## CRUISER DAUNTLESS STRUCK A REEF

### RAN ON SAME ROCK THAT CRUISER STRUCK 150 YEARS AGO

#### British Light Cruiser Crashes on Tribune Shoal, in Halifax Harbor, and Little Hope of Saving Her

Struck during fog as she was feeling her way to make port in same place cruiser Tribune struck 150 years ago

HALIFAX, July 3. — The British light cruiser Dauntless crashed on Tribune Shoal inside the harbor yesterday and will be a total loss. The ship's company of 425 officers and men were removed safely except fifty who remained from a sense of duty.

It was feared that the cruiser might break up and salvagers were ordered to keep their distance.

Today found the vessel grinding relentlessly in a lazy swell on the jagged ledge which she struck while feeling her way through dense fog trying to make port from Bermuda, starting her way through dense fog trying to make port from Bermuda, starting her

#### MR. PATTULLO IS CONFIDENT

SAYS TORIES WILL BE LUCKY TO GET ONE SEAT IN VANCOUVER—GRIT WAVE IS SWEEPING PROVINCE

"The Conservatives will be lucky if they get one seat in Vancouver." Such was the encouraging message brought local Liberal workers by Hon. T. D. Pattullo, minister of lands and candidate for re-election in this riding, who arrived from the south on the Princess Alice yesterday morning. Mr. Pattullo addressed an enthusiastic mass meeting last Friday night in support of the Liberal candidates for that city. Reports from all parts of the province indicate a sweeping Liberal victory, states Mr. Pattullo. Generally, the electors seem to feel, he says, that it would be unsafe to make a change of government at this crucial time in connection with certain negotiations affecting British Columbia.

Mr. Pattullo addressed a meeting of Liberal women of this city yesterday morning and proceeded last night by gabfest on a speaking tour which will cover all Queen Charlotte Island points and from which he expects to return to the city in a few days. He will be in the north until the election and toward the end of this week will make a campaign trip through Skeena, Omineca and Fort George ridings.

#### INDIANS SAY INDEPENDENT

Serve Notice to That Effect on London and Ottawa

BRANTFORD, July 3. — A faction of the Six Nation Indians led by Richard Johnson of Detroit served notice on London and Ottawa of their independence from British rule. They live on a reserve at Saccar, Ontario.

OTTAWA, July 3. — The department of Indian affairs does not propose to take any action over the so-called declaration of independence by Richard Johnson. Information indicates that Johnson, who is not an Indian himself, recently visited the reserve posing as an English solicitor.

#### Dominion Day Celebration Was Favored by Ideal Weather and Many Took Part Various Events

Ideal weather conditions favored the Dominion Day celebration sports program yesterday a large number attending the Acropolis Hill grounds. It was evident that the C.N.R. picnic the day previous and the attraction of the water for picnicking and fishing parties detracted from the usual First of July crowd.

The proceedings started at 10 a.m. with a children's flag parade from the old Court House square to the Acropolis Hill grounds. A car, driven by Mayor S. P. McMordie, led the parade with the Boys' Band and children following. Many tourists, who were in town, also got in line and were evidently enjoying the fun.

Junior races took place in the morning and senior sports in the afternoon. A. A. Gunn and A. Clapperton were starters for the races and Mayor McMordie, Harry Menzies and G. W. Johnston, the judges.

There was also a junior football game in the morning, lacrosse at 1.30 and the senior football final for the Dominion Day cup. The Boys' Band was in attendance. In the evening there was a big dance in Moose Hall.

The various winners in the sports follow:

JUNIOR RACES  
Girls, 5 years and under—1, Jean Krause; 2, Betty Blake; 3, Pearl Menzies.  
Boys, 5 years and under—1, David Houston; 2, Victor Cavallari; 3, Duncan McRae.

#### WOMEN ARE ORGANIZED FOR CONTEST

Organization of Liberal women of this city for the forthcoming provincial election contest was effected at a largely attended and enthusiastic meeting yesterday morning in party headquarters. Mrs. Joseph Sheasgreen occupied the chair and Hon. T. D. Pattullo, minister of lands, gave a splendid address. Appointment of committees was made and it was decided that the first activity of the newly formed organization would be a tea tomorrow afternoon in the Commodore Cafe.

Meanwhile, the ladies have expressed willingness to assist in the campaign and there were several around party headquarters this morning engaged in various activities of the campaign.

#### BODY OF LOGGER WHO WAS KILLED BROUGHT TO CITY ON SUNDAY

The body of the late Ed Lindseth, who was killed in a logging accident near Butedale last week, was brought to the city on Sunday and the police are making an investigation into the fatality which was evidently of an accidental nature, a tree having fallen on deceased, crushing his abdomen. A native of Norway and forty-five years of age, deceased was unmarried and is survived by a brother in Vancouver, John Lindseth of this city is a cousin. Funeral arrangements are in the hands of the B.C. Undertakers and interment will take place tomorrow morning.

FALSE INFORMATION

A jocular remark made by a visitor to Alaska seems to have caused the promulgation of false information, especially in the south. Here is the foolish editorial which appeared in the Seattle Post-Intelligencer, a Hearst newspaper:

"It is disquieting to learn that seven-eighths of the vast halibut taken in the past season went to market through a Canadian port and over Canadian railways. Of 4,000,000 pounds, Prince Rupert received 3,500,000, while Ketchikan, in United States territory, handled but a half million pounds.

"This is accounted for by the fact that fishermen are invited to the Canadian port by the legal status of liquor. It is not to be expected that the eighteenth amendment will be abrogated or the Volstead law modified to restore Ketchikan to its old position of supremacy in Alaskan fisheries. Nevertheless, the slump is serious in its effect upon that city, and the diversion of fish results in no little loss of revenue to American railways. Shrinkage in trade will also be felt in Seattle.

"Since the business men of Ketchikan cannot offer fishermen the cup that cheers, some thoughts ought to be given to other inducements which will bring a backswing in the halibut trade. In this Seattle's best minds may be able to help.

"Seattle's interests have vastly broadened since the day when the city depended so much upon Alaskan trade. But it is still an important and highly valued part of our commerce, and our leaders may be depended upon to aid in any manner which will advance the interests of the great northern territory."

THE ANSWER

To begin with the four million pounds shipped would be in a month and not in a year. This statement indicates ignorance of the situation.

In the second place there has been no shrinkage of business in Alaska but the tendency is rather the other way. Alaska never had the halibut business so Prince Rupert could not have taken it from her.

In the third place those who wish liquor can get it in Alaska almost as well as in Prince Rupert but not with the authority of the government. While it is admitted that tourists often come to this side of the line for a bottle of Scotch, the attraction of legalized liquor is not anything like as great as was expected. So far as the fishermen coming here, the liquor attraction is negligible or non-existent. The men come here to sell their fish because they can get a good price.

WORRIED AT P.G.E.

When the Conservative party went out of power and left the Liberals a legacy of trouble in the partly constructed P.G.E. no one thought it would become a campaign issue twelve years after. However, it is still with us and the problem of selling is practically solved. Some final details have to be worked out and this is worrying Hon. S. F. Tolmie, who is at last in the province from Ottawa, trying to find an excuse for opposing the present government. He finds a new name for the P.G.E. deal at every meeting he addresses.

Meanwhile negotiations are still proceeding and may possibly be cleared up before the election. If not, it is pretty sure the deal will be completed so as to be submitted to the next session of the Dominion Parliament.

TRAIL RANGERS AND BOY SCOUTS LEAVING FOR SHAWATLANS CAMP

United Church Trail Rangers, under Rev. A. Wilson and Earl Barrie, Baptist Boy Scouts, under P. C. Miller, and

Presbyterian Scouts, under Ben Ferguson, the whole group numbering some thirty or so boys, left this afternoon aboard George Rorie's powerboat Nancy for the upper end of Shawatlans Lake where they will go into a twelve-day camp. Physical training, swimming and the usual camp life program will be engaged in. A temporary camp has been arranged for the boys.

EXCURSION TO TERRACE WAS SUCCESSFUL

OVER FIVE HUNDRED PEOPLE VISITED FRUIT CENTRE FOR THE HOLIDAY

Five hundred and twenty persons made the trip to Terrace on Sunday with the Canadian National Railway employees' annual picnic, the third annual excursion proving a marked success in every respect.

The special train of holiday makers left Prince Rupert at 7.30 a.m. with the Boys' Band playing in the mountain observation car. Hot dogs were soon in demand and found a ready sale among those who had partaken of little breakfast before setting out. There was also a great business in ice cream, pop and candy. Employees and friends were picked up at canneries and stations enroute and the train arrived at Terrace at 11.05. Many cars and lorries were on hand and a large crowd of Terrace people greeted the train on arrival.

The day at Terrace proved to be a warm one. The band played to the crowd in the Terrace park where tea and coffee was provided. A baseball game between Prince Rupert and Terrace was exciting and well played. Prince Rupert winning by a score of 11 to 8. Herlie and Loblick were Prince Rupert pitchers with Spiro and Dido Gurvich catchers. Fred Scott pitched for Terrace. Several times the teams were tied. A tug-of-war and races rounded out the afternoon's program and many of the picnickers took advantage of sheep trips to Kitsumkalum and Lakeelse Lakes.

After supper, the Boys' Band played selections on the main street where the clowns provided plenty of fun for the crowds. Dancing on the station platform provided amusement for many, music being by a five piece orchestra.

The train, which had gone on to Pacific to turn around and take on water, etc., left Terrace on time and, during the journey home, oranges were distributed to the youngsters and cups of tea with biscuits to the ladies. The train was back in Prince Rupert at 11.35 p.m. after a memorable day of enjoyment.

R. T. J. Rose was chairman of the general committee in charge with F. Rogers secretary and F. F. Steeves, treasurer. Jack Campbell was chairman of the sports committee and in charge of refreshments was a committee consisting of A. E. Dickens, chairman; J. Bond Jr., Percy Bond, S. Marshall, J. Strachan, William Swinger, J. A. Teng, Ray Scherk, J. Geddes and A. Guyard. The orchestra consisted of J. Bond Jr., H. Gawthorn, B. Blackall and others.

R. F. McNaughton, district passenger agent, and Walter Smith of the city ticket office, gave able assistance in making arrangements for the trip.

DOMINION DAY DANCE SUCCESS

TWO HUNDRED AND FIFTY PERSONS ATTENDED FUNCTION IN MOOSE HALL LAST NIGHT

A successful dance in the Moose Hall last night, with a crowd of some 250 persons in attendance, brought the annual Dominion Day celebration, under the auspices of the Native Sons of Canada, to a fitting conclusion. Tune-some music was furnished by Miss Irene Morrison's orchestra; Gillis Royer was master of ceremonies, and Jack Morrison and Fred Riffon presided at the door. Refreshments were served at midnight, the dance being in progress from 9 p.m. to 2.30 a.m.

AUDIENCE MERRY AT SOWING WILD OATS

Colleen Moore Last Night Produced Plenty of Laughs in Her Picture

The holiday audience that saw the first showing of Colleen Moore's "Her Wild Oat" laughed until its respective sides threatened to fracture with the strain put upon them.

Colleen's "Wild Oat" produced tons of snickers, giggles, laughs and honest-to-goodness roars. When, posing as a duchess in an exclusive coast resort hotel, she impersonates her own maid—with the aid of pillow upholstering force and aft—the audience shrieked.  
The naive efforts of the little waitress to "join in" with the frigid "four hundred" provide some of the best comedy touches. When she politely suggests to the dowager that the bridge game be made five-handed in order that everyone might take part, the number of bridge fiends in the theatre was indicated by the response.

The story, briefly, tells the tale of a day-dreaming little waitress in a lunch wagon, filled with a desire to taste the thrill of being in the social whirl, and of her unsuccessful efforts to be taken seriously when she tries to do it. The result is failure, a headache, a handful of bills, the visiting of large bodies of indignant creditors, and a return to the lunch counter.

DRAMATIC OUTDOOR PICTURE OF LIFE IN THE SWISS ALPS

The highly dramatic love drama laid against a background of the Swiss Alps, "Body and Soul" from the pen of Katharine Newlin Burt, published in book form as "The Branding Iron," has been made into a colorful motion picture by Metro-Goldwyn-Mayer and will be seen here tomorrow. As a novel it was read by millions and was translated into half a dozen languages. Reginald Barker, famous for his direction of out-of-door pictures, directed "Body and Soul," and is said to have made one of the most dramatic stories the screen has ever furnished the world of picturegoers.

"WHAT PRICE GLORY" HERE AT WEEK-END

Human Drama With Plenty of Humor Interspersed is Well Known Picture

Human drama, pathos and love, that is "What Price Glory." It is a gripping story of a conflict told with startling realism. Raoul Walsh, the director of the picture, has kept faith with the authors, for he has, with uncanny skill, translated these humans to the screen, not mere picture puppets, but pulsating men and women who live and breathe, laugh and cry, fight and love—a veritable maelstrom of emotions.

There is the background of the war, of course, but "What Price Glory" emerges on the screen as an epic of laughs behind the lines.

Here is a drama of life, fierce and ugly, beautiful and rapturous, and the whole, etched with bits of comedy, so naturally funny that it wakes the risibilities to a newer and finer sense of humor. It is behind the lines that we meet the hard boiled Captain Flag, the picturesque campaigner, Sergeant Quirt, the Beau Brummell of the Marines, and Charmaine, as captivating a French dandy as any two men could fight over. She loves both men. To her they are Yankee-land's finest and bravest warriors, who are ready to fight to death for her favor. About such human, characteristic figures does this dramatic comedy of the screen evolve.

EMINENT AUTHOR VISITING HERE

ROBERT WATSON, ARRIVES FROM WINNIPEG AND WILL ADDRESS GYRO CLUB

Robert Watson, eminent Canadian author, arrived in the city on yesterday afternoon's train and, with Mrs. Watson and son who arrived several days ago, is the guest of Mr. and Mrs. William Cruickshank, Wallace Black. A former British Columbia man, many of Mr. Watson's novels have dealt with this coast, one of the most popular having been "Gordon of the Lost Lagoon." Recently elected president of the Canadian Authors' Association, Mr. Watson is now engaged in special work, dealing particularly with the fur trade, for the Hudson Bay Company. At noon tomorrow, he will address the Prince Rupert Gyro Club at an open luncheon and will proceed south later in the week.

### THE EFFECTS OF LYMPHATICS ON NERVES

The last of the physiological effects resulting from a subluxation of a vertebrae with consequent narrowing of the corresponding intervertebral foramen (openings) is the influence which it exercises upon the lymphatics, and their effect on the nerves which they supply.

The lymphatics which pass through the intervertebral openings have much to do with the metabolism of each segment of the spinal cord. If the nutrition of a certain segment is faulty as a result of an insufficient supply of lymph, the reflex excitability of that segment will be diminished. Consequently any incoming impulses to that segment will not result in a reflex action with the production of an outgoing impulse, and the tissues thus deprived of these necessary impulses will fail to function properly. When we consider that most of the vital functions are regulated by reactions in the brain and spinal cord, the part played by a subluxation in interfering with the nutrition of the central nervous system takes on an added significance.

Such a condition of hypo-excitability is always produced by a vertebral subluxation. In such an event the lymphatic flow is obstructed, and the corresponding segment of the spinal cord and the spinal nerves merging through the narrowed openings between the spinal bones is improperly nourished, and diminution of its irritability and power of conductivity results.

From the foregoing it is apparent that the effects on nerve function attributed to vertebral subluxations are in perfect accord with accepted physiological facts and must therefore be considered as scientifically correct. To recapitulate, nerve impulses travel along a nerve and all its branches and control the functional activity and organic integrity of the parts in which they end. Pressure upon these nerves will prevent the conduction of these impulses to the parts for which they are destined, without necessarily injuring the nerve itself. Vertebral subluxations are capable of producing foramina. Removal of this pressure by correcting the subluxation will again permit the nerve to conduct impulses to the parts for which they are intended, and thus restore them to their normal condition.

### REGIMENT WON DOMINION CUP

**DEFEATED GRAND TERMINALS YESTERDAY BY SCORE OF 2 TO NIL**

The Dominion Cup final between Terminals and Regiment resulted in a win for the soldiers by two goals to nil.

Playing with the hill and wind in the first half, the Terminals had the better of the exchanges but their forwards found the Regiment defence very safe and sure. Regiment forwards rarely broke away but, in one of their bursts, Wilson went through to score the only goal of the first half. Terminal half backs gave their forwards many openings but Corbett was not seriously tested. Warren drove a beauty of a shot just over.

The Regiment had more of the game in the second half and the defence was generally too good for Terminals. A couple of dangerous centres went just past but Warren was their most dangerous forward. Norrington was nearly through and Baptie shot close. The game was keenly contested but some of the players were spoiling it by "crabbing." This came to a climax when Underwood and Macdonald were sent off for fighting. Play was still keen but Wilson lifted a swerving shot over Gurvich's head to put the Regiment two goals up. Bye missed a glorious chance when he handled a centre in the goal mouth. Full time found the Regiment rather lucky winners by two clear goals.

Teams:  
Regiment—Corbett, Ross and Lambie; Kelsey, Baptie and Hunter; Underwood, Wilson, Bye, Norrington and A. Hodgkinson.  
Terminals—Gurvich; Skinner, Howe; Hill, Currie, Macdonald; Harrison, Strachan, Dickens, Warren, D. Gurvich.  
George Russell refereed and A. Clapperton and Fred Hardie were on the line.

Terminals lost because their forwards lacked punch. Warren was the pick. Dickens was slow and ineffective. Strachan tried hard and Harrison spoiled good work by weak finishing. Currie, Macdonald and Hill were a good half-back line with Currie and Macdonald both feeding their forwards well. Skinner kicked strongly and tackled fearlessly. Howe and Gurvich also defended well.

The Regiment owed its win to the strong defence in which Baptie, Lambie, Ross, Corbett and Kelsey were at their best. Hunter did well for his first game of the season. Of their forwards, Wilson was the most dangerous and got both goals. Norrington and Hodgkinson combined at times but Bye was weak and the forwards generally showed little organized scheming.

### LACROSSE WAS WELL PLAYED

**FIRST CLASS MATCH YESTERDAY IN WHICH TERMINALS AND MAPLE LEAFS TIED**

Although the players practiced but three weeks prior to the game, a splendid lacrosse match was put up yesterday between the Terminals and the Maple Leafs, the score being five goals each. Some of the players did very well especially Berry who played for the Maple Leafs and was easily the best man on the field. Other good players on that side were Elmer Smith, Curly Nelson and Shackford. For the Terminals the best players were E. Smith, E. R. Currie and Jackson. The teams lined up as follows:

Terminals—Hughes, O. Jackson, L. Astoria, S. Styles, S. Dickens, Currie, E. Smith, H. McDonald, D. Scott, E. Ratchford, B. Hill, J. Scott, and Skinner.  
Maple Leafs—Bert Miller, Elmer Smith, R. Nelson, R. Berry, D. Stalker, B. Irvine, J. McNulty, Skatkebol, A. Macdonald, B. Stalker, T. Smith, Shackford and B. Bacon.

Scorers were:  
Terminals—E. Ratchford 2, E. Smith 2, Skinner 1.  
Maple Leafs—R. Berry 1, B. Irvine 1, Shackford 3.

The Midgets also played a game between Reds and Blues the Reds winning two goals to one.

Referee, Harry Menzies.

It is announced that during the week a league will be formed and a practice will be held tomorrow evening.

### Around The World With Sport Fans

(By The Tramp)

John Hardy of Toronto has been inquiring from Toronto the conditions for entering for the big prizes for swimming at the National Exhibition there this summer.

Undoubtedly the most interesting personality of the South African Olympic team is the woman competitor, whose presence marks South Africa's first participation in international women's athletics. She is credited with the unofficial world's record for the high jump, having topped five feet two and a-half inches last October, and on two occasions that year having done 5 feet 1 1/4 inches, and 5 feet 1 1/2 inches.

The only reason why Miss Clark's record has gone unrecognized is that South Africa has not affiliated with the Women's International Athletic Federation.

Since the war the following men have won the King's prize at Bisle: 1919—Sgt. J. L. Loveday, New Zealand. 1920—Sgt. F. Morgan, South Africa. 1921—Sgt. Cunningham. 1922—Lt. Col. A. P. Marchmont. 1923—Capt. E. H. Robinson. 1924—Lt. Desmond Burke, Ottawa. 1925—Spr. A. Smith. 1926—Sgt. A. G. Patton. 1927—Captain Vernon.

### SPECIAL JR. SOCCER GAME ON YESTERDAY

Booth School Loses to Picked Team of Borden and High Players

At the conclusion of the Dominion Day morning sports, Booth School played a picked team from Borden and High and the combined team ran out winner of a good game by 3-2.

Booth played down hill and McKay early opened the score. Booth pressed and Wood gave McKay a good opening but the latter shot past. Stiles defended well and then Cameron scored for the picked team. Smith saved and Bussanich missed a good chance. Walters gave Bussanich an open goal but the latter missed. Wingham shot past. C. Johnston was clever. Half-time found the teams on equal terms.

With the advantage of the hill the Reds attacked and Cameron put them a goal up. Scott saved and then Cameron went through to score again. Walters thrilled the crowd with a splendid run which he capped with an equally fine goal. Cameron was nearly through again but Nelson, Gilker and Murray defended well. McKay was very clever but shot past. Smith saved and full time found the Rest of the League winner by 3-2.

Booth was without its captain, Reg-

### FINE WEATHER IN JUNE HERE

WITH 216 HOURS OF SUNSHINE AND 1.71 INCHES OF RAIN, MONTH WAS FINEST IN YEARS

Prince Rupert during the month of June experienced the finest weather that has been recorded for a single month in years. There were 216.7 hours of bright sunshine which far exceeded any month of 1927 in which year the best month was August with 178.7 hours of sunshine, rainfall during the past month was also lower than in any month in at least the past two years, July, with 1.93 inches having been the driest month in 1927. A mean temperature of 55 also contributed to the general pleasantness of June weather conditions here.

The following weather figures for June are announced by H. D. Tee, Digby Island, Dominion meteorologist: Sunshine, 216.7 hours. Greatest sunshine in one day, 15.4 hours on July 10. Rainfall, 1.71 inches. Greatest daily rainfall, .51 inch on June 4. Maximum temperature, 76 on June 9 and 10. Minimum temperature, 40 on June 7. Mean temperature, 55. Highest barometer reading at sea level, 30.25 on June 23. Lowest barometer reading at sea level, 29.35 on June 26. Total barometer reading at sea level, 29.85 on June 26. Total wind mileage, 1712. Greatest velocity, 16 miles per hour on June 1. Average wind velocity for month, 2.4 miles per hour.

### KITSAULT EAGLE COMPANY ACTIVE

NOW HAS THREE CAMPS OPERATING IN VICINITY OF McGRATH AND KITSAULT NORTH-EAST FORK

W. G. McMorris, managing director of the Kitsault-Eagle Silver Mines, Ltd., of Alice Arm, spent the weekend in the city. The Kitsault-Eagle Co. now has three camps operating in the vicinity of McGrath Mountain and the northeast fork of the Kitsault river. In addition to development work on the Silver Cord property, which has been carried on uninterruptedly for two years, the company has commenced development work on the LeRoy. The latter property has some tremendous showings of zinc ore and development is expected to prove up a large tonnage. Development has also been commenced on a portion of twenty claims recently bonded by the company on McGrath Mountain and a total of fifteen men are being employed. The new tunnel recently commenced on the Silver Cord has encountered an ore body about four feet wide, the ore being said to be of high grade.

lot of rain, experienced some heavy beneficial showers. There were light, local showers at a number of points in southern and central Saskatchewan. Hail fell heavily over about 9,000 acres between Munson and Viewpoint, Alberta, causing damage estimated at about 25 per cent, though there may be a considerable revival under favorable weather conditions. There was also some slight damage from hail in the vicinity of Marcelin, Saskatchewan, otherwise with the exception of weed trouble at a couple of Manitoba and Saskatchewan points and the appearance of wire worms near North Battleford, no damage is reported.

Fall rye is doing splendidly, heads being well filled and cutting is expected to begin in from two to three weeks. Oats are also progressing favorably and all hay and pasture lands are in fine condition.

With very little to cause them worry farmers have been occupying themselves summer following and breaking. About 75 per cent of the former work is completed and because of the excellent conditions which obtain it is thought a very substantial amount of new land will be broken during the summer.

# FATHER Did The Washing Just Once

IF Father would take his turn at the tub just one time, old fashioned wash-day would vanish from your home forever. He would insist, for your sake, and for the general good of the family, that you let us shoulder the woes of washday. That's our job you know. We're organised for it. We can do the work more quickly and economically than you can. And you may doubt this, but it's a fact that we'll do it better, too. That's because we have facilities no home laundry could possibly have.

### SISTER OF LOCAL LADY PASSES AWAY IN SOUTH MONDAY

Mrs. R. E. Benson received the distressing news last night of the death in Vancouver of her sister, Miss Fanny Freshwater, who was well known in Prince Rupert, having visited here on more than one occasion. The late Miss Freshwater, who had conducted a store in the Mount Pleasant district of Vancouver for many years, was 49 years of age. Planning another visit to this city in a few weeks' time, she was taken suddenly ill on Sunday and expired on Monday.

Mrs. Benson sails this afternoon for the Catala for Vancouver to attend the funeral.

### CAPITAL-TO-CAPITAL RACING YACHTS PASS

Boats Bound from Olympia to Juneau Seen Outside But Do Not Call Here.

Some sixteen or so yachts participating in the capital-to-capital race from Olympia, Washington to Juneau, Alaska, passed by here on Sunday without calling at this port although it was expected that some of them would have. One of the racing yachts, the *Maive*, is reported to have broken down and been in tow of the U. S. Coastguard cutter *Snohomish* off Green Island on Sunday.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre east of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes, minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 1, Land Series, "Purchase and Lease of Crown Lands."

### LEASES

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free permits are available for settlers, prospectors and travellers, up to ten head.

### CANADIAN FISH EGGS GO ABROAD

Twenty-five thousand landlocked salmon eggs collected from the Chamcook lakes, New Brunswick, were presented by the Dominion Department of Marine and Fisheries to the Department of Fisheries, Dublin, Ireland. The eggs hatched out very successfully and the fry was distributed in various waters throughout Ireland. One hundred thousand Kamloops and 50,000 speckled trout eggs were shipped from British Columbia to Tokyo, Japan, with excellent results, while, on the other hand, 22,000 brown trout eggs, forwarded from Dumfries, Scotland, were hatched out at St. John, New Brunswick.

# Riding is Like Flying

The simplest answer to automobile satisfaction is just this:

- to know the overpowering conviction of greatest value held by Essex owners.
- to see Essex beauty.
- to examine Essex quality.
- to experience Essex comfort.
- to ride and know Essex performance.

The Essex Super-Six high-compression motor is patented and exclusive, and is so far as we know the most powerful of its size in the world.

The four-wheel brakes used on Essex are the same type used on costly cars and assure the maximum brake safety as well as the softness of control that you associate only with high priced cars.

In the way women by thousands are turning to Essex is a story of the great and dynamic "man's Super-Six" made beautiful for women.

Another car load of Essex Super-Sixes has just arrived. We would appreciate an opportunity to demonstrate to you.

The Super-Six principle amazingly revealed.
