THE FALL FAIR

Editor, Daily News:

It seems to me that the citizens of Prince Rupert are making a great mistake in not taking more interest in the Annual Fall Fair.

Every city and town in the province has its annual fair and Prince Rupert can hardly afford to be the one exception.

Several meetings have been held which have been poorly attended and little enthusiasm shown.

S. P. McMORDIE, Mayor.

BLOCK OF ICE FLOODS LAND

PART OF MONTREAL DISTRICT STILL UNDER WATER RESULT DAMMING RIVER

MONTREAL, April 11.—Assistance from the federal government in the form of ice breakers to smash the huge blocks of ice still holding back the waters of the St. Lawrence with the consequent flooding of several municipalities in this district is eagerly awaited by the flood-swept citizens.

Long Point still has four feet of water covering the streets with practically the same conditions in other affected parts.

Conditions throughout other parts of the province are practically normal again.

THIRD VICTIM OF MENINGITIS

BASEMENT ROOM ON LULU ISLAND SCHOOL IS ABANDONED AS PRECAUTIONARY MEASURE

RICHMOND, April 11.—Richmond schoolboard decided to abandon the basement room in the Mitchell School on Lulu Island following the death of the third victim of spinal meningitis, all of whom were members of the receiving class which used the room.

Precautionary measures are being taken despite the statements of medical authorities that the disease is not contagious.

B.C. ELECTRIC SHARES JUMPED

LONDON, April 11.—British Columbia electric ordinary shares have risen nearly 40 points to 275 pounds a share and preferred shares 60 points to 235 pounds on the stock exchange as a result of reports that Lord Rothermere and his Canadian associates have made an offer of purchase at a reported price of 280 pounds a share for ordinary and 240 pounds for preferred.

Tires to Value of Two Thousand Dollars Stolen in Vancouver Recently

Eight Men Arrested and Others Expected Including a City Lawyer Who Gave Name of William James

VANCOUVER, April 11.—With eight persons, including a Vancouver barrister already under arrest, startling developments are expected in the police department investigation into wholesale thefts of tires from the premises of the Goodyear Tire and Rubber Company of Canada Ltd., Homer Street.

Three men, Ernest O. Peters, a taxi driver, Albert Wilson, a logger, and a city lawyer who gave the name of William James, were taken into custody Monday charged with retaining stolen goods and were released on \$1,000 bail each.

Five arrests were made previously, Edward Higgins, a shipper for the Goodyear Company, Pete Loretto, Thomas Tamburri and Thomas Howard, taxi-drivers, and Thomas Taylor, a transfer man. All eight appeared in the police court today and were remanded until April 17.

The tires were sold locally, it is said generally throughout the city and many prominent citizens, attracted by the low prices, were among the purchasers. The thefts are said to have continued over a period of nine months and have been investigated for three months.

Arrests of a number of people who have attempted to hide the tires instead of handing them to the police are expected to be made. It is estimated that the value of the stolen tires is something like \$2,000.

Republicans of Illinois State Purge Themselves of Big Bill Thompson and His Faction in Yesterday's Primaries

CHICAGO, April 11.—Rising in mighty revolt against the political faction headed by Governor Small and Mayor William Thompson, whose slogan was "America First," Republicans of Illinois yesterday buried them under an avalanche of hostile votes.

Small was defeated for the Governor candidature and Secretary of State Louis Emerson. States Attorney Robert Crowe was defeated for the candidature of the attorney's office. The states senator nomination and many lesser offices were also lost by the faction.

Mayor Thompson himself was defeated for ward committee-man.

LONDON, April 11.—The Chicago primary elections was the big news in London today. Afternoon papers play it strong with headlines such as "Rule of Big Bill Thompson at End," and "Schoolbook Foe of King George Fails in Election Struggle."

Operating Loss Sustained by Government Merchant Marine is Greater Than for Previous Year

OTTAWA, April 11.—The Canadian Government Merchant Marine had an operating loss in 1927 of \$720,000 against a loss of \$90,000 in 1926 and a million or over in the preceding years.

The gross revenue was \$750,000 less than in 1926, a report tabled in the House of Commons today said.

"The less favorable showing was largely attributed to conditions under which certain services had to be operated, there being a shortage of cargo tonnage and also additional competition which resulted in reduced freight rates. It is however gratifying to be able to report that prospects for the future are brighter owing to decreasing competition and stabilization of the freight rates."

"The situation is not free from anxiety or difficulty, particularly as our steamers, on account of their size, speed and equipment are placed at a greater disadvantage in competition with modern tonnage operated and under construction for service by other lines between Canada, United Kingdom and the Continent."

CHICAGO, April 11.—Octavius Granddaddy, a negro lawyer and Deussen candidate for the 20th ward committee, was slain in his own ward yesterday ten minutes after the poll closed at five o'clock. He was an opponent of the politically powerful Morris Eler, boss of the ward and a political ally of Mayor Thompson.

Granddaddy was in an auto when another car with six men in it drew alongside and fired four shots.

Aside from the Granddaddy shooting, election trouble here was almost negligible.

TELLS OF GROWTH OF PROSPERITY IN CANADA IN ADDRESS TO VANCOUVER BOARD OF TRADE

VANCOUVER, April 11.—The first governor general to address the Board of Trade is Viscount Willingdon, who was the guest of honor last night of that body.

His Excellency, speaking on his impressions of Canada, said that much had happened during the past year. "From a general point of view from whatever test you wish to apply, banking, transportation, industrial or what not, an increase in individual wealth is shown. One thing is perfectly certain, that Canada is moving forward on a sound, steady basis to prosperity."

The Governor also said "If it is true that Canada has a greater idea of her national responsibilities, it is also true that she realizes her increased partnership in the British Empire."

Hockey Game Packed with Action Last Night When Montreal Took Third Game of National Series from N.Y. Rangers

MONTREAL, April 11.—The New York Rangers, unable to solve the Montreal Maroons stubborn defense, ably backed by Joe Miller, formerly of the New York Americans, who took the place of the injured Lorne Chabot, let Nelson through in the second period and Babe Siebert in the third to score a goal each and took the game two to nothing and thus lead the Rangers by two games to one in the Stanley Cup series match.

Penalties incurred by Joe Lamb and Paul Thompson, Maroon and Ranger subs respectively, in the third period, forced the teams to play five man hockey for the remainder of the game. The penalty also calls for automatic suspension for the fourth game of the series Thursday night. The two players engaged in a fist fight and with Referee Rodden, who tried to separate them sprawled on the ice.

The game was packed with action throughout and was by far the best of the series. There was scarcely a dull moment in the minutes of play, which saw the winners display superior hockey throughout. The goals that beat Miller were well earned.

Conservatives Nominate Arthur Shelford, a Wistaria Farmer, to Contest Omineca Against Manson

BURNS LAKE, April 11.—At a meeting of the convention of Conservatives of the Omineca riding here yesterday Arthur Shelford was nominated Conservative standard bearer in the contest against Hon. A. M. Manson, attorney general, at the forthcoming provincial general election.

Forty-one delegates actually seated in the convention was an index of the enthusiasm prevailing throughout the constituency. Some of the delegates had walked twenty to thirty miles through snow, slush and mud, which prevented any mechanical means of transportation, in order to reach the railway which eventually brought them to Burns Lake at two a.m.

The assembly was called to order at three p.m. with K. M. Johnson of Vanderhoof in the chair and A. E. Mitchell as secretary. Three names were placed in nomination, Major Robert Lowe of Burns Lake, Arthur Shelford of Wistaria and E. A. Mitchell of Vanderhoof. Owing to the length of time taken in balloting the three cornered contest the convention was adjourned for an hour at six p.m.

During the evening session Major Robert Lowe retired on the seventh vote. Arthur Shelford then got the necessary sixty per cent and A. E. Mitchell and Major Lowe moved and seconded that the nomination of Arthur Shelford be unanimous.

Shelford is a farmer of Wistaria and has been in the district many years. He was the Conservative candidate at the last election.

Outlook for Interior Better Than Ever Says President L. B. Warner

"YOU will be glad to know that conditions in the interior never looked so bright as at present," said L. B. Warner, president of the Associated Boards of Trade of Central British Columbia in addressing the Prince Rupert board at its regular quarterly dinner in the Commodore Cafe last evening, Milton Gonzales presiding.

In mining this season would see more practical development than had been the case since mining was started. The operating companies were well financed. All had money in the bank with which to proceed with the work. Shareholders had the satisfaction of knowing that their money went into the ground.

In the development of mining Prince Rupert would be vitally interested as this city was the main supply point for the interior.

In regard to farming there had been more land clearing during the past few years than ever before and this was now all being sown with wheat with the result that the conditions on the farms was never better than today. This was largely the result of the building of the elevator here.

The timber business was developing. Every second day an average of seven car loads of poles was being shipped through Smithers.

One of the great features of this development was the mutual good-will that existed between the interior and Prince Rupert in the purchase of the British Columbia Electric Railway Company." (continued on page three)

MATTER COMES UP BEFORE BOARD OF TRADE FROM RETAIL MERCHANTS' ASSOCIATION

At the board of trade meeting last night the port committee was asked to pass on a petition sent the Canadian National Steamships by the local retail merchants asking that the vessels of the fleet be overhauled at their own dock here. Accompanying it was a reply from R. Beaumont, superintendent, stating that there was very little overhaul work done this year and that was done mostly by their own crews under the supervising engineer, whose headquarters are at Vancouver. The Charles is being overhauled here but no decision had been arrived at as to what would be done with the Prince John.

LORD WILLINGDON'S ADDRESS

It is always with a feeling that it is the wrong person speaking that we heard advice from British Governors to this country giving advice in regard to loyalty to the Empire. In his address yesterday Lord Willingdon urged teachers to impress children with the necessity for maintaining and upbuilding the British Empire. Lord Minto, when here, went about urging Canadians to "keep both hands on the Union Jack."

It seems to us that it is only within the past few years that the people of Great Britain have been loyal to the Empire idea. Prior to that they were inclined to say "we are the Empire." When they needed lumber products they bought them in Washington and Oregon states instead of in British Columbia and it was only the persistent challenge of men like Sir Richard McBride and the present agent-general, F. A. Pauline, that induced them to specify British Columbia lumber for public work in Britain. This is simply one of the many instances where it can be shown that Canada was the leader in the Empire idea and has had to teach it to people from Great Britain.

The old idea was that loyalty meant loyalty to Britain. Loyalty, to a Canadian, means nothing of the sort. It means loyalty to the great commonwealth of nations with each part functioning in its own way and doing its part for the common good. The difficulty often has been that Britain was not loyal to that idea. However, of late the people of that country have come to realize what we for many years have realized. We had to go there and teach them what loyalty meant and now they come and give us gratuitous advice. Possibly we might send missionaries to preach to the school teacher of England and Scotland and urge loyalty to the Empire.

NOW FOR CANADIANS

But now for Canadians. They, too, have a lot to learn. They are usually inclined to sit back and let the rest of the Empire do things. They allow Great Britain to pay the whole cost of defending the Empire with the exception of a little done by New Zealand and Australia. In that we are sadly lacking. If we were a part of the United States we should have to pay our share of the upkeep of a great navy and a large army. If we were an independent unit we should have to take some steps to make ourselves felt as a sea power. Why not?

VALUE FOR MONEY

In glancing at some of the little jabs written by our old friend "The Man in the Moon," it is noticed that he refers to the difficulty of getting value for money. While a great many people find it difficult to earn, others find it equally difficult to spend so as to get value for the money expended. Take this personally. A man wants a suit of clothes. He goes to a store and the clerk persuades him into buying something that does not fit and of a color that is unsuitable. When he goes out in company later he realizes his mistake. He had not received value for his money. Those who sell are anxious to get the dollars and they often sell things which the customer does not like. The result is that next time the purchases are made elsewhere. It is difficult to get full value for the expenditures made. So in public life. People engage in charitable work or try to do things that will benefit the public. The money they raise sometimes does more harm than good. The result is that value for the expenditure is not received. Learning to spend is just as important as learning to earn. Training in both are badly needed.

KEEP WOMEN FROM THEATRE

ENGLISH DRAMATIST MAKES DARING REMARKS IN ADDRESS TO GATHERING OF LADIES

LONDON, April 11.—If St. John Ervine, distinguished English dramatist, had his way he says he would permit no woman under 40 years old to enter a theatre. "The great day of the theatre was when there were no women either on the stage or in the audience," said Ervine audaciously in addressing a gathering of women. Even those over 40, he would admit rarely, he said, and then only after submitting them to close examination. The way they form lines outside theatres and wait for hours to see a play "which the police ought to stop," does not cause Mr. Ervine to think highly of women. "The worse the play, the bigger the queue," he declared as he warmed up in his denunciation. "Often women attend plays just to see the frocks which actresses wear, and which they themselves cannot afford," the famous dramatist said.

CHILDREN HERE ON PRIZE TOUR

WINNERS OF VANCOUVER SUN "BETTER ENGLISH BEE" VISITING CITY TODAY

The city of Prince Rupert and the local Parent-Teachers' Association are taking charge today of the entertainment for the four girls and two boys from the south who are here making the round trip north aboard the steamer Prince George as the grand prize for their recent efforts in winning the "Good English Bee" held by the Vancouver Sun newspaper. The party, which is in charge of Miss Myrtle Patterson of the Sun staff, consists of Miss Constance Baird, Miss Isabel Mulgrew, Willie Mulgrew and Marjorie Wilson of Vancouver; Miss Marjorie Lague of Nanaimo, and Frank Bond of Blakeburn. They are evincing great interest and enthusiasm in their trip.

The party was met at the wharf by a delegation headed by Mayor S. P. McCormick and Mrs. J. E. Boddie, president of the Parent-Teachers' Association. They were immediately taken for an automobile trip around the city followed by a luncheon in the Commodore Cafe at which His Worship presided. This afternoon they visited the plant of the Canadian Fish & Cold Storage Co. where special arrangements were made by the management for their reception. The party will proceed to Ketchikan and Anxox this afternoon and will make another stop here tomorrow evening on the way south.

Cars in which the girls and boys were driven around the city were loaned by Mrs. G. H. Arnott, Mrs. H. J. Bradbury and Mrs. S. E. Parker.

THE most difficult thing in the world is keeping out of debt. It's closest rival in the matter of difficulty is spending money so as to get value for the outlay.

PRIZE WINNERS IN LETTER COMPETITION REGARD LAUNDRIES

1,044,372 replies were received in the contest by the Laundryowners National Association for the best 300 word letter on "Why the Laundry should do my washing." This brings to a close one of the largest competitions of its kind ever undertaken by any industry in this continent. The first prize of \$10,000 was awarded to Mrs. A. W. Thomas, West Allis, Milwaukee. Some of the prize winners in B.C. were Mrs. Frances Broadner, Victoria; Mrs. P. Blanche, Vancouver; Miss Edith Patkin, Vancouver; Mrs. I. Godfrey, Victoria; Mrs. Haywood, Victoria; Mrs. Haughton, New Westminster; Miss Kathleen Hawkes, Victoria; J. G. Spencer, Bella Bella and others, some forty in all were given honorable mention. The following are what some of the prize winners said: "I am a happy wife. I am a happy mother. I send my washing to the laundry. The laundry saves time, saves health, saves money, saves clothes. These reasons should be sufficient to convince the housewife that the laundry is a community blessing." "Wash day at home means a full day, roughly fifteen per cent of the week. In a little more than an hour a workman earns enough to pay the laundry for the week's wash. Mother's day is worth dad's hour."

10 Commandments for Cyclists

- 1 Keep to the right and near the curb.
- 2 Meeting traffic pass on right, overtaking traffic pass on left.
- 3 Turn right close to curb, turn left around centre of intersections.
- 4 Raise one arm when stopping and slowing up and to indicate direction when turning.
- 5 Ride straight. Don't wobble.
- 6 Watch for STOP signs and traffic officers' signals.
- 7 Give traffic coming from right the right of way at intersections.
- 8 Do not hang on to moving vehicles.
- 9 Don't "cut in" in front of a moving car.
- 10 Keep your feet on the pedals—your hands on the handlebars.

Let him have a bicycle

YOUR boy wants a bicycle—a C. C. M. Don't disappoint him. He will only be a boy once.

Some fathers forget what joy a bicycle was to them when they were boys. They don't put themselves in the boy's place.

A bicycle will give him wings. It gets a boy away from street corner influences. With a bicycle he can "See the world". It will give him scope for his energies. It will develop him. A bicycle teaches him his way about, and how to take care of himself. On his bicycle he can ride to the parks and playgrounds, to the open country.

Every boy idealizes a certain brand of skates, or a certain kind of motor car, or a certain brand of jack knife. You'll find when it comes to bicycles

That's the wheel with the 20-year nickel, the rich, radiant enamel and the padded motor bike saddle. There are many other features he will probably tell you about if you ask him—such as the famous Hercules brake, the top quality Roller Chain, steel rims, the automobile style mudguards, and the Gibson one-piece aluminum pedals. One of these snappy bikes in maroon, green, blue or black, with their sporty gold trimming, would "tickle him to pieces."

NEWSPAPERS ARE LATE MISSILES

Used at Hockey Matches for PRINCE EMPIRE When Dismissing Decision Given

CHICAGO, April 11.—The pop bottle, long the missile of the irate baseball fan, has been replaced with the newspaper by the equally irate hockey enthusiast. OUTLOOK FOR INTERIOR BETTER THAN EVER SAYS PRESIDENT F. B. WARNER

(continued from page one) pert, fostered largely by the public men of this city through the Board of Trade who kept in close touch with conditions in the interior.

ASSOCIATED BOARDS Mr. Warner in opening spoke of being a pioneer of Prince Rupert and said he had always kept in touch with the activities at this port.

One matter being dealt with was that of discriminating freight rates. As a result the farmers of the Fraser Valley had a distinct advantage over the Bulkley and Nechaco valleys.

LOCAL STEAMER NEEDED Mr. Warner said the associated boards were ready to back up the running of a local boat making Prince Rupert its home port.

Again the rates were such that it was possible to import fruit from Washington and Oregon better than from the Okanagan. What they asked was to be put on an equality with the prairies in matter of rates.

The visitor declared that work on the Central B.C. Highway from Prince Rupert to Yellowhead Pass would be pressed. They had assurance from the government that considerable work would be done on it this year.

Time was required for the carrying out of the matters they were urging. The policy of the associated boards represented the combined thought of a wide territory. They must shed parochialism and not try to make the board a clearinghouse for local prejudices.

Mr. Warner said he was glad to note the new importance of Prince Rupert which was making gigantic strides. He hoped they would act in every way so as to develop as rapidly as possible.

Save the Child's Sight!

Defective vision and hearing in your child should be looked after now, while the child is developing.

Do you intend to train your child to wear eyeglasses for the rest of his life? Or are you going to do your part by that child and take steps to have his vision restored to normal while there is yet time?

By my natural methods, I cure more than 75 per cent of children suffering from defective vision and hearing.

OFFICIAL LIST BOXING CHAMPS

BRITISH ENTHUSING OVER GAME WITH ADVENT OF HEENEY AS CONTENDER

LONDON, April 11.—After a long period of quiescence, British boxing is once again being infused with vitality. All is well, of course, with the amateurs who have never shown such high promise since the war as today.

But there is also a marked stimulation among the professionals. New names are at last coming to the fore. Championship bouts are staged in quick succession. Titles change hands, and it seems that all is in the preparation for some new and vital phase in British boxing. A new British champion, Tom Heenev, has suddenly leapt into the limelight to uphold our boxing prestige, to shatter the myth of the American superman, to exercise our inferiority complex, and to challenge the supremacy of the best of the American heavyweight fighters.

The British Board of Boxing Control has reached to this new spirit, and after an important discussion has issued an official list of British champions, which is as follows:

Championships. Holders. Flyweight—Johnny Hill
 Bantam-weight—Vacant
 Featherweight—Harry Corbett
 Light-weight—Harry Mason
 Welter-weight—Jack Hood
 Middle-weight—Alex Ireland
 Light-heavy-weight—Gipsy Daniels
 Heavy-weight—Phil Scott

NEW STAKE RACE IS PLANNED FOR SARATOGA

Number of Smart Three Year Olds to be Seen in this Mile and Quarter

NEW YORK, April 11.—The Whitney, a new stake race, will be held by the Saratoga Racing Association in the summer as a memorial to the late Payne Whitney. The event will be over a mile and a quarter route carrying \$4,000 in added money with promise of a gross value of more than \$10,000 after entry fees are received.

The field will bring out some smart three year-olds and over including Chance Shot, winner of the Belmont, Whiskery, Kentucky Derby winner, Black Maria, victor of the Metropolitan handicap, Brooms, Hopeful winner, Numbs, winner of the Realization, and Crusader, the best son of the famous Man O' War.

Around The World With Sport Fans

English titled men are represented in the ring today by Lord Knebworth, 25 year old heir to the Earl of Lytton, who recently won a four round bout from Policeman Bone in England.

Francis Oulmet, the veteran golf player and former golf champion of the world, has a plan for a golf links which will be partly in the United States and partly in Canada. The Club house will be in Canada and one hole of the course. The result is that members of the club will be able to get any brand they wish under the Quebec laws. It is to be known as the Richford Frontier Club.

Highland Scott, a member of the ultra-select two-minute list, and Winnipeg, the Canadian star, have been made equal favorites for the fourth renewal of the \$25,000 American Pacing Derby to be contested at Kalamazoo, July 17. Grattan Bars, another Canadian whirlwind, is held next in favor. Berry the Great, race-day favorite for the 1927 Derby; Jean Grattan, and Daisy Grattan are next. Trumpet, the fast trotter owned by the Pittsburg sportsman, J. D. Callery, is scheduled to join the stable of the Canadian reinsman, Vic Fleming, at the North Randall course, Cleveland. He is staked in both the Grand and Orange County circuits.

Tom Heenev, who came into particular prominence recently through the announcement that he would be the contender against Gene Tunney for the heavyweight championship this summer, is less well known than any title holder who has ever competed for it. He is 29 years of age, has been boxing for seven years, and was comparatively unknown on this continent until a year ago. His rise has been truly meteoric, for on the results of nine bouts in the United States he is catapulted into a championship ring. In the seven years of his ring career he has engaged in thirty-three bouts, of which 16 were won by him on decisions or fouls and ten by knockouts. The New Zealander has engaged in four drawn battles, and lost three.

SPORT CHAT

Capt. Angus Walters of the crack Nova Scotia sailing schooner *Bismarck* has announced his willingness to enter the ocean race from Sandy Hook to

Spain if a purse of \$10,000 is subscribed. Soliciting subscriptions is already under way with \$1,000 from the Macdonald Tobacco Company heading the list. The race is being sponsored by King Alfred of Spain, and the King and Queen are prepared to welcome the winners to Spanish soil and present trophies to the victors. The race, for fishing schooners, is some 3,200 miles long. Senator Don Alejandro Padilla, Spanish Ambassador to Washington, is chairman of the racing committee.

Players of the Vancouver Senior Amateur Baseball League have something to look forward to this year. It has been decided to do away with individual prizes this season, and instead send four players of the winning team East to witness the world's series. This plan will be brought forward in a perfected state soon. Mayor Taylor is to be asked to pitch the first ball in the opening game April 21. An outside umpire is to be brought in for the season. Efforts will be made to secure a Coast League umpire, and he will be given instructions to enforce the rules to the limit, especially with regard to taken by batters and pitchers.

WITCHCRAFT ERADICATED IN DISTRICT

W. E. COLLISON SAYS INDIANS ON COAST NO LONGER PRACTICE NECROMANCY OF MEDICINE MEN

The active practice of witchcraft for the purpose of curing sickness and ills has been discontinued now for many years among the natives of his district states W. E. Collison, Indian Agent. Mr. Collison's district includes the Naas River, mouth of the Skeena River and the coast adjoining Prince Rupert. Such demonstrations as dancing are unknown and the picturesque figure known as the medicine man is a matter of antiquity as far as this district is concerned. "The natives now pride themselves as being above such beliefs and practices," states Mr. Collison. The natives, in fact, are now most unwilling to even demonstrate or go through the antics of the ancient medicine man.

Though superstition, bred down through the ages, and the belief in necromancy is not yet entirely rooted out, there is, however, no actual practice of such in the district. No Indian now would go further than to possibly accuse another's bad spirits for causing death and even such an incident would be rare. Civilization and Christian beliefs have been firmly implanted and few of the ancient customs remain.

EDMONTON PLANNING TO ERECT CENOTAPH

Suggestion Made that Money be Raised on a City Bylaw for Purpose

EDMONTON, April 11.—Submission of a \$15,000 money bylaw to cover partially the cost of erecting a memorial to Edmonton's soldier dead will be submitted to council by His Worship Mayor Bury, as chairman of the citizens' special cenotaph committee. The proposal will be placed before the city fathers at their meeting on Monday night.

While details have still to be worked out, the general plan proposed by the committee is that \$15,000 be raised, if possible, by means of a money bylaw, and that the balance of the money required for construction of a cenotaph

The Truck Driver

I believe Champion is the better spark plug because of the way Champions stand up in hard truck service.

Champion is the better spark plug because it has an exclusive sili-manite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

be obtained through public subscriptions. The I.O.D.E., who originally fostered the cenotaph movement, have a considerable sum on hand which they are willing to devote to the purpose indicated, and it is believed little difficulty would be experienced in accumulating the balance needed.

The question of a suitable site remains to be decided, though a location on 101 street, immediately south of Jasper, is generally favored. Mayor Bury is asking City Architect Martland to take measurements of sites considered appropriate, in order to determine where a cenotaph might conveniently be built.

RUSSIAN FILM IS SHOWN IN STATES

THEORIES OF BOLSHEVISTS AND EXPERIMENTS ON WHICH THEY ARE FOUNDED

NEW YORK, April 11.—The Russian film "Mechanics of the Brain," representing in eight reels the theories of behaviorism and the experiments on which they are founded, has been brought to this country for showing before psychiatrists and the public. The film is the result of twenty-eight years experiments by Professor Ivan Pavlov who received the Nobel prize for his work with the so-called "condition reflex."

Dr. Pavlov's contention is that though, whether in human beings or in lower animals, is a purely mechanical process. Both humans and animals are shown reacting to certain stimuli illustrated by the monkey who had been taught to associate a red disc with food. Whenever the red disc is shown he gets down from his perch, but, the showing of a blue disc fails to move him.

Babies and children of intermediate age are shown reacting to various stimuli accordingly as their reflexes had previously been conditioned. A child is shown lying under a chute which drops biscuits into his mouth at the same time a rubber bulb on his wrists is inflated. Even when the food is not dropped but the bulb is inflated the child opens its mouth and in some cases starts moving its jaws.

EASTER SERVICES IN TERRACE CHURCHES

Special Music Both in the Anglican and United Congregations on Sunday

TERRACE, April 11.—Easter morning was ushered in here with bright warm sunshine and the day was perfect throughout. Special Easter services were conducted in both Anglican and United Churches and were well attended.

Rural Dean T. J. Marsh assisted at the morning service in the Anglican Church and administered Holy Communion at the close of the service. The lessons were read by R. M. Cory and an appropriate and inspiring sermon was delivered by the rector, Rev. A. W. Robinson. Special music was rendered as follows:

Solo—"Come Unto Me," Mrs. Robt. Haney.

Anthem—"Alleluia," Children's Choir. Duet—"Christ is Risen," Theodore Robinson and Kenneth Attree.

Baptismal services were also conducted for the infant son of Mr. and Mrs. Edward Hunter.

In the United Church communion was administered at the morning service when a number of new members were received. The baptism of the two children of Mr. and Mrs. S. Kirkaldy and the son of Mr. and Mrs. J. B. Agar took place at this service. A special Easter message was preached by Rev. Wm. Allan.

The evening service was purely choral, the outstanding numbers being: Solo—"Open the Gates," Mrs. Allan. Anthem—"God is a Spirit," Mesdames Hays and Service and Messrs. Allan and Kenney.

Duet—"Glory to Thee, My God," Mrs. Allan and Mrs. S. Kirkaldy.

Anthem—"Christ is Risen," Mrs. Allan.

Duet—"Hosanna," Rev. and Mrs. Allan.

Solo—"Thanks be to God," Mrs. R. Haney.

ENDAKO LIBERALS HELD ENTHUSIASTIC MEETING LAST WEEK

Endako Liberals held an enthusiastic meeting for the transaction of general business and the election of officers on Monday says the Burns Lake Observer. Various motions dealing with the welfare of the Endako district passed the meeting and the following officers were elected:

Hon. W. L. Mackenzie King, hon. president; Hon. J. D. McLean, hon. vice-president; A. G. Annon, president; A. Langley, secretary-treasurer. Members of the executive committee are W. J. Duncan, C. Christian, T. A. Christian, N. Blak, W. Wilson.

BURNS LAKE

With the Burns Lake bridge now completed, an extensive program of work on public highways of this district is now planned by the provincial department of public works. Work will be continued on the main highway at the Forestdale cut-off; the gasline shovel will again be put on the highway west of Burns Lake; work will be renewed on the Babine road and Nadina River will be connected up with the Colleymount road, thus serving the new Finland settlement.

New garages for automobile agencies here are being erected by the Burns Lake Garage Ltd., A. M. Ruddy and A. Anderson, proprietors, and by the Burns Lake Hardware, R. Lowe and J. S. Brown.

Earl Bennett, Harry Nicholls and T. S. Thomson were successful in passing forest rangers' examinations which were recently held here.

Mrs. P. V. Tallon and daughter, Miss Marjorie Tallon, have been visiting this week with friends in Prince George.

District visitors in town during the week have included William Bickle, Grassy Plains; Onof Hultkrantz, Forestdale; Mrs. J. E. Restrom, Grassy Plains; Charlie Ross, Nels Erikson and Bill

You Can't Paint a House with Applesauce

DON'T listen to anybody who tells you that "cheap" paint is just as good as good paint. That kind of talk is "applesauce," pure and simple. Pleasant enough to listen to, but mighty poor material

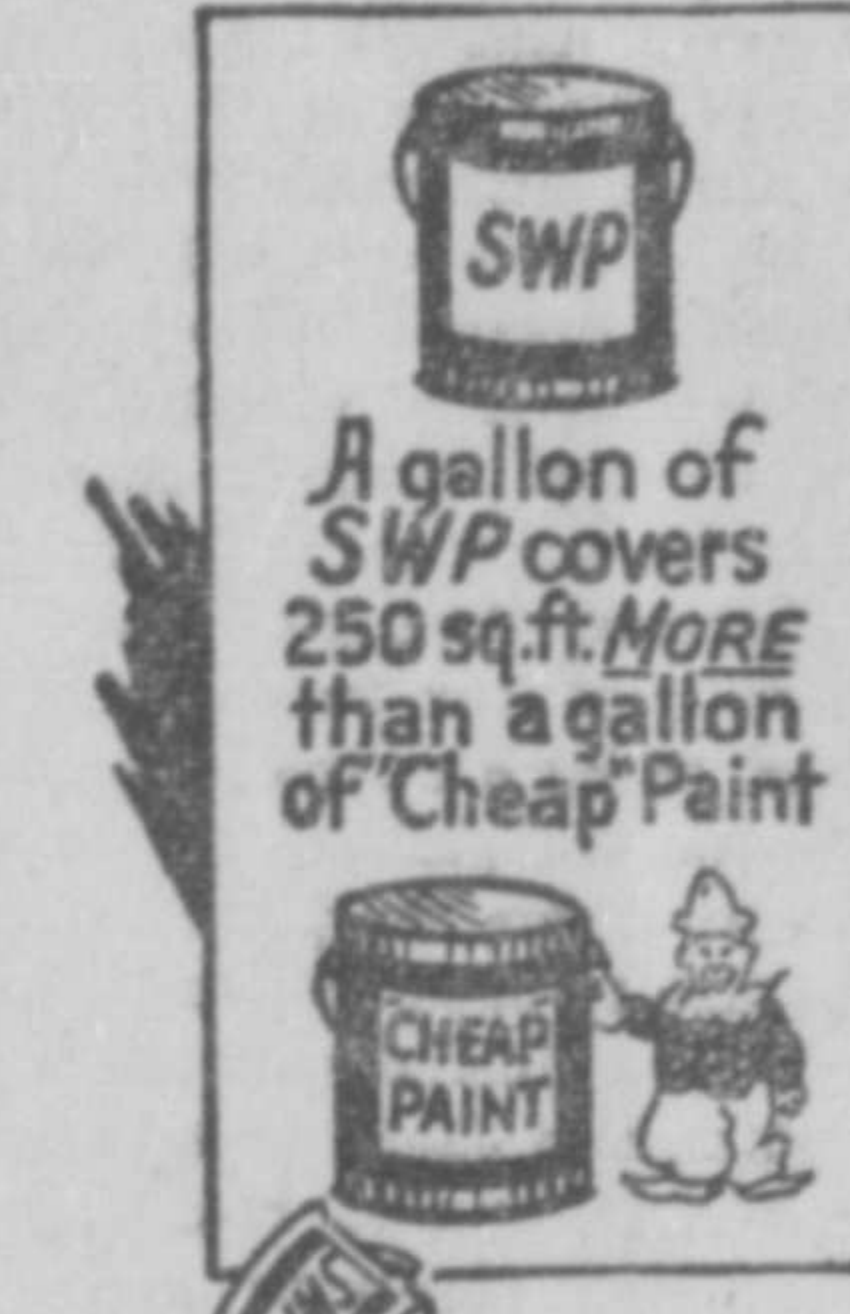

upon which to lay your plans for painting your house. Just look at the facts. Compare this so-called "cheap" paint with a paint you know is good—SWP, the world's standard of quality for more than half a century.

To be sure, SWP costs more per gallon. But—by the job it costs less than your "cheap" paint. That's because fewer gallons are needed. SWP covers more surface and covers it better, and it lasts longer—two to five times longer—than the average "cheap" paint.

As a matter of fact, "cheap" paint is the most expensive paint you can buy. It costs you—easily—twice as much as SWP, year by year. The only cheap thing about it is the appearance of the finished job. Wispy-washy colors that are not permanent. Film that quickly disappears causing cracks and peeling. The necessity for a repaint-

ing job in a year or so. It is a money loser, an actual waste of time and labor. And the use of SWP in the first instance would prevent this waste.

Don't be fooled by "cheap" paint "applesauce." Go to your S-W dealer—local Paint Headquarters. Get his advice. Tell him about the job you have in mind. Let him give you an estimate. Compare it with an estimate of some "cheap" paint. Do this and your own good judgment will tell you that SWP is the soundest choice. Ask for color cards and copy of the Sherwin-Williams Household Painting Guide.

Johnson, Rose Lake; D. L. McGibbon Ooisa Lake; S. W. Ellis, Telkwa; Mrs. C. Christian and Mrs. J. Bonner, Endako; George Kemp, Prince George and D. H. Barker.

Last Thursday afternoon a beautiful hammered bronze plaque, commemorating the Confederation of Canada, was unveiled in Burns Lake school by the principal, R. W. McGowan. There were a number of parents present.

Mrs. P. V. Tallon and Mrs. Sidney Godwin are making a drive for new members in the Burns Lake Community Hall Association. In one afternoon, they enrolled eighteen new members.

Mrs. E. Osborne of Colleymount made a trip last week to Fraser Lake for medical attention.

C. D. Haven, who is now located in Topley, visited his farm in the Uchna Valley at the end of the week.

Dick O'Hare and Dick Stanger are booming ties preparatory to hauling them to Decker Lake where they will be shipped.

The wedding will take place this week at Kidd station of Miss Hetty Jarman Weaver, formerly of Southbank and Burns Lake, to Robert G. McMillan.

TERRACE

At their baked potato feast held at the ferry site on Friday night last each boy scout was presented with the scout certificate by their leader, S. Kirkaldy, while he in turn received his scoutmaster's warrant, it being presented by the chaplain, Rev. A. W. Robinson. The boys are now full fledged scouts and are making preparations for a summer great activity.

The C.G.I.T. girls under their leaders Rev. and Mrs. Allan, and accompanied also by Mrs. C. Pohle, left on Monday morning for a hike up the hill at the back of the park. They climbed high enough to get a wonderful view of the surrounding district, did ample justice to the lunch taken along and returned to Little's pre-emption where an afternoon of sports was enjoyed. Another hike is planned for Saturday, weather permitting.

Mr. and Mrs. Chas. Raven of Lakelse Hatchery spent the week-end in town at the home of the farmer's parents, Mr. and Mrs. J. Raven.

Mrs. H. C. Creelman and children of Oak spent Easter with her parents, Mr. and Mrs. J. Raven.

H. Towne of the A. E. Gordon Lumber Co., Toronto, was a business visitor here at the week end.

ALICE ARM

Seven logging camp buildings at Mile Two on the Dolly Varden Railway have been purchased from the Granby Co. by the Esperanza Mining Co. The structures are being torn down and the lumber will be used for new camp buildings for the Esperanza at a lower level than the old ones.

The Red Bluff group, situated on Red Bluff Mountain, about four and a half miles from Alice Arm, will be developed this year. The Red Bluff consists of five claims and is owned by J. N. McPhee of Butedale. It is considered a promising property and is only 4 1/2 miles from tidewater.

Leo Paulcer has returned here following a brief trip to Stewart.

Neil Forbes was here last week on business in connection with the death of Fred Martinson.

William McFarlane has returned here from Stewart where he spent the winter.

CANADA AND THE ORIENT

REV. A. J. BRACE ADDRESSES VICTORIA GYRO CLUB ON RELATIONS WITH THOSE COUNTRIES

VICTORIA, April 11.—Unless we have a gentlemen's agreement with China and Japan, and discuss our problems in a friendly way, we may simply be courted disaster for future days," stated Rev. A. J. Brace, F.R.G.S., secretary of the Canadian Volunteer Student Movement, in addressing the Victoria Gyro Club in the Chamber of Commerce auditorium at the weekly luncheon meeting.

Mr. Brace referred to the chaotic conditions which had existed in China, and observed that a republic could not be made "over night." Only since 1911 had the experiment of a republic been in operation in China and he pleaded that China be given time to right herself.

"The revolution in China has been fourfold—political, social, literary, and industrial—and in view of that fact, it is a wonder to me that the revolution has not been even greater than has been the case, and that more blood has not been shed," the speaker continued.

SOCIALISTICALLY INCLINED
In studying the history of China, it will be seen that the Chinese are socialistically inclined, Mr. Brace declared. The Chinese were tolerant, but they began to be intolerant "when someone tried to put something over on them. They want to be masters in

their own house. They have been tolerant people, but when any nation endeavors to ride roughshod over them their opposition rises in a warlike way."

Mr. Brace referred to the work of the League of Nations and the Institute of Pacific Relations, and lauded the way the representatives of the Oriental and Occidental nations met together around the common table, and face to face discussed their problems.

"If we face our problems in a businesslike, sensible manner, and study the friction points, particularly on the Pacific Coast, where the problems are bristling, there is hope of satisfactorily settling the differences between Canada and China and Japan in a peaceful way, instead of having to resort to the old heartless way of war in reaching a solution of our difficulties," Mr. Brace declared, amid applause.

RUPERT LOSES OPENING GAME

Considerably at a disadvantage on account of the strange hall, Prince Rupert High School "boys" basketball players lost to Ocean Falls in the first game of a series at the paper town on Monday night by a score of 27 to 9. The locals were holding up well during the first period which ended in a score of 12 to 7 against them but they went to pieces in the second period. The second game of the series will be played tonight and it is expected that it will be a much closer match. A third game will be played with an Intermediate team known as the White-Bangs on Thursday evening.

A full program of entertainment has been provided for the local boys during their visit to Ocean Falls and, according to word reaching the city this morning, they will not have an idle moment during their week's stay here. They will be taken through the big pulp and paper mill, for a cruise on the lake and there will be numerous dances and parties.

The team will return home on Saturday morning's boat.

TELKWA DOCTOR GOING TO ANYOX

Dr. George C. BRISK TRADING MINING STOCKS

VANCOUVER, April 11.—L. & L. was the feature of yesterday's mining market. With 105,000 shares traded in, due to unconfirmed reports of a rich strike, the stock advanced rapidly to 22 in the morning, a gain of 8 1/2 cents but fell away to 14 for the close, a net gain of 1 1/2 cents.

Trading after the Easter layoff was brisk with prices upward in the morning, easing off in the afternoon.

LARRY HALCROW OF LOCAL DRY DOCK TO MOVE TO VANCOUVER

Having taken a position with the Holtz-Eschbach boatbuilding yard in Vancouver, Larry Halcrow, for several years a man on the local dry dock, will sail for the south on the Prince Rupert Sunday night, accompanied by Mrs. Halcrow. Mr. Halcrow has been an efficient and popular member of the local shipyard staff and has been directly in charge of a number of important jobs. Many friends will regret the departure of himself and his wife.
