Colonel McMordie Re-elected Mayor and Good Men Chosen Aldermen and School Trustees For Year

Result of Yesterday's Civic Election Insures Strong City Council to Deal With Affairs During Present Year

With the third largest majority ever given a mayoralty candidate in the history of the city, Lieut.-Col. S. P. McMordie, D.S.O., retained the chief magistracy of Prince Rupert by a vote of 736 to 424 over Ex-Ald. M. M. Stephens at the municipal polls here yesterday. Another notable feature of the election was that the largest poll in the history of the city was recorded in it. The total number of ballots cast for the mayoralty was 1167. The highest previous poll was 1010 in the first civic election held in Prince Rupert in 1910. There were seven spoiled ballots.

As predicted yesterday, C. H. Orme, pioneer druggist, headed the aldermanic poll with a comfortable lead. F. G. Dawson was second, Ex-Ald. S. D. Macdonald and Ald. William Brown, labor candidates, came third and fourth, respectively. Ald. P. H. Linzey and Ald. G. P. Tinker, members of the 1928 council, went down to defeat, as did also Ex-Ald. G. B. Casey and Ex-Ald. R. T. Perry. B. E. Benson brought up the rear.

James H. Thompson, W. J. E. Barrie and William Gilchrist were returned as school trustees. Details of the mayoralty vote were as follows:

McMordie	736
Stephens	424
Spoiled	7
Totals	1167
Majority for McMordie	312

After the result of the mayoralty contest became known, the Boys' Band lined up outside the city hall and struck up, "For He's a Jolly Good Fellow." His Worship was led by friends from the polling booth and was given an ovation by the crowd assembled as he emerged on the street. A triumphal procession by the band with a Hyde Transfer truck following on which the mayor was enthroned with friends around him. The occasion was suitably celebrated at various informal functions during the evening.

EARTHQUAKE SHAKES AND RUINS A CITY

CARACAS, Jan. 18.—The newspaper El Universal says that 25 dead and a great number injured were taken from the ruins of the city of Cumana, which was shaken by an earthquake. It is reported that every building in the city was destroyed.

McGeer Will Carry the Appeal for Better Freight Rates to the Government Backed by Farmers

VANCOUVER, Jan. 18.—Backed by the United Farmers of the three prairie provinces, the United Farmers of British Columbia will carry British Columbia's claim for better freight rates to the governor-in-council at Ottawa. Mr. McGeer announced this before the board of railway commissioners yesterday.

He will also continue his appeal to the board of railway commissioners for leave to appeal to the supreme court of Canada from the commissioners' decision in the matter of freight rates. He made this latter decision when Leon J. Ladner, K.C., counsel for the attorney-general, indicated his intention to proceed with the appeal to the board. The appeals will be heard in Ottawa. McGeer's appeal involves three requests: That the export grain rates on the Canadian Pacific to Vancouver be reduced to the level obtaining to Fort William. That the domestic grain and flour rates over both transcontinental lines be reduced to the level obtaining to Fort William. The removal of the mountain differential in all freight rates covering the movement of all the traffic into, from or through British Columbia.

OLOF HANSON WILL TAKE UP MANY MATTERS

Leaves Today to Meet Dr. King in Vancouver and to Sit on B. C. Executive

Olof Hanson left this morning for Vancouver to attend the meeting of the executive of the British Columbia Liberal Association of which he is ex-officio a member as being the officially chosen Liberal candidate for Skeena Riding.

While in the south Mr. Hanson will meet Dr. King, the federal minister for British Columbia, in regard to a number of Prince Rupert matters, the minister finding it impossible to visit the city owing to the near approach of the session.

Before leaving Mr. Hanson said he planned to press upon the minister a number of matters which would be of interest to the Skeena Federal riding and he confidently hoped to be successful in at least some of them.

Mr. Hanson will take part in the selection of the leader of the opposition in the legislature and Prince Rupert people do not need to guess which member he will support.

WAS HANGED AT REGINA

REGINA, Jan. 18.—Mike Hack, 27 years of age, was hanged at Regina jail at 4:47 o'clock this morning for the murder of George Edy at Duff, Sask., last May. He maintained his innocence to the last.

LOCAL LONGSHOREMAN PASSES IN HOSPITAL

Charles Turner, Aged 58 And Native of England, Died This Morning

The death occurred at 2 o'clock this morning in the Prince Rupert General Hospital of Charles Turner, a local longshoreman. He was 58 years of age and a native of Lincolnshire, England. He stayed at the Commercial Hotel and had been in the hospital only a couple of days. There are no relatives in this country.

Funeral arrangements are in the hands of the B. C. Undertakers.

THREE YEARS IN PENITENTIARY

WINNIPEG, Jan. 18.—W. T. Alexander was sentenced to three years in the penitentiary for fraud and conspiracy in connection with the Great West Permanent Loan, Imperial Canadian Trust Company and the Canadian National Fire Insurance Companies.

City police have been asked to ascertain if possible the whereabouts of the relatives of a woman named Alice Stephens, who is said to have been well known in Prince Rupert and Anyox. A sister, Mary Stephens, worked as a chamber maid in a local hotel six years ago.

Consolidated to Open Assay Office in Prince Rupert Sending G. W. Dunn of Rossland to Take Charge of It

George W. Dunn, one of the old-timers of the southern interior mining camp of Rossland, will arrive in Prince Rupert about the end of this month to take charge of an assay office which is to be opened here by the Consolidated Mining & Smelting Co. in connection with its extensive interests in the district surrounding the city.

Mr. Dunn has been for many years in charge of the Consolidated's assay office at Rossland and is one of that town's most highly respected citizens. He will bring his wife and son, Hawthorne, here with him. Mr. Dunn has served as an alderman at Rossland practically continuously since 1914. He was formerly chief chemist in the Rossland mines. He is active in Masonic and United Church work.

Commissioner Haines Falls Dead at Conclusion of Speech to High Council Salvation Army

Injunction Granted Until Next Week Restraining Council From Electing Successor to Bramwell Booth

SUNBURY-ON-THAMES, Jan. 18.—Commissioner Haines, vice-president of the high council of the Salvation Army, in session here, dropped dead tonight. At the conclusion of an emotional speech before the council, which was then considering the election of a successor to Bramwell Booth, he crumpled and fell dead.

An injunction has been granted in London restraining the high council of the Salvation Army from electing a successor to Bramwell Booth, the deposed general. It was served on the high council in session here this afternoon. The injunction operates until after the hearing by the court, which is set for next Monday.

To the Electors of Prince Rupert:

May I express my deep appreciation for the splendid expression of confidence shown in me at the polls yesterday—an expression which I construe as an endorsement of our policies during the past year, and other than a personal matter.

Coupled with my appreciation, may I once more convey my assurance that strict attention and care of the city's interests and welfare will again be my aim during the coming year.

S. P. McMORDIE.

STOCK MARKET AT VANCOUVER VERY ACTIVE

Good Many Mining Stocks Dropped Off While Others Advanced

VANCOUVER, Jan. 18.—Profit taking was on an extensive scale due to the unsettled value of the market yesterday, the majority of recent active issues show substantial declines. Cork Province moved up two and half cents to a 32 trade of 120,000 shares. Reeves McDonald closed at 3.50 for a gain of 25 cents. The Planet mines improved 51 cents to 92½ cents. George Copper was 46 cents stronger at 89 cents and Whitewater five cents firmer at \$1.40. Rufus Argenta sold down to 38 cents but closed at 47½ cents. Pend Oreille slipped back 60 cents to \$12.90; Silverado lost 15 cents to \$1.00; Noble Five 5 cents to 73 and Kootenay King four cents to 44 cents. Big Missouri lost 12 cents to \$1.50. Grandview was 2½ cents weaker at 75 cents.

KING TAKING INTEREST IN WORLD AGAIN

LONDON, Jan. 18.—It was authoritatively stated this morning that satisfactory progress in the condition of King George is maintained.

The Daily Mail said today that the King had enjoyed long periods of sleep during the last few days and his interest in palace affairs had re-awakened. The King was having longer talks with members of the royal family especially Queen Mary, her visits to the bedside being more frequent although limited to ten minutes each time.

FURS TAKEN TO SEATTLE

SEWARD, Alaska, Jan. 18.—After successfully completing the first round trip replacing the Starr, the halibut ship Attu, Captain Peter Wold, returned here last night bringing thousands of dollars in furs, mail, and a few passengers.

The Attu made every port of call including two stops 150 miles west of Unalaska. They were compelled to take shelter twice but otherwise they had an excellent voyage.

Thrilling Hockey Game Played at Portland Last Night in Which the Lions Beat the Buckaroos

PORTLAND, Jan. 18.—Displaying an excellent brand of defense, the Vancouver Lions increased their lead over the second-place Buckaroos here last night in a coast hockey game. The Buckaroos were not outplayed, but the lion defense was too stalwart and too steady. There were penalties galore, Vancouver having nine and the locals six.

In the third period when the combat was getting hotter McAdams and Pratt tangled near the Vancouver goal, then both teams joined in the free for all, and when they were separated referee Ion gave each a 10-minute penalty and a \$10 fine. Each team scored in the first period, the Lions' second goal coming in the second period.

Walker's title will not be at stake since the weight will be 162 pounds, over the middle-weight limit. The terms of the match which were accepted by Jack Kearns, Walker's manager, include a guarantee of \$10,000 with the privilege of accepting 45 percent of the receipts. The bout will be held in the Dreamland auditorium.

Around The World With Sport Fans

Some born on this continent scoff at the cricket game. But, as The Ottawa Journal says, the cynics who sneer at cricket would find short shrift in Australia these days. For, "down under," there is nothing else in the world that matters half so much at present as the winning of a test match, in which the representative eleven of the Motherland and the Commonwealth play. Upon it depends not only the fate of the mythical "ashes," symbol of a cherished tradition dating back more than forty years; not only the prestige of a country intensely proud of its cricket record, but the happiness of tens of thousands frenzied enthusiasts who would rather suffer the privations of a drought than defeat in the game which they have so much at heart.

Although defensive hockey is still favored by some managers in the N.H.L., there is a noticeable tendency this season to open up the play more, and take chances that were regarded as too risky in previous years. The forwards are following the puck into the corners and chasing opposing players around the net. Many goals have been scored by these following-up tactics, and the result is a speedier and more sustained attack. Defensive hockey may soon become a thing of the past. Also, the way may be paved for the adoption of a standard set of rules for the pros and amateurs. When the C.A.H.A. and N.H.L. officials met last spring to arrive at some agreement as to a uniform code the latter body offered to refrain from signing amateur players until they had reached the age of 21 years if the C.A.H.A. would adopt the N.H.L. code of rules. The C.A.H.A. was not opposed to adopting the pro set of rules, but it felt greater concessions should be made. No satisfactory agreement could be reached on this basis and the meeting did not accomplish anything. It is likely that another meeting will take place next spring to deal further with the problem.

KEEN HOCKEY IN NEW YORK

TORONTO, Jan. 18.—In the four National Hockey League's games last night only five goals were scored and three games ended in ties. The fourth brought victory for the leading N.Y. Rangers over the cellar place Chicago in one of the liveliest games in the garden for some time.

After seven straight victories, Boston was held down to a tie with Detroit when Reg Noble put in an equalizer with five minutes to go.

The N.Y. Americans played their customary defensive game but were themselves unable to score on Montreal.

Toronto and the Canadiens tied in a slow game. The following were the scores: Canadiens 1, Toronto 1. N.Y. Americans 0, Montreal 0. Chicago 0, N.Y. Rangers 1. Boston 1, Detroit 1.

Reports which were presented showed that the year 1928 had been more successful than the year previous.

ASK REMOVAL CLOSE SEASON TROUT LAKELSE

Claim Made That Countless Numbers of Salmon Destroyed by Sport Fish

TERRACE, Jan. 18.—At the annual meeting of the Board of Trade whole-hearted support was given Capt. J. B. Colhurst in his efforts to have the close season on trout in Lakelse Lake and its tributary waters removed. It was pointed out that these fish destroyed countless numbers of salmon fry and should not be given any protection. The secretary was instructed to take the matter

up with the minister of marine and fisheries at Ottawa, with the inspector of fisheries at Prince Rupert and with the Prince Rupert Rod and Gun Club, who were instrumental in having the close season established.

YESTERDAY WAS LARGEST POLL

More Than 150 Votes Cast In Excess of Any Previous Civic Election

One hundred and fifty-seven more votes were recorded in the mayoralty election here yesterday than in the 1910 election, which had the previous high record of 1010 in the 20 years' corporate history of Prince Rupert. The 736 votes given Mayor S. P. McMordie in his re-election were the most ever given a mayoralty candidate in the history of the city, the previous high figure having been 694, which was received by S. M. Newton in defeating Theo Collart in 1925. Only twice has Mayor McMordie's majority of 312 been exceeded—in 1912, when Mr. Newton had a majority of 392 over the late J. H. Hilditch, and in 1925, when Mr. Newton led Ald. Collart by 386.

More than 250 more votes were cast yesterday than in the 1928 election when the poll totalled 915. Mayor McMordie more than doubled his vote of 359 last year, while Mr. Stephens received 424 votes, as against 307 a year ago. The most of the 259 votes polled by Jos. Greer a year ago apparently went to Colonel McMordie yesterday.

The vote taken by the loser yesterday was higher than the winners received in the years 1916, 1918, 1919, 1920, 1923 and 1927. The lowest number of votes ever required to elect a mayor was 212, which Thomas McClymont received in 1918 in winning over O. H. Nelson, W. H. Montgomery and S. M. Newton.

Past Figures

Following have been the figures of mayoralty contests in the 20 elections that have been held since the incorporation of the city:

- 1910—Fred Stork, 557; William Manson, 453.
- 1911—William Manson, 429; F. H. Mobley, 324; Hamilton Douglas, 13.
- 1912—S. M. Newton, 597; J. H. Hilditch, 205.
- 1913—T. D. Pattullo, 505; S. M. Newton, 383.
- 1914—S. M. Newton, 532; T. D. Pattullo, 445.
- 1915—S. M. Newton, acclamation.
- 1916—M. P. McCaffery, 346; S. M. Newton, 248.
- 1917—M. P. McCaffery, 437; W. J. McCutcheon, 213.
- 1918—Thomas McClymont, 212; O. H. Nelson, 172; W. H. Montgomery, 122; S. M. Newton, 100.
- 1919—Thomas McClymont, 249; S. M. Newton, 194; W. H. Montgomery, 155.
- 1920—Thomas McClymont, 330; S. M. Newton, 288; W. H. Montgomery, 111.
- 1921—H. B. Rochester, 493; G. W. Nickerson, 454.
- 1922—H. B. Rochester, 520; S. P. McMordie, 318.
- 1923—S. M. Newton, 391; W. H. Montgomery, 310; John Dybbavn, 269.
- 1924—S. M. Newton, 468; M. M. Stephens, 370.
- 1925—S. M. Newton, 694; Theo Collart, 308.
- 1926—S. M. Newton, 491; S. P. McMordie, 420.
- 1927—S. M. Newton, acclamation.
- 1928—S. P. McMordie, 359; M. M. Stephens, 307; Jos. Greer, 259.
- 1929—S. P. McMordie, 736; M. M. Stephens, 424.

A Tickling In Her Throat For Years

Mrs. Peter Johnson, Port Alberni, B.C., writes:—"I had been troubled for years with a tickling in my throat every time I would lie down, and at night I would cough so I could not sleep, and could hardly do my work. I would cough until I would vomit."

"I heard of Dr. Wood's Norway Pine Syrup

and after the first bottle I had no more cough, and now I am never without a bottle of 'Dr. Wood's' in the house."

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contain certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. While no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and healing commences.

THE ELECTIONS

The Daily News extends its congratulations to the winners in yesterday's elections and particularly to Mayor McMordie, who had initiated the power negotiations which have been approved by the city and who deserves to have a second term so that he may carry the deal through to completion.

It was satisfactory that two of the city's leading citizens, Cyril Orme and E. G. Dawson, should be given positions on the aldermanic board, and that labor also should be well represented there in men who have served with distinction in the past.

The school board this year will be a good one, the choice of J. H. Thompson for a place there being particularly worthy of mention.

Now that the political work in connection with city affairs has been completed, the real work of the year will commence. The most outstanding event will be the completion of the deal with the power company and getting the work of construction started. Other matters will probably develop in the course of the year.

VALUE OF A PROMINENT CITIZEN

Terrace has a Board of Trade and its president since its inception has been J. K. Gordon, hotel keeper. Mr. Gordon has been active in carrying on the work and this will tell, especially if it is backed up by the present board.

The value of an active citizen who is willing to give time and effort in the interests of the community is very great. No town or city can make progress without it. Every person in the community benefits. The difficulty is that often as a result of small issues which becloud the big ones, the work of the outstanding men and women is not appreciated as it should be.

We congratulate Mr. Gordon on his work and also on the fact that his fellow citizens have seen well to honor him for it. Terrace is very close to Prince Rupert. The 90 miles which separates the two places seems even less, owing to the fact that there is nothing but wilderness between. Terrace is almost looked on as a suburb of Prince Rupert.

SECURE BOAT SERVICE

A proposal has been made to put on a boat service to connect this city with the canneries and other points in the neighborhood. It is very important that this service shall be an efficient one. It is possible that in order to get this efficiency some federal aid may be necessary. Quick action is very desirable in this matter and as all Prince Rupert business men are interested in the outcome all should get behind the project.

What is needed is a boat that will carry freight and passengers. Such a boat would cost a good deal. Some kind of service is practically assured, but what is needed is a real service that will be in a position to cater to all kinds of business.

Sun Life Policyholders To Receive Special Bonus

In Addition To Regular Dividends in 1929 of approximately \$17,500,000

SUN LIFE ASSURANCE COMPANY OF CANADA

MONTREAL

January 8, 1929.

To Our Policyholders:

We have just completed another wonderful year, with profit earnings never before equalled. Our Directors have therefore inaugurated the principle of allowing a Special Bonus on maturing participating policies. The basis for 1929 may be summarized as follows:

On policies ten years in force, maturing by death or (on 'reserve dividend' policies) by the expiry of the reserve dividend period, a bonus of 10 per cent of the reserve, increasing yearly to 15 per cent on policies in force twenty years or longer; on endowments, at maturity, a bonus of 10 per cent of the face value of policies ten years in force, increasing yearly to 15 per cent on policies in force twenty years or longer.

Details will be given in the forthcoming annual report.

This special bonus is in addition to, and independent of, the usual annual profit distribution, the scale for which, for the ninth consecutive year, will again be increased.

We congratulate our members on this happy announcement. It has been made possible only by the large profits earned on the securities selected for the investment of the Company's funds.

As ninety-five per cent of all surplus earned by the participating assurances accrues to our policyholders themselves, they enjoy practical mutuality, combined with the enterprise and stability of stock management. The effect of this combination is evidenced by the results.

Amacaulay
 President.

News of the Mines

AROUND PRINCE RUPERT

Chances of Portland Canal District Good; Outstanding Developments in Stewart Field; Power at Silverado

The Portland Canal district offers very good possibilities of developing profitable mines, according to R. Hodson, M.E., who spent the past season at Stewart. The general geology of the entire district is similar and the ore is, to some extent at least, associated with the structural conditions which do not appear to be confined to any one particular section. This means that, as the structural conditions are understood better, the chances are very good of finding more commercial deposits. Improvements in electrical prospecting should to a great extent help out the prospecting problems of the district. These factors, coupled with the improvements in the transportation problems and the benefits resulting from the greater experience on the part of financiers, engineers and managers operating in this district will no doubt result in a very active and prosperous mining community in which there will be not one but many producing mines. The Portland Canal district is a small one compared to the area favorable to mineralization reaching from the town of Stewart northward to the Yukon boundary and even further northward. With railway transportation through this area there is no doubt that almost untold mineral wealth will be developed. Mr. Hodson suggests that the Groundhog, Ingonka, Peace River and Ashin that lets may ultimately become tributary to Stewart.

The Stewart News classes among outstanding mineral developments in the Portland Canal during the past season the tremendous work being carried out by the Premier Gold Mining Co. preliminary to the development of the Silverado, Porter-Idaho and Prosperity properties, the operation by the Consolidated Mining & Smelting Co. of the George Copper and Big Missouri properties, the spectacular discoveries on the Mountain Boy property on Bear River by the Pat Daly Mining Co. of Montreal, the coming to favor of the Bitter Creek section through discoveries on the Mayou, Lucky Date and other properties, indication of new ore bodies in the Duhwell as a result of recent test prospecting, and the coming into the limelight of the Georgia River Gold Mines, Ltd.

The power plant built at the mouth of Marmot River by the Premier Gold Mining Co. to furnish power for the Prosperity, Porter-Idaho and Silverado properties has now been connected up with the Silverado over a three and one-half mile transmission line. Ample power is now available for the driving of the 1000-foot tunnel which is now in nearly half way to the first of the veins to be tapped on the Silverado. It is possible that ore may be struck before reaching this vein, as it is known that mineralization occurs along the contact of the shear zone in which the veins lie. Fifteen men are employed working three shifts a day on the Silverado and the camp is fully equipped.

A reported four-foot section from diamond drill hole No. 9 on the Woodbine property assaying 13.6 ounces in silver is believed by R. H. Stewart and H. L. Batten and associates, consulting engineers, to represent an isolated occurrence similar to those already opened up on the property and which do not appear to offer commercial possibilities. Work was laid out by Mr. Batten on a recent visit to the mine to show the possibilities of this occurrence. The four-foot section carried only .02 ounces of gold. Nevertheless, it was by far the best assay so far obtained from the diamond drilling.

The annual meeting of the Topley-Richfield Mining Co., Ltd., will be held in Smithers (tomorrow Saturday). The transfer books and register of shareholders in the company were closed on January 5 and will be re-opened on January 20 at the mine. Progress at the rate of about 2.5 feet every 24 hours is being made in sinking the shaft to the 200-foot level. This work will be finished about February, when drifting will be pushed on the 200-foot to develop a high grade ore body disclosed in recent diamond drilling.

The Mohawk mine at New Hazelton is earning approximately \$2000 a month net profit as a result of shipments of high grade ore that are being made to Trail smelter. This amount is more than sufficient to offset current development expenses. The development program now underway to block out large ore reserves will enable the management to determine the capacity and type of mill to be constructed on the property. With the crew recently doubled, rapid progress is being made in this work.

TERRACE BOARD OF TRADE HAS NEW OFFICERS

J. K. Gordon Retires and Is Made Honorary President Amid Musical Honors
E. T. KENNEY IS CHOSEN

Reports for Year Shows Much Good Work Done at Interior Point

TERRACE, Jan. 18.—At the annual general meeting of the Terrace Board of Trade held here Tuesday the following officers were elected:

President—E. T. Kenney.
Vice-president—O. T. Sundal
Secretary—H. Halliwell.
Treasurer—A. H. Barker.
Council—Messrs. Riley, Nash, Burnett, Dover, Judson, Allan, Sherwood, Daly and Gilbert.

J. K. Gordon, who refused to accept re-nomination for president, was made honorary president and accorded musical honors.

H. Halliwell gave a comprehensive report on the activities of the year and showed that the Board of Trade merits the ardent support of every resident in the district.

The treasurer's report showed a paid up membership of 41. The finances were in good shape and considerable money has been handled during the year.

Further correspondence was read in regard to the establishment of an ore sampling works at Prince Rupert and in connection with general road work in the district.

Park at Lakelse

A reported offer by a resident at Lakelse Lake to donate 10 acres of land bordering on the lake near the hot springs, provided the government would clear and arrange for park, bathing beach, picnic grounds and parking place, will be further investigated with a view to taking the matter up with the government.

A proposal that the government be asked to secure the necessary property and build a road around the north end of the lake at Grouchy's Beach, thus relieving the congestion now experienced at the head of the lake and also making available to the general public a cleaner and safer bathing beach, resulted in the appointment of a committee of Messrs. Burnett, Nash and Allan to make investigation and report, with a view to taking the matter up with the government.

President J. K. Gordon commented on the excellent report of the year's work and said it convinced him that the Board of Trade was really worth while.

Things were looking brighter and better and the door of opportunity was open wider today in the Terrace district than ever before. The results would depend on how well the people pulled together and worked for the common good. This coming year should be a banner year for the district and one to be looked back on with pride.

Following the business meeting R. Brealy, logging superintendent for the Laminated Materials, Ltd. of New Westminster, who is a frequent visitor in the district in the interests of his company's extensive cottonwood operations here spoke briefly, commenting on the feeling of optimism and good fellowship which prevailed among the members, remarking that the personal touch of friendship which characterized the meeting was just what was needed to produce the best results.

He congratulated them on the splendid accomplishments of last year and remarked on the very evident capability of the secretary H. Halliwell. In closing he wished the board every success in 1929.

WINTER CREWS NOT OFFERING

PORTLAND, Me., Jan. 18.—Maine still has a goodly number of wooden ships and iron men, but while the former may be sound and trim, most of the latter, it would appear, are veterans grown old in the service of the sea.

Fishing skippers of this port will tell you it becomes more difficult year by year to secure crews for their winter fishing ventures. The younger generation of fishermen are slowly but surely laying

courses away from the sea. From April to November they enjoy the life in the open and the independence of earning a living by trawling or lobstering from small, open boats. But when the icy blasts start to sweep the North Atlantic they show reluctance to board the fleet of auxiliary schooners which trawl out of this port. This winter only a handful of the approximate 500 Hampton boats of Casco Bay are in commission.

SUMMARY OF ACTIVITIES BD. OF TRADE

Retiring President Told of Work Done and Spoke of Marked Improvement Locally

In his presidential address Col. J. W. Nicholls told the Board at its recent meeting of the activities during 1928. The following were subjects dealt with:

Prince Rupert as logical outlet for Peace River products.
Restoration of 1c drop postage.
Fisherman's Floats.
Service to Queen Charlotte Islands.

Construction New Federal Buildings.

Daily mail service.
Completion of Salmon Dock by installation of sprinkler system.
Renewal of Elevator lease.

Aids to navigation.
Range finding station.
Granting of salmon fishing license to alien fishermen.
Honorary pilotage committee.
Fire Insurance rates in Prince Rupert.

Empire Shopping Week.
City improvements.
Formation of Retail Merchant's Committee.

Customs concentration.
Repair C.N.R. vessels at Prince Rupert.

Canadian Banking system.
Poaching of American Salmon trollers.

Air Service.
Salmon Fisheries at Massett Inlet.

Interviews during the year were had with a great number of important visitors the board was addressed by Sir Henry Thornton, Hon. Dr. Sutherland and the Stoll-McCracken exploration party as well as by members of the board.

The Vancouver Board of Trade visited Prince Rupert on August 24 and were entertained by us at a dance.

This Board was represented by Mr. Olof Hanson at the convention of the Associated Board of Trade of Central B.C. and during 1929 the annual convention of this Associated Board will be held at Prince Rupert, arrangements were also completed to hold the annual convention of The Canadian Fisheries Association at Prince Rupert in 1929 to which visitors from all parts of Canada and the United States are expected to be in attendance.

The financial position of the Board shows considerable improvement but little publicity work could be undertaken on account of cash stringency.

A more satisfactory average attendance is noted and it is to be hoped that all members will at least support the offices of the board in 1929 by attending at meetings and giving the board the benefit of its judgment.

Constitution Amended

An amendment to the board's bylaws was passed which will have the effect of preventing hasty action in important matters and give each and every member an equal voice and vote in its deliberations.

The board suffered a severe loss with the tragic death by drowning of one of its most esteemed and active members, Mr. E. C. Gibbons. His sterling character, sound judgment and willingness to help will be missed.

Statistics which are boring are absent from this report but our primary industries during the year were satisfactory. Lumber, and mining were especially active and the fishing industry which opened the year unsatisfactorily showed considerable improvement towards the close of the season.

A marked improvement in condition is reported from the interior country of B.C. contiguous to Prince Rupert which in the opinion of the writer is the most important and satisfactory feature to report. I would respectfully suggest to the incoming president and executive that proper and immediate attention be paid to the possibility of Prince Rupert entering into an exchange of ideas with the central portion of B.C. with a view to working harmoniously to the end of mutual benefit. Prince Rupert's future development depends on the settling and progress of the interior and with its opening up

"A Rose by any Other Name"

As the poet said—"Would smell as sweet." In the same way a Hermit by any other name would taste as good. The name "Hermit" suggests loneliness and withdrawal from the pleasant things of life—a fact which indicates that these delicious little round cakes have been very inappropriately named. For Hermits, made according to the following recipe, are just the things for the social tea-table.

|----------------------------------|--|
| 1 cup butter | 1 teaspoon each of allspice, cinnamon and nutmeg |
| 1½ cups sugar | 2 cups flour |
| 3 eggs | 2 teaspoons Magic Baking Powder |
| 1 cup raisins stoned and chopped | |

(If too dry and liquid is required, add a little cold water)

Cream together thoroughly butter and sugar, then with a wooden spoon work in raisins and spices, then the well beaten eggs, then flour and baking powder which have been sifted together, roll out and cut with very small cutter. Bake in moderate oven about 10 minutes.

JUNIOR HIGH SCHOOLS ARE DEVELOPMENT

Inspector Fraser Tells Rotary Club Something About The Advantages of System

NEW SCHOOL NEEDED

Booth Memorial Could Be Turned Into Junior High School For Three Senior Grades

That Prince Rupert would soon have to provide more accommodation for its growing school population and that when it was done would be a good time to organize a junior high school which would give the pupils in the higher grade schools an opportunity to branch out and find out what they were best fitted for was intimated in an address given at the Rotary Club luncheon at the Commodore Cafe yesterday afternoon.

Mr. Fraser explained that the junior high school was a little more costly than the present system but that it provided a more suitable environment for the child than the present, giving more optional studies and developing the social responsibilities of the younger generation. The High School, as at present organized, catered to those about to enter the university and did not consider those who were going into industrial life without taking university training. The junior high school proposed to change all this. It gave an equal opportunity to those who did not intend to continue and was fitted with laboratories, shops, household economic departments, gymnasiums, etc.

Is Quite Modern

The Junior High School movement started fifteen years ago and its establishment in many places was due to local conditions. One in Vancouver had a stigma attached to it because it was thought that it was for those who were not qualified to enter High School.

The elementary schools provided children with the tools of education, arithmetic, reading and

writing. In grades five and six other tools were added. The purpose of the Junior High School was to enable the pupil to use these tools. The gap between elementary and high schools was so great that a good many entering high school went under unless the teachers were sympathetic and appreciative. The teaching and discipline were different.

Inspector Fraser spoke of the many failures which had occurred last year in the High School. The blame had been put on the elementary schools, the claim being made that children were sent up who were not fitted for the work.

Last year it was proposed to promote by recommendation a class of 36 pupils. The principal of the High School wished to take only part of the class so twenty were promoted and the other 17 had to take examinations. The whole 17 passed these examinations, indicating that the recommendation at first had been a wise one.

"Why did the High School children fail?" the inspector asked. He said he thought if the teachers were sympathetic there was no need of such failures. The duty of the Junior High School was to make the change less abrupt. It allowed secondary education at an earlier date giving the pupils a chance to find out what they were fitted for.

40 Minute Periods

The day of six hours was divided into 40 minute periods, 33 periods of which in the first year were constant but the other seven were optional. In the second year ten periods were optional and in the third half the studies were optional. The principal must be a university graduate and half of the teachers and the remainder must have first class certificates.

Prince Rupert was growing out of schools, stated the speaker: In 1921, when he arrived here, there were 24 teachers and 800 pupils. At present there were 31 teachers and 1050 pupils. Members of the educational survey had mentioned that the Booth school would be splendid for a Junior High School. Today all the class rooms were in use and Borden Street School was so crowded that good work could not be accomplished. The people

here he thought should look toward building a new school building.

By using the Booth School as a junior high school it would relieve the position at Borden Street and the present High School could be used for a high school.

The inspector stated that it was noticeable in the schools that pupils remained in school longer than formerly, thus indicating a desire for education. The senior classes of the public schools.

Man in the Moon

Now that we have a new council I would suggest that the members start off right by treating those who sat back and criticized last year so that they may get rid of them from the bleachers this year.

I beg to congratulate Our noble council of eight And the mayor at the head (No, not one who's dead), Never may their ardor abate.

Now folks, we have our council, our mayor, our trustees, and our taxpayers. Now, all together, Off!

The apple is known in history but the grapefruit is in the public eye.

I find it difficult to estimate what will be the population of Prince Rupert by the end of the year when this new council gets busy.

Then here's to the mayor of Prince Rupert, And here's to the man on the street.

Here then is a toast To the one I love most— To myself who drinks them so neat.

BEAUTIFUL PICTURE AT THE WESTHOLME

Tonight and tomorrow that wonderful picture "The Street Angel" will be shown at the Westholme Theatre. This is one of the few great pictures produced recently and was advertised daily in the Vancouver Province for over a month before showing in the Capitol Theatre, Vancouver. It broke the record for a week in the Capitol Theatre in Montreal by over \$6,000.00 and has played to crowded houses wherever shown.

Remember "Seventh Heaven." This picture has the same stars, same director and same producers and is even a greater picture than its predecessor. Every one should see it.

behind John Gilbert's starring picture of that name which comes to the Capitol tonight and Saturday.

The locale of this Metro-Goldwyn-Mayer picture is one of the most interesting spots in the world—the East Side of New York City. Here Benny Horowitz, a Jewish boy, grows to young manhood and finds his soul warped by the environment of the street life of a great city.

The denouement of the story with the boy and the girl trying to sacrifice themselves is as thrilling and exciting as it is logical. Joan Crawford, as the girl, gives a supreme exhibition of dramatic acting that entitles her to stardom in the future. "Four Walls" is considered one of the best dramatic pictures of the year; a supreme exhibit of great emotion which should not be missed.

SUCCESSFUL WHIST DRIVE AND DANCE

Orange Men and Ladies Entertained at Enjoyable Function in Metropole Hall

The whist drive and dance held last night in the Metropole Hall by the Loyal Orange Lodge and the Ladies' Orange Benevolent Association was a fine success. There were 15 tables of cards and many more persons attended the dance.

Prizewinners at whist were: Ladies' first, Mrs. Phillipson; ladies' second, Mrs. J. A. Teng on cut with Mrs. Thomas Bouldie; ladies' third, Mrs. D. Harton; men's first, Mrs. A. Ross; men's second, Sam Dawes; men's third, R. Anderson. The lucky admission ticket for a \$5 gold piece prize was 376, the holder of which did not claim the prize last night.

After cards, delicious refreshments were served and dancing followed with tunesome music by Dave Eastman's Orchestra.

William Rothwell was master of ceremonies for cards, while J. A. Teng took charge of the dance. The committee in charge consisted of Mrs. J. Murray, Mrs. S. V. Mahaffey, Mrs. Rolls, Mrs. R. Anderson, J. A. Teng, H. Mahaffey and W. Rothwell.
