Big Bay Lumber Co. Looking Forward to Season of Activity

Additions to Mill Make It Able to Do More Effective Work; Logs Coming From Queen Charlotte Islands

After having been closed down for six weeks for overhaul and new installations, the Big Bay Lumber Co.'s sawmill at Seal Cove, Prince Rupert, is now in full operation again with an output of between 50,000 and 60,000 feet a day. George McAfee, the manager, who with H. R. McMillan of Vancouver is owner of the mill, is looking forward to an active year, during which, he states, it is expected to saw probably fourteen million feet of logs. As a result of the improvement work that was accomplished during the recent shutdown, the mill is now fully established on a permanent and up-to-date basis. This, in addition to the fine record that has been made by the Big Bay Lumber Co. during the past decade as a steady operator, should make this industry a consistently valuable one to Prince Rupert in the years to come.

TENDERING ON BARGE AND TUG

Local Dry Dock Invited to Figure on Craft For Okanagan Lake Service

The Prince Rupert Dry Dock and Shipyard has been invited to tender on the building of a 185-foot steel car barge with capacity of eight cars and a 90-foot steam tug for service of the Canadian National Railways on Okanagan Lake out of Kelowna. Two or three years ago the local yard built a lake boat for service between Kelowna and Penticon.

The local yard will be handicapped in obtaining the new job, which would be a large one, by the fact that it will have to cover in its bid the cost of shipping the barge and tug to Kelowna in knockdown form. This will amount to several thousand dollars to the disadvantage of the local yard in comparison with Vancouver.

PROMOTED TO POST OF COLLECTOR FOR PROVINCIAL GOVT.

H. Mahaffey of the local government agent's office has been promoted to the position of provincial collector at Smithers and will leave tomorrow for the interior to assume his new duties. He and Mrs. Mahaffey have become very popular among many friends in the city and their departure will be regretted. Mr. Mahaffey, in addition to other activities, has been secretary of the Loyal Orange lodge.

MYSTERY TODAY LONDON POLICE

London Seething With Another Scotland Yard Sensation

LONDON, April 12.—A new Scotland Yard sensation, the nature of which is highly mysterious, was seething in London today. It was reported that serious allegations have been made against certain officers of the special political branch which among other things supervises aliens in England.

DISCUSSION OF NEW PROVINCE IN TERRACE SOON
TERRACE, April 12.—Terrace is to prepare for the meeting of the Associated Board of Trade at Prince Rupert on June 27 and 28 by holding a discussion on the proposal to form a new province for Northern and Central British Columbia at the June meeting of their Board of Trade council. This was decided at the general meeting here this week. Any member of the board will be welcomed at the meeting and invited to express his views.

OVER MILLION IS OPERATING LOSS ON SHIPS

Canadian Government Merchant Marine Has a Poor Year

OTTAWA, April 12.—The Canadian Government Merchant Marine, now the Canadian National Steamships Limited, had an operating loss in 1928 of \$1,209,083 as compared with \$720,735 in the previous year according to the annual report tabled in the House yesterday.

Operating expenses were reduced \$633,106 but this did not meet the shrinkage in revenues. "Generally speaking," says the report, "the adverse showing was due to a reduction in rates, due to increased competition on certain routes, as well as to a strike at Antwerp during the summer months and the continued reduced buying power in South Wales. Owing to these unfavorable conditions, comparison of actual earnings in 1928 and 1927 does not reflect a true position. Study is being given to the reorganization of a certain service."

The high-grade spruce which the company produces is used for construction of airplanes, piano stocks and ladders, being particularly suited to these purposes because of its strength combined with lightness.

The Big Bay Lumber Co. has contracted with T. A. Kelley Logging Co., operating on the Queen Charlotte Islands, for the supply of first grade logs during the coming year. The company now has three million feet of logs on hand in its booms at Digby Island and just recently 650,000 feet of logs were discharged at the mill from the log carrying barge Biscayne, having been purchased through A. P. Allison. The Kelley contract will amount to upwards of 6,000,000 feet, all of which will be delivered from the Queen Charlotte Islands to Prince Rupert in Davis rafts.

TO KILL WOLVES IN ALASKA PROVIDED BY LEGISLATURE JUNEAU

JUNEAU, Alaska, April 11.—The legislature has made provision for the appointment of a director and four hunters to kill wolves in the territory. This with the grant made by the federal government for the same purpose, it is thought, will make an effective service.

REDS KILLED AT CANTON

Machine Guns Used by Chinese to Shoot Down Radicals

CANTON, China, April 12.—More than 1000 alleged radical agitators, it is estimated, have been executed by machine guns during the past week in a campaign by Canton authorities to stamp out radicalism here.

LESLIE SCOTT WILL NOT BE CANDIDATE ENGLISH ELECTIONS

LONDON, April 12.—Rt. Hon. Leslie Scott, for the past eighteen years Conservative member of the exchange division of Liverpool, will not seek re-election at the coming elections because of his failing health. He was solicitor-general in the coalition government in 1922, but held aloof when the Bonar Law was formed by the ministry.

LIBERALS URGED BY PATTULLO TO AGGRESSIVENESS

VICTORIA, April 12.—"The Liberal party has to educate those of independent thought and make them realize that the Liberals are advocating measures in the interests of the people of the country as a whole," said T. D. Pattullo, opposition leader, in sounding a note favoring an aggressive movement on the part of the Liberals along the line of regaining power, at the Laurier Club Banquet here last night.

Referring to the appointment of the new comptroller, Mr. Pattullo said he knew nothing with regard to the competence of that official. He, however, felt it was in bad taste to appoint a man who had been associated with the minister of finance. The comptroller general had been previously a subordinate to the minister of finance in business relations, and was now over him. The old government had selected a man who had no relations whatever with any member of the government.

ARCHIE COMPSTON WON AT GOLF FROM CHARLES WHITCOMBE

LONDON, April 12.—Archie Compston won the Roehampton professional golf tournament today by defeating Charles Whitcombe in an 18-hole final one up.

Capt. Kingsford Smith Definitely Located but 2 Searchers Missing

SYDNEY, New South Wales, April 12.—After being lost for 12 days in one of the wildest and most inhospitable regions in the world, Captain Kingsford Smith and his three companions of the Southern Cross were located today by the plane Canberra. Messages from the Canberra to Darwin, in the northern territory, relating the sighting of the plane said that the flyers appeared safe and well and food was dropped to them.

The Southern Cross was on a mud-flat 30 miles from Port George mission station on the Prince Regent river, about 130 miles east of Derby. This would indicate that when Kingsford Smith sent the message, just before making a forced landing, stating that he was about 100 miles east of Wyndham, he was, instead, hundreds of miles off the path from Sydney to Wyndham.

A steamer will leave Broome, western Australia, today about 250 miles distant by sea to pick up the flyers. Meanwhile, two of the airplane searchers, Lieut. Keith Anderson and Robert Hitchcock, have disappeared and two Royal Air Force planes have left Melbourne today to search for them.

Progressives Voted Against the Liberal Budget and Conservative Amendment, Commons Yesterday

OTTAWA, April 12.—The budget passed the house of commons last night by a majority of 24 votes. The final division resulted in the casting of 107 votes for the budget and 83 against, following closely along party lines. All the Liberals, all the Liberal-Progressives, two Independents, Neil of Comox-Atlin and Bourassa of Labelle; H. B. Adshead, Labor member for East Calgary; and Jelliff, the U. F. A. member for Lethbridge, supporting the government's action.

In the opposition were all the Conservatives, all the members of the U.F.A. group with the exception of Jelliff, all the Progressive members and Woodsworth the Winnipeg labor man. Heaps, the labor representative, was not in the House at the time.

The vote on the main budget climaxed the most colorful day which the House of Commons had seen so far this session. Two other divisions resulted in the defeat of the sub-amendment and the amendment to the main motion, which came from the U.F.A. and the Conservative ranks respectively.

The main motion was that to go into the committee of supply and means, moved by the minister of finance, Hon. W. R. Robb, at the conclusion of his budget speech on March 1. The U.F.A. sub-amendment in brief asked the Government to consider extension of the British preference. Its support came only from members of the U.F.A. and Progressive groups and two Labor members, Woodsworth and Heaps.

The Conservative amendment received its entire support from the Conservative members. All the other members of the House opposed it. It was moved by Hugh Guthrie and expressed regret that the budget made no provision for reasonably safeguarding and protecting the interests of those engaged in agricultural pursuits or in industrial employment in Canada.

CHAMPIONSHIP AT BILLIARDS

First Game of Series Played Last Night When Balagno Beat Long

The first game of the Prince Rupert Senior billiard championships was played last night at the Empress Club under the auspices of the Prince Rupert Billiard Association when Charles Balagno defeated William Long, 500 points to 433.

The game was very close but Balagno had the breaks which gave him the advantage. His high breaks were 37, 30 and 27, while Long's were 39, 33 and 30.

The second game will take place tonight when Fred Pyle will play Art Eason. As Mr. Eason has learned a number of fine points during his residence in Vancouver, this is looked upon as a match between Prince Rupert and Vancouver.

PROMINENT FIGURES IN SPORT

Written Especially for the Daily News by the Sports Editor

JAMES BUTLER, PATRON OF HORSE RACING

Business and thorough bred horses have combined to make James Butler of New York well known throughout the United States. He was one of the pioneers in the conduct of the chain system of grocery stores and from that business he accumulated the wealth which has enabled him to indulge his love of horses and eventually become one of the outstanding patrons of thoroughbred racing. His affiliation with

the sport of kings after becoming affluent was a natural step because his fondness for horses was inherent, born of his association with them since his boyhood days on the family farm in Ireland. There he was born in County Kilkenny February 4, 1855. At the age of 20 he came to the United States and followed farming for a while but soon went into the hotel business and later in the grocery business in which he became a very wealthy man.

The Ladies' Aid of First Baptist Church held a successful tea and sale of home cooking in the church parlors yesterday afternoon.

The tea tables, centred with daffodils and hyacinths, were presided over by Mrs. Charles Larkin and Mrs. E. J. Robinson. Serviteurs were Mrs. A. Ivanson, Mrs. P. H. Linzey, Mrs. C. O. Campbell, Mrs. W. W. Wrathall, Mrs. V. Houston, Mrs. J. A. Lindsay and Mrs. J. H. Smith. Miss M. Hughes, president of the Ladies' Aid and Mrs. W. F. Price, wife of the pastor, received the guests. The home cooking table was in charge of Mrs. Bert Morgan and Mrs. S. Hamblin. Mrs. George Hibbard was cashier.

The function was well attended and a very substantial sum was realized.

HERRING BAIT IS DISCUSSED

Labor Council Asks For Amelioration of Pounding Regulations—Opposed to Fish Traps

An amelioration of restrictions in the matter of herring pounding so that the supply of fresh bait to halibut boats may be more readily available than it is today was asked for at the regular monthly meeting last night of the Prince Rupert Trades & Labor Council. As matters stand at present, it was pointed out, there are so many regulations and restrictions that it is becoming increasingly difficult for the fishermen to obtain a regular supply of fresh bait.

The Labor Council reiterated a former stand in opposition to the operation of fish traps in any shape or form in District No. 2. A resolution recently passed by representatives of various organizations in the effort to have a modification or removal of the tariff on Canadian halibut entering the United States was endorsed.

A communication from Dominion Organizer O'Dell of the Boot and Shoe Workers' Union requesting assistance in the matter of inducing merchants to handle only union made shoes was read and the request acceded to. Handling of the matter was left to the executive.

There was a large attendance at the meeting which was presided over by S. D. Macdonald, president of the Trades & Labor Council.

WELL-KNOWN COUPLE WEDDED LAST NIGHT

Miss Dorothy Fraser Became the
Bride of Murdo McArthur
at Home of Mr. and
Mrs. P. J. Ryan

An interesting wedding took
place at 8 o'clock last evening at
the home of Mr. and Mrs. P. J.
Ryan, 530 Sixth Avenue West,
Rev. T. Ivon Jones of First Pres-
byterian Church officiating, when
Miss Dorothy Fraser, daughter of
the late Mrs. Mamie Fraser, was
united in marriage to Murdo Mc-
Arthur.

The bride was daintily gowned
in pale mauve and carried a
shower bouquet of Ophelia roses.
She was attended by Mrs. Ryan
who, as matron of honor, wore a
pretty gown of pale gray and car-
ried a bouquet of pink carnations.
The groom was attended by his
brother, Angus McArthur.

After the ceremony, a wedding
supper was served to immediate
friends, the rooms being attrac-
tively decorated with daffodils.
Mr. and Mrs. McArthur, who
will have the hearty congratula-
tions and best wishes of many
friends, will reside at 227 Fourth
Avenue East. The bride has lived
here for many years and was re-
cently identified with the staff
of the Commodore Cafe. The
groom is employed in the shoe
store of his uncle, Malcolm Mc-
Arthur.

DORIC TO BE TAKEN SOUTH FOR REPAIRS

American Halibut Schooner to Be
Only Temporarily Patched
at Local Dry Dock

Instructions have been received
at the local dry dock to temporarily
patch up the American halibut
schooner Doric, which was wrecked
last week on Kinahan Island,
preparatory to the vessel being
taken to Seattle for permanent re-
pairs. It had been at first thought
that the repair of the Doric, which
will be an extensive job, would
have been carried out at the local
yard.

DAILY EDITION  Friday, April 12, 1929

LOCAL MILL AN ASSET

One of the most important assets to Prince Rupert is the mill operated here by the Big Bay Lumber Co. It is one of the few concerns of its kind in the northern coast section that has proved successful. This has been doubtless due to its capable management and its marketing facilities.

One successful industry is worth more than one hundred which fail. We hope the Big Bay concern will have a long period of successful operation and continue to be an asset to the district.

NEW PROVINCE PROPOSAL

The proposal to form a new province for northern and central British Columbia has been one of the most discussed suggestions of recent days. It has been received by many people as a way out of the present impasse which is holding the north country back. Some older heads have wagged wisely and warned against any such move, but on the whole the large majority of the people seem to be strongly in favor of such a move if it is found possible. It has been discussed just as much in the interior of the province as at Prince Rupert.

This paper has not urged the move except as a last resort in case it is found impossible to get proper treatment from Victoria. In that event we shall have to do something to protect ourselves against the politicians.

UNITED STATES TARIFF

The tariff is today one of the big questions being discussed in the United States. The Review of Reviews is against an upward revision in which Canada would be affected. It says:

"Clumsy tariff-making has more than once proved to be a boomerang. Our friends in Argentina, for example, are already very sensitive on tariff relations, and Congress should be careful not to sacrifice South American good will. The growing market for American goods in the Latin-American republics might be seriously hurt by tariff changes only slightly beneficial to some class of producers seeking a complete monopoly of the domestic market. Most of all, it would be unstatesmanlike to build a higher trade wall than already exists between the United States and Canada. Relatively small as is the population of the Dominion, this next-door neighbor has become actually our largest customer. Until a year or two ago Great Britain stood first, with Canada a close second. But the average Canadian family now spends about four times as much on commodities produced in the United States as does the family in the United Kingdom. We are also importing far more goods from Canada than from any other country; but we buy much less from the Canadians than they buy from us. With no thought of mere palaver, it is literally true that no other country in the world is so fortunate in the sum total of its relations with a neighboring country as is the United States in its varied contacts and transactions—commercial, social and cultural—with the Dominion of Canada. Looking to the future, gradual lowering of tariff barriers, and a steady movement toward commercial reciprocity, would be advantageous to both countries. Certainly at this time it would be a shortsighted and unstatesmanlike performance to set up new tariff rates that our Canadian neighbors would regard as hostile to their interests. There are certain commodities the price of which is fixed in world markets. It is merely un-intelligent to exclude such things from the United States by menacing tariff ramparts. Again, these are matters that Mr. Hoover understands. It is to be hoped that his message to Congress on the tariff question will not fail to emphasize broad principles of policy, as against extreme demands of localities or special interests.

WHAT WOULD BE THE BEST MEANS TO ADVANCE INTERESTS OF NORTHERN AND CENTRAL B. C.? PRIZES ARE OFFERED

The Daily News invites suggestions as to the best means of advancing the interests of northern and central British Columbia. As a recognition of our interest in the subject, we offer three prizes for the best suggestions put forward in a brief newspaper article not to exceed 500 words. First prize, \$5; second prize, a year's subscription to The Daily News; and, third, six months' subscription to the paper.

A school boy or school girl is just as likely to win the prize for this as is a grownup. Write on one side of the paper only and mail addressed: Contest Editor, The Daily News, Prince Rupert, B.C.

FASHION FANCIES

GINGHAM CHECKS MADE THIS SPORTS SUIT ULTRA CHIC

The importance of gingham once more is attested to, this time for spring costumes. The smart spring suit sketched here, in lightweight wool, adopts a gingham check in red and beige. The fabric looks like gingham, but isn't.

A tuck-in blouse of white crepe with a bow in red adds a note of modified formality to the ensemble, which is further emphasized by the tailored jacket with flap pockets. The skirt is yoked and flared. Buttons in pimento red.

Capucine Colorings Enliven Spring Gowns

From Paris comes news of the popularity of capucine shades in three tones of nasturtium. Whether or not these colorings will invade the field of informal costume no one can say. But that they are ideal for the evening mode is obvious.

The gown sketched is in three shades of nasturtium chiffon. The lower shades are in deep orange red, shading to light orange flesh in the upper parts. Note the three-tiered cape.

YOUR ALL-BLACK SPRING COAT HAS NO RIVALS

Whatever may be said of smart colors and innovations, the fact remains that black, unrelieved, is always chic. It is practical, flat-

tering to every type and never definitely dated.

Cashmere cloth fashions this attractive model, which affects a shoulder cape banded in black galyak fur. Simple sports frocks in vivid hues are ideal for wear with this type of coat, which displays them to best advantage.

HAVE YOU A SCARF OF FLAT FUR?

As substitutes for the popular fox, small scarves of fine, flat fur are being introduced. They must be soft, and of such a quality as to facilitate draping. So far the favorites are galyak and Persian lamb.

A NEW BOOT for Farmers and their Sons

"Blutip" work boots are made with, or without toecaps, with single or double soles.

THE "Lecotan" sole of the "Blutip" makes it an ideal work boot for farmers as well as all other outside workers.

"Blutip" is the lightest work boot on the market, yet it wears almost twice as long as ordinary work boots. It is made entirely from Western Canadian hides. The sole is double tanned by the "Lecotan" re-tan process, a mineral tanning which congeals the leather, making it more durable and longer wearing. The "Lecotan" sole is flexible and lively, keeping the feet comfortable and free from tiredness.

"Blutip" work boots are of exceptional quality, very moderately priced. They will repay their purchasers with better comfort and unusually long wear.

There are "Blutip" Boots for Boys, too... watch for the blue sole tip and the "Lecotan" stamp on the sole.

"Blutip" is an all Western Canadian product by

News of the Mines

AROUND PRINCE RUPERT
Woodbine to Make Small Shipments; Operations of Consolidated in This District; Shipments From Duthie

Work on the Woodbine mine at Stewart is now proceeding. Malcolm Mackenzie, mine superintendent, and a staff of four men are developing the workings and it is expected ore will be shipped to smelter within the next few weeks. Directors of the mine are determined that proof of what the mine values are shall be secured by smelter returns from the shipments they make. These shipments will be taken from the mine in such a way as to determine the success of the mine from a regular mining standpoint.

One of the Consolidated Mining & Smelting Co.'s operations to which much interest attaches is the development of the Big Missouri mine on Portland Canal, writes E. A. Haggen. In view of the spectacular history of this mine in being repeatedly bonded by large interests, worked and abandoned by them and turned down by leading geologists, the

results of the extensive development program in hand are being closely watched. The annual report of the company in regard to this property states that the Province tunnel has been extended 2,115½ feet with 476 feet of drifting and cross-cutting from it and 5,119 feet of diamond drilling. This work has indicated a sheared zone 500 feet wide carrying a large amount of quartz and calcite stringers with a variety of disseminated mineralization in iron, lead, zinc and copper sulphides with occasional free gold. A prominent stringer with a fair average, but very variable gold values, was encountered approximately 1700 feet from the portal. Drifting both north and south showed the same mineralization and, while some very spectacular free gold specimens as well as high assays were obtained no well defined ore shoot was opened. Free gold has been found in several sections of the cross cut between footages 1631 and 1909 and further geometrical development is necessary before tonnages and grade can be estimated. "Away back on Finlay River, 300 miles from railway transportation, the company has taken up the Bower Creek group where it has continued development during the winter months. The district is stated to be very promising, the snowfall light and values in lead, zinc and copper occur over large areas. Placer mining is being carried on by the company at Boulder Creek, Atlin and on Slate and Manson Creeks in the Omineca. At Manson Creek an old channel has been located 30 feet from the present creek and good gold values found over a width of six feet. Testing work on the channel was carried on all winter. A bright spot for the company is the Emerald group at Sibola, a property upon which the late James Cronin took an option and did considerable work. Under its option Consolidated extended the Cronin tunnel only five feet when ore was encountered and proved continuous for the 160 feet for which the tunnel was driven when winter weather conditions forced suspension of development. A cross-cut at the face was in the vein for eleven feet without reaching the walls. The ore occurs in two well defined sections—lead with zinc and copper on the hanging wall and zinc with copper on the footwall. The vein was located by surface trenching 400 feet below the Cronin tunnel and a new tunnel started. The outlook for the property is regarded as favorably. Other properties held under option by the company include a group of fifty-four claims at Bowser Lake, Portland Canal. Several groups of mineral claims have been taken up along the

Canadian National Railway in Northern British Columbia. These include the arvey group on Driftwood Creek, north of Smithers; M. and K. group at Pacific, and Duchess and Contention groups south of Telkwa. Development on these has not been attended with what are considered definite results so far.

During the year 1928, 1666 tons of zinc and lead concentrates were shipped to the Consolidated Mining & Smelting Co.'s smelter at Trail by the Duthie mine near Smithers, a statement issued by the company says.

ENCYCLOPEDIA FOR RUSSIA

MOSCOW, April 11.—Running into some 50 volumes of 900 pages each, a new encyclopedia is being prepared for Russia. It is known as the Great Soviet Encyclopedia and its distinctive feature is that every subject with economic or philosophical implications is treated in a strictly Marxian fashion. The introduction states "the field of social sciences is worked over on the basis of the logical application of the dialectic method of Marx and Lenin." One of the announced objectives of the work is "the strengthening of the revolutionary and materialistic outlook."

The list of contributors contains many famous Russian scientists and in some cases foreign scientists have collaborated in the work. The article on Behavior is written by Prof. J. B. Watson, United States psychologist, and Prof. A. Bowley of London has contributed an article on the theory of probability and its various implications.

The work is the major one of a number of encyclopedia which have been or are being produced on such subjects as Law and the State, Medicine, Industrial Technique, Agriculture and Finance. There is also a small encyclopedia of general knowledge containing in condensed form the matter embodied in the great one.

ACTIVITIES OF CENTRAL B. C.

The report submitted to the department of agriculture at Victoria from Bulkley Valley and lakes district says:

Four carloads of northern grown timothy seed was shipped out of the Bulkley Valley by the Central British Columbia Seed Growers and one from Burns Lake. The government cleaning plants at Smithers and Burns Lake are now equipped with screens for the cleaning of seed grain and considerable quantities of grain are being cleaned at both plants.

Farmers of the Victoria district this winter turned considerable pork into home cured hams and bacon. They put out some exceptionally fine samples and had no difficulty finding a ready market, the demand being greater than the supply.

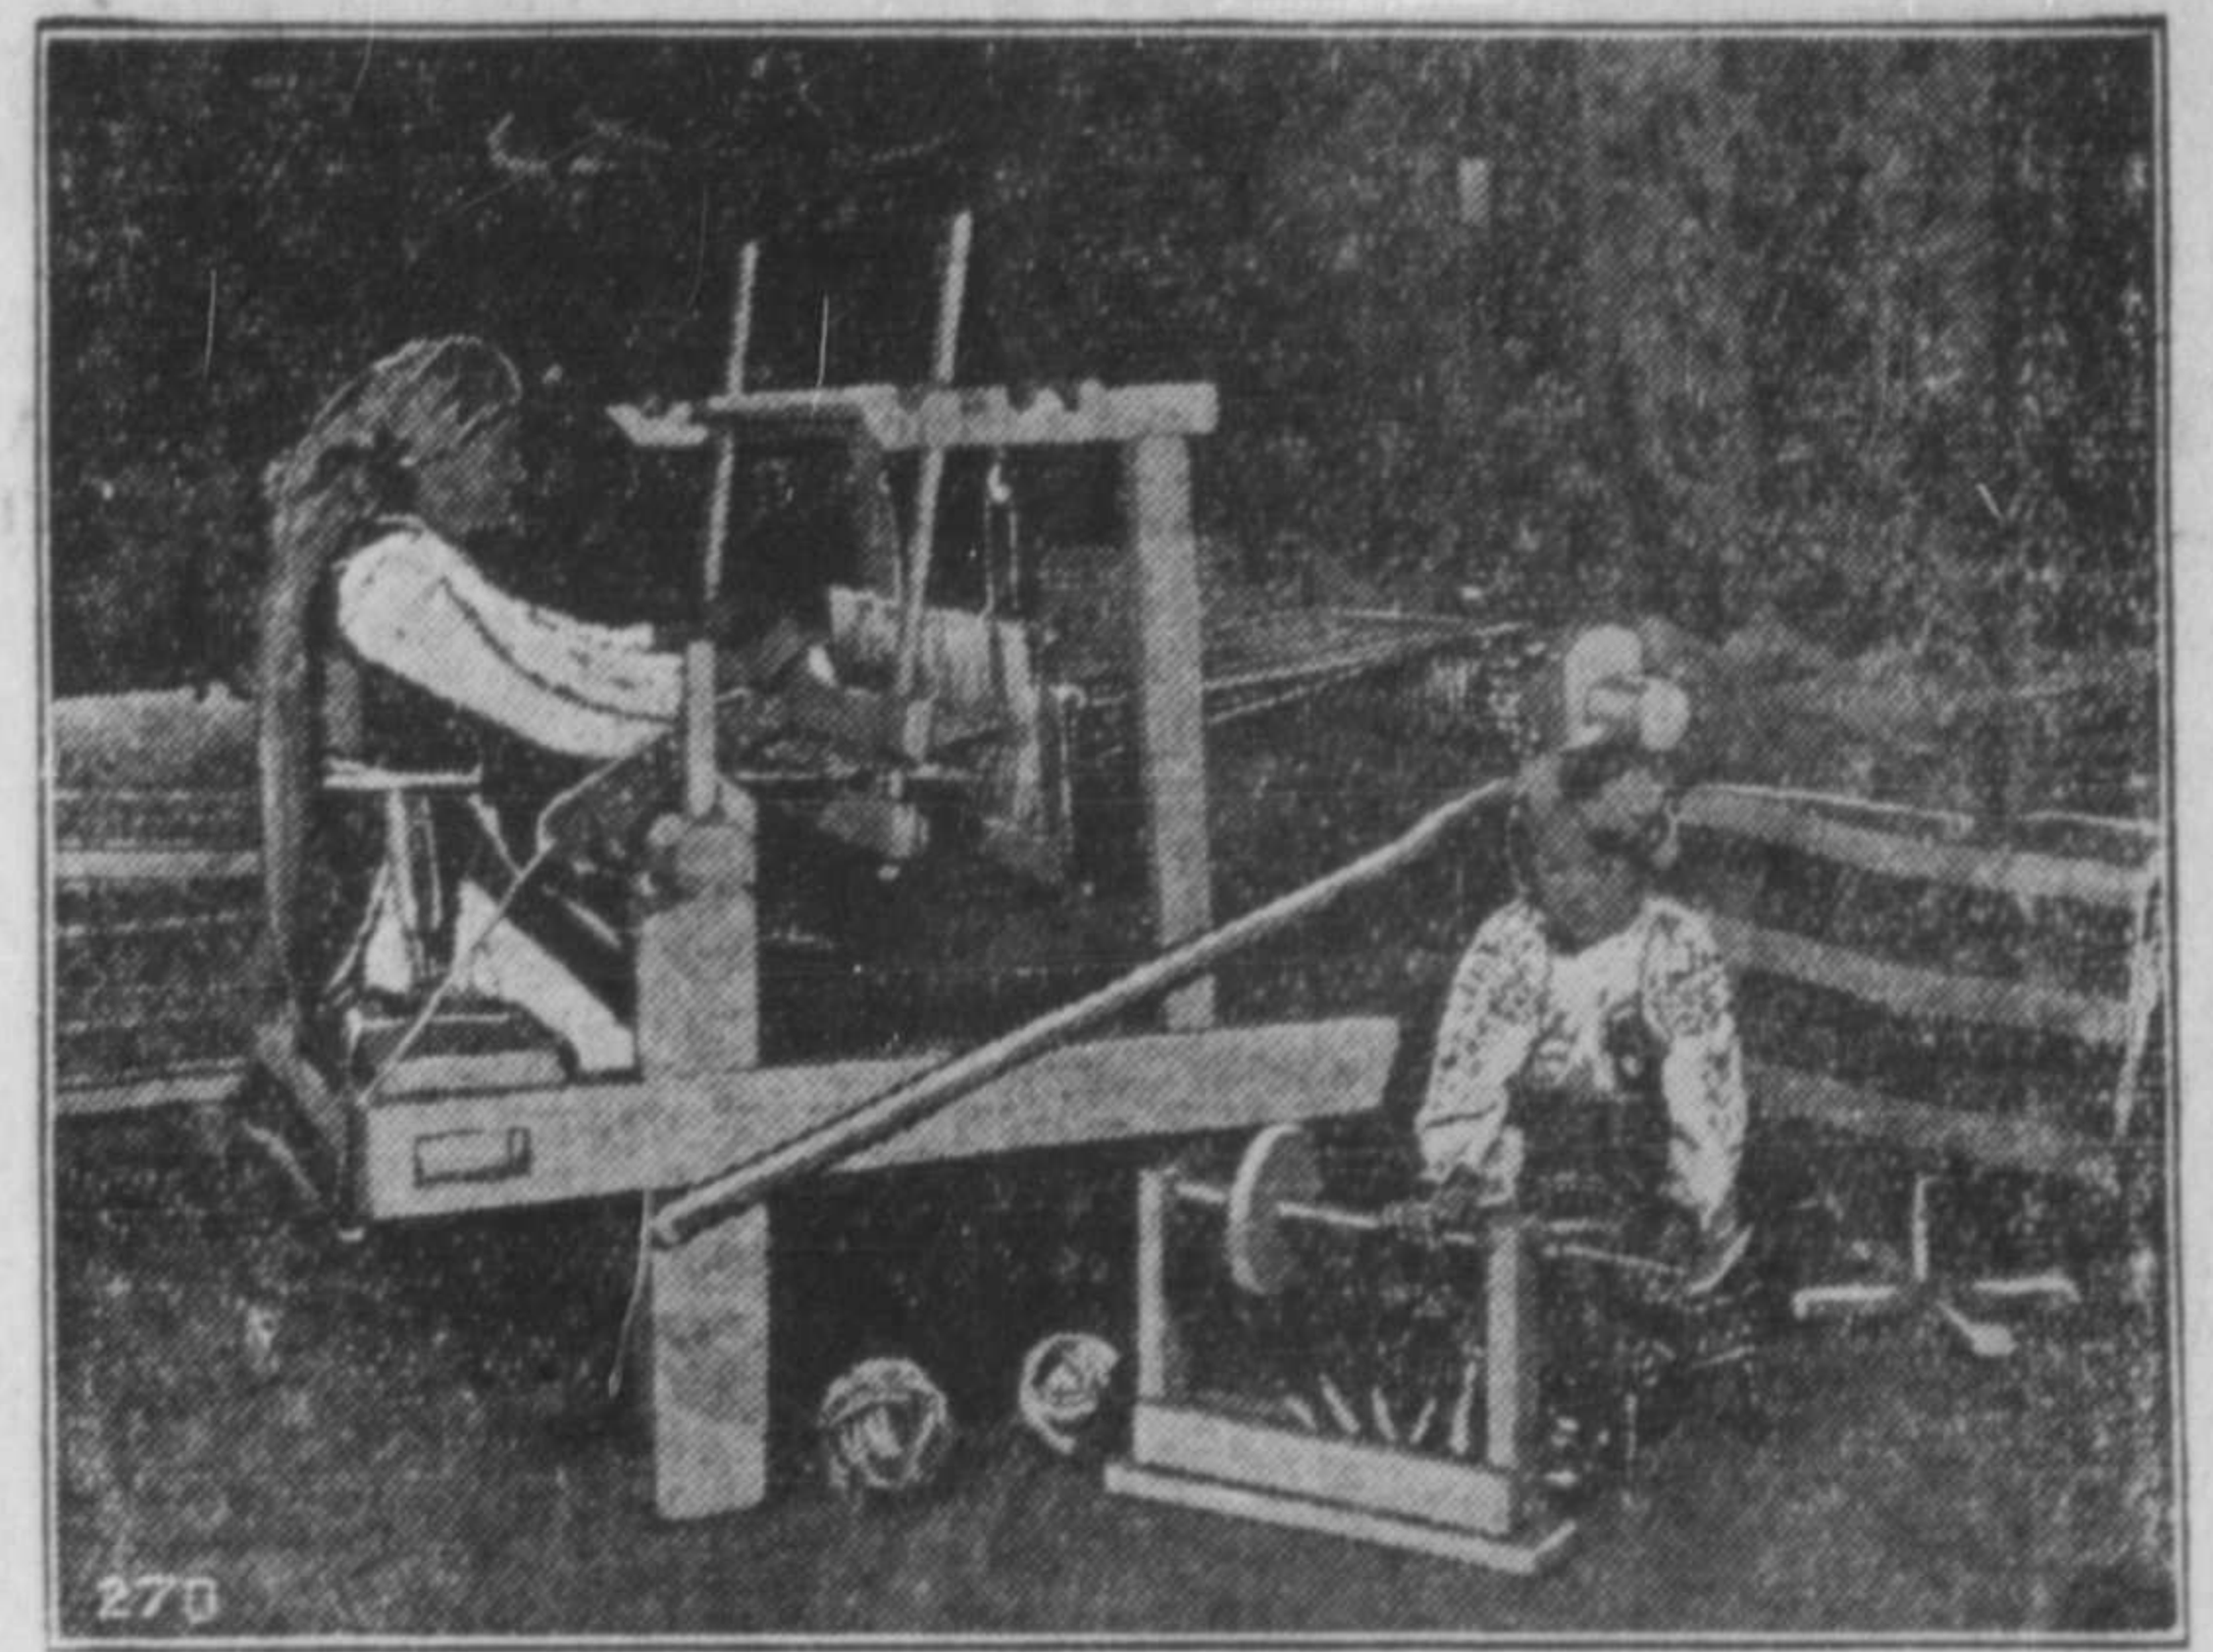

FISHERMEN'S LICENSES ALASKAN TERRITORY

JUNEAU, April 11.—Senator Benjamin's bill boosting fishermen's licenses on all classes of fishermen to \$150 was drastically amended in committee, according to a report signed by Benjamin, Anderson and Frame. The amendment changes make provisions to cover trollers only and provides a tax of \$50 for single line boats of 20 feet in length and \$150 for fishermen on boats using more than one line and boats of more than 20 feet in length. Gill-nets and seiners licenses remain unchanged, so they will range from \$10 to \$25.

LIFE OF CLERGY IS NOT ATTRACTIVE IN GREAT BRITAIN

LONDON, April 11.—Lack of candidates for ordination is affecting the numbers of Anglican clergy and causing serious alarm in church circles. Figures recently issued by the Anglican Evangelical Group Movement shows that there are only 16,300 clergy, compared with 21,000 in

Foundation of National Culture

Two new Canadians from Roumania demonstrate the art of weaving at Regina.

Those who have in the past regarded the New Canadians from Europe as hewers of wood and drawers of water must, after the recent demonstrations at the Great West Festival at Regina, admit that these peoples have, with their native arts, decidedly enhanced the cultural wealth of the country of their adoption. J. Murray Gibbon, who sponsored the festival under the auspices of the Canadian Pacific Railway, even goes so far as to say that Saskatchewan and the other prairie provinces have within their borders the foundation of a National culture finer than that of any other nation on earth. To this foundation, the first sod for which had been turned at the previous festival at Winnipeg, all the races which go to make up the peoples of the west have contributed—Icelanders and Irish with their folk-songs and lore, Swedes and Slavs alike with their folk-crafts and dances. Hardly a race known to civilization, old or new, but contributed to the festival some artistry which will make for the further development of that culture which, being national, will be the means of welding to a still greater solidarity, those people who are Canada.

That the movement for the attainment of this end is a popular one was demonstrated by the fact that literally thousands were unable to obtain admission to the exhibits and concerts and that western cities are vying with one another as the site of the next festival.

MALKIN'S BEST FOOD PRODUCTS

SPICES and EXTRACTS

My test proves the SUPERIOR QUALITY of MALKIN'S BEST

LENA MAWDSLEY

Thirty years student of dietetics and food values, winner of four gold medals, countless first prizes and diplomas for competitive events in all branches of domestic science including first class technical honors for general cooking -- Liverpool, England, Technical School First prize for bread baking, Pure Foods Exhibition, Liverpool, Eng. Oldest exhibitor in the domestic science section of the Vancouver Exhibition having exhibited in all classes of cooking annually for eighteen years.

I MADE an interesting flavor and quality test, taking the three leading vanilla extracts, giving each an equal test for flavor and strength. Malkin's Best Vanilla Extract was easily superior. First, because its exceptional full vanilla flavor made Malkin's Best the most economical to use; and secondly, because it saturated the test goods with a delicious, piquant flavor, far more delicate than the other two used in the test.

I've often used spices—always Malkin's Best—cinnamon most of all. Pepp-r and cloves from Zanzibar and the East Indies nutmeg and mace from the Banda islands and cinnamon from Ceylon. I prefer them with the Malkin's Best label because their excellent quality never varies. Try this recipe.

Meringues

4 whites of eggs 6 ozs bar sugar
1 tsp lemon juice 1 tsp vanilla

METHOD

Whip up eggs to a stiff froth, add the sugar, whip thoroughly together with the essence and lemon juice. Put into a forcing bag, squeeze onto a baking sheet. Put in a warm oven to dry for two hours.

TERRACE BOARD OF TRADE MEETS

Holds Smoker and Does Much Business; Marintette is Appointed Treasurer

TERRACE, April 12.—The quarterly meeting of the Terrace Board of Trade held on Tuesday evening in the Terrace theatre took the form of a smoker and social evening, although much business relative to the interests of the district was outlined and discussed.

H. Halliwell gave a comprehensive report of the work of the council during the past three months, which shows that body is alive to the needs of the district and doing its utmost to press those needs before the proper authorities.

E. W. Marintette was elected treasurer of the board to fill the vacancy left when A. H. Barker moved away.

The chief matter under discussion was the problem of parking space at Lakelse Lake. Last year parking space at this end of the lake was much overtaxed and with the prospect of many more cars this year it is considered by the board an urgent matter. It was left with the public works committee to meet the new engineer and press for this work.

F. Nash took exception to the members of the board, Prince Rupert newspapers and people generally referring to the district along the line of the C.N.R. as northern B. C., whereas in reality it was very centrally located. He suggested that all should try to remedy this error, as it was undoubtedly a detriment in publicity and advertising.

The proposition of F. C. Bishop regarding skaring the proceeds of the picture show "The Foreign Legion" being shown next Monday and Tuesday was accepted and R. W. Riley and Geo. Dover were appointed a committee to co-operate with Mr. Bishop in working out details regarding the sale of tickets.

Short talks were made by J. Hepburn and R. Corlett and J. K. Gordon told some humorous stories with good effect.

A. C. Smail delighted the audience with a number of piano solos.

NEW LAY READERS

TERRACE, April 12.—Bishop Rix has conferred upon two local people, Nigel Sherwood and H. Halliwell, the title of Licensed Lay Reader, giving them authority to carry out some of the ordinances of the church.

NEW OFFICERS OF INSTITUTE

TERRACE, April 12.—A number of new officers were appointed at the April meeting of the Terrace Women's Institute held on Tuesday afternoon in the Terrace theatre. Owing to the illness of Mrs. Haney, Mrs. H. E. Smith acted as secretary. Mrs. C. A. Giggey was elected secretary and Miss R. W. Riley treasurer in place of Mrs. Haney and Mrs. Barker. Officers for the Boys' and Girls' Club were appointed as follows:

President and general supervisor—Mrs. McConnell.
Treasurer—Mrs. Finter.
Secretary—Mrs. R. Braun.
Afternoon tea was served by Mrs. W. C. Sparkes and Mrs. Riley.

NEW OFFICERS NATIVE SONS AT SMITHERS

SMITHERS, April 12.—Smithers Assembly No. 45 of the Native Sons of Canada had its annual general meeting on Tuesday, April 9. Annual reports were given by the retiring president, reviewing an extensive program of work carried out during the year, and by the secretary treasurer on the membership and financial affairs of the lodge.

The election of officers for the coming year resulted in the following being chosen, some offices being filled only after a keen contest:

President, J. P. Downey.
First vice-president, A. C. Fowler.
Second vice-president, E. C. Dawson.
Sergeant-at-Arms, Stuart F. Campbell.
Secretary treasurer, H. G. Windt, re-elected.
Chaplain, C. R. Bowland.
Inner guard, J. H. Birnie.
Outer Guard, Angus Kerr.

These were all duly installed before the close of the meeting by retiring President L. S. McGill and Ex-President L. B. Warner. At the close refreshments were served and after-dinner speeches were made discussing plans for the year now commencing.

WAR VETERAN PASSES ON

Another of Hazelton's Old Timers Died in the Hospital After a Few Weeks Illness

HAZELTON, April 12.—With the "Union Jack" covering the casket, the remains of the late Peter Enoch were carried to their last resting place in the beautiful cemetery facing the majestic mountain, Rocher de Boule, at Hazelton, on Tuesday afternoon at 2 o'clock.

Peter Enoch was a native of Sweden, where he was born in the year 1863. In his early days he led a sea-faring life.

In 1885 he came to British Columbia and arrived and prospected in the Kootenays and in Northern British Columbia in subsequent years.

During the "Great War" Enoch enlisted in the Pioneer Battalion, and served for four years. At the end of the war he returned to Hazelton and acted as ferryman for the ferry across the Skeena.

A very impressive service was conducted by Rev. T. H. Wright, E.A., in the United Church which was filled to capacity with old-timers and other friends. Pallbearers were six members of the Canadian Legion, Sam Kincaid, W. Larmour, Fred Roth, James Mailen, James Turnbull and Fred McNabb.

Floral wreaths were given by Mrs. C. V. Smith, Mr. and Mrs. M. A. Myros, Mr. and Mrs. John Newick, Jas. Turnbull, Mr. and Mrs. Winsby, Peter Neilson, Mr. and Mrs. A. E. Falconer, Mrs. Seely, Mr. and Mrs. Dawson, Mr. and Mrs. W. Grant, E. Peterson, Hugh McKay, R. Cusick, Pete Corrigan, H. Guest and J. A. Hodder. All speak of Peter's kindly disposition and of his patriotism. He will be greatly missed, especially by those using the ferry across the Skeena.

PRINCE RUPERT AND TERRACE

Better Co-Operation Suggested Between Two Places for Marketing Purposes

TERRACE, April 12.—Better marketing co-operation was the theme of a talk given by A. C. Smail of Prince Rupert at the meeting of the Board of Trade here this week. He mentioned the present lack of such co-operation which would enable the farmers to compete with produce coming in from the south. He suggested that the Boards of Trade of the two places should get together and try to improve matters.

CHURCH OPENS USK ON SUNDAY

TERRACE, April 12.—Arrangements are being made for the formal opening of the Marsh Memorial Community Church at Usk on next Sunday, April 14, at 9:45. Canon Marsh, Rev. G. W. Robinson and Rev. Wm. Allan of Terrace will all take part in the services. A social evening is being arranged for Saturday evening in connection with the opening ceremonies.

NEW HAZELTON POLE CAMPS TO CONTINUE WORK DURING SUMMER

Maik George will keep a dozen men working in his pole camps near New Hazelton all summer. He expects to deliver 500,000 lineal feet of cedar poles either to the Skeena river or the depot at New Hazelton before July. He has most of the poles delivered now but is aiming at another 100,000 feet.

TERRACE

Mrs. C. C. King and son, Corbin, returned on Sunday after having been on a holiday trip to Jasper and other prairie points.

Miss Moffatt left on Tuesday on a trip to the coast.

J. McGilivray left on Tuesday for Prince Rupert.

T. B. Marsh was a visitor to Prince Rupert early in the week.

Mrs. Wm. Farr returned on Wednesday after a short trip to Prince Rupert.

C. Hearn and R. A. McRae were in from Lakelse Hatchery on Wednesday.

NFW HAZELTON

The Omineca Herald has established the nucleus of a free library in New Hazelton. There are about 100 books already available. Miss Jane York is in charge of the library.

G. K. Gwyer, district engineer for the provincial department of public works with headquarters in Prince Rupert, and other engineers of the department have recently been making surveys for the new bridge across the Bulkley River to replace the high level span at Hagwilget.

The main highway through the Bulkley Valley from Hazelton to Smithers and other points east is in good shape for this time of the year and there is little snow or ice to worry about.

The weather has been unusually cool in this district for April. Spring is late in arriving.

The Women's Auxiliary to the Hazelton Hospital held a meeting at the home of Mrs. S. J. Winsby on Tuesday and decided to hold a bridge and dance on Friday evening of next week.

Louise Dane and Kate Green, local natives, have been fined \$25 and \$10 for drunkenness.

Mrs. Nird of Armstrong is visiting here with her daughter, Miss Grace Duffell R. N. of Burns Lake, who is a patient in the Hazelton Hospital following a recent operation.

The true purpose of a Budget

EVERY year you spend a large proportion of the money you get. So much for clothing. So much for shoes. So much for things to eat—for house furnishings, books and what not.

Here is the way to get the most for your money.

Keep a budget. Decide what you can afford to spend for each item, and hold yourself within this amount.

Then—to get the most for your budget money read advertisements carefully. The advertisements you read tell you what is newest and best. They give you the latest ideas and improvements. They help you to get more from each dollar you have apportioned in your budget—and so live better and dress better with the same income.

The true purpose of a budget is to enable you to spend wisely—and only by careful reading of advertising can you hope to accomplish this result.

Read advertising regularly. It points the way to better living.

Man in the Moon

Most of us can think of the bright cutting things we would have said if we had thought of them at the time.

Jake says it would be easy enough to save money if it were not for his wife's overhead.

In some cities they are worrying because of the noise. In Prince Rupert a good many people are praying for more noise.

Some people are like hens. They say nothing when people steal their eggs.

"You're another" is the best argument a good many people can put up.

I like to sit around and argue and whittle but unfortunately my wife does not think she should support the household.

There are a great many important things in life. There's religion, character, building, public service and a good charge account.

Getting up in the middle of the night would not be so bad if the rocking chairs were not always in the way.

About nine-tenths of the people look forward to the time when they make a million dollars more or less and have a chance to kick those who have in the past done the kicking.

Ten Years Ago in Prince Rupert

April 12, 1919

A special meeting of the Board of Trade is being called to consider a proposal to establish headquarters at Shawatlans Passage for the fishing fleet and to provide floats and proper accommodation for the fishermen at that point.

Principal J. C. Brady addressed the St. Andrew's Society last night on "The Life and Times of W. E. Gladstone." H. A. Harvey and Miss Stephens played violin and piano duets, Mr. Craggs sang a solo and there was a trio by Harvey, Waddell and Clapperton.

A total of 1,192,800 pounds of halibut was landed at Prince Rupert during the month of March. The average price during the month was 11.897 cents, highest bids being 14.3c and 11.5c.

INVESTIGATES RADIO MATTERS

D. C. McRae, President of the Local Association, Visits In the South

CONSOLATION FOR RUPERT

Attends Big Banquet to T. D. Pattullo at Vancouver and Sees Him Permanent Leader

D. C. McRae, president of the Prince Rupert Radio Association seen on his return from a visit to the south spoke on radio and other matters. He said: "While in the south I called on E. J. Houghton, Radio Superintendent at Victoria. He regretted that we had not received more from the visit of Inspector Grey. He explained that radio is just in the process of development and greatly in need of revision as will be done by the commission now sitting in the south. He says they welcome the formation of associations as it gives them a representative body to deal with.

"On the way north I had an interview with the officers of the Radio Association at Ocean Falls. Their big trouble is the individual with the squealer. At Powell River the company will not tolerate this nuisance and at Ocean Falls they are in hopes of having their presence abolished also. It is hoped and by some expected that the Radio Commission itself will deal with the matter effectively and for all time throughout Canada. The time is not far distant when it will be a criminal offence to be in possession of one.

"Regarding reception, we are not too badly off in Prince Rupert. In Vancouver and Victoria they get very little good reception except from their local stations, and they want local stations only when they cannot get outside, just the same as we tune in on Ketchikan only as a last resort. Reception in March was poor from the Atlantic to the Pacific. That should be some consolation to Rupert fans.

"The weather in the south was very similar to that in Prince Rupert. Last Sunday there was thunder and lightning, followed by snow, rain and hail.

"The busiest places in Vancouver are the stock exchange, brokerage offices and the department and chain stores.

"At Victoria spring has arrived. I saw in the Gordon Head district farmers ploughing and harrowing the soil, cultivating strawberry plants and whole fields of daffodils.

"I attended the banquet at Vancouver in honor of Hon. T. D. Pattullo. There were 500 present. It was a very enthusiastic affair. Vancouver Liberals are sure good and strong for Pattullo. He made a splendid speech and made a most favorable impression. The outstanding feature of the evening was the unqualified endorsement of Pattullo as permanent leader of the party. The various speakers, A. M. Manson, Ian McKenzie, Dr. Sutherland, Wells Grey and Mr. Pierson of Nanaimo seemed to vie with each other in eulogizing the new leader. It is too bad to disappoint the Daily Province, but nevertheless, Mr. Pattullo will at the first opportunity be made permanent leader of the Liberal party in B.C.

SUNDAY CONCERT AT CAPITOL

Exceptional Musical Program to Be Presented by Capitoliens and Assisting Artists

Conductor Jack de Jausserand of the Capitoliens, under whose direction the Sunday concert at the Capitol next Sunday, at 9 p.m. will be given, has, with the assistance of several local artists, arranged a musical program which promises to be the outstanding musical treat of the season.

Consideration has been given all those who desire to attend church services Sunday evening, and for this reason the concert will not commence until "church is out."

MUSICAL LADY FROM VANCOUVER COMING TO LIVE PRINCE RUPERT

Miss S. Olafson of Vancouver, who has been making an excellent record in music in that city, is coming to Prince Rupert soon to be associated with Miss Way, the well known music teacher.

Miss Olafson passed the theory examination taken in February last showing 100 per cent efficiency after having studied for only three months a course which usually takes two years. She is now getting pipe organ experience from Joseph Hinton harmony and counterpart from Mrs. Maxwell King and piano from Kenneth Ross. She is also hearing all visiting artists as a means of gaining experience and realizing interpretation.

Union steamer Cardena, Capt. A. Johnstone, arrived in port at 5:45 this morning from Vancouver and waypoints and sailed at 8:05 for Port Simpson and Wales Island. She will return to port this evening and is scheduled to sail for Vancouver and waypoints at midnight.

Football and Romance Feature Lavish Photoplay—Is Ideal Entertainment

William Haines just can't seem to get away from football.

In "Brown of Harvard" he made one of the biggest hits of his career in a strenuous football contest, and now, in "West Point," his new Metro-Goldwyn-Mayer vehicle coming tonight to the Capitol, he again contributes thrills of the gridiron—this time in the annual Army-Navy game between West Point and Annapolis.

Haines' new vehicle is a vivid romance of life at West Point, with Haines in the role of a cadet in a story of love, football, and life as a student officer. Joan Crawford, who played opposite him in "Spring Fever," is the heroine, and Edward Sedgwick directed the new play. Much of it was actually filmed at West Point, with the entire cadet corps participating in the production.

E. G. OSBORNE PASSES AWAY

Engineer at Dry Dock For Thirteen Years Was Pioneer Resident of City

After an illness of about three months' duration, in the latter stages of which it had been realized that recovery could hardly be hoped for, death came last night at 6 o'clock at his home, 1137 Seventh Avenue East, to Edmund George Osborne, a well known and respected citizen of over nineteen years, standing in Prince Rupert. For thirteen years the late Mr. Osborne was an engineer at the local dry dock and before that was in the employ of the city.

Deceased was born 62 years ago in Warwickshire, Eng., and came here direct from the Old Country in the early days. Besides his widow, he is survived by two daughters—Miss Eileen Osborne, a member of the City Hall staff, and Miss Millicent Osborne, R. N. of the Prince Rupert General Hospital staff. The late Mr. Osborne's aged father also survives in the Old Country where there are sisters and a brother. Mrs. J. E. Davey of this city is a sister of the widow. The family will have the sympathy of many friends in its deep bereavement. A son of the deceased, George Osborne, was killed last summer in an accident at Peterborough, Ont.

The funeral will take place tomorrow afternoon under the auspices of the International Bible Students' Association. It is being requested that no flowers be sent. Corp. M. T. Berger, R.C.M.P., and Mrs. Berger of Hazelton are visitors in the city, having arrived from the interior on yesterday afternoon's train.

POWER TUG FALLS FROM CRADLE AND SUSTAINS DAMAGE

While on the grid of the owner on the local waterfront, the power tug Wigwag fell over on her side Wednesday night or Thursday morning and was holed, the water coming through at high tide. Arrangements have been made to place the vessel on the pontoons at the dry dock for repairs.

BURSARY OFFERED FOR HIGHEST PASS AT EXAM
