TELSON, April 12.—The little God Cupid is perpetrating a joke on the politicians. Announcement is made today that Mrs. H. S. McLean of Nakusp, prominent in Conservative politics throughout West Kootenay, is to marry Hon. E. D. Barrow, Liberal minister of agriculture, on April 28. The marriage will take place in the United Church at Nakusp.

Mrs. McLean during the last Dominion campaign stumped the district for W. K. Esling, M.P., and for some years she was secretary of the Kaslo-Slocan Conservative Association. She was also prominent in Women's Institute work and it is stated that it was in the course of this work that she met the minister of agriculture.

TTAWA, April 12.—Sir Henry Thornton in a review of the operations of the Canadian National Railways for 1927 tabled in the House today says in part: "Due to adverse weather conditions both spring and fall harvesting were delayed with the result that deliveries of grain were 1.7 per cent lower to Vancouver and Prince Rupert.

The portion of the 1927 crop which did not move during the year will be handled during the first six months of this year. Another part of the report says: "Under general order Number

448 of the board of railway commis-#sioners effective September 12, 1927. grain rates from all points of western Canada to the head of the Lakes were reduced appreciably and grain rates to Vancouver and Prince Rupert for export were reduced to the lakehead basis. BREEZY MESSAGE FROM INTERIOR

L. B. Warner, editor of the Interior News, brought a breezy message to the board of trade here, a message of cheer and hope and friendship such as we like to get. We are glad to know of the bright prospects of the Bulkley. We feel sure that it will not be long before the country is developed to such an extent that Smithers will be a good city and the other towns will be much more pros- Cantata, "Kings Triumphant." the perous than they are today.

FALL FAIR MEETING

Tonight it should be definitely decided whether the fair is to visiting teams and after a farewell rego ahead this year or not. We feel like Mayor McMordie that it would be a pity to let it drop, but at the same time we must have their home villages on the early tide some enthusiasm in regard to the matter, otherwise it would be foolish to proceed. It would be construed as a sign of weakness if the fair were to be dropped. We should miss the annual visits from suppers from Friday to Monday, and the the people of the district and think it would be best to go ahead. However, it is up to the people of the city and they should be at the meeting tonight to say yes or no to the proposal.

SETBACK TO BAITING BRITISH LION

The game of baiting the British Lion carried on by Mayor Thompson and his myrmidons at Chicago has been amusing to us and humiliating to real Americans. However, they have expressed themselves in no uncertain manner at the primaries in the state of Illinois where nominations have been refused to members of the faction. It is the first step toward eradicating this disease.

RAILWAY SETTLEMENT

It is satisfactory to know there is every likelihood of the P.G.E. Railway question being settled permanently so far as this province is concerned. The minister of public works would hardly mayor? have made the statement unless there was very great likelihood of its being carried out.

It is to be hoped that the Canadian National will get the line, out of other people's business. This is The next best thing would be for the C.P.R. to have it and get run- a hint to Russia. ning rights to Prince Rupert. In any event ratepayers will be glad to get rid of at least part of the burden of the railway, the overhead on which is considerable in addition to the annual loss on operating.

If the C.N.R. gets the P.G.E. it will be possible for Prince Rupert people to use the rail route to Vancouver as an alternative | IT has been difficult to the boat. A great many people are always sick on a boat and started this year but now it seems as would be willing to pay a little more for the land route. To go by if she is likely to get away tonight. way of Jasper is too long a distance but by the P.G.E. it would be Only the brave deserve the fair. shortened immensely.

GAIN FOR THE COAST

Sir Henry Thornton in his review of operations stated that the railway lost \$600,000 by the reduction of the grain route to Vancouver and Prince Rupert from the prairies. This means that the coast and the prairie people benefited to that extent. It is probable that as a result the traffic this way will have increased to such an extent that it will make up to the railway for any losses and will make a saving of over a million dollars a year to the people. FOR EASTER

KINCOLITH, April 12. - The annual gathering of the native Christians of Northern B.C. and Alaska was held his year at Kincolith at the mouth of the Naas River, instead of, as has been the custom hitherto, at Fishery Bay. The Church Army of Kitkatla arrived on Wednesday last led by Captains Brown and Nelson. On Thursday a large delegation representing the Salvation Army came in from Port Simpson and Ketchikan. Staff Capt. Parkinson was in charge. On Friday morning a seine boat came in with about forty members of the Church and Church Army of Massett. Chief Edenshaw and Mr. Adams led the contingent. The Presbyterian Church of New Metlakatla sent; .50 a body of elders with their minister, Rev. Edward Marsden.

Church Army of Alyansh, the Salvation there were about three hundred visitors in the village from Good Friday until 25 combined Church Army and Salvation Army. The services in the large parish church of Kincolith were crowded at all services. There were eighty communicants at the celebration of the holy ommunion at nine o'clock. The choir of Aiyansh led the singing at the morning service and also sang several anthems from Haydyn's "Creation." Capt. Brown of Kitkatla preached in the native tongue and Capt. Paul Mercer of Aiyansh and Bandmaster Calvert Thursday. April 12, 1928 of Ketchikan read the lessons.

At the evening service, when the church was crowded to the doors and many could not get in, Rev. Edward Marsden of the Presbyterian Church of New Metlakatla, preached first in English and then in his native tongue. Herbert Nurchison of New Metlakatla and Alfred Adams of Masset read the lessons. The choir of Greenville led by Con-

ductor Herbert Robinson sang the sacred splendid rendering of which greatly impressed the large congregation. During Monday several games of

football and basketball were played by vival meeting in the Church Army on Monday night, the visitors dispersed to of Tuesday morning.

The ladies of the village entertained all the visitors at public dinners and visitors wished to publicly express their appreciation of the generous hospitality of the people of Kincolith

MONTH AND AND METERS OF THE STATE OF THE STA

The Telephone is the Voice of the Nation

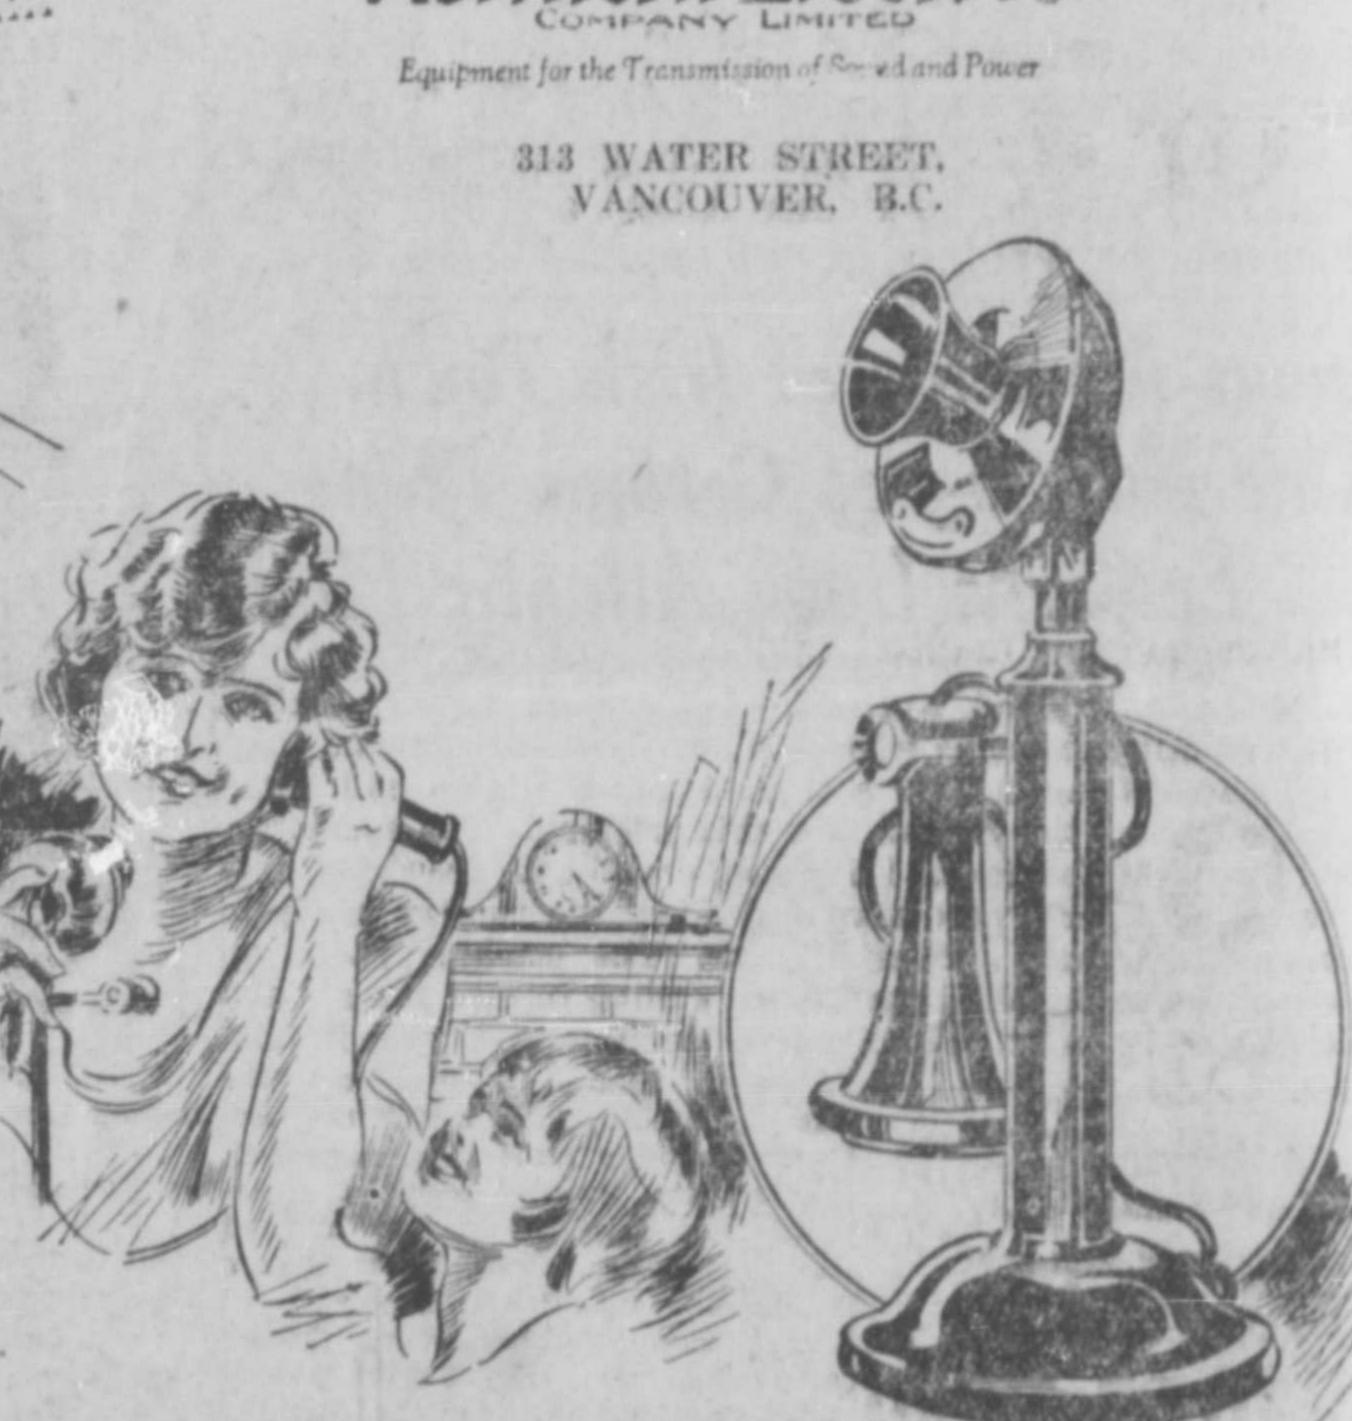

If one could but listen in he would hear the speech of the market-place, the language of the law-makers, the talk of the home.

If nature's great boon to man is the gift of speech which embodies in it so much of the personality behind it, certainly that of science is the ability to transmit that voice and the accompanying personality over thousands of miles of space.

The four corners of the earth are searched for the materials which contribute to the making of the telephone on one's desk in the office and on one's table at home. Cotton, copper, gold, silk, antimony, lead, rubber and other fibres and minerals are hidden within the modest dress of this indispensable little instrument upon which so many of our skilled workmen are continually employed.

One of the best uses to which electric power in Canada is put is in the daily operation of the more than a million telephone sets, with their accompanying wires and cables, switchboards, and all the rest of the paraphernalia which go to make up Canada's great telephone systems.

ENTHUSIASTIC FUNCTION, TINGED WITH REGRET, HELD LAST EVENING-PRESENTATIONS MADE

Prominent pioneer business and professional men of Prince Rupert to the number of about sixty gathered last evening at a banquet in the Commodore Cafe to give an enthusiastic and feeling farewell to Dr. H. E. Tremayne, physician and surgeon of this city since 1905 who is moving to William Head quarantine station near Victoria this evening. Presentations were made to both Dr. and Mrs. Fremayne and there were a number of speeches in which sincere regret that they were leaving Prince Rupert and hearty best wishes for the future were combined. The banquet started at 7 p.m. and concluded about 10. G. W. Nickerson acted as toastmaster and others responsible for the arrangement of the function included J. H. Pillsbury, C. H. Orme, E. C. Gibbons, J. W. Scott, C. V. Evitt and J. C. McLennan.

Dr. W. T. Kergin made the principal speech of the evening and presented Dr. Tremayne with a handsome alligator club bag for himself and a silver tea tray for Mrs. Tremaine. Dr. Kergin gave some interesting reminiscences of early days here and told how in 1905 he had come north on the same vesselthe old steamer Tees-with Dr. Tremayne. The latter landed at Metlakatla to a small boat in a raging southeast gale. Dr. Kergin himself went on to Port Simpson. The speaker referred to the prominent part the departing guest had played in the building up of this community and the general esteem in which he was held.

J. W. Scott told of first meeting Dr. Tremsyne thirty years ago back in Onat a party.

RINCE ALBERT, Sask., April 12.arles Smith, straw boss of camp "B" "The Pas Lumber Company, north of here, was the hero of a tale which I without parallel in these parts.

While a hundred men and fifty horses were encamped on the north bank of the Saskatchewan river, near Nipawin, prior to crossing the river into the village, the ice began to move. Following a brief conference, they decided to chance a crossing. The horses were driven through the fast rising river water and after great difficulty both horses and men succeeded in gaining a position on one of the large floes. water nearly 150 feet wide.

"Fruit-a-tives" a sure remedy

IF your tooth were aching would you put painkiller in it all the time and let it get worse, or would you have it filled and made strong again?

The same applies to correcting constipation. The only satisfactory remedy is one which, while relieving congestion, strengthens bowels, liver and kidneys to act without daily medicine. That is why Fruit-a-tives is the public favorite. Made only of fresh fruit juices and tonics, its whole effect on the system is natural and strengthening. Try it. 25c and

WEEK-END PICTURE

"The Gorilla" said to Combine Last Word in Chills and Last Laugh in Merriment

Combining the last word in chills with the last laugh in merriment, the picturization of Ralph Spence's famous mystery-comedy, "The Gorilla," will be shown here tomorrow and Saturday.

This is the show that rocked Broadway for a year. In its film form it has been changed somewhat, it is reported by First National Pictures, in order to offer a new mystery tangle to those who may have seen the stage presentation. That a great many have seen it is due to the fact that during the last two years eight stage companies toured this country and Great Britain, scoring a

sensational success everywhere. Weird and novel settings and exceptional lighting effects are said to make the screen version of "The Gorilla" even more spooky than it was on the stage. Charlie Murray and Fred Kelsey, das the two celebrated sleuths. Mulligan and Carrity, who hear all see all and know nothing, provide the comedy. The supporting cast is all-star, headed by Alice Day, petite leading lady,

An interesting note in connection with the screening of "The Gorilla" was that the utmost secrecy was observed by all concerned in the production. Members of the cast were kept unenlightened as to what the ending of the picture would be like until the last par of the last reel. Mr. Small, the producer, kept the last three pages of the script in his porsonal safe and permitted no one but himself, Director Santell and James T. O'Donahoe, who prepared the script, to see it. Following the completion of the screening, Mr. Small directed that no one was to make public the solution of the mystery.

MARVELUBEIS GOOD FOR AUTOS

LOCAL TAXI FIRM AGREEABLY SUR PRISED AT SPLENDID LUBRI-CATING QUALITIES OF MARVELUBE

The following unsolicited testimonial has been received by Imperial Oil Lim- 4 lbs. Cooking Onions ited from Joe Brown, 80 Taxi Service:

Mr. George A. Woodlanu, Imperial Oil Limited,

Prince Rupert, B.C.

I would like to draw your attention o one of my Dodge Sedans, a 1925 model, twenty-six months old today, 9 9 driven 50,000 miles in the taxi business We took the motor out to look her 1 2 tins Rosedale Royal Anne over, thinking that after that amount of mileage, we might have to do a re- 1 2 tins Libby's Fruit Salad, boring job and other tightening up. 1 phoned you at your office but you ! 2 tins Libby's Sliced Pinetion the cylinders were in, also main bearings and crank shaft bearings-not a bit of slack in either, camshaft in good condition and all we did was put in new pistons, and now the engine

s ready to do another 50,000 miles. I have used Marvelube Oil since the first day it was procurable, and have five cars all using same and have got splendid results. I have tried other oils but only for a short time as with some other oils which are more expensive, the engine would pump oil in the two front cylinders.

I am giving you this record of my car unsclicited and if you want to use it, you may, as I am a steady user of Marvelube. Yours truly,

> (Signed) JOE BROWN, Brown Taxi Service, 80 Taxi.
