JAPAN IS ACTIVE IN NORTHERN CHINA

MOHAWK MINE, HAZELTON, TAKEN BY FEDERAL COMPANY

Japan Strengthens Her Grip on Manchuria by Declaring Neutral That State Under Her Protection

Fear expressed that Nippon is taking advantage of Chinese war-torn condition to establish permanent domination

P EKIN, May 19.—A Japanese memorandum handed to the warring Chinese generals, which in effect declares the neutrality of Manchuria under Japanese military protection, overshadows all other phases of the confused Chinese situation. The implications of the memorandum are momentous. They are probably more significant than any far eastern development since the great war.

Among high Chinese there is a feeling approaching consternation and fear expressed that Japan is taking advantage of war-torn China to establish permanently her domination over Manchuria and to demand recognition of it.

JAPAN IS DICTATORIAL

TOKIO, May 19.—In handing the Japanese government's memorandum to Marshall Chang Tsao Lin, Northern dictator at Pekin, the Japanese minister is reported to have advised Chang to return to Manchuria promptly while the armies were still undefeated. Chang flatly refused.

The Japanese memorandum embodies a warning that no operations endangering Japanese life and property would be countenanced. A similar warning was handed to the Nanking government.

COLDEST SPOT POSSIBLY IS MT. MCKINLEY

TEACHERS DECLINE SERVE UNDER WOMEN

National Association of Schoolmasters Object to Women Holding Superior Posts

LONDON, May 18.—For economic reasons the process of staffing junior mixed schools with women is leading to the exclusion of men as heads and as class teachers. Facing this condition of things the National Association of Schoolmasters, in conference at Newcastle-on-Tyne, recently by resolution reaffirmed their opposition to an assistant master serving under a head mistress, and pledged support to any member refusing to serve a woman chief.

"Imagine," said C. Freeborough, London, "the feelings of an assistant master with a grown-up family on being told what to do by a young spinster graduate who had been appointed headmistress."

They all knew, he added, how meticulously sure a boy was in sizing up a man. "What would be a boy's estimate of a man who took orders from a woman? What would it be in your own homes? No woman could handle and educate a boy in the same degree as a man could."

WHEAT UP TODAY

VANCOUVER, May 19.—The price of wheat was slightly higher here today, Number 1 Northern going at \$1.55%.

M. M. Stephens and S. E. Parker will leave about the former's power boat Vera S. Frye tomorrow morning on a business trip to Alice Arm from which they expect to return about the middle of next week.

WEATHER REPORT.

Veritable Fairyland of Lakes, Bathing Beaches and Waterfalls With Mountain and Glacier Views

Resident Urges That New Highway Take Inside Route up Wolf Creek From Port Edward to Tyee Following Natural Grades

The question of whether the new highway should take the route up the Skeena River past the canneries or turn inland at Port Edward following a chain of beautiful lakes with wonderful scenery and all the attractions of a natural park is a live one and should be decided immediately. Many local people think the inside route better than following the river.

P. W. Anderson, who has travelled this whole country, envisions over it and writes his views in a manner not to be misunderstood. He says:

MR. ANDERSON'S LETTER

I note that the Department of Public Works has called for tenders for further work on the extension of the Skeena Highway, and while I have not seen the specifications, I am led to believe that the route selected is by way of Port Edward and the canneries.

If this is the route selected, who selected it? Was it left entirely to the judgment of the government engineers?

There was a preliminary survey made (continued on page two)

LINDY BREAKS "WE PARTNERSHIP FOREVER": Col. Lindberg flew his beloved "Spirit of St. Louis" from St. Louis to Washington, to be placed in Smithsonian Institute

Direct Evidence Given Protection Money Paid Vancouver Policemen

Chinese Witness Tells of Handing Inspector Jackson \$400 Half of Which Was For Another Gambling House

V ANCOUVER, May 19.—Direct evidence that an officer of the Vancouver police force had been paid money by Chinese gambling operators for protection was given late yesterday afternoon by Joe Wong, a witness at the police inquiry. The Chinese swore he paid inspector John Jackson of the morality department \$300 protection money in the inspector's office at the police station. Of this \$200 was for Joe Wing's own gambling house at 203 Carroll Street and \$200 for George Chow's place at 828 Main Street, George Chow being ill and having asked Joe Wing to make the payment for him.

Joe Wing testified that he went to the bank and changed small bills into \$100 bills and put them into an envelope. "I paid it to Jackson," he said. The incident occurred last December, witness declared. Jackson had taken the envelope containing the money, said Joe Wing with the remark, "all right, that's fine."

Another witness, Ah Lum, told Commissioner Lennie that George Chow informed him that 203 Carroll Street paid \$200 monthly for protection. George told him, said Ah Lum, that this money was paid to Inspector Jackson.

The veteran inspector's name figured

also in the testimony of Ah Lum in connection with a telephone message received at the gambling house an hour before a raid occurred.

Recent evidence went to show that Wong Lum was the partner in many gambling places. That the mysterious "expense" items in the account books were for cigars, liquor and "good fellowship" was denied by Joe Wing. "It is not true," said witness, through an interpreter. "The protection fee and money for cigars and liquor were different things entirely."

The return of gambling paraphernalia from the police station featured in Ah Lum's evidence. He said he accompanied George Chow to the police station on one occasion following a raid and carried the equipment back to the gambling house. He didn't see George getting the apparatus as he was waiting outside the police station for it, he said.

The inquiry adjourned until Monday morning.

MENACE FROM BIG CARS VERY SERIOUS

Danger to Small Autos on Roads Pointed Out by London Paper in Editorial

LONDON, May 18.—The charge that the drivers of big cars are developing the habit of crowding small cars into the ditches appears to be so well substantiated that some action will have to be taken with regard to it," says the Daily News and Westminster Gazette in an editorial dealing with the subject of "Manners on the Roads." The paper says:

"The habit is not only unpleasant; it is distinctly dangerous; and as the number of small cars is constantly increasing it will be wiser to deal with the trouble before it has developed into some unhappy accidents. The proper authorities to take action are those of the Automobile Association. The association claims to control dangerous driving through their patrols; but the existence of the evil suggests that a more vigorous policy is needed. If the patrols reported some of the incidents and the association took action upon them the trouble would probably pass."

Double Tragedy in Which Man Seems to Have Killed His Wife and Then Taken His Own Life

N EW WESTMINSTER, May 19.—A double tragedy in which the police believe the husband first battered his wife to death and then took his own life was revealed last night with the finding of the dead bodies of Yde Terpstra, 41, a Dutch gardener and his wife Emma, 45, in their Lulu Island home.

The discovery of the tragedy was made by the son. The wife was found lying in the dining room with head battered and covered by a colored wrap. On the table lay a bunch of flowers and a note reading: "Emma, I follow you in death."

News of the Mines AROUND PRINCE RUPERT

Diamond Drilling in Full Swing at Topley—Duthie Mine Maintains Standing—40-ton Mill for Silver Cup at New Hazelton

Following several delays as a result of slow penetration through glacial drift, diamond drilling operations at the Topley Richfield mine have been successful in breaking through this loose formation and good headway is now being made in solid rock. H. L. Batten of Vancouver, consulting engineer, announced that the drill was down ninety feet on Tuesday. Rapid progress is now expected and the values at depth should be known within a few days. Everything is working smoothly at the mine. Workmen are employed under contract to run a raise to the surface from the long drift at the north contact and at this point the permanent grade of the Silver Cup has been found and this has caused an acceleration of the plans for development of the property. Mr. Dornberg paid a visit to the property this week and expressed high pleasure at the prospects.

Under Mr. Dornberg, the Silver Cup mine is also being developed with splendid results. It was at first planned to put a twenty-five ton mill on this property but it is now believed that the smallest capacity plant it will be able to use will be forty tons. A sufficient water supply is available and it is possible that the ore may be trammed over the mountain and down to the Bulkley River. Meanwhile, a big force of men is being put to work to get the Nine Mile wagon road in shape for heavy traffic. This will be necessary before the mill plant can be hauled in. Shipments of high grade are being continued without interruption, ore being mined and handled at a fast rate from a depth of 300 feet. Arrangements are being made for storage tanks for fuel oil at New Hazelton station.

Al Harris of New Hazelton received instructions from his brother, W. S. Harris, this week, to start operations at once on the Aurum property on Roche de Boule mountain. This is the old Hazelton & Gold Cobalt property which has been reorganized and refinanced. Al Harris has placed Ed. McLaren in charge of operations.

Three tons of high grade ore per day is now being produced at the Mohawk property, reports of the Omineca Herald. Of New Hazelton, the ore being shipped to Trail smelter in bulk. Samples recently taken gave values of \$125 per ton under assay. Besides taking out ore, the Etridge shaft vein is also being developed and it is expected to take a lot of mineral from this in the near future.

It has been decided by W. B. Dornberg to put a compressor on the Comet property on Four Mile Mountain near New Hazelton and this equipment has already been ordered from the south. A fine showing of ore, similar to the high-

W. R. Wilson, wealthy mining man of Victoria, plans to make a well organized

CHILD MASQUE FINE SUCCESS

TWO HUNDRED AND FIFTY CHILDREN
AN D200 ADULTS ATTEND PIC-
TURESQUE EVENT

With some 250 children and about 200 adults in attendance, the children's masquerade held last night in Moose Hall by the Women of the Mooseheart Legion was a highly successful and picturesque affair. Some 150 children in costume, as well as those who were not, danced from 8 to 11 when refreshments were served and from 11 to 2 the adults enjoyed themselves to the full. Splendid music was furnished by Al Small's orchestra. Gillis Royer was master of ceremonies.

The children were led in the Grand March by Mrs. D. Lund and Mrs. H. Skattebol and the judges were Miss S. A. Mills, Miss E. M. Earle and Miss Myawny Campbell who, on account of the large number and variety of costumes, were hard put to it to make their selections in some cases. The prize winners were adjudged as follows:

Best dressed as girls—1. Miss Clara Stegavik; 2. Miss Kathleen Bustin.

Best dressed as boys—1. Miss Louise Lindseth; 2. Miss Phyllis Parry.

Best fraternal costume — Miss Dolly Derry.

Best original costume as girl—1. Miss Salberg Jensen; 2. Miss Lea Basso-Bert.

Best original costume as boy—1. Paul Stegavik; 2. Miss Lillian Johnson.

Best advertising costume — 1. Miss Stein Phillips; 2. Miss Eleanor Edwards.

Best girl character—1. Miss Vera Parry; 2. Miss Marie Musselman.

Best boy character—1. Edward Lindseth; 2. Eric Christiansen.

Best girl's comic—1. Miss Thelma Johnson; 2. Eric Barton.

Best boy's comic—1. John Schubert; 2. Peter Petersen.

Specials—1. Miss Jacqueline Ireland; 2. Miss Gloria Sturgeon; 3. Miss Myrna Fuller; 4. Miss Georgia Eckerman.

National characters — Ireland, Miss Maxine Heilbronner; gypsy, Miss Minnie Fox; Scotland, Miss Jeanette Thompson; Spain, Miss Phyllis Beale; Norway, Miss Lillian Ytreberg and Miss Tilly Wicks.

The committee responsible for the successful arrangement of the event consisted of Mr. Joseph Slaggard, convenor; Mrs. A. G. Bartlett, Mrs. Charles Edwards, Mrs. D. Lund and Mrs. A. Wick, assisted by Mrs. H. Skattebol, Mrs. P. Wingham, Mrs. O. Stegavik and Mrs. Jack Preese. Presiding at the door were Mrs. R. B. Skinner and Mrs. Charles M. Nickerson, assisted by Mrs. R. Long and Mrs. P. Johnson.

VERITABLE FAIRYLAND OF LAKES, BATHING BEACHES AND WATERFALLS

(continued from page one)

during the summer of 1924 over a route by way of Diana Lake, Rainbow Lake, Harrison Lake, and down through Tyee Park to Tyee Station on the C.N.R. This survey was carried out under instructions from the department of public works issued to Major Taylor, resident district engineer, a copy of which report is on file with the department.

I voice no protest to the building of a branch road to Port Edward, or even as far as the cannery, but I register an emphatic protest against the other route being abandoned without giving it the fullest consideration as I believe the great majority of the citizens of Prince Rupert were in favor of it going that way. I think I am voicing the opinion of the majority of the citizens as well as my own opinion when I say that there are unanswerable arguments why it should be built by the way of the interior. The distance is shorter, the grades are light, and the engineering difficulties no greater than by the way of the railroad. But these are minor considerations, there are other reasons which appeal to me as being of far greater significance.

The road would course through a veritable Jasper Park, follow the shores of several beautiful lakes, with scenery as grand and magnificent as that of any of our boasted natural parks in British Columbia, snow capped mountains and glaciers visible to delight the eye of the tourist, and all the delights of a great summer playground. There are hundreds of acres suitable for truck gardening. It would with the growth of the city become a great suburban adjunct to Prince Rupert, with hundreds of homes. It offers the only possibility of a golf course in the near vicinity of Prince Rupert. There would be permanent settlements spring up along this route. There would be numerous playgrounds and other pleasure resorts, fresh water bathing beaches where a thousand children could disport themselves. Two of these inland lakes are large bodies of water being several miles in length where the pleasures of boating could be enjoyed in calm inland waters. These would in a few years be a traffic of hundreds of cars coming and going at all times during the summer, and the value to Prince Rupert of a thousand suburban residents would be more than the doubtful value from all the cannery on the Skeena combined. The cannery are with us today and

supporters of S. M. Newton here are glad to know he is in the field as an independent Conservative and he will get considerable backing here.

Supporters of S. M. Newton here are glad to know he is in the field as an independent Conservative and he will get considerable backing here.

I Martin, forest ranger, gave a lecture last week at the Skidegate school on fire fighting which proved very instructive.

G. D. Beattie of Queen Charlotte City has gone to Vancouver for a holiday and A. J. Gordon is looking after the business during his absence.

Subscribe for the Daily News

surely we are not building the road as a commercial undertaking to get a doubtful cannery business. The suburban population would be with us always and in increasing number.

By building the road over this route we will have opened up a wonderful recreation ground and park of our own years before service is reached. It will have a diversity of attractions apart from its bathing beaches its boating, its deer-hunting, its creeks and waterfalls—places so attractive that the tourist instead of passing right through will linger with us for weeks and then will be loath to leave.

It will be just a pleasant ten, fifteen or twenty mile drive, as you like, with somewhere to go, and something so entirely different from the waterfront that it will feel like being transported to another country.

The Butler townsite, owned by Minneapolis people is within the confines of this park and the road would pass through it. The people who own it, and have visited it, consider it one of the most beautiful spots they have seen in their visits to Canada, observed from the viewpoint of natural scenery, and with the completion of the road through their property I am satisfied that they would immediately proceed with the development of their holdings.

I learn that some members of the government anticipated the road being built along this route, as applications for the purchase of land on the fore-shore of Diana Lake were turned down, and the reason advanced was that the land was reserved, and might be subdivided by the government for townsite purposes.

Man in the Moon

Girls who wish to look graceful should not talk and chew gum at the same time.

Jake says he hears there is an election campaign going on in the States and he wonders what it is all about and he wonders what it is all about a man named Smith mixed up in it and wants to know if it is one of the local Smiths.

A young man without money is something like a car without gas. There's something lacking.

The chief difference between gasoline and groceries is that which cash must be paid off the former, the latter can be charged.

If you can't get what you want at the department stores, try the drug store.

The man must face the music. No matter what the tune. He can't escape once he is wed. The poor benighted prune. But a candidate in politics. Can shift and twist and turn. To boldly meet the issues all. He never seems to learn.

SKIDEGATE

H. C. Fraser, school inspector, who has been visiting all the schools of the neighborhood walked over the trail to Port Clements after he had completed his work here.

Rev. J. Gillett, Indian agent, accompanied by Mrs. Gillett who have been on a visit here, returned recently to Port Clements.

Mrs. R. Martin and Mrs. R. Scott were recent visitors here from Queen Charlotte City.

W. Streman has resigned his position with the Gillespie and Pahul Logging Co. here.

Mrs. R. Pahul gave a very enjoyable party at the "Igloo," Queen Charlotte City last week.

Supporters of S. M. Newton here are glad to know he is in the field as an independent Conservative and he will get considerable backing here.

I Martin, forest ranger, gave a lecture last week at the Skidegate school on fire fighting which proved very instructive.

G. D. Beattie of Queen Charlotte City has gone to Vancouver for a holiday and A. J. Gordon is looking after the business during his absence.

Mr. and Mrs. J. Stone were passengers

leaving on the Cardena this morning

for Vancouver.

In the current issue of the Saturday

Evening Post appears an interesting

marine study taken near Ketchikan,

Alaska.

Playing of the finals in the junior

tennis competition for cups presented

by Doug Frizzell is definitely set for

this afternoon.

Passengers sailing from here for the

south on the Princess Royal last night

included Victor Morrison, for Alert Bay,

and H. Snyder, for Seattle.

Mrs. James Waugh left on this morning

for Port Edward where she will

take up residence, joining Mr. Waugh

who is cannery storekeeper there.

Salt Lake Service begins tomorrow

at reduced rates. Adults 50¢ or three

tickets for \$1.00. Children 25¢ or five

tickets for \$1.00. Prince Rupert Salve-

age & Towing Co. Ltd.

The project of establishing a summer

camp for boys and girls of the city is

again under discussion by a committee

representing the Prince Rupert Rotary

Club and boy scout organizations of

the city.

Mr. and Mrs. J. Szwarcuk and

family, who have been residents of this

city for the past few years, will

tomorrow night on the Prince Rupert

for Vancouver enroute to Langley

Prairie in the Fraser Valley where they

will take up farming.

C.N.R. steamer Prince Rupert, Capt.

D. Donald, from Vancouver, Powell

River and Ocean Falls, arrived in port

at 11 o'clock this morning and will

sail at 10 o'clock tonight for Stewart,

returning at 8 o'clock tomorrow even-

ing and sailing south at 11 p.m.

At a meeting of the Prince Rupert

Swimming Club executive last night, it

was decided that selling of membership

tickets by children with free transpor-

ation for the season going to the boy

or girl selling the most should close

on June 24. Plans were completed for

the excursion on Thursday to the Salvage

Princess to Port Simpson. E.

Gibbons and Doug Frizzell are sell-

ing tickets which cost \$1.50.

Daily train service into Prince Rupert

for the summer will be inaugurated by

the Canadian National Railways, effec-

tive tomorrow. Trains will arrive at

3:30 every afternoon except Tuesday

and will leave every morning except

Sunday at 11:30 a.m. Mails will arrive

on Mondays, Wednesdays and Fridays

and go out on Mondays, Wednesdays

and Saturdays. The post office an-

nounced this morning that there would

be mail from the East both tomorrow

and Monday.

The claims of six lienholders against

the defunct Dumont-Emerson logging

concern were settled in County Court

before Judge Young yesterday and pay-

ment adjourned until after the session

of the Supreme Court in June at which

the claim of Mike Morrison for wages

exceeding \$1000 will be heard. Two of

the eight claims have been disputed

and will be settled later. John V.

Clyne and W. E. Fisher are acting for

the lienholders and W. O. Fulton for

the defendants.

Don't fall to see Jack Dougherty be-

ing initiated into the Masonic Lodge

by Frank Moore in "Are You a Mason?"

in the Westholme Theatre next Monday

and Tuesday. Reserve your seat at

Ormes.

C. W. Harrison, hatchery inspector,

was a passenger arriving from Vancou-

er on the Prince Rupert this morning

being on his way to the Lakelse hatch-

ery and other plants in the interior on

official duties.

At an executive meeting last night of

Prince Rupert Assembly, Native Sons

of Canada, the matter of holding a

Dominion Day celebration was dis-

cussed. Further plans will be made at

another meeting called for tomorrow.

Mrs. A. R. Nichols returned to the

city on the Prince Rupert this morn-

ing from Vancouver accompanied by

her young daughter who has been

receiving treatment at the hands of

specialists in the south for the past two

or three months.

For breaking into Mussalem's grocery

store and stealing certain goods there-

from, one boy in juvenile court before

Judge McClymont this morning

was given six months' suspended sen-

tence with instructions to report to the

police station every Saturday while

another was let go with a warning, it

having been the first time he was ever

in trouble.

"I managed to keep at my work,

somehow, until I began to have dizzy

spells which got so bad I had to give

up. I used many kinds of medicine,

but found no help until I got a box of

Milburn's Heart and Nerve Pills."

After the first box I found a great

change, and after two boxes I was

as well as I could be.

"I told my mother, who had

been choking spells about them and

they helped her greatly."

Price 50c, a box at all druggists and

dealers, or mailed direct on receipt of

price by The T. Milburn Co., Limited,

Toronto, Ont.

Bottled and guaranteed by William

Grant & Son Limited, Cleindon and

Balvenie-Glasgow Distilleries, Duff-

town & Glasgow, Scotland.

BRINGING UP FATHER

THISTLES WIN FIRST SOCCER

DEFEATED REGIMENT BY SCORE OF 2 TO 1 IN OPENING GAME OF SEASON

A fine brand of play for the opening of the season was put up last night by the Thistles and Regiment in the first football game of the Stuart Benefit Shield series, the former winning the honors by a score of 2 to 1. A very good-sized crowd was in attendance, there being ninety-five paid admissions in addition to possibly fifty ladies who do not pay.

Thistles won the toss and the Mayor, Col. McMordie set the Senior Football in motion. Early play was equally divided and then Wilson tested Currie from close in but Thistles' goalie was safe. Woods seized on an opening and put Thistles' goal up. Corbett saved well from Campbell when the latter was clean through and later at the expense of a corner saved a high dangerous shot from Farquhar. Harris was prominent for Regiment. He worked through and his cross-bar to drop in from where Baptie the best of the Regiment forwards, cleverly hooked in the equalizer.

For the first ten minutes of the second half Thistles were all over the Regiment but Corbett was very safe. As a result of loose checking Campbell fastened on to a goal kick and put Thistles ahead. Haig and Erskine were safe at back and Currie was always to the fore with clever constructive play. Campbell hit the upright. Baptie had a long try that just went over. The players were tiring. Tinker was clever and had to be to stop Alex. Mitchell. Full time came with the Thistles rather lucky to be winners.

Teams:
Thistles—James Currie, Haig, Erskine, G. Mitchell, Currie, Hadden, A. Mitchell, H. Erskine, Campbell, Woods, Farquhar.

Regiment—Corbett, George, Ross, Doherty, Harris, Tinker, Wilson, Russell, Baptie, Bye, Norrington.

For Thistles, Haig, Erskine, Currie and Campbell were best, while Regiment were best served by Ross, Corbett, Harris and Baptie.

George Russell referred in his usual efficient manner and Doc. Clapperton and Torney were linesmen.

REDS BACK IN SECOND PLACE

GIANTS END LOSING STREAK BY BEATING CARDINALS—CUBS ARE STILL LEADING

(Special to Daily News)
NEW YORK, May 19.—Cincinnati Reds, one full game behind the leading Chicago Cubs, displaced St. Louis Cardinals, who lost to York Giants, from second place in the National League as a result of a 7 to 6 win over the Brooklyn Dodgers yesterday. The Giants ended their recent losing streak with an easy 10-6 victory over the Cardinals but are still in fourth place. Pittsburgh

ONE OF BOSTON BRAVES

Typical march from the plate of batters when Art Nehf was in action yesterday for Chicago Cubs.

returned to the .500 percentage by defeating the Phillies 6 to 4. The Chicago Cubs retained the supremacy by winning two to one over Boston in a tight game.

All American League games were postponed on account of rain.

Yesterday's scores were as follows:

NATIONAL LEAGUE

Brooklyn 6, Cincinnati 7.
New York 10, St. Louis 6.
Philadelphia 4, Pittsburgh 6.
Boston 1, Chicago 2.

AMERICAN LEAGUE

All games postponed on account of rain.

COAST LEAGUE

Portland 4, Sacramento 5.
Seattle 0, Oakland 6.
Hollywood 1, San Francisco 6.
Mission 1, Los Angeles 6.

LEAGUE TABLES

National League

Dido Gurvich will show his wares next Wednesday night at the Exhibition Hall for the first time since returning from the south where he met with considerable success. It is said that he brought home with him considerable improvements in his repertoire as well as a couple of cauliflower ears. Dido should have a good try-out with the rough Alf Harding from Bristol, England. Harding, who is said to be one of the toughest boys of his weight in the northwest, says that, if Gurvich will mix with him, the fight will never go twelve rounds. Some of the rail birds might pick Harding to win but, according to Dido, it will be a different story. Gurvich, who is going to have a lot of supporters next Wednesday evening, says that fights are won in the ring—not in the gymnasium. A strong card of prelims is being lined up and it looks like it will be one of the best cards of the season on May 23.

Arrangements are nearly completed for the annual celebration in New Hazelton on May 24. There will be the usual sports and baseball games at the athletic grounds in the afternoon as well as the crowning of the May Queen and the May Pole dance. In the evening there will be the usual grand dance. A new floor has been put in the Community Hall and new foundations put under the building. The interior has been redecorated and the place greatly improved. An orchestra will provide music for the big dance. Report from both east and west are to the effect that a large number of visitors will be in New Hazelton that day to help make the celebration a success.

By a 5-1 victory over the C.N.R. soccer eleven this week the City is now leading the Prince George league by two points in the three-cornered race for football honors. The one-sided score does not indicate, however, the play of the teams. By far it was the best game played this season. In the first half the teams battled evenly, both sides scoring one goal. The largest crowd so far this season was present to witness the game.

FAIRMAN CRICKETER VISITING ENGLAND

Says Australians Short of Fast Bowlers Just Now

LONDON, May 19.—C. G. Macartney, the famous Australian cricketer, has arrived in London with an Irish wife, but he has no intention of playing cricket. "Although I shall be here until September," he informed a reporter, "I don't think I shall play a single game. And I'm not hurrying back to Australia for the season. I have retired."

"At what age does a cricketer's life end?" asked the reporter.

"Some can manage 40, others reach 45 before they get too old," Macartney replied. "The world is short of fast bowlers at the moment," he said. "In Australia they are always on the look out for new blood, but I can't tell what material they'll have for the next test."

Macartney said that his visit was entirely for sight-seeing—to show his wife the Old Country. "She went to Australia when she was very young," he explained. "She is a native of Belfast."

He scored 109 to 0 made in ATLANTIC

ATLANTIC, May 19.—If Babe Ruth, Lou Gehrig and their slugging New York Yankees mates ever come to Atlantic, they will have a difficult time showing the natives anything new in baseball.

The reason is that nearly everything except an extra inning and errorless game happened when Atlantic beat Griswold, 109 to 0, in a high school game recently.

While their pitcher, Don King, buried a no hit, no run game struck out 16 and got 15 hits in 17 times at bat, this is what the Atlantic boys, second stringers, too, did to Griswold's only pitcher, Gustim:

They made 92 hits in 139 attempts.

They hit 16 home runs, six triples and 23 doubles.

They scored in every inning, getting 30 in the second and 27 in the seventh. One of them made five home runs and another scored 14 times in 14 times at bat.

The game stopped at the end of the eighth inning when the score keeper became exhausted.

Around The World With Sport Fans

(By The Tramp)

Old country papers emphasize the final struggle of the football teams at the bottom of the league to evade elimination and relegation to one of the lower divisions or in one case total exclusion from league football. This struggle was even more intense than the efforts of a few teams to reach the top.

There is now little, if any, doubt that the Wrigley Marathon swim of 1928 will take place in this city, probably in Humber Bay, off Exhibition Park, where the great paddle of 1927 was held, but over a shorter course of dif-

Waterfront Whiffs

Trollers Now Out in Full Numbers and Doing Fairly Well—
Signal Has Engine Trouble—Ternen Leads Local
Halibut Boats

With early season prices standing around 17c and 18c for reds and 6c and 7c for whites, spring salmon trollers in waters contiguous to Prince Rupert have been doing quite well this spring. During the past week or so there has been a considerable improvement in the run of fish but unfavorable weather had been mitigating to some extent against the success of operations. Pretty nearly all the five hundred or so trollers, including Indians, which operate in these waters are now out and, as far as trolling is concerned, the season may be said to be practically in full swing. If prices remain firm at the level which has prevailed for the first couple of months, the most of the operators should make financial success of it. With a considerable number of new recruits in the game, it seems probable that the district fleet this year will be the largest ever recorded.

After having been confined to the vicinity of Warke Channel, operations are beginning to spread out and now there are reported to be about one hundred boats fishing at Dundas Island with thirty or forty at Stephen Island. A number of boats have gone out to Hippo Island, and, to the north of Graham Island at North Island considerable activity is also reported. Around Eddy Pass, near the entrance of Prince Rupert harbor, there is also a number of boats operating. A falling off in the run at Warke Channel is reported.

Capt. Johnny Clauson, with the Elmer Co., is putting in from Dundas Island; Flewin & Brown, with the Tap-

"PROVINCIAL ELECTIONS ACT"

PRINCE RUPERT ELECTORAL DISTRICT

NOTICE is hereby given that I shall on Monday, the 21st day of May, 1928, at the hour of 10 o'clock in the forenoon, at the Court-house, Prince Rupert, hold a sitting of the Court of Revision for the purpose of revising the list of voters in the electoral district, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Election Act."

Dated at Prince Rupert, B.C., this 5th day of April, 1928.
REGISTRAR OF VOTERS,
Prince Rupert Electoral District

LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Prince Rupert Land Recording District and situate on Moresby Island adjacent to Alliford Bay—Skidegate Inlet—Queen Charlotte Islands.

TAKE NOTICE that the Pacific Mills Limited, Vancouver, B.C., occupation pulp and paper manufacturers, intends to apply for a lease of the following described lands—

Commencing at a post planted at the corner of S.T.L. 524TP; thence 72 degrees 30 minutes west (Astronomic) 1800 ft.; thence North 33 degrees 30 minutes West (Astronomic) 1800 ft.; thence North 22 degrees 30 minutes East (Astronomic) 800 ft.; thence North 28 degrees West (Astronomic) 2500 ft.; thence North 60 degrees East (Astronomic) 950 ft. more or less, to an intersecting point with the boundary of Alliford Bay; thence following the said boundary, southwardly to the point of commencement; save and except one island containing one acre more or less and another island containing 0.25 acres, more or less—the whole containing 12 acres, more or less.

PACIFIC MILLS, LIMITED

The Truth-

NO LYE

You'll find no lye bottle under our apron when we do your family washing. We use only sudsy soap and rainsoft water to wash clothes clean. We don't rub your clothes threadbare, either. Just swish suds and water through every fabric pore. Our method makes clothes last longer. Makes 'em cleaner, too. Just let us do a trial job—then you'll see!

BROUGHT DOWN GRIZZLY WITH COLT REVOLVER

ONE-SHOT FROM RIFLE HAD NO EFFECT BUT ELEVEN FROM PISTOL FINISHED HIM

JUNEAN, May 19.—Attacked by a grizzly bear he had just wounded, probably fatally, John M. Kaller, former employee of the Alaska Juneau Empire, successfully stood off the attacks of the infuriated animal and completed his kill with a .44 caliber Colt's revolver. Besides the skin of his trophy Kaller has several contusions on his face as souvenirs of his encounter.

Kaller, with a companion, Bob Gordon, went to Montana creek for a short hunt. About 6 o'clock Monday morning, while Gordon was trailing a black bear some distance away, Kaller rounded a large snow bank to run almost on top of a grizzly. He estimated the distance at about eight feet. The bear immediately charged.

With but time for a single shot, Kaller drilled the animal in the breast, the ball travelling almost entirely through its body. It was on him before he could fire a second shot from the rifle. He then dropped that weapon and put his heavy revolver into action. It took eleven shots to bring the grizzly down, all of them fired into its body at point blank range. In the melee, Kaller received slight scratches on the nose and side of the face and neck. One claw ripped a small cut on his upper lip. He returned to town with his trophy, which measures seven feet and two inches in length.

LARGEST STRUCTURAL TIMBER

The largest structural timber grown in Canada is produced by the Douglas fir. The wood of this tree is one of the hardest, heaviest, stiffest, and strongest of all native Canadian timbers, and consequently great quantities are used in bridge-building, wharf construction, and heavy framework of all kinds.

PREMIER SAYS JUST COMPARE

HON. J. D. MACLEAN SAYS WILL WORK
TO MAKE THIS BETTER COUNTRY
ALL ROUND

VICTORIA, May 19.—"There never was a time in the history of this province when capital had as much faith in the future," Hon. J. D. MacLean, Premier, said at Liberal meeting at Keating.

The Premier said, as evidence of this, it was only necessary to recall the recent keen competition of the big capitalists to get the B.C. Electric, paying three times the par value of the stock.

Also, it was only necessary to look at the new hotels, great department stores, elevators and other buildings in Vancouver and to an extent in Victoria.

"Capital knows no nationality at all," the Premier said. "It is going to be put where it gets the greatest interest or reward and where there is confidence."

"How are you going to give capital a fair deal? By not taxing it too high. But capital must pay its fair share, and labor must get its fair reward.

"I want you to compare this province of British Columbia today with what it was twelve years ago. I don't think but what you will say that it is a better province."

THE FUTURE

"What of the future? We are going to do everything we can to make this a better country for the poor and the rich, to look after our people's health and education, to balance our budgets, to reduce taxation each year as we have been doing, to continue to encourage capital to come in, to work on friendly terms with the government at Ottawa instead of scrapping with them, to deal fairly with labor so the laborer will get the fair result of his toil. Finally we have a good province and we must do like the merchant does and advertise it to the world so that people will know what is here and come."

STRONG CASTE AMATEUR PLAY

"ARE YOU A MASON?" TO BE PUT
ON BY REPRESENTATIVE GROUP
OF LOCAL ACTORS

The most interesting thing about the play "Are You A Mason?" being shown here Monday and Tuesday is the cast. Some of the members are old at the game, almost professional, others are not so experienced but have been chosen because of their special ability or fitness for the particular characters. The list includes Fred Smith, James Farquhar, Frank Moore, M. J. Dougherty, H. A. Ponder, George C. Mitchell, Miss Norah Rivett, Mrs. E. E. Gregg, Miss Virginia Riel, Miss Jeanne Grieve, Miss Margaret Palmer, Mrs. J. M. Muldoon and Miss Lillian Cross.

Officials for the play are: Business Manager—Geo. C. Mitchell, Stage Manager—S. J. Hunter. Stage settings and accessories and costumes committee—Miss N. Rivett and Mrs. D. Thomson.

House manager—Dr. J. R. Gossé. Cashiers—E. J. Smith and V. B. Porter.

Ushers—Misses Caroline Mitchell, H. M. Cross, Frances Cross, Marjorie Lancaster, Laura Frizzell and Margaret McGuire.

Promoter—Miss Willa Dyer.

The play is in three acts and is being produced under the stage direction of Alex. A. Connon.

SAND AND GRAVEL PITS

Natural deposits of sands and gravels occur in all provinces of Canada, and as a consequence of this wide distribution, the low value of these materials, and the ubiquitous demand chiefly for filling and structural purposes, there are a very large number of pits operated in Canada.

EYES OF ARMY IS DISCUSSED

HON. VINCENT MASSEY GIVES AD-
DRESS TO CHAMBER OF COM-
MERCE LOS ANGELES

LOS ANGELES, May 19.—Canada's Minister to the United States, Hon. Vincent Massey, was the guest of honor at a luncheon given by the Chamber of Commerce here. He discussed the development of flying in Canada for commercial and scientific purposes.

Referring to the development of flying in Canada Mr. Massey said that the aeroplane, "the eyes of the army" in time of war, was no less today the eyes of the army which was fighting natural handicaps. The aeroplane was being used in prospecting for power develop-

ments of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESTEAD LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

RAY OF HOPE

Nearly every kind of disease is being permanently corrected through the new drugless science of CHIROPRACTIC.

When the cause is removed, Nature can do her work. Consult W. C. ASPINALL 6 and 7 Exchange Block Telephone Green 241 Residence: 1037 1st Avenue.
