Barns Carried Away Children Killed When Cyclone Hit Quebec

People are Lifted up and Dashed Against Trees or Other Obstructions in Berthier County

MONTREAL, Aug. 20.—Three children of Mr. and Mrs. Henri Gouin of St. Joseph were killed while their parents and Mr. and Mrs. Dufresne suffered fractured legs and arms when a cyclone swept the northern part of Berthier county yesterday.

The children were killed when the barn in which they were playing was carried several hundred yards from its former location. The others were injured when carried through the air, striking against trees or other obstructions.

General destruction was caused by the terrible storm. Barns were carried away, farm dwellings were badly damaged, trees uprooted, fences torn down, and telegraph and telephone poles felled.

YANKEE LEAD IS REDUCED

CARDINALS INCREASE THEIRS IN NATIONAL LEAGUE BEGINNING CRUCIAL SERIES

NEW YORK, Aug. 30.—The Athletics are only two and a half games behind the Yankees as a result of yesterday's play. They now go through soft schedules leading up to the big series against each other on the banks of the Harlem just before mid-September.

The Cardinals led by five and a half games over second place Chicago as they moved into Pittsburgh today for the start of their crucial series of which the National League will see many in the coming weeks.

The Braves' defeat of the Giants yesterday was the latter's seventh straight loss, dropping them a fraction behind Chicago.

Public Takes Hand In Election Interest Is at High Pitch Now As Candidates Approach Finish

Apparent That no Contender can be Certain of Victory and Final Result will not be a "Run-Away" for Anybody

These are stirring days in The Daily News \$4,000 Gift Distribution. Friday night marks the end of the last high vote schedule. Points on special cash prizes decrease at the same hour. For these two reasons the accumulation of votes and points for this week-end is expected to be the largest yet witnessed in the campaign. Candidates are no longer going it entirely alone. The public is taking a hand, with many groups "boosting" for their favorites. Interest among newspaper readers is at a high pitch. Every day calls are received asking for information on district leaders. Seemingly many who were not in the campaign themselves and consequently not in line for one of the automobiles, decided they wanted a ride, at least, and are lining up to help their favorite win.

The demonstrated interest of the public makes the work of candidates easier. All of them have friends to whom they can go for help. As nearly every worker whose name is now on the score-board has a chance to win, it is not difficult to enlist a few active backers. There is an element of sport involved and everybody loves a contest.

It is apparent from today's standing that no candidate can be certain of victory and that the final result will not be a run-away victory. There is always the possibility that the public may concentrate on one or two favorites during the final days and put them over with a bang but if things go along as the present rate, which is likely, the winners probably will come under the wire with mighty few credits or points to spare.

CONCENTRATE AND WIN This is the stage of the election where

Better Lumber Prices Cause All Mills In Prince George District Enjoy More Prosperous Season

With lumber prices up something better than \$2 per thousand and a strong market, the companies engaged in sawmilling in the Prince George district are enjoying one of the most prosperous seasons in their experience. The record-breaking crops on the prairies are held attributable for the generally improved lumber situation there. This year the prairie demand will absorb much Prince George district lumber which formerly went to middle and eastern points in the United States.

At the western end of Prince George district, the Fraser Lake sawmills have taken out five million feet of logs from the Francois Lake section, ensuring sufficient logs to maintain operations until the freeze-up and a record cut at the mill.

The Cranbrook Sawmills, milling for the last year on its present site at Otway, will have a record cut this year including a large quantity of fir lumber. In addition to the prairie market, this company has enjoyed a very profitable local market in the city of Prince George.

At Shelley, the McLean Lumber Co. has had its new mill in operation for over a month and has been cutting close upon a million feet per month.

The Willow River Lumber Co. has cut its supply of logs and now has a large number of men in the woods getting more.

At Giacomo, the Eagle Lake Spruce Mills has been operating a double-shift all summer and will make the largest cut since the company started operations. Shipments are now going forward at the rate of eight and ten carloads daily.

The Cariboo Lumber Co. at Newlands has been cutting steadily throughout the summer and is shipping a car a day.

At Aleza Lake, Lorne Lyle has started operations at a 25,000 foot mill and has enough logs in the lake to keep the mill running until winter close-down.

The Al Johnson Lumber Co. at Hansard has used up its supply of logs in double shift operations during the past few months and arrangements are being made to bring out by tractor a further supply to carry over for the balance of the season.

The Sinclair Spruce Mills, the second largest mill in Prince George district, has been operating two shifts since March 1, only the capacity of the planers limiting the quantity of the shipments.

The Longworth Lumber Co. has shipped an immense quantity of lumber this season. W. Jaek of this company and his son have erected a new mill at Bend with a daily capacity of 70,000 feet, the plant now being in smooth operation.

The Red Mountain Lumber Co. at Penny has had a very successful season, making heavy shipments.

The Vick Lumber Co., also at Penny, has been cutting steadily all season up to the 20,000 foot daily capacity of the mill.

The Etter-McDougal plant at Shere, disruption due to high water, the P. G. Thrasher Co. has been operating steadily all season. This company recently installed a battery of six dry kilns, marking the first installation of dry kilns in Prince George district, and the results are considered highly satisfactory.

The Etter-McDougal plant at Shere, the most easterly of operating mills along the railway line in Prince George district, has shared in the general advantage of favorable conditions and has made a good cut.

RADIO STOCKS SOARED TO 201

BULL MARKET YESTERDAY CAUSED SCORES OF ISSUES TO RALLY TO HIGHER POINTS

NEW YORK, Aug. 30.—Yesterday Radio Corporation stocks soared nearly \$13 to \$201 on the bull market in which nearly two score of issues rallied from one to eight dollars a share.

The mysterious flow of funds into the call loan market in expected pinch money failed to develop was the chief factor. Countless merger and dividend rumors were in circulation.

TWO CANNERIES ARE STILL OPEN

LANGARA FISHING & PACKING CO. AND MASSETT CANNERS TO PUT UP CHUMS THIS SEASON IN MASSETT INLET

Only two of the five canneries in Massett inlet are remaining open for packing of fall varieties this year. These are the Langara Fishing & Packing Co.'s plant at New Massett and the Massett Cannery at Old Massett. The three other canneries—the B. O. Packers' plants at Watun River, Shannon Bay and Ferguson Bay—are now closed down and the crews are moving out.

The floating cannery Laurel Whalen, which was moored at Ferguson Bay this season, moved down to Watun River today to load canned salmon and equipment there before being towed to Vancouver.

DAILY EDITION  Thursday, August 30, 1928

LABOR VIEW OF EMPIRE

J. Ramsay Macdonald, leader of the Parliamentary Labor party in Great Britain, urges that the different parts of the Empire live closer together and get to know each other better. Canada must understand England and Scotland and Australia and New Zealand and South Africa and India. It is a stupendous knowledge that is required, because the British Empire is so big. It is only through the developments of the past few years that it has become at all possible.

Perhaps the most effective means of getting to know each other, except through interchange of visits, is by an interchange of news by means of radio and the newspapers. Today Canadian newspapers give more Empire news than ever before and a few people here listen in for Australian radio. Both radio broadcast and newspaper correspondence must be developed, if any worth while results are to be obtained. Knowledge is the key to understanding.

VALUE OF STEAMSHIPS TO CITY

Very few people really understand the value to the city of steamships calling at this port. We see a few tourists wandering around who spend a few dollars at the shops but the total amount they spend is small. The result is that we think they are of no value to the city. Yet the feeding of these tourists is partly a matter for local people. Fresh meat, fruit and vegetables are purchased here, laundry work is done and a good deal of money is left. It is assumed that this is true of every line, the C.N.R., the C.P.R. and the Union S.S. Co. It is also true to an even greater extent of the grain boats, of which it is expected there will be a larger number than ever here this coming winter.

NEW SITE FOR FLOATS

People have often been puzzled how the dominion government was going to build satisfactory floats at Cow Bay where already the provincial government has floats put in by them many years ago and used to the limit of their capacity. Now it is announced by the engineering department that a new site is to be chosen for the new floats, which it is proposed to instal. This will be of great interest to fishermen and boat owners generally, all of whom will want to know where the site is and what sort of accommodation is to be provided.

DR. MACLEAN LIKELY TO RE-ENTER POLITICS

MERRITT, Aug. 30. — It is understood here in Liberal circles that Dr. MacLean will accede to the numerous requests of Liberals and will re-enter the Legislature as member for Yale, the member-elect for that constituency retiring in his favor.

This afternoon's train, due from the East at 3.30, was reported this morning to be on time.

VIEWS GIVEN BANK MERGERS

HEAD OF ROYAL IN FAVOR BUT MONTREAL IS AGAINST AMALGAMATION

WINNIPEG, Aug. 29.—Divergent views on bank mergers were expressed by presidents of the two largest banks in Canada who were interviewed here last night. Sir Herbert Holt, president of the Royal Bank declared it in the public interest to have larger rather than smaller banks, while Sir Charles Gordon of the Bank of Montreal intimated that he was not in favor of mergers, although he declined to let any statement of his in that regard be quoted.

W. C. Findley, Prohibition commissioner at Victoria, informs the police commission that the Prohibition Act is being well enforced here in comparison with other places. During the past year there have been 24 convictions here under the Act.

CROP BEING CUT ON PRAIRIES STEADILY WEATHER FAVORABLE

Crop conditions generally in the prairie provinces continue favorable. Some hail and light frosts are reported, says the Bank of Montreal weekly report. Cutting is gradually becoming general and this week should see wheat cutting in full swing in practically every district. In Quebec warm, dry weather during the past week has been conducive to the development of all crops, while in Ontario another week of ideal weather has enabled the farmers to make splendid progress in harvesting. Similar weather conditions have also prevailed in the Maritime Provinces, to the great advantage of the crops, and also in British Columbia where harvesting operations are proceeding without interruption.

Reforestation

Much has been said recently about re-forestation in B. C. The present forest is the result of natural reforestation when the human hazard was not present to defeat nature.

Natural re-stocking of cut over lands is now going on, as may be seen almost everywhere, and nature will again re-establish the forests if only fire is kept out.

CHANGES MADE FOR EXHIBITION

GROUND ARE GREATLY IMPROVED AND ARRANGEMENTS BEING MADE FOR HANDLING BIG CROWDS

Visitors to the Exhibition Hall will have noticed some changes that have taken place in the surrounding grounds, the rear of the building which was formerly used for booths has been greatly improved by moving the old dilapidated stands and fence and levelling of the surface to allow automobiles to make the turn. The road has also been widened and cars can now pass one another without danger.

A substantial enclosure is in process of erection in front of the building where the booths will operate and it is proposed to have the ticket office at the entrance to the enclosure at the foot of the present stairway. In view of the popularity of this year's program the Board anticipate large crowds at the exhibition hall and grounds and it is necessary to make these changes.

In addition the foundations of the main building have been strengthened and the building re-shingled.

The stampede grounds are in readiness for the big event, the fence having been repaired and the kraals surfaced with sand. The two days of the Rodeo will be equally attractive and popular.

The animals will be brought to Prince Rupert well in advance to give them a chance to get fresh and frisky and the patrons of this event can look forward to a first class performance full of excitement and thrills.

SMITHERS

The wedding took place in Vancouver recently of R. Bruce Wallace, school teacher at Duthie Mine last year, and Miss Strimbold of Topley.

H. L. Batten, M.E., of Vancouver, who is inspecting the Topley-Richfield and other mining properties in the district is accompanied on his present trip by Mrs. Batten.

Mr. and Mrs. James Porteous, Mr. and Mrs. C. A. Bowland and family, and Mr. and Mrs. James Downey are among local people returning to town recently after having attended the Vancouver Exhibition.

Acting upon complaints received from automobile owners, the provincial police have arrested two young men who are charged with theft from cars parked at a dance at Round Lake recently. The cases are proceeding.

The flower gardens at the local railway depot are now at their best and are commented on by all visitors to town.

"Canada Dry"

You cannot drink a more delicious, refreshing beverage than this fine ginger ale. For something of the lore which goes into the making of a rare old wine is expended on the making of "Canada Dry," *The Champagne of Ginger Ales.*

It is made from pure Jamaica ginger. It does not contain capsicum (red pepper). It has no bite, no unpleasant after-effect.

None but the purest ingredients mixed in exact proportions enter into the manufacture of "Canada Dry." The result is a blended beverage with balance and a full-bodied, yet subtle, flavor. The formula for "Canada Dry" is a carefully guarded secret, known only to three men.

Here then you have a real ginger ale. A pure ginger ale. A sensible ginger ale. Order "Canada Dry" for dessert at luncheon today.

LOANS MADE TO THE BANK LOWER RATES

GOVERNMENT HANDS OUT ANOTHER PLUM TO FINANCIAL INSTITUTIONS OF COUNTRY

OTTAWA, Aug. 30. — The treasury board today reduced the interest rate on advances under the Finance Act from five to four and a half per cent. Hon. James Robb stated that the action was taken to assist in the economic handling of the season's crops.

Under the provision of the Finance Act advances are made by the department of finance to the banks. At crop movement time it is necessary for the banks to issue a large quantity of notes and consequently they require special advances.

POLE DRIVE ON IN FULL SWING

HANSON TIMBER & LUMBER CO. EXPECTS TO HAVE MUCH LARGER PRODUCTION THIS YEAR THAN LAST

Olof Hanson, head of the Hanson Timber & Lumber Co., who has been in town for a day or so from the interior, reports that the drive of poles from the Kispix and upper Skeena Rivers to the booming grounds at Cedarvale is going along nicely and shipments are being steadily sent East. If all goes well, the Hanson Co. expects this year to have a much greater production of poles than last season. Floating of the poles down the river will continue until the advent of ice prevents it.

At times there are long spells of intensive work and it is on such occasions where Mr. Hanson's employees show the loyalty which has been such a factor in the building up of his now large and flourishing timber operations. On one occasion recently, there was such a rush of poles down the river that a crew of 81 men, sixteen horses and two donkey engines were kept busy for fifty hours without rest.

SUMMER TOURIST RUN NEARING ITS CLOSE

Princess Charlotte Making Final Voyage of Season Tomorrow—Louise to Run During September

Making the final Alaska tourist voyage of the season for the British Columbia Coast Steamship Services, C.P.R. steamer Princess Charlotte, Capt. C. C. Saintey, is due in port early tomorrow morning bound for Skagway. The vessel will make her final appearance here this season when she comes south next Wednesday afternoon.

The Princess Louise, due Saturday afternoon from the north on her final tourist trip, will continue on the Alaska run on a ten day schedule during the month of September, being replaced by the Princess Alice on a similar schedule for October. The Princess Mary will take up the run on a winter fortnightly service in November.

VICTORIA ROTARIANS MADE A BRIEF VISIT

Rotarians Jimmy Adams and Doherty of Victoria breezed into the office yesterday on their way through to Edmonton. They were hoping that in some unaccountable way they would be able to make up their Rotary attendance here for Adams has not missed a meeting in thirteen years.

Jimmy was the man who managed the Canadian football team in the antipodes a couple of years ago. In private life he runs a grocery, the best in Victoria. He is a good all round sport and has been president of the Victoria Rotary Club.

Both men were accompanied by their wives.

GOLDBLOOM HAVING 20TH ANNIVERSARY CELEBRATION NOW

William Goldbloom, the pioneer fur dealer, is celebrating the twentieth anniversary of his entry into business in Prince Rupert. During these twenty years he has sold thousands of dollars' worth of fur coats—and defies complaint. He does not sell electric seal for seal coats nor dogskins for rat coats. Everything in his store has the Goldbloom guarantee—if goods are not satisfactory, you get your money back. Fair dealing with all, both buying and selling—has been the secret of success in the Goldbloom business.

Buy your fur coats from the full Goldbloom stock at little more than wholesale prices. We have a full stock of all kinds of fur and are agents for one of the largest fur houses on the continent. If we have not what you desire, we can get it—and get it quick! The Old Reliable Fur House.

ONE BIG VOTE DAY LEFT

VOTES AND POINTS DECREASE FRIDAY, AUGUST 31

IF YOU WISH TO REACH THE GOAL OF YOUR AMBITION IN THIS ELECTION IT IS NECESSARY TO ENHANCE YOUR VOTE SCORE. NOW—THIS WEEK—YOU CAN MAKE EVERY NEW YEAR IN SUBSCRIPTIONS BRING YOU 28,000 VOTES AND AT THE SAME TIME THE SUBSCRIPTION WILL CREDIT YOU POINTS TOWARD ONE OF THE EXTRA \$100 CASH PRIZES.

CAMPAIGN NOTES

As the close of the \$4,000 Gift Distribution draws near, and particularly as the end of the second period and end of points for \$200 cash prize approaches, predictions are being offered as to who will be the fortunate recipient of the big cars and cash prize. Astrologers, palmists and exponents of the occult sciences have been consulted, by some in an endeavor to obtain an inkling of what the outcome will be.

In a frenzied effort to eliminate as much as possible, candidates this week are scouring the community ceaselessly from the waking hours until the day is done these ambitious workers are fighting the battle courageously, never pausing, but keeping at it to turn the tide in their favor.

Such a stirring campaign, with so many eager candidates, has never had its equal in Northern B. C. The race for supremacy is going forward nip and tuck. Some of those who apparently have little chance, if judged by their present scores, promise to spring surprises that will send to too-confident down to defeat.

Over confidence is the biggest handicap under which a candidate can labor. The unwelcome attribute causes more regrets than anything else. The only way to be sure of winning is to spend every minute of searching for subscriptions. Perseverance is a winning quality.

The time between now and midnight Friday provides one day filled with tremendous possibilities—time enough for any candidate to win an extra \$100 prize and chalk up votes which will go far towards assuring the worker his choice of the fine cars provided. This week, for some workers, will be one of the biggest if not the biggest of the entire campaign, if what they tell the campaign management is any indication of what they will accomplish.

Not one candidate can rest on his laurels. To slow up now, to let enthusiasm wane, and not to avail himself of every facility at his command, may not only mean that another will reap the extra salary check, but that it will require double effort next week, when the credit schedule is reduced, to hold his position, much less to make gains.

Beautiful sunshine and conversation will not win for any candidate. Do not judge your competitors by his chest expansion for it may be mostly "hot air." Votes will win automobiles and votes alone. Points will win the extra \$100 cash and points alone. The fellow who makes the most points and spreads the most "bia" is not of necessity the real "go-getter." The trouble with so many candidates is that they have their wishbone where their backbone ought to be.

With honors thus far about evenly divided, workers in the \$4,000 Gift Distribution were today preparing with feverish intensity to make a stand for victory before 9 p.m. Friday while the rewards offered are two-fold. Judging by the requests for additional receipt books today, candidates mean to avail themselves of the four remainders to their fullest ability. It seems

certain that those who refuse to heed the call to activity this final second period will have only themselves to blame in the end.

Friday is probably the most important day of the entire election for candidates competent to make the most of it. Friday marks the end of the remaining period of the campaign competition when \$100 will be paid the worker in each district making the best record on subscriptions for the period.

As the campaign draws to a close the greatest effort and the greatest strides are being made by candidates who are just starting to let themselves out. Those who have heretofore managed to dominate the scores almost at will are finding they have now competitors who are bent on outdistancing the old favorites.

Friday night at 9 P.M. is the last chance for big votes and the last chance to earn big points which will win the extra \$100 cash prize. Promptly at 9 o'clock the doors of the News building will be locked. No one will be permitted to enter the building after that time for the purpose of turning in subscriptions or renewals on the present vote schedule. Those inside at that time will be waited on before the last big vote offer is closed forever.

Candidates will be careful in filling out subscription stubs, always writing or printing the name and complete address of the subscriber plainly so there can be no mistake in entering the subscription. Do not neglect to sign your name to the stubs you turn in. In case of "second subscriptions" be sure to mark the stubs with the amount of the first payment and when made.

The special attention of out-of-town candidates and those who may work out of town Friday is called to the arrangements made which affords every worker the advantage of securing subscriptions right up to the last minute—9 P.M. Friday—no matter where they may reside. Subscriptions mailed before 9 P.M. Friday night, August 31st, and so postmarked, will be counted on the Second Period schedule and for the big points on extra cash prize even though they may not reach The News until Monday. The postmark on the envelope will govern.

One contender called up by telephone to lament the fact that he stood tenth in both districts. He didn't seem to realize that the first consideration is how he stands in his own district. You've got to win in your own district first before you can rise above your district and command one of the capital prizes. Just ignore the other district and look to the first job you've got in hand. Do that well and the rest will take care of itself.

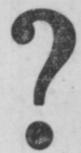

"Did they turn in a lot of points for the extra \$200 in cash?" was another question a candidate asked. Shucks, what difference does that make? It isn't what they do. There are some who imagine they can win by the inactivity of others. It is the votes and the points that you make that will put you over. Winning is a positive proposition with you.

SECOND PAYMENTS

Second payments on subscriptions given earlier in the campaign will count for thousands of votes while the second period vote schedule is in effect.

Candidates and subscribers alike should keep in mind the fact that second payments on subscriptions will NOT count for extra votes during the final period of the campaign.

DIVIDED INTO TWO PRIZES

One Prize for District No. 1. of \$100.00 in Cash.
One Prize for District No. 2. of \$100.00 in Cash.

HOW SUBSCRIPTIONS COUNT IN POINTS

Up to and including Friday, August 31, the following number of points will be issued on subscriptions:

1 year . . . 8 points
2 years . . . 16 points
3 years . . . 24 points
4 years . . . 32 points
5 years . . . 40 points
6 years . . . 48 points

From Saturday, Sept. 1, up to and including Friday, Sept. 7, the following number of points will be issued on subscriptions:

1 year . . . 6 points
2 years . . . 12 points
3 years . . . 18 points
4 years . . . 24 points
5 years . . . 30 points
6 years . . . 36 points

The above schedule shows "HOW SUBSCRIPTIONS COUNT IN POINTS" in the new campaign for the \$200 COMPETITION which has been announced. You will notice that subscriptions turned in by Friday night, August 31, count more points than they will if not turned in until the following week. New, arrears, renewal or second payment subscriptions each count the same number of points in the \$200 COMPETITION.

EACH candidate in the \$4,000 Prize Campaign now has the opportunity of entering the \$200 COMPETITION, and any subscriptions they secure and turn in now will count votes in the \$4,000 prize campaign and points in the \$200 Competition.

IMPORTANT DATES

The "Second Period" Vote Offer—the biggest of the remainder of the campaign—ends Friday night, August 31, at 9 o'clock. The competition for the Extra \$200 cash prize ends Friday, September 7.

The entire campaign ends and all prizes, motor cars and cash, will be awarded on Friday, September 14.

LOCAL NEWS NOTES

Mrs. Jack Bulger Jr., re-entered the Prince Rupert General Hospital as a patient this afternoon.

A. McPherson, manager of the B. C. Packers cannery at Watun River, and Mrs. McPherson will be coming out bound for Vancouver next week.

Thomas Peddie will be in attendance at the High School from 9 to 12 Saturday morning for the purpose of enrolling pupils. J. O. Williamson, secretary.

Please call at the Prince Rupert Salvage and Towing Company's office for articles left at Salt Lakes and on boats; girl's hat, baby garments, baseball bat, etc.

R. W. Ellis, Vancouver barrister, and Mrs. Ellis, who have been making the round trip north on the steamer Prince Charles, are passengers aboard that vessel today returning south.

Mrs. Frank Moore and family have returned home from Prince George where they spent the summer holidays. Mrs. Moore was accompanied to the city by her sister, Mrs. Hutchinson of Concrete, Washington, who is now visiting with her here.

W. H. Tobey, C.N.R. divisional superintendent, who has been on a holiday trip to the New England States, will return to the city next Monday. Mrs. Tobey left this morning for Edmonton to meet him.

A large consignment of fireproof shingles which will be used in extensive repairs which are to be made on the buildings at the Digby Island wireless station were loaded by the lighthouse tender Birnie this morning and taken over to the Island.

Here's a holiday for you—Leave Prince Rupert August 31—that's tomorrow—arrive Smithers 9.20 p.m. Big dance that night. See the Bulkley Valley Fair on Saturday September 1. Motor through the Bulkley Valley, September 2. Return train to Prince Rupert gets you home at 8.30 on Monday afternoon September 3. An ideal weekend.

Mrs. John Dybhavn and daughter returned to the city on the Prince Charles this morning, from Old Massett where they have been spending the summer. Mr. Dybhavn, who has been in personal charge of his company's cannery at Massett this season, will be going back to the Islands again for a short time as the plant is to remain open for fall packing.

Professor H. Aubrey Pryce, director and teacher of the Prince Rupert School of Music, resumes teaching on Tuesday, September 4, for fall and winter season. Professor Pryce is well known and his pupils have frequently been heard in solo work and orchestral concerts; and have all been successful in their examinations. For terms, etc., apply at School of Music or phone 674.

The local Elks' lodge will hold another whist drive tournament this winter such as proved so successful last season. The season will be divided into two separate periods with prizes for the winners in each while there will be a grand prize for the person having the highest score for both periods in the aggregate. The first session will be on the evening of Monday, October 1, and meanwhile, a committee has been appointed to arrange further details for the competition.

The hard 1-1 battle which was fought Tuesday night between Grand Terminals and Thistle should tend to liven up interest in the Gilhuly Cup football series although the trophy has been practically clinched by Ben Bell's men. Tomorrow night the Terminals and Regiment will meet and there are some supporters of the soldiers who hold that they can put up an equally good if not better performance than did the Scots on Thursday. No doubt there will be a good crowd out to see just what the Regiment can do. If the Terminals should win they will clinch the trophy without further dispute. Then the curtain will about ring down on local football activity this year unless something interesting can be arranged for Fair Week.

The Trades and Labor Council is to be congratulated on drawing up a program for the celebration of Labor Day next Monday which probably outclasses any celebration of this day in the past. There is a generous program of children's and adults' races and track events, with many novelty events in which there will, doubtless, be large and keen competitions. The fact that time of all major races will be kept for comparative purposes should make these events all the more interesting through being able to compare what can be done locally with performances outside. Altogether, \$500 is being offered in prizes donated by local business men. The Junior football and lacrosse games should also be interesting and we would recommend that those who have yet to see the youngsters in action on these two lines of sport take the advantage of the holiday to do so.

Around The World With Sport Fans

(By The Tramp)

The Edmonton Grads are on their way home after winning everything possible. They scored 576 points while the total of their opponents numbered only 86. Naturally Edmonton is particularly elated over the triumph of its girl basketball team. They will get a wonderful reception on their arrival home.

Great preparations are being made at Edmonton to give the returning Grads a fitting reception on their return Monday. The city is backing the affair, Mayor Bury being one of the leaders of the move. Twelve committees are working with a view to making the event an outstanding one.

CRASH WITH PLANE

MONTREAL, Aug. 30.—Capt. Harold Nase of St. John, N. B., flying instructor of Granby, Que., Aero Club, died last night from injuries received when he crashed late in the afternoon while flying one of the club's aeroplanes.
