GOVERNMENT IS SUSTAINED 25 TO 19

BOURASSA ENJOYS THE GAME OF PRODDING AT ENGLISH

Bourassa the Cause of Flurry in Commons as Talks of the English

Declares he is With British Government While They Talk Peace, But Against Them When They Unmuzzle Their Guns

OTTAWA, February 8.—While Henri Bourassa was speaking yesterday, on the address there seemed a likelihood for a moment of lively times. He had spoken of the danger of letting down the immigration barriers to radicals from Europe. "We should beware how we open our doors to anyone who might come from England with heart full of hatred against British institutions," he said. "Of course, if you want to hasten the day of secession, if you want to precipitate Canada into a crisis with Great Britain, bring as many as you can of that kind of people to this country."

FLAPPER ACT IN BRITAIN

British Government Preparing for Election Year Hence and Labor Chances Looming Larger

LONDON, Feb. 8.—Political prophets are now setting the elections in this country for May or June, 1929, after a brief session of parliament next spring. An effort is being made to popularize the Conservative government as witness the modified warship program and the reported decision of the Chancellor of the Exchequer not to reduce the income tax this year. The chief measure this year is the so-called "Flapper Act," which gives the vote to women of 21 instead of 30 as heretofore. There is a feeling here that the labor movement is becoming stronger and with their more reasonable program, which seems acceptable to the Liberals, and with the absorption into the party of many prominent people, it is not thought that any great changes would follow the advent of such a government, even if it had a majority over all.

CHINESE CASES AT VICTORIA

Lee Jim Charged With Attempted Murder and Remanded; Another Arrest Made

VICTORIA, Feb. 8.—Lee Jim, the Chinaman who was arrested in connection with the shooting of Wong Lim Sunday, was charged with attempted murder in the police court yesterday and remanded until February 15, bail being allowed in the sum of \$10,000. Another Chinese, Lee Sing, was taken into custody for having an offensive weapon in his possession.

TERMINUS MINE SALE APPROVED

VICTORIA, Feb. 8.—The board of the Terminus Mines today ratified a deal made by Harry Heywood, managing director and chief owner with James Ralston and E. P. Davis of Vancouver representing operating clients, whose identity will not be disclosed until February 22 at the general meeting. The chief shareholders of the Vancouver Mines, adjacent to the Terminus and having been associated with it in the past, have agreed to turn in their share of holdings in order to make possible a deal of this property.

AIR FORCE DIRECTOR QUILTS FLYING FOR NEW POSITION IN FINANCE

OTTAWA, Feb. 8.—Group Captain J. S. Scott, director of the Royal Canadian Air Force, has resigned to enter civil life. He is said to be entering a financial company in Ottawa.

There were protests from the Conservative side. "Did the poorest of England not fight for their country in the war?" General Clarke demanded. "They fought for France and they fought for you," another voice called across to Bourassa. There was some hubbub and Bourassa rejoined: "They fought for England and they did it well." Bourassa added later that he had the greatest admiration for the present policy of the British Government, to make peace as permanent as it could. As a free Britisher, he would however say "Now that you are talking peace, we will help you. The moment you unmuzzle your guns, we will be against you."

FREIGHT RATE FIGHT COST A GREAT DEAL BUT BENEFITS LARGE VICTORIA, Feb. 8.—British Columbia's fight to secure equalization of freight rates cost the province \$160,000, according to Hon. A. M. Manson, attorney general, before the public accounts committee. G. G. McGeer was paid \$6,646 and Mr. Manson estimates the benefits accruing to the province as a result of the downward revision at \$30,000,000 and going on from year to year.

Provincial Government Sustained on Want of Confidence Motion in Legislature Moved by Colonel Peck

WILD SCENES HOCKEY GAME Woodward voted with Conservatives and so did the Labor members and Creery but Stoddard stood by Liberals

VICTORIA, Feb. 8.—By a vote of 25 to 19 a motion of want of confidence in the government was defeated in the Legislature yesterday. The resolution was moved by Colonel Peck, Conservative, to amend the address in reply to the speech from the throne by adding regret that the government had not seen fit to give the industrial centre of Vancouver cabinet representations. In the vote Hon. William Sloan and Kennedy paired, Major Dick Burde was absent, Woodward voted with the Conservatives as did Creery, Uphill, Neelands and Brown. Stoddard voted with the government.

Immediately following the defeat of the amendment, the motion for the address was carried with the same division with the exception of Creery, who voted with the Government. Premier MacLean, speaking to the Peck motion, said he recognized that Vancouver was entitled to representation. There was material from that city among members capable of filling the position and there had been offers made to members of the riding to join the cabinet. For business reasons those invited had been unable to accept and make the sacrifice that such a course would entail in their private affairs. He promised that not only would he give Vancouver representation in the cabinet but also would provide for other parts of the province.

Premier Manager Tells of Work to be Done on Silverado Where Tramway and Mill to be Erected

Men Going North to Help Rebuild Premier Bunkhouses, Messhouses and Other Structures Following Big Fire

Though details of our program have not yet been worked out, we intend as soon as the weather breaks, to institute a vigorous campaign of development work on the Silverado property which has just been acquired by the Premier Gold Mining Co., states Dale L. Pitt, manager of the Premier Co., who is a passenger on the Prince Rupert today returning north following a business trip to Vancouver and Victoria. "This will result if showings warrant it, in the construction of a tram-line, about a mile long, from the mine to the beach and also a concentrating mill." Mr. Pitt stated that, through the acquisition by his company of the Silverado property linked up with Prosperity which the company already has obtained, a couple of good prospects had been acquired which should help considerably in the end and, together with the continued successful operation of the Premier mine, put the company in a strong position as far as the Port and Canal is concerned.

NEW CHURCH THIS SEASON

Lutherans Hope to Have Building Completed by Fall if Was Decided Last Night It was decided by the council of St. Paul's Lutheran Church, meeting last evening at the home of F. W. Hart, Sixth Avenue West, that an endeavour would be made to have a church building completed by fall of this year. Arrangements with that end in view are to be instituted at once. The church, along lines that have already been described, will cost probably \$12,000 of \$15,000 and will be situated on the lots of the congregation at the corner of Sixth Avenue and Dunsinuir Street. The council elected officers for the year as follows: Chairman—Rev. John H. Hansen. Secretary—John Dybvad. Treasurer—Thor Johnson. Executive—F. W. Hart, John Lindseth, John Ivarsen and I. Fenness. Other business of the council last night was of a routine nature.

RAILWAY OFFER OF SIR HENRY

Would Take Over Alberta and Great Waterways Line on Progressive Plan EDMONTON, Feb. 8.—The offer of the Canadian National for the Alberta and Great Waterways Railway has been received by the government. Sir Henry Thornton in his letter make no cash proposal but assumes for purposes of his offer that the railway is valued at five million dollars. Sir Henry proposes that for the first two years Alberta assume the entire fixed charges, the Canadian National to operate and assume the operating deficit. The C.N. then would pay the \$45,000 interest on a million dollars for the third and fourth years, progressively increasing payments to \$250,000 a year on the five millions after the fourth year.

STOCKS JUMPED AT NEW YORK

NEW YORK, Feb. 8.—The stock market today staged a whirlwind rally after many specialty stocks had plunged down from three to eight dollars a share in early trading. Enormous buying of Montgomery Ward, which sold at \$149.50 against an early low price of \$138.80 was the outstanding feature.

DEBATE ON ADDRESS ENDING TOMORROW

OTTAWA, Feb. 8.—The debate on the address is scheduled to end Thursday. As no amendment has been proposed it is expected the amendment on the address will then be adopted without the House dividing. With the subsequent tabling of the estimate the House will get down to actual business of the session.

PUBLIC LANDS NOT AN ASSET

It is clear from the report of Mr. Justice Martin of Saskatchewan in recommending the return of the Peace River belt to British Columbia that he does not look upon land as an asset but rather as a liability. The Peace River Block today is of very little value to the province of British Columbia because it is not opened up. In order to open it up, an expensive railway is necessary. Then roads will be needed and schools and other necessities to settlement that have to be paid for from the provincial exchequer.

If the government can secure the opening up of lands by transferring them to a company to build a railway, they will be settled quicker than otherwise would be the case and they will in time become of some value. They will be changed from a liability to an asset. The same might apply to any part of the country.

There was a time when it was thought that giving lands to a railway was poor policy. It was when they were allowed to be tax-free for ever, as on Vancouver Island when granted to the E.&N., but if given with a limit of free taxation, they soon become an asset to the country, for the purchasers find settlers.

If the C.N.R. or the C.P.R. will make a deal now with the provincial government to build a western outlet to connect with the present C.N.R. line it will be good business for the province. If any undeveloped part of the country can be opened up in a similar manner, it is for the benefit of the people as a whole. It is far better than giving cash.

We need railways, we need development, but we do not need the lands because we cannot use them. It is only new settlers who can use them and the railways are the best settlement agencies we have.

SEES CANADA BECOMING PROSPEROUS

The Babson Institute, that gives advice to businessmen, points to Canada as the place with business opportunities. It says that business in United States is on the decline and improving in Canada. They also say that in this country it will continue to improve. This is an opinion that is not biased and which seems to indicate that there will within the next few years be a steady flow of people from United States into Canada.

INTERESTED IN THEATRE

Most people in Prince Rupert have been interested in the Aivazoff theatre proposal and have been watching the recent development with keen interest. The present theatre does not satisfy them. They want something better.

It seems a pity that the site could not have been large enough to allow of the very latest thing in theatre construction. However, that is a matter for the builders to worry over. A corner lot on Third Avenue at Second Street might have been obtained from the provincial government that would have suited the purpose but it is probably too late now.

PRAYER BOOK AGAIN

In England they have a national church and it is giving them a lot of worry. Control of the church is vested in the House of Commons.

The Church chose to revise the book used in their church services but the House of Commons refused to sanction it. It went back to the Church Council and is again adopted. Now, what will the Commons do with it?

MADE AT NIAGARA FALLS

MEN'S BANQUET
AT CATHEDRAL

Successful Event Last Night
Made Possible by aid of
Ladies of Women's
Auxiliary

ADDRESS BY ARCHDEACON

The annual men's banquet at the Anglican Church held last night in the Cathedral Hall and presided over by George Rorie, proved to be one of the best events of its kind yet. The women's auxiliary provided a sumptuous banquet which was much enjoyed. There was a fine musical program and Archdeacon Rix gave an inspiring address to the men, some of whom are not often seen at church. The committee in charge of the whole event consisted of H. T. Cross, Percy Tinker and Ernest Unwin. Music during the dinner was provided most acceptably by Professor Pryce's Juvenile Orchestra, community singing was led by Wallace Orchard and the musical artists included H. N. Brocklesby, who accompanied a number of the songs and who gave an organ recital in the church between half past six and seven; the Rupertonians quartette (Alex. Clapperton, John E. Davey, Morris Blott and J. E. Teng); and baritone solos by D. B. Finn, all of which were much appreciated.

The toast to the ladies was humorously proposed by Darcy G. Marsh.

The ladies were under general supervision of the president, Mrs. T. Andrew, and those in charge of tables were Mrs. Rix, Mrs. McCookie, Mrs. Woodland, Mrs. Parkin, Mrs. Mackie and Mrs. LePine. The assistants were Mrs. Cullin, Mrs. Eviitt, Mrs. Johns, Mrs. Arnott, Mrs. Stephens, Mrs. Dibb, Mrs. Kemp, Mrs. Aspinall, Mrs. Homer, Mrs. Hinton, Mrs. Fullen, Miss Elliott, Mrs. Bellock, Mrs. Mills, Miss Lennox, Mrs. Greer, Mrs. Smeaton, Mrs. Tucker, Mrs. McLean, Mrs. Smith, Mrs. Pyle, and Mrs. Ross.

In his address Archdeacon Rix spoke interestingly of the appraisal of public speaking. However, it was the duty of a clergyman to bring men and women into closer touch with the eternal.

Speaking of the Church of Christ, the Archdeacon explained that the expression included the whole body of Christians of all denominations. There were really no divisions. They were all worshipping in their own way and there was a prayer he liked to use which asked a blessing on the whole body of Christians but with special reference to their own particular church.

The speaker urged a study of church history and that his hearers take a pride in their church, noting too its faults and failings. The church had been the centre of progress and education, the centre of civilization. The standards of the church had built up the nation to what is today. It had weathered many a storm and in fact was weathering one today.

The Archdeacon said he had no quarrel with any other church. He spoke of the power and influence for good of the Church of Rome and of other churches. The Anglican Church was a sort of half way house between them and he urged his hearers to keep that position. The thing to do was to live up to their principles. People connected with each church should do their duty to it. He feared in some cases people did not put the loyalty and love into their church that they did into material things. He urged strongly that they should do this.

RESOLUTIONS
OF FISHERMEN

Convention Continues Today and
Much Business Being Transacted at Meetings

Among the resolutions passed for the consideration of the fisheries department of the Salmon Fishermen's convention yesterday were the following:

Whereas it is common knowledge that fish buyers buy Alaska salmon and sell same to Canadian markets without paying any duties on this fish, which is contrary to the law and which tends to undermine the price of Canadian fish and thereby diminish the earnings of Canadian fishermen:

"Be it resolved, that we, the delegates to the Salmon Fishermen's Convention, held at this date, in Prince Rupert, notify you of this condition and earnestly request you to enforce the law dealing with such matters and the local units of N.B.C.S.F. Association will co-operate with customs officials in Rupert in an endeavor to stop such illegal practice by patrol of the International boundary."

Another resolution, although at the time promulgated, was intended only for Wark Canal, from whence these proposals originated, but as the evil was also present in Prince Rupert Harbor, and other small harbors and channels, where small boats are sheltered, was as follows:

"Whereas there are two fish camps at Wark Canal, and all the fishing boats are usually tied up at these camps or anchored nearby for rest and at all times when not fishing. Boats such as seine boats, tug boats, fish packers use Canoe Pass as a route and when travelling through this pass do so at full speed thereby creating a big swell which causes the small boats to rock against each other and do damage to each other. A collision having occurred during the summer of 1927, being also one of the dangers in connection with this evil, and there also being an outside route that could be used by these big boats;

Be it resolved that regulations prohibiting such a practice in all harbors and narrow channels be invoked compelling all boats to slow down to half speed.

The convention held three sessions yesterday, morning, afternoon and evening, and the foregoing were only two of the resolutions that were passed, the others being of a less important nature. The constitution of the Association was also finally drafted yesterday.

It is likely that the contention will continue throughout today and possibly tomorrow.

Adam Mackie was present at the session this morning for the purpose of discussing with the fishermen the proposals that have been made to the department by cannery operators in the matter of conservation of the fish.

The sessions of the convention continue to be largely attended.

BROWN HEADS
THE LIBERALS

Officers Elected and Addresses
Given at Annual Meeting of
Organization Last Night

Alderman W. M. Brown was elected president of the Prince Rupert Liberal Association at its annual meeting in the Metropole Hall last night. The meeting was well attended and much enthusiasm was shown. The full list of officers chosen was as follows:

Hon. President—Right Hon. W. L. Mackenzie King and Hon. Dr. McLean.
Hon. Vice-Presidents—Hon. T. D. Pattullo, Hon. A. M. Manson, Fred Stork and F. G. Dawson.

President—W. M. Brown.
First Vice-President—H. F. Glassy.
Second Vice-President—Duncan Kennedy.

Treasurer—Colonel McMordie.
Secretary—S. E. Parker.
Executive—L. W. Patmore, James McNulty, J. A. Lindsay, Jack Judge, B. M. Simpson, W. T. Kergin, James Lamb, Harvey Fraser and Harry Menzies.

Optimistic addresses were given by Fred Stork and Colonel McMordie on the issues of the day and organization work and P. W. Anderson gave a short historical sketch of Liberalism in this city stating that it was just 20 years ago that the organization had been formed with Athol Fraser as first president and himself as secretary.

facts for Victoria. That is what we want for Rupert. There is little use in adopting something like "Hurrah for Rupert" which has only a local significance.

Here are four facts for our city:
"The Safest Harbor is Farthest West. It's the Shortest Road and Grade the Best."
Prince Rupert.

We showed this to a Vancouver man the other day and he immediately replied "That's a d— dirty slam at Vancouver. The Narrows are not dangerous now." Perhaps he was right but most of us would prefer entering the "Narrows" to entering through a "Lion's Gate."

Unless some local sloganer gives us better than the above, we will have it printed on our next order of envelopes. We feel that it will be read on every envelope leaving this city and the four facts stated will be considered by all contemplating a trip to the coast.

Never before have I withheld my name from a letter but this time I am.

Yours truly,

Her Three Boys Had Terrible Colds That Hung On

Mrs. G. Ames, 35 St. George Street, Chatham, Ont., writes: "Last winter my three boys had terrible colds and a cough that hung on so long that it began to worry me."

"I went to my druggist and he asked me if I had tried Dr. Wood's Norway Pine Syrup

"I told him I had not, but that I would, and I must say that after they had finished the third bottle they were entirely rid of the cough. "I will never be without a bottle of 'Dr. Wood's' on hand."

Price 35c. a bottle, large family size 60c.; put up only by The T. Milburn Co., Limited, Toronto, Ont.

During the past twenty-four hours eighty cars of wheat arrived and 250 are reported on the division now. Called to Victoria on account of the illness of his mother, Dr. H. L. Alexander sailed last evening on the Camosun for the south.

A. S. Tryer, provincial auditor, arrived on the Prince Rupert this morning from Victoria and proceeded by train to Smithers on inspection duties. Wiggins J. O'Neill of Smithers reached the city from the interior on yesterday afternoon's train and sailed by the Camosun for Vancouver on a business trip.

D. W. McLeman, Stewart hardware merchant, who has been on a business trip to Vancouver, is a passenger on the Prince Rupert today returning north. For a second offence on a charge of drunkenness, Dora Larson was fined \$50, with the option of sixty days' imprisonment, in city police court this morning.

Fred Brown of Anxox, with his bride who was formerly Miss McGillivray of the nursing staff of the smelter town hospital, is a passenger on the Prince Rupert today returning north. C.N.R. steamer Prince John, Capt. E. Mabbs, having made a fast trip this week, is reported to be due soon after midnight tonight from Vancouver via the Queen Charlotte Islands.

W. B. Dornberg of Seattle, who has mining interests at Hazelton, arrived in the city from the south on the Prince Rupert this morning and proceeded to the interior by train. The regular meeting of the Ladies' Music Club is being held this afternoon, the subject of study being the works of Edouard Grieg with special reference to the famous opera "Peer Gynt."

Rex Scherk of the local detachment of the Royal Canadian Naval Volunteer Reserve, who has been taking a course of training at Esquimalt, returned to the city from the south on the Prince Rupert this morning. Provincial Constable and Mrs. G. A. Wyman and child of Hazelton, who have been spending a vacation in Victoria, arrived from the south on the Prince Rupert this morning and proceeded by train to the interior.

T. J. Wadman of Revelstoke, Grand Chancellor for British Columbia of the Knights of Pythias, arrived on the Prince Rupert this morning from Powell River and will pay an official visit to the local lodge, returning south Friday morning. At a meeting of the ladies' aid of the Presbyterian Church held in the church rooms yesterday afternoon plans were laid for a valentine tea and two members, Mrs. Anderson and Mrs. T. M. Spencer, were chosen to represent the society on the management board of the church.

C.N.R. steamer Prince Rupert, Capt. D. Donald, arrived in port at 11:45 this morning from Vancouver, Powell River and Ocean Falls and will sail at 10 o'clock tonight for Stewart and Anxox, returning here at 6 o'clock Friday morning to sail on her return south at 9 a.m.

The regular monthly business luncheon of the Prince Rupert Gyo Club was held in the Commodore Cafe today. Business included consideration of the service club's program for the year and, during the luncheon, a presentation was made to Norris Pringle in view of his recent marriage. President Leo Waugh occupied the chair.

SHAW A VESTRYMAN ANGLICAN CHURCH (Mail and Empire) George Bernard Shaw says he is more of a Quaker than a Wesleyan, although little better than an atheist in the eyes of old-fashioned Quakers and Methodists. Probably there is no organized religious sect in which Shaw would feel completely at home, though he is a vestryman in an Anglican church in London, and probably the most extraordinary vestryman in the British Isles.

REVISION COURT IS IN SESSION

Thirty-two Appeals Covering Much Townsite and Water-Consideration

With thirty-two appeals covering a great deal of property in the city set down for its consideration, court of revision on the municipal assessment roll opened its sessions this morning and will probably continue for the next several days. Aid. Theo. Collart, chairman of the finance committee, is presiding and Aid. Frank Dobb is acting as secretary. Other members of the court are Aid. P. H. Linzey and Aid. A. J. Prudhomme. Assisting the court in their official capacities are E. F. Jones, city solicitor, J. C. McLennan, assessor and Ernest Allistone, taxation clerk. Those present at the opening of the court this morning were W. McLarnon, assistant taxation commissioner for the Canadian National Railways, who arrived yesterday from Winnipeg; L. W. Patmore and J. V. Clyne, appearing as counsel for certain of the appellants and Fred Lanza, C. C. Ketchum, G. H. Arnold, M. M. Stephens, E. C. Gibbons and James Hampton, all of whom have appeals to be dealt with.

The list of appeals covers all sections of the city as well as the waterfront appeals in all cases being based on the grounds of overvaluation and other reasons. Overvaluation of improvements is also claimed in some cases. The court in opening started to go down the list as it was presented. It is possible that no decisions will be reached today, the court merely engaging itself in considering the merits of the appeals.

Application of John V. Clyne, representing Thomas Trotter, C. C. Ketchum, Edward Lipsitt and N. M. McLean, for adjournment of his appeals until Monday morning was granted. Appeals of the Imperial Oil Co., and P. Burns Co. represented by L. W. Patmore, and the Canadian Fish & Cold Storage Co., represented by W. E. Fisher, were also adjourned until Monday. Waterfront land is involved in all these appeals.

W. McLarnon, representing the Canadian National Railways which is appealing all waterfront valuations, and the Grand Trunk Pacific Development Co., townsite and waterfront land, stated that the appeals of the companies were merely of a formal nature. City Solicitor E. F. Jones pointed out to those seeking adjournments that it was required by statute that the court complete its deliberations by January 28.

SIDEWALK IS BLOWN UP BY WINDSTORM Awnings, Windows and Signboards Fell Victim to Heavy Gale Last Night and This Morning

Several awnings, windows and signboards fell victim to last night's gale and a portion of the sidewalk on Eighth Street near the King George Hotel is reported to have been blown up. Among places where windows were blown out were R. W. Cameron's jewelry store, the Central Hotel beer parlor and the Baptist Church.

The Westholme Theatre signboard at the corner of Sixth Street and First Avenue near the top of the approach to the station and wharves was blown down and practically shattered.

LADIES' WHIST C.N. Ladies and Mouse Ladies Winners in Last Night's Fixtures

In the Ladies' Section of the Fraternal Whist League last night, Canadian National Ladies won 5 to 4 over Orange Ladies while Mouse Ladies defeated English Ladies 6 to 3. The league standing to date is as follows:

Table with 4 columns: Team, W, L, Pts. Orange Ladies 6 4 6, Mouse Ladies 5 5 5, C.N. Ladies 3 3 5, English Ladies 4 6 4.

F. E. Wermig, secretary of the Whist League, announced this morning that there would be no games played in the Ladies' Section next Tuesday evening but the fixtures for that night would be played on February 21 with the February 21 regular games on February 28.

When Children Cough PERTUSSIN brings safe relief

MY KITCHEN NOTEBOOK by Mary Blake Domestic Science Counselor

Hot Cocoa is a Mother's Great Ally I don't know what we'd do without hot cocoa, for say what you will, children do tire of the steady round of that all-important food, milk. And some children have a positive distaste for it unless presented in a more or less disguised form.

Careful as most mothers are to see that the children's glasses of milk have their full share of cream, I have noticed that very often when they make cocoa they use ordinary bottled milk, from which they even sometimes carefully dip the top layer of cream.

Cocoa Should Be Made With WHOLE MILK You won't make such a mistake, if you prepare the children's cocoa with Carnation Milk. There's no way to rob the rich, whole milk of Carnation of one tiny particle of cream. Do you know why? Carnation Milk is "homogenized"—that is, every little globule of cream is broken up into particles so minute that they can't rise to the surface but are held captive all through the milk, giving every drop of milk an equally generous share of enriching cream. Every drop has, in fact, a double portion of cream, for Carnation Milk is evaporated to double richness.

There's another great advantage in using Carnation in the preparation of hot cocoa for children. It's safe. Not only has it been sterilized, but the milk itself is produced under ideal conditions from selected herds, and is the purest of rich whole milk.

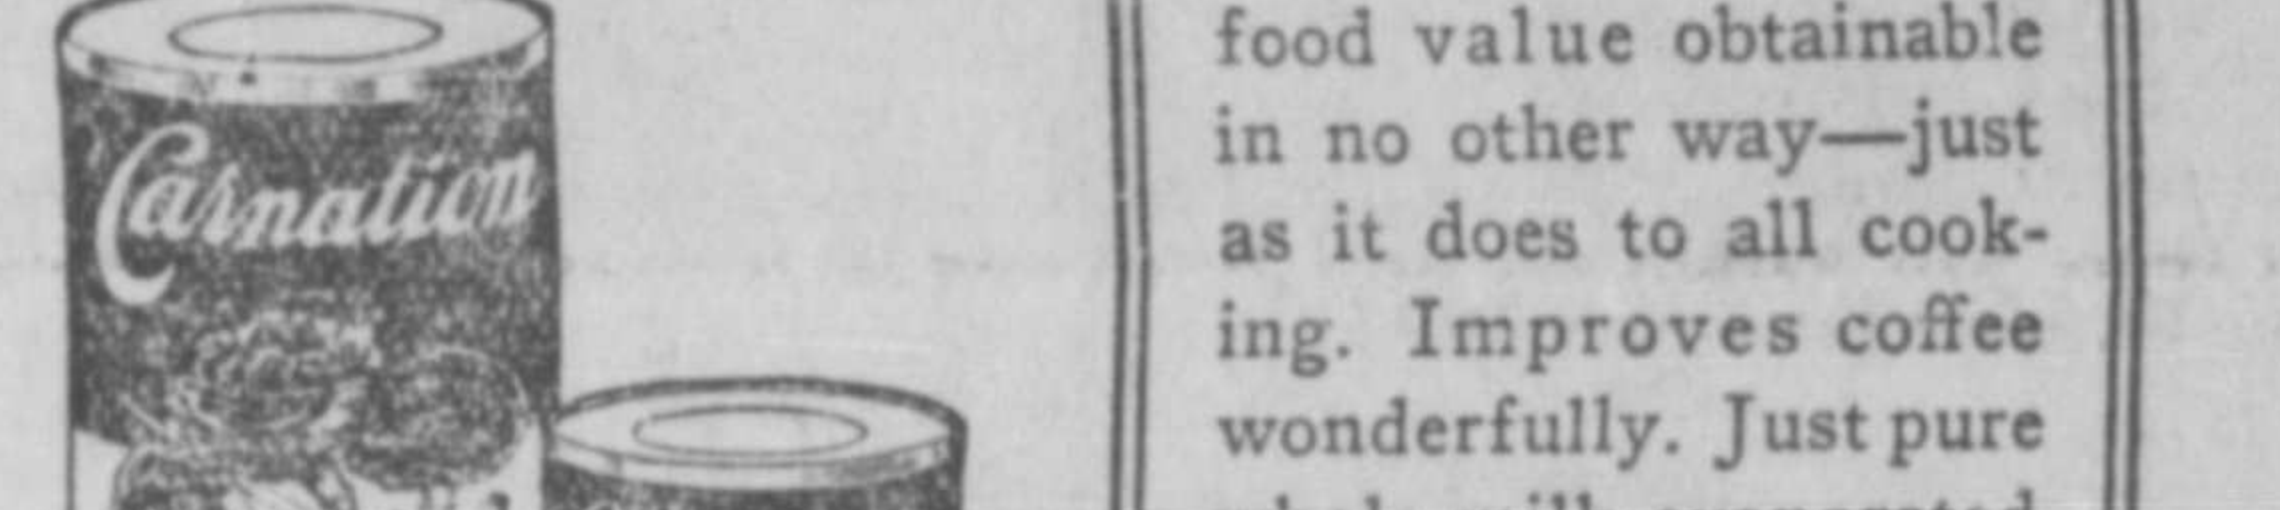

Carnation Milk is completely replacing ordinary bottled milk for cooking in many thousands of homes, not only because of its greater uniformity, its dependability, and the economy which its rich creaminess effects, but because of the better results it gives. Because of "homogenization," it gives a smooth, fine texture, a rich creaminess that even the best of bottled milk cannot equal. Soups and sauces have increased food value with the use of less butter. Cakes have a finer texture with better keeping qualities. Puddings, waffles and griddle cakes are more delicate; candies smoother and creamier; ice cream richer, more velvety.

Send for the Carnation Cook Book—"My Hundred Favorite Recipes." It will show you fascinating new qualities to be obtained in old dishes simply through the use of this better milk. It's free. Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Cocoa 3 tsp. cocoa (for children 2 tsp.), 2 tsp. sugar, 1/2 cup hot water, few grains salt, 1 1/2 cups Carnation Milk diluted with 1 1/2 cups water; 1/4 tsp. vanilla. Scald diluted milk in double boiler; mix cocoa, sugar, salt; add hot water; cook over low flame 10 to 15 minutes, stirring occasionally. Add scalded milk to cocoa; cook in double boiler 10 minutes. Whisk with Dover beater before serving; place marshmallow in cup; pour cocoa over it. Makes four cups.

For Finer Cocoa

CARNATION MILK gives to cocoa a rich smoothness and extra food value obtainable in no other way—just as it does to all cooking. Improves coffee wonderfully. Just pure whole milk evaporated to double richness and sterilized. It keeps. It is economical. (See recipe above)

Big World Sporting Event to Open on Saturday Next With Hockey Match
CANADIANS CONFIDENT
This Country Well Represented in a Number of Events at St. Moritz

ST. MORITZ, Switzerland, Feb. 8.—(By the Canadian Press)—This little winter resort, almost hidden beneath the shadow of the French Alps, is rapidly assuming a busier cosmopolitan atmosphere, as athletes from all parts of the world prepare themselves for the supreme test—the winter sports of the Olympic games, which commence on February 11, and continue to February 19.
For the games this year 21 nations have their entries in the hands of the committee. There were 24 originally, but Spain, Mexico and Brazil withdrew recently. The nations which will compete are: Canada, England, Estonia, Finland, France, Holland, Italy, Japan, Argentina, Latvia, Lithuania, Norway, Luxembourg, Austria, Poland, Rumania, Sweden, Czechoslovakia, Hungary, Yugoslavia, and the United States. Of these, however, perhaps six or seven will enter for the first really big event, the hockey championships. At the last Olympic, in 1924, nine nations entered, but one of these, Austria, defaulted. The contestants remaining were: Canada, Sweden, Switzerland, and Czechoslovakia in one group, and United States, Great Britain, Belgium and France in the second group.
Final honors in the hockey event were won by the Granites of Toronto, representing Canada, and they took, incidentally, the only first place won by the Dominion in the entire Olympic games.

for Constipation

confident. They realize that four years may make considerable difference in the showing of the European teams, but they still feel that their machine-like combination and steady attacks will more than offset any experience their competitors may have gained since the last Olympic.
Canada's showing in the speed-skating events is expected to be a revelation at this year's meet. Charles Gorman, of St. John, N.B., world's amateur champion, is an entry and Gorman needs no introduction to speed-skating enthusiasts. He has won probably more important meets than any other skater. He will be accompanied by a fellow townsman, Willie Logan, and Ross Robinson, of Toronto, who is a particularly hard man to beat at a distance.

FIGURE SKATING
In the figure-skating, too, Canada is well represented. John Eastwood, Montgomery Wilson, Harold Ballard, Miss Constance Wilson, Miss Cecil Eustace Smith and Miss Maud Eustace Smith are the figure-skaters entered from the Dominion. Miss Cecil Eustace Smith took a sixth place at the last Olympic games, and will probably figure higher in the ranking this year, since she has skated steadily and improved very much since 1924. Miss Beatrix Loughran of the United States team is particularly outstanding at this sport, and keen competition is expected between Mme. Szabo-Plank, of Austria, who the event at the last games, and Miss Loughran.

BASKETBALL LAST NIGHT

Elks, High School and Stars are Winners Before Poor Attendance of Spectators
Senior League—Elks 37, Grand Terminals 24.
Intermediate—High School 30, Elevator 24.
Junior—Stars 19, Tuxis Boys 12.

Basketball games last night were not as closely contested as usual. A poor crowd of fans was in attendance.
In the Senior League, the Elks took the jump on the Grand Terminals for second place in the standing with an easy 37 to 24 victory. The best play in the second half when the Terminals gave the Elks real competition and outscored them, the scoring not being heavy enough, however, to down the lodge men. The score at the end of the first period was 23 to 5 in favor of the Elks.
In the Intermediate League, the High School scored another victory over the Elevator by 30 to 24. Half-time score was 14 to 11 in favor of the High School.
In the Junior League, the Stars won their second victory of the season over Tuxis Boys by 19 to 12. Half-time score was 9 to 4 in favor of the Stars.

E. A. Mann refereed the Senior and Intermediate games and Douglas Frizzell, the Junior encounter.
Details of scoring was as follows:
SENIOR LEAGUE
Elks—D. Balfour, 12; A. Phillips, 5; W. Lambie, 14; George Mitchell; Eddie Smith; M. Budenich, 1; Doug. Frizzell, 5; total, 37.
Grand Terminals—J. M. Nulty, 1; D. Stalker, 2; Ergie Hatchford, 10; Bronson Hunt, 6; A. Slocomb, 1; Joe Gosse, 4; total, 24.

AT PEAK OF FORM
All members of the Canadian squads are at the peak of their form, and they are working hard in their training. Every first place the Dominion contestants win means 10 points. Canada has a relatively small team. Only 26 athletes are wearing the large red Maple Leaf on the white sweaters, and they will have 47 in all to compete against.
In looking over the records of the last Olympic games, it is noteworthy that the Canadians took a total of 48 points all told, placing first in hockey, sixth in figure skating, second in two rowing events; second, fourth and sixth in clap pigeon-shooting; third and fourth in boxing; fourth in wrestling, and took two fourths and a fifth in the track and field sports. In the winter sports alone, Canada came ninth out of a total of 49 countries.
And there is a general determination on the part of the Canadians to do better than ever this year.

NEW SHIPPING CONCERN BUSY

International Shippers Ltd. Issued Certificate to do Business— Good Response Reported

The International Shippers Ltd., local concern formed for the purpose of developing shipping through this port to the Orient, has been advised today by wire from the registrar of joint stock companies at Victoria that its certificate to commence business has been issued.

The office of the new company reports that gratifying response is being received on all hands and the future prospects look very encouraging. From the prairies have been received letters indicating great interest in the proposed shipments to and through Prince Rupert.

Meanwhile arrangements are being advanced for the initial cargo shipment to be made through the port by the new concern.

MUCH WILD LIFE IN JASPER PARK

Animals Increasing With Great Rapidity in National Area

WINNIPEG, Feb. 7.—Wild life within the confines of Jasper National Park is increasing with great rapidity, and the Athabaska Valley, which gives excellent winter range for them, is simply teeming with deer, elk and rocky mountain sheep and goats, according to R. H. Knight, superintendent of the park, who passed through here on his way east to attend the conference of superintendents of national parks and the

Children Gladly take it for Colds

Buckley's Mixture is "different". Its taste is pleasing. Its action is so quick that one dose stops a spasmodic coughing—and there are 40 doses in a 75-cent bottle! Every member of the family derives benefit from "Buckley's". Have a bottle in the house at all times. Druggists everywhere sell "Buckley's" under a positive guarantee.

game convention. "Despite the unusually cold winter weather of November and December the animals are in excellent condition and are wintering well," he said. "The growth in numbers is really remarkable and the park is becoming one of the best on the continent from this standpoint." Plans for an extensive trail building program are now being drawn up and much work will be done in Jasper in the next few years, said the official.

TRAGEDIES IN FARTHER NORTH

Child Terribly Bitten by Dogs and Gashed in Sixty Places and Died Later

EDMONTON, Feb. 8.—A special despatch to the Journal from Fort Smith says:

It has been a winter of tragedy in this part of the north, no less than three tragic deaths having been reported—all of them children.

Most terrible of these was the death of William Pinsky's four-year-old girl, who lingered for two weeks before dying from the effects of dog bites. The child was going to visit a friend, when she was attacked by the police dogs from the post and was bitten and gashed in sixty places.

An Indian woman happened to look out of her window and saw the dogs dragging the badly mangled child across the snow. She called to her husband, who drove the blood-maddened animals off with a club. All that could be done was done for the little sufferer, but she passed away two weeks later. The father is a well-known Resolution trader.

TWO OTHER TRAGEDIES

News of the second tragedy was brought in by Alec Louitt, fur trader from Resolution. This was the death of a school boy at Hay River mission, after having been struck on the head with a block of wood while playing in the basement wood chute. The boy died two weeks later.

A little Indian girl near Resolution was the third victim to be reported. Standing too close to the fire in her father's teepee, the girl's clothing caught fire. She was not seriously hurt, but the shock proved fatal, the child dying a few days later.

TRAPPER'S CABIN BURNS

Joe Tarangue, Fort Smith district trapper, lost everything he possessed in a fire which destroyed his cabin four days' journey from here. Tarangue made the long trip from his burned cabin minus both food and blankets.

The weather has been very cold—fifty below, but is clear.

TERRACE

Mr. and Mrs. Geo. E. Keith returned on Monday from Prince Rupert where Mr. Keith has been a patient in the hospital with a fractured arm.

Word was received in town on Monday of the death in Smithers of the infant son of Mr. and Mrs. A. C. Fowler formerly of Terrace. The child was about three weeks old and was ill just one day. Mr. and Mrs. Fowler have the sympathy of many Terrace friends in the loss of their little son.

A Valentine Madrigal is being arranged for by the W.A. to the Anglican church to be held in Progress Hall on Tuesday evening, Feb. 14. Resulting funds will be used to help defray expenses of church and rectory repairs.

Following the usual drilling exercises of the Bull Dog Scout Troop of Terrace on Friday evening a short memorial service was held in honor of Field Marshal Earl Haig. Rev. A. W. Robinson, chaplain of the troop conducted the service. Refreshments were served later to which the boys all did justice.

A special C.G.I.T. and Trail Ranger service was conducted in Knox United Church on Sunday evening by Rev. Wm. Allan, Evelyn Thomas and Elmer McConnell, respective presidents of the groups read the lessons and several musical numbers were rendered by the C.G.I.T. as well as a solo by their leader, Mrs. Allan. Arrangements have been made to hold a social evening on Friday next to take the place of the usual mother and daughter and father and son banquet advocated to be held in connection with the boy and girl work.

The addition of a new vestry and other extensive repairs to the Terrace Anglican Church have now been completed and services in connection with the opening of the vestry were conducted on Sunday morning by the Rural Dean T. J. Marsh, who gave an impressive address before a large congregation. Holy Communion was also administered at the close of the service. The new vestry has double doors opening to the main body of the church at the left of the chancel and is large enough to provide seating accommodation for about twenty in case of need. Other improvements include an artistic ceiling arrangement with beamed effect, change of entry door from east to the south and the converting of former entry porch and vestry into a larger porch which can be used as extra class room.

Commencing Sunday, February 5, the Terrace Protestant Sunday Schools entered upon a new arrangement whereby the Anglican and United Churches will conduct separate schools instead of a Union Sunday school as in former years.

Mrs. E. M. Smith returned on Monday after spending several days in Prince Rupert.

ALICE ARM

The Alice Arm Power & Mining Syndicate announces that it will proceed this spring with the project of supplying Alice Arm with water as soon as the snow is off the ground. A hydro-electric plant to supply the town with light is also included in the company's plans. The syndicate will also proceed with mining development in the spring on the Success property near the town. The concern has purchased a half interest in the Stormer group near the LaRose from James Calvin and has taken an option on the remaining half from A. D. York. It is also negotiating for the Zorka group at 13-mile on the Daily Varden Railway which is owned by Anton Serbich.

No further word has been received with regard to the re-establishment of the twice-a-week mail service for Alice Arm which was recently cut to once a week. Other than the Union steamer on Monday from here to Anyox, there is at present no direct mail service with the smelter town. Residents of Alice Arm are complaining at the poor service.

James Calvin, pioneer prospector of the camp, was here last week from Prince Rupert for a brief visit.

Capt. B. C. Marsh of the Alice Arm Power & Mining Syndicate was a visitor here last week from Prince Rupert.

J. B. Robertson, who left last week for Prince Rupert, will proceed to the Film Flon district in Northern Manitoba where he will meet Stephen Dumas who has been there for the past month.

Sunday School was resumed in the Anglican Church here last Sunday.

Harry Fowler left last week for Vancouver where he will spend a vacation.

STEWART

William Mowatt of Premier has taken the position of clerk at the wharf terminal, succeeding Ross Nicholson who has gone to Vancouver.

Mining operations will be resumed at the Dunwell, it is stated, just as soon as sufficient water is available for power purposes. The work will consist primarily of continuing development of the Ben All vein and the George E. south drift.

The Stewart Advancement League has been formed here for the purpose of advancing the town and district so that incorporation of the community may be assured in the fall of this year or sooner if conditions warrant it. The executive of the league consists of H. W. M. Rolston, chairman; H. G. Maryin,

RELIEVE HEADACHES? Certainly!

A question we frequently hear is: "What can you do for my headache?" The answer is: "We can relieve it in almost every case and most times very quickly." How quickly depends upon how serious is the condition which causes the headache.

For the fact is that a headache cannot exist by itself. It is a symptom of a deeper trouble and its cause must be removed before you are safe from a recurrence. That cause may be from the eyes, liver, kidneys, stomach or intestines.

Wherever it be, it is in itself an effect of imperfect nerve transmission due to spinal pressure on nerves. It is the work of the Chiropractor to locate and remove such pressure. Those who have taken his adjustments will tell you that he does this very successfully.

SEVENTY MILE WIND IS RECORDED LAST NIGHT

Prince Rupert was visited during the night by one of the most severe gales of the winter. Though a number of people had sleepless nights, no damage of any consequence was reported this morning. The waterfront, apparently, got off pretty lucky. Shef Thompson of the Yacht Club reporting that not a line had been broken although he was on watch throughout the night. Digby Island wireless station, which reported all shipping this morning to be safe, announced the maximum velocity of the wind, the prevailing direction of which was south-east, as seventy miles an hour, gusts of this velocity being continuous during the night and into the morning.
