GENERAL BOOTH ASKED TO RESIGN

KING GEORGE STEADILY PROGRESSING TOWARD RECOVERY

Prince Rupert May Be Refuelling Point for Round World Flight

Two Non-Stop Air Voyages Are Proposed To Be Attempted, One From Paris and the Other From United States

PARIS, Jan. 10.—A non-stop round the world flight with re-fueling of the plane in the air is the latest project of the Fokker aviation firm. The details have not yet been worked out, but a flight from Paris to Paris will be the objective.

The tentative route for the proposed flight is through India, China, Siberia, and, if the northern route is chosen, across America, re-fueling planes will be stationed at Prince Rupert or Vancouver, Winnipeg and St. John's, Newfoundland.

WICHITA, Kan., Jan. 10.—Colonel Arthur Goebel, winner of the Dole Honolulu flight, has announced that he will attempt a world non-stop flight as soon as necessary preparations have been made, probably next August or September. "The United States army airplane Question Mark proved that such a flight was possible," he said.

TEX RICKARD LAID TO REST

Burial Yesterday Followed Impressive Service at Madison Square Garden

NEW YORK, Jan. 10.—Tex Rickard was buried yesterday after funeral services in crepe-draped Madison Square Garden which he leaves behind as a monument to his vision and foresight. The services were brief and simple and the body was interred in a cemetery where a former wife and child rest.

Pallbearers were: John H. Chapman, Jack Dempsey, R. F. Hoyt, W. F. Carey, Colonel Hammond, Matthew Brush, James L. Bush, Harvey Gibson, John Ringling, Walter Fields, J. A. Farley, Wm. Muldoon, G. E. Brower, Walter Camp, J. Kilpatrick, Sidney H. Kent, D. W. Dilworth, J. Ernest Rickards, J. W. Dillon and Sheldon Fairbanks.

VANCOUVER, Jan. 10.—William Henry Barker, aged 75, a prominent man in salmon fisheries passed away at his residence last night. He was an old timer in the province and was well known.

Bullying Film Director: "I told you to register sorrow! What are you registering joy for?"
 —The Humroist.

KING GAINS IN STRENGTH

General Elation Is Felt at Improvement in Monarch's Condition

LONDON, Jan. 10.—It is authoritatively stated at Buckingham Palace that the King passed a fair night and there was no change in his condition. There was gratification at both the palace and general today that physicians had been able last night to report a slight gain in strength. As persistence of extreme weakness continued to be the main hindrance to recovery, this gain was welcomed everywhere.

There was a growing confidence that the King's recuperative powers had not been misjudged. Improvement is extremely slow, but not slower than was anticipated.

Tonight's bulletin said: "The King has had a quiet day. There is no change to report in His Majesty's condition."

MISSIONARIES OF CANADA HONORED

Certificates of Merit and Vases For Distinguished Services Presented by Jap Government

TORONTO, Jan. 10.—Three missionaries of the United Church of Canada were presented with "certificates of merit and vases for distinguished services" by the Imperial Japanese government in connection with the recent coronation of the Emperor.

FAST TIME IN LOADING SHIP

Steamer Gracefield to Sail Tomorrow With Grain Cargo; Hindpool Coming Friday and Adra Sunday

The British steamer Gracefield, Prince Rupert's fifth grain ship of the season, which reached port about 1 o'clock yesterday afternoon from the old country, being already lined and not requiring to be fumigated, immediately went on berth at the Alberta Wheat Pool's elevator and at 3 o'clock pouring of grain into the vessel was underway. Tomorrow morning, loading of the vessel is expected to be completed and she will sail during the day with a full cargo for the United Kingdom or continent. Weather is favorable and a snappy job is being made of loading the Gracefield.

The British steamer Hindpool is expected to arrive in port tomorrow and, also being lined, will start loading at once. The Adra, also a British ship, is now expected to arrive on Sunday.

As a result of the loading of these three vessels, grain is starting to move again from the prairies to Prince Rupert, and, within a few days, the movement will once more be in full swing.

The Gracefield came from Cardiff, Wales, which port she left on December 4, making the passage in 35 days which usually takes forty. Good weather featured the voyage which was uneventful.

BRITISH LABOR LEADER IN PARIS

Rt. Hon. Ramsay MacDonald, (right), Leader of the Labor Party in the British House of Commons, and Mr. Arthur Greenwood, M.P. (left) are here seen on their arrival at the Gare du Nord, Paris, to conduct a series of lectures on the subject of the British Labor Party's foreign and international policy.

Salvation Army Chief is to be Asked in "Affectionate Terms" To Quit Because of His Health

SUNBURY-ON-THAMES, England, January 10.—The high council of the Salvation Army adjourned today until Saturday to give seven members appointed to wait on General Bramwell Booth with a resolution suggesting his retirement an opportunity to visit him at his home. The council decided to send a letter couched in affectionate terms to the general, conveying a resolution asking him to retire because of the condition of his health. At the same time, it was made clear that, in retirement, he would retain the title of "general" and continue to enjoy the honors and dignities attached to it.

More British Settlers and Fewer from Central and Eastern Europe to be Brought to Canada in 1929

TORONTO, Jan. 10.—The Globe this morning has the following dispatch from Montreal: "Important changes and reforms are taking place in the Canadian immigration policy. This was evident today when it was learned here that both the railways, C.N.R. and C.P.R., have been notified by the department of immigration at Ottawa that the immigration of foreigners from central and eastern Europe has been cut down during the present year by one-third, from 60,000 in 1928 to 40,000 this year. The formal reason given is the condition of the labor market in Canada.

"Significance, however, is attached to the notification by reason of the accompanying announcement that it is proposed to interest British immigration to Canada this year to double what it was last year."

HED NOTHING BACK

"Your failure in business does not seem to give you any worry."
 "No; that's one of the things I turned over to my creditors.—Answers.

Two Bandits Killed When Trying to Seize \$1,500 in Office of Loan Company At Seattle Yesterday

SEATTLE, Jan. 10.—Two bandits were mortally wounded in a gun battle which ended an attempt to rob Barto & Company, a loan company, yesterday. The dead bandits were identified as Robert Byrne, alias Robert Burns, whose record included a life sentence for participation in a Chicago robbery, and James Fare, aged 24, a city fireman.

The shooting commenced when the bandits entered the premises and attempted to seize \$15,000. When Cashier Dobson shot Byrne the bullet passed through him and hit President Barto in the groin. When Byrne fell, Barto grabbed his pistol and shot Fare. Both died in the hospital later.

KETCHIKAN IS NOT TO HAVE FISH BUILDING

President Fails to Sign Bill which Was Passed by Congress Providing For it

KETCHIKAN, Jan. 10.—The \$50,000 federal fish laboratory which Dan Sutherland, delegate to congress, announced would be started here this year, will be delayed for at least a year and possibly longer, it was revealed at a Commercial club luncheon meeting in the Blue Fox cafe.

In a letter to Frank Shelton, secretary of the club, Mr. Sutherland stated that he had just ascertained that, although the bill providing for the laboratory was passed by congress, it was not signed by President Coolidge. The bill will be reintroduced at the present session of congress, Mr. Sutherland stated.

When put into operation, the fish laboratory will seek new methods of processing and marketing Alaskan fish.

SEPARATE FISH DEPT. IS URGED

OTTAWA, Jan. 10.—The creation of a separate federal ministry of fisheries will be sought by a delegation from the Canadian Fisheries Association when it waits upon the premier in the near future.

T. H. Johnson, manager of the Canadian Fish & Cold Storage Co. here, is first vice-president of the Canadian Fisheries Association, which is seeking a separate ministry of fisheries. The industry has long advocated the complete separation of the fisheries, which is now included with the marine and fisheries department under the ministry of Hon. P. J. A. Cardin. The recent appointment of W. A. Found as deputy minister of fisheries has been accepted as the first step in the complete separation of the department.

PROBE CONCLUDES

OTTAWA, Jan. 10.—The conference in which delegations from Washington and Ottawa took part to ascertain what could be done to prevent liquor smuggling from Canada into the United States completed its sessions this afternoon.

SENATOR ROSS, HALIFAX, DIES

Was Conservative Leader in Red Chamber for Past Two Years; 74 Years Old

GUELPH, Jan. 10.—Senator William Ross of Halifax, Conservative leader in the senate for the past two years, died today in Homewood Sanitarium, where he had been a patient for two months. He was 74 years of age and was born near Charlottetown, of Scottish ancestry. After graduating from Dalhousie University in 1878, he was admitted to the bar and, successfully practising his profession at Halifax, where he became one of the leaders of the bar, became a K.C. in 1890. He was identified with several large business and financial undertakings in the maritimes.

In 1920 he was summoned to the senate and was a member of the parliamentary delegation which, under the auspices of the Empire Parliamentary Association, visited Great Britain and the war area in 1916. He was a Presbyterian in religion.

GUARD TIMBER

Hon. William Finlayson, Minister of Lands and Forests in the Ontario Legislature, who is endeavoring to interest the people in forest preservation and to introduce and apply a policy designated to perpetuate Canada's supply of timber and pulpwood.

News and Views In The World of Sport

FIRES TENNIS BALLS IN BURSTS

Here is the "machine gun" which "Pop" Fuller, University of California athletics' coach, uses to fire tennis balls across practice courts. Pupils are thus enabled to concentrate on any stroke which they wish to build up, the ejector shooting the balls with almost the precision of a rifle. It is an adaptation of the apparatus perfected by Rene Lacoste, the great French player.

WILLIE HOPPE NOT PLAYING

Famous Cue Artist Out of Championship Tournament This Year For First Time

NEW YORK, Jan. 10.—For the first time in more than 20 years Willie Hoppe, many times holder of the title, will not take part in the world's 18.2 balkline billiards championship tournament, starting here Feb. 4. Hoppe said that the officials of the National Billiard Association, sponsors of the tournament, gave him his choice between playing in the 18.2 championship or the three cushion tournament in which he won second place at Chicago. "Inasmuch as I had qualified for the three-cushion tournament

I saw no reason to withdraw in favor of balkline," Hoppe said. "This will be the first major balkline tournament I have missed since 1906. I still think the playing of three cushions has not impaired my balkline game, but evidently the officials are of the impression that a player cannot be efficient at both styles."

Around The World With Sport Fans

(By The Tramp)

Albie Davies of Victoria who knocked the tar out of Harvey Holliday at Vancouver the other day is a lad who has been boxing ever since he could walk. When very small he and his brother Jumbo put on exhibition bouts for the amusement of some of the Victoria people. According to the report Davies scored in every round and the vanquished fighter took it so badly that the crowd showed their disapproval in no uncertain manner.

Corinax, a one-eyed race horse, scored a brilliant victory in the Auckland Cup race at Auckland, New Zealand recently. News of the performance brings to mind the many good races of Flying Cloud on Canadian Racing Association courses a few years ago. Although blind in one eye, Flying Cloud was a dependable performer and furnished many thrills in his dashes down the stretch.

CONFESSED AND THEN SUICIDED

Recent Outbreak of Crime in Calgary, Culminating in Murder, Believed Solved

CALGARY, Jan. 10.—Malcolm McLean, aged 42, safe blower and hold-up man, who hanged himself from the rafters of his cell at city police station headquarters on the morning of January 3, confessed to a fellow prisoner two hours before he hanged himself that he was the man who killed Franklin Bourne, alias Frank Stewart, taxi-driver, who was shot to death in his taxicab two months ago, Chief of Police David Ritchie announced today. From other evidence unearthed, the authorities are confident that McLean was the man responsible for an outbreak of crime which culminated in the death of Stewart.

Bishop of Chester says that such violent sport as rowing is unsuitable for girls. Too much of an oar-deal, eh, Bishop?—Humorist.

SPEED RACE AT DAYTONA

Major Segrave Expects To Make 240 Miles an Hour on Sands

DAYTONA BEACH, Fla., Jan. 9.—The perfect sands of Daytona Beach, which have served as a speed course for the world's fastest racing cars, will be the scene of the international speed trials of Major H. O. D. Segrave, who hopes to set a new record of 240 miles an hour in March.

William F. Sturm, American manager for Major Segrave, chose the Daytona Beach course as the site of the British speed ace's trials, after considering conditions at Ormond, Jacksonville and the Island of Sapaloe, off the coast of Georgia.

Keach, young Philadelphia speed demon, gave the world its latest mark to shoot at when he made his dash down the beach at 207.552 miles an hour. It is this record which Major Segrave hopes to break, so that the world honors may be returned to Great Britain.

Major Segrave was the first man to exceed 200 miles an hour in a racing creation, setting a new world record in March of last year at 203 miles an hour. His new machine, the "Golden Arrow," is now under construction in Great Britain. It will be completed next month and brought to America early in February.

UNEMPLOYED HAVE MONEY

That is What Edmonton Found When 700 Central Europeans Were Examined

EDMONTON, Jan. 10.—With a hard boiled detective of the A. P. P. hurling questions at them, and with their replies passed back through the dispassionate calm of two interpreters, 80 per cent. of Edmonton's "unemployed" had a new light thrown on their status.

One fact stands out sharply from the whole problem of unemployment and maintenance here. The citizens of Alberta are seriously asked to keep or help to keep some five hundred odd husky Central Europeans most of whom have been harvesting all the summer and who have either sent their money back to their families in the Old Country or who still have pocket-books well lined and bank accounts well balanced.

Probes History Detective Sgt. Leslie started the ball rolling on Friday morning when he lined up the organized unemployed at the guard room in the A.P.P. building, and armed with a number of cards, took down the immediate history of each man. If a deserving case is found, relief will be granted. This is what Sergeant Leslie discovered.

Eighty per cent. of the 700 men who marched on the parliament buildings with "hard luck" stories are Central Europeans, and many of them blandly admit they need relief now because they sent all their harvest money home to the old folks, the amount ranging from \$50 to \$175. Many others have plenty of money in their possession and are demanding relief just because it seems a good idea.

One of the men refused to disclose his assets and was inconspicuously jailed. When the last pocket lining had been turned inside out the officers found \$2250 in cold cash and a bank book showing a favorable balance of \$50.

Of Greater Feminine Interest The professor was showing a young woman the heavens through his telescope. He directed her gaze to a planet which he told her was Venus.

"Oh, isn't it perfectly lovely!" she exclaimed—and then, "Now please show me Adonis."—Boston Transcript.

MISS FISHWICK

Holder of the Girls' Golf Title in Great Britain. The picture shows her receiving the trophy.

SPORT CHAT

The skating rink at Vanderhoof was recently opened with R. M. Patterson, appointed manager for the season, in charge. The ice is in good shape and several improvements for the better accommodation of the public will be undertaken shortly. The rink is being well patronized by the public at the interior town.

Ed. Frayne of the New York American declares definitely that Jack Dempsey will return to the ring once and for the last time in a heavyweight championship fight late in the coming summer. Jack's opponent will be, it is said, one of the following quartet: Jack Sharkey, whom he has already licked; Paulino Uzcudun, whom he thinks he can lick; Young Stribling, whom he hopes he can lick, and Tom Heeney, whom he knows he can lick.

SEVEN MEN ARE IN FIELD NOW

R. E. Benson and Ex-Ald. R. F. Perry Latest to Enter Aldermanic Lists

Two more aldermanic candidates—R. E. Benson and Ex-Ald. R. F. Perry—threw their hats in the ring today, making seven that are already definitely in the field for the four seats that are vacated this year. The other candidates are Ald. W. M. Brown, Ald. P. H. Linzey, F. G. Dawson, C. H. Orme and S. D. Macdonald.

"You can say that I will be in the contest," stated Mr. Benson this morning. He has resided in Prince Rupert since 1914, owns considerable property and has always taken much interest in civic affairs. His public service has included five years on the fair board.

Ex-Ald. Perry, who stated definitely to The Daily News this morning that he would be a candidate, has served five years on the council. Up to this year he was for four years chairman of the Board of Works and played a prominent part in the work of conversion of plank roads to macadamized streets.

It has been reported that Ex-Ald. G. B. Casey would also be an aldermanic candidate. At present he is on a vacation trip to Ontario, so a statement cannot be obtained from him. Ex-Ald. W. H. Montgomery, whose name has been mentioned, said recently that he was not considering running.

With the election a week from today, the mayoralty campaign between Mayor McMordie and Ex-Ald. M. M. Stephens is gaining force. It is understood that at least one public meeting will be held. Confidence as to the outcome is expressed by both sides. On the street, it seems to be felt that the chances of Colonel McMordie are the best.

BETTER TREATMENT FOR CRIMINALS IN MEXICO ANNOUNCED

MEXICO CITY, Jan. 10.—The whip and like instruments of punishment are to be abandoned on the Mexican "Devil's Island" and trade schools and co-operative workshops are to be established for the benefit of the prisoners.

Emotional scenes were enacted among the prisoners on the island when General Francisco J. Mujica, new director of the penal colony, announced that hence forth only humane methods would be employed in dealing with the criminals exiled there. Many of the prisoners broke into tears when the general, in a speech to the members of the colony, made known the new policy.

The colony occupies the largest of a group of three islands off southwestern coast of Mexico, known as Las Tres Marias. Only

With a light passenger list and freight cargo, C.N.R. steamer Prince John, Capt. E. Mabbs, arrived in port at 2 o'clock this morning after a speedy voyage from Vancouver via the Queen Charlotte Islands and will remain here until 10 o'clock Saturday night when she will return south over the same route.
What promises to be a very interesting lecture on some phases of Indian life and Indian legends, will be given by Canon Rushbrook, in St. Peter's Church, Seal Cove, on Friday evening at 8 o'clock. The collection will be applied towards the purchasing of gymnastic equipment for the St. Peter's Boys' Club. 9
Mr. and Mrs. P. DeJong will leave Hazelton on Saturday for Halifax where they will embark aboard the steamer Ascania on January 21 for Rotterdam. Mr. DeJong, who formerly was a member of the staff of the Rupert Table Supply here and who more recently has been at Hazelton, has been called home to Holland on account of the serious illness of his father.

Opening of tenders for the purchase of the Grand Terminal Club has been deferred from today owing to the fact that the custodian, A. A. Connon, is ill with an attack of influenza.
John V. Clyne of Williams, Manson & Gonzales, who has been spending the Christmas and New Year vacation in Vancouver, will return to the city from the south on the Catala next Sunday.
The city has about completed the replacing of the old board walk on McBride Street, between Fourth and Fifth Avenues, with a cinder walk. Young Street, between Fourth and Fifth Avenues, is about to be similarly treated.
Mr. and Mrs. John Patterson and son of Hartland, Sask., who arrived in the city from the prairies on Tuesday, sailed last night on the Prince Rupert to make the round trip to Stewart and Anyox whence they will proceed south to Portland, Ore.
William Cruickshank, secretary of the Prince Rupert Gyro Club, has received a letter from R. A. Bartholemew, secretary of the Ketchikan Club, inviting local Gyros to attend installation of officers at "The First City" next Tuesday. Owing to boat service, it is unlikely that any local members of the organization will be able to go north. A delegation from Ketchikan, however, will probably arrive for the installation of local officers on January 23.

VETS HONOR HARRY THRUPP'S MARRIAGE

Presented With Handsome China Dinner Service at Meeting of Canadian Legion Last Night
Following his recent marriage, Harry Thrupp, long a prominent member of the local branch of the Canadian Legion and a former member of the executive, was presented with a handsome china dinner service after the regular monthly business meeting of the legion last night. President M. M. Lamb spoke suitably in making the presentation and Mr. Thrupp made an appreciative reply.
After the presentation, a social evening was enjoyed. The program included community singing, which was led by Jack Pliint, with Sid Thomson at the piano, and there were vocal solos by Jimmy Kelly, Bob James, Tommy Black, Frank Morris, Wright Davies, Harry Thrupp, W. Wilson, Alex Harvey and Jack Plint.

CLERGYMAN COMING

Rev. G. H. Madill, recently of the Maritime provinces is expected to arrive here to take the services at the Presbyterian Church for the next few Sundays.

AFRAID SHE WOULD NEVER BE WELL

"FRUIT-A-TIVES" Completely Relieved Dyspepsia

Mrs. Omer Monette had tried so many remedies in her efforts to get rid of serious Stomach Troubles that she was almost afraid to try "Fruit-a-tives," fearing that this famous medicine would not help her. But, as she writes from Montreal, "I finally decided to do so. The first few tablets helped me and after taking three boxes I noticed a great change for the better. Now, I enjoy and digest everything I eat, and am happy to recommend 'Fruit-a-tives' to all my friends." "Fruit-a-tives" is a combination of concentrated and transformed fruit juices and the most scientific medicinal ingredients. It acts directly on the stomach, liver, kidneys and skin, and brings these vital organs back to normal, healthy action. If your stomach bothers you, try "Fruit-a-tives." 25c. and 50c. a box—at dealers everywhere.

STRONG PLEA FOR CANADIAN RECOGNITION

Farmers of Manitoba Object To Present System of Census Classification and Other Anomalies

BRANDON, Man., Jan. 10. — (By Canadian Press) — Demand for the recognition of "a Canadian race" and for legislation to permit personal naturalization of married women stood out most prominently in the report of legislation read today by Mrs. Fred Downing, Marquette district representative, at the annual convention of the United Farmers of Manitoba.

Deploing the fact that the word "Canadian" is not permitted on census forms under the heading "racial or tribal origin," Mrs. Downing's report contended that the "time has come when a Canadian race must be recognized."

Thousands of native born Canadians are recorded whose forefathers have lived in the Dominion for many generations and their designation as of any other racial origin than Canada is inaccurate, the report contends; adding, "it has a decidedly destructive effect" to tell new Canadians, adopting Canadian language, customs and institutions that they cannot in time become part of the Canadian race."

The drawing of racial lines through the paternal side of the family was characterized as "manifestly incorrect and unscientific," by the report, which went on to question the value of statistics which would speak of King George as of German racial origin because his grandfather was Prince Albert of Coburg, Saxe-Coburg.

"S'r Robert Falconer, president of Toronto University, says there is a Canadian race of distinctive characteristics," read the disposition, which concluded: "Let us, then, be proud of the fact and change our census forms in accord. This is a vexed question and by taking our part in bringing about an improvement, we will make ourselves worthy of the tradition of the United Farmers of Manitoba."

Naturalization for Women
Appealing for continued agitation in favor of personal naturalization for married women, the report pleaded on behalf of the Canadian-born woman who cannot take part in the affairs of the Dominion, due to the fact, for instance, that she was deserted by an alien husband who failed to take out naturalization papers.

Protestation of an inequality as between men and women came with discussion in the report of the matter of legal domicile of married women. The findings of the legislation committee pointed deprecatingly at the law which grants to a husband wherever he may be, the right of legal domicile, whereas an estranged wife must bring legal action in the place where her husband resides.

The committee expressed the hope that an amendment would be enacted during the coming government session to grant to either husband or wife a one-third interest in all their real estate following the presentation of a resolution in December.

BUSINESSMEN IN COUNCIL

It is a good sign for the city of Prince Rupert when businessmen, whose time is very valuable, are willing to offer their services to the city. The pay to aldermen here is approximately \$30 a month. To men who earn little this may be a consideration, but to men whose time is worth a great deal more than that the lies of meetings and committees mean a considerable sacrifice.

We are not suggesting to Prince Rupert people who they shall vote for at this time. It is well that all sections of the community be represented on the council. All we suggest is that if the offers of successful men are not accepted, the loss will be to the city and not to those who are so offering their services.

The coming year is likely to be an important one in our history. We see greater possibilities ahead than have been in the offing for some time past. What we need is men who are able to cope with the situation and make the most of it for the city. With a good mayor and strong council the possibilities are great.

IT SURE LOOKS PROMISING

If the Copper River Railway is to be built this year and much money expended in that neighborhood for coal development, and if at the same time something like a million dollars is to be spent here for installing a real power system to supply the city and neighborhood, in addition to expenditures on mills and various other improvements, as well as the general mineral, agricultural and timber development of the whole district, we should see good times in Prince Rupert during the next year or two. The outlook is very promising.

In the past we have often expected great things, but have been generally disappointed. Today we see the development along more rational lines than ever before. Our natural resources are the attraction. When Sir Henry Thornton first visited Prince Rupert he said the most important thing for this city would be the development of the latent resources of the country. Today we are seeing this coming about. British money is vieing with American money in trying to help us and Canadians are for the first time in history doing their part. Under these conditions we have reason to be optimistic.

SIMONDS SAWS

Cross-cut, Crescent Ground, will saw 10% more timber, time and labor being equal, than any other made. This guarantee has never been challenged.

SIMONDS CANADA SAW CO., LIMITED,
ST. HENRI STREET AND AORN AVENUE, MONTREAL, QUE.
VANCOUVER, B.C. TORONTO, ONT. ST. JOHN, N.B. 528-5

FROM the cold, deep waters of the seven thousand miles of British Columbia's Pacific Coast, comes a harvest of fish that the palate of all mankind enjoys! For over twenty years our Province has been a leading factor in Canada's fishing industry. Progress continues unabated...the markets to the ends of the earth demanding ever increasing quantities.

The past ten years have seen this industry grow from 14 million to 27 million dollars . . . an increase of 89%. Our annual catch totals nearly half the entire Canadian production, and "King Salmon," our marine silver mine accounts for at least 15 million dollars a year.

The distribution from our Provincial hatcheries of millions of salmon eggs to renew the harvest that goes into the nets; the Treaty between Canada and the United States for the protection of the Pacific Halibut (March, 1923) providing a close season from November 16th to February 15th; modernized canneries, 83 in number, and sane Federal Fishing Laws, carefully administered, are the foundation of an industry that will continue to grow.

The fame of British Columbia's Whaling Fisheries is of long standing, and has materially increased the value of the products from this industry. The yearly catch, now about 400, is taken between one station on Vancouver Island and two stations on the Queen Charlotte Islands.

Much as has been done to develop and conserve our fishing industry, there still remains a great deal to be accomplished. The vastness of our waters and the extent and ruggedness of our coast make organized protection and administration extremely costly.

But the safeguarding of our fisheries is a matter which now commands the earnest attention of our government, who realize the importance of conserving this basic industry.

As the oldest industry of our Dominion, fishing has been one of the largest revenue producers, and it is significant that Canada's youngest Province, in less than twenty years, should secure a leading position in the world market. This aggressive search for foreign business has been an asset which undoubtedly has created one of the most amazing records of our basic industries. Well may we be proud of our Fisheries!

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

YOUNG KING MICHAEL AND HIS MOTHER PRINCESS HELENE OF GREECE IN SWIMMING COSTUME

GIANT BOMBS MAY BE USED IN FUTURE WARS

Dread of Such Destruction as They Might Bring Will Tend to Keep Peace

DAYTON, O., Jan. 10.—The continued development of huge aerial bombs, army experts believe, will make another war such as the world war virtually impossible. The destruction would be so great that no nation would dare go to war, these men say.

The largest bomb now prescribed for use with the United States army air corps bombing squadrons weighs two tons, and is capable of demolishing a skyscraper or battleship if released from its bay beneath the wings of the bomber.

Other bombs, weighing from 25 to 2,000 pounds, have been developed for special uses with aerial bombing squadrons of the army air corps.

The "monster of them all" is more than twice the size of a tall man, being 14 feet long and carrying a charge of powder sufficient to wipe out a community. It would be used only against very large objectives, where the complete demolition of a factory or building would be considered of extraordinary military importance. Its enormous expense and great weight make it impractical for other purposes.

The smaller bombs, weighing from 50 to 300 pounds, while less attractive to the imagination, are capable of enough destruction to assure success of most missions, army men say. Use of such bombs dropped from airplanes over a metropolitan area could render a city as large as New York helpless and completely at the mercy of a superior air force in a short time, they believe.

Bombing squadrons assigned to such a mission, army tacticians say, would drop small bombs on all roads, railroads, telegraph wires and other system of communication leading into the city. Under such conditions, a city would soon run out of food and other supplies. Suffering would increase and a surrender of the territory follow.

Armament experts, who spend most of their lives developing new instruments of destruction in the Wright field laboratories of the army air corps material division, say that people who have had war laid down at their very doors, will soon have to bring peace.

They reason further that the nations of the world will come to realize that with the continued development of huge aerial bombs, capable of wiping out communities, war will become too horrible to let any nation dare an offensive.

Experimental work with new aerial bombs is being carried on daily at Wright Field.

the most of cases being around \$25 and some times higher. On some occasions, he forged the names of the local business men.

Strangely enough it was McAllister's fate in Montreal to appear before Judge Enright, who was a boyhood companion of his in Sherbrooke, Quebec. Judge Enright sentenced him to two years' imprisonment in penitentiary and, in passing sentence, said: "I recall you as a young man with great promise. When the prison gates clang behind you at the conclusion of your sentence, come and see me and I will endeavor to do all that is possible to set you once again in the right path."

McAllister, who is 41 years of age, gave unemployment and a craving for liquor as the causes which actuated him in circulating the bogus checks.

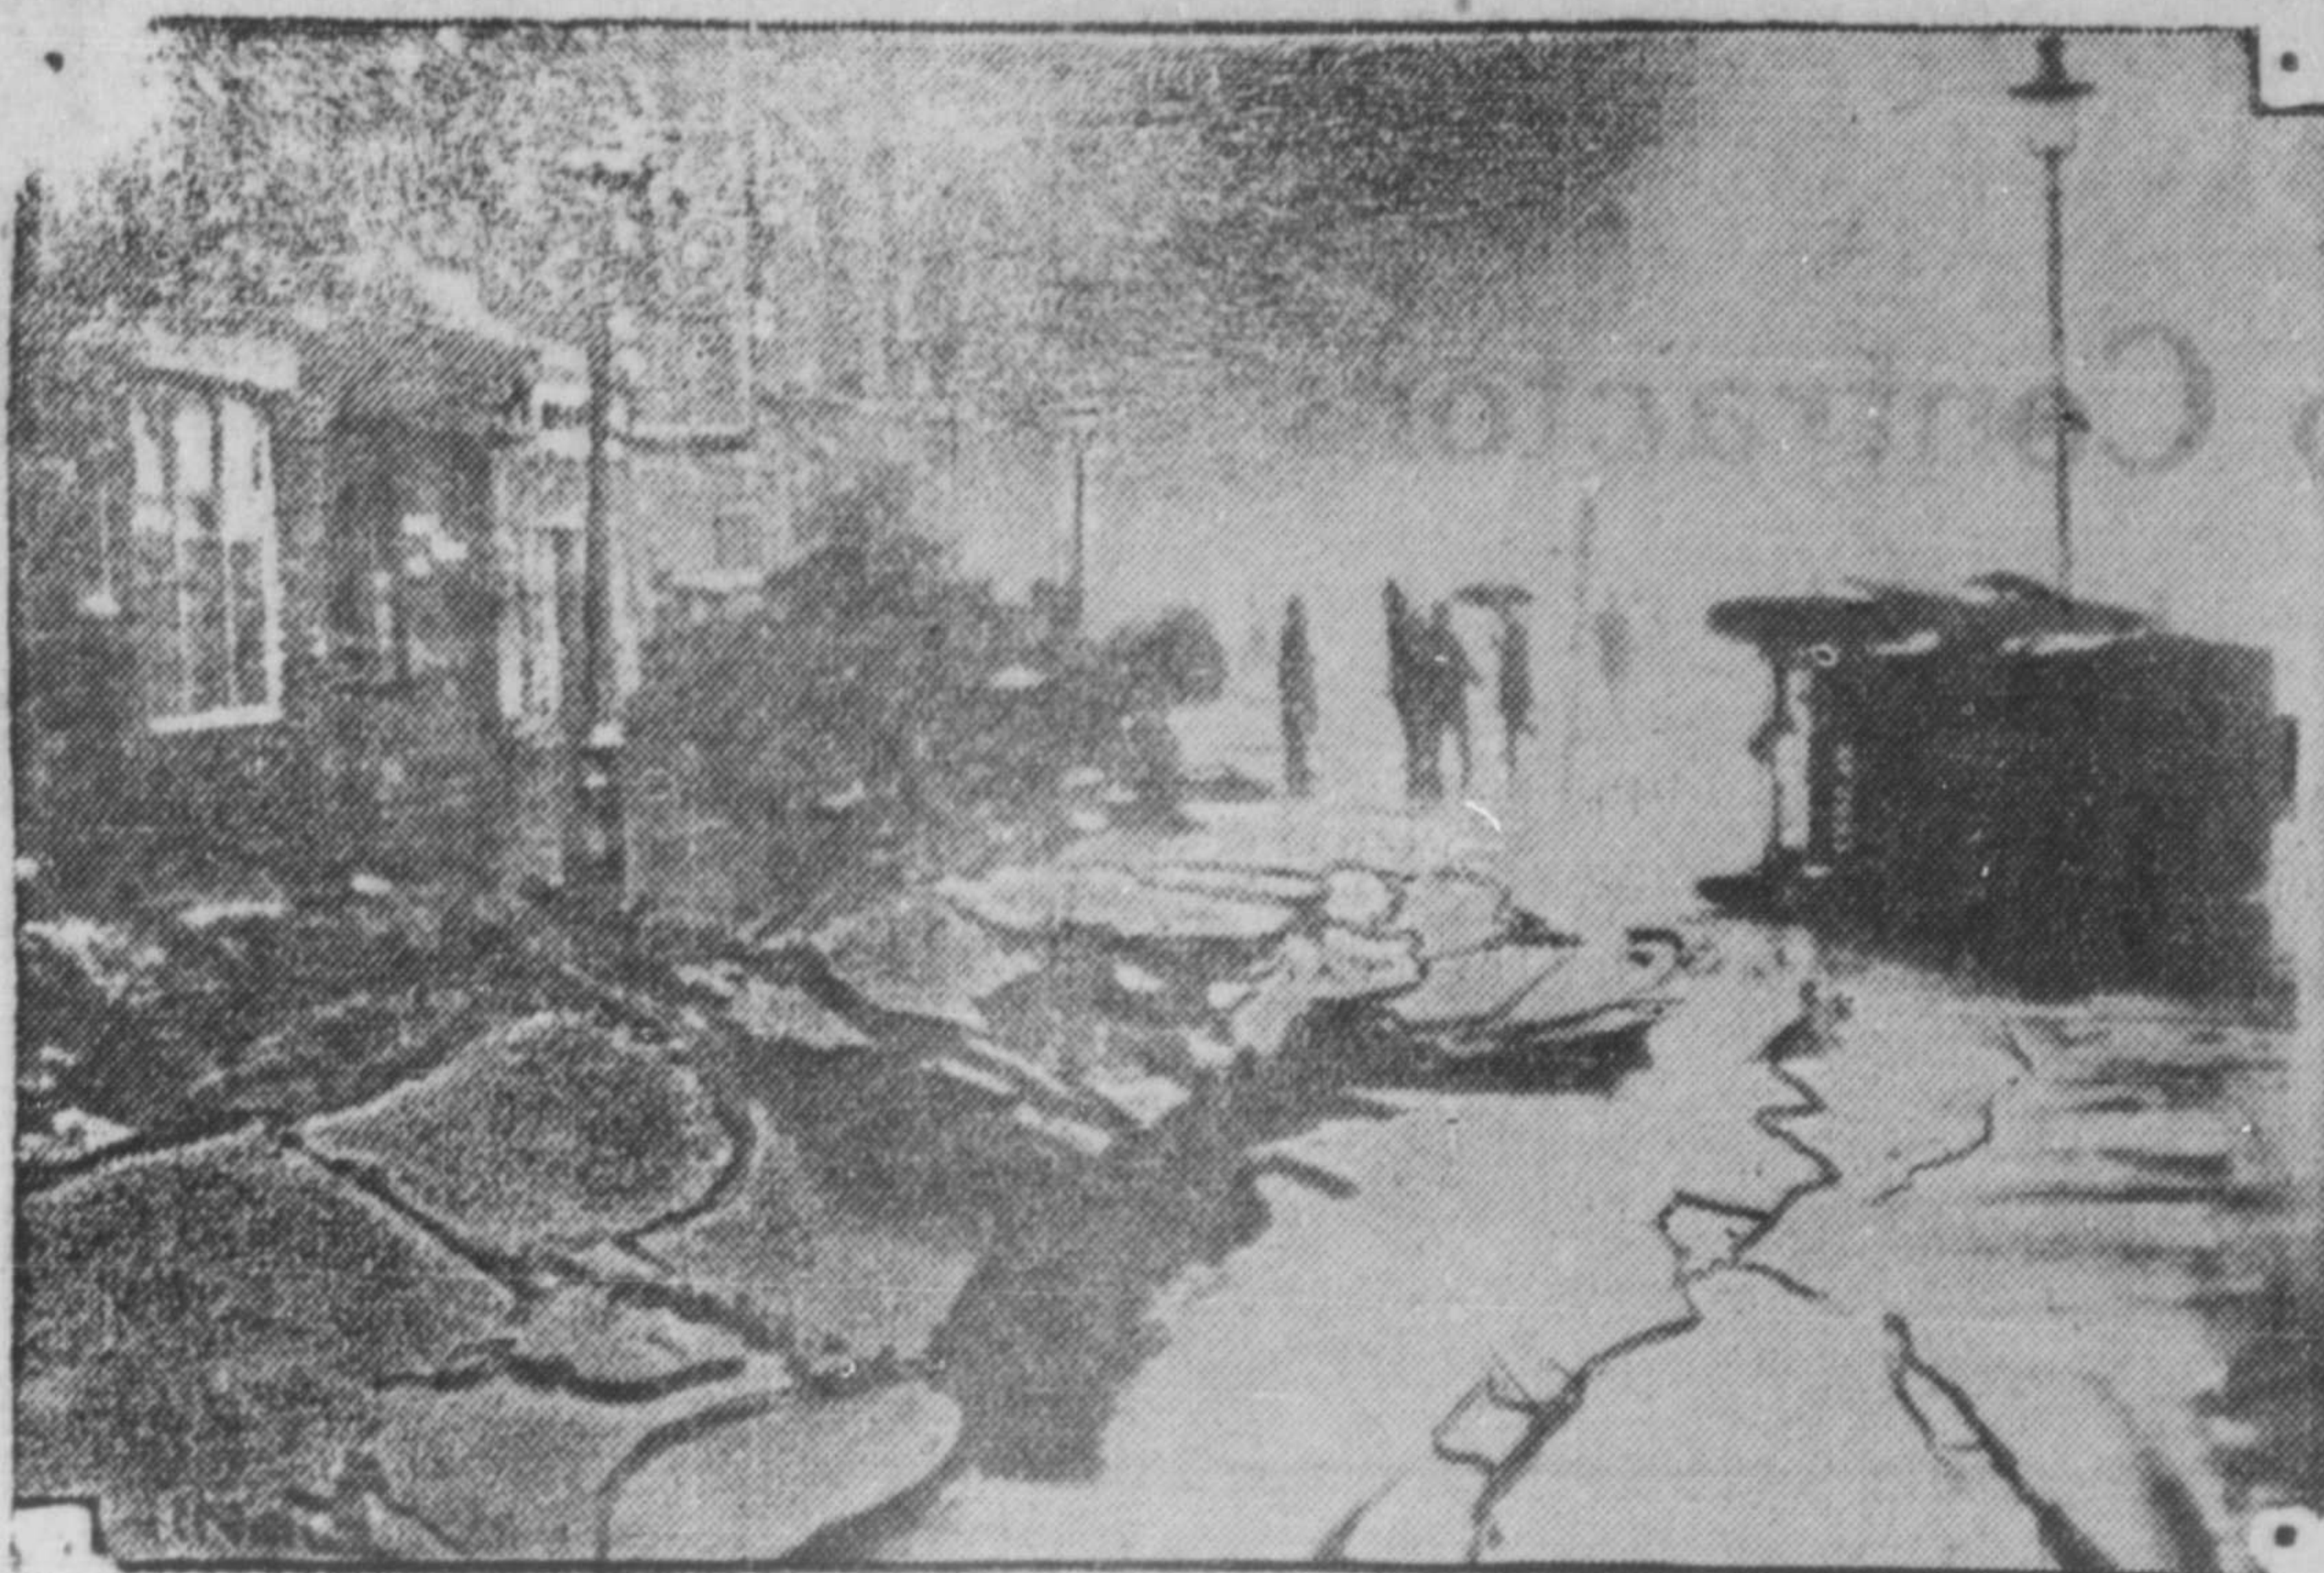

UNNECESSARY EXERTION

Enthusiastic Son—To see who can place it in the basket.

Old Lady—That would be very easy if they would get out of each other's way.—Montreal Star.

BLAST RIPS UP LONDON'S STREETS

Here is the first photo to reach this continent showing the damage wrought by freak sewer explosions underneath London streets. More than a mile of roadway was torn up, telephone and telegraph communication was paralyzed and several scores of persons were injured in the blasts. The taxi-car, seen lying on its side, was blown into the air for more than thirty feet.

News of the Mines

AROUND PRINCE RUPERT

Latest Woodbine Report Not Very Encouraging; Rushing Work at Topley-Richfield; Kitsault-Eagle Active at Alice Arm

There is little in the way of encouragement in the latest progress report issued by the directors of the Woodbine mine to the shareholders. Various workings to December 1 are dealt with and throughout there is the repeated phrase "no commercial ore." The most promising mineral showings underground have been explored, the report says, and an attempt to prove up continuity, but the results from this work are not satisfactory. There does not appear to be any regularity in the showings and it had been impossible to follow the values. Diamond drilling

was continued on the surface and underground in an attempt to outline the ore zones, but was not successful in outlining any ore of commercial value. Further drilling is, however, being carried on to show up any sections that would warrant further development. The supposedly proven block of ore was reported by the engineer to be partly outside the company's property. There was no evidence to date to justify the assumption that there was any commercial ore in this block and it was impossible for it to contain 100,000 tons of commercial ore.

Three shifts daily are making rapid progress in sinking the shaft on the Topley-Richfield property to a lower level from the tunnels. The new level has been set at 200 feet below the present workings of the mine and will open for development the fine showings of ore disclosed recently by diamond drilling operations. Reaching of the objective will give a total depth of 350 feet to the mine workings. Two very rich ore zones were disclosed at this level by diamond drilling and it is expected that large bodies of ore will be intersected by the tunnels at intervals between the two diamond drill holes. The present working shaft will be utilized and extended for the new level to be established for future development operations. Values of ore disclosed at the new level have far surpassed the high values of ore on the old levels.

The Kitsault Eagle Silver Mines Ltd. now controls five properties in the Alice Arm district. They are the Sunrise group, consisting of 24 claims; Silver Cord, six; Eagle, six; and Le Roy, 14. At the present time, development is being concentrated on the Sunrise, where a tunnel 800 feet long is being driven, which will encounter the ore at a depth of 500 feet.

"What's your idea of playing only the rubber stocks?"

"Why, when rubber drops one can be sure of a rebound."—Tit-Bits.

FORMER LOCAL MAN IN JAIL

Judge Who Sentenced George McAllister in Montreal Was His Boyhood Friend

George Campbell McAllister, who four or five years ago worked as a clerk in local retail stores and who some two years ago was sent to jail at Vancouver for victimizing Prince Rupert business men through issuance of worthless checks, has, for similar offences, again fallen into the toils of the law at Montreal, according to despatches from the east. In Montreal he also forged the signatures of local merchants and his operations became known after acceptance of the checks had been refused in Prince Rupert banks. One of these checks was drawn on the wrong bank and in another case, wrong initials were used.

McAllister's scheme in Montreal was similar to that which he employed in Vancouver. His usual practice was to call on wholesale firms, place orders for large quantities of merchandise to be delivered here and, incidentally, request that a personal check be cashed, the amounts in

FASHION FANCIES

A Riding Habit as Smart as It Is Correct

There is something in the knowledge that you are correctly clad that insures your peace of mind when you are riding. And were you the fortunate possessor of this extremely smart habit you would be assured of being well dressed.

The coat, of Oxford gray, must be well tailored to insure chic. Notice the broad shoulder, fitted waist and graceful flare.

The breeches are of shepherd plaid tweed, made with a minimum of fullness.

This Tweed Coat is Practical for the College Girl

What were last year, dubbed "travel coats" are still practical and smart this year. And may still be called by the same name.

These generally come in tweeds, either collared with fur, or plain. Of course, there are many novelty woollens that are used, and these are always smartly unusual.

In the illustration is a tweed coat, collared with badger. A coat like this is practical for sports as well as travel, and is ideal for the college girl.

THE LITTLE FUR CRAVAT TAKES ANOTHER BOW

An innovation of this season of novations is the little cravat of fur worn with afternoon coats. The idea is as practical as it is smart, for the cravat is wrapped, lock-fashion, around the throat to keep winter winds away.

The lady in the illustration is looking very smart in her coat of black kid karacul, which is well tailored and snug-fitting. She wears a stock of the same skin.

The Letter Box

LOCAL SCHOOL MATTERS

Editor, Daily News:—

There seems to be quite a lack of interest in the forthcoming elections in Prince Rupert and especially in the election of School Trustees. There is at any rate a definite lack of enthusiasm and this is to be deplored.

In spite of much adverse criticism of present day educational methods and aims there is unanimity of thought regarding the value of education to the child and ultimately to the community and the nation. This in itself would warrant a live interest in the election of those who will to a large extent mould the policy of the local authorities in regard to education and the schools for the next year.

The position of trustee demands a considerable amount of time, thought and energy and this without any monetary remuneration. It also lays one open to much criticism often unjust and unsympathetic. But any position worth while has the same disadvantage. This is rather all the more reason why men and women of vision, character and ability should be sought after to occupy the positions on the Board of School Trustees. Their work is a valuable contribution to the progress of the city. Taking a line through recent discussions and happenings locally one can see difficult problems ahead of the next board. With a steadily increasing school population—the most valuable and reliable indication of a city's growth—there is already a demand for increased school accommodation. Instruction in Home Economics and Manual Training is even now limited by lack of the necessary room for the classes. And an increased staff seems to be needed too. Temporary expedients are futile and do not solve the problem.

The School Survey of a few years ago suggested a Junior High School. Vancouver has acted on the recommendations of the survey but there seems little support for the Survey's recommendations here. Yet they were experts with no axe to grind.

Consult With Teachers

And new trustees must be conversant with or willing to become conversant with modern methods. Naturally when technical advice is needed the inspector and teachers would be consulted. This

raises the point as to whether there is the same co-operation between the Board of School Trustees on the one hand and the Inspector and Teachers' Association on the other hand that the citizens would want. Such action as was taken by a recent school board would point to the contrary. A schedule of salaries was drawn up some years ago by the Board of School Trustees in consultation with representatives of the Teachers' Association. More recently this schedule was abrogated by the School Board without consulting the teachers and a new schedule was made out. Such a line of conduct seems unwarranted and certainly is a reflection on the teaching profession, in as much as the trustees are the chosen representatives of the city it is to be hoped that the action of the Board was not supported by the people, who however had no say in the matter.

Compares with Liquor There is undoubtedly going to be an increased expenditure on school affairs in the city shortly just as any business concern as it progresses hopes to have an increased outlay from year to year. The increased outlay brings in increased returns. And while we hear so much about the increased cost of education it would be interesting to compare the outlay on liquor in Prince Rupert and the returns it gives to the community with the cost of education and the returns it confers on the community.

There are capable and progressive people in our midst who can handle the problems of education in our city with economy and yet with due appreciation of the increasing cost of education. It is up to the interested parents and voters generally to get these people to stand and get a school board that will carry on the best work of previous boards and meet the new demands properly.

Entrance Examinations Another matter that will be taken up will be whether all pupils entering High School must write the departmental examinations next June or not. The outgoing Board made this recommendation to the department of education, who I understand are not at all in favor of it, but the

new board will be the one who will decide on the matter.

May the new board be composed of members who will be able to meet the various situations with credit to themselves, progress for the children and a vision worthy of the future of Prince Rupert.

PRO-BONO PUBLICO

APPRECIATION OF PICTURES

Editor, Daily News:—

As a citizen of Prince Rupert I would like to express my appreciation of the opportunity afforded this community of seeing the movie "Dawn," the story of Nurse Edith Cavell. Although heart rending and cruel the film lays bare some of the stern realities of ruthless warfare, that aims seemingly at the degrading, impoverishing and wanton destruction of human life at the expense of enriching a neutral people more fortunately situated than those in the danger zone. The vision and courage of the producers of such a film and public opinion backing them up should be a "hand writing on the wall" to the powers that be—if not, God help them.

As a means of education, enlightenment and moulding of the public conscience there is no agency with the possibilities and opportunities that the movies have in this generation. And only in so far as the public demands will the producers and exhibitors show that which is best and enduring. We, in this community, so far removed from the large centres of population, should be grateful to the management of our theatres for the usually fine bill of pictures they show. And a few words of commendation, whenever we appreciate a certain picture, will go a long way towards helping in the selection of those pictures most suitable and entertaining.

Thanking you for this valuable space, I remain,

Yours sincerely,

W. J. EARL BARRIE.

A BIT OF FRENCH FUN

Cop—No fishing allowed here. Trespasser—I'm not fishing. I'm just allowing this worm to bathe.

Cop—Pull up your line till I see it. Trespasser—Here it is.

Cop—You are arrested for allowing it to bathe without a swimming costume.—Le Moustique, Charleroi.

INSTALLATION OF OFFICERS

Oddfellows and Rebekah's Hold Joint Affair Last Night in Metropole Hall

There was a joint installation of officers followed by a supper and dance in Metropole Hall last night of Prince Rupert Lodge No. 63 Independent Order of Oddfellows and Centennial Rebekahs No. 40, with J. S. Irvine, deputy district ward master, and Mrs. J. W. McKinley, deputy district president officiating, assisted by several members of the order. Music was provided by the Oddfellows' orchestra led by the Misses Lawrence. The new officers are as follows:

- Prince Rupert Lodge
 - Past Grand—A. Barbe.
 - Noble grand—J. Hadden.
 - Vive-grand—M. McArthur.
 - Recording secretary—S. V. Cox.
 - Financial secretary—L. C. Eby.
 - Treasurer—Earl Barrie.
 - Warden—James McPherson.
 - Conductor—R. Strachan.
 - Outside guardian—J. Boddie.
 - Inside guardian—J. Marshall.
 - R.S.N.G.—J. L. McIntosh.
 - L.S.N.G.—N. Moorehouse.
 - R.S.V.G.—J. W. McKinley.
 - L.S.V.G.—Joe Delorme.
 - R. S. S.—H. Dyer.
 - L.S.S.—D. McLeod.
 - Chaplain—A. E. Wood.
 - Organist—T. H. McAllister.
- Rebekahs
 - Past noble grand—Miss M. V. Durran.
 - Noble grand—Miss A. McKenzie.
 - Vice-grand—Miss Pelletiere.
 - Chaplain—Mrs. J. E. Boddie.
 - R.S.N.G.—Mrs. J. Simpson.
 - L.S.N.G.—Mrs. L. C. Eby.
 - R.S.V.G.—Mrs. W. S. Hammond.
 - L.S.V.G.—Mrs. S. V. Cox.
 - Warden—Mrs. S. E. Alexander.
 - Conductor—Miss E. M. Earle.
 - Inside guardian—Mrs. G. V. Priest.
 - Organist—Mrs. J. W. McKinley.
 - Degree captain—Mrs. J. S. Irvine.

First Sip Shows How Different

Buckley's Mixture is quite unlike old-style cough syrups. It's a scientific combination of proven medicines. Very pleasant to take, yet literally acts like a flash in relieving Coughs, Colds, Bronchitis, Laryngitis, "Flu" and other dangerous developments. The first dose stops a coughing spasm—and there are 40 doses in a 75-cent bottle. At all drugists—and guaranteed!

BROADCASTING STATION

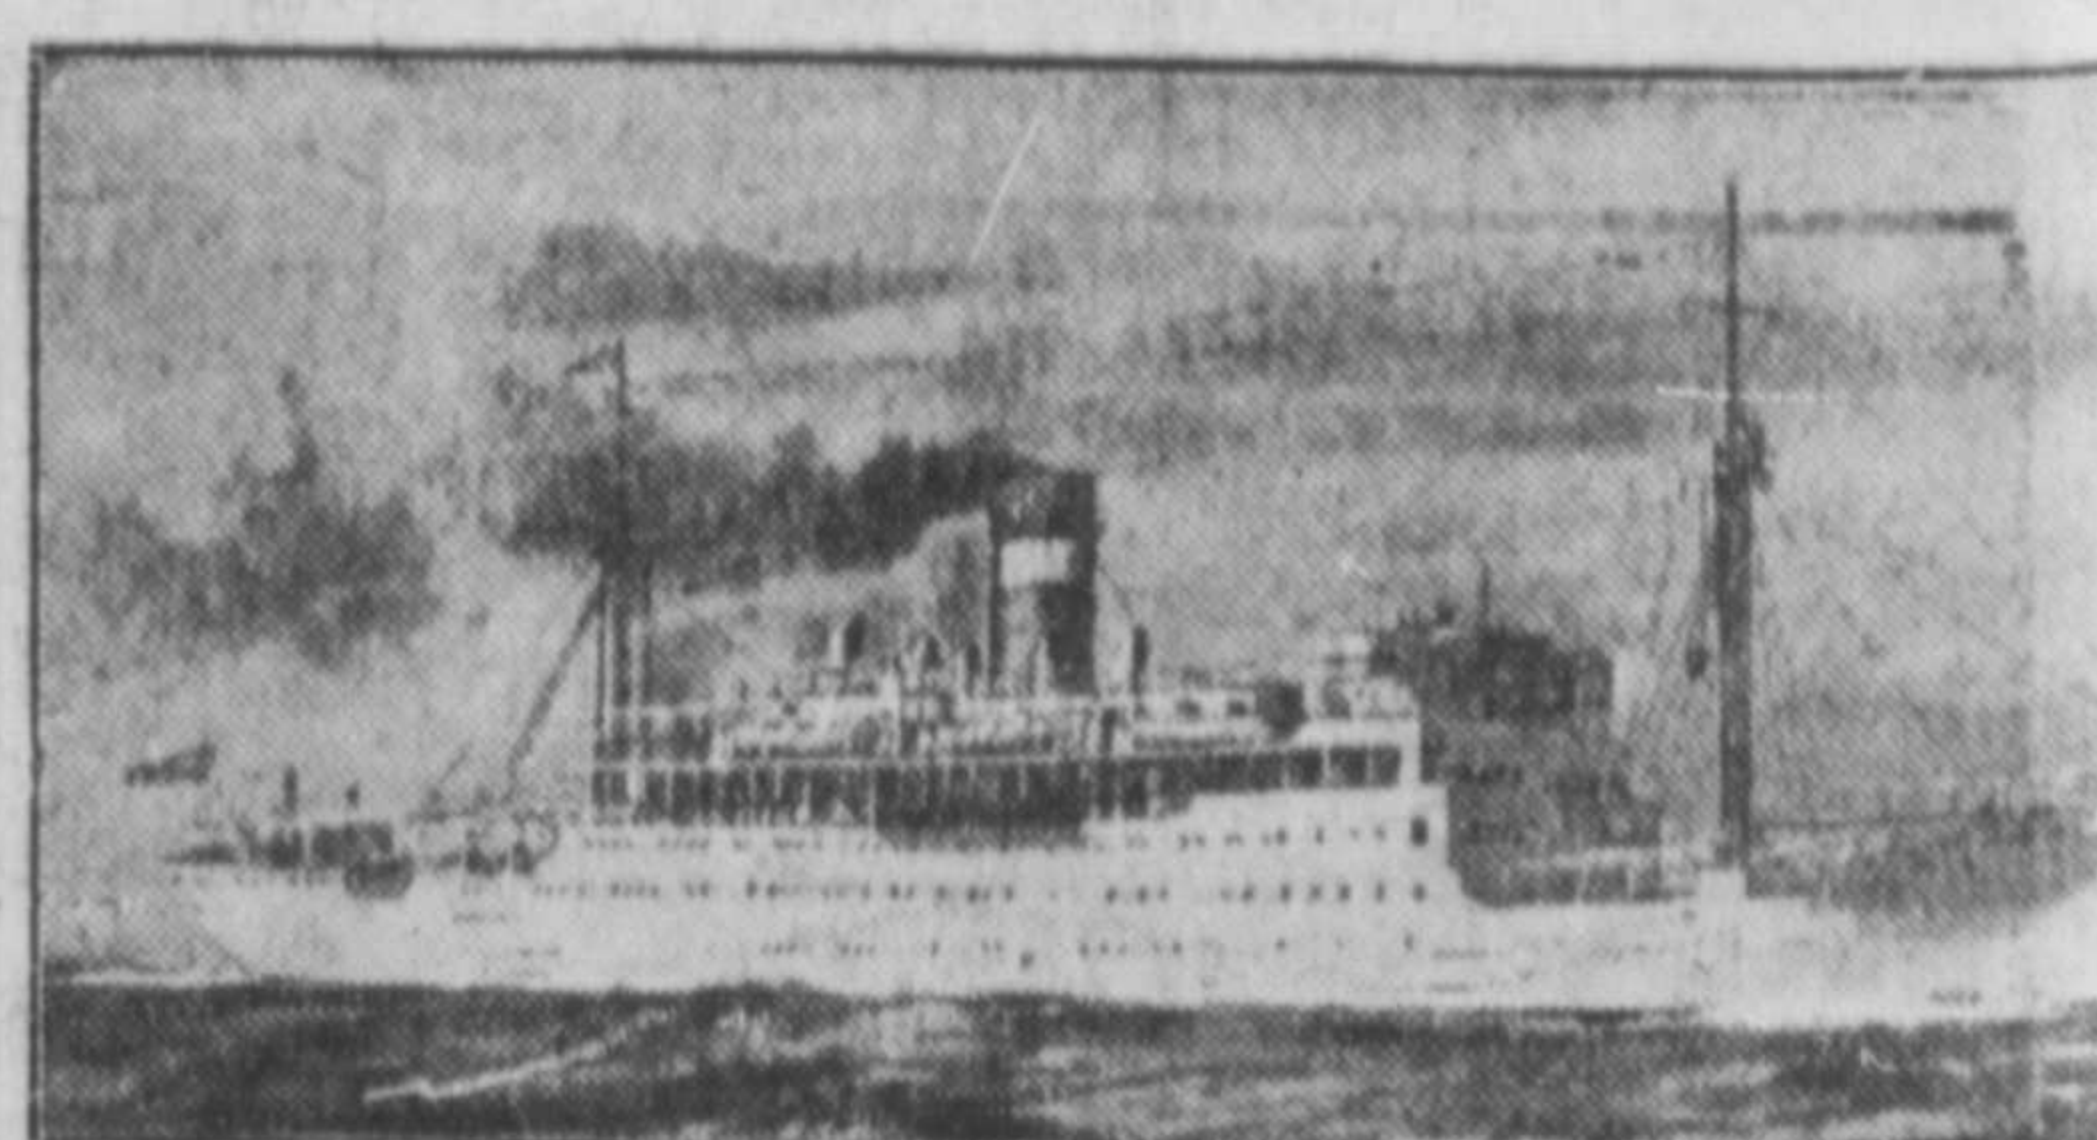

Ketchikan Out of Control and Mixed With One of Seattle Stations

Announcement was made that the Ketchikan broadcasting station a couple of days ago that had been unable to control the wave length of their station it had dropped to the same KOMO of Seattle. Last night both stations were on the air between 6 and 7:30 and the result was nothing but a whistle heard in Prince Rupert, both being obliterated.

TIMES HAVE CHANGED

In days gone by the young came around at midnight to enable young women. That would never do today. A popular girl is hardly ever home at that hour.—London Opinion.

Man in the Moon

If you don't watch out the flu germ 'll bite you.

A man I knew Had a touch of the flu He took three drinks And then, "achoo," He never knew what Cured him of the flu.

Grouching is one of the means the devil invented to make life miserable.

My next door neighbor Was worried with the grouch. It nearly killed him and His wife became a slouch.

And then one day He was completely cured; A local agent cornered him And got the grouch insured.

Is it any wonder that infants often yell, considering the patents they have to put up with.

One advantage Prince Rupert has over many other cities is that there is no parking space problem caused by farmers driving into town in their cars on market days.

Ten Years Ago in Prince Rupert

January 10, 1919

Mrs. W. H. Collinson, wife of Archdeacon Collinson and mother of Rev. W. E. Collinson of this city, passed away yesterday at Kinloch. She had been engaged in missionary work with her husband in this district for over 45 years.

The Sons of Canada last night installed officers as follows: president, G. W. Johnstone; first vice-president, J. C. Knight; second vice-president, J. J. Gillis; secretary, W. D. Vance; treasurer, A. H. Allis; financial secretary, H. M. Daggett; inner guard, W. A. Cameron.

The following are Board of Trade committee chairmen for the year: membership, George Frizzell; trade and commerce, E. G. Dawson; legislation, L. W. Patmore; transportation, Reginald Beaumont; port, J. H. Pillsbury; mining, A. C. Garde; fisheries, G. W. Nickerson; entertainment, G. A. McNicholl; publicity, S. E. Parker; finance, D. G. Stewart.

ESTATE OF B. C. BUTCHERS & GROCERS, LIMITED

HOT HEELS AT THE WESTHOLME

Entire Picture Permeated With Humor is Part of Big Double Program Tonight and Tomorrow

Glenn Tryon plows his way through a maze of circumstances, both comic and dramatic, extracting every possible laugh from the story of "Hot Heels," the Universal comedy which is to be seen tonight and tomorrow as part of a big double program at the Westholme.

Although the entire picture is permeated with humor, there are two incidents which stand out as being among the comedy gems of film history. The first of these shows a small town troupe putting on a race track melodrama for an unappreciative and tiny audience. This is pure burlesque, but it touches the funny bone and incidentally gives a rare picture of the real life of one of these "ham" troupes.

The other gem is the Apache dance put on by Tryon and Patsy Ruth Miller in which Tryon takes the place of her regular partner. They mean every one of the blows in this strenuous dance, for they have been fighting just previous to the dance. And the audience applauds their efforts soundly.

"Hot Heels" is also featured by what is probably the most thrilling steeplechase race ever run for the screen, full of spills, tremendous leaps and dangerous narrow escapes.

"NIGHT FLYER" DRAMATIC TALE

Picture Seen at Westholme Tonight as Part of Big Double Program

The story of "The Night Flyer," part of the big double program at the Westholme tonight, deals with the adventures of Jimmy Bradley, a fireman on a rickety locomotive in the Rocky Mountains in 1894. He loves Kate Murphy, daughter of a woman who keeps the lunch counter at the railroad station. But Mrs. Murphy opposes the match and favors Bat Mullins, a braggart, but also a good engineer with a big salary.

Jimmy writes his declaration of love for Mary in an album, intending to give it to her at a party to be given in her honor. A snafu, a brakeman, from injury at the hands of a bunch of roystering cowboys and is himself forced at the muzzle of a revolver, to clumsily drink many glasses of whisky. Jimmy gets tight and goes to the party. He gives the album to Kate quite unaware that an impertinent reference to Kate's nose and freckles had been substituted for his own carefully phrased avowal of love. Kate turns from him and Mrs. Murphy takes advantage of the occasion to announce the engagement of Kate and Bat.

Jimmy is demoted by the division superintendent, but just as the flyer is about to leave town with the mails, it is discovered that Bat's fireman is drunk. Jimmy takes his place in the cab with rival, as fireman. The train is wrecked, but on a siding stands Jimmy's old engine, "99." He jumps into the cab and brings the mails through in record time, thus insuring the mail contract for his company, and incidentally, he wins promotion and Kate.

SNARLED UP
Asked what he understood by "foreign entanglements," a boy replied, "Spaghetti."—The Schoolmaster.

An Up-to-date Optical Dept.

We pride ourselves on our complete equipment for accurate testing of the eyes. No longer must we replace lens after lens in front of your eyes till we find the correct one. Our new automatic instrument can change to any combination in a second and does not tire you out. Mr. Jack Bulger took the full course required by law covering six months in 1925 and got his diploma with honors.

We subscribe to the leading weekly and monthly optical journals and any new methods are always noticed and adopted if suitable.

We are sure we can suit you.

TESTIMONIAL TO PLAYERS' CLUB

Vancouver Man Lauds Recent Production of "The Saving Grace" in Letter to Gyro Club

At yesterday's luncheon of the Prince Rupert Gyro Club a letter was read from L. J. Martin, Vancouver Kiwanian and an official of the Home O.J. Distributors, who complimented the Gyros on the work they are doing in the city and specially lauded the Prince Rupert Players' Club for the excellent manner in which it had recently staged the play "The Saving Grace." Mr. Martin, who happened to be in the city at the time and attended "The Saving Grace," said it was an excellent amateur production as he had never seen in his rather extensive travels. A copy of the testimonial will be sent by the Gyro Club to the Players' Club.

At the same luncheon, William Cruikshank presented the secretary's report for 1928. This outlined the work that had been done by the Gyro Club during the year. The financial statement was presented by the treasurer, C. A. Kirkendall. Votes of thanks for their services were passed to Mr. Cruikshank, who was later elected president of the club, and to Mr. Kirkendall, who was chosen a director.

A. A. Easson was elected to membership in the club, and A. R. Nichols resigned membership. Past President R. F. McNaughton presided over the luncheon, in the absence of President L. W. Waugh, who was indisposed.

My Secret for Finer-Textured Cakes

I must confess that I haven't always been successful in the making of cake. I suspect that I possessed more zeal than skill—thoroughness rather than deftness. But when I learned to exercise my beating privileges at the start in the creaming together of butter and sugar, and to exhibit restraint at the finish by stirring only a moment after the final ingredients were added, my cakes improved.

But the greatest improvement I have ever made in cakes has been through the use of Carnation Milk. Besides being exceptionally smooth, fragile and fine, Carnation gives similar results in all cookery, a creamy smoothness to puddings, cakes and waffles that even the best of bottled milk cannot equal. Try this convenient, economical and dependable form of milk—it's just pure water removed and nothing added.

Write for the free Carnation Cook Book—"My Hundred Favorite Recipes." Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Date Cake

¾ cup shortening, ¾ cup sugar, 1 egg, 3 tbs. Carnation Milk with enough water to make ¾ cup liquid, 1½ cups pastry flour, 3 tsp. baking powder, pinch of salt, 1 tsp. cinnamon, ½ tsp. vanilla, ½ cup chopped dates, ¼ cup broken nut meats. Cream shortening; add sugar gradually and continue creaming; add beaten egg and beat mixture hard until it becomes a very light color and creamy. Add ¼ cup flour and stir until well mixed. Measure flour after sifting once. Dredge nuts and dates with a little of the flour and add to mixture. Last, sift in rest of flour, baking powder, salt and cinnamon; add diluted milk and flavoring all at once; stir vigorously for 1½ minutes.

Four batter immediately into pan which has been oiled and dusted with thin film of flour. Place in 300°F. (slow) oven for first 10 minutes, then elevate to 375°F. (moderate). Bake about 45 minutes. When done it shrinks from sides of pan and springs up when pressed with finger.

Remove from the pan, cool and ice with Carnation Icing.

Carnation Icing

1½ cups confectioners' sugar, 1 tbs. butter, 2 tbs. Carnation Milk, ¼ tsp. vanilla. Cream butter and sifted sugar, add Carnation and vanilla. Beat thoroughly and spread on cake.

It Makes Better Cake

THE perfect cake is the cake of perfect texture. And the way to get perfect texture is to use Carnation—the double-rich milk with the cream evenly shared by every drop. Adds wonderful smoothness and flavor to all cooking.
