CAMBRIDGE WINS PUTNEY BOAT RACE

CONTROL OF C. P. RY. IS TO REMAIN WITHIN THE EMPIRE

Control of C.P.R. is Vested in Majority Owners Within British Empire States President Beatty

OTTAWA, March 23.—That control of the common stock of the C.P.R. is almost completely held in Great Britain, where 48 per cent of it is owned. Canada owns only 17 to 18 per cent of the stock of her own railway, but United States is interested to the extent of about 33 per cent, was stated by E. W. Beatty, president of the company.

Of the combined common and preferred stock, both of which have voting rights, 70 per cent is held in the British Empire and only 24 per cent in United States. This gives the States very little say in the management of the Canadian road.

Hon. C. A. Dunning states that an effort is being made to provide that control of the road shall always remain within the Empire.

CAMBRIDGE IS WINNER BOAT RACE

LONDON, Marc 23.—In the big annual boat race held today on the Thames River at Putney was won by Cambridge, the Oxford crew finishing six lengths behind their rivals.

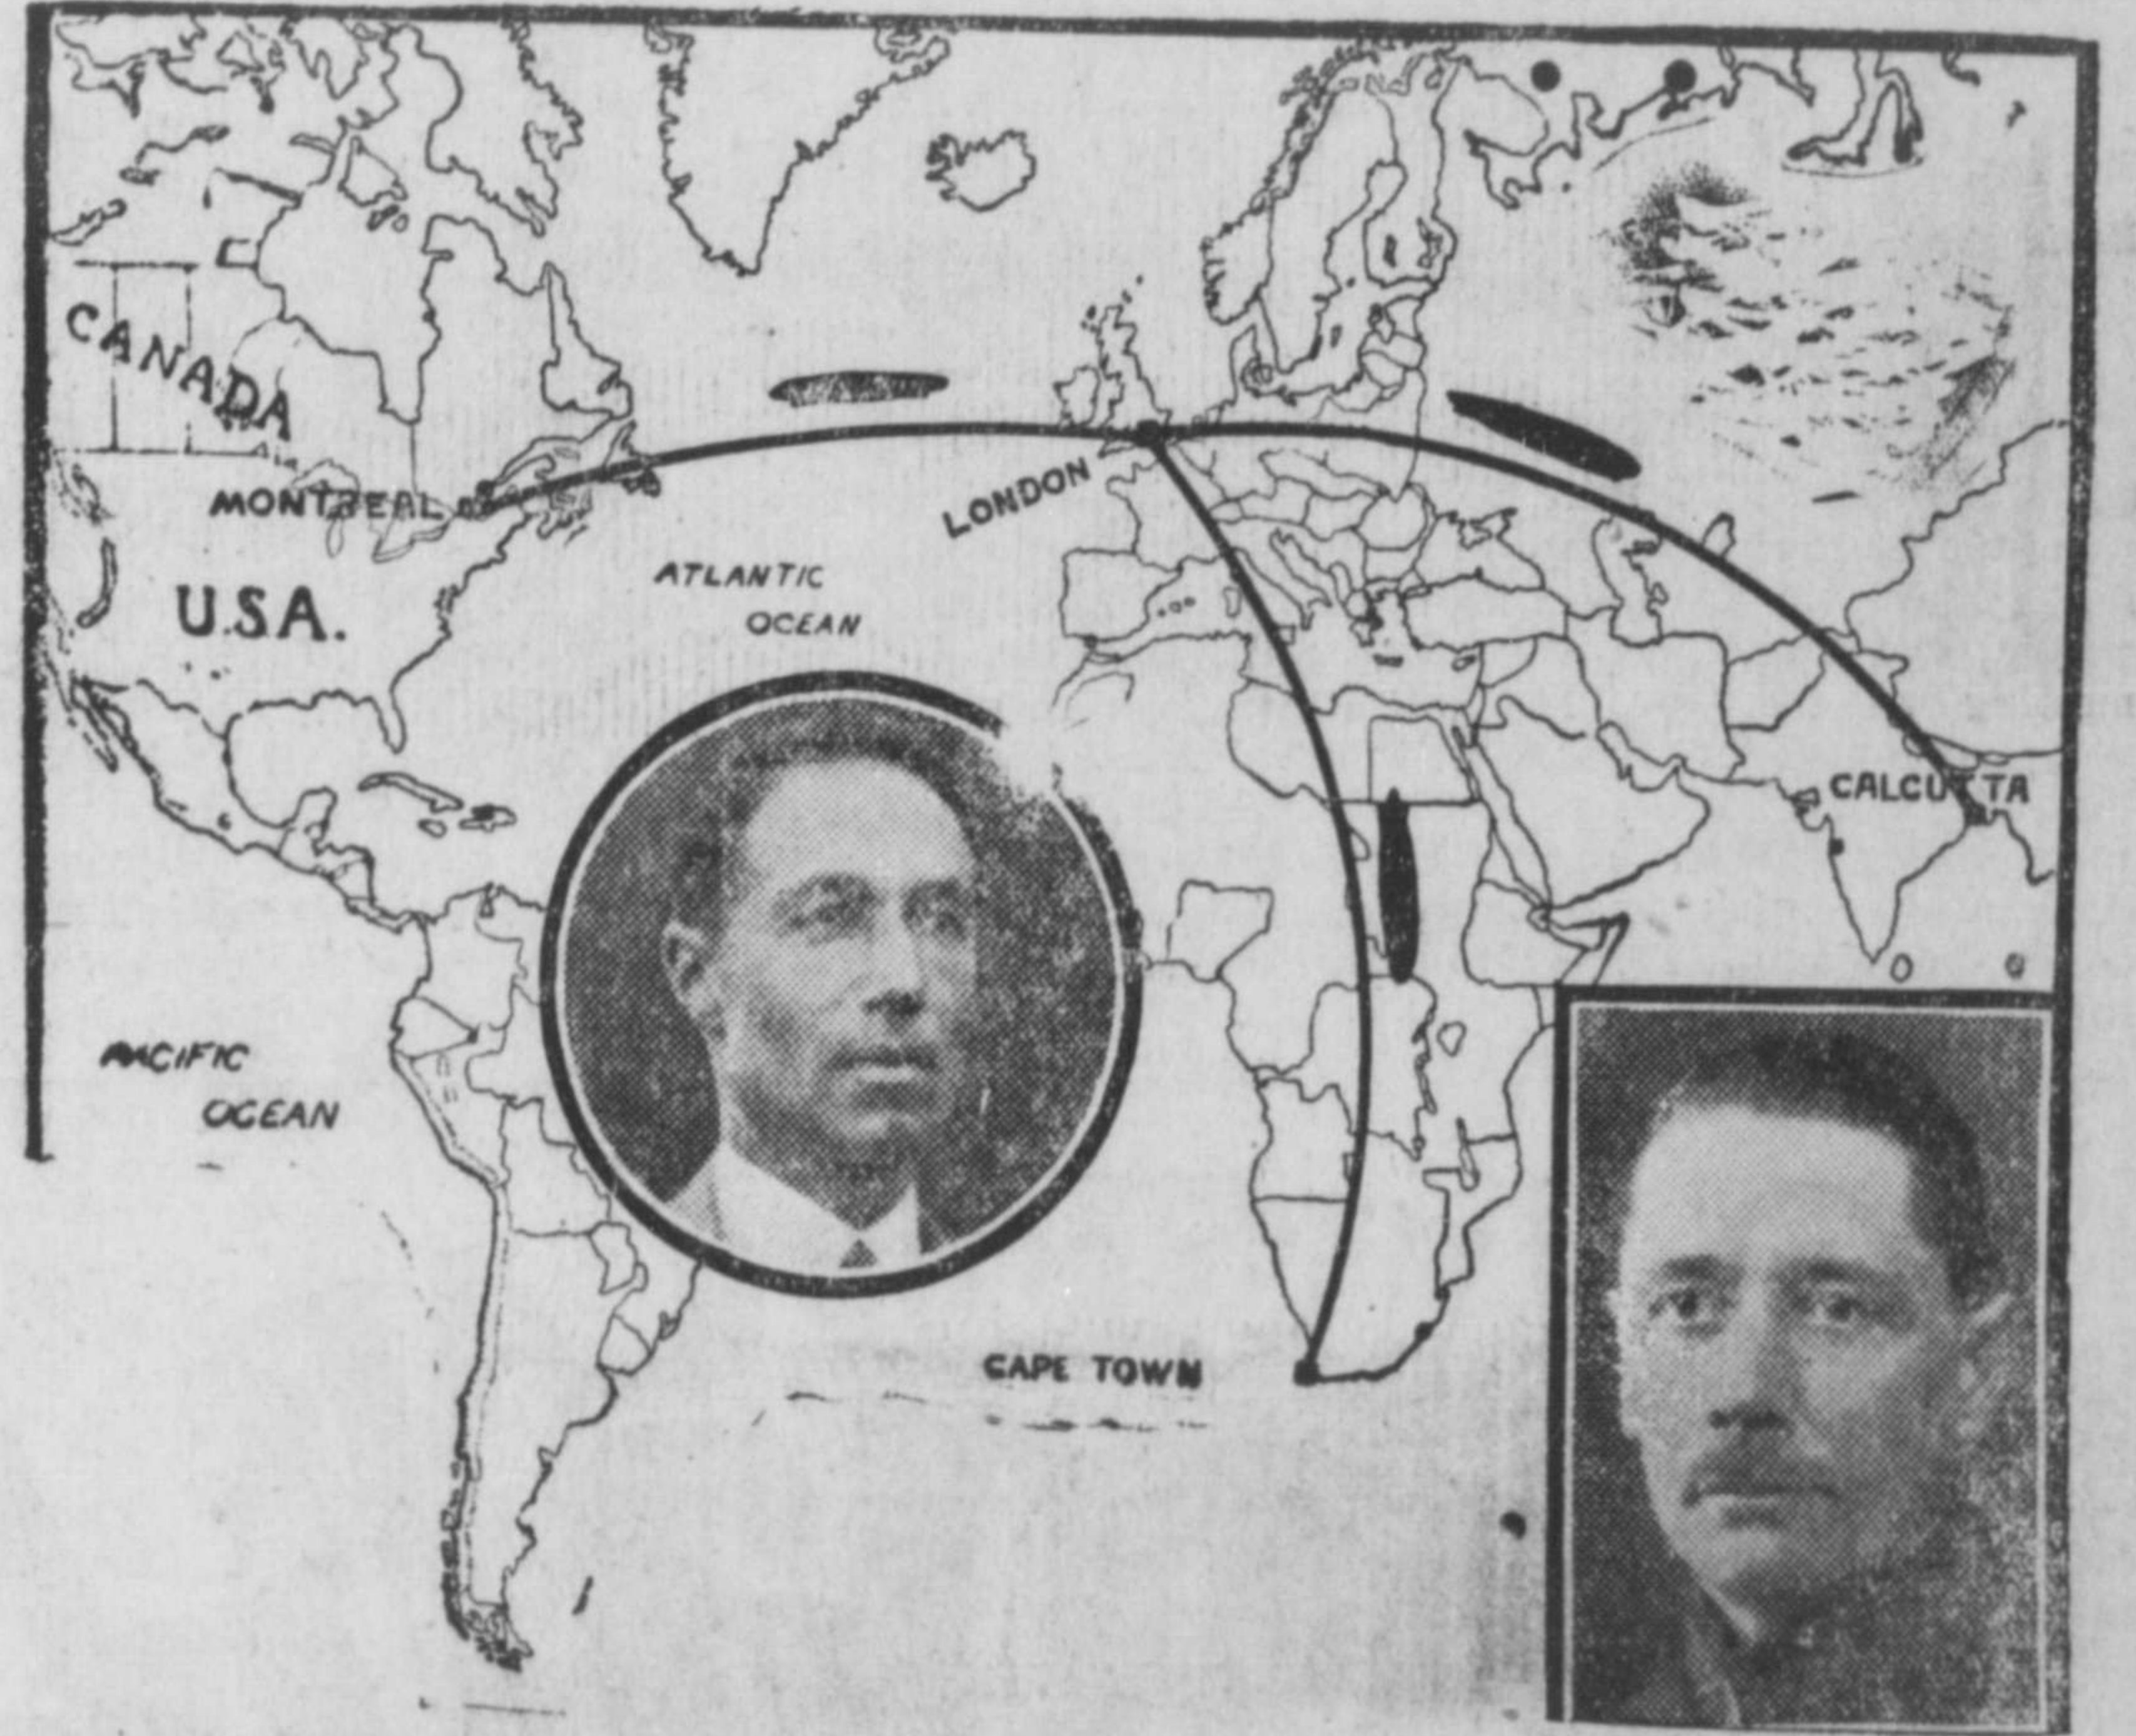

It is now exactly 100 years since the first race was held between these two old English universities, but in that time there have been 20 seasons in which no race was held. Several of these were during the war. Each university has now 40 races, so that the next race will have special interest.

In the race today Cambridge covered the course in 19 minutes, 24 seconds, which was more than a minute less than the record set by Oxford in 1911.

The Cantabs started off with a jump and held good the lead from the first stroke although Oxford spurred near the half way mark but from then on faded. The entire crew with one exception collapsed at the finish. The Cantabs finished strong.

Cambridge has won every race but one since 1914. Weather conditions were good with a large crowd witnessing the rowing classic.

Britain's Airships Nearly Ready for Long Distance Tests

The British Air Ministry has spared neither money nor skill to make the two new airships, R100 and R101, the most modern and the fastest in existence. In the House of Commons last week Sir Samuel Hoare, British Air Minister, intimated that within the next six months these two giants of the air will have flown to India, Africa and Canada. The R100, whose engines use gasoline, cannot fly to India, for the use of gasoline would be too dangerous in the tropical zone, and this ship may be given first opportunity of flying to Canada. The R101 uses heavy oil as fuel. The above layout gives a good idea of the distances which will be covered by the airships this summer. While inset are Sir Phillip Sassoon, centre, British Under-Secretary for Air, and Sir John Salmond, right, British Air Marshal.

RAILWAY LAND FOR PROVINCE

First Step Toward Return Took Place at Victoria Yesterday

VICTORIA, March 23.—The first step toward the actual return of the railway lands to the province was announced by Premier Tolmie on Friday. Dr. Campbell Scott, deputy superintendent-general of Indian affairs for the Dominion, and W. E. Ditchburn, commissioner for Indian affairs of British Columbia, met the cabinet and discussed the terms and conditions of the return of the railway lands as affecting Indian affairs, particularly the reserves.

Following the conference Premier Tolmie announced that Mr. Scott would take back with him the recommendations decided upon.

MORGAN MOVES TO SKIDEGATE

Well Known Logging Company to Operate on Queen Charlotte Island This Year

The J. R. Morgan Logging Co., which has been operating extensively on the northern mainland for several years, is to move its outfit this spring to Skidegate Inlet on the Queen Charlotte Islands, it is learned. The company has about completed logging its limits at Mussell Inlet, down the coast from Prince Rupert, where it has been operating for the past year. An operation of equal size will be established at Skidegate Inlet before the present summer is over.

First grade timber produced by the company will be cut into lumber at the newly established Billmor Spruce Mills Ltd. near Prince Rupert, which is now completed and will open this season. Lower grades will be sent to the Pacific Mills paper plant at Ocean Falls.

CARS COLLIDED AND ONE MAN KILLED

VANCOUVER, March 23.—Charles Reynolds of 11th Avenue West was killed last night at the intersection of Broadway and Stevens Street when two automobiles collided. John McLeod, driver of one of the cars, was arrested on a charge of manslaughter. He was released on bail. T. Horner, driver of the car in which Reynolds was a passenger, was injured.

ARREST TELLER ROYAL BANK

LOS ANGELES, March 23.—John Alshaug, aged 26, ex-teller of the Royal Bank of Canada, Chatham, Ont., was arraigned before the United States commissioner yesterday on a charge of embezzling \$26,000 from the bank. Extradition proceedings were waived and he was held for the Canadian authorities.

COAST OUTLET FOR PEACE RIVER IS MAJOR NEED TODAY

(Vancouver Sun)

A Pacific Coast outlet for the Peace River is one of the major requirements of Canada. It is this Dominion's finest immigration magnet. And it is infinitely more important to the progress and prosperity of Canada than Boulder Dam is to the progress and prosperity of the United States.

LABOR OUTLOOK HERE IMPROVED

Though Orders for Workers Are Not Yet Large; Advent of Spring Should Make It Better

Though prospects are much improved, there is no very big demand for labor as yet, reports James M. Campbell, local superintendent of the employment service of Canada. Improved weather and reopening of various forms of industry this spring should soon bring about much better conditions.

Eighteen men will be sent up the line on Monday to join an extra gang on the railway, this being the largest single order so far this year.

Mr. Campbell reports that he has about 80 unemployed men registered today. This figure is not believed to represent all the unemployed actually in the city.

VANCOUVER MAN COMPTOLLER

VICTORIA, March 23.—J. A. Craig of Vancouver has been named comptroller-general of British Columbia, succeeding A. N. Mouat, it was officially announced yesterday afternoon.

With the position goes an increased salary of \$7,500 a year. Mr. Craig is a chartered accountant. He was born in Scotland in 1886 and came to Vancouver in 1912. He became director of Shelly Bros. Ltd., and after the Shelly firm sold to the Canadian Bakeries Ltd., Craig became secretary treasurer to the new company.

WESTHOLME IS CLOSING

Pioneer Theatre to Discontinue Showing Pictures at End of Next Week

Mayor S. P. McMordie, proprietor of the Westholme Theatre, made the following statement last night:

"I regret to announce that this theatre will be closed after March 30.

"I wish to thank my friends for their support."

It was stated that this would be the only official announcement to be made following local theatre negotiations this week.

This will leave the Capitol exclusively in the local theatre field.

WHEAT PRICES ON THE SKID

VANCOUVER, March 23.—Wheat prices have been placed on the skids and are dropping every day. The highest quotation for No. 1 northern at the local exchange was \$1.20 7-8.

BUDGET NOTE IS HELD OVER

Strong Protest Made Against Retaliatory Measures to U. S.

OTTAWA, March 23.—The vote on the budget and two amendments goes over until the after Easter recess. The house rose last night early to permit members to get away home. There are still many speakers to be heard.

Friday's debate was featured by strong protest against the suggested retaliatory measures directed toward the United States. E. J. Young, Liberal of Weyburn, declared that the policies advocated by the earlier speakers in the debate "would if carried into effect have none other than a disastrous effect on the Canadian trade."

TORNADOES IN EAST

ACCIDENT WAS ALMOST EVADED

Mistake Discovered But Just Too Late to Avoid Crash

PARRY SOUND, March 23.—A matter of seconds prevented the rectification of the error which resulted in the wreck of the two Canadian National passenger trains on Wednesday morning with the loss of seventeen lives. A statement by L. V. Savage, brakeman, a passenger on train No. 3 before his death, to Dr. A. Linbert revealed the discovery of an error which caused No. 3 train westbound to pass the siding at Drocourt and crash with No. 4 which came within a few seconds of one another. Savage stated he noted the train passed the siding and shouted a warning to the conductor, Barstead. The latter leaped toward the emergency signal cord and pulled it just as the trains crashed. Barstead was instantly killed. Savage was rescued alive but died in hospital on Thursday.

Semi-finals in the Allan cup amateur hockey series were played last night, the Montreal team winning from Toronto University and Winnipeg Elmwoods from Calgary. The following were the scores:

Seniors—
St. Francis Xavier, Montreal, 3 Toronto Varsity, 2.
The former won the round 5 to 3.

Juniors—
Winnipeg Elmwoods 4, Calgary Canadians 3.
Elmwood won the round 5 to 4.

M'LARNIN WON AT NEW YORK

Beat Ray Miller in Featureless Fight While Crews Boomed and Urged Them On

NEW YORK, March 23.—Jimmy McLarnin of Vancouver, B.C., won the 10-round decision over Ray Miller of Chicago, lightweight, last night in a return meeting of the two. The bout was clean, but featureless, so tame that the capacity house of 21,000 fans, paying \$111,000 to see the clash, boomed continually and urged on the contestants. The fight was little but clinches.

ONLY ONE FIRST DIVISION MATCH SO FAR PLAYED

Only one game was played last night in this week's first division billiard fixture, the last of the season, between Grand Terminals and Canadian Legion. Will Mitchell won this for the Terminals by the narrow margin of 250 to 247 over Percy Tinker. Other games, which will be played Monday night, are as follows:

W. H. Long, Grand Terminals, vs. F. G. Pyle, Canadian Legion.
C. P. Balagno vs. A. Murray.
W. J. Nelson vs. James Andrews.
Frank Zeman vs. Marcus Andrews.

SEATTLE WON IN FINAL GAME FROM VANCOUVER HOCKEY

SEATTLE, March 23.—The Seattle Eskimos took the final game of the Pacific Coast Hockey League here last night by defeating the Vancouver Lions 4 to 3. It was a keen struggle with the locals having the edge. Penalties handed out to the Lions weakened their effectiveness in the first few seconds after the teams ended the second period with three goals each.

SEMI-FINALS FOOTBALL CUPS

NEW ORLEANS, March 23.—The British auxiliary schooner Imaloue of Bellis is suspected of being the contraband carrier sunk off Louisiana coast on Friday in a battle with the coast guard craft and one member of its crew was either killed or drowned.

FRANK SLAVIN FINE FIGHTER

Well Known British Columbia Miner and Prospector Was Early in Game

Frank Slavin who was stricken with illness early in the winter was one of the best known of the old time fighters. He was a fighter before gloves were used and later came near making the championship. He claims the only reason he was not champion was because John L. Sullivan refused to meet him.

But Slavin was not only a fighter. He was a miner, prospector, and also in a small way a politician. Also he went overseas to take part in the Big Show (shaving his moustache and clipping his hair to get past the doctors).

An Australian-born, Slavin boxed in the mining camps of the southern continent and eventually won the heavyweight championship of the continent. He knocked out Costello, Harry Lang, Jim Smith the British champion, Big Jack McAuliffe, Peter Jackson, Peter Maher, and many others. At one time he was managed by the well known Yukoner Joe Boyle and he then spent many years in the Yukon where he met Frank Gotch, the wrestling champion. Slavin hit Gotch so many times that the wrestler lost his temper, grabbed him and threw him out of the ring. Slavin made his home at Esquimalt for a number of years from where he did some prospecting and mining in Northern B.C. It is hoped by his many admirers that he will be back in the hills before long.

QUEBEC'S AMATEUR CHAMPIONES AND ALLAN CUP HOPES

Introducing the St. Francois Xavier Hockey Club, the new Quebec provincial amateur hockey champions who will represent their province in the Allan Cup series. The members of the group are: (top row, left to right) P. Bead, president; Beauchamp, trainer; Rene Lapointe, right wing; Paul Gagnon, centre; Gervais, manager; Lucien Gagnon, goal; Owen Ahearn, defence; Lucien Brunet, defence; Jolicoeur, trainer. (Bottom row, left to right) Charles Pedneault, centre; Tony Baril, right wing; Bourgois, left wing; Larry Carroll, left wing.

Lloyd's, 335, and the Bambino's 323. So, according to individual efforts, they are not asking too much. But they will never be the centre of the hallybow that Ruth has had for years. Their difference with Barnes Dreyfus, Pirate pilot, will doubtless be adjusted in due time. They are too valuable to leave among the hold-outs for long, and, although Dreyfus has the reputation of dealing harshly with those who do not meet his terms, it will be surprising if the Pirates start the season without the Waners on the line-up.

Entries close April 13. The boxing classes are flyweight, bantamweight, featherweight, lightweight, welterweight, middleweight, light heavyweight and heavyweight. Wrestling weights are the same except for flyweight. Only simon pure amateurs need apply.

W. F. Carey, known throughout the United States and Canada as a successful railway contractor, has been elected president of the Madison Square Gardens Association, succeeding the late Tex Rickard. W. F. Carey is known to many of the old-timers in the central interior of British Columbia, having been a member of Sims-Carey, the firm of which built the McBride section of the G.T.P. Some years later Mr. Carey built a considerable railway mileage in China.

Paul and Lloyd Waner, stars of the Pittsburgh Pirates' outfield, are still on the hold-out list, and very insistent that their salary demands be met. Paul asks for a \$20,000 contract, and Lloyd values his services at \$15,000. In their latest argument to support their claims, the Waner boys point out that "Babe" Ruth is entering his third season at a \$70,000 a year figure. They maintain that their best efforts combined should be worth at least half the sum Ruth alone is paid. That contention is most certainly correct if they are paid solely for their baseball performances; the figures show it. But Ruth's salary is received, to a large extent, because of his value as an attraction at the box office. The Waner boys are undoubtedly good "drawing cards," but probably no six major league players can equal Ruth when it comes to bringing in the dollars. Last season the Waner brothers poked out 524 hits, as compared to Ruth's 173. They hit for 615 bases; Ruth for 380. Paul's percentage was 370;

THE FABLE OF BOCK BEER!

DURING the medieval period two neighboring towns in the Old Country had long engaged in a rivalry as to which brewed the best beer. During a dispute one day in early spring, between two brew-masters, one from each of the towns in question, it was claimed by one that the Beer brewed by the other lacked strength. To settle the dispute, the following test was proposed: Each brew-master was to consume a gigantic tankard of the beer brewed by his opponent, after which he was to stand on one leg and thread a needle. The loser claimed that a goat that had butted in through the circle of men surrounding the opponents was responsible for his downfall. The winner laughingly replied: "It was the Bock (German word for goat) in the beer." From that time it became customary to brew a special dark beer called "BOCK BEER" and place it on sale in the Spring of each year.

BOCK BEER

may be obtained on Saturday, March 30th, 1929, and thereafter, until the limited supply is gone, from the Government Liquor Stores in bottles or on draught in any licensed place at the same price as regular Beer. MISS AUDREY BUSHBY LEAVES FOR ENGLAND BY THE PANAMA CANAL

Miss Audrey Bushby, daughter of Mr. and Mrs. George Bushby of this city, left yesterday for Vancouver en route to Portland, where she will leave on a voyage to England via Panama Canal. She will be accompanied by her aunt, Mrs. Hopwood, with whom she will spend a year in England, making headquarters at Cheltenham.

Miss Bushby travels from Portland on the Pacific Rialance and will stop off a week at San Francisco and two days at San Pedro.

SKIDEGATE

The mission launch Thomas Crosby returned here recently after a very rough trip to Cape St. James lighthouse. Rev. R. C. Scott, skipper of the Crosby, was unable to make a landing on account of the heavy sea which was running but he managed to throw the mail ashore.

Mrs. W. Oliver of Sandspit was a recent week-end visitor with Mrs. E. C. Stevens at Skidegate. She returned to Sandspit on the mission launch.

Regret has been expressed at the moving of the B. C. Packers' cold storage plant from South Bay to Walker Lake. It was a great convenience to fishermen of this district.

Capt. Andy Christensen of the troller Chapa caught the first two spring salmon this season on the West Coast. He has gone to Prince Rupert for a load of ice and will resume trolling as soon as he returns.

J. B. Lambert of Victoria, assistant district engineer for the federal department of public works, was a recent visitor in the inlet on departmental business.

Jack Miles and Rute Pahul of the logging camp staff went bathing at Queen Charlotte City recently and reported the water fine.

A very enjoyable St. Patrick's dance was held at Queen Charlotte City in Barge's Hall, which was beautifully decorated for the occasion with the shamrock much in evidence. J. P. Dover was master of ceremonies and Miss Dorothy Barge, Mrs. Ed. Moore and Mrs. Frost did the decorating and were generally responsible for the success of the event.

**NEW SAWMILL
 PRINCE GEORGE**

Alexanders to Erect 40,000-Foot Plant Close by City

Workmen are now engaged in putting up the framework of the new 40,000-foot sawmill which A. Alexander and Freeman Alexander of Dewey are building on an island in the Nechako River immediately north of Prince George. This mill will take the place of the Cranbrook Lumber Co.'s which has been operating at Otway.

The boilers for the new mill are those taken out of the old river steamers, Conveyor and Operator, which formerly plied on the Skeena and Upper Fraser Rivers. The machinery is from the old Cranbrook mill.

There will be a booming ground capable of holding one million feet of logs which it is proposed will be cut by the settlers and driven down the Nechako and Stuart Rivers.

A spur line will be built from the C. N. Railway to the mill, which will provide the city of Prince George with a good payroll.

DAILY EDITION Saturday, March 23, 1929

OLD COUNTRY NEWS

The news published in this paper yesterday telling of the attitude of J. Ramsay Macdonald and the Labor Party toward Communism is very reassuring, in view of the fact that Labor is likely to be a big factor in the politics of Great Britain within the next few years. This attitude makes it possible for Labor to work with the Liberals in case of the Conservatives being defeated at the election which is about to take place there.

Judging from indications, it seems as if the people of Britain, like the people of Canada, favor a courageous forward policy. The announcement of Lloyd George that he had a definite scheme for doing away with unemployment is followed by the people in two former Conservative constituencies giving majorities for his candidates. Labor also won a set away from the Conservatives and these victories are likely to have a powerful effect on the results of the general election. The question will now be whether the Baldwin government will be able to retain sufficient of its large majority to carry on for another term. Should he be defeated, it will be a close race, perhaps, between Liberals and Labor for the right to form a government.

TRADE WITH MOSCOW

Two interesting items of news came through on the wire yesterday. One stated that a British trade delegation was going to Russia to try to arrange a basis for doing business with that country. On the other hand, the Soviet influence has spread into India and has been causing trouble there with the result that strenuous measures had to be taken to defeat the revolutionary project.

No one minds doing business with Russia, in fact Canadians would like to do it, as long as the trade channels are not used for spreading propaganda against Canadian government institutions. It is difficult to see how British people can arrange to do business with a country that is using its influence to stir up the natives of India against the people with whom they would do business.

ASSOCIATED BOARDS OF TRADE

There are two important gatherings to meet in Prince Rupert in August of this year. One of these is the Canadian Fisheries Association and the other the Associated Boards of Trade of Central British Columbia. In each case Prince Rupert people will be anxious to give the visitors a great welcome and preparations will be made with this in view. It is to be hoped that the dates of the conventions will not clash, as it would be difficult to entertain both important bodies at the same time. Doubtless the Prince Rupert delegates will see to it that this is arranged.

The Associated Boards have not met in Prince Rupert before. Last year they met at Vanderhoof and the previous year at Smithers. The logical move would be to go to Prince George next year.

The convention will discuss any matters which have a bearing on the development of Central and Northern British Columbia and as such will be of great importance.

**SEND SCOUT
 TO ENGLAND**

One to Go From This District to Join Board at Birkenhead In August

Particulars have just been received by the Scout committee here, of the Boy Scout Jamboree to be held at Birkenhead, Eng., in August. There will be 50,000 Scouts in camp, 15,000 from overseas, 64 from Canada, four from B. C., one to be selected from Northern B. C., one from Central B. C., one from Vancouver district and one from Vancouver Island. All the expenses will be met by a special fund being raised. Other Scouts will be permitted to attend providing they pass the necessary tests and pay their own fares.

Among the objects of the jamboree are to bring together and thus through personal friendship and a feeling of real brotherhood to contribute to world-wide understanding.

To educate the public as to the true objects of the Scout movement.

To educate the boys themselves by means of taking part in the program of the Jamboree by meeting and forming personal friendships with Scouts from many countries by visiting industrial and transportation establishments.

The occasion and its events would also be regarded as a fitting way of recognizing and celebrating the "coming of age" of the Scout movement inaugurated by Sir Robert Baden-Powell, the chief Scout of the world.

Seineboat Tip Top Sinks In Harbor; B. C. Packers Move Cold Storage From South Bay to Walker Lake; Oolachan Run Now On

While coming into Prince Rupert on Wednesday night from a herring prospecting trip in the vicinity of Port Simpson, Bradbury & Yelf's well known seineboat Tip Top hit some kind of an obstruction in Metlakatla Passage and sprung a leak which resulted in her sinking in fairly deep water shortly thereafter as she entered Prince Rupert harbor from the passage. Capt. William Campbell was in charge of the vessel and on board was Jack Bradbury, one of the members of the company.

Another vessel of the fleet, Faith of Sechart, was sent to the scene of the sinking to endeavor to locate the sunken boat and determine the chances of salvage which are believed to be slim, as the water there is some 15 fathoms or more deep.

It was uncertain just what kind of an obstruction was hit although it was believed to have been a log. Nothing much was thought of it until the engine stopped and it was found that the engine room was rapidly filling with water. Those on board took to a lifeboat and attempted to tow the Tip Top to nearby shore, but she went down in the process.

The Tip Top, which was insured, was a vessel of 42 feet length and was equipped with a 24 h.p. three-cylinder Palmer engine. She had operated for many years as a seiner in waters contiguous to Prince Rupert and the last summer or so had been used in the pickering fisheries on the west coast of Vancouver Island. She came north from there shortly before Christmas.

Trolling operations among the white fishermen of Prince Rupert district have been rather slow in starting this year and up to date results of the fishing have not amounted to much. Among the first Prince Rupert trollers to go out were Rance Place, Billy Thain and Ben Severson who were fishing around Port Simpson.

Capt. "Scotty" Reid has changed the name of the Prince Rupert halibut boat Marguerite to J. and R. The vessel has now been registered at Ottawa.

Tom Dybbavn, about to dispose of his interest in a Prince Rupert taxi business, has purchased the 38-foot combination trolling and halibut boat built during the past winter by K. Tsunura, Cow Bay boatbuilder. He will fit the vessel with a 24 h.p. Gardner engine, purchased from the Ward Electric and Marine Supply Co., and otherwise equip her to engage in salmon trolling this season.

The B. C. Packers have removed a scow cold storage plant, which the company operated last year at South Bay cannery, Skidegate Inlet, Queen Charlotte Islands, to Walker Lake on the mainland, where it will be used for the early part of the season at least for freezing spring salmon. The outfit was moved this week by the Pacific Salvage Co.'s Prince Rupert power tug Salvage Princess and may go back to South Bay later in the season. Last year some halibut was put up in the plant.

First Naas River oolachans of the season were landed at Prince Rupert on Thursday when four or five boats came in with several thousand pounds which found a ready local sale. The run of the luscious "candle fish" is about a week earlier in starting this year than usual but, as is their custom, a big proportion of the native population from Naas River villages and Port Simpson were soon foregathered at Fishery Bay to engage in the taking of these fish which, from time immemorial, have always formed an important part of the native diet. The run usually lasts three or four weeks and prospects are that the 1929 run will be a good one. The Bacon Fisheries is planning to ship considerable quantities of oolachans in various forms of preparation, including fresh, dried, salted and smoked.

The marine department's Digby Island ferry boat Rhona is now in drydock for annual overhaul and the small lighthouse tender Bernie, Capt. Joe Peterson, is taking the daily runs during her absence.

With New Boats
Though it was expected that the vessel would have left by

the end of last week on her initial trip to the fishing grounds, Capt. Merrill Sollows' new 50 foot halibut boat Relief was still in port this week undergoing final touches before departing. Providing weather is suitable, she will be off in a few days now. It will probably be the middle of next month before Capt. Jud Thurber gets away with his new fifty footer Beatrice May. The engine has been installed some time and work is now proceeding above decks.

Excellent progress is being made at the dry dock with the construction of Capt. Dan Larsen's new fifty-two foot boat Capella. Launching is set for March 25 and the vessel should be out of the builders' hands soon after April 1.

Snagboat Boholink is now at the dry dock for completion of annual overhaul preparatory to resuming the season's work on the Skeena and Naas Rivers soon after the first of April. It is proposed to replace the Bobo link with a new boat this year and it is hoped that the local dry dock will land the job which will be a nice one.

After a long absence of over three weeks due largely to stormy weather coming north, Pacific Salvage Co.'s power tug Salvage Princess, Capt. Frank Tyler, returned from Vancouver last Friday with a scow laden with machinery for the National Airplane Lumber Co.'s new sawmill at Porpoise Harbor.

The well known harbor boat "23," whose purchase by Capt. W. P. Armour from Henry Darby was reported last week, has since been sold to the National Airplane Lumber Co. which will use the vessel as a service boat between its sawmill at Porpoise Harbor and logging operations at Falls Creek up the Eestall River. Robert Armstrong, secretary of the National Airplane Lumber Co., has assumed the duties of skipper for the time being on the "23." After he has had a few more stops and starts, he should prove as efficient a captain as the rest of them.

Visible progress is being made by the National Airplane Lumber Co. at the site of its new sawmill at Porpoise Harbor. All the machinery has been unloaded on the ground and a portable sawmill plant is now grinding out lumber which will be used in the construction of the mill buildings. Camp buildings are up and soon the site will be ready for the main mill plant. Quite a crew of men is employed on the job.

The Billmor Spruce Mills Ltd. plant alongside is all completed but, it is understood, will not start cutting lumber until June.

Overhaul has been completed of the 110 Frisco-Standard engine in the big tug boat Red Boy which was recently purchased from the Skeena River Packing Co. to be added to the local fleet of the Pacific Salvage Co. The motor is now running like a clock. Work and lots of it is now being awaited for the Red Boy is in fine shape to handle it all.

the leader of the expedition, Capt. Patrick Terrace McCarty, who fittingly enough spent the most of St. Patrick's Day here, Prince Rupert may soon expect to find itself a strategic air port as well as ship port.

A strong pre-Easter market for Prince Rupert halibut broke during the past week and prices dropped from a high point of 15.6c and 6c for Canadian fish and 17.6c and 7c for American, to 10c and 5c 10.1c and 6c respectively, equalling the lowest prices recorded previously this season.

Landings for the season up to yesterday at Prince Rupert were still maintaining a lead over 1928, the total being 2,968,700 pounds as compared with last year's 2,609,900 pounds at a similar date. Canadian boats had landed a total of 680,700 pounds to date as compared with 625,600 pounds and American landings were up to 2,288,000 pounds from 1,975,300 pounds.

Landings for the week March 16-22 inclusive totalled 781,700 pounds of which 134,800 pounds was from Canadian boats and 646,700 from American.

Boats landing catches during the week were:
Canadian—Atli, 2,000 pounds; Balsac, 10,000; Cape Spear, 3,000; D. S. T., 3,800; Dolphin I, 3,000; Edward Lipsett, 5,000; Eric Roy, 5,500; Fanny F., 3,000; H. and R., 4,000; Impereuse, 3,000; Inez H., 3,500; Marguerite, 2,000; Margalice, 4,000; Margaret I, 7,000; P. To Blow Down
C. G. S. lighthouse tender Newington, Capt. Harry Ormston, tied up yesterday afternoon at C. N. R. wharf No. 1 for her periodical blowdown when engines and boilers will be repaired.

Frank Fitch of the local Customs staff has returned to the city from Prince George where he spent three weeks on relief duty while the officer there was away on vacation.

Property—Galena Farm Consolidated Mines Limited comprises two producing mines, Galena Farm and Hewitt, together with the Hazard Group, which gives a continuous property for three and one-half miles along the proven ore-zone. The holdings are located a mile south of Silverton, B.C., on Slocan Lake. Transportation is provided direct from the property to the Trail smelter by lake steamers and C. P. Rly.

Development — The consolidated properties have produced several million dollars worth of very high grade silver-lead-zinc ore and at present the Galena Farm and Hewitt are operating 50-ton mills. These will be consolidated in a new mill on the company's holdings on the shore of Slocan Lake and operation of Galena Farm Consolidated will commence this summer on an initial 100-ton basis.

Our Own Opinion—We consider Galena Farm Consolidated on a par with Reeves-McDonald and Noble Five, our two most recent successes, and we recommend that those interested make application to our local office without delay. The issue will be oversubscribed within a few days and many will be left with their orders unfilled, as in the instance of Reeves-McDonald.

A son was born in the Hazelton Hospital on Wednesday to Mr. and Mrs. W. S. Sargeant of New Hazelton.

After a very successful season, practically all the pole camps in the district are now closed down. The Skeena River will be full of logs this year as soon as the water is high enough to float them down to the booming grounds.

SMITHERS

Roads throughout the district are dry and dusty and in exceptionally good shape for this time of the year.

Wesley Goheen, who formerly lived in Smithers with his parents, has been in town this week taking telegraphers' examinations.

Mr. and Mrs. T. W. Brewer left this week for Nelson to which point Mr. Brewer has been transferred in the service of the Forest Branch.

R. E. Allen, district forester, has been here and at Burns Lake on official duties this week.

Mr. and Mrs. Frank H. Taylor returned to Smithers on Tuesday morning from Vancouver where M. Taylor visited on mining business.

Arthur Collison, manager for the Union Oil Co. at Prince Rupert, was a visitor here at the end of last week. The company is proposing establishing tanks here in the near future.

PRINCE GEORGE

Negotiations are in progress with a view to joining up the local water systems of the city and railway. The proposal is that the systems be connected with a control valve which would be opened only in case of emergency.

The city council here has endorsed a resolution of the Prince George Radio Club requesting C. P. Edwards, director of radio for Canada, to create a new radio inspectorate in Northern Alberta and British Columbia.

A wedding of interest throughout the district is set for April 5 at Longworth when Miss Elizabeth Coats will be married to Roy McGillivray.

Most of the trouble as far as local radio reception is concerned was attributed by A. L. Gray of Victoria, departmental inspector, who visited here recently, to generating machines in the city power station.

Sheriff E. S. Peters has been in town this week from his ranch at Fraser Lake on legal business. He is being made the defendant in a \$25,000 damage case in which wrongful seizure of a trading post at Whitewater is alleged. The case is the outcome of a Supreme Court Assizes action here last fall.

WEDDING ON THE ISLANDS

Miss Margaret Joyce Rudge becomes Bride of Captain G. Newberry of Q. C. City

SKIDEGATE, March 23.—The school house at Sandspit was on Wednesday the scene of a pretty wedding when Miss Margaret Joyce, daughter of Mr. and Mrs. W. Rudge of Sandspit, was united in marriage to Captain G. Newberry of Hesparg, Ont. Rev. Robert Scott officiating.

The bride who entered to the strains of Mendelssohn's Wedding March on the arm of her father, looked very pretty in a gown of georgette with a conventional embroidered veil held in place by a coronet of orange blossoms. The three sisters of the bride were the bridesmaids, Misses Lila, Amy and Victoria Rudge, all wearing pretty dresses of organza in spring colors. The groomsmen was R. McKenzie of Queen Charlotte City.

Friends of the contracting parties were taken to Sandspit on the mission launch Thomas Crosby which had been chartered for the occasion. A large evergreen horseshoe hung from the topmast, giving it the proper bridal tone.

Ten Years Ago in Prince Rupert

March 23, 1919

Newman Erb, chairman of the board of directors of the Prince Rupert Dry Dock & Engineering Co., will arrive in Prince Rupert in his private car from the east shortly before midnight tonight. He is coming here to pay a visit of inspection to the operations his company is instituting at the local shipyard.

A new athletic association, designed especially to encourage sports among the younger population of the city, was formed at a meeting last night. Officers are: president, J. C. McLennan; vice-president, D. G. Stewart; secretary, J. C. Hunter.

Prize winners in an essay contest conducted by the Daily News are Miss Caroline Mitchell and John Fotos, the judges have decided.

EMBARRASSING MOMENTS

Peacetime Patriotism

A Fable for Merchants and Salesmen

SHE was an insistent purchaser of local products. She knew the security of her home depended largely on herself, and all mothers like her—depended on their insistence of securing local products. For it was directly through the prosperity and increasing activity of local industry that the men folk of her country enjoyed secure positions and steady employment.

That is why, when shopping for an outer garment for her son, she demanded a local product. The store clerk hesitated and told her the article she required was out of stock at present, but that a certain foreign-made article was "just as good." She refused the foreign garment and left the store.

Back of this mother's insistence was a pride in the products of her homeland—the true peacetime patriotism.

This story has a moral for Merchants

The progress of British Columbia depends on increased production and increased purchasing of British Columbia products by the public. Be fair to yourself! Be loyal to British Columbia! Sell more British Columbia products.

FINE PICTURE AT WESTHOLME

"Mother Machree" Colorful Romance With Distinct Heart Appeal and Special Charm

For sheer beauty and colorful romance, "Mother Machree," the picture version of the famous song which has charmed the ears of the whole world, stands unsurpassed. Presented at the Westholme last night to a big audience it is certainly one of the finest shows ever presented in the city. There is a distinct heart appeal in all plays or pictures with an Irish theme and "Mother Machree" has a special charm. It is a picture packed with beautiful romance and depicts the true Irish heart and spirit faithfully. Exceptional opportunities are given to introduce sound effects and these were put in at moments when they were required and the picture realism was greatly enhanced. A fine selection of Irish melodies were played throughout. Some of the droll synchronized music sound effects sent the audience into roars of laughter. Belle Bennett plays the part of "Mother Machree" with distinction and charm, and is supported by a brilliant cast. "The Masked Menace" is as good as ever and there is a first class "Film Fable." It will be repeated tonight.

CANADIAN NATIONAL EUROPEAN TOUR

Marvelous! Different! What you've been waiting for

Never before have the opportunities for seeing Europe, in comfort, been presented than in the Canadian National 1929 All Expense Tour through Great Britain, France, Belgium, Germany, Switzerland and Italy.

From \$416.00 up (Montreal-overseas and return to Montreal) you get a 38 day to 59 day sight-seeing tour—visiting the old world—the cradle of civilization—of seeing the world-renowned cities and beauty spots, historic sites and monuments. Sail from Montreal, July 5th, on the Cunard Line S.S. "Andania." Everything along the way is arranged and no attention to detail necessary on your part. The assurance of desirable steamer accommodation and choice hotels on the other side—the elimination of the wrangling with taxi-drivers, porters, disappointments and delays are only a few of the advantages enjoyed by taking this most attractive tour, which offers great travel value. A feature is touring Scotland and England by motor coach.

MOOSE WHIST DRIVE, DANCE

Very Successful Affair Held Last Night With Large Crowd in Attendance

The whist drive and dance held last night by the Moose Lodge was a most successful affair. There were 29 tables of whist and 254 persons attended the dance.

Prize winners at whist were: Ladies' first, Mrs. Charles Lindquist; second, Mrs. P. D. Cameron, on cut with Mrs. D. C. Schubert and Mrs. George Fritz; consolation, Mrs. J. W. Pottinger; men's first, A. Norton, on cut with A. H. Pritchard, who took second prize; consolation, A. Damley. Special prizes for the players remaining longest at one table were won by A. S. Larson and W. H. Derry, the latter on a cut with Joe Ratchford.

After cards, delicious refreshments were served and dancing following with tunesome music by the Premier orchestra.

The committee in charge consisted of W. Lamb, chairman, T. Brochu, Louis Astori, Ted Rovick, W. McCallum and A. G. Bartlett. J. M. Morrison was master of ceremonies and acting as stewards were James Hickey, N. Mussallem, Mrs. Charles Nickerson and Mrs. A. G. Bartlett.

SAWMILL WILL BE LARGE ONE

Fine Plant to Be Erected at Hansard Lake Near Prince George By Eastern Concern

Gale & Trick Ltd., an Oshawa, Ont. company, which is to build a sawmill on Hansard Lake, near Prince George, to cut lumber for the General Motors Company of Canada, has just made the purchase of 56,750,000 feet of crown timber surrounding the east end of Hansard Lake. In the sale there are 48,000,000 feet of spruce, 8,000,000 feet of balsam and 750,000 feet of fir. This sale gives the company its initial timber holding but it is intended to secure additional standing timber to ensure a mill supply for at least ten years.

G. R. Lawson, manager of Gale & Trick, has arrived at Prince George from Oshawa to make arrangements for the erection of the mill which will be second only to the Giscome mill in equipment and output. The mill will have a cutting capacity of 60,000 feet per shift and a manufacture plant is expected to be added shortly after the saws are in operation. One of the manufactured products, in addition to lumber for packing and shipping of motor cars, will be the cottonwood blocks which are used in securing cars in railway cars.

The new mill at Hansard Lake will have direct automobile communication with Prince George and Aleta Lake will be its post-office.

TO LAUNCH BOAT

Capt. Dan Larsen's new fifty-two foot halibut boat Capella will be launched from the local dry dock at 1:30 on Monday afternoon. The vessel is nearly completed and will be ready for sea soon after the launching.

BANQUET GIVEN C. G. I. T. GIRLS

Nearly One Hundred Sat Down to Repast Last Evening at Presbyterian Church

A most delightful and enjoyable banquet was given last night in the rooms of the Presbyterian Church by members of the Canadian Girls in Training, which has been in charge since Mrs. Frizell left, of Mrs. Joseph Greer. The girls undertook something very ambitious and the result was excellent. Nearly one hundred members and guests sat down at tables artistically decorated in a color scheme of yellow and white, daffodils and pussy willows being used with good effect.

Walter Vance, who presided, spoke of the keen interest taken by the community in the work of the girls as indicated by the large attendance there that evening.

The proceedings opened with the Doxology. During the dinner hour musical selections were played by Misses Aleta McKinley, Muriel Vance, Irene Mitchell and Billy Fuller. There was a recitation by Miss Adelia Thurber and a song by Miss Dorothy Fraser accompanied by Miss Marjorie Lancaster. In reply to the toast to the girls of the C.G.I.T. proposed by John Davie, the girls gave a demonstration of the ideal they were aspiring to reach.

The toast to the Presbyterian Church was proposed by Miss Rosie Rice and replied to by Rev. Ivon Jones. At the close three cheers and a tiger were given to their leader, Mrs. Greer.

Officers of the group who had particular charge of the event were: president, Miss Muriel Vance; vice-president, Miss Irene Mitchell; secretary, Miss Beula McKinley; treasurer, Miss Margaret Williscroft; leader-of-the-junior group, Miss Annie Walker.
