Mountain Top Falls Over, Beach Goes Into Sea in Quake

Many residents of the Queen Charlotte Islands, more particularly on the south end, were nigh terror-stricken at the first of this week, when no less than three earthquakes on successive days rocked Moresby, Graham and the smaller islands. The steamer Prince John, arriving in port late last night, brought stories of several rather startling occurrences during the tremors on the islands. At Lockport, the top of a high mountain is reported to have virtually toppled over, and, near Sandspit, five hundred feet of what was formerly a beautiful sandy beach slid into the sea. The same shock that was observed in Prince Rupert on Sunday afternoon was felt on the islands, and, besides that, additional quakes on Monday and Tuesday were reported.

The mountain, 12 miles from Lockport, has been causing much attention recently and from it low rumblings are said to have emanated quite frequently of late. There are some who even believe that a volcano may be coming into action there.

All points on the islands report having felt the quake quite distinctly and around Skidegate Inlet there was a four-foot tidal wave. At Rose harbor whaling station and elsewhere brick chimneys fell off buildings.

On Sunday afternoon there were three severe shocks, one after another, the first being the most marked.

Men at Morgan's logging camp, Moresby Island, were thrown off their feet when standing on open ground. All the dishes in the cook house were shaken off the shelves and many broken and one of the buildings was thrown down.

At South Bay cannery bricks from some of the chimneys were shaken down and wild birds were flying in all directions, evidently terrified.

At the time of the quake the cock pheasants kept up a steady crowing. Pollen from the fir trees shaken out gave the appearance of a forest fire. It was a strange sight to see the yellow dust rising in large clouds from the mountainside.

Mrs. E. J. Palmer, wife of the logging superintendent at the Morgan camp, had a large mirror which weathered the trip across Hecate Straits hanging on the wall of their home. It was struck down and broken into bits. Mrs. Palmer says she is not superstitious.

The earthquake on Sunday afternoon did no damage around Port Clements except for the falling of a couple of trees on Dunroo's farm.

GOLD REPORTED NORTHERN B. C.

VICTORIA, May 30.—A report has been received here that a gold discovery is attracting attention in the northern part of the province. The location is not stated, but it is believed to be somewhere between Peace River and Cassiar district boundary. The report says gold seekers are going in from the Peace River country by Half-way River. Others are going from the opposite direction from the vicinity of Dease Lake.

FUNERAL TODAY OF MRS. GEORGE PLACE

Rev. Ivon Jones officiated and Large Number of Friends Were Present

The funeral took place this afternoon of Mrs. George Place, Rev. Ivon Jones officiating at the B. C. Funeral Chapel. The hymns sung were "Lead, Kindly Light" and "O God Our Help in Ages Past." John Davey sang "Jesus, Saviour, Pilot Me," and the pastor spoke words of comfort and cheer.

TROLLER IS SEIZED BY THE RIVIDIS

Claims To Have Been Getting Repairs Made at Tow Hill

Fisheries protection power boat Rividis last evening brought in the American trolling boat Mary C. Fischer of Ketchikan, the craft having been picked up yesterday morning at Tow Hill, Graham Island, Queen Charlottes, where it was claimed she was in for repairs. The fisherman on the Fischer was A. A. Fillion. The boat is rather a small one of eight tons register.

It is assumed that this case will follow previous ones before the admiralty court.

CAPT. SAUNDERS MOVING SOUTH

Agent of Marine Department Here for Seventeen Years to Take Up New Post

Having received the appointment of superintendent of pilotage on the British Columbia coast, Capt. F. T. Saunders, for seventeen years local agent for the Marine Department and prior to that master of the steamer Prince George after he came from the Union Steamship Co., in which service he was skipper of the Camosun and other vessels in the early days, will sail tomorrow night on the Princess Maquinna for Vancouver, where he will make his future headquarters. Mrs. Saunders goes south with him.

Many friends will regret the departure of Capt. and Mrs. Saunders from Prince Rupert, but will be glad to learn that his official duties may occasionally bring at least the captain back here.

Following Captain Saunders' departure, W. L. Stamford, superintendent of lights, will take temporary charge of the local station. A permanent appointment will be made later by the Civil Service Commission.

VOTING TODAY GREAT BRITAIN

LONDON, May 30.—All England, Scotland, Wales, Ireland and Ulster are voting today to elect a new House of Commons. Feeling is running high and all parties show a good deal of confidence.

This being the first time on which women between the ages of 21 and 30 have had an opportunity to vote and there being, in the kingdom, more women than men voters, the outcome is very much in doubt.

OPPOSITION IN SASKATCHEWAN STRONG TODAY

Election Nominations Took Place Today for General Election

REGINA, May 30.—"No Quarter" is the battle-crier of the warring factions in the Saskatchewan general election campaign, nominations for which were made today for the general elections on June 6. There are 63 seats to be filled. Sixteen three-cornered fights are expected and one four-cornered fight.

Forty-five Conservatives, the most united opposition yet offered to the perennial Liberal regime, were expected to be listed and 19 Progressives and 15 Independents.

WASHINGTON, May 30.—No action looking toward the ratification of the treaty for the protection of the Fraser River sockeye salmon will be taken at this session of Congress.

TWO CONCERNS AFTER POWER STEWART, B. C.

Power Corporation Application Being Opposed by Vancouver Mines

VICTORIA, May 30.—The struggle for water to develop power in British Columbia continues. The scene has changed, however, from Campbell River to the northern part of the province and the water board here had a sitting to hear the claims of rival applicants for water in American Creek, tributary to the Bear River.

The applicants for American Creek privileges were the Northern B. C. Power Corporation, operating at Stewart, B. C., and Hyder, and Samuel Deschamps of Stewart, B. C., representing the Vancouver Mines which holds a number of claims along American Creek and which desires to utilize the water for carrying on the work there.

DECORATION DAY IN THE STATES

WASHINGTON, May 30.—Throughout the country today the graves of the heroes who have fought for their country were decorated and memorial services were held. At noon there was a brief silence when salutes were fired.

The grave of the unknown soldier was piled with flowers.

Agreement Reached on German War Reparations Under Which Yearly Payments to be Made

PARIS, May 30.—German experts and their creditors came to an agreement last night on the revised reparation annuities as proposed by the chairman, Owen D. Young, of the United States delegation. These annuities average 2,050,000,000 gold marks, or about \$492,000,000, for 37 years; 1,700,000,000 or \$408,000,000 for 21 years; and 900,000,000, or \$216,000,000, for the final year.

The annuities will run from September next, the Dawes plan to continue in force until that time.

PARIS, May 30.—The allied creditor experts today reached final agreement among themselves on German reparation payments. The general impression was that matters would now "move along very fast."

WITH LEADERS IN ELECTION

Macdonald, Baldwin and Lloyd George Given Great Receptions in Home Constituencies Today

LONDON, May 30.—Rt. Hon. Ramsay Macdonald, Labor leader, was almost mobbed by his admirers when he made a tour this morning of the polling stations in his constituency of Seaham, which includes extensive colliery districts in Wales.

Premier and Mrs. Baldwin left this morning on a cross-country journey to vote at Ellesborough in Aylesbury Division, Buckinghamshire.

Making a tour of the Liberal committee rooms in his constituency of Carnarvon Division, Rt. Hon. David Lloyd George was given a tremendous reception as he drove along in his decorated automobile.

Busy scenes marked the early hours of polling throughout the country.

PRESENTATIONS LAST NIGHT

Rev. W. F. and Mrs. Price Given Farewell by Members of Congregation

Members, adherents and friends of the First Baptist Church turned out in large numbers last evening to bid farewell to Rev. and Mrs. W. F. Price. The Lecture Room of the church was filled to capacity, testifying to the esteem in which the retiring pastor and Mrs. Price were held.

The proceedings opened with the singing of several well known hymns, after which Mr. Price conducted a brief devotional service.

The second part of the proceedings was under the chairmanship of P. H. Linzey, who in a few opening remarks stated the reason for the occasion and expressed regrets therefor.

Miss Hughes, president of the Baptist Ladies' Aid, was the next speaker and in a happy vein tendered to Mrs. Price on behalf of the Ladies' Aid a pair of hand-painted pictures of "Sunset at Prince Rupert." Mrs. Price was visibly affected by the warmth of feeling conveyed in the address of Miss Hughes and responded feelingly in an expression of thanks and gratitude for the

THE SEWER BYLAWS

The mayor points out quite correctly that, if the ratepayers fail to pass the money bylaw on sewer over-expenditure tomorrow, next year's council will have to pay the whole sum of \$19,000 out of the 1930 budget, which will mean a very material increase in the tax rate or a serious curtailment of the usual work and services of the year. By approving the money bylaw, the sum would be spread over a period of twenty years, which would be much the easier way of financing it. The work has already been carried out so must be paid for.

His Worship accounts for the over-expenditure with the explanation that the council decided upon a more expensive sewer pipe than was at first planned and also that some of the work was carried out as a relief measure and thus cost more. The matter of relief work may be quite laudable. As for changing the specifications, last year's council may have invited trouble by so doing. It would seem hardly good business, however, for the ratepayers to turn down this money bylaw for spite, because it will be they themselves and not the council that will suffer particularly if there is an increased mill rate next year.

As for the McBride Street pavement and Eighth Avenue water main bylaws, both would provide much needed services and will, therefore, commend themselves to many of those qualified to vote.

There is, no doubt, a considerable amount of opposition to the bylaws. Those who favor them should not allow the measures to be turned down through their apathy. A three-fifths vote is required to carry.

FINE CONCERT
COLOMBO MEN

Varied Program Delighted Large Audience Last Night in Moose Hall

Clever and diverting entertainment was given last night in the Moose Hall by the concert party of H. M. S. Colombo under the direction of Lieut. Leighton, the ship's musical officer, before a large audience, who took up all the seating capacity provided. Much appreciation was expressed by the audience which enthusiastically encored practically every number on the program which included selections by the ship's band, comic and popular songs and ballads, female impersonations, monologues, instrumental numbers, vaudeville patter and two sketches.

Assisting Lieut. Leighton in the arrangement of the program were Commissioned Gunner Downing and Signalman Wilson, the latter being responsible for very effective stage decorations. Attractive lighting effects were carried out by P. O. King and A. B. Philpotts.

Before the entertainment started, D. C. Schubert, dictator of the Moose Lodge, briefly welcomed the naval visitors and introduced the company. Lieut. Leighton responded in humorous vein.

Chief features of the entertainment were two comic sketches. The first was entitled "P. C. Parker" in which Leading Signalman Edwards was seen to good advantage as an inebriated policeman. The second of the sketches depicted in burlesque fashion the arguments of two theatre box parties, several novelty turns being introduced much to the delight of the audience.

The ship's band gave several delightful selections under the direction of Stoker P. O. Clare.

Leading Seaman Nurthen gave two entertaining comic songs, "How Does the Milk Get Into Coconuts?" and "The Firemen's Song" to open the program and Chief Ordnance Artificer Hoile sang in feeling tenor voice "The Kingdom Within Your Eyes" and "Garden of Happiness."

Another Departure Following the presentation to Mr. and Mrs. Price, V. Houston, on behalf of the senior choir, members and friends, presented Mrs. Pelletier with a silver butter dish, and voiced the sentiments of all at the departure of Mrs. Pelletier from the Baptist church and Prince Rupert. Mrs. Pelletier, who was much surprised, after finding her voice, thanked Mr. Houston for his kindly expressions, and those present for the gift she had received. Mrs. Pelletier, who is leaving Prince Rupert to reside in Smithers, recounted her connection with the Baptist Church and the Baptist Ladies' Aid, and expressed her regret at the necessity of leaving.

After the presentation the Ladies' Aid served refreshment under the conensorship of Mrs. V. Houston, assisted by Mrs. S. Currie and Mrs. J. H. Smith. The Rev. T. H. McAllister, Rupert East United Church, closed with prayer.

The Letter Box

THE BYLAWS

Editor, Daily News:— Tomorrow the ratepayers of this city will be asked to vote on two money bylaws, one for \$19,000.00 in connection with the main sewer, and one for \$12,000.00 spent in building the road from Ninth Avenue to the bridge to connect up with Eleventh Avenue. You will not be voting this money for the council to spend, because the money has already been spent from general account, but simply furnishing the council with an order which they can cash at the bank, and reimburse the treasury. When the city engineer was asked to figure on this sewer, he turned in an estimate of \$35,000.00. This money was spent, and he was allowed to overdraw from general fund to the extent of \$19,000.00 to complete the work. This money was also spent, and the sewer is not completed yet. Just how much it will cost, nobody seems to know. He certainly made a bad "guess" when he could not come within 50 per cent of the cost, and it is high time that a stop was put to this squandering of the ratepayers money.

So far as Eleventh Avenue is concerned, a few hundred dollars would have put that road in shape for the handful of people who are residing over there, without going to the expense of building a brand new road when the city is so hard up for money. Eleventh Avenue could have been closed from beyond Jim Lee's residence to Conrad Street without inconveniencing a single soul, and this end of the avenue put in shape so that residents there could carry on, allowing joy riders to travel by some other route. City work has been carried on in a most extravagant manner for over a year now, and if allowed to continue they will have us bankrupt. Just why the mayor and council do not put a stop to this extravagance, and gross display of incompetence, I am at a loss to understand. However, if they are content to stand idly by and see the city swamped in debt, then it is up to the property owners to use their prerogative, by our voting power, and turn down these bylaws tomorrow. The writer has spoken to several scores of people on this subject and when the matter was explained to them, one and all declared that they would certainly vote against any money bylaw until there was an investigation, and matters were properly adjusted.

TAXPAYER

PRUDHOMME ON BYLAWS

Editor, Daily News:— I am reluctant to discuss civic matters in the press, but feel that as an alderman I have a duty to discharge to the people of the city and when certain matters should be brought to their attention.

In reference to the vote to be taken tomorrow on the money bylaws, I wish to state clearly that I intend voting against the bylaws as a protest against the extravagant manner in which public money is being spent, fearing that the continuation of such policy will not long delay the appointment of a receiver.

Re Main Trunk Sewer

In reference to the excuses made by the mayor for the excessive cost of this work I wish to point out that heavier grade of pipe was discussed by the board of works and the city engineer and I specifically asked what amount the engineer had estimated for pipe, but he would not state any particular amount, but assured the Board of Works that he would have plenty in the estimates to complete the work, even with the heavier grade of pipe, and as a matter of fact no lighter grade of pipe should ever have been considered. As near as I can now remember the difference in cost of the lightest and the heaviest pipe was less than 5,000.00. The amount you are asked to vote for over expenditure is \$19,000.00. The mayor also claims that a considerable portion of the over expenditure was due to the caving in of part of the trench, but the total cost

of work on this trench up to the time laying of pipe commenced was only a little over \$3,000.00. Surely this could not have all been lost, and even had this whole work been destroyed to that time would it excuse such an enormous over expenditure.

The amount of money spent by the engineering department to May 25 of this year is \$54,183.83. Some of this has been charged in the following manner:

Cemetery Maintenance	\$ 914.82
Macadam Roads	2264.21
Tools and Equipment Purchased	1006.25
Tools and Equipment Expense ac.	1940.13
Maintenance of Sidewalks	3617.72
Quarry, Dunsuir St.	1495.54
McBride St. Extension	6374.88
Dunsuir St. Grading	1641.79
Main Sewer No. 1	29306.94

Is comment necessary on the above, more than to ask how and when since the first of January was over \$900.00 spent in Cemetery maintenance, more than \$2200.00 on macadam roads, nearly \$3000.00 on tools and equipment, maintenance of sidewalks amounting to more than \$3600.00, more than \$6000.00 on McBride Street extension? If any one is in doubt go and see the amount of work done for this money on McBride extension. Need I say more?

A. J. PRUDHOMME

TRUNK SEWER BYLAW

Editor, Daily News:— In supplement to my letter of the twenty-ninth inst., published in your issue of yesterday, I wish again to emphasize what I stated therein as to what would be the financial result if the bylaw for the completion of the trunk sewer and the pavement of McBride Street are defeated. It will simply mean that the ratepayers will have to pay their portion of the cost when they pay their next year's taxes instead of having the amounts spread over a term of twenty years and ten years respectively.

In regard to Ald. Prudhomme's statement at the last meeting of the council that he intended to vote against these bylaws as a protest against the engineer, I would point out that what was pointed out to him by Ald. Brown at the council meeting, is true. That he voted as a member of the board of works and the council to substitute the more expensive pipe for that recommended by the engineer, and also concurred in the policy of excavating in the autumn of 1927 and the winter of 1928 as a measure of relief, and so cannot relieve himself of the responsibility of the increased cost of the sewer involved by these two facts.

I would further point out that Ald. Prudhomme, since the beginning of this year and, indeed, a greater part of last year, has consistently attacked almost every work emanating from the engineer's department and has exhibited a degree of personal feeling against the city engineer which it seems to me, to say the least, shows distinct bias on his part against the engineer.

Yours truly,
S. P. McMORDIE...

HIGH SCHOOL
ANOTHER WIN

Beat Booth 4 to 1 in Junior Game But No Walkover

High School yesterday recorded another win over Booth School by four goals to one after a game in which the Booth team had rather the better of the play. The first half saw Booth attack early and Wingham beat Smith with a high shot from the wing. Booth continued to press but Stiles and Pyle cleared. In a breakaway High nearly scored but Nelson cleared when all seemed lost. Smurthwaite at last put the teams even.

Booth began the second half with a dangerous raid but were sent back. High pressed occasionally and were always dangerous round the goal. Smurthwaite added another and Wicks scored two to give their school a safe lead. Smith saved splendidly from Tobey on one occasion but Booth forwards were unable to score.

Teams

High—Smith; Stiles and Pyle; Morrison, Franks, Forbes; Wicks, Armstrong, Smurthwaite, Thomas and Bacon.

Booth—J. Murray; Nelson and Cross; Bartlett, Colusi, Greer; Walters, Tobey, Cameron, Iverson and Wingham.

F. Hardy and T. Bussanich were linesmen.
Booth had much more of the game than the score would indicate, while lapses by Murray in goal gave High a couple of undeserved goals. Murray saved well at times but was nervous. Nelson turned his best game so far while Cross was safe as usual. Colusi played a clever game at centre half distributing the play well and tackling keenly. Greer and Bartlett were good. Wingham, Walters and Cameron played nice football but found Stiles a tough man to pass. They were always plucky in spite of many knocks. Tobey nearly beat Smith towards the end.

High were well served by Smith in goal and Pyle and Stiles were reliable. Franks, Forbes and Thomas played neat football. Smurthwaite and Wicks were always very dangerous and shared the goals. Armstrong intercepted many passes and played a more than useful game. Morrison and Bacon did well at times.

BENNY WENDLE LOOKING GOOD

Main Event in Boxing Tournament Tonight Should Be Lively Tilt

Benny Wendle, who will meet Marine Venables at the Exhibition Hall tonight in the headlines of a boxing tournament between H.M.S. Colombo and the city, came out last night in the Empress Social Club and showed a vast improvement as a result of his recent sojourn in the south. Benny always was a tough and clever boy and he is much more so now than ever. Marine Venables also worked out again and proved that he is going to be a worthy opponent.

Judging from their appearance in work-outs, the Colombo men should put up keen competition for all that is offered locally.

St. Louis Cardinals Took Double Header Yesterday—Giants Battered By Dodgers

GEHRIG MAKES ELEVENTH

Athletics in Winning Stride Again With Easy Victory Over Boston Red Sox

NEW YORK, May 30.—Pittsburgh Pirates won their eighth consecutive game yesterday by beating Chicago Cubs 7 to 2 and confirmed their hold on first place in the National League.

The Brooklyn Robins jumped into sixth place above the Boston Braves when Clise Dudley hit the Giants down with three hits to give the Dodgers a 4 to 1 victory. Lindstrom scored a home run to save the Giants from being shut out.

The Phillies went definitely into the first division by beating the slipping Braves 12 to 1.

The mound work of H. Hall and Sylvester Johnson, relief pitchers, enabled St. Louis Cardinals to renew their bid for the pennant by taking both games of a double header from Cincinnati Reds. Scores were 4 to 3 and 6 to 2.

American League
The Philadelphia Athletics tumbled back into winning stride behind six hit pitching of George Earnshaw and defeated the lowly Boston Red Sox 7 to 1.

The Washington Senators emerged from the cellar ahead of Boston by battering two New York Yankee pitchers for fourteen hits to win 8 to 3. Lou Gehrig made his eleventh homer in the sixth inning, putting him in a tie with Melvin Ott of the Giants for the inter-league circuit clout leadership.

George Uhle turned in his ninth straight victory of the season for the Detroit Tigers who defeated St. Louis 7 to 6.

Jimmy Zinn, Cleveland's 32-year old recruit hurler, held Chicago White Sox to six hits and the Indians hammered out an 11 to 1 victory.

Scores were:
National League
Cincinnati 3-2, St. Louis 4-4, Boston 2, Philadelphia 12, Brooklyn 4, New York 1, Chicago 2, Pittsburgh 7.

American League
Philadelphia 7, Boston 1, Cleveland 11, Chicago 1, New York 3, Washington 8, St. Louis 6, Detroit 7.

Wise Babies Select Intelligent Mothers

by Mary Blake

I really marvel at the young mothers of today. Their wisdom is nothing short of astounding. No child of their generation is permitted, in spite of the most dotting of grandparents, to play the role of new toy for the diversion of the family. The rights of the modern baby are firmly respected, his routine sternly maintained. His baths and feedings and sleep follow each other in the most orderly precision. No wonder he is a calm, healthy, good-natured baby, easy to care for, steady in gains.

I admit that there are exceptions, because not every baby gets a perfect start. When there are feeding problems to be solved, the mother's responsibilities are heavy. But baby specialists today have such a broad knowledge that it usually takes but a little while to discover the right food for any infant.

The best milk for your baby

On one thing you will find that all doctors agree. For the baby just starting out in life, breast-feeding is a great advantage over artificial feeding.

If your baby must be artificially fed, let your doctor be the one to advise you. With his wide experience with many babies, he can guide you to the right substitute for mother's milk.

He may advise you to use Carnation Milk in the feeding of your baby. If he does, you can feel well satisfied with his choice. He has selected it for very definite reasons. The first is that it

is safe. Milk for the feeding of a tiny infant must be of the purest quality, produced under the most sanitary conditions. It must be whole milk, sufficiently rich in butter fats. Even if you can find such qualifications in bottled milk, the quality is almost sure to vary from day to day.

Carnation Milk is the purest of whole milk, produced from selected herds, under strict sanitary regulations.

The quality is of controlled uniformity; the butter-fat content is never less than 7.8 per cent.

In addition to its purity and uniformly high quality, Carnation Milk offers another advantage. It is so carefully sterilized, so free from germs and bacteria, and sealed so perfectly against contamination that no further pasteurization is necessary. You merely add pure water to replace that removed in evaporation and you have pure milk.

A very important advantage which Carnation offers in the feeding of infants is its easy digestibility, due to the "homogenization" which breaks up the fat globules into extremely minute particles, very readily assimilable even by a baby with a weak digestion.

Of course the feeding of babies is but one of Carnation Milk's important uses. It is wonderful for all cooking, better in results, economical, convenient and dependable. Send for free Carnation Cook Book. Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Safe For Babies

In the feeding of infants, Carnation Milk is a safe choice. It is whole milk of high quality—pure, sterilized, uniform—and available anywhere. Because it is "homogenized", it is particularly easy of digestion. Ask your doctor.

"from Contented Cows"
on the label means EVAPORATED MILK of highest quality

ASSIZE OPENS ON WEDNESDAY

One Criminal Case and a Number of Civil Actions to Be Heard Next Week

With Mr. Justice Gregory expected to preside, the spring session of the Supreme Court Assizes will open here next Wednesday. There is one criminal case on the docket, two civil actions, two chamber applications and one divorce case.

In the criminal case, Jackson Tolison, Klenmu native, is charged with committing a statutory offence against a ten-year-old girl. A. M. Johnson, K.C., will arrive in the city on Saturday morning from Vancouver to act as crown prosecutor. On the same boat, Inspector William Spiller will be bringing the accused to the city. Patmore & Fulton are acting on behalf of the accused.

Civil actions will include the S. P. McMordie vs. Cliff Ford case in which a sum of some \$3000 is in dispute over repairs to the Westholme Theatre. E. F. Jones has the case for the plaintiff, while Milton Gonzales will act for the defendant.

An action—Billings vs. Canadian National Railways—is also expected to be heard at the Assize. Defendant, for whom Patmore & Fulton are acting, claims from the defendant \$2000 as damages when he was bitten by a horse while a passenger on a C. N. R. steamer. Williams, Manson & Gonzales will act for the defendant company.

One of the chamber applications will be certiorari proceedings of Katsu Osawa, Queen Charlotte City Japanese, against a conviction under the Government Liquor Act, Patmore & Fulton acting for the appellant.

The other chamber application is under the Workmen's Compensation Act.

LAST NIGHT OF AL JOLSON IN SINGING FOOL

World's Greatest Entertainer Will Be Seen Again Tonight at the Capitol Theatre

Al Jolson, the world's greatest entertainer, will be seen again tonight in his greatest triumph, "The Singing Fool."

One of the finest pictures ever shown here—a human, laughable, lovable story, combining joy, sorrow, triumph, failure, love and song.

Jolson sings his three great song hits, "It All Depends on You," "A Rainbow Around My Shoulders," and that never to be forgotten "Sonny Boy."

Have you heard Jolson sing these songs? Hear him tonight—you'll be delighted.
