PRINCE RUPERT, B. C., FRIDAY, MAY 17, 1929

PRICE FIVE CENTS

IMPERIAL CONFERENCE SOON PRINCE GEORGE BUSY RESULT SURVEY LANDS

Prince George Busy Result of Survey of Peace Country

PRINCE GEORGE, May 17.—C. R. Crysdales, chief engineer for the joint survey which is to be made of the natural resources in approximately six million acres of land in the Dominion block in the Peace River country, arrived here Tuesday afternoon, accompanied by about 20 men, who will in part make up eight parties, using Prince George as their base for their field work. They have rented seven offices in the Princess Theatre and it is understood there will be a staff of approximately 20 located here until October. Three of the eight parties expect to be on their way by the end of the week. They differ from the ordinary survey party in that except for the boatmen, packers and axemen, they will be all specially trained men. With each party there will be a surveyor and assistant, as well as the draughtsman, who will report upon the quality of the land, and under the supervision of H. C. Kinghorn will report upon the timber as well.

NORTHERN B. C. WILL SUPPLY REGINA SPRUCE

OSHAWA, May 17.—Gale & Trick of this city announce that their firm have purchased a block of 7000 acres of timber rights in northern British Columbia and has a mill under construction to cost approximately \$150,000. The limits are about 90 per cent spruce and the company will supply the timber needs of the Regina plant of General Motors of Canada. The balance of the production will be shipped to Oshawa and Walkerville plants.

TEN MILLIONS FOR VANCOUVER

Vancouver Harbor Board Plans New Pier for Grain Handling

OTTAWA, May 17.—The Vancouver harbor board bill authorizing the loan of \$10,000,000 to harbor commissioners of that port received its second and third readings in the house of commons last night.

The minister of marine and fisheries said it proposed to add to the grain handling facilities at Vancouver. A new ocean pier to cost three and a half million is contemplated.

LAKES STORM CAUSES LOSS

SAULT STE. MARIE, May 17.—Four vessels in trouble, one of which, the freighter Ralph Budd, of the Great Lakes Transportation Co., will be a total loss, and two men washed overboard from the freighter W. B. Davick of the Interlake Steamship Co., seems to have been the toll of a storm on Wednesday. The Ralph Budd is on the rocks six miles west of Eagle Harbor.

MORGAN OUTFIT WAS LIKE FLOATING TOWN AT SKIDEGATE INLET

SKIDEGATE, May 17.—Last Sunday the tug Lorne brought in the whole of R. G. Morgan's logging outfit all on flat rafts from White Rock. This is the first time a tow of this sort has been brought across the Hecate Straits. Early Sunday morning it looked as if a whole town was floating into the inlet behind the Lorne.

POSTPONES LONG HOP

Capt. Herman Koehl, famous German aviator, who was one of the Bremen crew which flew the Atlantic Ocean from west to east, has postponed a similar flight with Capt. Fitzmaurice until next year.

DICK CONNELLY IS DEAD HERE

C.N.R. Watchman at Hole-in-Wall Was Well Known Pioneer Figure in North

Richard Connelly, a picturesque and well known pioneer of this district, having been watchman for years for the Canadian National Railways at Hole-in-the-Wall, near Salva station, passed away at 8:30 this morning in the Prince Rupert General Hospital after a rather lengthy illness.

GRAF ZEPPELIN LANDED FRANCE

CUERS, France, May 17.—The trans-Atlantic air liner Graf Zeppelin which was forced to turn back yesterday on account of motor trouble landed here at 8:35 o'clock tonight after an all-day struggle against storms.

CLOSER INSPECTION OF FISH PLANTS SOON

OTTAWA, May 17.—An amendment to the Fish Inspection Act, placing fish plants of all sorts under the eye of the superintendent of marine and fisheries, passed in the house of commons last night.

RESIDENT ENGINEERS HOLDING CONFERENCE

VICTORIA, May 17.—A conference on the work of the coming year at which resident engineers under the mineral and development work of the mines department was held here yesterday with the minister of mines, deputy minister and the provincial mineralogist. All engineers were present with the exception of D. Lay of Hazelton.

FIRE IN POLAND

LONDON, May 17.—The Exchange Telegraph despatches from Warsaw today said that more than 100 persons were burned to death in a huge fire at Lwów, Poland.

NEW HEAD OF UNITED CHURCH

VANCOUVER, May 17.—Rev. A. K. M-Minn of Ke'owpa was elected president of the United Church Conference here yesterday. Other officers are Rev. D. M. Perley of New Westminster, secretary; Rev. A. D. Archibald of Lulu Island, assistant secretary; and Rev. W. P. Bunt, missionary treasurer.

SPLIT IN STOCKS

TORONTO, May 17.—The directors of the Canada Bread Company Ltd., have decided to split the common no par value stock of the company to eight for one.

LORNE CREEK MOTHER LODE

Terrace Prospector Is Reported to Have Made Interesting Discovery

A Terrace prospector named Moore claims to have recently discovered the mother lode of Lorne Creek gold deposits, according to word received in the city from the interior. Moore and his partner have come into Terrace with the report that while prospecting along the upper reaches of Lorne Creek, they ran into a steep mountain cliff on which there was a 600-foot surface showing of quartz highly impregnated with gold. The report has caused considerable interest around Terrace.

Delegations Unsuccessful in Securing Reinstatement of Local Government Agent

Delegations from the executive of the Prince Rupert Conservative Association and the Canadian Legion, which interviewed Hon. W. C. Shelly in the matter of the dismissal of Government Agent Norman A. Watt, were assured by the minister of finance last night that he had made a personal investigation and was satisfied that Mr. Watt had engaged in political activity as alleged. Mr. Shelly declared that there would be no reconsideration of Mr. Watt's dismissal, but announced that Charles L. Munroe returned man and now government agent and gold commissioner at Atlin, would be Mr. Watt's successor here. Mr. Munroe was formerly assistant inspector of the Dominion income tax department at Prince Rupert.

Dawson Tells of Huge Profits Made from Railway Carrying Its Own Insurance on Property

In carrying its own insurance the Canadian National Railways has since the year 1923 accumulated a surplus of \$11,800,000 and the interest on this amount now more than pays the ordinary insurance losses each year, according to figures given the Rotary Club yesterday by F. G. Dawson, in an address on "Self Insurance" as applied to the fire and marine risks of the Canadian National Railways.

The present plans of the directors of the railway are to limit the reserve to \$15,000,000, but what will be done with the reserve after that has not been decided. The company has a regular insurance department, with inspectors, adjustors, and other officials, and they pay the same rate as they would to the insurance companies. After the reserve limit has been reached they may reduce the premiums or return the profits to the railway company after satisfying all demands.

In commencing, Mr. Dawson said they had to face several large possible risks. There were shops at Montreal valued at five millions and at Transcona, of four millions as well as several other quite large risks. Once an amount sufficient to cover these was accumulated the department was on a fairly safe footing.

While the business commenced in 1923 it did not amount to much until 1924 when most of the

Imperial Conference is Called for Autumn to Consider Dominion Status

LONDON, May 17.—It has been learned that the first practical step towards preparing for the next Imperial conference has been taken in summoning representatives of the dominions to meet here next October to consider the legal questions concerning the operation of the dominions legislation in view of altered relations between component parts of the Empire.

Questions to be considered include the defining of the status of governor-general as representative of the King, extra territoriality of the Dominion legislation and merchant shipping.

It is possible that Premier King of Canada will be the only Dominion prime minister to attend the October gathering.

ARE REVISING CUSTOMS RATE

Fishing Equipment May Be Affected by New Classification

OTTAWA, May 17.—Canada is attempting to revise her entire schedule of fish classifications in the customs tariff schedule, announced W. H. Moore, chairman of the advisory board, at a session yesterday. The hearing was adjourned until a date to be set in the autumn.

Investigations on both coasts have been completed, Mr. Moore stated. Only two applications were really being considered by the board, one from the halibut fishermen of Prince Rupert asking for a lower duty on fishing equipment, so that they might be assisted in their competition with the United States fishermen who make Canadian ports "bases of operation."

TOTAL DEATHS CLEVELAND 127

CLEVELAND, May 17.—Deaths from the explosion of gas and fire in the Cleveland Clinic Hospital on Wednesday has now reached 127. Physicians said that those who survive the next 24 hours will probably not suffer permanently from the effects of the deadly gas, but grave concern is felt for several of the injured.

Several deaths have occurred of persons who felt no ill effects until 24 hours after inhaling the gas.

FLETCHER IS HEAD KNIGHTS OF PYTHIAS

TRAIL, May 17.—Dr. T. W. Fletcher of Vancouver was elected grand chancellor to the grand lodges of the Knights of Pythias of British Columbia yesterday. Next year's meeting is to be at Powell River.

NOTICE

I am instructed to advise all citizens that the Annual Clean Up Week is set for May 15 to May 22.

H. A. McLEAN, City Engineer.

MANY MORE OF OHIO VICTIMS MAY YET DIE

CLEVELAND, Ohio, May 17.—Fear that 80 per cent of the surviving victims of the Cleveland Clinic Hospital disaster will die in a few days from the effect of the poison gas was expressed today by Harry L. Rockwood, city health commissioner, and concurred in by a number and doctors and chemists.

The exact number who inhaled the fumes is not known, but the doctors estimate there are at least 109, in addition to those who have already died. If Rockwood's fears prove true, 80 more deaths will be added to the present total.

SIR THOMAS WHITE HEADS BIG CONCERN

TORONTO, May 17.—Sir Thomas White, of Montreal has been elected to the board of directors of the Barcelona Traction Light and Power Company.

JONES RETAINED BY DEPARTMENT IN TREATY CASE

E. F. Jones of this city has been retained by the Fisheries Department in connection with proceedings in the Admiralty Court against the four American trolling boats which were seized last week by C.G.S. Malaspina at Goose Island, down the coast from here, for alleged breach of treaty in connection with the use of Canadian ports. Where the cases will be tried and what judge will hear them is not known as yet.

CLOSER RELATIONS WITH WEST INDIES

OTTAWA, May 17.—The West Indies is considering establishing a trade commissioner in Canada, Sir Edward Daveson, chairman of the West Indies conference, stated here yesterday. He is investigating trade possibilities in Canada.

RACING BEGINS AT WOODBINE

King's Plate Will Be Feature of Opening Day Tomorrow

TORONTO, May 17.—No matter who will win the King's Plate this year, one thing is certain—it will be a real race. The Canadian turf classic, the oldest continuously-run race on the American Continent, will feature the opening day of the brilliant meeting at old Woodbine Park, home of the Ontario Jockey Club, tomorrow, and also of the Canadian turf season. The race is over the mile and a quarter distance with \$15,000 added to the King's 50 guineas.

Last year the race turned out to be an individual triumph for the Seagram star, Young Kitty, who the year before had been undisputed Canadian two-year-old champion. This month the story is different. Half a dozen thoroughbreds are real contenders and another half dozen cannot be left out of the reckoning. Fifty-eight were named in the entries for the 1929 renewal, and it is possible the field will set a new record.

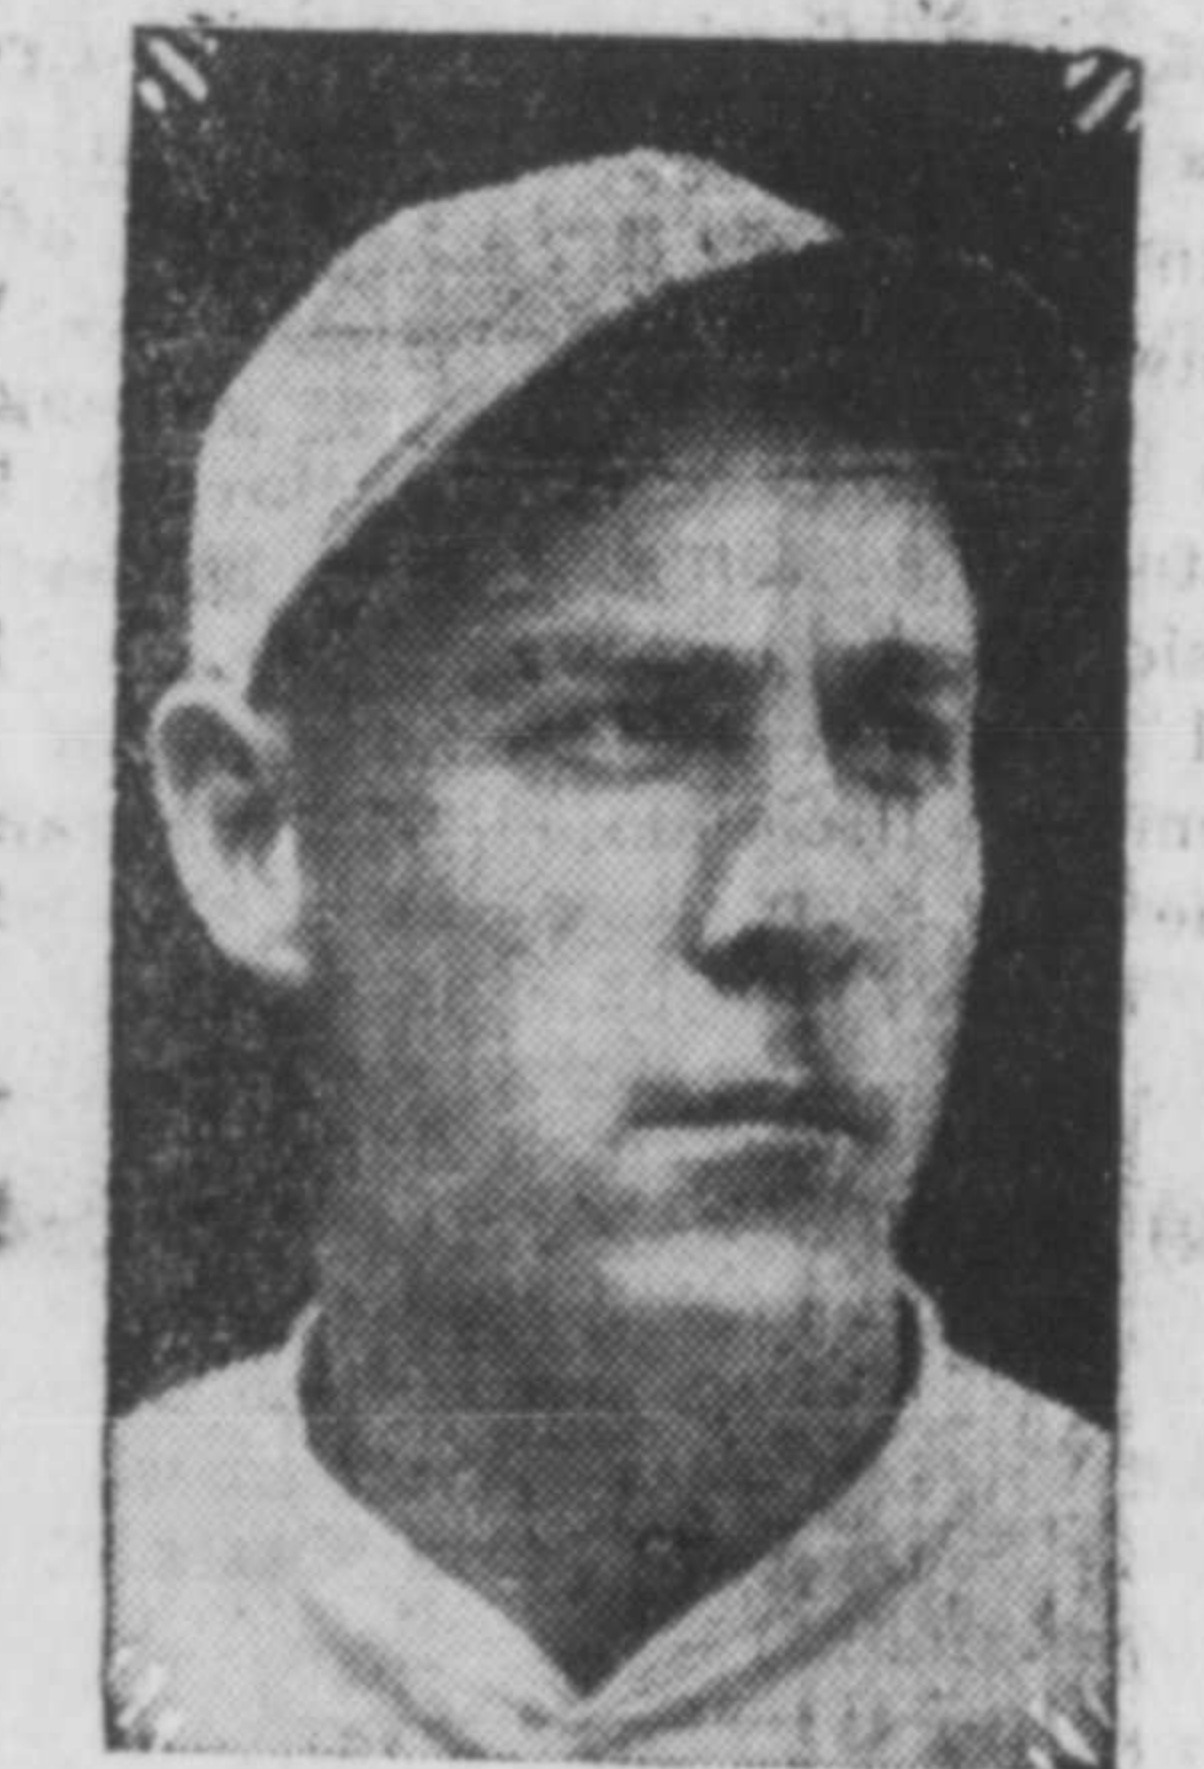

GAMES BEGIN FOR DAVIS CUP

Tennis Championship Tournament Opened at Montreal Yesterday

MONTREAL, May 17.—Johnny Van Ryan gave the United States a flying start in the first round of the Davis cup match with Canada yesterday, defeating Willard Crocker, 9 and 7, 6 and 2, and 6 and 3.

John Hennessy of the United States defeated Dr. Jack Wright, Canadian, 6 and 3, 4 and 6, 6 and 1, 7 and 5.

A COSTLY CAST-OFF

George Harper proved a costly cast-off for the New York Giants when, playing for the Boston Braves, he knocked the Giants out of first place in the National League by hitting a home run with two men on base, McGraw, the Giant's manager, traded Harper to Boston this spring.

FAMILIARITY
Employer—I can't permit such long-winded phone conversations with friends during office hours.
Secretary—but this was a—er—business call.
Employer—Well, don't address any of our clients as "Old Bean."
—Public Opinion.

Sport Chat

With Chicago Cubs and St. Louis Cardinals struggling for the National League supremacy and neither able to get more than a temporary advantage over the other and with Philadelphia Athletics and New York Yankees staging almost as hectic a battle in the American League, big league baseball activities are as interesting for this time of the year as they have ever been in the past. Nor may the fight be confined for long to those who are at present occupying the limelight. In the National League, there is the threat of the Pittsburgh Pirates who have been doing rather well of late and it is possible that the aged Boston Bruins may get back in the running again although the most of the experts will say that they should be bound now toward the cellar rather than towards the top. In the American League, the St. Louis Browns still appear as an outfit that will take some reckoning with as the season progresses, being now only one full game away from the top. Not far off are also the Detroit Tigers who, up to yesterday, had won more games so far this year than any other big league club. Cellular positions seem secure for a time with Brooklyn Robins and Boston Red Sox settled in the respective basements of the National and American Leagues.

Max Schmeling still may have more managers than a chain-store system when he has fulfilled certain obligations in New York in connection with Paulino on the night of June 27, but, by that time, he won't need managers, he will need sympathy. This, in a slightly more repressed measure, is Jack Dempsey's general opinion of the fight that is to lead the heavyweight championship, via a September engagement with Sharkey. The old champion isn't quite as emphatic as the above statement might make him appear to be, nevertheless, he leaves no doubt of his belief that his German double will be well venerated on the evening in question.

JUNIOR FOOTBALL

At the junior football league match tomorrow afternoon at Acropolis Hill at 2:30 the Booth team to play against High School will be selected from the following: Christianson, Cross, Nelson, Greer, Colussi, Bartlett, Ealters, Cameron, Toby, Lawrence, Wingham and Ivarson.

JOLLY PLAYS GOLF FINALS

English Player to Contest for Big Prize With American

MOORETOWN, England, May 17.—J. C. Jolly of England and Joe Turnessa of New York will contest the 36-hole final of the Yorkshire Evening News thousand guineas golf tournament tomorrow. Turnessa defeated Charles Whitcombe, two up, and Jolly defeated W. H. Davis one up in the semi-finals. George Duncan, who beat Walter Hagen, was eliminated earlier by Davis.

Joyce Wethered, Comely English Lass, Winner of Women's Golf Championship over Miss Collett

ST. ANDREW'S, Scotland, May 17.—For the fourth time Joyce Wethered, comely English lass, is holder of the British women's golf championship. After a stirring 36-hole battle, Miss Wethered defeated Glenna Collett, United States titleholder, three up and one to play.

Miss Collett lead five up at the ninth hole and was two up at the eighteenth, but could not combat the steady play of her opponent in the afternoon. Not until the twenty-second hole did the English girl take the lead. The match ended at the thirty-fifth hole.

BOSTON BRAVES HOLDING HIGH IN BIG LEAGUE

NEW YORK, May 17.—If the Boston Braves stay up there another month they may begin to believe they belong in the first four. Emil Fuchs' warriors added to the woes of John McGraw yesterday by shading the Giants in both games of a double-header. What is more significant, the Braves twice came from behind, against the inimitable Larry Benton in the opener, and Against No-Hit Carl Hubbel in the tenth round of the night cap.

The Cardinals slipped ahead of the idle Cubs into the league lead by outlasting Pittsburgh in a groggy ten-round melee.

Brooklyn lost their ninth straight to the Phillies.

The Browns and Tigers in the American League stepped up to practically even terms with the Yankees, who trail the Athletics by half a game.

FAREWELL PARTY FOR MR. AND MRS. LEPINE

Departing Citizens Honored by Some Forty Friends at Function in Commodore Cafe

Mr. and Mrs. R. V. G. Lepine, who are leaving the city next Tuesday afternoon, were guests of honor at a delightful farewell dinner and dance last night in the Commodore Cafe. There were about 40 friends present at the function which was a very enjoyable one.

Music for dancing was by Mrs. J. S. Black's orchestra. The party broke up at 12:30. There were many expressions of regret at the impending departure of the honored guests.

GENERAL WALKOUT GOLD CREWS YUKON

DAWSON, Y.T., May 17.—A general walkout of the employees of Burrall & Baird, Ltd., and associated companies, operating what is claimed to be the largest placer gold mining leases in the world, occurred today. The men are dissatisfied with irregular pay days. It is expected that the board of directors will settle all difficulties without delay.

EMPRESS MADE GOOD SHOWING

Played One All Tie Last Night With Thistles in Gilhuly Cup Football Game

A large crowd of football fans was given an excellent show of soccer last night at the Acropolis Hill grounds when Empress Social Club, making its initial appearance on the local field, played to a one all tie with the Thistles in the second match of the Gilhuly Cup series. It was a good, clean game and play was of an even nature. There were flashes of fine combination and good team support on both sides but there was a weakness in goal by shooting, either team failing on occasion in this important feature of play.

It was well along in the first half when Victor Hillston, a new player, sent in the score for the Empress. Play was back and forth and the prospect was that the Thistles were to go scoreless until, half a minute before the final whistle, Charles Baptie equalized for the Thistles. On the whole, it was a fair enough draw.

The Empress Club is, apparently, a strong organization which should be heard from favorably as the season advances.

W. Barton made an efficient referee and A. Clapperton and George Kelsey presided on the lines. Players were:

Empress Social Club—S. Curvich; F. Parker and R. B. Skinner; G. Hill, S. Currie and Victor Hillston; J. Currie, McKay, G. Howe, N. Chenoski and G. Lundie.

Thistles—W. Lambie; A. Haig and S. Erskine; G. Mitchell, C. Baptie and A. Macdonald; A. Mitchell, J. Campbell, W. Mitchell, T. Bussanich and D. Jack.

The Gilhuly Cup standing:

| | W. | D. | L. | Pts. |
|----------|----|----|----|------|
| Thistles | 1 | 1 | 0 | 3 |
| Empress | 0 | 1 | 0 | 1 |
| Regiment | 0 | 0 | 1 | 0 |

CANADIAN FISH GOT BEST BIDS

Tables Turned on American Halibut at Local Exchange This Morning

Halibut sales at the local fish exchange this morning totalled an even 100,000 pounds. Four American vessels sold 76,000 pounds at 12.1c and 6c to 12.5c and 7c while Canadian fares all received higher prices, 12.3c and 7c to 14c and 7c being paid for three catches totalling 24,000 pounds.

Sales were as follows:

American
Aretic, 28,000 pounds, Booth Fisheries, 12.1c and 6c.
Pierce, 9,000 pounds, Pacific Fisheries, 12.5c and 7c.
Middleton, 24,000 pounds, Canadian Fish & Cold Storage Co., 12.3c and 6c.
Tahoma, 15,000 pounds, Canadian Fish & Cold Storage Co., 12.2c and 7c.

Canadian
Cape Spear, 7,000 pounds, Roal Fish Co., 13c and 7c.
Inez H., 10,000 pounds, Atlin Fisheries, 14c and 7c.
R. W., 7,000 pounds, Canadian Fish & Cold Storage Co., 12.3c and 7c.

PRICE OF WHEAT
VANCOUVER, May 7:—Wheat dropped a couple of points today being quoted on the exchange at \$1.10.

RAPID WORK AIR SERVICE

A communication received by R. F. McNaughton, C.N.R. district passenger agent here, from L. B. Jones, agent at Skagway, illustrates how the airplanes are revolutionizing transportation facilities in Alaska and the Yukon. Mr. Jones recently made a trip from Skagway to Mayo, Y.T., by airplane in two hours. Under ordinary methods of transportation at this time of year, such a trip might take as long as 17 days! Yesterday—May 16—Mr. McNaughton received a letter from Mr. Jones dated May 13 at Mayo. This is probably the most rapid service that has ever been given a letter from Mayo to Prince Rupert.

BENNETT AMENDMENT ON SHARE TAXATION DEFEATED YESTERDAY

OTTAWA, May 17.—The amendment of Hon. R. B. Bennett to strike out that provision of the budget which provides for taxation on the transfer of shares was defeated in the house yesterday 96 to 58.

Mr. Bennett's amendment would have referred the budget tax resolution back to have a new tax on shares eliminated and leave the levy on such transactions as they are at present.

The flag over the Norwegian consulate is unfurled to the breezes today. The occasion is the anniversary of the Declaration of Norwegian Independence, which will be duly celebrated tonight at a function to be held by the Lief Erikson Society.

SET all... five all... deuce. Bugle blew the 'dress for dinner' ten minutes ago; but neither player will quit. 'A firer to Jim's back-hand... Jim can't recover. Vantage in.' 'A spinning serve...' 'Jim wins! Plenty of recreation when you travel Cunard.' Sail Cunard 11

Mrs. Smith, who has been visiting here for some time with her sister, Mrs. R. A. Crech, will leave by tomorrow morning's train on her return to Edmonton.

William Britt, pioneer druggist of Juneau, and Mrs. Britt were passengers aboard the Princess Louise yesterday afternoon going through to Seattle on a vacation trip.

Major C. B. North, superintendent of the Duthie mine, arrived in the city on the Prince George last night from Stewart where he paid a visit to the B.C. Silver property and will proceed by tomorrow morning's train to Smithers.

Mrs. K. E. Birnie of Smithers, who has been spending the past few days in the city, will return to the interior on tomorrow morning's train. Mrs. Birnie, who has not been in the best of health the past year or so, is now feeling much better.

Rev. F. B. Oena, Japanese clergyman of the Anglican Church in Vancouver, sailed by the Prince George last night on his return south after having spent a few days in the city.

J. A. Hinton, president of the Esperanza Mines Ltd., returned to the city on the Prince George last evening after spending a few days at Alice Arm where he made an inspection of the property.

Jess Clifford, charged with trespassing on property of the Canadian National Railways, was found guilty and let go with a warning by Magistrate McClymont in city police court yesterday afternoon.

John McHugh of the hatchery department of the Dominion Fisheries sailed last night by the Prince George on his return to Vancouver after having spent a few days in the city and district on official business.

Local offices of the fisheries department are still awaiting instructions from Ottawa in the matter of the prosecution of the four American trolling boats which were seized at the end of last week by C.G.S. MacAspina on charges of using Canadian ports in contravention of international treaty.

Father A. Vallieres O. M. I., priest of the Roman Catholic Church at Smithers for the past three years or so, arrived in the city from the interior on yesterday afternoon's train and will sail tomorrow night on the Prince John for a visit to the Queen Charlotte Islands on ecclesiastical duties. Later he will proceed to the Dease Lake district where he will be stationed for the summer.

DAILY EDITION Friday, May 17, 1929

DISMISSAL OF NORMAN WATT

The one subject of conversation around the city yesterday seems to have been the dismissal of Norman Watt. The Daily News was deluged with requests to take up the matter and speak out strongly against such action. Some of these requests came from supporters of the government which was responsible for the dismissal.

General regret is felt throughout the city that the minister of finance should have felt it necessary to take drastic action such as that announced yesterday. It is difficult to believe that Mr. Watt committed any indiscretion worthy of such action as dismissal from the service, especially when it is considered that he is a returned man and was badly shot up in the war.

While we agree with the minister that a government employee should not take any part in politics, it is also true that many who were keen partisans under the McBride-Bowser administrations retained their positions.

Locally Mr. Watt has been a most careful public servant. He was a close personal friend of Mr. Pattullo and naturally would be favorable to his return, but no one has ever whispered that he in any way offended in a partisan way here.

It will be remembered that when the Oliver government took over the government in 1918, Colonel McMullin was government agent, an appointee of the Conservative administration. He was retained and later promoted to a position of greater trust. We are of opinion that Mr. Watt was equally worthy. At any rate, we think the minister of finance owes it to the public to tell what evidence he has against the government agent.

WHEAT POOL'S ACTIONS

It is intimated that the Wheat Pool will add to its storage capacity at Vancouver to the extent of two and three-quarter million bushels, increasing the overhead by about \$300,000 annually, while they have under lease half the proposed increase here which they are permitting to lie idle, notwithstanding that wheat cargoes should be shipped as cheaply from Prince Rupert as from Vancouver, thus saving the annual overhead of \$150,000. The million and a half capital outlay would then be available for increasing facilities at country points.

If we were members of that organization, we should feel compelled to ask the management for an explanation as to the wisdom of the policy of increasing the shipping capacity when there is already a large unused capacity in what may be the largest crop year for some time.

WHICH END TO BELIEVE?

—Record, Philadelphia.

COMPETITION ENDS NEXT WEEK

The suggestions for improving conditions in northern and central British Columbia have mostly been along one line. The building of a highway and the formation of a new province. While some valuable suggestions have been made, the last word has not been said and there is still plenty of room for others.

The competition will end definitely on Saturday of next week, after which the articles will be judged.

The Letter Box

WHICH RIVER ROUTE?

Editor, Daily News:— Thursday's issue of your paper carries a communication from C. F. Swanson, wherein he pokes at the idea, that there are mudflats that dry off at low tide in the Skeena River, opposite to Tyee.

It is well known that a boat can land at Tyee during high tide, but at low tide there is a mud flat that dries off at least a half a mile, the width of the mudflat varying with the range of the tide. This condition is present twice a day. Then during the winter months, there is a great deal of floating ice, and sometimes a solid sheet of ice from one bank to the other for days at a time.

The suggestion of ferrying traffic across the river under the above named circumstances presents difficulties. But Mr. Swanson may be able to design a ferry that would travel across the mud flats, and successfully cope with the ice conditions. That will have to be done, if the tourist rush is to be kept in good humor.

R. E. EYOLFSON

HIGHWAY IS THE THING

Editor, Daily News:—

With interest I have read the two letters concerning the Terrace Highway, one from C. F. Swanson, the other from N. J. Coulter. I must say that Mr. Coulter can not be very keen for the road, or he would not say, "No ferry or no road." Mr. Swanson must be acquainted with these rock and mudflats, and I am sure he has got an idea how to deal with them. There could be some kind of bridge built out to deep water on both sides.

After all, the one who has got to build the road has to decide, where it has to go through. All we want is the road and that in possible short time. A ferry might even be worth seeing and the engineer could make himself famous. Of course, it would have to be a different ferry from the ones that are in use farther up the Skeena, and I am sure Mr. Swanson knows that too.

South or north side is all the same to me. The main thing is, to have the road.

C. M. MILLAR.

WATT DISMISSAL

Editor, Daily News:—

It is not only those who might be expected to be critics of the present provincial administration who are saying today that they feel the Honorable, the Minister of Finance, carried things just a little too far yesterday in dismissing the local government agent for alleged participation in politics. There is a storm of indignation in Prince Rupert about this shabby action on the part of the government and it is stating a fact to say that many Conservatives as well as Liberals feel badly about it. Better had been expected than this of such administrators as Mr. Shelly and there is more surprise that he should have been a party to such a thing than there is at the thing itself. There was a feeling that such men as the minister of finance, men who have been well known and respected in their private spheres, would not stoop to such rotten things as this in their service to the public.

As for the dismissal itself, it does not come altogether as a surprise to those who may have observed some of the things along this line that have transpired in the province since the Toimie administration took office. It brings closer home, however a rank and ruthless policy of political patronage that is bound to wreck the civil service of British Columbia by discharging the very foundations of the high standard it has in recent years been permitted to attain.

Mr. Watt specifically denies the charge of political participation upon which his dismissal has been based. Those who know Mr. Watt and his work will agree with his repudiation of the charge. During his five years of service here, his policies have been clear cut and business like and there are none who can say

that any single act of his during that period can be construed to have been actuated by political favor or disfavor. To Liberal or Conservative, to Canadian or alien, to one and all alike attentive and courteous service has been rendered by the dismissed Government Agent and his staff. That he should be now dismissed, without even the courtesy of being allowed to make a decent defence, is indeed a poor reward for his good service here and for his three years overseas, the marks of which he still bears.

It bodes ill for the future of the civil service of this province if such actions as this are to be tolerated from responsible ministers of the crown. It is far from an admirable state of affairs that faithful employees of the government, even though they should not be tarred with the same political stick as the administration, should be, as a consequence, dismissed. Such actions will certainly not give the security to the service that it should, nor will they tend to enhance the efficiency of the service, or inspire confidence in the government that lowers itself to participate in them.

The only reason that can be seen on the surface to account for Mr. Watt's dismissal is that he was once the private secretary to the now leader of the opposition and that, by striking at him, they may imagine they are striking at Mr. Pattullo. Such a motive is as empty as it is unworthy.

Mr. Watt will at least have this consolation, even though he should be the victim of a miserable political prank: he carries in his departure from his post a clean character and a good name. Had he actually been the political henchman that he is accused of being, and not the efficient and respected public servant that he is, Mr. Shelly and the Conservative administration

would never have had the opportunity to dismiss him, for he would have beaten them to that. He may derive some comfort from this statement, and it is voicing the feelings and sentiments of ninety-nine per cent of the people of the city and district with whom Mr. Watt has come into contact in his official capacity, in saying it, that he is regarded as probably the best government agent Prince Rupert has ever had and that he leaves his place with more friends in this agency than the Conservative government can hope to win.

NON-PARTISAN

A POLITICAL CRIME

Editor, Daily News:—

Public opinion—that intangible substance which makes and un-makes government in this age—was shocked to its centre by the news you published yesterday afternoon of the summary and unjust dismissal of Norman Watt, the local agent of the provincial government at Victoria. Mr. Shelly may have the prefix of "honorable" before his name, but this action belies his title.

Mr. Watt was dismissed because of his alleged political activities. Now whatever political opinions Mr. Watt may possess, few people know, if any at all. He does not express them. Mr. Watt has been the local agent of the government de jure et de facto at Victoria and, he would be a bold man who would say that Mr. Watt ever overstepped the limits of his authority, by interfering in matters political. Mr. Watt didn't, that's all!

If the local association acquiesce in this most unjust and summary dismissal of an honest and upright employee of the government, they must bear the onus of its instigation.

If on the other hand, this is some high handed action on the

part of the Vancouver member of the Victoria government, which may not be unexpected in this northern part of the province, which Vancouver is sucking dry, the local Conservative Association will doubtless place themselves on record in opposition to Mr. Watt's dismissal and retain

him his livelihood. For Mr. Watt is a good government agent.

This is one action which the local Conservatives will find hard to justify and which most of them who have any decency will condemn thumbs down.

"INDEPENDENT"

ARTICLES ON PEACE RIVER

The Peace River is very much in the public eye today. In order to keep Prince Rupert people fully informed in regard to the situation there, we have arranged for a series of six articles by a man who has just made a tour of the district. The first of these will be published on Saturday and the others at convenient intervals. These articles will give an idea of the way in which the district is developing and naturally will lead to a more determined effort to secure direct railway connection for Prince Rupert, the logical outlet to the sea.

Makes Pastry Delicious

Why tens of thousands of motor car buyers will consider only those cars with body by Fisher

Four basic advantages enable Fishers remarkably to increase body value while holding down price, as to make Fisher Body, for tens of thousands of motor car buyers, the determining factor in motor car selection. This preference is the result of the greater Fisher Body value which—in cars outside the Fisher Body group—is obtainable only in cars costing several hundred dollars more.

1 First of these fundamental Fisher advantages, is the enormous resources of the Fisher Body Corporation.

Some idea of the extent of Fisher resources may be realized when one considers that Fisher operates the world's largest manufacturing plant for automobile body hardware and fittings (Ternstedt); one of the largest plate glass manufacturing plants in the world; and harvests timber from its own 200,000 acres of forest lands and converts that timber into lumber in its own mills.

2 Another reason for the unprecedented value of Body by Fisher is Fisher's huge pro-

duction, with all that means in reduced costs of fabrication and assembly and huge saving by reason of great purchasing power.

As everyone knows, quantity production is one of the chief factors in manufacturing economy. Fisher employs more than 60,000 persons, who build annually in 48 great factories, upwards of 1,250,000 automobile bodies. Some idea of Fisher Body purchasing power will be gained when one notes that in the twelve months of 1928 Fisher required for the manufacture of Fisher bodies, more than 600,000,000 pounds of steel, 235,000,000 board feet of lumber, 26,000,000 square feet of plate glass and about 20,000,000 yards of upholstery cloth.

3 A third basic reason for Fisher Body value is Fisher's certainty of market.

That market consists of the companies manufacturing General Motors cars—Fisher Body Corporation being a division of General Motors. Fisher,

therefore, does not bid for contracts—it always knows well in advance what its manufacturing program is going to be, and to co-ordinate its operations so as to achieve still further economies while maintaining high-quality.

4 A fourth basic reason for Fisher Body value, is the proximity of Fisher Body manufacturing plants to the chassis plants of its customers.

This eliminates much costly handling and holds down transportation expense, and thus permits Fisher to put still greater value into its bodies.

This explains why Fisher is able to build value so superior as to make Body by Fisher the determining factor today in thousands of motor car sales. Compare Fisher Body cars, listed below, with other cars in their respective price fields and

you see that in Fisher Body cars alone does your money purchase all the body value you have a right to expect in a motor car.

GENERAL MOTORS OF CANADA, LIMITED

STOP NOISES ON AIRPLANES

Insulation Does Away With Objections to That Kind of Travel

WASHINGTON, D.C., May 17:—Passengers may converse with ease in aeroplane cabins insulated with a new sound proof wall developed by the bureau of standards.

The insulation consists of a light fibrous filling sandwiched between thin sheets of aluminum and insulate. It adds little extra weight to the plane and has proved heavy enough to shut out distracting noises.

Intense vibration set up by the aeroplane engines and propellers are reduced to an intensity comparable to that experienced by passengers on a railroad train. The wall also is an excellent heat insulator.

The problem of reducing the vibration noise in aeroplanes is recognized as a serious handicap to the development of air transportation and caused President Hoover, while secretary of commerce, to order the bureau of standards investigation.

The report on sound proofing aeroplane cabins by V. L. Chrysler and W. F. Snyder of the bureau is the first made on the in-

vestigation undertaken last year. Two large tri-motored planes have been equipped successfully with the sound proof insulation, and the Transcontinental Air Transport, Inc., is planning to equip all of its new planes with the special wall.

TO WORK ON TOTEM POLES

T. B. Campbell, C.N.R. Engineer, Coming West Again From Winnipeg

WINNIPEG, May 17.—"Totem Pole Campbell," as T. B. Campbell, the Canadian National Railways engineer in charge of the work of preserving the valuable Indian relics of the Skeena River and the Pacific coast has come to be known, has gone out to begin his summer's work.

During the past three years 14 totem poles were restored in the village of Kitwanga, to say nothing of totem figures and headstones and the work or rejuvenating that has been carried on at Prince Rupert in Kitselas Canyon and at other points along the Canadian National lines. Eagles, ravens, beavers and other figures—15 poles in all—can be seen from the train as it passes through the abandoned village at Kitselas Canyon and the trains stop to allow the tourists to walk through the

village and see the totems at close hand.

High on the hill in Prince Rupert, in the Canadian National Park, stand two magnificent poles—the white wolf of the Naas people and the grizzly—and preparations are being made throughout the northern territory to restore others.

M. Campbell's work consists of gaining the confidence of the Indians, of lifting fallen poles, setting them in cement, giving them a strong backbone, curing them with linseed oil and repainting them in the original colors, under the supervision of the Indians, sometimes with the ancient pigments.

ENGINEER FOUND NOT GUILTY IN RAILWAY ACCIDENT

PARRY SOUND, May 17.—G. V. Alexander, Canadian National Railway engineer, was found not guilty of manslaughter and of causing greivous bodily harm by a jury under Mr. Justice Raney here yesterday. The charges arose out of the collision of two passenger trains at Drocourt on March 20, when 17 or more persons were killed.

C.P.R. steamer Princess Royal, Capt. Thomas Cliff, is due in port at 5 o'clock this afternoon from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

T. W. MACPHERSON

District representative of the Home Oil Distributors Ltd.

REPRESENTATIVE FOR DISTRICT OF HOME OIL COMPANY SOON

T. W. MacPherson of Vancouver Given Dinner to Mark His Promotion

The steady increase in the volume of its business in the northern part of British Columbia has led Home Oil Distributors, Ltd., to appoint a district representative to look after its business in the field. Prince Rupert has been selected as the headquarters for this office and T. W. MacPherson of the head office staff has been assigned to the post.

Mr. MacPherson is a young man with thorough training for his position, having received his training as an engineer in Glasgow. During the war he saw service in the transport division and in 1919 came to Vancouver, where he gave service as engineer with the Coughlan Steamships and Canadian government merchant marine, joining the staff of the Home Oil Distributors, Ltd., in 1923. His popularity with the head office staff was attested on his promotion when over 40 members of the force tendered him a complimentary dinner and theatre party to mark his promotion to the northern post.

HUGE HANGAR FOR CROYDON

WASHINGTON, D.C., May 17:—Aeroplane travel across the English Channel between London and Paris has increased so rapidly that British aeroplane operators are building one of the world's largest aeroplane hangars at Croydon airport to house 50 huge air liners in a single building.

The London consulate has advised the department of commerce of the British project in a report on service between London and Paris since it was established in 1924.

From 1924 to 1929, cross-channel aeroplane services have flown 3,960,415 miles—a distance more than 165 times around the world at the equator—and have carried 97,337 passengers and hauled 3,431 short tons of freight.

More than 60 per cent of all mail between London and Iraq, on the Cairo-Basra route of the Imperial Airways, is carried by air, the second annual report of the operating company shows. During 1928, 189,000 pounds of mail were carried between London and Iraq, while passenger traffic increased 34 per cent with 1,920 passengers carried during the year.

EASY TO FIND

Jiggs—Thanks to a labor-saving device, I have far less trouble finding my collar-studs now. I always find them in one certain place.

Miggs—Go on! Where is it?
Jiggs—In the vacuum cleaner.
—John Bull.

The true purpose of a Budget

EVERY year you spend a large proportion of the money you get. So much for clothing. So much for shoes. So much for things to eat—for house furnishings, books and what not.

Here is the way to get the most for your money.

Keep a budget. Decide what you can afford to spend for each item, and hold yourself within this amount.

Then—to get the most for your budget money read advertisements carefully. The advertisements you read tell you what is newest and best. They give you the latest ideas and improvements. They help you to get more from each dollar you have apportioned in your budget—and so live better and dress better with the same income.

The true purpose of a budget is to enable you to spend wisely—and only by careful reading of advertising can you hope to accomplish this result.

Read advertising regularly. It points the way to better living.

See Page 7. There are a lot of small advertisements there that make good reading.

He's gone back to Cigars

"Well, I'm smoking cigars again," said my old friend Bill the other day. "I always did keep a few at home and at the office but now I carry them with me. Broken, dried out cigars made me mad—but now Tucketts are putting up Marguerites, individually foil-wrapped, in handy Pocket Packs, I can always depend on a factory-fresh, unbroken cigar."

"Yes," I agreed, "lots of men have come to the conclusion that there's no smoke like a good cigar."

Me beloved

TUCKETTS MARGUERITE

Now foil-wrapped —But still 10 cents

TERRACE WOMEN FARM REPORT BUSY SEASON CENTRAL B. C.

Institute Appoints Representative to Fair Board at Meeting This Week

TERRACE, May 17.—The May meeting of the Terrace Women's Institute was held in the Terrace Theatre on Tuesday afternoon with the newly appointed president, Mrs. C. A. Giggey in the chair.

A letter was read from the Fall Fair Board stating the sums to be allotted to each department of the ladies' work at the fair and asking that five associate directors be appointed from the institute to revise the lists and act in cooperation with the board. The sums allotted were, fancy work, \$50; home cooking, \$40; children's department, \$15; boys' and girls' clubs, \$80.

The following committee was named by the president, the first named to act as vice-president of the Fair Board, Mrs. Annie Ross, Mrs. W. Robinson, Mrs. T. J. Kirkpatrick, Mrs. A. McLeod and Mrs. Geo. Dover.

Mrs. T. J. Kirkpatrick was appointed convener of a committee to undertake the arrangements for having a refreshment booth on recreation grounds, May 24.

The program for the Institute meeting in June was left in the hands of Mrs. H. Halliwell, convener of the Child Welfare committee, when a number of papers on the methods of prevention of diseases may be looked for.

BRIDGE AT TERRACE HONOR OF MRS. ARDAGH

Mrs. George Little Entertains For Lady Just Returned From South America

TERRACE, May 17.—In honor of Mrs. S. V. Ardagh, who recently returned from a trip to Buenos Ayres, South America, Mr. and Mrs. George Little entertained at bridge on Wednesday evening, seven tables being engaged. High score prizes were won by Mrs. E. D. Judson and James H. Smith, and consolations were given Mrs. C. O. Duncan and E. D. Judson. Following refreshments, musical selections were rendered by Mrs. E. W. Marenette, Mrs. G. H. Dyson, Mrs. W. H. Burnett and Dr. Brummitt.

District Agriculturist Tells of Conditions at Various Centres

The following is the official report received in regard to farming conditions in central British Columbia as prepared by H. S. French, S. J. Phillips and C. C. Kelley, district agriculturists:

Bulkley Valley

Spring ploughing started early this year. In certain areas farmers were ploughing the latter week in March. This was held up by frosts during the early part of the month, but is now quite general. Some seeding of wheat and oats has been done on the uplands, but farmers with bottom land are delaying seeding rather than take chances of injury from hard frost. There were some light showers and falls of snow during the month, but moisture does not appear plentiful and the district will require a good supply of moisture during May and June, in order to produce average crops. Recent warm days are showing effect on timothy stubble which is turning green rapidly. The bulk of seed grain has been disposed of locally at fair prices. No. 1 seed oats ranging from \$45 to \$50 per ton and registered seed oats from \$70 to \$75 per ton according to generation and grade. No. 1 seed wheat ranges from \$55 to \$60 per ton and local demand appears to be good. Good farm horses are scarce and a carload is being imported from Alberta so local farmers will have a chance to procure teams for spring work.

Lakes District

Crop marketing and climatic conditions are similar to the Bulkley valley. Considerable attention is being given by farmers of the district to the sheep industry. Considerable quantities of No. 1 Garnet seed wheat has been cleaned and graded at the provincial government cleaning plant, Burns Lake, by members of the Central British Columbia Seed Growers and is being offered for sale at \$60 per ton f.o.b. Burns Lake.

Terrace

Fruit growers in this district suffered considerable loss last year from apple scab. They are now organizing, through the Farmers' Institute to control this pest. In order to assist in this work the provincial government has shipped in two-barrel spray-

ers. Arrangements are also being made to conduct demonstration plots with root and cereal crops to determine the value of commercial fertilizer.

Prince George

The season is generally conceded to be about two weeks earlier than last year. The remaining snow left the ground in the first part of the month, when a cool wave made the spring thaw very slow, with hard frosts at night.

From the 15th of April the weather became mild, with occasional daily showers at first, which eased off towards the end of the month into mild dry weather. There were no general storms of any note or of long duration during the month of April.

Seeding began on the higher land about the 17th of April and was about 60 per cent finished by the end of the month, with no grain above ground.

Alfalfa and clover growth had its beginning during the last week in April, but is not enough in evidence as yet to ascertain the extent of winter killing.

Lack of heavy snowfall during the winter was evident in the small run-off of surface water. The water level of the Nechaco and Fraser rivers is lower than at any time in local history.

The last two weeks of April paved the way to a dry spring, which will allow the farmers to complete seedling operations under ideal conditions. The first real growing weather experienced came during the last three or four days of the month, but the nights still remained cool and frosty.

TERRACE FIRE WAS DANGEROUS

Came Near Homes of Two Settlers and Also Threatened a Mill

TERRACE, May 17.—Fire, presumably carelessly started by someone while fishing under the old Al Johnston bridge at Spring Creek, kept the forestry officials and upwards of 40 men busy day and night from the time it was first reported on Sunday at noon until rain started on Wednesday. Fortunately no serious damage was done, although the Davis mill, now the property of James Carthers, as well as the latter's home buildings, would be destroyed. It was also nearing the home of P. Merkley and a good stretch of green timber when got under control. As it was, what was undoubtedly a serious fire hazard has been cleared up, but at a very considerable expense to the government.

NEWS OF NORTHERN B.C.

TERRACE

Mrs. A. Ohnsorg and little daughter, Pauline, of Prince Rupert are visiting at the home of Mrs. Fred Nash.

Mrs. Sherwood returned on Wednesday after spending the past ten days in Prince Rupert.

Mothers' Day services were conducted in both churches here on Sunday.

Owing to some of the Scouts being out fire fighting the attendance of the Boy Scouts at their parade and service in the Anglican Church on Sunday evening was small.

Mr. and Mrs. J. R. Elfert of Prince Rupert arrived on Wednesday to spend a holiday in the Terrace district.

Miss Madge Murphy, of Vancouver, who spent several days at the beginning of the week at the home of Mr. and Mrs. E. W. Marenette, left on Wednesday for Prince George.

Mrs. Jas. H. Thompson arrived from Prince Rupert on Wednesday to open her summer home here.

C. W. Homer, assessor, is in the district on an official visit.

E. J. Large, of Prince Rupert, formerly of Terrace, was here on Wednesday and Thursday.

W. H. Cotton, assistant district engineer, Smithers, was in this end of the district during the week in the interests of the public works department.

VANDERHOOF

Rev. S. C. Steer, the new Anglican rector here, will conduct his first services on Sunday. Lay readers have been conducting services for some months while there was no clergyman.

Many matters were discussed at a general meeting on Tuesday night of the Vanderhoof and District Board of Trade. The board will be represented at the convention of the Associated Boards of Trade of Central British Columbia in Prince Rupert next month.

SKIDEGATE

Rev. G. Gillett, Indian Agent at Massett, arrived on the Prince Charles last trip from business with the Indian Department. Mr. Gillett returned by motor car via Port Clements.

The mission launch Thomas Crosby, Captain Oliver, with Rev. and Mrs. R. Scott, left last Monday night for Vancouver to attend the conference there.

C. D. Emmons M. E. of Portland, Ore., is here again and has gone into the Yagen Valley where there are miles of oil shale showing. Mr. Emmons expects to be here for several weeks.

The death of Captain Dahl came as a great shock to the Islanders. Captain Dahl had a host of friends on the Queen Charlottes and his loss is felt by many.

The seine boat Beryl G., of hi-jacking fame is in port. It has been converted into a troller, and has just arrived from Vancouver.

PORT CLEMENTS SCOUTS GIVE WHIST DRIVE AND DANCE RECENTLY

PORT CLEMENTS, May 17.—A very pleasant evening was spent at the Scout Hall on May 11 in the form of a Court Whist Drive and Dance.

The winners were as follows: Ladies first, Mrs. Size.

Gentlemen's first, T. L. Williams.

Ladies' consolation, Mrs. Crocker.

Gentlemen's consolation, Chas. Minaker.

The Scouts wish to thank all those who so kindly donated articles, so that they had no expenses.

The proceeds for the evening amounted to \$24.10 making the grand total of \$203 towards the Vancouver trip.

No Longer Need for Two Pairs of Glasses

A pair of our Kryptol Double-Vision Lenses contain a lens for reading with one and without the unsightly dirt-catching cemented seams that make the ordinary bifocal lenses so conspicuous.

They give perfect vision—both for far and near.

Let us demonstrate their advantages.

12 MILLION

can't be wrong

Kellogg's Corn Flakes must be crisper, more delicious—or 12,000,000 people would not daily prefer them to all other corn flakes. Kellogg originated corn flakes and nobody has ever been able to equal that Kellogg wonder flavor.

Enjoy Kellogg's Corn Flakes for lunch and dinner as well as breakfast. Fine for the children's evening meal. So easy to digest.

Try them with canned peaches and milk or cream.

Look for the red-and-green package. At all grocers. Served by hotels, restaurants. On dining-carts. Made by Kellogg in London, Ont.

Kellogg's CORN FLAKES

Man in the Moon

The minister of finance will get you if you don't watch out.

Some people have fame thrust upon them and others are elected to office in fraternal organizations.

The meek inherit the earth and their wives manage it for them.

Perhaps after all men are not descended from apes. If they are they must have descended quite a way.

Jake says apes' noses are not pointed enough to thrust into other people's business.

What I'm wondering about is when I shall be able to start saving coal.

What Prince Rupert needs just now is a little more money and a little less talk, especially political talk.

Ten Years Ago
in Prince Rupert

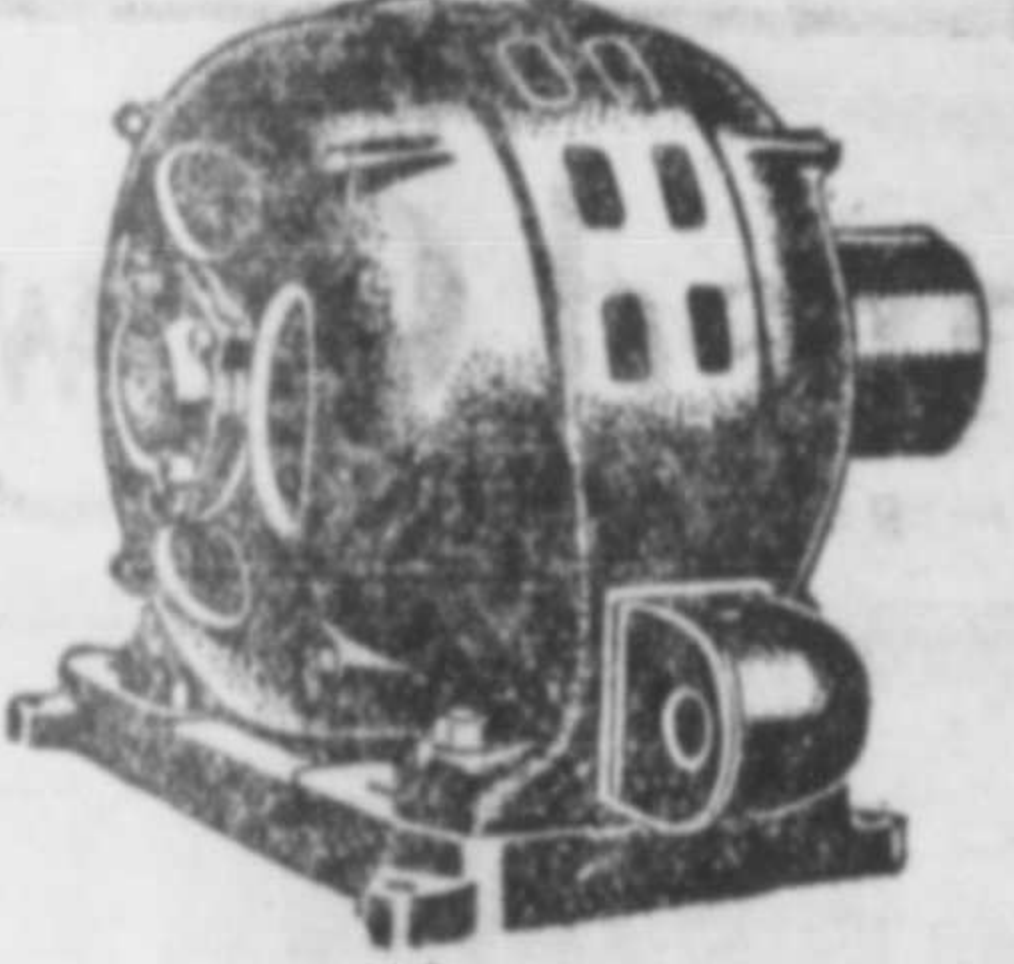

May 17, 1919

Steel is now being shipped from Nova Scotia for use in construction of the ocean going freighters at the local dry dock.

The price on the local retail market today for butter is 65c and 70c a pound while new laid eggs are bringing 70c per dozen.

Akerberg & Thompson are moving their machine shop business from its present location on First Avenue to premises adjacent to the government wharf which they have leased.

On the service of industry

Ball-Bearing Motors

The life of a motor is the life of its insulation. Hard brittle insulation, especially if oil soaked, sends motors to the repair shop or to the scrap pile. Fairbanks-Morse motors have insulation that will not harden and crack.

Fairbanks-Morse ball bearing motors require greasing only once a year and eliminate oil soaked windings, oil spotted products, oil spilling on the floor and the cost of oil and oiling. Fairbanks-Morse motors have a liberal overload capacity and are now made in "fully enclosed" and "ventilated" types, which can operate safely in the foulest acid fumes and in extremely damp and dirty places.

SUCCESSFUL TEA AND SALE HELD YESTERDAY

Adair Carss Chapter Held Function Yesterday at Home of Mrs. S. V. Cox

A very successful tea and sale of home cooking was held yesterday afternoon at the home of Mrs. S. V. Cox, 533 Seventh Avenue West, by Adair Carss Chapter, Imperial Order, Daughters of the Empire.

The hostess was assisted by Mrs. W. A. McLean, Mrs. Hill-Tout, Mrs. W. W. C. O'Neill, Mrs. Bert West, Mrs. W. H. Smeeton, Mrs. Vic Houston and Mrs. F. M. Crosby.

An enjoyable musical program included vocal solos by Mrs. Chris Perry and Mrs. J. A. Teng, accompanied by Mrs. J. S. Black, and piano selections by Misses Jean and Edna McLean and Rosie Cox.

Mrs. C. F. Kemp was the winner in the raffle of a buffet set, the lucky ticket being No. 15.

W. W. Wright, it is understood, will succeed Robert Stuart who is resigning as clerk in the local office of the provincial department of public works.

DAMAGE CLAIMS OF C. N. R. LOW

At the Rotary luncheon yesterday, F. G. Dawson, after telling about the insurance system of the Canadian National Railways, referred to a report just received which showed something of the efficiency of the system, due largely to the esprit de corps of the employees. The amount paid out in damage claims in carrying fresh fruit last year was only \$110,711 on a total revenue of \$5,168,903, or 2.1 per cent. This compared with 2.2 in 1927.

These figures were the lowest on record on the continent. The Baltimore & Ohio paid out 7.64 per cent, the Pennsylvania 6.46, and the lowest American line was 2.28, which was, the Illinois Central.

NOTICE

To whom it may concern:

Take notice that Jung Ming and Henry Hoy, proprietors of the Canadian Cafe, have this day dissolved partnership and Jung Ming will no longer be responsible for any debts contracted on account of the said Canadian Cafe after this date.

(Signed) JUNG MING.

Another Great Week-End Bill at Prince Rupert's Playhouse!

AT 7:30 P. M.
"The Collegians," the Capitol's new serial, showing Chapter No. 2, with laughs aplenty for everyone.

7:50 P. M.
"House of Horror" with Louise Fazenda, Chester Conklin and Thelma Todd—a tense mystery thriller with grotesque make-up in a mixture of mystery and comedy.

9 P. M.
Harry C. Willis, versatile ventriloquist, in a new act. Harry is quite capable of putting on a whole show by himself, but will be given about 15 minutes tonight and Saturday, along with "Jerry," who has become so popular.

9:20 P. M.
Charlie Murray in "Do Your Duty." This is a real live comedy with Comical Charlie as a New York cop rounding up all the laughs—a highly entertaining comedy, funnier even than "McFadden's Flats."

On Saturday afternoon there will be a special half hour's fun-fest for the children by Harry Willis. This promises to be one of the biggest treats the kiddies of Prince Rupert have had for a long time and any who wish to perform on the stage will be given an opportunity.

Owing to the lengthy program Saturday afternoon, "House of Horror" will not be shown.

WELL KNOWN NATIVE ACROBAT DIES, WAS CIRCUS PERFORMER

The family of Charles Barton Bathle, of Kincolith have just received the sad news of his death. Mr. Bathle who was widely known on this northern coast, left a few weeks ago for Los Angeles for the benefit of his health, but shortly after arriving there, he passed away. Mr. Bathle was well up in years and had travelled extensively in his youth. When he was younger, he was one of the star performers with McDougall's Circus, one of the precursors of Barnum and Bailey. With this circus he toured through the United States and also Europe. Mr. Bathle returned home to the Naas River, however, after his roving life and settled down in 1880. Since that time, his skill in acrobatic feats and other entertaining tricks has been the envy of the younger generations.

Inspector James M. Tupper R. C. M. P. returned to the city on yesterday afternoon's train from a trip to the interior on official duties.
