Unanimous Nomination Given to J. C. Brady by Conservatives of Skeena Riding in Convention

Waiving all formalities in connection with the matter, Conservatives of Skeena riding, in convention last night, tendered a unanimous nomination to James C. Brady, M.P., to again be their candidate at the next federa! election. Delegates were in attendance from all parts of the riding except the Queen Charlotte Islands, which were represented by proxies. No other name was heard in connection with the nomination besides Mr. Brady's and his choice was settled upon without delay as soon as the convention opened for business. --

He was proposed by James Nelson outside points spoke, each paying of Terrace and seconded by George their tribute to Mr. Brady. Lawson of Wistaria. C. H. Orme presided over the gathering which was very enthusiastic.

Mr. Brady spoke at some length in accepting the nomination. He expressed deep appreciation at the confidence which had been imposed in him and pledged himself to continue to work as wholeheartedly for the interests of the riding if elected to serve again as he had endeavored to do in the last four years. Politically, he spoke optimistically as to the prospects of the Conservative party in the federal field.

C. H. Orme was reelected president of the Skeena District Conservative Association and W. R.

McAfee was named secretary to succeed W. W. Wright.

BEIRUT, Syria, Aug. 27.—Reports reaching here today state that hostilities between Arabs and Jews had extended beyond the frontiers of Palestine. The French authorities have sent a large detachment of troops to protect the Jewish quarter in Damascus.

JERUSALEM, Aug. 27.-Violent demonstrations by Arabs and Jews today followed the arrival of a Jewish delegation from Gaza into the Holy City. The British authorities have been forced to evacuate many Jews from their homes and concentrate them in heavily guarded hotels.

British troops continue to arrive in Palestine by big troop-carrying airplanes. Airplanes constantly patrol Jerusalem and environs where the markets and shops are closed and the streets deserted.

The Jewish dead in four days number more than one hundred, including fifteen American students at Hebron College.

Southern Palestine momentarily seems quiet, but new fierce outbreaks between wild bearded Islamic tribesmen and Jews are reported from northeastern Palestine, particularly from the vicinity of Haifa. I is understood that the Arabs are obtaining arms and ammunition from Trans-Jordania.

Prince Rupert's 17th Annual Exhibition

TOW DOES nature summon her vast and colorful resources and bewitch the eye and mind of man.

Fair Week is the annual event in Prince Rupert that shows to the people of the city and the surrounding districts the glory of the soil, the product of the hand and patience of man and machinery—the triumph of man over the elements.

More than that, you who attend Fair Week will have all the fun that can be assembled and much of it free. You'll see races, ball games, you'll ride with the children, you'll try to hit the African Dodger-you'll have a big day every day you come in.

The merchants of the city will co-operate in this constructive good time work. They wish to make you comfortable and to supply your wants, so that you will return.

Peace River and Prince Rupert Problems Are Identical and a Joint Council Is Now Proposed

(Continued from page one)

views of other boards could be received for similar publication.

The following is from the letter: "And when one goes to Prince Rupert he finds that the problem with the Pacific town is identical with ours, for when he steps off the train he will find the best part of the population on the platform to see how many arrive. Her problems are identical with those of the Peace River country. Prince Rupert has a fine harbor with grain elevator, three million-dollar ship plant and dry dock that will take care of the largest ship afloat: and yet last winter ships arrived there for a grain cargo and found there was not a bushel in store, and at the same time there were several million bushels in the Peace River country lenging for a quick despatch to the sea; but instead of taking the quick way out by Rupert it was handed over to the C.N.R. or C.P.R. for the long haul, and thus Prince Rupert is beat out of its own, while the Peace River people have no choice in

the matter. This year, the Peace River country gures. Should the powers that be fit to start at once on the coast outlet, they went into hysterics when Victoria it is a safe bet that the Peace River country will have 30 million bushels before that outlet is completed.

Yes, Why Not?

"Let us imagine that our outlet is put through in, say two years. What would take place at Hudson Hope, at Finlay Forks and on the Ingenika? The traffic of these points added to the 30 million bushels of Peace River whea going into Prince Rupert would draw ships from off the seven seas; making Prince Rupert a port for transpacific shipping. Then why should it be established that the Peace River country is not to be linked up with Prince Rupert?

"Again their problems are identical In the first place while the country and the conditions are one, and the interests are one, yet we are the back concessions of two provinces, and our representation to the governments of the two provinces is practically nil We in the Peace River country sens ure, not our own, and when we ask for anything it is asking for a favor as much as if we asked it from Saskatchewan or Manitoba. It is the same with Prince Rupert. The B.C. government has its gigantic problems close at hand, such as the Sumas reclamation, which so overshadows Prince Rupert and all her wants that she is like a stone pile in a farmer's commons down east. From this standpoint it ful would appear to be in the interest of

An Intensive Sales Service for Canada with 32 offices throughout the world

ANADA now has 32 Trade Commissioners' offices located in the world's greatest business centres.

The sole duty of these offices is to assist in the development of Canadian export trade.

The Trade Commissioners, each one a specially trained Canadian, living among the buyers of other countries, search out new markets for Canada's products or seek to widen existing markets.

They are this country's business scouts abroad.

A Service for Exporters

These Trade Commissioners will make direct inquiries, or conduct preliminary surveys for any Canadian producer or manufacturer regarding the opportunities for selling his product. They will report the kind of goods wanted, the best methods of packing, shipping and billing, and provide valuable and reliable information on business conditions generally. They will place any Canadian, seriously interested in export, in touch with progressive local representatives, or introduce his salesmen to established trade houses. They will assist in maintaining business contacts.

A World View of Business

The latest trade developments the world over, are constantly reported by these Commissioners to the Commercial Intelligence Service at Ottawa. This information is at the command of any Canadian. Letters of inquiry on any phase of export trade are welcomed.

This export trade service has been expanded and reorganized during the past year. Six new Trade Commissioners' offices have been opened in Panama, Greece, Peru, Norway, United States and Hong Kong.

While the story of Canada's increasing export trade constitutes a business record in which every Canadian can take pride, still more can be accomplished. Greater markets for Canadian products exist. The producers and manufacturers of this country have the resources and the skill to compete successfully across the seven seas. At the same time more active participation in export trade will stabilize employment at home, and lower production costs. The continuation of Canada's prosperity is linked with a trade beyond our boundaries. Let us help you to gain your share of this profitable business.
