## FLURRY IN MINING STOCKS IS STILL ON AT VANCOUVER

CANDIDATE FOR MAYOR

EX-ALD. M. M. STEPHENS

### KING GEORGE IS IMPROVED

LONDON, Jan. 5. — King George has scored another gain in his fight for life. After two days in which the patient's condition remained stationary the physicians this morning reported a further slight improvement and much satisfaction is expressed in palace circles. The medical bulletin indicates that the King was passing his days more comfortably and resting better at night.

LONDON, Jan. 5.—This morning's bulletin stated that the King had a good night and there is slight improvement in his condition.

The evening bulletin states: "In spite of a restless day the King's condition remains unchanged. No further bulletin will be issued until Sunday night."

### TOOK ANITOXIN TO PATIENTS IN NORTH COUNTRY

PEACE RIVER, Jan. 5.—Captain "Wop" Mayer and Vic Horner returned here yesterday from Fort Vermillion, where they delivered the antitoxin by plane. There were no further cases of diphtheria at Fort Vermillion and no further deaths than the one reported at Little Red River, although there are several suspected infections at the latter place.

### SHIP WRECKED, NUMBER LOST

MAHON, Spain, Jan. 5. — Thirty-eight persons, including several women, are believed to have perished in the sinking freighter Malakoff on the southwest coast of Minorca, bound from Dunkirk for Madagascar. There are 44 survivors.

### BAPTIST LADIES' AID OFFICERS FOR 1929 ARE ELECTED

The annual meeting of the Ladies' Aid of First Baptist Church was held last night at the home of Mrs. J. A. Lindsay, 1152 Park Avenue, when officers were elected as follows:

President—Miss Mary Hughes.  
Vice-president—Mrs. J. A. Lindsay.  
Secretary—Mrs. J. D. Thurber.  
Assistant secretary—Mrs. A. Ivanson.  
Treasurer—Mrs. Frank Morris.  
Press correspondent—Mrs. P. H. Linzey.  
Pianist—Mrs. J. D. Thurber.

W. M. BIRKS

President of the Canadian Chamber of Commerce, who has made several visits to Prince Rupert.

At the Board of Trade meeting last night the Prince Rupert to Terrace highway resolution was endorsed asking that the government complete the road to Galloway Rapids, build the bridge and complete the survey definitely establishing the location between the two points and to prosecute the road building on the right of way now cleared provided the section is to be part of the main highway.

## First Draft of Power Agreement is Practically Completed so Far as the City Council is Concerned

Long Session Held Last Night to Consider Various Clauses, a Resume of Which Is Given Here

The city council gave minute consideration at a two hour and forty-five minute meeting last night to the proposed agreement with the Power Corporation of Canada for the taking over of the municipal hydro-electric plant and light and power franchise. After considerable discussion in some cases, unanimous agreement was reached in practically all the clauses, while certain details were left over until further information with regard thereto

### HEALTH UNITS ARE PROPOSED

OTTAWA, Jan. 5.—The establishment of health units at various points in each province is under consideration. Hon. J. H. King stated here last night. Discussions had taken place between the Dominion and several provincial health authorities on the matter. The proposal would involve payment of a subsidy from the Dominion towards the cost of units which would operate under the health department of the government of several provinces.

### ACTIVE DAY IN STOCKS

Mining Issues Forced Up by Heavy Demand at Vancouver

VANCOUVER, Jan. 5.—Yesterday was another strenuous day on the stock market, a heavy demand forcing up a variety of shares. Big Missouri lost two points on a trade of 6000, but generally the list continued upward. Premier advanced two points, Noble Five on a trade of 60,000 advanced six. Reeves-Macdonald seven, and Whitewater 17. Numerous other issues went up from fractions to three points.

### COL. BRUCE POWLEY DIED AT VANCOUVER

VANCOUVER, Jan. 5.—Col. A. Bruce Powley, who recruited the 143rd bantam regiment and commanded it overseas, died at his home at West Vancouver. Originally he was sent overseas as a company commander of the 7th battalion.

Alex. McB. Young, who has been spending Christmas and New Years in the city with his parents, Judge and Mrs. F. McB. Young, left by this morning's train on his return to Prince George.

### Daily Mail Service Asked by Prince Rupert Board of Trade at the Annual Meeting at Which Resolution Passed

At the meeting of the Board of Trade last night a resolution from the Trades and Commerce Committee was unanimously passed asking for a daily mail service with points east of Prince Rupert. The resolution read:

Whereas, owing to the inadequacy of the present mail service between Prince Rupert and Edmonton of the Canadian National Railway, great inconvenience is caused to merchants, travellers and those engaged in mining and other industries;

And whereas this inadequate mail service is the cause of serious loss of business and time to all those enumerated above;

And whereas recent enquiry by a special committee of the Prince Rupert Board of Trade into the whole situation revealed the inadequacy of the present mail service on the Canadian National east and west from Prince Rupert;

And whereas the Prince Rupert Board of Trade has been petitioned by the various Boards of Trade in Northern British Columbia to lend their full support to their demand for a daily mail service;

And whereas the Prince Rupert Board of Trade fully realize that the development and best interests of this district urgently demand a

daily mail service east from Prince Rupert;

Therefore, be it resolved, that the Prince Rupert Board of Trade urge that the Honorable P. J. Veniot, post-master general, take immediate action whereby a daily mail service will be established between Prince Rupert and Edmonton.

And that copies of this resolution be forwarded to the Honorable P. J. Veniot, post-master general, and J. C. Brady, M.P., with a strong request for its immediate adoption at the soonest possible moment.

### COL. NICHOLSON DEAD

WINNIPEG, Jan. 5.—Lt. Col. G. H. Nicholson, one of the organizers of the 251st battalion is dead in Los Angeles.

CANDIDATE FOR MAYOR

MAYOR S. P. McMORDIE

### PRINCE GEORGE

So little snow has there been in the district this winter that it has been so far possible to maintain automobile traffic between Prince George, Quesnel and Summit Lake and other outside points.

Rev. J. Kuring, after spending a few days in Prince George, left this week for Smithers, where he will take charge of the Lutheran Church Mission.

Little Teddy Pappas celebrated his eighth birthday with a party on New Year's Eve at which he entertained 20 of his young friends.

Mr. and Mrs. Helmer Westlund and daughter of Dome Creek spent a few days here last week as the guests of Mr. and Mrs. Theo Waldorf.

### N. B.'S RHODES SCHOLAR

John D. Babbitt, University of New Brunswick senior who has been chosen as New Brunswick's Rhodes Scholar for 1928 and will go to Oxford next October. Mr. Babbitt is regarded as an ideal Rhodes scholar, being proficient in his scholastic attainments as well as athletics.

### TWO STEAMERS DUE NEXT WEEK

Elevator Full of Grain Awaiting Shipment From Port

While no official notification has yet been received at the offices of the Alberta Wheat Pool's Prince Rupert elevator, it is understood at the plant two grain ships are coming here next week to load full for the United Kingdom or continent—one being due on January 10 and the other on January 12. Names of the vessels were not obtainable at the elevator today.

So far this season grain shipments from this port are only about half as heavy as they were this time last year. Over 1,000,000 bushels have been exported so far this season, whereas there had been over two million bushels sent out up to a corresponding date last year. Four boats have now been loaded here, as compared with eight by last New Year. The movement of grain into the elevator, however, has been just about as heavy this year as last and the plant today is practically full, ships being awaited to relieve the congestion.

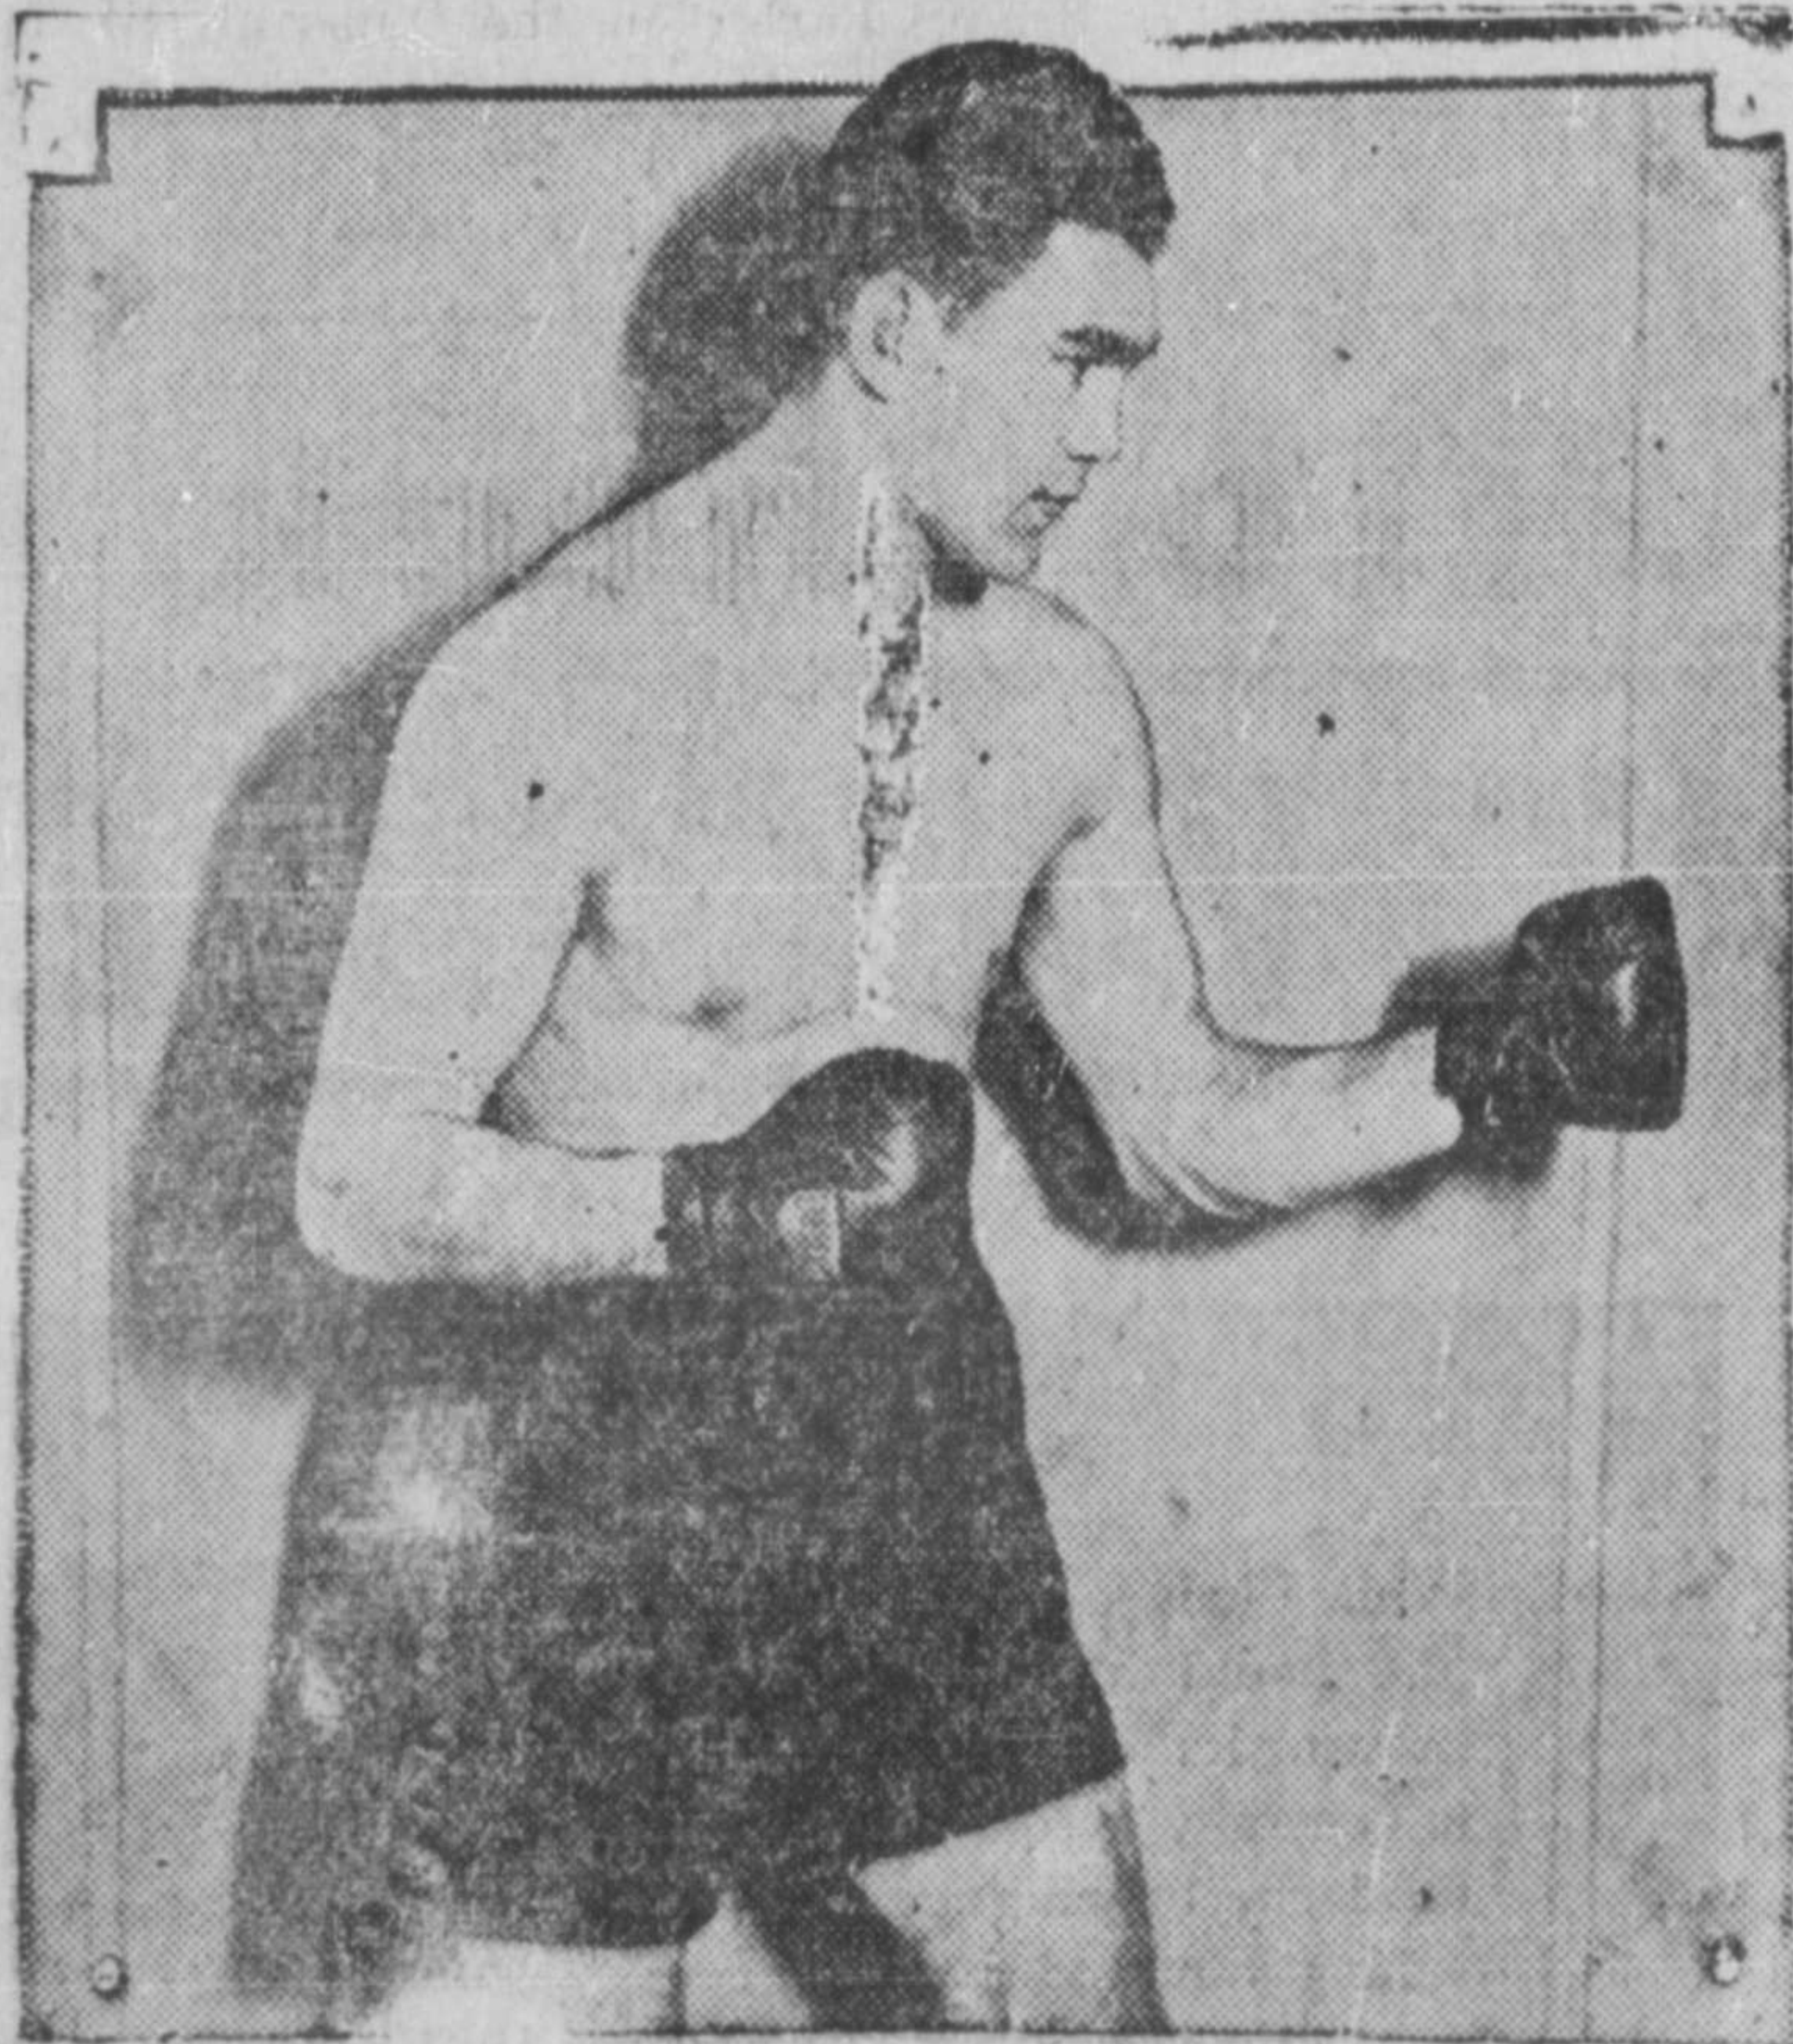

### WEATHER REPORT

—Terrace—Cloudy, calm, 22.  
—Rosswood—Cloudy, calm, 20.

—Dawson—Cloudy, south wind, 16.

# News and Views In The World of Sport

## DEMPSEY'S GERMAN DOUBLE

Max Schmeling, the sensational heavyweight, who last night beat Joe Sekyra as one of the steps in his march toward the championship. He is a new arrival in the United States, is about Dempsey's weight, packs a punch in either hand and is reputed to be able to take punishment. He is looked upon as a possible contender for the championship.

## GUS SONNENBERG DECLARED CHAMPION OF WORLD AFTER WINNING DECISION FROM STRANGLER LEWIS AT BOSTON LAST NIGHT

BOSTON, Jan. 5.—Gus Sonnenberg, Dartmouth football star, after winning the first fall was awarded the heavyweight championship of the world tonight when Ed. "Strangler" Lewis was disqualified when refusing to return to the ring after being butted out seven times. Sonnenberg won the first fall with his famous "flying tackle" in 29 minutes 46 seconds. Five minutes after the return, Sonnenberg started butting Lewis in the abdomen. The champion fell or crawled out of the ring seven times and finally, when he failed to step back inside of the count of ten, he was disqualified.

## GERMAN LAD WINS BOUT

Jack Dempsey's Double Drubs Joe Sekyra at Madison Square Gardens

NEW YORK, Jan. 5.—Max Schmeling, German youngster, who bears a marked physical and faint fighting resemblance to Jack Dempsey, gave Joe Sekyra, the blonde Dayton heavyweight, a thorough ten-round trouncing last night in Madison Square Garden. Schmeling is rapidly becoming the current sensation of heavyweights.

## VIC FOLEY FOUGHT FERNANDEZ TO DRAW

VANCOUVER, Jan. 5.—Vic Foley and Ignacio Fernandez, Filipino, fought a ten-round draw here last night.

## SEATTLE HELD PORTLAND TEAM

Scoreless Draw Gave Puget Sound Hockey Team First Point in Weeks

SEATTLE, Jan. 5.—After a fruitless month of endeavoring in which they lost eight straight games, Seattle won a point last night by tying Portland in a scoreless draw. Red Haedaker had replaced York in the local goal. Bill Borland, playing the first game with the locals, was a tower of strength on defence and valuable as a guide to Overland, who gave great promise for the future. Seattle needs a new forward to transform the team.

## BALAGNO FINALIST

Charlie Balagno beat Bill Nelson 59 to 48 in the semi-final of the Grand Terminal Club New Year snooker tournament last night and will meet E. Yager in the final over the week-end.

## KING AND DICTATOR A-HUNTING-GO

Here is an unusual photo of His Majesty King Alfonso of Spain (right), and General Primo de Rivesa, Spanish Dictator, taken during a royal hunt over the estate of the Count of Florida Blanca at Toledo. Notice the quaint national hunting skirt which the king is wearing.

## ENGLAND WON TEST MATCH

Beat Australia by Three Wickets in Final Game of Season

MELBOURNE, Australia, Jan. 5.—England today won the third cricket test match from Australia by three wickets and retains the "Ashes" until next year, when Australia will challenge on English soil.

Commencing the second innings England needed 332 runs for victory and this was scored for the loss of seven wickets, largely due to the splendid showing of Sutcliffe, who scored a brilliant 135.

## SCHEDULE OF CRIBBAGE GAMES

## Local Items

G. E. Gulick, local manager of the Swift-Canadian Co., sailed by the Cardena last night on a business trip to Vancouver.

Owing to small attendance, the Jap Inlet public school has been closed, H. C. Fraser, inspector of schools, announces. The teacher, Mrs. Berryman, will probably go to Cedarvale.

St. Andrew's Society members have gathered this afternoon to assist in the moving of quarters from the old provincial government building to the Hays Block.

Motorship Bellingham, Capt. J. E. Anderson, arrived in port at 8 o'clock this morning from Ketchikan with four carloads of frozen fish for transshipment east over the Canadian National Railways.

Royal Young, son of R. Boyd Young, Port Simpson, sailed by the Cardena last night for Vancouver where he will resume his studies after having spent the Christmas and New Year holidays at his home.

Mrs. James Byrne and family sailed last night on the Cardena for Port Alberni, Vancouver Island, where they will join Capt. Byrne who is permanently taking up the work of pilchard packing on the West Coast.

Chief Petty Officer Instructor Young of the local unit of the Royal Canadian Naval Volunteer Reserve is expected to return to the city on the Catala tomorrow afternoon after having spent a vacation in Vancouver.

For assault in connection with a fracas which occurred on Third Avenue on Christmas night, William Stuart was fined \$50, with option of thirty days' imprisonment, by Magistrate McClymont in city police court this morning. Thomas Fraser established that he was merely a spectator of the melee.

## SUCCESSFUL WHIST PARTY

A successful whist drive was held last night by the Lief Erickson Society in the Metropole Hall. There was a good sized crowd in attendance and Jack Selvig was master of ceremonies. Winners at cards were: Men's first, Karl Dybhavn; men's second, J. Moen; ladies' first, Mrs. C. Lindseth; ladies' second, Mrs. F. Strand.

## BELANGER WON TITLE AGAIN; BEAT ROCCO

TORONTO, Jan. 5.—Albert (Frenchy) Belanger regained the Canadian flyweight championship tonight when he defeated Steve Rocco in a fast ten-round bout. Both are residents of Toronto.

## Around The World With Sport Fans

Toronto Globe: "Moose" Johnson, who twenty years ago was playing on the Montreal Wanderers, will be found on the defense of the Portland Buckaroos in the Pacific Coast League this season. Johnson jumped in to help the Portland team after a losing streak, and they say there is plenty of hockey left in the veteran yet. "Moose" was planning a Christmas vacation trip to his home in Montreal, where he has not visited since 1916, when the Portland club owners came to him and asked him to turn out with the team. He gladly accepted the offer, postponed his trip east, and performed so well in his first start with the Buckaroos that the fans cheered him wildly. He is confident of playing out the season, and the Portland club is well satisfied with the old-timer.

Millionaires and near-millionaires from time to time continue to dabble in sport. William J. Wrigley Jr., aside from his activities in the promotion of professional swimming races, is known for his venture in connection with the Chicago Cubs. With the baseball market in a depressed state, Mr. Wrigley invested a total of \$6,000,000 in the hit-and-run game, declaring that he was quite satisfied if he did not secure a cent in return. Recently Mr. A. J. Drexel Biddle purchased the contract of Rene Devos, a leading contender for the world middleweight championship, issuing the statement that he was interested only in making Devos, a Belgian war veteran, middleweight champion of the world, and would not bother taking the usual 33-1-3 per cent. of the boxer's ring earnings. Localizing the situation, F. G. ("Teddy") Oke of Toronto has become actively interested in professional hockey, and in several branches of amateur sport, including track and field, swimming, basketball, speed skating and softball. The activities of moneyed men in sport can accomplish much good for the game, and, inversely, can do some harm.

## SPORT CHAT

A fine brand of play is being turned in by the Prince George Hockey League whose season is now well under way. In a Christmas Day match, the Canadian National Railway beat the Elks 7 to 3 in a hard and fast match which was evened at the score would indicate. On the Friday following, the Bankers beat the champion Legion by 2 to 1 in a hot overtime contest. The third game of the season was played last night between the Bankers and the C.N.R. and tomorrow there will be a postponed New Year's Day game between the Legion and Elks.

Sy Moyer of the Vancouver Star is sure Jack Dempsey will come back to the ring. Rather sarcastically, he writes: At last the ballyhoo hounds have been unleashed and Tex Rickard is away to another million dollar gate with the old standby, Jack Dempsey, as the bait. Tex and Jack are on their way to Miami, Fla., where Jack Sharkey, the loquacious Boston gob, and Young Stribling the Georgia setup king, will go 10 rounds of guess-what-... on Feb. 27. Rickard expresses the opinion that Dempsey will meet the winner in September for the title. Dempsey lifts his beetling brows in abject amazement and says: "Well, for lands sake, I never said I'd do any such thing"—or words to that effect. We are going to lay a dime on Rickard. Leave it to Tex to know what he is talking about. Dempsey's surprise will bring nothing but stentorian guffaws from the gullible public, but they will contribute cheerfully to the million odd to see an old has-been and a never-was fight for the crown once worn by Tunney, Fitzsimmons, Corbett, and so on. Oh, yes, Jack will fight in September, all right. And it is our guess that it will be Stribling who will oppose him.

## DEMPSEY NAMED AS ONE OF THE GREATEST ATHLETES IN HISTORY

NEW YORK, Jan. 5.—William Muldoon, veteran New York boxing commissioner, today named Jack Dempsey as one of the greatest athletes in the history of the ring. He deplored the improper training and handling that had been his lot and expressed the opinion that he is the logical possessor of the heavyweight title with Tunney retired.

Joe Go Get, Chinese, charged with having opium in his possession, has been paraded until Tuesday in city police court.

DIDO CURVICH AND ALF HARDING WILL MEET JANUARY 24  
Dido Curvich and Alf Harding will meet on January 24 in the Capitol Theatre in their ten-round winner-take-all bout, it was announced last night by Charlie Brown, who is making arrangements for the meeting. In connection with the headline bout, there will be a full program of vaudeville and moving pictures as well as a number of preliminaries. In fact, it will be the most ambitious offering of its kind Prince Rupert has seen for a long time. Full details will be announced at the first of next week, Mr. Brown states.

PRINCE RUPERT HIGH SCHOOL WON AGAINST SMITHERS  
SMITHERS, Jan. 5.—Prince Rupert High School boys' basketball team continued their triumphant tour of the interior by last night defeating the Smithers High School by a score of 27 to 21. The game was close as the scores indicate. A return match will take place here tonight.

## BASKETBALLERS HAD BREAKDOWN

Engine of Takla Gives Way and Eighteen Players Drifted in Portland Inlet

## SAFE AT ARRANDALE

Eighteen Prince Rupert men basketball players, bound home from Anyox, where they have been playing a series of games, added another experience to those of the trip yesterday, when the halibut boat Takla, Capt. John Olsen, on which they are travelling, had an engine breakdown off the mouth of the Naas River and drifted around in Portland Inlet for some time, while all on board offered the best of their persuasion and sagacity to get the motor started again, but without success. Coastwise Steamship & Barge Co.'s freighter Amur, bound from Stewart to Anyox, passed by, and seeing the plight of the Takla, gave out a line and towed the disabled vessel to Kincolith, where further efforts are being made to repair the engine. News of the incident was received yesterday afternoon by wireless from the Amur.

Henry Nelson of Ketchikan, who has been spending a couple of days in the city visiting with his sister, Miss Thora Nelson of H. G. Helgeson Ltd. staff, sailed last night on the Princess Royal for Vancouver.

## Short of Breath Smothering Feelings Choking Sensation

Mrs. H. Day, Dartmouth, N.S., writes: "For over a year I was troubled with smothering spells and shortness of breath, and it was impossible for me to walk, even a short distance, because of the choking sensation which followed.

After trying many treatments, in vain, I at last decided to try

and in a surprisingly short time they did me much good.

# Fifth Annual Temptation Sale

Continues in Full Swing

Miss Lillian Cross sailed last night on the Cardena for Vancouver where she will resume her studies after having spent the Christmas and New Year holidays with her parents, Mr. and Mrs. H. T. Cross, 223 Fourth Avenue West.

Misses Helen and Ruth Young, daughters of R. Boyd Young of Port Simpson, arrived in the city yesterday from Simpson and left on this morning's train for the Vanderhoof district where they will resume their school teaching duties.

E. W. Bowring, who has been appointed teacher of the white school at Kincolth in succession to W. E. Harrison, who has gone south, will be a passenger aboard the Catala passing through the city tomorrow enroute from Victoria to the Naas River.

Miss J. McAfee, who has been spending the Christmas and New Year holidays with her parents, Mr. and Mrs. George McAfee, sailed by the Cardena last night for Vancouver where she will resume her studies in the University of British Columbia.

Miss Camille Peters, who has been spending the Christmas and New Year holidays in the city as the guest of Mr. and Mrs. Martin Miller, Seal Cove, sailed by the Princess Royal last night for Ocean Falls where she will resume her school teaching duties.

John Clausen, who collided with Ald. Collart's car at the corner of McBride and Third Avenue last Saturday morning, was fined \$10, with option of seven days' imprisonment, in city police court this morning for driving to the common danger.

R. W. Tervo of Victoria arrived in the city from the south on the Princess Royal yesterday afternoon and proceeded by this morning's train to Perow where he will resume his school teaching duties after having spent the Christmas and New Year holidays at home.

Miss A. C. L. Munro, who taught school last year at Terrace, arrived in the city on the Princess Royal yesterday afternoon after spending the Christmas and New Year holidays at her home in New Westminster and proceeded by this morning's train to Francois Lake where she will take up new teaching duties, having exchanged positions with Miss Alice Pillsbury of this city.

## To Check Flu-Grip

Fight the Germs with Vapers Before They Can Get a Start

Treat All Colds Promptly But Be Careful Not to Disturb the Digestion With Too Much Dosing

While Flu is so prevalent everyone should take precautions to prevent its further spread. Flu is generally accompanied by a headache, burning eyeballs, and aching joints. But it begins so many times with just an ordinary cold.

Too often, the colds are neglected until they have lowered the vitality and permitted the lurking germs of influenza, or pneumonia to "get a foothold."

The only safe plan is to attack a cold at the very start. A hot bath, a laxative, and a vigorous application of Vicks VapoRub on the throat and chest at bedtime, will usually break up a cold overnight.

### External Treatment Best

For hours after Vicks is applied, its ingredients, time tested remedies, such as camphor, menthol, eucalyptus, thyme and turpentine, are vaporized by the warmth of the body, and inhaled right to the inflamed air passages. At the same time, the ointment acts

through the skin like an old-fashioned poultice, "drawing out" tightness and pain, and helping the vapors to break up the congestion.

### Avoid Upsetting Stomach

This simple external treatment cannot disturb your digestion as too much "dosing" is so apt to do. This is doubly important when "flu" is around, for your stomach, as well as your respiratory organs, must be kept in good condition in order to keep your body resistance at its highest level.

For this reason, too, mothers prefer Vicks for children. It can be used freely and often, even on the youngest child, with no fear of upsetting a delicate stomach.

### To Help Ward Off the Flu

When influenza colds are prevalent, you can often prevent infection by snuffing a little Vicks well up the nostrils every night and morning, or before exposure to crowds.

### ONTARIO LIBERAL'S CHOICE

At a meeting of the Liberal members of the Ontario Legislature, William E. N. Sinclair (above), was chosen as Leader of the Liberal group in the House.

feet. Indications at the property continue favorably.

Axel Peterson of Evelyn was recently exhibiting in Smithers a fine sample of coal which he uncovered near his farm. The coal appeared to be bituminous in form but, for a surface exposure, had plenty of body and has caused considerable interest. Every now and then, such findings are reported in the central interior which district seems to be generally impregnated with the black diamond.

To speed up production on a shipment of six or seven carloads of ore, the working staff of the Mohawk mine near Hazelton was recently doubled. The new crew will also permit of continuing development in the drift tunnel while work is under way in the raise to the surface. It is in the latter operation that fine high grade ore is being taken out, the mineralization at this point showing greatly increased width and also increased values. The decision to ship ore resulted from the necessity for raising to the surface for air just at a point where the strong high grade ore came in. In the drift tunnel, continued beyond the raise, excellent ore is still being uncovered in all its original strength and values and large reserves will rapidly be gained as work advances with the increased force. Meantime, ore is being hauled to the station at South Hazelton.

Having received information that experts of the Canadian geological survey have discovered around the Stikine River what is believed to be, perhaps, the richest mineral area in British Columbia, Hon. W. A. Mackenzie, minister of mines, is asking the federal government to publish as early as possible the report of Dr. Kerr who recently examined the field. It is believed that publication of the report would result in the movement of many prospectors into the district and possibly the discovery of extremely valuable properties. The district referred to lies between the Stikine and Iskut Rivers and Dr. Kerr states that there are extensive ore bodies there carrying high values in gold, silver, copper and zinc. Only a few prospectors have so far examined the district, the possibilities of which have only been explored in a preliminary way. Such investigations as have been made, however, have convinced the federal expert and his associates that the province has on the Stikine a mining field of large extent and high values, ranking with the best in Western Canada. The Stikine country is not so difficult of access as is generally supposed states Dr. Kerr whose report will stress the fact that the country may be entered by way of Telegraph Creek and thence south over land to the mineralized zone. This lode zone, it is said, would surpass in importance the placer district in the same vicinity.

# POWER Builds Industries!

POWER DEVELOPMENT	
1916	2,400,000 HP
1926-7	4,400,000 HP
Capital Invested in Manufacturing:	
1916	\$15,000,000
1926-7	\$40,000,000

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined . . . smelted; transportation problems solved; manufacturing industries developed, and with them population . . . pay-rolls. Power is British Columbia's strongest bid for more industries . . . more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonington Falls and other points is being steadily increased. The Campbell and Chilko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98% . . . truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed . . . transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 101.3%. Our total payroll, including all classes, is estimated at 210 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,517 people, paying them 175 million dollars in wages . . . distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

# BRITISH COLUMBIA'S PROGRESS

LIMA HAILS PRESIDENT-ELECT HOOVER

Herbert Hoover, President-Elect of the United States, is here seen on his arrival in Lima, Peru, where he was enthusiastically greeted. On Mr. Hoover's left is Ambassador A. P. Moore, while on his right is Foreign Minister Rada y Gano of Peru.

perimental station will shortly be issuing scientific articles reporting progress that has been made at the station in lines of marine research, particularly in the study of dogfish pil for vitamin content.

Prince Rupert will act as host to the Canadian Fisheries Association convention in 1929. The date has not yet been set, but it will probably be some time in August. Prince Rupert promises a royal time and Vancouver has promised to co-operate with Rupert in putting over a big and entertaining gathering. Those who attended the Vancouver convention in 1920 still retain pleasant memories of the way they do things on the west coast. Put the convention down on your memorandum pad as one of your business vacations for next summer—Canadian Fisherman.

Herring Reduction

The permanent policy of the provincial government is opposed to the use of herring for anything but food purposes, states Hon. S. L. Howe, commissioner of fisheries for British Columbia, and this year it is intended, as far as the pro-

vincial government is concerned, to have these fish completely protected from reduction. The provincial government's recommendation to the federal authorities last fall for a partial open season for herring reduction was made only to meet special conditions in the reduction business in the way of large expenditures which had been made by the operators in expectation that they would be able to use these fish for reduction, Mr. Howe explains.

The halibut schooner Dorothy, Capt. Ole Hyatum, is leaving Seattle in a day or so with the scientific staff of the international fisheries commission for the north Pacific halibut grounds, where experimental deep sea dredging and hydrographic work, upon which future regulations for conservation of halibut will be based, will be resumed. Norman L. Freeman, local representative of the international fisheries commission, is one of those who will now go out on the Dorothy.

Good prices are expected to be offered for halibut during at least the early part of the coming season. Cold storage stocks are comparatively low and this should

cause an active demand for the fish. On November 1 but 5,450,986 pounds of halibut was held in all Canadian cold storage plants.

J. J. Johnson of San Francisco has been in Burns Lake recently completing arrangements for the early erection of a cold storage plant near there for the purpose of providing storage facilities for whitefish and lake trout which are secured in that vicinity. Property has been leased on the lake front for erection of an ice house. Having previously carried on fishing operations on the lake, Mr. Johnson is familiar with conditions there and predicts a big future for the local fresh fish industry.

Shelf Has Flu

Shelf Thomson has been suffering the latter part of this week with the popular flu malady. Only his indomitable energy prevented him from taking the advice of Doc Cade as well as others and going to bed and staying there. Flu may come and flu may go, but boats will leak forever and the pumps must be kept going, says Shelf.

Local seining outfits will not

commence prospecting for herring before next month. It is usually February when the first signs of the fish appear in contiguous waters. A run of herring in Skidegate Inlet has been reported, but it is believed to have been small. There are understood to be plenty of herring to take care of the bait requirements of the halibut fleet until the new supply is available.

Passengers arriving here from the south on the Princess Royal yesterday afternoon included: Mr. and Mrs. J. McRae, H. S. Walker, O. Wadsworth, Miss Tervo, Miss A. Denman, Mrs. A. Coleman, Mrs. Reid, Miss E. Ray, Miss D. Shaw, Miss McDermott, Miss B. Holt, Ole Satero and Miss J. Field.

Waterfront Whiffs

Preparations Commence for Opening of Halibut Season; McLean Yard Provided With Floats; Jack Being Repaired Following Fire

Advent of the New Year is usually the signal for the halibut boat operators at Prince Rupert to commence concentrated activity in the matter of getting their craft in readiness for the approaching opening of another fishing season and considerable work along this line is now in progress here. Fine weather this week gave encouragement to the work of overhauling and repairing of both engines and boats and business for the machine shops and other services will soon be picking up. With the Christmas and New Year festivities over, all energies will now be bent in preparation for the resumption of fishing on February 15.

The McLean shipbuilding plant at Seal Cove has been equipped during the recent quiet season with substantial floats which are being offered for the moorage of the fishing vessels at Prince Rupert. The floats are somewhat similar to those at Cow Bay to the congestion of which they will no doubt provide relief.

The American halibut boat Jack which was recently purchased by Capt. E. C. Tibbitts and which sustained damage a couple of weeks ago in a fire which broke out while the vessel was moored on the waterfront, is now on the McLean ways at Seal Cove for repairs. It is necessary to take out and renew a number of hull as well as deck planks which were scorched. Otherwise the vessel received no serious hurt.

Freighter-Salvor is due in port from the south at the first of next week with a cargo for Albert & McCaffery consisting of 100,000 feet of lumber to be used in the construction of a garage for the Lindsay Cartage, coal for Digby

to offer the left instead of the right biscuit hook and, therefore, is now acquainted with what it feels like to be the Prince of Wales. In any case, the big family is doing nicely and Brock will soon add floor-walking to his already wide repertoire of experiences.

The halibut boat R. W., Capt. Ansker Wick, is now undergoing engine overhaul at the dry dock.

The 36 h.p. Gardner diesel engine for Capt. Nels Petersen's halibut boat Ternsen has arrived and installation will start at the dry dock at the first of next week. Putting in of a new engine bed for the new motor will be necessary. The old 30 h.p. Atlas gasoline engine was lifted out of the Ternsen yesterday and will later be installed in the new boat which Captain Merrill Sollows is having built at the McLean yard.

To Pezuta Salvage

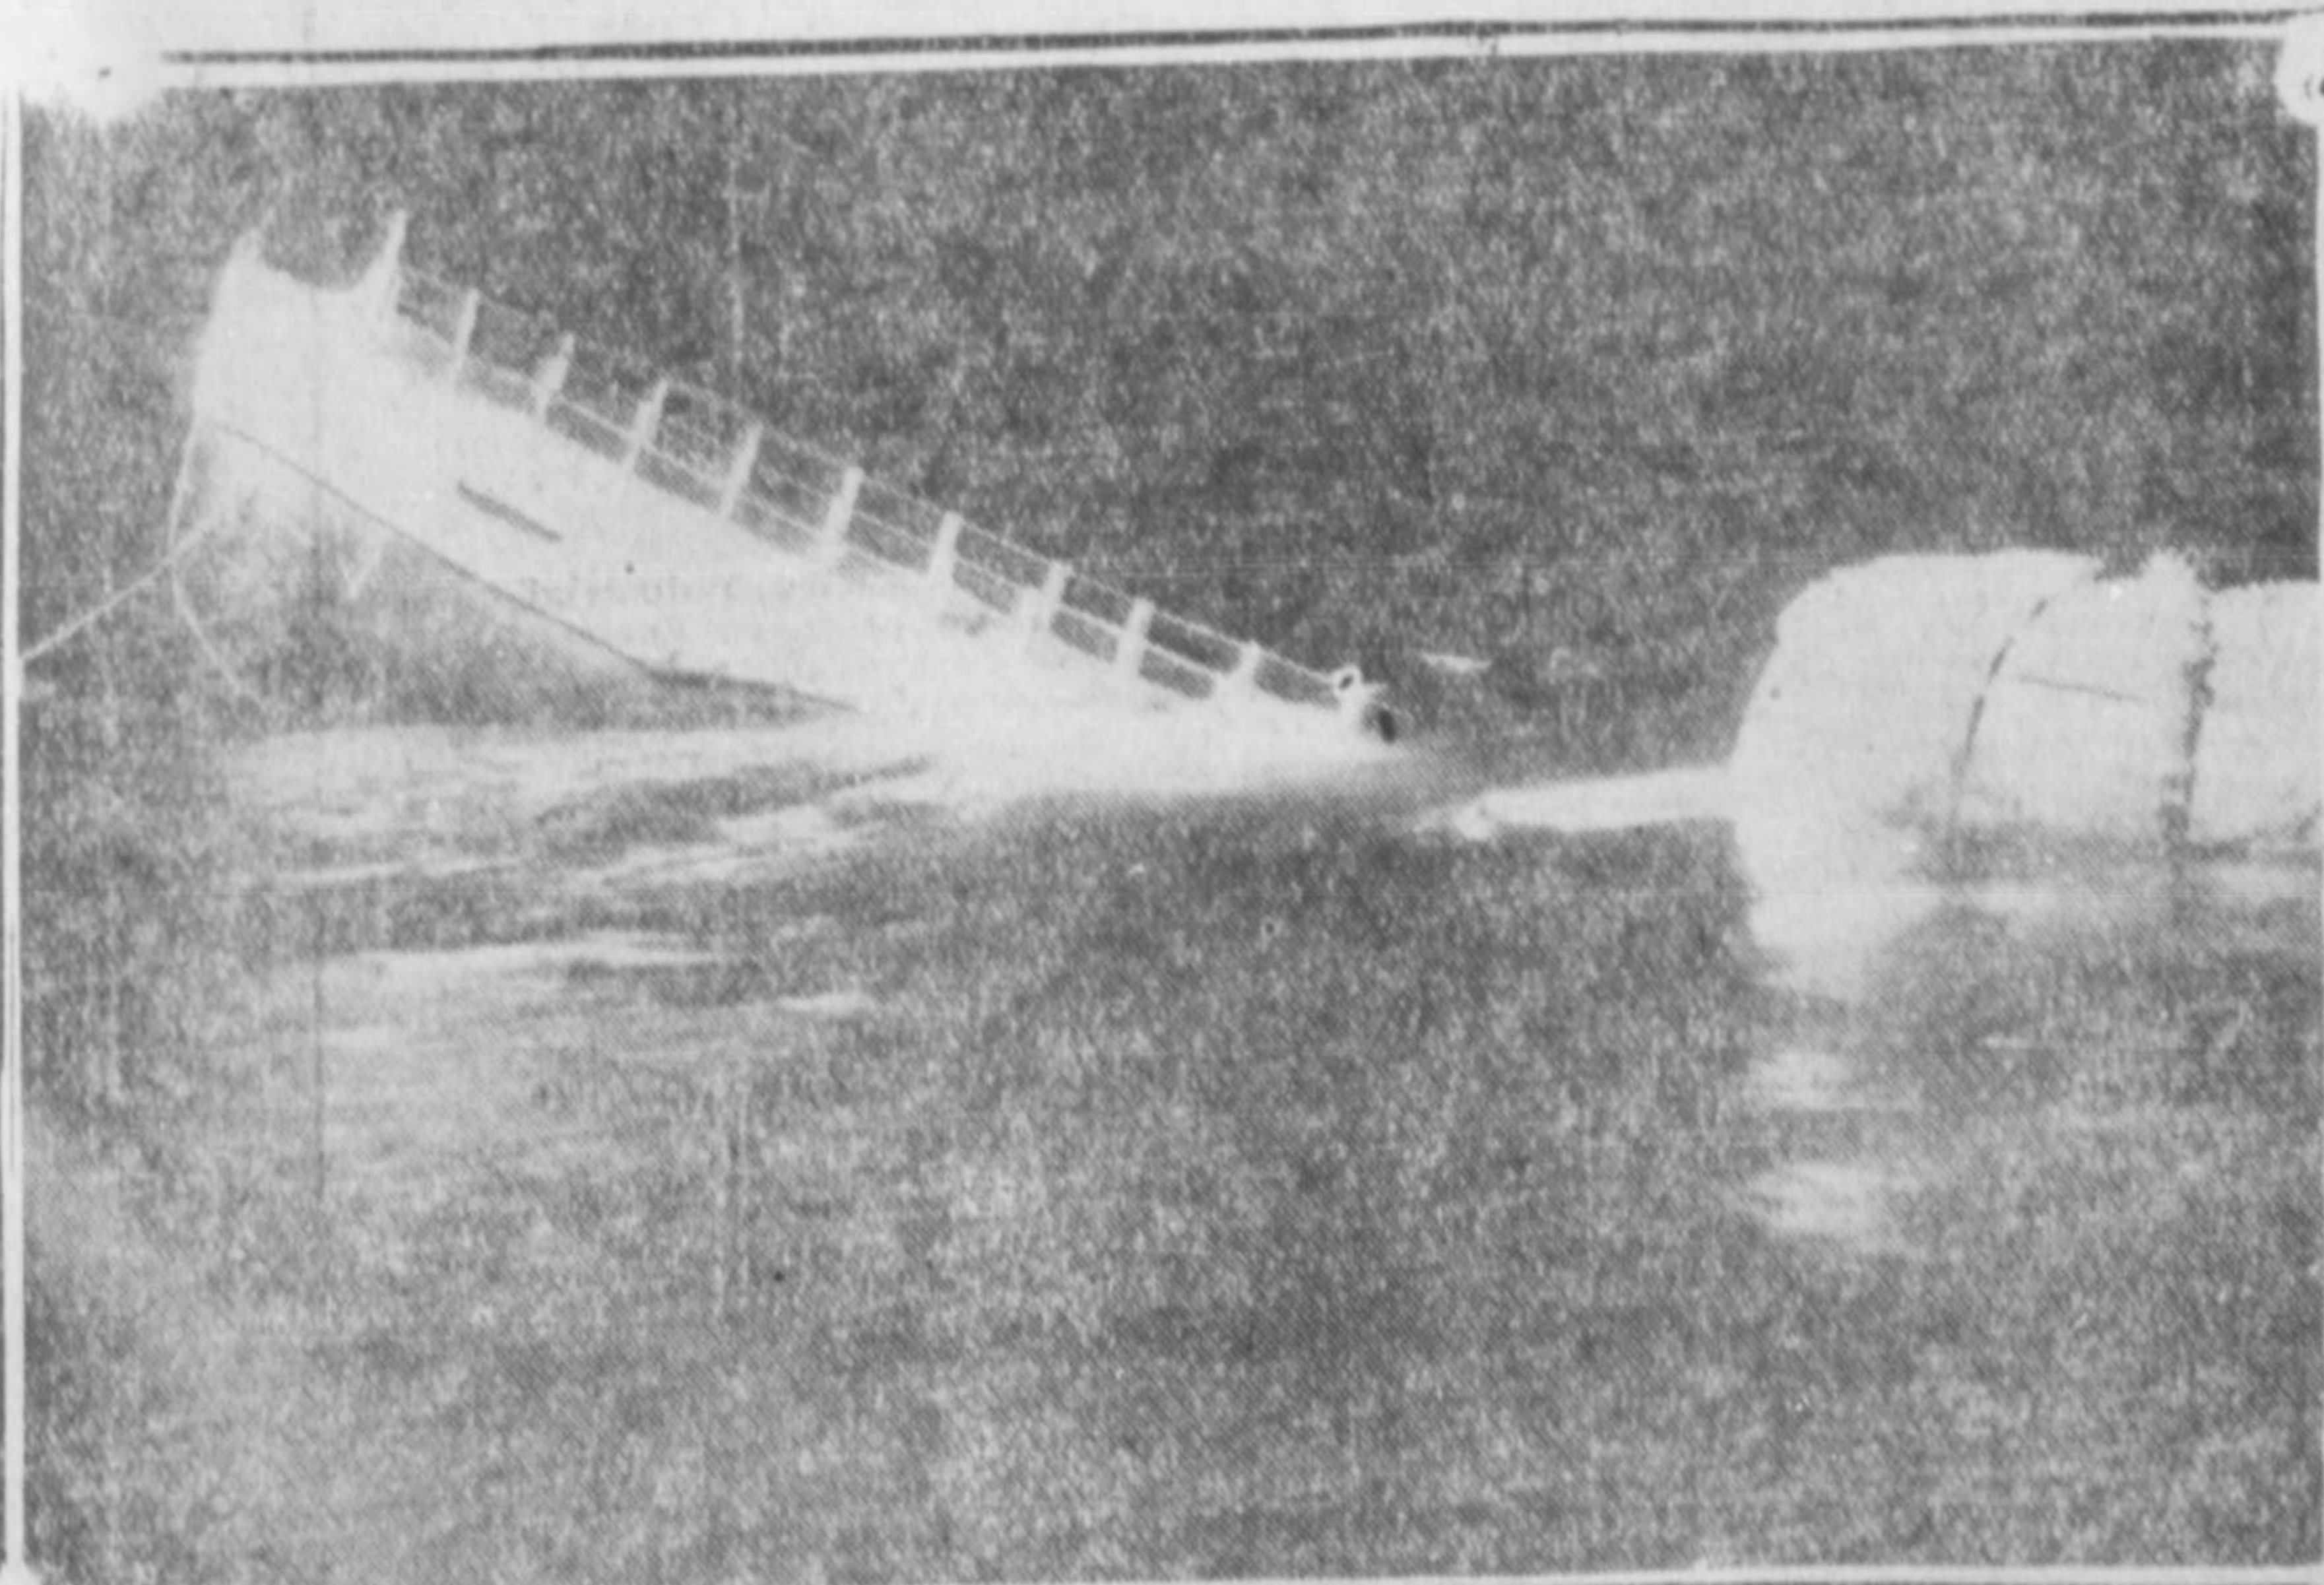

Prince Rupert Salvage & Towing Co.'s big power tug Salvage Princess is out of the dry dock, where she has been undergoing annual overhaul, and will be leaving shortly for Tlell on the Queen Charlotte Islands to undertake the recovery of machinery and equipment from the wrecked log carrying barge Pezuta.

While the steamer Princess Mary was in port Wednesday afternoon, Izzy Goldstein, prominent Juneau merchant and vice-president of the Juneau Cold Storage Co., took opportunity to pay a visit to acquaintances along the local waterfront. Mr. Goldstein was on his way to Seattle, where he will meet Mrs. Goldstein and family, who are returning to Alaska from a trip to California.

Work of putting in a new stern on the halibut boat Rose Spit, Capt. Axel Olsen, is now nearing completion at the floats of the Prince Rupert Salvage & Towing Co.

The Prince Rupert fisheries ex-

S-4 AS IT BROKE THE SURFACE OF THE WATER WITH A'D OF PONTOONS.

The United States submarine S-4, refitted as a naval safety test vessel, was finally raised by divers off Elock Island after an all-night battle in which the stern of the craft was firmly imbedded in the mud.

The Greatest Man in the World

To those dear to you, you are the greatest man in the world . . . the wisest and the most far-sighted. They trust you to protect them from hardship and privation. And to the best of your ability you would do so.

Yet there may come a day when you will no longer be here to shield them . . . to provide for their needs. Will their faith in you then be justified?

You realize that their confidence challenges you to greater vigilance in their behalf. Have you made the provision for them that you know to be

necessary? Is your Life Insurance sufficient to meet their needs? Do you realize that \$5,000 invested at 6% yields an income of less than \$6 per week?

For the sake of those who love and respect and trust you . . . those to whom you are the "greatest man in the world" . . . take pencil and paper, and figure how much you have done toward the building up of an estate. Then call in the representative of any Life Insurance Company and learn how little is the cost of adequate protection.

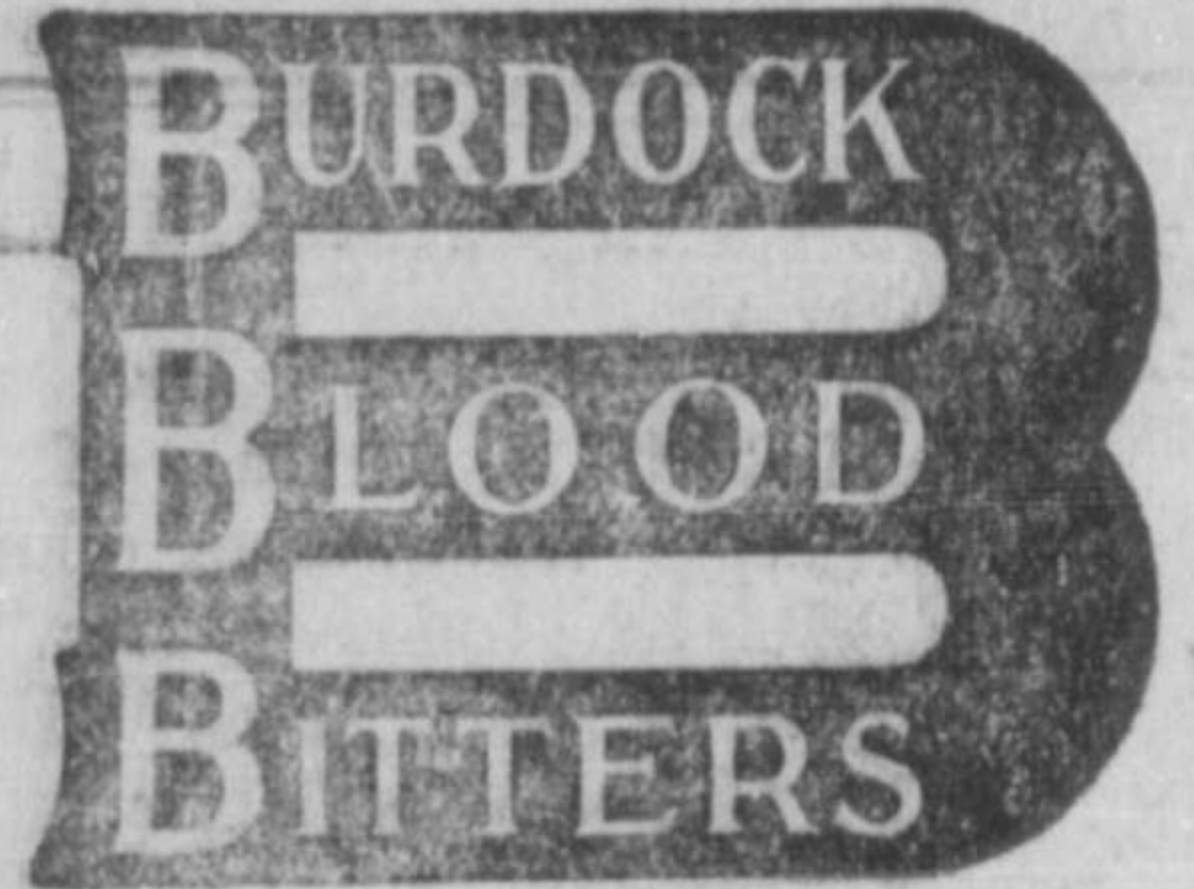

Life Insurance Service

The Love That Never Dies

### Was Tortured With Eczema For Years

Mrs. George Shambler, 119 Creighton St., Halifax, N.S., writes: "After being tortured with eczema, for years, and trying everything possible from doctors and drug stores, a friend recommended me to take

I sent my husband to get me a bottle, and after I had taken it I noticed the cooling of my blood, so he advised me to continue, and after taking several bottles I can truly say it is a wonderful medicine.

Manufactured only by The T. Milburn Co., Ltd., Toronto, Ont.

### SUCCESSFUL BANQUET BY MOOSEHEART LADIES

Enjoyable Affair Last Night in Boston Cabaret With 36 in Attendance

Thirty-six members of the Women's Mooseheart Legion, Chapter No. 211, sat down to a successful and enjoyable banquet last evening in the Boston Cabaret. A sumptuous chicken supper was spread and Mrs. Charles M. Nickerson, senior regent, presided. The toast to the senior regent was proposed by Mrs. Simon A. Swanson and Mrs. Nickerson replied suitably. The program also included a recitation by Mrs. Robert McCarthy.

After the supper cards were played and the prize winners were: First Mrs. D. C. Schubert; second Mrs. P. J. Ryan; third, Mrs. Ed. Unger.

The event was under the convenship of Mrs. Simon A. Swanson and those assisting were Mrs. C. M. Nickerson, Mrs. P. J. Ryan, Mrs. A. G. Bartlett, Mrs. Richard Long and Mrs. James Weir.

### NEW OFFICERS FOR BOARD OF TRADE CHOSEN

Milton Gonzales is President with George P. Tinker Vice-President This Year

#### MANY MATTERS DISCUSSED

Proposal Made to Establish Radiophone at Digby Island to Benefit Canneries and Others

The annual meeting of the Prince Rupert Board of Trade last night elected Milton Gonzales president, G. P. Tinker, vice-president, and A. Brooksbank secretary-treasurer, and a strong council consisting of Olof Hanson, C. H. Orme, W. O. Fulton, W. H. Tobey, John Dybhavn, F. G. Dawson, B. J. Mellich, P. M. Ray, J. H. Thomson, J. D. Fraser, C. V. Evitt, George McAfee, George Munro and D. G. Stewart. Reports on the work of the year were received from President J. W. Nicholls and Secretary Brooksbank, the latter of whom drew special attention to the fact that it was twenty years ago since the organization was formed and he read a list of the charter members and also a list of all the presidents since then.

The application for membership of M. A. Burbank was accepted and he was elected.

Letters from W. A. Pound and Dr. J. H. King were read in regard to American boats fishing in Canadian waters and using Canadian harbors. The board was assured that Canadian interests would be protected.

A letter from the city council was read enclosing a check for \$40.

A telegram was received from Paul Armour who is in Vancouver advising that a committee be formed to take up the matter of the establishment of a radiophone at Digby Island to enable canneries and cannery tenders, tugboats and other coasting vessels to communicate with that station more easily than at present.

The question of the meeting of the Canadian Chamber of Commerce next September was mentioned. The meeting will be held at Edmonton and Calgary and will be followed by a tour through the Peace River country. At this meeting there will be 60 delegates from the Old Country and Vancouver expects to be fully represented. It was urged that a strong delegation should go from Prince Rupert.

A resolution was received from the Terrace Board of Trade asking the local board to back the proposal to build a road to the head of Kitimat Arm from Lakelse. This was referred to a committee.

J. C. Brady brought up the dangers to halibut boats toward the end of the season pointing out that there had been loss of life at such times. He urged the establishment of a patrol system.

George Nickerson agreed that the suggestion had merit, but he thought the establishment of a life saving station on the west coast of Queen Charlotte Islands would be more important. The matter was referred to the fisheries committee for report.

In his annual report Colonel Nicholls thanked the retiring officers who had helped him substantially in the work and especially the new president, Milton Gonzales, who had officiated during his absence. The new president then took the chair and thanked the board for the honor they had done him.

### FIRST DRAFT OF POWER AGREEMENT IS PRACTICALLY COMPLETED SO FAR AS THE COUNCIL IS CONCERNED

(Continued from page one)

ment subject to the approval of the council, the Power Corporation to retain its responsibility in connection with any new company that might be formed. This amendment was acceptable to Mr. Patmore.

Clause 2, providing for transfer to the company from the city of title to all the assets of the light and power department, including dam, penstock, power house, lands and water rights, machinery, transmission lines, equipment, etc., with the reservation that supply of water to the city mains be always protected and that the company be responsible for the keeping of the dam in a fit state of repair at all times gave rise to discussion as to how the safety level for the city water supply and repair of the dam were to be determined. The suggestion was made that the city should retain ownership of the dam but, after lengthy discussion on the point, it was decided that the city should reserve the right to stop taking water from Woodworth Lake for power purposes and also when repairs to the dam were necessary. The agreement contains a clause providing that the dam should revert to the city in the event of the Woodworth Lake power site being abandoned by the company.

#### Maintain Plant

Clause 3 providing that the company shall maintain the Woodworth Lake power plant intact in case of any other power development being undertaken was accepted without discussion. It was stated by the city solicitor during the reading of this clause that, throughout the agreement, reference to Falls River development was being deleted as the company might eventually decide to develop power other than at Falls River.

There was considerable discussion on the clause providing for the payment by the company to the city of \$375,000 subject to \$150,000 being placed in a trust fund until such time as debentures against the plant had been paid up and the city could deliver a free title, the city to receive the interest from this fund. This was to protect the company against obligations still owed by the city. Mr. Patmore explained, in the shape of bonded indebtedness, it was just like an ordinary purchase of property with a mortgage standing against it. Amendment was made providing for the turning over to the city of this trust fund as soon as all obligations were paid which will be in twenty years or less.

Clause 5 grants the company the sole and exclusive right for a period of 25 years to operate the system within the limits of the city for the sale of electric light and power, entering all thoroughfares and public places necessary for transmission and distribution. Clause 7 provides that all such reconstruction work shall be subject to the approval of the city and Clause 8 provides that the company shall complete such work on the streets as speedily as possible and restore the streets to their original condition or be liable to pay the city for such work.

Clause 6 provides that the city shall have the right at the end of 25 years to buy all property of the company within the corporate limits of the city or in connection with Woodworth Lake or to renew the contract with the company for another 25 years.

#### Taking Over Service

Clause 9 provides that the company shall take possession of the generating plant as soon as the purchase price in full is paid, the city to collect light and power accounts up to such date and the company thereafter.

Clause 10, upon which there was discussion of a few minor details, provides that the company shall proceed at once with power development other than that at Woodworth Lake and within two years, with six months' grace, shall complete the development of not less than 5,000 horsepower and then up to or over 100,000 horsepower if required by private or commercial uses of the citizens or industries.

Clause 11 provides that on and after the date of the agreement the company shall supply energy demanded by the city and the

citizens and shall maintain a reasonable surplus for new demands.

Clause 12 was deleted, having been duplicated by another clause. In Clause 13, the right is reserved by the city to make reasonable use of the company's light poles for such purposes of telephone wires and fire alarm boxes, providing such use does not interfere with the company's operations. Payment for such use by the city of company poles shall be under the Bell Telephone agreement.

Clause 14 provides that the company shall assume all obligations of the city in connection with agreement between the city and such power customers as the Elevator, dry dock and Cold Storage plant.

In Clause 15 the city agrees to take all its electric requirements in the way of light, heat and power from the company, allowing no other company to use the public places for such distribution.

Clause 16 sets the rates for street lighting at a flat rate of \$15 per year per 100 watts, the company to supply lamps to the city at cost. This clause also includes provision that the company, on demand of the city, shall install at its own (the company's) expense a fully modern system of ornamental street lighting on the city streets, the style of such to be determined by the city. Other regulations in the matter of street lighting are also set. Objection was taken to the right being given the company to increase the charge for street lighting in case of increased taxation or other charges and this was struck out. Street lighting rates shall be effective upon execution of the agreement.

#### Rates to Consumers

Another clause provides that the maximum rates to consumers for light and power shall be set by the present city schedule though the company may sell at lower rates if warranted, providing that there shall be no discrimination in this connection. The company shall not sell power at lower schedules outside the city than in the city.

Provision is also made that the agreement shall come under the Public Utilities Commission of the province should such board be established. It was pointed out that this would be more to the benefit of the city than the company.

Nothing in the agreement releases the company from liability for damages through its omissions and the city is indemnified against such damages.

The company shall not be exempt from municipal taxation though the city is bound not to impose discriminatory taxes.

The clause providing that the company may increase rates as a result of taxation imposed by the provincial government or as a result of licenses or royalties was one which the company would not consider waiving, Mr. Patmore said. The council took the view that the plebiscite had settled the people's acceptance of this clause.

In the event of default by the company for more than 24 hours not caused by Act of God etc., City Solicitor E. F. Jones has prepared a clause whereby the city may take possession of the plant and operate it for the benefit of the citizens until such time as the company shall resume operations under the agreement. It is provided in addition that the company shall transfer the plant back to the city on payment of its valuation subject to daily damages for such default. The sum of \$1,000 was mentioned as a possible daily amount of damage in case the company fail to supply power and light. Further information is to be obtained before the amount is definitely set. On the whole default clause, the city solicitor is to obtain an outside opinion.

Clause 25, dealing with the scale of wages to be paid by the company, was amended at the suggestion of Ald. Brown, to provide that the company shall pay the prevailing scale for skilled labor and the civic scale for unskilled labor, this to apply to the Woodworth Lake development as well as all company work within the corporate limits of the city. Doubt was expressed as to the power of the city to govern wages paid outside the city. Mr. Patmore gave assurance that it was the policy of

# Church Services

#### CHRISTIAN SCIENCE

Christian Science Society, 245 Second Avenue  
This Society is a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.  
Sunday Service at 11 a.m., subject, "God."

Morning Worship and Communion at 11 o'clock; Sunday School at 12:15; Evening Service at 7:30. The choir will repeat the Christmas Cantata, "The King Cometh."

#### ST. PETER'S CHURCH

Service will be conducted by Bishop Rix at St. Peter's Church, Seal Cove, Sunday, January, 6, at 11 o'clock. Sunday School at 10:30.

the company to pay the established local rates of wages.

**Matter of Industries**  
At the suggestion of Ald. Colart, a clause will be incorporated in the agreement providing, as promised by the company in its tender, that its industrial bureau shall be placed at the disposal of the city council and the Board of Trade for the encouragement of local industries.

It was pointed out that the agreement was still in the draft stage and would be subject to

such further amendments and provisions as may be deemed necessary or advisable. It has already been decided that Mr. Jones may get an opinion on the whole law from outside counsel and competent engineer.

After the agreement is finalized, Ald. Rudderham suggested that public meetings should be called to explain it to the people. Ald. Prudhomme and Mayor McMordie were in accordance with this suggestion.

#### EUROPE TO CANADA IN THREE DAYS

The amazing British airship, R-100, is at present undergoing tests at Howden, England, preparatory to flying to Canada in the spring. This giant dirigible is 709 feet long, 130 feet high, and will easily carry 135 passengers, inclusive of crew. Six Rolls Royce engines will drive her through the air at a cruising speed of 75 miles an hour, and she is expected to complete the ocean flight in less than three days. The above picture shows members of the Mother Parliament having tea aboard the R-100 at her formal unveiling to the public. Inset is Lieutenant George Norville, who will navigate the giant air liner on her maiden voyage.

AND YOU WILL MAKE THIS RESOLUTION ONCE YOU HAVE RIDDEN IN THE

Man in the Moon

All the youngsters go back to school Monday except those who are too young or the kids who are too old.

Why pine for the good old days When we sat for hours in school.

Watching the clock turn slowly Learning by rote and by rule?

No, these are the real good days When learning is made like play.

There are no times like these No matter what mossbacks say.

If you would avoid the flu, keep your mouth shut.

Keep your mouth shut Breathe through the nose You'll always be healthy As everyone knows.

Jake says it's great to get the correct time on the radio at night at nine o'clock. In that way he is able to get to bed on time even if his watch does get rather slow by morning.

There's one thing about the air routes they do not need paying and there's plenty of room to turn out when you meet someone going in the opposite direction.

What's the use of daylight saving in the summer if you can't use any of it in the winter?

Ten Years Ago in Prince Rupert

M. P. McCaffery has been elected president of the Prince Rupert Board of Trade with S. E. Parker as vice-president; A. W. Cameron, secretary, and E. H. Mortimer, commissioner. Members of the council are L. W. Patmore, John Bulger, W. E. Williams, G. A. McNicholl, George Frizzell, J. G. Steen, L. M. De Gex, Harry Lipsett, Reginald Beaumont, T. H. Arnel, O. H. Nelson, A. C. Garde, David Thomson, James McKee and J. H. Pillsbury. The retiring president is H. S. Wallace.

The wedding will take place tonight in the Baptist Church, with Rev. W. W. Wright officiating, of Miss Louise J. Tallander, well known member of the city school teaching staff, and John Manson, who is now identified with the Southeast mine near Skidegate. Attendants will be Miss Agnes Grant and David Donaldson.

LAND ACT

Notice of Intention to Apply to Lease Land in Prince Rupert according to District of Prince Rupert and situate at the south end of Kasin Island, adjacent to Lot 6335, Range 5, Billmor Spruce Mills, Limited, of Vancouver, British Columbia, occupation, manufacturers, intends to apply for a lease of the following described lands:

Commencing at the northeast corner of Lot 6335, Range 5, C. D., thence south-easterly 36 degrees 10 minutes east, 600 feet, more or less, to low water mark; thence south-westerly following low water mark to a point due east on the most easterly point of an unnamed island; thence northerly following the sinuosities of the island to the most northwesterly point of same; thence in a northwesterly direction to the northeasterly point of an unnamed island; thence northwesterly to high water mark; thence in a northeasterly direction along high water mark to the G.T.P. Railway right-of-way, thence easterly along the southern boundary of the said right-of-way to the northwest corner of Lot 6335, thence following the sinuosities of the said lot to the point of commencement.

BILLMOR SPRUCE MILLS, LIMITED, Water Recorder at Prince Rupert, Agent. Dated December 22nd, 1928.

WATER NOTICE

Take notice that Billmor Spruce Mills, Limited, whose address is 311 Rossers Building, 470 Granville St., Vancouver, B.C., will apply for a licence to take and use 10,000 of water out of an unnamed stream, which flows southerly and drains into the head of Porpoise Harbour, half mile northeast of Lot 6335, Range 5, C. D. The water will be diverted from the stream at a point about half mile distant from its mouth and will be used for industrial purposes upon the lands described as Lot 6335, Range 5, Coast District.

This notice was posted on the ground on the 22nd day of December, 1928. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Controller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. BILLMOR SPRUCE MILLS, LIMITED, Applicant.

BY B. E. MORGAN, Agent. The date of the first publication of this notice is January 5th, 1929.

NOTICE OF ELECTION

PUBLIC NOTICE is hereby given to the electors of the Municipality of the City of Prince Rupert that I require the presence of the said electors at the City Clerk's Office, City Hall, Prince Rupert, B.C., on the 14th day of January, 1929, at twelve o'clock noon, for the purpose of electing persons to represent them as Mayor and Aldermen and School Trustees. The mode of nomination of candidates shall be as follows: The candidates shall be nominated in writing; the writs shall be subscribed by two electors of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p.m. of the day of nomination; the said writing may be in the form numbered in the Schedule of the "Municipal Elections Act," and shall state the name, residence and occupation or designation of each person proposed in such manner as sufficiently to identify such candidate; and in the event of a poll being necessary, such poll shall be open being necessary, such poll shall be open on the 17th day of January, 1929, at the Council Chamber, City Hall, Prince Rupert, B.C., of which every person is hereby required to take notice and govern himself accordingly.

GIVEN under my hand at Prince Rupert, B.C., this 5th day of January, 1929. E. F. JONES, Returning Officer.

## TO GET AFTER RADIO TROUBLE

Meeting Last Night Reports on Activities and Arranges to Continue Work

At the meeting of the Prince Rupert Radio Association held last evening in the city hall with Sid Reith presiding and Laurie Lambie secretary, it was decided to make a big effort during the coming week to locate definitely the sources of interference with local radio reception, particularly in the down town districts. Many suggestions were made as to what the trouble might be, but the only thing definitely agreed upon was that it was very bad and that steps must be taken at once to have it cleaned up.

The secretary read correspondence, mostly telegraphic, which had taken place in regard to stopping the interference at the C.N. Telegraph office. A number of telegrams and letters were sent in regard to it both to A. R. McEwan, director of radio and to W. G. Barber, telegraph manager, and assurance was received that the difficulty would be overcome, although it was pointed out that action was very slow. L. W. Waugh, the local manager, it was indicated, had done his best in regard to it.

Members of the association were not satisfied that the Telegraph office was the worst offender. The city power system was blamed and also the electric furnaces, and a number of other possible sources. All of these will be thoroughly investigated during the next few days. It seemed that there must be a number of different sources of trouble because they were intermittent at times and at others persistent. Some sections of the city were very little affected, but down town was the worst.

After much discussion in the course of which it was mentioned that the present officers of the association had done everything that could be expected of them, it was decided to call another meeting next Friday night to receive reports from those trying to locate the trouble and to take any such further steps as might be desirable to abate the nuisance.

It was decided that permanent officers should be elected next week.

## MASTERPIECE "RAMONA" SHOWING AT CAPITOL THEATRE MONDAY

A "Classic" Reaching Dramatic Heights Never Before Scaled

"Ramona," a screen story that takes its place among the immortals and rates as "one of 1928's ten best," has been secured for showing at the Capitol next Monday, Tuesday and Wednesday.

"Ramona," the theme song which is being sung and played in theatres, restaurants and dance halls, night clubs and from radio stations every night, will be featured by the Rupert Capitolians during the showing of the great classic. Superb acting by Dolores Del Rio in a picture which carries its audience along with its surging sweep and tense drama will afford a rare treat for Prince Rupert picture lovers.

## District News

### PRINCE GEORGE

Prince George is now having its first real taste of winter after a rather mild week during which the thermometer dropped only once below zero and then to three below.

Hon. F. P. Burden, minister of lands, and Mrs. Burden and two sons left on Sunday on their return to Victoria after having spent the Christmas season in Prince George. Mr. Burden stated that the government would have five offers for the purchase of the Pacific Great Eastern Railway and he expressed confidence that decisive action in regard to the road would be taken at the forthcoming session of the legislature.

John Harrison was killed on Monday in one of the Giscome Co.'s logging camps when a tree fell on him and fractured his skull. An inquest was held here by Coroner Guest and a verdict of accidental death was returned.

Dr. and Mrs. Philip Smythe and children, who are moving from Fir Valley, Alta., to Vancouver, were the guests here of Mr. and Mrs. Arthur Dea over the Christmas and New Year holidays.

### NFW HAZELTON

Rev. T. D. Proctor recently opened the new hall which has been built at a cost of \$2300, by the natives of Kitammax. Indian Agent E. Hyde and R. S. Sargent also spoke on the occasion and there was a general celebration.

S. H. Senkpiel appeared before Justice of the Peace William Grant in Hazelton last week and was charged with assaulting a man named Smith. The latter has gone to Prince Rupert for treatment and the case has been adjourned.

Mrs. Dugate of Hazelton has been seriously ill with influenza. Mrs. W. H. Sharpe has also been suffering from the same malady.

A Christmas Tree was held last Friday afternoon for the Indian children of Hazelton and on Saturday afternoon Rev. T. D. Proctor entertained the Sunday School children.

The Prince Rupert Amusement Company was organized for the purpose of operating a moving picture theatre in the City of Prince Rupert. Up to the present the Company has operated in a rented building but has now completed construction of a very fine building on the main street of the City at a cost of approximately (including value of land) \$109,000. This building has been leased to B. C. Paramount Theatres Limited for 15 years on the following terms: Rental \$8,000 per year, together with one-half the net profits remaining after payment of such rental and other operating expenses. The Lessor also gives to the Lessee an option for three years to purchase the said property for \$150,000. If this option is not exercised then the Lessee will, during the balance of the term pay \$12,000 per year rental in lieu of \$8,000 and one-half the net profits.

According to official records, five-sixths of the issued capital of B. C. Paramount Theatres Limited is issued in the name of Famous Players Canadian Company Ltd.

Interest and Sinking Fund on these bonds will amount to \$6,850 per year.

This amount is fully taken care of by the rental to be received from the Lessee without taking into consideration any revenue to be derived from profits.

In addition to the above, the Prince Rupert Amusement Company will have a rental of about \$2,500 per year from three stores in the new building. This will be more than ample to take care of all real estate taxes and incidental expenses.

THESE BONDS IN DENOMINATIONS OF \$500.00 AND \$1,000.00. BONDS MAY BE PURCHASED AT THE OFFICE OF ANY OF THE FOLLOWING DEALERS:
