Council Considering Reorganizing Public Works Department

Matter to Be Discussed at Private Meeting to Be Held Next Wednesday When Decision Will Be Arrived At

Following the defeat of three money bylaws by the ratepayers recently, the city council last night decided to hold a private meeting on Wednesday evening of next week, when decision will be made as to whether or not there should be a reorganization of the municipal public works department. The matter was brought up, after the reading of the returning officer's certificate announcing the defeat of the bylaws, by Ald. Prudhomme, who inquired from Ald. Brown, chairman of the Board of Works,

NO INCREASE FOR MEMBERS

Sessional Indemnity to Remain At \$4,000 Federal Government Decides

OTTAWA, June 11.—The government does not propose to take any steps to provide increased sessional indemnities for members of the House of Commons or Senate during the life of the present parliament. The matter which had been the subject of discussion in caucus and of conjecture in parliamentary corridors has finally been decided.

The increase favored by the advocates of higher pay for members amounted to \$2,000, bringing the indemnity up to \$6,000 a year. The government, taking cognizance of the move for an increase, gave the matter consideration and decided in the negative.

PREMIER KING NOT INVITED

Makes Announcement in House at Ottawa; Ramsay Macdonald Pretty Sure to Go

LONDON, June 11.—Premier Macdonald's projected visit to the United States for a personal discussion with President Hoover of the various questions affecting the two countries is now regarded in diplomatic circles as a definite probability. It has become known that Rt. Hon. Stanley Baldwin has received and accepted an invitation to visit the United States before he went out of office.

OTTAWA, June 11.—Premier Macdonald King in the House of Commons denied any official knowledge of the report that he might be asked to attend a possible disarmament conference at Washington to be attended by Premier Ramsay Macdonald and President Hoover. The question was brought up in the House yesterday by E. J. Garland of Bow River.

PRICE OF WHEAT

VANCOUVER, June 11.—The price of wheat today was quoted at \$1.14 here, spot cash.

PRINCE MAY MARRY SWEDISH PRINCESS

LONDON, June 11.—The belief is expressed in some quarters here that the engagement of the Prince of Wales to Princess Ingrid, daughter of the Crown Prince of Sweden may be made within two weeks.

BROTHER OF FOCH, JESUIT PRIEST, DIES

PARIS, June 11.—Father Germain Foch, a Jesuit priest and younger brother of the late Marshal Foch, died yesterday, aged 70.

QUICK ACTION IN RECOVERING LOST ARTICLES YESTERDAY

The value of the Daily News as an advertising medium was demonstrated yesterday. A lady lost a bunch of keys, advertised the loss and before her paper had reached her, the finder of the keys read the notice and returned them. Another lady lost a gold wrist watch. She advertised it yesterday and as soon as the paper was out got in touch with the finder through the Daily News, and recovered the lost property.

FISHERMEN MAY NOW BE HEARD

No Cancellation of Licenses By Minister Without Inquiry By Commissioner

OTTAWA, June 11.—Amendment to the government measure which itself seeks to amend the Fisheries Act was moved in the House of Commons yesterday by C. H. Cahan, Conservative, and accepted by the minister of marine and fisheries, Hon. J. A. Cardin. It provided that the minister may cancel fishing licenses at his discretion only after it has been ascertained by report of the commissioner appointed under provisions of the Inquiries Act, what operations conducted under such licenses were not in conformity with the law.

Previously no provision was made for fishermen to give evidence on their own behalf for any violation of the statute and discretion lay entirely with the minister.

FORMING GUILD FOR CHILDREN

Mrs. Joseph Sheasgreen Visiting City in Connection With Crippled Children

The formation of local guilds in connection with the crippled children's home at Marpole is the work of Mrs. Joseph Sheasgreen who is visiting in the city. In connection with this she has called a meeting in Moose Hall tomorrow afternoon at which Dr. West will preside when she will explain the work that is being done and the need for co-operation.

Mrs. Sheasgreen has been touring this part of the country and has formed local guilds at Terrace, Stewart, Premier, Anyox, Ocean Falls and Powell River. When she leaves here she will proceed to the interior going as far as Prince George and return by way of Quesnel to Vancouver. Mrs. Sheasgreen is giving her services in this cause and she is well known in the city. In Terrace she visited her daughter, Mrs. Marfentette.

The Moose have donated their hall for the meeting tomorrow.

LIENTENANT-GOVERNOR DUE HERE TOMORROW

Hon. Randolph Bruce Will Be Going Through to Dawson and Atlin

Hon. Randolph R. Bruce, lieutenant-governor of British Columbia, will be a visitor to the city tomorrow, going north aboard the steamer Prince George. His Honor is going through to Dawson and on the way back will visit Atlin. The trip will be purely in the nature of a holiday.

SWEDISH PLANE LANDS ICELAND

Sverige Was En Route to New York by Way of Quebec but Ran Short of Gas

WAS TAKEN IN TOW

Left Stockholm Sunday Morning and Made First Stop at Bergen on Long Flight

REYKJAVIK, Iceland, June 10.—The Swedish airplane Sverige, which made a forced landing at Skaptaros, southeast of Iceland, yesterday, on the second lap of a Stockholm to New York flight, was taken in tow by the Danish steamer Odin to meet the inspection ship Fyllia, which will give the plane fuel to continue the 150-mile flight here.

The plane left Stockholm Sunday morning, making the first stop at Bergen. The intention is to continue the flight via Greenland and Anticosti to Quebec, but the flyers were warned by weather forecasters not to fly across Greenland at present.

BRITISH PREMIER TO VISIT STATES TOWARD END JULY

LONDON, June 11.—Premier Macdonald is understood to have definitely decided to visit the United States after parliament rises at the end of July.

Steamer for Local Run Arrives in Port and Crew Is Being Paid Off Today

Vessel to Be Named Prince David Has to Be Thoroughly Reconditioned Before Going Into Service

After an uneventful voyage from Halifax of about a month, the steamer Aktion, which was built by the Germans during the war for mine laying in the North Sea and which up till recently has flown the Greek flag, arrived in Prince Rupert harbor about 4:30 yesterday afternoon and is now at the drydock, where she will be reconditioned preparatory to taking up local service out of this port for the Canadian National Coast Steamships under the new name of Prince David. Capt. J. A. Edgecumbe, formerly of the Canadian Coaster, was in command, with William Thomas of the local coast service his first mate. Engineers were also sent east from this coast to bring the vessel out. The crew which came out with the vessel is being paid off today and the men will return to the points in the east whence they came.

Though she bears the signs of having been idle for some time with little care and is, therefore, not looking her best, the Prince David is a vessel of trim, racy lines and, when reconditioned, will, no doubt, be an attractive looking craft. In general appearance, she is not unlike the well known fisheries protection steamer Givenchy. Her length is 150 feet and her beam is comparatively narrow. She has twin screw engines which give her a reputed speed of 17 knots. Her depth of eight feet forward and ten aft is such that she may navigate in such shallow waters as those at the mouth of the Skeena River. At present she has a freight carrying capacity of 150 tons and cabin accommodation for some sixteen persons.

On the way out from Halifax via the Panama Canal, the Prince David called at various places for coal. Her last stop before arriving here was at Union Bay, Vancouver Island, where she picked up Richard Knox, superintendent engineer for Canadian National Coast Steamships, who came north with her. It was stated at the drydock this morning that specific instructions for the reconditioning of the vessel had not yet been received. In any case, it will be some weeks before she is ready to take up service, as a number of improvements are planned.

Prince of Wales Inspects Grenadier Guards

The picture above was taken as the Prince of Wales was leaving the Horse Guards Parade after inspecting the Grenadier Guards. His Royal Highness is wearing a different style of uniform to those he usually wears.

Three Coast Members Oppose Trap Fishing for Salmon in B. C.

OTTAWA, June 11.—The danger of exterminating the salmon fisheries of British Columbia should the Government allow the building and operation of fish traps in northern waters was recognized by Pacific salmon fishermen from Vancouver to the Alaskan boundary, declared A. W. Neill, independent Liberal member for Comox-Alberni, speaking in the House of Commons last night on a motion to go into supply. A recent commission of inquiry had printed a report, said Mr. Neill, suggesting that no harm would result from reopening of old fish traps and licensing of new ones in B. C. sockeye salmon treaty next season. If traps were eliminated the fishing industry on the Pacific coast could support a population as great as that of Prince Edward Island.

J. C. Brady, member for Skeena, said the issue was international in scope. The United States today by a system of traps had seriously menaced salmon fishing on the Pacific coast. Practical fishermen of British Columbia were entitled to a fair hearing in this matter and the evidence adduced before the royal commission plainly demonstrated that hundreds of Canadian fishermen would be put out of business as the result of using traps. General McRae, Conservative member for Vancouver North, agreed with Mr. Neill and Mr. Brady that the situation in this area was identical with that in the Fraser River. He suggested that the matter be included in the

DISCUSSION ON TARIFF EFFECT

Minister of Finance Answers Criticism of Leader of the Opposition

OTTAWA, June 11.—More than 200,000 people moved from Canada to the United States the year after the full force of the Fordney tariff came into effect in that country, said Hon. R. B. Bennett in the House today. The Canadian Government had encouraged that movement by lowering protection.

Another tariff, more far reaching than the previous one, was before the U. S. Senate, Mr. Bennett continued. How was the Government meeting this crisis? Hon. James Robb, minister of finance, remarked it was unfortunate the budget speech of the opposition leader had been so long delayed. Mr. Bennett, he said, was much exercised over the fact that down in Washington where the weather is hot Congress was attempting to determine how much more it would tax the women and children of the United States on milk, butter, and bread, which they required for their livelihood.

FUNERAL NOTICE

The funeral of the late Mrs. John Lindscht will take place tomorrow at 2 o'clock from the Chapel of the B.C. Undertakers.

WILL VISIT CITY

A. Kilpatrick, at one time C. N. R. superintendent here and recently superannuated from the post of western rule instructor which he held for several years, and Mrs. Kilpatrick are expected in the city on Thursday afternoon's train from Ottawa to visit with their son and daughter-in-law, Mr. and Mrs. J. W. Kilpatrick, Green Street. They will also visit in Smithers with another son, Norman Kilpatrick, before leaving for Vancouver whence they will embark on a trip to Australia and thence around the world via England before returning to Canada. Mr. and Mrs. Kilpatrick have many friends in Prince Rupert who will look forward to meeting them again during the stay.

CANADIAN PACIFIC MAP

The C. P. R. has just brought out another booklet on business and industrial opportunities in western Canada. It deals with the places within C. P. R. territory and has a map showing that the whole of western Canada is covered by the system except northern British Columbia. This section, it is hoped, will be included in the next map, as the country loses a good deal of valuable advertising from not being on the C. P. R. map.

AMERICAN SPORTS

The Morning Colonist is publishing a series of letters written by Englishmen, mostly army officers, objecting to the publication in that newspaper of American baseball scores and other American news, particularly sport news, and asking for more cricket. Possibly there is some ground for complaint at the kind of news that is furnished here, but it must be remembered that we are very close neighbors of the United States, that a great many of the people in British Columbia are American or of American extraction and that most Canadians are keenly interested in the big league baseball results than in English football or cricket.

In the boxing world the championship has been held in United States so long that it is difficult to remember when it was otherwise. Contestants who wish to enter the ring for the world crown and the big money come to the States. Schmeling is there now and is putting on the finishing touches of his training on this side. Hockey and lacrosse are the product of the American continent and cricket seems to be about the only game that does not take root here.

Another thing to remember is that it costs a lot of money to get news cabled from Great Britain, whereas the baseball scores can be picked up at Seattle, Spokane, Detroit, or any of the border towns and cost practically nothing to obtain.

At one time the Canadian Government gave a subsidy to the Canadian Press to enable them to secure more cable news from Britain, but that was stopped several years ago and newspapers were not sorry to be absolutely free from the taunt of receiving state aid. Every year the costs of British cable services increase. Only recently there was an added fee to all the newspapers of the country to improve these services.

But the people of the county want baseball news, hockey news, lacrosse news, boxing news, and if the Canadian papers do not supply them they will buy American. The English people are trying their best to become Americanized, so why should Canada hold back?

MUFFLERS ON SPEED BOATS

Complaint is made by people living along the waterfront at the noise made by speed boats with outboard motors operating without mufflers. During the daytime it is not so bad, but it is said they keep going after night and make the night hideous to those who hear them.

It is suggested that mufflers would make boating much more pleasant for the owners of the boats, as well as to the people who live near enough to the water to be affected.

MANITOBA CABINET MINISTERS RETURN TO OFFICE

Hon. W. R. Clubb, left, Attorney-General in the Manitoba Legislature, and Hon. W. J. Major, right, Minister of Public Works, who resigned from office at the commencement of the Seven Sisters Power Investigation, were reinstated when the Royal Commission, which investigated the matter exonerated all members of the Government from acts of dishonesty or corruption.

NEWS OF NORTHERN B.C.

NEW HAZELTON

The Bulkley Mines Ltd. has been incorporated with head office in Vancouver and capitalization of \$1,000,000 to develop the Comet property on Four Mile Mountain owned by James Dyer.

Fishing at Hagwilget is fairly good now and the Indians are getting some nice salmon.

The road from here to Skeena Crossing is so rough that a car cannot make much better time than a pack train.

A Hazelton Chinaman was taken to Smithers last week to answer before Magistrate Hoskins to a charge of keeping liquor for sale. The case was dismissed with L. W. Patmore of Prince Rupert defending.

Sealy Lake is now a popular resort for anglers of both Hazelton and New Hazelton.

Mrs. Rankin of Hazelton is leaving in a few days for her old home in Scotland where she will take up residence with a brother. Her husband died about two years ago.

SMITHERS

Mrs. A. D. Baillie of Prince Rupert has arrived here to join the nursing staff of the hospital, relieving Miss Olive Walker who has gone on vacation.

Dr. A. F. Dunn, graduate of McGill University, has arrived here to be associated with Dr. C. H. Hankinson in the local field during the summer months.

Many applications are being received from Prince Rupert people for accommodation at Lake Kathlyn during the summer season.

E. K. Steele, who has been in the service of the B. C. Packers on the Queen Charlotte Islands for several years, has been visiting with relatives in this district and plans to locate here.

Mrs. J. H. Byrne and son left at the first of last week for an extended visit to Mrs. Byrne's old home in Ireland.

Mrs. R. W. Champion left last week for Kamloops where she is representing the local Rebekah Lodge at Grand Lodge convention. Members of the local lodge recently paid a surprise visit on Mrs. Champion and presented her with an overnight suitcase.

VANDERHOOF

Mrs. C. Prout has received word of the death of her father in Cornwall, England.

Dr. W. F. Schulz is having a one and a half storey house built on his farm in the Mapes district.

R. Price of the Canadian Bank of Commerce staff left at the end of the week on his vacation. T. Carlson of Anyox has arrived here to relieve him.

Caleb Prout has purchased the Forslund property on the north side of the Nechaiko River near town. The deal was negotiated by George Ogston.

C. C. Kelly, district agriculturalist, has been instructed by the minister of agriculture to make a survey to ascertain the number of cows in this area and the possible supply of cream for a creamery.

PRINCE GEORGE

So that American tourists, after visiting Prince George, may not have to double back on their tracks, the Cariboo Automobile Association is continuing to press urgently for the extension of the highway east from here to Jasper Park.

Charles W. Moore and G. Friemuller have started a goat ranch near here and are specializing in the production of milk for the local market.

The Fort George District Liberal Association has elected officers for the year as follows: president, H. B. Guest, Prince George; vice-president, W. W. Hay, McBride; secretary treasur-

er, Frank Clark, Prince George. The Prince George Association has elected the following officers: president, G. B. Williams; vice-president, John Assman; secretary treasurer, Frank Clark.

The Cariboo Automobile Association has elected the following officers for the year: honorary president, J. L. Hill; president, C. A. Pyne; vice-president, C. H. Allison (Quesnel); treasurer, Dr. R. W. Alward; secretary, F. A. McCallum. Second vice-presidents are R. C. McCorkell, Vanderhoof, and S. Birkenhead, McBride.

The suggestion is being made here that, to avoid confusion with Prince Rupert, the name of this town revert back to Fort George.

It is expected that the new 28 by 64 addition of brick and cement to the Columbus Hotel on Third Avenue will be completed early in September. A. P. Anderson has the contract.

BURNS LAKE

Lyster Mulvany, George Culp, R. H. Gerow and Jack McLean left last week for the Babine district to do assessment work on their mineral claims there. They were accompanied by H. C. Moles.

H. L. Batten M. E. made a trip to the Silver Island mine in the Babine for which he is consulting engineer. He was accompanied to the mine by H. J. Macdonald, local manager.

Dave Helkenberg returned home last week from Vancouver where he had an operation for the removal of his eye following an accident at the Silver Island mine.

TERRACE

While J. B. Agar was the first to drive over the new provincial highway between Terrace and Usk, W. H. Burnett, of the Terrace Motors, claims the honor of being the first to drive over the Usk ferry and into the town. He and N. Yack made the trip last Thursday afternoon in a Ford roadster, while it was Thursday night before Mr. Agar got into Usk, although he drove to the landing across the river on Wednesday night. Mr. Burnett received a great welcome on arrival at the neighboring town.

W. McNeish, auditor for the Workmen's Compensation Board, was in town at the end of the week on one of his periodical visits to local industrial concerns.

S. P. Cooke, of Toronto, representative of the A. E. Gordon Lumber Co., was a business visitor here at the end of the week.

W. H. Wilson of Usk drove down over the new highway on Saturday and took back the first load of freight to be hauled over the new road by motor truck.

E. Willman of Usk arrived in Terrace on Saturday by motor cycle, having made the trip over the new road.

J. Blackabee, of Vancouver, arrived in town on Saturday to

take charge of the local bank during Mr. Marentette's convalescence, following an attack of pneumonia.

W. Way who has spent several months here returned to Prince Rupert on Monday.

Rev. A. W. Robinson returned Saturday from Prince Rupert where he spent some days with his son, who is a patient in the hospital.

Misses Bertha Moore and Helen Smith returned Saturday from Prince Rupert where they took musical examinations during the week.

STRIKE OF FITTERS DELAYS DIRIGIBLE

HOWDEN, England, June 11.—The strike of fitters employed on the giant dirigible R-100 has delayed work in the preparations for the airship's projected flight across the Atlantic in the autumn.

B. C. Nicholas, editor of the Victoria Times, will be a visitor in the city tomorrow. He will be going through on a holiday trip to Alaska and the Yukon aboard the steamer Prince George.

Lot 32, block 23, section 8 will be transferred to B. G. Beale and Annie Beale in consideration of sum of \$70, it was decided by the city council last night on recommendation of the finance committee.

A letter from the committee of the Sourdough Stampede which will be held in Seattle on June 16 and 17, inviting this city to be represented at that event or to send exhibits of early life of the community, was read at last night's council meeting. The communication will be acknowledged but the council will take no action in the matter.

On recommendation of the Board of Works, the city council last night decided to place a sign at the sand pit on Conrad Street conveying warning that anyone removing sand or material therefrom would be prosecuted. Ald. Brown stated that material had been removed of late and this action was being taken as a warning against such practice.

The city council last night, on recommendation of the Board of Works, committee, decided to give the Prince Rupert General Hospital a flat annual water rate of \$170 per year. Ald. Brown pointed out that this rate would be half of the charge as recorded by meter but double what the hospital formerly paid on flat rate. As this was a public institution, which paid full rates for all other civic services, the cut in water rate was believed to be justified.

10,000 Bottles a Day

Every day 10,000 women buy a bottle of Lydia E. Pinkham's Vegetable Compound. They know that there is no better remedy for their troublesome ailments with their accompanying nervousness, backache, headache, "blue" spells, and rundown condition.

Lydia E. Pinkham's Vegetable Compound

Jack Gurvich returned to the city on the Catala this morning from a trip to Anyox.

Foster Willan returned to the city on the Catala this morning from a business trip to Anyox.

Mrs. B. R. Wilson, who has been on a trip to Alice Arm, returned to the city from the north on the Catala this morning.

Dr. George Payne, physician for the Granby Co. at Anyox, is a passenger aboard the Catala today going south on a trip to Vancouver.

A meeting will be held in the Moose Hall tomorrow afternoon at 3:30 on behalf of the Crippled Children's Hospital of B.C. All interested please attend.

Union freighter Chilkoot, Capt. W. W. Mounce, arrived in port at 10:30 last night from the south and, after discharging a small parcel of local freight, sailed for Stewart.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 11:40 this morning from Anyox, Stewart and other northern points of call and will sail at 3:30 this afternoon for the south.

The local improvement construction bylaw providing for the grading of Ambrose Avenue between the Sixth Avenue intersections was given its final readings at last night's meeting of the city council.

During the month of May a total of 1279 gallons of fuel oil was consumed in the City Hall heating system, according to report of the janitor, J. W. Exley, presented at last night's council meeting. The daily consumption was 41 gallons at a cost of \$2.05.

A letter from the clerk of the municipality of Saanich seeking endorsement for a move which is being made to give municipalities the right to prohibit the erection of bill boards was read at last night's council meeting and referred to the finance committee for report.

A letter from the Pacific Coast Fire Chiefs' Association inviting Prince Rupert to be represented at the annual convention which will be held in Vancouver on July 22 to 26 was read at last night's council meeting and referred to the utilities committee for report.

Local improvement debenture bylaws to cover the financing of several cement sidewalks which were built last year as well as the Borden Street macadam roadway, were given their initial readings at last night's council meeting, being introduced by the finance committee.

A letter from Capt. C. C. Dobson R. N., V. C., D. S. O., acknowledging the reception which had been given officers and crew of H.M.S. Colombo during the warship's recent visit here was read at last night's council meeting and filed. The text of the letter has already been published.

The city council last night granted permission to the Associated Boards of Trade of Central British Columbia to hold the annual convention in the council chamber on June 27 and 28. It was also decided to appoint a committee to co-operate with the local Board of Trade in entertaining the delegates. This committee will be named later by the mayor.

There was a meeting of the executive of the local assembly of the Native Sons of Canada, G. W. Johnstone presiding, last night to launch arrangements for the annual Dominion Day celebration this year. Discussion was merely of a preliminary nature and there will be another meeting on Saturday when committees will be named and other preparations carried out.

Miss Dorothy Stephen, after a brief vacation here with her mother, Mrs. P. Stephen, left Sunday night on her return to Vancouver where she will resume secretarial work. Just prior to coming north, Miss Stephen was secretary to the committee making arrangements for the recent district convention of the Rotary Club in Vancouver. Before that she had been in Portland.

NINE YEARS

of Increasing Profits for Confederation Life Policyholders

FOR the ninth successive year profits for participating policyholders of this Association have been substantially increased.

And remember—100% of all profits earned by the participating branch are allotted to participating policyholders.

What does that mean? It means that the Confederation Life Association is well managed, that it is careful in the selecting of risks and that it is particularly prudent in the investment of policyholders' funds.

These are reasons why Confederation Life Association is so satisfactory a company to insure with.

Write for the pamphlet entitled "Profits to Policyholders". It describes some policyholders' experiences.

Mr. and Mrs. Stone returned to the city on the Catala this morning from a brief trip to Anyox.

S. C. Thomson sailed last evening on the Prince Charles to make the round trip to Stewart, Anyox and Massett Inlet.

Rev. W. S. Cooper, Anglican Clergyman at Greenville on the Naas River, arrived in the city yesterday and will sail this afternoon on the Catala for a vacation trip to Vancouver and Victoria.

W. G. McMorris, managing director of the Kitsault Eagle Mining Co., who has been on a trip to the company's mining operations at Alice Arm, is a passenger aboard the Catala today returning to Vancouver.

H. F. Kergin, M.L.A. for Atlin, arrived in the city on the Catala this morning from Alice Arm. Tomorrow he will go north to the Atlin district, accompanying Hon. R. Randolph Bruce, lieutenant governor of the province.

Henry L. Sisler, general agent for the Chicago Northwestern Railway at Seattle, and Mrs. Sisler, after spending several days in the city and district, left on this morning's train for Jasper Park where they will spend a few days before returning to Seattle.

Indian Agent W. E. Collison returned to the city on the Catala this morning from a trip to the Naas Valley on official business. He visited all villages in the valley, going as far as Aiyansh, and brought out with him a fine large totem pole which will be erected here by the Canadian National Railways.

Passengers disembarking here from northern points on the steamer Catala this morning included: Joe Harris and G. Uyeda, from Mill Bay; John Clarke, Fred Ramovich, L. Aitken, A. LePage, Gust Duralis and William Jackson from Stewart; Mr. and Mrs. Stone, John Gurvich, Sam Ljivich, A. W. Feather, Foster Willan and W. G. Elliot, from Anyox; W. E. Collison from Naas River, and J. L. Ramsdell, Mrs. B. R. Wilson and H. F. Kergin, from Alice Arm. Passengers going through to Vancouver on the vessel include: Mr. and Mrs. J. Gillis and family, George Sarich, Louis Zubeck and C. E. Hawthorne, from Stewart; Dr. George Payne, M. Morrison and D. McKay, from Anyox; Dan Matheson and J. McMillan, from Arrandale; W. G. McMorris, from Alice Arm, and Mr. and Mrs. M. F. Armstrong, round trip.

DECISION RESERVED

Taking of evidence in the case of Fred Ward, Regent Rooms, charged with keeping liquor for sale, was completed in city police court this morning and judgment was reserved until tomorrow by Magistrate McClymont.

CONTINUATION SEWER SYSTEM

Work Proposed by Ald. Rudderham to Be Gone Into By Finance Committee Before Decision Made

Ald. Rudderham suggested at last night's council meeting that the public works department, now it had the machinery organized, should proceed at once with certain laterals which are required before the new trunk sewer system in Section Five can be placed in full operation. Plans for this additional work had been approved and he thought the people should be given a chance to say whether or not they wanted it proceeded with. Ald. Rudderham pointed out that the work would have to be carried out solely under local improvement.

Mayor McMordie suggested that, before making any decision, the council should receive a report from the finance committee. The debenture market was in a rather disrupted condition and bonds could not be marketed to advantage at the present time. It would mean that the city would have to borrow money to finance the work pending the sale of bonds. The city had been spending freely and had already borrowed \$150,000 from the bank. He felt that care should be exercised in connection with further expenditures.

Ald. Collart agreed with the mayor. Ald. Rudderham apparently was forgetful that, even if the work was done under local improvement, the city would have to raise money to pay the bill right away and wait for twenty years for the property owners to pay the cost. Already money bylaws had been turned down covering work that had been done. If care was not exercised, there might be a mill rate of 55 or 60 per cent next year.

After further discussion, the matter was referred to the finance committee. Ald. Brown suggested that the finance committee also consider the matter of installing one twelve inch pipe in a single ditch instead of having two eight or ten inch pipes from different systems in the same ditch.

A Great Car for Women to Drive

Coupe

THE FORD car is a great car for women to drive not only because it is so smart and good looking, but also because of its comfort, ease of control, and reliability. Especially its reliability.

You know the Ford will take you there and bring you back. You know you can depend on it. You know it has been built to give you thousands of miles of faithful, uninterrupted service. This freedom from trouble—this men-

tal comfort—means a great deal to every woman who drives a car.

Another feature of the Ford that appeals to women is the safety afforded by the fully enclosed efficient six-brake system, steel body, and shatterproof glass windshield.

You can see the value of this when you consider that 65 per cent of automobile injuries are caused by flying glass. The windshield of the Ford will not shatter under the hardest impact. A demonstration drive is convincing.

PIRATES BEING HARD PRESSED

St. Louis and Chicago Making Strong Bid for Pennant; Athletics Retain Their Lead

NEW YORK, June 11. — The Cincinnati Reds pounded three New York Giants' pitchers yesterday to win their third successive game.

St. Louis Cardinals barely edged out the Phillies. Six runs in the fifth inning decided victory for the Brooklyn Robins in their second straight win over the league-leading Pittsburgh Pirates.

Chicago Cubs outbatted Boston Braves and won 10 to 8. In the American League, Cleveland Indians broke a deadlock in the sixth inning to win from Washington Senators.

A single by Hellman in the seventh followed by three successive passes by Charlie Ruffing gave Detroit Tigers a win over the Boston Red Sox.

The Philadelphia Athletics stayed seven games ahead of the field by beating the Chicago White Sox, while the New York Yankees slaved off a late rally by the St. Louis Browns to win. Waite Hoyt allowed only one hit in seven innings.

Yesterday's big league scores:

NATIONAL LEAGUE

New York 3, Cincinnati 7.
Boston 8, Chicago 10.
Brooklyn 7, Pittsburgh 6.
Philadelphia 9, St. Louis 10.

AMERICAN LEAGUE

St. Louis 2, New York 3.
Cleveland 4, Washington 3.
Detroit 1, Boston 0.
Chicago 1, Philadelphia 3.

FURTHER GAMES IN TENNIS TOURNAMENT

Two Matches in Men's Doubles and One Each in Ladies' and Men's Singles

The following further games were played last night in the Prince Rupert Tennis Club's championship tournament:

- Ladies' singles—Miss Caroline Mitchell beat Miss Marga et Palmer, 6-2, 6-0.
- Men's singles—Pete Black beat Bob Barelett, 6-4, 6-3.
- Men's doubles—F. E. Robertson and E. Wilding beat Steve King and Jack Johns, 6-1, 6-3.
- Second round—Eddie Smith and Poli Howard beat H. A. Pryce and P. H. Linzey, 6-4, 6-0.

GYROS GIVEN LEAVE TO DEVELOP JUNIOR SPORTS FIELD HERE

The city council last night gave permission to the Gyro Club to proceed with the development of the ground at the corner of Sixth Avenue and McBride Street, near the Masonic Hall, as a junior sports field.

In answer to a communication from the Gyro Club asking that the city make such repairs as are required to playgrounds in various parts of the city, Ald. Brown stated that inspections had been made and the repairs were under way.

REGINA BEATEN

SASKATOON, June 11.—The touring Welsh soccer team defeated Regina all stars here last night seven to nil.

EMPRESS WINS OVER REGIMENT

Football Game Last Night Was Close Affair and Interested Large Crowd of Fans

SOLDIERS ELIMINATED

Owning of Gilhuly Cup For Year Now Rests Between Empress Club and Thistles

As a result of last night's game which ended 2 to 1 in favor of the Empress Social Club over the Regiment, the winners assured themselves of at least a play-off with the Thistles for the Gilhuly Cup while the soldiers were eliminated from the competition for the trophy. The Regiment did most of the pressing throughout the game and was beaten only through inaccurate shooting or bad luck.

Playing up hill, the soldiers took the lead right from the start. John Murray put through a goal which was disallowed because Tinker was offside. Wilson then scored the counter for the Regiment. McKay soon equalized for the Empress Club, the Regiment believing there was an offside.

In the second half, Empress players pressed and, following a free kick against Brand for carrying the ball, McKay put them ahead. The Regimental goal had another narrow escape in a scramble. During the last fifteen minutes, the Regiment did everything but score. John Murray spoiled a good chance by handling the ball in goal mouth. Again Tinker just missed and the Empress was able to retain its slim lead until the end. Spiro Gurvich was a fine goalkeeper for the Empress throughout the game.

It was a fine game as far as the fans were concerned and a good sized crowd of spectators was on hand to witness the match.

William Cowan, formerly of Vancouver, made his debut as referee on the local field and handled the game in an efficient manner. James Kelly and A. Murray were linemen. The teams were as follows:

Regiment—Brand, Ross and Hunt; Edgumbe, Haddon and Burdette; Wilson, Russell, Murray, Tinker and Norrington.

Empress Social Club—Gurvich; G. Howe and Carlson; Hillston, Currie and Hill; Lundie, Currie, McKay, Chenoski and S. Dickens.

With but one more game to play on Thursday evening between Regiment and Thistles, the standing for the Gilhuly Cup is now as follows:

	W.	D.	L.	Pts.
Empress	2	1	1	5
Thistles	1	1	1	3
Regiment	1	0	2	2

Sport Chat

It is doubtful if a baseball season ever opened more interestingly in Prince Rupert than has this year's. Each of the three teams have now won a game and lost one and all games except the very first one have been very closely contested, sustaining the interest right up to the last inning. The Elks beat the Gyro Club, the Gyros took the Native Sons and then the Canucks came along and conquered the Elks so that looks like they are evenly matched. Tonight the Sons are to meet the Elks again and whoever wins will go to the top of the heap. The lodge men say it is going to be different on this occasion from what it was Sunday. The game should attract many fans who are getting a real kick out of league baseball this year.

Plans are proceeding apace for a big Dominion Day celebration at Smithers. There will be a long program of junior and senior track and field sports while special attention is being given to the horse racing card which is expected to attract all the fast horse flesh from the Bulkley Valley. Another feature will be a tug-of-war between Smithers and Duthie mine and a baseball nine from one of the valley towns will be pitted against Smithers. In the evening, there will be a big dance for which special arrangements are being made.

TO REPAIR OPEN DITCH

City Council Discusses Offensive Situation in Down Town Section

Following receipt of a petition from D. McLeod, Sam Wood, G. H. Arnold, F. E. Bush, Bert West, Brother Moody, Walter Shaw and others complaining of the offensiveness of an open drain in the lane near the Helgeson Block and asking that steps be taken to have same attended to, the city council engaged in a lengthy discussion last night as to whether the city or the property owners concerned should pay for the work which may prove rather extensive, involving a drain which runs under private property from the vicinity of the Savoy Hotel on Fraser Street to the Central Hotel on First Avenue.

The city engineer stated that the drain had been opened up last year to clear out a blockage which had resulted in the flooding of the basement of the Rupert Table Supply Store. He had been advised by the city solicitor that permanent repairs could only be undertaken as a local improvement scheme.

Ald. Prudhomme, Ald. Rudderham and Ald. Macdonald felt that repairs should be made as soon as possible to remove a menace to health. If it was not up to the city itself to do it, arrangements should be made without delay for the necessary carrying out of the work under local improvement.

At the suggestion of Mayor McMordie, it was decided to have the medical health officer, Board of Works and city engineer submit the necessary reports which will also include an estimate of the cost of the work.

GYRO COMMITTEES IN CONNECTION WITH THE GLEE SINGERS NAMED

President Joe Greer has named the following Gyro Club committees in connection with the appearance here of the Westminster Glee Club Singers under the auspices of the club on June 21 and 22:

General chairman — Morris Blott.

Reception committee—R. F. McNaughton, H. McEwen.

Advertising — Bob Robertson, chairman, Frank Dibb, Alex Hunter, Art Easson.

Hall—Charlie Balagno, chairman, Joe Gosse, Jack Dougherty, D. Stork, L. Kergin, Joe Greer. Ticket selling—Eddie Smith, chairman, Charles Mills, C. Kirkendall, L. Waugh, Lionel Holtby.

Ushers: Friday, June 21—M. Rybank, Mill Gonzales, Harold McEwen, M. McLachlan, Bill Nelson, Bill Watt, George Arsenau, Joe Greer.

Ushers: Saturday, June 22 — Jim Farquhar, Lionel Holtby, Glen McMillan, Doug Nelson, Charles Starr, Bill Tobey.

The active life of a piece of giant artillery is about three seconds.

CURTAILMENT OF CITY WORK

Items on Other Side of Hays Creek to Be Lopped Off Program This Year, Council Decides

That the time has arrived when it is necessary to curtail further public works undertakings in the city for this year was indicated in reports presented to the council last night by the Board of Works.

One report recommended that Claude Street and Donald Street be not paved this year, because the city will have to pay approximately \$2250 of the \$3432, this being felt to be prohibitive.

Another report recommended that Seventh Avenue from Hays Cove Avenue to the east side of Donald Street be not built this year, owing to the cost to the city being so high. Ald. Brown reported that the cost was estimated at \$11,605, of which the city would have to be 33 per cent.

Both reports were adopted, so the work will not be undertaken this year.

FAULTY BRIDGE NEAR HAZELTON CAUSE OF TRAINS BEING LATE

A faulty bridge at Sealy Gulch, just west of South Hazelton, has been causing C.N.R. trains to arrive about half an hour late the last few days. The bridge has been deemed unsafe for locomotives to cross and the coaches are pushed across. The foundations of the bridge are said to have shifted in a recent earthquake. Repairs, it is understood, are being made.

TERRACE GIRLS ARE WORKING TO SECURE OWN SUMMER CAMP

TERRACE, June 11.—The members of the Terrace Canadian Girls in Training held a sale of jewels, aprons and candy on Saturday afternoon at the home of Mrs. James H. Smith, the senior girls, under the direction of Mrs. W. Allan and Mrs. Smith, having charge of the arrangements. Some very attractive work was on display and everything was very quickly sold. Afternoon tea was served on the spacious veranda, which was attractively decorated with flags.

A hall of curios also proved an attractive and amusing feature and helped to swell the funds, which, in all, amounted to over \$30. The girls are working with a view to eventually owning their own camps and camping equipment and already have a very creditable sum raised toward that worthy object.

Weak and Run Down Didn't Want to Eat Could Not Sleep

Mrs. D. Leone, Sault Ste. Marie, Ont., writes:—"I was weak and run down; did not want to eat, and could not sleep. I felt tired of living and often longed for death to free me from my terrible misery as I felt I would never be strong again. I thought I would try

and really I soon felt like eating and living, and new life seemed to come to me.

ELEVENTH AVE. WANTS ACCESS

Delegation Appears Before Council on Matter—Communication Also Received

A letter from James L. Lee, read at last night's council meeting, urged that the city take some steps to renew access for Eleventh Avenue to the city following the lifting of the old plank roadway through McClymont Park and the defeat of the money by-law which would have provided for a new graded road to replace it. A delegation consisting of Fred Wesch, W. H. Derry, A. O. Franks and Rod Morrison also appeared before the council in the same connection.

Mr. Lee's letter stated that, as conditions were at present, it was impossible for residents of Eleventh Avenue to reach town except by the circuitous route beyond Hays Creek bridge. The old roadway, which would have served for a time longer, had been removed and nothing had been put in its place.

Fred Wesch referred to the inconvenience of having to travel via Hays Creek bridge. He also alluded to the danger in case fire should break out in that part of town.

W. H. Derry said that the business men were also affected and, already, one baker had refused to deliver bread on account of the distance.

Ald. Collart felt that these residents should be given access to the city. He suggested that the matter be referred to the Board of Works and it was so decided.

TENDERS FOR GARBAGE IN

City Council Will Hold Special Meeting Next Week to Decide On Letting Contract

Four tenders for garbage and nightsoil collection service were opened at last night's council meeting and referred to the Board of Works for tabulation and report. It is planned to hold a special meeting of the council on Wednesday night of next week when it will be decided whether a contract will be let, and, if so, to whom it will be let.

- The tenders were as follows for a period of six months:
- C. C. Ketchum, garbage collection, \$2970.
 - W. A. McLean, garbage collection, \$2800.
 - Casey Cartage and Transfer, nightsoil and garbage, \$4757.
 - G. T. Moore, nightsoil and garbage, \$5400.

ELECTION IN SOUTH AFRICA IS TOMORROW

Likely to Be Stalemate, According to All Forecasts in That Country

NEW LEADER MENTIONED

Program of Each Party Outlined in Which Native Question Looms Large

CAPETOWN, June 11.—Various forecasts of the result of the general election to be held tomorrow, ranging from a majority of five for the Nationalists, led by Premier J. B. Hertzog, to a majority of from six to ten for the South African party, whose leader is Former Premier J. C. Smuts. On both sides it seems to be conceded that something in the nature of a stalemate will ensue.

Under those circumstances a personality which is attracting some attention is that of the Hon. J. H. Hofmeyr. Mr. Hofmeyr is still on the right side of 40, and after an amazingly brilliant scholastic career—he took B.A. at 15 and his M.A. at 17, and subsequently went to Oxford as a Rhodes scholar—he was appointed principal of the Witwatersrand University, of which he is now vice-chancellor. He has just completed a very successful term of five years as administrator of the Transvaal, and is now proposing to enter politics. He has, however, kept aloof from the present elections regarding the issues before the electorate as ephemeral but is looked on throughout South Africa as a coming leader, particularly if the elections result in the possible stalemate.

Mr. Hofmeyr is a nephew of the late Hon. J. H. Hofmeyr (known throughout the union as "Onze Jan"), who will be remembered in Canada as the mover of the resolution which initiated the policy of Imperial preference, at the Colonial Conference held in London in 1887. He later attended the Colonial Conference at Ottawa in 1894 as representative of the Cape government.

The planks on which the two main parties have gone to the country are the following:

General Hertzog

South Africa to remain a white man's land, not to be endangered by the native and his vote.

Links of friendship with the states in the north, but South Africa not to be united by federation or unification to territories which could never be anything else than native states.

Continuation of existing policies.

Exploitation of sources of power, such as coal, and its distillation.

Road construction.

Loans to farmers, and protection of industries.

White labor in state enterprises.

Irrigation.

Solution of native problem along lines of political and territorial segregation.

General Smuts

Denunciation of German treaty as a breach of the settled policy of Empire preference.

Ultimate federation with Southern and Northern Rhodesia, and co-operation with British territories in the north.

Reference of native question to a national convention.

Prohibition of Asiatic immigration, and repatriation of Asiatics as quickly as possible.

Settlement of South Africans on the land, and encouragement of suitable white immigration (on the theory that the best solution of the native problem lies in a large European population).

Franchise to European women.

AROUND PRINCE RUPERT

Operations on Mountain Boy to Be Instituted on Large Scale; Staking on Iskoot River; Annual Report of B. C. Silver

Operations on the Mountain Boy property at Stewart will be instituted on a big scale in a very short time. The plan is to run three shifts on a new tunnel which, at fifteen feet a day, should tap the high-grade vein 250 feet below the surface within ninety days. No money is to be spared, it is stated by the management, in putting this sensational prospect on a producing basis with a minimum of delay. Considerable work has been accomplished by Neil Matheson and his crew since they started operations early in May. The trail has been cleared, camps are in order and everything in readiness for the big work to commence.

A two-drill compressor has been set up and 2500 feet of air pipe laid. A five-ton test shipment was recently made to the Tacoma smelter, assay returns running 1138 ounces silver, 4.94 per cent copper and 3.9 per cent zinc. Harry Townsend, consulting engineer, hopes to spend 50 per cent of his time on the property.

Homey Ficklin, E. E. Charlton and Ed. Blomberg made a trip recently from Stewart into the headwaters of Iskoot River to stake claims for a Vancouver syndicate, adjoining the 57 claims acquired last year by the Consolidated Mining & Smelting Co. They found that snow had gone to such an extent that mineral exposures could be traced for several hundred feet. There was one showing of solid quartz over 200 feet wide, while other mineralized zones several hundred feet in width could be seen. They staked 22 claims at an approximate distance from Stewart of 100 miles. Some samples of the various claims, showing pyrites, arsenical iron and silver sulphides were brought out.

Officials of the Big Missouri Mining Co. and the Consolidated Mining & Smelting Co. have decided that, before proceeding with the construction of a mill, further developments must be carried out to ascertain accurately the logical site for the proposed plant. In this connection, diamond drilling will also be done. Big Missouri has ample water power for all needs and power development will be coincident with the building of the mill. It is proposed to push development as soon as possible.

Work will be started early in June on the Monroe, Sunrise and St. Eugene groups of mineral claims overlooking Salmon Glacier which were recently bonded by George S. Cochran of Seattle. The work is expected to be continuous. Mr. Cochran will soon be at Stewart.

Work was concentrated during the year on the exploration of the property in depth through No. 2 underground shaft, located 55
