## VIRULENT CRITICISM OF CAPTAIN AND CREW OF VESTRIS

### Violent New York Criticism of Captain and Crew of Vestris is Described as Malicious

NEW YORK, Nov. 17.—The volume of matter carried in the New York papers criticizing the captain and crew of the Vestris has been very heavy and Lampont & Holt, agents of the line, intimated that they may have a statement in reply to the criticism later.

Reuters News Agency cabled the following in part to London: "Even in spectacular history in New York so-called 'Yellow Journalism,' no story ever evoked such violent headlines, unjust condemnation or ridiculous surmise as the tragic loss of the Vestris." After referring to some statements, he continues: "In no other country in the world except the United States, where newspaper libels are practically non-existent, could such an absurd, not to say malicious, statement be published and read without comment and presumably with a considerable degree of belief."

New York correspondent of Reuters sent to London on Saturday a dispatch which said: "Vestris sank because Bruce, a negro fireman, refused to keep up steam, and Captain Carey did not send an SOS sooner because 'there was no need for it.'"

### TIE CUTTING IN INTERIOR

Big Production This Winter is Assured With Cutters Active

Throughout the central interior the tie cutting industry is rapidly getting under way and a big production this winter is assured. For a time some shortage of help was experienced, but this has been rapidly overcome. Contracts are well up to last season and settler-contractors are looking forward to an active season with good profit. Last year contractors throughout the Bulkley Valley were called upon to fill orders not made good by operators throughout the middle west and it is believed that similar conditions will exist again this year.

### GEORGE HARDING DIES

SANTA ANA, Cal. Nov. 19.—George Harding, father of the late President Harding, died today, he was 85 years of age.

JUDGE—"How was it that you were travelling at eighty miles an hour when stopped?"  
DEFENDANT—"I must have slowed down to turn a corner."

### MAJORITY 13 IN AUSTRALIA

MELBOURNE, Australia, Nov. 19.—With the results still incomplete there is no doubt that the Government has emerged with a safe majority of thirteen, the coalition parties electing 44 members against 31 in the combined opposition, chiefly labor.

### MISS ROSANG WEDS LOCOMOTIVE FOREMAN

Well Known Local People Principals in Marriage Saturday Night

The wedding took place at 9 o'clock Saturday night of Miss Rosa Aleora Rosang, daughter of Mr. and Mrs. E. Rosang of this city, and William Stewart Phillips, locomotive foreman for the Canadian National Railways. Rev. J. R. Frizell of First Presbyterian Church officiating. The couple were attended by C. Graff and Mrs. C. A. Thompson, sister of the bride.

### PRESENTATION MRS. FRIZELL

Banquet at First Presbyterian Church Hall to Boy Scouts by C. G. I. T.

On Saturday evening the Canadian Girls in Training gave a banquet in First Presbyterian Hall, guests being the Boy Scouts. About fifty young people were present, guests of honor being Rev. and Mrs. J. R. Frizell, Tyn-dall Frizell, J. E. Davey and Scoutmasters Ben Ferguson and Dyer.

Following the dinner, the president, Miss Muriel Vance, on behalf of the C.G.I.T., presented Mrs. Frizell, who is leaving the city shortly, with a beautiful French hand-painted scarf as a token of the interest she has shown in the girls and their work. Mrs. Frizell responded in feeling terms, thanking the girls for their kindness and wishing them success in their work throughout the coming winter.

### HUGE PLANES FOR ALASKA

Service From Seattle Is Announced For Next Spring by Union Co.

SEATTLE, Nov. 19.—Inauguration in April by a subsidiary to the Union Air Lines of a service between Seattle, Victoria and Vancouver is announced. Two Sikorsky two-motored amphibian planes are to be used by the company in that service and three are to fly between here and Alaska. The planes have a capacity of 16 passengers, but normally will operate with eight passengers and a pilot, a mechanic and a licensed navigator.

### CONSERVATIVE SECRETARY AT VANCOUVER RESIGNS

VANCOUVER, Nov. 17.—J. A. Blair, assistant secretary of the Vancouver Conservative Association tendered his resignation to the new executive last evening. It was accepted with regret and a resolution expressing appreciation for his services was adopted.

### EARL OF CLONMELL DIED LAST NIGHT

WILLITON, Somerset, Nov. 19.—Earl of Clonmell died last night, 51 years of age. His uncle, Hon. Dudley Scott, 75 years of age, is his heir.

### Forty-one Were Killed in Storm Which Swept Over England and Caused Damage at the Week-end

LONDON, Nov. 19.—With 41 people killed in the storm which swept England, there was no sign of a recurrence of the gale. The damage done by the storm is being repaired. The restoration of communication added five to the death toll, when it was learned that many members of the crew of the small Liverpool schooner Mary Ann were drowned when the vessel was driven by the storm on to Dulas Rock.

Nineteen were killed by falling chimneys and trees or in traffic accidents and 17 drowned when the Rye lifeboat overturned.

SWANSEA, Nov. 19.—Fear that the gale which swept the British Isles had added 11 more victims to the toll was held here when it was learned that the steamer Eltham was wrecked. The vessel was washed ashore and broke in two off Chaple Point yesterday. Part of one of the Eltham's lifeboats was found on shore at Perran Point.

The vessel left Swansea for Rouen, France, Thursday, with a cargo of coal.

STOCKHOLM, Nov. 19.—Many ships were berthed off the Swedish coast in a violent storm during the week-end. No loss of life is reported.

AMSTERDAM, Nov. 19.—Three of the crew of 14 on the Swedish vessel Malmoe were drowned when the ship went aground near Ameland Island.

### FLOODING OF THE MISSOURI

KANSAS CITY, Nov. 19.—Week-end floods of the Missouri River at Kansas, Oklahoma, have claimed at least nine lives and done damage that will run into \$1,000,000. Torrential rainfall in the southwest rendered the plights of the hundreds of refugees and relief workers pitiable.

### PASTOR COMING LOCAL CHURCH

Rev. John Sutherland of Nova Scotia to Supply for Presbyterians in December

School Inspector H. C. Fraser received a telegram this morning from Rev. Dr. R. G. McBeth, interim moderator, stating that Rev. John Sutherland of New Glasgow, Nova Scotia, a graduate of Edinburgh University, would supply the First Presbyterian Church in Prince Rupert during the month of December.

Rev. J. R. Frizell, who has been here for the past two years, will preach his farewell sermon on Sunday next.

### RECORD OF GRAIN HANDLING IN CITY MONTREAL THIS YEAR

MONTREAL, Nov. 19.—Montreal harbor topped its own world's record for handling grain, beating 390,000,000 bushel record of last year by 25,000,000 bushels so far.

### PRICE OF WHEAT

VANCOUVER, Nov. 19.—Wheat was quoted on the exchange today at \$1.20 1/2.

A game may be won, lost or drawn. The term "Drawn game" is understood to have originated in connection with cricket. If it is found that the game cannot be

finished the stumps are "drawn" and the game does not continue.

Under present plans, the major league baseball campaigns will start a week later in 1929 than they did this year. John Heydler, President of the National League, said it was expected to open the season in both leagues on April 16 and close on Sept. 29.

## Toronto Maple Leafs Only Team in International Hockey League to Win Both Games in Opening

TORONTO, Nov. 19.—The Toronto Maple Leafs today is the only team in the National Hockey League which has won both its games. On Saturday night that team showed great improvement over last year, while the Canadiens lacked the dash that made them so popular last year.

Ottawa went through another 70 minutes of hockey with Boston tying them after 10 minutes' overtime.

Nels Stewart hit his stride in Saturday's game when Montreal beat Chicago four goals to two. Two of the goals were made by Stewart.

Eighteen thousand fans saw New York teams play an intra-city game to a tie, each team getting one goal.

Pittsburgh and Chicago are both without wins so far this season. Scores at the week-end were as follows:

- Saturday Night**  
 Boston 2, Ottawa 2.  
 Chicago 2, Montreal 4.  
 Canadiens 2, Toronto 4.
- Sunday**  
 Detroit 3, Pittsburgh 1.  
 N. Y. Americans 1, N. Y. Rangers 1.

**Skrip, successor to ink, abolishes pen clogging**

By a score of scientific tests this new product of ours establishes itself as probably the greatest improvement ever made in writing fluids. Washable Skrip for school and special work demonstrates a smooth and brilliant color, yet washes out of clothing easily. Permanent Skrip, for record work, tenaciously holds its legibility. Both flow freely and evenly at all times, without flooding, dry quickly on the paper, but will not dry on the pen point or clog the flow. See that your fountain-pen is given a chance to use this great fluid. Skrip makes all pens write better and the Lifetime pen write best. Try it today.

**AUSTRALIAN EXTREMISTS LOST**

There have been Labor governments in Australia and there probably will be Labor governments there again, but it seems as if the success of that party depends upon its attitude on public questions. If it is moderate, it will receive the support of the people. Just now, however, it is tainted with Bolshevism and that is the cause of failure. Strikes have been forced and have caused a revulsion of feeling against the extremists that at the week-end culminated in the overthrow of the attempts of the party to replace the Bruce government with one more in sympathy with the aims and objects of the mass of the people. It was not satisfaction with the Bruce government that caused its return, but dissatisfaction with the Labor propaganda and dissensions in the Labor ranks.

**LABRADOR TO REMAIN BRITISH**

Labrador is to remain British. Premier-Elect Squires assures the world that there is no intention of transferring it to the United States and that statements to that effect were made without his authority. Labrador should be a part of Canada. While the island of Newfoundland is separate from Canada and may well carry on as a Crown Colony just as it is today, Labrador is different. Should it be alienated there would be a similar condition in the east to that obtaining in the west, where Alaska cuts off a large part of Canada from the sea and interferes very seriously with development. Canada and that any attempt to alienate it should be We suggest that Canada should at once make overtures to Newfoundland with a view to securing Labrador for Canada and that any attempt to alienate it should be looked upon as an unfriendly act against this country.

**CHOICE OF SCHOOL TRUSTEES**

In view of the finding of a coroner's jury on Vancouver Island, where a young lady school teacher committed suicide because of the persecution of her trustees, it is well to remember that the office of school trustee is probably the most important in the gift of the people and great care should be taken in electing men or women who have some education and who are known to be men or women of broad sympathies and with a grasp of affairs. Very soon Prince Rupert will be choosing school trustees and the hint to the people here might not be out of order.

**HELP THE BOY SCOUTS IN THEIR WORK**

The boy scouts of the city have undertaken some useful work and are asking for the co-operation of the citizens. We are glad to be able to recommend this to the people here. In most houses there are broken toys or discarded books that no longer serve any useful purpose. If they are handed to the scouts they will be renovated and repaired and made useful to others who are unable to get such things themselves. A few minutes spent in looking them up and sending them to the top shop on Third Avenue would be appreciated by the boys who wish to be useful.

**SCOUTS OPEN FOR BUSINESS**

Toy Repair Shop Is Now Going Concern in Third Avenue Store

Legless dolls, broken wagons, games that are defective, books with the covers almost off and dozens of other toys and games that need repair have been donated to the local boy scouts and will be repaired and renovated by them and distributed to those who need just such things for Christmas. There is a display of some of the articles in the window next the Electric Bakery on Third Avenue, where the scouts are open every evening and are ready to receive articles that people do not need but which might be useful to someone else.

The scoutmasters say the work is just about to commence. Some of the articles sent in can be made like new, while others perhaps are gone too far for repair. At any rate two splendid objects will have been attained. One is the teaching of a lesson of unselfish usefulness for the benefit of others and the other the giving of pleasure to those who are not so well placed as the rest of the community and are not able to get just as many toys and books as their fellows.

**LOGGING SCALE IS IMPROVING**

Month of October Exceeded Same Month Last Year but Totals Much Lower

With the logging scale for the month of October 14,385,896 board feet, the total scale for the year to the end of October was 75,745,609 board feet, a very considerable drop over the cut for last year, although the cut for the month was higher by a million and a half feet than for November, 1927.

The scaling of poles is down for the month of October this year over last, but the total for this year is nearly half a million lineal feet higher than to the same period of last year.

The official scale for October last follows:

Douglas Fir, board feet	1,098,662
Red Cedar	2,420,166
Coast Spruce	4,271,318
Interior Spruce	292,605
Hemlock	4,239,361

**Our greatest asset**

THE material progress of our Province is known the world over. We speak with pride...and rightly...of its vast natural resources awaiting conversion into merchandise and wealth. We take the figures of ten years ago and compare them with those of today...and the world agrees that our progress...considering our population...has been the brightest feature in the recovery of the British Empire from the war.

And if this progress, of which we are so justly proud, is to continue, does not the most vital force of this country lie in our children? Some day, they will take the helm. Events will follow their judgment, skill and decision. THEY ARE OUR GREATEST ASSET!

The Boy of today is the Man of to-morrow... the Girl, the future Mother of our citizens.

On us rests the responsibility of shaping their formative years so that when we hand over the reins, they may carry on the Torch of Progress, undimmed.

How have we met our responsibility? Can we look Young British Columbia in the eye with the feeling that all will be well with the future of the province for which we have planned so carefully and labored so faithfully?  
**SURELY!**

In the last ten years our school population has grown from 64,570 to 101,688... 58%. We have 1,065 schools manned by 3,396 thoroughly

trained, competent teachers... an increase of 31.7% and 71% respectively!

Recently we have established special vocational schools for our girls and boys, where they may be fitted for those occupations for which they have a natural bent.

Higher education is amply provided for at our University of British Columbia, where two thousand students are now enrolled, the majority studying for their degree in Science and Agriculture.

And to the school training of our children we add the powerful influence of Home, the religious and other organizations, each of which is contributing its full measure of the physical, mental and character upbuilding of our dearest, most treasured asset... OUR CHILDREN!

With confidence and faith we will hand over our beloved Province's future when the time comes!

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

# Closing Out Sale!

## FURS COATS JACQUETS CAPES

Our \$30,000 stock of made up Furs is going on sale at sacrifice prices. We have a wonderful assortment of Ladies' Fur Coats, Jacquets and Capes—coats of Hudson and Electric Seal, Mink, Muskrat, Persian Lamb and Novelty Fur. Jacquets and Capes with Sable, Mink, Marten and Fox collars and cuffs. Chokers in Red, Brown, Black, White and Silver Fox, Marten, Mink and Ermine. These are all being offered at bargain prices.

### Why?

*Because we are Giving Up the B.C. Fur Store* and amalgamating that stock with The Louvre at the end of this month. There is not nearly enough room at The Louvre for this entire stock, therefore we have to reduce it to manageable proportions. To do this prices have been cut in two, giving fortunate buyers an opportunity of securing valuable and rich furs at bargain prices.

**Dressy Fur Chokers**

In Red, Brown, Black, White and Silver Fox, and in Marten, Mink and Ermine. Snappy and dressy.

### What Is More DRESSY AND STYLISH

Now is the time of year when you feel the need of a warm fur, and what is more dressy or stylish? There can be no better Christmas present for your wife than a fur coat or choker. If necessary, we will hold goods until then on deposit, so that you may take advantage of the low prices now.

### A Suggestion

### A Fur Coat

makes an ideal gift to wife or sweetheart for Christmas—or, indeed, any time. It makes a gift that will last, that is useful, and that will be appreciated all the time.

### REMEMBER

The B. C. Fur Company closes the last day of this month, when amalgamation with The Louvre takes place. Until then our entire stock of made up furs is at your disposal, giving you a chance of saving money. Sale will start on Tuesday, November 20, and until then will remain closed to permit re-marking down prices.

AROUND PRINCE RUPERT  
Exceptional Values on George Copper; Simulator Group Is Syndicated; Duthie to Complete Payment for Rufus-Argenta

Diamond drilling this season on the George Copper in the Bear River section of the Portland Canal district has revealed exceptional values, and, while the Consolidated Mining & Smelting Co., controlling the property, refuses to comment upon development results, there seems to be no doubt about the satisfactory nature of the season's work. George Copper is regarded by mining men as one of the Consolidated's major operations, particularly in view of the reported plans to establish a smelter on the coast. Eight diamond drills have explored the big property during the season.

Connection of thirty years with the Atlin mining district has been severed by H. Maluin of Paris, France, who has sold all his personal and company interests. Mr. Maluin is a veteran of the rush of 1898 when he walked from Kamloops to Telegraph Creek and later got as far as Whitehorse. He struck it rich that first year and has been in the district regularly every season since that time. The French company in which he is interested plans, Mr. Maluin says, to operate in some gold field on the Pacific Coast.

The Stimulator group, comprising nine claims situated on the south side of Marmot River and owned by W. C. Magee and A. R. Casey, has been organized into a syndicate called the Bi-Metallic Syndicate and Clay Porter, who made a success of the Porter-Jahoe, has gone into the syndicate as chairman of the board of trustees. Walter C. Blanton and Mr. Magee are the other trustees. Mr. Porter sampled two of the six known veins on the property and found values of from a few dollars up to \$1,084. It is intended to start work as early as possible next year and make a shipment before fall. A 2,000-foot cable will transport the ore from the workings to the creek bottom. Finances for opening up the property are already assured.

Efforts are being made by the Fitzgerald brothers of Stewart to prove up placer ground in the White River section of the Naas district below the outlet of Mezzladen Lake which has been known of for practically twenty years and on which there was somewhat of a stampede in 1910. The last trip made in by the Fitzgeralds to the ground was with M. J. Lee, experienced hydraulic engineer, who says that the ground looks like a dredging proposition of some magnitude. There are several hundred acres of creek bottoms that make good dredging ground and from which it is believed good values can be recovered.

The Big Missouri mining company of Tacoma, which has a 47 percent interest in the Big Missouri mining property in the Portland Canal district, has acquired fifty-one percent interest in the Missouri Monarch Mining Co. which has promising properties in the Elco country of Nevada.

The steam driven power plant, which was in use on the Duthie mine near Smithers and which has been replaced by a new hydro-electric plant there, is to be shipped to the Rufus-Argenta property at Stewart and used there. Work will be carried on at the Rufus throughout the winter under the direction of Matthew Rees, mining engineer. A diamond drilling program will be commenced in the spring and meanwhile, contract for tunnelling has been let to a group of Swedes at \$22 per foot. J. F. Duthie has indicated his intention of paying \$400,000 before the end of the year to the Rufus-Argenta Mines Ltd. to complete the deal for the property. He has taken up the agreement which had been entered into by the Daly-Gerard interests of New York. Heavy machinery for next year's operations has been fabricated at the Duthie Ironworks in Seattle and will be hauled in over the snow during the winter freeze-up.

N. Hanson sailed last night on the Catala for Stewart.

Edward Rasmussen, president of the Bank of Alaska at Skagway, was a passenger aboard the Princess Alice this morning going through to the Eastern States.

Rev. J. R. Frizell of First Presbyterian Church and Rev. A. Wilson of First United Church exchanged pulpits for evening services yesterday.

Frank Baker arrived in the city on the Princess Alice this morning from Anchorage, Alaska, where he has been engaged in mining, and will visit here with friends.

F. L. T. Dunroe and son Patrick Dunroe, sailed by the Princess Saturday night on their return to Port Clements after having spent several days visiting in the city.

No further games were played at the week-end in the delayed second division billiard tournament between the Grotto and Cold Storage. Three games remain to be played.

The case of Joe Seymour and Alex Dennis, Indians, charged with theft from the halibut boat Tramp, was adjourned from this morning to tomorrow afternoon in County Court.

Mrs. M. J. Brodie and Mrs. C. M. Hilton of Topley arrived in the city from the interior on yesterday afternoon's train and sailed this morning on the Princess Alice for Vancouver.

C. T. Frizell returned on the Prince George last night to Vancouver after having spent a couple of weeks in the city visiting with his parents, Rev. and Mrs. J. R. Frizell.

W. S. Harris, well known Hazelton mining man, who has been on a business trip south, arrived in the city from Vancouver on the Catala last evening and proceeded to the interior on this morning's train.

Miss Jennie Bender, who is engaged in the barbering business at Atlin, arrived in the city from the north on the Princess Alice this morning, being on the way to Grassy Plains to visit with relatives.

Special choral music at evening service in First Presbyterian Church yesterday included the hymn "Hail Sacred Day" by the choir and a vocal duet "Morning Land" by John E. Davey, choir master, and Miss Georgina Hunter.

There were 102 passengers going south aboard the steamer Princess Alice which was in port today. Most of them were Alaska and Yukon people going outside for the winter. Only two passengers disembarked here from the vessel.

V. I. Hahn, superintendent of the rail division of the Yukon & White Pass Railway and Navigation Co., and Mrs. Hahn were passengers aboard the Princess Alice today going south from Skagway for the winter.

First reported due at 8 a.m. but delayed by rough weather in the north, C. P. R. steamer Princess Alice, Capt. Thomas Cliff, arrived from Alaska ports at 11 o'clock this morning and sailed at 1 p. m. for the south. This is the last trip of the Alice on the Alaska run which will be taken up for the winter by the Princess Mary.

Black Velvet Ideal for Winter Wear

When all is said and done you can't find anything to take the place of black velvet. It can be used for many occasions. And it can be made up for afternoon, dinner and evening gowns.

Black velvet combines beautifully with many materials and trimmings. Laces and other meal fabrics, laces and fur are the favorites.

Transparent black velvet is the medium for this attractive model. The trimming of Alencon lace adds a pleasing touch, while the side drape contributes to its gracefulness.

This Three-Piece Ensemble is important

The woman who would be well dressed simply must include at least one ensemble in her winter wardrobe.

And by "ensemble" I mean a costume on the order of the one detailed above. Of a beautiful imported tweed, black, if you please, is boasts a three-quarter length jacket, bordered with cuff with flat, sheared goat.

The silver buckle connects the silver gray flat crepe blouse with the skirt in an artistic manner.

## THE DORMANT NERVE

When a limb will not move or an organ of the body will not function a dormant nerve is responsible. The result is disease through nerve pressure. When you are suffering from Headache, Backache, Sciatica, Rheumatism or have stomach trouble, you may be sure that dormant nerves are the chief cause of the trouble.

You will be surprised how easily and painlessly these troubles can be removed by Chiropractic adjustments and the Infra-red-ray. Consult W. C. Aspinall, 4 and 7 Exchange Block, Cor. of Third Avenue and 6th St. Phones Red 263, Green 241. Open evenings. Advt. 271

MINING

TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

FURY OF HECATE STS. FORCES STEAMER BACK

Prince Charles Returns To Port After Encountering Rough Season on Start of Voyage

On the steamer Prince Charles, Captain Neil McLean, which sailed at 10 o'clock Saturday night destined for Vancouver via the Queen Charlotte Islands, was forced back to port at 4 o'clock yesterday afternoon owing to the extremely rough condition of the sea on Hecate Straits. The vessel went out as far as Triple Island and just past there, with sea tossing the vessel around like a cork and at times nigh burying her, Captain McLean decided that, for the comfort if not safety of the ship and passengers, the best thing to do was run back for shelter. Accordingly, after having had a rough night of it, return was made at 4 a.m. to the entrance of the harbor and the steamer anchored off Fairview Point. In the afternoon the vessel returned to her dock and took on a supply of fuel oil from the Imperial Oil Co. for ballast. Last evening the Prince Charles ventured forth again with weather prospects even then not overly propitious.

## HOOT GIBSON AT WESTHOLME

Hoot Gibson, Universal's great cowboy star, comes here again in what is reported to be one of his greatest screen successes. The picture, "The Flyin' Cowboy," will be at the Westholme tonight and tomorrow.

Gibson is one of those rare screen players who has always been able to please the taste of moviegoers. Instead of his popularity growing less after several years of top-rating among film players, the cowboy is becoming more a favorite than ever.

"The Flyin' Cowboy" has a story that is different from those in most Western productions. The plot revolves about a Dude Ranch. Gibson experiences many thrilling adventures that are new to screen fans.

## SWOOPS DOWN WITH AIRPLANE

Daredevil Scene in Picture to Be Shown Tonight and Tomorrow at Westholme

High up in the sky is a bombing plane, while below, hurtling along at break-neck speed is a buckboard drawn by two runaway horses. A short distance behind the horse-drawn vehicle, which contains a girl and a man, is a band of horsemen who seem to be closing the gap between the two.

To the two men in the aeroplane the people and the animals on the ground look like ants, but it is apparent that the ones in the fore are being pursued and are very much frightened.

The bomber swoops close to the ground and envelops the horsemen in a cloud of smoke which chokes and blinds them. The plane then darts ahead and when it overtakes the buckboard, the younger man in it, a daredevil Ace of the Royal Flying Corps, climbs out to the tip of the wing, leaps and lands on the back of one of the horses and pulls the team to a stop.

That is one of the scenes in the great airplane melodrama "Aflame in the Sky," showing tonight and tomorrow at the Westholme.

## 'Big Parade' Shows at The Capitol Theatre

John Gilbert Has Leading Role in Super-Spectacle Tonight, Tuesday and Wednesday

"The Big Parade," a picture as great as its subject, hailed all over the continent as the greatest record-breaking film of all time, will have its initial showing at the Capitol tonight.

"The Big Parade" is a simple story, simply told. Jim Apperson, an easy-going, likable young fellow enlists at the outbreak of the war, leaving his family and sweetheart. While stationed behind the lines, he falls in love with a French peasant girl, Melisande, and at the conclusion of the war goes home to find conditions changed. It would be unfair to tell the rest of the story. How he works out his destiny is the basis of a powerful and human climax.

John Gilbert is superb as the American doughboy; he has never done anything finer. Renee Adoree plays the part of the French Melisande to perfection. There is something in the love scenes between these two that makes the heart leap.

### SERVICE HELD IN GENERAL HOSPITAL

Rev. W. F. Price Conducts First of Series to be Held by Ministerial Association

The first of a series of services which the Prince Rupert Ministerial Association plans to hold every Sunday in the Prince Rupert General Hospital was conducted yesterday afternoon in the classroom of the institution by Rev. W. F. Price, pastor of First Baptist Church. There was a suitable address and W. Vaughan Davies presided at the piano for the hymns. Appreciation of the attention was expressed by the patients.

Lieut. Erik Nelson, who was a member of the United States Army Air Squadron which made the round-the-world flight in 1923, was a visitor in Vancouver last week. As sales manager for the Boeing Airplane Co. of Seattle, he was inspecting flying boats of the Western Canada Airways, Ltd. which were used during the past summer in fisheries patrol.
