A few local districts through Manitoba Saskatchewan report signs of red rust but no where has there been any damage.

Serious damage from hail is reported in a few local districts in southern Saskatchewan, mostly south and around Weyburn, while in some places the damage is heavy to the individual farmer, yet the acreage is not great and will not materially affect the crop on the whole, while weather conditions at the present time are favorable for the development of rust. Up to the present there is very little sign of any rust and, with dry weather for the next couple of weeks, trouble from this source will be pretty well over. Present indications are that the harvest will commence at least two weeks earlier than last year. Haying is now in full swing and is reported as being an excellent crop in all districts.

ATLIN RIDING NOT DECIDED

POLLS REPORTED TO DATE GIVE KERGIN SMALL MAJORITY

With the polls not yet completely reported and both sides claiming the victory, the election race in Atlin riding between H. F. Kergin, Liberal, and T. W. Falconer, Conservative, appears to be still very much in doubt. Tabulation of figures received here to date give Kergin a narrow lead. Reports received here that either one side or the other has conceded the seat are believed to be misleading. The probability seems to be that unless one of the candidates gets a decided margin in the few polls that have yet to report, there will have to be a recount to definitely settle who is the winner.

CABINET TALK RIFE IN SOUTH

GOSSIP SETTLES SOME PORTFOLIOS BUT OTHERS ARE IN DOUBT

VICTORIA, July 23.—All prognosticators seem to be agreed that R. L. Maitland, youthful Vancouver barrister, will in all probability be the new attorney general in the Tolmie government and there is also agreement on Joshua Hinchcliffe of Victoria as minister of education, W. C. Shelley of Vancouver as minister of finance, Dr. L. E. Borden of Nelson as provincial secretary and minister of health and W. A. Mackenzie of Similkameen as minister of public works. Those close to Dr. Tolmie say there is no doubt that W. C. Shelley will be offered the finance portfolio but there is not so much certainty that he will accept it on account of his extensive business interests and financial ventures from which he would virtually have to retire if he went into the government. On the other hand, he is no doubt, the most experienced man in financial affairs among the Conservative members-elect. Falling Mr. Shelly taking the portfolio, T. H. Kirk of Vancouver is mentioned by many as a possible finance minister. The name of J. W. Jones of South Okanagan is also heard in this connection.

"Pat" Maitland, despite his youth, is the general favorite for the post of attorney general though R. H. Pooley, former Conservative house leader and long a member of the legislature, for Esquimalt, is also mentioned. Though Mr. Pooley is not as popular throughout the province as he is in his own riding, it is generally felt that some reward is due him for the yeoman service he has given his party. He is being especially boosted as a possible provincial secretary.

With Dr. A. M. Sanford of New Westminster defeated, there is little opposition in Conservative ranks at least to the mantle of minister of education falling upon the shoulders of Joshua Hinchcliffe, already eight years a member for Victoria.

Nels Lougheed is considered the favorite for the portfolio of minister of lands though W. F. Kennedy of North Okanagan is also spoken of. The only handicap in the latter's way is that too many cabinet positions could not go to the Okanagan district whence J. W. Jones and W. A. Mackenzie already come. If Dr. Tolmie separates agriculture

from his Premiership, it is possible the portfolio may go to William Atkinson, an experienced farmer who defeated the former Liberal minister of agriculture, Hon. E. D. Barrow, in Chilliwack.

The only prospective rival for the public works portfolio against W. A. Mackenzie of Similkameen appears to be R. W. Bruhn, the naturalized Scandinavian, of Salmon Arm.

With both N. A. Wallinger of Cranbrook and T. W. Falconer of Atlin defeated, there is much speculation as to who will be given the mines minister-ship. J. H. Schofield, the dean of the legislature from Trail, has some claim to honors and it is possible he may get this post although he has never been an outstanding legislator. It is more likely, however, that Dr. L. E. Borden of Nelson will receive the portfolio.

Dr. Tolmie is known to have expressed the opinion that there should be a separate ministry for labor. Adam Bell of Revelstoke and Capt. M. McLean of Fernie are understood to have been slated for this portfolio but both were beaten. There is considered a possibility that C. F. Davie of Cowichan-Newcastle might be offered the portfolio. He has interested himself a good deal in Oriental exclusion.

For the important position of Speaker a number of names are mentioned including those of F. P. Burden, Fort George; Col. C. W. Peck, V.C., the Islands; Col. Fred Lister, Creston; Michael Manson, Mackenzie. This is also the post where many friends of J. H. Schofield of Trail would like to see him placed.

Meantime, cabinet speculation is rife but Premier-elect Tolmie is silent on the matter. He has said that he will not make any announcements until he has been formally called upon to form a government, possibly after August 8 when the official counts are made.

PUT THE NEWS IN EVERY HOME, CAMPAIGN PLAN

TWO AUTOMOBILES AND CASH AWARDS TO BE GIVEN TO THOSE WHO HELP IN THIS PURPOSE

"The Prince Rupert Daily News in every home in this section." Presenting a dazzling array of awards, the Daily News announces the inauguration of the most stupendous automobile and cash campaign conducted in this section. And the purpose of the whole gigantic gift distribution is the placing of The Daily News in every home in this section.

More than \$4,000 in gifts, including two of the latest model enclosed automobiles both purchased from local dealers; hundreds of dollars in cash prizes. In fact, just as many gifts as there are active participants will be distributed among the men and women and boys and girls of this territory within the next few weeks by The Prince Rupert Daily News. It is predicted that the greatest gift distribution—the liberality of which surpasses any previous attempt in this section—will be the most successful in the annals of newspaperdom in this vicinity.

RED TAPE ABSENT There is to be no red tape connected with the campaign. The prizes—cash and automobiles—are to be distributed absolutely free. Any man or woman, boy or girl, married or single, residing in this vicinity is eligible to secure one of the gifts. It is not even necessary that the candidate or participant be a subscriber of The Daily News. And every active participant is absolutely guaranteed a CASH gift or one of the big enclosed automobiles, according to the rules of the distribution.

Nor does it cost a candidate one cent, either now or later, to participate and secure any of the gifts.

The only stipulation that The Daily News makes in connection with entrants is that no employee in the office of The Daily News or members of their immediate families can enter.

The liberality of The Daily News offers the act that everybody wins something and the ease with which even the biggest of the gifts may be won—just a little earnest application and vote-getting during spare moments will do it—is expected to create considerable interest among our people, and there should be many entrants. The character and the class of the automobiles and the fact that EVERY one who actively participates will win a prize is expected to attract candidates from every section of the territory of which Prince Rupert is the hub.

Anyone would be proud to own either of the automobiles which The Daily News is giving YOU the opportunity to win free. And anybody can certainly use any of the sums in CASH which The News will distribute to those who do not win either of the two prize cars. To become a candidate in the gift distribution is an easy matter. To win, even the biggest of the cars, is just as easy, if you apply yourself during spare moments.

NOMINATION BLANK Elsewhere in this issue there appears in entry or "Nomination Blank" which when properly filled out and mailed or brought to the campaign department of The Prince Rupert Daily News will start you in the campaign with 5000 votes. Additional votes are obtained in two ways: One by clipping the free vote coupon which will appear in every issue of The Daily News, and the other by obtaining new and renewal subscription payments, the number of votes depending on when it is turned in and according to the length of the subscriptions. Each free voting coupon now will be good for 100 votes, and must be brought or sent into the office of The News before expiration of the date printed hereon. Thus it will be seen that the nomination blank, together with 10 of the free coupons clipped from The News will start a candidate right off with 6000 votes. Full information as to how to start will be furnished upon request or receipt of the nomination coupon.

It makes no difference where a candidate resides, so far as his or her chances of winning a car or a cash prize are concerned. The distribution of the automobiles and all the CASH prizes has been so arranged that each candidate will have an equal opportunity. The campaign department is located in the second floor of The Daily News Building, 243 Third Avenue, Prince Rupert. The phone number is 843 and the campaign office is open from 9 o'clock each morning until 8 o'clock each evening.

CHINATOWN SECRETS DISCLOSED IN NEW MILTON SILLS FILM

The habits of Orientals who live in their own quarters in American cities are always of interest to the Occidental mind. San Francisco's Chinatown has always been a Mecca for tourists, and the same in New York, where Mott, Pell, Deyers and other streets are given over to the rabbit warrens and narrow doorways affected by the Celestials.

Such scenes afford much of the background for "The Hawk's Nest," Milton Sills' latest First National Picture Theatre tonight and tomorrow. Rival factions among the crooks of a big city, wherein the Chinese are involved, afford glimpses into the strange underworld. Contrasting scenes show night clubs and private homes, gorgeous or stately as the case may be.

Benjamin Christensen directed the picture which gives Sills a characterization in his role as the mysterious "Hawk"—leader in the shadowy precincts. Doris Kenyon has the feminine leading role.

DIX ROMANTIC MEXICAN DON IN "GAY DEFENDER"

From the cool patio, centre of his hacienda, a Spanish don ruled a sun-drenched California rancho. Serene and peaceful, life flowed smoothly under his gentle guidance.

There was, however, one irritation for the old aristocrat. He could not get his nephew and heir to shoulder the responsibilities that were his. "You are but an indolent glutton player," the old man exploded. But his words drew only shrugs and lazy smiles from the youth. Life was too pleasant—why should he worry about administration of the rancho's affairs?

Especially when he was busy wooing the American girl, whose father was commissioner for the United States in the newly acquired territory. That was youth's business.

But suddenly the peace was shattered. Crime and violence entered the life of the native Mexicans. Gold discovered near the rancho, drew desperadoes and ruffians as buzzards to carrion. Thefts on the rancho. Pistol shots at night. Drunkenness in the village cantina. Violence and oppression to the natives. Finally, murder of the Commissioner himself, with the crime charged against innocent youth.

His home burned, his sweetheart turned against him, his people oppressed, his gold stolen, the youth was transformed into a terrorizing, night-riding bandit—the savior of the people and missions and the scourge of the Americans. How he checked—the Gringos' depredations, brought peace to the riotous rancho and finally delivered the real murderer to justice to win back his girl is the climax of the youth's story.

Such is a sketch of the plot of "The Gay Defender," Richard Dix' new Paramount starring picture which comes to the Westholme Theatre Wednesday and Thursday. Dix portrays the youth a character drawn from early California history and based on the colorful exploits of the Mexican bandit, Joaquin Murrieta. Thelma Todd is the American girl, and red Kohler, "wolf of the screen" the villainous American.

LILLIAN GISH STARS IN NEW PRODUCTION

ROMANTIC SCOTLAND COMES TO SCREEN IN M-G-M'S "ANNIE LAURIE."

"Annie Laurie," Lillian Gish's new Metro-Goldwin-Mayer starring vehicle comes to the Westholme Theatre at the end of the week.

It is a mighty story of the fierce Highlanders, in their wars, their clan feuds, their hates—and their loves. They lived—did those sturdy Highland folk—and got the most out of life. They fought as no others did—their heroism gave the world such examples as Bruce and Wallace. Their romance has echoed down in Burns' and in Scott. Their songs were sweet—their warfare grim.

Lillian Gish plays Annie, the historic daughter of Sir Robert Laurie, in the story of the Glencoe Massacre. As the Scottish heroine who inspired the famous song, she enacts the role of a Scottish Joan of Arc in a mighty spectacle. Thousands of bearded Scots, in tartans and plaids, battle in the rugged Highlands. Stately castles rear their towers amid the heather. Through a mighty epic of warfare

Ten Years Ago in Prince Rupert Large numbers of men are in the city from Anxox where there is a strike on over non-payment of a bonus consequent on the increase in the price of copper. A box containing war trophies has arrived from Lieut. Col. Peck and these will be on display in the city hall. The second battle of the Marne has caused a big German retreat and the French claim 20,000 prisoners. The engineers at Seal Cove sawmill were refused their demands for an eight hour day and were permitted to return to work on Saturday at noon. Young Joe Scott fell over the side walk and broke bones in his wrist. R. E. Allen, district forester, returned from a trip to the Bulkley Valley district. A son was born to Mr. and Mrs. Charles Strachan of Sixth Avenue West.

MOUNTAINEERS AT JASPER NOW SIERRA NEVADA CLUB OF CALIFORNIA TO COME HERE NEXT WEEK JASPER, July 23.—After camping for a week in that famed Tonquin Valley of Jasper National Park in the Canadian Rockies, under the shadow of the perilous rampant range, nearly 500 members of the Sierra Nevada Club of California moved out at the weekend to take up their new quarters at Mount Robson and Berg Lakes. At least 14 members climbed the precipitous heights in the district. A party in one case had the thrill of going over Drawbridge Pass Glacier. Those who have come out from the valley, having conquered Bastion are Miss Jessie M. Whitehead, Cambridge, Mass; Miss Irma Nell, J. G. Denning, Sewell Adams and Miss Elsie Bell Barshaw, Los Angeles, John Burns, Oakland, Ernest Bassett, Charles Gilmore, J. Whitcomb, San Bernardino, Miss Helen Lamont, Miss Dorothy Huggins, Berkeley, Miss Josephine Egbert, Pasadena, Miss Margaret Hearst, Riverside. While climbing was the ambition of most of the party, hiking was the principle reason for many joining the camp and the result was the largest hiking party ever to enter Jasper National Park. After a day at Jasper Park Lodge, they took their Canadian National Railway train to Geikie and hiked in 12 miles to Mount Lake at the foot of the frowning mass of rock they were to tackle. Bastion was the graduating climb for the club of Canada several years ago and is a peak to test the mettle of the hardest. One of the hardest was the guide, Leslie Ruher, who climbed Bastion four days in succession, starting out at 3 o'clock in the morning, the climbers reached the summit an hour before noon and rested for an hour and a-half. Mount Robson which is the highest peak in the Canadian Rockies will give battle to perhaps half a dozen of the most experienced climbers. The Sierra Nevada will be in camp in that region until August when they will proceed to Prince Rupert and Vancouver.

Every-day Magic

Chairs that flop into beds... bags that suck up dirt... tiny ticking things that count all day long for you. Daylight any night just by pushing a button. A stream that never stops till you turn off a faucet. Any voice you want, talking to you from a cage on your desk or wall. Actions of yesterday, of people miles away, going on on a curtain before you. Stilled throats singing to you from discs; distant throats singing to you from nothing!

Uncanny, daily magic—this, due to national advertising. Advertisements have given you flashlights, telephones, typewriters, automobiles, cold creams, motion pictures. They have given you new eyes, new ears, new hands, new feet, new faces, new emotions. They have urged such wide use, so lowered prices, that almost wishes are autos, almost beggars can ride. Through advertisements you've laid down the shovel and the hoe. You can buy a whole harvest ready-to-eat in cans. You've hung up the fiddle and the bow, for a radio. There's little old-time work left in this age of amazing short-cuts.

GOOD PLAY IN TENNIS FINALS

CARL BRAND WINS MEN'S SINGLES LADIES' AND MIXED DOUBLES ALSO PLAYED

The finals of the city tennis championships on Saturday produced some of the finest tennis ever seen in Prince Rupert. In the men's singles, Carl Brand won over Poll Howard in five sets after a series of very keenly contested games. Scores were 3-6; 7-5; 6-1; 6-4. It was anybody's game till the last. Both players revealed an extensive repertoire of strokes with Brand's forearm drive to Howard's backhand being a frequent winner. Howard rarely got in his first serve and this was the weakest part of his game but most of the points were won only after hard fought rallies brimful of baseline drives and close volleying at the net. There should have been a much larger gallery to see the contest. Both players are to be congratulated on their excellent play. In the ladies' doubles Mrs. McMordie and Mrs. Shadwell were too strong for Miss Davies and Miss Vera Smith and won in straight sets 6-4; 6-1. The greater experience of the winners with Mrs. McMordie's steadiness and Mrs. Shadwell's fast court work and net play was the deciding factor. Miss Davies and Miss Smith would do much better if they had more confidence as they have a big variety of shots. They put up a splendid game all through and are to be congratulated on their plucky fight. The mixed doubles were won by Mrs. Shadwell and Carl Brand against Miss Smith and Poll Howard. All players were somewhat weary after their previous games and this told. Scores were 6-4; 6-2. The pleasing feature of this series was undoubtedly the way in which Miss Smith repeatedly returned Brand's first service and at times volleyed splendidly. Mrs. Shadwell at the net was effective. Both Brand and Howard were good but obviously weary.

SPORT CHAT

The wholesale suspension of 400 players and officials alike in amateur association football in the north-eastern area in England calls to mind the case of some of our younger athletes in Prince Rupert. The payment of money prizes for participation in any form of sport professionalizes a boy. That is the central fact. In isolated places like Prince Rupert this may not seem of any importance but what happens when this boy grows up and takes part in sport in some other centre where the rules are adhered to? And what will happen if some of our present or future athletes qualify to represent their country in Olympic Games? This would be the greatest possible honor that could come to any individual in the sport world. But this honor is only for those who are amateurs. The law in connection with amateur football in England is as follows:—An Amateur Player may have paid for him or have refunded to him: (a) Railway, motor, tram, boat, etc., fares, or other necessary expenses, actually incurred by him in travelling from and to his home or work for the purpose of playing in a match. (b) Hotel expenses, i.e. necessary meals during the day and

Table with 3 columns: Day, Time, and Tide Height. Includes sections for Monday, Tuesday, Wednesday, Thursday, and Friday.

sleeping accommodation, if absent for more than the day, during the actual and necessary absence from home, for the purpose of playing in a match. Extravagant or unnecessary expenses must not be paid by a Club, and every Amateur Player must give the Secretary of his Club a detailed statement of expenses incurred, with a receipt for the sums paid to him. It is the duty of the Club Secretary to ask for such statement and receipt, and to keep the same for production at any time, if required. Payment for loss of time, compensation, consideration, or remuneration of any kind, other than the items included in (a) and (b) automatically makes a player a professional, and renders both him and his Club liable to punishment. In some of our local sport meetings money is paid direct to the boys and this makes the boy a professional. This is not the boy's fault. He may not know what this entails. Even in the boxing ring we see this take place. It would seem advisable for all those who promote these sports to see that they do nothing that might spoil the future prospects of our athletes in sporting events generally. We have also seen the case of one of the greatest of present day tennis players where "Big Bill" Tilden has been penalized by his country for writing articles for papers while taking part in the tennis competition in England. As a result he does not play for his country in the Davis Cup series against the Italians. There is nothing against a boy or man becoming a professional but the point is this that if he wants to retain his amateur status an athlete must not receive any payment for taking part in any form of sport or for loss of time while taking part in the sport.

NEW HAZELTON

Rev. T. H. Wright, from Howe Sound, new United Church pastor for Hazelton, held his opening services here yesterday.

Many thousands of feet of cedar poles are still being hauled to New Hazelton from the Nine Mile Mountain section and hauling will continue all summer. It is expected that a number of new pole camps will be opened up in the district this fall.

The New Hazelton baseball boys have recently received their uniforms in which they appear very smart. They will make a trip to Terrace shortly.

After spending a week or so renewing acquaintances in the district, Rev. and Mrs. W. B. Willan and sons left Thursday morning on their return to Vancouver by motor.

Dr. and Mrs. R. W. Irving, Miss Evelyn Irving and Mrs. McKay and son motored up from Kamloops and are spending a holiday in the Hazelton district.

Bernard Albrecht and family left at the first of last week for Vancouver.

Extensive improvements are being made to the main highway between New Hazelton and Moricetown. The road is being widened and many curves and pitches are being straightened out.

There is good fishing both for salmon and trout in Hagwilget canyon just now. The natives are reaping a rich harvest of fish.

Mrs. H. E. Thornton and son returned last Wednesday from Prince George where they had been spending two or three weeks.

The annual meeting of the New Hazelton school was held Friday evening.

Camp buildings are being erected at the Silver Cup mine to accommodate the larger crew that will be necessary after the mill is installed.

Smithers receives \$827 from the provincial government as its share in the distribution to municipalities of motor license fees.

SPECIAL INDUCEMENT

"Tommy," said a young woman visitor at his home. "why not come to our Sunday school? Several of your little friends have joined us lately."

Tommy hesitated a moment. Then, suddenly: "Does a red-headed kid by the name of Jimmy Brown go to your school?"

"Yes, indeed," replied the new teacher.

"Well, then," replied Tommy with an air of interest, "I'll be there next Sunday, you bet. I've been lookin' for him for three weeks and never knew where to find him."

Questions and Answers

- QUESTION—Is there a separate list of awards for each of the two districts?
ANSWER—Yes. Each of the districts is assured one of the two big enclosed automobiles and just as many cash awards as there are active candidates.
- QUESTION—How is the territory divided?
ANSWER—The territory covered by The Daily News has been divided into two separate districts in order to insure an equitable distribution of the many big gifts. One of these districts is in the city of Prince Rupert and the other district comprises only the territory outside Price Rupert city limits. The candidates in one district are NOT in competition with the candidates in the other district for the district prizes.
- QUESTION—How many active candidates are now entered in the campaign?
ANSWER—At the present time there are not as many active candidates as there are big prizes.
- QUESTION—May I secure subscriptions outside of my own district?
ANSWER—Yes. You may secure subscriptions and votes anywhere.
- QUESTION—Since I am allowed to secure subscriptions anywhere, why are the prizes set aside for different districts?
ANSWER—The prizes are set aside in different districts to make less competition for the respective candidates. In order to win one of the big enclosed cars you do not have to have more votes than the other other candidates throughout the entire territory covered by The Daily News. You only have to have more votes than the few contenders in your own district.
- QUESTION—How are votes obtained?
ANSWER—A certain number of votes are given for subscription payments, as shown in the vote schedule, and by the coupons which appear in the paper.
- QUESTION—May subscriptions be taken from persons now subscribing to The Daily News as well as from new subscribers?
ANSWER—All subscriptions, whether new or renewal, count a certain number of votes as shown by the vote schedule.
- QUESTION—May I take subscriptions to be started at some future date?
ANSWER—Yes. Simply make a notation on the stub in your receipt book to that effect.
- QUESTION—How can I enter the City Distribution?
ANSWER—Simply by filling out the nomination blank appearing on this page. Send or bring it to this office.
- QUESTION—Does it cost anything to enter?
ANSWER—It will not cost you one cent to enter and win even the biggest prize. The Daily News bears all the expense.
- QUESTION—When is the best time to enter?
ANSWER—Now, while subscriptions count the most votes. More votes are given during the first part of the campaign than will be given later.
- QUESTION—Will subscriptions be worth more to me later in the campaign than they are now?
ANSWER—Subscriptions are positively worth many times more votes during the early part of the campaign than they will be at any other later date in the campaign.
- QUESTION—Is there any danger of the campaign being extended or called off?
ANSWER—Positively no changes will be made in the campaign. The full details and particulars as published will be strictly adhered to and not altered in the least.
- QUESTION—Am I assured any compensation for my time?
ANSWER—Every active participant who fails to win one of the big prizes is GUARANTEED a cash award equal to 10 per cent (one-tenth) of every dollar they turn in for subscriptions.
- QUESTION—Who will win the two big enclosed automobiles?
ANSWER—The two people who realize that the good things of life have to be gone after. Nothing worth having was ever gotten without some effort. If you have the determination to enter and say to yourself, "I am going to win," your battle is half won.
- QUESTION—Where and how can I secure any further information or assistance regarding the campaign?
ANSWER—The Daily News has secured the services of a Circulation Campaign Manager who is thoroughly experienced in this line of work. He can be found at The Daily News office each day from 9 a. m. until 8 p. m. and is here for the sole purpose of assisting each person who desires information and assistance on the campaign.
