VANCOUVER, July 24.—The celebration here yesterday afternoon in connection with the opening of a new aerial service by the B. C. OLD CABINET HAS MEETING

ONLY ROUTINE BUSINESS DISCUSSED PREMIER MACLEAN BEING URGED TO CONTINUE AS CABINET CHIEF

VICTORIA, July 24.—The first meeting of the cabinet, following the provincial election last week, was held yesterday with all ministers present. There were mutual condolences at the defeat of the government and three of its ministers. Business consisted of only routine matters as the government has already stated that it will institute no new undertakings before retiring from office.

Many leaders of both Conservative and Liberal parties express their willingness that Premier MacLean, though he lost his seat by running in Victoria, should continue to lead the Liberals in Opposition. The suggestion is made that, if the Liberals allowed the new cabinet ministers to be returned by acclamation, the Conservatives would not oppose the return of Dr. MacLean should he accept the offer of a seat by one of the Liberals who has been returned. Dr. MacLean states that he will be guided by members of the party in the matter.

KERGIN HAS LEAD OF 34

CORRECTED FIGURES FROM ATLIN RIDING CHANGE COMPLEXION OF ELECTION CONTENT THERE

Corrected returns from Atlin riding in provincial election voting, with but a few polls remaining to be heard from give H. F. Kergin, M.L.A., a lead of 34 votes over his Conservative opponent, T. W. Falconer, and it is believed to be hardly likely now that there will be any change in the result. According to returns so far available, the vote stands: Kergin, 569; Falconer, 496; Mout, 23. Instead of giving a majority to Falconer as was originally reported, Atlin poll gave Kergin more than a two to one vote. This, together with a majority of sixteen votes at Telegraph Creek, offset an adverse majority in Spruce Creek is also reported to have given Kergin a majority though definite figures are not yet available and are not included in the foregoing result.

Table with columns: Ker., Fal., Mout. Rows: Anyox Mine, Atlin, Premier, Grease Harbor, Alice Arm, Big Missouri, Marmot, Bitter Creek, Anyox Beach, Stewart, Toric, Telegraph Creek, Jordan River, Dease Lake.

Prince Rupert Boys Band Due Home Tomorrow After Spending Pleasant and Successful Week in Edmonton

Steve DeBlock, arriving in the city last night from Edmonton, tells of a busy week which the Prince Rupert Boys' Band had in the Alberta capital during its recent tour.

On the band's first day in Edmonton (Monday) they were the guests of the Swift-Canadian Co. which showed them around its plant and served refreshments. In the afternoon, the local boys had luncheon in the Macdonald Hotel as guests of the Royal Air Force Band, the director of that organization passing very complimentary remarks as to their playing.

On Tuesday afternoon, the local band broadcasted and on Wednesday they were the guests of the Edmonton City Dairy Co., being served ice cream and milk to their heart's content. On Thursday they had luncheon as the personal guests of Mayor Bury of Edmonton, this being followed by a drive about the city. On Friday they played at the Canadian Legion War Memorial Hall and that evening were the guests of the Empress Theatre and heard the English Boys' Choir. On Saturday they went for a forty-mile drive as the guests of the Woodland Dairy Co. and were expecting to participate in a church parade on Sunday.

The boys were given free entry to the Exhibition and were allowed in the swimming pool twice a day.

Through F. W. Doherty, president of the Rotary Club and formerly of this city, they were provided with sleeping accommodations in the park.

The band is due home by tomorrow afternoon's train.

Nagging of Parent Incited Him to Take Her Life Says Young Farmer in Confession

EDMONTON, July 24.—Vernon Booher, aged 20, farmer's son, of Manville, Alberta, is said by the police to have confessed to shooting his mother, his brother and two hired men on his father's farm on the evening of July 9 while his father and two sisters were absent. Booher is said to have ascribed his act to constant nagging by his mother and brother about a girl he "was crazy about." The police say that Booher, who gave them no clue in constant investigations since the shooting, suddenly decided on Monday he "wanted to end it all and I don't care if I hang tomorrow. I don't want my father and sisters to have to go to court."

NORTH IN OPPOSITION

Prince Rupert and, indeed, four out of the five ridings in Northern British Columbia, find themselves on the Opposition side of the Legislature now. There they will be for the next four years. There need be no great trepidation over the fact. The north is at least represented by men of presents and fighters such as the Opposition should have, Pattullo, Manson, Wrinch and Kergin all have made good on the Government side. They all possess talents which should lead to similar success in their new status. How they act under changed conditions, none of them have ever sat in Opposition before, will be followed with interest. We expect of them not to be mere political obstructionists but to support the Government where they find the Government is doing well and rightly by the country and particularly by these ridings. On the other hand, they will be expected to exercise all their powers of opposition when the government might propose to do something that it was not for the welfare of the province or of these ridings. That is the duty of the Opposition—a duty which if it fulfills will be recognized by the province as the whole and the districts its members individually represent. With one of their number probably in the role of lead of the Opposition, the Liberal group from Northern British Columbia should still be in a strong position and capable of giving effective representation on behalf of these ridings.

DAME ELLEN TERRY

Probably no family in the history of the modern stage can count so many men and women possessing a high order of histrionic ability among its members than that of the late Ellen Terry. Kate Terry, Ellen's eldest sister, was one of the leading emotional actresses of the Victorian era. Ellen was the second daughter. Her next sister, Marion Terry, made her debut in 1873 and became a noted English actress. Florence Terry, youngest of the four sisters, went on the stage in 1870 in Charles Reades version of Moliere's "Le Malade Imaginaire." She died in 1896. There were two brothers. Charles Terry became a prominent theatrical manager and had a daughter, Minnie who became prominent in juvenile roles. Fred Terry also met with success on the stage.

Ellen made her first appearance as a child on April 28, 1856, playing with Charles Kean in "The Winters Tale" at the old Princess's Theatre of London. Queen Victoria, Prince Albert and the Princess Royal were in the audience and Ellen Terry really began and ended her stage career in the sunshine of royal patronage.

She wore a little red and white coat and a row of tight, sausage curls clustered around her head. Her duty was to run about the stage with a small go-cart and carrying out her instructions with more vigor than discretion she tipped over the go-cart handle and fell on her back.

"A titter ran through the house and I felt that my career as an actress was ruined for ever," she said afterwards. "Bitter and copious were the tears I shed but I am sure that the incident did not materially alter the course of my life."

Soon afterwards she was engaged to play "Puck" in Charles Kean's revival of "A Midsummer Night's Dream." Her sister Kate played Titania. Ellen appeared through a trap door in the stage at the end of the second act for a final speech. An impetuous stage hand closed the door too quickly, crushing her foot.

"I screamed," Miss Terry said, "and Kate rushed over to me and banged her foot on the stage. But the stagehand, mistaking the signal, closed the door tighter.

"Mrs. Kean rushed off the stage and made him release the door, then she whispered to Ellen:

"Finish the play, dear, and I'll double your salary."

Miss Terry spoke her piece and then fainted. When she was revived she saw a strange young man leaning over and assuring her that she "would get on." It was "a new actor" of whom no one seem to know anything except that his name was Henry Irving.

She found in Irving a companion spirit. The type of drama in which Irving yearned to succeed was precisely that which Ellen Terry found most to her taste. She cared nothing for the plays impregnated with the sordid actualities of life.

Her Ophelia was distinguished with the wonderful charm that made her Portia famous. She was careful to make it clear that Ophelia was a girl rather than a woman. Her art carried the complete innocence of the most ill-fated of all Shakespeare's heroines to superb heights.

Reviewing her life on the stage sometime before her death, Miss Terry said that it seemed "in some way to have passed as a dream. Is it not too bad that we must leave life when we are best fitted to enjoy it? If I had devised creation I would have had everybody born old and year by year grow younger, finally to pass away in innocent infancy."

CITY TO PUT IN MAIN FOR C. N. R.

FACILITY WHICH 1927 COUNCIL REFUSED IS TO BE GIVEN BY THIS YEAR'S BODY

Considerable discussion took place at last night's council meeting regarding a Board of Works recommendation that the water pipe connection on Sixth Street be extended to connect with the C.N.R. water main at Wayne Place. Alderman Collart thought that nothing should be done till the plans of the property holders had been submitted.

The mayor stated that tentative plans had already been submitted.

Alderman Brown said that this matter had been discussed previously but as the request had come so close to the end of the year it was felt better to postpone the matter.

Alderman Rudderham pointed out that the main would not be constructed on private property.

On a vote, the recommendation was agreed to. Alderman Collart voting against the motion. Ald. Collart wondered where the money for extension which would cost \$700 would come from.

SPORT DRIVE FOR HOSPITAL

SUCCESSFUL EVENT IN AID OF THE QUEEN CHARLOTTE INSTITUTE - MANY DONATIONS

QUEEN CHARLOTTE CITY, July 24.—The annual sports and drive on behalf of the Skidegate Inlet Hospital was held recently at Queen Charlotte City and proved one of the most successful events ever held in the history of the Hospital. The arrangements were in the hands of the Queen Charlotte Board of Trade. A general holiday was declared and settlers from all points of Skidegate Inlet and many miles along the east coast arrived in cars and launches to participate in sports for both old and young. The picnic grounds, stores and dwelling houses were all gaily decorated with bunting and flags and a regular holiday spirit prevailed. The ladies of Queen Charlotte assisted by others from outside points served a splendid lunch on the grounds, which helped considerably to swell the takings of the day. The local O.G.I.T. Girls' stall and bran tub also netted nice little sums. A dance in the evening brought to a close a most successful day.

Below is a list of the wholesale merchants and friends who responded to an appeal for funds to help equip the hospital which will shortly be opened in charge of Dr. G. A. C. Roberts, who is now en route to Queen Charlotte from Toronto:

CRITICISM OF MODERN GIRLS

HEAD OF LINCOLN HIGH SCHOOL THINKS THEY DO NOT TAKE BUSINESS OF LIFE SERIOUSLY

LONDON, July 24—Educated girls are too casual.

Have too much idea of their own importance.

Want to go through doors first.

Do not stand up when they ought to.

Say "Right O" instead of "Yes, sir," and

Work with one eye on the clock.

These and other criticisms by industrial employers of the younger feminine element in their employment were communicated to the Conference of the Association of Head Mistresses by Miss L. Savill, of Lincoln High School. Another opinion quoted was that girls were unable to stand emotional strain, this being due, perhaps to too much education and to trying to burn the candle at both ends.

Marriage and the fact that parents did not take their girls' business life seriously, and would, on the slightest provocation, get them to stay at home and nurse a sick relative were also points raised against the employment of girls.

One firm, however, declared that a competent woman secretary was worth any two men.

One of the principal subjects discussed by the conference was the importance of activities for school girls outside the class room. A generally expressed view was that outside activities developed characteristics which it was impossible to develop in the class room.

BIRTHS

A son was born at the Prince Rupert General Hospital to Mr. and Mrs. Joseph Rostin on July 23.

"Are we right for MOTORING?" asked the gentleman at the wheel.

"Right as can be," cheerily called Plain Mr. York of York, Yorks. "All roads lead to Rowntree's Moting Chocolate. Good roads, too, for Moting's a delicious blend of sweet Valencia almonds and juicy Nectar raisins in either plain or milk chocolate. You'll thoroughly enjoy it."

Moting is made by the makers of the famous Plain York Chocolate and bears the Rowntree name—standard of quality in chocolate. Try it to-day—either Plain or Milk—you'll find them positively delicious.

Questions and Answers

QUESTION—Is there a separate list of awards for each of the two districts?
ANSWER—Yes. Each of the districts is assured one of the two big enclosed automobiles and just as many cash awards as their are active candidates.

QUESTION—How is the territory divided?
ANSWER—The territory covered by The Daily News has been divided into two separate districts in order to insure an equitable distribution of the many big gifts. One of these districts is in the city of Prince Rupert and the other district comprises only the territory outside Prince Rupert city limits. The candidates in one district are NOT in competition with the candidates in the other district for the district prizes.

QUESTION—How many active candidates are now entered in the campaign?
ANSWER—At the present time there are not as many active candidates as there are big prizes.

QUESTION—May I secure subscriptions outside of my own district?
ANSWER—Yes. You may secure subscriptions and votes anywhere.

QUESTION—Since I am allowed to secure subscriptions anywhere, why are the prizes set aside for different districts?
ANSWER—The prizes are set aside in different districts to make less competition for the respective candidates. In order to win one of the big enclosed cars you do not have to have more votes than the other other candidates throughout the entire territory covered by The Daily News. You only have to have more votes than the few contenders in your own district.

QUESTION—How are votes obtained?
ANSWER—A certain number of votes are given for subscription payments, as shown in the vote schedule, and by the coupons which appear in the paper.

QUESTION—May subscriptions be taken from persons now subscribing to The Daily News as well as from new subscribers?
ANSWER—All subscriptions, whether new or renewal, count a certain number of votes as shown by the vote schedule.

QUESTION—May I take subscriptions to be started at some future date?
ANSWER—Yes. Simply make a notation on the stub in your receipt book to that effect.

QUESTION—How can I enter the Gift Distribution?
ANSWER—Simply by filling out the nomination blank appearing on this page. Send or bring it to this office.

QUESTION—Does it cost anything to enter?
ANSWER—It will not cost you one cent to enter and win even the biggest prize. The Daily News bears all the expense.

QUESTION—When is the best time to enter?
ANSWER—Now, while subscriptions count the most votes. More votes are given during the first part of the campaign than will be given later.

QUESTION—Will subscriptions be worth more to me later in the campaign than they are now?
ANSWER—Subscriptions are positively worth many times more votes during the early part of the campaign than they will be at any other later date in the campaign.

QUESTION—Is there any danger of the campaign being extended or called off?
ANSWER—Positively no changes will be made in the campaign. The full details and particulars as published will be strictly adhered to and not altered in the least.

QUESTION—Am I assured any compensation for my time?
ANSWER—Every active participant who fails to win one of the big prizes is GUARANTEED a cash award equal to 10 per cent (one-tenth) of every dollar they turn in for subscriptions.

QUESTION—Who will win the two big enclosed automobiles?
ANSWER—The two people who realize that the good things of life have to be gone after. Nothing worth having was ever gotten without some effort. If you have the determination to enter and say to yourself, "I am going to win," your battle is half won.

QUESTION—Where and how can I secure any further information or assistance regarding the campaign?
ANSWER—The Daily News has secured the services of a Circulation Campaign Manager who is thoroughly experienced in this line of work. He can be found at The Daily News office each day from 9 a. m. until 8 p. m. and is here for the sole purpose of assisting each person who desires information and assistance on the campaign. STILL ROOM IN NEWS' CAMPAIGN

OFFERS OPPORTUNITY OF MAKING MUCH MONEY IN FEW WEEKS' TIME

Have YOU considered The Daily News' Everybody Wins' campaign for yourself? Do YOU realize that The News is offering you an opportunity to make more money in just a few weeks of your spare moments, than you will probably ever have again? Do YOU know that the five biggest prizes in this campaign are a \$1,200 Pontiac Sedan; an \$860 Ford Tudor Sedan; one prize of \$500 in cash and two prizes of \$100 each in cash? Do YOU know that you have the opportunity of winning any of the above prizes without one cent of expense to yourself? Do YOU know that if you do not win one of the big prizes you are GUARANTEED a cash prize equal to 10 per cent of all money you turn in for subscriptions? Do YOU realize that you can receive full details of this mammoth offer without obligating yourself at all? Do YOU understand that by entering this campaign NOW you are getting off to an even start as, at the present time there are not as many active candidates as there are big prizes?

The News' "Everybody Wins" Campaign is a meritorious plan from beginning to end. Every precaution has been taken to safeguard the interests of the participants, and everyone is absolutely assured of fair and impartial treatment. It is a plan which ultimately works to the best interests of all. Fine candidates profit. The News profits. And the local merchants who use The News advertising columns profit, in that the success of the enterprise will place The News in more homes.
Considering the liberal distribution of prizes and the easy way in which even the biggest of the prizes can be won in just spare hours, it is very puzzling to the campaign management why there has not been more response to this generous offer. There should be at least as many active candidates as there are big prizes. Consider this opportunity for yourself and receive the full details at once.

INFORMATION AND ASSISTANCE
In order to give every one who participates in this big campaign the greatest possible assistance and to properly handle the circulation so that each new subscriber will get his paper promptly and so avoid confusion, The Daily News has secured the services of a Circulation Campaign Manager. He is thoroughly experienced in this line of work. He will give his entire time and attention to those who desire to take part in this gift distribution. If there is anything you want to know about this campaign, anything you do not understand, call and see him or telephone him. The Daily News campaign office (located on the second floor of The News building, 243 Third Avenue, Prince Rupert) will be open from 9 a.m. to 8 p.m. each day. You will always find the Campaign Manager here. Put him to work for you. He will be glad to help telephone him if you wish. Telephone 634. If you prefer a representative will call and explain just how to go about
