FOREST FIRES VERY DESTRUCTIVE VANCOUVER ISLAND

Forest Fires Vancouver Island Do Considerable Damage Logging Plant

VANCOUVER, Aug. 13.—Forest fires yesterday on the Bainbridge Lumber Company's operations near Alberni swept through a million feet of fallen and bucked timber and destroyed one donkey engine. Today it is burning over 200 acres.

Two miles northwest of Duncan a fire in the Malsom Lumber Co.'s operations damaged two donkey engines, destroyed five logging railway bridges and swept through two million feet of cut timber. The blaze has extended over 800 acres.

Three hours rain on Vancouver Island last night aided the fire fighters materially.

A fire near Luxton Saturday destroyed a logging camp owned by Peanault Brothers, wiping out 200 cords of wood, 200,000 feet of fallen logs and a stand on which the company was working.

PARIS, Aug. 13.—Percy Williams, a name for himself as a sprinter at the Olympiad at Amsterdam recently covered the 100 metres in 10 4-5 seconds to win the event at the international meet here yesterday.

POR WILLIAMS, Aug. 13.—Premier McKenzie King and Ramsay Macdonald met here briefly last night as the trains passed. They exchanged greeting and addressed a welcoming crowd.

NOTED PEOPLE JASPER PARK

NORMAN REILLY RAINES, A SHORT STORY WRITER GETTING MATERIAL FOR FICTION

JASPER, Aug. 13.—Several days homobbing with the horses, the boys in camp and the Swiss guides of Jasper National Park has given Norman Reilly Raine, well known Canadian short story writer, reams of copy. It isn't at all unlikely that for a while his work will veer away from the salt sea and concern itself with the Rockies and the glamorous Athabasca Valley. Making Jasper Park Lodge his headquarters, Raine, who is accompanied by his bride of three months, has been riding the trails, making notes on the ways of the philosophical canuse, and listening to the yarns of those who never were dukes. "If all writers would come out here, we should never be at a loss for the real stuff in Canadian fiction," says Napier Moore, editor of MacLean's magazine, who is also visiting Jasper. The Moores and the Raines left this morning for Vancouver.

Vernon McKenzie, former editor of MacLean's and dean of the school of journalism, Seattle, who met the party here has gone east with Mrs. McKenzie. J. E. Sampson, the distinguished Toronto artist and his wife are here for several weeks and will take the trail in a day or two for Maligne Lake, after which they will ride into the Tonquin Valley. Mr. Sampson says he is thrilled with Jasper and he is showing his reactions to the woods of the mountains in his sketches.

On her way to Vancouver, Martha Estes, authoress of "Wild Geese," "The Mad Carew," and other successful novels, passed through Jasper last night. She will make a stay at Jasper Park Lodge on her return from the coast.

A distinguished visitor to the Lodge this week was Frank L. Perrin of Boston, chief editorial writer of the Christian Science Monitor. He was accompanied by Mrs. Perrin.

Mr. and Mrs. Lee Somers of Washington, spent a day here on their trip to Alaska. Mr. Somers is dramatic critic of the Washington Herald.

SAFETY PACK AWAY AHEAD LAST SEASON

According to an official statement issued yesterday, the salmon pack for District No. 2 so far this season stands at 419,405 cases as compared with 262,181 cases at a similar date last year. The increase is chiefly due to the greater pack of the pink variety which shows an increase of nearly 200,000 cases over the pack of this variety for 1927.

WOMAN CHARGED MURDERING GIRL

VANCOUVER, Aug. 13.—A formal charge of murdering her daughter Mary, aged 15 said to be subnormal was laid against Mrs. Margery Smith of South Vancouver at the general hospital where she is lying.

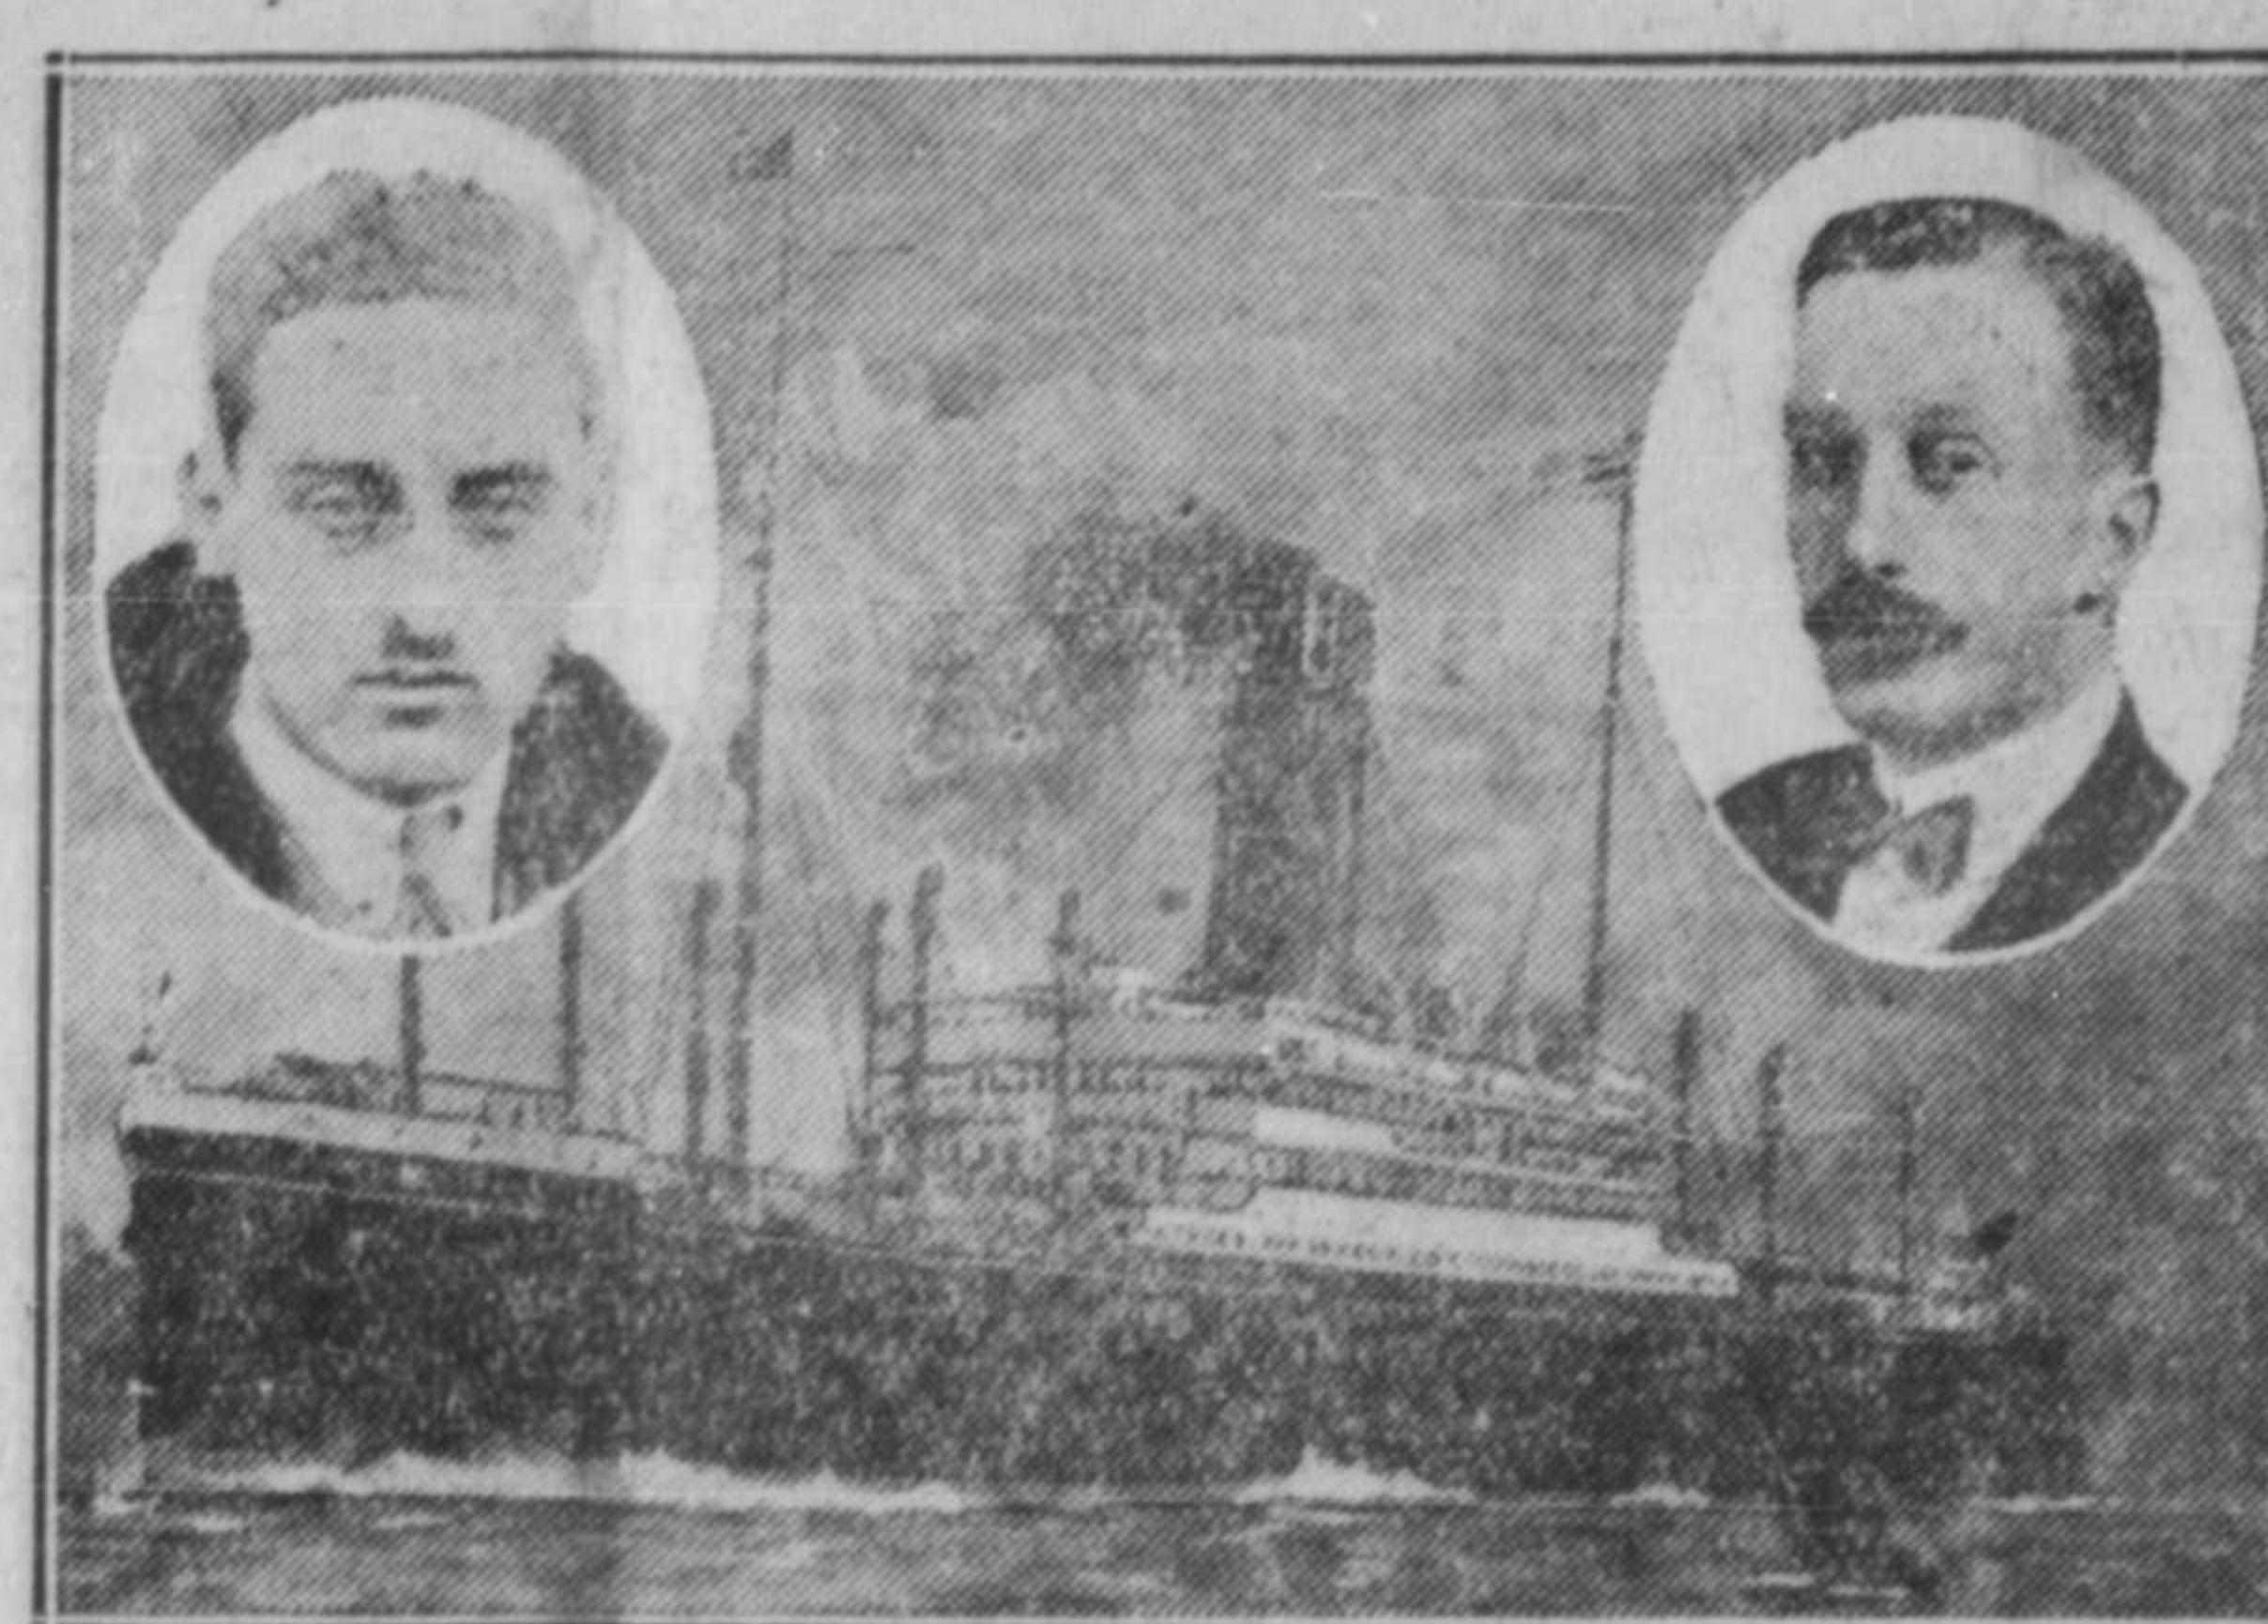

Allegedly she administered rat poison to her daughter and to herself Wednesday.

LAD FELL TO BASEMENT

POINT GREY, Aug. 13.—Falling from the second floor of a house under construction on Montcalm Street to the cement floor in the basement, James McKeating, 6 years of age, received fatal injuries yesterday.

John W. Allen, mechanical superintendent for the Dominion Fisheries, sails this afternoon by the Prince George on his return to Vancouver after having spent the past ten days in the city and district on official duties.

Walruses Taken by Stoll McCracken Expedition Near Wrangell Island and Party is After Polar Bears

Eight walruses have been taken by the Stoll-McCracken expedition aboard the exploration schooner Effie M. Morrissey now in the neighborhood of Wrangell Island and they are now trying to secure polar bears, according to word received by the local amateur radio station 5 GT which has been in communication with them. The walruses are for the Museum of Natural History at New York.

The temperature in the portion of the Arctic where they are was 29 Fahrenheit and there was lots of ice everywhere.

The local station is in communication with the explorers about twice a week, on an average.

QUEEN GIVES AWAY PRIZES

Olympic Canadian Flag Goes to Percy Williams of Vancouver

AMSTERDAM, Aug. 13.—Seven gold medals for first places won by Canadians at the Olympic games were presented to Dr. Lamb of Montreal, president of the A.A.U. of Canada, by Queen Wilhelmina last evening.

Lamb also secured a large Canadian flag which was raised on the Olympic mast several times when Canadians won first place victories. The flag will be presented to Percy Williams who was the outstanding individual at the Canadian meet.

20 WOMEN STUDENTS GRADUATED LAWYERS

Earl's Sister Who Studied After Her Marriage Among Those to be Called to Bar

LONDON, Aug. 13.—As Earl's sister is among the five women whose names appear in the list of successful candidates in the final examination for the Bar conducted by the Council of Legal Education. She is Lady Anarket Cecilia Carolyn Jackson, a younger sister of the Earl of Carlisle and wife of William Jackson, a barrister. She will be called to Bar shortly and hopes to practice in the courts. She took up the law as a profession some years ago and continued her studies after marriage.

Miss Sophy Sanger, who acted for five years as chief of a section of the International Labor Office of the League of Nations at Geneva, has also passed her "finals." Miss Sanger is an expert on the labor laws of the different nations, and she will probably specialize in this subject. She has written a section of the new Encyclopedia Britannica.

Other successful candidates are: Miss Harriet Elizabeth Vaisey, of Cornwall Gardens, Kensington, who is only 21; Miss Louise Beryl Grouchy and Miss Marie Angela Carrey. In all twenty women were successful in the recent examinations.

E. J. Smith sails on the Prince George this afternoon for Vancouver on a two weeks' holiday trip.

WINNIPEG, Aug. 13.—Motorman Harry Scrivens of Selkirk was fatally injured and 19 passengers shaken up when the electric train jumped an open switch and crashed into a gravel car between here and Selkirk.

KILLED WHEN STRUCK AT LEVEL CROSSING

QUEBEC, Aug. 13.—Two men were instantly killed and three others injured when an auto in which they were riding was struck by a C.P.R. train at a level crossing here yesterday. The dead are Burgess Lavelle, 38, and George Lavelle, 22, father and son.

Union steamer Catala is going to make a special call at Claxton Cannery in the Skeena River tomorrow to load salmon and will not arrive here from the north before 2 o'clock in the afternoon.

E. J. Smith sails on the Prince George this afternoon for Vancouver on a two weeks' holiday trip.

Captain Wallace Tells About Recent Revolution in Fishing on East Coast of Continent

An interesting account of the recent revolution in the marketing of fish in the big centres of the continent was given at the dinner given in his honor Saturday night at the Commodore Cafe by Captain F. W. Wallace, editor of the Canadian Fisherman and until recently editor of the Fish Gazette at New York. T. H. Johnson, the host of the evening, presided.

Mr. Wallace explained how the sales of fish were going down, fishing vessels were being put out of commission and some of the fish companies were going broke when some clever mind hit on the idea of putting up filleted fish in convenient form. The movement spread rapidly, sales of fish increased, the product going into the cities of the middle west as well as the coast, fleets of vessels operating on the Atlantic coast increased and companies that were quick to take advantage of the new movement made fortunes. One firm with a fleet of fifteen trawlers increased to sixty and orders have been placed for seven or eight steel motor trawlers. Soon three or four hundred vessels will be operating. The whole industry has been revolutionized. One firm whose stock was selling at \$26 a share has it listed today at \$180 a share and last year they cleared half a million dollars.

The fish put up in filleted form are cheaper grades.

FRANK CONWAY DIES IN HOSPITAL TEN DAYS AFTER SUFFERING PARALYTIC STROKE—74 YEARS OLD

Word was received in the city at the end of the week of the death of the Hazelton Hospital on Friday night of Frank Conway, popular and well known old timer of the central interior, who for several years conducted the Evelyn Hotel at Smithers and more recently was identified with the South Hazelton Hotel.

Ten days ago Mr. Conway was going about his regular duties while several people were in the South Hazelton Hotel. He complained of not feeling well and sat down in a chair where he suffered a stroke. He was taken to the Hazelton Hospital where it was found that he had been completely stricken with paralysis on his right side. From that time until his death he was unable to speak or recognize any one.

The late Mr. Conway was seventy-four years of age and was a native of Nova Scotia. He was unmarried and surviving relatives include a sister in San Diego, California.

PROMINENT VISITORS OFTEN

Prince Rupert is visited by many prominent visitors, many of whom are never noticed here. They come and go and often never allow anyone to know who or what they are. They come here because they believe Prince Rupert is a city with a future and they like to see the place and note its growth and possibly make their plans accordingly.

Now and then we learn weeks or months after they have been here that some important personage had been an unknown and unrecognized visitor in the city.

REVIVAL OF EDMONTON

Only a few years ago the city of Edmonton was almost bankrupt. The securities of the city were not wanted and the place was looked upon by many as one of the examples of what not to do. Today Edmonton is rising with Vancouver in the matter of progress. Power companies are bidding for the right to control her utilities and her securities are much in demand. The city is growing and is one of the largest of prairie centres, possibly ranking next to Winnipeg.

Edmonton has found as Prince Rupert will find, that being the centre of a rich and growing district is bound to bring results.

DRESS FOR MEN

There seems to be an indication that in the not far distant future the heavy evening clothes which foolish men have worn for many a day are doomed. Men have submitted to make themselves uncomfortable for the sake of fashion while women have more sensibly adapted their dress to the seasons and to the time of day and conditions under which they are to be worn. Now it seems that the poor worm has begun to turn and it is prophesied that soft silk shirts and no collars or very low ones will be very soon the proper wear for evenings.

Men have made fun of the fairer sex for centuries and have been too much lacking in humor to realize that they were the ones that should have been the objects of ridicule. Possibly if they cultivated their sense of humor they would in time learn to see themselves as they really are.

Old Vein at Stewart Is Rediscovered—New Discovery on Hudson Bay Mountain—Woodbine Proves Satisfactory

The old Copper Queen vein, which intrigued old timers of 1910 days at Stewart and since disappeared, has been rediscovered by Jack Howse who is a partner with W. R. Booth and E. A. Armstrong in the re-location. The new group consists of nine claims lying between Independence and the Halibut and is now called the "A and T." It extends from the foot of the mountain at the railway track, up to the summit. The vein was found above timber line among a series of precipices and narrow benches which make preliminary prospecting rather precarious. The owners, however, are putting in some ropes and are cutting steps which will eliminate the danger. Mr. Howse has traced the vein for three hundred feet along its strike and samples show values of six percent copper, 60c. in gold and \$1 in silver. The vein is a big one but how big has not yet been determined. The owners intend to do all surface work possible during the present season and attack it in real earnest next spring.

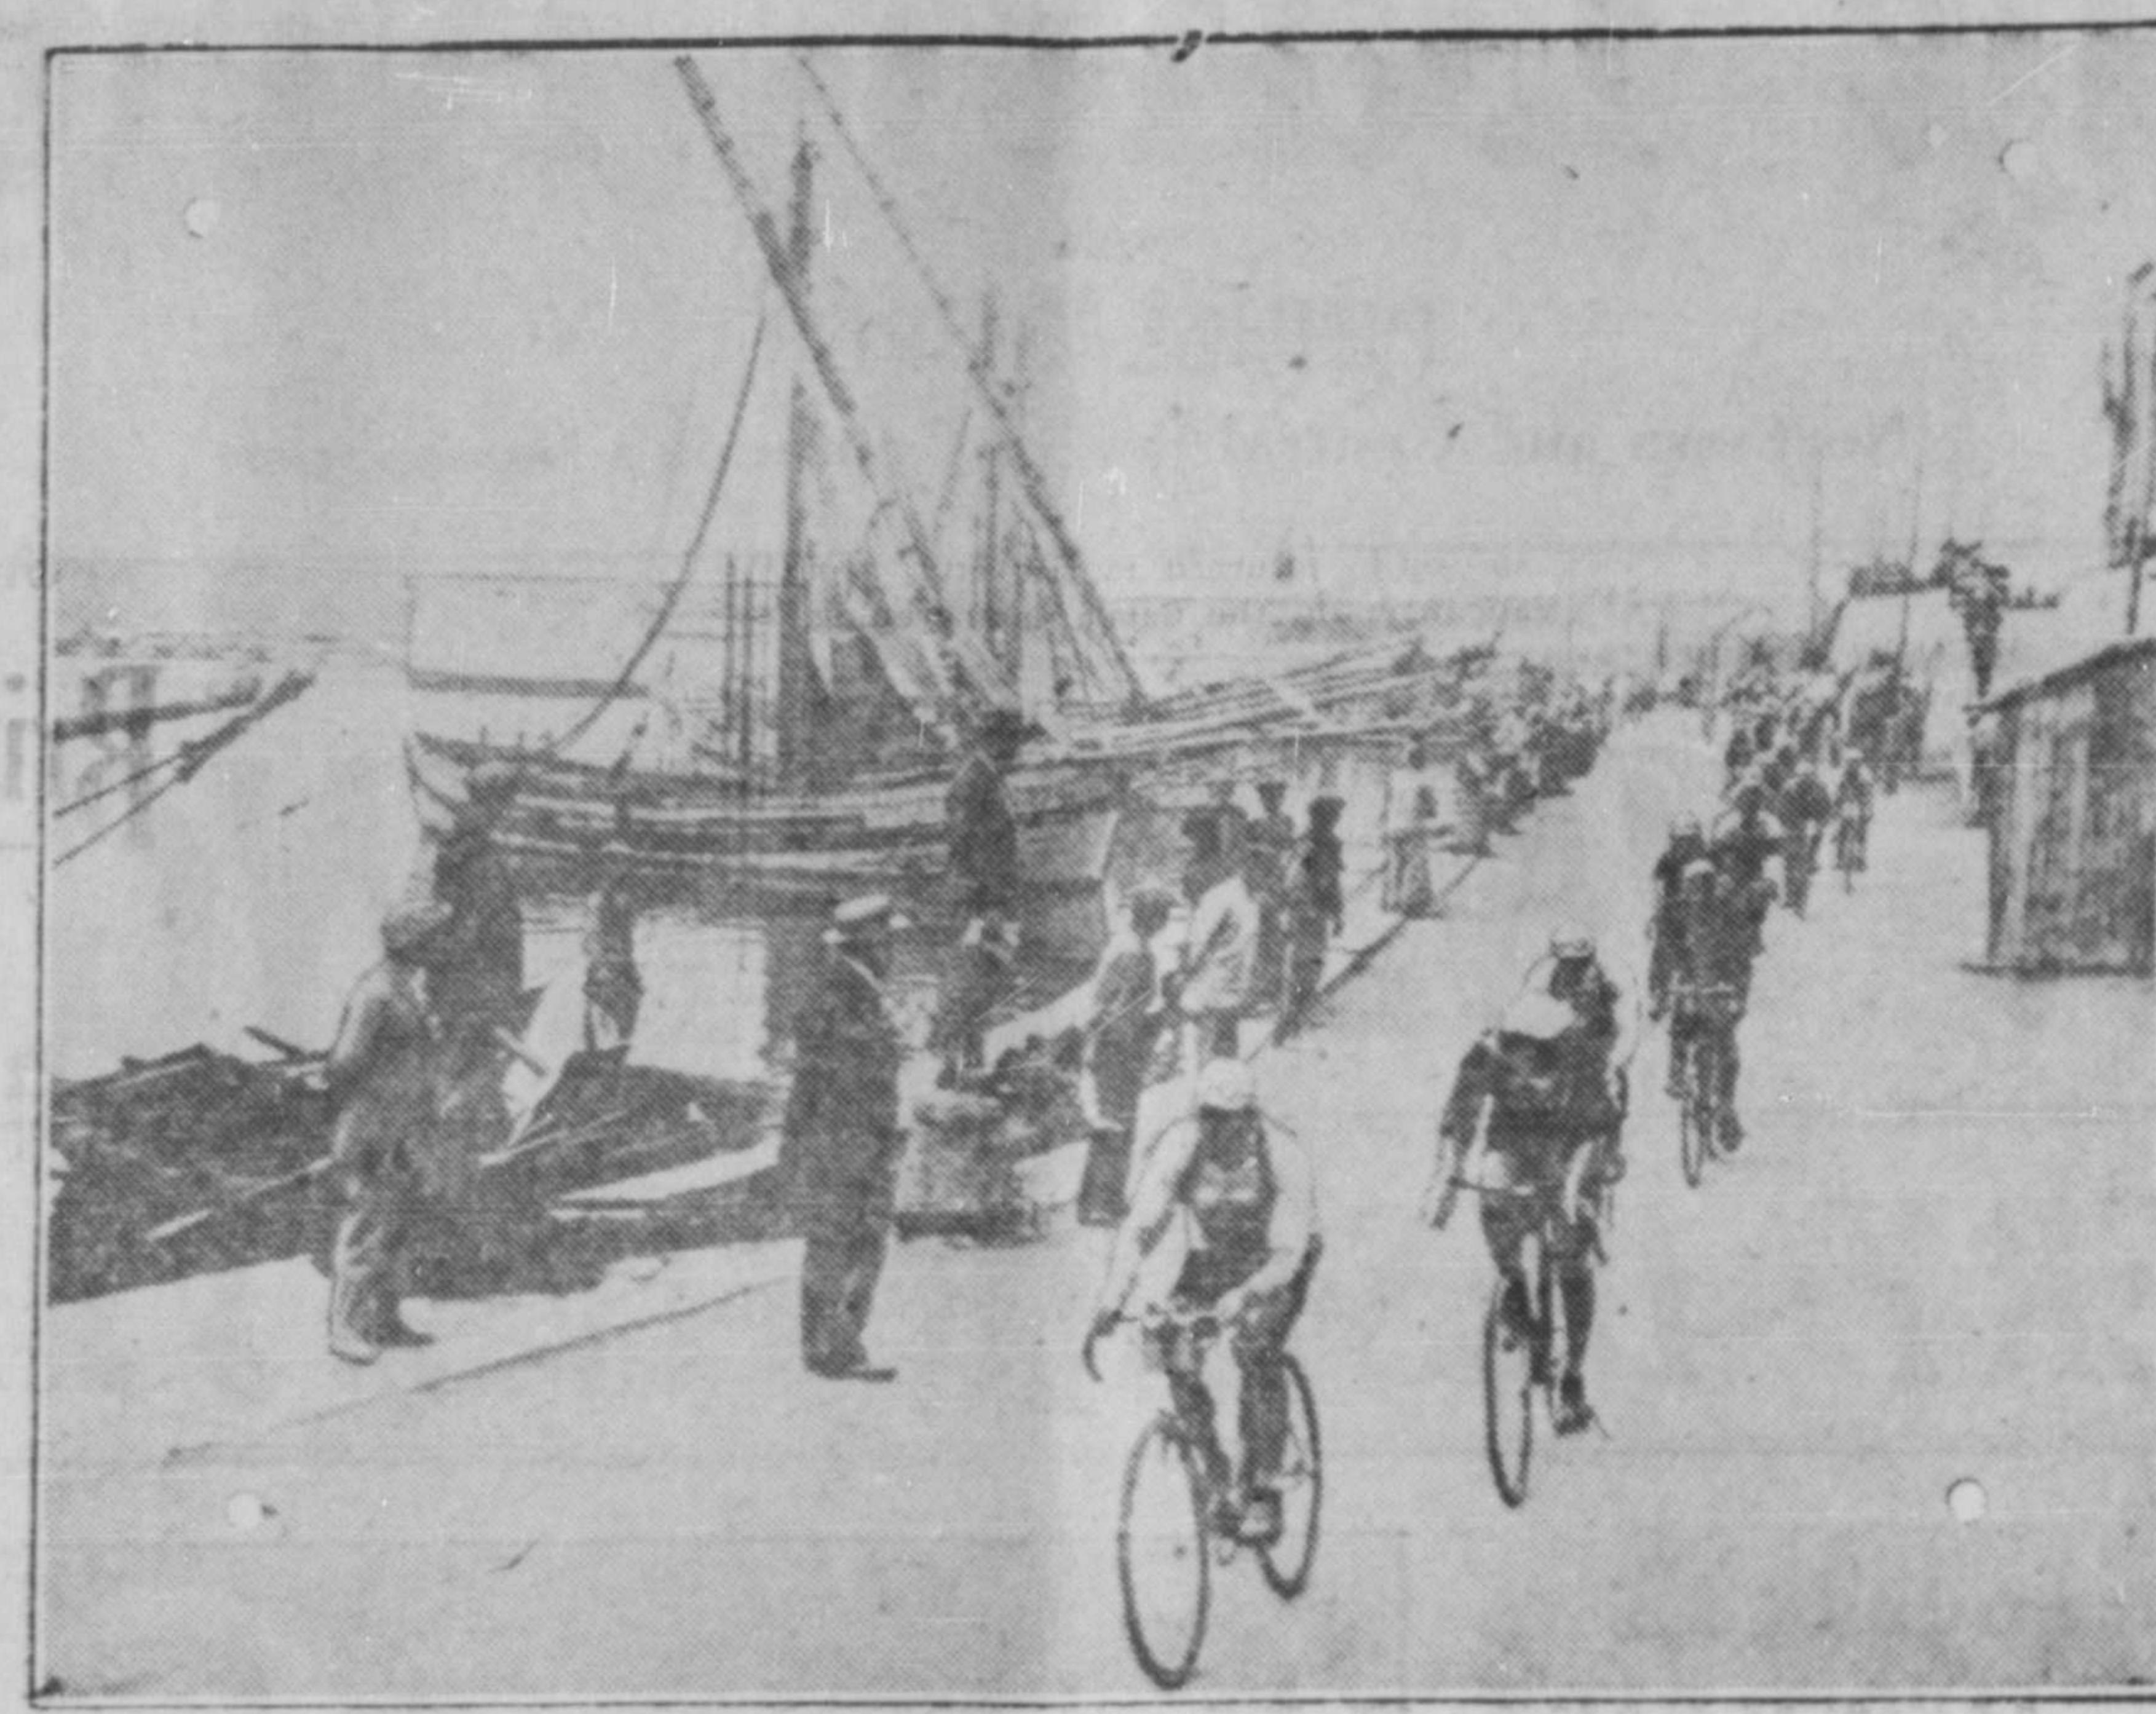

The Consolidated Mining & Smelting Co. Ltd. has taken over the Harvey group in the Babine range and is preparing to try out the fine showings of copper-silver ore on that property. It is only twelve miles from Smithers on the slope of the Babine Range toward the railway.

Angus Chisholm, prospector, has made the discovery on Hudson Bay Mountain of high grade silver close to the Silver

the coast for several weeks. It has already been announced that Premier has been carefully sampling Woodbine ore and there has been a proposal that, under an operating arrangement, Premier's mill and tramway might be used to transport Woodbine ore to the smelter. It is probable that there will be further negotiations along this line. With a management and honest direction of the highest type, Capt. Hutton is confident that ample funds can be obtained in the Old Country for the development of the property which is one of much promise. "A great ore body is here," states Capt. Hutton. "What we must do is handle it under the best conditions and under an administration of outstanding honesty and capability. Then we shall have a great producing mine in Woodbine." London is alive added Capt. Hutton, to opportunities for investment in British Columbia as never before and, given good management of various properties and assurance of a square deal, there will be ample British capital for investment here.

It is stated that directors of the Woodbine Gold Mining Co. Ltd. have arranged with the Premier Gold Mining Co. to have an independent examination and sampling of their mine, observes the Mining and Industrial Record editorially. The board is to be congratulated on thus taking a course that will inspire confidence in its desire to have the affairs of the company conducted in a businesslike way. Unfortunately grossly exaggerated reports as to ore reserves have been given out as official when the veriest tyro would know from the amount of development that the claims made were nothing more nor less than senseless boasting likely to create the impression that they were made for improper purposes.

As they appear in the film, these episodes are the visualization of the bought of the hero—the discouraged inventor of a super-aeroplane which the Government will not take up though foreign powers are anxious to buy the plans—as he contemplates the London statues of great men of the past. For the preliminary scenes, the scenes of Captain Scott in Waterloo Arch, and of the Nelson Column were "shot" by official permission.

"Land of Hope and Glory"—from a story written around the theme of Sir Edward Elgar's "Anthem of Empire" is a British film, notable for the appearance of Elsie Terriss in a big "Mother" role. It also features Lyn Harding, Robin Irvine, Arthur Pussey, Enid Stamp-Taylor and Henry Vicart.

ENTHUSED OVER TRIP TO LAKELSE LAKE ON HOLIDAY FOR MONTH

Mr. and Mrs. Arthur J. Curzon have returned from a camping trip to Lake Louise and are very much enthused over the splendid facilities there for enjoying a holiday. They spent a month at Mr. and Mrs. E. T. Kenny's camp on the long sand beach.

Mr. Curzon says the lake is a most beautiful one and is one of the most perfect camping places he has visited in Northern British Columbia. There is every natural beauty of wood and water, it is easily accessible and exceedingly economical in outlay. Hunting, swimming, fishing and boating can be enjoyed, ad libitum.

W. J. Corley and daughter sailed by the Prince Rupert Saturday night for Vancouver enroute to their home in Meaford, Ontario, after having spent the past week or so visiting the city. Mr. Corley is a former resident of Prince Rupert, having at one time been one of the proprietors of the Royal Hotel here.

Mrs. Jenny Svendson arrived in the city on yesterday afternoon's train from Norway. About the middle of this week she will be married to Gunnar Selvig of Selvig Bros. butcher shop. Miss Svendson was accompanied out from the Old Country by Miss Haugland.

NORWEGIAN DAY AT WESTHOLME THEATRE WHEN FAMOUS SINGER APPEARS

"Norway of today" is to be the feature film at the Westholme Theatre on Friday evening next. It is said to be a very nice picture, giving a true idea of the modern development of the Scandinavian country.

Accompanying the picture is the famous Norwegian tenor, Erik Bye, who recently sang at Carnegie Hall, New York, and of whom the New York newspapers had many flattering things to say. The Evening World said: "The singer's skill, intelligence and feeling gave obvious pleasure." The Telegraph mentioned that "Mr. Bye has a splendid diction, one of the best of the season, and he knows how to put his number over."

The last phase of Captain Scott's great Antarctic adventure, the death of General Wolfe in the moront of victory at Quebec, the death of Nelson in the cockpit of the "Victory" at Trafalgar are among the episodes selected in "Land of Hope and Glory," and the great navigator, Captain Cook is seen planting the flag in Australia.

As they appear in the film, these episodes are the visualization of the bought of the hero—the discouraged inventor of a super-aeroplane which the Government will not take up though foreign powers are anxious to buy the plans—as he contemplates the London statues of great men of the past. For the preliminary scenes, the scenes of Captain Scott in Waterloo Arch, and of the Nelson Column were "shot" by official permission.

GENTLEMEN PREFER BLONDES IS COMING

Week-End Picture Showing on Saturday Only Is Satire

Lorelei, champion gold-digger of the ages, is coming to town!

Lorelei is the wide-eyed, fluffy little flapper whose imitable diary was opened for all to read when Anita Loos wrote her now famous satire, "Gentlemen Prefer Blondes." So sensational were the sales of the book and so loud the guffaws of its readers that it was made into a stage play which duplicated the success of the book.

And now Paramount has made it into a motion picture comedy which will be the feature attraction here on Saturday.

In the picture, as in the book and play, the career of the dumb-looking (but not so dumb) gold-digger provides one of the funniest plots ever unwound in movie celluloid.

Lorelei is played by Ruth Taylor, Mack Sennett comedienne who was picked from hundreds of candidates for one of the biggest roles in the history of the movies. She gives a remarkably comic performance.

HUMAN BRIDGE SEEN CHINATOWN CHARLIE

Johnny Hines in "Chinatown Charlie" is the big feature picture to be seen tonight at the Westholme. In it a "human bridge" is suspended at a height of thirty feet from the fire-escape of one building to the balcony of another, twenty-five feet across the way. Of 275 passengers aboard the Princess Louise Saturday afternoon from the north, the following disembarked here: George Bolyan, Chicago miner; Attilio Corra, Atlin laborer; Napoleon Labelle, Hot Springs (Y.T.) prospector, and Mike Vein, Engineer laborer.

Miss Lorraine Grant, who has been visiting in the city for a week or two, the guest of Mrs. James Farquhar, Fifth Ave. East, left this morning for Prince George where she will visit with her sister Mrs. R. A. Harlow for a few weeks before returning home to Fort William.

R. G. Johnston, manager of Inverness Cannery, arrived in the city from the river on yesterday afternoon's train being accompanied by his daughter, Miss Rita Johnston, who spent the week-end at Inverness. This is Mr. Johnston's first visit to town following a recent trip to Victoria where he went to receive treatment at the hands of specialists. He is now fully recovered from his recent illness.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1 Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stampage.

HOME SITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 80 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on areas ranged, priority being given to established owners. Stock owners may form associations for range management. Free or partly free permits are available for settlers, campers and travellers up to ten head.

WHEAT HARVEST IS BEGINNING DURING WEEK

NOTHING YET TO CHANGE EARLIER REPORTS OF LARGE CROPS THROUGHOUT PRAIRIES

WINNIPEG, Aug. 13.—Almost ideal weather conditions have characterized the crop outlook in the prairie provinces during the past week, according to the fifteenth C. N. R. crop report. Bright breezy days have prevailed generally with intermittent showers and isolated hail storms reported from Saskatchewan and Alberta. No seriously disturbing factor appears to have arisen, however, to necessitate changing previous conceptions of crop prospects.

Cutting of barley and early oats is well advanced in many parts of Manitoba and early varieties of wheat have been harvested at a number of points. Manitoba is practically assured of a rust free crop. Some hail damage has occurred at Minotinos, the estimated extent being fifty per cent loss on approximately a thousand acres. Harvesting of Standard varieties of wheat should be general about August 18.

Local points on the Dodel and subdivision in Saskatchewan report very beneficial showers. The most serious hail damage reported from Saskatchewan comes from Tisdale subdivisions where an area four miles by fifteen suffered as high as one hundred per cent in individual cases. Some isolated reports of rust are causing no alarm owing to the advanced condition of the crops. Wheat cutting should start in earnest in Saskatchewan between Aug. 15 and 20, though western areas report some heavy crops that will require longer than this to mature.

Frequent showers have occurred in Alberta which have occasioned some lodging of grain on the Vegreville subdivision. The most serious damage in this respect, however, occurs on the Coronado subdivision from Smokey Lake to St. Paul district where the hail struck, reporting from 40 to 50 per cent loss. The warm weather of the past week is ripening all crops fast. A few reports of Garnet wheat harvesting have been received but wheat cutting will not be general until around August 25.

Taken suddenly ill while camping across the harbor yesterday, Miss Margaret Reid, daughter of Mr. and Mrs. W. Reid, was rushed to the city and died in her father's arms as she was being driven home in an automobile last evening.

SMITHERS

There has been a siege of automobile accidents in this vicinity recently, many cars having been wrecked in the valley during the past two or three weeks.

J. R. Turner, manager of the Duthie mine, has been called to Vancouver to consult with his principal, J. F. Duthie, in regard to the latter's mining undertakings.

Evidence of the wide publicity gained by the Bulkley Valley as a seed producing district was seen at the recent meeting of the Smithers District Board of Trade when he met Johnny Woods of Hazelton with Olof Hanson.

Several more carloads of cedar poles have been loaded at New Hazelton last week and some heavy shipments have been made recently from the main landing place at Cedarvale.

Miss Muriel Boyle of Telkwa has been visiting in New Hazelton with Miss Jean Burns.

Miss Wright of South Vancouver is visiting in Hazelton with her parents, Rev. and Mrs. T. H. Wright.

Percy Lake of H.M.S. Durban, who made such a good impression here last month when he met Johnny Woods of Hazelton in a ten round bout, being robbed of the decision on that occasion.

He will meet Jimmy Ryan, former lightweight champion of all the United States Navy, in the headliner event of a boxing card which will be held at the White Centre Athletic Club in Seattle on Thursday evening of this week.

Johnny Woods before H.M.S. Durban had seldom been beaten. It had been expected that Lake might be rematched with Johnny Woods before H.M.S. Durban left coast waters.

After having spent a few days in Port Essington visiting his countrymen there, T. Fukuma of Vancouver, Japanese consul for British Columbia, arrived in the city last evening and will be here until Wednesday morning when he will proceed to Jasper Park en route south. Mr. Fukuma is being accompanied on his trip north by T. Ode, who is well known as an exporter of salt fish from the Queen Charlotte Islands.

Mr. Fukuma was taken on a motor tour around the city today and evinced much interest in the dry dock, Cold Storage plant and other local facilities.

He will be given a dinner in the Boston Hall tonight by local Japanese.

Ever shifting interest in the Big Leagues has now moved to the National where New York Giants, showing every sign of a late season come-back, are pressing the St. Louis Cardinals hard for the pennant. It has been said that all western teams—St. Louis, Chicago, Cincinnati, and Pittsburgh—were stronger this season than New York but the performances of the McGraw men of late have not substantiated that opinion. If the Giants do not win the flag it would look as if they will nearly do so. New York Yankees look safer again in the American League following the cessation of Philadelphia Athletics' winning streak and the Yanks' own return to form.

Three Attractive Features

The annual riding and camping expedition of the Trail Riders of the Canadian Rockies has many attractive features, but at the top of the list were undoubtedly the three charming maidens photographed above who took part in a 250 mile ride, joining up with the main group that visited the Lake of the Hanging Glaciers. They are Kitty Miskey, Betty McCullough and Betty Hall, all of Philadelphia.

CONVENTION IN PRINCE RUPERT

EFFORT BEING MADE TO SECURE FOR CITY ANNUAL GATHERING OF FISHERIES ASSOCIATION

CAPT. WALLACE BACKS IT
VICE-PRESIDENT AND PROSPECTIVE PRESIDENT IS RESIDENT OF CITY AND ENTERTAINS

A big effort is being made to secure the convention of the Canadian Fisheries Association at Prince Rupert next year. T. H. Johnson, vice-president of the association, who will in the ordinary course of events become president next year, started the work some time ago and Saturday night he followed it up with a little dinner given by him in honor of A. F. W. Wallace, editor of the Canadian Fisherman, who has spent several days in the city. Those present were formed into a committee to further the interests of the event and to bring all possible pressure to bear to secure it for Prince Rupert. Those on the committee are T. H. Johnston, manager of the Canadian Fish & Cold Storage Company; Mayor McMorde, D.S.O., Col. J. W. Nicholls, president of the Board of Trade; James Lee, secretary of the local branch of the Canadian Fisheries Association; D. B. Finn, director of the Prince Rupert Fisheries Experimental Station; John Davey, buyer for the Cold Storage, and R. M. Winslow, sales manager for the same institution; Adam Mackie, fisheries inspector; Peter Lorraine, manager of the Royal Fish Co.; Jarvis McLeod, customs collector; Captain Morrison, agent for the Deep Sea Fishermen's Union and H. F. Pullen, managing editor of the Prince Rupert Daily News.

In a brief address Mr. Johnston said the meeting was primarily to do honor to Mr. Fred Wallace, a man who was no stranger to Prince Rupert. He recalled the fight for fish cans several years ago when Mr. Wallace played an important part in the interests of this city. He not only took up the local cause in the Canadian Fisherman but also acted personally in securing information for the local committee. He was the commander of a mystery ship off the Canadian Coast during the war and was the first secretary of the Canadian Fisherman's Association. Later he went to New York and for a number of years was editor of the Fishing Gazette and now he had returned to the Canadian Fisherman. He was a supporter of the move to have the next meeting of the Association in Prince Rupert. It had been left to the executive to arrange but Montreal, Toronto and Halifax were after it. He also welcomed R. C. Rose, editor of the Canadian Mining Journal, who was also present at the dinner.

Mr. Wallace explained the wonderful change in the fishing industry that had taken place during the past few years in the East. He told of the wonderful advancement he saw in the west. It would be one of the greatest years Canada had so far seen. Here he found the old streets had gone and were replaced by modern ones, new buildings had been erected and there was evidence of progress on every hand. He urged that active steps be taken to secure the fishermen's convention here next year as it would be splendid thing locally and the trip west would be an education to the eastern fishery interests. This was the psychological time to move in the matter.

Brief addresses favoring the movement were given by Mayor McMorde, Colonel Nicholls, Captain Morrison, James Lee and H. F. Pullen, after which it was decided to make the group a permanent committee to work for the convention.

This is Col. Joy's first trip to Prince Rupert although he has often been west having previously been immigration secretary of the Army for the West. He was formerly engaged in Army work in London, England, and has travelled extensively, visiting such parts of the world as Australia, New Zealand, India and Continental countries. Besides being a journalist, he is also something of a musician and composer, frequently singing songs of his own composition.

Speaking of beer parlors, which were recently opened in Manitoba, Col. Joy states that there has been much more public drunkenness in Winnipeg since they started. It is seldom, he says, that, while riding home in street cars, he does not encounter drunken men. There has been no diminution of bootlegging since they started either and he has opened an energetic campaign in the War Cry against patronage of beer parlors. Col. Joy was especially interested to note the effects of beer parlors in British Columbia.

COL. JOY AND ARTHUR COPPING OF SALVATION ARMY NOTED VISITORS HERE

The trip west of Col. Edwin Joy, editor of War Cry Salvation Army publication is really in the nature of a holiday although he came along a few days earlier to attend the Port Essington Congress. He will be joined here next week by Mrs. Joy and their two daughters and they will proceed Thursday afternoon aboard the Prince Charles to Vancouver. Col. Joy's younger daughter is the editor of "Canada West Young Soldier," the Salvation Army Sunday School paper. His older daughter is a space writer for Winnipeg and other papers.

He has been identified with the Army for several years now and his latest book is "Stories of Army Trophies" which has enjoyed wide circulation. After a brief visit in Vancouver with a son, who is engaged in special newspaper work, Mr. Copping is here from Australia and New Zealand which dominions he toured after accompanying a shipload of British immigrants to Australia. By the time he is home in London again, he will have circled the globe. Mr. Copping is a brother of Harold Copping, famous British artist.

We wish to announce the opening of our new Billiard and Tobacco store in conjunction with our 67 Taxi Service in our new building opposite the Prince Rupert Hotel on Second Avenue. Our business was established in 1922. Since that time through the patronage of our many customers we have been successful in erecting this commodious building for which we thank each and every patron. We assure you of our continued service, courtesy and promptness we have given in the past, in our Taxi Service.

We have established ourselves in business here to remain and therefore, invite each and everyone, to visit our new building which is open to public inspection every day. The building was constructed by the local firm of Messrs. Mitchell & Currie which is no doubt a credit to its builder and the city.
