# OTTAWA DEBATES CANADIAN RACE

## ANOTHER BLIZZARD SWOOPS DOWN ON CENTRAL EUROPE

### Hon. Robert Forke Speaks on the Question of Canadian Registration During the Debate in Commons

OTTAWA, Feb. 16.—During the debate in the house last night on the resolution which would have required Canadian citizens to be characterized as of Canadian nationality, Hon. Robert Forke, born in Scotland, declared that the mother of his children was a Canadian of three generations, but under the resolution he could not understand what status these children might be. There was only one Canadian race today and that was the red Indian. Two of the largest groups in Canada racially were probably the English and French. Mr. Forke doubted if they had intermingled sufficiently to produce a distinct race. The use of racial origin in the census standing was possibly annoying. It was due, however, to the desire to know what races were coming to Canada. The term Canadian citizen should be sufficient.

### TO POSTPONE STEWART P.Y.

Committee Asked by Premier Tolmie to Delay Consideration of Bill

VICTORIA, Feb. 16.—At Premier Tolmie's request the private bills committee yesterday postponed consideration of the application of the Canadian North Eastern Railway for permission to construct a railway from Stewart to the Peace River. The postponement is taken to indicate that the government wishes to consider the effect of the proposed line on the northern country and on the Pacific Great Eastern.

### TRAIN DYNAMITED

MEXICO, Feb. 16.—Dispatches received here report the dynamiting of the military guard car of a passenger train in the state of Michoacan. It is believed that all the soldiers, from 20 to 25, perished. The engine crew was also killed.

### Saskatchewan Chooses Its Rhodes Scholar for 1929

Edward A. Bence (inset), son of A. R. Bence, a well-known barrister of Saskatoon, has been appointed Rhodes Scholar for Saskatchewan for the year 1929. Bence is a native son of Saskatchewan, having been born in Lanigan in that province, in December, 1907. In 1926 Bence entered the University of Saskatchewan (shown above) and in his second year was awarded the University silver medal. He will represent at Oxford a province which has as one of its claims to distinction that from within its boundaries more wheat is supplied to the British Isles than from any other part of the world.

### JACKIE FIELD GETS DECISION

NEW YORK, Feb. 16.—At Madison Square Gardens last night Jackie Field won a ten-round bout from Joe Gans, the latter being punished badly with right hand blows to the face and body.

### DIED AT MONTREAL

MONTREAL, Feb. 16.—Harry R. Charlton, aged 63 and manager of the advertising bureau of the Canadian National Railways, died here last night. He was born at St. Johns, Que.

### WILL OF LATE W. C. NICHOL

VICTORIA, Feb. 16.—A probate in the estate of the late Hon. W. C. Nichol was issued out of the Supreme Court here at a sum in excess of \$2,740,000.

The testator makes provision for an annuity for life to Miss Helen Ward Nichol, sister and the division of the income into three for the benefit of the widow, a daughter Mrs. Rollo Mainmuy, and a son John Moore Nichol. The estate apart from the life interest the beneficiaries left in trust for grandchildren.

### Pattullo's Resolution Asking that Orders-in-Council be Public Defeated Straight Party Vote

VICTORIA, Feb. 16.—The resolution dealing with the question that orders-in-council be open to the inspection of the public at all times was disposed of in the legislature yesterday when the resolution of T. D. Pattullo was defeated.

The amendment of Mr. Hinchliffe to re-affirm the right of the lieutenant-governor in council to deal with orders-in-council as he saw fit, but at the same time commending the practise of allowing the leader of the opposition access to them, was carried on a straight party vote.

### CLARK GOES TO REFORMATORY

Nephew of Northcott Declared to Be an Incurable

RIVERSIDE, Cal., Feb. 16.—Sanford Clark, 15 year old nephew of Gordon Stewart Northcott yesterday was ordered to a state reformatory as an "incurable," by Superior Judge Okmorton.

Chief Deputy district attorney, Earl Redwine indicated that he would have Clark deported to Canada provided the Canadian authorities would agree to hold him in a reform institution until he is of age. Otherwise the boy will be kept at a school for boys at Whittier until he is 21 and then be deported.

Mr. Pattullo contended that under a democratic government the orders should be open to all. They were not, he said, the property of the government, but the property of paid servants of the people.

Mr. Twigg, in defending the government, referred to the orders-in-council passed by the late government being refused, having to do with the expenditures on secret service of the liquor control board. It showed that the opposition recognized the right to withhold orders-in-council.

### U. B. C. PROFESSOR DIES

VANCOUVER, Feb. 16.—Professor E. W. Beckett of the University of B. C. died suddenly last night. He was a graduate of Queen's in theology and economics. He has been for many years with the B. C. institution.

### PRICE OF WHEAT

VANCOUVER, Feb. 16.—Wheat was quoted on the local exchange today at \$1.30.

### Steamer is Held Up by Lack of Proper Grades at the Local Elevator

It is expected that the Swedish freighter Sydland, here to load a full cargo of grain for the United Kingdom or continent, will be in port at least another week awaiting the arrival of the required grades of wheat. There are some 100 carloads of grain now on the way here and 35 of these are expected to arrive this week-end.

The condition of affairs, as far as the Wheat Pool is concerned on this coast, is reported to be similar in Vancouver to what it is here. Boats are at present being held up there awaiting grades and heavy demurrage costs are piling up. The Sydland, in fact, was diverted from Vancouver to Prince Rupert.

The heavy flow of grain eastward to the Lykehead last fall is said to be accountable for the present situation on the Pacific coast.

### Assessment of Prince Rupert Property Slightly Lower Than 1928 According Official Report

Taxable land in the city this year is given a total valuation of \$5,037,623, as compared with \$5,062,239 in 1928, according to a statement given out this morning by D. J. Matheson, city treasurer. Improvements, which are not taxed, are valued at \$5,000,930, as against last year's \$3,871,140. Deducting the valuation of \$1,694,040 placed on railway land which is covered by agreement, the mill rate this year will be based on a total land valuation of \$3,343,583. The mill rate will not be struck until all the city estimates for the year are in.

The valuation figures are final, having been corrected since the sitting of the court of revision this week.

Following are valuations which have been made on non taxable land and improvements in the city this year with 1928 figures for comparison:

	Land	1929	1928
B. C. Govt.	\$	730,261	\$ 1,013,292
Dom. Govt.		200,150	191,500
City P. R.		713,010	781,345
Churches etc		280,900	329,390
<b>Improvements</b>			
B.C. Govt.	\$	500,000	\$ 610,350
Dom. Govt.		1,003,000	1,090,000
City P. R.		295,300	342,100
Church, etc.		1,357,000	1,778,800
The grand total of all lands and improvements this year is \$13,644,064 as compared with last year's \$15,070,156.			

### FIRST HALIBUT VESSEL MISHAP

Booth Fisheries Schooner Commonwealth Ashore Near Alert Bay BADLY DAMAGED

The Pacific Coast halibut fleet suffered its first casualty this year even before the fishing season opened when the big schooner Commonwealth, belonging to the Booth Fisheries and with Capt. Conrad Peterson and crew of ten men on board, crashed into a rock four miles south of Alert Bay on Wednesday morning while bound north for the banks from Seattle.

Word of the stranding was brought to Prince Rupert yesterday by the American schooner, President, Capt. R. D. Young, which stood by for several hours ready to lend assistance. Capt. Young reported that the Commonwealth was apparently badly holed forward and was leaking freely, her nose being down in the water and the crew having gone ashore. Salvage was expected to be undertaken immediately. The Commonwealth is a well known vessel in Prince Rupert where she has often landed the halibut fisheries for many years.

### GHOST SHIP IS MISSING

Search Being Made for Drifting Freighter Alloway in Northern Waters

SEATTLE, Feb. 16.—Hampered by a fog that hung low on Friday over the dangerous rocks of the Unimak Pass, the Alaska coast-guard cutter Chelan reported late last night that they were still searching for the drifting Alloway, the new "ghost ship" of Arctic. If relocated the Alloway will be towed to Dutch Harbor at the request of the underwriters.

### More Severe Weather in Europe --- London has Season's First Snow

LONDON, Feb. 16.—A new blizzard bringing ice and snow was swooping down over Central Europe from the Siberian Steppes and eastward.

Warmer weather is predicted in England. Zagreb, Jugo-Slavia, reported 30 village there buried under an enormous snowfall. The authorities were unable to send food which was seriously needed. Five gypsies were found dead in one village.

London had its first snowfall last night. Seven deaths were reported in different parts of England yesterday from cold.

### SCRAMBLE ON STOCK MARKET

NEW YORK, Feb. 16.—A mad scramble to get out of the stock market as a result of the federal reserve campaign to force the reduction in brokers' borrowings brought another sharp drop in prices today.

Scores of the active issues tumbled \$2 to \$8 per share and a few high-priced specialties \$10 to \$20. Radio (old) broke \$21 to \$3.35.

### PENSIONERS

OTTAWA, Feb. 16.—The number of dependant and disability pensioners in Canada total 70,610 persons. British Columbia has 6,258.

### Scottish Humor

AN OLD STORY  
Old Mother Hubbard went to the cupboard to get her poor dog a bone, but when she got there she forgot that an Aberdeen Terrier had been seen in the house earlier in the day, and so her poor dog got none.

### PRINCE RUPERT LIBERAL ASSOCIATION ANNUAL MEETING

ELECTION OF OFFICERS  
Metropole Hall, Monday, February 18, at 8 p. m.  
All Liberals Invited To Attend.  
W. M. BROWN, President.

# News and Views In The World of Sport

THE LOWLY SENATORS

The Ottawa Senators seem to have had more than their fair share of ill-luck this season. Of the twenty-eight games played so far this winter the Senators have lost eleven, won six, and drawn eleven games. They have had to divide the points on eleven occasions, a feat not equalled by any team in the National Hockey League this year. Above are some of the members of the Ottawa team. Top, left to right: Frank Clancy, Alex Connell, George Boucher, Alex Smith. Bottom, left to right: Billy Touhey, Frank Nighbor, Hee Kilrea and Frank Finnegan.

## SCORE 3 TO 1 FOR ESKIMOS COAST HOCKEY

SEATTLE, Feb. 16.—The Eskimos fought off the challenge of the Portland Buckaroos here last night to retain the second place in the Coast Hockey League with a score of 3 to 1. Two goals rolled in in a hectic third period which gave the Eskimos the advantage after they had been held on even terms for 50 minutes. Failure of the Buckaroos to take care of wing men at the critical moments caused their defeat. Seattle, scored one in the first and Portland one in the second.

## PRICE OF GAS LOWER TODAY

Retailing in State of Washington at 18½ Cents and Lower in Some Cases

SEATTLE, Feb. 16.—A slash in the wholesale rate of gasoline has been made here as part of the war between the independent companies and the big corporations. The conflict started in California and has spread throughout the coast. The charge to retailers is now 14½ cents a gallon including the tax which gives the producers 12½ cents net. This will retail at about 18½ cents.

Some of the stations have already been selling at a great deal less than 18 cents, some at 15 cents, and it is said that a few have sold at as low as 13.

## CLAM CANNERY AND MILD CURE PLANT

Establishment of New Industry near Billmor and National Airplane Mills Rumored

It is reported that American interests are contemplating the establishment of a clam canning and mild curing plant along the waterfront near the mills of the Billmor and National Airplane companies. No confirmation of the report is available at Dominion Fisheries offices, although it is understood that a representative of the interested parties has been a recent visitor here looking over the ground.

## ENGLISH CUP GAMES PLAYED

LONDON, Feb. 16.—Fifth round English football cup games played today resulted as follows: Reading 1, Aston Villa 3. Huddersfield 5, Crystal Palace 2. Swindon 0, Arsenal 0. West Bromwich 6, Bradford 0. Leicester 1, Bolton 2. Blackburn 1, Bury 0. Bournemouth 1, Westham 1. Chelsea 1, Portsmouth 1.

## Sport Chat

A bonspiel which had been in progress at Smithers for a week came to a fitting conclusion last night when a big dance was held for the purpose of presenting the trophies to the winning rinks. The presentation was also made of the Hanson Cup to Frank H. Johnson whose rink went through the competition with ten victories and no defeats. There were twenty-two rinks entered and the two sheets of ice had to be pressed into almost continuous use in order to complete the schedule on time. The games resulted in many surprises.

A new boy, Fred Parker, is coming up to try out our Dido who has been so successful with the most of the strangers with the exception of Ray Clark in their memorable meeting last year. While some who may know have said he is good, this Parker man is pretty much of an uncertainty just now and, therefore, many of the fans cannot speculate on the matter. It is known, however, that Dido has improved a lot and it is quite possible that it may be a good fight and, when more is known about Parker, quite a bit of interest may be worked up in the encounter.

## ENGLAND-WALES SOCCER MATCH

BRIGHTON, England, Feb. 16.—England and Wales played a one-all draw in an amateur international soccer match today.

A Daily News want-ad will bring results.

## CARDINALS TO BE AS PRINCES

ROME, Feb. 16.—All cardinals are to be considered as princes of the royal blood under the new agreement between the government of Italy and the vatican. A new parliament is to be elected to ratify the agreement, which will in the meantime be ratified by the Fascist council. Citizens of the vatican will have a dual nationality.

## PARENT-TEACHERS PLAN TO EDUCATE ON PROHIBITION

SEATTLE, Feb. 16.—The Parent-Teachers have launched a prohibition enforcement and educational campaign, the chief object of which is to educate people of the country on the value of prohibition and to prevent the prohibition law being the butt of the jokesters either in the newspapers or theatres. Letters have been sent out to 65 associations urging that they take part in this drive.

## WERE INJURED BY GERMAN POLICE DOGS

EDMONTON, Feb. 16.—Following four reports of persons being attacked by German police dogs in the city recently, the city council will consider legislation curbing the freedom of these animals. Chief Shute reported that a child in the Highlands was severely injured by a German police dog recently and referred to the dangerous temper of this type of dog which recently killed two children, one in Ontario and the other in Quebec. The chief recommends to keep them in kennels or on their own premises and not allow them to roam at large on the streets.

## FIJI JUDGE COMING

MONTREAL, Feb. 16.—His Honor Sir Alfred Young, judge of the High Court of Fiji, will arrive at Vancouver March 1, on board the S.S. Niagara. After remaining in Vancouver Sir Alfred will continue his journey to England, crossing the Dominion by the Canadian National Railways.

Try a Daily News WANT-AD.

## POPULAR GIRL MAKES DEBUT

Coming Out Party Last Night of Miss Laura Frizzell Was Notable Social Affair

Mr. and Mrs. George Frizzell entertained last night in the I. O. D. E. Hall at a delightfully arranged "coming out" party in honor of their youngest daughter, Miss Laura Frizzell, who thus celebrated the occasion of her twenty-first birthday. There were sixty couples present at the affair which was one of the notable events of the present social season.

The hall was tastefully decorated in pink and blue colors with long streamers from the lights and in the centre, a huge Japanese umbrella worked in roses. The windows were draped with pink and blue curtains and each contained a floral box.

Dancing was the principal feature of the evening's entertainment and excellent music was furnished by Al Smail's Orchestra from 9 p.m. until 2:30 a.m.

At midnight, when the delicious refreshments were served, the large and handsomely decorated birthday cake was wheeled into the hall by two little page boys, Louis Astori and John Rood, nephews of the guest-of-honor, who were suitably garbed, and all the lights were extinguished with the exception of the candles on the cake. Miss Frizzell duly cut her cake and another interesting ceremony soon followed. A novelty wagon was drawn into the hall and, into this, the honored guest had to dig until she found half a dozen beautiful sterling silver knives and forks which was her gift from "the gang."

After supper, there was a novelty dance in the course of which favors such as hats, dolls, etc. were distributed, the merriment being much enhanced thereby. The time sped all too quickly on a memorable and most enjoyable evening.

Mrs. Frizzell received the guests with her daughter and Mr. Frizzell acted as master of ceremonies. Friends of the popular young guest of honor and her family assisted in putting on the party.

## SCOTTISH CUP SOCCER GAMES

GLASGOW, Feb. 16.—Results of the third round of the Scottish football cup ties were as follows: Raith Rovers 3, Dumbarton 2. Celtic 4, Arbroath 1. Airdrie 1, Motherwell 1. Ayr 0, St. Mirren 2. Falkirk 3, Aberdeen 5. Dundee United 1, Dundee 1. Albion 0, Kilmarnock 1. Clyde 0, Rangers 2.

## MADE ATTEMPT KIDNAP GIRL

Picked Her Up and Put Her in Taxi and Tried to Drive Off

EDMONTON, Feb. 16.—A brazen and brutal attempt to kidnap a young lady on the city streets is the latest crime charged up to taxi row. It indicates that all their escapades are not past their prime as the incident just disclosed occurred in broad daylight.

It was just 4 o'clock when Hilja Johanson, a pretty young housemaid of 17, who is employed with the family of R. A. Melander, 10725 98 avenue, dropped out of the street car on Jasper street with her suitcase and heading north on 96 street to visit her sister.

Near 104 avenue as she was scanning house numbers for the address a taxi with several men in it stopped and the driver got out.

"Let me drive you home, sister," said a voice at her elbow. A surprised refusal only made him more insistent.

"Go away!" said the young lady but in answer the man wrenched the suitcase away and gathered her in his other arm as she shrieked for help. As she was dragged towards the waiting car she looked wildly about, but saw no adult in sight, only some helpless children playing some distance away.

The girl set in to fight her assailant. She tried to bite him, but his overcoat protected the throat. Finally getting her right hand free she gave him a mighty slap on the face that brought some of the rascal. But in that moment she struggled and dashed for a private house across the street. The would-be kidnapper tossed the suitcase into the taxi and it sped rapidly away to the north.

"I guess he thought that I was just a green country girl," said the young lady as she recovered from the shock, among those who gave her refuge. She still carries bruises on her left arm.

## PROFIT-TAKING ON EXCHANGE

VANCOUVER, Feb. 16.—Profit taking on the Stock Exchange today sent practically every active issue downward substantially. Home Oil on a heavy trade advanced 2 cents and Oregon Copper 4 cents. Big Missouri lost 8, Pend Oreille 51 and Golconda 12 cents on a heavy trade. George Copper lost 25 cents, Reeves Macdonald 26 cents, Sunloch 25 cents and Porter-Idaho 3.

## WORLD'S PRAYER DAY OBSERVED

Sixty Ladies, Representative of Various Protestant Churches, Attended Service Yesterday

The occasion of the World's Day of Prayer was observed at a joint meeting yesterday afternoon under the auspices of the Women's Missionary Society of First United Church. Representatives of the various Protestant churches in the city were present and participated in the service, which was presided over by Mrs. W. T. Kergin. Altogether, there were about 60 ladies present. Mrs. J. H. McLeod sang a vocal solo, accompanied by Mrs. Alfred Wilson.

The following is the scale of charges made for reading notices:

- Birth Notices 50c.
- Cards of Thanks, \$2.
- Funeral Notices \$1.
- Funeral Flowers 10c per name.
- Marriage and Engagement announcements \$2.

### 4 a Taxi Phone 4. Big 4 Taxi

Dave Scott, formerly well known football player of this city, is now located in San Francisco.

Residents and Ratepayers of sections 7 & 8 will meet in Rupert East United Church at 8 p.m. Saturday. 38

Cement, Lime, Plaster, Sand and Gravel—lowest prices. Albert & McCaffery, Limited. Phone 116 and 117. tf

John O. Williamson left by this morning's train on a business trip to U.S. He will return to the city next Tuesday afternoon.

Reserve seats for "Green Stockings" at Rupert Pharmacy, Monday, February 18. No seats booked by phone until 1:30 p.m. same day. 38

Miss Beatrice Palmer of Victoria, after spending a few weeks in the city visiting with her sister, Mrs. R. M. Winslow, left on this morning's train for Toronto.

Mrs. Robert Arthur jr. and daughters left on this morning's train for Hythe, Alta., in the Wembley district of the Peace River country. Mr. Arthur left for there last week.

The Western Canada Dairymen's Association, at its annual convention in Vancouver this week, re-elected F. M. Dockrill to its board of directors as the representative for the central interior.

Passengers disembarking here on the Princess Royal yesterday afternoon from the south were: Mr. and Mrs. Paulson (Cranbrook), D. McLean, P. Hanson, A. G. Young, Miss B. Russell, M. H. Craig, J. R. Honeyman and G. A. Johnston.

### MRS. M'PHERSON IS LAID TO REST

Service Conducted This Afternoon at Pentecostal Mission By Rev. A. Wilson

Many friends gathered this afternoon at the Pentecostal Mission to pay their last respects to the memory of Mrs. A. H. McPherson, well known pioneer woman of this city. The service was conducted by Rev. Alfred Wilson of First United Church who spoke fitting words of respect and comfort. Mrs. William Marshall presided at the organ for the hymns.

After the service, interment was made in Fairview Cemetery, a large concourse following the cortege to its last resting place. Pallbearers were Ald J. W. Rutherford, George Holmes, John Joy, Raymond Scherk, Joseph Louison and Magistrate Thomas McClymont.

There were no flowers by request.

### TOO LATE TO CLASSIFY

WANTED—Folding Go-cart or Sully. Phone Blue 482. 40

### BOYS' BAND TO BE REORGANIZED

Meeting Called For Tonight When Plan for Future of Organization Will Be Dealt With

Following the taking of an inventory last night of the band stock by the provisional committee consisting of Ald. Theo Collart, John Dore, W. H. Tobey and Frank Dery, another reorganization meeting of the Prince Rupert Boys' Band is to be held this afternoon.

A new permanent committee, it is understood, will be recommended, applications will be called for a bandmaster and new financial arrangements will be made.

### PRESBYTERY OF PRINCE RUPERT

Annual Spring Meeting Will Be Held in Prince Rupert at End of Next Week

Prince Rupert Presbytery of the United Church of Canada will hold its spring meeting in this city on Thursday and Friday next week. Ministers from all parts of the presbytery which extends from the Yukon Territory on the north to Ocean Falls on the south and from the Queen Charlotte Islands on the west to Kispiox in the east will be in attendance. Rev. R. C. Scott of Queen Charlotte City is president of the presbytery and Rev. Alfred Wilson of Prince Rupert, secretary.

Rev. Dr. G. A. Wilson of Vancouver, superintendent of United Church missions for British Columbia, and Rev. Arthur Barner of Toronto, superintendent of Indian missions for the Dominion, will be present and on Friday night a public meeting will be addressed by Dr. Wilson.

DAILY EDITION Saturday, Feb. 16, 1929

**NORTHWARD TREND**

The northward trend of development seems to be occurring throughout Canada with the result that the country will be something more than a ribbon of country adjoining the United States boundary. And in no part of the country is the attraction for northern progress greater than in British Columbia. The mines here are so numerous and appear to have such possibilities that it cannot be long before the whole country is dotted with producers. There are northern lands and timber and fisheries. Also there are immense attractions for tourists and big game hunters. Who shall say what the future may bring?

**CANADA AND THE EMPIRE**

Something in the nature of a defense of Canada's attitude toward her responsibilities to the Empire was given in London yesterday before the British Empire League by Rt. Hon. L. M. C. S. Amery, British secretary of state for the dominions. He intimated that there were other things in defense besides a big navy, but that even in that particular Canada had made a beginning by letting the contract for the building of two new destroyers. He also hinted that in the future Canada would be bound to take part in defense of the seas. Her growing mercantile interests would make it necessary.

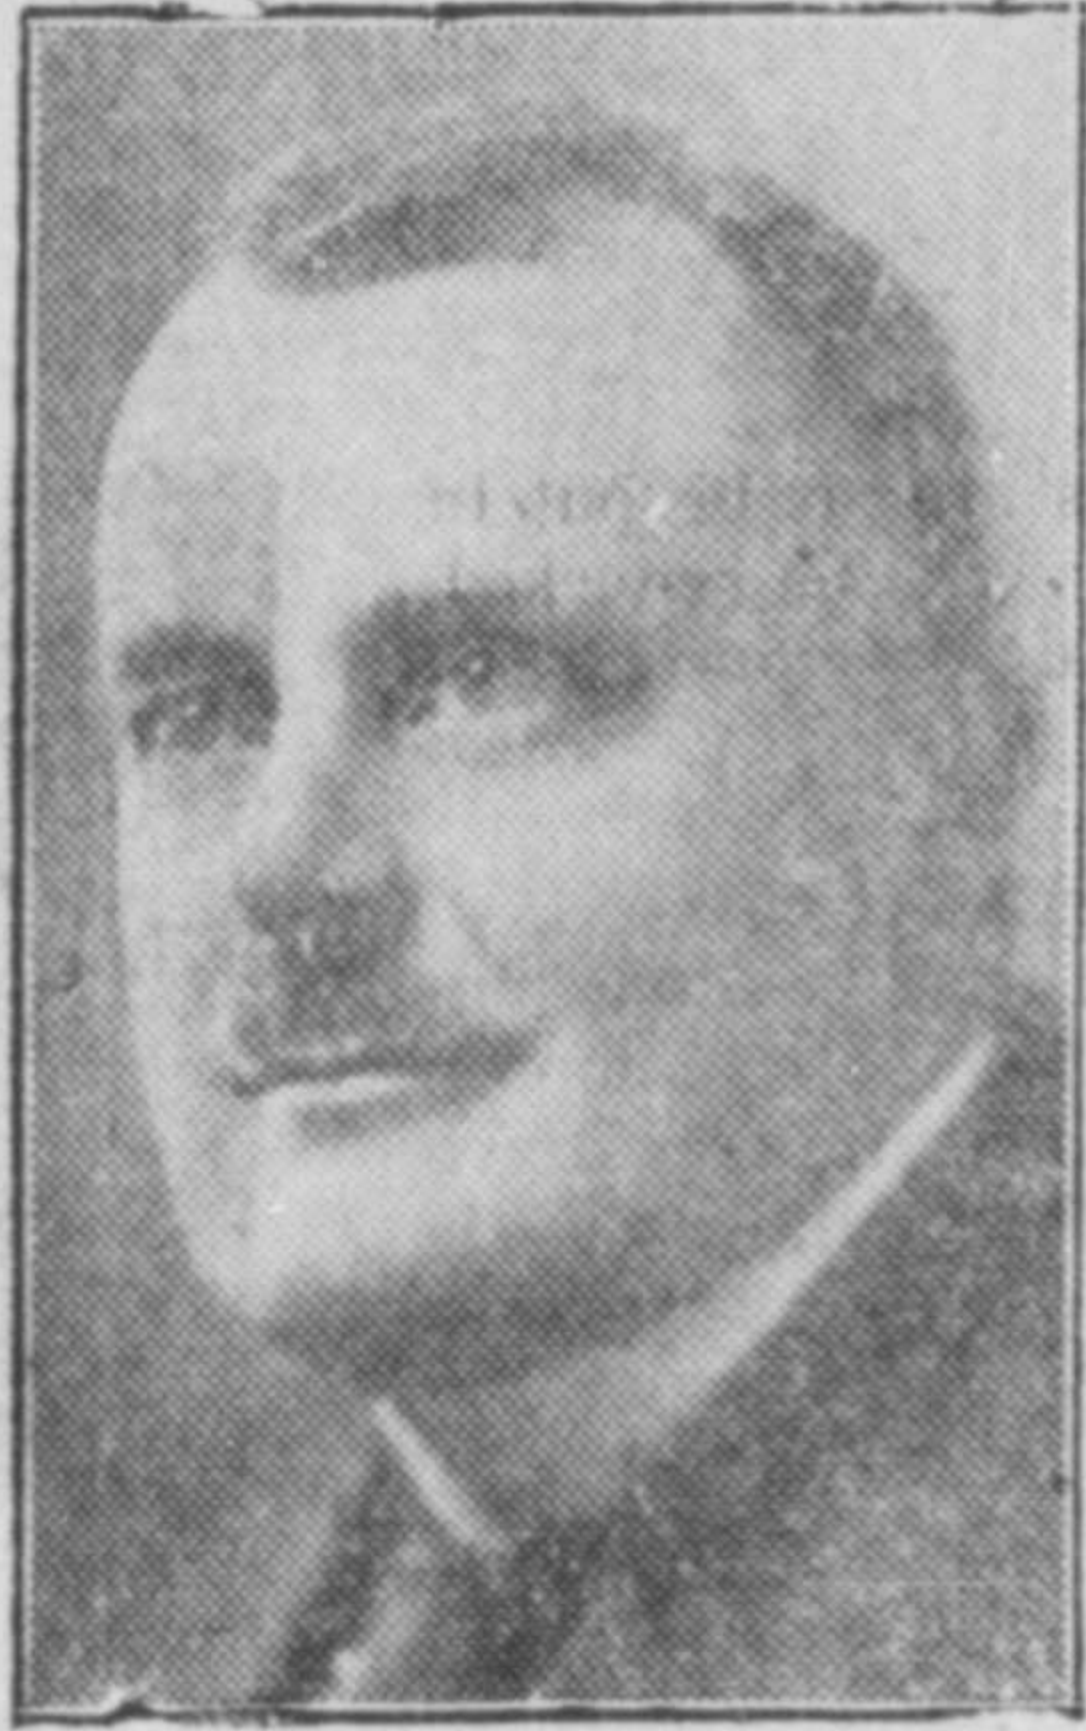

**BRITAIN'S EFFORT TOWARD PEACE**

Britain was blamed for the failure of the conference between United States, Japan and Great Britain last year in regard to limiting the expenditures on their respective navies. She has now, as the dissenting party, made an approach to the United States with a view to reopening negotiations on a new basis. She is willing to take into account the new cruiser policy of the States and make the limitations on that basis.

The failure of the former conference was because of the fact that United States wanted more large cruisers of the ten thousand ton class, while Great Britain wanted more smaller fast cruisers. The British government was attacked at home for its failure to agree to the U. S. suggestions and now it is prepared to enter a conference on a different basis.

In considering the attitude of the two countries mentioned, it must be remembered that Japan has always to be considered. That country is at present very friendly to Britain and United States, but changes often take place, and doubtless that was one of the factors causing the United States to hold out and which influenced the big cruiser program just approved by Congress and President Coolidge.

**DEMANDED INVESTIGATION**

Col. F. G. Taylor, leader of the Conservative party in the Manitoba Legislature, who, on behalf of his followers, requested that the Royal Commission, named to investigate the Bracken Government's Seven Sisters Power contract, be asked to adjourn until a thorough probe has been made of the books of the Winnipeg Electric Company and subsidiary, associate and contracting companies.

the regenerative receiving sets commonly known as "squealers." If these were operated properly they might not be such a source of annoyance. Users should learn how to use them. One of the difficulties they found was in convincing people that they were the ones who were causing trouble. He thought if they kept on running down the interferences they would soon make Prince Rupert equal for reception purposes to any place on the continent. Just now some waterfront troubles were being dealt with and some noise was coming from Digby but Superintendent Tee told him they were building a new station and the trouble would then be cured. He reminded members of the association that all radio troubles did not originate here. Some of it came from the broadcasting stations and could not be controlled here.

Answering a number of questions Mr. Little said he intended to check up the local broadcast-

ing station 5GT. On inquiring from the members several who lived near that station said they found it did not interfere with their sets.

Mr. Little asked that anyone having reception trouble should write him or the radio association stating what was the trouble, as far as they knew and making any suggestions as to the probable source. He would then investigate. It was best to put the complaints in writing. Then they had something definite to deal with.

**Canada an Early Prize Winner**

That Canada early took foremost place in fish culture is indicated by the fact that in 1883 at the Great International Fisheries Exhibition in London she carried off the highest award, namely, the gold medal and diploma for the best and most complete fish-breeding establishment in the Exhibition.

**MEETING OF RADIO ASSN. LAST NIGHT**

Eighty Percent of Troubles of Reception Reported by Superintendent Little Cured

**FANS SHOULD REPORT**

Regenerative Receiving Sets Most Fruitful Cause of Annoyance at Present

At a well attended meeting of the Prince Rupert Radio Association, D. C. McRae, presiding and C. G. Ham secretary, J. J. Little, superintendent of Utilities reported that at least eighty percent of the local radio interference had been eliminated, and that they were still working with a view to eliminating as much as possible of the other twenty percent.

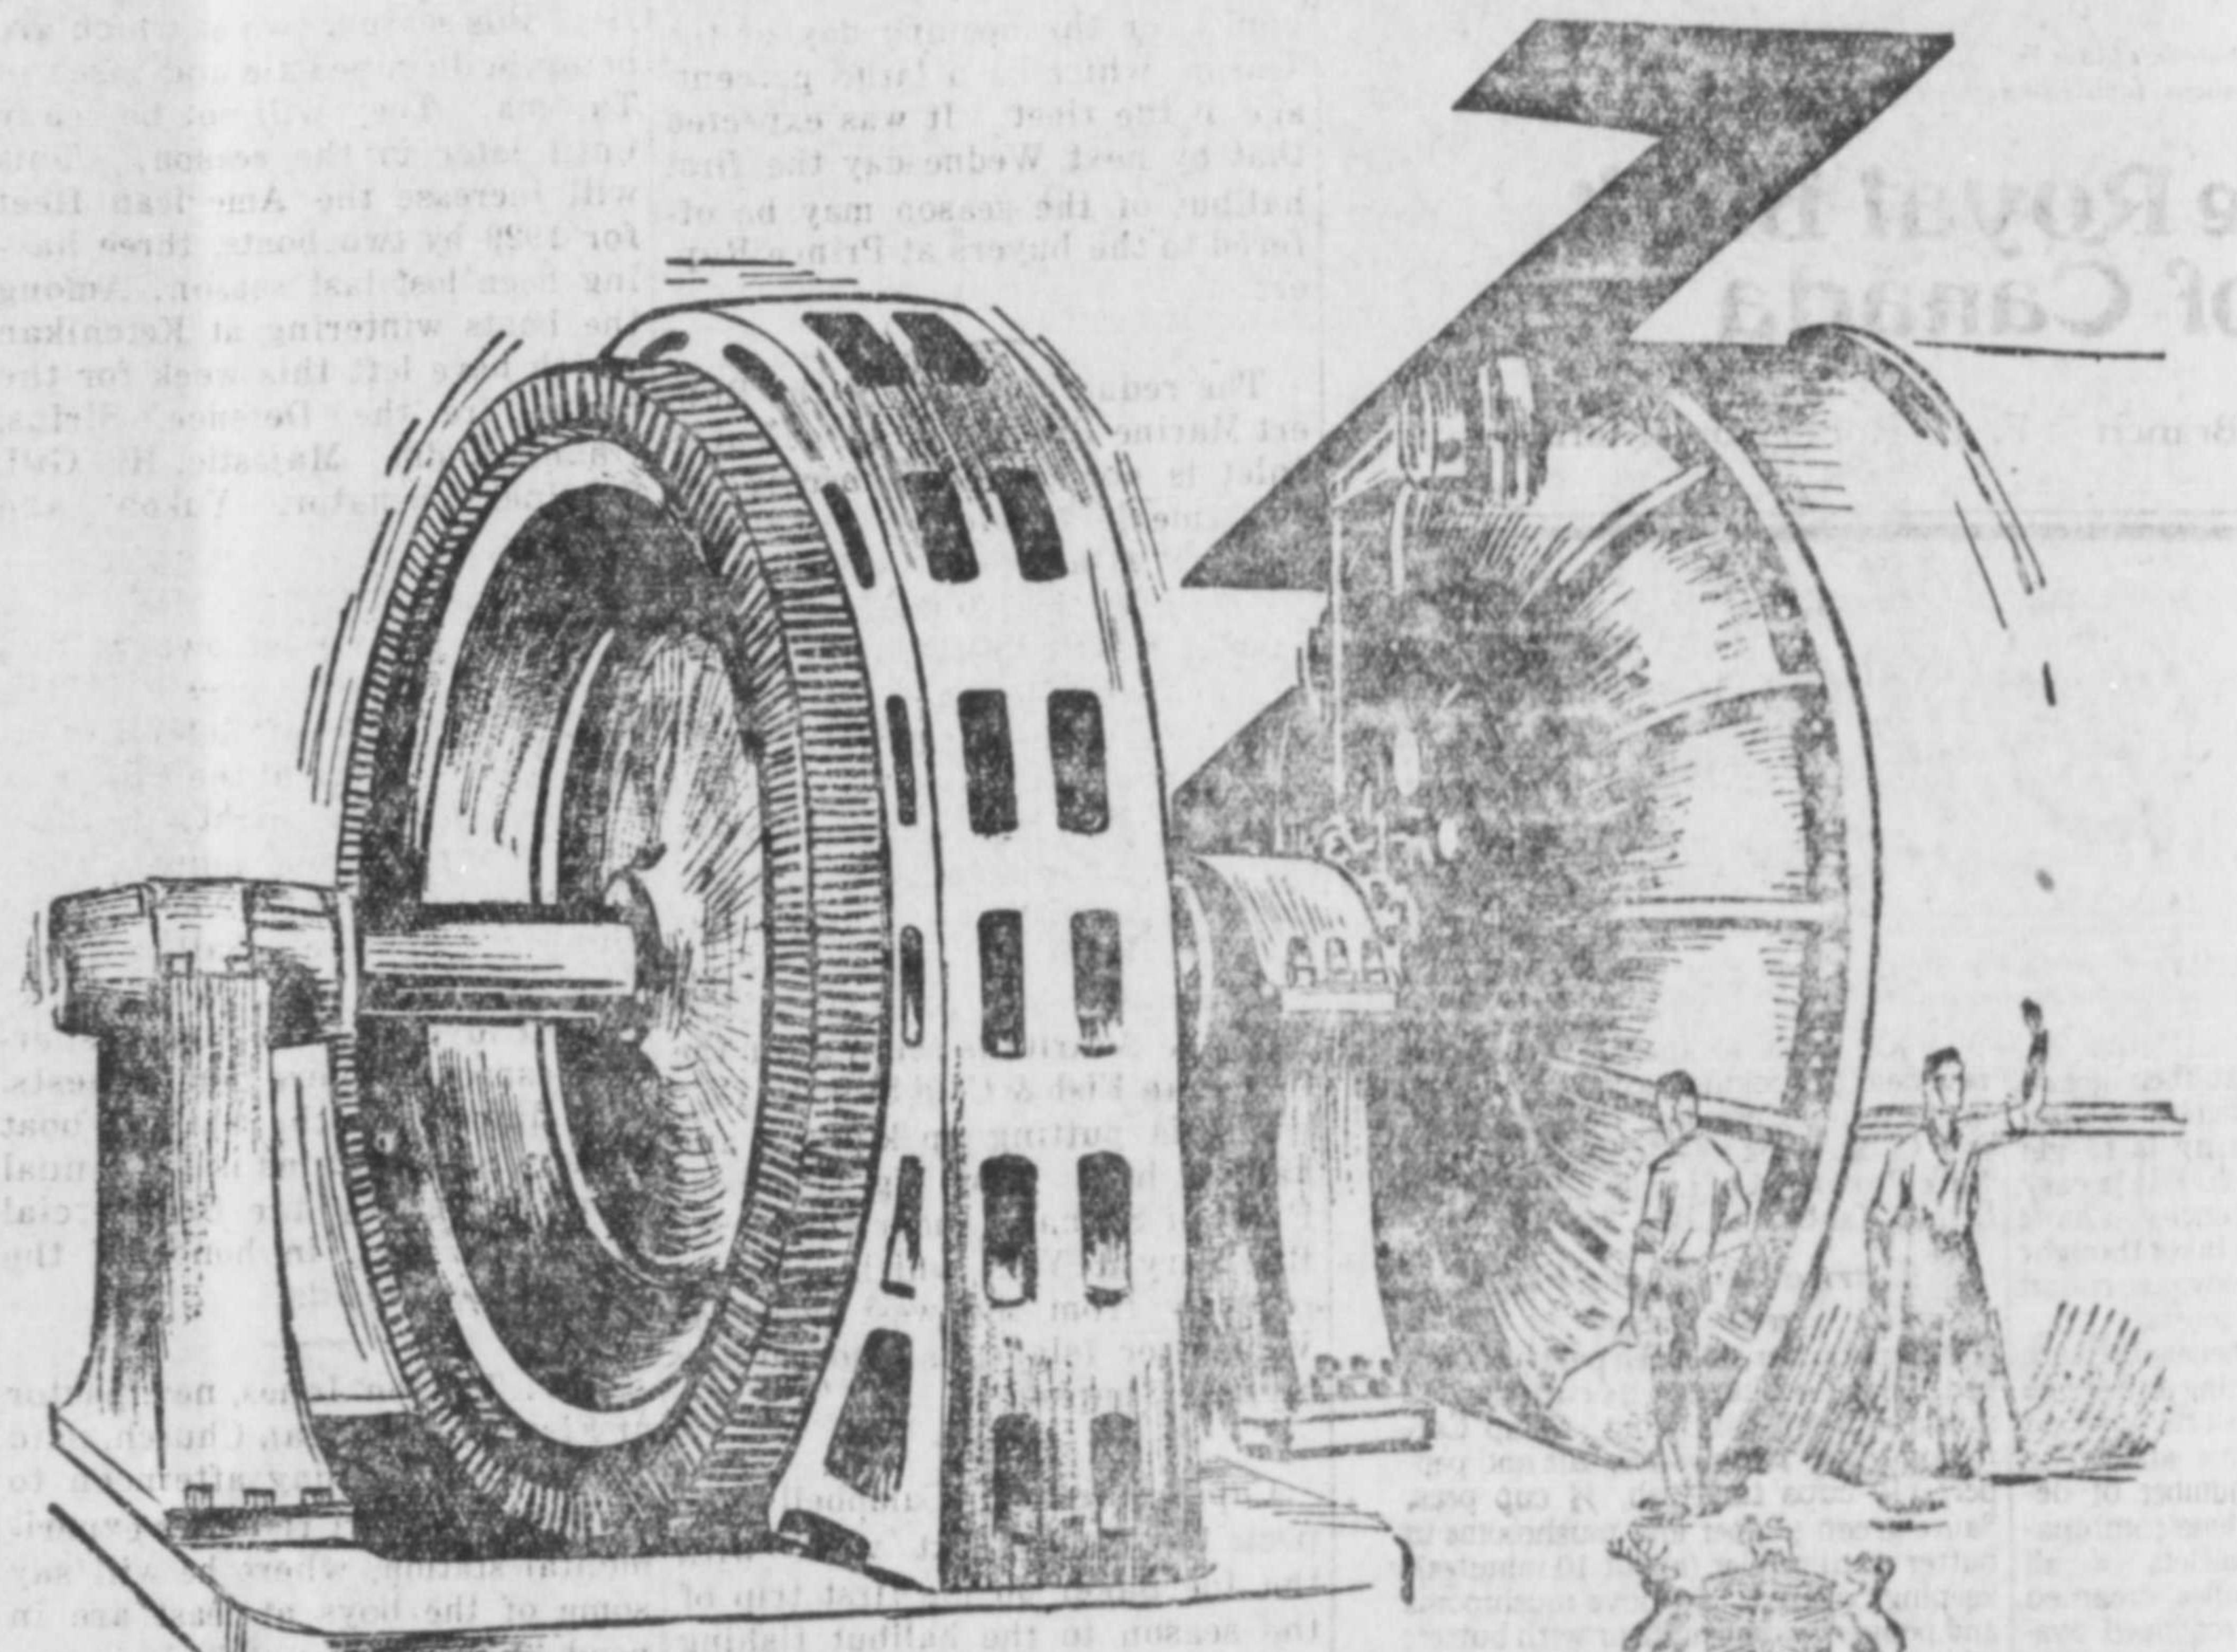

The chinks from keys of local offices, especially from the Government Telegraphs would be eliminated, Mr. Little said, just as soon as apparatus for the purpose arrived from the outside. This was a source of annoyance to a good many owners of sets and both offices were causing trouble.

In dealing with the work done by his department Mr. Little said that while the local interference came from a good many sources they were all traced to consumers of power and not to the city. Many of these had been cured. Most of them had been the result of electric apparatus on furnaces. It was easy to cure the oil furnaces but the coal furnaces were more difficult. One bad source of trouble was

**BIG "STRIKE" MAN**

Lending a team of British spare and strike makers, Albert Mail (above) is hopeful that his bowling team will lift the cup, emblematic of the world's championship, when they compete with a United States bowling team in the International Bowling Tournament to be held in California.

**POWER Builds Industries!**

POWER DEVELOPMENT	
1916	240,000 H.P.
1927	480,000 H.P.
Capital Invested in Manufacturing-	
1916	\$18,000,000
1927	\$40,000,000

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined . . . smelted; transportation problems solved; manufacturing industries developed, and with them population . . . pay-rolls. Power is British Columbia's strongest bid for more industries . . . more people.

Of the millions of horsepower available in our province, but half a million are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonington Falls and other points is being steadily increased. The Campbell and Chilko Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98% . . . truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed . . . transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 191.3%. Our total payroll, including all classes, is estimated at 210 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,517 people, paying them 175 million dollars in wages . . . distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,396 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

Vary your dinners with fish and eggs

by Mary Blake

Women often tell me that their greatest difficulty in meal planning is to get variety into the main dish. It is easy enough to build a dinner, once you have selected the meat, but it takes thought to get away from the obvious round of steaks and chops and roasts.

Why not now and then substitute fish or eggs? By combining either one with milk, you have a dish rich in food values—proteins, minerals and vitamins. There are any number of delectable ways in which these combinations may be made—omelets of fish and eggs, creamed egg souffles, creamed tuna, shrimp or lobster, scalloped oysters, salmon soufflé.

You must have a dependable milk supply. In any cooking that calls for milk, I never take chances. I use nothing but Carnation Milk. I know that it is the best of milk because it is rich in cream—doubly so—for it is evaporated to double thickness. I know that I will always find it sweet and good, no matter how large the quantity I have on hand, for it is sterilized for safe-keeping.

I can count on Carnation always for notably delicious results—extra creaminess, velvety smoothness of texture, fragile delicacy of flavor. The best informed domestic scientists agree that it is not only better in results than ordinary bottled milk, but that it is particularly economical.

The Best of Milk

Carnation Milk is simply pure, sweet whole milk, evaporated to double creaminess. Nothing is added; nothing removed but about half the water. Try this dependable, convenient, economical milk.

Big Percentage of Local Halibut Boats on Grounds for Opening of Season; Herring Seining Proceeding; New Salmon Regulations Protested

It is estimated that there were more Prince Rupert halibut boats on the various banks at the opening of the 1929 fishing season yesterday than at the commencement of any previous season. There was great preparatory activity in port during the week preceding the opening and there is not a little rivalry as to which boat will be the first back to port with the initial catch of the season. As usual, it is expected that the first two or three boats will receive good prices from the buyers, among whom there is generally competition to get the first fresh halibut of the season on the eastern market. Prices are expected to hold up well after the opening of fishing activities, provided the boats do not get bunched together too much. From figures obtained at the outfitting establishments, it is estimated that some 60 Prince Rupert fishing vessels were on the banks for the opening day of the season, which is a large percentage of the fleet. It was expected that by next Wednesday the first halibut of the season may be offered to the buyers at Prince Rupert.

The reduction plant of the Rupert Marine Product, Ltd., at Tucks Inlet is now running herring for fish meal and other products. Capt. R. Gammon is seining herring with the Zenardi at Port Simpson for this plant and boats of the company fleet are packing the fish in. It is understood that this will be the last season on the British Columbia coast when the use of herring for reduction purposes will be permitted. The run has been continuing in full swing at Port Simpson and Capt. Ole Skog with the Azurite is seining for the Canadian Fish & Cold Storage Co., which is putting up lippers and halibut bait. The big seneboat Faith of Sechart, under charter to Bradbury & Yelf, which came up recently from the west coast of Vancouver Island, is also seining at Port Simpson.

All halibut vessel owners and captains were the guests of the Commercial club of Ketchikan at the annual dinner at the Blue Fox cafe last Saturday night. Following the dinner, the annual "fishermen's ball" was given by the club at Red Men's hall. Every resident of Ketchikan was invited to attend the dance, but fishermen especially were honor guests. The dinner for the halibut boat owners and captains is an annual affair given by the Commercial club each year, in honor of the fishing fleet heads.

Rev. T. Ivon Jones, new pastor of First Presbyterian Church, paid a visit on Thursday afternoon to the Prince Rupert fisheries experimental station, where he will say some of the boys at least are in need of spiritual uplift. It is understood that the Welsh preacher of a Scotch church may soon be seeking other converts along the "front." He should have a good field for endeavor in this part of town if he doesn't fall into evil ways before he can get the other folks on the straight and narrow.

Capt. Clarence Campbell expects to leave next week with the Joe Baker on his first trip of the season to the halibut fishing grounds. During the winter, the Joe Baker has had a thorough engine overhaul and will now be taken on the wardways for minor hull work before departure is made for the high spots. Guy Campbell, brother of the skipper and half owner of the Joe Baker, is due back after having spent the winter in Vancouver.

Capt. Alex Duthie has command of the well known local halibut boat Oslo when it departed Thursday night for its initial trip of the season. Capt. Axel Olsen, owner and regular skipper of the Oslo, will not be returning for at least two months from a trip to Norway.

Having called in port to take on a local crew, the Ketchikan halibut boat Wabash, Capt. Ernie Pierce, left today on her return trip to the fishing grounds. Charlie Nickerson was one of the local fishermen who again joined the vessel. Capt. Pierce made the trip down from Ketchikan with himself as the whole crew. Engine trouble occasioned delay and it took him several days to get here.

Several American boats called here this week enroute to the fishing grounds, to take on fresh herring bait. It is reported that there is no bait in Ketchikan.

Capt. Olof Ouse of Jap Inlet, well known owner of the trolling boat Westerner, is making satisfactory recovery from an attack of pneumonia. There being no doctor on Porcher Island, he was ably ministered to by Mrs. Owen Murray who is a registered nurse.

After having spent the close season period at Jap Inlet, Jack Donnelly, winchman for the Booth Fisheries, returned to town yesterday with Capt. Billy Hansen on the trolling boat Thelma H.

D. R. Barclay, mate of the light house tender Bernier; Reg. Green, skipper of the Rupert Marine Products tugboat M. T. 3, and Ole Stegavig and P. Peterson, halibut fishermen, were successful candidates at examinations in navigation which were held here recently by Capt. Lionel

market which will be provided by the entry of this third company into the field.

Extensive improvements are about to be made on the bridge which takes the railway tracks and road across the mouth of Cow Bay. New sills are to be put in and the roadway is to be re-decked. Crews are already at work on the job.

Dr. Large Visitor

Dr. R. G. Large, medical superintendent of the Port Simpson Hospital, was a visitor in town from Tuesday to Wednesday. He made the trip with his power cruiser Sunbeam II.

The big American schooner Dorothy, under charter of the International Fisheries Commission, is to continue research operations on the north Pacific halibut grounds well into the coming summer, according to word which has been received at Prince Rupert. In the past commission scientists have usually ceased their operations on the grounds about the opening of the fishing season, but they are now to carry on longer. While collecting of eggs and taking of soundings and temperatures has occupied the time of the Dorothy on her several trips during the past winter, tagging and fishing operations will be commenced for the first time this season on the vessel's next trip out. She is expected to call at Prince Rupert late in February or early in March. Capt. Ole Hvatum, owner and skipper of the Dorothy, was taken ill with a severe attack of influenza on a recent trip and had to be landed at Juneau to enter hospital, has not yet rejoined the vessel. He is at present in Seattle.

Miss Alfreda Berkeley of the University of Toronto was a visitor in Prince Rupert for a few days this week while en route to the biological station at Departure Bay, Vancouver Island, where she will spend the coming summer specializing in the study of the life history of shrimps on the Pacific coast, with a view to establishing factors governing canning and commercial production of these shellfish. While at Prince Rupert Miss Berkeley went out on the fishery experimental station's power boat Surveyor and recorded temperatures, depths and selenity of the local habitats of the shrimps. She also conferred with men who are engaged in the shrimping business to make observations of their opinions and experience.

Wants Codfish

B. J. Bacon, head of the Bacon Fisheries, Prince Rupert, announces that he has received big orders and is in the market for all red and ling cod which he can obtain for smoking and filleting purposes. Improvements are now being made at the Bacon plant, including the putting in of new and enlarged office quarters and a winch. The work is being carried out by P. W. Anderson.

Though confirmation is not obtainable, it is reported that H. J. Bradbury of Bradbury & Yelf, who was a business visitor in Prince Rupert this week, was considering the letting of a contract to the local drydock for the construction of at least two fish packing vessels to be used in connection with his company's pilchard reduction business on the west coast of Vancouver Island. Bradbury & Yelf are reported to be doing well in this business and it is said they may establish at least one new plant this season.

Good progress is being made by Y. Suehiro, Japanese boatbuilder at Cow Bay, with the construction of the new 50-foot halibut boat for Capt. Jud Thurber, well known local fishing skipper, and the vessel is expected to be ready for the grounds by the middle of March. It will be fitted with the 20 h.p. Frisco-Standard gas engine which was formerly in the halibut boat Cayceon which was burned at Butedale last summer. Capt. Thurber disposed of the 20 h.p. Atlas engine, formerly in his boat Muirneag, in a trade with the Pacific Salvage Co. for the other motor. The new boat will be moved down to the Salvage Company's floats in about a week's time for installation of the engine.

A storm of protest was made by Prince Rupert fishermen at the announcement made this week by Major J. A. Motherwell, chief inspector of fisheries on this coast, that recommendations of the canneries men had been accepted and

OUR NEIGHBOR'S PILOTS TEST NEW PLANE

Above are three crack aviators across the border, standing in front of the big Navy seaplane which they tested by a long flight. The craft is a tri-motored bomber. The fliers are, left to right: Capt. H. C. Richardson, Assistant Secretary of the Navy; Edward P. Warner and Lieut. W. G. Tomlinson.

decision made to divide the salmon fisheries of British Columbia into separate seining areas this year. This was one move which the fishermen, in mass meeting, had strongly urged against and there is general disappointment that no heed should have been given their views. They feel that this regulation is not really in the interests of conservation and only makes it the harder for the fishermen to get a livelihood. One of them was heard to say: "It looks like we'll soon have to be giving the salmon fishing back to the Indians, anyway."

Ed. Lipsett Here. Edward Lipsett of Vancouver, head of the well known Prince Rupert ship chandlery concern, is paying his annual two weeks' visit to the local business. He took off his coat, put on the old jersey and got to work immediately upon arrival. He has just returned from a trip to Honolulu and is looking well. His many friends have been giving the usual welcome. Mr. Lipsett will address the Rotary Club next week on his Honolulu trip and it is to be hoped he doesn't make the local Hawaiians as sore at his remarks as he did the Belgians last winter.

Doc Clapperton was trying to keep his name out of these Whiffs for one week, so that it would not look like he was too regular a customer, but he didn't make a very good job of it when he went to work and got so sick that he had to go into the hospital Monday afternoon and have the nurses take care of him. Our good old friend is suffering from a recurrence of old trouble and may have to spend some time in the hospital before he feels up to the mark again. A speedy recovery is wished him and may he keep as cheerful as ever. The Whiff Man has been looking around for a spare moment all week in order that he might pay a call and see that the nurses and the doctors are doing their stuff.

Dr. Voronoff predicts that everybody will live to be about 140. This means that many persons who buy their automobile on the instalment plan will ultimately own the vehicles, providing the latter last that length of time.—Cape Argus.

He (admirably)—You are a girl after my own heart. She—Thank you; but I hope you are not a man after mine, because it's otherwise engaged.

**BRONCHIAL  
TROUBLES**  
Take  
**Peps**

PEPS tablets give off agreeable and highly germicidal fumes that bathe the throat and breathing passages and allay soreness and inflammation and ward off dangerous colds and chills.

By treating the throat and bronchials direct, Peps are ahead of druggery mixtures. Their pleasant balsamic nature and freedom from opiates make Peps safe and ideal even for children and weak-chested old folk.

When shopping a Peps in the mouth soothes the throat and relieves that annoying and persistent cough.

**News of the Mines**

AROUND PRINCE RUPERT  
New Ore Body Struck At Owen Lake; Topley Silver to Be Diamond Drilled; Silver Cup Mill Opening Next Week

A very extensive ore body has just recently been struck on the Cole property of the Owen Lake holdings which are being developed by Frank H. Taylor. The ore was encountered at a depth of 50 feet and was continuous for the six feet sunk before it was decided to explore the showing to ascertain width. The crew had drifted six feet into the ore and still had a solid face. The exploration to ascertain width will not interfere with the program of sinking to 100 feet. Work on the Cole property is being carried out by its own separate plant. Meantime, the main plant is operating smoothly on the Wrinch group and the tunnel started a few years ago by the Federal Mining & Smelting Co. has been extended 70 feet. A crew of 50 men is now employed and even they are anxious to invest money in the Owen Lake company.

Directors of the Topley Silver, adjoining the Topley Richfield, have decided to discontinue work for the present and inaugurate a program of diamond drilling in the area to determine location and extent of the ore bodies. Angus Benton, who was in charge of operations, left this week for Vancouver. Development of this property has so far been confined to sinking a shaft and, from this, some high-grade ore has been opened up. The bodies located have had such strength that it has been suggested to start shipping from the property. Recently, however, it was decided that the extent of the veins could be determined more quickly and cheaply by drilling and work has been suspended until the future program is thus determined.

Mining has been resumed at the Silver Cup property on Nine Mile Mountain, near New Hazelton, with Foreman Thomas Morris in charge. By the first of next week it is expected that the mill, with which the property has been equipped, will be turning out concentrates. Opening of this mill is being awaited with considerable interest. An extraordinary meeting of the shareholders will be held shortly when, it is expected, plans will be made for a campaign of expansion.

From the I.X.L. and Emma groups, a short distance from Usk which are being developed under the direction of J. M. Hoar, some beautiful samples, containing almost 50 per cent boronite, have been obtained. These samples came from the upper tunnel on the Emma, where there is a considerable body of the same class of ore. The work on the I.X.L. and Emma groups, now closed down for the winter, will be resumed in the spring. Meanwhile, Mr. Hoar is making a trip to California.

Development work is proceeding apace and with good results on the Columario mine, formerly the Kleanzo, some four-and-a-half miles from the railway at Usk. Ample funds have been forthcoming to carry on quite an extensive development campaign. There are five parallel veins on the property and the centre vein was selected and two drift tunnels have been driven on it—one being 250 feet and the other 500

feet long. From these tunnels a cross-cut runs to the other veins and, up to the present time, the ore developed is very gratifying. There is plenty of ore of good values and its character is such that treatment should be a very easy matter. The aim is to get a tonnage developed and put into a mill which it is now assured will be put on the property during the coming season. For some months the Columario has been working 20 men with drills in the tunnels. Recently, it was decided to put on two shifts and everything seemed to be in readiness to go when the compressor broke down and parts had to go to Vancouver for repairs. This means a delay of a week or two. As soon as the compressor is ready again, two shifts will be put on and about thirty men employed. The tonnage of ore will be developed rapidly and, by summer, the company should be in a position to operate on a large scale.

**Fashion Fancies**

A Modernistic Sports Dress That Is Unusually Striking

The combination of gray and dull beige, since the advent of the shade called grege, is becoming more and more popular. Whether or not you think this color-marriage is a felicitous one is another question—but of its smartness there can be no doubt.

The sports dress illustrated here is of gray, dull beige, red and black jersey, all in modernistic splashes and bands. The skirt is all black and pleated across the front.

**DAILY NEWS'  
SHOPPING SERVICE**  
for Out-of-Town  
Subscribers

To serve its women readers, and particularly those who live at a distance from a retail centre, The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched—or a piece of embroidery thread—or the thousand and one things that make up the difference between a woman's wants and a man's.

**The Prince Rupert Merchants  
Carry between them Stocks  
running up to \$2,000,000**

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.

**This Service Free**

to our women readers and is the outcome of many individual requests made to our staff on their travels through the district in seasons past. This service has been appreciated in these individual cases and is now extended to all with the hope of the same appreciation.

**So Do Not Hesitate**

Do not think you are imposing upon The Daily News. Our shopper is awaiting your requests.

# Westholme Theatre

FRIDAY AND SATURDAY, 7 AND 9 P. M.  
SATURDAY MATINEE AT 2:30 P. M.

## "MOTHER KNOWS BEST"

An adaptation of Edna Ferber's famous story which was one of the most discussed books in years.

**BARRY NORTON, MADGE BELLAMY, LOUISE DRESSER AND DISTINGUISHED CAST**

Another of the big ones shown recently at the Capitol Theatre Vancouver.

Orchestral selection "THE SONG OF THE FLAME"

AESOP'S FILM FABLES

Matinee 35c and 10c. 50c and 15c.

Child's Lucky Ticket will be sold at the Saturday Matinee.

## "Mother Knows Best"

"Mother Knows Best," which may be seen at the Westholme again tonight, is one of the finest pictures shown in the city for a long time. During its recent run at the Capitol, Vancouver, it drew capacity houses nightly. The story is engrossing and the acting superb. Madge Kennedy, Louise Dresser and Barry Norton do fine work. Miss Kennedy's mimicry of famous stars being particularly effective. The theatre scenes accentuate the brightness of a bright picture.

## ASK INSPECTOR TO BE LOCATED PRINCE RUPERT

That the Radio Department at Victoria be asked to have an inspector located at Prince Rupert to serve all the northern part of the province was the gist of a resolution passed by the Prince Rupert Radio Association at its meeting last night. This resolution will be sent to Superintendent E. J. Haughton at Victoria and to Major Edwards at Ottawa.

In introducing the matter, president D. C. McRae outlined the correspondence which has taken place between the association and the department. Mr. Haughton had told him that there were only four inspectors for the province and they had already 300 complaints from the city of Vancouver alone. Mr. McRae said he had replied that while in Vancouver they had 300 complaints from 300,000 people, here in Prince Rupert there were that many complaints from 7,000 people.

Letters had also been received from Prince George telling of the radio interference at that point. If an inspector were located at Prince Rupert he could serve the whole country, including such places as Smithers, Anyox and Stewart. He felt that the north was entitled to the services of one of those inspectors. This sentiment was echoed by a number of others present.

## COMPLIMENT TO SUPERINTENDENT OF UTILITIES

At the meeting of the Prince Rupert Radio Association held in the City Council Chamber last night with D. C. McRae presiding, a vote of thanks was accorded to J. J. Little, superintendent of utilities, for the splendid work he and his assistant, Gunnar Anderson, had done towards cleaning up radio interference and bringing radio reception to its present state of perfection.

In moving the resolution H. F. Pullen paid a compliment to Mr. Little in the difficult work he had done and the large amount of time and trouble taken by him in regard to it. For a good many who formerly were unable to use their sets, Mr. Little had made radio reception possible and although there were still some difficulties and a certain amount of noise at times, in a general way the reception was now good compared with what it was formerly. The resolution was seconded by Did Keith and carried with applause.

President McRae in putting the motion expressed pleasure that the service rendered by Mr. Little had been put on record by the association. He had done excellent work.

### WHAT WAS IT

The Customs Officer eyed the bottle suspiciously. "It's only ammonia," stammered the passenger from the Continent. "Oh, is it?" said the Customs Officer, taking a long sniff. It was!—Public Opinion.

## BARTHELMESS GIVES AMAZING PERFORMANCE

Celebrated Star Proves Himself Marvelous Actor in "The Patent Leather Kid"

Miss Molly O'Day Wins Personal Triumph—Film is Instant Hit at Capitol

Richard Barthelmess gave the most amazing performance of his career in "The Patent Leather Kid," First National's great story of love, war and the prize ring, which opened last night at the Capitol Theatre.

In choosing an actor to play The Kid it was necessary for First National to find a man who The Kid is was necessary for at the same time one who was a finished actor, capable of creating sympathy for a character who during the greater part of the picture appears almost a cad and a coward.

Barthelmess was a happy selection for the role, for he again demonstrates that he is one of the great actors of the screen, and his portrayal of The Kid is one of the finest bits of screen acting that has ever been recorded on celluloid.

In "The Patent Leather Kid" this talented youth even excels his marvelous work in the part, for the role of the Kid is the best he has ever had.

Pretty Molly O'Day plays opposite Barthelmess, and as the result of her work in this picture wins a personal triumph. She is easily the screen find of the year. A large and excellent company is seen in support. This is a picture that you must see at once!

The big new serial "Tarzan" (Chapter 5—"Flames of Hate") and Myfanwy Campbell, popular local danseuse in a classical toe dance, "Pas Seul," another great Capitol show that is "a hundred percent."

## WONDERFUL TOUR TO MARITIME PROVINCES

The personally conducted all-expense tour to the Maritime Provinces, "The New Outlook Maritime Special" is one of the most complete and attractive tours of Canada's eastern provinces offered to the public. The tour will leave Toronto via Canadian National Railways special train on June 17th, visiting Ottawa, Montreal, Quebec, a steamship trip up the Saguenay River, thence by rail to the principal towns and cities of the Maritime Provinces. The trip will be under the direction of the "New Outlook," official publication of the United Church, and will be personally conducted by Dr. Fallis. Western Canada passengers will use special sleepers to Winnipeg and special train from there, joining the main party at Toronto.

A beautiful illustrated booklet descriptive of the tour, has been published and a copy will be gladly sent you free upon request to Dr. S. W. Fallis, 299 Queen St. West, Toronto, or apply any Agent Canadian National Railways.

Motorship Bellingham, Capt. J. E. Anderson, arrived in port at 6:30 this morning from Ketchikan with five carloads of frozen fish, mostly salmon, for transshipment east over the Canadian National Railways.

# CLASS! COLOR! COMFORT! WARMTH! CAPITOL

FINAL SHOWING TONIGHT

## "The Patent Leather Kid"

From the Famous Story by Rupert Hughes, Starring **Richard Barthelmess**

It's tremendous! A thrilling story of LOVE, WAR, and the PRIZE RING.

AND BIG SERIAL "TARZAN," CHAPTER 5.  
MYFANWY CAMPBELL—Popular Danseuse.  
Two De Luxe Shows, 7 and 9 p m., 50c and 15c.

NOTICE—Free pass to the Capitol for one month will be given to person attending theatre this week who gives us closest to number of feet of film used in the big Friday-Saturday picture, "THE PATENT LEATHER KID."

## KSROORKH-ILYVIGHLM TREVH GSV YRTTVHG EZOFVH

Solve this Mysterious Message \$5,000.00 in PRIZES

### Solve the Mysterious Message—Win a Car!

Ernest Lohue, the famous dare-devil flier, left Le Bourget Flying Field, Paris, France, for Toronto, Canada, attempting to break the long distance flying record. Lohue was entrusted to deliver a message of great importance to the Canadian Public but, owing to engine trouble developing, he was forced to land near Halifax. Lohue rushed to the nearest Radio Broadcasting Station and transmitted the famous message. The message was in code and in his haste he forgot to translate it. In the above picture you see him writing the message. Can you solve this message?

If you are fortunate to solve the Mysterious Message you have opened the way to being declared a first prize winner. The Mysterious Message contains 6 words and is a message of interest to every one in Canada. There are six groups and each group of letters when translated from the code represents a word, the six groups from the complete message—for instance, the third word was broadcast as TREVH and should read GIVES.

If you can solve this message you can win a prize. It will take a little patience and will prove very interesting besides a profitable way of spending your time. Start by writing the alphabet down from A to Z and number each letter beginning at Z first as Number 1; Y; X; W; V; U; and so on. Then change the letters in the Mysterious Message into numbers by finding which number each letter represents. Then you must write down another number, numbering it the right way. A number 1; 2; 3; 4; 5; and so on. Change the numbers back into letters by finding the letter corresponding to the number.

If you can decipher the message, and you answer without delay, you can win a prize. Follow the simple rules, be sure of a prize.

ANSWER AT ONCE  
WIN SPECIAL PROMPTNESS PRIZE

### THE BIGGEST LIST OF PRIZES EVER OFFERED

50 (50 points)	25 (25 points)	10 (10 points)	5 (5 points)

AND MANY SPECIAL AWARDS

**RULES OF THE CONTEST:**

1. Write answer in pen and ink, using one side of paper only. Write your name and address in the bottom right hand corner, stating whether Mr., Mrs., or Miss. Put anything else you wish to write on a separate sheet. Do not send fancy, drawn or typewritten entries.
2. Contestants must be 15 years or over. Employees of Phillips-Robertson Co., friends or relatives of employees or anyone connected with this company cannot compete.
3. Contestants may submit as many as three answers to the puzzle, but only one can be awarded a prize. Different members of a family must not compete as only one prize will be awarded in a family or household.
4. The final awards will be made by a committee of the Toronto gentlemen who kept the contest open with this firm. The names will be made known to all contestants. Contestants who agree to abide by the decision of this committee. The prize will be awarded according to the correct solution of puzzle. 255 points will be awarded for spelling, punctuation and last points for selecting from Phillips-Robertson Catalogue as order for at least \$2.50. In case of tie, duplicate prizes will be awarded. Special awards will be given for promptness.

**THIS IS NOT A SALES CONTEST**

Note: Special Surprise Awards for Promptness. If you can solve the Puzzle—Answer at Once—Without Any Delay. Copyright, P.L.G., 1923
