Scurrilous Anonymous Chain Letters Are Being Circulated in Riding by Hidden Enemies of the Government

The opposition to the MacLean government is put to sad straits to try to induce the people to vote against the Liberal candidates. One thing being done is to send out anonymous chain letters vilifying the Liberal candidates. Here is a letter which is being circulated in this constituency and which we think will act as a boomerang and will injure any party that countenances such methods:

OUT FOR PATTULLO

"Pattullo has disgraced us. He is a merciless, unscrupulous selfish egotist and tyrant. He is a menace to British Columbia and Canada. He has traded upon the resources of the province and done harm to the province that can never be undone. He has traded away for private gain resources that belonged to us and to our children. In political life he is a traitor and tyrant; in private life he is a poltroon and his atrocities in the past are nothing to what he will do in the future if he is returned.

"Are we going to return such a man to power and further endanger the welfare of British Columbia?

"Help to uphold the integrity of the province and the Dominion. Make many copies of this letter and send to other citizens.. Copy word for word. Now is the time, later will be too late.

"A LOYAL CANADIAN."

That is the sort of campaign that is being waged and we think Prince Rupert people who read it will resent such action. Both the candidates are good men and good citizens and to revile them is to revile the judgment of the people who chose them as candidates.

Answering the suggestion that the private resources of the province have been traded away, it may be mentioned that fully covered by insurance. out of 230 billion feet of lumber in this province, the Conservatives during their term of office nearly twenty years ago gave away 200 billion feet so that their was little left for any government to trade away even if they had wished to do it.

Local Fishing Boat Went on Rocks and Was Later Salvaged and Will Be Repaired at Drydock

Striking a rock in Metlakatla Passage just west of the harbor beacon about high tide at 11.30 Saturday night while returning to m port after a trip with a 12,000 pound catch of fish, the well known Prince Rupert halibut boat D.S.T., owned and skippered by Capt. w James Parsons, was high and dry for about twelve hours and sustained considerable damage cosnsisting principally of a torn forefoot and twisted stern shoe.

Capt. Parsons and crew rowed into Prince Rupert after the stranding and the Prince Rupert Salvage & Towing Co. took charge

Using the power tug# Anna S, and two scows, the boat was lightered of her fish which was deliv-ned undamaged to the Canadian Fish WRECKOFPLANE and Cold Storage Co and the vessel was at noon yesterday. POLITICAL SITUATION

It is always difficult to guage the political situation, especially as election day approaches but all reliable authorities agree that the Liberals will be returned to power. The only question is one of how large a majority. Labor also will be represented by several candidates so that there is absolutely no hope of a Conservative government coming into power. Premier MacLean will have Air." the opportunity to show what he can do and the Labor and other groups can be satisfied that their interests will be propertly safeguarded.

An indication of the trend in the south is the fact that the Province newspaper, the only one of the three Vancouver papers to oppose the government, has nothing to say of the twelve years' record of the Liberals but contents itself with quibbling over such minor matters as the interpretation of the Attorney General's speech or the correctness of the Premier when he said it was well to Louise Brooks, the charming and beauleave it for friends of Ottawa to complete the negotiations for the tiful leading woman, figures in the P.G.E. There is no real opposition anywhere. No alternative policy is set forth by the opposition.

COMMISSIONER OF FISHERIES

It is only recently that Hon. T. D. Pattullo has taken over the position of Commissioner of Fisheries in British Columbia. He has not yet had time to do anything outstanding in regard to the department. However, an interesting situation has arisen. The canneries are declared to be under provincial control and with Mr. Pattullo as commissioner, he will be a very active participant in the fishery situation in this district in future.

It will remembered that it was the local member who arranged for the conversion of the provincial dock here into a fish dock, thus The world's most famous boy, rapidly centralizing the halibut business right in the city instead of banishing it to Seal Cove. The only floats the fishermen ever had were built under his direction at Cow Bay, even though it was really incumbent on the Ottawa government to do that work. He also offered the Dominion government a piece of waterfront property suitable for floats free of cost if they would construct them. Now, with the increasing responsibility thrown on him by his being made commissioner of fisheries and by the recent decision of the courts in regard to canneries, much more may be expected from the local member. There is a possibility that the whole fish control may be turned over to the province in which case Prince Rupert would be in an excellent position with her member as fisheries commissioner

THE CONSERVATIVE LEADER

While no one is saying anything personally against Dr. Tolmie, it is being claimed for him that he is a practical and successful farmer and as such should appeal to the agricultural communities. Such is not the case. Dr. Tolmie is a veterinary surgeon by profession and he has farmed a little for a hobby. As far back as most people can remember he has held government positions, such as livestock commissioner, and has officiated as judge at fairs, and at horse races. His farming has not been a success. Without his government positions he could not have made a living.

For a number of years he has been a member of the Federal parliament. During the life of the previous government he was minister of agriculture and when that salary failed he took the position of official organizer for the Conservative party at a very large salary. In this way he was able to maintain his farm.

We should not have mentioned these facts were it not that his too eager friends are holding him up as a practical working farmer, which he is not.

CONSERVATIVE ATTITUDE

The attitude of the Conservative party toward Northern Brit- Clara University but just what course drew's Anglican Cathedral presented ish Columbia is well set forth by the attitude of R. H. Pooley, House he'll take isn't settled yet. leader of the party and first lieutenant of Dr. Tolmie.

When dealing with the Timber Royalties Bill in the Legislature Mr. Pooley moved that the royalties on No. 1 spruce in the Prince Rupert district be increased from \$1.10 to \$1.50, while leaving all other timber at the lower rate. This was opposed by Mr. Pattullo on the ground that the high grade timber was found only in small quantities and finding the opposition to his suggestion too strong the amendment of Mr. Pooley was dropped.

Nervous Wreck

There is nothing more trying than a nervous breakdown, not only for the patient but for those in the immediate household. In this type of case Chiropractic is especially valuable.

Miss Gordia Herring, who writes the following testimonial, is only one of the many thousands who has discovered the value of Chiropractic. How many women there are who go through life, year after year, suffering acutely because they have been unable to find relief. They continue to search for the health which every individual has a right to expect. If they only knew it, their chiropractor could restore that health.

Miss Herring writes: "For two years my health had been failing. I grew weaker and weaker, and was a nervous wreck, almost past getting about, and unable to work. Before giving up, I decided to try Chiropractic. I was assured that if I would continue adjustments long enough I would receive my health again. Availing myself of the opportunity, I soon began to improve and in six weeks I was able to begin work, and have not lost a day in three and one-half months, feel good, and have gained 101/2 pounds. I want the world to know that I feel grateful for what Chiropractic, by scientific adjustments, has done for me."-Gordia Herring.

My years of local experience have proven to me that this is not an exceptional case. Consult-

Everybody Will Win Something

THERE CAN BE NO LOSERS--EVERYBODY WINS SOMETHING

All prizes are to be given FREE to Men and Women residing in the greater Prince Rupert territory and those parts of the Province of British Columbia and surrounding territory which are covered by The Prince Rupert Daily News. You are welcome to share in this generous distribution. It costs you nothing now or ever. It is not even required that you be a subscriber to The Daily News. Every active participant is guaranteed either a cash prize or an automobile. Clip out the nomination blank on this page and send or bring it to The Prince Rupert Daily News Campaign Department today.

THE DAILY NEWS Reserves
the Right to Add to the Prize List

The Plan in Brief

The object of this distribution is two-fold—primarily to increase the already large subscription list of The Prince Rupert Daily News, to collect arrearage and advance subscription payments from present or old subscribers, and at the same time to afford our friends and readers an unparalleled opportunity to profit and in a big way, through their spare time during the next few weeks. So it is a plan that works both ways, and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered by a local newspaper in this section of the country has been made ready for distribution among those who participate most heartily. Ambition and energy are the only requisites for success.

The plan adopted is the fairest and most impartial conceivable. There will be no "double vote" offers, extra votes given or any other vote inducements whatever inaugurated during the competition except as outlined in this announcement. Neither will there be any long term subscriptions accepted. The plan of the campaign is straight-forward and simple and is fully outlined in this announcement.

Let it be fully understood at the very outset that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and boys and girls, and one in which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

HOW TO ENTER THE CAMPAIGN

The first step, in order to become a candidate and compete for a prize, is to clip the nomination coupon appearing on this page; fill in your name and address and mail or deliver to the campaign department of The Daily News, 243—3rd Avenue, Prince Rupert, B.C. This coupon entitles you, or the person whom you nominate, to 5000 FREE votes. These votes are given you as a starter, and speed you on your way to win. Only one such nomination coupon will be credited to each candidate. You may nominate either yourself or a friend.

HOW VOTES ARE SECURED

The next step is to call on or write the campaign department for a free working outfit (consisting of a special receipt book, sample copies of the paper and full information relative to launching an active campaign).

Thus equipped, you have but to go to your friends and neighbors, relatives and acquaintances, and have them clip all the free coupons from their papers or pay up a subscription to The Daily News through you. THAT'S ALL THERE IS TO IT. However, you will never win anything unless you make the start; and while it will not be a very difficult matter to capture one of the big prizes, nevertheless you should start at once. You must plan out your campaign the same as any successful business man plans his work for the season, and, above everything else, let no one discourage you, but stick to the finish, Anything worth having is worth striving for. A few short weeks and you can be riding in your own automobile.

It takes votes to win and votes are secured in three ways:

First, by clipping the free voting coupons appearing in each issue of the Daily News. Begin by gathering them now. In a short time these coupons will be reduced to a lesser num-

ber of votes. The only restriction placed on coupons is that they must be deposited at the campaign department of The Daily News on or before the expiration date printed thereon. Get your friends saving these coupons for you—they all count.

Votes can also be secured by using the opportunity and first and second week coupons which will appear in this paper. Instructions to how these coupons are to be used will be printed on them plainly.

The other, and fastest way to get votes is by securing new and renewal subscriptions to The Daily News. On each subscription turned in a certain number of votes are issued, the number varying according to the amount paid and during which "period" same are received at the campaign department (see schedule of votes elsewhere). So, you see, the more subscriptions you secure the more votes you get and the better your opportunity is to secure the grand capital prize.

EARLY START MEANS EASY FINISH!

The advantages of an early start are manifest. Not only do you have the FULL TIME in which to secure the winning votes, but now and up to and including Monday, August 20, you will receive the maximum schedule of votes on subscriptions. Then, too, the first in the field will undoubtedly get the "cream" of votes and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time waiting to "see what the other fellow is going to do," but pitch right in and show the "other fellow" how to do it.

THE ADVISORY BOARD OF JUDGES.

It is the sincere aim of this newspaper to conduct this campaign, from start to finish, in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants, and absolute honesty in all dealings is guaranteed.

However, not all wisdom lies with any one man or institution, and for that reason an Advisory Board has been decided upon, whose function shall be to decide any question of sufficient moment that might happen to arise during the competition and from which a committee shall be selected to act as judges and count the votes the last night of the campaign.

The personnel of the Advisory Board of Judges is as follows:

Col. S. P. McMordie, Mayor.

F. E. Robertson, Bank Manager. C. H. Orme, Druggist

C. H. Orme, Druggist. J. W. Scott, Hardware

J. W. Scott, Hardware Merchant. H. B. Rochester, Hotel Proprietor.

All the members of the Advisory Board are well known to every one in Prince Rupert and surrounding territory, and the results as given out by them will be beyond dispute.

In the event a member of the advisory board or a near relative of any member of the advisory board should enter this campaign it will automatically eliminate that member from being chosen a judge to help count the votes the last night of the campaign.

Candidates are not confined to their particular town or community in which to secure votes and subscriptions, but may take orders anywhere in this section; or, for that matter, anywhere in the Province, the Dominion, or the entire world.

13. In case of typographical or other error, it is understood that neither the publisher nor the campaign manager shall be held responsible except for the necessary correction upon the same.

1. Any reputable man, woman or child residing in Prince Rupert City, and those parts of the province of British Colum- News and as such may collect arrearages and subscription

payments from present as well as from new subscribers.

15. Extensions of subscriptions will receive votes according to the regular vote schedule in effect when the first subscription was paid, except that no extension votes will be given the final period

16. It is distinctly understood and agreed that candidates will be responsible for all monies collected and that they will remit such amounts in full at frequent intervals, or on demand to the campaign department.

17. There will be several big prizes awarded, besides a 10 per cent cash commission to all ACTIVE non-prize winners, but it is distinctly understood that in the event ANY candidate becomes INACTIVE failing to make a weekly cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all right to a prize or commission. The 10 per cent commission will be paid only on money turned in for subscriptions, and subscriptions only. No commission will be awarded to a prize winner. READ THIS RULE OVER AGAIN.

19. To insure absolute fairness in the awarding of the prizes, the race will be crought to a close under a "sealed ballot box" system, and will be under the personal supervision of two or more judges selected from the Advisory Board. During the entire last period of the campaign, the box—locked and sealed—will repose in a local business house, where candidates and their friends will deposit their final collections and reserve votes. And not until the race has been declared closed, will the seals be broken, the box unlocked and the judges begin the final count. In this way, no one, not even the campaign manager, can possibly know the voting strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to

20. The management reserves the right to amend or add to the rules of this campaign, if necessary, for the protection of the interests of both the candidates and this newspaper. The right is also reserved to increase and add to the list of prizes.

ment to all candidates, but should any question arise, the decision of the management will be absolute and final.

22. These are in addition and above all regular votes, but this arrangement will not be in effect during the last period of the campaign.

23. All extra votes will be issued and credited to the accounts of the various candidates at the convenience of the campaign manager.

24. The spreading of malicious propaganda and rumors intended to slow up and discourage other candidates is not permitted. It will not be tolerated and endangers a candidate guilty of same to disqualification.

Then the candidate who has the next highest number of votes in the campaign—regardless of which district he or she may be in—will receive the prize of \$500 in cash. Then after the two prize cars and the \$500 cash prize have been awarded, the two persons in the two respective districts with the next highest number of votes will each receive \$100.00 in cash. All other non-prize winning candidates (those who do not win one of the above gifts) in each district, will each receive a cash commission equal to 10 per cent of all money he or she has turned in for subscriptions, according to the rules of the campaign.

This plan assures that each district will receive one of the cars; that either district can win the \$500 cash prize; that each district will receive one of the \$100 cash prizes, and that each and every active candidate who does not win one of the big prizes will be well paid—on a basis of ten per cent—for every effort he or she puts forth in the campaign.

\$1,500.00 - - IN CASH - - \$1,500.00

A Special Fund of \$1,500 in Cash has been set aside to be distributed in the form of salaries among active non-prize winners on a 10 per cent basis. Any candidate who remains active through the campaign, making a regular weekly cash report, but fails to win one of the Big Prizes offered, will participate in this commission feature. Think of it! One-tenth of every subscription you collect goes into your pocket if you fail to win a prize. This as sures compensation to all candidates—there will be no losers in this race. Could anything be fairer or more liberal?

IS CANDIDATE BECAUSE CONSERVA-TIVES WILL NOT RECOGNIZE WOMEN IN PARTY.

VICTORIA, July 14.—"The political machine has been working overtime of ate to keep our women out of the inner circles. We are not yet out of bondage, for we still go about fettered and tethered. EMPTY ELECTION PROMISES 'It's a pity that even yet women must cry out for equal rights in the colitical world. The men, as far as our Conservative Party is concerned, are still in full possession all over Canada. They are running true to form, carrying out their tradition of 'what we have we hold.' JASPER'S BEGINNING

While Jasper Park Lodge and Jasper National Park, Alberta, are numbered among the best known places on the continent today, there was a time when Jasper was only a trading post of the North West Company. That was about 1813. For half a century it was the main support of the trade route across the mountains and an important point for all persons journeying through the Yellowhead and Athabasca passes. This cairn was erected last year on the site of old Jasper House by the Historic Sites and Monuments Board of Canada to mark the spot where this once famous trading post stood .- Photograph by Canadian National
