## CANADA IS ON ALL RED AIR ROUTE

## BRITISH STATESMAN WELCOMED ON ARRIVAL VICTORIA

### All Red Air Route Around World Is Planned for Near Future and Enormous Dirigibles Soon Ready

**Trips to Be Made from England to Montreal in Early Spring by R-100 and R-101 Says Canadian Aviation Controller**

OTTAWA, Oct. 30.—An all red air route around the world is seen as a strong possibility in the near future by J. A. Wilson, controller of civil aviation, who returned after spending two months in the British Isles and Europe. "Enormous developments in inter-Empire communication may be expected within the next few years. While efforts so far have been to some extent concentrated on flights to India and Africa the eyes of British flyers are turning towards Canada," Mr. Wilson said. The R-100 and R-101 will shortly be ready for trial trips and in the early spring will be ready for transatlantic trips to Montreal. Mr. Wilson viewed both of the enormous dirigibles while in England and discussed the contemplated flights with air officials there.

### BID IS MADE POWER PLANT

**Offer not Satisfactory but Further Bid May be Forthcoming**

The city council last night met George S. Clark, Vancouver barrister, and W. H. Shoard, engineer, representing the Los Angeles Power Co., the head of which is W. E. Vogelback of Chicago, and received from them an offer for the city's hydro-electric plant which, while being a substantial bid, was not satisfactory to the council. Mr. Shoard and Mr. Clark asked the council to suspend negotiations with other interests until November 20 in order that they might have the opportunity to proceed to Los Angeles and confer further with their principals with a view to amending their offer. This the council agreed to do. The council decided to receive the power offer in private session in view of the fact that a previous proposal had been dealt with in that manner. The matter was considered after the regular business of the council had been disposed of.

EMINENT CHINESE NATIONALISTS, PASSING THROUGH CANADA: Left to right: Dr. Chow Kwo-hain, Consul-General of China to Canada; Dr. Wau, special envoy from the National Government of China to the United States, and E. C. Marks, photographed on their arrival in Toronto to attend the annual convention of the Koumintang in Toronto. This is Dr. Wau's first visit to Canada.

### Olof Hanson Agrees to Let Name Go Before Liberal Convention

**At Least Three Names Will Be Voted on at Important Gathering Here to Choose Standard Bearer for Party**

It is now certain that the name of Olof Hanson will be before the Liberal Convention which is to meet here next month. Seen this morning Mr. Hanson said that if his friends felt that way he would allow his name to be presented to the delegates. Word received from the interior is that Mr. Hanson will be supported very strongly there and also he will get some support in Prince Rupert. In fact it may be said he is one of the strongest candidates to be before the convention. This now insures at least three names to be nominated. Fred Stork, G. W. Nickerson and Olof Hanson. Possibly there may be others but these have definitely intimated that they are ready to accept nomination if offered them.

### ALLEGED FRAUD TRUST FUND

**Toronto Man Out on Bail for \$100,000 Following Police Court Proceedings**

TORONTO, Oct. 29.—Charged with obtaining half a million dollars from the Trust Fund Guarantee Company Ltd. by fraud during the last three years, W. M. MacDonald, formerly manager of the Manufacturers' Finance Corporation, which is now in bankruptcy, was arrested yesterday. In police court Mr. MacDonald was remanded for a week and bail fixed at \$100,000. The alleged charge of fraud is laid in connection with the financing of the Amherst Piano Company of Amherst, Nova Scotia, now in liquidation. It is claimed by officials of the firm of which MacDonald is secretary that he took certain notes, the property of the Manufacturers' Finance and discounted them to his own benefit. The Trust and Guarantee Company represents the bond holders of the Manufacturers' Finance Company.

### FIFTY CITY LOTS SOLD

**W. M. Wright Takes Number at Upset Tax Sale Price**

Tax sale certificates to the following lots were transferred to W. M. Wright by the city council last night on recommendation of the finance committee at the upset prices in each case: Section 8, Block 13, Lots 1, 2, 27, 28, 61, 62, 63, 64, 65 and 66. Section 8, Block 38, Lots 30, 31, 32, 63 and 64. Section 8, Block 39, Lots 23, 24, 25, 26, 27, 44 and 45. Section 8, Block 40, Lots 7 and 8. Section 8, Block 41, Lots 5, 5, 23 and 24. Section 8, Block 42, Lots 23, 24, 25, 26, 27 and 22. Section 8, Block 50, Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 14, 15, 24, 25, 26, 27 and 30. It was also decided to refund to Mr. Wright the sum of \$5 on each of twenty-four lots, this covering excess registration fees. VANCOUVER, Oct. 30.—The price of wheat yesterday was \$1.21.

### Graf Zeppelin Dodging Storm Areas After Driving Before a Howling Gale Throughout Night

BERLIN, Oct. 30.—Dodging storm areas but aided by strong tail winds the homeward bound Graf Zeppelin was swinging over the Atlantic along the northern routes today. It was estimated she had covered about half the distance from Lakehurst, N. J. Weather reports were none too favorable.

The Zeppelin had driven most of the night with the gale howling behind her but there were no reports indicating that storm conditions were bothering the ship unduly.

### Charges Are Levied Against City Engineer by Alderman at Council Meeting Last Night

**Scheme to Reorganize the Department is Laid Before Council and Investigation is Likely to Follow**

Charging that the public works of the city were not being carried on economically or competently, Ald. A. J. Prudhomme submitted to the city council at its meeting last night a lengthy list of criticisms against that department upon which he based a proposal, offered as a resolution, that the engineering department be re-organized immediately, that the city engineer be ordered to tender his resignation to take effect not later than December 31, 1928, and that the city advertise for an engineer to take his place. Ald. Prudhomme also proposed that a system of cost accounting be inaugurated in the engineering department which, in his opinion would save the city a very considerable sum. In order that Ald. Prudhomme's charges might be discussed, the resolution was seconded by Ald. Dibb. The result which Ald. Prudhomme said was satisfactory to him was that the report was laid over for two weeks, each of the aldermen and the city engineer to be furnished with a copy of

### BORROWED FROM TWO CHINESE

VANCOUVER, Oct. 30.—Cross-examination of Mayor Taylor yesterday during the perjury trial of Frank Casias elicited the statement that Shu Moy and his brother had given Mayor Taylor \$500 in 1918 with which to start the Critic, a weekly periodical. Witness added that he had repaid the money. The mayor denied Casias's statements that the mayor had been paralyzed drunk in Joe Celona's house.

### ELECTIONS IN NEW FOUNDLAND

ST. JOHNS, Nfld., Oct. 30.—With W. J. Walsh, minister of agriculture and H. N. Burt, minister of posts defeated, early reports indicated the defeat of the Government of F. C. Alderice by the opposition party led by Sir Richard Squires as a result of yesterday's election.

### Officially Welcomes Sir Austen Chamberlain on His Present Visit To Dominion

OTTAWA, Oct. 30.—Canada officially welcomed Sir Austen Chamberlain, British Foreign Secretary, and Lady Chamberlain to her shores yesterday. In a telegraph message Premier Mackenzie King states: "Allow me on behalf of the Government and citizens of Canada to extend to you and to Lady Chamberlain a very warm welcome to our Dominion and every good wish for the pleasure and profit of your stay in our midst. My colleagues and I are looking forward with the greatest pleasure to greeting you personally upon your arrival in Ottawa on November 9." VICTORIA, Oct. 30.—Sir Austen and Lady Chamberlain, their son Lawrence, and their daughter

### GRAIN MOVEMENT TO PORT IS UNDER WAY

The grain movement to this port is finally getting under way. Railway offices this morning reported 100 cars on the division west of Jasper Park bound here. Yesterday only 50 cars were reported to be on the way.

### LABOR MAKES GAIN ENGLAND

**Albert Bellamy Elected at Ashton in Place of Conservative**

ASHTON, Eng., Oct. 30.—Albert Bellamy, Labor, was elected yesterday to represent the constituency of Ashton-under-Lyne in the House of Commons. The result is a gain for the Labor party as Bellamy succeeds C. W. Homan, Conservative, who was disqualified for failure to comply with the regulations of the Commons regarding bankruptcy. The vote stood: Bellamy, 9,567. Gordon Touche, Conservative, 7,161. W. Gilbert Greenwood, Liberal, 6,874.

### J. P. DOHERTY LOSES HIS JOB

**Is Victim of Reorganization of Insurance Department by R. H. Pooley**

VICTORIA, Oct. 30.—The position of superintendent of insurance for British Columbia has been abolished under the reorganization of the insurance administration plans announced yesterday by Hon. R. H. Pooley. The abolition involves the retirement of J. P. Dougherty, who held the position. The work will be taken over by B. G. Garrett, registrar of joint stock companies. Garrett will be given an extra allowance of \$1,000 yearly. The superintendent was paid \$5,000 yearly and expenses.

### COMMITTEE TO FOLLOW ROAD

**Ald Collart's Motion Unanimously Passed at Last Night's Council Meeting**

Ald. Collart's resolution that a road committee be appointed to follow up the agitation for speedy construction of the highway between Prince Rupert and Terrace was passed at last night's council meeting. Ald. Tinker seconding. Ald. Collart believed that Prince Rupert should ever keep its road requirements to the fore and that, in this connection, the co-operation of Terrace, Smithers and other interior points should be secured. Such a road he believed would be conducive to bringing much prosperity to Prince Rupert. That a delegation should be sent to Victoria to interview the provincial government and that full advantage should be taken of any publicity facilities which were offered were other suggestions made by Ald. Collart. Ald. Collart suggested that the committee should consist of J. H. Thompson, George Hill, G. W. Nickerson and two aldermen. While he felt that the appointment of the committee should be left in the hands of the mayor, Collart stated that he would be pleased to give the suggestion as to the personnel his consideration.

## NAVAL RESERVE HEARS TALK ON EXPLOSIVES

An interesting lecture on "The Composition of Explosives" was delivered by Lieut. H. N. Brocklesby at a well attended meeting at Royal Canadian Naval Reserve headquarters last evening. The difference between the composition and action of old and new explosives was clearly demonstrated and the composition of materials used for bombs, signal lights and flares was also explained. Numerous experiments were made to illustrate the lecture.

## LEAGUE FOR BADMINTON

Meeting Being Held to Consider Subject and Report Back to Clubs

A meeting has been called for this evening to consider the project of forming a badminton league for Prince Rupert. Representatives of the interested clubs are to discuss the matter in a preliminary way and report back to their members.

A suggestion has been made that teams be selected from each club for a senior and an intermediate series of games including men's and ladies' singles, mixed doubles, ladies' doubles and men's doubles.

## SPORT CHAT

The presence of two native teams, who have moved to the city especially to play, should liven things up considerably in the Senior basketball league here this winter. The natives are keen players and there are many who expect that the local teams—Players' Club and Native Sons—will have to look to their laurels against these players from Kincolith and Port Simpson.

The Terrace Basketball League has elected officers for the year as follows:

Honorary President, O. T. Sundal. President, L. Dyson. Vice-President, Dr. Brummitt. Secretary-Treasurer, Mrs. Holmwood.

Five teams will play at Terrace this winter, Native Sons of Canada, Men's City Team, Ladies' City Team, High School Boys and High School Girls.

The basketball season at Smithers is now well under way, the schedule calling for four games one evening a week. The High School and Public School have both boys' and girls' teams entered and in the Senior League, there are Church, Town and C. N. R. teams entered. In the opening games played yesterday, High School beat Public School 39 to 25 in the Junior League, High School beat Pirates in the Ladies' division and Church beat Town in the Senior.

They arrived from Vancouver on Sunday and will be here for several days.

## YOUNG PEOPLE OF SALVATION ARMY ELECT OFFICERS

The Young People's Legion of the Salvation Army, which will elect officers every month during the winter's activities, last night chose November officers as follows:

President, Capt. Ena Anderson. Treasurer, John Pierce. Secretary, Miss Winnie Exley. There was a social after the business session, refreshments being served.

## Around The World With Sport Fans

(By The Tramp)

Three men who stand out rather prominently as possible heavy-weight champions to take the crown recently laid aside by Gene Tunney are Tom Heeney, Johnny Risko and Paolino Uzcudun. There will be a number of other aspirants but these three figure most prominently in the public eye just now. Possibly Firpo, the Argentine Bull, may have something to say and so will several others.

## SUPERANNUATION FOR FIRE DEPT

City Council Decides to Accede to Request, Effective from January 1 Next

The fire department will be accorded the benefits of the superannuation act starting from January 1, 1929, the city council decided last night after reports on the matter had been received from the finance committee, the city treasurer and the city solicitor.

The treasurer reported that the cost of putting superannuation into effect would be \$1,774.50 in the first year and \$650 each subsequent year. Deductions would be made from the salaries of the members of the fire department and the city would also contribute.

The city solicitor reported that he had found the application of the members of the fire department to be in order. The council under statute, had no alternative but to accede to the application.

It was moved by Ald. Prudhomme, seconded by Ald. Brown that the necessary steps be taken to put superannuation into effect as from January 1, 1929.

## SEWER LINE TO BE BUILT SOON

Ald. Rudderham Urges That Preliminaries to Work be Completed Without Delay

Ald. Rudderham inquired at last night's council meeting when the bylaw would be ready providing for the construction of the Section Five and Six trunk sewer line.

City Solicitor Jones replied that he had been advised by R. Baird, inspector of municipalities, to give the bylaw two months so that full opportunity might be provided for objections to the measure to be made. The two months would expire about January 1.

Mayor McMordie urged that everything possible should be done to speed up the work. It was desirable that it might proceed during the coming winter.

## NO TURNABLE FOR BORDEN STREET IS COUNCIL DECISION

Other streets in the city being more in need than it, Borden street will not get a turntable as requested by Ald. Tinker, the city council decided last night. A report from the Board of Works recommended against the turntable being put in.

Bishop G. A. Rix returned to the city on the Catala this morning after a ten day trip on ecclesiastical duties to points in the Naas valley.

Mr. and Mrs. C. R. Gilbert of Terrace are paying a brief visit to the city, having arrived from the interior on yesterday afternoon's train.

Mrs. Helen Nucich of Alice Arm is a passenger aboard the Catala today going through to Vancouver and other points in the south on a vacation trip.

Mr. and Mrs. W. E. Williams of Calgary arrived in the city from the East on yesterday afternoon's train and will sail tomorrow morning from a trip to Juneau.

The condition of Chris Eyolfson of Osland, who has been critically ill with pneumonia in the Prince Rupert General Hospital, is reported today to be much improved.

A. Rosang, well known Lewis Island boat builder and rancher, and Mrs. Rosang arrived in the city from Porcher Island this morning for a few days visit. They are guests at the Central Hotel.

W. H. Shoard, engineer for the Los Angeles Power Co., which is offering to purchase the city electric power franchise, will sail for the south on the Catala this afternoon after having spent the past week or so here.

There was a large attendance at a Hallowe'en social held last night by the Fireside Club of First Baptist Church with Miss Agnes Dawson, the president, occupying the chair. The proceedings opened with devotional exercises and then games were played after which those present sat around a campfire and told ghost stories. Refreshments were served.

## QUICK ACTION TERRACE ROAD

Pursuant to a resolution by Ald. Collart was passed at last night's council meeting, Mayor McMordie this morning appointed the committee on the Prince Rupert-Terrace highway to consist of Ald. Collart, chairman, C. H. Orme, W. E. Fisher, James H. Thompson and Geo. Hill and Alderman Tinker.

The mayor has urged Ald. Collart to get his committee together at once and wire to Mr. Orme and Mr. Fisher, who are now in Victoria, to urge immediately upon the provincial government the desirability of proceeding with the construction of the road as soon as possible.

EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, nationally famous expert, will himself personally be at the Vancouver Hotel and will remain in Vancouver this Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday, Oct. 30 to Nov. 4 inclusive from 9 a.m. to 5 p.m. daily. Mr. Seeley says:

"The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—employing instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions, with distinguished personal patrons of all nations."

"His method has always been most satisfactory."—Late Dr. Edward Shippen, former Medical Director, U. S. Navy.

This instrument is the same as supplied to Surg. Gen. Bureau U. S. Naval Hospital—Penn. R. R., Etc. Etc.  
 He will be glad to demonstrate without charge or fee them if desired. Business demands prevent stopping at any other place in this section.  
 N.B.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. SEELEY.

CAUTION—All cases should be cautioned against the use of any elastic or web truss with understraps, as same real where the lump is and not where the opening is, often resulting in strangulation.

**THE RISING GENERATION**  
 Series of Letters on Live Local Subjects by Lads and Lassies of High School

**PLEA FOR HOUSE TO HOUSE MAIL DELIVERY**  
 By H. Stamp-Vincent

"The ploughman homeward plods his weary way." He is weary, but not nearly so weary as the poor Prince Rupert pedestrian, who, torn by conflicting emotions, is acting in a manner peculiar to himself. The truth is, he is going for the mail. His step is eager and vigorous as he battles with the elements until he turns the corner and comes, face to face with the Post Office. Then his manly spirit fails him and sundry visions of a letter from Alice and the next installment of the Detective Story fade before the overwhelming pile of long, glass-faced envelopes, of sinister thinness. What anguish would be avoided if he had a post-man who could be trained to lose those "bills" comfortably. A great deal of time which could be utilized more profitably is taken up in going for the mail. I am sure that business men will agree that they can often ill afford the half-hour, or more, which is wasted in this way. It is difficult for people living a long way out too. There is only one post-office in Prince Rupert and as it is at the other side of the city from where I live I feel the full force of this argument. Time taken up in sorting mail into the various boxes is wasted. It is wasted doubly when a stack of letters and bundles is continually being sorted and resorted for applicants at the wicket. Whereas, if there were post-men such a waste would be completely overcome for mail would then be only sorted into the post-men's bags, a far less complicated process than into little, individual, numbered boxes. The advantages to the public from such an addition would be numerous. No more long tramps in the pouring rain or suffocating windstorms! No more waiting in long, bedraggled lines for endless spaces of time! No more valuable time snatched from business hours! The mail would be delivered promptly at home and office. Also, there would be a new fund of employment for Prince Rupert is widespread and several men would be necessary to cover it even every other day. As no particular skill or training is needed unskilled men thrown out of employment can find work in this way. And have you ever noticed the belated appearance of the mail clerks in mid-afternoon? Their inky noses, wilted collars, and lusterless, sunken eyes, with dark rings beneath them? This unhappy, outward appearance is brought on by an inward, mental struggle against insanity. Who would not go insane if they constantly heard and did but one thing; listened to that monotonous phrase—"S thereyferme?"—and sorted interesting looking letters and parcels for someone else? It would be an act of unparalleled benevolence to relieve them of such a task. Think of the trade the stores would do in postmen's shoes and outfits! I am not wholly disinterested when I make this "Plea for Postmen." I too have a very valid reason for wishing to hear the postman's knock. For, one: I am not a rate-payer; and two: I am one of the hard worked body of beings called the rising generation, which body is invariably called upon to lend their exclusive services in obtaining the mail. So, three cheers for all postmen, good, bad and indifferent, as long as they deliver the mail and lose the bills! City accounts for the two weeks ending October 26 totalling \$41,367 were passed for payment by the council last night. The city council last night gave permission to the Canadian Legion to hold its annual Poppy Day tagging on November 10.

**CHARGES ARE LEVIED AGAINST CITY ENGINEER BY ALDERMEN AT COUNCIL**  
 (Continued from Page One)

had been excessive use of cement and an unnecessary expenditure of \$1868 on 2300 feet of sidewalks. "You will see," stated one part of the alderman's report "that no two pieces of work used the same standard mixture nor did the prices in any two pieces of work correspond." In connection with the amount of steel used on three pieces of concrete sidewalk work, Ald. Prudhomme asserted that the steel was not put in in such a manner as to be of any material benefit to the work. The time spent in putting in the forms was excessive and much greater strength was given than was required.

**Buildings Benefit**  
 Ald. Prudhomme also charged that, in connection with the concrete sidewalk work, piers had been placed under certain buildings facing on the sidewalks, foundations having thus been put under buildings at a considerable expense to the city. Earth had also been carted away from under buildings at the city's expense. Also on several of these jobs considerable quantities of material were hauled there and, in some instances, as much as was used on the job was carted away after the job was completed as excess material. In one case, material was placed on Third Avenue, the main thoroughfare, twelve days before any of it was used, proving an obstruction to traffic as well as to the city's own work.

Ald. Prudhomme also alleged errors in grades of the sidewalks at different points. It would seem that the sidewalk grade had been changed or adjusted to suit the premises in several places and no two corners seemed to be on the same grade. In one case already, the grade had to be corrected by the adding of nearly five inches more cement on the sidewalk that had just been completed. Either the engineer's grade or the original grade must be at fault.

Another charge was that reports from the engineer's office giving statements of expenditure were very unreliable. One itemized statement from the engineering department showed the expenditure on Sixth Street, east side, as \$1,244.01. Progress sheet of April 30 showed \$1,403.85; sundry item sheet attached to said progress sheet, \$1,443.85 progress sheet, June 30, \$1,427.37; progress sheet, August 31, \$1,463.87. Five different prices for the same piece of work thus showed considerable variation.

"I also do not think," continued Ald. Prudhomme's report "that the engineer's son should be employed in his office keeping the accounts for the city. I do not think it is good business and is not safeguarding the city's interests as I think it is our duty to do. I would ask the city council to instruct the auditors to audit the engineer's accounts at once as I have been told the engineer's accounts have not been audited as other city accounts are being audited."

**Work Not Efficient**  
 "There are many other matters that have come to my notice that made me think the city's work is not being efficiently carried out and I would be glad, if any further details are necessary, to furnish you with particulars of these matters that have come to my attention." In bringing up the matter, Ald. Prudhomme explained that his report was the upstart of a private council meeting two weeks ago when he was practically shut off and told to bring in his information at the next meeting of the council. He felt that the matter was one of particular interest which the city should consider.

Ald. Dibb seconded Ald. Prudhomme's motion not necessarily because he agreed with it but because he felt that it was but fair Ald. Prudhomme should be heard. In presenting his report, Ald. Prudhomme stated that he had obtained all his figures and data with some difficulty from the engineering department. For the condition of affairs, he was inclined to blame the city as much as the engineer through the fact that no systematic audit had been provided for.

After Ald. Prudhomme had read his report, Ald. Dibb remarked that serious charges had been made. He felt that the engineer should be furnished with a copy of the report in order that he might have the opportunity of replying.

**Serious Matter**  
 Mayor McMordie agreed that it was a serious matter—one that the city council could not deal with intelligently just now. He suggested that copies of the report be furnished to each of the aldermen as well as to the engineer. Possibly, a commission should be appointed to investigate the charges to which the city engineer should be given the opportunity to answer.

It was moved by Ald. Tinker, seconded by Ald. Linzey, that the matter be laid over for two weeks in order that the aldermen and engineer might be given the opportunity to study the report. Ald. Prudhomme stated that this would be acceptable to him. If a commission were to be appointed, he suggested the name of Judge Young.

The naming of the commission, the mayor felt, might be allowed to rest until the meeting when the report was dealt with.

# Prince Rupert

## Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

### The Largest Fish Cold Storage Plant

### The Largest Fresh Halibut Market

### The Largest Undeveloped Hinterland

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

### SYNOPSIS OF LAND ACT AMENDMENTS

#### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C. or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

#### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes, minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 19, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

#### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

#### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

#### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the ranges administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

### THIRD AVENUE CONCRETE WALK

#### City Council Favors Extending Present Work as Far East as Brooksbank Apartments

In connection with a proposed bylaw providing for the construction of a concrete sidewalk along the south side of Third Avenue 175 feet beyond the Dybhavn & Hanson lane, the city council decided last night to ascertain if consent of property owners involved could not be obtained to having the sidewalk built at the same time through to the Brooksbank Apartments.

Mayor McMordie, Ald. Collart, Ald. Rudderham and Ald. Greer felt that the matter might be deferred in order to ascertain if it were not possible to extend the walk as suggested. City Solicitor Jones pointed out that work was now proceeding in that vicinity and the owners of the 175 feet of property were willing to pay cash in order to have their work carried out at the same time. Ald. Prudhomme felt that the walk should be given to those who were willing to pay for it. He would be in favor of ultimately extending the walk to McBride Street.

It was decided to give the by-law covering the 175 feet its necessary readings, the matter being referred to the Board of Works to ascertain if consent could not be obtained for extension of the walk.

### STORM SWEEPS SEA AT NOME

NOME, Oct. 30.—A storm which began a week ago continued to cripple navigation last night, delaying the unloading of the steamer Victoria and the Motorship Sierra. Much damage was done to waterfront property, high seas washing out the roadway and bridge to Belmont Point and undermining the bulkheads back of the business houses.

A fifty mile an hour wind accompanied by rain decreased somewhat yesterday but continued to run high.

Two barges sank during the storm while all the coastal vessels anchored behind an island. The Victoria is anchored seven miles off shore while the Sierra is at anchor off Egavik.

### MANY VISITORS ADMIRE GOLDBLOOM'S LITTLE PIG

Goldbloom had many visitors yesterday admiring the little pig he was showing in his window, accompanied by his dashund. He was jokingly accused of raising pigskin and dogskin to sell for fur under some other name. Now Goldbloom wishes to take this opportunity to tell his friends—and those who are not his friends—that this is one thing he does not do and after twenty years in business, he has yet to have the first complaint of this sort. For instance, he does not rename a dogskin coat worth \$55 and sell it for mink-marmot at \$350. Such things have been done, but in any such case, the law is on the buyers side, and receipt or no receipt, goods sold must be as represented, no matter what they are called. Dogskin is not mink-marmot and sheepskin is not Persian Lamb. The buyer of a fur coat, if it is wrongly represented, can not only get their money back, but can successfully sue for damages as well.

Although no lawyer, Goldbloom knows that much.

Goldbloom respects not only the law, but his own reputation as well and in buying furs from Goldbloom, you can absolutely depend upon getting not only what you pay for, but what you think you are getting.

With a reputation of twenty years for square dealing, Goldbloom may be proud of being called "The old reliable" fur dealer. You can depend on him! He has a large stock of furs made up for you to choose from and at prices you can afford to pay. advt.

#### C.P.R. Will Consider Prince Rupert as Peace River Outlet, Beatty Says

"You can rely that the views of the city of Prince Rupert will be given most careful consideration," stated a letter from E. W. Beatty, president of the Canadian Pacific Railway, to Mayor McMordie on the matter of the Pacific Coast rail outlet for the Peace River which was read at last night's council meeting.

Acknowledging a letter which had been written to him by the Mayor pointing out the advantages that would accrue if the C.P.R. used running rights over the C.N.R. lines to Prince Rupert in serving the Peace River, Mr. Beatty pointed out that the transaction for taking over of the Alberta railways had not yet been completed nor was it known

### HALIFAX WOMAN FINDS RELIEF

#### Now Praises Lydia E. Pinkham's Vegetable Compound

Halifax, N. S.—"I am passing through the critical period of my life and there is nothing to equal Lydia E. Pinkham's Vegetable Compound for all the ills that come at this time. I was dragging around the house, no energy, every nerve in my body on edge at the least confusion, so that at times I almost wished I was dead. My appetite was no good, I was dull and listless, in fact, I thought I had some dreadful disease. I took three bottles of the Vegetable Compound and it is truly wonderful. That terrible drowsiness and hot flashes have disappeared. I can do my work now without that good-for-nothing feeling. Mothers who have raised families should give the Vegetable Compound a fair trial. I am sure they will be loud in their praise of it."—MRS. MARY JOHNSTON, 927 Barrington St., Halifax, Nova Scotia.

## Purchase Of Trouble Finding Radio Set Is Recommended By Superintendent Of Utilities

Last night at the city council meeting J. J. Little, superintendent of utilities laid before the city council a copy of correspondence and his report on interference with local radio disturbances.

Mr. Little stated that the majority of complaints are made when reception is poor due to the fact that the music level is lower than the noise level. He also says that natural disturbances in the atmosphere cause serious disturbances to reception. These set up electro-magnetic waves which cause sudden clicks, constant hissing and continuous rattling noise, something like the tumbling down of a brick wall.

The report says the most annoying interference originates with radio set owners themselves, whose "bloopers" send out an interference within a considerable radius of their location. When reception is poor these particular offenders send out cat calls, squeals and other noises. Defective tubes, connections, loud speakers and batteries also cause interference.

Mr. Little says that considerable time had been spent in trying to eliminate interference from the utilities with considerable success. He suggests that a trouble finding set might be purchased at a cost of \$300. A man to operate it would be required and there would also be battery charges. He suggests that often it would be found that radio sets would be at fault, possibly within the homes of the complainants.

The whole correspondence is very interesting and only pressure of space prevents the full report being published. The council laid Mr. Little's report on the table for two weeks.

## JACK AND ETHYL THE MOTOR MATES BRIGHT TRAVELOGUE

Motoring toward a scene of special charm, "Jack and Ethyl, the Motor Mates," will sound their horn before the microphone at 9.00 o'clock tomorrow night and for the following thirty minutes their travels will be dramatized in a Broadcast.

"Jack and Ethyl" are touring the states of Washington, Oregon and California. Each week they follow the "Roads to Romance" in quest of scenic grandeur, as well as historic or legendary facts which are woven into their travelogues.

Their travels on the "Roads to Romance" are broadcast every Wednesday at this time through stations KHQ Spokane; KOMO Seattle; KGW Portland; KGO Oakland; KPO San Francisco and KFI Los Angeles.

## CLEARING UP THE SITUATION FOR RECEPTION

Need of Instrument to detect Source of Trouble as First Step Toward Change

There is little change so far in the local situation in regard to interference with radio reception. Sometimes a concert or speech will be coming in well and a party will settle down to an evening's pleasant entertainment, when the buzzing local interference will begin and all the pleasure is gone until the air clears once more.

The general opinion is that the trouble lies with the city utilities but that is not at all sure. What is needed is an instrument to locate the source of the trouble. It is hoped that the new Radio Association will take the matter up and secure early action in regard to it.

## LAST TO HEAR OF DARING BRITISH AIRMAN

Captain E. J. Jackson (right) commandant of the Naval Air Station at Lakenhurst, who picked up the radio message from the Dutch steamer Hardenberg, which reported having sighted the Moyn plane piloted by Lieut. Commander H. C. MacDonald about 700 miles east of Harbor Grace. Commander MacDonald hopped off in his tiny Moth aeroplane in an endeavor to fly over the Atlantic Ocean to Ireland, but never reached his destination. It is feared he is lost in the Atlantic wastes.

COUNTRY RADIO FANS

Already a great many people living in remote districts have radio receiving sets but it is a wonder there are not more. Every lighthousekeeper, miner, farmer or suburban dweller should be able to enjoy the music, oratory and other features that are constantly on the air and can be picked off with a receiving set.

**RADIO DIAGNOSIS**

One of the latest things in radio is for doctors on nearby vessels to diagnose illness on ships where they have no doctor. The symptoms are broadcast and the remedy is also prescribed by the air route.

**PICTURE CENSOR**

VICTORIA, Oct. 30.—Mrs. H. E. Hawkshaw has been appointed moving picture censor for British Columbia. It is reported in Government circles.

**SEEKING MATE THROUGH RADIO**

Most radio "fans" know that broadcasting stations are not interested in arranging matrimonial alliances, but occasionally some love sick swain or romantic school girl writes to the National Broadcasting Company asking for assistance in locating a suitable mate.

This one was received at the San Francisco studio:

"If you know a man of 45, who neither drinks, chews or smokes; who dislikes apartment house life and cheap music; who prefers home cooking to cafeterias; who is not movie struck and doesn't belong to too many clubs; who is careful in his choice of language; who has good health and prefers the out-of-doors to the ballroom—please let me have all available information, name, address, age and why he is 45 and hasn't been elected to the head of some household."

The letter was signed "Big Bertha."

P. C. Miller had a letter to the city council requesting free light, free telephone and water be given premises on Avenue which has been of the Boy Scouts free of charge. R. L. McIntosh for the hospital which they are to. The matter was referred to finance committee, most of aldermen expressing themselves as being favorable to the stance asked being given.

George S. Clark, Vancouver lawyer, who has been negotiating on behalf of the Vopel interests of Chicago for the restoration of the city power franchise returns south on the Catalina afternoon.

# COURT AGREED CURRIE APPEAL

### Did Not Hear Counsel for Defence in Case Involving Command- ing Officer

In dismissing the appeal of F. W. Wilson and W. T. R. Preston from the verdict of the jury awarding Sir Arthur Currie \$500 damages for libel, the court did not call on counsel for Sir Arthur. Chief Justice Latchford said members of the court were all agreed that nothing had taken place to lead them to grant a new trial. The only error, he said, was that of the trial judge who had allowed too much latitude to counsel for the defendants.

## Man in the Moon

The objection to being an early bird is that he mostly has to get his own breakfast.

A really great man would never make a model for a fashion plate either in dress or figure.

When a man refuses to tell you right off what is his business, he is probably a book agent. Call the dog.

If you respect yourself, others will respect you.

One of the penalties of greatness is that you are expected to make speeches.

## TERRACE YOUNG FOLKS ORGANIZE

Officers Elected and Plans Laid For C.G.I.T. and Golden Key Groups

TERRACE, Oct. 30.—The first regular meeting of the C.G.I.T. for the winter session took place on Friday evening at the parsonage and prior to the business meeting the twenty-four girls in attendance were entertained at supper by Rev. and Mrs. Allen, their leaders.

Junior and senior groups were formed and officers elected for each group as follows:

**Junior**  
President, Jean McLeod.  
Vice-President, Sophia McLaren.  
Rec.-Sec., Edna Dover.  
Secy.-Treas., Bertha Moore.

**Senior**  
President, Margaret Glass.  
Vice-President, Evelyn Thomas.  
Rec.-Sec., Margaret McLaren.  
Secy.-Treas., Lillian Christy.

Conveners Committees for the different branches of the fourfold program were named and helpers assigned. Group games and singing were enjoyed before leaving for home.

On Saturday afternoon the Golden Key group met at the parsonage and appointed officers for the new year as follows:

President, Marjorie Kenny.  
Vice President, Gertrude McConnell.  
Secy.-Treas., Jean Dover.  
Rec.-Secy., Velma Greig.

Plans for the year's work were discussed and committees appointed after which Mrs. Allan was hostess at a tea party which was much enjoyed by the girls.

Owing to the large membership in the groups it has been deemed advisable to separate the C.G.I.T. and Golden Key groups this year. Henceforth the C.G.I.T. will meet on Friday night and the Golden Keys on Saturday afternoon and all meetings will be held at the parsonage.

## THOS. MEIGHEN IN "THE RACKET"

Stirring Film of Chicago Police Holds Sway at the Capitol

"The Racket," Thos. Meighen's greatest picture to date, drew much favorable comment last night at the Capitol. "The Racket," with Meighen in the role of Captain of the Chicago Police, is a gripping story of present day conditions and problems, which the police of America's noted crime city have to face, and gives Meighen great scope for his ability as a dramatic actor. "The Racket" shows again tonight at the Capitol.

## CAPITOL SHOWING FINE VAUDEVILLE

Madge Rush and Freddy Wells in Great Form Monday Night

Last night at the Capitol, Miss Rush in her offering of "Fada Blanquito" ("fada" being Spanish for white and "blanquito" for prancing horse) gave a most artistic interpretation of a delightful Spanish dance, Miss Rush, whose engagement at the Capitol terminates at the end of this week, will repeat "Fada Blanquito" tonight.

Freddy Wells, popular percussion man with the Rupert Capitollians, was given a great reception on his initial performance at the Xylophone. For his first number he gave the grand old March Past of the C.E.F. The "Colonel Bogey" march; his encore numbers being "Lay my head beneath a rose" and "Adoree." Freddy will handle the hammers again tonight.
