New York Rangers Win World Championship in Hockey Beating Maroons

Boucher Scored Twice for Winning Team and Phillips Once for Montreal in Exciting and Thrilling Game

MONTREAL, April 16.—The Stanley Cup, that old battered piece of silverware, emblematic of the pro. hockey championship of the world is gone to the United States for the second time in its long and colorful history. Seattle won the trophy in 1917 but the following year it returned to Canada and was held here until Saturday night when the New York Rangers scored a two to one victory over the Montreal Maroons in the fifth and deciding game of the 1928 world series.

Lester Patrick's battling Rangers put the skids under the powerful Maroon team, which, after scoring a decisive 2 to 0 victory in the first game was picked by experts to breeze through to the championship. But the Rangers, after one of the most stubbornly fought hockey battles in the history of the cup were returned victors by a three to two game margin.

Saturday night's game was the most exciting and thrilling match of the titanic fixtures. The Maroons, while beaten in the final game, were by no means disgusted and in their defeat stamped themselves as a team of supreme fighting qualities.

F. Boucher scored the first goal for the Rangers after 17 minutes and 5 seconds play in the first period. There was no score in the second period.

Boucher scored the second goal for the Rangers in the third period after 15 minutes, 15 seconds play, and 2 minutes 45 seconds later Phillips tallied the only counter for the Maroons. Play was strenuous throughout and the penalties numerous. Bill Cook of the Rangers drew down several major penalties.

The rise is credited in some quarters to buying by a United States investment and trust association.

EARL'S SON IS AUTO VICTIM

CAR CRASHED INTO TREE AND FELLOW STUDENT KILLED IMMEDIATELY

BELLEVILLE - SUR - SAON, France, April 16.—Viscount Tremont, only son and heir of the Earl of Athlone, Governor General of South Africa, and nephew of Queen Mary, died Sunday from injuries suffered in a motor accident on April 2, aged 21.

The Viscount was driving a car accompanied by two fellow Cambridge students when the car crashed into a tree killing Kenneth Madocke, one of the students. The other escaped with scratches.

TWENTY KILLED IN EARTHQUAKE

MANY ESCAPED THROUGH FACT THAT IT WAS HOLIDAY IN SOUTHERN BULGARIA

SOFIA, April 16.—Twenty people are dead and about one hundred injured in an earthquake Saturday in southern Bulgaria. The smallness of the casualty list is due to the fact that the quake occurred on a public holiday when most of the populace were out on the streets in the various towns or picnicking in the country. There were twelve killed and fifty injured at Tchirpan and eight killed in the surrounding villages.

WHAT I MIGHT HAVE BEEN

As Told to Harold C. Burr
By GEORGE M. COHAN

"My cradle was often the tray of a theatrical trunk. So how could you expect me to grow up into anything but a trumper?"

"When my sister Josephine and I were babies and our father and mother played an engagement, they couldn't very well leave us at the hotel alone. Therefore we went along to the dressing room and were left among the neckties, collars, handkerchiefs and extra hats. I was too young to notice closely, but I don't remember howling any protest at the housing plans. I've slept in worse places since."

"But when I grew older I might easily have developed into a professional baseball player—charley horse, World Series money and the rest of it."

"I played on a good many school teams in my youth all the way from North Brookfield, Mass., to Orange, N.J., but my eligibility was never under a cloud on that account. My shifts in allegiance were not due to proscripting. I simply had to follow the family's bookings."

"I was more or less crazy about the game and when I took to the stage myself I watered that love to keep it green. My companies always boasted of a baseball team—of which we didn't always boast. I was the pitcher and we played afternoons wherever we happened to be and didn't have a matinee."

"Fifteen years ago, before everybody became a golfer, there was a saying up and down Broadway among chorus men that if you wanted to work for George Coan you had to be able to play baseball."

"And that was the first question, sure enough, I'd ask the applicant. But I didn't bother about the position he could fill—just could be a bat and wear a glove. Under that live-and-let-live system I, as manager, found myself with two many second basemen and not enough outfielders, but we were a versatile lot—on the diamond."

"Fred Stone had a team too, and there's so much imitation ivory we used to hook up in combat every around."

GEORGE M. COHAN
I might easily have developed into a professional baseball player."

self. Just the same we got a lot of fun out of it, and it was a whole lot better than hotel lobby-gazing.

"I still like my baseball, but I ought to attend the games in green whisks and hoop skirts. It's got so I don't dare speak to the fan sitting next to me—I'm afraid he'll want to sell me in his pocket he'll want to sell me."

"If I make an innocent remark that the Rebels must be a good money maker some Hasty Harry jumps to the conclusion that I want to buy the Rebels' franchise, and the next day the papers carry the story. I've already been to the city for the purpose of freeing her brother from the gang whose machinations have placed him in the shadow of the chair. 'The Girl from Chicago' is one of the authentic melodramas, which have power to hold the imaginations and thrill the spine of beholders. But there is glamour too, and humor and warmth humanity."

ZANE GREY NOVEL "NEVADA" IS FILMED

Picture to be shown here tomorrow night Gripping Frontier Story

A gripping story of the western frontier written by a descendant of real frontiersmen—that's "Nevada." Zane Grey's latest, which has been picturized in stirring fashion by Paramount. It is scheduled here tomorrow night. "Nevada" from all reports, holds the strength, heroism and romance of the Zane Grey standard and also contains many novel twists and dramatic situations of which Director John Waters has held full advantage.

Fans of red-blooded western screen stories, which includes ninety-nine per cent of all picturegoers, will be pleased to know that Gary Cooper, rangy young star, plays the hero role. Cooper is the daring horseman, under contract to Paramount, who has been gaining tremendous popularity in the last few months.

Opposite him in the play is Thelma Todd, blonde heroine of exceptional beauty who is looked upon as one of the most promising young actresses on the screen. The menace of the story is supplied largely by that admirable villain, William Powell. The comedy element rests in the hands of Ernie S. Adams.

The story transpires in the Southwest cattle country at the time when the citizenry was solidly rising up to put an end to the reign of terror spread by two-gun men and cattle rustlers. It is replete with fast riding, quick gunplay, moments of dramatic suspense and broad humor. A splendid love story winds through the action.

THRILLS GALORE IN "LAW OF THE RANGE"

McCoy and the Solitaire Kid do some Great Stunts in Picture.

No western feature was ever made

Uncle Tom's Cabin Brought Up-to-Date in Mid-Week Picture

A comedy filmed on a scale unusual for that type of picture. "Topsy and Eva" is a black and white study in laughter, possessing that colorful handful of characters which Harriet Beecher Stowe drew in "Uncle Tom's Cabin" but sending those characters through adventures that have never been imprisoned in the covers of a book.

In the film little "Eva" doesn't go to heaven for medical science has advanced since 1852. "Simon Legree" doesn't always have the best of things, even if "the law is on his side." "Topsy" flees over snow, not cakes of ice, and

her fiery steed has snowshoes to boot.

Strange hands leap from mouldy mounds in graveyards to clutch at "Topsy's" ankles and "Uncle Tom" is a lovable fellow, who lets the little ones play "piggy-back" with him in the parlor.

The old south, "befo' de wa," is strangely covered with snow in some scenes, while in others it is a land of great wooden houses fronted by massive, white, southern colonial pillars and spacious porticos. Lake Tahoe, Cal., Wilmington, Cal., San Pedro, Cal., and Hollywood, Cal., are the original places to which the Duncans repaired for filming of their initial screen venture. They managed to find snow capped mountains, pre-Civil War cabin and a southern colonial mansion, all within fifty miles of Hollywood. Interiors were filmed at the United Artists Studio.

MELODRAMA IS HERE FOR WEEK-END SHOWING

"The Girl from Chicago," here for the week-end showing is a brilliant-melo-drama of the underworld base on the story of Arthur Somers Roche. It recounts the hair-raising adventure of a Southern girl, who leaves her father on the old plantation to come to the city for the purpose of freeing her brother from the gang whose machinations have placed him in the shadow of the chair. "The Girl from Chicago" is one of the authentic melodramas, which have power to hold the imaginations and thrill the spine of beholders. But there is glamour too, and humor and warmth humanity.

One single food added to your normal diet helps to correct this condition. Fleischmann's Yeast is a healthful vegetable food in concentrated form, millions of the tiny yeast plants being contained in each dainty cake.

Yeast stimulates the digestive processes, and aids your system to get the elements of real value in other foods. It conditions and cleans the intestinal tract, promotes regular elimination, helping to clear up constipation, and keeps the intestinal muscles functioning in the regular manner that means glowing vigorous health.

Give it a fair trial—say ninety days. Remember you expect it to condition the intestinal muscles, the muscles of the arm cannot be conditioned with only a few days' exercise.

Start eating three cakes of Fleischmann's Yeast every day, before or between meals, and you will notice how much better you feel, how clear your complexion has become, how much greater your enjoyment of life.

Tell your grocer to add your name to his list for regular delivery; three cakes for each member of your family.

A very interesting booklet on "Regaining Health" will be sent to you, gladly. Write to The Fleischmann Co., Dept. 169 G., 1166 Burrard Street, Vancouver, B.C.

for Healthful living!

EVER have "that tired feeling? Heavy? Listless? Food uninteresting? Not getting any enjoyment and very little real nourishment from your meals?"

Our hurrying habits of living make it difficult now-a-days to get full benefit from food. We eat soft, fiberless food where palate-tickling flavors replace the stimulating nutritive stuff of nature.

Chronic constipation—with its dismal companions, indigestion, skin disorders, and rundown condition is almost inevitably the result. Often it is the cause of "that tired feeling".

One single food added to your normal diet helps to correct this condition. Fleischmann's Yeast is a healthful vegetable food in concentrated form, millions of the tiny yeast plants being contained in each dainty cake.

"I have been doing office work for the past five years. During this time my system became run down, probably from the need of exercise. I lost all appetite for food.

"I was advised to take Fleischmann's Yeast. After eating three cakes a day for nearly a month, I found my condition had certainly improved. Now I would not pass a day without it. I appreciate what Fleischmann's Yeast has done in helping me regain my health and vigor, and so wish to recommend it for anyone in run down condition or with indigestion."

A delegation from the Trades & Labor Council consisting of W. E. Thompson, R. T. J. Ross and W. Hammond last night explained to the city council that the wage scale at the local dry dock was lower than that prevailing in Vancouver shipyards. Sir Robert Borden, Premier of Canada, had stated that wages here were higher.

G. L. Thompson, who has returned to the city from Hazelton, reports that some very high grade ore has been encountered on the Rocher de Boule mine. About ninety men are employed on the property and it is expected that large quantities of ore will be shipped this summer.

Dr. J. P. Cade, medical health officer, reported at last night's council meeting that there had been 23 births and 11 deaths here during the first three months of the year. There were twelve cases of infectious diseases during the same period.

NEW YORK YANKEES ARE THIRD BIG LEAGUE TEAM SO FAR UNBEATEN THIS SEASON

(Special to Daily News)
NEW YORK, April 16.—St. Louis Browns made it four straight wins by defeating Chicago White Sox 4 to 3 in a hard fought game yesterday afternoon. New York Yankees, idle both Saturday and Sunday on account of unfavorable weather, are occupying second place with two wins while Cleveland Indians and Washington Senators round out the early season first division with three victories and one loss each. The Indians suffered their first defeat yesterday when Detroit Tigers won their first game. Philadelphia Athletics are still in the cellar as a result of two defeats by the Yankees.

New York Giants won their third game from Philadelphia in the National League yesterday. St. Louis Cardinals dropped their first game to Chicago Cubs on Saturday but came back and beat them again yesterday. Brooklyn Dodgers are now in third place through defeating Boston yesterday and the Cincinnati Reds, who broke even with Pittsburgh Pirates at the week-end, are in fourth place.

Week-end scores were as follows:

There is some discussion going on in sport circles as to who is the greatest baseball batter and Cobb seems to be the favorite. One writer says of him: Ty Cobb's average through twenty-three years of baseball play is .363; the American league mark during those twenty-three seasons is .263. Compare Cobb with the other great hit-smiths?

Sure! Here are the up-to-date figures embracing the lifetime marks of the greatest hitters, as compared with the league batting average during their playing days:

Lawyer and Mining Man is Also President of Native Sons

SMITHERS. April 16.—L. S. McGill, who has been active in Native Sons of Canada circles since its inception in Smithers, was elected president of the local branch at the annual general meeting. Other officers were elected as follows:

Past president—Vernon Crockett.
1st Vice-President—Geo. Coulton.
2nd Vice-President—F. Fowler.
Sergeant-at-Arms—Dr. Bamford.
Chaplain—N. H. Kilpatrick.
Secretary-Treasurer—H. G. Windt.
Inner Guard—E. C. Dawson.
Outer Guard—William Carr.
Historian—James Downey.

A number of applicants were admitted to membership. The treasurer presented a gratifying financial statement, and all indications point to a record year of growth and achievement by this enterprising order.

STEWART

Mrs. N. H. Stevens, pioneer mining woman, has returned to the camp after having spent the winter in Vancouver.

John Rochert, who spent the winter in Vancouver, has gone to the Mayo Clinic in Rochester, Minnesota, to receive treatment for an old war wound. He was accompanied by his sister of Toronto.

Development of the Trian property on Fish Creek will be resumed this week under the direction of Jack Fitzgerald.

D. MacAulay arrived here last week from Anyox.

Bob Keith, pioneer restaurant man of the camp, is back in town again.

Ray Smalley, Vancouver carpenter, has arrived here from the south to follow his trade.

James H. Nesbitt and O. Moreau, who have been at the Ruth and Francis for a week, returned to town about the middle of last week.

Arrivals from Prince Rupert last week included J. H. Healy, Gus Petersen, T. H. Aiken, B. Calabachini, A. Shelds, Charles Lindstrom, A. Foresberg and Albert Rasmussen.

Denny Dwyer, well known pioneer prospector and miner of this district, died last week in Vancouver.

The Hyder Lead Mines property near the head of the west fork of Texas Creek has been taken over by a newly-organized company known as the Amalgamated Mines Ltd., capitalized at \$5,000,000, who, it is learned, will develop the property on an extensive scale, at the same time acquiring other properties of merit. Directors of the company are: President, A. C. Burdick; Victoria; George F. Tull, Calgary; Andrew G. Larsen, Spokane; Henry B. Thompson, Ladysmith, and R. S. Lennie, Vancouver.

A contract for the extending of the tunnel for 100 feet on the Ben All vein of the Dunwell mine has been let to William Salo and partners who are now preparing the camp with a view to starting the work.

William Anderson of Vancouver, prominent hydraulic engineer, is here for the purpose of examining the water power the Dalhousie Mining Co. has acquired on Bear River and laying out plans for its development. Meanwhile, the driving of the main working-tunnel is being pushed with two shifts and it is expected the objective will be reached before the end of the month.

A memorial service was held in the Opera House here by the local Moose Lodge last evening.

TIED ON GAMES

TERRACE PEOPLE EXTEND THEM-

SELVES IN EFFORT TO PLEASE
THE YOUTHFUL VISITORS

TERRACE, April 6.—Smithers boys and girls basketball teams returned to the interior on Saturday after playing a series of games with the local high school teams in which each team lost one game and won the other. However, both Terrace teams were ahead in the total of points scored. On Thursday night the Terrace girls lost to Smithers with a score of 15-17 while the Terrace boys won over the visiting team by 32-19.

On Friday night the honors were reversed, the local girls winning with a score of 30 to 12 while the home boys went down to defeat, the score being 18-21. This made the total score for both nights:

Girls—Terrace 35, Smithers 29.

Boys—Terrace 50, Smithers 40.

All the games were well played and were a good exhibition of basketball skill. All games were witnessed by many enthusiastic fans and supporters and the total receipts of games and the dance exceeded even the hopes of the home team.

DANCE IN HONOR

Following Friday night's game a public dance was held in G.W.V.A. hall in honor of the visitors and was attended by one of the largest dance crowds ever assembled here. A splendid feeling of good fellowship and sportsmanship prevailed among the young people and all appeared to thoroughly enjoy themselves.

The music was furnished by Mrs. Von Hees' orchestra and refreshments were furnished by the basketball team members.

The visitors were given a great send-off when they left for home on Saturday and Terrace residents enjoyed their visit quite as much as they appeared to do themselves. Their chaperone, Mrs. Lewis, received many compliments on the sportmanlike bunch she had under her "wing." The Smithers teams will receive a hearty welcome at any future date they may return here for another game.

The line-up was as follows:

Girls—Smithers: Centre, Vivian Graham, Dolly Carpenter; forwards, Marjorie Roberts (captain), Avis Wall, Mabel McIntyre; guards, Vina Eby, Agnes Erickson; Terrace: Centre, Fanny McEwen (captain); forwards, Helen Greig, N. Mallie, Margaret Glass; guards, Bass Moore, Muriel Greig.

Boys—Smithers: Centre, Wilmer Lewis (captain); forwards, Frank Smith, Gordon Smith; guards, Bill Headley, Oswald Helmink; Terrace: Centre, Frank Hepp; forwards, Alva Moore, Jim Smith, Chas. Caathers; guards, Bert Walters, A. Holmwood.

Wilmer Lewis was coach for the Smithers teams with A. Holmwood and Bert Walters for the locals. Dr. Brummitt and A. Holmwood acted as referee for the games.

The Misses Irene McIntyre, Marjorie and Jerry Warner and Jim Silver accompanied the Smithers teams to Terrace.

Following their arrival on Thursday the Smithers visitors were taken on a motor drive around the district returning to Mrs. C. R. Gilbert's home for afternoon tea. Mrs. Gilbert was assisted in serving the guests by Mrs. Head and Mrs. Sundal.

Misses Moore and Wilmer Lewis were winners of a contest staged during the afternoon.

Refreshments were served to the visitors and local players at the home of Mrs. W. H. Burnett after Thursday night's games. Mrs. Burnett was assisted by Mrs. Moore and Mrs. McLaren.

On Friday afternoon Mrs. Geo. Little and Miss Elderkin were joint hostesses at a reception in honor of the visitors held at the home of the former and at which about forty young people were present.

Under the direction of Rev. and Mrs. A. W. Robinson a most interesting and enjoyable program of games and stunts was carried through amid much merriment.

Prizewinners in the contests were Kathleen Burnett and B. Headley of Smithers. Mrs. Dover assisted the hostesses in the serving of refreshments, after which appreciation of the hospitality extended in their behalf was voiced by B. Headley of Smithers and the crowd sang "For They are Jolly Good Fellows" before dispersing.

Rev. J. T. Smeeton of Vanderhoof and Rev. S. T. Galbraith of Prince George exchanged United Church pulpit yesterday.

The Vanderhoof Boy Scouts' committee has elected officers for the year as follows: President, George Ogston; vice-president, Mr. Holt; secretary-treasurer, E. Roberts.

E. Roberts has received a licence from Archdeacon G. A. Rix to act as lay reader in the diocese of Caledonia.

George Striegler, who has been ill recently, was taken to the Prince George Hospital last week.

Mrs. Warren Johnson was taken ill during the week and is now confined to her home.

On account of so much illness in the community, the Ladies' Aid Society has decided to postpone its meetings indefinitely.

On account of so much illness in the community, the Ladies' Aid Society has decided to postpone its meetings indefinitely.

Prizewinners in the contests were Kathleen Burnett and B. Headley of Smithers. Mrs. Dover assisted the hostesses in the serving of refreshments, after which appreciation of the hospitality extended in their behalf was voiced by B. Headley of Smithers and the crowd sang "For They are Jolly Good Fellows" before dispersing.

BURNS LAKE

While William Ellison was attending the Conservative nominating convention here last week his store and residence at Ootsa Lake was completely destroyed by fire, the loss including \$6000 in cash which had been cached on the premises for the purpose of buying furs.

Miss Grace Alvera Stearns, daughter of Mr. and Mrs. R. G. Stearns of Tintah, will be married on May 10 at her home to Harry Nichols of Uncha Valley.

Laundry Washed Clothes Are Not Rubbed

YOU know how you dose your dainty lingerie up and down in a bowl of sudsy water . . . that's the way your clothes are washed in a modern laundry. They are not rubbed or scrubbed but are gently swished back and forth in warm filtered rainsoft water until the pure soap actually foams. Every particle of dirt is loosened without unduly lessening the tensile strength of the fabric. Then come many rinses of rainsoft water so that your laundry washed clothes not only look and feel clean but are scientifically clean.

ADVANTAGE OF NATIONAL LINE

AMERICAN SHIPS HAVE TO LOWER
RATES TO COMPETE WITH
CANADIANS

NEW YORK, April 16.—Reduction of rates \$1.00 a ton on automobiles shipped from New York to Australia was announced by the Roosevelt Steamship Lines, operating the American-Australian Line for the Shipping Board; by Funch, Edye & Company, operating the Cunard service, and by Norton, Lilley & Company, agents for the Ellerman Lines. It was indicated that a further reduction will be made if competition with the Canadian Merchant Marine demands it.

The revision of rates is the result of a preferential tariff in effect in Australia, under which the port of shipment is considered the point of origin of motor cars so long as the port is in British territory, while the city in which the cars are manufactured is the point of origin when the city is in territory other than British. Detroit manufacturers, the American shipping man say, ship their cars across the Canadian border at a small charge, and thence to Montreal, where they are loaded aboard ships of the Canadian Merchant Marine.

FREIGHT IS ADDED

Were these cars shipped to New York the logical point, and then loaded on ships for transfer to Australia, the freight cost from Detroit to New York would be added to the cost of the car as estimated for the tariff at Australia, it is said. When shipped via Montreal the freight cost from Detroit is not considered. The carriers operating from New York estimate that the difference brought about by this condition is about \$1.00 a ton, and with no change in the basis of the tariff apparent they have agreed that a lower freight rate is the solution.

TOXEMIA

MONDAY HEALTH TALK
by

R. E. EYOLFSON, D.C., Ph.C.

Toxemia is brought on from enervation, which checks the elimination of the waste-products of tissue-change — the broken-down waste-products of the body are retained in the blood. This we call Toxemia. When the accumulated toxin is up to the saturation point, crisis takes place; which means that a vicarious elimination occurs. We call these crisis: colds, tonsilitis, bronchitis, pneumonia, or some of the other of the four hundred so-called diseases.

The enervation that checks elimination is brought on by a disturbance in balance of nerve energy. The primary cause is pressure on spinal and sympathetic nerve trunks, inhibiting the normal amount of nerve impulses to the internal organs and glands.

Therefor, normal distribution of nerve energy means HEALTH.

Disturbed balance of nerve energy spells SICKNESS, in which case CONSULT
