Ten Bathers Lost Lives on Lake Michigan when Swept by Undertow

GRANDHAVEN, Mich., July 5.—A vicious surf and undertow of wind swept Lake Michigan and took the lives of ten bathers here yesterday, all drowning virtually simultaneously within a radius of a few hundred yards.

Hundreds of persons ashore watched horror stricken as the victims were whirled screaming for help out into the white-capped lake.

The dead are: Mildred Fifield, 19; Robert Shindler, 19; Julius Tusol, 19; Leonard Kellogg, 20; Carl Rohloff, 21; Walter Schwartz, 19; John B. Giddings, 21; Frank Petrowski, 40; Rudolph Pituluk, 22; Erwin Pituluk, 21.

INDIAN DROWNS WHILE FISHING

Ernest Wade of Kitkatla Lost His Life Between Lucy and Tugwell Islands on Monday Night

Ernest Wade, Kitkatla Indian, fishing out of Sunnyside cannery, was drowned on Monday night between Lucy and Tugwell Islands. Wade was fishing out of his gill net boat and was moving his net in rough weather when he was drawn overboard and went down. Percy Wilson, a small native boy, was with him, but was unable to give assistance. Later the boat was picked up by Howard Spencer and taken into Sunnyside. The body was not recovered.

Provincial Constable Harold Raybone of district headquarters of the provincial police here returned to the city on yesterday afternoon's train from Sunnyside after making an investigation in connection with the fatality.

UNTIN BOWLER GETTING ALONG

Chicago to Berlin Reported to Have Landed at Great Whale This Morning

OTTAWA, July 5.—The plane Untin Bowler, bound from Chicago to Berlin, is believed to be at Great Whale, 250 miles north of Rupert House on the northeast outlet of James Bay.

A Canadian government wireless operator at Port Burwell reported the radio man in the plane calling this morning. Difficulty was experienced in deciphering the message but it is believed to have read as follows: "Landing at Great Whale. Weather bad."

CANADA'S TRADE TAKES A JUMP

OTTAWA, July 5.—Canada's trade jumped \$307,809,699 in last year. The total for the 12 months ending May 31 was \$2,681,492,305 against \$2,373,682,606 in the preceding similar period. Imports totalled \$1,296,738,954 an advance of \$164,419,847. Exports increased \$143,389,852 to a total of \$1,384,753,351.

SEVERE EARTHQUAKE RECORDED VICTORIA

VICTORIA, July 5.—A very severe earthquake was reported this morning at Gonzales Hill Observatory, beginning at 6:26 o'clock and still continuing at 10 o'clock. The distance from Victoria was 2,000 miles, probably in the neighborhood of the Aleutian Islands.

STORMS SWEEP OLD ONTARIO

TORONTO, July 5.—Wind and electric storms which swept Ontario late Thursday caused damage estimated at thousands of dollars leaving in their path ruined grain and fruit crops, flooded homes, wrecked barns and disrupted telephone, light and power services.

LIBERALS GAIN SASKATCHEWAN

Contested Seat Taken From Independent by Majority of One

REGINA, July 5.—The Liberals gained a seat today by the recount at Cannington, giving A. C. Steele a majority of one over Dr. Arthur, Independent.

Counsel for Dr. Arthur gave notice of appeal against the revised count.

The standing of the parties in Saskatchewan now is: Liberals, 27; Conservatives, 25; Progressives, 4; Independents, 5.

It was also announced yesterday that G. J. McLean, of Cutknife, hitherto regarded as a Conservative, was elected as an Independent Farmer, thus reducing the Conservatives to 24.

STRUCK DOWN WITH PNEUMONIA WHEN ON WAY TO THE ARCTIC

EDMONTON, July 5.—Seized with a severe attack of pneumonia while en route to Aklavik to act as defence counsel in the criminal charges to be heard there against Eskimos, Ex-Mayor J. A. Clarke was taken off the boat at Fort Smith, according to word received here. He is being given medical attention and will be unable to continue the trip to the Arctic.

Recommendation that another barrister be sent north by airplane to act in place of Clarke has been sent to Ottawa.

MEDICAL LECTURES TO BE HELD HERE

Doctors From Toronto, Victoria and Vancouver Making Post-Graduate Tour of Province

To give post-graduate lectures for local physicians under the auspices of the Sun Life Insurance Co., Dr. Norman B. Gwyn of the University of Toronto; Dr. H. E. Ridewood, Victoria surgeon; and Dr. D. E. H. Cleveland, Vancouver dermatologist, arrived in the city from the south on the Prince George this morning. They are accompanied by C. J. Fletcher, executive secretary of the British Columbia Medical Association, Vancouver. The annual meeting of the Prince Rupert Medical Association will be held at the same time as these meetings. Doctors from outside points in the district are also here to attend the lectures, including Dr. Learoyd of Anxox and Dr. Brummit of Terrace.

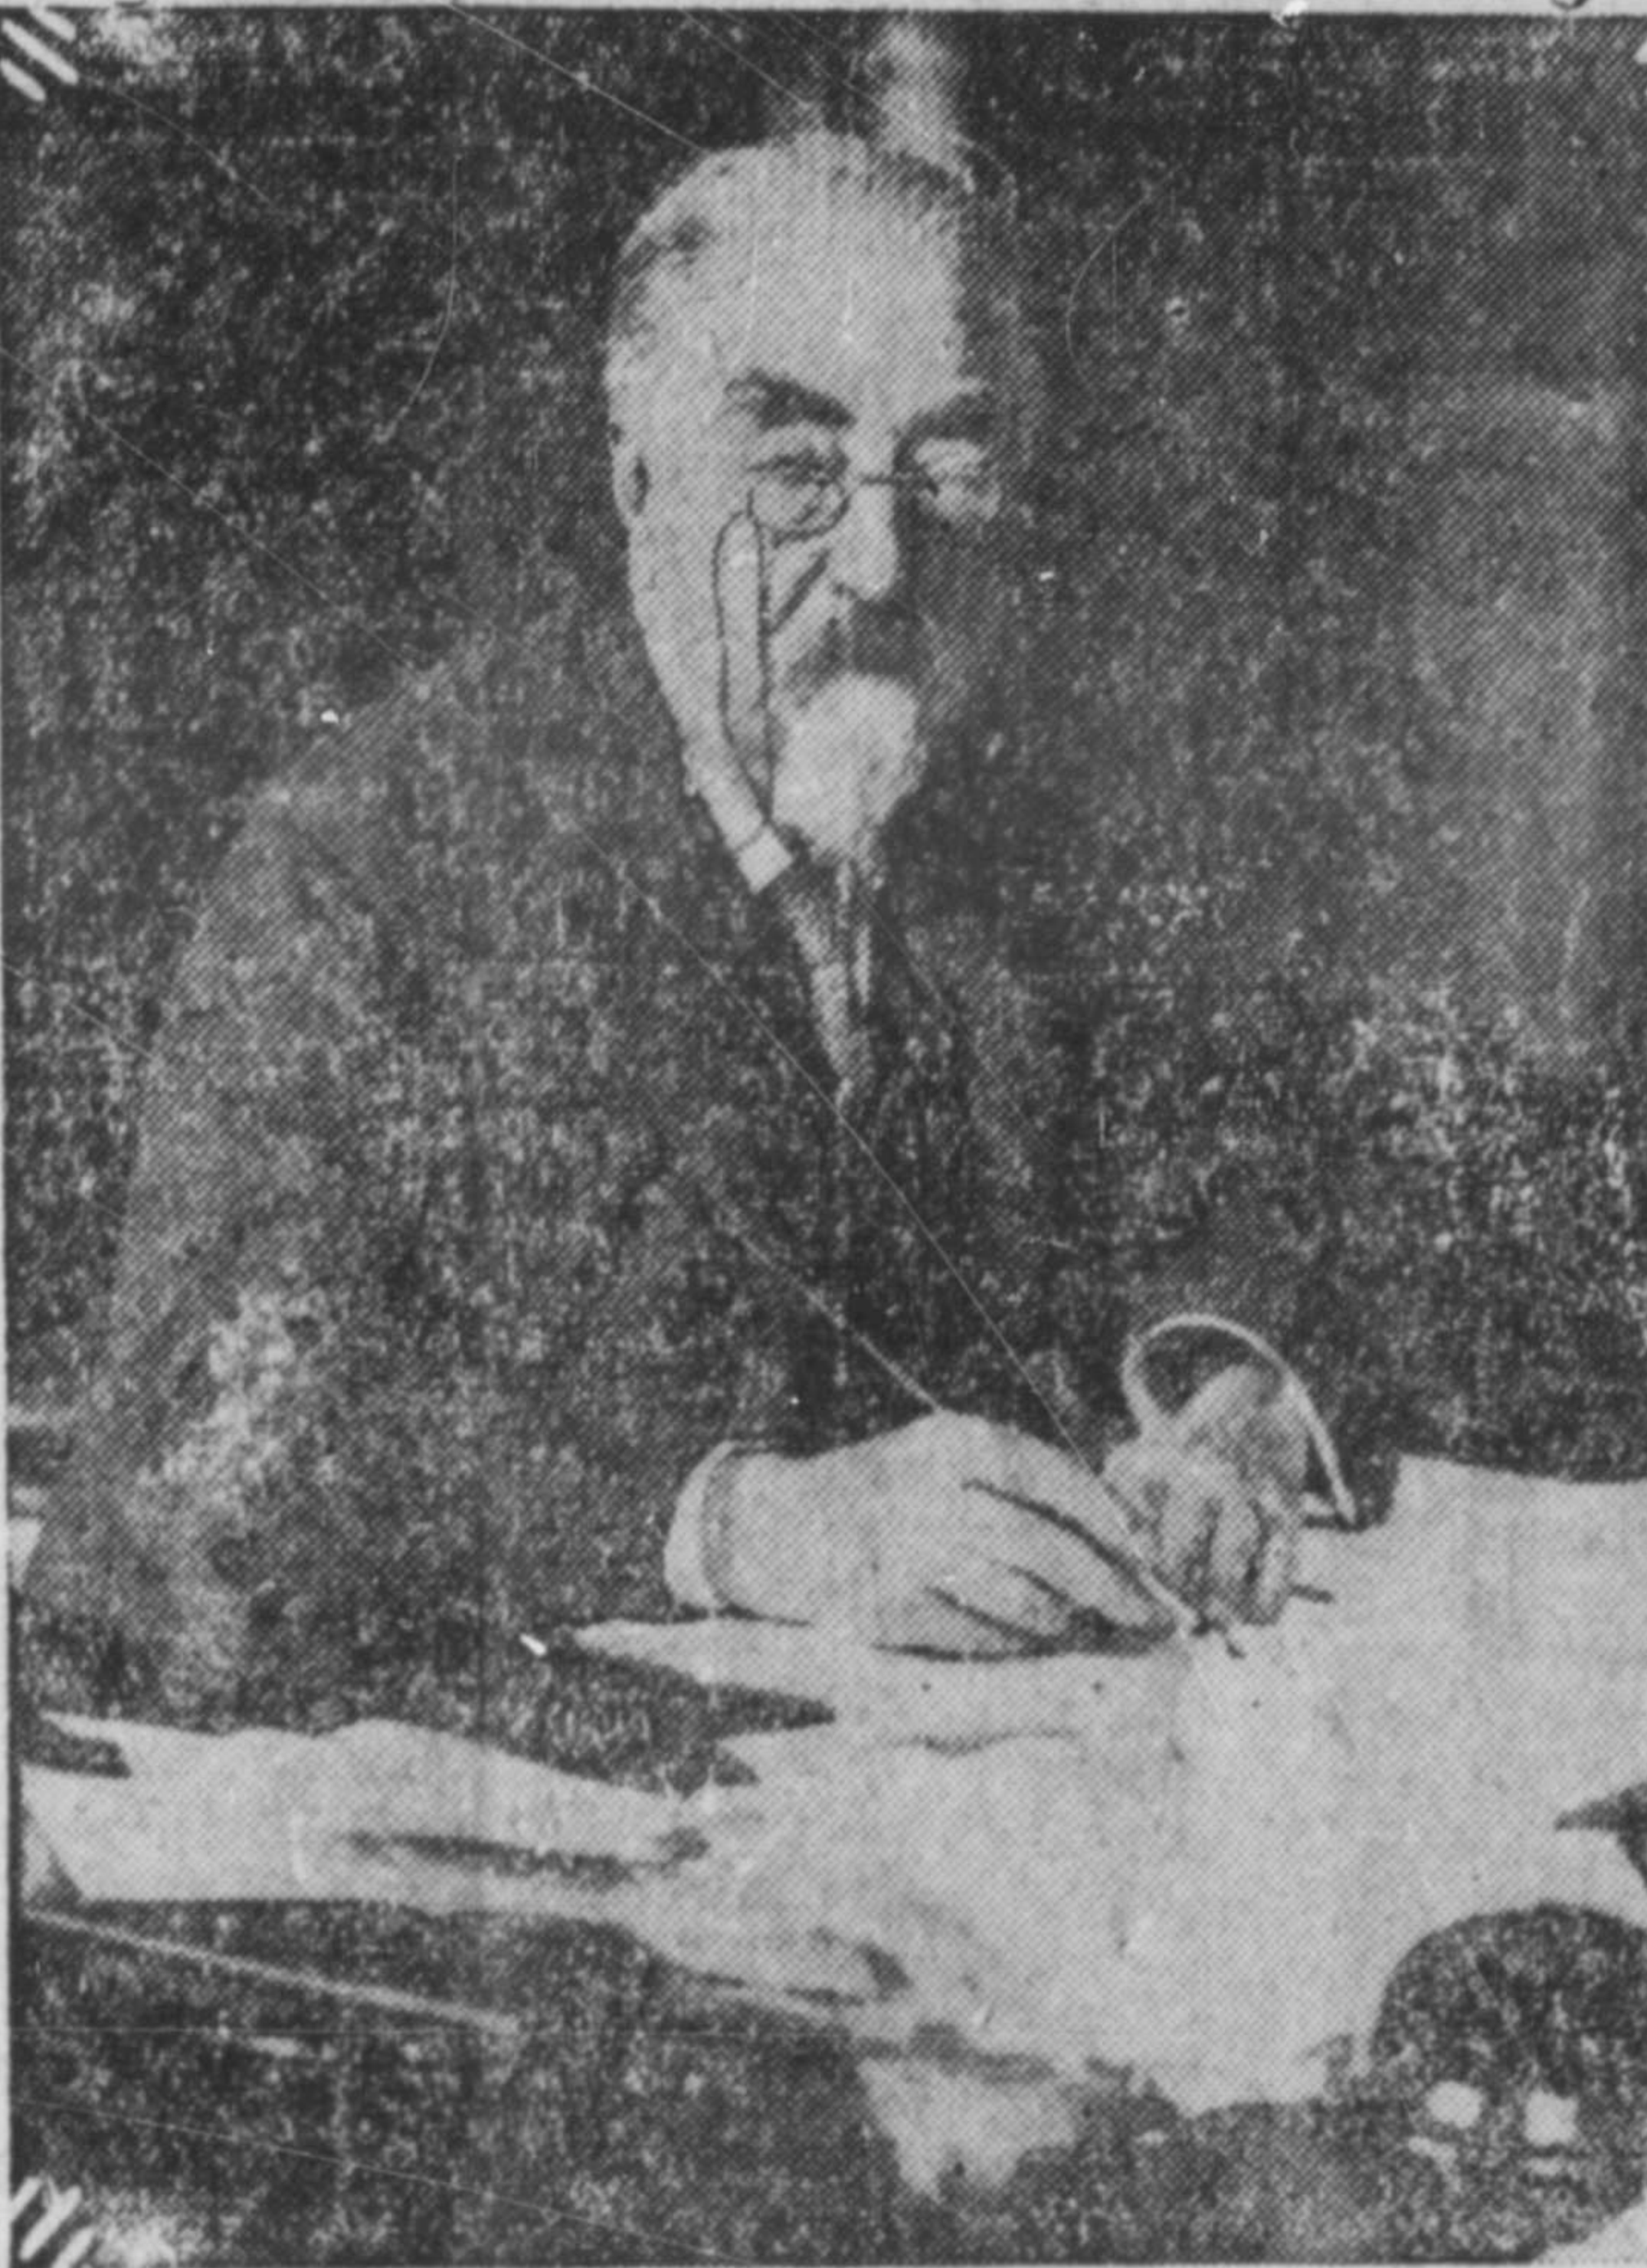

The party of lecturing doctors and Mr. Fletcher will leave Monday morning for Prince George in the course of their tour of the province. Dr. Gwyn is a nephew of Sir William Osler, noted Canadian surgeon.

MEMBERS OF SUNDAY SCHOOL MADE TRIP TO GALLOWAY RAPIDS

While the members of the St. Andrew's Anglican Sunday School were unable to enjoy their annual picnic as planned at Digby Island owing to the rain, the weather cleared as the afternoon wore on and at six o'clock it was fine enough to take a trip, which they all did in the power boat Naas River, going as far as Galloway Rapids.

In the Parish Hall in the afternoon with Rev. J. B. Gibson and Superintendent E. W. Tucker in charge, a lengthy program of sports was carried out after which supper was served prior to the boat ride. An enjoyable time was spent and a hearty vote of thanks was passed to all who had helped to make the picnic a success.

Joe Wright Wins Way to Finals at Henley and Will Row the Dutchman

HENLEY ON THAMES, July 5.—Joe Wright Jr. won his semi-final heat in the diamond sculls competition here today, defeating F. Bradley of Pembroke College, Cambridge, by a length and a half in 10 minutes 13 seconds.

The slow time is accounted for by extremely unfavorable weather conditions of half a gale and a rainstorm.

L. Gunther, Dutch Olympic sculler, won the other semi-final, defeating Viscount Tiverton by 10 lengths in 10 minutes 40 seconds.

The London Rowing Club that eliminated the Toronto Argonauts yesterday in the grand challenge cup were eliminated today by the Leander Rowing Club eight.

Columbia University of the United States lightweight crew was beaten by the First Trinity eight.

Neville Chamberlain Declares Time Now Ripe for An Imperial Trade Policy for British Empire

LONDON, July 5.—An eloquent plea for a new Empire policy was made by Rt. Hon. Neville Chamberlain, former minister of health, speaking at a luncheon of the Empire Industries Association yesterday.

"Peoples of the dominions are realizing today as they perhaps never have done before that it is possible to arrange their trade relations with each other and with the mother country so that those relations may prove beneficial to all," he said.

The former Conservative minister declared that the eyes of Canada had been opened to the great danger before her if she turned her eyes southward instead of across the Atlantic. "Today we find representatives of the great parties in Canada turning to the mother country with the desire to make some arrangement. The moment has come when we should formulate a new imperial industrial policy not merely to protect ourselves from foreign competition, but to stimulate that imperial trade which will be our future salvation," he said.

Lieut. Governor Bruce Enthuses Over Prospect of North Developing

In Address to Rotary Club Says Eyes of Investing Public Turned This Way and Results Will Follow Rapidly

"My visit to northern British Columbia has been a wonderful inspiration," declared Hon. Randolph Bruce, lieutenant-governor of British Columbia, when addressing the members of the Rotary Club at their luncheon yesterday. "The eyes of the investing public are undoubtedly on this part of the country. Engineers are going about everywhere and the immediate future will, I am sure, see such development as will cure the pessimism even of the people of Prince Rupert. Everywhere were people prowling about looking at the mines and investigating the possibilities of the country."

Mr. Bruce told of his visit to the Yukon Territory, of the rich mines at Keno Hill, where 8000 tons of ore he saw on the dump was worth \$2,225,000, and where a large steamer is being built to carry 350 tons at each trip to get the ore out to the smelter. The Consolidated also had valuable claims 40 miles back from Keno. He enthused over the work being done at Atlin, where three companies are engaged in hydraulic work, and other people developing properties.

"The most wonderful trip in the world is that up the Stikine to Telegraph Creek and back," declared his honor. "I have never seen anything like it. The river boat fought its way up through the canyons, gaining foot by foot, amidst the most magnificent scenery, and then coming back we ran 30 miles an hour through those same canyons, and the skipper cleverly avoided the danger spots and brought us safely through. There are all the thrills anyone might wish."

The mining activities at Dease Lake were mentioned, 100 men being employed there just now.

A visit to Alice Arm, the governor said, was equally interesting. What surprised him was the large amount of work being done there. The Granby Company had a lot of men in the country and other big companies. Then there was the gigantic smelter at Anxox, where a town has been built around it. Stewart, too, was full of optimism and would since the announcement in regard to their railway be even more enthusiastic. "Everything goes to show that the future of the country is assured," he said, "and this section of British Columbia is the part that will be developed in the immediate future. Aviation will help in that it brings the time much nearer than otherwise would be the case when the country will be developed. It reduces the time of waiting. I look for tremendous development," concluded his honor, "and that right in the immediate future."

ESPERANZA ORE BODY IS PROVEN

Tunnel Being Driven at Depth Reported to Have Encountered Deposit

Reports are current in the city of success of development operations at the Esperanza mine at Alice Arm. It is stated that a body of rich gold and silver ore which was opened up in the higher workings some months ago has now been encountered again in a tunnel below which was driven for the purpose. This is regarded as proof that a large ore body has been established on the Esperanza.

J. A. Hinton, president of the Esperanza Co., is now at Alice Arm and it is expected that he will have good news to announce on his return to the city in a few days.

TOLL OF LIVES JULY FOURTH

CHICAGO, July 5.—The Fourth of July toll in the United States was 159, which was 46 fewer than last year. The reduction was attributable chiefly to the decrease in deaths from drowning and from heat.

There were only seven fire-works fatalities, although 500 children were treated for fire-works injuries in New York alone.

Contrasting with the heat of last year, there was a ten-minute snowstorm at Speculator, N. Y., so blinding that motorists stopped their cars to avoid collisions.

PURCHASE OF LABRADOR

The Federal Government has denied that it had made an offer to purchase Labrador. That is well. It is to be hoped that any such proposals will be opposed. If Canada pays one hundred millions or any other sum for that strip of country it means that the territory must be exploited in order to recover the amount of the purchase price. It places Labrador in the position of being an adjunct to the rest of Canada.

The only possible excuse for taking over the territory is so that this country may not be cut off from the interior, as is the case in connection with Alaska. It may be better to pay a small amount rather than have such a condition continue throughout all time.

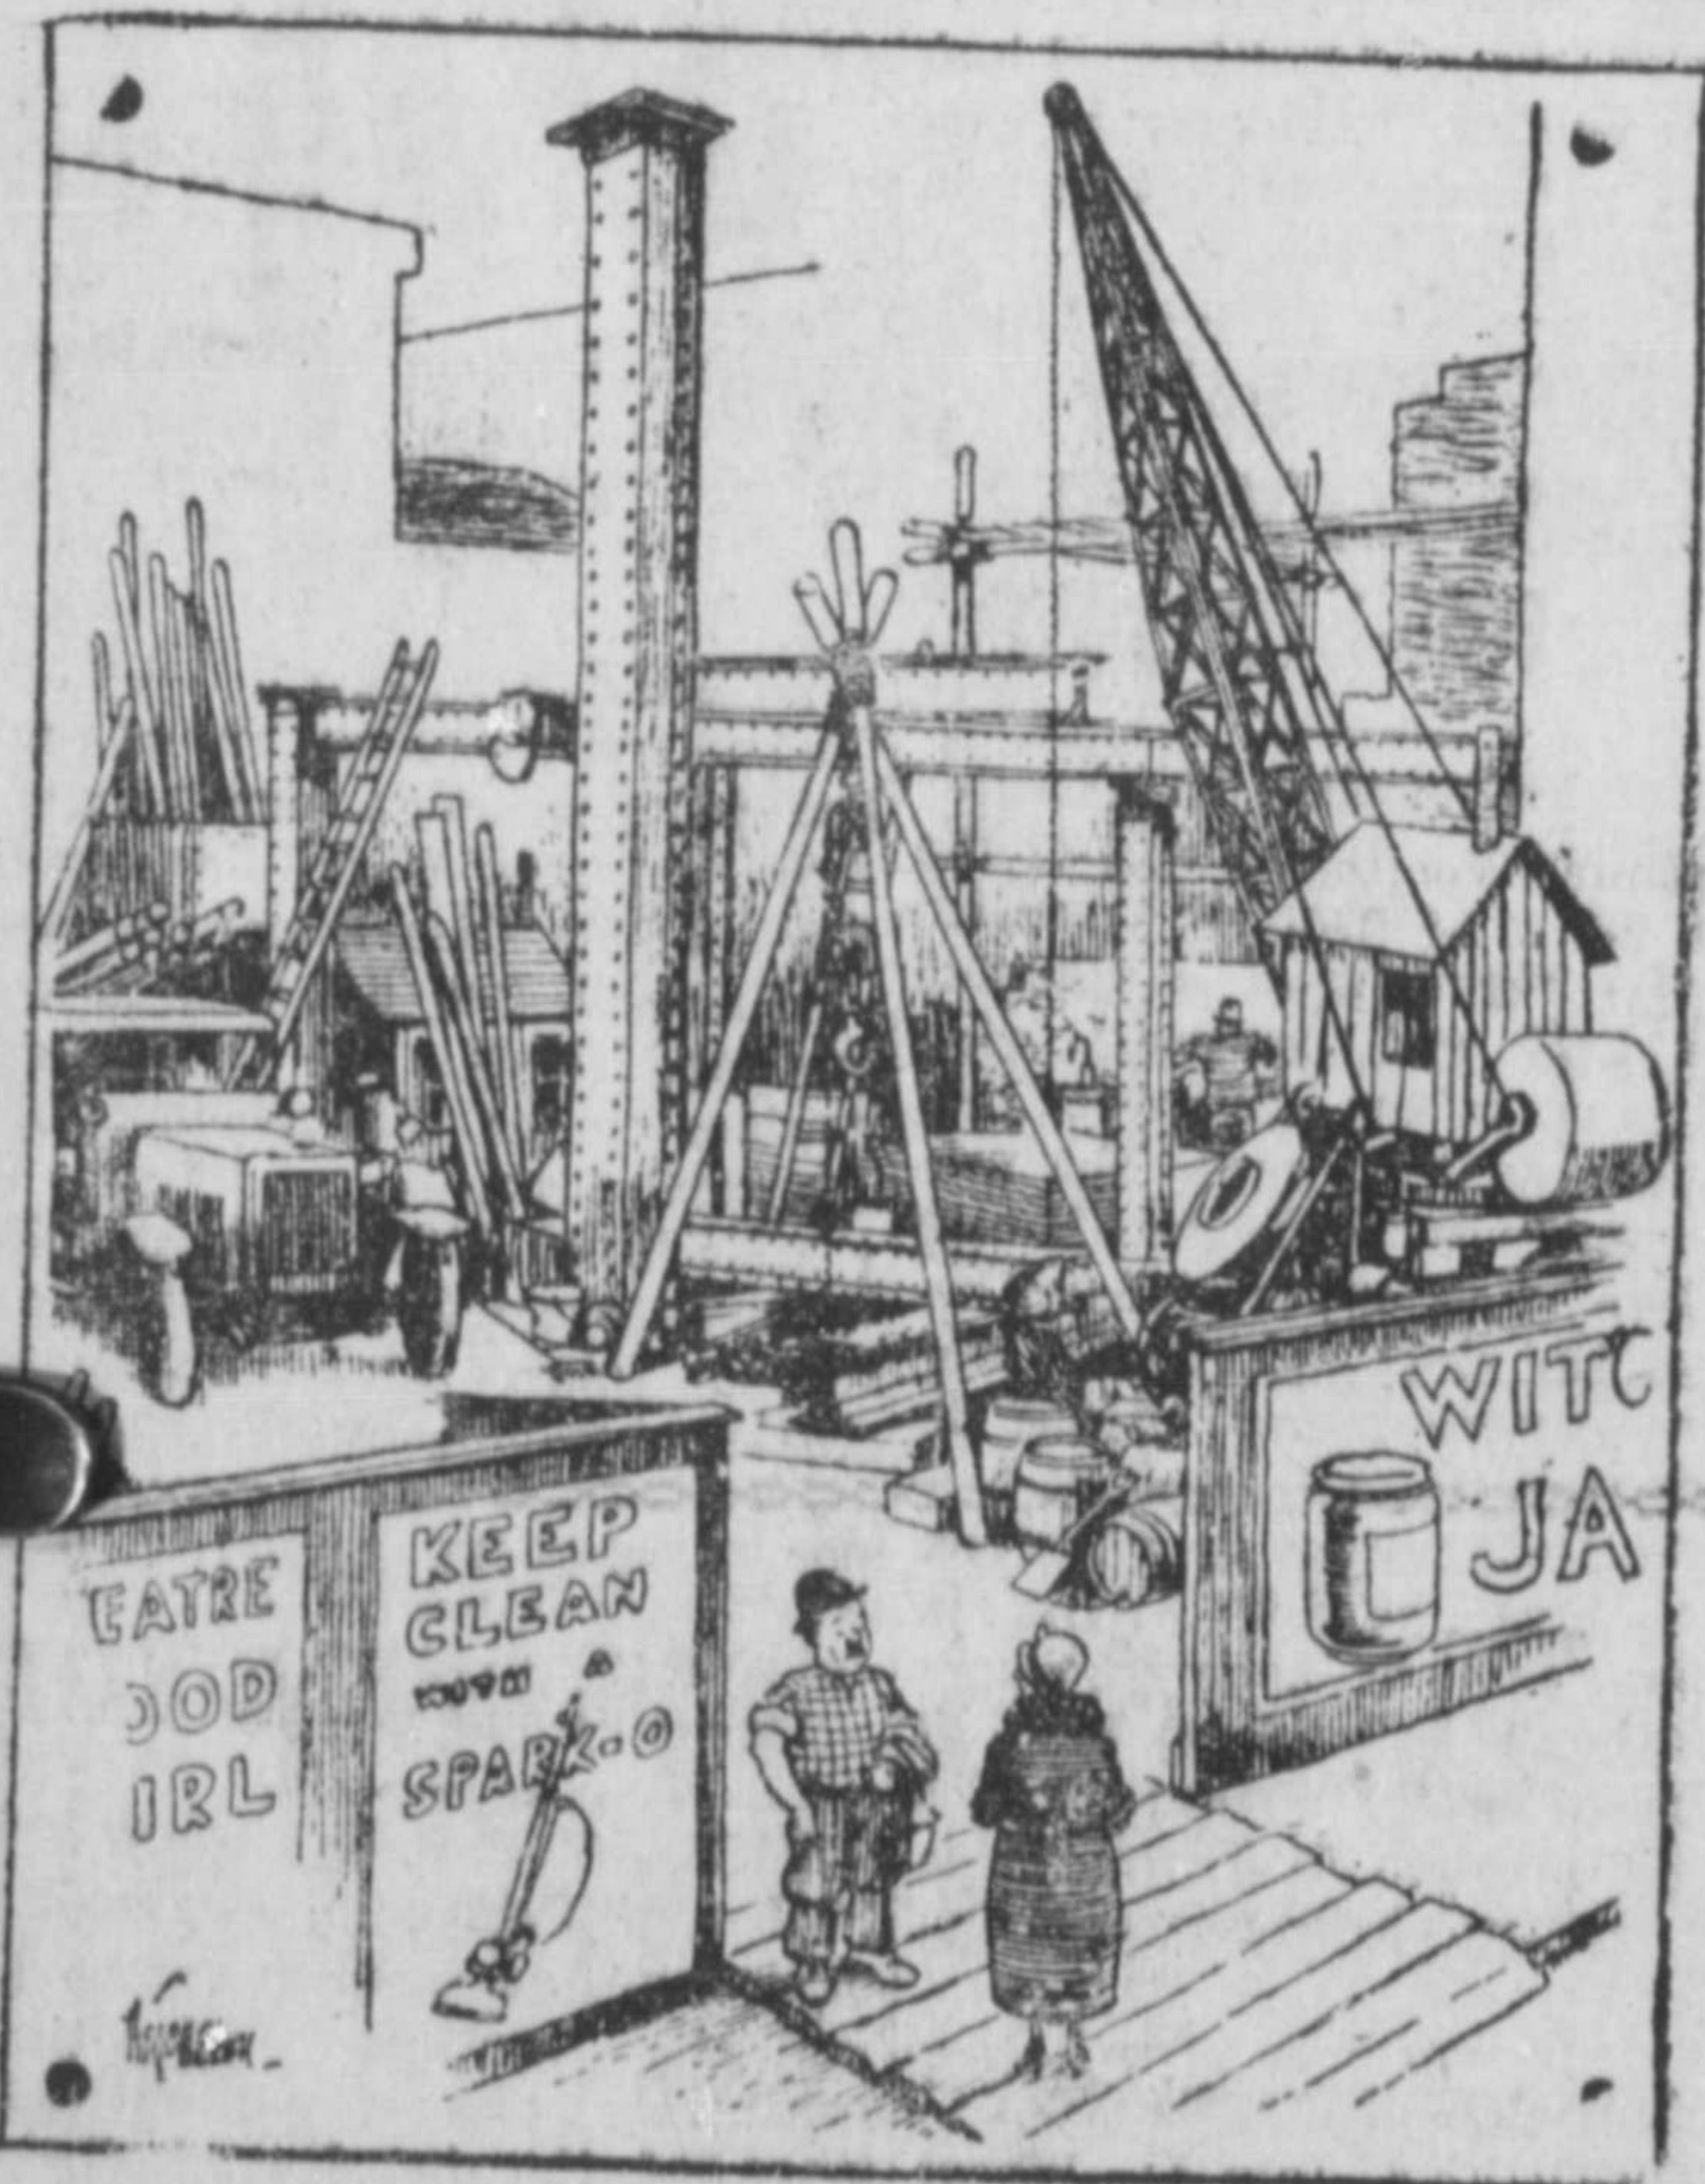

The whole idea of bartering territory is wrong. Transfer should be made only with the consent of the people who live there. Also, money collected from that territory should be expended therein and not taken away to build up the populous centres.

We find the idea of subject territory in connection with the northern part of British Columbia, where monies are taken from the natural resources of the north and expended in the south. Today the north needs highways more than anything else, but the highways in the south are being paved and generally improved, while right here in Prince Rupert there has been built only five and a half miles in twenty years. We are a territory like Labrador, looked upon as something owned by the people of the south for their special benefit. This notion must be got rid of as quickly as possible.

WAY TO ENCOURAGE EMPIRE TRADE
(Winnipeg Free Press)

Conscious, apparently, that he makes a somewhat absurd appearance in advocating Empire trade with one breath and demanding the imposition of duties to keep out importations of British goods with the next, Mr. Bennett has undertaken to lay down a formula which foreshadows the policy with respect to Empire trade which he will apply if he is given power. He expounded this policy at some length at Campbellford.

Mr. Bennett comes out definitely and flatfootedly against the Canadian policy of tariff preferences on Empire goods which was inaugurated by Canada in 1897 and has been adopted by all the other nations. The principle of the preference is well known. It gives the importers of British goods a tariff advantage over the importers of non-British goods. This is wholly objectionable to Mr. Bennett because "preference means that the radius of competition is enlarged and instead of a certain industry meeting competition in its own country, it has to face it in two countries."

The Letter Box

SALMON TROLLERS

Editor, Daily News:—
Hear ye, one and all, the leaders of the salmon fishermen's union are at present undertaking a practical experiment in very advanced socialism or bolshevism. They have decreed that Cold Storage, being capitalist, shall get not a single fish this year; that any fisherman not in sympathy with or deferring to their orders are scabs; that any fish buyer caught buying fish from a scab shall get not a single fish from the union.

Cold Storage is the only company not willing to risk the wrath of the law by refusing to buy fish from licensed fishermen, even if he is independent, hence the boycott. A few illuminating snatches heard at meetings where leaders orate to the willing and unwilling followers: "Either let them sign up and pay up or get out," meaning the unwilling. A few have left for the south rather than be mixed up in it. "Cold Storage will have enough scabs fishing for them so they will raise the price for us." "Let us all take our fish to Alaska, even if we do lose money on it." You will look a long time before you find those statements in the minutes of their meetings.

Being a free Canadian citizen owning and operating my own boat and not in sympathy with that sort of business I am a scab. Jaah! Would you believe me in this year of 1929, I sent a sealed and stamped letter to the Evening Empire by way of Bert Hanson, Union fishpacker, and have not seen anything in the Empire. They evidently have not thought fit to publish it.

GRAIN SHIPPED BY VANCOUVER

Victoria and Prince Rupert Out of Luck in Past Season's Business

(Financial News)

It would appear that Vancouver has no serious competition from Prince Rupert or Victoria in grain traffic.

Vancouver to date this year has shipped 92,000,000 bushels of wheat and another 2,750,000 bushels are booked to go. Thus Vancouver may ship about 95,000,000 bushels before the end of the present crop year. Already a new record has been set.

Victoria, unfortunately, has experienced a season of almost total failure in respect to grain shipments. Only 154,000 bushels had moved when the grain commissioners' report of June 21 was compiled.

Prince Rupert has had more success, although there have been heartpangs for enthusiastic Prince Rupert boosters in the small total to date. On June 21 the grain commission report showed 2,452,000 bushels credited in Prince Rupert.

Vancouver has shipped its great total this year through about 7,600,000 bushels of elevator space. Next year, if plans for elevator expansion go through, the total elevator accommodation will be in the vicinity of 11,000,000 bushels.

It may be expected that Victoria and Prince Rupert will make strenuous efforts to get more grain. Prince Rupert's elevator is not financed by Prince Rupert ratepayers but was a government project. When it was leased to the Wheat Pool, citizens of Prince Rupert reckoned the problem of grain-getting quite solved. There have been some recriminations against the Wheat Pool's attitude toward the Prince Rupert elevator and a delegation was sent to interview heads of the Pool.

Victoria is more directly interested since the city has backed the bonds of the elevator there and if the elevator doesn't earn bond interest, Victoria ratepayers must pay.

F. D. Rice B.C.L.S. returned to the city on yesterday afternoon's train from a brief trip to Haysport where he made surveys for the Power Corporation of Canada.

News of the Mines

AROUND PRINCE RUPERT

Granby in Good Shape; Oil Expected in B. C. Peace River; To Complete Saddle Tram

That the company enjoys a very favorable position and that the future is full of promise is indicated by the annual report of the Granby Consolidated Mining, Smelting & Power Co., Ltd. "The financial results," says the report, "reflect improvement in both operating efficiency and benefits derived from higher average metal prices prevailing in the copper market over those of 1927. The total income for the year, exclusive of depreciation and depletion, for which there was no cash outlay, amounted to \$291,071.39, representing earnings at a rate of \$3.60 per

share of stock outstanding, as compared with the results for the previous year of \$1,428,579.50, or \$3.21 per share. As a result of improved conditions in the financial affairs of the company, quarterly distributions were made amounting to \$1,344,515.10 for the year. On February 1, 1929, distribution to shareholders was increased from the rate of \$4 to \$5 and on March 26, 1929, to \$7 per share per annum. With the continuation of a copper market approximately the present prices this rate is expected to be maintained. During the year new ore was developed amounting to 3,044,247 tons, being 748,053 tons in excess of the tonnage mined and treated during that period. With the development and operation of the Bonanza ore body, further work will be carried on in order to delimit the present known ore body. Plant improvements in progress at the end of the year consisted of changes in mill equipment, which are now in operation and have materially raised recoveries. Several options were taken during the year on new properties and exploratory work conducted thereon but the showings encountered, however, were insufficient to justify further development and the options were cancelled. The policy of keeping engineers in the field will be continued and examination will be made of any new properties of interest which may be brought to the company's attention." During the year 26,134,026 pounds of copper was produced at Anyox and 35,637,267 pounds was sold. At Anyox 279,885 ounces of silver was produced and 5821 ounces of gold. The major item of construction carried on by the company during the year was the opening up of the Bonanza property.

Completion of the tramway at the Saddle property of the Silver Crest Mines, Ltd., connecting the wharf at Hastings Arm with the tunnel portal, will proceed shortly. This work was interrupted by snowfall last fall when it required only a short time to complete. Once the tramway is finished it is planned to take in machinery and supplies to the tunnel camp with a view to extending the tunnel 250 feet ahead. This tunnel is expected to tap the ore bodies exposed in the shaft workings to a depth of 85 feet and carrying average values of about \$60 per ton in silver and lead.

Further driving of a crosscut tunnel has been authorized by the Rufus Argenta at Stewart in an effort to intersect the big Erickson vein. During the winter 400 feet of crosscut was driven and, as this failed to get results, a contract has been let for an additional 400 feet on the understanding that if the Erickson vein is intercepted prior to completion of the 400 feet, the cross-cutting will be discontinued and drifting on the vein will proceed.

AMERICAN TROLLING BOAT CASES COMING UP IN SOUTH SOON

The cases of five American trolling boats, which were seized near here about the middle of May and charged with illegal fishing in Canadian waters, will be tried in Admiralty Court in Victoria on July 9. C. H. O'Halloran of Victoria will act as counsel in the cases for the fisheries department in place of E. F. Jones of this city who will be unable to go south.

EXTRACTS FROM VICKERS' DIARY - 1752
6th of a Series

It is a sincere tribute to the many virtues of Vickers' London Dry Gin that the "fashionables" of our time are no less appreciative of its rare and distinctive qualities.

"The carrier did bring a further interesting letter from Brother John describing a vogue now in great favour, of serving as an appetizer worthy Vickers' Gin mixed with aromatic bitters, and a cordial called vermouth. A gentleman from the Americas, delighted with the concoction, hath returned to his country with the recipe."

EDDIE TOLAN AT VANCOUVER

World's Fastest Negro Sprinter to Run Against Williams at Carnival July 12

VANCOUVER, July 5.—"World's fastest Negro sprinter." That is the title Michigan University's scurrying little sprinting ace carries around in his spiked shoes these days when world's records are going by the boards with astonishing regularity. When little Eddie dashed 100 yards in 9.5-10 seconds to beat George Simpson a little over a month ago, the name of Eddie Tolan overshadowed those of De Hart Hubbard and Howard Drew, the great Negro stars of the past. Tolan meets Percy Williams here July 12-13 in what is expected to prove the greatest 100 yard duel in track history.

Tolan was an obscure high school boy in 1926, with ambitions to become a sprinter. Little Eddie also had ambitions to be a football player, but his small size and the caustic comment of a hard-boiled coach who demanded plenty of beef, dashed his gridiron hopes and caused him

to devote his entire time to the cinder path. He came to the front rapidly, winning the 220 yard championship of America for the Cass High School of Detroit, Mich., in 1927 and was placed on the All-American interscholastic team by the A.A.U.

When the time came for little Eddie to enter college it was only natural that he should follow the footsteps of De Hart Hubbard, also of Detroit, and enter Michigan University, at Ann Arbor. He is only a sophomore, and has two years more of intercollegiate competition.

FINAL OF MEN'S SINGLES PLAYED

J. H. Peets Defeated W. B. Tobey Last Evening in C. N. R. Tennis Club Event

J. H. Peets defeated W. B. Tobey, 6-4, 6-2, 6-4, in the final of the men's singles in the C. N. R. Tennis Club's tournament last evening. This is the first final to be played yet in this tournament.

Little Waldo was much impressed by his first trip through the garden. Coming to the morning glories, he shouted: "Oh, mother, come and see the vine with the loud speakers!"

Sport Chat

An interesting tennis tournament was held recently at Stewart with players from Premier also participating by sending down three men's teams. In the men's doubles, S. G. Lawrence and H. D. Rochfort were winners while the sisters, Mrs. Louis Behnen and Miss Muriel Crawford, captured honors in ladies' doubles.

The Stewart baseball team's winning streak was recently broken when Hyder won a game by a score of 12 to 8. History seems to be repeating itself for it so happens that in past seasons Hyder has made a poor showing at the start but has usually come from behind before the end and wound up by winning every game.

Students of Stewart Superior School were awarded their "letters" for athletic ability before the close of the last term. Best girls' and boys' basketball and football teams were named while the following were declared track champions: senior boys, Loren Bolen; senior girls, Violet Watson; junior girls, Pearl Lyon; junior boys, John Thomey.

ELKS WINNERS OF BALL GAME

Took Match Last Night From Native Sons to Tighten Up Standing; Loblick Gives But One Hit

In a game which was not without some serious errors as well as spells of good play, the Elks last night won 9 to 3 over the Native Sons of Canada and thus tightened up the City Baseball League standing so that only one full game now separates the leading Canucks from the cellar dwelling Gyro Club. Despite the cool evening quite a crowd of fans was on hand to follow the play.

The Sons were without their regular hurling staff and put Vic Menzie in first to face the batters. Menzie was given good enough support until the fourth frame when fielding errors contributed largely to the lodge men collecting five runs. Then Benny Wendle took the mound and held the Elks to one more run in the three remaining innings.

In the first inning the Elks got one run and in the second, two while the Canucks garnered two in the first and one in the second. There was no scoring in the third so things were still even. The disastrous fourth as far as the Canucks were concerned decided the issue, ten Elks going to bat in this stanza.

Stalker's running catch of Spiro Gurych's fly in left field in the second and McNulty's one handed catch of Stephens' fly in the fourth were spectacular features of the game. In addition to pitching a steady game, and allowing but one lone hit, Herman Loblick made safe hits for the Elks three times; out of four at bat. In the last half of the final inning, Wendle fanned Gosse, Stephens and Gurych, one-two-three. Alex Mitchell on two occasions made singles but circled the bases on Sons' errors with other Elks on board. The last time, however, he forgot to touch the bags and was called out; though Arsenau scored ahead of him. Vic Menzie accounted for the Sons' run in the second by going to first on a passed ball, stealing second and passing home.

The men who made hits were: Elks—two bagger, Arsenau; singles, Harold, 2; Hanson; Arsenau; A. Mitchell, 3; Loblick, 3. Native Sons—singles, Howe.

Details of Play Bases on balls—off Menzie, two; off Loblick, one. Strike-outs—by Menzie, three; by Wendle, four; by Loblick 10. Elks—Harold, 3b.; George Mitchell, 2b. CHICAGO DROPS TO 2ND PLACE IN NATIONAL

NEW YORK, July 5.—Chicago dropped to second place when they broke even with Cincinnati yesterday while Pittsburgh were winning two from St. Louis.

The Giants divided a double-header with Boston. Melvin Ott, the young Giant outfielder, hit his 24th homer in the fifth inning of the second game, increasing his major league leadership.

Jug Handle Johnny Morrison won the sixth straight game since joining the Brooklyn team in the second engagement after Philadelphia had taken the opener.

In the American League the Yankees cleaned up a double-header against Washington, while Philadelphia were maintaining their lead by doing the same to Boston. Cleveland and Chicago divided a double-header.

Scores follow:

Table with National League and American League scores. National League: New York 3-8, Boston 4-0, Philadelphia 14-3, Brooklyn 12-5, Cincinnati 5-5, Chicago 8-1, St. Louis 4-2, Pittsburgh 8-8. CITY TENNIS WAS SURPRISE

Defeat of Well Known Ladies Proved Interesting Event

A surprise feature of the city tennis championships last evening was the defeat of Mrs. S. P. McMordie and Mrs. H. L. Shadwell by Miss Vera Smith and Miss Laura Frizzell in the final of the ladies' doubles. The score was 7-5, 6-4.

The men's doubles were advanced to the finals last evening. In the third round, Bob Bartlett and Pete Black beat John Bushby and E. Wilding 6-2, 6-2 and W. L. Stamford and F. Joslin won over H. A. Pryce and P. H. Linzey 6-1, 6-0. In the semi-final, Pete Black and Bartlett beat Stamford and Joslin, 6-4, 7-5, thus earning the right to meet Col. S. P. McMordie and Carl Brand in the final.

Weather permitting, the finals will be played this evening, thus bringing the tournament to a close.

THISTLES TEAM

The Thistles will field the following team tonight in the final football game against the Empress Social Club for the Gilhuly Cup: Corbett; Erskine and Jack; Mitchell, Hadden and Haig; Campbell, Macdonald, Baprie, Mitchell and Farquhar; reserves, Lambie, Wood and Harrison.

NEWS OF NORTHERN B.C.

SMITHERS

Mrs. J. A. Macdonald and daughter, Patricia, left last week for Ottawa, being called there on account of the illness of Mrs. Macdonald's sister.

Several settlers were fined in court here recently for infractions of the fire regulations governing burning permits.

The main street of Smithers was decorated gaily for the Dominion Day celebration, money having been raised among the merchants for the carrying out of the work.

So far this season there have been more visiting autos here from the south than in any previous year. With warmer weather, a great many more cars would be coming north.

VANDERHOOF

In a recent essay contest conducted by the District Forester the following local pupils won prizes: Jean Cameron, Vanderhoof High School; Carvel Preston and Clayton Jones, Vanderhoof Public School.

A. E. Richards, supervisor of illustration stations, will hold a field day here next Monday.

A quiet wedding took place at the United Church manse here last Thursday evening, Rev. David Donaldson officiating, when Miss Alice Amelia Huffman of Fort St. James was united in marriage to Cecil Frank Loper of Stuart River. The attendants were Mrs. K. Smith and Warren Johnson.

Miss Helen Bond of Finmoore is visiting here with Mrs. Robert Reid.

The local United Church and Anglican Sunday Schools held a joint picnic last Thursday afternoon at Nulki Lake. There were 130 children in attendance and all had a fine time. In charge of the affair were Warren Johnson, E. A. Mitchell and Ernest Smedley.

BURNS LAKE

Provincial Constable and Mrs. G. A. Johnson and family left last week for Nanaimo to which place Constable Johnson has been transferred.

Construction has started of a new Anglican Church building in Burns Lake.

T. D. Conger, F. Conner and Adam Gamber of Tchesinkut Lake were visitors in town last week. A strike of bauxite, the mineral from which aluminum is manufactured, has been made in the Cheslatta country by Alex J. D. MacDougall of Binta Lake.

TERRACE

Mr. and Mrs. E. Barnes and Mrs. Corley of Pacific were Dominion Day visitors here, returning home on Tuesday.

Miss Ilene Osbourne of Prince Rupert spent the week-end and holiday with Mrs. A. Y. Wilson of Remo and Miss Gladys Kenney of Terrace.

Canon T. J. Marsh returned home on Monday after attending the meeting of the Anglican clergy in Hazelton from which point he motored to Smithers and spent the week-end with Mr. and Mrs. A. C. Fowler.

Rev. and Mrs. Wm. Allan and family who left here on Friday last, were given an enthusiastic send-off at the train where scores of friends of all denominations gathered to wish them "bon voyage." Mrs. Allan's groups of C. G. I. T. and Golden Key girls were there en masse and as the train pulled in surrounded her and sang their evening song "Taps."

PRINCE GEORGE

Fred Anderson and E. Malcolm Wylie are awaiting trial here on charges of having stolen provisions from the caches of Martin Daykin on the head waters of the McGregor River.

Shorty Webber has been fined \$200 by Judge Calder of Kamloops in County Court here on a charge of causing malicious damage to property on Gust Trapp's trapline. The case was the outcome of a feud which started last December when Trapp shot Webber's husky dog.

Miss Jean Robertson has arrived from Prince Rupert, where she was attending convent, to spend the summer vacation with her parents, Judge and Mrs. Robertson.

Mrs. Robert Kerr left last week by motor for Vancouver where she will pay an extended visit with her parents.

BILLIE DOVE IN "NIGHT WATCH"

Famous Movie Star in Story of the Sea at Capitol Tonight in Double Bill

Billie Dove in "The Night Watch" is seen along with Donald Reid tonight and tomorrow in one of the most thrill-packed stories of the sea. Among the other wonderful scenes, the picture shows how the booming guns of an enemy broadside awaken the dormant love of a beautiful wife. The exquisite beauty of Billie Dove makes the audience gasp in wonder. One of the thrills tells of her being trapped on a warship in the cabin of her sweetheart. And then there is the pathetic side in which audiences weep as they have never wept before when she reveals her soul-secret before a packed courtroom to save the man she does not even love.

RIN-TIN-TIN SHOWING HERE

Famous Dog of the Movies to Be Seen in Big Double Bill Tonight

Rin-Tin-Tin, the world's most famous movie dog, is to be seen tonight and tomorrow at the Capitol in the big double bill which is the week-end fare at that popular house of entertainment.

Rin-Tin-Tin has turned crook except for motion picture purposes in "The Million Dollar Collar." The Robert Lord story hinges on a series of sensational robberies, Rin-Tin-Tin appearing for a time as a member of an underworld gang.

As an added attraction Art and Bill will appear in comedy hits.

LEFT TO ATTEND BIG CONVENTION AT JASPER

George Wilson, Business Manager of Daily News, Meeting With Other Advertising Managers

George Wilson, business manager of the Daily News, accompanied by Mrs. Wilson left this morning for Jasper Park where Mr. Wilson will attend a convention of the advertising managers of Western Canada including points as far east as Winnipeg. This is an important event and one of a series which Mr. Wilson has attended.

Mr. and Mrs. Wilson are leaving the family at Hill Farm, Terrace, while they are away and stop off there this afternoon with them, continuing to Jasper tomorrow.
