Naval Competition with Britain is at An End

WASHINGTON, July 25.-President Hoover an- joying its busiest day of the seanounced yesterday that the construction of three cruisers included in this year's naval program would not begin has been open house to a number until there had been an opportunity to consider the effect building them would have on the final agreement for Forty members of the Pitman naval parity, which he expected would be reached between Britain and United States.

Mr. Macdonald, the president said, had introduced days before proceeding to Vanthe principle of parity "which we now have adopted and its consummation means that Great Britain and United States henceforth are not to compete as potential op- and Rev. DAILY EDITION

ARMAMENT REDUCTION

If the Labor Government of Great Britain has done nothing else it has made a beginning in the matter of disarmament. Through the efforts of Ramsay Macdonald both Britain and United States have checked the building of war ships to a considerable extent and it seems likely house in a part of New York that the po'icy will be continued, no matter what happens to the Labor Government.

Credit must also be given to President Hoover, who seems to have set himself immediately to the task of pacification and armament reduction. His Quaker tendencies seem to be asserting themselves with good effect.

The policy of Britain and United States ought to be a good example to Russia and China and the rest of the world.

ANOTHER FLAG EFFORT

(Winnipeg Free Press)

The Canadian Weekly Newspaper Association, an organization which includes most of the weekly newspapers of Canada, adopted unanimously at its recent annual meeting in London a declaration in favor of a national flag for Canada in these terms: "Whereas we be lieve it is desirable to adopt a distinctive Dominion flag for Canada, overdrawn your allowance... the design of which should include the Union Jack, Resolved that we appeal to the Parliament of Canada to treat this matter on a non-party basis, and we further appeal to was a crushed, despairing air about all Canadians, irrespective of race, creed, or origin, to co- her. operate toward the solution of this vital national question." The unanimity shown by this gathering in support of a national flag would we think, be duplicated by any tone, "I know." other gathering of Canadians, however constituted, if the matter could be brought before them for dispassionate consideration. It is the injection of politics into the ques- dully tion. in the expectation of advantage, that has prevented to date a sensible and satisfactory settlement.

Beans and peas have been fairly plentiful at reasonable prices.

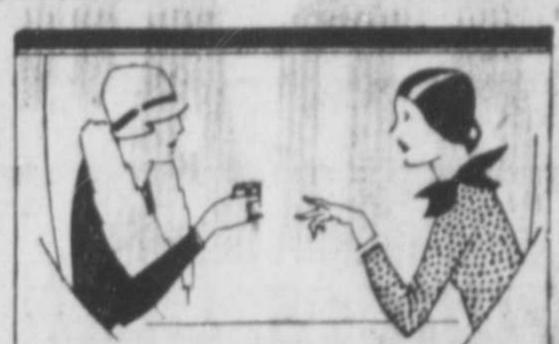

GEOLOGY STUDIED LADY TEACHER

TORONTO. July 23:-There 90 teachers registered for the course in geology and mineralogy at Toronto University, and as many women as men. There were 75 taking this extension strikes in the dark and from be- course in the winter. No other single study has so large an attendance this summer. Two reasons are given by the instructors.

> The speed of development in the mining industry in Northern Ontario is one. Men and women realize more and more that there is illimitable wealth in mining projects and they are anxious to get a knowledge of the basis of

A second reason is that teachers realize it is potent in developing their powers of observation. These students learn to recognize different minerals by acute observation of their outer appearance. A six weeks' course cannot go into their chemical constituents and processes.

"Do you think the candidate put SUITS! SUITS! enough fire into his speech?" "Oh, yes. The trouble was he didn't put enough of his speech in the fire." Answers.

HOW INTERESTING

"I think your new chesterfield suite is simply stunning-and it looks strong!" "It is-it is particularly well made. But I had a hard time choosing it because there are five firms in B. C. making chesterfields and chairs and other furniture and they are all so good I had difficulty deciding on any particular one. They say the 200 employees in this trade are all experts! No wonder they turn out

such a fine article."

from ontented Cows on the label means EVAPORATED MILK of highest quality

Company Being Formed and Stock Subscription Received For Indertaking

An effort is being made in the city to organize a bowling alley. A committee has been formed and Louis. preliminary arrangements have being received and if sufficient was back in the game. subscribe the work of installing the courts will go ahead. A site the season for Philadelphia against has been secured and within a few Cleveland. days it will be decided whether the scheme is to succeed.

The sum of \$6600 is required, which will be raised by selling shares. This amount must actually be raised before the committee will commence work.

The plan is to install four bowling alleys, owned, controlled and operated on the community plan. The cost of the alleys will be \$4100 and the furnishings and other expenses \$2500. No cash commissions will be paid for organizing or stock selling. There will be no card room or card playing allowed on the premises. The profits of the undertaking will be distributed as dividends to the shareholders.

Several businessmen have already momised to subscribe for several bundred dollars worth of stock and it looks as if the scheme would be carried out and become an actuality in the fall.

Sport Chat

It is reported that five of the big league managers are to be removed from their positions soon or at the finish of the season. Jack Hendricks of the Cincinnati Reds, Roger Peckinpaugh of the Cleveland Indians, Lena Blackburn of the Chicago White Sox Billy Southworth of the St. Louis Cards and Uncle Wilbert Robinson of the Brooklyn Robins are the managers said to be ready for the gate.

Not yet 14 years of age, Geoffrey Skinner accomplished what is regarded as a great performance in junior sports in England in the Lindisfarne College athletic meet held recently at Westcliff-on-Sea. He won every event open to him, established new school records on five occasions and equalled one other record. Eight victories were gained by him within three and a half hours. His performances were: 100 yards, 123-5; 120 yard nurdles 20 1-5; one-half-mile run, 2.21; broad jump, 16 feet 10 inches; threwing cricket ball, 72 yards 1 foot.

In the days before the war Germany glanced askance at sports in general and lived to regret this stand. Years ago the Duke of Wellington held that the Battle of Waterloo was won on the playing fields of Eton. But from the wreckage of the Armageddon, Germany has arisen, and today much attention is being devoted to athletics. Some brilliant track and field performers have been produced, as well as in soccer and hockey. The Germans are taking a prominent part in European contests; Max Schmeling is knocking at the door of the world's heavyweight boxing crown, and Germany has conquered England on the tennis courts. They have gone a long way since the dark days of the war, and the new Germany, featuring athletics, will be more appreciated than the old.

Suffered for Two Years

"After the birth of my second child, I was always feeling tired, nervous and weak and had headaches, backaches and terrible pains every month. I suffered two years before I tried Lydia E. Pinkham's Vegetable Compound. I got four bottles at first and it did me a world of good. I would not be without it in the house now, and have another six bottles in. I recommend it to every woman I know."-Mrs. T. Barritt, Box 114, Asbestos Mines, Quebec.

The First Serving Always Wins Enthusiasm

If you don't agree that Quaker Corn Flakes are the best flavoured corn flakes you have ever tasted, you may have your money back. That is the guarantee of the Quaker Oats Company, world's largest cereal millers. It is printed on the red seal on every package.

Once your family tastes them, Quaker Corn Flakes will be always in demand for breakfast, lunch and supper, and for snacks at bed time. Serve with milk or cream or any fruit, fresh or cooked.

The distinctively fine flavour of Quaker Corn Flakes has made them the favourite in millions of homes in Canada. They are not matched by any other corn flakes. Order your supply to-day.

This fine flavour and crispness are preserved by the sturdy Quaker package, triple-sealed and wax-wrapped to keep out all moisture, taint and dust.

And besides—packages contain coupons with which you can secure high quality silverware and other household and personal articles you need.
