PACIFIC CAPTURES GRAIN SHIPPING

JAPANESE SEND WARNING TO THE CHINESE NATIONALISTS

Nearly as Much Grain Shipped Through States as Via Canadian Ports

Vancouver Has Larger Export Trade This Year Than Montreal States Grain Exchange Retiring Chairman

VANCOUVER, Aug. 9.—W. Lloyd Craig, retiring chairman of the Grain Exchange division of the Vancouver Merchants' Exchange, at the annual meeting yesterday said Vancouver and Prince Rupert shipped 88,000,000 bushels of grain up to the end of the grain year, July 31, as against 79,000,000 shipped by Montreal and all eastern points, thus making Vancouver with more than eighty millions, the greatest export grain centre in the Dominion.

The figures are from the Dominion Bureau of Statistics, Mr. Craig said.

In the same period New York and other United States Atlantic ports handled 151,000,000 bushels of Canadian grain.

Within four months the elevator capacity of the Pacific Canadian ports would be 14,000,000, Mr. Craig said, eleven millions of which would be at Vancouver, against 1,250,000 bushels capacity six years ago.

VANCOUVER, Aug. 9.—Rat poison is stated to have caused the death last night of Mary Smith, fifteen year old daughter of Margaret Smith of South Vancouver.

The mother is in the hospital suffering from a dose of the poison but is expected to recover.

According to chief of police of south Vancouver the poison appears to have been administered to the girl in the morning and it was not until late in the day the mother and daughter were found in a serious condition at their home and removed to the hospital.

IKEDA MINE INSPECTED

PARTY OF BUSINESS MEN AND ENGINEERS LOOKS OVER PROPERTY ON SOUTH END OF QUEEN CHARLOTTE

A party of prominent business men and engineers from the south has been inspecting the property of the Ikeda Mines near Jedway. The property, which consists of forty claims, shipped ore during the war but has been idle for the past eight years. It is situated in a well mineralized country adjoining the Jedway property which consists of sixty claims. The property, which has been held by Mr. Haining for thirty years, is also near the Copper Island mine. Those examining the property have not signified their intentions with regard to it.

NO AMENDMENT KELLOGG PACT

PREMIER MACKENZIE KING DENIES ANY EFFORT TO CHANGE ANTI-WAR TREATY

SHELBROOK, Sask., Aug. 9.—There will be no Canadian amendment to the Kellogg treaty to outlaw war, so far as I am aware, said Premier Mackenzie King yesterday when shown a dispatch from Moscow referring to a rumored Canadian amendment to the Kellogg pact.

The Premier shortly will go to Paris to sign the Multilateral treaty on behalf of Canada and he expressed complete ignorance of such an attempt as that mentioned.

VOLCANO ERUPTION KILLS THOUSAND IN DUTCH EAST INDIES

LONDON, Aug. 9.—According to reports transmitted by a resident of Timor nearly the entire island of Flores in the Dutch East Indies has been destroyed by an eruption of Koktindia Volcano on August 4. Six villages were destroyed by fire and the death toll is believed to be nearly a thousand.

COMPLETION ISLAND ROAD

End of week to See Work Ending
—Right of Way Clearing
Proceeds.

The Vancouver Piledriving & Contracting Co. Ltd. will complete by the end of this week the contract for the building of the Skeena River Highway from the city limits of Prince Rupert to Galloway Rapids. The work has been in progress for about a year and James Black, formerly superintendent in charge of operations, arrived in the city from Vancouver yesterday to be here in connection with the completion of the work.

Clearing of the right-of-way for the continuation of the road from the other side of Galloway Rapids for a distance of five miles is now in progress by day miles. It is expected that, soon after the new provincial government gets in harness, arrangements will be made for the bridge across Galloway Rapids and the continuation of the road on the other side.

NEW YORK GIANTS MAY BE SERIOUS CONTENDER FOR THE CHAMPIONSHIP

NEW YORK, Aug. 9.—On the record of their victories in the western invasion of New York, the Giants may be serious contenders before the series is over. They are four and a half games behind the Cardinals.

The American League was travelling or in exhibition games yesterday. The Yankees lost to Alabam three to two.

GIANTS CLOSE TO LEAD NOW

DEFEAT CARDINALS AGAIN AND REDUCE GAP FOR NATIONAL SUPREMACY TO FIVE GAMES

(Special to Daily News)

NEW YORK, Aug. 9.—By defeating the leaders again yesterday by a score of ten to four, the New York Giants reduced the gap between themselves and the St. Louis Cardinals for the supremacy of the National League to five full games. The Cincinnati Reds lost both games of a double-header to Boston and would have dropped from third place but for the fact that the Chicago Cubs lost to the Phillies. The Pittsburgh Pirates continued their winning streak and, though still in fifth place, are menacing the Reds and the Cubs for third and fourth positions.

No games were played in the American League.

Canada Qualifies for 800 Metres Swimming Also Double Sculling

Big Rowing Match Tomorrow Between Canadian and United States Pairs For Doubles Championship—Smillie Beat the Jap

Amsterdam, Aug. 9.—Canada won the second elimination heat in the 800 metre relay swimming race here today. Britain came second, both qualifying.

Millvane and Costello of the United States doubles, scullers, beat the Austrian pair today and will meet Joe Wright and Jack Guest in the finals tomorrow. This will be one of the most important rowing events of the Olympiad. The Canadians drew the bye.

Ray Smillie of Toronto advanced another round in the 147 pound clash, outpointing Usuad of Japan in the boxing section.

Vincent Cien, Toronto bantam, lost on points to Isaacs of South Africa.

D. Carrick of Toronto was outpointed by Avendane of the Argentine in an upset in the light heavyweight division.

Fred Volkert of Montreal lost the decision to Gory of Poland, a featherweight.

MAKING CHANGE IN PREFERENCE

BRITISH MUST NOT CLAIM LOW TARIFF RATE UNLESS GOODS HALF MADE IN BRITAIN

OTTAWA, Aug. 9.—The Citizen says: "A very important ruling affecting British trade with Canada scheduled to go into effect this fall as a matter of policy has been agreed to. It is an increase of from 25 to 50 per cent in the requirements of empire labor and materials in British importations in order to entitle them to the British preference tariff."

As the idea originated with Hon. J. A. Robb, his return from abroad is awaited before the necessary regulations are considered.

"There has long been complaint about goods, very largely manufactured in foreign countries and then sent to Britain for finishing touches, and exported as being made in England."

BUCHANAN BOYS HERE TOMORROW

FIFTY LADS UNDER LEADERSHIP OF DETROIT PHILANTHROPIST WILL MAKE TRIP NORTH

Making the sixth successive year that has brought a large party of Canadian and United States boys across the continent and up the coast to Alaska, George E. Buchanan, Detroit coal dealer and philanthropist, will be here aboard the Princess Charlotte tomorrow morning at the head of a party of fifty boys bound for the Yukon and Northern British Columbia. Mr. Buchanan, who has made a hobby of fostering thrift and travel among boys for some years past, has so perfected his plan that "Buchanan Inc." has been incorporated with the object of making this annual tour a perpetual institution. Mr. Buchanan has now arranged for a fund to be administered after his death to carry on this work.

This year there are only two Canadian boys in the party, the balance being from Eastern United States cities with the preponderance from Detroit.

Accompanying the boys is Rankin A. Waugh, Chicago photographer, who takes movies of the party at the various places they visit. There are also a number of parents included in the party.

OPPORTUNITY HERE

If candidates could only realize their opportunity. If they could only be made to see that one subscription today is worth up to four subscriptions at the end of the Campaign. The Daily News feels sure some of them would take.

These days should be the Biggest Vote Making Days of the Entire Campaign

With "Opportunity Week"—which represents the first, last and only vote bonus offer in The Prince Rupert Daily News' Campaign—ending Saturday night, it is only natural that each candidate will try every possible subscription into campaign headquarters by that time.

The big extra vote offer in effect only until 9 o'clock Saturday night, August 11, will work wonders for anyone who has automobile aspirations. The Opportunity Week vote offer is the stepping stone now as well as anyone who is already entered, can easily place his or her name among the leaders. As a matter of fact, the campaign is just cutting its eye teeth.

Start now to build your way to success.

Up to and including 9 o'clock Saturday night every subscription you turn in is worth many more votes than it will be at any later date in the campaign.

What you do by 9 o'clock Saturday night can mean a great deal to you when the final vote count is made. The 2 big enclosed cars and the three large cash prizes (not less than \$100 each) will be given to the candidates who have the most votes, and the subscriptions you secure and turn in on or before 9 o'clock Saturday night, August 11, mean many more votes to you than the same subscriptions will mean if not turned in until a later date in the campaign.

These days should be the Biggest Vote Making Days in The Daily News' "Everybody Wins Something" 2 automobile and cash prize campaign. The opportunity is here for candidates who realize that this is business and not mere play.

Start now to build your way to success.

Up to and including 9 o'clock Saturday night every subscription you turn in is worth many more votes to you than the same subscriptions will mean if not turned in until a later date in the campaign.

All together now—let's go!

Campaign headquarters will be open tonight and each week day evening until headed by 2 luxurious enclosed cars—a Pontiac Sedan and a Ford Sedan.

You want to win. Of course you do. That is evident by the interest you have already shown. You know that it is possible to get subscriptions. They are being gotten when candidates go after them. Then be awake. Start something. Get busy!

One of the town's "wise" boys was heard to remark that it would take dozens of subscriptions to win the big

LEARNING TO SWIM

This is the time of year when every boy and girl should learn to swim. Only two days ago we published a dispatch which told how the men on a steamer on Puget Sound swam ashore from the ship to save themselves when the vessel was afire and exploded. Many people are drowned because they have not learned to swim.

TOLERATION NECESSARY

Ramsay Macdonald says he hates Bolsheviks but he believes in recognizing them as a matter of public policy. To do otherwise he thinks is to invite hostility.

That is all very well. Mr. Macdonald knows there was a good reason for Britain breaking off just as there was in Canada. Probably the lesson may prove salutary and it may be desirable again to enter into diplomatic relations with that country if they are prepared to abide by the ordinary rules of courtesy to a friendly country and not plot against our government.

Tolerance is desirable but we do not tolerate traitors to the country, even among our own people.

THE FOREIGN SECRETARY

Sir Austin Chamberlain, the British foreign secretary, and one of the most outstanding men in the British cabinet, is ill and for a time at least must give up his work. Another man has been appointed to the position.

It is interesting to note that Mr. Chamberlain's father was one of British Liberals until Gladstone introduced his Irish Home Rule bill when he went over to the Union party, which merged later with the Conservatives. For a long time he was known as a Liberal Unionist.

Austin was brought up to statesmanship and early in life entered the House of Commons. He followed his father later as member for Birmingham and soon entered the cabinet. His greatest work has been in connection with the Locarno conference for which he was knighted.

NO COMPULSION

(Edmonton Bulletin)

Premier Hertzog of South Africa has been getting into the press despatches again, by saying something which sounds more like a new discovery than it is. He says South Africa could step out of the British Empire without having to fight for separation from the other members, if its people were unanimous in wanting to do so. There is no doubt about that. So could Great Britain, or any of the other dominions.

Membership in this commonwealth of British nations is no compulsion. This is a voluntary partnership of self-governing peoples, held together by racial instinct, considerations of security, and business sense. If any section really wanted to get out, it could do so without bloodshed. Which is one of the strongest possible reasons why none of them is at all likely to want to get out.

News of the Mines

AROUND PRINCE RUPERT

Smithers Section Coming to Front—Woodbine Is Attracting Attention—Caustic Comments by E. A. Haggen

Smithers section of British Columbia, which is located on the Prince Rupert section of the Canadian National Railway, is coming to the front rapidly and promises to provide some rather sensational operations due to the phenomenal richness of the ore opened up on several groups, says the Financial Post. Gold, Silver and copper predominate. The copper is grey and runs high in silver. Edwin G. Brown, Vancouver, who has been interested in the Little Joe and Mohawk, both of which are in that section, has just disposed of control of Hyland Basin mines to Grant Mahood. This will now become one of the assets of Alexandria Gold who examined the Hyland, says Mr. Brown. and their reports were practically the same. Each in sampling got sensationally high values. Mr. Gallaway took his sample of a 5 foot width, which is about the average as the vein runs from 18 inches to 12 feet. He got various values the lowest being \$57. Mr. Lay in his report to the Minister of Mines, tells of his visit to the property. He says: On this group, at or near what appears likely to be the junctions of the veins, there is exposed on the surface over a length approximately 70 feet a very promising band of mixed galena-zinc-blende, and quartz of an average width of 1.5 feet. Grey copper and copper-stains are also in evidence. A sample was taken of pieces of broken ore lying in a pile alongside the open-cut which assayed: Gold, 1.42 oz. to the ton; silver, 440 oz. to the ton; lead, 22 per cent; zinc 13 per cent. Such can, of course, only be regarded as an indication of the kind of values to be expected in selected ore. Nevertheless, the recently unearthed a piece of carved jade. Its color was dark green, mottled with white streaks. It was about four inches wide at one end and carved to a very sharp point at the other. Its length was about sixteen inches and breadth one and a-half inches. The polished was still very beautiful. What such instrument would be used for by the early aborigines is a matter of speculation here.

Mr. Brown says that considerable high grade is already bagged to the Hyland. He says it is a grass root proposition. The vein strike with the slope of the hill and this gives fifty feet of depth. This Davey, consulting engineer, and Mr. Mahood are now on their way to the property and it is expected that some time next month shipments of from this surface showing one short high grade will start. John R. Turner, crosscut and one adit-tunnel, approximately parallel to the vein strike, have Dougles Lay, resident engineer of the been run. The latter is approximately B.C. Department of Mines, and A. E. 100 feet in length and crosses have Haines, M.R. are the four engineers been run from it to penetrate the vein.

GYROS TO MAKE KETCHIKAN TRIP

WILL ASSIST IN INAUGURATION OF NEW CLUB AT END OF MONTH

JOE GREER REPORTED AT THE REGULAR MONTHLY BUSINESS MEETING OF THE PRINCE RUPERT GYRO CLUB YESTERDAY THAT ARRANGEMENTS HAD BEEN MADE FOR THE INAUGURATION OF A NEW GYRO CLUB AT KETCHIKAN ON AUGUST 31. Besides International and District officers as well as members of the club from the south, it is being planned that practically all Prince Rupert Gyros will make the trip to Ketchikan for the occasion. They will sail for the north on the Princess Charlotte on the morning of August 31, and return to the city the next afternoon on the Princess Louise.

The club passed a vote of thanks to the Vancouver Piledriving & Contracting Co., which remitted as a contribution to the playground an amount of \$32 in connection with the building of the Acropolis Hill playground.

The matter of being represented at the district gyro convention in Victoria next month was discussed and it was decided that, in the event of a local delegate being unable to attend the proxy of the club will be carried to the convention by Bill Lumsden, a director of the Vancouver gyro Club, who attended the luncheon.

The Inchein raffle was won by James Jack of Vancouver. The original president of the club, Milton Gonzales, presided over the luncheon in the absence of President L. W. Waugh and all other past-presidents.

NELSON FAILS TO GET AIRPORT BUT IS TOLD SEAPLANE IS FEASIBLE

NELSON, Aug. 9.—"Nelson has a wonderful opportunity to provide a seaplane base, but—I'm afraid an airport for land machines is out of the question." With these words Squadron Leader A. L. Cowley of the civil aviation board, Ottawa, blasted Nelson's hopes of establishing a municipal air harbor. He saw possible sites selected by the board of trade's committee on aviation with E. C. Wrage, a member of the committee.

"Nelson's situation is the mountains which give it an undoubtedly beautiful setting, make an airport practically impossible. Added to the difficulty of finding a large enough field to provide a safe takeoff and landing area, there is the added danger of wind currents which are always present in mountainous sections."

"But I can see no hindrance to Nelson establishing a seaplane harbor. It would be necessary to build an air-drome and hangars. The lake affords a wonderful opportunity to establish a seaplane base, but there's too much mountain to make an airport feasible."

SPORT CHAT

SPORT

After a good early season start during which the soldiers' team, still intact, played brilliant soccer and coped off one piece of silverware, the Regiment now seems to have fallen to pieces in the league football competition due, no doubt, to the weakening of its ranks by injury and otherwise. The first bad blow was the injury to Frank Russell who was out of the game for about a month and, though back now, has not been up to his old stellar form, though doing well. The race now seems to be centred between the Grand Terminals and the Thistles with the former, to date, having the advantage. These two elevens will meet again tomorrow night and it gives promise of being a rattling good game. If Ben Self's protégés can win this match, they will practically have cinched the Mobley Cup.

The Yankees may lose baseball games, but "Murderers' Row" seems to get tougher and tougher. While Miller, Huggins and his men suffered the worst week of their season last week, their bats were more active than ever, unofficial averages for the week up to and including last Wednesday indicate. As they declined four of their eight, the Yanks averaged .321 as a team in batting, averaged almost eight runs to a game, and their hits totalled 147 bases. On defence they committed an error each game on the average, and executed nine double plays—a record that almost any team in the circuit would be glad to have. It was Senator "Goose" Goslin who topped the individual batting race. The "Goose" increased his average from .392 to .399 during the week. The ten leaders and their averages: Goslin, Washington, .399; Simmons, Philadelphia, .373; Gehrig, New York, .359; Lazzeri, New York, .358; Fox, Philadelphia, .354; Manush, St. Louis, .351; E. Miller, Philadelphia, .341; Bunting, St. Louis, .340; Ruth, New York, .337; and Myer, Boston, .333.

OPENS EXHIBITION

VANCOUVER, Aug. 8.—The exhibition was opened here yesterday afternoon by Dr. S. F. Tolmie.

C. J. Yorath, president of the Mid West Utilities Ltd. of Calgary, had a conference with the city council yesterday on the matter of the local power situation but Mayor McDermid said this morning that there was no statement to make following that meeting. Mr. Yorath will sail by the Prince Charles this afternoon on his return south.

9 Saturday Night

Promptly at 9 o'clock Saturday night, August 11, Opportunity Week—which represents the first, last and only vote bonus offer of the entire campaign—ends forever. What you accomplish by that time (9 o'clock Saturday night) can mean a great deal towards winning the prize you have set your heart on.

Remember, you can take subscriptions to start at a later date and by turning every possible subscription in by 9 o'clock Saturday night of this week, you will secure more votes than you will at any other time in the Campaign. You should work hard now to win.

The extra vote offer of "Opportunity Week" is for both old and new candidates.

Opportunity Week

Rule Number 18 from the Rules and Regulations as published at the beginning of the campaign reads as follows:

"The week of August 6 to 11, both inclusive, will be known as opportunity week. During this time there will be a vote bonus of one hundred thousand extra votes for every 4 renewal subscriptions of not less than one year each; two hundred thousand extra votes for every four new subscriptions of not less than one year each and three hundred thousand extra votes for each six-year subscription, either new or renewal, but only four six-year subscriptions can be turned in by any one candidate to apply on this extra offer."

Up Until 9 O'clock Saturday Night,

AUGUST 11th

Four 6-year Subscriptions and Four 1-year Subscriptions
