## Cyro Club Presents Its Fourth Playground In City To Mayor Acropolis Hill Ceremony Friday

In the presence of civic and club representatives as well as hundreds of youngsters, L. W. Waugh, president of the Prince Rupert Gyro Club, yesterday afternoon presented the title of Acropolis Hill children's playground—the fourth the Gyros have equipped in Prince Rupert—to Col. S. P. McDermie, D.S.O., mayor of the city. There was but brief speechmaking, the most important feature of the proceedings to the kiddies, at least, being the distribution of ice cream in generous quantities.

In handing over the title to the mayor, Mr. Waugh urged the youngsters to take care and not abuse this or any other equipment in the city with which they to receive the document which had been provided. The Gyros had just been handed to him. He sought no other reward for their efforts in providing the playgrounds than that the children for the splendid work the organization had done in equipping four such playgrounds in the city.

Mayor McDermie stated that it was a great pleasure for him

## TORONTO RACES OPENING TODAY

Week of Big Events at Woodbine Park Began This Afternoon

TORONTO, Sept. 22.—The premier racing meet of the Fall season opened at beautiful Woodbine Park here today, when the Ontario Jockey club is running off its final program. The two-year-old championship of Canadian-breds is being decided in the running of the important races for juveniles that are scheduled during the week, while at the same time the favorite for next Spring's King's Plate, Canada's Derby, will emerge from the racing of the two-year-olds. The Seagram Stable at present has a commanding advantage in this division with Tuberose and Circuit, crack juveniles.

The Coronation Stakes at six furlongs and the Grey Stakes at a mile, each having \$5,000 added money, are the features for the two-year-olds. Besides this division, many important stake races for older horses will be decided.

The Toronto Autumn Cup, handicap at a mile and a quarter, has \$10,000 added. This race has been won by many celebrated horses. The great Exterminator won it in 1920, 1921 and 1922 for Willis Sharpe Kilmer, carrying the heavy imposts of 132, 137 and 132 pounds. F. Musante's My Dear, queen of the Turf during her time, was the winner in 1923. Hallucination, one of the finest racers ever bred in Canada, was the victor in Commander Ross' colors in 1924. The Joaquin's Horologe won in 1925 while the powerful Seagram stable captured the race in 1936 and 1927 with Edisto and Gaffsman. Both Edisto and Gaffsman are entered again this year and are reported in fit condition.

The Stanley Produce Stakes for three-year-olds at 1½ miles will be run on Sept. 26 and will have a value this year of \$14,000, of which 1,500 goes to the second horse, \$500 to the third and \$250 to the fourth. Winners of this outstanding event since the war are Woodbine, Sagamook, Chloris, Prismar, Verana, Duchess, Tattling and Whiskery. Some of the leading three-year-olds in America are eligible this year but it would be no surprise if the race was captured by a horse already on the ground. Outstanding among these perhaps is the fine black filly Young Kitty, owned by the Seagram stable last year's two-year-old champion and easy winner of this year's King's Plate.

The O.J.C. autumn program features long-distance racing and steeplechasing. This is the only track in Canada where the steeplechase horses perform. Feature chases are the Woodbine Autumn Steeplechase at two miles, with \$5,000 added, and the Hendrie Memorial Steeplechase with \$6,000 added at three miles.

WHEN ALL THE FROZEN SWIMMERS "QUIT COLD" in the Wrigley Marathon at Toronto: Vierkoetter, long-distance champion, the German merman, being hauled out of the water with the aid of a line and pulley after being exhausted when he still had nearly three miles to go.

### BASEBALL DINNER OF GYRO CLUB TO TAKE PLACE ON WEDNESDAY

A belated dinner which was to have been given bachelor members of the Prince Rupert Gyro Club by their benedict brethren as a result of a baseball game played over a year ago has been arranged to take place next Wednesday evening. Most of the Gyros who were single a year ago have since been married so there will be few honored guests. J. C. Brady, M.P., will address the club at this dinner.

Little Girl—But, please, ma'am we have a new baby brother in our house.

### TO ENTER NEITHER CRIBBAGE OR WHIST LEAGUES THIS YEAR

The St. Andrew's Society, at its regular monthly meeting last night, decided to enter teams neither in the Fraternal Whist League or the Cribbage League this winter.

A committee was appointed to go ahead with arrangements for another carpet bowling tournament such as proved so popular last winter.

Another committee was named to make arrangements for a Scotch dance to be held in the near future.

Business at the meeting was otherwise of a routine nature.

President James S. Irvine was in the chair.

Annoying Bladder Weakness of Old Age Safely Relieved by SANTAL MIDY Sold by All Druggists

### INDIANS OF SOUTH PLAY SOCCER GAME

Football Said to Have Originated With Natives of Argentine

Buenos Aires, Sept. 12.—Soccer of today is merely an adaptation of an old Indian football game in the Argentine, local sports writers say. The success of the Argentine team at Amsterdam and its winning of the Olympic title has caused an unprecedented interest in the game here. Research shows, it is declared here, that the Indians of this country and Chile played a game much like the modern soccer long before the conquest of the country by the Spaniards.

Thus before the days of the white man the Araucanos of Chile and northern Argentina had "chueca" and "linao" as ball game, the latter being called the true soccer of today, except that it was played with the hands.

Regret is expressed that the gaucho of Argentina never took up the Indian game, and it has remained for the present generation in this country to resurrect an Indian pastime and win the world championship.

### Around The World With Sport Fans

(By The Tramp)

Bobby Rosenfeld, the Hebrew girl who represented Canada in the Olympic games and who came second in the 100 metres dash and fifth in the 500 metres, has been presented with a fine automobile by the Jewish sportsmen of Toronto. The city of Toronto presented each of the girls of the team, including "Bobby" with a silver tea service.

The Eastern Rugby season commences October 6, but this is a different rugby game from that played on the Pacific Coast. It is known as Canadian Rugby.

VANCOUVER, Sept. 22.—Dave Black, the Shaughnessy Golf Club professional won the B. C. open golf title over the Shaughnessy course yesterday. Fred Wood of the Vancouver Club won the amateur title.

Rogers Hornsby Gets Two Homers in Double Header Boston-Cincinnati

NEW YORK, Sept. 22.—Philadelphia went down a notch in the chase for the American pennant by losing to Detroit while the Yankees were defeating Chicago. Homers by Rice and Stone spelt defeat for the Athletics. The bases being loaded when Rice connected. Zachary, pitching for the Yankees featured a fine twirling game with a homer.

In the National League New York and St. Louis were idle. Brooklyn eliminated Chicago from the pennant race when Vance permitted but two hits and fanned eleven.

Boston and Cincinnati divided a double header which was feature by two homers by Hornsby, one in the seventh inning of the first game and a repeat in the seventh of the second.

Cincinnati made three double plays in two games.

A ZIG-ZAG book attached to every pack.

Eleven batsmen have now scored over 2,000 runs in English County cricket this year and Hobbs heads the batting averages for a time with an average of almost 88 runs per innings. Hendren has scored the greatest number of runs with over 2,500 to his credit with an average of 6 runs per completed innings.

Leslie Ames the Kent wicket keeper who has been selected to play for England in their tour of Australia this winter has claimed a hundred victims this year having stumped 42 men and caught 58. He is only 22 years old. The event has been accomplished twice before by Huish also of Kent who in 1901 got rid of 100 batsmen and in 1903 got rid of 102.

When the M.C.C. of London played Ireland at cricket recently there was a difference of 37 years between the ages of the oldest and the youngest Irish player. The oldest was R. H. Lambert who is now 54 years old but who has been playing in representative games since he was 17. He made 13 not out and 18 in the two innings and also took a wicket.

The youngest member was 17 years old. E. A. Ingram of Belvedere College who made 11 and 14 not out in the two innings.

Lawford the Notts fast bowler heads the bowling averages with 99 wickets at a cost of over 15 runs per wicket. Freeman is second but has taken over 240 wickets at a cost of over 16 runs per wicket.

Watson of Lancashire with a score of 300 not out has made the highest score of the season.

## WORKING FOR DISTRICT

The city treasurer deserves the thanks of the community for bringing before the good roads convention the desirability of continuing the work on the road between Prince Rupert and Terrace and of speeding up the work of construction. Prince Rupert people as well as those residing in the interior have been asking for this work for a long time and have held a number of meetings at which greater speed was urged upon the late government. The reply invariably was that the work was proceeding as fast as the appropriations would allow, or words to that effect. Now the government has changed and Prince Rupert and the people of the interior will have to respectfully and persistently draw attention of the new government to the desirability of the work going on at accelerated speed. Mr. Matheson has done well in getting the backing of the good roads convention for the highway, which is one of the most important pieces of work the Tolmie government will have to undertake.

## P.G.E. RAILWAY

The visit of the members of the new government to the P.G.E. country is a very important one and may decide what British Columbia is to do with that line. Apparently the deal with the federal government is off and the province will either deal with the C.P.R. or continue to operate the road as a provincial concern.

What we object to in connection with government ownership of a road such as this one is that the government is apt to concentrate its efforts on settling the country around it in order to make it pay and thus neglect the rest of the country from a settlement point of view. The whole of Northern and Central British Columbia needs a virile settlement policy and will strongly object to all the efforts of the government going to the country around the P.G.E., desirable as the settlement of those districts may be.

## USING LARGER TYPE

Readers of the Daily News have expressed themselves as pleased with the change of type used in printing the Daily News as being much easier to read but have complained about the inking. This was due to a mechanical difficulty which we think is now overcome. The probability is that there will be no more illegible print to worry over. This was just one of the little growing pains in connection with the development of the paper.

The new appearance of the sport page has been the subject of comment, all of a congratulatory nature, and other changes generally have been approved. We hope to continue to make improvements so that the hundreds of new subscribers as well as the old guard will feel that they are really getting value for their money.

## Man in the Moon

A grocer when asked how he sold his cheese, said he often wondered how he did it. He rode to the police court and gladly paid his fine for breaking local traffic rules With no word of repine.

The earnings of some people varies from half to three quarters of the amount they spend.

A kitchen would have to be one hundred feet square if it would contain all the articles the ordinary housewife wishes to buy.

If you wish to keep in close touch with all your friends and relatives keep open house at a pretty little suburban cottage, have one or two of the better brands in the cupboard to serve them.

Jake says he'd like to go to heaven if it did not hurt so much.

The British miner-harvesters will have learned by this time that there is not much to do on the prairie farm between 9 p.m. and 4 a.m. except sleep.

The stout man on the scales was eagerly watched by two small boys. The man dropped in his cent, but the machine was out of order and registered only 75 pounds. "Good night, Bill," gasped one of the youngsters in amazement, "he's hollow."

"Her niece is rather good looking, eh?"

"Don't say 'knees' is," say 'knees are.'

"I am afraid, doctor," said a woman to her physician, "that my husband has some terrible mental affliction. Sometimes I talk to him for hours and then discover that he literally hasn't heard word I said."

"That isn't an affliction," was the reply; "that's a divine gift."

Ten Years Ago  
in Prince Rupert

September 21, 1918

The first Chautauqua festival will be held in Prince Rupert next week. Among those participating in the entertainment will be Capt. W. J. Hindley, former mayor of Spokane, lecturer; H. Ruthven Macdonald, famous baritone. The Filion concert party, ladies' orchestra and Dr. William Rader, noted American public speaker.

Police raided the big masquerade which closed the exhibition last night and examined the exemption cards of all men of military age. Twenty men were unable to produce their papers and were taken to the police station. Seven of them were found medically fit upon being examined this morning.

Canneries, salteries and oileries are very active at the south end of the Queen Charlotte Islands just now and the Indians are all very prosperous. There is also considerable mining activity.

## TERRACE

S. B. Davis and S. McNeil of the D. W. Mines Ltd., Cedarvale, spent Thursday in town.

E. A. Blow of the colonization department C.N.R., Winnipeg, spent a short time here during the week.

I. B. Agar left on Thursday on a short business trip to Kitwanga.

Mrs. G. H. Dyson and children arrived on Thursday from Salmon Arm to join Mr. Dyson, newly appointed high school principal here.

Paul Brodin and Oscar Olander were in from Kalum Lake on Thursday.

Mr. and Mrs. J. Viger left on Wednesday for Prince George.

## The Greatest Man in the World

To those dear to you, you are the greatest man in the world . . . the wisest and the most far-sighted. They trust you to protect them from hardship and privation. And to the best of your ability you would do so.

Yet there may come a day when you will no longer be here to shield them . . . to provide for their needs. Will their faith in you then be justified?

You realize that their confidence challenges you to greater vigilance in their behalf. Have you made the provision for them that you know to be

necessary? Is your Life Insurance sufficient to meet their needs? Do you realize that \$5,000 invested at 6% yields an income of less than \$6 per week?

For the sake of those who love and respect and trust you . . . those to whom you are the "greatest man in the world" . . . take pencil and paper, and figure how much you have done toward the building up of an estate. Then call in the representative of any Life Insurance Company and learn how little is the cost of adequate protection.

## Life Insurance Service

## A WIDE APPEAL

### AS AN ADVERTISING MEDIUM

As an advertising medium the Prince Rupert Daily News has a wide appeal. Not only is it read by the people of Prince Rupert, many of whom look to it for mercantile guidance, but it reaches out to the country districts where its arrival is awaited with eagerness. The mining camps and the towns of the interior look to it for the first news of the outside world.

Prince Rupert people who wish to reach the surrounding districts find there is only one medium, that of the Daily News. It is better and cheaper than any other advertising medium and can be depended upon to bring results if anything can.

### Past and Present

In the past when only about 1500 papers were being sold, advertisers in the Daily News claimed they got good results from outside points as well as in the city. During the present year the circulation has increased over a thousand, and the appeal to advertisers is consequently that much the wider.

### Wisdom of Advertising to Keep Goods Moving

Very few merchants seem to realize the cumulative effect of advertising. Every new customer secured is worth a great deal and this new customer becomes an advertiser for others, if he is well treated. The newspaper not only brings customers direct but prepares the way for the spread of business by personal contact.

The advertising manager will be pleased to talk this matter over with prospective advertisers and show them the newspaper's mailing list.

### Waterfront Whiffs

Past Week Featured by High Prices for Halibut — Rupert Marine Products Taking Dogfish—Hunting Parties Are Order of Day

Highest prices of the season were paid for halibut at Prince Rupert during the past week during which a total of 640,500 pounds—511,000 pounds American and 129,500 pounds Canadian—was landed, bringing total landings for the season to date up to 20,623,000 pounds—14,181,500 pounds American and 6,441,500 pounds Canadian—as compared with 20,397,950 pounds—14,840,350 pounds American and 5,557,600 pounds Canadian—at a similar date last year. The Mitkof, with a catch of 21,000 pounds, on Wednesday received 20.1c and 7c—the highest price that has been paid at Prince Rupert this year.

The high Canadian price of the week was 16.5c and 8c which the Selma received for 11,000 pounds.

Low bids of the week were 14.5c and 6c for American fish and 14c and 6c for Canadian. Every boat that landed during the week made good money. General shortage of halibut along the coast was accountable for the high prices. Many expect that prices will continue at a good level from now until the end of the season on November 15.

Hunt Ltd. staff returned to duty on Thursday after having been confined to his home for a week suffering from a severe attack of tonsillitis, due to his persistence in attending the fair in spite of weather conditions. Harry tried his best to buy that lot which was offered in connection with the sale of membership tickets but the lass from Norway beat him to it.

**Engine Repairs**

Jack Lindsay has had his power cruiser Irene L's engine overhauled this week at the Star Marine Products Co. Ltd. a new flagship for its towboat fleet at the end of the season. His party had marked success in opening the Standard gas engine. Hold space deer hunting season at the end is a feature of the vessel which has already been commissioned in packing dogfish from Skidegate Inlet on the Queen Charlotte Islands to the reduction plant at well known at this port, went ashore on Lemesurier Island in generally rough one in the winter Icy Straits at the first of this month. The Red Boy, which is the by far the largest vessel of the rocky reef, however, was and vir-R.M.P. fleet, brought over seventy tons undamaged by the crash, tons of dogfish on her first trip. The Majestic was soon refloated on the high command of the Red Boy, his place on the M.T. 3 having been taken by Capt. Jim Morrison.

The American halibut schooner Majestic. Capt. Pete Peterson, lands to the reduction plant at well known at this port, went Tucks Inlet, a run which is a generally rough one in the winter Icy Straits at the first of this month. The Red Boy, which is the by far the largest vessel of the rocky reef, however, was and vir-R.M.P. fleet, brought over seventy tons undamaged by the crash, tons of dogfish on her first trip. The Majestic was soon refloated on the high command of the Red Boy, his place on the M.T. 3 having been taken by Capt. Jim Morrison.

The Rupert Marine Products is building up the dog fishing industry at Skidegate Inlet and is hopeful of receiving therefrom material enough to keep its reduction plant running throughout the coming winter. W. W. Wright is in charge at Skidegate for the company.

#### Off to Vancouver

Harris McGinley, who has been working this part of the coast for the past several months as a book agent, having spent much of the time in Prince Rupert, left aboard his gasboat Nell on Wednesday for Vancouver.

Capt. O. P. ("Home Run") Smith arrived in port on Thursday afternoon from the Queen Charlotte Islands aboard his trolling boat Billy Boy. First at North Island, then at Naden Harbor and in Heceta Straits, O.P. spent all this season trolling around Graham Island, delivering catches to Prince Rupert and Inverness, and he reports that he has had a fairly successful year. Cohoes were abundant in the straits, he says, but westerly winds prevented any very continuous fishing there. He also did very well at Naden Harbor which field he had practically to himself for about three weeks.

O. P. may make one more trip to the Islands—either to Massett or Skidegate Inlet—before going for the winter to Vancouver as is his custom.

Jimmy Farquhar, quill pusher for Edward Lipsett (Prince Rupert) Ltd., has been at home on the sick list the last day or so, suffering from a severe cold.

George Bryant and party returned to port on Wednesday after a three-day hunting trip to Kitkatla Inlet. The party was successful in bagging two deer so thought themselves fairly successful for the first trip of the season.

THE "LIVING BUDDHA" ON HIS THRONE IN THIBET: The Chief Llama, clad in yellow and carried upon the broad shoulders of his servants, declares the Tsam a religious ceremonial, which evolves about a long dance by worshippers.

geese, having been away from Saturday evening to Wednesday morning.

With a suggestion of improved weather conditions in prospect, the wily deer had better watch out for local hunters this week end for local hunters are going to be out in full muster. A number of rather large expeditions are being planned and some game ought to be the result. The season was started with fair success last week-end in spite of unfavorable weather conditions.

The Anglican Mission boat Northern Cross, of which Rev. W. B. Jennings is skipper, is the latest vessel to take up headquarters at the floats of the Prince Rupert Rowing & Yachting Club. Shef Thomson, caretaker, reports space about all taken up at the club which will have to undertake extensions to its floats if it is to accommodate further boats. To aid Shef in his pumping duties, which have been getting rather heavy of late, the club executive is planning the installation of an electric pump.

#### Big Hunting Part

One of the largest hunting parties of the season will be that which embarks this afternoon at 5 o'clock aboard the Prince Rupert Salvage & Towing Co.'s power cruiser "28" for Campania Island, some 110 miles down the coast. Return to port is set for next Tuesday and, no doubt the deer will suffer in the meantime as far as the bag limit will permit. Members of the party will include Capt. Paul Armour, Dr. L. W. Kergin, Bob Blance, Milton Gonzales, M. L. Stepp and Jarvis McLeod.

The small diesel powered tug Prosperity of the Blue Band Navigation Co.'s fleet was in port from Vancouver at the first of the week, being enroute to the Massett Cannery at Old Massett to pick up three empty fish scows for delivery to Vancouver.

After having spent the past month on the West Coast of Vancouver Island engaged in pilchard packing, Prince Rupert Salvage & Towing Co.'s big power tug Salvage Princess, Capt. Frank Tyler, is back on the Queen Charlotte Islands and will be engaged for the next few weeks in packing dog salmon into South Bay cannery. This work completed, the Salvage Princess will return to her home port here for the winter.

The B. C. Packers speedboat B.C. No. 4 had to be towed in from Lowe Inlet this week for engine repairs. The vessel got away again like a cloud of dust on Thursday afternoon.

#### Kelpie Is Sold

The old sealing vessel Kelpie, a sort of a landmark on the Prince Rupert waterfront for several years, has been sold by Capt. Bill Schelim to Michael Cocco of Seal Cove. The vessel, which recently fouled her moorings and sank while on an old ways at Cow Bay, will be immediately raised and the new owner will install a new 24 h.p. Gardner engine as well as take the keel off and put on a new pilot in order to use the vessel as a two-man trolling boat next season. The Kelpie was brought to Prince Rupert from Victoria

several years ago, having been sailed up the coast by Capt. Schelim. Two small gas engines now in the vessel, will be retained by the former owner. The deal was put through by Louis Amadio of the Ward Electric & Marine Supply staff.

John Kilmain, Naas River Indian, fishing out of Claxton Cannery, has brought a new gill net boat which he recently built, to Prince Rupert for the installation of a 12-16 h.p. Acadia engine, purchased through the Ward Electric & Marine Supply house here.

A new 7 h.p. Easthope engine is being installed in the local trolling boat C. and T. to replace a 10 h.p. Yale. The latter motor or has been sold to Mike Cocco who will install it in his trolling boat Prince Halibut.

Sidney A. McQuillan, formerly of this city, and J. B. McArthur, who set out from Orillia, Ontario, the middle of July, intending to make the trip through the Panama Canal to Vancouver in a 34-foot hydroplane runabout finished their voyage at Belize, British Honduras, the last of August and shipped their boat from there to Vancouver by freight. Delay in getting the boat completed ran the daring pair into the tornado season in the West Indies and, after many thrilling experiences with storms in which their lives were more than once endangered it was decided that the wisest thing to do was to call the long voyage off. In any case, the little vessel had a thorough testing out and the voyageurs accomplished partly at least what they set out to do—to try out the seaworthy qualities of such a vessel. McQuillan and McArthur are now in V... ever.

ANOTHER  
MESSAGE TO  
THE MAN WHO  
DOES NOT OWN  
A CAR

"If I'd known how easy it was -I'd have owned a car long ago"

THE man or woman who would not like to own a car is rarely met.

Yet large numbers of people are going without cars simply because they do not realize how very easy car-ownership really is.

There is no need to wait till you have the price of a new car. A good used car offers you just as much comfort, just as much convenience, just as quick and satisfying transportation and at far less cost; because the original owner has stood the first depreciation.

Come in and look over our fine selection of GOOD used cars, remembering that you can buy here with every confidence of satisfaction. The buyer of a used car receives the same consideration here as the buyer of a new car. His goodwill is just as valuable to us. His satisfaction is of just as great interest. See the Cars... check up their prices... figure their low cost-per-mile of transportation. Then you'll say, with scores of delighted used-car owners, "If I'd known how easy it was, I'd have owned a car long ago."

INAUGURATION OF THE FIRST AEROPLANE SHIP-TO-SHORE SERVICE: The French line started its ship-to-shore aeroplane service when an Amphibian plane, carrying mail from France, was catapulted from the upper deck of the westbound *Île de France*, about 450 miles from the American coast, and got to shore in about four hours.

## FLORAL FOSSIL TRAVEL IS ON GROWTH FOUND THE INCREASE

Confederation to Give Winter Service Until January 5.

WINNIPEG, Sept. 22.—As a result of the great increase in prospecting in various sections and the prairie provinces, the Canadian National Railways crack passenger

some highly interesting fossil of express which is now running the plant life of this part of the between Toronto and Vancouver province when the world was linking these cities with Brandon, young. The fossil are contained Regina, Saskatoon and Edmonton, in sand rock taken from the will operate as far west as Ed formation of the Hudson Bay mountain until January 5. The Mountain, in the vicinity of winter schedule will begin on Smithers. The discovery came September 27. This will be the accidentally with the splitting of first time Toronto has had a piece of rock which disclosed a direct connection through western the outline of the leaf of what Canada during the winter months, appeared to be a tropical leaf. The service between Edmonton, the coloration of which on the Jasper and Prince Rupert has also sand rock was very marked. This led to the splitting of other 18, Number 5 will leave Jasper at 8:40 a.m. (Pacific time) Monday, of a dozen specimens of plant Wednesday and Saturday, arriving life fossil. The majority of the leaves appear to have come from tropical palms which would indicate that ages ago this section of British Columbia enjoyed a very different climate from that which obtains today.

Another discovery which Tickles has made and which has greater interest for him is a secretion of a grease which occurs in a fracture of rock. The rock appears to be impregnated with grease which also makes up the filling of the fracture. The grease has the appearance of an ointment and Tickles intends to have an analysis made of it to determine whether it possesses

the filling of the fracture. The grease has the appearance of an ointment and Tickles intends to have an analysis made of it to determine whether it possesses

commercial possibilities.

## PRESENTATION AT TERRACE

Mr. and Mrs. A. Holmwood Recipients of Public Event to School Teachers

TERRACE, Sept. 21.—A pleasant social evening was enjoyed in the Native Sons Assembly Hall here on Friday evening, the affair taking the form of a welcoming to the staff of the public and high schools. Whist was enjoyed during the early part of the evening, the winners being Mrs. Hall and Miss Wright. Following this dancing was indulged in until midnight when supper was served.

During the supper hour R. W. Riley in an appropriate address welcomed the teachers to the community. Mr. Dyson, high school principal, ably replied and a number of other speeches were made. A. E. (Ted) Johnston, president of the Native Sons presented A. Holmwood, public school principal and his bride with a silver casserole, suitable replies were made by both Mr. and Mrs. Holmwood after which dancing was continued, the music being furnished by J. McLaren's orchestra. Step dancing by Miss Sophia McLaren was also a feature of the evening's entertainment. At the close of the evening's program Mr. and Mrs. Holmwood were encircled by the gathering and Auld Lang Syne heartily sung.

## PIONEER WOMAN OF CITY PASSES

Late Mrs. Donald McLeod Was Prominent Church Worker and Social Leader Here in Early Days

Death on Monday of this week at her home in the Devonshire Apartments, Vancouver, came as a happy release for Mrs. Donald McLeod, an early resident of Prince Rupert, who had been suffering for some two years with a serious malady cure for which could not be hoped for.

A resident of British Columbia for over twenty years, the late Mrs. McLeod lived in this city during railway construction days, she was well known as a Presbyterian Church worker as well as a pioneer social leader. Her husband was an official with Foley, Welch & Stewart and is still identified with that concern as confidential secretary to General J. W. Stewart. Mrs. McLeod's passing will be regretted by many old friends who are still in the north. She was sixty-five years of age and, besides her widower, is survived by three brothers, Christopher, John and Charles Shauger of Iowa.

The funeral took place on Thursday afternoon from Central Presbyterian Church, Vancouver, with Rev. E. D. McLaren officiating, interment following in Ocean View Burial Park.

## Church Notices

Presbyterian Church  
Minister, Rev. J. R. Frizzell, B.A.

## MAKING SEARCH GODFREY PARTY

OTTAWA, Sept. 22.—A motor launch owned by the Northwest Territories and Yukon branch of the Government of the Interior will start from Fitzgerald on Great Slave Lake to aid in the search for the Godfrey party. It will proceed along Great Slave Lake and Peace River. In the meantime it is thought some of the members of the party may be walking out to get help and they may have started for Vermilion where they can pick up a steamer.

## FORMER LOCAL BOY WEDS IN MONTREAL

Miss Kwen Robson became bride of Harry Lloyd Johnston on Monday of this week.

The marriage took place Monday of Gwendolyn Anne, only daughter of Mr. and Mrs. Charles Edward Robson of Vancouver, to Harry Lloyd Johnson of Montreal elder son of Mr. and Mrs. H. L. Johnston of Victoria, who resided in Prince Rupert as a boy with his parents in the early days. The ceremony was performed very quietly in Christ Church Cathedral, Montreal, in the presence only of immediate relatives. The bride is a graduate of the University of British Columbia, while Mr. Johnson graduated in applied science from McGill University. He was a lieutenant in the Royal Artillery during the War and was awarded the Military Cross at Cambrai.

Mrs. G. A. Rix left on this morning's train for Calgary where she will attend an Anglican Women's convention and meet Bishop Rix, who has been on a trip to Hamilton on church business and who will return to the city with her.

## The Doctor

It is essential that my car should always operate properly and accordingly I use Champion Spark Plugs.

Champion is the better spark plug because it has an exclusive silimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.
