INTERNATIONAL TRADES UNION MEETING IS NOT EXACTLY A LOVE FEAST

MUTUAL RECRIMINATIONS FROM REPRESENTATIVES OF THE DIFFERENT NATIONALITIES AT PRELIMINARY GATHERING AT AMSTERDAM—GERMANS THOUGHT DEFENSIVE WAR

(Special to The News via G. T. P. Telegraphs.)

Amsterdam, July 29.—The preliminary gathering of the International Trades Union Congress developed a series of accusations by delegates from Belgium, United States, England and France against German workers for their conduct during the war. There were sharp recriminations on both sides.

The meeting was held for the purpose of clearing up the affairs of the old trades union international and making preparations for the new organization.

Carl Rudolph Legin, president of the German Federation of Trades Unions, defended the entire policy of the German trades unionists which he said had been absolutely correct, and declared their position prevented their protesting to the government. Moreover, all the time they were under the impression that they were fighting a defensive war.

One unformed negro was killed and two negroes were wounded in the heart of the downtown district in rioting which was renewed this morning. Joseph Powers, a white street car conductor, was shot and killed in the stockyards section.

CHINAMAN GOES UP FOR TRIAL

Committed for Trial on Charge of Stealing Shoes From Store.

In the provincial police court yesterday afternoon was heard the preliminary hearing of the case of Joe You, a Chinaman, charged with stealing shoes from the store of Mr. McArthur. Magistrate McMullin was on the bench.

The chief evidence was furnished by G. Gray of Sunnyside, who attested that he had gone over to the shack of the accused and after fitting on several pairs had at last decided upon two pairs and these he took away with him. While he was there he noticed that there were three odd shoes among the lot, similar to the three produced in court. The Chinaman had been away from the cannery from June 29 to July 4.

Constable Bailey told of how he found the accused and the boots in an old sack up at the Chinaman's cabin near Sunnyside. Mr. McArthur identified the shoes as being his.

An interpreter was necessary in the case as the accused seemed to be unable to speak very much English. The magistrate found that there was sufficient evidence to commit the Chinaman for trial in a higher court.

This morning the accused appeared before Judge Young at 11 o'clock in the County Court and elected for a speedy trial. The charge was read to the prisoner, who pleaded guilty. A remand was made until next Monday, when sentence will be pronounced.

TO INSPECT NEW HOUSES

Committee Asked to Make Recommendation of Suitable Man At Next Council Meeting.

The question of inspection of houses, either soldiers' or others was discussed last night by the City Council at great length and it was finally left for the Housing Committee to make a definite recommendation to the Council at its next meeting, suggesting a man and his salary and duties.

There was some discussion as to the work of the city engineer and the desirability of appointing a building inspector. Also the question of the deplorable condition of the streets was incidentally mentioned.

PRICES ARE LIKELY TO CONTINUE HIGH

If Profiteers Were Guillotined it Would Not Reduce Cost of Living.

(Special via G. T. P. Telegraphs.)

London, July 29.—George H. Roberts, British Food Controller, held out no hope of prices during the coming winter being lower. The Government is determined to stop profiteering, but if every profiteer was guillotined tomorrow, it would not bring the prices down to the level desired.

BARMAID BYLAW IS PASSED BY COUNCIL

GOVERNMENT TO CONTROL WHEAT

Expected that They Will Handle Crop and Pool Prices Paid To Farmers.

(Special via G. T. P. Telegraphs.)

Ottawa, July 29.—After conferences with the millers, grain growers, dealers and elevator men the Government has practically decided upon a policy for marketing this year's wheat crop.

While no definite statement could be obtained as to the decision, it is understood that the arrangement most favored was a government pooling organization to handle the crop with a minimum price sufficient to enable the farmer to borrow the money needed to harvest the crop, though this will entail either the appointment of a wheat director or a commission.

(Special via G. T. P. Telegraphs.)

FIVE BIG MEAT PACKERS CONTROL WHOLE MARKET IN U. S., SAYS TRADE REPORT

THEY DISCRIMINATE AGAINST PRIVATE BUYERS AND PUT THEM AT GREAT DISADVANTAGE AND SET PRICES FROM DAY TO DAY

(Special to The News via G. T. P. Telegraphs.)

Washington, July 29.—The ability of Swift, Armour, Norris, Gudahy and Wilson to determine from day to day the general level of livestock prices, was declared incontrovertibly in the third section of the Federal Trade Commission's report on industry, which was made public last night.

The report showed that these big corporations discriminate against and put at great disadvantage independent buyers, who are their competitors. On occasions they manipulate the livestock market in such a way as to cause extreme and unwarranted fluctuations in the daily prices paid.

DOMINION LOAN IN NEAR FUTURE

Ottawa, July 29.—Early in August it is expected that the machinery will be set in motion for the floating of another Dominion loan. The last loan in the autumn was very much oversubscribed.

ANCIENT RELIC KEEPS ALL GUESSING

An interesting relic of ancient times has recently been discovered near the Indian village of Kispiox, about nine miles from Hazelton. During road-making operations the workmen unearthed a sandstone tablet, curiously carved on one surface. It was lying under about three feet of gravel, and as the country there is heavily timbered the stone must have lain there for centuries. The Indians are unable to trace any resemblance in the figures on the stone to any known totem.

The fact that the B. C. Indians are not given to carving in stone, confining their efforts almost entirely to wood, leads to the assumption that the tablet is an indication of the existence of a race which inhabited the country prior to the coming of the Siwash.

RESCUE BY POLICE FROM AWFUL DEATH

Vancouver, July 28.—Unconscious from a blow on the head, gagged and bound tightly to a heavy chair, Alexander Teckoff, a Canadian citizen of Russian birth, was rescued from the flames which were making rapid headway in his photographic studio on Granville St.

Much Publicity From Vancouver Visit.

Prince Rupert is getting much publicity from the visit of the Vancouver party here at the week end. Each of the three papers, the Province, the World and the Sun, had a man along and they each wired an account of the visit each day and also mailed a long story. The result will be that Prince Rupert will be much better known from this time on. No such publicity could have been purchased for a few hundred dollars. Besides that there are fifty men who are so pleased with their visit and with what they saw here, that they will be boosters for Central British Columbia from this time on.

Broad Vision is Most Satisfactory.

The only way to make life worth living is to have a broad vision. Narrowness, sectionalism, never gets one anywhere. The person with a cramped soul that never sees beyond his own back yard, his little town, his district, his province or even his country is in a bad way. He does not live much of a life. He is related to the clam that grovels in the mud on the beach.

We broaden out by meeting people, by reading, by travelling, by rubbing against our fellows, by getting in touch with wild nature, by sharing the joys and sorrows of our fellows. We get other people's view point and find that there is often not so much difference between opposing views, between political parties, between churches, and between bad and good as we thought there was. Right and wrong are usually points of view. There is more evil in being narrowminded than in most sins. Some people think the greatest of all sins is to be intolerant, and there is a good deal of the argument on their side.

Visitors Closed Their Eyes to Great Deal.

There were fifty visitors here at the week end and they saw a great deal of the city. We showed them our front gardens but many of them certainly saw our back yards. They came to look for the good in us and no one heard them say anything but pleasant things about us, yet at the same time, if they had set out to do so, they could have raked us fore and aft with explosive shells that would have been very unpleasant.

We go to Vancouver and we see certain things there which we do not like and we hear expressions which are not pleasant, but if the journalists who were here with the party set out to tell of things as they found them and see the wrong end of things and hear what displeased them, they could write things for the Vancouver papers that would be anything but pleasing reading to the people here. Happily there is no danger that we shall be exposed. It might do us good if we were, but the exposing process would be very unpleasant.

Not Knocking Even Ourselves.

It is not for the purpose of knocking that this is said. It is to show the futility of knocking anyone else. The anvil chorus is never pleasant, even to the blacksmith. If we set out to say things about anyone else we must first clean up our own backyards, and even then it is not wise to act the Pharisee.

Prince Rupert has everything to gain and nothing to lose by having friendly relationship with neighboring places, even as any resident of the city stands to gain from being friendly rather than at enmity with neighbors. As someone might retort that it is wise not to preach too much we say no more. The visit of the Vancouver men who were too big to see the bad in us will be in itself a sermon.

FIRE DANGER AT OIL TANKS IS DISCUSSED

Engineer Went on Strike, Causing Shut Down and Position No Longer Open.

The question of the employment of an engineer at the Imperial Oil Company's tanks was discussed last night by the City Council at some length. G. A. Woodland, the manager, was present and explained that the letter which the City Council had sent to the Vancouver office had been returned to him and the matter left to his discretion.

In outlining the history of the case Mr. Woodland said that they had an engineer named Dawson employed to keep steam up in the boilers. There was little to do, but during the recent strike he had gone out and remained out for a month and no objection had been made to the steam not being up. He had decided now that he would not keep the boilers going as if it was all right to shut down then it was all right now. There was no danger from fire and one occurred the steam would not put it out. The only thing they could do would be to sit on the fence and let it burn. The engineer had not been dismissed, he had left.

A Coincidence.

It was a curious coincidence that shortly before the matter came up in Council Montgomery had rung up and asked about filling the position.

Alderman Casey said that he refused to hold his position as alderman and be subject to the dictation of the Imperial Oil Company. He moved "That the City Solicitor be instructed to proceed forthwith to protect the adjoining property from fire." The resolution was defeated, but Alderman Casey declared that he would bring it up every night.

VARIED PROGRAM AT THE WESTHOLME

Fishing on the Coast of Japan and Scenes Along the Tagus As Well as Big Features.

There are some interesting pictures showing fishing on the coast of Japan and scenes along the Tagus river, at the Westholme tonight. The British Gazette is also very interesting. King Teddy is shown laughing and there are many other interesting pictures.

Big Bill Hart is seen to advantage in "The Border Wireless" a strong play with plenty of action. The Harold Lloyd comedy is the funniest yet.

O. HENRY STORY AT EMPRESS THEATRE

Willard Geddie, who boasts more of family than fortune, is much in love with Ida Payne, and she with him. But Mrs. Payne has other ambitions for her daughter and asks him to forget all about Ida "at Ida's request." Geddie accepts his dismissal without any verification from the girl, and takes a job as consul in Coratio, South America. He undergoes an infatuation for a beautiful native girl and imagines he has forgotten all about Ida.

That is only the beginning of the O. Henry story played by Earle Williams and Grace Darmond in "An American Live Wire." The film is to be seen tonight at the Empress Theatre.

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

St. MARTIN'S, N.B.
"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.
I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

TEMPEST IN A TEAPOT AT CITY COUNCIL

Fruit Vendors Ask for Privilege of Keeping Open After 6:30 and are Opposed by Grocers.

Somewhat of a storm was raised last night in the City Council over the question of the keeping open of fruit stores. A petition was presented to the City Council purporting to be signed by one hundred per cent of the fruit dealers of the city asking that the fruit stores be exempt from the early closing law.

Several of the owners of fruit stores were present and J. C. Gavigan of the Rupert Table Supply Co. outlined the case for keeping open. He said that fruit was a perishable commodity and that a good deal of it was sold at night. Many Indians came in and made purchases after closing hours. The chief loss in his business was on soft fruits which would spoil overnight. This loss was prevented by keeping open.

Mr. Gavigan referred to the illegal way in which the bylaw was originally passed, and a letter written to the City Council by Mr. Peters, the city solicitor, was read which confirmed this. The report said that the Killas store was not considered at all as it was not looked on as a fruit store but as a refreshment house.

In answer to a question from Alderman Perry as to what attitude the Retail Merchants' Association took in regard to the matter, Mr. Gavigan said there was a section of the retail merchants that did not like his opening a fruit business in the evenings. For the past four years he had lost heavily on fruit owing to being so far north and the loss in transit being so great.

Two Licenses.
"Which are you running, a fruit or a grocery store?" inquired Ald. McMeekin.
Mr. Gavigan explained that there were two licenses, one for a grocery and the other for a place of refreshment.

Ald. McMeekin suggested that fruit was only a sideline to Gavigan and Killas. If the other grocers wished to remain open all night they could do the same as Gavigan. He thought the by-law should stand as it is.

Mr. Gavigan explained that in regard to the labor question they had a separate shift. Alderman Casey supported the application to keep open. He said that it would not affect labor any more than the cold storage.

Stay Proceedings.
It was decided to leave the question for further consideration at the next meeting of the City Council and in the meantime to ask the Police Commission to stay proceedings against merchants affected.

Alderman McMeekin became very indignant at this and Alderman McRae suggested that it was playing the part of a Chinaman to stay open all night.

LAST OF SERIES OF RINK DANCES

Large Attendance Last Night; Skating to Commence This Week.

The last of the summer series of dances was held at the rink last evening, when those who were present spent a most enjoyable time. There were about seventy-five couples dancing, and Gray's orchestra was in attendance.

The hardwood floor of the rink is first rate for dancing, and it was in first class condition. The music was most uplifting and a very merry and happy throng made the most of the occasion.

The rink will be opened for skating on Thursday, when the youngsters will be admitted free in the afternoon, while in the evening the public may obtain admission.

Sport

Both the ball games played over the week end were won by the Vancouver team. This was what might be expected from the sort of playing which was carried on throughout the two matches. The home team fielded very well but when it came to bat there were very few safe hits in either game.

In Saturday afternoon's game Harry Day had thirteen strike outs during the nine innings.

Ed Dravis and Nat Tinetti got home runs in the first game played on Saturday. They went over the rock pile and all they had to do was to walk home. The Rupert batters all got up and swung on nearly every pitched ball. If they connected it was a three bagger or a home run, but too often in their eagerness they fished after big wide outs, and fanned. Many times, too, when there was nothing on them but three balls and on strike they would let fly wildly at the next ball which came over instead of looking it over on the chance that it might be a ball.

Quigure, the first baseman for Vancouver, had the gentle art of bunting down to a science. He sacrificed more than one, however, but very often got to first base.

There were not very many swimmers at the Salt Lake Sunday afternoon. The weather was rather cold and uncomfortable on account of the fog which was hanging low all day. However, those who went in pronounced the water to be fine and evidently enjoyed their swim.

Following the football game which is to be played on Wednesday evening at 7:15 between the St. Andrew's and the Sons of England, there will be a meeting of the players and all those interested in the formation of a football league.

Yesterday Ted (Kid) Lewis of England was knocked out by Jack Britton in Jersey City in the ninth round. It was an effort to regain the welterweight championship.

At the annual meeting of the Canadian Association of Oarsmen held at St. Catharines, Ontario, on Saturday, it was decided to send all Canadian crews, eights and fours, instead of by clubs to the Olympic Regatta to be held at Antwerp next year.

Clementson, the centre fielder for the Prince Rupert baseball team, is certainly a great enthusiast over the game. In spite of his sore knee he attended both games. After the one on Sunday afternoon he rode home on his bicycle, cranking with one foot, the disabled limb projecting out to the side. It was quite easy going down hill but when the level was reached he had to get along side the guard rail and push himself along from it.

Among those passing through the city on the Princess Alice yesterday was A. S. Wood, manager of the Rat Portage Company of Vancouver, who is on his way north on a business trip to Skagway and will return south on the next trip of the Princess Mary. Mr. Wood will spend a little over a week in the north, as this is his first time to travel farther than Prince Rupert.

HAPPY FAREWELLS AS BOYS LEFT FOR SOUTH

There was a very happy parting scene at the Prince Rupert on Sunday evening. Besides the local people who were going away the Wallace's baseball team returned to the south and great was the send-off by the home club. There were three cheers from the boat which were loudly responded to from the shore. They jollied each other about the merits of their playing and were all in jubilant spirits over the friendly matches held here. "There's a long, long trail a' winding," and "Hail, Hail the gang's all here," were included on their song program. Far out into the bay the happy shouts of the boys were heard as the boat gradually faded into the mists of the outer harbor.
