PROTECTING THE ADVERTISER

The bill now before Parliament dealing with the giving out of obtained from the government. information to the public in regard to ownership and control of newspapers also contains a clause providing that the business manager or owner shall give to the postmaster a sworn statement and also publish it in the newspaper showing the average number of papers paid for during the preceding six months.

Many newspapers which do not have an official audit from the Audit Bureau of Circulations have a habit of falsifying their records and making it seem as if they had a larger paid circulation than is actually the case. Now they will have to publish a sworn affidavit and if incorrect may be sued for perjury with intent to de- Joe Garon's Father, Who is Dead, & Stunt Man." fraud. In the course of the suit the books would have to be produced and evidence taken of all employees concerned. That makes it almost impossible for a manager to get away with a very greatly exaggerated statement.

It is to be hoped that this feature of the bill remains so that the advertisers may be protected. It is being keenly supported by afternoon of the death that morning owners and managers of papers which have been making true statements and which have suffered from unfair competition with those which have deliberately padded their circulation lists.

But there a day's illness in his life until the time Daniels, Paramount star, is concerned viding laughs and thrills.

One is that the Legislature of Alberta is not commonly the to him at his home in Quebec four waster of time that parliament used to be under the talk-as-youplease rule. Another is that nature, in league with custom, has aiready provided a pretty effective safeguard against too much prolixity on the part of our provincial legislators. The legislature is usually called together in February. Spring comes about the end of March. And when spring approaches in Alberta, it doesn't take any rule of procedure to remind the local law-makers that it is time to curtail speeches, collect the indemnity, and break for the homestead.

INVEST AT HOME

A great many people take great exception to so much American money being invested in Canada and yet these same people refuse to invest their own savings at home. They have no faith in their own country but prefer to send the cash away to other countries or to other parts of their own country from that in which they live.

This is a mistaken policy. Anyone living in Prince Rupert might well feel that this is, so far as possible, the place to put their money. Failing that there are opportunities for good returns in the Portland Canal district or the mines of the interior.

We published a good article Saturday showing the value of home investments. If we invest at home and buy at home we shall make progress.

BLEEDING THE CAPITALIST

It is the policy of a certain section of the community to advocate "bleeding the capitalists." Such a policy appeals to the man Avelopes going to all parts of the "Swim. We are trying hard to make a living. If some of us are careful with our dollars and reinvest them we immediately join the capitalist class and have a rather different outlook on life. If everyone would do this, we should have a community that would make for progress. Usually those who are against everyone with a dollar in his pocket are those who spend their money as fast as they get it and care not a jot for the country or the government or the good of the commonwealth.

Dont Risk the Embarrassment of Perspiration Odour

The one to two pints of perspiration which, according to physicians, come through the pores daily, is natural . . . and healthful . . . but perspiration odour is not only unnecessary but extremely "bad form."

This unpleasant odour is seldom recognized by the offender, but everyone else notices it.

Lifebuoy is sure protection

Besides being a superior toilet soap, Lifebuoy, through its creamy, gentle antiseptic lather cleanses and purifies the millions of tiny pores and keeps the skin sweet, offering safety from perspiration odour from bath to bath.

Don't try to cover up perspiration odour. Prevent it with Lifebuoy Soap for face, hands and bath. It costs no more.

Locals Capture Northern B.C. Title From Port Simpson Though Beaten Saturday Night

Prince Rupert has won the Northern British Columbia Senior basketball championship from Port Simpson Athletic Club. Port Simpson defeated Prince Rupert in the second and last game of the title series at Port Simpson Saturday evening by a score of 31-27, the four point lead of the natives not being sufficient, however, to win the series for them, the local having defeated them in the first game here Friday night by 44 to 31, the Rupert lead being thus reduced to nine points on the two matches.

The Prince Rupertites were given a splendid reception at Port Simpson and, after the game, there was a dance which broke up at midnight, to be followed by a party at the home of Peter Wells where a big supper was served.

Making the trip aboard the powerboat Joy Bird, Capt. Jack Cook, the locals left for Port Simpson at 5 o'clock Saturday afternoon, returning home at 11.30 Sunday morning. Besides the players, those making the trip included Ernest Anderson, Mack Smith, Jack Allen, Clarence Thomson, Ernie Ratchford, Bronson Hunt, W. Murray, W. Bacon and Harry Menzie.
