

Matters of vital interest to Canada dealt with in message to Congress today.

## GREAT FLIGHT TO ALASKA PRESIDENT HOOVER SENDS HIS FIRST MESSAGE UNITED STATES CONGRESS

### ASKS CLOSING BOSTON HERALD

Senator North Objects to Newspapers Being Purchased by the Power Trust

WASHINGTON, April 16.—Senator George W. North of Nebraska yesterday asked for the closing down of the Boston Herald and other newspapers controlled by the power trust, claiming that they were being used for the purpose of making an effort to dominate the country and that their action was subversive of the liberty of the press.

### OPINIONS ON THE BUDGET

British Newspapers Criticize Churchill Speech as a Campaign Address

LONDON, April 16.—Yesterday's budget is variously labelled, "pleasant," "common place," and a "Churchill failure," according to a complexion of papers commenting on it today. The repeal of the tea tax is regarded by Conservatives as a bull point for the coming campaign.

Criticizing the budget, Rt. Hon. Phillip Snowden described yesterday's budget as not a budget statement but an election manifesto and a bribery budget.

Lloyd George said that disappointment with the budget would grow on examination of it from day to day.

### CONGRESS WAS OPENED MONDAY

Ceremony Took Place at Noon and Galleries of Both Houses Were Crowded

WASHINGTON, April 16.—The seventy-first extra session of Congress called by President Hoover was formally opened yesterday. The galleries of both houses were crowded long before noon when the formal proceedings took place. Mrs. Hoover was in the senate. Part of the proceedings consisted in the swearing in of La Follette of Nebraska, who succeeds his father.

### PRICE OF WHEAT

VANCOUVER, April 16.—The price of wheat here today was \$1.20 1/2.

### PHOTOGRAPHERS AN ANNOYANCE TO J. D. ROCKEFELLER

TARRYTOWN, New York, April 16.—John D. Rockefeller, the ninety year old oil magnate, was prevented from attending divine service Sunday by a group of a dozen cameramen who formed a cordon around the entrance to the building. Not only were there press cameras present but two lorries were drawn up alongside the entrance with sound cameras installed.

On seeing the battery the aged millionaire ordered his limousine to return home.

### HEAD OF POWER CORPN. WRITES APPRECIATION

A. J. Nesbitt Says He Hopes to Come Here in Not Far Distant Future

INTERESTS MUTUAL  
Will Do All Possible to Increase Prosperity of City and District

"Having been advised by our Mr. Pawson that possession of the electric light plant in your city has now been formally assumed by us, on behalf of this company, I hasten to express to you and your citizens the pleasure we feel in this new association, and, at the same time, our very sincere thanks for the confidence you have placed in us," stated a letter from A. J. Nesbitt, president of the Power Corporation of Canada, which was read at last night's meeting of the city council.

"In return, we would like you to feel that, in consideration of the investment which we have and will have to a very much greater extent in the future, that our interest in your city and district at all times will be mutual, and, as the ultimate success of our operations in your city can only be attained through the general prosperity of your community, we shall at all times do everything possible to help the development and prosperity of same."

"A study has already been commenced by our engineering department of your particular requirements which you can expect to see develop into material expression within the very near future.

"In conclusion, I would again like to express our appreciation of the manner in which negotiations of the past few months have been concluded and I sincerely hope that in the not far distant future, I and possibly some of the other directors of this company can have the pleasure of meeting you in person."

### MISSIONARY MURDERED

SHANGHAI, April 16.—The murder of an American missionary at Kuchow is reported here.

### Seattle Airplane Makes First Non-Stop Flight Juneau, Ala., Yesterday

Flight of About 940 Miles Made in Seven Hours 48 Minutes, or Average of About Two Miles a Minute Throughout

JUNEAU, Alaska, April 16.—Pilot C. Eckmann brought his Seattle plane down here at 2:48 yesterday afternoon five minutes after arrival over the city, completing a non-stop flight from Seattle in seven hours 48 minutes. The plane, a Lockheed Vega, with an average cruising speed of 135 miles an hour, averaged on the 940-mile flight approximately two miles a minute. The party, consisting of Pilot Eckmann, Navigator Robert E. Ellis and Mechanic Jack Halleron, left Bryn Mawr aviation field at 7 a. m. and met with bad winds, fog and rainstorms which caused some delay. The flight followed the usual ships' course, the birdmen going slightly out of their way to circle around Prince Rupert and other centres, where the pilot and navigator wished to examine from the air possible landing sites.

The plane will be used in making surveys and also for patrol purposes in these waters.

### CONSERVATIVE MEMBER TOOK HEART ATTACK BALDWIN STOCK IS IMPROVING

OTTAWA, April 16.—The condition of Hon. J. W. Edwards, Conservative of Frontenac-Adelington, who was seized with a heart attack shortly after speaking in the house last night, was reported very slightly improved in hospital this morning.

### GERMANS SAY CANNOT PAY

PARIS, April 16.—Dr. H. Schacht, German reparations expert, told the reparations committee today that the allied reparations annuities proposed on Saturday exceeded the capacity of the Germans to pay.

### MENINGITIS AT KETCHIKAN

Four Passengers From Steamer Alaska Are Being Kept in Strict Isolation

KETCHIKAN, April 16.—The liner Alaska was steaming northward again today, having been released from quarantine placed on the vessel yesterday after four steerage passengers for Ketchikan who had come in contact with a Filipino meningitis germ carrier had been placed in isolation here. Fernando Ferrier, whose presence on the ship led to its quarantine, was kept on board in strict isolation. Ferrier was said to have been in contact with persons suffering from meningitis.

### BIG INCREASE

NEW YORK, April 16.—Granby Consolidated Mining, Smelting & Power Co. Ltd. had a net profit of \$1,522,194 in 1928 equal to \$3.45 a share. Earnings in 1927 were \$96,208 or 21 cents a share.

### HON. J. HINCHCLIFFE

Minister of education in the Tolmie administration who is to tour the province.

### HINCHCLIFFE TO MAKE TOUR

Minister of Education Plans Inquiry Into Taxation Matters

VICTORIA, April 16.—The minister of education, Joshua Hinchcliffe, intends shortly to make a tour of the province, meeting municipal bodies and others interested, and discussing with them the problem connected with the system of school taxation, in an effort to find a way to make it more equitable and satisfactory.

### Captain Kingsford Smith Will Seek for Men Who Are Lost in Airplane Search for Him

SYDNEY, New South Wales, April 16.—Captain Kingsford Smith and C. T. Ulm of the Southern Cross will aid in the search for Lieutenant Keith Anderson and Robert Hitchcock, who have been missing now nine days. They were last sighted at Newcastle waters, in the northern territory, where they refueled while looking for the Southern Cross. However, Kingsford Smith and Ulm are so weakened by starvation that it is believed that another four or five days will have to elapse before they will be able to undertake the labor necessary in getting their plane into the air.

### LIBEL AGAINST SYDNEY PAPER BY SMITH-ULM

LONDON, April 16.—A message from Melbourne to the Exchange Telegraph states that as a result of comments on the disappearance of the Southern Cross, Captain Kingsford Smith and C. T. Ulm have issued writs for alleged libel against the Sydney Daily Guardian claiming 10,000 pounds damages each.

### UNIVERSITY PRESIDENT UNDERGOES OPERATION

NEW YORK, April 16.—Nicholas Murray Butler, president of Columbia university, was operated on yesterday for gall stones.

### Limited Tariff Revision is Urged and Reorganization of Federal Tariff Commission

WASHINGTON, April 16.—President Hoover in a message of unusual brevity and directness recommended to Congress today the creation of a federal farm board with authority and resources to remedy the recurring causes of depression in the agricultural industry. He also recommended limited revision of the tariff with reorganization of the tariff commission.

In the matter of the tariff revision, the president declared the test in the main was whether there had been a substantial slackening of activity in an industry during the past few years and a consequent increase of unemployment due to insurmountable competition in products of that industry.

The president emphasized that no discrimination against any foreign power was involved in equalizing the different costs of production at home and abroad and told Congress that in determining changes in the tariff account must be taken of the broad interests of the country as a whole, adding that such interests include American trade relations with other countries.

The president asserted that seven years experience had proved the principal of flexible tariffs to be practical, but that the basis for administrative changes in rates of duty should be made more automatic and more comprehensive, to the end that the time required for determination by the commission be greatly shortened.

### TAKES OVER GEORGE COPPER AT STEWART

Consolidated Moves Head Office to Trail and Appoints Directors

VICTORIA, April 16.—The Consolidated Mining and Smelting Company at the annual meeting of the George Gold, Copper Company here yesterday removed all the directors of the company with the exception of W. B. George and P. M. Linklater and replaced them with Consolidated officials.

The company ordered the George Company head office closed and removed to Trail where it is to be merged with the head office of the Consolidated, which assumes full control of the George subsidiary.

### AIRSHIP FOR CANADA SOON

LONDON, April 16.—The hope that the huge British airship R-100 will be able to fly to Canada and the R-101 to Egypt and India some time in the autumn was expressed by Sir Samuel Hoare, secretary for aviation, in the house today.

Among the forest rangers who recently qualified by examination were J. Baron, D. R. Smith, W. H. Linron and A. L. T. Amot of Burns Lake.

### JAP HANGED REGINA TODAY

REGINA, April 16.—Ichimatsu Tokumato, Japanese, was hanged at 5 o'clock this morning in the Regina jail for the murder of Mrs. Kura Takato in Moose Jaw last November. In trying to force his attentions on the woman a struggle ensued in which he slashed her with a large knife. She died from the wounds.

### KING TOOK A DRIVE TODAY

BOGNOR, April 16.—The King went for an automobile drive, the first since his illness began last November, accompanied by Queen Mary. He drove a mile and a half to Colbrook House, where he spent some time walking on the grounds.

### Scottish Humor

Imported direct from the Aberdeen Joke Factory

### SUET FOR NOTHING

Aberdeen butcher to lady who has just bought a 1/4 pound of mince: "There's a bit suet to ye for naething, madam."  
Aberdeen lady: "That's rare kind o' ye. I'll no' bother wi' the mince noo."

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

### HUDKINS WON OVER EMANUEL

Nebraska Wildcat Took Seven Out of Ten Rounds From Opponent

LOS ANGELES, April 16.—Ace Hudkins, Nebraska wildcat, last night battered and tore his way to a decisive 10-round victory over Armand Emanuel, youthful San Francisco heavyweight, to prove the fallacy of the age-old adage that a good big man is better than a good little man.

Hudkins won seven rounds, Emanuel one, and two were even.

### LARRY GAINS WAS VICTOR

TORONTO, April 16.—Larry Gains, Canadian heavyweight champion, outclassed George Cook, Australian titleholder, to an easy win in a 10-round bout here last night.

This afternoon's train, due from the east at 3:30, was reported this morning to be on time.

**BABE RUTH WILL BE MARRIED THIS WEEK TO ACTRESS**

NEW YORK, April 16.—George Norman (Babe) Ruth yesterday obtained a license to marry Mrs. Claire Hodgson, aged 26, a New York actress and a widow. It is said that they will be married some day this week.

### AMERICANS WON VS. CANADIENS

Four Thousand People Watched Big Hockey Game Last Night

VANCOUVER, April 16.—In an exhibition hockey game here the New York Americans defeated the Montreal Canadiens with a score of 5 to 3 before 4000 fans. At the end of the second period the Americans had a four-goal lead on their opponents, but in the final session the Montrealers held the New Yorkers from scoring and added two to their own count.

### MACDONALD LEADING MITCHELL BY NARROW MARGIN IN BILLIARDS

Bill Mitchell and Angus Macdonald were in good form last night for the first 250-point session of the 500-point junior individual city billiard champion and at the close of play Macdonald was leading by the narrow margin of 251 to 240 points. A. Murray was referee, J. Hillman was scorer, and C. P. Balagno was marker.

The second and final block between Mitchell and Macdonald will be played tonight.

### FIRST ROUND OF CARPET BOWLING NOW COMPLETED

The first round of the St. Andrew's Society single-handed carpet bowling competition has now been concluded. Bob Cameron beat Bob Stuart and Harry Erskine won over Howard Steen in the outstanding games of the first round. Second round games will now be proceeded with.

### ST. ANDREW'S BOWLING

J. Wason's Rink Beat R. Cameron's Last Night by Score of 21 to 6

J. Watson's rink beat R. Cameron's last night by a score of 21 to 6 in the St. Andrew's Society carpet bowling series. The next game will be Thursday night between J. Frew and J. McLean rinks.

The standing of rinks to date:

	W	D	L	P
E. Dalgarno	5	1	0	11
J. McLean	4	1	1	9
C. Taylor	2	1	3	5
B. Cameron	1	3	2	5
J. Frew	1	2	2	4
J. Watson	3	1	2	4
G. Abbott	2	1	3	5
G. Scott	1	0	5	2

### PERCY WILLIAMS KEEPS HIS SPEED ON RETURN TO THE BOARDS AT MONTREAL LAST-NIGHT AND GIRLS BREAK RECORDS

MONTREAL, April 16.—Percy Williams, the Vancouver Olympic sprint champion, returned to the boards last night and equalled the world's record for 50 yards in winning that event at the indoor track game here. His time was 5 1-5 seconds. Williams nosed out Jimmy Fitzpatrick of Hamilton.

Ethel Catherwood of Saskatoon jumped to a new Canadian indoor record for women when she topped the bar at four feet 11 3-8 inches.

One world's record was broken by Miss Myrtle Cook of Toronto, who won the 50 yards in six seconds flat, breaking the old mark by a fifth of a second.

### PROMINENT FIGURES IN SPORT

Written Especially for the Daily News by the Sports Editor

#### LORD DESBOROUGH, AN ENGLISH SPORTSMAN

Although he has had a political and parliamentary career, William Henry Grenfell, Lord Desborough, first baron of Taplow, is best known for his interest in athletics and is regarded by Englishmen as their ideal of an amateur sportsman. He has been one of the most notable figures in amateur sporting circles in England for upwards of half a century.

A student at Harrow and Oxford, Lord Desborough was one of the best all around athletes of his day. He played cricket; won the Harrow mile in four minutes 36 seconds; rowed in the dead heat varsity boat race of 1877; was a member of the winning Oxford crew over Cambridge the next year; stroked an eight oared boat with sliding seats across

the English Channel; rowed from Oxford to London in one day; swam twice across the pool at Niagara; held the punting championship for three years, and won fame in mountain climbing.

After passing the stage of active competition, Lord Desborough continued his devotion to athletics as a patron of amateur sports and as official leader of organizations promoting them. He served as president of the British Olympic Council and for twenty years was president of the British Lawn Tennis Association.

Lord Desborough was born October 30, 1855. He has been four times a member of the House of Commons and was raised to the peerage in 1905.

### BASEBALL IS WASHED OUT AT OPENING

Rain Everywhere in Eastern States on Opening Day

NEW YORK, April 16.—The entire opening day program of the four major league baseball games in the east was washed out today by the driving rain.

It seemed probable that the western half of the schedule would escape the main attack of the weather man.

### Sport Chat

Football and baseball organization is slow in getting under way in Prince Rupert this year but the annual meeting of the Football Association at least is expected to be called in the near future. Prospects are said to be good for the carrying on of the Old Country game again this season and quite a good deal of talent is reported to be available. The outlook is that there will be at least a three team league, New Empress Club, Thistles and Regiment being mentioned as possible entrants. There is also said to be considerable baseball talent on hand but it is uncertain as yet whether or not Senior ball will be played in 1929 here or be allowed to lapse as it did last year. Two teams could be easily organized but organizations are chary about backing clubs unless there are at least three in the race.

Still in the heavyweight fistic limelight—the Stribblings, "Pa" and W. L. (Young) Stribbling are in New York to talk business with the two chief figures of metropolitan promotion, W. F. ("Big Bill") Carey and W. H. P. (Jack) Dempsey. The boy is ready to fight anybody in the heavyweight division to prove he still is a contender for the title, declared "Pa" Stribbling. "Dempsey already has proposed several opponents for the boy, mentioning Jim Maloney, Otto Von Porat and others, but I have made no definite arrangements."

### BALL PARK IMPOSSIBLE

But City May Be Able to Install Children's Playground at Violet Park

It was stated at last night's council meeting that the city might be able to drain off a piece of Violet Park in Section Seven and provide a playground for children there but that the request of the Section Seven and Eight Ratepayers' Association for a ball park was an impossible one as it would cost thousands of dollars to execute.

Ald. Macdonald, who had examined the site, brought up the playground suggestion. Other arts of the city had been provided for by the Gyro Club.

Mayor McMordie stated that he had arranged with the secretary of the Ratepayers' Association to send in a definite plan but this had not yet come to hand.

Ald. Brown felt that the children of this part of town were not so badly off. Gyro playgrounds at McClymont Park and Seal Cove being available for them.

The council will await a definite proposition from the Section Seven and Eight Ratepayers' Association before taking any further action.

### BROWN BEAR HUNTERS ARE GOING NORTH TO ALASKA PENINSULA

SEWARD, April 16.—The largest Alaskan brown bear hunting expedition ever to leave here will start on April 27, when a party of 24, including hunters and their personnel, will leave on the S.S. Starr for the Alaska peninsula.

### GROGAN RECEIVER COLWOOD RACE TRACK

VICTORIA, April 16.—L. A. Grogan, accountant, has been appointed receiver and manager of the Colwood Park race track, upon application of the Royal Trust Company, trustees, for debenture holders.

### "throat-easy"

says

### Nicolo Cosentino

Famous Canadian Tenor

"I find Buckingham Cigarettes delightful to smoke and easy on my throat."

N. Cosentino

Nicolo Cosentino, who ranks among the great successors of Caruso as a dramatic tenor is a Canadian boy, who once worked in his father's grocery store on McCaul Street, Toronto. During the past few weeks this great singer has been filling concert engagements in several Canadian cities.

### EXTRACTS FROM VICKERS' DIARY—1752

Today, this excellent Gin is gaining favor everywhere, because it still retains that same original high Quality.

"Brother John sends a message that he hath called on many inns, taverns, and hostels at Bath, and he doth wax enthusiastic over the way the gentry have received our worthy product.

This, he doth explain, is a true indication of the popularity and demand for Vickers' London Dry Gin."

The bylaw setting the city mill rate for 1925 at 45 mills was given its initial readings at last night's meeting of the city council.

Fred Lanza appeared before the city council last night to take up certain matters in connection with water service. Mr. Lanza was requested to appear before the board of works.

Union steamer Catala, Capt. E. A. Dickson, returned to port at 11 o'clock this morning from Anyox, Stewart and other northern points of call and will sail this afternoon at 3:30 for the south.

Ald. Dibb inquired at last night's council meeting if the resignation of J. J. Little as superintendent of utilities had been formally accepted. The mayor replied that a letter would shortly go forward to Mr. Little accepting his resignation.

An offer of the Grand Trunk Pacific Development Co. to sell the city Parcel 19, consisting of 309.32 acres, at a price of \$25 per acre was not accepted by the council last night, the finance committee advising that the city was not in a position to accept the offer. The land in question lies along Hays Creek west of McLymont Park and came under discussion recently as a possible extension of the park.

Staff Captain Joseph Acton, divisional commander of the Salvation Army for Alaska and Northern British Columbia, will return to the city on Thursday afternoon from a tour of the central interior and will sail Saturday morning aboard the Princess Alice on his return to his headquarters at Wrangell. During Staff Captain Acton's visit there will be special activities at the local citadel.

A bylaw providing for the purchase by the city of certain lots in connection with trunk sewer construction was finally reconsidered and adopted at last night's council meeting. Ald. Brown inquired if some means could not be devised of disposing of lots which were so purchased by the city. Possibly adjoining property owners would pay taxes if they could use the lots for garden purposes. The finance committee will go into the matter.

Requests of the Prince Rupert Building & Investment Co. and J. A. Kirkpatrick for permission to subdivide property on Fifth Avenue East and at the corner of Tatlow Street and Fifth Avenue West respectively were complied with by the city council last night on recommendation of the Board of Works. Permission must be obtained of the council before any city property can be subdivided it was stated by the city solicitor.

The city council last night received a request from J. A. Belanger that a hump of rock in the street be removed from in front of lot 15, block 25, section 5. Mr. Belanger stated that the rock prevented access to his property except over adjoining lots. The matter was referred to the Board of Works with power to act. Ald. Brown stated that there were innumerable instances of this kind in the city and, personally, he opposed such requests.

A letter from the Canadian Social Hygiene Council inquiring whether the city might be interested in a plan for full public health service in rural districts for which service an appropriation of \$200,000 was being sought from the federal government, was read at last night's council meeting and referred to the finance committee with power to act. The letter referred to the reduction in the death rate that was being brought about as a result of the service.

## HE WAS LIFELESS AND DESPONDENT

But ALL-BRAN made him wide-awake and well—doctor prescribed it

CONSTIPATION ruins hopes, saps strength. Yet thousands of sufferers have found the way to relieve and prevent this disease. Read how this man rid his system of constipation.

"During the three years before ALL-BRAN cured me, I experienced more embarrassing moments than I care to tell of. Being lifeless, dull, lousy and despondent, I could not keep my job. My friends didn't want my company and I was tired of being asked 'What in the world is the matter with you?' 'After spending much money for treatment, I finally found a doctor who advised me to eat ALL-BRAN three times a day. I did this for three months and I didn't need to be told that I looked better. . . I felt better and acted better. . . I am still using ALL-BRAN every morning and have no trouble now whatever.' (Name and address upon request.)"

Guard against constipation by eating Kellogg's ALL-BRAN. ALL-BRAN is guaranteed to prevent it—to relieve it. Just eat two table-spoonfuls daily—chronic cases, with every meal. Far better than habit-forming drugs and pills.

ALL-BRAN is 100% effective. Doctors recommend it because it promotes natural elimination. Serve it with milk or cream. Use it in cooking—muffins, bread, etc. Delicious recipes on the package. Grocers sell it. Restaurants, hotels, dining-cars service it. Made by Kellogg in London, Ontario.

Whist and Cribbage Drive and Dance, Moose Hall, tonight, April 16 at 8 o'clock prompt. Presentation of Cups. Good music. Ten prizes. Refreshments. Gentlemen 75c. Ladies 50c.

A report from the finance committee that lot 76, block 20, section 2, be sold to Roi Barnes for \$200 was adopted by the city council last night. The offer is in excess of charges against the property.

Passengers going south on the steamer Catala today from northern points include: W. J. Crawford, Stewart to Vancouver; Mr. and Mrs. G. A. Bridgeman, Anyox to Vancouver, and Miss Paley, Anyox for Englewood.

Jack Harris, who has been a member of the staff of the local branch of the Canadian Bank of Commerce for the past few years, will sail this afternoon for Vancouver where he will spend a three weeks' vacation before proceeding to Whitehorse, Y. T. to which point he has been transferred in the service of the bank.

Attention Elks! Special meeting tonight at 8:30 prompt. Business—Balloting on and initiation of Candidates. Preparation for probable election of officers at an early date. Will the Elks sponsor Baseball Team? Quite likely! Come up and talk it over. Formation and Drill of Elks' Escort Patrol after meeting.

Funeral Flowers 10c per name.  
Marriage and Engagement announcements \$2.

Rev. W. E. Collison is visiting in Anyox and is expected to return on Thursday of this week.

R. A. Creech returned to the city on the Catala this morning from a brief business trip to Anyox.

Mrs. Annette Stone returned to the city on the Catala this morning from a brief business trip to Anyox.

Bishop G. A. Rix returned to the city on the Catala this morning from a trip to Anyox on ecclesiastical duties.

Mrs. Norman Fraser of Alice Arm is a visitor in the city, having arrived from the north on the Catala this morning.

"Robert H. Merrick" arrived today with a cargo of Nanaimo Wellington Lump Coal for Albert & McCaffery Ltd. Phone 116 and 117.

Father Chamagne O. M. I., Roman Catholic Church priest at Anyox, is a visitor in the city, having arrived from the smelter town on the Catala this morning.

Miss H. Stringer, who has been engaged in missionary work at Port Simpson for some time in a relief capacity, left by yesterday's train on her return to her home in Toronto.

County Court Judge J. N. Ellis of Vancouver will arrive in the city on the Prince George tomorrow morning from the south to conduct a Royal Commission on Thursday into the advisability of permitting the operation of salmon traps in District No. 2.

Passengers disembarking here from the north on the Catala this morning included: J. D. McDougall, A. Strand and J. Nyman, from Stewart; J. Hutchings, B. C. Johnson, R. A. Creech, C. E. Imlson, Bishop G. A. Rix, H. E. Gou-bourne, J. Madson, Nick Kowal, Mrs. Annet Stone, H. Day and Father Chamagne, from Anyox, and Mrs. N. Fraser, from Alice Arm.

W. J. Crawford, head of the well known Stewart transportation company which bears his name, is a passenger aboard the Catala today going south to Vancouver. He will make a trip to Kamloops to buy a string of horses for his Stewart pack trains. On his return north, he will be accompanied home by Mrs. Crawford and little daughter who have been spending the winter in Vancouver.

## LATE JOHN CLARK IS LAID TO REST

Interment in Fairview Cemetery This Afternoon Following Service in Chapel

Friends of the late John Clark, pioneer resident of this city, whose death occurred last week, gathered at the chapel of the B. C. Undertakers this afternoon to pay their last tributes of respect to his memory. The service was conducted by Rev. W. F. Price of First Baptist Church who spoke words of sympathy and respect. Hymns were "Lead Kindly Light" and "Nearer My God to Thee." After the service, interment was made in Fairview Cemetery. Pallbearers were Alexander Duthie, J. L. McIntosh, A. L. Henderson, William Bailey, George Holmes and George Broderius. There were a number of floral tributes.

## HALIBUT BIDS ARE STILL BETTER TODAY

American Fish Receives Up to 14.5c and 8c and Canadian As High As 12.4c and 7c

There was a further slight improvement in halibut bids at the local Fish Exchange this morning when a total of 129,700 pounds were sold. Six American vessels were paid from 13.8c and 7c to 14.5c and 8c for 106,000 pounds while five Canadian boats received 12c and 6c to 12.4c and 7c for 23,700 pounds.

Arrivals and sales:  
American  
Panama, 40,000 pounds, Pacific Fisheries, 13.8c and 8c.  
North, 24,000 pounds, Booth Fisheries, 13.9c and 7c.  
National, 26,000 pounds, Canadian Fish & Cold Storage Co., 14.5c and 7c.  
Reid Amundsen, 8,500 pounds, Canadian Fish & Cold Storage Co., 13.8c and 7c.  
Dalco, 5,000 pounds, Atlin Fisheries, 14.2c and 8c.  
Eastern Point, 2,500 pounds, Atlin Fisheries, 14.4c and 8c.  
Canadian  
P. Dorreen, 3,000 pounds, and M. M. Christopher, 4,500 pounds, Atlin Fisheries, 12c and 6c.  
Rose Spit, 8,000 pounds, Atlin Fisheries, 12c and 7c.  
Inez H., 4,000 pounds, Canadian Fish & Cold Storage Co., 12.3c and 6c.  
D. S. T., 4,200 pounds, Booth Fisheries, 12.4c and 6c.

## ORGANIZER OF UNION HEARD

J. Noble Spoke to Local Electrical Workers at Meeting Last Night

There was a large attendance at a meeting of the local Electrical Workers' Union which was called last night for the purpose of meeting J. Noble of Toronto, official organizer of the union in the Dominion of Canada. Thomas B. Black, president of the local, occupied the chair.

Mr. Noble spoke on conditions of the electrical trade particularly and the building trades generally in Eastern Canada and the United States. He gave the local tradesmen a good deal of information which was much appreciated and urged that this union be represented at the international convention which would be held in September at Miami, Fla. Ald. S. D. Macdonald, as president of the Trades & Labor Council, also addressed the meeting briefly, expressing appreciation at Mr. Noble's visit. Mr. Noble will leave tomorrow morning for the east.

## SHRINE CLUB HAS ENJOYABLE DINNER-DANCE LAST NIGHT

Members of the Prince Rupert Shrine Club entertained their wives and lady friends at an enjoyable dinner dance last night in the Commodore Cafe, about 25 couples being in attendance. Music was furnished by the Premier orchestra.

L. Parker, president of the Shrine Club, welcomed the guests and brief speeches were made by A. E. Bazett-Jones and R. V. G. LePine. There were vocal solos by J. G. Steen and Stanley Smith with Mrs. G. A. Woodland as accompanist. The orchestra also contributed selections during the dinner.

G. H. Munro was in charge of arrangements for the affair. The hall was suitably decorated for the occasion, it being the Shrine Club's annual dinner dance.

## YOUNG PEOPLE MEET AT MISS L. M'RAE'S

The Young People's Society of First United Church held its regular weekly meeting last night at the home of Miss Lois McRae, Fourth Avenue East. George H. Stocks, president, occupied the chair and the feature of the evening was a paper by Miss E. P. Grassie, being the fourth of a series on Chinese missionary work. Miss Grassie dealt with the formation of the Chinese Church since 1925, this church being a development of the former missionary church.

Games were played and refreshments served by the hostess and her mother, Mrs. D. C. McRae. There was a large attendance and the evening proved very enjoyable.

It was decided to postpone next week's social meeting in order to cooperate with a rally of the Baptist Church Fireside Club.

DAILY EDITION Tuesday, April 16, 1929

THE USUAL SYSTEM

The League of Nations Society in Canada has followed in the footsteps of most other organizations. It spends money right and left for everything except newspaper publicity. A circular states that they have sent out 9000 letters to organizations and 12,000 letters to individuals. 9000 posters have been printed and distributed and 28,000 pamphlets have been distributed free of cost and 20,000 leaflets. This all had to be paid for, but the newspapers are asked to do their part free of cost. There is no pay for them.

This seems to be the usual attitude toward the newspapers. It is expected that they support every new movement and do it without reward, while all others who are doing it are paid for their services. We expect that the general secretary of the society under discussion is paid, the sending of the letters is paid for, the printing is all paid for, but the part the newspapers do is not to be paid for.

Gradually the newspapers are closing down on these demands on their space. They are demanding that when any money is spent on printing, part of it shall go to help print the newspaper which gives the publicity. They are refusing to be made the goats for every movement in the country, even the government departments are continually asking them for free space for advertising which should be paid for.

DISARMAMENT

Lack of fair dealing leads to lack of faith. Today the committee dealing with disarmaments is sitting to try to work out a concrete recommendation to make to the League of Nations. The difficulty is that the nations do not trust each other and they have good cause to be suspicious. The changes of front of some of the nations have been so rapid that it is not to be expected their suggestions will be taken offhand. Disarmament and the world court will have to be evolved not adopted. To adopt them is to put on a cloak which may be thrown off at any moment. What is necessary is a steady program of education for the whole world. It has already got a good start.

THE EXODUS

The politicians will be busy during the recess sowing the political field with promises and policies. —News of the World.

WHAT WOULD BE THE BEST MEANS TO  
ADVANCE INTERESTS OF NORTHERN AND  
CENTRAL B. C.? PRIZES ARE OFFERED

The Daily News invites suggestions as to the best means of advancing the interests of northern and central British Columbia. As a recognition of our interest in the subject, we offer three prizes for the best suggestions put forward in a brief newspaper article not to exceed 500 words. First prize, \$5; second prize, a year's subscription to The Daily News; and, third, six months' subscription to the paper.

A school boy or school girl is just as likely to win the prize for this as is a grownup. Write and mail addressed: Contest Editor, The Daily News, Prince Rupert, B.C.

City Council Decides to Call for  
Tenders to Construct Sidewalks  
Business Section, Bylaw Passed

The city council, on recommendation of the board of works, decided last night to call for tenders for the 1929 program of concrete sidewalk construction, which consists of the south side of Third Avenue west of McBride Street, the south side of Second Avenue from McBride Street to Third Street, Third Avenue from Seventh to Eighth Streets, the north side of Second Avenue from Sixth to Seventh Streets and the east side of Seventh Street from Second to Third Avenue. Decision was not reached, however, until after a clash had occurred between Mayor

McMordie and Ald. Prudhomme. The latter spoke in criticism of the recommendation on the ground that it did not go far enough but should also include sewer construction in connection with which he charged incompetence and extravagance.

Ald. Prudhomme did not see how contractors could compete with the city, which had complete equipment for building of concrete sidewalks. With proper management the city should be able to build these walks much cheaper than contractors. He referred to instances where 17 men were falling over themselves unloading tile and where sewer ditches were being dug three feet deeper than necessary and then had to be filled up again.

Make a Test

Ald. Macdonald stated that he had made the suggestion that tenders be called for. He had done so not because he was in favor of the contract system, but because statements had been made that the work was costing the city much more than it should. If the sidewalks could be built much cheaper by contract, Ald. Prudhomme should be satisfied, for his statements would be proven. If the tenders were not much lower than the city figures, then the city would know that it was not far wrong. In any case, he thought that the time had come when Ald. Prudhomme's statements should be tested out and he saw no other way than this of doing it.

Ald. Prudhomme referred to the deficit last year on sewer construction and predicted that there would be a bigger deficit this year. Ditches were being dug too deep, he charged. Pipe was being laid on soft muskeg and there was no cribbing to prevent the ground caving in. In a few years it would cost more to keep sewers in repair than it would to build them. He thought that comparative prices should be obtained on sewer construction.

Wanted to Know

Ald. Brown wanted to know where sewer ditches were being dug too deep. It had been necessary, he stated, to take out dirt in order that a bed might be laid for the pipe. Perhaps that was where Ald. Prudhomme had seen the refilling.

Mayor McMordie felt that Ald. Prudhomme's attitude was really humorous. He had formerly been the great champion of contracts. In the matter of digging sewers too deep, His Worship did not think that Ald. Prudhomme really means to deceive the public but, unfortunately, he does not state the facts. The mayor gave details of how sewer pipe had been laid in order that it might be a lasting job. He had thought that Ald. Prudhomme would favor calling for tenders for sidewalks. The Board of Works had agreed to deliver crushed rock and sand to the work at the same cost as the city engineer now charged and to give contractors the use of the road roller at a fair rental. It seemed reasonable to expect that, if Ald. Prudhomme, was really sincere in his charges of extravagance, he would be able to influence his friends to give tenders at half the present cost. He hoped that they would and that "his friends will prosper and the city flourish as a result."

Ald. Prudhomme defied the mayor to say that he had veer tried to help his friends or intended to do so now. He thought that such a suggestion was most unbecoming on the part of the mayor. He was here to do the best he could for the city as a whole and he was not opposed to calling for tenders. He contended, however, that the city engineer was not competent to carry on his duties.

Mayor McMordie failed to see where 150,000 dollars or even

150,000 cents had been squandered.

In answer to a question by Ald. Collart, Ald. Brown stated that the city engineer would also make a tender. The recommendation was then adopted.

The remainder of last year's concrete sidewalk program will be completed by the city. In explaining this, Mayor McMordie suggested that unemployment might be alleviated in connection with the carrying on of the work.

Bylaws Put Through

Local improvement initiative by-laws covering this year's concrete sidewalk program were put through their final readings.

EVANGELIST SPEAKS  
TO FIRESIDE CLUB

Baptist Church Young People Had Interesting and Largely Attended Meeting

The principal feature of the program at the weekly meeting last night of the Fireside Club of First Baptist Church was an inspiring address by Rev. F. W. Dafoe of Chilliwack on the subject of "Doing Your Best." There was an unusually large attendance and Miss Agnes Dawson, the president, occupied the chair.

Other items on the program included a vocal solo by Vic Houston and a vocal duet by Misses Beulah McKinley and Catherine Mussallem. Refreshments were served under the direction of Miss M. Anderson, Willis Hill, and Ernest Allistone.

MARRIED BY PROXY

Zeeger Deenik, a young Dutchman with a truck farm at Hutonville, Ont., who was married a few days ago to Miss Boz of Freerickword, Holland, the groom at the time being in Montreal and the Atlantic Ocean between them. The arrangements were made by the colonization department of the Canadian National Railways, the proxy marriage being necessary that the bride might comply with regulations. The young woman sailed for Canada immediately after the ceremony.

Accounts for the two weeks ending April 12 totalling \$68,163 were passed for payment by the city council last night.

ENGLISH ARISTOCRACY VIEW INTRICACIES OF CITY DEEP WAR DANCE

Sir William Letts, during a recent tour of South Africa, was guest of honor at a war dance at City Deep, Johannesburg. Here Sir William is seen keenly interested in the exhibition.

 9:00—Old Timers.  
 10:00—Puzet Sound Power & Light Company's "Big Show."  
 12:00—Late news flashes.  
 12:15—Studio program.

## EDITORIAL

### THE INSPECTOR'S VISIT

E. J. Haughton, a most efficient head of a government department, complained in a letter recently published, that we were too severe on the inspector who recently visited Prince Rupert. We looked over the back files and could not see where we had said anything which could be construed as offensive. Mr. Gray was in Prince Rupert only a few days, trying to compress into that time duties which should have taken several weeks. His chief anxiety seemed to be to get away.

What we contend again is that one of the four inspectors in the province should be located in northern or central British Columbia and devote his whole energies to helping the radio fans in those sections. The very fact that we are working under difficulties should entitle us to greater consideration.

It is because we are neglected, ignored, and looked upon as of no account that people in the north are talking of taking the extreme step of asking for the formation of a new province where they may manage their own affairs in their own way.

## RECEPTION WAS FAIR LATELY

### But Not Quite So Good Since Cold Spell Broke Up Here

During the past week radio reception has been fair. As long as the cold weather kept up it was good. One night Colonel Nicholls reported hearing New York and a good many far-away stations were heard by many here. With the breaking of the weather, the local reception was not so good. Saturday night there was a good deal of noise but later in the evening the reception cleared a good deal. Sunday night the big stations were heard but not much was picked up after they closed at eleven.

Some local fans were disappointed at not getting Sir Rabin-dranath Tagore at Vancouver or T. D. Pattullo at Victoria but this was to be expected. The stations are not sufficiently powerful. If there was a big national station near Vancouver, it would be easy enough to get these events.

## TELEVISION IS NOT READY FOR GENERAL USE

LONDON, April 16.—For an hour and a half every day, with the exception of Sundays, the British Broadcasting Company have been transmitting, during the past three months, wireless pictures on the Fultograph system. They are merely static representations and do no more than what several of the national dailies—notably the Scotsman—are already doing as a regular feature: convey photographs by wireless. What the radio world is looking for is television. The British pioneer enterprise, in which a considerable amount of capital has been invested, is the Baird Television Company, and much uninformed indignation has recently been expressed at the refusal of the B. B. C. to give the Baird system a trial. As a result of pressure brought to bear on the postmaster-general, a secret demonstration of the system under the B. B. C. auspices was given a few weeks ago before a few representative members of the house of commons. The test took place from 2 L. O. The London transmitting station of the B. B. C. in Savoy Hill, while a television receiving apparatus was installed in a room at the general post office. The result seems to have been a general agreement that the system was still in the experimental stage and not sufficiently advanced for public adoption. So the London radio fan must wait a little longer before he can sit down to breakfast, and see the sun setting over Prince Rupert harbor.

## The Letter Box

### SHORT WAVE EXPERIMENTS

Savory, B.C., April 9, 1929  
 Editor, Daily News:—

Further to my letter of the 7th ulto, re short wave stations received here, the following information may interest some of your patrons. In my experimenting with a portable short wave 3 tube receiver, equipped in a closed car, and my own station VE5GN operating on a wave length of 85 meters, speech was received at considerable distance considering the low power used. Upon changing the receivers coil to cover 20-48 meters the Westinghouse station of KDKA, Pittsburgh on 25 meters and WGY of the General Electric at Schenectady on 31, were very strong, although I was only using headphones on these tests, a loud speaker would have been advantageous. Also numerous code stations on all bands were received including AGB, Berlin and time signals from Arlington (37 meters). In these experiments the ground connection was left blank, the frame of the car being connected to aerial post. Grid coupling was used two 5c pieces 1/2 in. apart forming the necessary condenser, later a 50 foot wire laid on the ground and connected as above, gave a 200 per cent increase in signal strength.

In these tests the frame of car was tried connected as a ground (or counterpoise at least), but signals dropped considerably, so in future it will be omitted.

I have no doubt in saying that the higher frequencies have greater carrying power than the ordinary broadcast bands. Also I made tests from my transmitter on 175 meters to the car, but these were not so satisfactory, as also the ordinary broadcast stations.

K. M. RAYNER.

### FOUND OUT

Anxious Wife (to husband who is looking very disconsolate):  
 "What's wrong wi' ye, Tam?"  
 "Tam: 'I've telt a lie!'"  
 Wife: "Hoots, man, ye've telt many a lie in yer lifetime!"  
 Tam: "Aye, but I've been found out this time."

## STATE FESTIVAL QUEEN

Harriet Towsley, "Miss Indiana," queen of the festival of States, which was staged recently at St. Petersburg, Fla., and selection made from a large group of beauties.

## BROADCASTS FOR FISHERMEN

HALIFAX, N.S., April 16.—The broadcasting service inaugurated last year by the department of marine and fisheries for the benefit of the fishing fleet and others interested in the industry was resumed this year on April 2 and will be continued throughout the season.

The service, broadcast daily from the Halifax lightship at 8 a.m. and 1:30 p.m., and from the Marconi station at Louisburg at 4 a.m. and 1 p.m., is collected and compiled at the Halifax office of the eastern fisheries division, department of marine and fisheries. Practically all of the fishing vessels are now equipped with receiving sets, and the service this year is expected to be even more popular than before.

The features broadcast are: Weather reports; Reports from the Magdalen islands, Canso, Port Hawkenbury, Queensport, Port Hood, North Sydney, Halifax, Lunenburg, Liverpool, Lockeport, Shelburne and Yarmouth, showing the quantity of fresh and frozen bait available as well as ice conditions. Local prices for dried fish and slack salted fish, including, when possible, Boston and Gloucester quotations.

News items covering catches of vessels arriving from the Grand Banks. Outstanding fishery incidents. Urgent information regarding fishermen's families.

## UNIVERSITY BROADCASTING

WOLFVILLE, N.S., April 16.—A 100-watt Marconi broadcasting station, the first of its kind in eastern Canada, has been installed at Acadia University for the dissemination of fine arts program, plays, basketball and football games, and college activities in general. The station covers most of the province and may be succeeded by a larger station covering the eastern part of the Dominion.

## GARBAGE COLLECTION TENDERS ARE CALLED

Ald. Prudhomme Criticizes Recommendation Along This Line From Board of Works

On recommendation of the Board of Works, the city council decided last night to call for tenders either separately or jointly for garbage and nightsoil collection from May 1, 1929, to January 31, 1930.

Ald. Brown explained that the recommendation was along the line of suggestions made at a recent meeting of the council. Personally, he was not in favor of the contract system as a general rule but, in view of recent talk that city services were costing more than they should, he was willing to try the system out. It was likely that a considerable

amount of money could be saved the city.

Ald. Prudhomme did not see where much could be saved in the matter of nightsoil collection which had cost the city only \$4,224.38 last year, two men being employed. The service was now being carried out without any trouble whatsoever. Garbage collection cost last year was put down at \$7,326.46 but, in view of the fact that only two men were employed most of the time in this work, he did not see why the cost should have been more than \$4,500. Perhaps other work such as street cleaning had been charged to garbage collection.

Ald. Brown stated that, owing to sewer system extensions, the city would gradually have less nightsoil to collect. In any case it was not necessary to accept any tender if it was not satisfactory.

Ald. Dibb was surprised to hear Ald. Prudhomme taking a stand against contracts. He saw no harm in calling for bids. Mayor McMordie agreed with Ald. Dibb and stated that if the cost were lower he would certainly be in favor of letting a contract.

## EDMONTON PLANS TO RESTRICT BILLBOARDS

EDMONTON, April 16.—As a result of protests from residents, it is proposed to restrict billboard advertising in this city, particularly in the residential districts, where it is unsightly and a nuisance.

## Cheaper "B" Power

Here is a new development in Radio "B" Batteries. It marks an entirely new conception in radio "B" battery long life and economy. A "B" Battery, unlike any other you have ever used. Layer-building packs more active materials in a given area, and makes those materials produce more electricity than is possible in "B" Batteries of any other construction. Only Eveready makes the Layerbilt. Your radio dealer sells it. Use it for economy.

THAT'S how Elijah Snicksnack feels—stuck outside a window, with "King's Choice" Chocolate Bars before his nose, and not a nickel in his pocket to buy one. But "King's Choice" Bars are within your means. Refreshing, satisfying, delicious! A new confection that touches the right spot! Made of fresh cocoanut and fresh pineapple, dipped in butterscotch and coated with milk chocolate.

# News of the Mines

**AROUND PRINCE RUPERT**  
**Silver Cup Mill to Be Soon Running Again; Independence Tunnel Strikes Vein; Premier Report on Porter Idaho, Prosperity and Silverado**

A breakdown in the Silver Cup mill, near Hazelton, has caused a temporary cessation of operations recently. Repair parts are being obtained from Vancouver and are expected to arrive at the end of this week. This will allow the plant to get under operation sooner than if material had to have been brought from further abroad. Work at the camp is progressing very favorably and it will not be long before the mill resumes operations and commences a steady production of ore for shipment.

News of good progress is received from the Topley Richfield mine, where extensive development is under way. The drift tunnel on the 200-foot level is getting on well and a cross-cut from it is reported to have struck an entirely new body of ore.

The tunnel of the Independence mine at Stewart last week struck the big vein toward which it has been driving all winter. Fine looking samples of ore brought into Stewart by Jack Fitzgerald, superintendent, are in two classes—one showing a solid chalcopryrite and pyrite and zinc-lead that looks like shipping ore. Values, however, cannot be ascertained until assays have been made. The strike was made at a depth of over 600 feet on the ore. The tunnel was run 525 feet and then a 63-foot cross-cut entered the footwall of the vein. This cross-cut was continued and 12 feet of ore was penetrated without reaching the hanging wall. Diamond drilling last year proved the continuity of this vein for 620 feet beyond the point where it is now encountered. The property is gradually progressing toward the status of a producing mine.

A large shipment of machinery and equipment for the George Enterprise property has arrived at Stewart. It included an air compressor and parts, an up-to-date steel sharpener and an ore car.

Ernest Armstrong is making excellent headway with the packing of machinery and supplies for the Mountain Boy property, upon which development work is about to be resumed.

Operations are still being carried on by hand at the property of the Georgia River Gold Mines, Ltd., in Portland Canal, and good progress is being made. Since encountering the southwest vein at a depth of 140 feet, the tunnel has been turned to drive on that vein to the north. So far the drift has been advanced on the vein for a distance of 70 feet and the vein throughout continues its characteristics of width and value. It cannot be said yet what the average values may be, except that they are almost entirely in gold and are well above the working average expected. The plant to be erected this summer on the property will consist of two 38 h.p. gas engines and two 220-foot compressors. It is probable that this will be increased by an auxiliary hydro-electric unit. Good progress is being made by the Crawford Transfer Co. in freighting supplies to the mine. Facilities have been put in at the beach to aid in the handling of supplies.

The Stewart Board of Trade has asked the provincial department of mines for assistance toward the expenses of a resident customs assayer there. The request is now

receiving the consideration of the minister, Hon. W. A. McKenzie. The department of mines has made a grant of \$100 to the Stewart board in connection with the formation of a branch there of the British Columbia Chamber of Mines.

The Premier Gold Mining Co. expects to resume construction of the tramway at Stewart to the Porter-Idaho and Prosperity properties in June and the probability is that it will be completed and operating some time this fall. It will have a length of five and one-half miles, built in two legs nearly at right angles. The upper leg covers some difficult ground and also crosses a glacier by a long span. In its annual report on the Porter-Idaho, Prosperity and Silverado properties, the Premier Co. announces that "on the Prosperity group underground development aggregating 2425 feet was done during 1924. Three veins varying in width from one to three feet were found by this work and two of them drifted upon for considerable distances. The results so far have been only moderately favorable, because the ore occurs in short shoots of 20 to 150 feet in length separated by barren stretches of considerable length. However, the ore itself is of good grade, ranging from 20 ounces of silver per ton to over 100 ounces, so that even a moderate tonnage will represent a substantial total value. No tonnage estimates can be made at this time because merely drifting has been done and no raises put up. Nor is it advisable to put many raises in the ore until the tramway is operating as the ore storage otherwise on a steep mountainside is difficult. On the Porter-Idaho only 850 feet of underground work was done in 1924 as nearly all the men available were put on construction work. Here also, as in the Prosperity group, the ore tends to occur in relatively short shoots and in the Porter-Idaho the values tend to diminish rather rapidly at depth. However, it is too early as yet to express a conclusive opinion on these matters and more information will be gained by further work. Ore production from both Porter-Idaho and Prosperity will start when the aerial tramway is completed. On the Silverado, a cross-cut tunnel was started last summer. This tunnel was driven 412 feet during 1924 and when about 360 feet further it should cut the first of veins shown on the surface at a depth of about 500 feet. This is a greater depth than is desirable for the first tunnel but the location chosen was the highest from which a tunnel could be safely driven." Since the issuance of the Premier report there have been persistent rumors at Stewart of a big strike on the Prosperity.

Forty local business men gathered last Monday evening in the Omicra Hotel at a banquet in honor of John Yool, manager of the local branch of the Royal Bank of Canada for five years, who has been transferred to Mission. Walter N. Campbell acted as toastmaster and the presentation of a handsome club bag to Mr. Yool was made by A. M. Ruddy. Other speakers included Sidney Godwin, P. L. Mulville, Hugh J. Macdonald and C. R. McLeod, the latter being Mr. Yool's successor here.

## District News

### BURNS LAKE

Hobart Parrott has filed a pre-emption on the southerly slope of Colleymount and is now building a home there.

Mrs. R. C. Walker left last Thursday for Hazelton hospital, where she will undergo an operation.

Forty local business men gathered last Monday evening in the Omicra Hotel at a banquet in honor of John Yool, manager of the local branch of the Royal Bank of Canada for five years, who has been transferred to Mission. Walter N. Campbell acted as toastmaster and the presentation of a handsome club bag to Mr. Yool was made by A. M. Ruddy. Other speakers included Sidney Godwin, P. L. Mulville, Hugh J. Macdonald and C. R. McLeod, the latter being Mr. Yool's successor here.

R. E. Allen, district forester, was a visitor in this district last week, accompanied by A. C. Waddington, the new fire inspector.

I. Martin of the forest branch is moving his headquarters from Houston to Smithers.

A petition is to be circulated in this district asking for the reinstatement of Keneth Warner as road foreman.

Donald Smith and Richard O'Hara were successful in the examinations for assistant forest rangers which were held here recently.

Hon. R. H. Pooley, attorney-general, has informed the local Board of Trade that there should

Prince Rupert to Belleville, Ont., where Mr. Perry is now located, are visiting here with Mrs. Perry's parents, Mr. and Mrs. James Clark.

Alex Sideris returned last week from a trip to the Babine country.

### VANDERHOOF

The Nechako Creamery was reopened yesterday by P. Burns Co. Ltd., with A. J. Anderson of Edmonton in charge. Mrs. Anderson has arrived here from Edmonton to join her husband.

Messrs. Taylor Bros. have purchased a quarter of section of land near here.

Hon. R. H. Pooley, attorney-general, has informed the local Board of Trade that there should

be no difficulty in changing the name of the town of Vanderhoof to Nechako as has been suggested.

J. W. H. Day, William J. Bowman and William J. Rimes, as lay readers, are conducting services of the Church of England here regularly.

John Hunt has returned home from Carbon, Alta., where he spent the winter months.

Large quantities of ties are being hauled into town just now, practically all the trucks available being busy on the job.

Taylor Bros. have started the construction of a new garage here at the corner of Stewart and Burrard Avenue.

Fergus Park, Nulki Lake rancher, has been ill for several weeks.

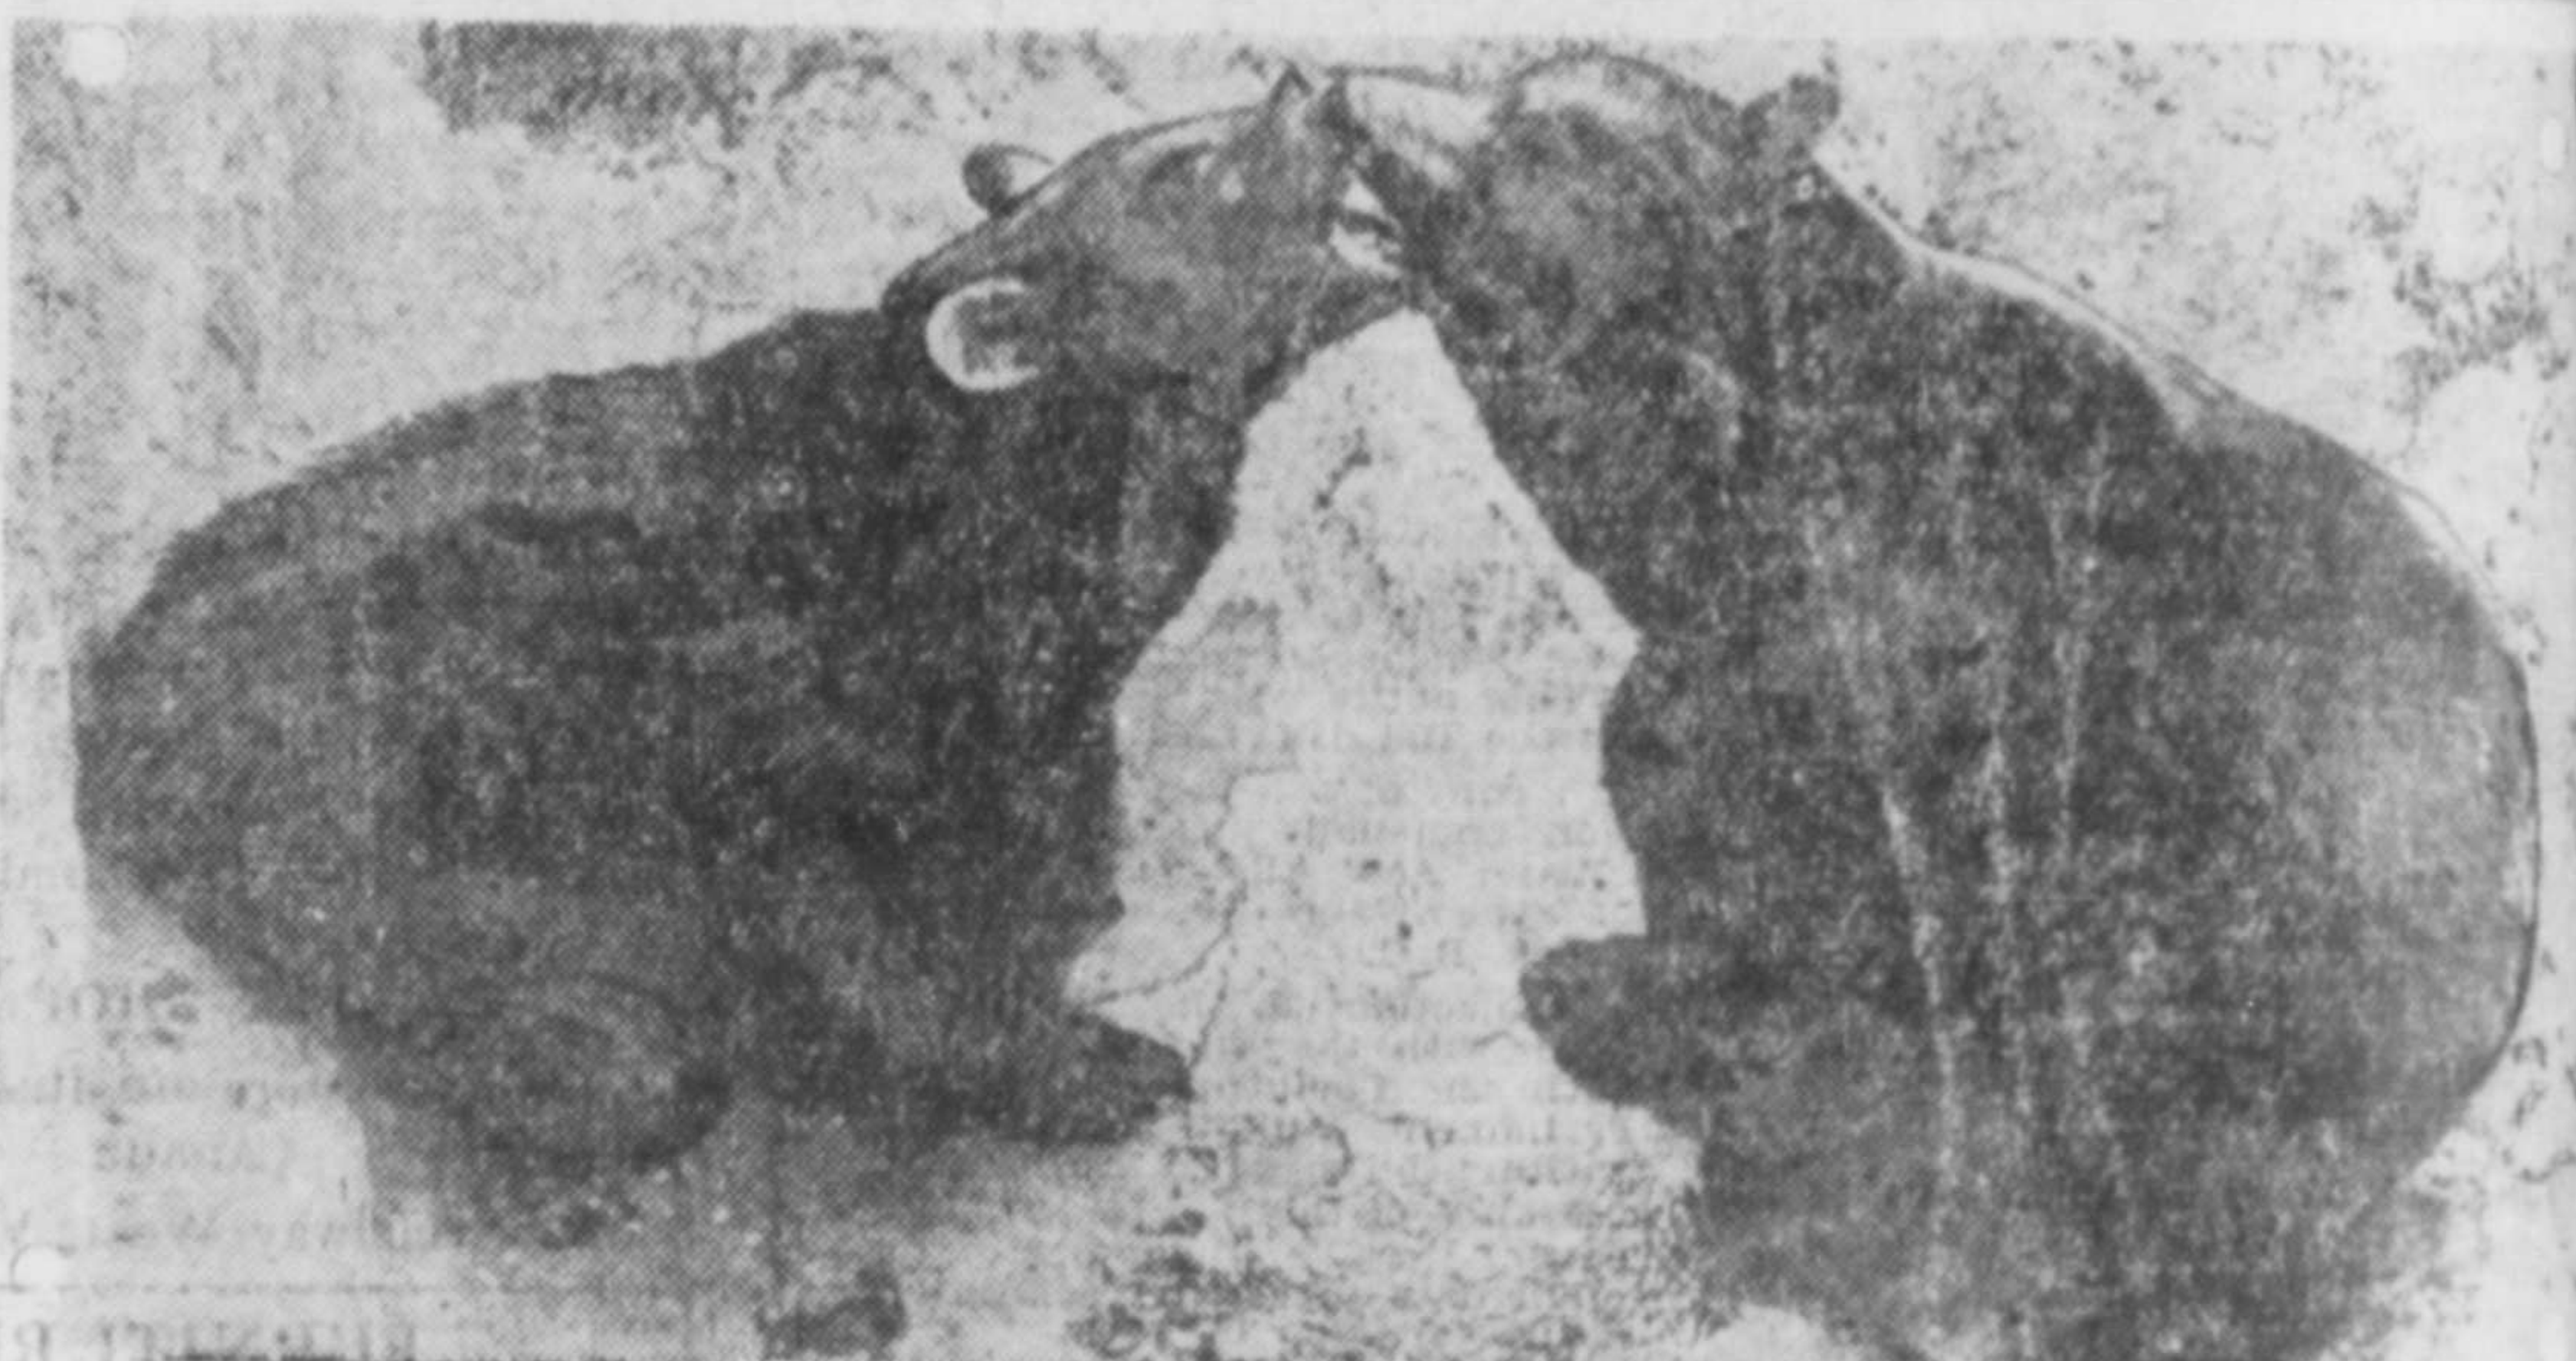

Dr. Roscoe Day of San Francisco will make another trip this summer to Stuart Lake, where he owns one of the islands.

Building and contents of the home of K. Nikk of Fort St. James were completely destroyed by fire last Wednesday morning.

Ben McClelland and his brother of Milestone, Saskatchewan, have arrived here and taken up a quarter section of land north of the Nechako river. They will reside on the Copper place.

**LADY HEATH TO BECOME ENGINE SALESWOMAN**  
 The distinguished aviatrix is learning all about aeroplane engines and will tour United States selling them for the American Engine Co.

**SPRING IS HERE AND BEARS ARE OUT**  
 Bruin is hungry when he comes out of his hole after living on his own fat during the winter months, and is also quarrelsome.

## A FEW FACTS ABOUT PRINCE RUPERT

- Prince Rupert is:**
- The terminus of the Canadian National Railway.
  - The central administrative point for the whole of central and northern British Columbia.
  - The nearest point in British Columbia to the Orient.
  - The centre of the halibut and salmon fishing business.
  - The centre of an extensive mining and lumbering district.

- Prince Rupert has:**
- One of the finest harbors in the world.
  - The largest fresh halibut business in the world.
  - The largest fish cold storage plant in the world.
  - A large, strictly modern drydock and shipbuilding plant.
  - A grain elevator leased to the Alberta Wheat Pool with capacity of 1,250,000 bushels.
  - A large, modern ocean dock.
  - A new modern lumber mill, planing and shingle mills and box factory with capacity output of 60,000 board feet daily.
  - Fish reduction plant.
  - A new mill at Porpoise Harbor and another building alongside it seven miles from the city.
  - Railway shops employing about 75 men.
  - Several ship sheds for building and repairing small craft.
  - Provincial government district offices and court house.
  - Dominion government fisheries, customs, and other offices.
  - Marine department central station.
  - Dominion government wireless station.
  - Canadian National district offices.
  - Dominion fisheries experimental station.
  - B. C. Packers district offices.
  - Consolidated Mining & Smelting district assay office.
  - P. Burns Co., Ltd., modern abattoir.
  - Several docks and wharves used by coasting vessels.
  - Number of fish houses doing an export business.
  - About twenty salmon canneries in the neighborhood.
  - Several fishery supply and shipchandler establishments.
  - Several wholesale houses doing a large business in the district.
  - Fine modern retail stores.
  - Good steamship services to Alaska and south to Vancouver and Victoria and west to the Queen Charlotte Islands.
  - Three large oil and gasoline distribution stations.
  - Good hotels and restaurants.

- Prince Rupert has:**
- Modern high school with first year university classes.
  - Four public schools with over thirty teachers.
  - Seven churches representing the most important denominations.
  - Paved streets and concrete sidewalks in the business section.
  - Well kept gardens and pretty residences.
  - Number of clubs and fraternal organizations.

- Prince Rupert has:**
- No severe cold in winter.
  - No extreme heat in summer.
  - No mosquitos or other insect pests.
  - Great opportunities for boating, fishing and hunting.
  - Fewer climatic or other disadvantages than most places in Canada.
  - A harbor that never freezes.

**The true purpose of a Budget**

EVERY year you spend a large proportion of the money you get. So much for clothing. So much for shoes. So much for things to eat—for house furnishings, books and what not.

Here is the way to get the most for your money.

Keep a budget. Decide what you can afford to spend for each item, and hold yourself within this amount.

Then—to get the most for your budget money read advertisements carefully. The advertisements you read tell you what is newest and best. They give you the latest ideas and improvements. They help you to get more from each dollar you have apportioned in your budget—and so live better and dress better with the same income.

The true purpose of a budget is to enable you to spend wisely—and only by careful reading of advertising can you hope to accomplish this result.

**Read advertising regularly. It points the way to better living.**

Man in the Moon

Have courage my boy to say "no," even when asked to buy entertainment tickets.

In order to avoid violating the Volstead Act a good many people in the United States buy sweet cider and let the cider stand so that it does the violating.

Jake says it is difficult to get hotel service combined with a home atmosphere.

We shall all be able to imitate President Hoover. He goes fishing in the holidays.

There are things it is lawful to lie about. You may lie about the speed of your boat, the distance your radio will pick up stations, the way your baby behaves, or the manner in which your wife cooks. Satan has given a dispensation for all these subjects.

An optimist is one who expects flowers as fine as those pictured in the seed catalogue.

Hen pecked men do not really live longer than others. It seems longer.

If women could only control their tongues as well as they do their husbands, how much better this world would be.

Ten Years Ago in Prince Rupert

April 16, 1919

Capt. John McGregor of Terrace, who won the Victoria Cross for valorous service in France, arrived in the city this morning from overseas.

Two girl attendants in a local soft drink parlor were each sentenced to six months' imprisonment in Okalla by Judge Young this afternoon for robbing a fisherman of \$200.

A. J. Kelch, owner of the Old Hickory mine near Usk, arrived in the city today after having spent the winter in California.

WATER NOTICE

Diversion and Use

TAKE NOTICE that Alfred H. Bryant, whose address is 609 Bank of Nova Scotia Building, Vancouver, B.C., will apply for a license to take and use one thousand miners inches or 28 c. f. s. of water out of Buck Gulch Creek which flows northerly and drains into Dease Creek about eight miles from Dease Lake.

The water will be diverted from the stream at a point about three-quarters of a mile from Dease Creek and will be used for hydraulic mining purposes upon the mine described as Ready Money Lease, Sunrise Lease No. 103 and Creek Claims Daisy and May seasons.

Water to be diverted from Buck Gulch at a point at lower end of canyon of said creek and carried by ditch and flumes over benches to point of use.

This notice was posted on the ground on the 21st day of December, 1928.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Telegraph Creek, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is March 11, 1929.

**CITY COUNCIL OPPOSES TRAPS**

Mayor McMordie and Ald. Rudderham to Appear Before Royal Commission

On recommendation of its fisheries committee, the city council last night passed a resolution recording itself as being opposed to the granting of any right to instal fish traps in the waters of Northern B. C. Mayor McMordie appointed Ald. G. W. Rudderham, chairman of the fisheries committee, to appear before the Royal Commission of Judge J. N. Ellis of Vancouver this week to voice the city's opposition to fish traps. The mayor will also appear before the Royal Commission. The resolution was passed unanimously by the council.

Ald. Brown, in moving adoption of the recommendation in the absence of Ald. Rudderham through illness, stated that resolutions from a number of organizations in the city and in the district opposing fish traps had been received and the matter had been thoroughly discussed. It was felt that in the best interests of all the council should go on record as being opposed to traps.

Ald. Macdonald, in seconding the resolution, suggested that the mayor should also attend the Commission.

**VANCOUVER SIDEWALKS SUBJECT OF LETTERS**

Ald. Prudhomme and Mayor McMordie Claim Varying Costs of Concrete Work in South

Ald. Prudhomme stated at last night's council meeting that he was in receipt of figures from the city engineer of Vancouver stating that concrete sidewalks were laid there at from 15c to 15 1-2c per square foot, including fine grading. The mayor had questioned his statements along this line at a previous meeting.

Mayor McMordie stated that he, too, had received a communication from the city engineer of Vancouver which supported his contentions. This letter, his worship said, would be read at the next meeting of the council.

**OFFER OF SCHOOL BOARD IS REJECTED**

Would Lop Off Extraordinary Estimate if Council Guaranteed Repairs and Extensions

There was an echo at last night's council meeting of the criticisms lodged two weeks ago by the city fathers at the school board for its failure to cooperate in the matter of bringing about a reduction of estimates this year. A letter from the board stated that it was willing to drop the sum of \$3,500 from its extraordinary estimates if the city would guarantee any money that might be required for repairs and extensions during the year.

A report from City Treasurer D. J. Matheson stated that instead of a \$2,500 surplus which the school board claimed for last year it had actually a large deficit on the basis of uncollected taxes amounting to \$8,500.

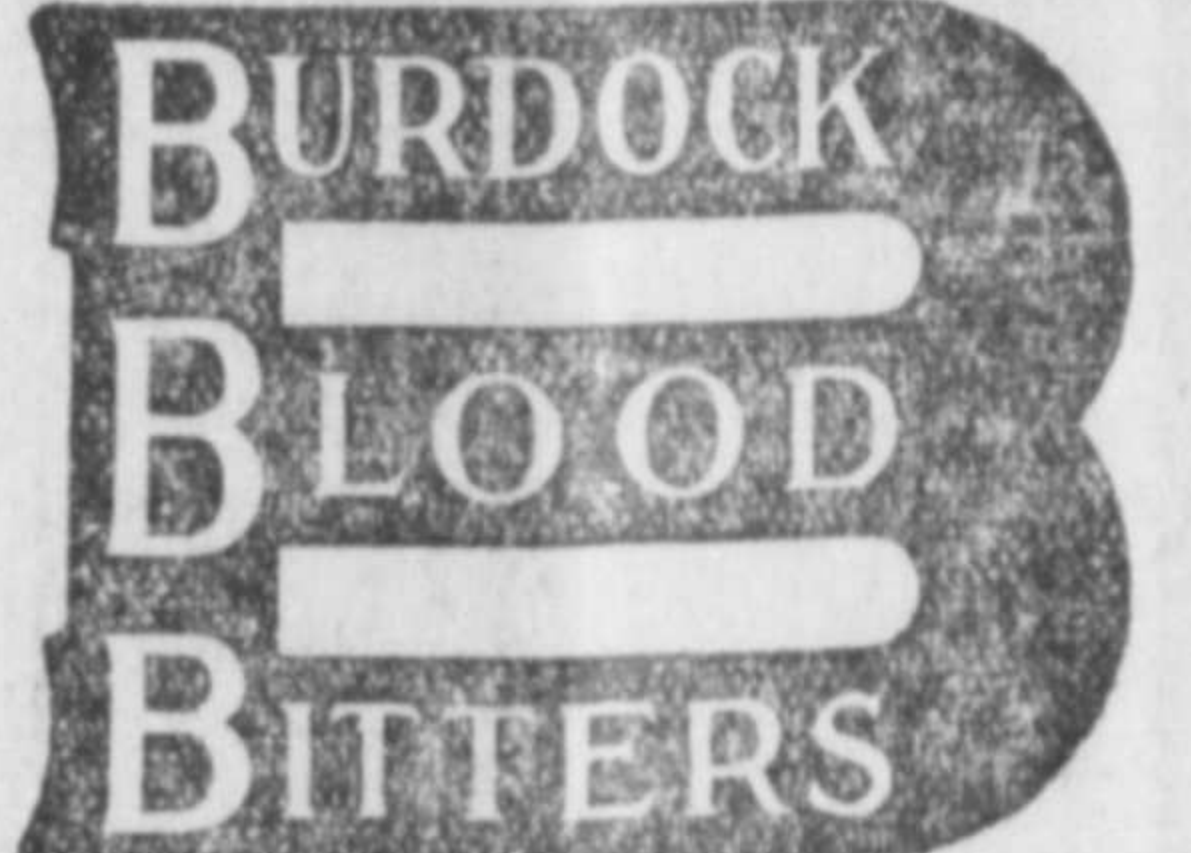

The proposal of the school board meant nothing but a cart blanche to spend what it wished, Mayor McMordie felt. He suggested that the letter be filed.

Ald. Macdonald attempted to pour oil on troubled waters by expressing the opinion that the school board had endeavored as far as possible to meet the wishes of the council.

On motion of Ald. Brown, seconded by Ald. Orme, the letter was filed.

**Was Tortured With Eczema For Years**

Mrs. George Shambler, 119 Creighton St., Halifax, N.S., writes:—"After being tortured with eczema, for years, and trying everything possible from doctors and drug stores, a friend recommended me to take

I sent my husband to get me a bottle, and after I had taken it I noticed the cooling of my blood, so he advised me to continue, and after taking several bottles I can truly say it is a wonderful medicine."  
Manufactured only by The T. Milburn Co., Ltd., Toronto, Ont.

**IMPROMPTU PROGRAM AT SALVATION ARMY**

Large Attendance Last Night at Weekly Meeting of Young People's Legion

After regular business had been disposed of, an impromptu program was given at the meeting last night of the Young People's Legion of the Salvation Army, President George Almon in the chair. Items on the program included a humorous talk by Adjutant William Kerr, reading by Frank Pierce, vocal solo by Capt. E. Anderson, recitations by Mrs. Kerr, Ted Harmon and Evelyn Pierce, and vocal duets by Dolly and Annie Smith and Jack Mowatt and Ed. Kane. Accompaniments were played on the autoharp by Capt. Anderson.

Playing of games and serving of refreshments brought the evening's proceedings to a close. There was a good attendance.

On recommendation of the finance committee, the city council last night recommended that tax sale lot 21, block 12, section 1, be allotted to the Northern B.C. Agricultural and Industrial Association. The lot will be raffled in connection with sale of Exhibition membership tickets. It is situated on Second Avenue near the Edge paint shop.

**Public Notice**

Public notice is hereby given that I have been appointed a commissioner by the Minister of Marine and Fisheries of Canada to investigate and report upon whether or not it is in the public interest that trap nets for the capture of salmon should be authorized in the area in British Columbia that is adjacent to the northern boundary line between Canada and the United States.

A meeting of the commission will be held at Prince Rupert on Thursday, the 18th day of April next, at the Moose Hall, commencing at 10 o'clock in the morning.

All persons interested and who wish to give evidence relating to the matter so referred to me are hereby notified of the above sitting.

Dated this 4th day of April, 1929.

(Signed)  
J. N. ELLIS,  
Commissioner.

**"THE CRASH" IS SPLENDID FILM**

Milton Sills and Thelma Todd in Dramatic Railroad Picture

Milton Sills upheld his reputation as one of the screen's outstanding dramatic actors in his portrayal of a railroad wrecking crew boss in "The Crash" which opened last night at the Capitol. Thelma Todd, as the show girl, also gave a perfect performance. Miss Todd's acting in fact is deserving of more than special mention. Unaffected, a charming personality, and most attractive features, she made a real "hit" with last night's Capitol audience, and her return to the local screen in the near future will be greatly welcomed.

Between shows the Capitoliens gave special musical numbers on the stage, in their usual fin style.

The big show will be repeated tonight.

What does this cup tell you?

**MALKIN'S BEST**

**MALKIN'S BEST TEA**  
The Quality Blend

SIGNS in this cup read: BEAR, five months travel; ANCHOR, lucky in love; MUSHROOM, a quarrel; WEIGHING SCALES, a low rival; KANGAROO, a business rival; HARE, an absent friend will return. Remember the signs and watch your Malkin's Best cup.
