT, Me., Sept. 29. —

Maine fishermen have in the past twelve years developed a lucrative industry from what has been considered a total waste. Back in 1916 lobster fishermen threw back into the ocean all the crabs taken from their lobster pots. Today they receive a cent each for all the crabs they can deliver to the many factories which have sprung up along the coast. Although this price appears small, many of the fishermen receive from thirty to forty

dollars a week for the crabs they find in their lobster pots. Some fishermen have found it profitable to fish for crabs alone.

Some of the factories send their own boats around to collect from the fishermen. Other fishermen bring their catches to the factories. Each factory employs a force of girls and women to extract the crab meat from the shells. They are paid according to the number of pounds of crabmeat they prepare.

Dealers in crabmeat declare they are unable to fill the orders they receive for this product.

### The Woman Driver

I like to drive with Champion Spark Plugs because I know I'll not be annoyed with engine trouble due to faulty spark plugs.

Champion is the better spark plug because it has an exclusive sillimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

Beginning October 4th and every Thursday thereafter the Champion Sparkers will broadcast over the Blue Network of the National Broadcasting Company from 8:30 to 9:00 p. m. Eastern Standard Time.

## POLICE RAIDS AT VICTORIA

Seven Persons Arraigned in Court Charged with Selling Liquor

VICTORIA, Sept. 29.—The provincial police last night and this morning swooped down on alleged bootlegging operators road houses and taxi-drivers charged with selling liquor contrary to the act and seven persons were arraigned in court today. The cases will be heard Monday.

Charles Cronk was fined \$75 on one charge of having liquor in possession not sealed with the official seal.

## UNION STEAMERS ON WINTER ROUTES

Principal Changes Affects ss. Cardena, sailing hour of which is Altered.

Effective next week, Union steamships plying to Prince Rupert will go on to winter schedule.

The principal change affects the steamer Cardena which will sail from here for the south at 12 midnight Fridays instead of 7 a.m. Saturdays as at present. The Cardena will call at Bella Coola and Ocean Falls coming north and will go no further than Prince Rupert, arriving here on Friday evenings.

The Catala, schedule of which will be unchanged, will take care of the Naas river service during the winter, calling alternate weeks at Arrandale and Kincolith.

## COOLER WEATHER IN YUKON IS REPORTED

Beginning of Winter Presaged by Thermometer Below Freezing Point in North.

The Government Telegraphs report this morning indicates that the weather is getting colder in the Yukon and that is looked upon as presaging the approach of winter. The cool waves often spread southward. Following is the report:

- Haysport—Raining, calm, tem. 46.
- Port Simpson—Part cloudy, calm, tem. 47.
- Hazelton—Raining, calm, tem. 50.
- Smithers—Cloudy, calm, tem. 48.
- Burns Lake—Cloudy, windy, tem. 48.
- Telegraph Creek—Raining, calm, tem. 42.
- Terrace—Part cloudy, south wind, tem. 43.
- Rosswood—Cloudy, south wind, tem. 45.
- Anyx—Partly cloudy, calm, tem. 48.
- Stewart—Cloudy, calm, tem. 44.
- Atlin—Part cloudy, calm, tem. 39.
- Whitehorse—Clear, calm, tem. 30.
- Fort Selkirk—Clear, calm, tem. 32.
- Dawson—Clear, calm, tem. 28.

## CANADA HAS MINISTER TO FRANCE NOW

Historic Event Today When Hon. Philippe Roy Becomes Ambassador

PARIS, Sept. 29.—Diplomatic relations between Canada and France was established today when Hon. Philippe Roy, who has served the dominion more than 17 years as commissioner general in Paris presented his credentials to the president Doumourge and became Canada's first minister plenipotentiary and envoy extraordinary to the French republic. The ceremony was held in the historic Chateau de Rambouillet, the summer residence of the French president. After a brief audience, the minister returned to Paris where with Premier King he participated in the laying of a wreath on the tomb of the unknown soldier at Arc de Triomphe.

Other Canadians attending the ceremony included Hon. C. A. Dunning, Senator Dandurand, Hon. Rolodphe Lemieux, Senator H. S. Beland and Sir Henry Thornton.

  - Fanny F., 6,000 pounds, Canadian Fish & Cold Storage Co., 13c and 7c.

- FISH LANDINGS FOR SEPTEMBER**
- Halibut landings at the port of Prince Rupert during the month of September this year totalled 2,931,000 pounds, made up of 2,225,000 pounds American fish and 676,000 pounds Canadian, according to figures compiled in local fish shipping houses today. The total for September last year was 2,334,000 pounds so a healthy increase is shown.

## ENJOYABLE WHIST PARTY LAST NIGHT

Royal Society of St. George Entertained at Function in Metropole Hall

An enjoyable whist drive was held last night in the Metropole Hall by the Royal Society of St. George, attendance being not as large as might have been expected owing to the unfavorable weather and counter attractions. Prize-winners at whist were: First, Mrs. Jack Ratchford; ladies' second, Mrs. C. Brewerton; men's first, F. W. Aldridge; men's second, Mrs. Thomas Beattie on cut with R. Brealey Refreshments were served at 11.30.

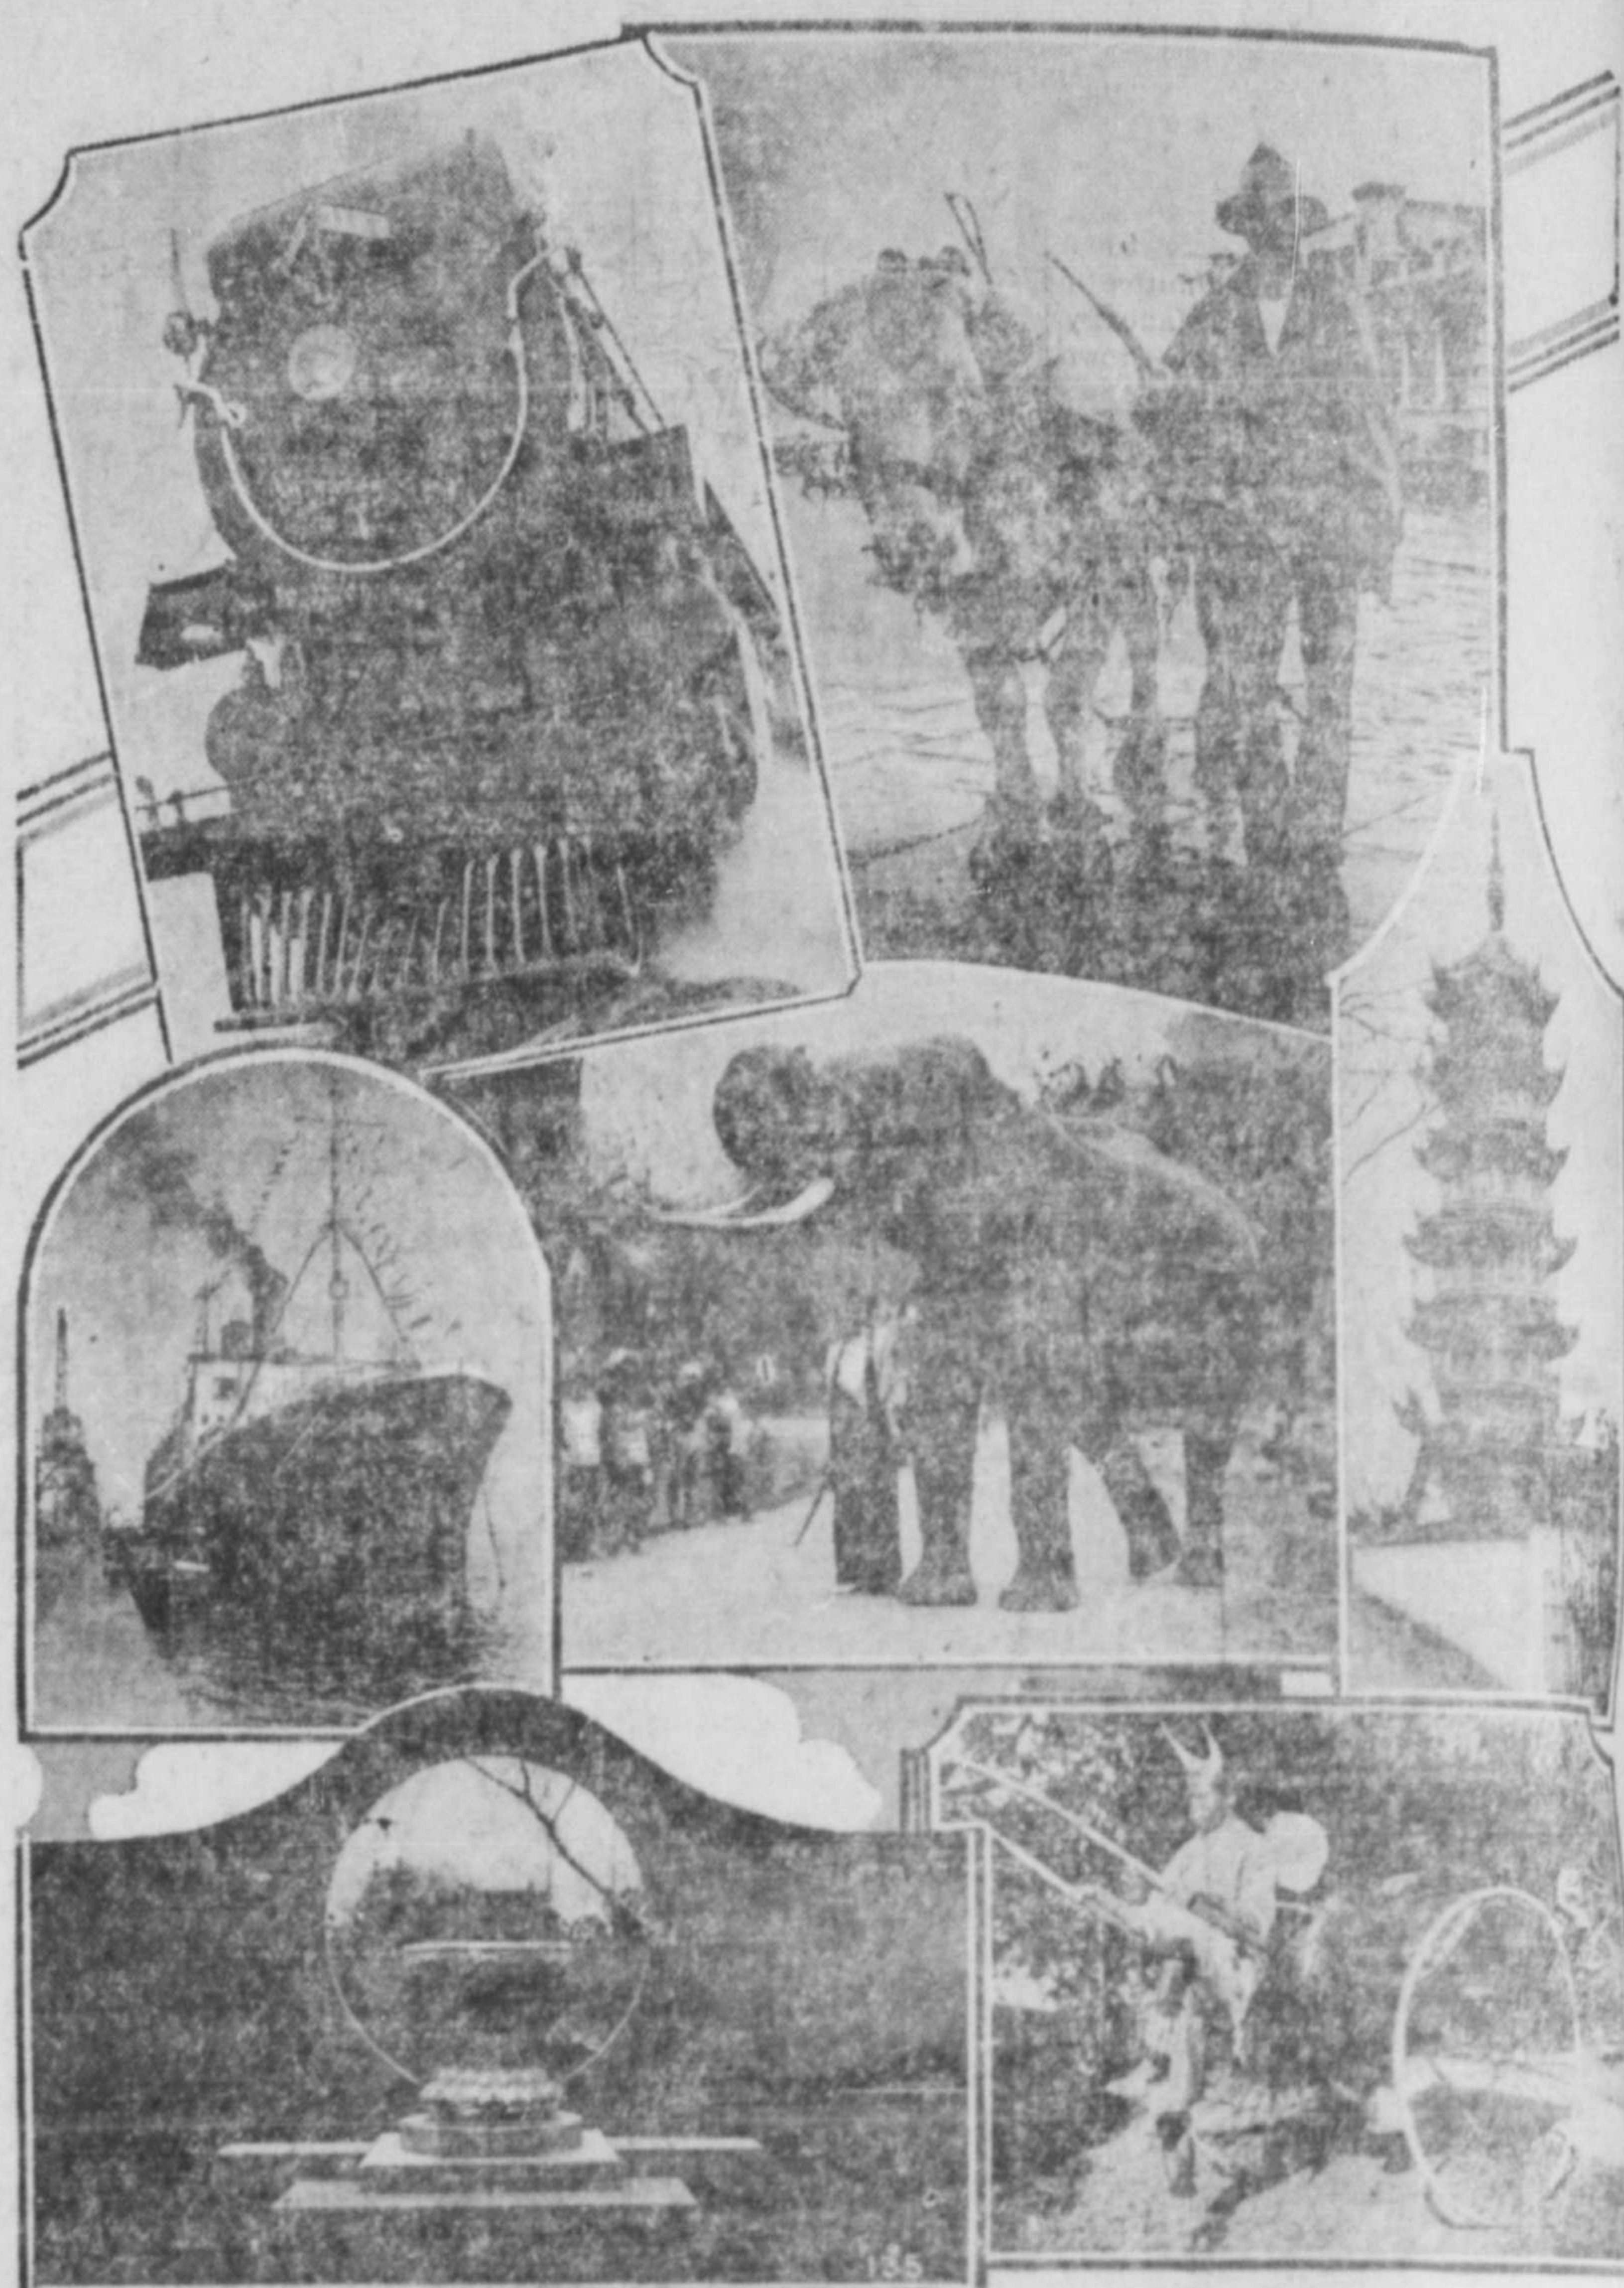

## COURT HOUSE DANCE HELD LAST EVENING

Enjoyable Time at the I.O.E. Hall and Presentations Made to Members Leaving

One of the prettiest and most enjoyable dances for many a day was that given last night in the I.O.E. hall by the employees at the Court House. The hall was gaily decorated in autumn colors and about fifty couples danced with little intermission from nine to two and were then reluctant to leave.

R. E. Allen was master of ceremonies and the committee in charge consisted of E. E. Greig,

## Composing Room Divulges Secrets

The cut above was reproduced from a collection of photographs plus a little art work, and it came about this way. There was a need for an illustration to brighten and balance the page. So we looked through the files. The photograph of the new Canadian Pacific engine came to light first, but while it illustrates the largest passenger engine in the British Empire, our readers already knew all about it. Put it on one side! Then we saw the picture of the ox which is engaged in shunting freight cars at Trieste. This we thought we could tie up to the engine in some way, but when we saw the photograph of the elephant at Kandy, we thought that it would be much better and easier to write a feature on, say, "power" or "World transport". The African Zulu with the Ricksha would have helped a story of this nature, but when we saw the beautiful curves of the Lungwa Pagoda and the graceful lines of the Moon Arch in the garden of the Jade Tree Studio at Shanghai we thought that perhaps we could make an appeal of sorts to the cultural side of our readers. But the office boy was very keen on the locomotives, the make-up man thought he could design a better lay-out with just the animals, and our fair-haired stenographer considered the architecture more artistic.

We compromised by deciding to make a three-column instead of a two-column lay-out and using them all. What then remained was to tie them up in some way, so we got out our best-looking photograph of the "Empress of France," and—there you have a complete short story. One gets aboard a Canadian Pacific train first and at New York boards a Canadian Pacific steamship for the ports and will not make a "Duchess". The "Empress of France" doesn't really belong to the set, because this year she cruise service by a "Duchess". Not that this makes a great deal of difference to your editor, but there are many readers of this page too, who will spend Christmas in the Holy Land, and there-blossom time in Japan. They will tour the West Indies in comfort in January or February. They will spend the winter in luxury travelling round South America and South Africa, round the world or round the Mediterranean. They have shown us their booklets, and before Spring is here again they will be showing us their tan and their souvenirs.

Imperial Economic Committee Finds Empire-Grown Tobacco Popular

LONDON, Sept. 29.—The whole world seems to be taking to cigarette smoking. This is the conclusion arrived at by the Imperial Economic Committee in its report upon the tobacco industry.

The consumption of Empire-grown tobacco in the United Kingdom has increased steadily year by year, and more rapidly than the increase in the total consumption of tobacco.

Of the Canadian industry the Report says: "In Canada the number of new growers has greatly increased since 1925 and the principal co-operative society has become an ordinary trading organization buying outright from any producer on ordinary packing house terms."

## NEWS OF NORTHERN B.C.

### SKIDEGATE

R. G. Emerson, official in charge of the Dead Tree wireless station and Mrs. Emmerson left recently for Prince Rupert on holiday.

Miss Cavalier of Prince Rupert is the new teacher of the Patullo Public school.

Mr. and Mrs. J. Renner of the Last Chance farm were visitors here this week.

Seining for chums continues unproductive and now that wet weather has set in it probably will not improve.

### TERRACE

J. Garland, Paul Brodin and Oscar Olanter of the Kalum Lake district were visitors in town during the week.

H. Fogg, representative of Storey & Campbell Ltd., Vancouver, was a business visitor in town on Thursday.

R. Brealy, logging superintendent of the Laminated Materials Ltd., New Westminster was in Terrace during the week in connection with the company's cottonwood operations in the vicinity. He left again for the coast on Friday.

W. Lassen and C. McFarland, Seattle mining men who have spent some time recently in the in the mining district around Kalum Lake returned to town on Thursday.

Henry L. Paterson of Anyox was a visitor here on Thursday.

Steve Young was down from the Cedarvale mines during the week.

L. O. Lycett, Vancouver representative of the National Drug Co. was a business visitor here during the week.

F. H. Lowray of Usk was in town on Wednesday.

W. J. McCutcheon, Prince Rupert druggist was a visitor here during the week.

Renewed activity has again commenced in church sewing circles here. On Thursday the W. A. of the Anglican church met at the home of Mrs. Wm. Farr and carried on work in preparation for their Christmas sale on Dec. 1. The Ladies Guild of the United church met at the home of Mrs. W. S. Anderson. Their sale will be held on November 17.

C. Sessions of the C.N.R., Prince George was in town on Thursday.

E. L. Lord, Mount Vernon, Wash. was a visitor here Wednesday.

A. C. Smail, Prince Rupert, was a business visitor here during the week.

The B. D. Bridge Club met on Tuesday evening at the home of Mrs. Geo. Little.

### SERIES OF SCOUT TALKS CONCLUDED

B. C. Secretary of Boy Scouts Gives Final of Three Lectures in City

The concluding talk of a very helpful and instructive series was given last evening in the First Baptist Church, hall by Norman H. Saunders, provincial secretary of the Boy-Scouts' association. Subjects dealt with were—formation and work of troop committees, hints on knot tying and the scout movement's attitude toward smoking. These talks were interspersed with a number of lively games.

Mr. Saunders left by this morning train for Terrace. He will return here Sunday afternoon and leave the same evening for Anyox where he will conduct a series of talks.

### QUEBEC A BIG CONTRIBUTOR

The province of Quebec produced about half the paper made in Canada in 1926, contributing over half the newsprint, over two-thirds of the wrapping and miscellaneous papers, over a third of the book and writing papers, and over a quarter of the paper board.

The first centrifugal cream separator was imported into Canada from Denmark in 1882.

## TELLS OF TRIP GRAHAM ISLAND

Visit Made to Port Clements by Skidegate People and Pole Camp Operations Described  
A WONDERFUL COUNTRY

Dyson Garden at Port Clements One of Show Places of the Island

SKIDEGATE, Sept. 29.—E. C. Stevens and party made a trip a few days ago over the road from Skidegate to Port Clements. Telling of the trip he says:

Leaving Skidegate early one bright morning the party started out by motor for Port Clements. Ten minutes brought us to Skidegate Mission, one of the prettiest native villages in British Columbia. This place was nearly deserted as all the villagers are at the canneries and salteries for the fishing season.

Six miles more and the Dominion Government wireless station was reached on what is known as Dead Tree Point. It is a beautiful park in itself. The station is built on a clearing which faces a sandy beach and overlooks Hecate Straits. It is one of the most modern and best equipped in Canada, the spick and span appearance reflecting credit on the officer in charge, R. G. Emmerson.

### Wild Deer Seen

Four miles farther on and we came to Lawn Hill post office and general store and all the way to Tlell we passed large clearings and gardens that could not be beaten anywhere. At one place wild deer were eating a farmers turnips.

It was noon when our party arrived at Mrs. Ragout's stopping place for dinner; our fare including freshly killed chicken, fresh vegetables of several varieties and real cream.

Crossing to Port Clements we passed two of the public works department construction camps and were met at the end of our trip by Jimmy Ciccone, mayor of Port Clements, and Frank Rice, proprietor of the Delmonico hotel and for the rest of the evening went visiting with friends in the town. Of course we did not miss L. Dyson's wonderful garden where the flowers and fruits give some indication of what can be done on the islands in the way of horticulture.

### Meyer Lake

A walk to Meyer Lake was taken next day and on the way a call was made on B. Millard, one of the pioneer farmers of the district. The Baxter Pole Co. is operating at Meyer Lake on a big scale. All the poles are contracted for by O. Erickson, who has built a road from the lake to Kumides slough, Port Clements, at a cost of \$20,000. This road is one of the finest examples of pile roads in Canada.

On the lake the contractors have a boat 30 feet long which makes ten miles an hour. The camp is at the farther end of the lake. We were met there by the time keeper, D. E. Maxwell, and that evening listened to a radio concert broadcasted from San Francisco.

The company has 3000 poles out so far and expect to get 10,000 before Christmas. The poles are taken out over the road to Port Clements on a truck, the run taking forty minutes.

I noticed that the old wagon road to the lake had been abandoned for years and was badly grown up. This seems a pity as it is my honest opinion all this country will be again settled up in the near future. Meyer Lake, which is nine miles long, is one of the most beautiful lakes in the province. There is snow white sand on its beaches and it will undoubtedly be used as a playground in the near future.

### OCCURRENCES OF SALT

Salt, either in natural brines or in beds of rock salt, is found in every province of Canada. Commercial production, however, is confined to Ontario, Nova Scotia and Alberta.
