NEW THEATRE TO BE BUILT IN CITY CONSTRUCTION TO COMMENCE TOMORROW ON BUILDING

New Theatre Will Be Built Here Commencing Tomorrow on 3rd Ave. Site Purchased from Wm. Denholme

Building will be of concrete with 75 feet frontage and will be designed to seat one thousand people announce Aivazoffs

On a seventy-five foot vacant frontage on the north side of Third Avenue between Fifth Street and Fulton Street which they have purchased from William Denholme, M. Y. Aivazoff and Paul Aivazoff will break ground tomorrow for a new reinforced concrete and fireproof theatre building which will cost between \$20,000 and \$30,000 according to announcement made this morning by M. Y. Aivazoff.

The building, which will be exclusively for theatre purposes, will be of the latest construction and modern in every respect and will have seating accommodation for 1,000 persons. Its dimensions will be some 75 by 120 feet. Figures are being obtained today from local contractors for the excavation and the construction of the building will follow immediately upon this work being completed.

MONTREAL GETS TWO GAMES IN HOCKEY LEAGUE

MONTREAL, Jan. 6.—The Canadiens continued their winning streak last night by defeating Detroit two goals to one. The other Montreal team, the Maroons, also won their game against Toronto by two goals to one. The closest game of the evening was that played at New York when Pittsburgh held the Americans to a draw with no score on either side. The scores were as follows:

Montreal Canadiens 2, Detroit 1.
Toronto 1, Montreal Maroons 2.
Pittsburg 0, New York Americans 0.

BOUQUET GIVEN HIGH SCHOOL

Congratulations to be Forwarded to Students and Staff on Recent Entertainment

On the motion of Trustee Gilchrist seconded by Trustee Bryant the school board last night ordered a letter to be sent to the High School staff conveying their appreciation of the recent High School entertainment and congratulations to those who took part, with special mention of the excellent French play put on under the direction of Miss Rushforth.

Trustee Gilchrist spoke of the educational value of the entertainment and Chairman Rochester emphasized the good French that had been spoken by the students. Miss Rushforth had brought about a decided change in the teaching of French at the High School.

TENTH WHEAT VESSEL HERE

British Freighter Holmpark Arrived Last Evening and Levenpool is Due Tonight

The British freighter Holmpark, Prince Rupert's tenth grain vessel of the season, arrived in port at 6:45 last night from Europe to load a full cargo of grain at the Alberta Wheat Pool's Prince Rupert elevator for the United Kingdom or Continent. The vessel is already lined but will have to be fumigated before starting to load. She was last fumigated several months ago in the Black Sea.

The Holmpark, whose home port is Greenock, Scotland, is commanded by Capt. J. McMillan. The vessel is of 3685 tons and carries a crew of forty-two men, having been built only last year at Glasgow, Scotland. She came here in ballast from South Shields, England, which port she left on November 26, in ballast via the Panama Canal. An uneventful voyage is reported by the master.

The Levenpool is already on berth at the elevator and will start loading as soon as the steamer Teespool is completed. The Teespool, it is expected, will get away tomorrow or Sunday with a full cargo for the United Kingdom or Continent.

The eleventh vessel of the season, the British freighter Levenpool, is expected to reach port from Europe about 10 o'clock tonight. Unlike most vessels that take on their pilots at Triple Island, the Levenpool will pick up her's off Rose Spit, the northeast tip of the Queen Charlotte Islands, at which point she is due to arrive at 3 o'clock this afternoon.

The Levenpool, which is a ship of some 5,000 tons gross, belong to Roper & Sons Ltd. of West Hartlepool, England. The vessel was built at Stockton-on-Tees in 1911.

Since yesterday, 65 carloads of grain have arrived here from the prairies for the Alberta Wheat Pool's Prince Rupert elevator. Railway offices this morning reported 323 cars on the division west of Jasper, L'und here.

MOTORSHIP DONALDSON LABELLED FOR SALVAGE

Unlucky Voyage Southward of Small Alaska Freighter Included Drowning, Breakdown and Sounding

After a hectic voyage from Nome, the small motorship freighter Donaldson, belonging to the Lomen Reinder Co. of Seattle, is now lying tied up at a dock in Vancouver under arrest on a \$10,000 salvage claim which has been made by the master and crew of the Coastwise Steamship & Barge Co.'s freighter Anyox which salvaged the Donaldson from the beach in Greenville Channel where she grounded on Christmas Day. Immediately upon the arrival of the Anyox and Donaldson in Vancouver at the end of last week, the latter vessel was placed under arrest by the sheriff.

The Donaldson, which is reported to be slightly injured, struck on a high tide on a dark night and was left high and dry. Taking a list on the fall, the vessel was filled on the next rise. The Anyox pulled her off, pumped the water out of her and, with some difficulty, delivered her to Vancouver. The stranding of the Donaldson was only the culmination of a series of unlucky incidents which dogged the vessel on her southward trip. Out of Nome, the Japanese took fell overboard and was drowned. Near Stewart the engine broke down and the boat had to be towed into that port for repairs. Then the stranding occurred in Greenville Channel culminating in the arrest of the vessel at Vancouver at the instance of the Coastwise Steamship & Barge Co. owners of the Anyox.

MILLION ACRES SETTLED 1927

Considerable Increase Shown Over 1926 Says Report Covering Eleven Months

WINNIEG, Jan. 5.—During the eleven months of last year to the end of November, homesteads and soldier grants taken up in the four western provinces, Manitoba, Saskatchewan, Alberta and British Columbia, represent approximately 1,627,360 acres according to officials of the Canadian National Railways Colonization and Agricultural Department. This is compared with 970,320 acres taken up in the corresponding period of 1926. The number of homesteads filed on in the eleven months last year was 5,950 and soldier grants 462 as against 5,597 and 470 respectively in the 1926 period. Of homesteads last year 673 were taken up in Manitoba, 2,993 in Saskatchewan, 2,581 in Alberta and 107 in British Columbia, and of the soldier grants 41 were taken up in Manitoba, 218 in Saskatchewan, 181 in Alberta and 22 in British Columbia. Homesteading continued active throughout November, 696 entries having been recorded during the month. The record for November 1926 shows 595 entries.

SIXTY MILE GALE LONDON

Buildings and Trees Blown Down in England Today and Lives Lost

LONDON, Jan. 6.—The British Isles were hit by a gale today. The wind in London blew at 60 miles an hour preventing the cross channel service. REPORTS FROM LOCAL SCHOOLS

School Board Last Night Heard Principals in Regard to Work

The reports of the school principals to the schoolboard last night summarized are as follows: High School—Total attendance 155, boys 64, girls 91, percentage of attendance 93.65. Principal Peddie spoke of the real and enthusiasm of the pupils and also mentioned the good work done by the four new teachers in connection with the recent High School entertainment. This event had netted the school fund \$180. The school had provided Christmas boxes for the children of parents unable to get them. The recent basketball victory of the school team, whereby they became champions of northern B.C. was a subject of comment. In recent school examinations there had been only seven failures.

Booth School—Total attendance 431, boys 235, girls 195, attendance percentage 90.70, with Div. 7, 96.3. Miss Jeffer reported that the steps of the school needed repair and that two of the rooms had been made damp from the water outlet being frozen, but were dry again. The school had been warm during the bad weather and everything was going well.

Barden Street—Total attendance 324, boys 153, girls 169, average percentage 88.6, with Grade 3 highest. The school savings for the month was \$70 in spite of the demands of the Christmas season.

Seal Cove—Total attendance 56, Div. 1, 22, Div. 2, 34, average percentage 93.7. Mrs. Lizney reported several applications from parents wishing to enter pupils who had not been to school before. The Board promised to deal with this question.

Westview—Total attendance 23, boys 11, girls 12, attendance percentage 96.2. The piano fund had been augmented bringing it up to \$32.60.

SCHOONER DOROTHY MAKES CALL HERE

International Fisheries Commission Scientists on Way to Halibut Grounds Following Holiday

The big halibut schooner Dorothy, Capt. Ole Hvatum, under charter to the International Fisheries Commission for research work on the halibut grounds, arrived in port at 10:30 last night from Seattle, where the fishermen and scientific staff spent the Christmas and New Year holiday season, and after taking oil and otherwise outfitting, left early this afternoon for the Yakutat halibut banks to continue its tagging and other operations. In charge of the staff on the Dorothy this trip is F. Dunlop, Norman L. Freeman, local representative of the International Fisheries Commission, is also on board.

Position of Canada in The British Empire is Mentioned by Mr. Amery

British Secretary of State Visits British Columbia and Tells of His Mission to This Country

VICTORIA, January 6.—Hon. L. C. M. S. Amery, secretary of state for the Dominions in the government of Great Britain, arrived this morning on the steamer Aorang from Australia and was given an official welcome at Government House at ten o'clock.

Colonel H. J. Coghill of Ottawa extended greetings on behalf of the Dominion government and Senator Hewitt Bostock on behalf of the Senate.

Acting Premier Manson met the minister on behalf of British Columbia and Mayor Pendray for the city of Victoria.

This morning Mr. Amery visited the Observatory and Parliament Buildings. He was entertained at a private luncheon at Government House at 1 o'clock and this afternoon made a tour of the surrounding country.

In an interview with newspapermen Mr. Amery said the main object of his visit was to maintain personal contact between the component parts of the Empire. "Entering Canada through Victoria," he said, "made me realize that Canada was a great Pacific as well as a great Atlantic power. This tour helps me to realize that the British Empire is not a system linked up to Britain but a chain of commonwealths around the world, which are linked up to one another."

"At the last Imperial Conference," the "sator continued, "it was not the conditions we arrived at which were most important. The most important result was that for several weeks representatives of the various parts of the Empire were in one another's company and there was a realization that we all meant substantially the same things."

FOUR TEAM HOCKEY LEAGUE IS LIKELY FOR PACIFIC COAST

SEATTLE, Jan. 6.—The Post-Intelligencer says: "Seattle is to be placed back on the ice hockey mat. A team will represent this city in the Pacific northwest next season. Tacoma, Portland, Vancouver and Victoria, B.C., will likely be the other clubs in the new puck circuit. "Seattle's participation in the fast brilliant sport, was made possible today when a group of local business men incorporated under the name of the Seattle Ice Skating and Hockey association."

NAME A MOUNTAIN AFTER JOHN OLIVER

VICTORIA, Jan. 6.—Hon. Charles Stewart is favorable to naming a mountain peak after the late Premier Oliver, according to advices received here. He will recommend action on it to the Geographic Board.

LINDBERGH REACHES NICARAGUAN CAPITAL

MANAGUA, Nicaragua, Jan. 6.—Col. Lindbergh, the transatlantic flyer, who is making a tour of central America, arrived here yesterday in his plane from Tegucigalpa.

LATE TELEGRAMS

An unknown schooner is ashore on Escalante Reef on the west coast of Vancouver Island. The Giverchy and the Tofino lifeboat have gone to the rescue.

Michael Sweeney of Victoria is dead.

The Dominion cabinet refused clemency to Kenneth R. Bailey who hangs in Vancouver Monday for the murder of Charles Jury at Trail.

John Naim of Victoria died yesterday aged 69.

W. E. Burns was elected president of the Vancouver Bay Association.

HENRY RIVARD ON WAY SOUTH

Stewart Man Will Remain at Okalla Until Going on Trial Here for Killing of William Ritchie

Henry Rivard, Stewart rooming house and soft drink stand proprietor, who was committed for trial at the northern town by Subordinate Magistrate J. P. Scarlett on the charge of having murdered William Ritchie in his premises early New Year's morning, is being taken aboard the steamer Prince Rupert to Okalla prison where he will await trial for his life at the spring session of the Supreme Court Assizes in Prince Rupert in May or June. Rivard was escorted this far this morning by Inspector William Spiller and Sergeant Alex McNeill and was taken on south by Provincial Constable Robert Gibson of Port Eslington who also had in his charge J. McCoy, sent down here last week for six months for assaulting Roy Guss at Hazelton recently, as well as two Indian women from Hazelton who will do time for vagrancy.

MAX HEILBRONER BUYS ACREAGE

G. P. Tinker, through whose brokerage office the deal has been executed, confirms the report that negotiations have been practically completed whereby Max Heilbronner secures from the Grand Trunk Pacific Development Co., 796 acres of land between the city limits and Galloway Rapids along the new Kaien Island Highway. The price involved was not revealed. It is understood that Mr. Heilbronner may subdivide the property into summer resorts or truck farms, etc.

Offers have been made on a number of other parcels of G.T.P. Development Co. land, the most of which is now on the townsite, but Mr. Tinker states that, so far, none of the applications have been finally closed upon.

SEALS SEEN IN ALASKA WATERS

JUNEAU, Jan. 6.—Captain C. C. Graham of the steamship Admiral Watson, upon his arrival here yesterday from the westward, reported that he had passed a herd of 100 fur seals off Yakutat in the Gulf of Alaska. This is unusually early in the year for seal herds to be seen in northern waters. Usually they migrate north from California in March.

MINISTER TO FRANCE

It is unofficially announced that the government is likely to appoint a minister to France as well as to United States. That is another step forward in asserting the independent position of the country as a unit of the British Empire, equal in status to Great Britain. It is the natural step for the government to take for a large section of the people of this country is of French extraction. It is something that will help to knit together the English and French people, tending to a general unification and therefore a step toward increasing the probability of world peace.

DISCUSSION AT OTTAWA

Premier MacLean has arrived at Ottawa to discuss with the Federal Government matters which are likely to be implemented in legislation at the forthcoming session of the Dominion House.

The Premier and Attorney General were in Ottawa only recently and laid the case for British Columbia before the other Premiers and also before the Federal ministers on a number of questions. He returned and was preparing for the B.C. session when he received a rush message to come again to Ottawa. Giving up his Christmas celebrations and cancelling many important engagements he left at once and it is to be hoped that the visit will be effective in beneficial legislation.

THINKING BIG THOUGHTS

A letter contributed by a correspondent reminds us that the scope of our ideas has been wonderfully extended during the past few years. We have broken through the bonds of nationality toward a world federation and we have learned to look far beyond the confines of this planet and speculate as to what is beyond. The universe is immense and we have scarcely begun to learn things. The time may come when man will have charted the heavens and will have established communication with other planets millions of miles distant. Every year astronomers are increasing their knowledge and everything they learn increases their idea of the immensity of the universe and the smallness of ourselves and the planet upon which we dwell. It is well now and then to consider these matters for they broaden our outlook and cause us to be bigger in our ideas and more tolerant of little things and little people.

LOOKING FORWARD

At this time of year we are trying to look forward instead of backward. We have to some extent marked time in the past but we expect to make progress in the future. We somehow feel progress in the air. It pervades us. Outsiders are expecting it of us.

We must make progress mentally as well as physically. We must learn to constantly change our viewpoint with changing conditions and increased knowledge.

Some people as they get older live in the past and refuse to recognize that the world is changing, developing, evolving. They see changes come and resist them as long as possible. What we need is to so adapt ourselves that we can adjust our mentality from time to time, refusing to be tied or bound by any of the old dogmas that hold us back but instead, keep ourselves in tune with the times. That is the way to live long and usefully.

Man in the Moon

ONLY one more day this week, so make the most of it folks.

THIS is a good time to count the ballots. They may be quite different next week when the box is opened.

SOME people are mostly legs, some are all brains, some feature their hair and then there are others who are all voice.

IF we did not export so much of our raw material we might pull more of that raw stuff.

IT'S not often you hear much about which is the best cellar nowadays.

NOW that the new year resolutions are pretty well all busted we are once more getting back to normal.

THE day was cold
The wind was chill
And then he got
The coal man's bill.
AND I tell you it made him a gosh darn lot colder when he realized how much he had to pay.

HONESTY is the trump card. Play it every time.

MY sweetie has a lovely mouth
A shapely Greek proboscis
But sad to say she suffers from
That dreadful halitosis.

YOU may have heard about the man in Seattle who got a bottle labelled King George Scotch for a Christmas present. When he had tested it, all he could do was sing "God Save the King."

IT seems that two young things were in love and wanted to get married. But both of them died before it could be arranged. They met in Heaven and the young man made overtures to St. Peter about a wedding. Pete said he'd see. But for a long time nothing happened. The boy tried again. Another time lapse. Finally Heaven's messenger returned sorrowfully and reported that it couldn't be done, as no ministers had been enrolled on the Celestial list up to that time!

JANUARY 6, 1918

The tug Lorne, recently purchased by the G.T.P. Steamship Co. for service between Prince Rupert, the Queen Charlotte Islands, Swanson Bay, Anyox and other nearby points, is expected to be ready for operation in about 10 days' time. The vessel has been practically rebuilt and her machinery has been thoroughly overhauled.

Fred Stork, elected in the home vote of the federal election, is in receipt of congratulations from his old home in Fernie on being the only Liberal to be elected in British Columbia.

W. E. Thompson, secretary of the Trades and Labor Council, writes a letter to the press repudiating an article appearing recently in the B.C. Federationist which declared that there was a strike at the local dry dock and that the attitude of J. H. Pillsbury, the manager, was "domineering and arrogant."

TERRACE APPRECIATIVE.

Terrace, B.C., Jan. 4, 1928.

Editor, Daily News.
At the meeting of the Council of this Board held on Tuesday night cordial approval of your leadership in a recent issue conveying congratulations to Terrace on reaching the status of a village municipality was voiced by the members present, and I was instructed to convey to you the thanks of the Council for the kindly tone of the article in question.

Having set the ball rolling to secure incorporation this Board has watched its progress with keen interest and has determined to celebrate its consummation by means of a public banquet. We will celebrate all the more joyfully from a consideration of the evidence that our neighboring towns and villages wish well to this pleasant little valley.

UNIVERSAL LOVE A MESSAGE FOR NEW YEAR.

Editor, Daily News.
In these days we talk glibly of universal this or universal that, but how seldom do we stop to consider the immensity of the real meaning of the word Universal.

It is only within the last few centuries that the mind of man has been able to conceive of a universe of which our Solar system is but a part. Think of the ages upon ages which had to pass before human mentality was strong enough to grasp such a conception.

It was not until the latter part of the fifteenth century that a man in Genoa was receptive to a God given thought that was to revolutionize the thought of the world. Up until this time men had sent their thoughts westward as far as the Spanish Main, and back eastward as far as India and back. And this man said, I will project my thought into space and will encircle the

world, and return to me the other way around, and how the people laughed! The thought was too large for them; their minds were not ready to comprehend it. And Columbus lived to fulfill his mission.

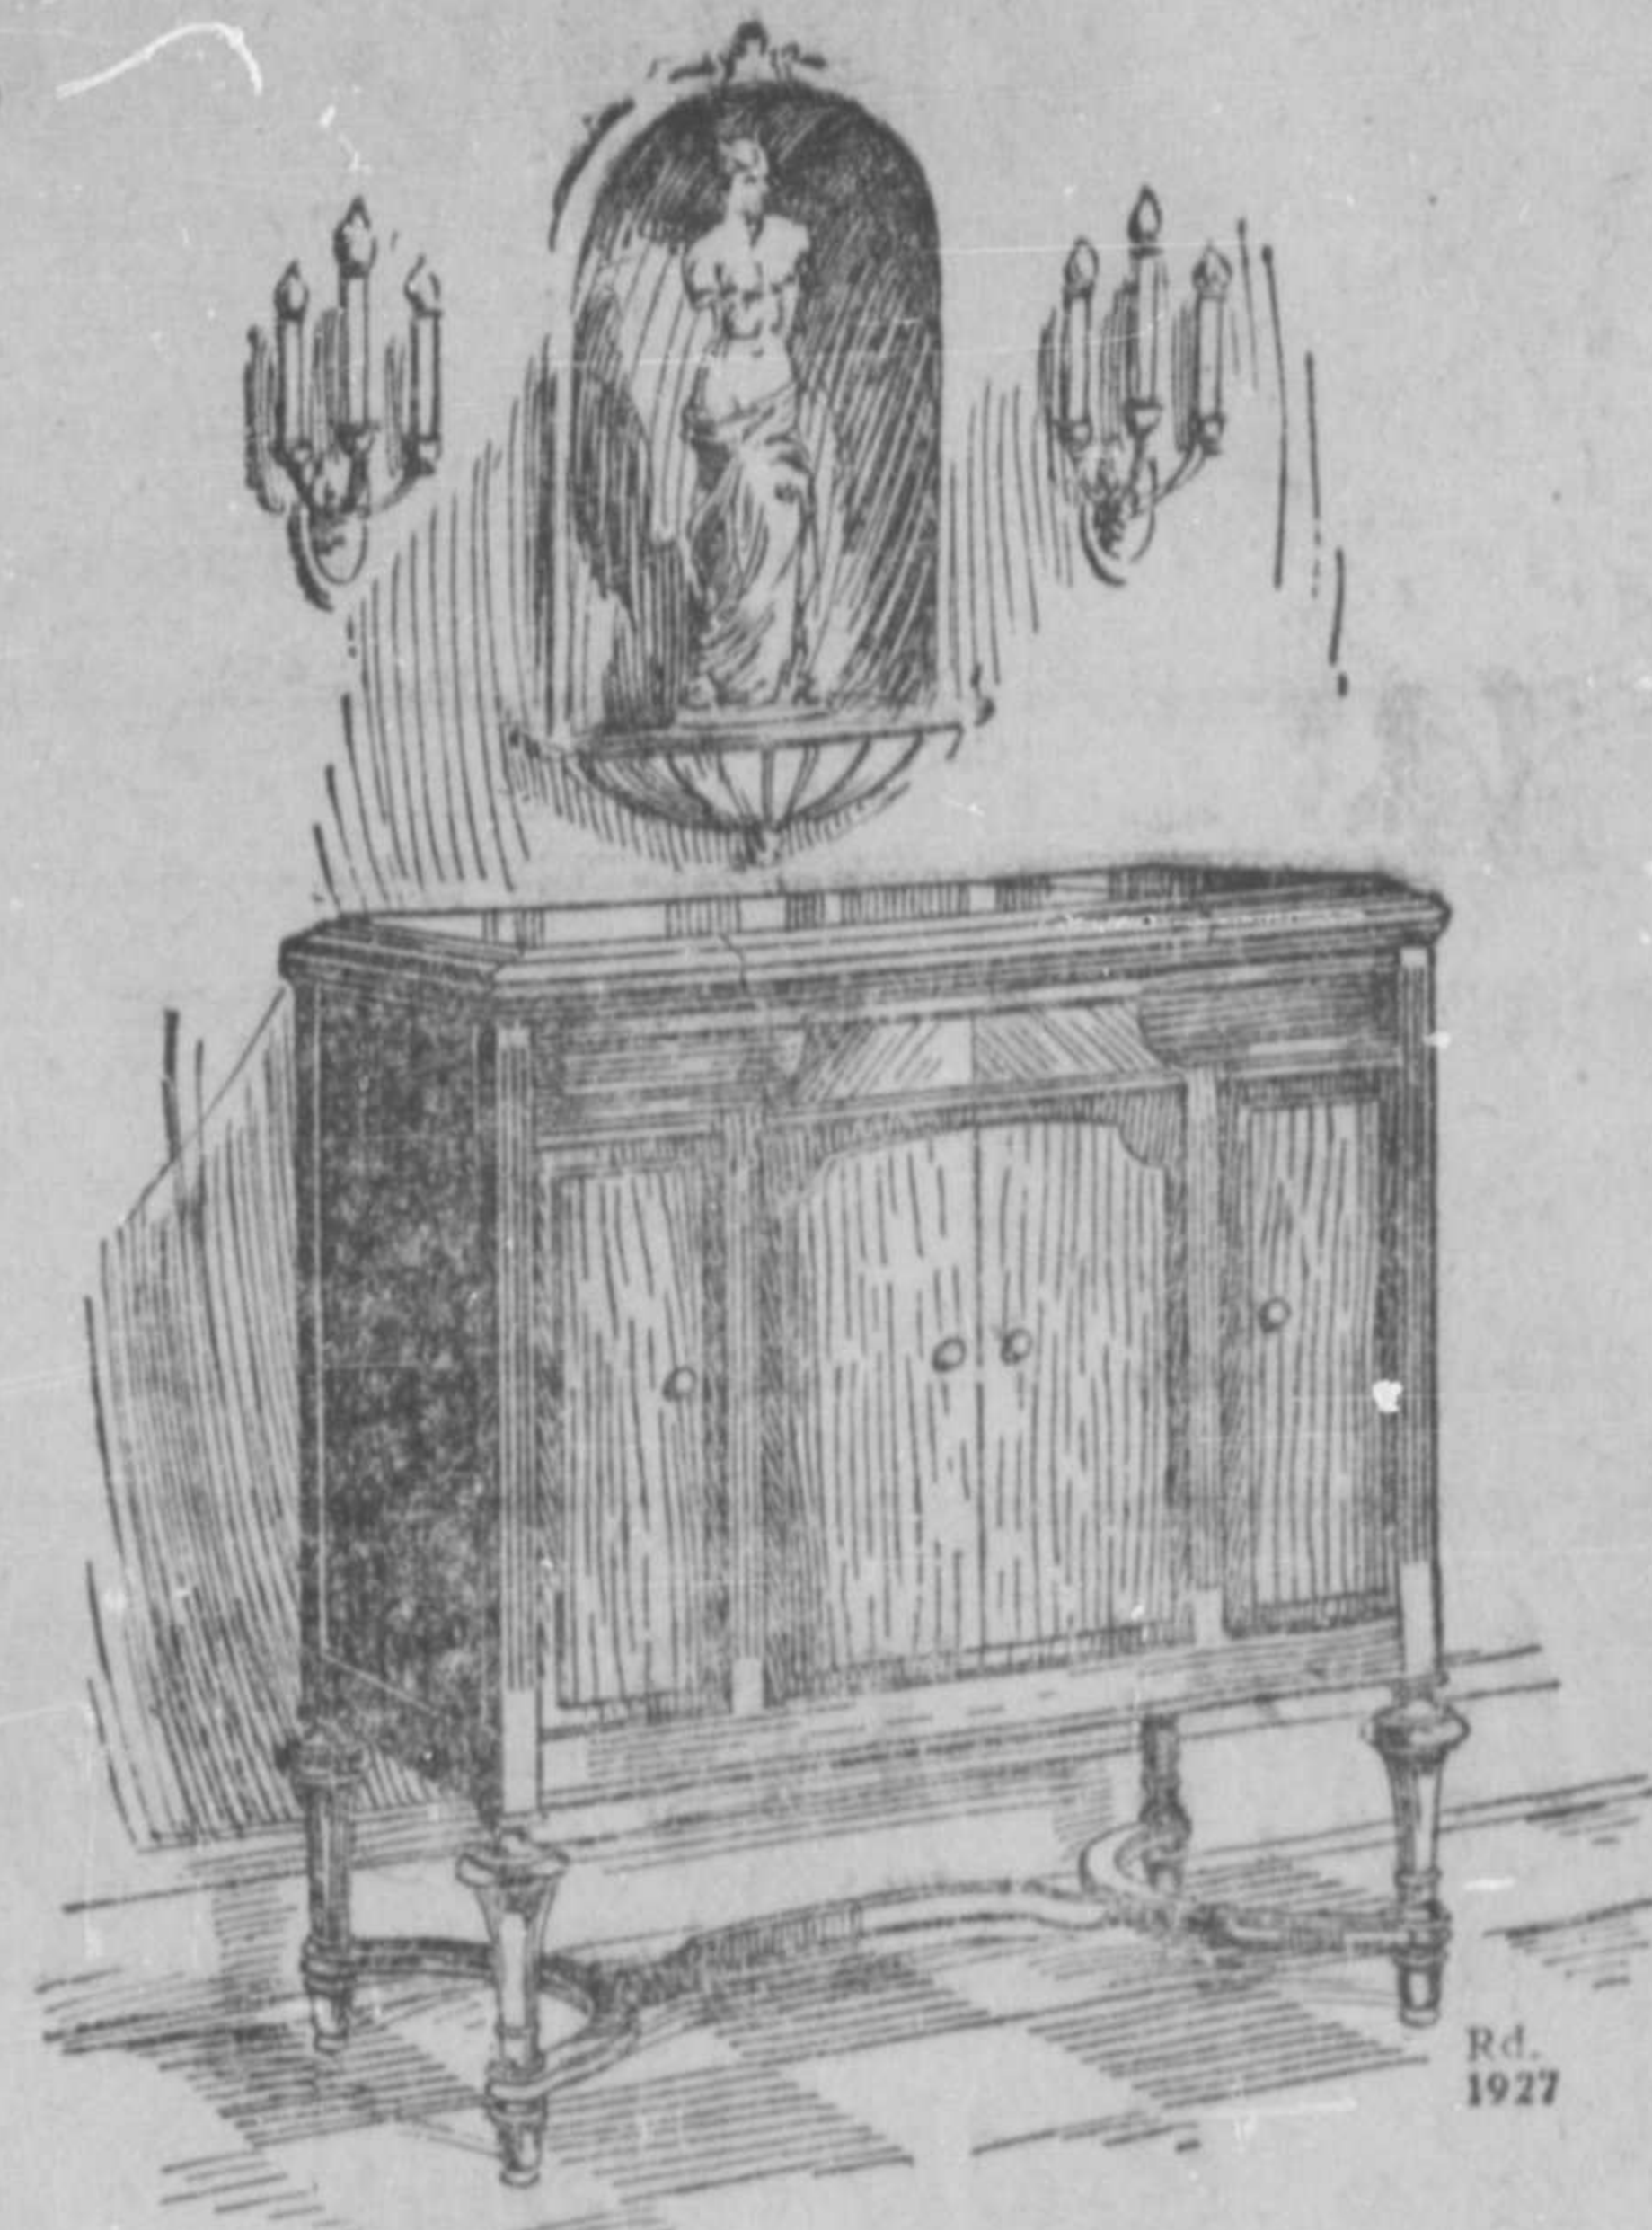

The great thought he had conceived in his mind was only his realization of a fact—a truth that has always existed. Thus truth is and always has been; but not until we are able to grasp its meaning will it be revealed to us.

MUST IGNITE SPARK
New thought believes that the whole round world is floating in an ether of Universal love or God love; but universal love is like electricity or any of the other great forces that surround us. In order to generate it we must first ignite the spark within our being. We must get into touch with God. Then we are able in the twinkling of an eye to send our individual thought of universal love around the entire earth returning to us the "other way round." It has completed the magic circle of love and contains within itself every living thing upon the globe.

If upon waking each morning every one who recognizes this New Thought wave would encompass the planet he inhabits with Universal Love circle, we would soon revolutionize the thought of the world.

"I hear Myself Sing!"

—says Gigli—the great operatic tenor—of his performances—as he hears them on the new Orthophonic Victrola.

Above—four short, simple words! What a wealth of meaning they hold! For a great artist does hear himself sing on the new Orthophonic Victrola. He hears himself as you may hear him,—his highest notes pure and clear; his lowest intonations full and deep in their rich resonance.

The voice is perfect as in life, the instrumental music which accompanies, is like the back-

ground in a beautiful relief, exactly in its proper relation. So it is in hearing all music on the new Orthophonic Victrola with its Victor-controlled principle of "Matched Impedance" or "smooth flow of sound".

Classic—yet beautifully modern in design—and convenient are these instruments. Electrically operated (no winding) at slight additional cost. Instrument stops when the record stops. Models from \$1400 to as low as \$115 on convenient terms from all His Master's Voice Dealers.

Dale Pitt, manager of the Premier Mine, was a passenger on the Prince Rupert this morning bound south on business. Accompanying him was his daughter, Miss Elizabeth Pitt, who is returning to her studies at Tacoma after having spent the holiday season at home.

F. H. Taylor, discoverer and operator of the famous Topley mine as well as other mining properties in the central interior, arrived in the city on yesterday afternoon's train, accompanied by Mrs. Taylor, and sailed this morning on the Prince Rupert for Vancouver and other points in the south on a month's business trip.

There was an enthusiastic crowd of local youthful basketball players at the government wharf yesterday afternoon to give the Ocean Falls team an enthusiastic send-off as it left on the Princess Mary returning home, following the inter-High School series here. The boys from the paper town made the trip here in charge of William Penderleith.

At the Rotary Club luncheon yesterday at the Commodore cafe, James Cade of Camrose, Alberta, member of the Rotary Club at that point, was a guest. He emphasized to the club the value of the Peace River and the desirability of a sweater outlet to Prince Rupert. City Engineer McLean gave a brief address and vocal solos were rendered by Mrs. Jarvis McLeod and S. A. McPherson. Colonel J. W. Nicholls presided.

C.P.R. steamer Princess Mary, Capt. Arthur Slater, southbound from Alaska ports to Vancouver and Victoria, arrived in port at 2:15 yesterday afternoon from Ketchikan, sailing at 3 for Ocean Falls. Passengers arriving here from Alaska on the Mary included Michael Busen, Mr. and Mrs. Murdo McDonald, Miss Sarah McDonald, Miss Nellina McDonald, Mrs. Helga Johnstone, James C. Langley, Phyllis Brudie, Mrs. Florence Hicks, Mrs. Jeanne Stewart, John A. Freeman, Marcus Peterson, Mrs. Mary Lawler and Mrs. Elsie Prince. The vessel had a total list of about fifty passengers bound south.

social meeting. The Ladies' Aid of the congregation provided tea for nearly two hundred people. After tea was served the school children rendered a fine program of Christmas carols reflecting great credit on their teacher, Miss L. Morris. The Kispiox Band played four selections of Christmas music under the leadership of Joe Starr, while the choir sang two selections, "The Lord is King," and "Silent Night," with Moses Morrison as conductor and Walter Scutter playing the accompaniment.

At the end of the program a fine Christmas tree was given when over sixty children were made happy with gifts.

During the evening an offering was taken up for the M.E. Band when over one hundred and sixty dollars was raised for church purposes. The Rev. Mr. Young, Hazelton, and Mr. and Mrs. Tomlinson, old friends of the congregation, were present and added much to the success of the evening.

The minister, A. A. Burrett, after expressing his gratitude for the generous response, closed with the Benediction.

Romance of Matches, Apples and Oranges Seen in Market Report for Week Just Released

Matches, oranges, milk and apples are the only four commodities in which there is anything interesting in the survey this week of the local stores. Matches are up ten per cent already with promise of further increase, which is of interest to those people who are said to smoke matches, from the number they strike with an empty pipe. And this season the biggest oranges are the cheapest. And the wholesalers are not giving the retailers the hundred case price on milk unless they take a hundred cases from now on. And the new Control Board is not releasing apples to the merchants by the brand. The merchant has to take apples now as they come, whether Newton Pippins or any other kind. Apples is apples! And none too plentiful.

UNDER ONE CONTROL
Now about matches. It is interesting somewhat. One of the prominent business men of Canada, wealthy, and a bachelor, formerly had the control of the Eddy Company. He took a trip one day and hardly any but his immediate associates knew he had been away until he was back, when he was recognized by some smart reporter coming off one of the trans-Atlantic steamers. And now all the Canadian match manufacturing firms are united under one control, that of Old Country capital. Now in Europe, the Swedish Match Company practically controls the match business. They make these cursory matches you get in France, where the match business is a government monopoly. They make better matches for the British market. And those who bought them in town during the last month or so, know what kind of matches you get in Belgium. And now the first result to the public of the visit of this gentleman to Europe, incognito or otherwise, is a ten per cent increase in the price of matches and the promise of further increases to come. Can you match it?

The orange groves collectively and the orange trees individually have been behaving well this season and have refused to grow small oranges. The growth has been so regular that most of the small oranges have become big ones. Apparently there are lots of people who like small oranges for there is a certain demand and with the scarcity of the small sizes, they are the highest in price this season. So if the big ones are as good as the small ones, all will be well. Of course, everybody has been disappointed with an orange once in a while. The big one, while looking juicy, wouldn't be, and the good little boy who took the small one got all the vitamins.

PRICES DECLINED
The price of oranges has declined somewhat from the opening peak limit, although not as low as many merchants expected seeing that prices are today

SPORT CHAT

With the schedule for the second half of the season in the cribbage and whist leagues now issued, plans for the completion of the indoor winter sporting season in Prince Rupert are well under way. The billiard schedule will, doubtless, be out in a few days as well as that for the all popular and more active sport of basketball in which, as a result of a high standard of play during the fall, great interest has been awakened. Some interesting badminton contests are also being planned for this latter part of winter and early spring. All in all, it promises to be a very attractive and successful season.

Windsor (Ontario) promoters have invited Tex Rickard to hold the next world heavyweight title bout in that city. When the second-flight heavies have decided who's who, the survivor will be matched with Tunney. That is the contest sought by the Windsorites. Freedom from "exorbitant" taxes is the inducement at the moment. This is not the first occasion on which United States promoters have been interested in conducting titular contests on Canadian soil, but Montreal has had the call heretofore. Toronto, too, has been mentioned, but there is little or no likelihood of a heavyweight championship battle being held there. Rickard has been invited to visit Windsor in Jan. 24 to investigate the whole matter as suggested by the Border Cities enthusiasts.

Georges Carpentier, the French heavyweight champion, who for the past few years has been finding the dancing floor more appealing than the boxing ring, has just refused a challenge from Bouquillon, the new light heavyweight champion, for a battle for the title. According to the man who was defeated by Jack Dempsey at Jersey City, Bouquillon, although a good boxer, is not qualified to be the champion, as he is not really a heavyweight. "As for me," Carpentier said, "I had almost forgotten that I am the champion, but I am willing to give up the crown. Let the French Boxing Association decide who is to succeed me. It's their problem. This doesn't mean that I have given up boxing for good, for some day I certainly hope to put on the gloves again and try to stage a comeback but not for a while at least. It takes too long to train for one thing, and the new profession, which I like even better than boxing, at least for the moment, takes up all my time."

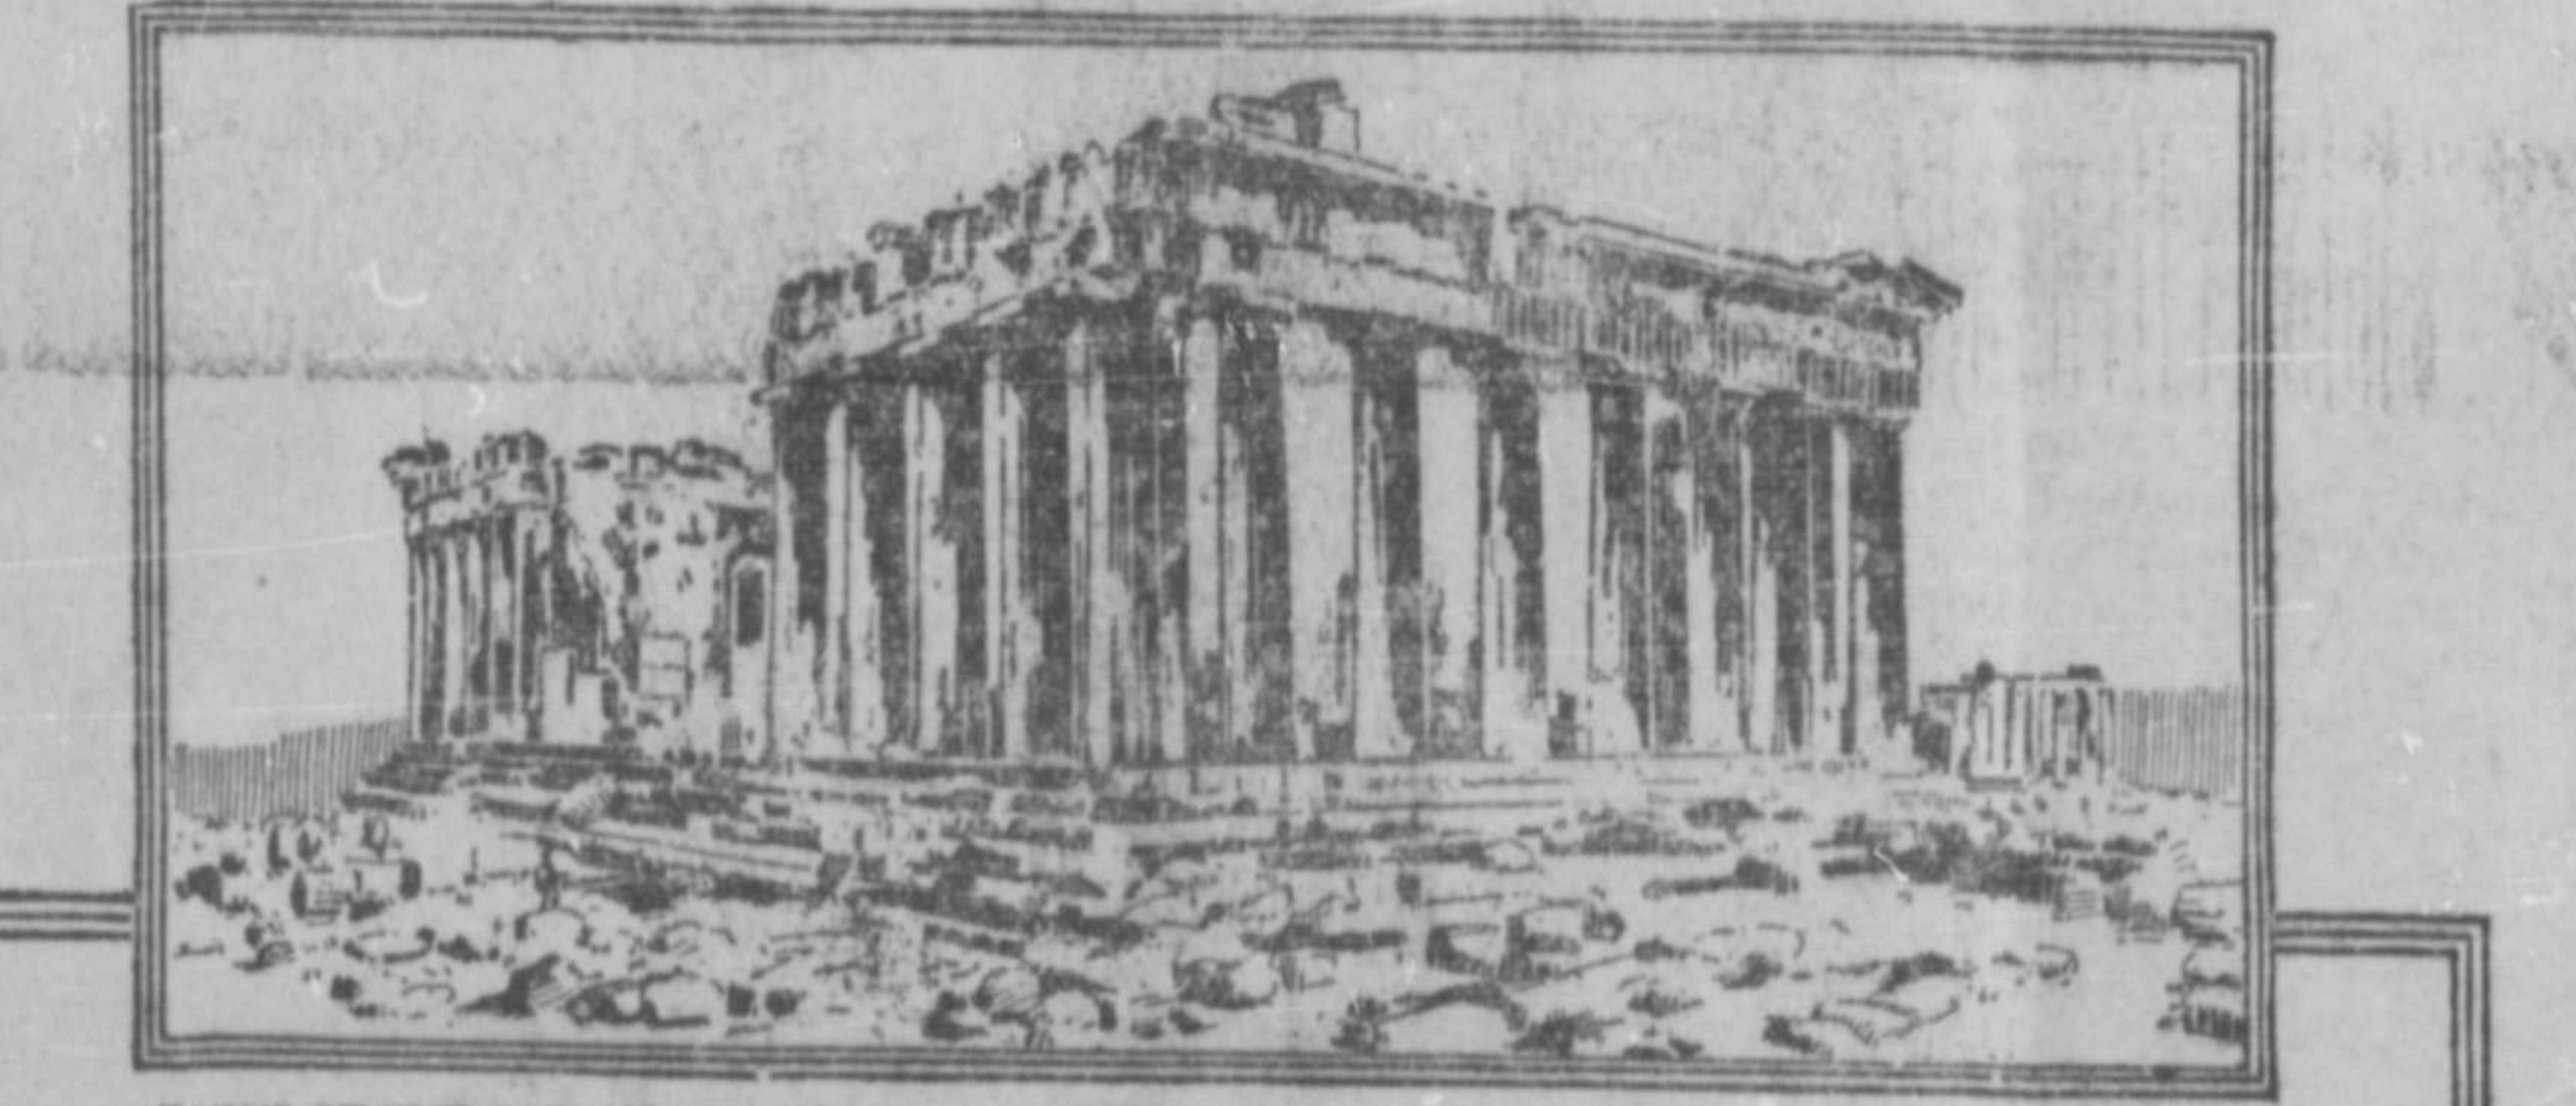

LABOR COUNCIL HOLDS MEETING

Frank Derry and George Casey Endorsed as Aldermanic Candidates—School Board is Criticized

At an exceptionally well attended meeting last night, with the president, S. D. Macdonald in the chair, the Trades & Labor Council discussed and adopted a number of resolutions presented to it by the executive. Included in the matters taken up were maternity insurance, minimum wage for boys engaged in unskilled trades, one day rest in seven for labor generally and the renewal of the Dominion government's ten year grant for technical education which has now expired. The resolutions will be submitted to the provincial cabinet at a meeting of the British Columbia executive of the Trades & Labor Congress of Canada which will take place in Victoria on January 24 and which will be attended by S. D. Macdonald as the local delegate.

The council also discussed the municipal election situation and endorsed Frank Derry and Ex-Ald. George B. Casey as aldermanic candidates. Considerable opposition was expressed to the policies of the present board of school trustees and the executive was instructed to draw up a slate of candidates with policies of a more favorable nature. The council took no official stand in connection with the mayoralty contest.

In the course of the meeting, the chairman paid a personal tribute to Ald. Larsen who is retiring from the council

Address of M. M. Stephens to Electors of Prince Rupert as Candidate for Office of Mayor

To the Electors, City of Prince Rupert:
Having offered myself as candidate for the office of Mayor, and on account of my enforced confinement to the house during a portion of the campaign through temporary illness, I find it impossible to call personally on the electors and take this means of stating what I shall attempt to do if elected.

I shall do my utmost to promote the interests of the people of Prince Rupert at every opportunity and particularly the following:

To improve the credit of the City by an economical businesslike administration of its affairs;

To endeavor to reduce the bonded indebtedness of the City, and to refrain from all further borrowings except what is absolutely necessary until our civic debt is reduced to the point where our bonds will command a fair price in the open market;

To assist in every reasonable way everything tending to give rail communication between this port and the Peace River and Northern Alberta districts. This is the logical and natural port for that vast empire and the one desired by it;

WILL URGE HIGHWAY
To urge haste in the completion of a highway between this Port and the Interior of B.C. Such a highway would not only be the means of creating a large degree of development in the Interior but would bring thousands of tourists to Prince Rupert. Vancouver estimates that one million tourists left more than thirty million dollars in that city last year, and we might well expect a proportionate amount from this source besides the general growth and development that would follow development of the fertile districts of the Interior;

To press the City's claims for the selling of Block 21, Section 1, commonly known as the Government Block, so that the City can collect taxation now lost to it through government exemption. The disposal of this block would have the effect of reducing taxes and would permit the business district to develop naturally and compactly, and consequently economically. At present it is serving no very useful civic purpose;

To develop, if granted as announced, the strip of waterfront at the foot of McBride St. to afford a more convenient means for the transfer of both people and merchandise to and from the mosquito fleet than is at present available;

To keep fresh before both Provincial and Dominion Governments the great necessity for proper protection for the fishing and mosquito fleets, the lack of which is today causing property loss to fishermen and consequent business loss to the residents of the City.

DEVELOPMENT OF POWER
To encourage in every possible way the development of power in the nearby district with a view to eliminating losses necessitated through the use of a steam plant in our power system. Power is essential to the normal development of the City and the City's credit does not warrant embarking on construction of a plant sufficient for the needs of the present and the near future.

Four years ago our mill rate was 40 mills, last year it was 50 mills. Four years ago the year was commenced with a surplus and last year we started with a deficit. This will surely convince us that it is time for a policy of rigid economy. At our present rate of spending and with our present indebtedness there is little hope for a reduction in taxation. We are dangerously near the point where land values will not support the demands of taxation, and to tax improvements is undesirable and I fear for the success of some of our employing industries, particularly those dependent upon the fishing and the lumbering industries, which are barely getting by at present. It would be a calamity to force these out of business through taxation and rigid economy seems the only means of prevention.

If what I stand for appeals to you and my record of several years in the council is satisfactory, I respectfully request your vote and influence, and if elected promise to fearlessly attempt the fulfillment of every duty in the interest of the City of Prince Rupert.

Yours sincerely,
M. M. STEPHENS.

Rev. I. Johnson called yesterday afternoon on the Princess Mary for Seattle.

TERRACE

Miss Gladys Kenney returned to Prince Rupert on Tuesday after spending her vacation at her home here.

As a result of the fire at F. C. Bishop's on Sunday some of the main light wires were burned and the town was without light all Sunday night and Monday. Repairs were effected during Monday evening.

The regular New Year's ball which was to have been put on by the Canadian Legion was called off owing to the uncertainty of the lighting system. An impromptu dance was arranged, however, and a good time enjoyed by all who attended.

Miss Halliwell, who spent the Xmas vacation at her home here, returned to Prince Rupert on Sunday.

Miss Esther Moore who returned last Saturday from a holiday trip to Vancouver and Seattle, and who has since been spending a short holiday at her home here, returned to Prince Rupert on Tuesday.

A Holmwood, public school principal, returned on Tuesday after spending his vacation in Vancouver and Salmon Arm.

Tuesday morning was so cold and stormy and so few pupils turned up at school that it was decided not to carry on that day and the pupils returned home.

A special meeting of the Temporary Commissioners appointed at the time the incorporation of Terrace was asked for, was held early in the week when the powers of incorporation granted by the government were confirmed. J. K. Gordon was appointed chairman, with H. Halliwell as clerk to act until an election.
