# OVER MILLION TIES ARE TO BE CUT

## AUSTRALIAN STRIKERS RESORT TO VIOLENCE IN ADELAIDE

### Over Million Ties Are Ordered Central B.C. Employing Over 1000

Interior tie contractors have received from the Canadian National Railways orders for approximately the same number of ties as were produced last winter, reports Olof Hanson, head of the Hanson Timber & Lumber Co. which is the principal producer, on his arrival in the city yesterday. Last winter over a million ties were produced for the railway in the central interior and upwards of one thousand men were given employment in the work. Prices and general conditions this winter will

be similar to last. The railway now requires that all ties be peeled. To meet this requirement, the employment of more men is necessitated. The Hanson Timber & Lumber Co. will have four tie camps this winter—at Priestly, Decker Lake, Houston and Smithers.

Mr. Hanson, who attended the recent Centennial celebration of the Hudson Bay Co. at Fort St. James and the convention of the Associated Boards of Trade of Central British Columbia at Vanderhoof, was accompanied to the city by Mrs. Hanson and family who will take up winter residence here after having spent the past several months at their summer home at Lake Kathlyn. Miss Linnea Hanson will take up a business course at the local convent and Master Olof will resume his studies in public school.

### BISHOP LLOYD RENEWS CHARGE

Claims British Being Kept Out of Canada and Hints at Source of Repression

WINNIPEG, Sept. 27.—"There has been and is today a deliberate attempt to keep the British out of Canada," declared Bishop Exton Lloyd of Saskatchewan during an address to the Empire Club Wednesday. "In England I have been repeatedly told repressive measures have been used and the funnel choked on this side," he said. This he explained was why there were not more immigrants from Great Britain.

The bishop asked "who blocked the funnel?" and the reply was: "The Canadian High Commissioner in London is against all immigration and opposed to emigration from Britain to Canada." Bishop Lloyd also told that "if the deputy minister ruled at Ottawa instead of the minister they could see how the funnel was choked."

VANCOUVER, Sept. 27.—Yesterday Grandview scored a net advance of 14 cents to close at 69½ on a turnover of 161,000 shares. Reports of increased activity at the mine were responsible for the upward trend. Snowflake gained 9 cents going to 57½ on sales of 21,000 shares.

### PARTY IS DUE OCTOBER 16

Stoll-McCracken Expedition Delayed in North by Adverse Weather

Latest word received by the local amateur radio station 5GT from the Stoll-McCracken Arctic expedition aboard the auxiliary schooner Effie M. Morrissey is that the party expects to reach Prince Rupert in about three weeks' time. The expedition, which expected to be here soon after October 1, has been delayed considerably by adverse weather in the north and for several days the Morrissey was hoisted to off Bogosloff Island waiting for the wind to change. Now the expedition is at Unalaska Harbor in the Aleutian Islands.

### Flyers Tell How They Managed To Crash In Peace River And Narrowly Escaped Death There

EDMONTON, September 27.—Swept into the back of the machine by the rush of water when the seaplane crashed on a bank in the Peace River in a dense smoke more than a week ago, Squadron Leader Godfrey and his three companions narrowly escaped losing their lives, it was revealed, when Wing Commanders Breadner and Gordon arrived here last night.

Dense smoke from bush fires was responsible for the accident, according to the flyers. Conditions were so bad they decided to land on the river.

Owing to the heavy smoke they could not see to flatten out, Breadner said, and the first thing we knew we had crashed into the water. The force of the impact stove in the bottom of the plane and there was an instantaneous rush of water that carried the flyers back to the end of the plane. Prompt action by Gordon who opened the door enabled the men to climb to the floats. Godfrey and Gordon managed to make shore by utilizing a line. By diving into the wreckage Godfrey and Breadner managed to salvage the kit rolls and other equipment.

### CROSSINGS ON RAILWAYS SOON TO BE CHANGED

REGINA, Sept. 27.—Elimination of double crossings over railroads on the main highways of Canada was forecast by an announcement this morning to the Canadian Good Roads Association by Hon. T. C. Norris, recently appointed to the board of railway commissioners.

Mr. Norris said the board would give a broader interpretation to the act respecting grade crossing. They find that by legislative enactment of last session of parliament the board may utilize 40 per cent of the total amount of a fund up to \$200,000 and will co-operate with the railways, governments and other organizations.

### Strikers In Australia Thrash Free Workers

Storm Labor Bureau at Port Adelaide and Also Drive Volunteers From Ships Lying in the Harbor

MELBOURNE, Australia, September 27.—About two thousand striking waterside workers forced the gates of the "Free Labor" bureau at Port Adelaide today, chased volunteer workers out and thrashed them. Then they forced their way aboard some of the ships lying in port on which volunteers were working.

Trade Union leaders assisted the police in restoring order and all volunteer workers were taken to the city. Ten of the volunteers were reported to have been severely injured.

### GENEROUS GIFTS TO WEST INDIES RELIEF

Sir Henry Thornton Cables \$500 as Personal Donation to Fund

WINNIPEG, Sept. 27.—Upon learning of the organization of the Canadian committee for the purpose of arranging relief for the sufferers in the recent hurricane which swept the islands of Dominica, Monserrat, Antigua, Nevis and St. Kitts, the president and chairman of the Canadian National Railways, Sir Henry Thornton, immediately cabled from Europe to his offices in Montreal, to arrange the payment of \$500, from his personal account into the funds of this committee. At the same time J. Gill Gardiner of Brockville, Ont., director of the Canadian National Railways notified S. R. Noble, of the Royal Bank of Canada, who is honorary treasurer of the committee, that his personal check for \$500 was also being forwarded to the committee.

### PRINCE RUPERT AND THE C.P.R.

Edmonton Man Urges Greater Activity on Part of People of This City

"Surprise that no efforts were being made by the local board of trade or other public bodies to induce the C.P.R. to come to Prince Rupert by way of the Peace River was expressed this morning by a visitor from Edmonton. He said that most people in Edmonton would like to see Prince Rupert made the outlet for the Peace and he thought Prince Rupert should work in co-operation with the people of that city. While a few people in the Alberta capital were tied up with southern ports the majority saw a more direct Pacific outlet as the best thing for Northern Alberta. He could not understand the lassitude of Prince Rupert in regard to the whole question.

### FOGGY WEATHER IN NORTH WAS GENERAL

According to the Government Telegraphs report the fog this morning covered almost the whole of northern and central British Columbia. ### MET VIOLENT UNKNOWN DEATH

NEW WESTMINSTER, Sept. 27.—Pete Arzoff, 35 years of age, met a violent death but was not killed by an auto. He may have been killed by being hit by some heavy object or may have been thrown or dropped against a hard surface. There was no evidence of strangulation or poison. This was the autopsy report presented to the coroner's jury at the inquest yesterday.

Arzoff had six ribs on the left side fractured, the liver ruptured, and there was some bleeding of the kidneys. The man is believed to have been dead for two weeks. "That Peter Arzoff, whose body was found last Saturday night in the bush near Mallardville met 'death from violence at the hands of persons or persons unknown' was the verdict of the coroner's jury that investigated the death. Arzoff was a Powell River logger and had been visiting here. No arrests have yet been made and the woman who was held has been released.

### CHANGE IN TRAINS

Henceforth until the end of daily train service this year, C.N. R. trains will arrive from the east daily except Wednesday, instead of daily except Tuesday. There will be no change in the outbound trains.

## GYMNASIUM AT ANYOX READY

Contract Almost Completed by Prince Rupert Firm and Will Open October 8

The contract of two Prince Rupert men, Alderman W. J. Greer and Archie Beattie, for the erection of a new gymnasium for the Community Club at Anyox is almost completed and the building is to be handed over to the club for the formal opening on October 8. According to E. H. Mortimer, who returned from there this week, the people there are much pleased with the speed shown in carrying out the work and the excellent manner in which it has been done.

The gymnasium is 84 feet long and 54 feet wide and 120,000 feet of lumber was used in its construction. The floor of the hall is 80 feet by 50 feet and in addition there are locker rooms and showers in the basement and a large dining room to seat 220 with a kitchen adjoining.

The gym will be used for winter sports and particularly basketball. A number of former Prince Rupert players are looking for inter-town games and hope to see a strong team from Prince Rupert invade their town and make a tussle for basketball honors.

## Around The World With Sport Fans

(By The Tramp)

English Rugby has invaded Eastern Canada but with little success. A game at Toronto recently was played in the evening by electric light but the fans knew so little of the game that they were unable to appreciate it.

There is still a great deal of talk about Georges Michel being the greatest modern swimmer but the German Viergotter, winner of the 1927 Wrigley marathon has a good claim to the title.

Fifty thousand dollars was paid by Chicago National League club for "Socks" Siebold recently.

Cool, Calculating Pyle is in no hurry to organize another pro tennis circus, and still regards with poignant regret his recent union derby. Nevertheless New York is to be favored with an exhibition between Vincent Richards, who was a member of Pyle's tennis entourage, and Karel Kozeluh of Czechoslovakia. They play next Sunday, and by way of the "smoke-up" it is announced that the match will be for \$1,500 a side, and the world pro title. Bill Tilden's application for reinstatement was nomenclously tabled by the U.S.L.T.A. How'd it be for Bill to challenge the winner?

## SPORT CHAT

Organization for the various winter sports in the city is proceeding with despatch this year and, from the present appearance of things, the end of September should see practically all the annual meetings held with a number of competitions getting underway early in October. The Cribbage League is all set and will start activities on October 8th. I.O.D.E. and Prince Rupert Badminton Clubs have both held their annual meetings and play will start soon. The annual meeting of the Fraternal Whist League will be held at an early date. The executive of the Prince Rupert Basketball Association is planning to call the annual meeting tomorrow night.

## Giants In Idleness Make Gain Over St. Louis Through Defeat That Team Brooklyn Yesterday

NEW YORK, September 7.—The Giants are only half a game behind the Cardinals as a result of Dazy Vance's brilliant victory over St. Louis in Brooklyn yesterday when he held the leaders to five hits, fanned seven to hit the 200 mark for the season and walked away with his 22nd victory.

The Giants in idleness heard of the downfall of their foes with jubilation.

While Chicago is invading New York today the Cardinals will be in Boston where they hope to fatten up on three games from the Braves which may place them back in their position of advantage.

The Yankees face Detroit today while Philadelphia will be at Chicago. There were no American League games played yesterday.

**BAITING THE YANKEES**

There was a great hulabaloo in Canada when Mayor Thompson of Chicago eliminated British or pro-British books from the public libraries of that city. He was held up to ridicule, and justly so, both here and in Britain and by a great many of his own countrymen.

Some Canadians are now tending toward the Thompson position in trying to eliminate anything American from Canadian school text books. Perhaps we have been too lax in the past but when it is proposed to eliminate modern forms of spelling just because they are of American origin it is going rather far. In the central provinces and Ontario the modern forms have been in force for a generation or more, and there is no reason why British Columbia should not also adopt them. We "favor" them strongly. (We do not "favour" them). We believe that the shortened form is better and so do most Canadian newspapers. To change back to the older forms would be to become archaic in our expression.

While it is possible we may have been too lax in our tendencies toward Americanism, at the same time it is not reasonable to allow Imperialists to drive us to the other extreme. Moderation is good in this as in other movements. The United States is our close neighbor (not neighbour). For years the people of Britain have tried to bring about a better feeling between the two nations and that sometimes at the expense of Canada. They have met with a generous response from the Republic and it would be very much out of place for Canada to try plucking the eagle's wing feathers at such a time.

**SCHOOL SUPPLIES**

The suggestion has been made that the government should print the school books and that they should be provided for children at cost. This is hardly a feasible plan. Government printing is not done cheaply. The men take their time and the costs are often much greater than sufficient to provide a profit to a private concern. Publishing houses have machinery, apparatus and skilled men and women who understand the work and are able to compete successfully.

A suggestion is made in an eastern paper that proper notice should be given to pupils a month or two before the opening of school so that they may be able to get their books without the unseemly rush and local booksellers would have an opportunity to stock up again if the supply ran short. We mention this for what it is worth, possibly it would not help much.

**BOY SCOUT LECTURE SERIES BEING HELD**

Norman H. Saunders, Provincial Secretary, Heard Last Evening in 1st Presbyterian Church

The first of a series of three lectures was given in the First Presbyterian Church Hall last evening, by Norman H. Saunders, provincial secretary of the Boy Scouts' Association. He gave a general talk on the movement including history organization and distinguishing features and aims, citing honor as the highest ideal in scouting for the development of good citizens. He also stressed

the doing of a good turn daily, and teaching the boys to play fair in all things. Scouting was essentially non-military, non-sectarian and non-class. Mr. Saunders' address was interspersed with a number of scout games. He also stated that an international Jamboree would be held in August of next year, in Birkenhead, England, to celebrate the twenty-first anniversary of the movement.

The second of the lectures will be held tonight at 7.30 in the St. Andrew's Cathedral Hall, and the series will conclude on Friday evening in the First Baptist Church Hall. All who are interested in boys' work may attend as well as parents of the scouts.

**IMPROVEMENTS AT WESTHOLME**

Local Theatre Practically New Playhouse as Result of Extensive Work Now Being Finished

Extensive renovations, which will make the Westholme Theatre into practically a new showhouse, are nearing completion and the interior of the commodious auditorium now presents a very attractive appearance. Redecoration work has been carried out with much taste by Silversides Bros., the walls and ceiling having been kalsomined and painted in an artistic manner. Featuring the redecoration are two paintings at the front over the boxes, one depicting a scene at Lake Kintada and the other at Shawatlans Lake. These were the work of Thomas Silversides. Lower parts of the walls are finished in an artistic fresco design while the upper walls in pink and golden stars lend much to the appearance of the ceiling. New curtains and drapes are being installed on the stage.

New seats have been installed throughout the building and the rows have been placed far enough apart that the former crowding is avoided. Improvements have been made to the ventilation system and two new exits have been installed on the balcony floor. Carpets on the aisles are another improvement. A new grand piano has also been put in.

Improvements that have been made in this theatre represent a very considerable investment. Mitchell & Currie have carried out the carpenter work.

**Man in the Moon**

One of the most popular inventions would be a gray resisting table cloth, a sleeve that would not upset things, and a law that would prevent men picking their teeth at restaurant tables.

Shooting loon and Siwash ducks will soon become the popular sport. I am inclined to favor it for I know a loon who should be shot unless it would be possible to revert to the old system of having a person hanged, drawn and quartered.

Why do the people of Westview grouse? Because of certain birds which are said to overrun their gardens, destroy their crops and of course leave the insect pests alone.

Not many people are wrecked by a train of thought. It is the absence of thought that is most effective in destruction.

**Ten Years Ago in Prince Rupert**

September 27, 1918.  
 A large crowd attended the final Chautauqua concert in the Westholme Theatre last night and the program was of such excellence that local citizens readily made up the guarantee which will bring Chautauqua back here again next season. Those contributing to the concert were the Filion Concert party, J. Ruthven Macdonald, note tenor, and the Ladies' Festival Orchestra. Mayor Thomas McClymont presided.

A pretty wedding was solemnized in the presence of a few intimate friends at the Catholic Chapel last evening. Rev. Father P. J. McGrath officiating, when Miss Dorothy McQuillan of this city was united in marriage to Arthur D. Martyn Sealie R.N.V.R. The bride was attended by her sister, Miss Agnes McQuillan, and the groom was supported by H. F. Wearmouth. After a reception at the bride's home, the happy couple sailed on the steamer Prince George to spend a honeymoon in Vancouver and Victoria.

**WEIR VERSION IS APPROVED**

Local Scas of Canada Urge Adoption of Standard Words for "O Canada" in B.C. Schools

The executive of Prince Rupert Assembly, . . . Native Sons of Canada, meeting last night, decided to send a resolution to the minister of education at Victoria urging the adoption of the Weir Version of the Canadian anthem "O Canada" for exclusive use in the schools at British Columbia. A similar resolution will be sent to the Grand Assembly of the Native Sons with a view to receiving the endorsement of that body.

The meeting last night also ratified the entering of a team in the Prince Rupert Cribbage League during the coming winter. The meeting was presided over by the president, G. W. Johnstone, and Jack Morrison acted as secretary.

A general meeting of the assembly will be held Wednesday night for the purpose of making arrangements for winter activities.

## BRADY SPEAKS TO GYRO CLUB

Took National Anthem as Unique Subject at Service Organization Dinner Last Night

Taking as his rather unique subject the National Anthem "God Save the King," J. C. Brady, M.P., before the Prince Rupert Gyro Club last night, gave an interesting account of how that hymn had come into being and took occasion to deliver a brief message of Imperialism and Canadianism to his hearers. The address proved rather novel and for that reason, together with the speaker's usual eloquence, was much appreciated. The dinner, which took place in the Commodore Cafe and presided over by L. W. Waugh, president of the Club, was in honor of the single members of the organization, being the outcome of a baseball match over a year ago when the bachelors of the Club defeated the benedicts.

Lionel Holtby, who in his capacity as umpire, was accused of throwing the game to the single men, occupied a seat of honor with the president and the speaker. During the dinner there were selections by Miss Irene Morrison at the piano, and Jimmy Currie, with the drums, and community singing was led by Morris Blott. Guests included George Campbell of Premier; J. B. Dougherty of Vancouver, and Fred Stephens, Alex. Cannon and Paul Aivazoff. Opening his address in humorous vein, Mr. Brady stated that the Gyro Club and such organizations were necessarily ceremonial and ritualistic in nature. Therefore, he had decided to select for his subject "God Save the King," the origin and development of which was not generally known. Peculiarly enough, the National Anthem had no particular author but had been developed comparatively down through the years. It was the oldest of the national anthems, all of which were of more modern composition, than might be assumed. "God Save the King" was first used in its present form during the latter years of the reign of William IV, and at the accession of Queen Victoria. Certain parts of it, however, had been devised many years previous. For instance, during the days of Henry VIII, one ship in the Navy would signal the words "God Save the King" while the others would reply "Long to Reign Over Us." Other lines had been written by Dr. John Bell in the days of the Jacobites. Words and lines had been added and revised until, finally, the anthem came into its present form.

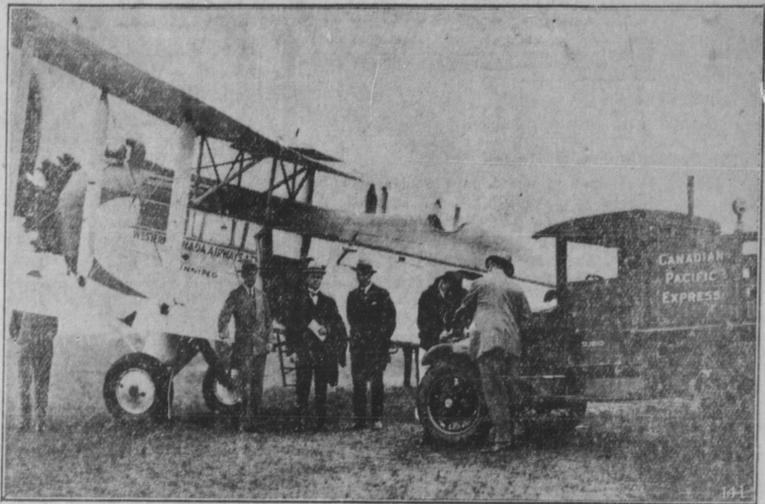

### TYPICALLY BRITISH

Mr. Brady explained in some detail the phraseology and meaning of the three verses of the anthem. The anthem, he declared, was part and parcel of British development, typifying the virtues and ideals of the nation. Not personal to any King or monarch, the anthem nevertheless was expressive of fidelity to the Throne and being sung in all parts of the Empire, was emblematic of the bonds which held and would hold together the various portions of the Empire as long as the sun shone. Withal, Mr. Brady declared, there was not a thing contrary to Canadianism in the singing of any part of "God Save the King." It was an Anthem, which the Gyro Club and other such organizations ever proud of their Imperialism and Canadianism should always be glad to sing with fullness of heart and spirit.

Mr. Brady was thanked for his address by President Waugh from whom he accepted an invitation to address the club again at some future date.

Distance, so far as the Canadian Pacific is concerned appears to be measured no longer in miles. Time is the important factor and, at least in respect of package goods, the Canadian Atlantic and Pacific coasts are drawing closer each year. Here, Captain Brintnell is signing for Canadian Pacific express packages to be carried over the airway between Winnipeg and Calgary. For several months the Company has operated an air service between Rimouski, Quebec, Montreal, Ottawa and Toronto. The new link in the air chain was forged under auspices of Premier Bracken of Manitoba.

## ANNUAL MEETING OF B.C. FEDERATION OF TEACHERS' ASS'N FOR RAILWAY LOCOMOTIVES

J. S. Wilson Is Re-Elected President—Presents an Interesting Report of Year's Activities

The annual meeting of the Prince Rupert Teachers' Association, branch of the B.C. Federation of Teachers, was held last evening in the Booth School with the president, J. S. Wilson, in the chair. Several new members were welcomed and indications are that the ensuing year's activities will be even more successful than last year's.

During the evening Miss Grassie delighted the members with pianoforte solos. Miss Halliwell rendered the vocal solos "Where Corals Lie," and "Winds in the Trees," very pleasingly.

In reviewing the year's activities, the president commented on the value of the Federation to the individual teacher, and the need of the Federation for the individual teacher. If the Federation was to be of the greatest use the teachers must support it and for that reason he was glad to see that there were new members present. The program for the past year had been most valuable and instructive. The papers had all been of marked educational value. He also expressed gratification that members of the Board of School Trustees had found it possible to attend on two occasions and meet the members. The value of the annual convention held in Vancouver at Easter was a point of interest in as much as it was the biggest assembly of teachers that had met in the Province and the benefits from associating with other members of the profession and discussing mutual difficulties and exchanging views were very real. Hope was expressed that Mr. Charlesworth, the secretary of the B. C. Federation, might be able to visit the city this autumn.

The library committee presented a list of books that they recommended be purchased for the educational shelf of the Public Library. Action was referred back to the executive.

Mr. Wilson expressed satisfaction at the way in which the school board had considered the association's request for the adjustment of the salary of one of the members of the staff.

In concluding his report, the president thanked the members of the executive for their assistance throughout the year and the careful attention to the various problems that had been dealt with with such co-operation his duties had been light.

A hearty vote of thanks was passed to the chairman for his work both as president and as press correspondent, to which he briefly replied.

### Election of Officers

The election of officers for the forthcoming year resulted as follows:  
 President—J. S. Wilson.  
 Vice-president—Miss E. A. Mercer.  
 Secretary-Treasurer—W. W. C. O'Neill.  
 Executive committee—G. H.

Orders thus given amount to a total of 55 locomotives intended to implement motive power for the freight service. In addition to the orders for 55 locomotives referred to, the National system is making inquiries for five locomotives of a modified design from the mountain type used on main line passenger and freight service.

## BENNETT URGES EQUAL CHANCE

Would Have Fair Competition With New Zealand Butter and U.S. Products

WINNIPEG, Sept. 26—In a public address, during which he dealt in detail with the exports and imports of Canada, especially those to and from the United States and the development of the dominion's resources, Hon. R. B. Bennett, leader of the Conservative party in Canada, declared the remedy for the problem of today was "equal opportunity and fair competition—fair competition against New Zealand butter, fair competition against the United States. I ask nothing more and nothing less. Give us an equal chance and we will beat the world as we always have."

H. W. Birch and Family Return from Visit to England

H. W. Birch, managing secretary of the Prince Rupert General Hospital, returned to the city on the Prince Rupert yesterday afternoon after an absence of six months on a holiday trip to England. He was accompanied by Mrs. Birch and daughter Beryl, who have been visiting in the Old Country for almost two years. The ship on which they returned experienced rough weather on the way across, being affected by the hurricane which did so much damage in the south but which, luckily for them, had almost spent itself by the time it reached the northern lane.

# Zam-Buk

## ITS ROMANTIC STORY

A World Search for Rare Medicinal Herbs.

It is not commonly known that countries so far apart as China and Spain, Japan and England, and Tasmania and France have to be searched for the species of herbs used in the manufacture of that world-famed healing balm ZAM-BUK. These herbs are many of them, rare and costly. They need to be gathered just at the right season when their juices and medicinal contents are at their very best.

Zam-buk is the true successor of the herbal healing balms of Ancient Rome, with this important advantage Zam-buk, in addition to its rare herbal composition, has twentieth century medical knowledge and manufacturing skill, to bring it to a pitch of perfection, probably never equalled in the annals of healing.

The different medicinal qualities in Zam-buk are beautifully balanced. The heating side with the antiseptic, it is penetrative yet not too stimulating, and has just the right lubricity for removing superficial swellings, sprains and pains. Thus Zam-buk is a useful, reliable, and highly concentrated, medicinal dressing always ready to instantly soothe pain, swiftly allay swelling and inflammation, expel deep-seated disease, and grow new healthy skin. Moreover, users of Zam-buk have perfect confidence which alone comes from the knowledge that it is a refined herbal preparation and not an artificial compound composed of pore-clogging fats and crude drugs.

Zam-buk is invaluable in all itching, inflamed, and diseased conditions of the skin, whilst its swift antiseptic healing makes it the ideal first-aid dressing for burns, scalds, cuts, etc. It is also the soothing remedy for piles. Of dealers everywhere 50c the box for \$1.25, or Zam-buk Co., Dupont St., Toronto.

Miss Rhona Saunders Becomes Bride of Robert Ainsworth and Will Reside in South America

A quiet wedding took place at St John's Church, Vancouver, when Rhona Doris Farwell, younger daughter of Captain and Mrs. F. T. Saunders, of Prince Rupert, became the bride of Robert E. Ainsworth, of Los Angeles. The bride wore a charming French model of beige nylon with deep-toned velvet trimmings, handsomely embroidered in gold applique. She wore a corsage bouquet of sweetheart roses and lilies of the valley. Her hat was a French felt with side trimming of feathers and she wore a brown coat trimmed with fox fur. Miss Marjorie Boyd acted as bridesmaid, wearing biscuit colored georgette with inserted medallions with small fitting hat to match. Her corsage bouquet was of Ophelia roses.

Frank Saunders, brother of the bride, supported the groom. Later a buffet supper as served at the home of the bride's sister, Mrs. J. P. Walsh, Marguerite Avenue.
