## PRESIDENTIAL ELECTION IN UNITED STATES PROCEEDING

### King Opens British Parliament in Person Today Delivering a Speech on Outstanding Topics

Kellogg-Briand Pact Outlawing War Took First Place in Address to Brilliant Assemblage at Westminster

LONDON, Nov. 6.—The Kellogg-Briand pact renouncing war took pride of place today in the address which King George read from the throne at the opening of Parliament. The speech was heard by a brilliantly robed assemblage of peers and bejewelled peeresses with commoners looking on and listening from the balcony.

"My relations with foreign powers continue to be friendly. My Government has been happy to accept the treaty of renunciation of war in the form proposed by the Government of the United States," the King said in part. He welcomed the trend towards a more peaceful China and voiced Britain's fixed policy of full support for the League of Nations. He mentioned the agreement with the powers to open negotiations for a definite settlement of reparations problems and finally wished the new Emperor of Japan, whose enthronement is about to take place, a long and glorious reign.

The speech has little to say regarding proposed legislation but said that in anticipation of a general scheme for relieving agriculture and productive industry from the burden of taxes, the Commons would be asked to make provision enabling railway companies to make lower charges on important traffic of concern to agriculture and to coal, iron and steel industries.

The critical condition of the coal mining areas was mentioned, the King stating that the situation continued to engage the earnest attention of his ministers, who were taking energetic steps to promote the success of a scheme of industrial transference and migration.

### CHICAGO MAN HIT BY AUTO

E. E. Edsall Suffered Painful Though Not Serious Injury—Yesterday

E. E. Edsall, an elderly man who is interested in the fishing business, had to come from the big bustling city of Chicago to the town of Prince Rupert in order to be run over by an automobile. Mr. Edsall arrived from the East on yesterday afternoon's train. Last evening he and L. Ederer, who is travelling with him, had been walking around town and were crossing Second Avenue at Sixth Street to the Prince Rupert Hotel when Mr. Edsall was struck by a taxi car driven by William Hayner. He was knocked down, the front wheel passed over him and he was dragged for a short distance. The side of his face was rather badly cut up but, otherwise, there was apparently no serious injury. He was pinned under the car and it took several men to extricate him. Mr. Edsall was crossing the corner diagonally and Mr. Hayner was turning into Sixth Street from Second Avenue, travelling eastward. It was dark and raining heavily. This, no doubt, had something to do with the accident.

This was the second traffic accident to occur yesterday. About noon, Jack Brady, son Mr. and Mrs. J. C. Brady, was riding a bicycle on the wrong side of Seventh Street between Second and Third Avenues. He was struck by a car driven by Miss Florence Rose and suffered a cut on the head as well as leg and body bruises, none of the injuries being of a very serious nature.

### BURNING BOAT WAS SIGHTED

VICTORIA, Nov. 6.—A burning vessel about 60 feet long with a ten foot beam, probably a seine boat or small tug was sighted yesterday afternoon about five miles west of Ballenas Island in Georgia Strait by the motor vessel Harry-on en route from Ladysmith to Prince Rupert. There was no sign of life on the vessel which was completely gutted.

### PLUNKETT WILL BE CANDIDATE

Victoria Conservatives Choose Man to Oppose Dr. MacLean at By-election

VICTORIA, Nov. 6.—Darcy B. Plunkett was elected last night by the Victoria Conservatives to contest the forthcoming by-election against Dr. MacLean to fill the vacancy caused by the resignation of Dr. Tolmie, who transferred from the federal to the provincial arena. One other name placed in nomination was that of Fred W. Jones. Plunkett was chosen on the first ballot.

"Nothing could be further from the mind of any fighting Conservative than to let Dr. MacLean in by acclamation," said Premier Tolmie, when addressing the convention. Dr. Tolmie said the return of a Conservative would be the first occasion afforded to show Conservative leader R. B. Bennett that he was regarded as well in the west as in the east.

### PERJURY TRIAL IS POSTPONED

VANCOUVER, Nov. 6.—The charge of perjury against Frank Casisa in connection with his evidence at the police enquiry on which the jury had already disagreed has been traversed to the sitting assizes.

### BANQUET FOR H. H. STEVENS

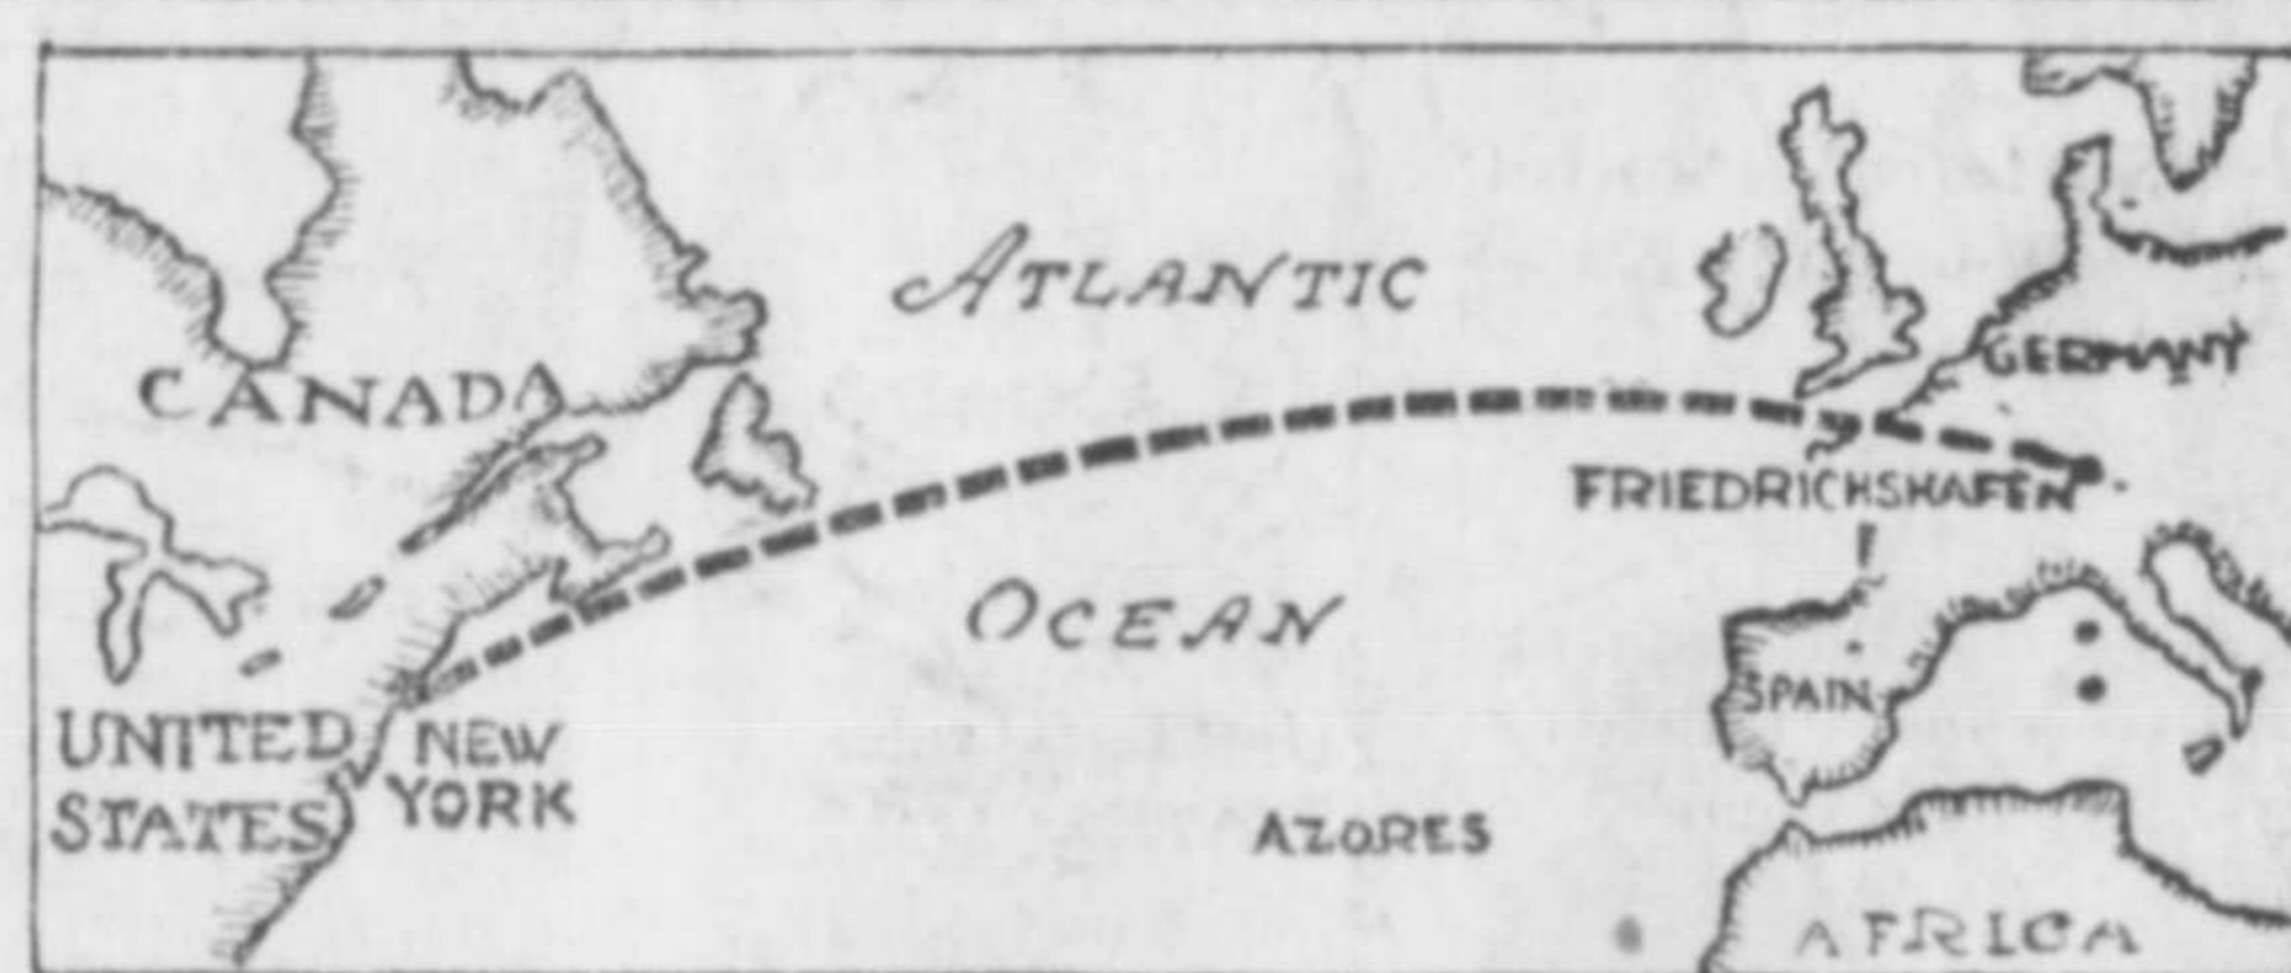

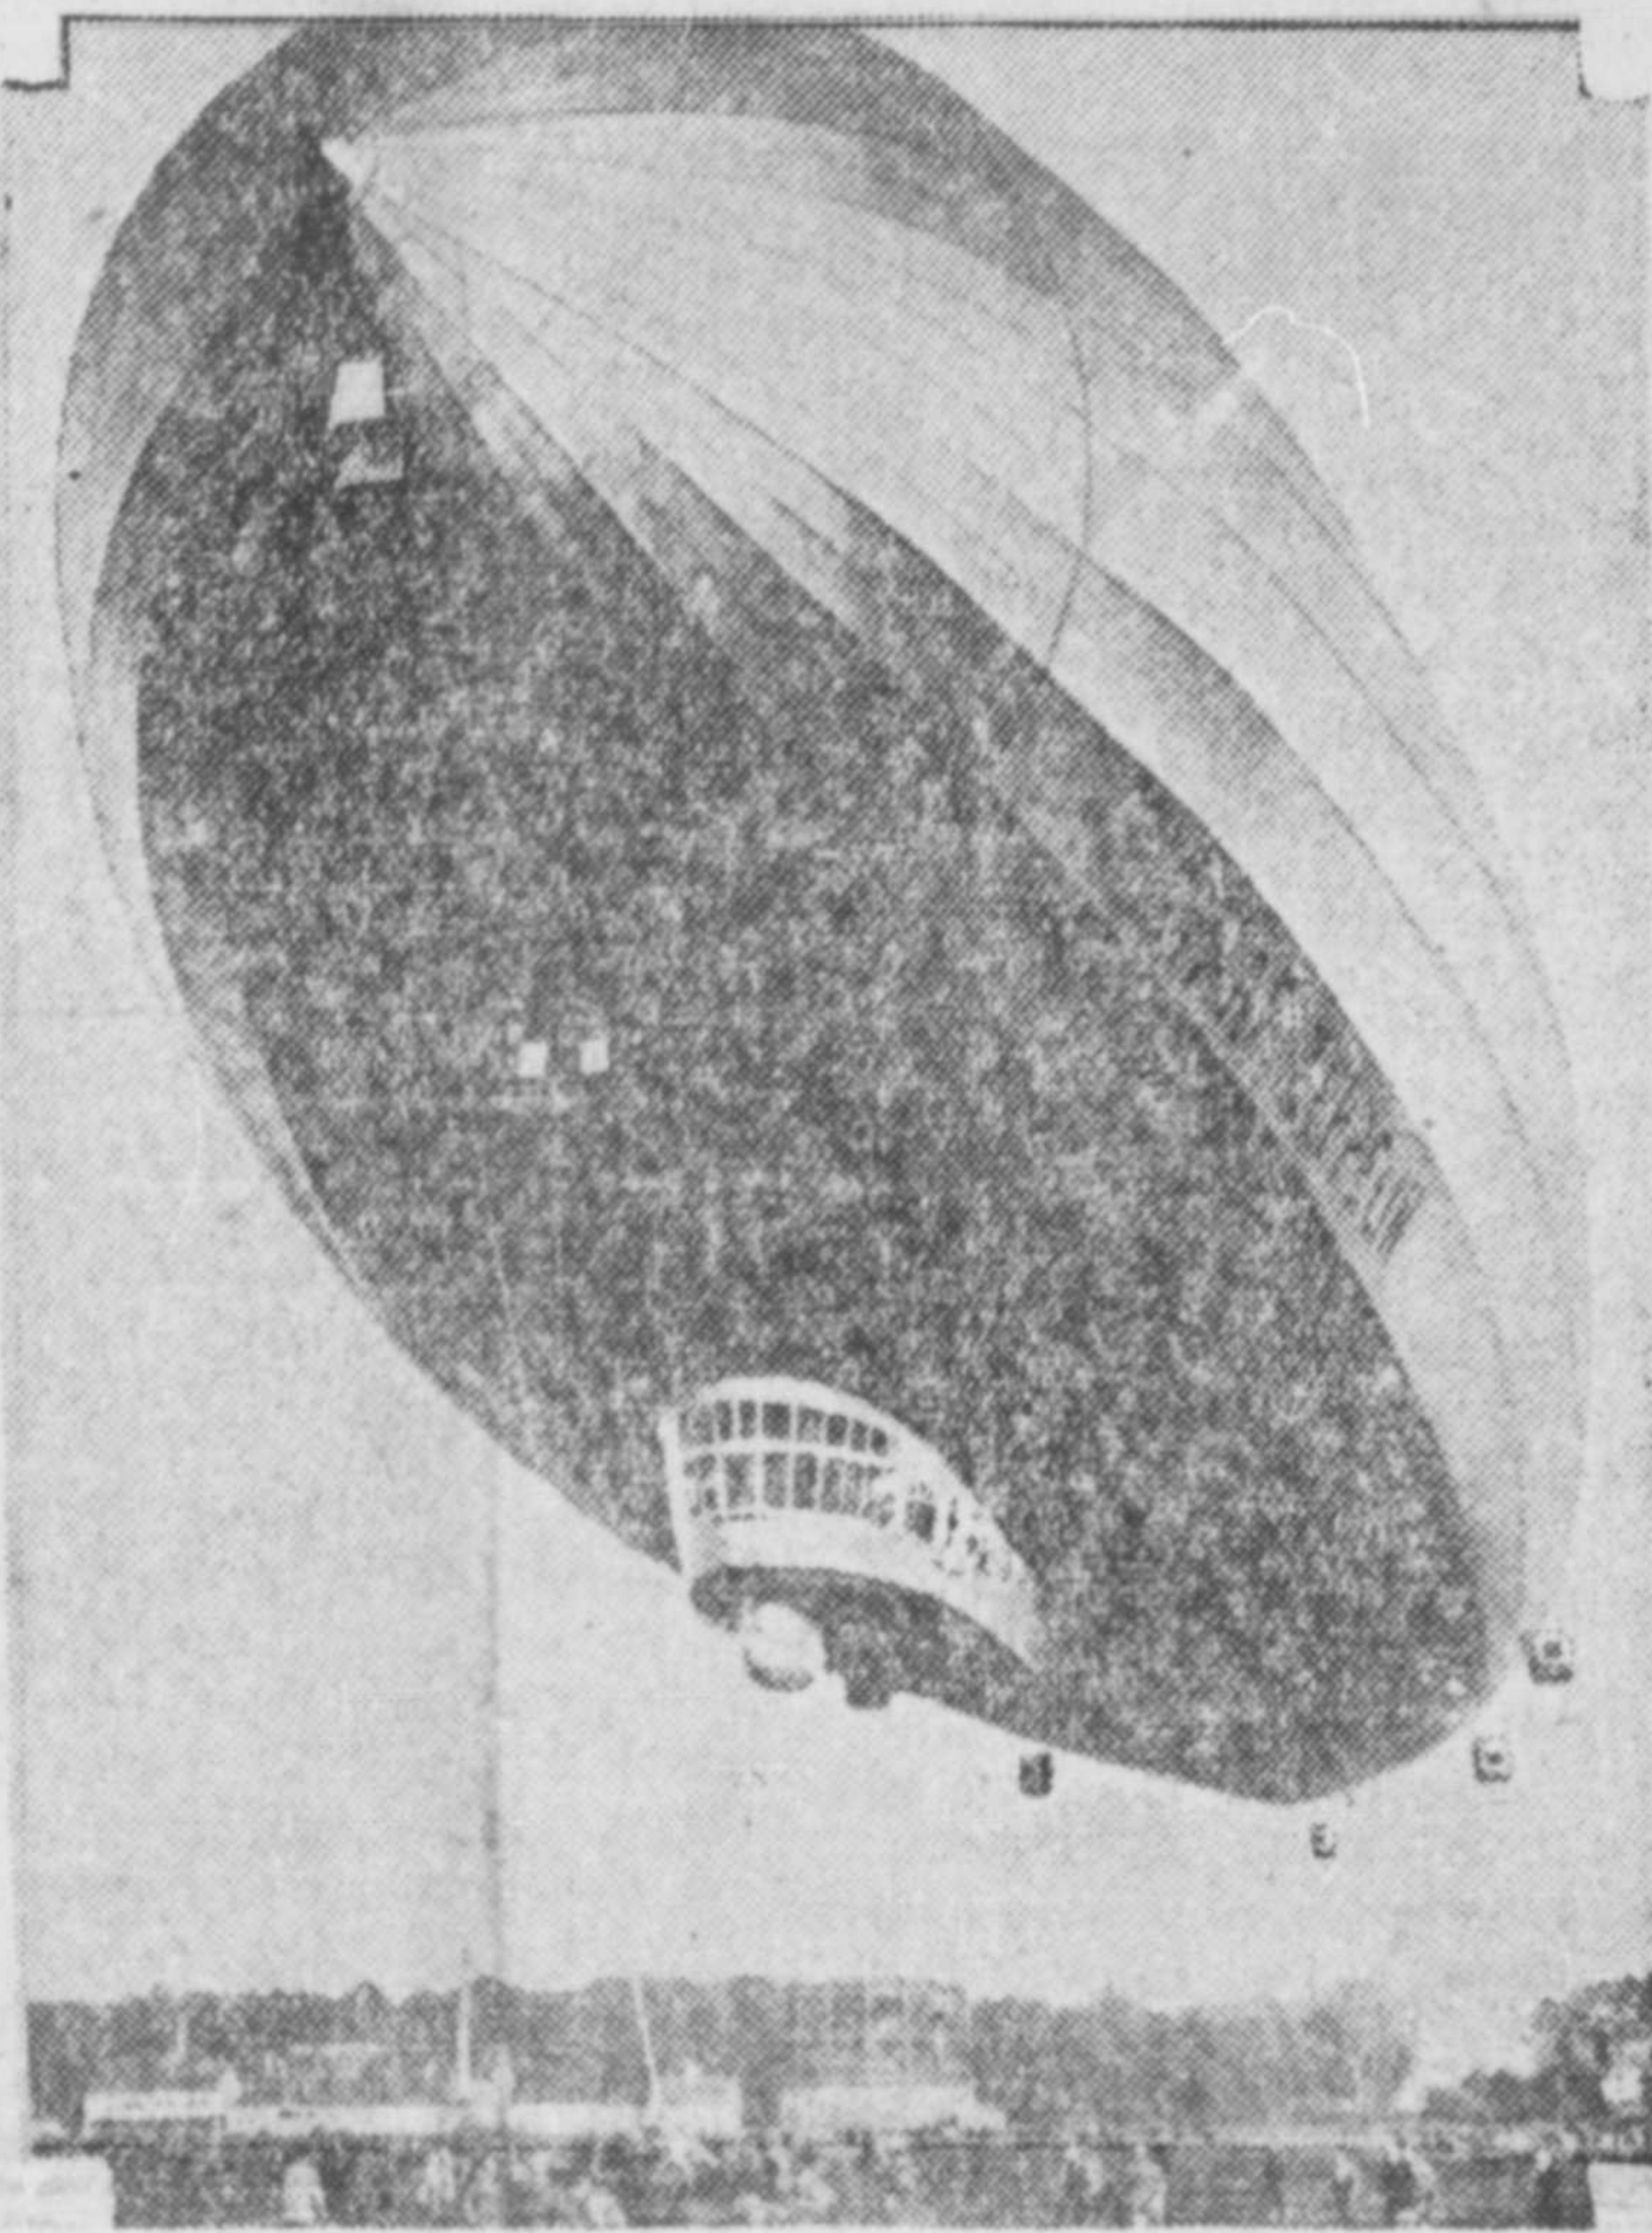

Vancouver M.P. was Guest of Honor at Function in Stewart—Going South today.

Hon. H. H. Stevens, M.P. for Vancouver Centre, is a passenger aboard the Catala today returning south after having spent a week at Stewart inspecting progress that has been made during the past season on the rehabilitation of the Bear River Railway by the Vancouver Holdings Ltd. in which he is the moving spirit. He inspected the Bear River trestle, two miles south of Stewart, the Bitter Creek sawmill and the work that was done in clearing of right-of-way. Next season, construction work will start in real earnest and it is expected to put the grade in shape as far as American Creek and, possibly, to the George Copper. Surveying from the Bear River Pass to the Groundhog coal fields is also planned.

Last night, before he left for the south, Mr. Stevens was guest of honor at a banquet given by the Stewart Board of Trade. He expressed his faith in the future of Stewart and told his hearers of his own interests there.

### CHROMITE MINES

Canada's principal chromite mines are situated in the Coleraine district, Quebec, and are regarded as capable of producing large quantities of ore.

### Election Taking Place in United States Today of President and many Congressmen and other Officials

NEW YORK, Nov. 6.—Forty-three million American voters are deciding today on a new administration at Washington and on the party that is to control the next Congress. They will elect a president, vice-president, 34 state governors and state senators, state representatives, and state officers in a seemingly endless procession.

Governor Smith voted on East Forty-eighth Street in New York and Hoover cast his ballot on the campus of Stanford University at Palo Alto, California. President Coolidge voted in Northampton, Mass.

Special precaution has been taken to avoid trouble at various places where feeling runs high. The Texas Rangers were on duty near the Mexican border. Chicago is voting under protection of 11,000 civilian watchers and the guns of 4,000 policemen and federal agents. Nine machine gun squadrons cruised the south side of the Chicago area at meetings in the south end. Showers marked the close of the campaign last night.

### CONVENTION IS HELD IN CITY

Annual Meeting of Northern B.C. Salmon Fishermen's Association in Progress Here

With a large number of members in attendance representing Massett, Porcher Island, Port Simpson, Port Essington, Warke Canal, Dundas Island, Stevens

Island and Skidegate as well as this city and other parts of the district, the annual convention of the Northern British Columbia Salmon Fishermen's Association opened yesterday afternoon in the Carpenters' Union Hall. The sessions of the convention are continuing today with Mike Anderson acting as chairman and Harry Streethorst as secretary.

Business yesterday was largely of a routine nature, being concerned chiefly with the constitution and bylaws. Today officers will be elected and such resolutions as are offered discussed.

### Alaskan City Suffers Fierce Storm That Struck Yesterday

CORDOVA, Nov. 6.—Property damage estimated at \$30,000 resulted from the worst storm in the history of the city yesterday. The roof of the new school building was blown off, torrential rains pouring into the unprotected building ruining every room. Flying wreckage from the building broke hundreds of windows.

The wind tore telephone poles from the ground and took the front of a hotel building. Two warehouses were swept into the bay and carried to sea on the fast receding tide.

The wind dropped a stump in front of a railroad speeder and seven occupants were flung from the car. The car was demolished but no one was seriously injured.

### BRITISH LABOR PARTY IS ACTIVE MANY CANDIDATES

LONDON, Nov. 6.—The Labor Party, it is announced by J. Ramsay MacDonald, will have candidates in 600 of the 615 constituencies at the next election.

### FRENCH GOVT. HAS RESIGNED

Poincare Deserted by Four Radical Ministers Who Could no Longer Collaborate

PARIS, Nov. 6.—The Poincare Cabinet resigned today after four radical socialist ministers had offered their resignations. The radicals were Albert Sarraut, minister of the interior; Edouard Herriot, minister of education, Edward Quille, minister of agriculture and Leon Poinir, minister for the colonies.

The radicals announced that their party's program made continued collaboration with the National Union Government impossible.

### PULP PLANT PORT MELLON

Work to Commence Next Week on Howe Sound Concern

VANCOUVER, Nov. 6.—It is announced that the Vancouver Kraft Co. Ltd. representing the Columbia River Paper Co. of Washington, Oregon, and California, which recently purchased the old Port Mellon plant, plans development of a \$2,000,000 Pulp and Paper plant at Port Mellon on Howe Sound. Preliminary work commences next week.

A lumber mill with a capacity of 200,000 feet per day is planned and a pulp and paper plant with a 200 ton capacity. The first pulp unit will have a hundred ton output.

### FEDERAL OFFICIAL RETIRED NOVEMBER 1

VANCOUVER, Nov. 6.—C. H. Glendenning, Inspector of the Dominion Income Tax for British Columbia, retired on November 1, it is announced on account of ill health. Norman Lee, assistant inspector is now acting as inspector.

## KID ROY IS STILL CHAMP

Wins Decision over Vic Foley in Twelve Rounds of Fierce Fighting

VANCOUVER, Nov. 6.—Leo (Kid) Roy of Montreal successfully defended his Canadian featherweight title when he won the decision in a savagely fought twelve round battle with Vic Foley here last night.

Roy came from behind in the last five rounds and battered the Vancouver boy with solid smashes to the face and body. Foley's right eye was closed in the seventh and thereafter he was at the mercy of his opponent who tore in with savage fury to take advantage of the break.

Roy floored Foley in the first round and again in the twelfth.

The weights were Foley 126, Roy 124½.

### ELKS WHIST

There was the usual large attendance at the Elks' Lodge weekly whist and bridge tournament last night. Mrs. H. Skattebol won the whist prize with a score of 204 and Mrs. Joseph Howe was high in bridge with 2426.

Three hundred carloads of grain were reported this morning to be on the railway division west of Jasper Park bound for the Alberta Wheat Pool's Prince Rupert elevator with 200 cars east of that point coming this way. Twenty-three cars arrived here overnight and none are expected during the next 24 hours.

## Close Games Feature Opening of Badminton League Season at Cathedral and the Armories

The opening games in the Badminton League were played last night, the Prince Rupert Badminton Club winning from the Cathedral and the I.O.D.E. beating the Regiment. All were very well contested and a great deal of enthusiasm was shown both by members and visitors.

The Prince Rupert Badminton Club met the Cathedral Club in the Cathedral Hall and won in all three matches but by very slight margins. Hearty applause was given each exciting rally, winners and losers sharing equally. The following were the scores:

Ladies' Doubles: Mrs. H. L. Shadwell and Miss Margaret Palmer beat Miss L. M. Ellett and Miss Francis Cross 13-5, 15-13 and 15-14.

Mixed Doubles: Frank Russell Mrs. Shadwell beat Mr. and Mrs. Robert Bartlett 15-7, 15-13.

Men's Doubles: Russell and W. Mitchell beat H. T. Cross and A. C. Brand 15-8, 10-15, 15-14.

### At the Armories

In the game between the I. O. D. E. club and the Regiment the competition was not quite as close but the men's doubles was particularly well contested. The scores were:

Ladies' Doubles: Mrs. Thor Johnson and Mrs. Long beat Mrs. J. C. McLennan and Mrs. Evitt 15-3, 15-7.

Men's Doubles: Darton and Norrington beat Johnson and Nicholls, 11-15, 15-14, 15-10.

Mixed Doubles: R. Stuart and Mrs. Self beat E. E. Greig and Mrs. J. S. Wilson 15-4, 15-3.

The visitors were playing under difficulties in that some of them had not been practicing and

hall was entirely strange to them. Next Monday night, being Thanksgiving, there will be no games but the following Monday Cathedral will play the I. O. D. E. and Regiment will play the Prince Rupert club.

## Around The World With Sport Fans

(By The Tramp)

The opening of the Badminton League last night was sprung rather suddenly and a number of the players had not been practicing for the event. In two weeks time when the next games are played, there will be quite a different tale to tell. Players who expect to be in the games will be preparing themselves so as to give their teams the best that is in them. It is also possible that arrangements may be made for opponents to try out the courts on which they are to play. The smallness of the attendance last night was due to the fact that few people knew the games were being played.

Although his next appearance in the ring will be as a junior welterweight, Jimmy McLarnin, Vancouver boxing sensation, prefers to stay in the 135-pound division, says an Eastern writer. For the past year he has been putting on weight very rapidly. In stepping out of the light-weight class McLarnin will leave the scramble for Sammy Mandell's world title. One match sought by the Vancouver youngster, who is now in his twenty-first year, will be with Joe Dundee, who at present holds the 147-pound crown. Two weeks from today he makes his debut as a welter, when he faces Tommy Grogan in Detroit. In the event of a victory over Grogan he will be matched with either "Baby Joe" Gans or Ruby Goldstein at 140 pounds.

## SPORT CHAT

Tex Rickard says he feels certain that Jack Dempsey will box again. "The rumor that Dempsey will return to the ring has a good foundation despite his present shyness in regard to future bouts," Rickard says. He really wants to return to the ring. When a good young man comes along in the winter campaign, you will find Jack ready to prance through the ropes again. He will be a big card too. I am sure the ex-champion will again don the gloves."

intentions are serious. Firpo will have to come back to the United States to prove with some real fights that he is an available contender before he can be taken seriously," said Rickard. He made mention of the fact that Young Stribling, Atlanta heavyweight, "continued to show that he is one of the strongest contenders for the heavyweight crown."

**CANADA'S POSITION**

Few people realize the position of Canada in its relation to the rest of the world. Placing the population at an estimated ten millions this country leads the world in favorable trade balance per capita. The country ranks second in exports and in total volume of trade fifth in the ten leading countries.

Until recently Canada was a borrower but not a lender. Today Canada lends money to the world and many foreign investments in this country have been repurchased and are now held by Canadians. Canadians now control many branch stores in the United States and at least one big mine. They also have branches in Great Britain and English businesses are coming under Canadian control. All this indicates a growing influence in the world and a more general interest among Canadians of world affairs.

**THIS YEAR'S RECORD**

The volume of business turnover today is higher than it has ever been, which means that the people of the country have money to spend. Auto sales in particular are mounting up. One hundred new factories have been opened in Canada since the beginning of the year and approximately nine hundred others have been extended. And so far the grain crop has hardly been felt. With a grain crop of over half a billion bushels, the largest ever harvested, there is bound to be stable prosperity, especially in the prairie regions, for some time to come. Following such a year there is always a great influx of farmers and others to the prairies and the future production will be provided for in increased acreage.

There have been increases in building and construction, more railway building than for years, increase in electric power output and the mining outlook is one that seems to be keeping pace with the huge crop and the other advancement. Railways have increased their earnings and nothing but an unforeseen catastrophe can seriously affect the progress of the country for some time to come.

**WHAT OF THE NEWSPAPERS?**

In view of all this advancement in other businesses what is the position of the newspapers? In the large centres the newspapers have increased in size and influence and their value as advertising media. They have expanded their circulations and are recognized now as the only effective means of reaching the people of the country. In British Columbia there are only twelve newspapers in seven centres, of which Prince Rupert is one, that are recognized by the big distributors for advertising purposes and of these only seven have properly audited circulations. Of these the Daily News is the only one in Prince Rupert.

**NEWSPAPER AUDITS**

Some time this month an auditor representing the national advertisers is expected to arrive in the city to investigate the circulation of this paper. He will be brought here at considerable expense to us because we know that we have a business proposal to lay before the people of the country and we know that he will find the distribution figures as they are or ought to be. If they are not he will find it for he is an adept at finding flaws in paid circulation figures. He will report to every big advertiser in Canada, and on his report the advertising is apportioned.

Any newspaper that refuses to undergo the crucial test is not looked upon with favor by the advertisers. The audit is the great protection they have against papers with padded circulation or with little circulation. The reason this paper carries the bulk of the advertising is because it has the circulation. This has been true for years but the extra effort this year has placed it in an enviable position which is recognized everywhere.

**TERRACE**

F. Nash left on Friday on a short business trip to Prince Rupert.

E. J. Moore returned at the end of the week after spending the past few months on the prairie.

Constable H. S. McKenney arrived on Friday from Giscome to take charge of the local police station. He was accompanied by Mrs. McKenney and two children. They are taking up housekeeping in the home recently vacated by Constable S. Service.

W. E. McCallum of Prince Rupert was a visitor here at the end of the week.

Mrs. Buckley Shannon and two children of Usk spent a few days in town this last week.

F. Belway and M. Alland of Rosswood were in town on Saturday.

Mr. and Mrs. Chas. Toombs and children, who have spent the past two weeks at the home of the former's sister, Mrs. J. Thomasson, left on Saturday for their home in Port Essington.

George Cameron of Stewart was a visitor here at the end of the week.

Vancouver visitors here during the week included H. G. Wilcox, H. Day and T. Stephens.

P. Munson left Saturday to spend the week end at his ranch at Vanarsdol.

**NEW RADIUM FOR CANCER**

Insertion of Needles Produces Encouraging Results - London Hospital

LONDON, Eng., Nov. 5.—A new technique for the application of Radium for the treatment of cancer was reported at the quarterly court of the governors of the London Hospital recently. The committee wished to emphasize that in reporting that to the governors they were not announcing a cure for the dread disease. The radium for this particular method of treatment is mounted in the form of needles. The needles in appearance are similar to gramophone needles. They are of platinum and hollow and contain from two to six milligrammes of radium each. The new technique which has been in use on the continent, at Brussels in particular, for some time past, consists in inserting a number of needles containing radium all round the cancerous growth. The needles remain there for varying times, generally five days and in favorable cases the growth is not only destroyed, but is prevented from spreading to the surrounding tissues. A large number of needles are required in fact as many as 40 are used in treating a case of cancer of the breast. The committee said it could be stated that in many cases the results were most en-

**UPON** the arteries of communication depend the settlement and growth of the nation. First the trails... then the rough oxcart ruts... the wagon roads... the automobile highways.

The scattered population of British Columbia has made the construction of roads between centres a matter of vital importance, yet one of almost insurmountable difficulties.

Mountain sides have to be blasted away... clefts and chasms tresselled... rivers bridged!

With the opening of the Cariboo Highway through Fraser Canyon in 1926, the last link of British Columbia's great arterial highway... a highway unexcelled the world over as an engineering feat and one of unmatched scenic beauty... was forged.

Eastern British Columbia greeted its western brothers! Markets and railways were brought closer to the farmer, the miner, the industrialist. New fields for agricultural and trade development were opened up.

For the ten years just past, an aggressive highway programme has been carried out. Thousands of miles of good roads and dozens of sturdy bridges have been built.

Our roads system now totals 31,900 miles... an increase of over 5,000 miles during the last ten years. Of this mileage, 12,000 miles are earth roads; 4,000 gravel roads; and 1,000

macadam, bituminous, concrete and cement concrete. The 5,000 miles which were added to our roads system include: 834 miles of main trunk roads, 602 miles of lateral roads, 281 miles of industrial and mining roads, 1,133 miles of settlement and farm roads, and 2,000 miles of ordinary and mining trails.

During the years just before 1917, a large number of bridges had been constructed in the Province, nearly all of which were temporary timber structures. Since 1917, the problem of maintenance and renewal of these structures has been a serious one, involving a large expenditure, particularly between the years 1920 and 1927.

The policy has been to improve design of and workmanship on temporary bridges and to renew all the large bridges on main highways over the principal rivers with concrete and steel.

Today, the valuation of our 63 miles of bridges is nine million dollars.

This construction activity has distributed wages and salaries over our whole Province and has been a material aid in bringing about the current period of British Columbia's prosperity.

Read these announcements and understand your province's progress... clip them and send them to friends. If you desire extra copies of these announcements, a note to this newspaper will bring them. Advertise your Province!

# Prince Rupert

## Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

### The Largest Fish Cold Storage Plant The Largest Fresh Halibut Market The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

## PRETTY WEDDING IS SOLEMNIZED

Miss Stella Nickerson Became Bride of Roy Lancaster at United Church

The auditorium of First United Church, which had been tastefully decorated for the occasion with baskets of yellow and bronze chrysanthemums, was crowded to the doors last night, the occasion being the marriage of Miss Stella Alwilda, youngest daughter of Sheriff and Mrs. S. A. Nickerson, to Roy Edward, only son of Mr. and Mrs. A. J. Lancaster. The bride, very dainty in a pretty mauve taffeta dress, bouffant style, with hat ensemble, and carrying a bouquet of pink rosebuds and maidenhair ferns, was given in marriage by her father. She was attended by Miss Marjorie Lancaster, sister of the groom. The bridesmaid wore a dainty dress of pale blue taffeta, bouffant style with touches of pink and peach, with hat to match and carried an arm bouquet of bronze chrysanthemums. The groom was supported by Edward J. Smith. The impressive marriage service was read by Rev. A. Wilson, pastor of the church. The wedding music was played on the pipe organ by A. J. Lancaster and, during the signing of the register, Mrs. H. C. Fraser sang "O Promise Me." The ushers were William Watts and James Underwood.

After the marriage ceremony, the relatives and invited guests repaired to the home of the bride's parents where a reception was held and a buffet supper served. The guests were received by Mrs. Nickerson, becomingly gowned in black satin with hat to match, and Mrs. A. J. Lancaster, who wore a charming costume of navy blue georgette with with cloth of gold hat.

The reception rooms were decorated with yellow and gold chrysanthemums while in the supper room the decorations were carried out in mauve, tall mauve tapers in silver sconces standing at the four corners of the table which was centred with the beautiful four-tiered bride's cake. The toast to the bride was proposed by H. C. Fraser and suitably responded to by the groom. During the late evening the happy young couple slipped quietly away for a brief honeymoon, ascending thus the usual showers of rice and confetti.

The bride is a native daughter of Nova Scotia, where for some years her father was a valued member of parliament. The groom is a telegraph operator on the Canadian National Railways. Both are popular and highly thought of in this city. Numerous telegrams from outside points bore witness to the esteem in which they are held along the line in this division of the C.N.R. Among these was a cleverly written poem from George Roberts of Prince George, a former resident of this city who was unable to be present. The only out-of-town guest was Mrs. J. Roberts of Prince George.

Mr. and Mrs. Lancaster expect to take up residence in Prince Rupert.

H. G. Unwin, well known Stewart mining man, was an arrival in the city from the north on the Catala this morning.

## Help To a Young Cook

A young woman who has just finished her home of her own and is "learning to cook" as she writes, has asked us a few things about making different dishes. Her questions are so well to the point we suspect she is not such a novice as she believes. Mrs. D. had heard Pacific Milk makes so well she asks us to give exactly the proportions to use where fresh milk is called for. We are more than glad to help young cooks who want to learn to "feed the brutes."

## BETTER TODAY THAN IN PAST

After the regular business session last night, the Young People's Society of First United Church discussed around the campfire the question of whether the young people of today were better than those of 50 or 60 years ago and it was decided that the rising generation of today was the superior. Miss B. Rogers led in championing the cause of the present young people while Duncan Miller led in presenting the case of the young people of yester-year.

After the discussion, badminton was enjoyed in the gymnasium by those present.

George H. Stocks, president of the Society, was in the chair.

THE STONE IN THE POOL

A TABLE for YOU & ME

THERE'S A SPLASH... the placid waters of the crystal pool take life as the pebble disappears. First a circle, then two, then six, then twelve, as if by magic the ripples race over the surface of the pool to its furthestmost edges.

The stone that stirred the pool to life was one of your dollar bills, the pool is British Columbia... B.C. with its industries and natural resources, you, me, and everyone. The ripples are beneficial disturbances set up by your dollar... all the elements of B.C. industry responding to replace that commodity purchased by your dollar.

What is the moral of the stone in the pool? Every dollar you spend for B.C. products helps sustain B.C. labour and all its dependent sources of production and distribution. Your own prosperity is dependent on your purchasing interest in those articles manufactured for you by your fellow men and women. Every man employed earns wages, spends wages, and keeps others employed. Demand the B.C. product! It is an expression of faith in your local industries and pride in the products of your Homeland.

## RADIO PROGRAM FOR NEXT SUNDAY NIGHT

Sunday evening next the Russian violinist Peter Moreblum will broadcast over KJR, KGA and KEX "half hours with Great Musicians" at seven o'clock. At six the same evening Moran and Mock of "Three Black Crows" fame will give an account of their experience in a colored detachment of the American forces overseas.

## WIRELESS WONDER

Broadcasting now takes such a prominent place in our home life that many people are apt to regard it as practically the beginning and the end of modern radio development, whereas, of course, it is only one of a host of wireless wonders.

## N. S. ELECTIONS ON THE AIR

A. B. C. Stations Make Arrangements for Six Hour Program

Officials of the American Broadcasting Company announce that special arrangements have been made whereby listeners will hear the latest election returns from all parts of the United States.

This broadcast will begin at six p.m. A special six hour program has been arranged the most elaborate and extensive musical presentation ever attempted on Pacific Coast stations.

It will consist of rapid fire musical acts featuring the best musical organizations and individual artists on the Pacific Coast, among which are: The Lions Quartette, famous recording artists; The American Salon Orchestra, Vic Meyer, in person and his original recording orchestra, popular duos, soloists, and comedians of prominence.

The entire six hour program has been arranged in detail. A feature of this arrangement is that each individual act and musical number is abbreviated to permit of the latest election flashes. A corps of clerks have been engaged and especially trained to audit returns, thus making it possible for these stations to give immediate highlights on how the election is going by sections.

This program will be given in the northwest by stations KJR, KGA and KEX members of the A.B.C. Chain.

## MEMORY LANE ON THE RADIO

The arrival of a band of gypsies in the little town of Goshen Center is the slender plot thread on which "Memory Lane" Hour, broadcast through the NBC system from 8.30 to 9.30 o'clock Thursday night is hung.

Twenty years ago small boys summoned all their courage to go to the outskirts of the town to see the gypsy caravan, for there were always many circulating stories about gypsies stealing little boys. The famous Charlie Ross disappearance was still fresh at that time. The women of Goshen Center were curious about the gypsies' ability to tell fortunes and the men, although suspicious of these nomads, were not averse to looking over the horses at the gypsy encampment in search of swap bargains. Just how the arrival of the gypsies gave "Mrs. Silas Smithers," leader of Goshen Center's society folk, an idea for entertainment will be told in song and dialogue.

Man in the Moon

Today is the greatest election for the greatest president of the greatest country the world has ever seen, even if we don't say it ourselves.

The only real value of an election is to give students an opportunity to study human nature from a new angle.

The average American knows about as much about the real election issues as does the average Canadian about the Canadian issues at a Canadian election.

Popular songs are all right in their own way but it is a relief to know that in six months from now they will be forgotten.

Some Americans are disliked because of their Americanism; Englishmen are disliked because of the national characteristics, and some day Canada will attain a status where her people may be disliked because of their extreme Canadianism.

There will be no movies in Heaven because the movie artists will never get there, if popular opinion is to be credited.

In the United States they took the kick out of the national beverages but they allowed it to remain in football.

When driving through the states a local citizen was surprised to see placards everywhere bearing the inscription "Canada Dry." He came to the conclusion that U. S. placards lied prodigiously.

## SPECIAL ARMISTICE SERVICE NEXT WEEK

All Denominations Will Join in Observance of Tenth Anniversary of War's Cessation

Except for making preparations for a special Armistice Day service next Sunday in the Westholme Theatre in which representatives of all denominations will participate, business at the regular monthly meeting yesterday, of the Prince Rupert Ministerial Association was of a routine nature. Rev. J. R. Frizell, president, occupied the chair and pastors present included Rev. A. Wilson, secretary, Rev. T. H. McAllister, Rev. J. H. Hanson and Rev. W. F. Price.

A special meeting of the Association will be called to name a new president if Rev. J. R. Frizell, who is going away, should leave the city before the next regular monthly meeting.

## PRINCIPALS IN RECENT WRECK KNOWN HERE

Capt. V. Forth of Seapool Was Here Last Winter, Capt. W. Boyce was Pilot

Capt. V. Forth, master of one of the grain ships which called here last winter was in command of the British freighter Seapool which recently stranded at Cape Beale on the west coast of Vancouver Island while bound from Victoria to Port Alberni. The vessel sustained extensive damage and an investigation has been called by the wreck Commission into the circumstances of the stranding.

Capt. William Boyce, well known here, who was pilot in charge of the Seapool at the time, claims that the wreck was caused by a buoy being out of position. This is denied by Capt. Harry Bilton of the lighthouse tender Estevan.

T. G. McManamon, well known section foreman at Telegraph Point, is away on a six months' leave of absence and is at present in Winnipeg engaged in work in connection with the maintenance of way employees' union.

## FORMER LOCAL GIRL DISTINGUISHES SELF IN NOTEBOOK MAKING

Miss Margaret Mellier, daughter of W. H. Mellier, formerly photographer for McRae Bros., has been distinguishing herself in California. In the San Jose Mercury her picture appears with the following inscription:

Margaret Mellier, 13-year-old Santa Cruz girl, has been awarded fifth prize in a nation-wide contest for the best notebooks on current events. The contest was conducted by Loose-leaf Current Topics. Miss Mellier's notebook contained clippings, pictures, cartoons and drawings, and was virtually a modern day history for the state and nation. Thousands of notebooks were submitted in the contest from all parts of the United States, representing the best schools from every state in the union.

## MISSIONARY MEETING OF FIRESIDE CLUB IS HELD LAST EVENING

The monthly missionary meeting of the Fireside Club of First Baptist Church was held last night, a large number being present. Miss Agnes Dawson, president of the Club, occupied the chair and the address of the evening was given by Mrs. John H. Hansen. Special musical numbers included vocal solos by Miss Bessie Derry, accompanied by Miss Catherine Mussalem, and duets by Miss Megan and Enyd Morris. Miss Aleita McKinley accompanied the group singing.

Mrs. J. D. Thurber and Mrs. W. S. Hammond were hostesses for the evening and had charge of the serving of delicious refreshments.

## MOTHER OF SIX CHILDREN BENEFITED

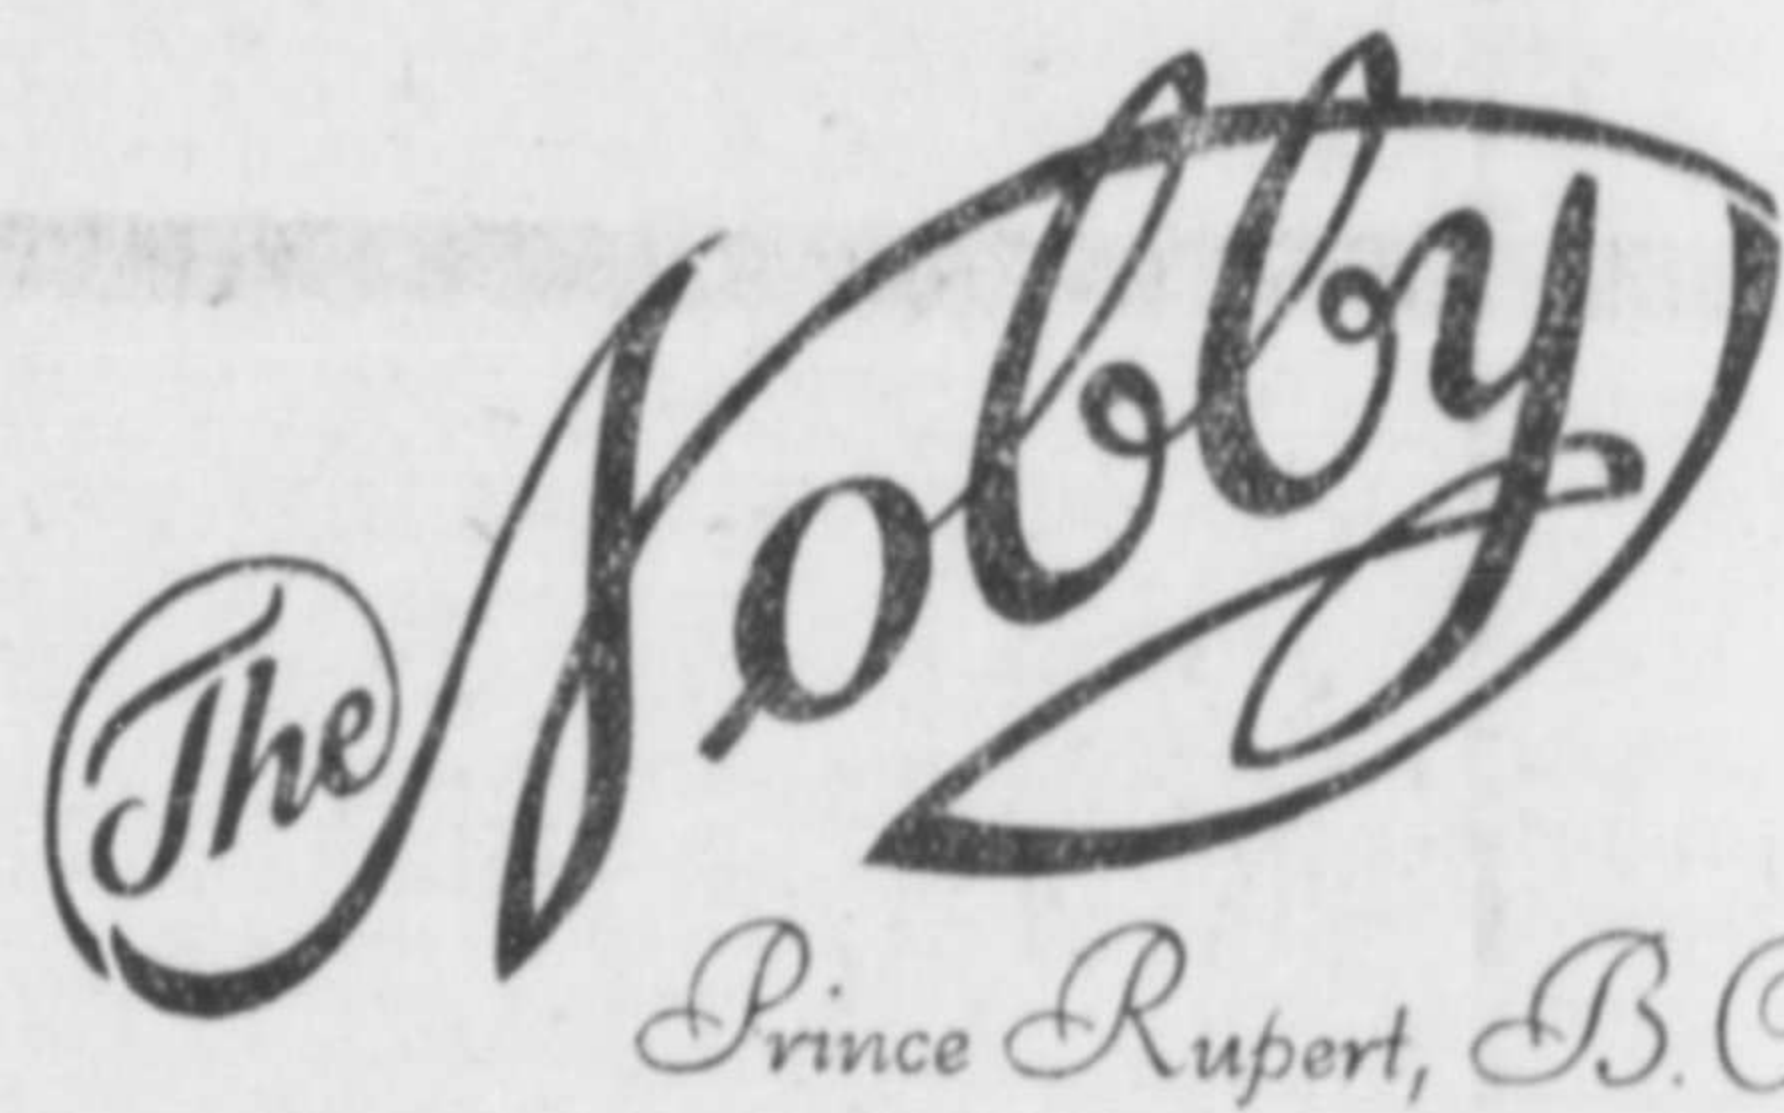

Read how Lydia E. Pinkham's Vegetable Compound Helped Her

Montreal, Que.—"I was very weak and unable to do my work. I could not sweep my house without sitting down three or four times and could not digest even water. For three years I could not get any relief and I was discouraged as I am the mother of six children. I read in the papers of the results obtained with Lydia E. Pinkham's Vegetable Compound and resolved to take it. The first bottle gave me more strength. I took three bottles and now I am very well and do all my work without fatigue. I also gave it to one of my daughters who was very weak and I recommend it to all women. I will reply to all women who write me."—DAME CHARLES LATZON, 579 Sicord St., Montreal, Quebec.
