Millrose Games, Madison Square Gardens to Be Usual Big Event This Year

NEW YORK, Jan. 31:-As an aftermath of the remarkable showing of Canada in the Amsterdam Olympics, where the Maple Leaf standard bearers carried away four Olympic track and field championships and came within six inches of another title, international competition between the United States and her northern neighbor will be keener than ever this year in the twenty-second annual indoor track and field carnival of the Millrose Athletic Association, scheduled for February 9 in Madison Square Gar-

The Millrose games committee, headed by John G. Anderson, has featured international competition with Canada in many Millrose meets in the past, and the Millrose meet invariably has been he objective for a concerted Canadian drive for indoor laurels.

BILLIARD FIXTURE is Percy Williams, the eighteen nights, thereby carrying away Grotto defeated Cold Storage by ears by winning the 100 and 200 land is also playing far better the close margin of 851 to 845 in metre dashes at Amsterdam. > the new arena was packed to the rafters. This is remarkable support and brings out clearly that the Vancouver club has won great popularity across the border. This is also true of Victoria. where good houses have been the rule and packed houses for the Lions. Vancouver fans, while somewhat behind those of the other cities, have also given their team good support.

Archie Wills, Canadian. Press correspondent at Victoria and the leading Doubting Thomas as to the merit of the hockey this season, has been won over, and after the last game in Victoria, declared unqualifiedly that the Coast league of today is quite on a par with the best of past years. Certainly the hockey of today is more colorful and exciting than | a lot of that played in bygone days. The players are younger; they have to make good; they are fired with ambition and are in there trying all the time. The game is more worth while today than ever before. Salaries are much higher. Hockey now offers a profitable career and, while there many more teams in the field now than ever before, the fact that the demand is greater has sped up the supply. Youngsters with real ability see fame 7:30 - Program originating and fortune in hockey and they strive with all that is in them to make good, whereas in the old days, many of these poential stars could not see that it was worth their while.

COPPER RIVER DEVELOPMENT

The proposal to work the Copper River coal deposits est snow in the past twenty. and to build a railway was very clearly set forth yesterday years fell throughout this and in an article written by E. A. Haggen for the Sunday neighboring states yesterday giv-Province. It seems that the company expects to get timber lands between Copper City and Kitimaat as a bonus trains were delayed and motor for building the line.

We believe that every possible encouragement should temperature last night was 12 be given this line, not because of its plan to build a line to Kitimaat, but because it will connect with the Canadian National and use Prince Rupert as its shipping port, something that Mr. Haggen failed to say.

Railway building is extremely difficult in this part of winter is departing. Yesterday the world. The cost is very high, but timber, of course, is the thermometer was 19 degrees much the same as cash. It has a marketable value just above zero but today it is much now, which inaccessible land has not.

SLAPS AND STAMPS

(Edmonton Journal)

Hist! Canada is becoming German! You don't believe it was reported that all the it? Listen to this and be convinced; it is taken from the streets had been cleared and the London Pictorial Weekly. The writer says:

Already the province of Saskatchewan is really non-British. Saskatchewan postage stamps, which used to be in English and have the King's head upon them, are now bilingual, and the King's head has been removed, and these are but a few of the indications of the invasion of Canada by Germans and other foreigners.

Poor Premier Gardiner. To be sure he is a Liberal, Italy. and some people wouldn't put anything past a Liberal. But even a Liberal, or a U.F.A., or a Conservative provincial premier could hardly issue a set of postage stamps for the special use of the people of his province, as the post office department is under federal control.

WEATHER COMPARISONS

Vancouver, which is so fond of taking jibes at Prince Rupert's weather, has the joke turned on itself this winter, although Prince Rupert people are magnanimous about it and are not making too much fun.

While Prince Rupert has had no snow on the ground so far (touch wood), Vancouver people have been plowing around this week in eighteen inches of the beautiful and, to cap the climax, had its coldest weather in thirteen years yesterday when the thermometer dropped to seven above zero. Just the week before that, Vancouver people could hardly travel the streets—they were so slippery as a result of a sudden frost coming after copious rainfall. Prince Rupert has been practically free from slippery streets throughout the winter and the coldest snap here was one degree warmer than-Vancouver's.

Prince Rupert people may have thought during the past few days that they have been having a rather tough winter but, to get a real taste of it, we would recommend a trip to Vancouver, where it does snow and it does freeze in spite of the vaunted superiority over this city five hundred

miles to the north. And the comparison in Prince Rupert's favor this navigator of the Southern Cross, winter is not exceptional as may be found with a check-up will take on his planned Bostonof this town's winter meteorological figures and those motored monoplane now under ideal ones of Vancouver over the years. Next thing they construction. Mrs. Miller is an

"Well," replied the artist, "I s face !"-Art Journal.

A new and extraordinary musical instrument clothed with a beauty as unusual as the music of the new Orthophonic Victrola itself

In performance, this instrument has no peer in its field. In design, it is new as tomorrow, yet it embodies design principles two hundred years old. Inspired by the recent Exposition des Arts Decoratifs in Paris,-color is its keynote, rich vibrant and harmonious color. Newspaper illustration fails utterly to convey its beauty-you must see it.

In Orthophonic tone quality Orthophonic Victrola 8-36 is approached only by the wellknown "Credenza" model, which made the Orthophonic famous overnight! The Victorcontrolled principle of "Matched Impedance" or "Smooth Flow of Sound" is of course, embodied in this new instrument. Go into any His Master's Voice dealers and compare it with your idea of the old style talking machine.

The new Orthophonic Victrola is made in a range of beautiful models with or without radio artistically designed in fine walnut or mahogany. Electrically driven, if you wish, at slight additional cost. All instruments are self stopping. Prices from \$2360 down to as low as \$115. On convenient payments

Values in silver! average from 40 ounces up to 200 ounces and the great feature about both it and the Victoria wind, 38. is that values have been found to increase as they get depth. A new British Columbia company is being formed to take over from the old Babine Silver King Mining Company and to raise the necessary finances to get machinery and equipment.

> The Victoria Group is adjoining the Babine Bonanza (Cronin) Mine and it has the prospect of making a big mine. Several engineers who have examined have shafts and open cuts and tunnels feet. This winter a new crosscut tunnel is being driven to reach the main vein at from 450 to 500 feet from the portal, where it will have a depth of 350 feet. Although only in a short distance a body of ore has been encountered which was not expected. A sample of six feet of this are was assayed and gave rein silver. The Victoria outlet will be by way of the Cronin road which it reaches at a point about

ghteen miles from the railway. The Cronin Mine itself is a had treated them well in the past proven property with something like \$3,000,000 worth of ore blocked out. Jas. Cronin was a marvel at development and for finding the ore underground. He had a "nose" for ore and seemed to be able to smell it. In the next two years, Mr. Higgins predicted, ore shoots on the Cronin Mine will be opened up bigger than any

> found in this district so far. The whole question in mine development is-Do the ores go lown? Nearly every great mine from Mexico to Alaska has had one or more engineers with big reputations turn them down at some time. But you can only find if it goes down by digging for it. In this district, on both the Babine Range and Hudson Bay Mountain, development has shown that the ores go down and that when you get through the harder surface rocks it is better below. Cronin Mine proved this in the Babines and Duthie Mine proved on Hudson Bay Mountain that the pessimists who said the ore would not go down were all wrong. It has been found better down below. It would not be surprising if Duthie Mine is still shipping forty years from now and just as good as ever.

DAILY NEWS' SHOPPING SERVICE

for Out-of Town Subscribers

To serve its women readers, and particularly those who live at a distance from a retail centre, The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched-or a piece of embroidery thread-or the thousand and one things that make up the difference between a woman's wants and a man's.

The Prince Rupert Merchants Carry between them Stocks running up to \$2,000,000

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.

This Service Free

to our women readers and is the outcome of many individual requests made to our staff on their travels through the district in seasons past. This service has been appreciated in these individual cases and is now extended to all with the hope of the same appreciation.

So Do Not Hesitate

Do not think you are imposing upon The Daily News. Our shopper is awaiting your requests.
