KING GEORGE SERIOUSLY ILL TODAY

THIRD GRAIN BOAT SEASON DUE HERE SUNDAY TO LOAD

King George Seriously Ill At Buckingham Palace Today and People of Country Are Anxious

LONDON, Nov. 23.—King George's illness assumed a somewhat more serious aspect today with the further development of congestion of one of his lungs. He was able to obtain some rest this afternoon, however, and this was considered a hopeful development.

A bulletin from Buckingham Palace at mid-day said: "The King passed a restless night, his temperature remaining at 101. There is a slight extension of mischief in his lung, but His Majesty's strength is maintained."

Sir Stanley Ewett and Lord Dawson of Penn, King's physicians, signed the bulletin.

Despite reassurances the public anxiety was not allayed. It was recalled that King Edward's fatal illness started with congestion of the lungs. There was a constant stream of visitors at the palace this morning. A crowd outside the palace all morning was anxious for news.

The Duke of York returned to London this morning from Naseby and it was noticed that he looked worried. The Prince of Wales is in Africa and is being kept informed of the progress of his father's illness.

Devotion to duty and a desire to share in Great Britain's tribute to her fallen heroes on Armistice Day may have been the cause of the King's illness. Throughout the service of remembrance at the cenotaph he stood bare-headed in a cold rain.

Last night Dr. Stanley Jewett, physician to King George, was recalled to Buckingham Palace and Lord Dawson, physician to the staff, was also summoned and it was understood a third doctor has been sent for.

The King was 63 years of age last June and has been King since 1910.

LANDINGS OF HALIBUT AT PORT LARGE

Halibut landings at the port of Prince Rupert for the entire 1928 season, while establishing no new record, were substantially in excess of those for 1927 and 1926. The total for the season just closed, according to figures compiled at one of the fish houses on the local waterfront, stands at 28,257,000 pounds, as compared with 25,847,000 pounds in 1927 and 26,899,000 pounds in 1926. In 1925, 1924 and 1923 the totals came to within 100,000 pounds of 29,000,000, or slightly ahead of the season in each case.

PROPOSALS FOR OUTLAWING OF LIQUOR MAKING

Also Suggestion at Prohibition Convention to Have Vote Taken On Beer for Vancouver

VANCOUVER, Nov. 23.—Rev. J. J. McIntyre, organizer, proposed to the B. C. Prohibition Association today that the government be asked to obtain federal legislation providing for a referendum in each province with a view to the outlawry of the manufacture of liquor.

The organizer also proposed a referendum be taken in Greater Vancouver with the purpose of abolishing beer parlors.

Railway offices this morning reported 350 cars of grain on the territory west of Jasper Park bound here. Fifty-five carloads have arrived during the last week-end.

SEA SERPENT PROBABLY HUGE SQUID

That the sea serpents declared to have been seen by mariners and others on this coast were probably giant squids, such as those reported from time to time and seen also by himself, is the opinion of Rev. Canon Rushbrook, who addressed the Rotary Club yesterday on marine life and native ethnology.

Canon Rushbrook told of one that was seen near the mouth of the Naas River that measured 50 feet in length and whose lateral speed was even greater than that. He himself had measured one 37 feet long, whose sac was large enough for him to crawl into.

Seen after the lecture, the archdeacon said he was strongly of opinion that the sea serpents were simply enormous squids.

Canadian Policy Will Aid in Securing Unity and World Peace

TORONTO, Nov. 23.—Premier Mackenzie King, speaking at a banquet tendered him by the Board of Trade here last night, declared his administration entered the diplomatic field, not only to assume responsibilities for Canada's external affairs, but also because it was believed that consultation and co-operation with British ambassadors abroad would serve to broaden the base and secure more firmly the foundation upon which the British Empire government rested and make for British unity and its permanency as well as world peace.

TO SEARCH FOR HALIBUT BOATS

Imperial and Brunvol Not Heard of Since Fishing Closed Over Week Ago

Unless something definite had been learned as to the whereabouts and condition of the vessels which have not been accounted for since the commencement of the close season ago yesterday, government boats were to leave Ketchikan this morning to search for the American halibut boats Imperial, Capt. J. C. Rohman, and Brunvol, Capt. Charlie Bloomquist according to word received today from the north. The Imperial and Brunvol are the last boats still out and nothing has been heard of them since fishing closed.

WELL KNOWN CHINESE NURSE STABBED IN BACK BY AN UNKNOWN ASSAILANT ON HASTING STREET, VANCOUVER

VANCOUVER, Nov. 23.—When stabbed in the lower part of the back with a long-bladed knife in the hands of an unknown assailant, Nellie Chow, well-known Chinese nurse and sister to Alexander Cumyow, court interpreter, last night was the victim of a murderous attack at the corner of Hastings Street East and Jackson Avenue. The assailant escaped in the fog.

The woman was proceeding homeward alone when a man coming up behind her plunged a knife into her back without warning, the blade penetrating deep into her body.

Summer and Cape Beale Believed to Be Last Boats of Season Marketing Here

The Canadian Cape Beale and the American Summer, selling their catches over the local fish exchange this morning, are probably the final vessels to land halibut at Prince Rupert this season, following the starting of the close season.

The Cape Beale received 12c and 6c from the Atlin Fisheries for a big catch of 40,000 pounds, while the Summer received 12c and 6c from the Canadian Fish & The Summer sold most of her catch at Juneau while coming Cold Storage for 1500 pounds south.

PLEADED GUILTY TO THEFT GOVT. MONEY

H. M. Daggett Dealt With in Police Court This Afternoon by Magistrate McClymont

Having pleaded guilty a week ago to a charge of theft by conversion of a sum amounting to \$986, H. M. Daggett was given sentence of six months by Mag. McClymont in city police court this afternoon. The money involved was taken by accused from the funds of the government wharf, where he had been wharfinger for many years up to the time the shortage was discovered a couple of weeks ago.

Lawyer Struck Parson With a Chair in Hotel Room Vancouver According to Evidence in Court

VANCOUVER, Nov. 23.—Rev. S. Robertson Orr pleaded not guilty before Magistrate Findlay in the police court this morning on a charge of assaulting and attempting to detain Harold B. Robertson, K.C., in a local hotel November 17.

Mr. Robertson, in testifying, said that he had gone to the hotel on representations that a "Mr. Arwell," wished to consult him. J. C. McKay, barrister, was in the room with Mr. Orr. On seeing Mr. Orr, Mr. Robertson turned to go, fearing a trap. He said Mr. Orr grasped him and during the scuffle pointed a small revolver at him. He said he struck Mr. Orr with a chair. When he finally got away, he called the police.

Mr. Orr, testifying, said that as soon as Mr. Robertson saw him he struck him with a chair, felling him to the floor. Mr. Orr said he pulled a gun loaded with blank cartridges. He said he was in fear of his life.

Witness said he wished to see Mr. Robertson to persuade him to retract certain statements that Mr. Robertson made in court as counsel for Gordon Fleck, who was suing for divorce and naming Mr. Orr as his co-respondent. The case is continuing.

Tobacco "au naturel"

"I wouldn't for the world say a word against the pipe. The pipe is too good a friend of man. Cigarettes, too, have their place—but when you cut the end off a good cigar—light it carefully and the fascinating aroma meets your nostrils—I say, sir, that here you have a smoke than which there is none better. For a cigar is Tobacco 'au naturel'—a Man's Smoke."

Ottawa Leads International Group in Hockey as Result of Win Over Maroons Last Night

TORONTO, Nov. 23.—Ottawa broke a four-cornered tie for leadership in the international group by defeating Montreal in a close hockey game one goal to nil last night and now is the leading team.

Second place was taken by the Canadiens after 70 minutes scoreless hockey against Pittsburgh.

The New York Americans, who defeated Toronto, together with Toronto and Montreal Maroons, are tied for third place.

The New York Rangers have overcome the one-goal lead of Chicago and last night went to the top of the American group. Detroit came second as the result of beating Boston. Last night's scores were as follows:

- Ottawa 1, Montreal 0.
- Pittsburgh 0, Canadiens 0.
- Detroit 2, Boston 0.
- N. Y. Rangers 2, Chicago 1.
- N. Y. Americans 3, Toronto 0.

SLOW PROGRESS IN BILLIARD MATCHES

Both First and Second Division Tournaments This Week Are Uncompleted

One further game was played last night in this week's first division billiard fixture, W. H. Long (Grand Terminal) defeating Col. S. P. McMordie (Canadian Legion) by a score of 250 to 224. With one game—that between Alex Murray (Canadian Legion) and C. P. Balagno (Grand Terminal)—remaining to be played, the Canadian Legion is now leading in this fixture by the substantial margin of 974 to 731.

Only one game was played in last night's scheduled second division fixture, John Bulger (Grand Terminal) winning 200 to 133 over Gus Krause (Cold Storage). The remaining four games in this tournament are to be played over the week-end.

SPORT CHAT

More interesting basketball games are promised for tonight. In the Senior League, Native sons of Canada and Kincoith will get together to break the three team tie for second, third and last place. With Port Simpson away in the lead, there are many who believe that Kincoith may emerge the next best team and that the two native aggregations will end up as the principal contenders for the senior honors. If local teams are not to disappear from the picture, the Canucks would be well advised to extend themselves tonight against the last boys from the Nans River. C. N. R. and Eagles, neither of whom have yet won a game, will meet in the intermediate League and a keen contest for exclusive basement honors is anticipated. Either one or the other will get on the credit side of the standing for the first time this season. Always interesting Ladies and Junior games will round out what promises to be an attractive program.

GREAT TIME AT UNITED CHURCH ENTERTAINMENT

Three Part Program Much Enjoyed by Large Audience Last Night

Last evening at the First United Church a three part program of sketches and minstrels was presented by the Sunday School scholars and officers and by the Tuxis Boys. Musical selections by Prof. Pryces' Juvenile Orchestra were much appreciated and rounded out a very enjoyable entertainment.

The opening number, called the "Toy Shop" put on by the younger members of the school under the direction of Mrs. J. Manson, proved both colorful and interesting in a suitable setting of toys and tinsel decorations. Those taking part were Tachlamner, the proprietor of the Toy Shop, Miss V. Krikevsky, dolls in their pretty little dresses were Audrey Viercek, Margaret Fowler, Dorothy Fowler, Lois Judge, Christine Wilson, Dora Arney, as sailor, Mekki Kanaya as Japanese doll, Hortense, the French doll; Leah Basso-Bert and Gretchen the Dutch doll; Jean Wilson, Fairy; Eileen Yates, Jack in the box; Peggy Steen, Captain Fritz who makes love to Gretchen, Robert Manson, and his company of tin soldiers were Malcolm Wilding, Billy Wilson and Roy Judge.

The second number was a screamingly funny comedy "A Proposal under Difficulties," in which Bob Yardsley, played by Carl Barrie, proposed to the wrong girl thereby starting something. A rival suitor Jack Barlon played by Mr. Halloran, only made things more complicated. Miss E. Grassie as dainty Miss Dorothy was the object of their attentions and Miss Rogers proved a very tantalizing maid.

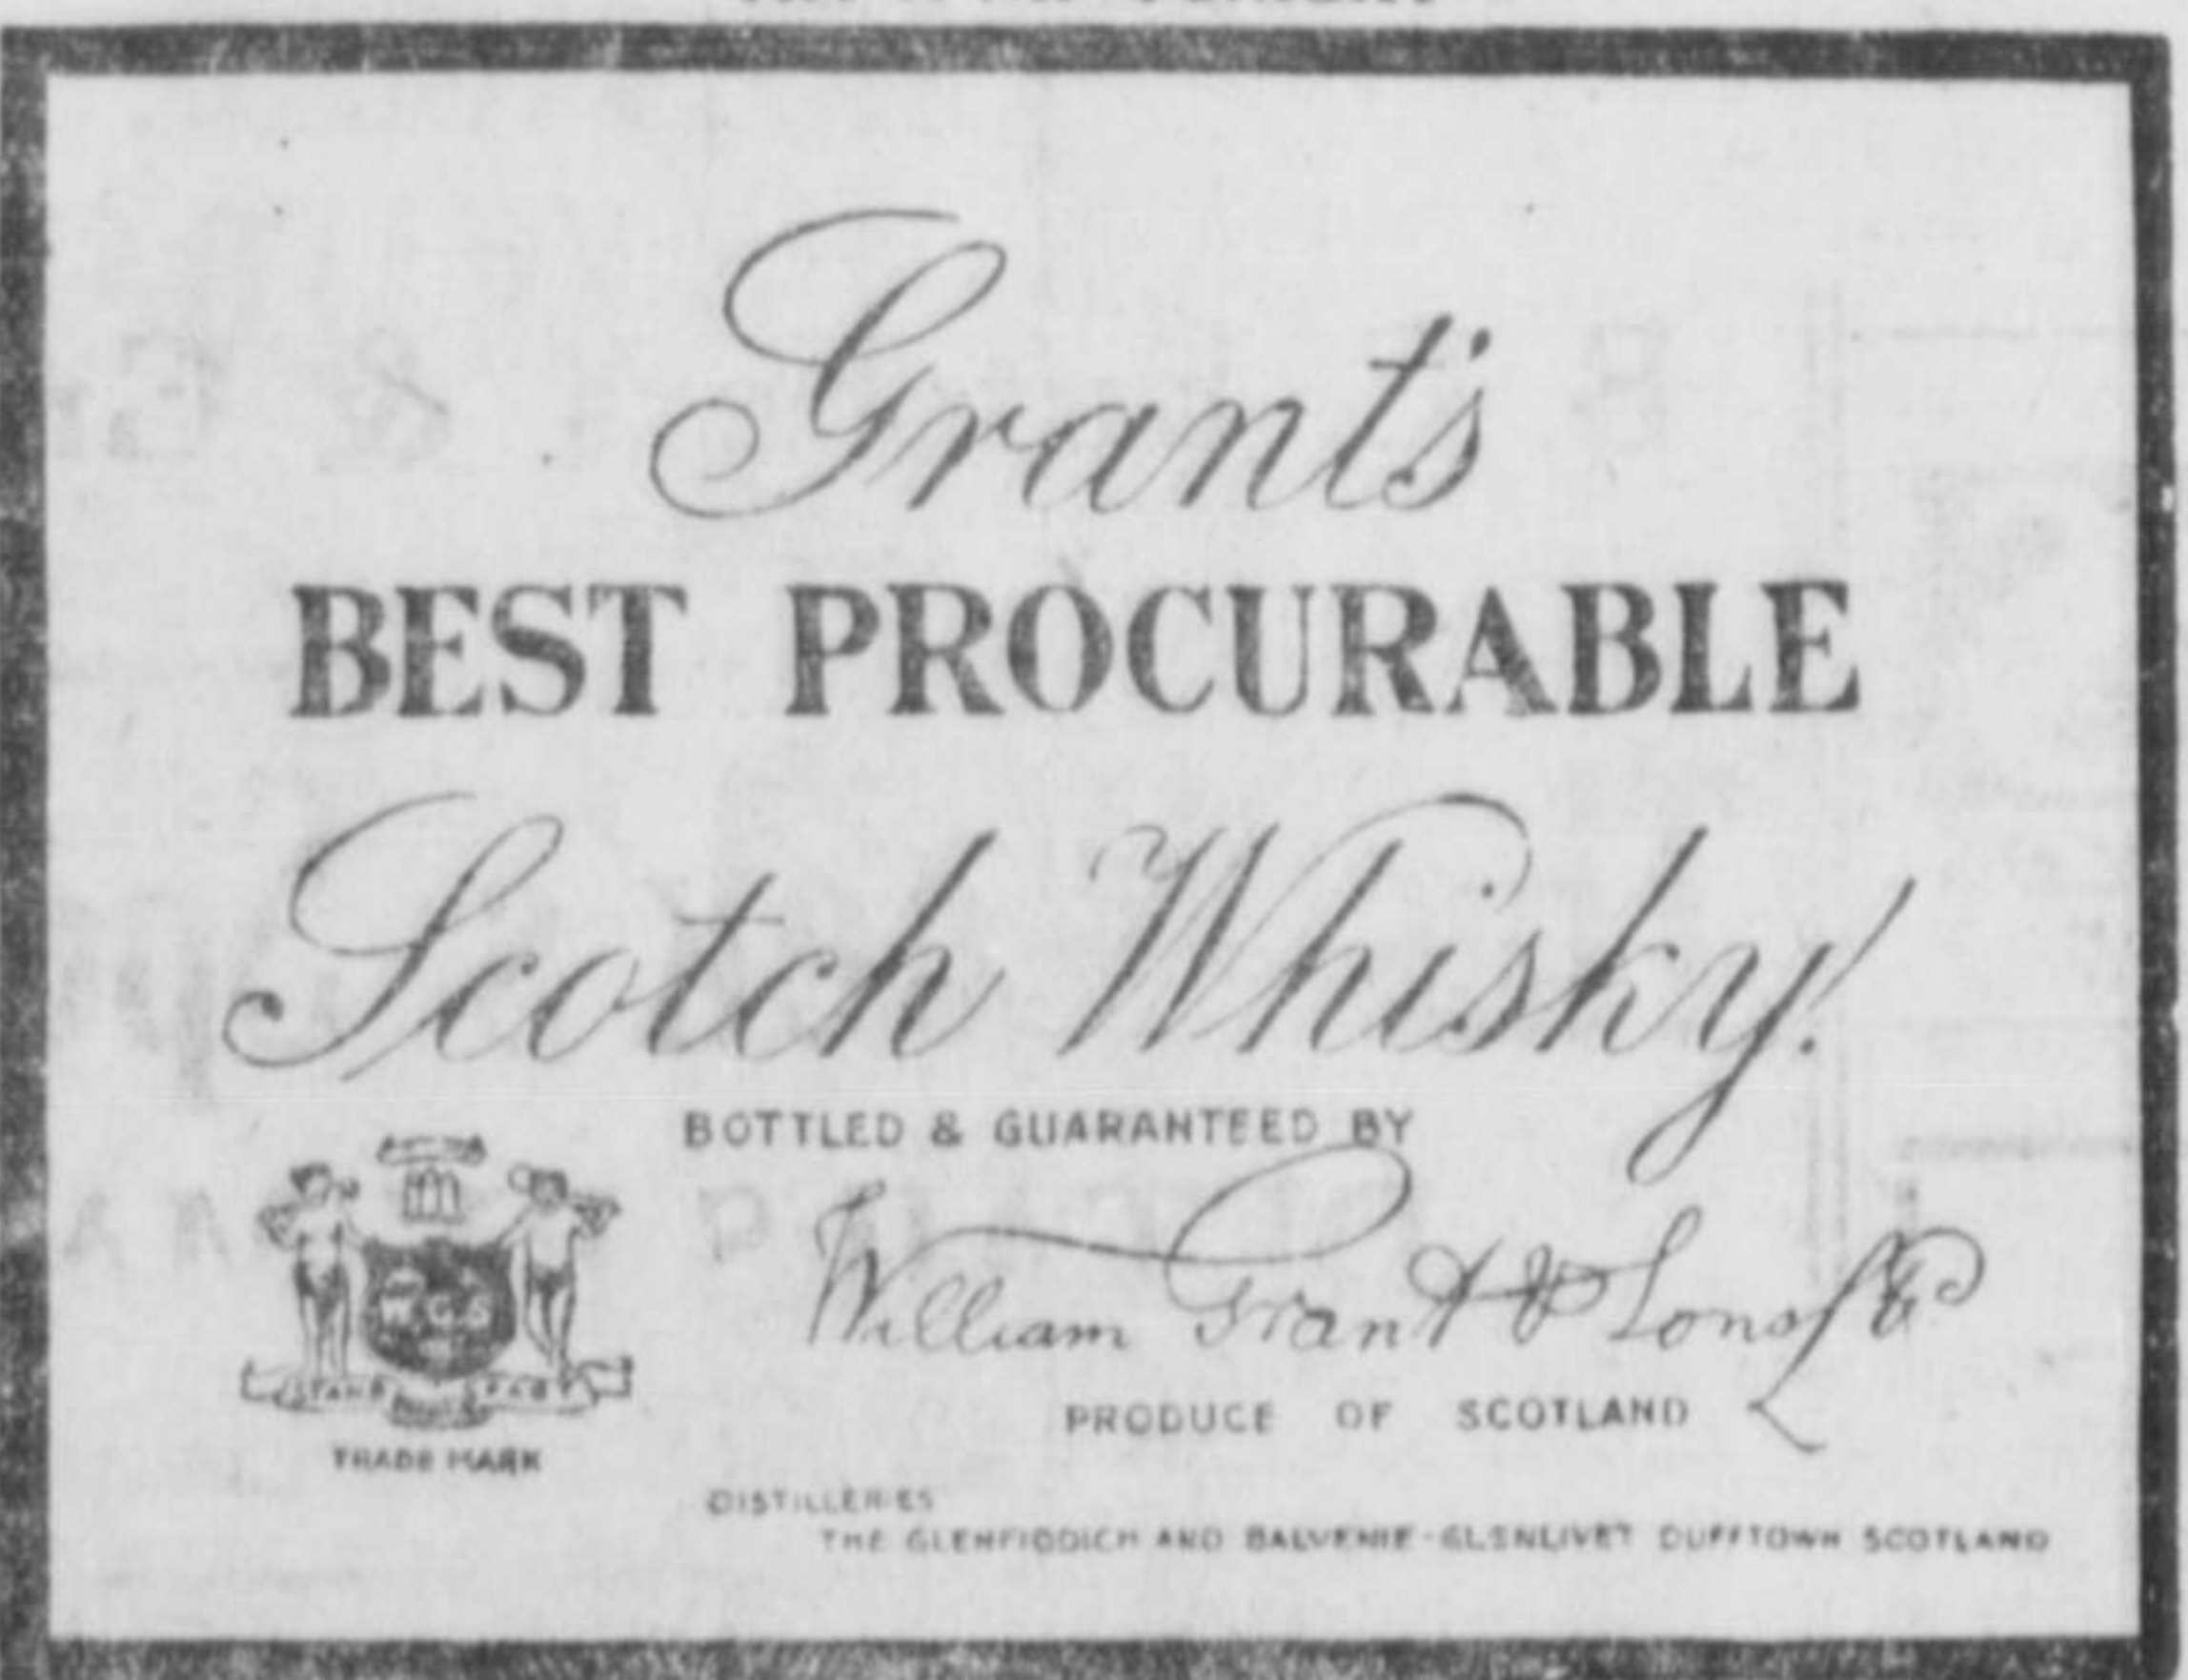

The Tuxis Boys with choruses duets and patter rounded out the evenings' entertainment. Bob Irvine and Bruce Stevens were excellent in a humorous nigger dialogue. The end men were Jack Cobb, Bill Collison, Victor Thomas, Glen Mohr, Bruce Stevens, and Bob Irvine. Interlocutor—Alfred Skattebol. Members of the chorus were Rupert Ross, Douglas Kerr, Ronald Wilson, Eddie Anderson, Roger Obata, Tomo Wisner Bryant, Jim Bryant and Gerald Roberts. The concert will be repeated tonight.

PROPOSED RAILWAY CHARTER

A company is applying to the next legislature for the right to build a railway from Telkwa to Kitimat by way of Copper River, touching the C. N. R. at Copper City and tidewater at Kitimat.

While there should be no objection to a company building a railway anywhere it wishes through crown lands as long as it does not interfere with existing rights, no company should be given government aid unless it opens up new country without duplicating lines already in existence. At the present time the Canadian National has a line from Telkwa to tidewater and it was chosen because it was the best possible route. A survey was made by way of Telkwa and Copper Rivers, but the route was abandoned in favor of that along the Bulkley.

Already there is a line from Telkwa to Copper City with an excellent grade, better than can be secured by way of Copper River, and there is a line to Prince Rupert down the Skeena, the best grade in the country. It would not be a wise policy to extend aid to any other line to the coast opening up the same country. If no aid is asked, the granting of a charter will do no harm.

COMMITTEE FOR CHRISTMAS TREE

Terrace People Organize for Community Event on December Twenty First

TERRACE, Nov. 23.—Following the adjournment of the Parent Teacher meeting which was unusually well attended it was decided to call the meeting to order again and make arrangements for a community Christmas Tree. H. Halliwell was appointed chairman of the meeting and Rev. A. W. Robinson secretary.

The following committees were named to take charge: finance,

J. K. Gordon, A. Holmwood, Rev. A. W. Robinson, Chas. T. Finter; program, G. H. Dyson, Dr. Brummitt, Mrs. R. Haney, Miss A. Davis, Miss Wright, Mrs. Sherwood; purchasing, Mrs. C. R. Gilbert, Mrs. Geo. Dover, Mrs. Geo. Little.

The date of the Christmas Tree was set for Friday evening, December 21.

ANNUAL BAZAAR GREAT SUCCESS

Some \$600 Was Realized as Result of Effort Yesterday of Anglican Women's Auxiliary

The annual bazaar of the Women's Auxiliary to St. Andrew's Anglican Church in the Cathedral Hall yesterday afternoon and continuing into last evening was a highly successful affair, proceeds for the day's effort amounting to about \$600. The sale, opened by Bishop G. A. Rix, continued during the afternoon after which a buffet supper was served with an auction of remaining articles and program following in the evening. Large crowds lent their patronage throughout the proceedings and the various booths and tea tables were tastefully decorated for the occasion.

Mrs. Thomas Andrew, president of the Women's Auxiliary, was general convener and ladies in charge were as follows:

- Fancy Work—Mrs. G. R. Balloch, Mrs. Adam Mackie and Mrs. A. McCoskrie, Mrs. George Korie.
- Plain Sewing—Mrs. C. F. Kemp and Mrs. C. C. Smith
- Baby Stall—Mrs. F. G. Pyle and Mrs. G. J. Dawes.

- Bran Tub—Mrs. W. A. McLean and Mrs. Bert West.
- Miscellaneous Men's Booth—R. G. V. LePine, Ald. G. P. Tinker and Mrs. LePine.
- Tea Room—Mrs. R. L. McIntosh.

convener; Mrs. M. H. Craig and Mrs. W. H. Tobey, presiding at the tea tables; Mrs. A. T. Parkin, Mrs. W. H. Smeeton, Mrs. J. A. West, Mrs. M. H. Blott, Mrs. H. L. Landry, Mrs. James Farquhar, Mrs. J. G. Johns, Mrs. Lawrence, Mrs. Mochida and Mrs. Obata, assisting.

Supper—Mrs. P. M. Rayner, Mrs. C. E. Cullin, Mrs. Frank Dobb, Mrs. S. V. Cox, Mrs. J. C. McLennan and Mrs. H. A. Ross.

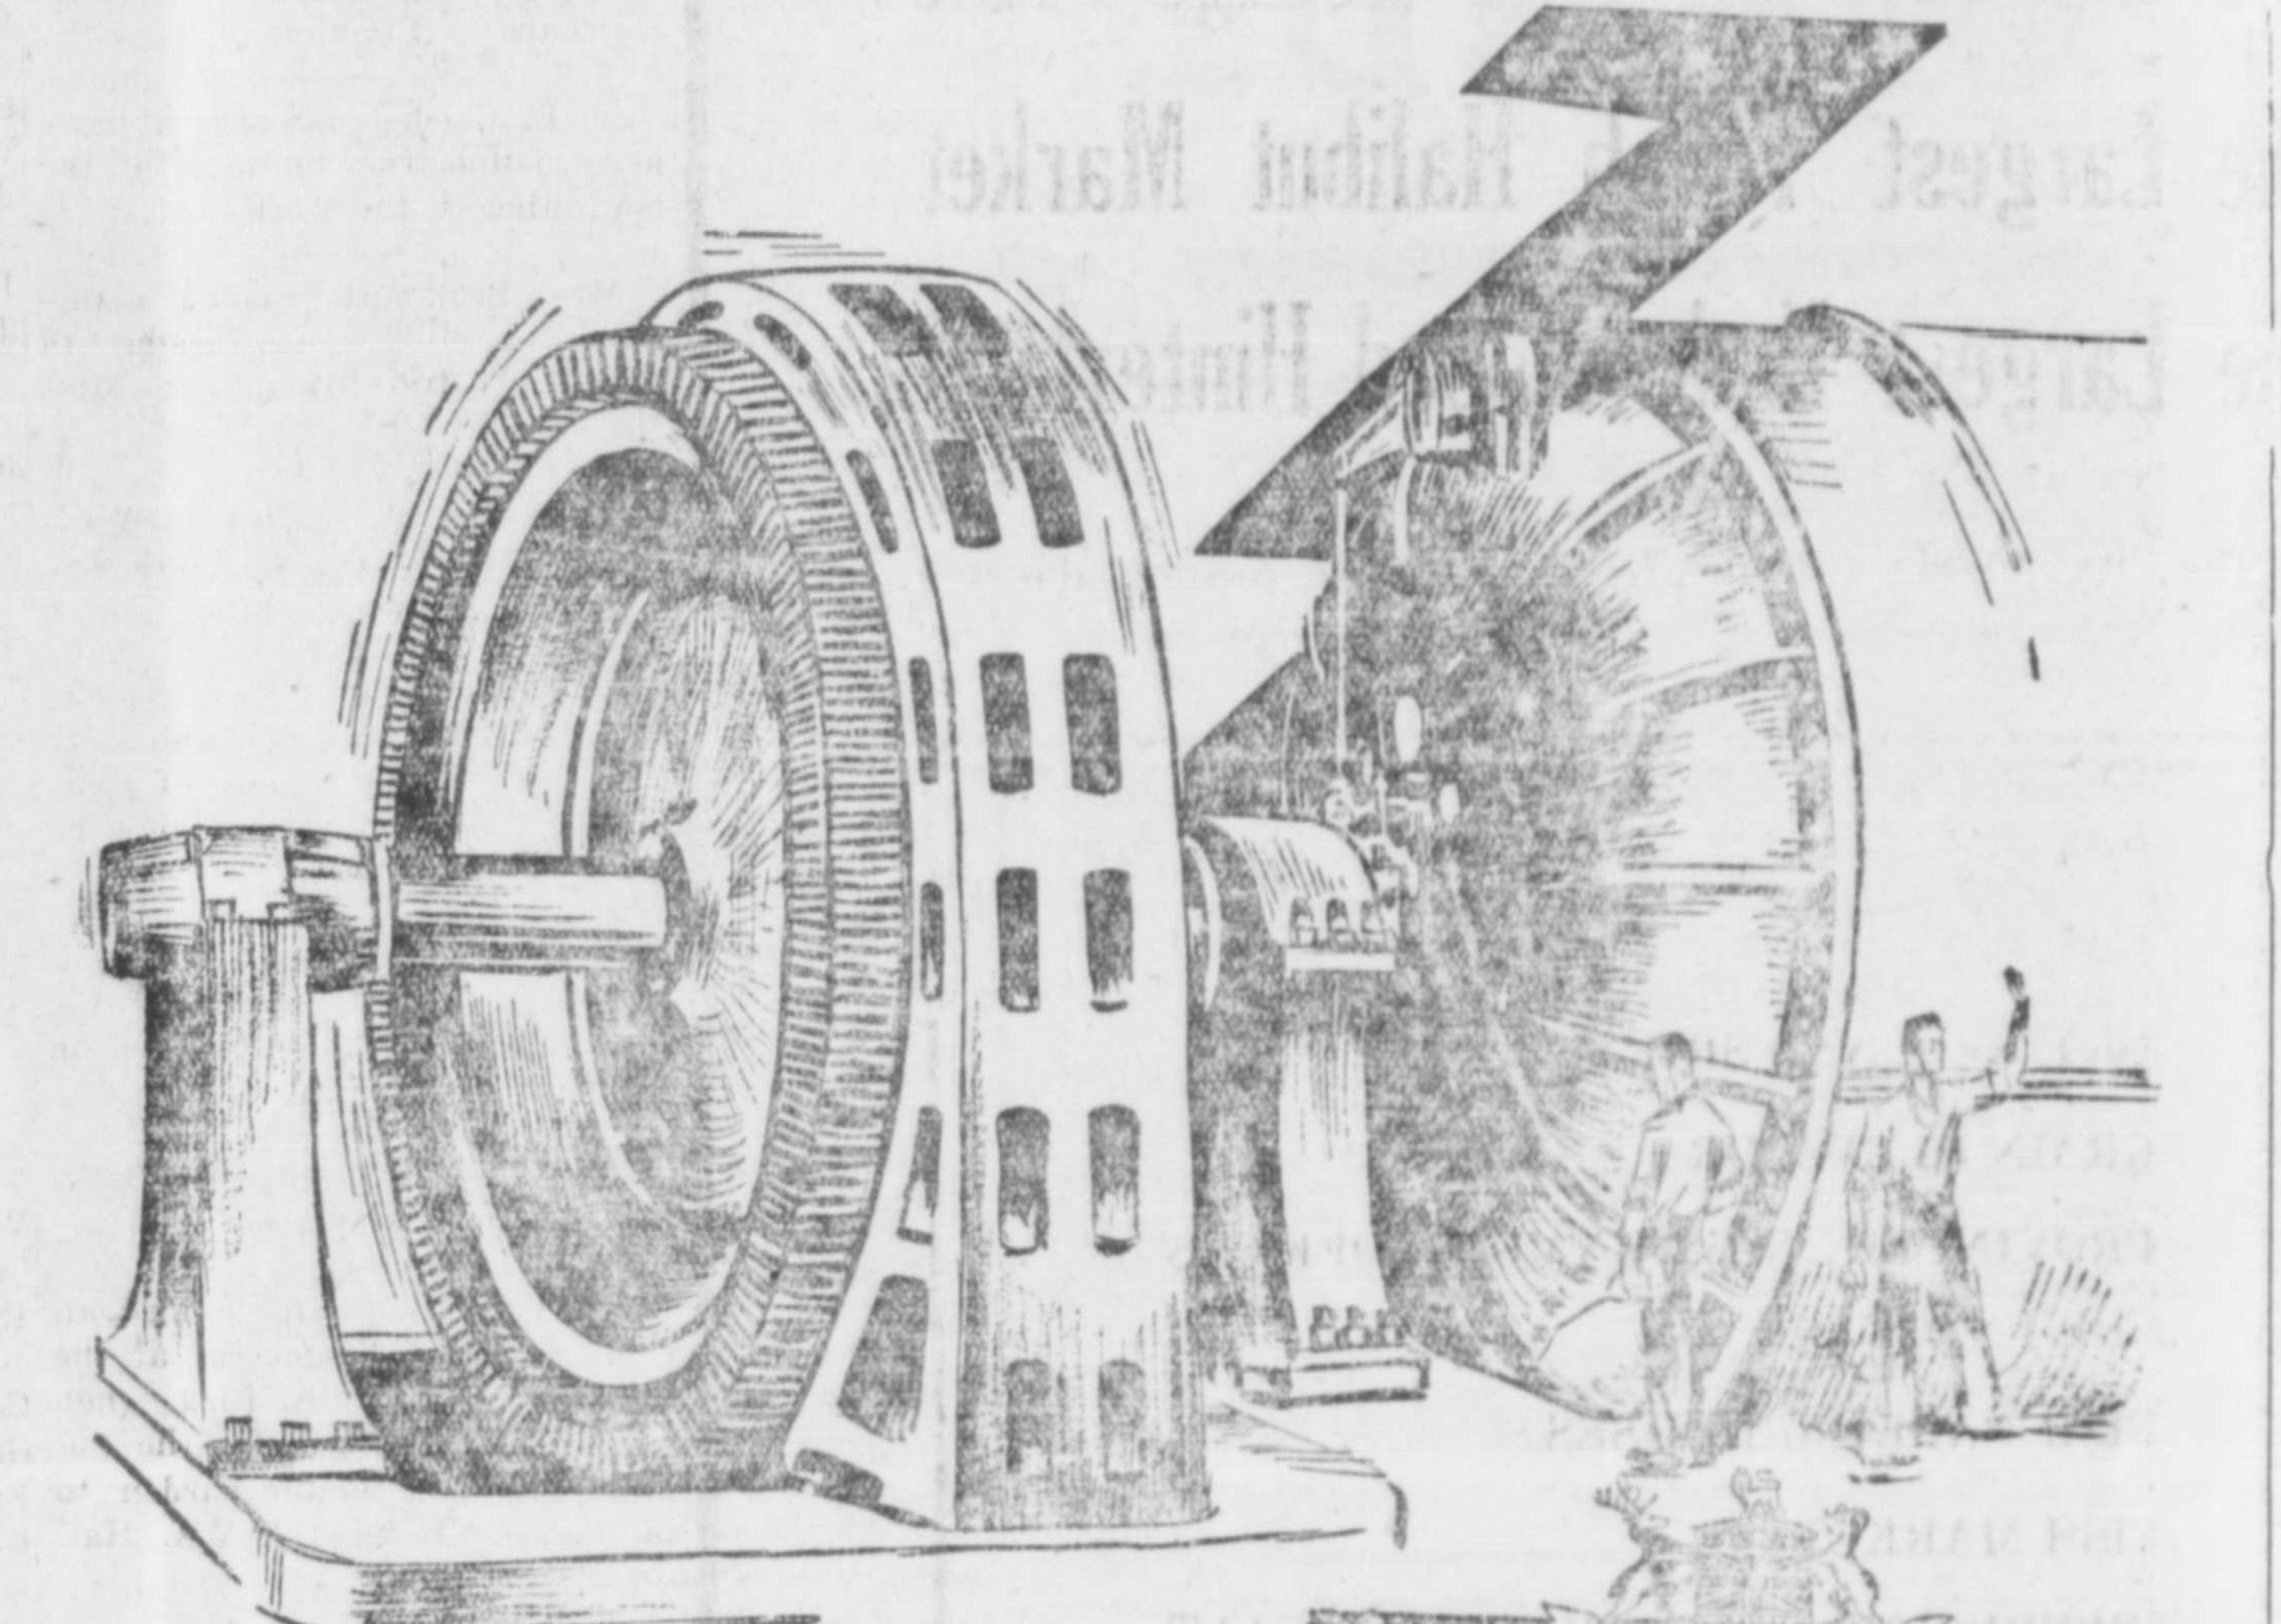

During the afternoon, there were selections by the Ladies' Orchestra under the leadership of Mrs. G. A. Bryant.

The auction sale in the evening was conducted by C. V. Evitt and those contributing to the program included: Misses Molly and Nellie Lawrence, Miss Annie Dalby, Miss Jean McLean, Mr. and Mrs. M. H. Blott, A. J. Lancaster, Miss Marjorie Lancaster, Mrs. Ernest Anderson, Mrs. F. W. Allen and Miss B. A. Leitch.

POWER
Builds Industries!

POWER DEVELOPMENT	
1916	1,000,000
1927	4,000,000
Capital Invested in Manufacturing:	
1916	100,000,000
1927	400,000,000

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined... smelted; transportation problems solved; manufacturing industries developed, and with them population... pay-rolls. Power is British Columbia's strongest bid for more industries... more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bannington Falls and other points is being steadily increased. The Campbell and Chilko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98%... truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed... transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

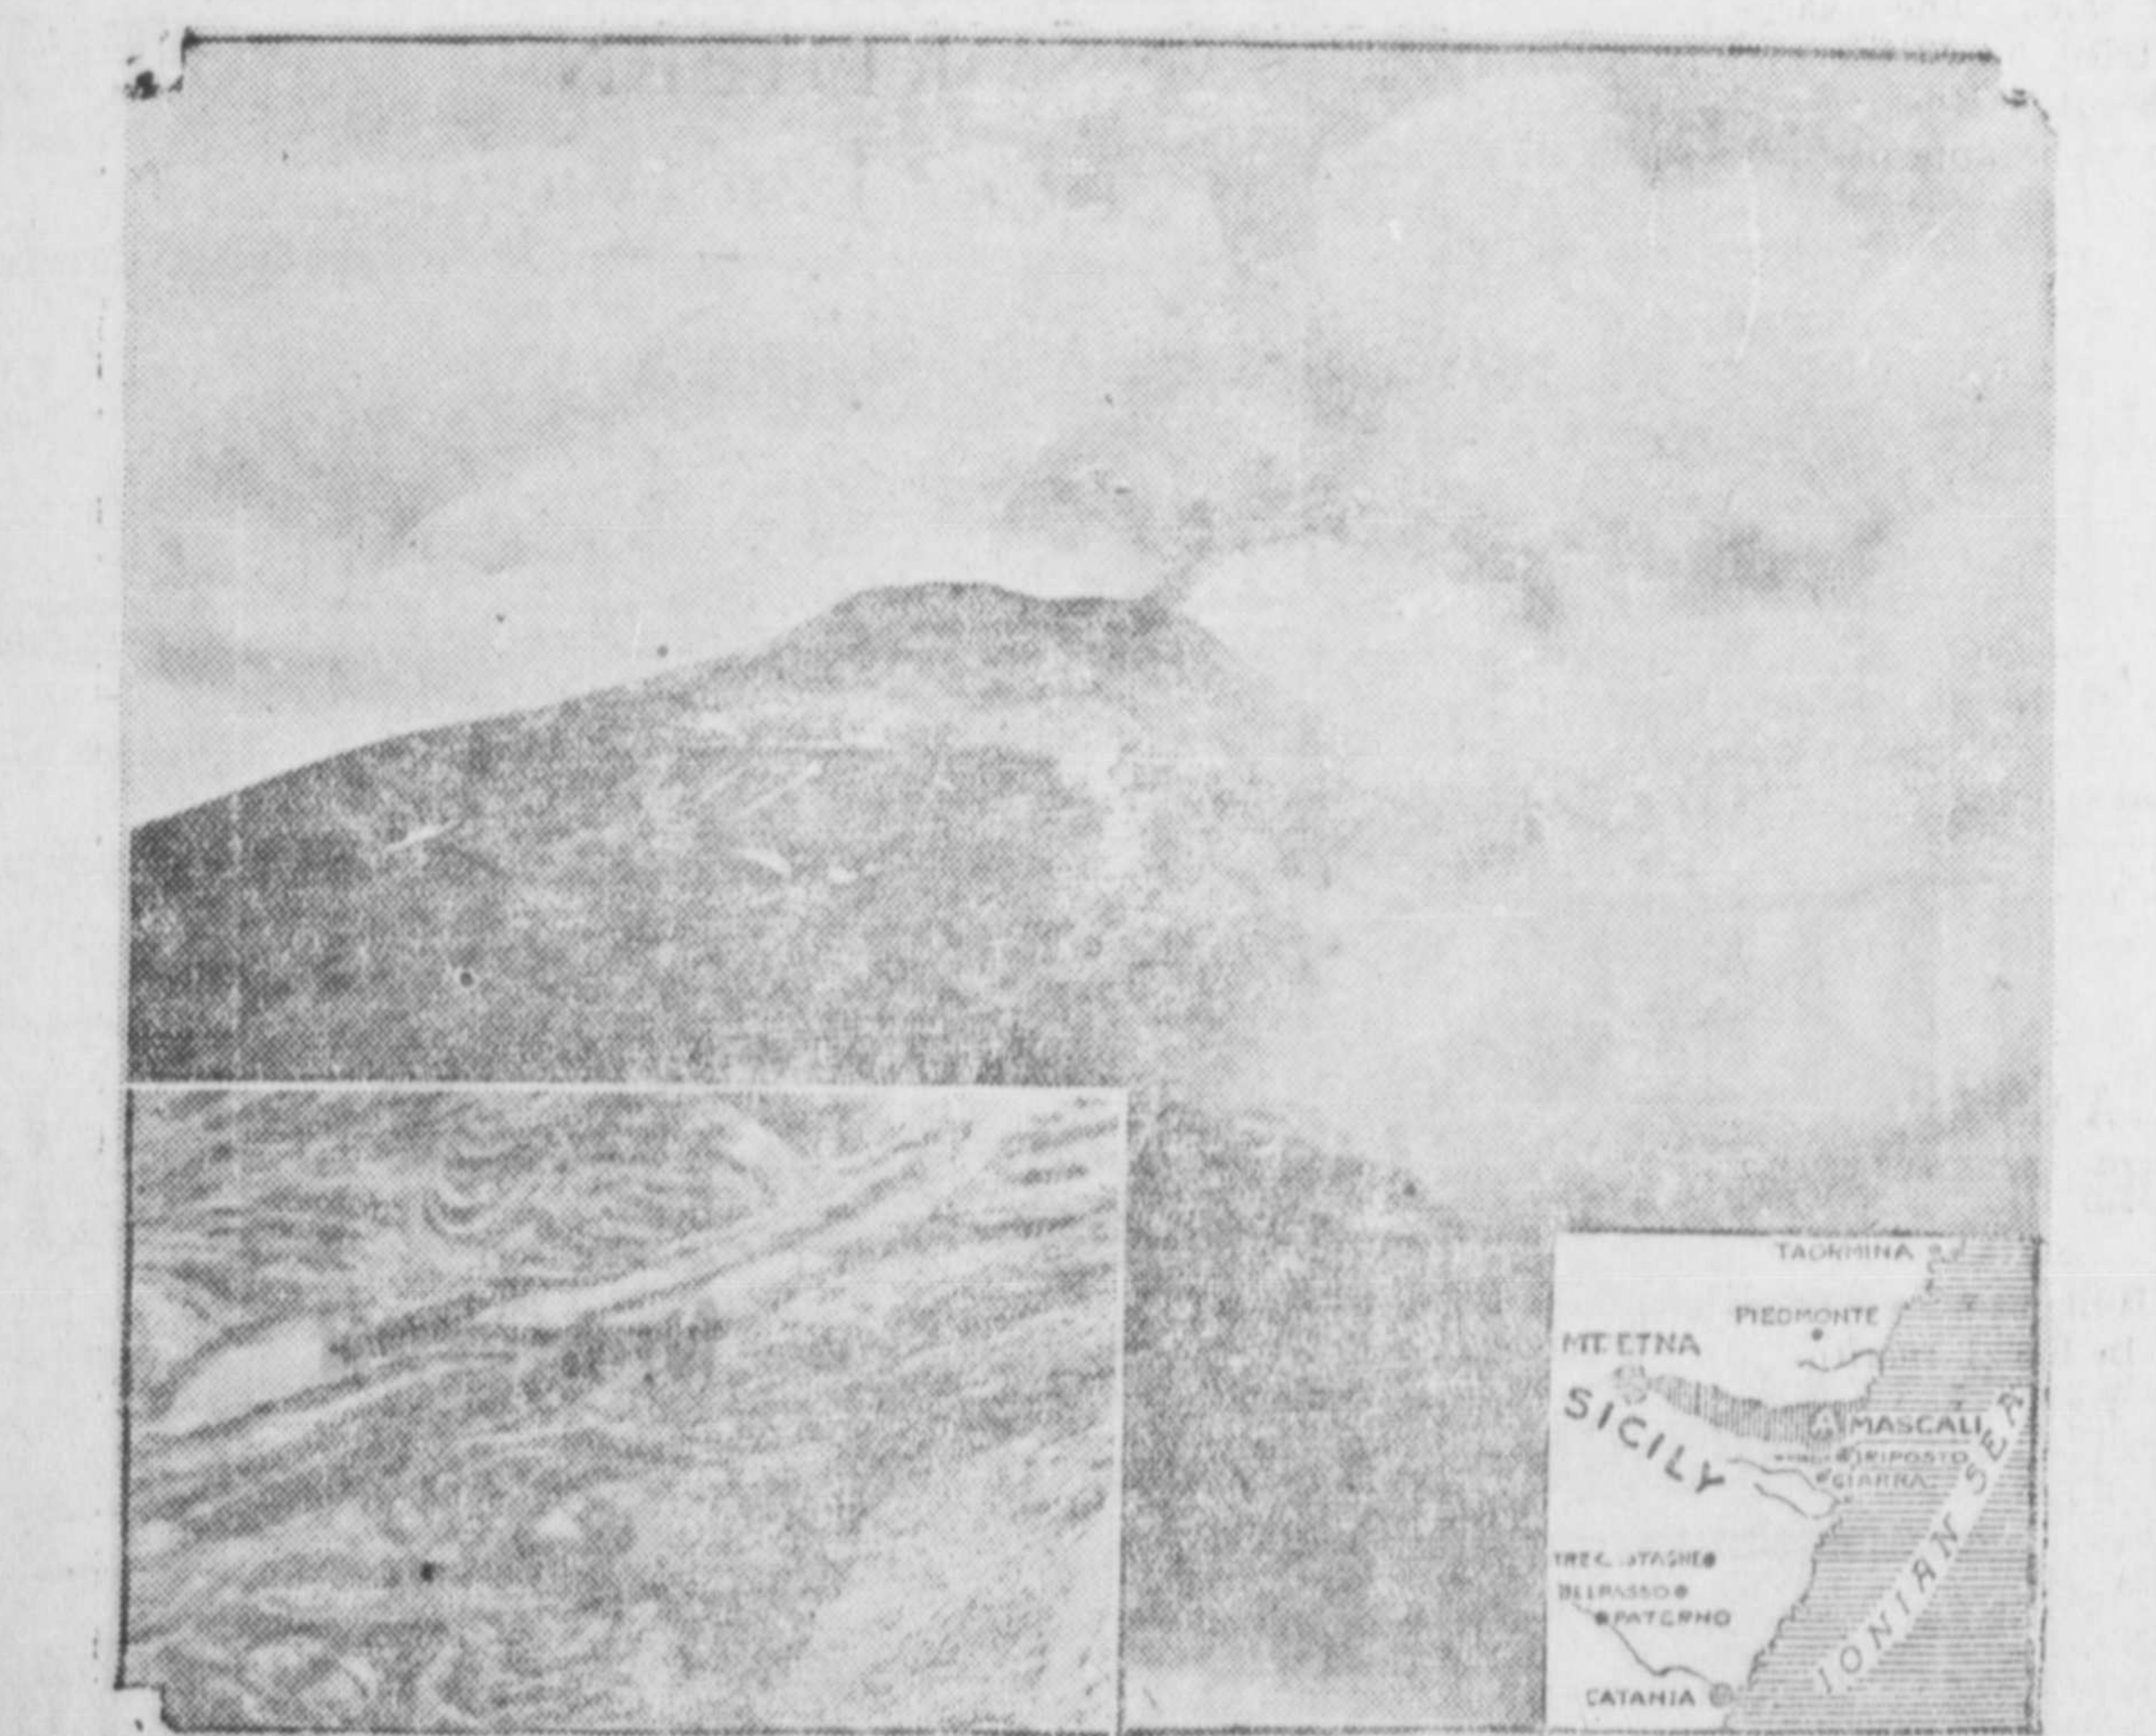

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 101.3%. Our total payroll, including all classes, is estimated at 219 million dollars. Today, our Lumbering, Mining and Fishing Industries employ 72,517 people, paying them 175 million dollars in wages... distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

MOUNT ETNA SUBSIDES AFTER DOING DAMAGE EXCEEDING \$18,000,000

Another Property at Topley Claims Attention; Van-Glacier Gulch Showing Up Well
Glacier Showing Up Well

A new and what is said to be an extremely rich strike of ore has been made on the Topley group of claims, located a mile south of the Topley Richfield and owned by Matthew Sam, an Indian prospector. This ore shows in a distinct vein running at right angles to previous discoveries on the property and on the surface there is six inches of clean ore. Recently some work has been done by way of open cuts and these have yielded such promising

results that it is now the intention to drop down into a ravine and run a drift tunnel. The group has been owned by Matthew Sam for several years and is now ready for crown granting. The ore is said to resemble that now being taken from the shaft on the Topley Silver property, silver being the main value. A vein 18 inches wide has given values of 640 ounces silver, \$1.20 in gold and 4.2 per cent copper.

The Guardian Stock and Bond Association of Vancouver is reported to have taken a bond on the Comet group of claims on Four-Mile Mountain, near Hazelton, which was formerly owned by James Dyer, T. B. Lewis, M.E., has been retained to draw up a program of development, and for the present this will comprise a cross-cut tunnel to be driven approximately 240 feet to reach an intersection of several fissures. In view of recent important discoveries of high-grade on the Mohawk, which the Comet adjoins, the prospects ahead of the latter property are said to be very bright for encountering the same class of mineral. Operations will be carried on by a small force during the winter and, should conditions warrant the expenditure, larger camps may be erected and development undertaken on an increased scale.

With several samples assaying an average of over \$20 to the ton, Frank H. Taylor, who recently took an option on the Glacier Gulch mining property, near Smithers, is preparing plans for the installation of machinery which will allow of more speedy development. Operations on the Glacier Gulch at present consist of a shaft sunk on a lead which penetrated some excellent ore. This is now down approximately 16 feet and there is 16 inches of solid mineral composed of lead, zinc and arsenophyrite carrying strong values in gold and silver. At present there is only a small crew employed on the work, but Mr. Taylor states that he has two complete compressor plants available and one of these may soon be utilized in hurrying along the development in the shaft, which will be followed later by a tunnel.

Fashion Fancies

A Panel of Smart Accessories

A mining engineer is reported to have recently made an examination of mineral properties at Pacific and Cedarvale on behalf of the Payne-Whitney interests of New York and Winnipeg who are establishing the Flin Flon mine in Northern Manitoba.

Harry Heywood managing director of the Terminus Mines Ltd. has been on a trip to Trail recently to meet officials of the Consolidated Mining & Smelting Co. which it is reported may take over the property at Stewart. A small crew is being employed throughout the winter in underground work on the property. A crosscut is being driven to No. 2 vein which will be explored at depth after it is encountered.

The management of the Marmot River Gold announces that there is no truth to a rumor that the property is being shut down. It is the intention of the board of directors to carry on development all winter. Development work is proceeding with very encouraging results.

During the past few months mining in the Anyox-Alice Arm district has been making great strides says the Alice Arm Herald in reviewing the situation. Besides its major operations at Anyox, the Granby Co. is developing the Bonanza mine which will start pouring a steady stream of ore into the Anyox concentrator next spring. The company has also optioned 14 claims adjoining

Peacetime Patriotism

A Fable for Merchants and Salesmen

SHE was an insistent purchaser of local products. She knew the security of her home depended largely on herself, and all mothers like her—depended on their insistence of securing local products. For it was directly through the prosperity and increasing activity of local industry that the men folk of her country enjoyed secure positions and steady employment.

That is why, when shopping for an outer garment for her son, she demanded a local product. The store clerk hesitated and told her the article she required was out of stock at present, but that a certain foreign-made article was "just as good." She refused the foreign garment and left the store.

Back of this mother's insistence was a pride in the products of her homeland—the true peacetime patriotism.

This story has a moral for Merchants

The progress of British Columbia depends on increased production and increased purchasing of British Columbia products by the public. Be fair to yourself! Be loyal to British Columbia! Sell more British Columbia products.

Canon Rushbrook Tells Some of the Interesting Phases of Marine Life Which May Be Seen

SQUID FIFTY FEET LONG

Endless Variety of Beautiful Creatures Inhabit Waters on This Region and May Be Studied

That Prince Rupert holds a unique position for the study of marine life and that the enjoyment of making a study of some of the many forms that present themselves here is something that should be taken advantage of by local people, is the opinion of Canon W. F. Rushbrook, who addressed the Rotary Club yesterday afternoon at its regular weekly luncheon in the Commodore Cafe.

Canon Rushbrook explained that the marine life here was semi-tropical in character, very different from similar latitudes on the Atlantic coast. The waters are rich in the various species of polyps, some of them being gems of beauty. He also spoke of the medusas, some with hair 15 to 20 feet long.

Speaking of the squids which are found on the coast, the speaker mentioned one that was seen about three years ago near the mouth of the Naas River some 50 feet long and with a lateral expansion of possibly 75 feet. He himself had seen one that was 37 feet long and with a sac large enough for him to climb into. He mentioned the endless variety of crabs, from the giant wonderfully formed king crab and the spider crabs to the little hermit crabs found on the beach.

Canon Rushbrook enthused over the wonderful variety of game fish, from the 100-pound spring salmon to the pugnacious little member of the cod family which was able to sink itself when pursued and attach itself to the rocks so that it was impossible to tear it away. He suggested that some of these forms should be exhibited on the local docks in aquaria to be established there. It would be one of the greatest attractions for visitors that could possibly be established here.

The great flotillas of Spanish men-of-war that sometimes invaded these waters, little jellyfish with miniature sails which come from the south. There are all sorts of interesting things which bring unending delight and the speaker urged the possibilities for study under ideal conditions.

COAST INDIANS AND DRUIDS OF GREAT BRITAIN

Ethnic Relation Close, Declares Canon Rushbrook in Address Yesterday

That the natives of this coast were ethnically related to the Druids, who were the early inhabitants of Britain, is indicated by their use of the sun as an emblem of worship and a sign used on their coffins and in some of their rock carvings was an opinion expressed by Canon Rushbrook, in the course of his address to the Rotary Club at its luncheon yesterday afternoon. Canon Rushbrook urged preservation of some of the drawings and other mementoes of the original native life here.

Canon Rushbrook referred specifically to the carving of the man who fell from heaven on the rocks in Metlakatla Passage and carving of the sun on a point nearby. He prophesied that some of the local carved rocks would some day be stolen and carried away to museums. They were very wonderful and valuable. Formerly there were mummies and coffins in the caves of the neighborhood, but they had been all taken away. At the end of every coffin was the red circle representing diety. It was also used as a decoration on oolichan boxes. They were closely related to the Druidic circles in Britain.

The speaker mentioned that the

Indians of the past were perfectly self-contained and not without art, as seen in the making of the beautiful canoes which they used and which were on similar lines to the ocean liners of today, giving the maximum speed with the minimum resistance. They also knew the uses of spaghnum moss for wrappings for the young children, of herbal purgatives and hellbore as a germicide. They were equal to every occasion. Men and women were able to meet the exigencies of life and he hoped the records of the ancient past would be preserved.
