#### Huge Crowd Saw Landing of Graf Zeppelin At Lakehurst Yesterday Skipper Tells Of Long Voyage

Speed had to be Reduced When Port Horizontal Covering Was Broken and This Delayed Arrival Score or More Hours

LAKEHURST, N.Y., October 16. — Completing a journey of some 6,500 miles which kept the sixty occupants in the air more than 111 hours, the German Graf Zeppelin landed here at dusk last evening. The crowds that had been waiting for three days to witness the arrival of the great airship dwindled to about 5,000 and these were so eager to see the craft that they broke through the police lines and fought for an opportunity to get close enough to shout greetings to the passengers and crew.

The Zeppelin appeared first as a faint smudge low about the northern horizon. Slowly as daylight began to fail the ship took definite form. She showed no lights and the idling engines were inaudible until above the field. As day turned into night the mammoth ship glided low over the trees and dipped toward the flying-field and waiting crowd.

As the ship dipped eastward the crowd below raised a wild shout of greeting and observers saw some one aboard wave from the yellow window. Many say it was a woman and if they are right it was Lady Drummond Hay, British journalist, the only woman aboard.

The ship dived downward to a position near the mooring mast but was not moored. At last ropes were dropped to the landing crew of 500 sailors who drew the ship gently to the ground. It was moored to a stub mast remaining there until early this morning when it was berthed in the big hangar.

As customs officers boarded the ship, the crowd's enthusiasm boiled over and the police melted before the crowd. A solid line of marines was thrown about the craft to hold the crowd away.

Dr. Hugo Eckner, skipper of the airship, said the breaking of the cover of the port fin caused delay of more than a score of hours in the schedule. It necessitated cutting the speed in half because the rear of the ship dipped after the lower cover was torn off and there was danger of the wind tearing off the upper cover also. The ship then would have been without the ability to make a safe voyage. After repairs were executed the speed was increased to normal.

Lady Drummond Hay said the trip was intensely interesting and enjoyable. "Not a soul was sick but we were shaken a bit when the port horizontal was damaged but that was all," she said.

#### NOTHING BUT AN OIL PATCH

That Was all That Freighter Deliana Found in Answer to SOS Call

NEW YORK, Oct. 16.—The International Mercantile Marine Co. today received messages from the Leyland line freighter Deliana from Liverpool for Galveston reporting that the ship searched all night in mid-atlantic for a sinking ship after receiving an SOS call signed with the code letters K.I.B.C.

Captain Fulford said he found an extensive oil patch in latitude 36.50 north longitude and 37.17 west but no signs of a ship or wreckage.

#### YESTERDAY'S WHEAT

VANCOUVER, Oct. 16.—The price of wheat at closing yesterday was \$1.20 1/2.

#### CAR COLLIDED WITH A HORSE

One Man Killed and Several Injured Result of Runaway Near Vernon

VERNON, Oct. 16.—Peter Binder, a Hungarian, was killed, Floyd Gillette is still unconscious and four others received lesser injuries requiring hospital treatment when their auto overturned and was wrecked in collision with a runaway horse which was also killed near here.

The horse had thrown its driver, D. H. Watson out on the road half a mile back from the accident.

#### NO OPPOSITION

Toronto, Oct. 16.—The West York Liberal Association will not oppose the Conservative candidate in West York federal by-election.

#### LUMBER FROM SEAL COVE

Motorship Dorothea Took 65,000 for Seattle en Route England

The motorship Dorothea, freighting between Alaska and Seattle, sailed this morning for Seattle after spending a day here loading 65,000 feet of lumber from the Big Bay Lumber Co.'s sawmill at Seal Cove. The shipment will be transferred at Seattle to another vessel for delivery to England via the Panama Canal. The master of the Dorothea, a vessel of about the Salvor's size, whose first call it was here, is Capt. Workman.

#### U. S. SENATOR KILLED

PASCO, Wash., Oct. 16.—State Senator William of Walla Walla was killed and several members of his family injured this morning when an automobile was wrecked on the state highway near Pasco.

#### ELECTION AT VANCOUVER IS ON TOMORROW

Malkin Is Favorite for Mayoralty But Underworld Said to Be Behind Taylor

VANCOUVER, Oct. 16.—The first election for the council of Greater Vancouver is being held here tomorrow, the mayoralty candidates being Mayor Taylor, W. H. Malkin and Louis Rubiowitz. The Province and the Sun are backing Malkin and there seems a likelihood that he will be elected although it is charged that the underworld of the city is for Taylor and doubtless will exercise a big influence. Rubiowitz is not considered in the running.

#### WATER POWERS ARGUMENT ENDS

OTTAWA, Oct. 16.—After an argument for two weeks, the hearing of the issue of the dominion and provincial rights over water powers and navigation concluded before the supreme court of Canada yesterday and judgment was reserved. Ten questions are before the court for adjudication and it will probably be several months before a decision is rendered.

#### TODAY'S WHEAT PRICE

VANCOUVER, Oct. 16.—The price of wheat this morning here was \$1.22 1/4 for No. 1 northern.

SUCCESS ABROAD: Dreda Ives, daughter of a Texas parson, and prima donna of Metropolitan Opera Company, has scored a triumph in Germany.

#### Criticism Of American Police On Landing Of Big Airship Is Made By One Of Prominent Passengers

BERLIN, October 16.—Scathing criticism of the behavior of American police on the landing of the Graf Zeppelin is contained in an interview with Albert Grezesinski, the Prussian minister of the interior and a passenger on the Zeppelin, made public here today.

"Had occurrences like those I witnessed taken place in Prussia the police officials would have been fired the same day," he was quoted as saying. "On leaving the airship, which passengers were allowed to do only after hours of waiting, they had, to their surprise, to go through several unpleasant experiences. They were surrounded by a cordon of police and led into customs buildings as though they had been smugglers. Several times passengers were yanked and frequently pushed. In fact one of them was struck by a fist," he said.

#### NO POLITICS IN EMPLOYMENT

Bureaus Instructed That Work of Bureaus Must be Non-Political

VICTORIA, Oct. 16.—Hon. W. A. Mackenzie has issued definite instructions to officials of the labor bureaus throughout the province that their work must be completely divorced from politics. He specified that membership cards in political parties must not be recognized by employment officers.

#### NAVAL DOCUMENTS LOST NEAR LONDON

LONDON, Oct. 16.—The Daily Mail says documents of greatest importance have been lost by an official between Marlow on the Thames and Chatham Royal Naval Barracks. The naval intelligence department and Scotland Yard are making every effort to trace them.

C.N.R. steamer Prince Charles, Capt. Neil McLean, is due on Thursday from the Islands.

#### GRAF LEASED TO SPANISH

Big Airship May be Purchased by Man Who Made Trip on Her

LAKEHURST, N.J., Oct. 16.—Spanish interests have leased the Graf Zeppelin for a period of two years with the option of buying at the end of that period, Colonel Emilio Herrera of the Royal Spanish Navigation Department and a passenger on the transatlantic flight said last night.

#### MORE TELEPHONES ARE IN USE TODAY

A steady increase in the number of telephones in use in the city may be taken as an indication of a healthy increase in business and population here. Today there are slightly over 1610 telephones installed here where as on October 15 last year there were 1570.

#### Prince Rupert Assizes Opened This Morning Three Criminal Cases

With three criminal cases and no civil work on the docket, the fall session of the Supreme Court of Assizes was opened in Prince Rupert at 11 o'clock this morning with all due formalities by Mr. Justice D. A. McDonald. After the Grand Jury had been duly instructed by the judge on its duties, and retired to consider the bills, court was adjourned until 2.30 o'clock this afternoon when the murder case will be proceeded with. An effort is being made to complete the cases before the court by Thursday afternoon or evening. Few more than members of the jury were present when court assembled this morning.

The grand jury consists of Peter W. Anderson (foreman), Harry E. Astori, Miss Jean Bailey, John T. Ballinger, Robert Hanna, William Wilson, Henry Franks (Skeena Crossing), Neil Forbes (Alice Arm), John J. Muldoon, George C. Mitchell, Alexander G. Rix, David Smith and William O. Vigar.

**Grand Jury Charged**  
 In charging the Grand Jury, His Lordship explained that it was its privilege, if it so wished, to inspect any public buildings in the district and report upon same. The main duty of the Grand Jury, however, was to examine the bills of indictment in the three cases before the court and pass upon them. It was the duty of the Grand Jury only to examine crown witnesses in order to decide if a prima facie case had been made out and if the accused should be put on trial. In the matter of defence or possible reduction of the charge, only the petit jury was concerned.

The murder case in which a man Turner was accused was the most important case to come before the court.

#### REVERTED LANDS AT VICTORIA ARE SOLD

VICTORIA, Oct. 16.—The amount of reverted land sold by the city's land department during the first nine months of this year shows an increase of 100 per cent over the amount of property sold during the whole of last year, and an increase of 125 per cent over the corresponding period of last year.

Up to the end of September a total of eighty-one parcels of land was sold at a price of \$71,309.33, as against 72 parcels at a price of \$36,273.83 for the twelve months of 1927. The price fetched by the property sold during the first nine months of last year was \$25,942.31.

#### VICTIM OF AUTOMOBILE ACCIDENT SUCCUMBS AT VANCOUVER YESTERDAY

VANCOUVER, Oct. 16.—The victim of an auto accident last Wednesday in which it is believed he was not seriously injured, B. D. Fanning died yesterday afternoon. He was knocked down at Main and 58th Ave. by a car allegedly driven by Henry Smith, who has been arrested and charged with manslaughter by the South Vancouver police and then released on \$10,000 bail.

#### WORTH MILLION TO VICTORIA

VICTORIA, Oct. 16.—Although a definite amount cannot of course be fixed, it is estimated, judging by the number of tourist automobiles and passengers which entered the city during the season, that a sum well over \$1,000,000 was left in Victoria by parties coming from all parts of the United States and Canada this year.

According to figures on ferry travel released by Publicity Commissioner George I. Warren, a total of 11,599 cars, carrying 27,620 passengers, entered the ports of Victoria and Sidney up to the end of August. Since that time the ferry travel has continued and the figures are now probably well over the 30,000 mark for tourists coming to Saapich Peninsula and the city.

#### NEW TRIAL IN LIQUOR CASE

Not Illegal in U.S. Waters to Carry Contraband Within Three Mile Limit

SAN FRANCISCO, Oct. 16.—A vessel carrying contraband liquor may come within the three mile limit without violating federal revenue laws if there is no direct attempt to land the liquor, the United States circuit court ruled yesterday. The decision reversed the ruling of the federal district court of Seattle which sentenced McGill to eight months' imprisonment and fined him \$500 when the vessel he commanded was seized by the coastguard off Port Angeles.

The circuit court decision remanded the case for a new trial.

#### MORE WHALES THIS SEASON

VICTORIA, Oct. 16.—The whaling fleet operating out of Rose and Naden harbors in Queen Charlotte Islands caught 306 whales as compared with 261 last year. Four vessels at Rose Harbor brought in 238 and two at Naden 78.

## MANAGER FOR HOCKEY TEAM

### Two Coast Amateurs to Join Victoria Team This Year in Professional

VICTORIA, Oct. 16.—The appointment of Joe Smith, former manager of the Vancouver Monarchs, to have charge of the Victoria professional hockey team in the newly formed Pacific Coast League, is a popular move here. Stanley Patrick is in charge of the ring.

In an interview here the new manager said:

"Only four of the most promising amateurs will be used in the new circuit, two in Victoria and two among the remaining teams," he said. "But I don't want you to think that we are overlooking promising talent among the Simon-pures. We have several others in line, and they will get a chance when they show sufficient ability to mingle with faster company."

"Dave Downie and Earl Robertson, two of my stars from the Vancouver Monarchs, will play for Victoria. Robertson will be in goal, while Downie will take his place in his usual position, right wing."

Most of the members of the team will be from Winnipeg.

## BADMINTON CLUB FORMAL OPENING

### Thursday Evening Set for This Event When Members and Prospective Members Invited

The executive of the Prince Rupert Badminton Club has arranged for the formal opening to take place this week on Thursday evening when an American tournament will be played. All members and prospective members of the club are being asked to be present that evening to take part. Refreshments will be served by a committee of ladies.

It has been arranged that Tuesdays and Thursdays and Sunday afternoons will be special playing times when most of the members of the club try to be present but the place is available for members at any time and there are usually some members present most evenings and on Thursday and Saturday afternoons.

## SPORT CHAT

There were over five hundred guests in attendance when the new gymnasium at Anyox was formerly opened by the Community League. A dance and supper were the main features of the evening's program. Speeches by O. G. MacIntyre, Community League chairman, and W. R. Lindsay, general superintendent of the company, emphasized the league's achievement in replacing the gymnasium after it had been burned down nearly a year ago. There was a waltzing competition in which prizes were won by Miss Maguire, Joe Taylor and Mr. and Mrs. J. Tierney. The new gymnasium has already been booked up for a number of events in addition to the ordinary athletic work that will be carried on therein. Grey Russell has been appointed caretaker of the gymnasium.

In view of criticisms that a "clique" was trying to make badminton an exclusive sport by charging a high fee, the Anyox community League Council held a conference with the Badminton Club officials and their foremost critics from which the Club emerged victorious but only after a long argument. President Stewart demonstrated that there was no extravagance in the use of shuttles as the damaged shuttle had to be turned in before a new one was issued. The complaint that some members spent more time on the courts than others evoked spirited discussion. The annual fee remains at four dollars.

Arrangements have been concluded by the Vanderhoof Athletic Association whereby a rink committee consisting of R. H. Moore, R. McC. Richards, John D. Charlson and George Ogston will take over and operate the skating rink for the coming season. The Committee has agreed to undertake this task and will lease the grounds and equipment from the Vanderhoof Athletic Association. A capable manager for the rink will be secured and all questions of management will be entirely in the hands of the committee, whose aim it will be to operate the rink in a manner satisfactory to the public and for the general good of the community.

### Hear, Hear!

Speaker (as turnip hits him full in the chest)—I notice, gentlemen, that one of my political opponents appears to have lost his head.

G. A. Woodland, local agent of the Imperial Oil Co., returned to the city on the Catala this morning from a brief business trip to Anyox and Stewart.

## GENARO WINS BOXING BOUT

### Retains Championship Against Frenchy Belanger, the Canadian Boy

TORONTO, Oct. 16.—Frankie Genaro of New York, retained the world's flyweight championship last night when he gained a decision over Frenchy Belanger of Toronto in a ten-round bout here.

## Around The World With Sport Fans

(By The tramp)

In Toronto the Boxing Commission refuses to license any public professional boxing tournaments except those put on by the Shamrock Athletic Club. It is claimed that a high standard of sport has been kept up by this club and it is not in the best interests of the sport to have other clubs competing.

Seraphim Martin and Jules la Doumergue, French middle-distance running stars, have been disqualified from all amateur events for three months and barred from representing France in foreign competition for one year. This ruling was handed down by the French Amateur Athletic Association after the two stars had refused to accompany a French team to Japan.

America will have to look to her baseball laurels pretty soon if the game continues to be popularized in Japan. The University of Southern California recently played eleven games against Waseda University at Tokio and won only five.

Benny Leonard is now the proud owner of the Pittsburgh hockey franchise and will try to put a team in the field that will be a real contender for National Hockey League honors.

## BASKETBALL VENUE MAY BE DECIDED BY ASSOCIATION SOON

It is possible that decision may be made tonight as to the hall the Prince Rupert Basketball Association will use for playing of games this winter. Propositions from the Grand Terminal Club and the Exhibition Board are being awaited. It is expected that the schedule will also be drawn up within the course of the next few days. There was no meeting of the executive of the Basketball Association as was planned last night.

## ELKS' BRIDGE AND WHIST TOURNAMENT

### Mrs. Anna Ross and Mrs. Walter Shaw Winners of Prizes Last Night

There was another good turnout at the Elks' weekly bridge and whist tournament last night. First prize at bridge was taken by Mrs. Anna Ross with a score of 3087 while the whist prize was won by Mrs. Walter Shaw with a score of 209.

## CARPET BOWLS PROVE POPULAR

### Twenty-four Teams Already Entered for St. Andrew's Competition and More Expected

The carpet bowling tournament which is to be held this winter is attracting general interest among members of the St. Andrew's Society as evidenced in the fact that no less than 24 teams of four men each have already been entered and some eight or ten more teams are yet expected. Play, it is planned, shall commence about the end of this month. Jack Frew, James Dick and Jack Watson comprise the committee which is making arrangements for the completion.

## Jimmy and Horse-Racing

During an examination Jimmy reached questions that absolutely floored him.

"If one horse," it said "can run a mile in a minute and a half, and another is able to do the same distance in two minutes, how far ahead would the first horse be if the two horses

ran a race of two miles at their respective speeds?"

At last a bright idea struck him. He returned the paper with the following comment:

"I refuse to have anything to do with horseracing."

A considerable number of real valuable lots were knocked down to the city at the recent Tax Sale for delinquent taxes. It may be of interest for you to know that the City's rights can still be transferred to you by your paying the upset price. A list of these lots can be obtained at the City Hall. 243

At the request of the Northern British Columbia Agricultural & Industrial Association, the city council last night consented to the transfer of the deed of a lot on Second Avenue to Miss Swanhild Anderson of Aalesund, Norway. The lot was purchased by the Association from the city for taxes and raffled in connection with the sale of membership tickets, Miss Anderson being the winner.

On recommendation of the finance committee, the city council last night approved of the transfer of tax sale certificate rights as follows: John Lambie, lots 9 and 10, block 1, section 8, \$64.06; W. H. Burken, lot 17, block 27, section 5, \$120.87; H. A. Duhamel, lot 7, block 32, section 5, \$145.29. These were among lots offered at the recent tax sale.

An orphan report strayed into last night's council meeting and caused much mystification among the city fathers. It was a recommendation purporting to have come from the Board of Works that certain radiators be painted at a cost of \$60. Neither the mayor nor the two members of the Board of Works present—Ald. Prudhomme or Ald. Rudderham—had any knowledge of the matter and no one knew what radiators were referred to although it was admitted that those in the municipal chamber could well stand a coat of paint. The city solicitor stated that he had found the report in the Board of Works minute book. The recommendation was held over in order that its parent might be located.

Local improvement bylaws providing for the construction of cement sidewalks on various streets in the downtown section were finally reconsidered and adopted at last night's council meeting.

Passengers sailing this afternoon on the Catala for Vancouver include John H. Murray, A. H. Burrows, N. S. Short, Mrs. C. Jackson, Miss J. deGroot, F. T. Hayes, George Sauer and Mrs. W. J. O'Neill.

Misses Molly and Nellie Lawrence played violin and piano duets at the regular monthly dinner last night of the Prince Rupert Shrine Club. Proceedings at the dinner were otherwise of a routine nature. S. E. Parker occupied the chair in the absence of the president, W. H. Tobey.

J. J. Little, superintendent of city utilities, is expected back on the steamer Prince Rupert tomorrow morning from a two weeks' holiday trip to Vancouver. He will be accompanied by Mrs. Little who has been spending several months in the Old Country.

A recommendation from the Board of Works that an old dilapidated shack on lot 8, block 24, section 5 be condemned, in pursuance of a report from the building inspector, was adopted by the city council last night. Necessary steps will be taken with a view to having the structure torn down.

Miss Helen Randal, R.N., registrar of the Graduate Nurses' Association of British Columbia and inspector of training schools for the province, returned to the city on the Catala this morning after making an inspection of the training school at Port Simpson and will be here for a couple of days before proceeding to Hazelton.

City crews started this morning tearing up the old plank walk on the north side of Third Avenue between Fourth and Fifth Streets preparatory to the laying of a concrete sidewalk there. On the completion of this work, there will be a concrete walk on this side of the street from Second to Seventh Streets. The same distance on the south side is also to be so equipped.

This afternoon's train due from the East at 3:30, was reported this morning to be on time.

The executive meeting of the Canadian Legion will be held tonight and the general meeting tomorrow night.

## PHILCO RADIO HEARD JAPAN

New Set Heard Many Distant Points Without An Aerial

Last evening at the home of M. L. Stepe, Fifth Ave. East, a demonstration of the new Philco Six Tube All Electric Radio sold by Barrie's Home Furnishing established a unique record for radio reception in Prince Rupert.

Without an aerial the whole evening's program from a wide selection of stations was received with clearness and quality of tone unsurpassed. KMOX of St. Louis, Missouri, and WGN Chicago, came in as distinctly as KOMO, Seattle. Also JOAK, Japan, at 1:30 a.m. proved to be the climax in long distance reception. On Friday evening last the same Philco set picked up WXXL in Cincinnati, Ohio, without any distortion whatsoever.

In three evenings a total of 49 stations was logged either with or without an aerial. And this new Philco radio does not consume any more power than a 50 watt light. Phone 123 and arrange for a demonstration in your own home. —Adv.

Harold Beaton, son of Wellington Beaton, head of the Georgia River Gold Mining Co., is a passenger aboard the Catala today bound from Stewart to Vancouver.

Al. Smail of the Swift-Canadian Co. returned to the city on the Catala this morning from a brief business trip to Anyox and Stewart.

**NO POST OFFICE BUILDING HERE**

Hon. Charles Stewart has promised the people of Edmonton to try to secure for them an extension of their post office building. Possibly Hon. Charles does not know that Prince Rupert has no post office building but that the department in this city is doing business in a rented building. If he does not know this and know it in such a manner that it will be remembered it is up to the people of Prince Rupert to see that he does and that other ministers of the crown also know it.

**CANADIANS RETURNING**

Eighteen thousand former Canadians have returned to Canada from United States and have expressed their intention of remaining in this country. That is the record of five months. It is an indication that times are better on this side the boundary line than on the other and is an assuring fact in regard to the future of this country. It is assumed that there will always be a certain amount of movement back and forth across the border. That is good for both countries. A little Yankee pep is good for all of us. A little Canadian blood is good for the States. As long as we do not lose too many of our young men we are making progress. Pretty soon the exodus is likely to be from U.S. to Canada, the land of opportunity.

**THERE ARE NO CANADIANS!**  
 (Winnipeg Free Press)

From a survey of the Canadian press in recent months we should say that the one question upon which there is no diversity of opinion is this matter of forbidding Canadians to describe themselves as Canadian in the filling of official declarations in which information as to racial origin is required. It is not only in connection with the decennial taking of the census, that Canadians are told by officials—very often in a cheeky manner—that they must not so describe themselves. Our provincial governments are as culpable as the dominion government in enforcing this prohibition in the compilation of vital statistics. A proud father filling out a birth certificate is confronted with the task of setting out what "race" his child belongs to, the word "Canadian" having been barred by the bureaucrats. The child may be of the sixth generation of Canadians, but he is not a Canadian. If he is the great-great-grandson in the male line of descent of an immigrant from Finland, he goes into our records, both provincial and dominion, as a Finn; and a century and a half hence his great-great-grandson will also be a Finn if the bureaucrats have their way. The rule—although made in the interests of scientific accuracy—is so ridiculous that the officials, who are called upon to enforce it, cannot justify it, and often feel obliged to resort to impudent brow-beating of recalcitrant Canadians who protest against it. Cases of this sort constantly arise. Some years ago a well-known citizen of Winnipeg was threatened with exclusion from his own country because he refused to answer the question as to his racial origin, posed to him by an immigration official at the border, by any other term than Canadian.

**RETURNING FROM PRAIRIES**

British Columbia has been helping out the prairie provinces by providing harvesters for the farmers there. The men are now returning many of them already here, and others are returning with them. The result is that in every city on the coast there is likely to be some unemployment.

It is to be hoped that next year the special harvester excursions will be delayed a week or two until the fish harvest on this coast is about completed.

**CITY WILLING TO AID RADIO**

Request of Delegation for Assistance Referred to Committee for Report

The city council last night expressed willingness to do its share in the matter of clearing up difficulties attending radio reception in Prince Rupert and referred the request of a delegation along this line to the utilities committee for report. The delegation consisted of S. V. Reith, president, Reg Webber, Felix Batt, Norman Kinslor and Laurie Lambley, members of the executive of the Prince Rupert Radio Association, and W. R. Love, the last-mentioned representing the dealers. There was also a letter from the Association urging the city to obtain equipment, necessary for locating radio disturbances to clear up the trouble which is laid largely at the door of the municipal light and telephone systems.

W. R. Love, the first speaker of the delegation, after alluding to disturbances attending radio reception in the city which he declared were largely due to the city light and phone systems suggested that the city do as much as it could within reason to clear up the situation. The financial end of the matter was realized but it was felt that considerable could be done at a minor cost. Mr. Love urged that steps be taken to remedy conditions in the city generally. Already help had been given in certain individual cases. While reception was fairly good in some parts of the city, in others there were persistent disturbances and in still others, use of radio was practically impossible. In some of the larger cities, electric light companies were continually chasing up these troubles. Mr. Love suggested that the co-operation of the department of marine and fisheries might be obtained in the matter.

Felix Batt suggested that in remedying the situation, the city might save some of its own power by locating leaks. Thus the benefits would work both ways.

S. V. Reith felt that conditions had reached a point where some action in the way of remedy was essential. Seventy-five per cent of the noise he ascribed to the city transformers.

Mayor McMordie assured the delegation that the city would be pleased to do anything in its power to meet its wishes. He was sympathetic with the owners of radios who operated under present difficulties. Instrument for locating disturbances, he understood, could be borrowed from the Department of Marine and Fisheries.

Ald. Dibb stated that the superintendent of utilities had already done considerable in the tracing up of some leaks. He was thoroughly familiar with the situation but it might be necessary to incur some expenditure in order to comply with the request that was now made.

On motion of Ald. Collart, seconded by Ald. Linzey, the matter was referred to the utilities committee for report.

**HOUSEHOLDERS MAY REGISTER AT NIGHT LATER THIS MONTH**

At the suggestion of Ald. Rudderham, the city, solicitor agreed, as has been his custom in the past, at last night's council meeting to keep his office open on the last three evenings of this month in order to receive registrations of licenseholders and householders for qualification to vote at the next municipal election. Ald. Rudderham stated that there were a number of workers coming under this category for whom it would be inconvenient to come into town during the day time.

In answer to a question by Ald. Frudhomme, Ald. Brown stated that the registration of householders and license holders was not automatic through their purchase of licenses or payment of poll tax. This was something for which Labor had persistently fought but so far unsuccessfully.

## Northern Pacific Terminus of the Canadian National Railways

Prince Rupert has three of the greatest things in the world

**The Largest Fish Cold Storage Plant**

**The Largest Fresh Halibut Market**

**The Largest Undeveloped Hinterland**

The City of Prince Rupert has a payroll of considerable importance, derived from:

- RAILWAY SHOPS
- RAILWAY OFFICES
- DRYDOCK AND SHIPYARDS
- GRAIN ELEVATOR
- PROVINCIAL GOVERNMENT OFFICES
- COLD STORAGE
- FISH PACKING HOUSES
- FISH MARKET
- OILERY AND FISH REDUCTION PLANT
- SALMON AND HALIBUT FISHERMEN
- SALMON CANNERIES
- LUMBER MILLS
- MINING
- TRAPPING AND FURS

The grain export business of Prince Rupert is steadily developing. Last year about eight million bushels of grain was shipped through the terminal elevator and this year promises to greatly exceed that mark.

The City owns its Power, Light, Water Supply and Telephones.

The schools are excellent.

Roads are paved and concrete sidewalks are being laid.

PRINCE RUPERT IS ONE OF THE COMING COMMERCIAL CENTRES OF THE PACIFIC COAST, THE PROBABLE OUTLET OF THE GREAT PEACE RIVER COUNTRY, AND SURROUNDED BY A RAPIDLY DEVELOPING TERRITORY

Prince Rupert is the logical site of a customs smelter which would serve the mines of Portland Canal, the Bulkley and Skeena Valleys and coast points.

### SUPERANNUATION AGAIN ASKED FOR BY MEMBERS CITY FIRE DEPARTMENT

In a petition to the city council last night, members of the fire department renewed a request made about a year ago that the necessary steps be taken whereby they might receive the benefits under the Superannuation Act. The communication suggested that there was enough money left over from the 1928 estimates of the department to cover the costs of putting the superannuation measure into force this year.

Ald. Brown understood that the city had no option but to grant the request, the city solicitor concurring in this opinion. Moneys left over from the year's estimates, Ald. Brown pointed out, referred to, a sum of \$600 which had been allowed for repairs to machinery which had not been used.

On motion of Ald. Brown, seconded by Ald. Prudhomme, the matter was referred to the finance committee and the city solicitor for report.

### SCHOONER OVERHAUL WILL SOON BE DONE

Effie M. Morrissey Will Be ready to Leave Dry Dock in Two or Three Days

The auxiliary schooner Effie M. Morrissey Capt. Robert Bartlett, which has been on the pontoons at the dry dock for the past few days undergoing cleaning, painting and propeller repairs following her summer cruise to the Arctic Ocean with the Stoll-McCracken expedition, will be undocked and ready to sail within the next two or three days it is expected. The vessel will proceed from here to New York via the Panama Canal.

There are about 160 men employed at the dry dock just now. Some 100 are employed in connection with the construction of the car barge for the Canadian National Railways, the balance being engaged in the ordinary work of the dock. The most of the men now employed will be kept on for the major part of the coming winter.

### PRINCE RUPERT ASSIZES OPENED THIS MORNING; THREE CRIMINAL CASES.

(continued from page 1)

for the Grand Jury. It was said by the Crown that Turner was fishing at Raphoe Point in Dean Channel and got into some kind of a difference with another man, Kristiansen, who was fishing from another boat, and became so annoyed, probably in regard to nets and so-called "corking," that he took a rifle and shot the man dead.

In the second case, a man named Priza, a Finlander from Anyox, was charged. In the evening, according to the crown's case, several men were wrestling and challenging each other and, in the midst of this, the accused was said to have drawn a knife and stabbed another man, the doctors being able to save his life only by an apparent miracle. The charge was "wounding with intent to murder."

#### Local Case

"The third case," stated His Lordship "is one which we would have much preferred to have seen disposed of in police court." However, it was the privilege of accused to put himself upon a jury for trial if he so desired. The incident occurring in a house of ill-fame, the accused Contois was charged with getting in an altercation with a woman, Mabel Hines, and striking her on the head with a beer bottle. The charge was assault occasioning actual bodily harm.

In asking the Grand Jury to retire and bring back a bill at 2.30 if possible, the judge announced that it was the desire of the court to take up the murder case first.

Owing to a hitch in connection with the empanelment, the list of petit jurors for the session of the assizes is not to be announced until this afternoon

### GENERAL COUNCIL MEETING UNITED CHURCH DESCRIBED

At the meeting last night of the Young People's Society of First United Church, Mrs. W. J. Kirkpatrick gave a very interesting account of the recent meetings of general council in Winnipeg which she attended as a commissioner from Prince Rupert presbytery. In the course

of her address, Mrs. Kirkpatrick read extracts from speeches of leading church men of Canada, Great Britain and other parts of the world who were in attendance at the council. Her remarks were touched with many witticisms and, at the conclusion of the address, Mrs. Kirkpatrick answered many questions which were put to her. G. H. Stocks, president of the Young People's Society, occupied the chair.

After the address, the members repaired to the gymnasium where Badminton games were played.

The POLAR BEAR Is Able to Put up With it

..... BUT CAN YOU?

**CODE INSTALLED**

This symbol is the identifying mark of a Warm Air heating system installed according to the specifications of the Standard Code. A McClary "Sunshine" Code installed, guaranteed 70° of heat for every room in zero weather.

COLD is fine for Polar Bears, but not so good for human beings! A chilly or poorly heated home, for example, is a menace to the health of everyone in the household.

There is only one answer—McClary "Sunshine" Warm Air heating. For real home comfort, for mellow, healthful warmth, no other heating system can compare with it. Like the balmy breath of a June day, the air is kept constantly re-circulated, properly moistened. So unlike the dry heat from iron radiators!

Burns any kind of fuel, the famous "Ventiblast" ring making thorough combustion a certainty. Saves money in actual use and it costs much less to install this guaranteed McClary Warm Air System than hot water or steam systems.

KING BECOMES A MECHANIC

AMERICANS SURPRISED WHEN CHAUFFEUR WHO HELPED THEM RECEIVES BOWS OF COLONY

SOFIA, Oct. - Two professors at the American college at Samokov, 30 miles from here, were returning from the earthquake zone by auto when their engine broke down 20 miles from Sofia. They spent three hours in vain attempts to make repairs, while daylight rapidly faded. They had reconciled themselves to sleeping in the fields over night, when another auto approached. "Can I help you?" the chauffeur of the second car said in Bulgarian as he drew up beside the stranded Americans. "Yes, but we are afraid you cannot do much. We have worked with the engine for three hours without much success."

## NEW BUILDING IS PROPOSED

Lindsay Cartage Asks Council to Remove Rock From Park Avenue Lot

Announcing that the erection of a building on lots 22 and 23, block 27, section 1, on Park Avenue, was proposed, the Lindsay Cartage Co. had a communication before the city council last night requesting the removal of rock which had been dumped on the property by the city, the city to assume all costs in the connection.

After certain of the aldermen had expressed the belief that it was up to the city to meet the request on normal if not legal grounds, the matter was referred to the board of works with power to act.
