PRINCE RUPERT AND NEW RAILWAY

OUTLET FOR COPPER RIVER COAL PRODUCTS BY C.N.R.

Construction of Railway From Vanarsdol Into Copper River Likely to Commence in Spring

Prince Rupert Will Be Port of Shipment for New Industry for Some Time at Least With Kitimaat Later Consideration

VICTORIA, Jan. 9.—It is confidently expected that work will commence early in the spring, possibly in February, on the construction of the railway connecting the mining properties recently purchased by the Melchett interests on or near Copper River with the Canadian National at or near Vanarsdol if the charter to build is granted, as it is confidently expected it will be. The remainder of the road to Kitimaat Arm is likely to lie in abeyance for some years, although the development of timber areas held by the railway promoters will eventually compel construction of the line as a timber road. It is not thought that the traffic from Copper River is likely to be diverted to Kitimaat, at any rate, not at present.

The railway to be built at present is approximately 40 miles in length and this will definitely connect the coal properties with Prince Rupert, through which port a good deal of business is likely to pass. It is not known where the big plants will be placed, but in any event connection of the line with the Canadian National insures the business going out very largely on their line. It is very probable that the line will be built of standard gauge and in such manner as to enable the C.N.R. to operate the business originating from it and thus save the new company the expense of providing railway equipment.

While nothing definite is known until the plans are finally approved in London, it is expected that large expenditures will be made in the neighborhood in installing plant for coking and manufacturing by-products. The representatives of the concern, who have been on the coast, are now in England, but they will be back here to place their proposal more definitely before the provincial government and the legislature in connection with their application for a charter.

RAILWAY BOARD ISSUES ORDERS

B. C. Electric Must Give Better Service to Burnaby Lake, Hearing Ashcroft Appeal

VANCOUVER, Jan. 9.—The Board of Railway Commissioners yesterday afternoon ordered the British Columbia Electric Railway to give a half-hourly service on the Burnaby Lake line in place of an hourly service after hearing the application of the municipality of Burnaby.

The Board also ordered the two daily trains of the Great Northern Railway to stop on flag signals at Ocean Park.

A complaint from the Ashcroft Cannery Ltd. that rates from Ashcroft to points on the prairies were discriminatory as compared with rates from other British Columbia canning points is now being heard with G. G. McGeer appearing for the company.

Four Immigration Schemes are Advanced to Solve Population Lack for Dominion of Canada

United Farmers Hear Interesting Paper on Subject in Which Whole Situation Is Reviewed by Speaker

BRANDON, Man., Jan. 9.—(By the Canadian Press) —Four schemes, advanced to solve Canada's immigration problem, were outlined before the United Farmers of Manitoba today in the report on immigration, read by Mrs. F. Howell, women's representative for the Souris district. The report termed immigration "perhaps the most important question calling for public consideration today."

Virtually no comment was offered in the four mentioned plans, covered in the report, but an improvement in the immigration situation was reflected in the statement that "the attack on the minister of immigration and the controversy and discussion following have cleared the air and made possible a more intelligent understanding of the situation. An improved general view of the problem was recorded in the statement that the investigation of the parliamentary committee attacks "has also helped to remove from the public mind some ideas that had been carefully planted there, and perhaps encouraged for the furthering of certain purposes—partly political."

"No doubt there are still plenty of immigrants who are still being kept out of the country." (Continued on page six.)

FOUR KILLED IN ENGLISH TRAIN WRECK

Accident Takes Place Only 30 Miles From Scene of Former Tragedy

ASHCHURCH, England, Jan. 9.—Working all night by the light of flares, rescue workers recovered four bodies from the wreckage of a passenger train which crashed into a freight near here last night. From 25 to 30 passengers were injured. The engineer of the express was killed and three passengers also lost their lives.

The accident occurred 30 miles from Charfield, where last October 15 persons were killed in a wreck.

FORMER PREMIER GETS SALARY OF \$8000

OTTAWA, Jan. 9.—Dr. J. D. MacLean, the newly appointed farm loan commissioner, started preliminary work in organizing the rural credits system. His salary will be \$8,000 yearly.

KING HAD A GOOD NIGHT

LONDON, Jan. 9.—It was authoritatively learned at Buckingham Palace shortly before noon today that King George passed a fair night and his condition remains unchanged. The King's physicians continue satisfied with his condition and it was generally recognized that only slow progress could be expected under the present circumstances.

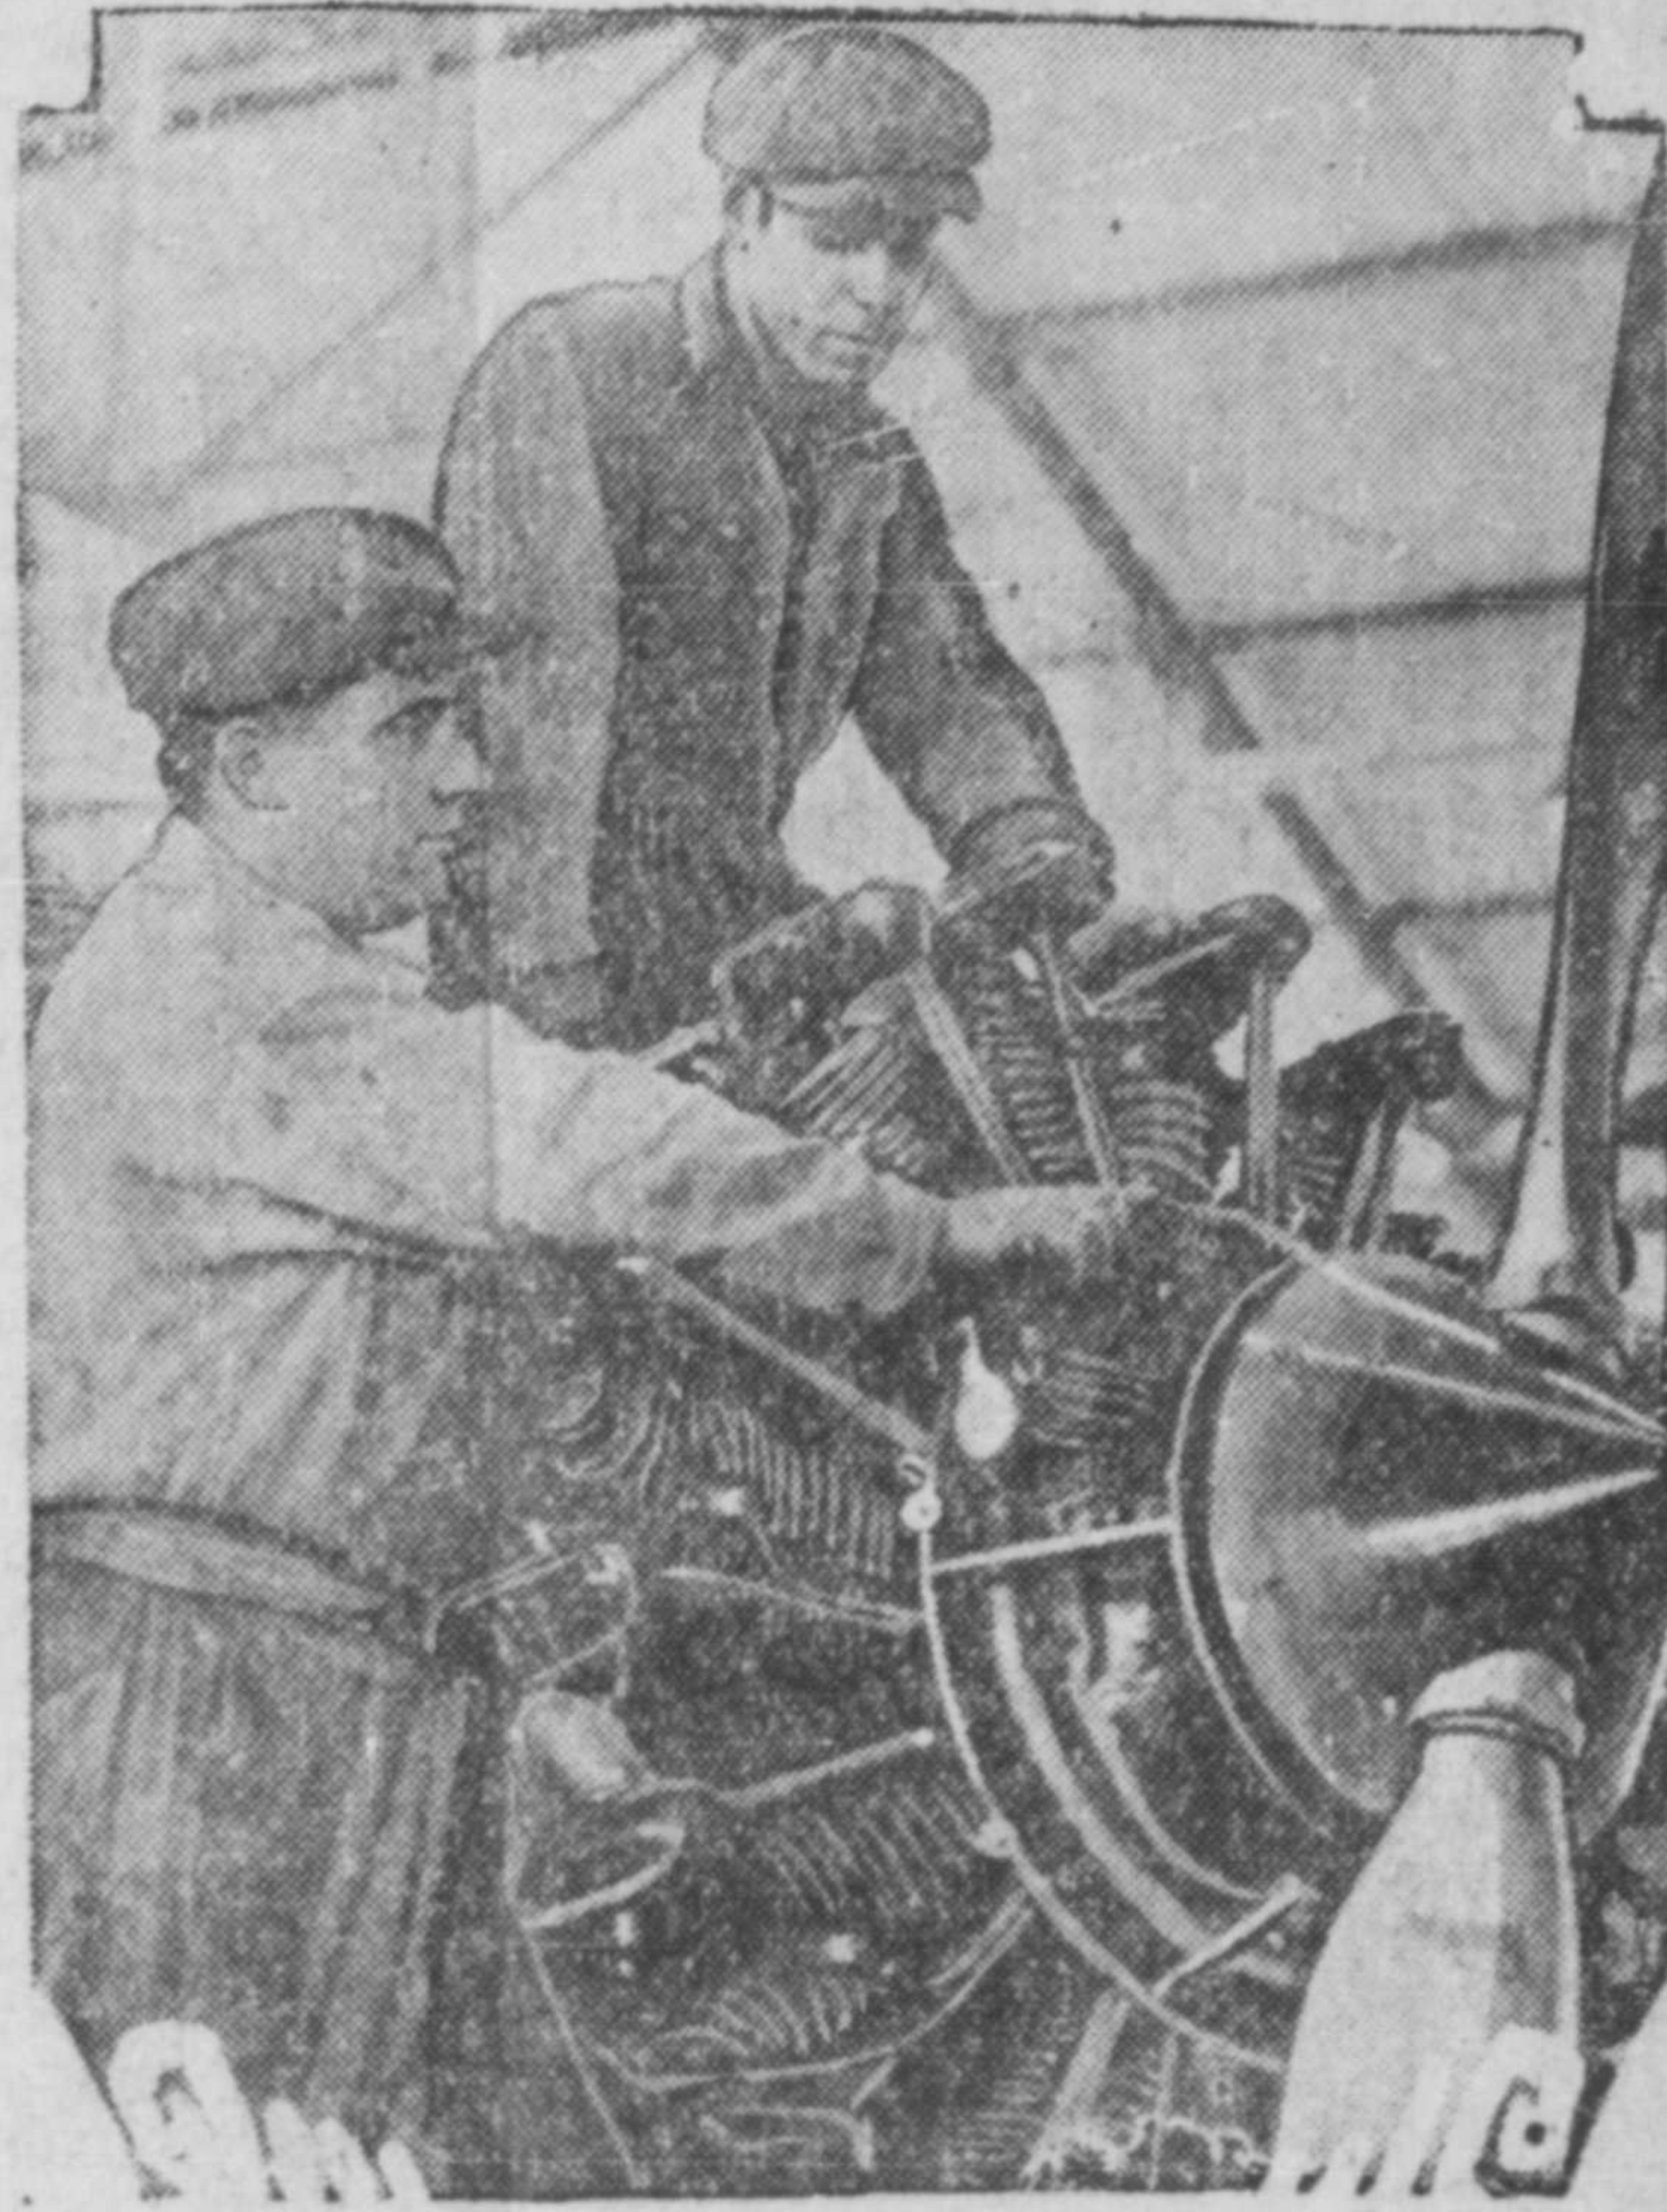

The 8:15 bulletin says: "The King had a quiet day. The local condition makes steady progress and there is a slight increase in strength."

PRESIDENT OF SURVEYORS

VICTORIA, Jan. 9.—Donald J. McGugan of New Westminster was today chosen president of the corporation of British Columbia Land Surveyors.

AFGHAN REBELS GAINING GROUND AROUND CAPITAL

NEW DELHI, India, Jan. 9.—Messages from Kabul, Afghanistan, today indicate that the rebels are gaining ground and pushing back King Ammandullah's troops in the neighborhood of the capital.

MOTOR OF WILKINS PLANE BEING USED IN THE ANTARCTIC THIS SEASON

Restriction of Immigration From Central and Southern Europe Is Policy of Dominion Government

OTTAWA, Jan. 9.—It is reported here that Hon. Robert Forke, minister of immigration, is planning to restrict immigration from central and southeastern Europe. The report suggests that the government will decline to renew the continental agreement with the railways which expires in October, 1930. The agreement enables the Canadian National and Canadian Pacific to bring agricultural and domestic workers from these countries to Canada if they are suitable.

BRANDON, Man., Jan. 9.—Renewal of the continental immigration agreement is impossible unless the department of immigration overrules the move of the house of commons, Hon. Robert Forke pointed out today. He indicated that the recommendation of the agricultural committee that the agreement should not be renewed had been accepted by the house following an investigation. Cessation of the agreement would be equal to a restriction of immigration from central and southwestern Europe.

"The government has the situation in its hands and it can squeeze tighter if it wishes," Mr. Forke said.

Premier Mackenzie King Replies to Labor Congress in Regard to Outstanding Questions of the Day

OTTAWA, Jan. 9.—The government proposes an expenditure on the establishment of laboratories for scientific research which will exceed many times its contribution to technical education, Premier Mackenzie King told the Trades and Labor delegation which waited on him yesterday outlining various changes that labor, as represented by them, would wish brought about.

The prime minister also forecast amendments to the Dominion Elections Act at the coming session. In this connection Mr. Mackenzie King asked the delegation if the Trades and Labor Congress had placed itself on record as favoring compulsory voting. President Tom Moore replied that it had not.

The Trades Congress had requested that the Dominion continue grants to the provinces for technical education. The government felt, the premier said, that it should get away from special grants to provinces. If there were to be any contributions they should be made as an adjustment of the subsidy payable to the province. The government felt that the provinces had been given a pretty good start in the matter of technical education.

Provincial Government Is Asked For Definite Reforms at Victoria

Returned Soldiers Have Their Demands and Railwaymen Also Make Number of Requests For Legislation

VICTORIA, Jan. 9.—The provincial cabinet yesterday heard delegations representing British Columbia's returned soldiers and railway workers.

The returned soldiers asked: Aid for soldier settlers in interest payments on federal loans.

Enfranchisement of Japanese who served with the Canadian expeditionary forces.

Inauguration of a new Oriental survey. Provision for higher education of disabled or deceased veterans' children.

Protection of the rights of returned men in the civil service.

The railway workers asked for: Reduction of provincial income tax to the federal level.

Increase in benefits under the Workmen's Compensation Act.

Free text books for school children.

Elimination of level crossings and regulations forcing automobiles to stop before crossing railway tracks.

Establishment of a public utilities commission and to put an end to alienation of waterpowers.

Inauguration of a definite program of reforestation.

Adoption of health insurance immediately.

Medical inspection of persons handling food for public sale.

Dawson and Orme Throw Hats In the Ring for Aldermanic Honors at Forthcoming Election

P. H. Linzey Will Run Again and Tinker Is Considering the Matter, but W. J. Greer Is Retiring Definitely

"Yes, my hat is in the ring. You may tell your readers that, at the request of some of my friends, I have consented to allow my name to be placed in nomination as aldermanic candidate at the forthcoming election," stated F. G. Dawson this morning. "I have made no promises or pledges, nor will I make any, except that, if the majority of the electors see fit to vote for me on January 17, I promise to keep faith with them and serve the city to the best of my ability for the next two years."

"We have had a long up-hill pull and have met with many disappointments, but I am convinced that the dawn is just about to break for Prince Rupert. The spade work carried out during the past few years by the city council, the Board of Trade and the citizens generally to produce results and the taking over of the hydro-electric system by the Power Corporation of Canada, which is pledged to the development of another 5000 horse-power within two years, means bigger things ahead for the city directly."

"If the electors think that I can in any way further their interests and the interests of the city, I am (Continued on page two.)"

POWER COMPANY IS NOT BOUND TO SUPPLY POWER

VICTORIA, Jan. 9.—Under a ruling of the court of appeal today the West Kootenay Power & Light Company is not bound to supply electricity for Granby Consolidated's operations at Copper Mountain and its concentrator and other workings at Allenby.

MIGHTY FINE THING TO BE GAME BANKER

Chinese Players Indicate How Fan Tan Is Played and Court Turned Into Gambling.

Joint
CHATTER OF ORIENTALS
Shirt Buttons Used For Chips in Game Which Slant-Eyed Men Love So Well

EDMONTON, Jan. 8.—While the corridors rang with subdued chatter of Oriental tongues and slit-eyed gentlemen from the east fixed their gaze on a hundred shirt buttons at the end of a canvas covered bench, Police Magistrate P. C. H. Primrose saw his court turned into a fan tan gaming house when Wong Loon, Wong Dick and Geen Chun stood arraigned on a charge of conducting a gaming house at 10170 97 Street, and Jim Sue told the court that he had often thrown his fortune into the laps of the gods there and showed how it was done.

Jim said that sometimes he won and sometimes he lost, but the banker he always won, and the strange part about it was that in fan tan the banker just simply couldn't lose.

Magistrate Primrose thought the lot of the banker a happy one and questioned Jim further concerning the popular Chinese game, and Jim, being of an obliging turn in mind, said he'd show 'em how it was done.

Use Shirt Buttons
From a heap of paraphernalia seized by the police at the Chinese store on 97 Street, they chose a long canvas covered bench, 99 shirt buttons, some red covered tips that looked like flattened frankfurters and a rake.

Jim constituted himself the counter and from 50 or more of his countrymen, peering through the glass panel of the court room door, he chose five others to help him initiate Magistrate Primrose into the mysteries of fan tan.

Sensing danger, Jim's five assistants declared that they didn't want to be involved in the affair at all, believing that there might be a catch somewhere.

Fan tan now, what was that now, a new brand of gum or the name of a musical comedy on Broadway? Why, those five fine fellows from China had never heard of it before.

Crown Prosecutor S. T. Bigelow told them to quit foolin' and is was surprising how they knew a whole heap about fan tan when Magistrate Primrose commenced to coax them.

Jim made his best looking pal the banker, and the others were told that they could be gamblers, and Inspector Shaw handed the

banker a hefty roll of notes and a bag of silver.

"We're away," said Jim.

Eyes of Banker Dance
Then the eyes of the banker began to dance, and the faces of the gentlemen across the bench radiated hope mingled with doubt.

They put the bills in front of little brass tacks on the canvas and Jim commenced to rake in the shirt buttons four at a time—four—four—four—four—four, it went on for a long time, and there were finally three over.

"Ha!" ejaculated Jim in a voice that rang the staccato gamut of delight. "Ha! Ha! He Win!"

Jim turned to Crown Prosecutor Bigelow. "Un'stan?" he said. "That feller win; see? That feller lose. Un'stan?"

Bigelow said that he did not and was very definite about it, and Jim gave him another demonstration, and followed it by a long and involved explanation, which maybe Jim himself didn't understand.

Banker Gets Ten Cents
"He win \$1.90," Jim said, indicating one of his countrymen after the second rake in of the shirt buttons.

"How much did he bet?" asked Bigelow.

"Two dollars," said Jim.

"Who gets the ten cents?"

"That feller banker."

"Humph! That's how he makes his money, eh?"

"Yes, certainly."

"Every time a bet is made the bank gets some money, eh?"

"Yes, certainly."

"Every time a bet is made the bank gets some money, eh?"

"Yes."

"Mighty fine indeed," observed Magistrate Primrose.

"Yuh, me like be big banker," said Jim, and there were 50 other yellow-skinned gentlemen in that court who thought that it would be mighty fine to be big fella banker too.

BUCKAROOS IN HOCKEY GAME

Beat Victoria Cubs With Reorganized Team at Capital Last Night

VICTORIA, Jan. 9.—The Portland Buckaroos strengthened their hold on second place in the coast hockey league race when they blanked the Victoria Cubs here last night with a score of two to nil.

Downie, who was recently sold to the Buckaroos by the Cubs, and Conn were Portland scorers, the former getting the first goal in the opening period and the latter the second counter for the Buckaroos in the final session. No score was made in the second period and the game was clean throughout.

HOCKEY STAR MAKES DEBUT

Former Harvard Man Scores Goal In First Game With Boston

TORONTO, Jan. 9.—Two Canadian teams failed to get the necessary points to bring them in first position, Toronto only a point behind the Americans losing to Boston, and Montreal, two points behind the Americans and getting only one of them by tying with Ottawa.

George Owens, a former Harvard star, made his debut with Boston and scored a goal in the last period besides playing a bang-up game. Benedict, the Maroon goalie, let Ottawa slip a long shot past him to tie up the game in the third period.

Yesterday's scores were as follows:
Ottawa 1, Montreal 1.
Toronto 2, Boston 5.
Chicago 0, Pittsburgh 1.

DAWSON AND ORME THROW HATS IN THE RING FOR ALDERMANIC HONORS AT FORTHCOMING ELECTION.

(continued from page one)

Orme Also Running
Co-incident with Mr. Dawson's announcement of his candidature comes the announcement from C. H. Orme, another prominent business man, that he is also in the field. Mr. Orme also pledges himself to exercise all his ability and influence to furthering the development of the city and port. I am just taking a crack at it. If the citizens want me, I am at their service," he says.

Entry of Mr. Dawson and Mr. Orme into the contest should awaken interest in the poll which is to be held next week and at which Mayor S. P. McMordie and Ex-Ald. M. M. Stephens will be the mayoralty candidates. The feeling has been expressed by a number of electors that they would have preferred to have seen either Colonel McMordie or Mr. Stephens withdraw from the mayoralty ring and enter the lists for aldermanic honors, so that the services of one of them would not be lost to the city, which will be the case if they both run for mayor.

Ald. W. M. Brown and Ex-Ald. S. D. Macdonald, who have been endorsed by the Trades & Labor Council, will also be aldermanic candidates. Ald. P. H. Linzey said this morning that he would be a candidate for re-election, while Ald. G. P. Tinker stated that he had not yet made up his mind. Ald. W. J. Greer is withdrawing from the aldermanic contest and it is understood that the Trades & Labor Council will endorse another candidate, possibly James Black, to take his place on the labor ticket.

SPORT CHAT

All Harding and Dido Gurvich start working out tonight in the basement of the Exchange Building in preparation for their big bout on January 24 in the Capitol Theatre. Plenty of time is being given for training and there should be no alibis when the date of the fight rolls around over lack of condition. Gurvich works out at 7 o'clock and Harding at eight.

Boys, girls, men, women—everybody in fact—are getting the ski habit at Burns Lake and can be seen sailing down the hills and travelling over the snow at a lively clip. Santa Claus did his bit toward encouraging the sport by providing many of the youngsters and some grown ups, indeed, with the necessary equipment. A ski jump has been erected on the west side of the canyon near Fred Stanyer's residence and is proving a popular venue. Recent falls of snow have made conditions fine for the jump and many of the old timers are putting in some heavy practice. Buddy Brunell, Oke Stanyer and Danny Trousdell are leading the way and Miss Gertrude Wahman was the first of the ladies to have the temerity to jump. Exhibition ski jumps will be a feature of the Burns Lake carnival which will be held next month.

The Stewart News urges a revival of the Stewart Winter Sports Club which was first organized in 1910 and which was partially resurrected in 1922 but which since has again become moribund. The paper says: "It is not the policy of this paper to boost any particular athletic club or any particular form of sport in preference to others, but when, winter after winter, beautiful weather passes by while the inhabitants of town stay close to their firesides, it is time that the glories of the great outdoors, and the need for mental and physical recreation were given quite serious consideration. The New Year is here. Few of us can afford the luxury of a rut, which someone has described as a grave though not so deep. Is not the time propitious for capitalizing the conditions nature has given us, and drawing immediate dividends in the forms of better health and greater cheerfulness?"

CHANGES MADE IN VANCOUVER POLICE FORCE

VANCOUVER, Jan. 9.— Sergeants J. Hewitt and George McLaughlin, who were under suspension pending an inquiry, and Detective A. Alex, who was before Chief of Police W. J. Bingham on complaint and ordered to take reduced positions, resigned as members of the police force today.

Detectives J. Parsons and J. Ricci, who were under suspension, were dismissed today.

Detective R. F. Dunlop, who was promoted from traffic duty to the detective department a week ago, was reduced to the rank of a uniformed officer.

CRUIKSHANK IS NEW GYRO HEAD

Gosse Elected Secretary of Club Today and Eddie Smith Treasurer

The Prince Rupert Gyro Club today elected 1929 officers as follows:
President—William Cruikshank.
Secretary—Dr. Joseph Gosse.
Treasurer—E. J. Smith.
Directors—C. A. Kirkendall, Dr. L. W. Kergin, R. F. McNaughton and M. H. Blott.
Installation will take place at a specially arranged dinner on January 23.

GOVERNMENT AIDS WEST VANCOUVER

WEST VANCOUVER, Jan. 9.—The Pacific Great Eastern Railway will contribute \$105,000 towards road construction in this municipality, Reeve V. V. Inson announced today. The municipality and Premier Tolmie conferred yesterday in regard to compensation for withdrawal of the passenger service by the P. G. and E.

FIRE IN VANCOUVER

VANCOUVER, Jan. 9.—Family clothes, jewels, furs, many paintings and valuable antiques were lost in a fire which destroyed three rooms of the home of George Walkem, M.L.A., on Sperling Avenue. Damage may total \$15,000.

NO REFUSAL CLEARANCES

Anti-Smuggling Conference Develops Difference of Opinion Over Method of Prevention

Canadian delegates to the Canadian-United States anti-smuggling conference at a meeting yesterday intimated their intention to recommend to the Dominion Government the rejection of suggestions by American representatives that Canada should refuse clearances to vessels carrying liquor to the United States.

In dealing with the proposal, a statement was issued last night by the Canadian representatives which said in part: "In connection with the suggestion for refusal of clearance of vessels carrying liquor, attention was called by some members of the Canadian delegation to certain administrative difficulties which might arise, particularly by driving of export liquor under cover and diffusing it over wider border areas.

"A further exchange of concrete illustrations was given showing the length to which the people interested in the liquor traffic had gone to get their consignments."

Dr. J. F. Maguire returned to the city on the Prince Rupert this morning after spending the holidays in the south. He was accompanied back by Mrs. Maguire who has been residing in the south for the past year or so.

Ex-Governor D. W. Davis, head of the D. W. Mines Ltd., who has been spending the Christmas and New Year holidays at his home in Washington, D. C., arrived in the city from the south on the Prince Rupert this morning and proceeded by train to Cedarvale.

Capt. Harry Nedden has taken up his duties as skipper on the steamer Prince Rupert this trip after spending several weeks ashore in Vancouver on holidays. Chief Engineer W. E. Baillie is also back on board as well as Purser Jack Crawford who missed one trip.

Joseph Bennett, superintendent of Alberta Wheat Pool elevators on this coast and formerly superintendent of the local house, arrived in the city on the Prince Rupert this morning from Vancouver. He is here on inspection duties and expects to return south Friday morning.

Committee rooms have been taken in the Helgerson Block, next to George Arnold's office, for Col. McMurdie's mayoralty campaign. These will be open afternoon and evening from today until after the municipal election. Friends and supporters are cordially invited to drop in.

What promises to be a very interesting lecture on some phases of Indian life and Indian legends, will be given by Canon Rushbrook, in St. Peter's Church, Seal Cove, on Friday evening at 8 o'clock. The collection will be applied towards the purchasing of gymnastic equipment for the St. Peter's Boys' Club. 9

Reid McLennan returned home on the Prince Rupert this morning after having spent a holiday in Vancouver and Victoria.

Milton Gonzales left on this morning's train for Terrace on business and expects to return to the city tomorrow afternoon.

Misak Aivazoff arrived on the Prince Rupert this morning from Vancouver for a brief business visit in the city.

J. C. Gavigan arrived in the city from Vancouver on the Prince Rupert this morning, being on his way to the interior on insurance business.

Mr. and Mrs. H. E. Denison of Porcher Island, who have been on a trip south, arrived in the city from Vancouver on the Prince Rupert this morning.

Sergeant Alex McNeill, provincial police, and Mrs. McNeill, who have been on a trip to Vancouver and Victoria, returned to the city on the Prince Rupert this morning.

H. L. Batten M. E. of Vancouver is a passenger aboard the Prince Rupert today going through to Stewart where he is identified with several properties in a consulting capacity.

C.N.R. steamer Prince Rupert, Capt. H. Nedden, arrived in port at 11:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 10 o'clock tonight for Stewart and Anox whence she will return here at 6 o'clock Friday morning and sail south at 9 a.m.

ESTATE OF B. C. BUTCHERS & GROCERS, LIMITED
(Authorized Assignee)
TENDERS will be received by the undersigned up to Twelve Noon on Monday, January 21st, 1929, for the Assets of the B. C. Butchers & Grocers, Limited, (Prince Rupert, B. C.) in Liquidation, as follows: Total Assets, consisting of Stock-in-Trade (approximately \$2500.00), Store Fixtures and Equipment (approximately \$3500.00), and Book Accounts (approximately \$10,000.00). or Bids will be received separately for:
(a) Stock and Fixtures.
(b) Book Accounts.
The business is now being carried on by the Trustee. Lowest or any tender not necessarily accepted.
Terms will be given on approved security.
For details or further information apply to the Trustee.

Peacetime Patriotism

A Fable for Merchants and Salesmen

SHE was an insistent purchaser of local products. She knew the security of her home depended largely on herself, and all mothers like her—depended on their insistence of securing local products. For it was directly through the prosperity and increasing activity of local industry that the men folk of her country enjoyed secure positions and steady employment.

That is why, when shopping for an outer garment for her son, she demanded a local product. The store clerk hesitated and told her the article she required was out of stock at present, but that a certain foreign-made article was "just as good." She refused the foreign garment and left the store.

Back of this mother's insistence was a pride in the products of her homeland—the true peacetime patriot.

This story has a moral for Merchants

The progress of British Columbia depends on increased production and increased purchasing of British Columbia products by the public. Be fair to yourself! Be loyal to British Columbia! Sell more British Columbia products.

That is the substantiation of a report authorized by the B.C. Products Bureau of the Vancouver Board of Trade in the interests of the manufacturers of British Columbia.

NELSON CENTRE OF MINING DISTRICT

Nelson is somewhere about the same size as Prince Rupert, but there is little resemblance between them. Nelson is the centre of a mining district and most of its wealth comes from that source. It is the distributing centre for a large area.

While Nelson specially caters to the mining fraternity and makes it pour its wealth into her coffers, Prince Rupert seems to take very little interest in the mining which is going on around. No special efforts are made to capitalize the wealth of the district and build up the city as a result.

We congratulate Nelson on its enterprise and feel glad that it is making progress. Last year its program was a large one and a recent special number of the Nelson News indicates that there is considerable prosperity at the interior centre.

AROUND PRINCE RUPERT

Dalhousie Acquires Homeguard; Premier Declares Another Dividend; Hagen Discusses Smelter Prospects on Coast

The Homeguard group, situated at Mile 14 on the Dolly Varden Railway at Alice Arm and owned by George Bruggby and William McFarlane, has been bonded to the Dalhousie Mining Co. of Victoria for the sum of \$60,000 and a small crew has been put to work on the property for the winter. Development will be confined to drifting on the silver-lead ore ledge, which was commenced a short time ago, and, according to present plans, this work will be carried on throughout the winter.

In the spring the Dalhousie will make an extensive examination of the property, following which plans will be made for future development work. There are two main ore bodies—a copper ledge having a width of about 14 feet, which has been traced on the surface for a distance of two claim lengths, a sample of which taken turns of five per cent copper, \$4.30 across a width of 14 feet gave 14 per cent gold and 13 ounces silver per ton; and at a lower elevation an ore ledge carrying gold, silver and lead values, this ledge being 15 feet wide and traced on the surface for a distance of 600 feet, samples across six feet of the ledge giving return of 22 ounces silver, \$8 gold and 15 per cent lead. There are great possibilities of the property being developed into a tonnage producer of considerable proportions without excessive ex-

penditure. The Dolly Varden Railway cuts through one end of the property, thus affording cheap transportation costs. An adjoining claim owned by Charles Gordon was included in Homeguard deal. The operation of the Homeguard makes a total of five properties being operated in the Kitsault Valley this winter. On McGrath Mountain, overlooking Alice Arm, the Sunrise is being developed by the Kitsault-Eagle Silver Mines Ltd., making a total of six operating properties for the district.

By the payment on January 4 of another six percent dividend, the Premier Gold Mining Co. passed the \$13,000,000 mark, all of which was earned and distributed since the company went on a dividend paying basis in 1921.

The total amount of the present distribution comes to \$300,000, applying to share holders on record on December 14.

The annual meeting of the B. C. Silver Mines Ltd. was held in Vancouver on December 19 when the directors' report and annual statement was received. Shareholders ratified the action of the directors in the expenditure of \$627,000, being the amount of money spent to date on the property, and authorized the further expenditure of \$373,000 for additional development work.

Writing of the prospects of the establishment of a new smelter on this coast, E. A. Hagen, editor of the Mining and Industrial Record, says there is hardly any doubt the coast is sufficiently rich in copper to double its production in a few years. Granby and Britannia are acquiring new properties and Consolidated Mining & Smelting Co. has two mines in Sunloch and Coast Copper that should soon be ready for production while it has others under development. To operate these it is probable the copper smelter, converting, refining and manufacturing plants at Trail will be moved to a point on the coast, conveniently located for transportation of the ores from the company's own mines as well as those from custom shippers. Almost every inlet and large island on the coast has promising copper prospects. Deposits of the metal occur along the entire western margin of the coast batholith for a length of 1200 miles and some of them may reasonably be expected to prove other Granbys and Britannias. The northern interior also has many promising prospects. The time is now ripe for the industry of copper refining being established on the coast instead of shipping the metal to American plants. The problem is to make the production of the copper mines available for that purpose. That is essentially a coast problem for the copper industry, has definitely shifted from the interior to the coast. At present the province loses \$4,000,000 a year on its copper industry through refining and marketing not being carried out here. British Columbia will not long remain content to be a hewer of wood and drawer of water for the United States. Copper today is the only metal product of the province which is not carried to its refined condition ready for the manufacturer. With the concentrates sent out for smelting and refining and the blister copper shipped to the American refineries, the province loses also the full benefit of the gold and silver content of these products. Copper today is the brightest gem of the mineral industry. Let the province have the fullest benefit of its resources in this metal. Premier S. F. Tolmie recognizes the need of a modern smelter being established somewhere on the coast.

H. E. Pawson, representative of the Power Corporation of Canada, which is purchasing the city hydro-electric plant and franchise subject to the approval of the taxpayers, returned to the city on the Prince Rupert this morning after having spent the past couple of weeks in Vancouver. He will now remain here the most of the time until the vote has been taken.

FISHING	
1916	\$4,500,000
1926-7	\$7,400,000
Production Increase 1916-1926	
\$12,828,589 or 88.95%	

Supplying the world!

FROM the cold, deep waters of the seven thousand miles of British Columbia's Pacific Coast, comes a harvest of fish that the palate of all mankind enjoys! For over twenty years our Province has been a leading factor in Canada's fishing industry. Progress continues unabated...the markets to the ends of the earth demanding ever increasing quantities.

The past ten years have seen this industry grow from 14 million to 27 million dollars... an increase of 89%. Our annual catch totals nearly half the entire Canadian production, and "King Salmon," our marine silver mine accounts for at least 15 million dollars a year.

The distribution from our Provincial hatcheries of millions of salmon eggs to renew the harvest that goes into the nets; the Treaty between Canada and the United States for the protection of the Pacific Halibut (March, 1923) providing a close season from November 16th to February 15th; modernized canneries, 83 in number, and sane Federal Fishing Laws, carefully administered, are the foundation of an industry that will continue to grow.

The fame of British Columbia's Whaling Fisheries is of long standing, and has materially increased the value of the products from this industry. The yearly catch, now about 400, is taken between one station on Vancouver

Island and two stations on the Queen Charlotte Islands.

Much as has been done to develop and conserve our fishing industry, there still remains a great deal to be accomplished. The vastness of our waters and the extent and ruggedness of our coast make organized protection and administration extremely costly.

But the safeguarding of our fisheries is a matter which now commands the earnest attention of our government, who realize the importance of conserving this basic industry.

As the oldest industry of our Dominion, fishing has been one of the largest revenue producers, and it is significant that Canada's youngest Province, in less than twenty years, should secure a leading position in the world market. This aggressive search for foreign business has been an asset which undoubtedly has created one of the most amazing records of our basic industries. Well may we be proud of our Fisheries!

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

District News

BURNS LAKE

District visitors in town during the past week have included: Mr. and Mrs. Charles Hunter, Colley-mount; Adam Gamper, Tschinkut Lake; M. J. Brewer, Nasina River; Mrs. W. D. Lukens, Palling; H. J. Macdonald, Silver Island.

A short circuit in the wires caused a temporary cessation of the Burns Lake town telephone service last week.

W. E. Funnell left here last week for Prince Rupert, where he is engaged in relief office work.

Gus Flogum has returned from Prince Rupert, where he underwent an operation in the General Hospital.

Knut Nysven has returned to Burns Lake from Telkwa, where he was engaged in assessment work on his claims.

H. Lindsay Mann, formerly of the staff of the Royal Bank here and in Prince Rupert, is now in the service of the bank at Lima, Peru. Local friends received Christmas greetings from him.

The C. E. Imeson Co., which was formerly in business here, has disposed of its lots here, which are among the most desirable in the town.

STEWART

"Even this early in the year it can be announced, without fear of future recriminations, that the record of accomplishment in all lines of activity for the year 1928 will exceed that of any other year in the history of the district for which prospects for the future are illimitable," declares the Stewart News in a New Year article entitled "Banner Year in Stewart."

Pat Daly, who is now in Montreal, conveyed his New Year greetings to local friends by means of a telegram in the Stewart News.

The Granite Creek power plant of the International Electric Co. will soon be in operation. This will provide more power for both Stewart and Hyder consumers.

Miss Cherry Campbell left last week for Vancouver to resume her studies at the University of British Columbia after having spent the holidays visiting here with her parents.

Major C. B. North, for nearly nine years manager of the B. C. Silver mine, has accepted a position as field manager for C. A. Banks. In this capacity, he will visit properties from South America to Alaska. He has recently been at the Duthie mine at Smithers.

Charles Adam of the Stewart Motors received an air mail letter from Los Angeles 30 hours after it had been mailed.

Owing to the prevalence of flu, the opening of the Stewart public school, following the Christmas and New Year holidays, has been postponed until next Monday.

ALICE ARM

Owing to the absence from town of the speakers, the debate, which was to have been held here last Friday evening on the subject "Resolved that a truck road to the upper Kitsault Valley would be more beneficial to Alice Arm than a railroad," had to be postponed.

A. Cater of the power house department of the Toric mine left last week for Vancouver.

Ralph Ingraham has received the sad intelligence of the death at Camden, Maine, of his son, Howard Ingraham, from septic pneumonia. Deceased, who was engaged in the plumbing and

heating business, was 28 years of age and is survived by a widow and young son.

PEDESTRIANS, SALUTE!

Teacher—Now, James, name America's greatest General. James (the son of a broker)—General Motors.—Lampoon.

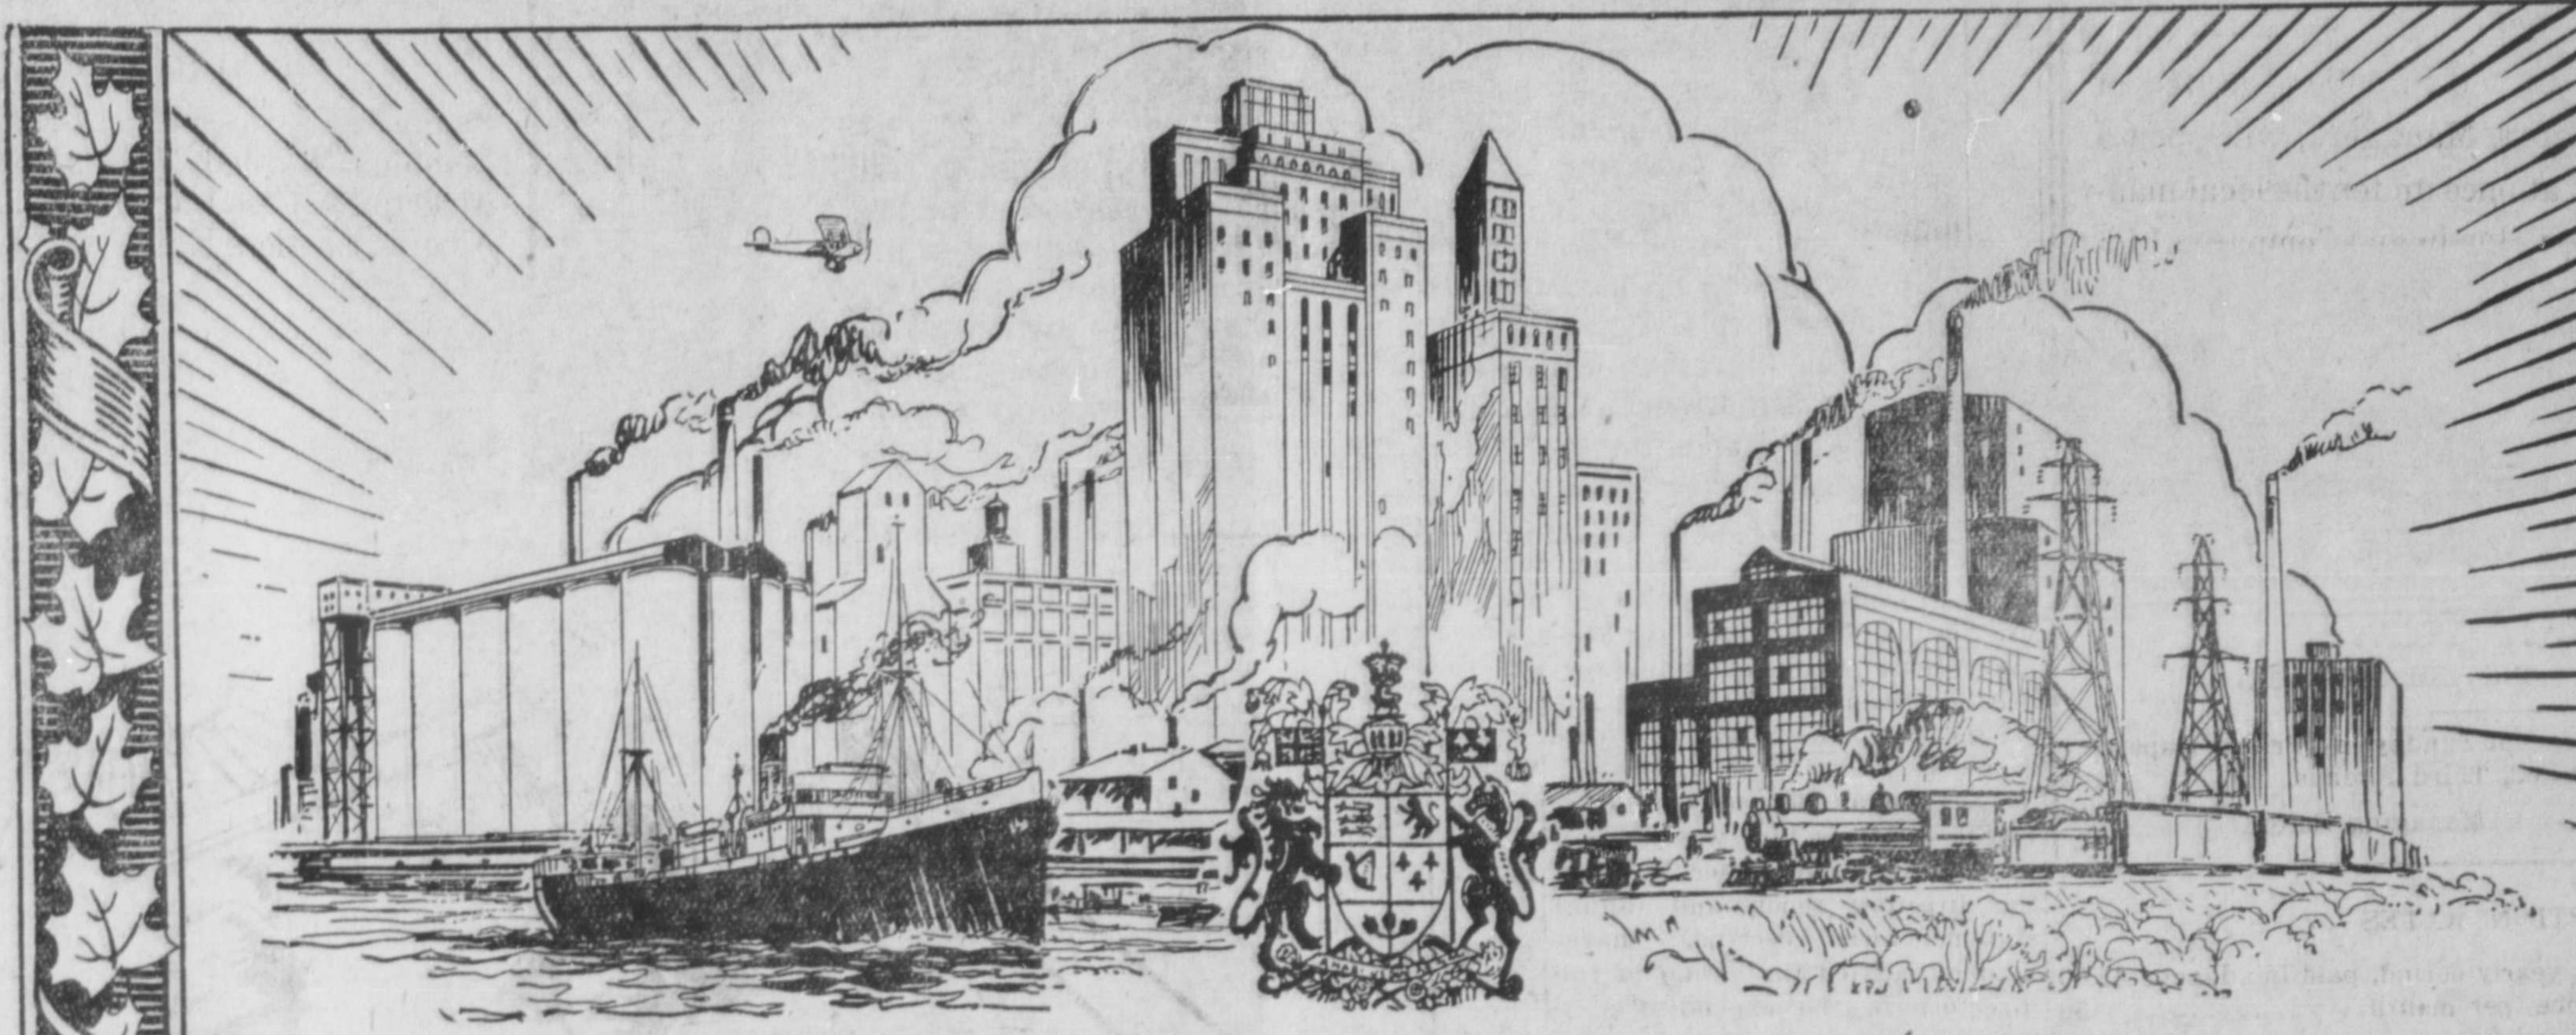

FORMER LOCAL BOY BELIEVED DROWNED

Glen Hyde, Son of Well-Known Local Property Owner,

Newspaper clippings received in the city indicate the recent drowning in Idaho of Glen Hyde, son of R. C. Hyde, who formerly

resided in Prince Rupert and who has realty holdings here such as the Royal Bank building and residential properties. Young Hyde had just been married and is said to have started out on the Colorado River with his bride for a scow trip. The finding of the scow with no one on board suggested a tragedy. Glen Hyde was about thirty

years of age and went to school in Prince Rupert in the early days. Besides his father, there was an older sister, Edna, and a younger, Jean. All formerly resided here and the unfortunate young man was here two years ago this winter when his father erected two new houses at the corner of Fifth Avenue and Bowser Street.

CANADA'S 1928 Export Sales Review Canada Enters 1929 with Hopes Well Grounded

TO-DAY the great race among the aggressive nations of the world is for export trade. What is Canada's position in this far-flung competition? Though ranking 28th in population, this New Year finds Canada: Fifth in total exports Third in absolute trade balance Second in per capita exports First in per capita trade balance

- 3. Pack in the manner the importer desires. 4. Deliver promptly. 5. Maintain contract dates.

Additions have been made to Trade Commissioners' staffs. Trade enquiries and trade trends from abroad have been given wide publicity in Canada. Canadian products, displayed prominently at numerous exhibitions in Great Britain, have excited unusual interest. Buyers in other countries have been shown what Canada has to sell.

Steamship services from Canada to foreign lands, particularly to South America and the British West Indies, have been greatly augmented.

THE RESULTS ARE BECOMING CONSPICUOUS.

Again the Department of Trade and Commerce wishes to emphasize the importance of export trade to the prosperity of this country:

- 1. It stabilizes employment. 2. It lowers production costs. 3. It keeps our dollar at par.

Trade Commissioners Abroad

Table listing Trade Commissioners for various countries including Argentina, Australia, Belgium, Brazil, British West Indies, Cuba, China, France, Germany, Holland, India and Ceylon, Irish Free State, Italy, Japan, Mexico, Netherlands, East Indies, New Zealand, South Africa, United Kingdom, and United States.

Canada now has 25 Trade Commissioners' offices abroad. Men trained in the Commercial Intelligence Service have headquarters in these offices. They are acquainted with the requirements of the people in their territory. They will conduct preliminary surveys regarding the marketability of any Canadian product. They will put the Canadian exporter into touch with reliable representatives, or introduce his travellers to reputable trade houses. They constantly help in maintaining business contacts.

These Trade Commissioners communicate the latest trade developments in their fields to the Commercial Intelligence Service of this Department. The information they gather is at the disposal of every Canadian exporter or every Canadian interested in export trade.

Write to-day to the Commercial Intelligence Service, Ottawa, about your products and your capacity to participate in export trade. A big opportunity may be yours.

"Thy Cities Shall with Commerce Shine" THE DEPARTMENT OF TRADE AND COMMERCE

Hon. James Malcolm, Minister

F. C. T. O'Hara, Deputy Minister

NOR ACCORDED FIRST FLIERS

Wilbur and Orville Wright (left), were honored at Kitty Hawk, N.C., on anniversary of their first flight, by the unveiling of a memorial. Right Amelia Earheart, transatlantic flier.

Assistant to Librarian and New Building are Needs of Rupert Today

Annual Library Report Shows Much Good Work Done but Handicap in Too Much Routine for Miss Cruikshank to Handle

The outstanding features of reports submitted to the Library Board at its regular monthly meeting last night, with James Black presiding, were that the library is increasing its usefulness to the community, but in order to keep up the good work an assistant must be provided for the librarian for a short time each day to help in the routine work, and that steps must be taken soon to provide a new library building, where the books will be properly housed and protected.

In presenting the seventh annual report President James Black said that during the past year eleven meetings had been held at which attendance of members was as follows: James Black 11, V. Basso-Bert 11, G. Wilkinson 11, H. F. Pullen 8, Mrs. J. W. Kirkpatrick 7, Alderman F. Dibb 7, George Sutherland 3 and Miss Cruikshank 10.

During the year the library loaned 45,555 books, a daily average of 189.8 for 240 business days, an increase over last year. During the year 675 volumes were added to the catalogue and 229 withdrawn as unfit for use, making a net gain in the number of 446. An inventory was taken during the year which shows that there are 6,533 books in the library.

The number of borrowers now registered is 2,734 as against 2,582 at the beginning of the year, an increase of 152.

For the coming year it will be necessary to install one more floor base and to add shelves to those already in, thus economizing floor space whilst taking care of the increasing number of volumes in each section. Provision will also have to be made for an assistant to Miss Cruikshank to help in replacing books in the shelves and doing routine work such as placing slips in the books. A suitable person who could devote about three mornings each week to this work would allow the librarian more time to attend to cataloguing and repairing books, thus keeping a greater number in circulation and relieving the congestion in the office.

The necessity for a new library building should also be borne in mind this year.

Estimates for the coming year were attached together with reports on circulation, classification and expenditure for the past year.

Miss Cruikshank, the report said, has done good work and has given a great deal of time and attention in addition to her regular hours in keeping up the office work of the library.

The retiring members of the board this year are Mrs. J. W. Kirkpatrick, G. Sutherland and G. Wilkinson and the council representative Alderman F. Dibb.

Librarian's Report
The Librarian gave a detailed account of the work done during the year in which it was shown that of the 45,555 volumes loaned during the year, fiction comprised 69.41 per cent, juvenile 22.23 per cent, philosophy .42, religion .08, language .08, fine arts 1.29, fine arts .60, literature 1.73, travel .02, history .02. These percentages were much the same as for the previous year. In all 13,715 volumes not classified as fiction were borrowed.

The financial statement showed that the expenditure had been kept within the appropriation, the total expended being \$3,213.01, whereas the appropriation was \$3,250.

Miss Cruikshank explained how she was handicapped in being unable to attend to the proper mending of broken books owing to the pressure of other duties. Orders had to be made out for new books and shipments for rebinding prepared and all new books had to be catalogued and classified. Books should be repaired immediately they began to show wear. The steady increase in the amount of work made it impossible to keep up all departments properly. Slipping and clearing away books occu-

ried about half of all the available time mornings.

December Report

The report of the librarian for the month of December showed that 3,990 books had been loaned made up of fiction 2,500, duplicate pay 213, non-fiction 397 and juvenile 880. The average for the month was 190 volumes a day. During the month 21 new borrowers were registered and 13 cancelled, making a net gain of 8. There were at the end of the month 2,734 borrowers registered.

Books received during the month were by gift 1 and by purchase 71. There were discarded 30 making a net gain of 42.

Four new out-of-town subscribers were added to the list.

An offer from a man at Hazelton to sell a bargain lot of books was not entertained, as it was thought better to purchase the books that were particularly needed.

A letter was received from Herbert Killam of the provincial library department in regard to making out annual reports, to which the secretary will attend.

An offer from a binding firm in Vancouver giving a better rate than at present paid for rebinding books will be considered when the next shipment is ready.

WOMEN OUT FOR PEACE

Subject Discussed at Annual Gathering of Farmers at Brandon

BRANDON, Man., Jan. 9. — Urging every local of the United Farmers of Manitoba to make a study of peace, beginning with the constitution of the League of Nations, the report of the committee on peace read yesterday at the farmers' annual gathering supported the world's proposed of operating plans for the prevention of war.

Offered by Mrs. T. V. McClelland, director of the women's Pro-vencher district, the report was coupled with the report on education delivered almost concurrently on behalf of the committee on education and peace.

The report accepted by the council of the United Church last fall was characterized as expressive of the general attitude toward war and peace, appreciation was expressed for the efficacy of the League of Nations, and the Kellogg treaty for the renunciation of war was discussed at length and in a markedly favorable spirit.

With the comment that Canada is the only North American nation listed in the League of Nations, it was stated: "Canadian policy, Canadian attitude, has a marked effect on world policy." It was added that Canada is disinterested, impartial, experienced in sane settlement of international disputes, and can point to more than a century of peace with the nearest nation.

New Phrase For Wall Street

"How goes it, Bill?" said one stock trader to another. "I hear you have got rid of a lot of your stocks. Distress selling?"

"Oh, no, thank Heaven!" remarked the other cheerily. "Finance selling, my boy. I'm now in the best position for a rise." — Brokers' News.

ROYALTY IN THE EARLY EIGHTIES

A remarkable old photograph taken on the steps of the Royal residence at Osborne, showing late King Edward, with the late Duke of Clarence (left), his eldest son, and King George VI in the early eighties.

SCRIBES MAKE HUMBLE PLEA

Copies of Council Reports Would Meet With Their Hearty Gratitude

Long suffering reporters of city council meetings are asking the soon to be elected new city fathers for no golden chairs. Neither do they request that the 1929 mayor and aldermen confine themselves to subject matter and desist from poignant and strategic remarks designed principally for the ears of the press and the eyes of the voters. Nor do they beseech to be relieved from the burden of responsibility in sorting the good from the gold and reporting what the alderman should have said instead of what he did say.

But if the municipal councillors would gain the hearty goodwill—if not the support—of the patient scribes, they would promise here and now to see that, in future, extra copies of all reports of committees and such like are directed to the press table. A lot of trouble would thus be saved for all concerned and a real good turn would have been done for the fourth estate.

Now don't promise all at once!

IMMIGRATION SCHEMES ARE ADVANCED TO SOLVE POPULATION LACK FOR DOMINION OF CANADA.

(Continued from page one)

Those who are quite sure that the policy of the immigration department has been to deliberately discourage British immigration and to encourage continental immigration," the report continues. But evidence goes to prove to the contrary, it adds.

The immigration plan advanced by General McRae, M.P., for North Vancouver, is commented on as "perhaps the boldest" of the quartette of systems enumerated in the immigration report, which points out that under this suggestion two million people would be brought to Canada in ten years at a cost of thirty million dollars per year.

Hopes of Lieutenant-Colonel Sheppard, Wiltshire farm station commandant, bringing thirty-five thousand immigrants to Canada each year were indicated as another of the plans calculated to solve the immigration difficulty. Colonel Sheppard's plan, the report mentions, concerns men who leave the army each year for civil life. A small party of these ex-soldiers came to Canada last spring.

Restrictions on immigration to the United States and acute unemployment in Sweden were listed

MAIL BUSINESS OF NATION

Many Car Loads Arrive by Atlantic Steamer

NEW VESSELS SAILING

Products of Canadian Factories Go To West Indies and Australia

MONTREAL, Jan. 9. — Considerable increase in the carriage mail from the British Isles to the Continent of Europe to Canada is noted by the Canadian National Railways, the number of empty filled mail cars moving toward Halifax during the season showing a decided advance over the number moved in the corresponding period of last year. There are now travelling from Halifax two cars of forming part of the maritime press. This mail was landed by the S.S. Arabic, Red Star Line. One car is billed for distribution from Montreal, including consignments for Toronto and tawa, and one car is billed Winnipeg with distribution that and all other communities west to Vancouver and Victoria. Another large consignment of mail is due to reach Halifax Friday on board the S.S. Acadia, Cunard Line.

Already during the month of January seven cars of mail have been landed at Halifax, while during December 20 cars were received at that port and forwarded for distribution over Canadian National Railways.

With cargo of 6500 tons, the Canadian National steamer Canada Victor sailed from Halifax last week for Australian ports via Panama Canal. The ship's cargo includes automobiles, auto parts, t actors, plaster and general freight. The Canadian Volunteer of the same line sailed from Halifax with capacity general cargo for the British West Indies and Demerara. The new Canadian National liner Lady Drake, third of the fleet of five steamers to be on the new Canada West Indies service, is now loading cargo at Halifax and will sail on Friday with a large number of passengers for the sunny south.

W. H. McCallum, local insurance man, sailed by the Catala yesterday afternoon on a business trip to Vancouver.

ANNUAL MEETING OF RUPERT EAST

Various Reports Show Church to be in Flourishing Condition Board of Management Elected

The financial report presented by the secretary, T. Ross Mackay, as well as reports from the Ladies' Aid, Sunday School, Young People's Society and Mission Band read by the pastor, Rev. T. H. McAllister, who presided, showed the affairs of Rupert East United Church, which held its annual congregational meeting last night, to be in encouraging condition. There was a good attendance at the meeting, which chose J. H. McLeod, W. R. McAfee, W. B. Skinner, Robert Wilson, S. L. Peachy and Mrs. A. J. Squires as members of the board of management for the coming year.

After the business session, refreshments were served and the choir of First United Church, under the leadership of J. S. Wilson, sang, to much advantage, the Christmas carol "The King Cometh."

CLASSIFIED ADVERTISEMENTS — FOR SALE, FOR RENT, LOST & FOUND

LAND ACT

Notice of Intention to Apply to Lease Land

In Prince Rupert Recording District of Prince Rupert, and situate at the south end of Ketchikan Island, adjacent to Lot 6535, Range 4.

Take notice that Billmor Spruce Mills, Limited, of Vancouver, British Columbia, does hereby intend to apply for a lease of the following described lands:

Commencing at the northeast corner of Lot 6535, Range 4, C. D., thence southerly 35 degrees 10 minutes east 800 feet, more or less, to low water mark; thence easterly following low water mark to a point due east on the most easterly point of an unnamed island; thence northerly following the sinuosities of the island to the most northerly point of same; thence in a northerly direction to the northeastern point of an unnamed island; thence northerly following the sinuosities of the said island to the southern boundary of the said right-of-way to the northwest corner of Lot 6535; thence following the sinuosities of the said lot to the point of commencement.

BILLMOR SPRUCE MILLS, LIMITED.
B. E. Morgan, Agent.
Dated December 22nd, 1928.

WATER NOTICE

Division and Use

Take notice that Billmor Spruce Mills, Limited, whose address is 311 Rovers Building, 470 Granville St., Vancouver, B. C., will apply for a license to take and use 100,000 of water out of an unnamed stream, which flows southerly and drains into the head of Porpoise Harbour, half mile north of Lot 6535, Range 4, C. D.

The water will be diverted from the stream at a point about half mile distant from its mouth and will be used for industrial purposes upon the land described as Lot 6535, Range 4, Coast District.

This notice was posted on the ground on the 22nd day of December, 1928.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

BILLMOR SPRUCE MILLS, LIMITED.
Applicant.
BY B. E. MORGAN, Agent.
The date of the first publication of this notice is January 5th, 1929.

NOTICE OF ELECTION

PUBLIC NOTICE is hereby given to the electors of the Municipality of the City of Prince Rupert that I require the presence of the said electors at the City Clerk's Office, City Hall, Prince Rupert, B. C., on the 14th day of January, 1929, at twelve o'clock noon, for the purpose of electing persons to represent them as Mayor and Aldermen and School Trustees.

The mode of nomination of candidates shall be as follows:

The candidates shall be nominated in writing; the writs shall be subscribed and signed by the candidates, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of nomination; the said writs may be in the form numbered 3 in the Schedule of the "Municipal Elections Act," and shall state the name, residence and occupation or description of each person proposed, in such manner as sufficiently to identify such candidates; and in the event of a poll being necessary, such poll shall be opened on the 17th day of January, 1929, at the Council Chamber, City Hall, Prince Rupert, B. C., of which every person is hereby required to take notice and govern himself accordingly.

GIVEN under my hand at Prince Rupert, B. C., this 5th day of January, 1929.
L. J. JONES
Returning Officer.

NEW OFFICERS MOOSE WOMEN

Installation Exercises Last Night Followed by Enjoyable Social Evening

Installation of 1929 officers of the women of the Mooseheart Legion took place last night, after which a social evening was held for members of the legion and their husbands.

Prize winners at whist were: Ladies' first, Mrs. F. M. Crosby; second, Mrs. P. Wingham; third, Mrs. Thomas Elliott; men's first, S. A. Swanson; second, Ole Stegavig; third, Sam Hougan.

After cards, refreshments were served and dancing followed, with music by an orchestra led by Miss Nellie Lawrence. Gillis Royer was master of ceremonies for the event, which took place in the Moose Hall.

The Officers
The officers installed were as follows:

Past regent—Mrs. Helen Nickerson.
Senior regent—Mrs. Margaret Larsen.
Junior regent—Mrs. Millie Preece.
Chaplain—Mrs. Stella Bartlett.
Recorder—Mrs. Bessie Ryan.
Treasurer—Mrs. Agnes Skatetbol.
Guide—Mrs. Ingeborg Wingham.
Assistant guide—Mrs. Thora Stegavig.
Sentinel—Mrs. Marianne Ohnesorg.
Argus—Mrs. Julia Slatta.
Pianist—Mrs. S. A. Swanson.

George Keep of the C.N.R. investigation department arrived in the city from Prince George on yesterday afternoon's train and returned to the interior this morning.

BRAND NEW SHIP HERE

British Steamer Gracefield, in Port For Grain, is on Her Maiden Voyage

The British steamer Gracefield, Prince Rupert's fifth grain ship of the season arrived in port from the Old Country. The Gracefield is a brand new ship and this is her first voyage since being completed last August. Capt. Cooper is her master. She is already lined and, not requiring fumigation, is going on berth at the elevator this afternoon to start loading a full cargo for the United Kingdom or continent.

The Gracefield picked up her pilot, Capt. J. R. Elfert, off Triple Island about 8 o'clock this morning.

The sixth ship of the season, the Hindpool, is expected to arrive Friday, the seventh, the Adra, on Saturday, no further word having been received from either of these vessels since yesterday.

MY KITCHEN NOTEBOOK

by Mary Blake

Domestic Science Counselor

My Secret for Finer-Textured Cakes

I must confess that I haven't always been successful in the making of cake. I suspect that I possessed more zeal than skill—thoroughness rather than deftness. But when I learned to exercise my beating proclivities at the start in the creaming together of butter and sugar, and to exhibit restraint at the finish by stirring only a moment after the final ingredients were added, my cakes improved.

But the greatest improvement I have ever made in cakes has been through the use of Carnation Milk. Besides being evaporated to double richness and sterilized for safekeeping, it is "homogenized," the cream content broken up into minute particles and distributed throughout every drop. As a result, cakes are not only rich with this uniformly distributed, double share of cream, but because of the fineness of the particles the texture is exceptionally smooth, fragile and fine.

Carnation gives similar results in all cookery, a creamy smoothness to sauces, candies and ice cream, a richness to soups, and a delicate texture to puddings, cakes and waffles that even the best of bottled milk cannot equal. Try this convenient, economical and dependable form of milk—it's just pure whole milk with about half the natural water removed and nothing added.

Write for the free Carnation Cook Book—"My Hundred Favorite Recipes." Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Date Cake

1/4 cup shortening, 1/4 cup sugar, 1 egg, 3 tbs. Carnation Milk with enough water to make 1/2 cup liquid, 1 1/2 cups pastry flour, 2 tsp. baking powder, pinch of salt, 1 tsp. cinnamon, 1/2 tsp. vanilla, 1/2 cup chopped dates, 1/2 cup broken nut meats. Cream shortening; add sugar gradually and continue creaming; add beaten egg and beat mixture hard until it becomes a very light color and creamy. Add 1/2 cup flour and stir until well mixed. Measure flour after sifting once. Dredge nuts and dates with a little of the flour and add to mixture. Last, sift in rest of flour, baking powder, salt and cinnamon; add diluted milk and flavoring all at once; stir vigorously for 1 1/2 minutes.

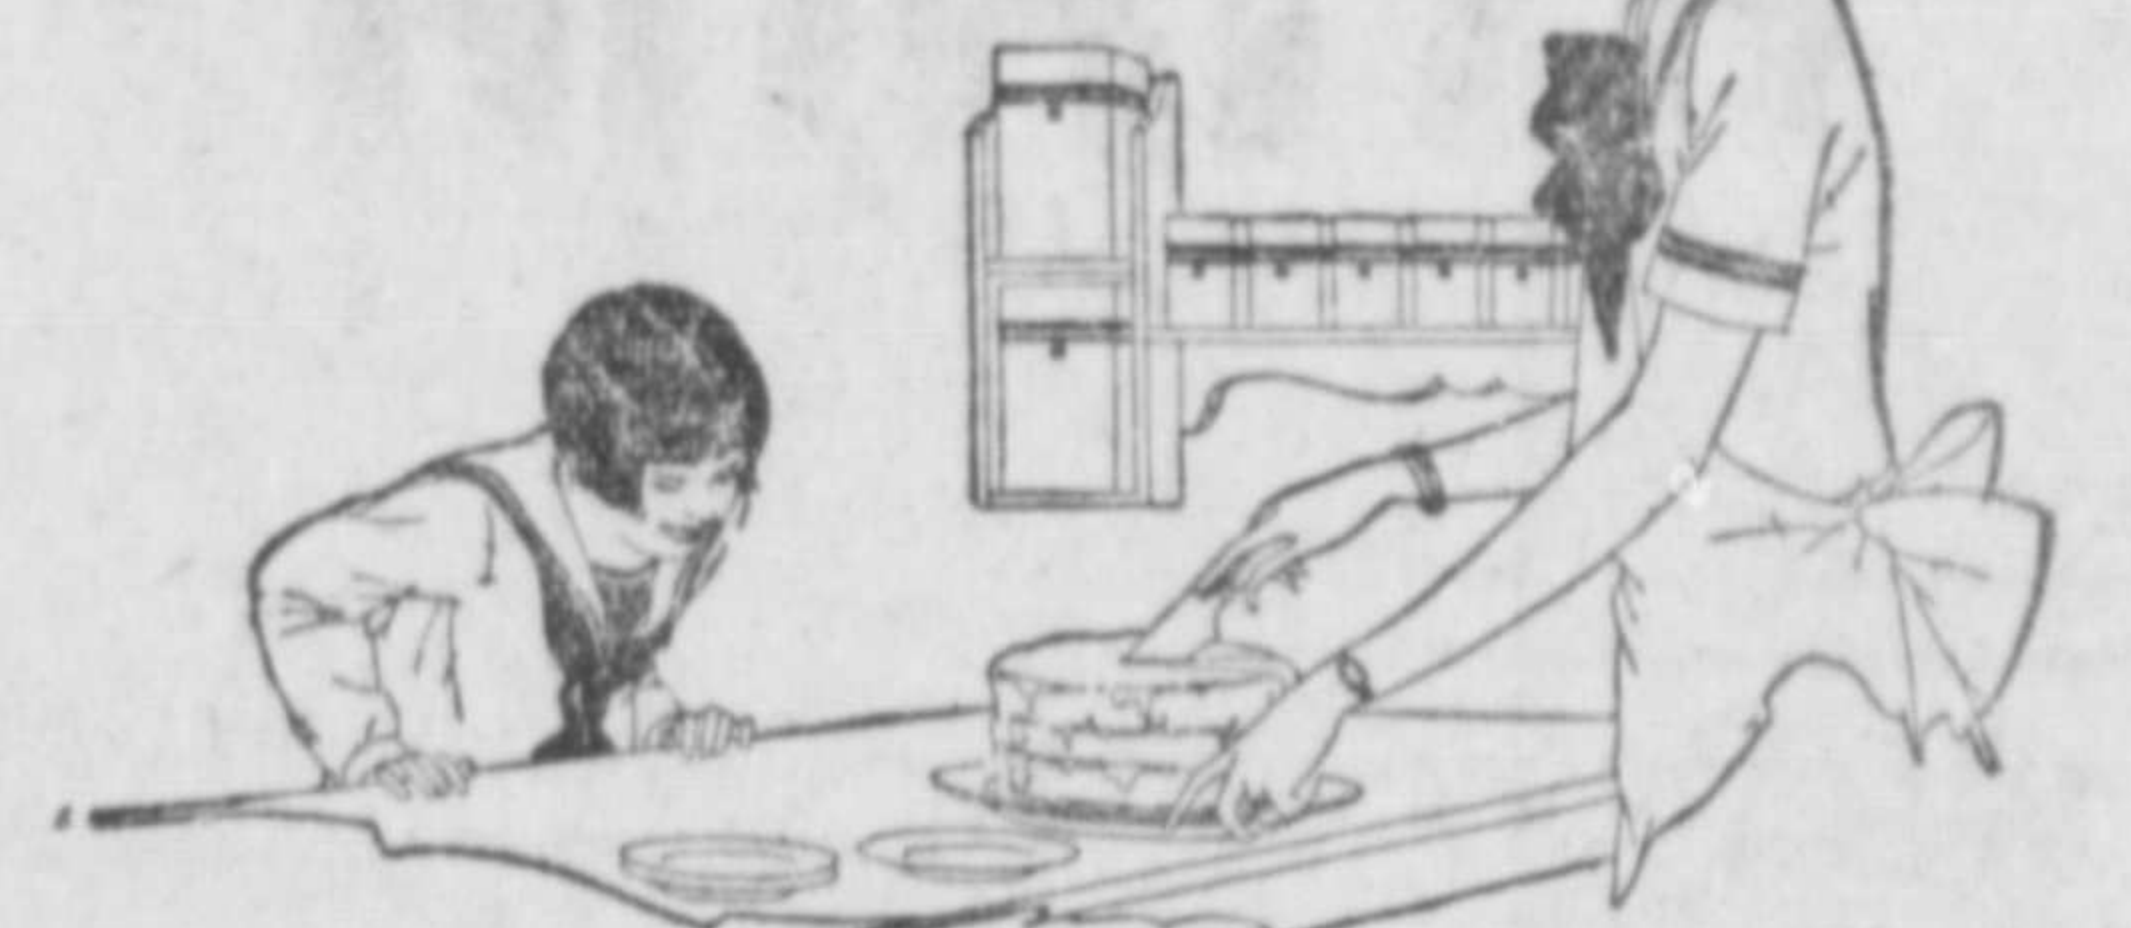

Pour batter immediately into pan which has been oiled and dusted with thin film of flour. Place in 300°F. (slow) oven for first 10 minutes, then elevate to 375°F. (moderate). Bake about 45 minutes. When done it shrinks from sides of pan and springs up when pressed with finger.

Remove from the pan, cool and ice with Carnation Icing.

Carnation Icing

1 1/4 cups confectioners' sugar, 1 tbs. butter, 2 tbs. Carnation Milk, 1/2 tsp. vanilla. Cream butter and sifted sugar, add Carnation and vanilla. Beat thoroughly and spread on cake.

It Makes Better Cake

THE perfect cake is the cake of perfect texture. And the way to get perfect texture is to use Carnation—the double-rich milk with the cream evenly shared by every drop. Adds wonderful smoothness and flavor to all cooking.

(See recipes above)
