THE HUNGARIAN RED SOVIET HAS COME TO AN END FOLLOWING RESIGNATION OF THE CABINET

Roumanian Army Ordered to Stop Advancing into the Country by Allied Council; Bela Kun is to be Interned at Vienna and is Being Protected

(Special to The News via G. T. P. Telegraphs.)
 Vienna, August 4.—Hungary's soviet government ended Saturday when Bela Kun and the entire red cabinet resigned. The new government is enforcing the strictest martial law. Bela Kun was protected by the allies.
 Paris, August 4.—Bela Kun, the Hungarian soviet leader, has arrived in Vienna where he will be put in an internment camp. The Allied Council has sent a message to the Roumanian army on the Theiss River ordering it to cease its advance upon Buda Pest immediately. Further communication from the Hungarian Government is eagerly awaited by the Council.
 London, August 4.—The town of Onega on the north Russian front has been bombarded and captured by anti-Bolshevik forces.

STOPS LOOTING WITH MILITARY

Police Troubles at London and Liverpool Do Not Prove Very Serious.
 London, August 4.—The police strike in London is a failure so far. It is officially announced that 994 policemen went out while the total number employed is 22,000; in a similar strike in Liverpool 700 out of 2,200 went out and 68 out of 1,450 at Birmingham.
 On Saturday there was some looting in the poorer districts and the Lord Mayor at once appealed to the military for aid, which was promptly given. Six lorry loads of troops were sent and order was immediately restored.
 At Liverpool appeals were also made to the military for aid in quelling disturbances where the authorities followed the example of London in expelling the striking police officers. The loyal police officials made several bayonet charges and half a dozen were arrested in the attempt to check the looters. The rioting did not cease until nearly four o'clock Sunday morning, many persons being slightly injured from stone throwing and charges by the troops. The troops fired into the air with a view to over-awing the crowd.

CALDWELL COMES FROM THE MINES

Tells of the Riches of the Salmon River and the Need of Roads to Properties.
 C. F. Caldwell, who is interested in the Forty-nine and Yellowstone mines at Salmon River, was in the city this morning on his way to New York in connection with his mining interests. He says that the Big Missouri and other properties at the camp are making some wonderful showings and he predicts a great future for the camp, much greater than most people think.
 Mr. Caldwell says he hopes that the road beyond Thirteen Mile will be built soon as there are so many rich properties up that way which cannot be developed until the roads are constructed.

ICE AND CAR SHORTAGE HERE

Many Fishing Boats in Port, But No Facilities — Officials Busy on Job.

There is a serious ice and car shortage here just now. Twenty-three boat loads of halibut arrived since Saturday with something like 200,000 lbs. of fish but there are very few cars to handle it and also there is a shortage of ice.
 W. P. Hinton, general superintendent of the G. T. P., is in touch with the situation and T. B. White, superintendent of cars, is rushing all the cars he can possibly get to this point. They are coming by passenger train instead of by time freight and it is expected that the situation will soon be relieved. The difficulty is in getting the cars returned speedily from the different points in the United States where the fish is shipped. Owing to the fruit business being at its height just now it is impossible to get any American cars to relieve the situation.
 H. McCall, general superintendent of the road, is at present at Winnipeg and he is in close touch with the situation.
 The ice shortage is just as serious at present as the car shortage. The fishermen must have ice if they are to fish and there is very little available.
 The following fishing boats are in the harbor: Loncoln, 13,000 pounds; Vienna, 11,000; Bringold 15,000; Vesta, 14,000; Clara 7,000; Niagara, 13,000; Volunteer, 2,000; H. & R., 13,000; Nidaros, 9,000; Speculator, 9,000; Eastern Point, 11,000; Cora, 9,000; Evolution, 1,000; Teton, 15,000; Ingrid H., 6,000; Caygeon, 8,000; Roal, 600; Kouyasu, 10,000; Kinmount, 4,000; Nuba, 7,000; Atli, 11,000; Tide, 3,000, and Murnee, 10,000 pounds.
 The Chief Zibassa has returned to port with 25,000 lbs. for the Canadian Fish & Cold Storage Co. Limited.
 The Kitgora, which is packing salmon from North Island for the Atlin Fisheries, Ltd., arrived back yesterday afternoon with 30,000 pounds.

RAILWAY SHOPMEN ARE OUT AT CHICAGO; QUARTER OF MILLION MEN INVOLVED

MANY STRIKES AND RUMOR OF STRIKES AT DIFFERENT POINTS; CANADIAN RAILWAY SHOPMEN AT MONTREAL TO TAKE VOTE

(Special to The News via G. T. P. Telegraphs.)
 Chicago, August 4.—This is the fourth day of the strike of Federated Railway shopmen. There are 250,000 men involved and it is still spreading.
 As a result of the strike eight out of twelve of the blast furnaces of the United States Steel Corporation at Garry, Indiana, are banked and 10,000 men are thrown out of employment.
 The railway officials state that traffic will suffer seriously within the next five days unless a settlement is arranged.

ARRANGE BASIS OF SETTLEMENT AT SHIPYARD

President J. L. Mullen Announces That Work on the Slips May Commence in the Morning.
 J. L. Mullen, president of the Mullen Construction Co. and of the Prince Rupert Drydock and Engineering Co., announced this morning that a basis of settlement had been arranged in connection with the local shipbuilding situation and that work on the slips would probably recommence tomorrow morning.
 W. M. Wadden who was here for some days representing Mr. Erb of New York has returned and it is probable that no definite settlement will be arrived at until after he reaches home.
 The work at the shipyards has been suspended for two weeks but it is the hope of the citizens generally that work will be continued without further interruption.

STEPS TO KEEP SHOES CHEAP

Conference Called to Consider Course to be Pursued; Prevent Export of Hides.

(Special via G. T. P. Telegraphs.)
 Ottawa, August 4.—The minister of trade and commerce announces that owing to the abnormal situation in the hide and leather markets which vitally affects the price of boots and shoes, the Government has called a conference to consider the course to be pursued.
 As a preliminary measure the export of hide, skins and leather are to be prohibited except under license.

FOUND HANGING FROM TREE IN WOODS

Body of Returned Soldier Discovered by Woman, near Edmonton.

(Special via G. T. P. Telegraphs.)
 Edmonton, Aug. 2.—The second discovery in the city inside of a week, of a dead body hanging from a tree, was made, when Mrs. A. C. Russell, 10708 82nd Avenue, who, in company with her husband, while picking berries in a bush near the corner of 114th street and 88th avenue, suddenly caught sight of a body of a man hanging from a tree. She immediately rushed to inform her husband, who, without making any investigation, at once notified the police of his wife's discovery.
 Upon arrival of the police who were accompanied by Coroner B. Hughes, they found the body of George Gray Edmunds, a returned soldier, hanging from a tree by a scarf which was tied around his neck; the body being about six and one half feet from the ground.

Miss Winnie Craggs Becomes the Bride of John W. Austin at Anglican Church.

This morning at St. Andrew's Anglican Church, with Rev. Canon Rix officiating, Miss Winnie Craggs and John W. Austin were married. The bride, who looked charming in white crepe de chine, white satin hat, and carrying a bouquet of roses, was attended by Miss May Reid, while Edmund Craggs supported the groom. Albert Craggs, the eldest brother of the bride, gave the lady away. There were numerous and costly presents.
 Both bride and groom are well known in town and they received a hearty sendoff from their many friends as they left on this morning's train for up river on their honeymoon. On their return they will reside on Seventh Avenue.

Preventing Speculating in People's Food.

If by collective purchasing or by any other means the Supreme Economic Council can keep down or reduce the cost of living they will be of great service to the world. In spite of John Stuart Mill and all the economists of the world there is no good and sufficient reason for a rise in prices when there is a scarcity of material. The tendency is that way, but it may be curbed. Concerted action is the only means of accomplishing it.

Prices should be based on the cost of production and not on the demand and supply. If an article costs eighty cents to make and ordinarily sells at a dollar, it should continue to sell at a dollar even though there is a scarcity of the article. The only difficulty is that after some person has bought the article for a dollar, if he finds someone else needs it worse than he does he may pass it on for a dollar and a half. If the selling price of a dollar were set by regulation and selling at a higher rate were illegal it might prevent speculation, but it may not. Legislation along these lines would be experimental and in experiments no one can calculate all the possibilities.

Quarter of Million Peace Loan Proposed.

A quarter of a million dollars is to be raised from a big peace loan in the autumn. Already preparations are being made to get the machinery in motion for giving the people an opportunity to subscribe. The money must be raised, it is understood, and it must be raised in this country.

The Dominion Government will probably take the country into its confidence very soon and explain where the money is to be spent. Naturally the people want to know. If it is a right and proper expenditure the money will be forthcoming; if it is not the cash will remain in the pockets of the people.

Soldier Settlement in Australia.

The Commonwealth of Australia grants no free land. It leases its Crown Lands and as well acquires privately owned lands and leases them to soldier settlers at a small annual rental.

Advances up to a maximum of \$2,500 are made to settlers. There is some discussion now as to the adequacy of this amount, and it is likely to be raised to \$3,750. Loans for permanent improvements extend over twenty-five years; loans for stock and equipment from three to six years. The general line of policy adopted by the Commonwealth may be summarized in the following terms: "The land will not be given away but will be made available on easy terms. Every acre of land will eventually have to be bought and every sum advanced to effect improvements or to be used as working capital will have to be repaid. The idea is not to start off as land proprietors but to provide the means of earning a comfortable living and ultimately owning a farm." It should be stated that the States furnish the land and the Commonwealth loans the money to the States to be in turn loaned to the soldiers.

As in Canada, each applicant is required to demonstrate his fitness and aptitude for farm life and those who require further training will be given this at training farms established in the different States, and allowances will be paid for sustenance during the period of training.

It is estimated that the sum of \$200,000,000 will be required for the establishment of soldier settlers in Australia.

There are several forms of land tenure. In New South Wales, South Australia and Queensland, no free hold title is given. The settler pays a rental of about 1 1/2% of the value of the land and receives a perpetual lease which is inheritable. At periods varying from 10 to 35 years the land is revalued. The soldier settlement policy of the Commonwealth and of the States is a modification of the general settlement policy which has been in active operation there for many years.

VISITOR TELLS OF THIS CITY

Managing Editor of Vancouver Province Gives Lightning Review for His Paper.

Roy Brown, managing editor of the Vancouver Daily Province, was in the party of visitors from Vancouver last week. This is how he saw things here:

"It was not without some regret that Vancouver visitors left Prince Rupert Wednesday night after two very enjoyable days in the neighborhood of the north coast metropolis. There is not a vacant house in Prince Rupert, while a dozen new stores have been erected this year, and the streets are lively. In fact the whole north country is enjoying almost a boom. Stewart's mining prospects seem to be more than realizing expectations, and every boat to this and other smaller camps is crowded with argonauts and piled high with outfits that brought back memories of early Klondyke days to some of the Vancouver visitors. Notable successes, too, are being made in great industrial projects, and talk of new and extensive development and of plans for fresh pulp plants and new smelters and factories are on men's tongues. Everyone who tries to size up the situation finds his blood tingling with the prospect of fortunes to be wrested from these northern resources of mines, forests, and fisheries.

A Fish Feast.

"Speaking of fisheries the Prince Rupert Board of Trade Saturday evening entertained the Vancouver crowd at a fish banquet. T. H. Johnson, who packs them by millions of pounds and ships them by the trainload, directed the cooks. There were salmon and halibut and skates and flounders, and sundry flat fish and crabs, and nearly every other thing that swims in the ocean or walks on the bottom. They have some eloquent speakers in Rupert, especially on the subject of the natural products of the North Country. Altogether it was a gala occasion, and M. P. McCaffery as president of Prince Rupert Board of Trade, was chairman, and gracefully introduced the visitors, not forgetting to remind them that reports had reached Prince Rupert that Vancouver had done some quiet knocking at her northern neighbor. To this the visiting speakers replied that the "knocking" was unauthorized, irresponsible, and not representative of the good feelings which Vancouver really bore to Prince Rupert. Mayor McClymont put the situation very nicely by replying that Vancouver and Prince Rupert are competitors and pressed the argument that industrial development of the north coast could mean only more trade and greater business for Vancouver merchants and citizens generally."

POLLARD KIDS HERE, AND NOW GROWN UP

Well Known Vaudeville Artists to Be at Westholme Theatre Tonight.

Guy West and Grace Fields with their Vaudeville Review have been secured by the Westholme Theatre for this week. They are on their way to Alaska to fill engagements there and it took a special effort on the part of the management to persuade them to stop over for one week. They will be remembered by all the old timers in Prince Rupert, as they had the pleasure of playing here about six years ago with the Pollards Juvenile Opera Co. They were only kids then but they come back almost grown up.

They have with them some vaudeville acts that are hard to beat. Ukulele Hughes, the wizard of the ukulele, and Hawaiian guitar never fails to stop the show. It isn't what he does so much as the way he does it. He actually makes the ukulele talk. Then for those who like a little classic singing Miss Olga Yardley will surely please. Her rendition of Dear Old Pal of Mine is charming. She has a soprano voice that is hard to equal in vaudevilles.

Then there is Marjy and Dody, billed as the youngest sister act in vaudeville. The show will be here this week only and will give an entire bill of vaudeville every other day.

Billie Burke in "The Make Believe Wife" and the 10th episode of "The Lightning Raider" will also be on the screen.

WHOLE TOWN ON THE WATER

Bathing and Camping Resorts Attract All Who Can Possibly Get Out of City.

Practically the whole town crossed the water yesterday. Every launch and boat on the waterfront was pressed into the service to carry the people to the various resorts, the weather being such that all wanted a chance to bathe or picnic. Most of the people went to the Salt Lakes where bathing was the great attraction. The launches Alice B., Narbethong and Dixie Rupert all carried capacity crowds and boats and canoes and private launches did the rest.

Every bay and beach within many miles had at least one party of picnickers. Some went to Shawatlans, others to Metlakatla and Digby Island was also visited. One of the favorite out of town resorts was Tugwell Island where a number of launches carried large parties and where real sea bathing was enjoyed under ideal conditions. The beach there is large, fairly flat and sandy. It is an ideal spot. If it were not quite so far away Tugwell Island would become the most popular resort for the summer. As it is it takes about an hour and a half for an ordinary small launch to make the run, but the route is well sheltered and an ideal one from a scenic point of view.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Dr. Price's Cream Baking Powder as compared with cheaper baking powders made from alum or phosphate — a trifle, indeed, to insure the quality and wholesomeness of your baking.

Mrs. HALL SENDS THIS WHITE SAUCE

It is a splendid sauce and quite easy to make.

Take 2 level tablespoons of flour,

2 level tablespoons butter,

1/2 cup Pacific Milk,

1/2 cup of water in which the fish was boiled.

Salt and pepper to taste and add a chopped hard-boiled egg or chopped parsley.

Mrs. Hall sends this because she says it turns out so well when she uses Pacific Milk.

Others will be as grateful as we are to have this recipe.

The extra fence, constructed on the baseball field at Washington Park, Los Angeles, to give a better chance for home runs has been taken down. The fence shortened the field about sixty feet and caused so much controversy among players and patrons that the league management thought it best to return to former conditions.

Officials of the Hillburst football club in Calgary claim that before they think of going to Montreal to compete in the Connaught cup series, the Dominion football association will have to guarantee \$3,000 to cover transportation expenses. Hillburst figures that the trip will cost \$4,000 and they are prepared to put up the extra \$1,000. In the event that they do not go east they will favorably consider going to Vancouver for an exhibition series.

The National Lawn Tennis authorities have received the Australian team in America. The team which consists of Brookes, Patterson, Lycett and Thomas sailed from Liverpool last Monday. Oarsmen from Great Britain, Canada, Australia and New Zealand plan to visit the United States in September for races with American amateur sweeps. Wm. Harrison Dempsey, the new heavyweight champion, has received his first formal challenge from a Los Angeles boxer, Elmo Lincoln. Lincoln telegraphed a challenge to fight Thanksgiving Day to Dempsey who is now in Chicago. J. J. Jeffries and J. J. Corbett were said to have seen him work out and to have encouraged his aspirations. It was announced that if Dempsey gave him any encouragement Lincoln would train on the Jeffries farm near Los Angeles.

The best boxers of France are planning to visit the United States for a series of international matches. Carpenter is not included in the list of those who will visit America, although the heavyweight has received offers from American promoters concerning a match with Dempsey.

CELEBRATED DANCER ARRIVES IN THE CITY

Miss Peggy Standlee of Seattle is Visiting Her Grand Father in Prince Rupert.

Pretty Peggy Standlee of Seattle arrived in the city last week. She is one of Professor Douglas' best ballet dancers, the daughter of Mrs. H. L. Purdy and has gained much wonderful comment for her artistic dancing.

Peggy was juvenile queen at the Add Club carnival held in the Seattle Arena in 1914 and in this same year christened the huge drydock "Big Bill." She also appeared at an entertainment given by the Naval Sponsors of the U. S. Navy for the benefit of the Orphans' enlisted men of the United States navy.

Miss Standlee has danced at several Red Cross and star smoke fund benefits given in the Douglas Dancing Academy. She is a grand daughter of H. R. Jayne, chief marine engineer of the Prince Rupert drydock company. She will appear at several benefit entertainments to be given in the near future in Prince Rupert.

PIG RETURNED WITH A SATISFIED SMILE

Roving Hogs Raid Supper Supplies of Local Campers at Tugwell With Provoking Results

"One of the pigs came back and looked on with a satisfied smile." That is what was told of a beach porker on Tugwell Island after a party of picnickers had lost all the best part of their lunch and were only just in time to save the bread and butter basket from a marauding band of pigs.

R. E. Benson, the well known and genial local photographer, had taken Mrs. Benson and party to the island in the Poinsetta, had partaken of the mid-day meal and safely stowed the fruits and salads for the evening meal on high ground beyond the reach of tides and children. Then they gave themselves up to watching big men and little children and ladies disporting themselves in the sea and even took part in some of the fun themselves.

Six o'clock and all were hungry. There was the smoke from Bank Manager Cameron's camp rising slowly and temptingly aloft; President McCaffery of the Board of Trade was presiding over the arrangements for tea-making in the midst of another group Ben Self was laying down the culinary law in the midst of a group of youths and coy maidens at another spot and naturally the Benson party turned to tea making as the natural thing to do.

Exclamations of dismay and guttural noises and half-suppressed words such as are used by those who have forgotten the presence of ladies were heard by the other campers, and the phrase "— pigs!" was plainly distinguishable. Then, when a sufficient time had passed to allow the injured ones to assume their usual poise, supplies were secured from the other camps and the evening passed merrily. It was during that time that the pig returned with the satisfied smile.

UNMATCHED STRENGTH OF HUGON THE MIGHTY

Hugon, the mighty, lives at the crest of a towering mountain in the north woods. He believes the land to be his; it was his father's and he glories in his superb strength.

Hugon is the strongest man in the region. So mighty is he that his happiness in life is his unmatched strength and the wonderful self-confidence it creates. But one thing intrudes upon his joy. It is a vague feeling that a greater power than his set the eternal hills upon their base and chiseled the ravines with the keen blade of gentle rain.

Hugon's interest in other things comes with the Girl to the settlement from an Eastern school.

Gabriel, a bright-spirited lad, loves Marie after a fashion, and shows his love by giving her each day the largest fish he has lured from the rushing river.

The plot centres around these at the Empress Theatre tonight.

Miss Gladys Derry of McRae Bros. was a passenger for the south on the Grand Trunk steamer last night and following a short holiday in Vancouver will proceed to Victoria where she will visit for a few weeks with friends.

Cedric Mortimer returned from Terrace on the train yesterday evening where he has been spending the greater part of his summer holidays.
