PRINCE RUPERT, B.C., TUESDAY, JULY 16, 1929

PRICE FIVE CENTS

Thermometer Registered On Prairies Yesterday 100 Degrees in Shade

WINNIPEG, July 16.—There was a little relief today from drought-stricken grain fields of western Canada following the intense heat of yesterday when the temperatures in Alberta and Saskatchewan mounted close to the century mark. At Medicine Hat 100 degrees was recorded. Regina showed 97 and Calgary 90.

Northern Saskatchewan was visited by a heavy wind and electrical storm last night, causing a further crop damage. Little rain fell during the storm.

SPEECH LASTED FOR FOUR DAYS

President Poincare Received Great Ovation When Concluding His Address

WAR DEBTS RATIFIED

PARIS, July 16.—When President Poincare completed a four-day speech in the Chamber of Deputies today favoring ratification of the war debt accord between Britain and the United States he was given a tremendous ovation by all the deputies except the communists.

Ratification was finally adopted by a vote of 304 to 239.

OCEAN TROUGH IS DISCOVERED

WASHINGTON, July 16.—Discovery of a vast ocean trough near Japan, more than five miles deep in one place and ranking as the sixth greatest submarine depth known to man, is welcomed by scientists as shedding increased light on the earthquake history of the region.

Centres of earthquake activity usually are found in the neighborhood of ocean depths. Fissures generally indicate weaknesses in the earth's crust that will give way under conditions of stress and strain.

The trough was found by scientists aboard the Carnegie, non-magnetic ship of the Carnegie Institution of Washington, as they were cruising due north from Guam to Yokohama, Japan.

It measured 28,380 feet in depth for a distance of nine miles.

23 ACCIDENTS IN ONTARIO

TORONTO, July 15.—Twenty-three lives were lost over the weekend in one of the most appalling lists of accidents in the history of the province of Ontario. Ten persons were drowned and of the remainder eleven died in automobile accidents.

C. W. KIRK DIES

VANCOUVER, July 16.—Charles W. Kirk, 69 years of age, a well-known coal merchant of Vancouver and Victoria, died Saturday. He came to Victoria via San Francisco in 1844.

CANADA WINNER OF THE KOLOPORE CUP

BISLEY, July 16.—Canada won the Imperial Kolopore Cup today, eight Canadians shooting. The Mother Country came second with India, Guernsey and Jersey following in the order named.

The Canadian team aggregate was 1,083, which was 33 higher than the Mother Country. The competition was at 300, 500 and 600 yards.

FIRST CLASS HONORS

Chila Nishikaze, pupil of Miss Marorie Lancaster, has received First Class Honors in Full Introductory Grade in the recent Toronto Conservatory piano examinations.

SEIZURE CASE AT VICTORIA

Evidence Against Mary C. Fischer Heard Yesterday by Admiralty Court

VICTORIA, July 16.—Hearing of the charge of being illegally in Canadian waters opened Monday afternoon against the American fishing boat Mary C. Fischer, which was captured May 29 in McIntyre Bay by the government cruiser Rividid, commanded by Captain L. Sheppard, Mr. Justice Martin in admiralty court trying the case.

Captain Sheppard testified that he went aboard the Fischer when she was anchored in the bay. The captain and engineer of the boat were in their berths and the captain gave no reasonable excuse why the vessel was anchored. The engine was working satisfactorily and the weather was clear. There were 400 pounds of fish aboard when the seizure was made.

Sheppard declared the captain of the Fischer at the time of the seizure told him he believed he was outside the three-mile limit.

Captain Fillion of the Fischer is on the stand today.

LUMBER TRADE IS IMPROVING

Log Scale Shows Increase Forty Per Cent in Cut This Year

The log scale in Prince Rupert forestry district for the first six months of 1929 stood at 36,588,558 board feet, or an increase of some forty per cent over the same period last year when the total was 26,571,727 feet. The scale in June 1929 was 12,983,529 feet as against 8,345,566 feet in the same month last year. Greatly increased production is to be noted in red cedar, spruce, hemlock and balsam which are the principal varieties of timber in the district.

There is a slight increase in the scaling of poles in the central interior district but the production of cedar poles is down somewhat.

Following are scaling for the month of June this year:

Douglas Fir	263,263
Red Cedar	1,747,723
Spruce, Coast	5,357,662
Spruce, Interior	222,803
Hemlock	3,764,138
Balsam	1,622,730
Jack Pine	1,773
Cottonwood	3,437
Total	12,983,529

Forst Products

Poles, lin. ft.	542,064
Piles, Hemlock	5,479
Piles, Cedar	74,346
Cordwood, cords	50
Shingle Bolts	9
Ties, Hemlock, No.	4,965
Ties, Pine, No.	57,310
Fence Posts, cords	37

KILLED WHEN STRUCK BY CAR, CUMBERLAND, ON COURTENAY ROAD

CUMBERLAND, July 16.—William Hutton, 28 years of age, was killed last night on the Courtenay Road when he was struck by an automobile driven by S. D. Stevens, 18 years of age, who is held by the police.

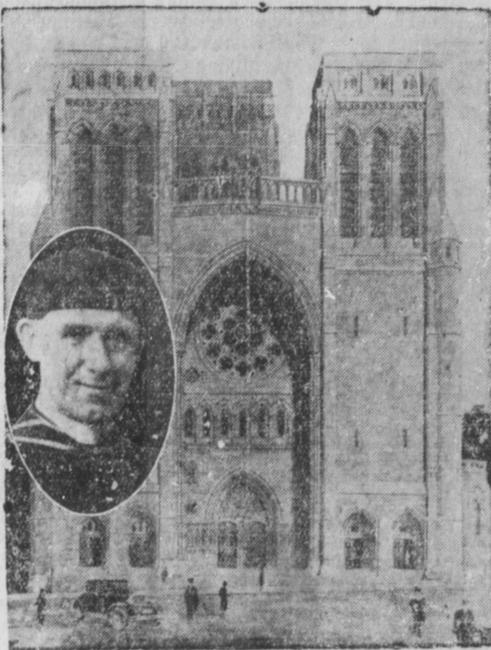

SHIP NANOOK IS ICEBOUND

Went to Reach Trading Craft Elisif and Got Caught In Pack

NOME, July 16.—Motorship Dorothy arrived here last night bringing word that the trading ship Nanook was locked fast in the ice of Koluichin Bay, east of Cape Siberia.

The Nanook was trying to reach the trader Elisif, which had been icebound in the Arctic since last year.

Canadian Cathedral Almost Finished

The beautiful new Anglican cathedral at Victoria, B.C., is now receiving the finishing touches before being opened this coming September by the Bishop of Winchester who, it is reported, is coming to Canada especially to take part in the impressive ceremony. Above is a picture of the new cathedral, which took two years to build, while inset is Bishop Scholfield of Columbia, who has been largely responsible for the erection of the building.

Ladies of Royal Purple Open Convention This Morning When Fifty-Five Show Credentials

Fifty-five ladies from all parts of Canada registered last night in the Elks' Home for the Dominion convention in this city of the Ladies of the Royal Purple. The number of delegates is not quite as large as was expected, but quite a few women from rather far distant points found it impossible to get here. After the registration of delegates a reception was held by the entertainment committee of the E.ks' lodge under chairmanship of George Mitchell in honor of the visiting ladies. There were about 225 persons at this affair which was most successful and enjoyable.

GRAF ZEPPELIN MAY VISIT B. C.

Long Flights Proposed for German Airship, Including Visit to Tokio

VICTORIA, July 15.—Germany's huge dirigible, Graf Zeppelin, may pass over portions of the British Columbia coast next month, according to Karl von Weiland, journalist, and Lady Grace Drummond-Hay, who reached here today en route to New York to join the Zeppelin.

According to the latest arrangements, it is planned for the Zeppelin to leave Germany July 27 on a non-stop flight to Tokio, 7000 miles. This lap will take the Zeppelin with passengers over the wilds of Siberia to the Pacific ocean. The next flight will be from Tokio to Los Angeles and it is possible the craft will take the northerly route along the British Columbia coast. From Los Angeles the machine goes to Lakehurst, New Jersey, and thence across the Atlantic to Germany.

KING'S CONDITION IS SATISFACTORY

LONDON, July 16.—The condition of King George following yesterday's operation is quite satisfactory, according to the official bulletin issued this morning after a visit of four doctors.

Mrs. J. A. West and her sister, Miss Fowler, returned to the city on the Catala this morning from a brief trip to Stewart.

RECORD FLIGHT VANCOUVER TO THE PRAIRIES

CALGARY, July 16.—The trimotored Fokker plane Rio Grande established a new record for travel between Vancouver and Calgary Monday, when it covered the airline distance of 500 miles in three hours 35 minutes, flying over the mountains at an elevation of 12,000 feet. The machine was en route from Los Angeles to New York via Winnipeg.

England Won Cricket Test Match Against South Africa Today

LEEDS, England, July 16.—England won the third cricket test match today from South Africa by five wickets.

South Africa, aided by Owen Smith's 129 this afternoon surprised the English players, who seemingly had a safe margin. At the unch interval England had lost two of her best batsmen and was still 165 behind the touring opponents, but the middle section of the team played fine cricket.

The scores for the game were: South Africa, 236 and 275; aggregate 511. England, 323 and 186 for five wickets; aggregate, 514.

When play ceased last night the visitors were only 24 runs ahead with three wickets to fall and England had yet to play the second innings.

FISH BOATS ARE RELEASED

Jeannette and We Had Reasonable Excuse for Being in Port

VICTORIA, July 16.—The American fishing boats We and Jeannette were ordered released today by Mr. Justice Martin in admiralty court, but it was ordered that both ships pay the costs of their defence.

The court held that the vessels had reasonable excuse for their presence at Goose Harbor where they were seized last May by the fisheries protection steamer Malaspina.

NEGLECT OF CANADA SEEN IN HISTORIES

WINNIPEG, July 16.—Public school history text-books which have been adopted in several provinces of Canada contain only 19 words devoted to the part played by Canada during the great war, stated Dr. J. L. McDougall of Regina, vice-president of the Native Sons of Canada at the annual convention here yesterday. Such a condition of affairs in the education of our children is a colossal shame and at national disgrace, he declared. He stated that the text-books were published in the United States and edited by Americans.

JUDGMENT ON FISHERIES ACT IS RESERVED

LONDON, July 15.—The judicial committee of the privy council today reserved judgment on the appeal of the Dominion of Canada from the ruling of the Canadian supreme court which held that sections 7 and 8 of the Canadian Fisheries Act of 1914 were ultra vires of the Dominion Parliament.

The important point at issue is whether under the British North America Act, which gives it power to legislate "on seacoast and inland fisheries," the Dominion Parliament can set up a system of licensing fish canneries, as it sought to do under the sections of the Fisheries Act.

The case originated when a B. C. Company, operating without a licence, was prosecuted but acquitted by Mr. Justice Macdonald on the ground that the sections were ultra vires.

WHEAT AT CHICAGO

CHICAGO, July 16.—Continued hot dry weather on the Canadian prairies, and in the middle western states, forced wheat up nearly eight cents a bushel, yesterday.

RAILWAY BELT NEGOTIATIONS ARE COMPLETE

Ottawa Officials Leave For Home and Legislation Likely to Follow

VICTORIA, July 16.—Negotiations between W. W. Cory, federal deputy minister of the interior, and the provincial authorities for return of the lands in the railway belt and the Peace River block to British Columbia control has been completed and the Ottawa officials left for the east to lay before the federal government the draft of the proposed transfer.

A similar draft will go before the provincial government for consideration with a view to legislation here and at Ottawa approving it.

The province has laid down the definite principle that the negotiations be confined specifically to railway lands and be not allowed to involve extraneous subjects.

FARM LOANS BEING MADE

Checks Went Out Yesterday to Fifty Farmers in All Sections of Province

VICTORIA, July 16.—The first loans issued in British Columbia under the Canadian farm loan scheme and it is believed the first issued in Canada were made yesterday through the provincial loan board. Checks covering the loans to fifty farmers in all sections of the province were mailed. The minimum loan is \$2000 and the aggregate totals \$150,000.

Extension of these credits followed the action of the Canadian Farm Loan Board under J. D. MacLean in approving the recommendation of the provincial board. Only a few applications were refused and those on technical grounds.

WINSTON CHURCHILL PLANS TOUR CANADA

CALGARY, July 16.—Rt. Hon. Winston Churchill, former British Chancellor of the exchequer, visits Calgary about August 24, later going to Vancouver and other coast cities. He will investigate the Turner Valley oil fields and coal areas.

TEMPORARY EXPEDIENT

It was intimated by the acting minister of public works in a statement issued by him that possibly an arrangement might be made with the railway company to carry automobiles between Tye and Terrace as a temporary expedient. A similar suggestion was made to Mr. Pattullo when he was minister of lands and passed on by him to a meeting of the road committee in Prince Rupert. Some objection was taken to the proposal in those days and the objections still hold good. It is that if an expedient is offered the building of the main road may be delayed. Still it seems reasonable to suggest that while the road is being built it would be a good thing to have a better arrangement with the railway company than at present exists. Forty dollars seems an unreasonable amount to have to pay for transporting a car. We are not suggesting that the railway company is overcharging or getting more than is its due, but that it is more than the average car owner is able to pay. Forty dollars is enough to pay for the gas and oil for the car between here and Vancouver and also the meals for the chauffeur if he is not an extravagant person.

THE ROAD AND NOTHING BUT THE ROAD

One Prince Rupert citizen in urging the carrying on of the campaign suggests that our motto be "the road and nothing but the road." Also we are inclined to think we should urge as forcefully as possible that the road go by the north bank of the Skeena River, because to ferry across would about double the driving time between Prince Rupert and Terrace. However, we are not going to quarrel over that. What we need is a highway by the best and most expeditious route to Terrace and it is for engineers to decide which way it shall go.

THE MINISTER'S STATEMENT

We were particularly glad to hear from the Provincial Government in regard to this matter and to know that they have the highway in mind. We were also pleased to see that the acting minister of public works seems to be familiar with the situation and that his views in regard to it are given such prominence in a Vancouver newspaper. The flaw is that the only definite statement in regard to building is that "the bridge across Galloway Rapids is required in any case and it is planned to construct it as soon as possible." That is certainly something, but it is something we thought we should have received this year. Terrace people also complain of unreasonable delay in connecting up their town with Hazelton and say at the present rate of construction it will take ten years to complete the work.

We are glad to know the minister recognizes the value of this highway from a tourist point of view and Prince Rupert people will, we are sure, be glad to co-operate in any way in the forwarding of the work.

THESE SUSPICIOUS HUSBANDS

WIFE: "I want to tell you, Percy, how sorry I am for starting this morning's quarrel."
HUSBY: "Thanks! But you'll have to wait till payday for whatever it is you want."
—Bulletin, Sydney, Australia.

News of the Mines

AROUND PRINCE RUPERT

Thirteen Properties at Stewart Being Developed by Big Companies; Owen Lake Making Good Progress; So Is Cronin Mine

A total of thirteen properties in the Portland Canal district are now being developed by outside mining organizations. The Consolidated Mining & Smelting Co. has acquired control of six properties; the Premier company is working four; The Selukwe Co. of London, England, two; while the Revenue Mining Co. is operating one, the Independence. The Premier should have the Prosperity and Porter Idaho properties in production within the next three or four months, with the possibility of Silverado following shortly afterwards.

The operations of the Owen Lake Mining & Development Co. have been proceeding favorably and the main tunnel is going ahead well. Recently Prof. J. M. Turnbull, consulting engineer, and a party of Vancouver business men, including several of the directors, paid a visit to the property with which they were extremely well pleased. D. C. McKechnie, representing the Consolidated Mining & Smelting Co. and H. T. Airey, of the Britannia Mining Co., have both examined the property recently. It is reported that several more blind veins, showing four feet of good ore on the face, were recently encountered on the property. This makes eight veins now showing on the surface, which have now been encountered at depth. The long tunnel is now in 1150 feet. The Timmins interests, who recently purchased the mine in an important deal will in future be in charge, though F. T. Taylor remains president of the company. Construction of a 30-mile road to the property is the immediate objective of the new owners. Fifty-five men are now employed at the mine and it is hoped to start active production within two months. Co-operation of the provincial government has been assured by a grant of \$20,000. C. G. Greenland, Ontario mining engineer, will be managing director under the new management. New and large buildings are to be erected in connection with plans for increased development work.

Good progress is being made by the Babine Bonanza Mining & Milling Co. with the development of the Cronin mine, near Smithers, and much good looking ore is being opened up, quite a lot being piled up for hauling out next winter. C. A. Chapman is in charge of operations at the mine.

Columario mine, near Usk, is getting very favorable results from development work being carried on there. John Willman of Usk and F. J. Hickey, Seattle mining engineer, are the moving spirits in the enterprise for which Toronto has supplied much of the capital.

There are now sixteen men employed by the Britannia Mining Co. on the Toric property at Alice Arm. Development work by diamond drill, is being pushed ahead. The working staff will be increased as development proceeds.

Work has been commenced by the provincial department of public works, with Jack Graham as foreman in charge, on the extension of the road from the end of steel of the Dolly Varden Railway at Alice Arm, which will be carried through to the Tiger camp this year. The road will be approximately ten feet wide. The old trail will not be followed but an entirely new route will be taken. Last year a part of the road was re-graded and widened between the suspension bridge and Toric mine. By extending the road north each year, the Kitsault glacier will ultimately be reached. Mining companies operating in the upper Kitsault country will then enjoy first-class transportation facilities.

A number of small scale operations are being started up this season in the district around Smithers and work will be done on various prospects. It is reported that work may be done this summer on the Coronado group, near Duthie mine, by optionees.

Consolidated Mining & Smelting Co. has moved the equipment from the Harvey group, near Smithers, to the Lucky Jim, near Usk, where the company intends to carry on work all summer.

Joseph S. Kelly of Smithers has launched in supreme court an action against the Duthie Mines, Ltd., for recovery of \$5000 claimed as the value of mine equipment taken by the mine management from his property. The equipment in question is said to have come into the possession of Kelly, having been originally delivered to Smithers for the old Skeena Mining & Milling Co. which had ambitious mining ambitions in the

early days. This equipment gradually disappeared and Kelly charges that it was taken by order of J. R. Turner, former superintendent of the Duthie mine. The case will come up in the fall in supreme court, Milton Gonzales of this city, as counsel for the Duthie Mines, Ltd., having recently visited Smithers to conduct an examination of Kelly for discovery.

GRAIN CROP OF PEACE RIVER

Estimated at From Thirteen to Seventeen Million Bushels This Year

EDMONTON, July 16:—Unless totally unlooked for conditions appear between now and harvest time, the grain yield of the Peace River is estimated to run at anywhere from 13,000,000 to 17,000,000 bushels according to reliable information received in this city. Of this amount the greater proportion will be wheat. This estimate, which is considerably higher than the 10,000,000 bushels estimate, the highest hitherto made, is founded on substantial governing factors, all of which, of necessity, must be subject to weather conditions between now and the time of harvest.

Some facts, however, are definite.

During the 1927 season the Peace River territory produced for export a total of 9,888,000 bushels of grain, mostly wheat. This large crop was sown on a cultivated acreage of 870,000 acres.

This year the acreage seeded to wheat alone exceeds 870,000 acres, while the total seeded to grain is conservatively estimated at 1,650,000 acres.

An unusually large proportion of this year's acreage is either new breaking or summerfallow, which can be reasonably expected to give satisfactory results.

Given as low as half an average crop the total production would be considerably in excess of 10,000,000 bushels. But there is every reason to believe there will be a good average crop and should this turn out to be the case the total yield will run anywhere from 13,000,000 to 17,000,000 bushels.

IMAGE OF ANCIENT QUEEN RECONSTRUCTED

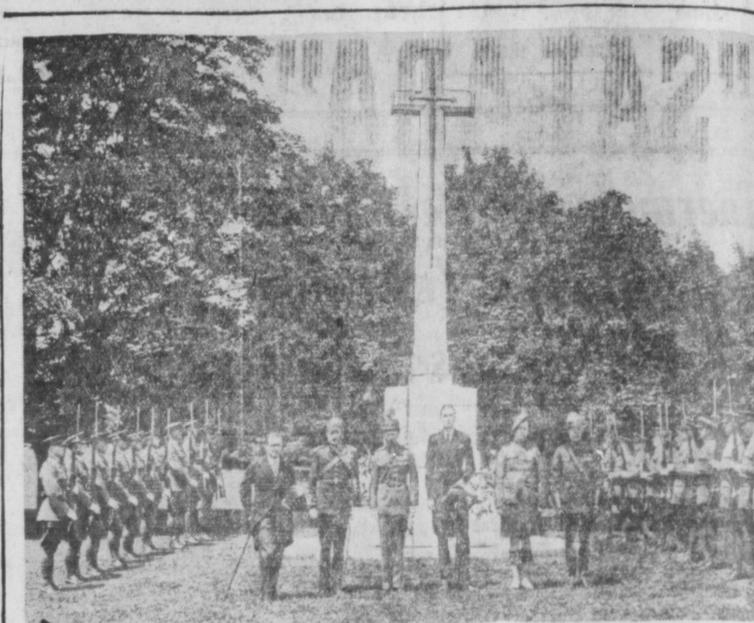

Lady Who Lived 3000 Years Before Christ Again Reigns

PHILADELPHIA, July 16:—The reconstructed image of Queen Shu-Bad, who ruled with her king over Mesopotamia more than 3000 years before Christ, now reigns over the treasures of Ur of the Chaldees being prepared for public exhibition at the University of Pennsylvania.

The treasures, discovered by the joint expedition of the University of Pennsylvania and the British Museum in their years of excavations, include exquisitely wrought jewelry, chalices, alabaster lamps, gold and silver tipped lances and daggers.

After months of work, it was announced recently, the head of Queen Shu-Bad, which was found by the expedition near the tomb of the king, has been reconstructed under the researches of Dr. Leon Legrain, curator of the museum's Babylonian section, and the artistry of a painter, a sculptor and a wigmaker.

The crown of gold flowers with petals inlaid with lapis lazuli, gold leaves tipped with carnelian beads, the tall, gold-flowered comb and the array of other jewels and art objects were all brought here by the museum's expedition at Ur.

DOES "MODERN ART" APPEAL TO THE MASSES?

The tremendous interest of men and women today in art in all its forms has caused a well known psychology professor to make the statement that the present so-called "modern art" appeals to the masses because it is of them and for them. Above are some examples: Left, "Adolescent," sculpture by Sava Bostari, young Servo-Greek artist, showing trend of modern art. Above center, is a striking black and white conception of an economic phase in the life of Russia today, drawn by Slavic artist. Inset, Prof. Wm. F. Marston, lecturer on psychology at Columbia University, who has made remarkable discoveries about the latest "freak art." Right, is the artist Boris Zaris, with another of his modern works, "Portrait of Ernest Thesiger," a noted British actor.

HALF THE WEIGHT AND TWICE THE WEAR

A Better Boot
The Working Man

BLUTIP is the remarkable new workboot that has become popular in a few weeks throughout the entire West. It is a lighter boot, with a specially tanned sole that wears twice as long as ordinary. Blutip is a comfort to the feet and moderately priced. Easily identified by its sole tip colored blue and the Blutip trademark on the sole. Made entirely of Western Canadian hides and leathers tanned in the Leckie Tannery. For every worker, city, farm or field.

FOUR-YEAR-OLD GIRL PASSES IN HOSPITAL

Little Daughter of Mr. and Mrs. Hamford Evans of Port Edward Succumbs to Dropsy

The death occurred at 8 o'clock this morning in the Prince Rupert General Hospital of Hazel, 4-year-old daughter of Mr. and Mrs. Hamford Evans of Port Edward. The little girl had been suffering from dropsy and had been in the hospital about a month ago, but was able to be taken to her home. She was brought in again yesterday afternoon with another bad attack to which she succumbed.

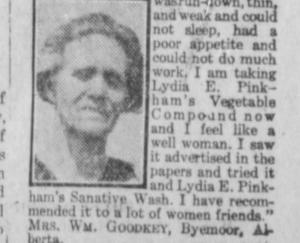

It is likely that the remains will be taken for burial to Vancouver, where the child was born. The father, who is a Skeena River fisherman, will arrive in the city this afternoon.

Mrs. Goodkey Tells Her Experience with Pinkham's Compound

Byemore, Alberta. "The Change of Life was the trouble with me and I was run-down, thin, and weak and could not sleep, had a poor appetite and could not do much work. I am taking Lydia E. Pinkham's Vegetable Compound now and I feel like a well woman. I saw it advertised in the papers and tried it and Lydia E. Pinkham's Sanative Wash. I have recommended it to a lot of women friends."

Mrs. Wm. Goodkey, Byemore, Alberta.

RUTH HITS HIS 20TH HOME RUN

Helped Yankees Beat Tigers Yesterday; Athletics and Indians Split Double Header

NEW YORK, July 16.—Aided by Babe Ruth's twentieth homer of the season, the New York Yankees managed to nose out the Tigers at Detroit yesterday. The Babe's swat came in the ninth with the score tied.

Cleveland Indians managed to break even with the Philadelphia Athletics by battering three Mack twirlers hard in the first game. St. Louis Browns pounded five Boston Red Sox twirlers to win 10 to 3 while Chicago White Sox evened the series with Washington Senators.

National League

In the National League, both New York Giants and Pittsburgh Pirates won their games, the Pirates being forced to 11 innings against Boston Braves while the Giants were winning from St. Louis Cardinals.

Chicago Cubs gained ground by taking a double header from the luckless Phillies. Chuck Klein slammed out three circuit blows, bringing his season's total to 26.

Yesterday's Big League scores:

National League

St. Louis 2, New York 7. Cincinnati 2, Brooklyn 4. Chicago 9-7, Philadelphia 6-6. Pittsburgh 5, Boston 4.

American League

New York 7, Detroit 6. Philadelphia 5-4, Cleveland 8-0. Washington 2, Chicago 4. Boston 3, St. Louis 10.

GYROS TAKE SECOND PLACE IN BASEBALL

Nosed Out Sons of Canada In Close Game at Acropolis Grounds

In City League baseball last night, the Gyros stepped into second place, by nosing out the Native Sons of Canada, 3-2. Nick Chenoski, on the mound for the winners, pitched bang-up ball, allowing but three hits and issuing one free pass.

The Sons had a weakened team, being forced to pick a couple of players from the stands. At that, they put up a good game and had the Gyros worried. Benny Wendle twirled for them and served up a nice assortment of strikes and balls.

He got himself out of a tight hole in the fourth, when, with three men on and none out, he struck out two and the third popped out.

Bill Lambie scored both runs for the Sons, and got two hits, including a triple. Jimmy Farquhar and Chenoski did the best stick work for the Gyros, Jimmy making a three-bagger in the seventh and Chenoski hit safely twice.

Score by innings:
S. O. C. 0 0 1 0 1 0—2
Gyros 0 0 2 0 0 1—3

HOW KETCHIKAN SAW GURVICH FIGHT WITH THEIR OWN MANILLA

Joe Manilla, popular local fistic performer, won a decision over Dido Gurvich of Prince Rupert Wednesday night in the windup of the Eagles' boxing show, says the Ketchikan Chronicle.

The referee in awarding the fight gave six rounds to Manilla, Gurvich one and one even. To the crowd it seemed that Gurvich was outshining Manilla the entire fight. However, Manilla's infighting was superb and warranted him the decision. Gurvich outboxed Manilla the entire eight rounds and at times showed beautiful form, a sample of the Tunney brand. His condition did not seem the best, however, and after half the round had elapsed Manilla would catch him and administer telling body blows.

In the third round Manilla was handing the Canadian a beautiful lacing when the gong sounded. Many fans think he would have K. O.'ed Gurvich had the round lasted 15 more seconds. Gurvich showed wonderful reserve strength and came back with apparent ease. Charlie Brown, rotund manager of the Rupert lad, showed good judgment in his handling of the boy.

Sport Chat

Ketchikan baseball players at home on Independence Day secured revenge from Anyox players who had beaten them at the smelter town on Dominion Day. One game was played at Ketchikan which the home team won by a score of 11 to 2. Several errors in the Anyox infield gave Ketchikan seven runs in the fourth inning. A spit ball artist hurled for Ketchikan.

The Anyox Community League has completed at considerable expense the establishment of tennis courts on the flats at the smelter town and tennis enthusiasts in that vicinity will now be relieved of a log walk up town in order to play. A meeting was held last Friday night to organize a club in connection with the new courts which are expected to be in great demand this summer.

One notes in the Ottawa Journal, that the Welsh touring football team bumped into some rowdiness in a game at Hamilton, a city, by the way, where they go in for sport with great seriousness. Moses Russell, the ageing but very active fullback for Wales, and a Hamilton player, named Chambers, staged a fight tie. Mitchell and Farquhar; on the field and the spectators spares, Smith, Campbell, Mitchell rushed on. In the melee following

Russell was so severely kicked by spectators, says the Journal, that he was carried off the field and did not return.

FOOTBALL FINALS TO BE AT WINNIPEG

WINNIPEG, July 16.—Winnipeg will be the venue of the Dominion football finals. According to Sam Davidson, secretary of the Dominion Football association, the present plans are to stage the deciding matches at Carruthers park on July 29 and 31. In addition to the finals, the western teams will also play here for the right to meet the easterners on July 24 and 26 or July 25 and 27.

FRANK WYKOFF WON 100-YARDS AT VANCOUVER

Texas Man Came Second and Foster of Washington State College Third

Miss Myrtle Cook Beat Wykoff With a Fifteen Yard Lead

SEATTLE, July 16:— Frank Wykoff of Los Angeles captured the 100 yard dash event at the Community Athletic Club carnival here last night, his time being 9.7 seconds. Claude Bracy of Texas came second; Wesley Foster of Washington State College third; Johnny Fitzpatrick of Hamilton, fourth. Percy Williams was unable to run owing to injury to his leg.

The feature of the meet was the defeat of Wykoff by Miss Myrtle Cook of Montreal in the mixed 440 yard relay. Claude Bracey, running third in Miss Cook's team, gave her a fifteen yard lead and she beat Wykoff to the tape by three yards. Miss Cook also captured the 100 yards event for women, covering the distance in 11.2.5 seconds which is two fifths lower than the world record. Jean Thompson and Florence Bell of Toronto finished second and third respectively.

FISHING GOOD AT SQUADAR

Springs as Well as Cohoes Taken and Mostly Sold at Humpback Bay

Reports from the grounds last evening indicate fish are still running well and demand keeps up. The result that the men are making money.

Not only are cohoes still taken, but spring salmon coming and numbers are being caught. Squadaree fishing much improved and a number of men are now fishing there instead of at Dundas.

Many of the fish are being taken at the cannery at Humpback Bay fifty cents being paid for cohoes and 14c a pound for red salmon.

Millions of them

ACTUALLY, millions of babies have been successfully reared on Eagle Brand since 1857 when Gail Borden introduced this specially prepared infant food. If it was not safe, pure, always uniform in quality and easily digested, it could not hold its position as the leading infant food. If you cannot nurse baby, do not experiment, use Eagle Brand.

NEWS OF NORTHERN B.C.

NFW HAZELTON

Miss Clara Tervo, who formerly taught school at Hazelton, has been the guest of Mrs. John Newick recently.

Mr. and Mrs. John Lind, former residents of New Hazelton, and more recently in Anyox, were visitors here recently en route to Vancouver where they expect to locate for the future.

Indian dogs have been doing great damage to the poultry flocks at Kitwanga. One man lost 32 turkeys in a single day. Steps are being taken to have some of the dogs done away with.

Visiting the Cariboo district recently, Douglas Lay, resident mining engineer, met Dean Brock and Prof. Williams who are heading survey parties to investigate the mineral possibilities of the country north of Prince George and through which it is proposed to extend the Pacific Great Eastern Railway.

Fred Griffin and J. A. Macdonald of Smithers were visitors here and at Skeena Crossing on Sunday.

William Ware of Hudson Bay headquarters in Vancouver was a visitor in the district this week.

SMITHERS

The local Rebekah Lodge has installed officers as follows for the year: noble grand, Mrs. I. Bannister; vice-grand, Mrs. G. Jenkins; acting recording secretary, Miss Bernice Clay; financial secretary, Mrs. E. Champion; treasurer, Mrs. S. McMillan; R. S. N. G., Mrs. L. Dawson; R. S. V. G., Mrs. B. Tanner; L. S. V. G., Mrs. L. McMillan; inside guard, Mrs. D. Kenney; outside guard, Mrs. J. Kilpatrick; chaplain, Mrs. A. Darling; conductor, Mrs. E. Carruthers; warden, Mrs. J. Gray; musician, Mrs. M. Dawson.

The local chapter of the Native Sons of Canada admitted six new members at its regular monthly meeting last Tuesday night.

R. C. Mutch has purchased an interest in the J. S. Kennedy building on Main Street and in about two weeks will be taking over operation of the billiard parlor. The whole business is being organized into a company with Mr. Mutch as manager.

Miss May Pike is spending a vacation in Vancouver.

Last Tuesday night, Smithers had a very heavy rain, it being the most sustained downpour of the year.

Jackie Hetherington has been spending a week at Prince George with Mr. and Mrs. Frank Parker.

Mrs. H. C. Lifton has returned to Smithers after spending a holiday at Vancouver and elsewhere on the coast.

Mrs. L. Hall has closed her tea shop in Smithers and left for Prince Rupert where she has obtained a position.

STEWART

William Aitchison, local manager of the Consolidated Mining & Smelting Co., has received instructions to also look after the company's railway interests here pro tem.

The Portland Canal Telephone Co. of Stewart and the Hyder Radio and Telephone Co. of Hyder have amalgamated into the Portland Canal Telephone and Telegraph Co. The two systems will be linked up at once with headquarters in Stewart. J. A. Hall of Hyder will be president of the new company and Ernest Love of Stewart, managing director. Other directors of the new company are W. R. Love of Prince Rupert and E. D. Haddon of Hyder.

C. I. Hibbard, who is heavily interested in the Outland Silver Bar, is paying his annual visit to the property.

ALICE ARM

Harry Owen returned to town last week after a visit to his old home in Cardiff, Wales.

Miss Ellen Anderson returned to her home here last week after having been absent for ten months attending school in Vancouver.

J. N. McPhee returned last week from a business trip to Prince Rupert.

Dr. J. T. Mandy, resident mining engineer, Prince Rupert, is paying his first official visit to mines in this district.

Miss Alice Hogberg arrived last week from her studies at Vancouver and will spend two months' vacation here with her parents, Mr. and Mrs. Gust Anderson.

PRINCE RUPERT AND PRINCE GEORGE SOON TWENTY YEARS OLD

Twenty Years Ago columns in Vancouver papers recall that the Grand Trunk Pacific had let the contract to a Newcastle-on-Tyne firm for the building of two steamers for the Vancouver-Prince Rupert service. The two steamers were the Prince Rupert and Prince George, which were delivered the following summer and which next year will have completed twenty years' almost constant service on the coast. If they are eclipsed next year by the company's three fine new ships now under construction in the old country, they will at least have had two decades of popular and efficient service to their credit.
