## TWO FISHERMEN LOSE THEIR LIVES

### ROYAL PROCESSION STOPPED BECAUSE SNOW IN LONDON

#### Prince of Wales Acts for His Father At a State Levee at Palace

LONDON, Feb. 26. — Snowfall this morning brought disappointment to Londoners who hoped to see the Prince of Wales drive in state from Buckingham Palace to St. James Palace to hold the season's first levee on behalf of King George. Because of bad weather the state procession was cancelled and the Prince of Wales walked the short distance from his residence in York House, wearing his brilliant scarlet uniform as a colonel of the Welsh Guards. He was escorted by members of his staff and household officials in glittering uniforms.

The scene inside the palace was a brilliant one. It was the first time the prince had acted for his father at a levee.

#### MENINGITIS ON STEAMER

Twelve Persons Isolated in Seattle Hospital and 134 Are Quarantined

SEATTLE, Feb. 26.—Twelve persons stricken with spinal meningitis were isolated today in the city hospital, while their 134 former companions in staterooms of the American mail liner President Lincoln were quarantined aboard the ship. The first and second-class passengers left the ship when she berthed last night unaware that the disease had gained a foothold in the stateroom after the ship left Yokohama. One hundred and eleven of the quarantined passengers are Filipinos and the remainder mostly Japanese.

#### TWO CHILDREN ARE DROWNED

Little Girls at Port Haney Broke Through Ice on Small Pond

PORT HANEY, Feb. 27.—Margaret, aged 5, and Reta, aged 3, children of Mr. and Mrs. Pat Carr, were drowned yesterday afternoon when the ice on a small pond on which they were sliding broke beneath them. The water was only about three or four feet in depth and about 300 yards from the Carr home. A neighbor's child, aged 6, gave the alarm. The bodies were recovered.

#### WATERWAYS BILL DROPPED

OTTAWA, Feb. 26.—Following a debate in the house of commons in which both Premier King and Conservative Leader R. B. Bennett took part, T. L. Church, Conservative of Toronto North-west, withdrew his motion asking the government to proceed with negotiations for a treaty with the United States respecting the St. Lawrence deep waterways and power development as a public undertaking.

#### WHEAT PRICE TODAY

VANCOUVER, Feb. 26.—The price of wheat on exchange today was \$1.29 1-2.

#### ALASKA LAW FOR SALMON FISHERIES

WASHINGTON, Feb. 27.—The senate bill to amend the Alaska Fisheries Act was passed by the house yesterday and sent to the president.

Under this measure it would make it unlawful to preserve for sale as a food for human consumption any salmon unless it shall have been canned, salted, iced, frozen, smoked or dried within 48 hours after being caught.

#### SPEAKER ALSO BOUGHT STOCK AT WINNIPEG

Believer Rumor That Stock Would Go Up But Lost \$3000 On Deal

WINNIPEG, Feb. 26.—One hundred shares of Winnipeg Electric stock were purchased on margin by H. A. Talbot, speaker of the Manitoba Legislature previous to the consummation of the Seven Sisters Falls lease to the private company. This was the testimony given by Mr. Talbot today before the Royal Commission investigating the campaign funds charges against the Bracken government.

#### M. P. ARRESTED AT OTTAWA

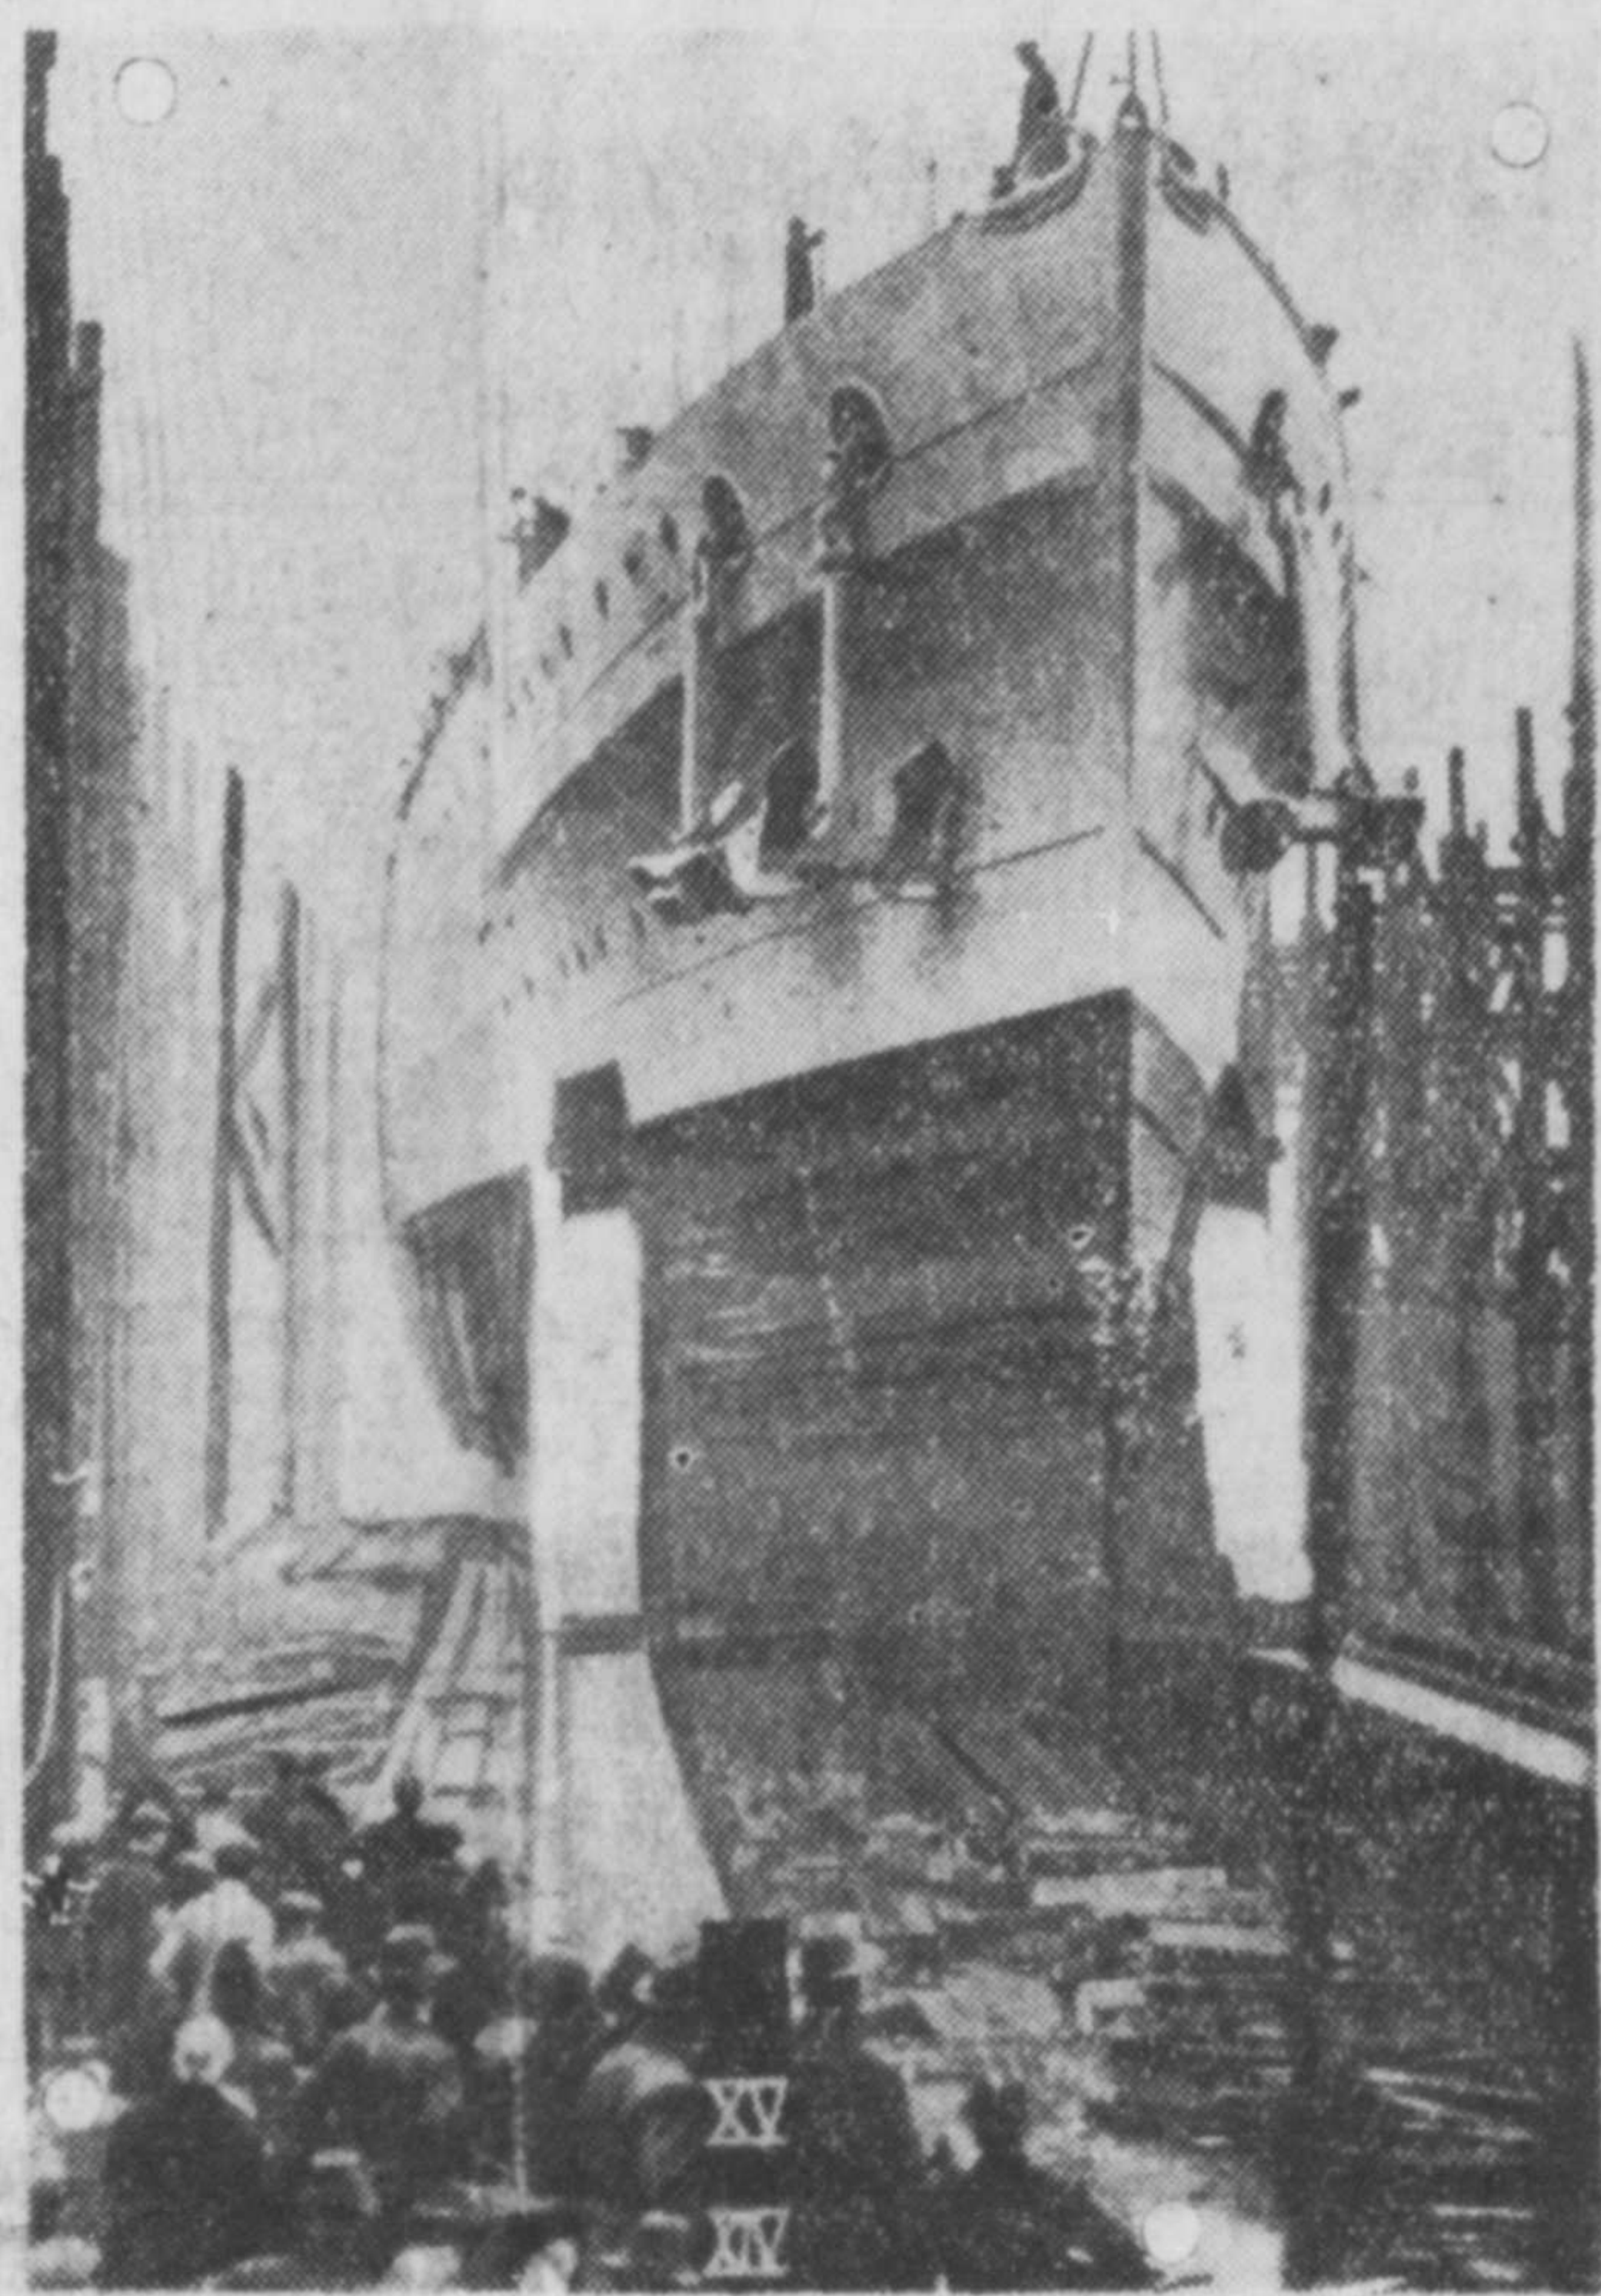

Louis Auger Charged With Offence Against a Woman

OTTAWA, Feb. 26.—Louis M. Auger, M.P. for Prescott County, released on a bail of \$1000 last night following his arrest on a charge of committing a serious offence against a young woman, was in custody again today.

Upon arraignment in the police court today, it was disclosed by J. A. Ritchie, crown attorney, that Auger had been illegally released. The criminal code in this type of case providing that bail could be granted only by a judge of the supreme court of Ontario. The contention was upheld and Auger was ordered held in custody until proper bail had been arranged. A remand of one week was granted.

Mr. Auger was arrested by detectives as he left the parliament buildings last night. In an interview he denied that there was anything to the charge and said the less said about it until it is cleared up the better.

#### Launching of Britain's Newest Cruiser

H.M.S. Dorsetshire, the latest addition to the British navy, launched recently at Portsmouth, England. The Dorsetshire, the latest in 10,000-ton cruisers is shown sliding down the ways.

#### Echo of Seven Sisters Falls Scandal Reaches Federal House and is Discussed by Members

OTTAWA, Feb. 27.—J. S. Woodsworth, Labor M.P. for Winnipeg North Centre, charged in the house last night that Hon. Charles Stewart broke his solemn undertaking given to Manitoba members in the federal house that there would be no lease granted on the Seven Sister Falls power site until those members had been consulted. Either the word of the minister is sacred and that minister speaks on behalf of the cabinet, or else the idea of the cabinet solidarity and the honor of this house becomes a thing of the past," Mr. Woodsworth said.

T. W. Bird, Progressive of Nelson condemned the principle of handing over the natural resources to a private interest by order-in-council.

Hon. Charles Stewart declared he had time and time again consulted Manitoba members. He had tried to see Mr. Woodsworth and it was not his fault if he had failed. I believe the lease is a good one Mr. Stewart said. He added that he had nothing to do with the action of the Bracken government or the situation it found itself in.

Hon. R. B. Bennett wanted to know why there had been so much hurry in arriving at an agreement with Manitoba of the basis on which the return of the natural resources of that province would be consummated. Did this hurry bear any relation to the fact that a private company wanted this power?

Mr. Stewart retorted that the government had been prepared to do the same for the other provinces. Mr. Bennett was speaking at adjournment. The debate was on Mr. Woodsworth's resolution advocating that no disposition of the natural resources under the control of the Dominion shall be effective until ratified by the parliament.

#### Two Fishermen Swept from Deck of Vansee by An Immense Sea

Reporting the second fatality of the so far short-lived 1929 halibut fishing season, this time a double loss, the big Seattle halibut schooner Vansee, Capt. Chris Peterson, arrived at Prince Rupert last night from her initial trip of the year to the halibut grounds. In the same storm which caused the loss of a fisherman from the Canadian boat Takia and damage to the vessel, the Vansee was swept by tempestuous seas on February 20 in the Gulf of Alaska and two of her fishermen — Martin Anderson, aged 37, and Brungo Svensen, aged 24, both of Seattle—were hurled overboard and lost without further trace. The immense sea which raked the vessel also carried away eight dories, 18 skates of gear and smashed all the boats and railings on the Vansee.

#### STEEL BOUNTY BILL PASSES

VICTORIA, Feb. 26.—A bill to provide for the granting of bounties on iron and steel manufactured in the province was passed for a second reading by the legislature yesterday.

The bill had for its direct object the rendering of aid to the extent of \$1 a ton to William Cooke and Co., Canada Ltd., now engaged in manufacturing various lines in Vancouver. The amount of the subsidy is limited to \$20,000 a year and not to exceed \$100,000 in five years, the term of the subsidy.

Minister of Mines W. A. MacKenzie explained that there was now iron and steel scrap enough available in B.C. and Alberta to warrant the development of the industry.

#### NO CHANGE IN BONDING PLAN

Efforts of Alaska to Secure Business by Suppressing Prince Rupert Not Successful

OTTAWA, Feb. 25.—There will be no change made in the arrangement by which American fishing vessels ship their catches through Prince Rupert in bond to the American market, it is announced here. The suggestion to make such shipments liable to duty did not meet with much favor at Washington.

It is also announced that the whole fisheries question as between United States and Canada is under review of the two countries.

#### 2000 MINERS IN CANADA YET

OTTAWA, Feb. 27.—Of the 8409 miners brought to Canada under the harvest movement last year, 2000 are still in Canada, the minister of immigration stated in the house yesterday.

#### CANADIAN DESTROYERS HAVE BOTH BEEN SOLD

OTTAWA, Feb. 26.—A sale obsolete of the Canadian destroyers Patriot and Patricia was announced. The Patriot goes to Thomas W. Ward Ltd., of Sheffield, England, and Patricia to Neiber and Marcus, Seattle. They will be broken up.

#### MARSHAL FOCH CANNOT LIVE

PARIS, Feb. 26.—The Associated Press is informed authoritatively today that the condition of Marshal Foch is considered hopeless and that death appears to be only a question of days, a week or 10 days at most.

#### KILLED RESULT OF ROLLER SKATING ON THE SIDEWALK

VANCOUVER, Feb. 26.—Betty McBride, aged 11, while roller-skating on the pavement on 7th Avenue was accidentally knocked down by an auto and fatally injured, dying two hours later. W. H. Harrup, driver, is charged with manslaughter.

#### AUDITOR WILL GET LARGER SALARY

VICTORIA, Feb. 26.—A bill was introduced by the legislature which proposes to amend the Audit Act so that a maximum of \$8000 a year may be paid to comptroller general instead of \$6000.

#### SPRINGFIELD IS FLOODED

SPRINGFIELD, Ohio, Feb. 26.—Springfield today faced the worst flood condition since 1913. The city was without power because of the high water. Buck Creek and the entire city water supply was cut off. The downtown-section was under three feet of water. Factories along the river bank were inundated.

## SEATTLE FAILED TO DOWN LIONS

Percy Jackson, Vancouver Goalie, Was Star Player for Winners

VANCOUVER, Feb. 26.—Seattle made a determined effort to down the Lions in a cost hockey league fixture here last night to strengthen their position on the second rung of the league ladder, but Percy Jackson, Vancouver goalie, turned in one of the most brilliant performances of the season with the result that Vancouver won 3 to 1.

It was the Lions' thirteenth straight victory of the season on home ice. The Lions scored two in the first period and the Eskimos one. The second period was scoreless, Vancouver's final coming late in the final session.

## BOXING CARD FOR TOMORROW

## ANCIENT RUGBY PLAYER DIES

LONDON, Feb. 26.—Alfred St. George Hammersley, 80 years of age, who practiced law in Canada and New Zealand for some years, died today. He was for some time legal adviser to the corporation of the city of Vancouver and the Canadian Pacific Railway and was chairman and director of a number of industrial and other companies in British Columbia. Hammersley played for England in international rugby four times, was Conservative member for Woodstock and Oxford four times from 1910 to 1918.

## ELKS' WHIST

Mrs. W. D. Vance and Joseph Howe Winners of Prizes Last Evening

In the weekly whist tournament of the Elks' Lodge last night, Mrs. W. D. Vance took the ladies' prize with a score of 195, while Joseph Howe was a winner for the men with 196. There was keen competition in the games, which were followed by the serving of refreshments, of which Kenny McCuaig was in charge.

## ENGLISH CUP FOOTBALL

## Sport Chat

One of the interesting features of the curling bonspiel which is being conducted at Smithers is a challenge game between Telkwa and Duthie Mine rinks. Skip White of Telkwa led his knights of the broom to a 13-10 win over the miners.

At a recent dance by the Smithers Curling Club, the Hanson Cup was presented by Dr. R. C. Bamford, president of the club, to F. H. Johnson's rink. W. H. Doodson and Dr. Bamford rinks were presented with sets of silver spoons, having finished first and second respectively in a recent inter-rink bonspiel.

Smithers hockey team, which had split honors in a series played previously in Smithers, lost both games of a return series to Vanderhoof at Vanderhoof last week. The score of the first game was 3 to nil while the second was better contested to 3 to 2. A dance one night and a banquet on the second were staged in honor of the Smithers visitors.

Pete Sandnes of Burns Lake kept up his form last week at the ski meet in Portland, Ore., and took first place in the standing ski jump and came fourth in the combined events. Sandnes will take part in a ski tournament at Vernon before returning to Burns Lake this week when it is planned to give him a public welcome and tender him a banquet in honor of the distinction his prowess has brought to his home town.

Burns Lake girls are engaging in interesting basketball competitions and are putting up a good brand of play. In a recent game Miss Kathleen Godwin's team won 12 to 8 over Miss May Zielke's. Good combination was played by the losing side but they failed in shooting skill and thus were beaten.

## ST. ANDREW'S BOWLING

George Scott's Rink Beat That of Bert Cameron Last Evening

George Scott's rink beat Bert Cameron's by a score of 11 to 10 in a close St. Andrew's Society carpet bowling tournament last night. The next game will be on Thursday night when rinks of C. Taylor and J. Frew meet.

Rink standings to date are as follows:

	W	D	L	P
C. Taylor	1	1	0	2
B. Dalgarno	2	0	0	4
J. McLean	2	0	0	4
J. Frew	1	1	0	3
R. Cameron	1	0	2	2
G. Scott	1	0	2	2
J. Watson	0	0	2	3
G. Abbott	0	0	2	0

## TOURISTS FOR CANADA THIS SEASON COMING

WINNIPEG, Feb. 26.—"California is growing more and more interested in Canada," declared Robert Creelman, passenger traffic manager of the Canadian National Railways, on his return this morning from a business trip to the Pacific coast. He was accompanied by C. K. Howard, general tourist agent, Montreal. Mr. Creelman went as far as Los Angeles and San Diego. "I was never more impressed," he said, "with the prospects for summer tourist traffic from the United States. The Shriners' annual convention will be held at Los Angeles in June and there should be an attendance of at least 75,000, a great many of the eastern delegates are bound to come through Canada, and we are already receiving inquiries from Shriners who are anxious to stop over at Jasper on their way to California. Many of them will take the steamship trip from Prince Rupert to Vancouver."

Conferences with Canadian National agents along the coast reveal the fact that Alaska would be popular with California tourists this coming season. Reservations were now being made for the first sailing north on June 10. Much interest was being shown. Mr. Creelman said, in the Canadian amateur golf championship, which would be held at Jasper this year.

## WEEKS' CAMPAIGN BY SALVATION ARMY IN CITY IS CONCLUDED

A week's salvation campaign which has been conducted here by the Salvation Army with ministers of the various Protestant churches cooperating was concluded last night when a large congregation attended at the Citadel. An impressive spiritual message was delivered by Rev. T. H. McAllister, pastor of Rupert United Church.

In the Class C. ski jump which was recently held at Burns Lake Oke Stanyer won first place with a total of 13.45 points, thus winning the Birks Cup for one year in addition to a gold watch.

CHAIN STORES GROWING

The growth of chain stores is indicated in a report made by the Canadian Business Research Bureau, which shows a general increase of 23 per cent in 1928 over 1927. According to that report, there were last year 1670 chain groceries and 297 chain drug stores, 237 meat stores, 223 variety stores and 217 tobacco and cigar stores. The total for last year was 3704, as against 3021 stores in the previous year.

RAILWAY DEVELOPMENT

(Victoria Colonist)

If the P. G. E. is to be extended into the territory north of the C. N. R. line to Prince Rupert, its present owners, and any others who may acquire it in future, should regard the opening up and development of that country by the Canadian Northeastern as a great piece of good fortune.

When a railway enters a new, undeveloped and extensive territory, years must elapse during which it must provide transportation facilities while as yet the volume of traffic is insufficient to procure an adequate return upon the capital invested. Not until the development of the country is well advanced can it hope for the enterprise to become profitable. This province has had some experience with the operation of a colonization and the task of developing the areas served.

If the north country is to be still in a wholly undeveloped state when the P. G. E. is extended into it, is it not obvious that profitable returns will be deferred, and that large financial outlays will have to be made, during the period, more or less prolonged, that will be required to build up a volume of traffic there? On the other hand, if the territory is already largely developed, the P. G. E. will have a considerable volume of traffic ready to hand. It will have the only route capable of giving direct, speedy all-rail transportation between that territory and the chief centres of trade, commerce and shipping in this province.

If the P. G. E. goes in first and builds up a population and important interests there, that population and those interests will not submit to being deprived of any other railway outlet which they think will be of benefit to them. Nor will it be possible to prevent them from getting it. Both outlets are certain to come, sooner or later. The only question is which railway is to do the pioneer work.

FELL DEAD IN THE LIBRARY

Herbert Duncan McIntyre Passed Away Suddenly Yesterday Afternoon

While chatting with friends in the public library, where he had gone to obtain a book, Herbert Duncan McIntyre, assistant office manager of the Alberta Wheat Pool's Prince Rupert elevator and "dean" of the elevator staff which he joined when the house was opened some three years ago, dropped dead at 5:30 o'clock last evening. Dr. J. P. Cade, who was immediately called, expressed the opinion that death had been due to a sudden stroke. Mr. McIntyre had left his duties at the elevator at 5 p.m. and had been driven as far as the post office by William McIver, superintendent of the plant. From the post office he went on to the library and had just turned in his card and was looking over the book shelves with friends about when he collapsed and fell dead to the floor.

His associates at the elevator state that Mr. McIntyre had never complained and, right up to the moment of his death, seemed to be in quite normal health. He had been bright and cheery right up to death.

The late Mr. McIntyre was 49 years of age and a native of Brantford, Ont. He taught school for several years in the province of Ontario as a young man and later became a commercial traveler. He had been for a short while at Fort William receiving training in the grain business before coming to Prince Rupert, where he was first accountant at the elevator for the Department of Trade and Commerce. He joined the service of the Alberta Wheat Pool when it took over the local house.

Deceased is survived by a brother who is engaged in farming in the Brantford district. So far as can be learned, no other immediate relatives survive. Word is being awaited from the brother before funeral arrangements are completed by the B. C. Undertakers. The late Mr. McIntyre was a member of the Masonic Craft and the Royal Arch Masons at Brantford. He resided at the Inlander boarding house.

An inquest is being held this afternoon.

The inquest is being conducted by Coroner Norman A. Watt and jurors are Jack Keefe, William Sullivan, F. G. Pyle, F. A. Stevens, Samuel Pierce and George Mellmoyl.

A fish usually rests with its head upstream. The reasons offered by scientists for this is that it breathes more easily that way.

GRAIN SHIP IS FINALLY AWAY

Swedish Steamer Sydland Sailed Yesterday Afternoon With Full Cargo for U. K. or Continent

After having spent an even three weeks in port, the Swedish steamer Sydland sailed at 4 o'clock yesterday afternoon for the United Kingdom or Continent with a full cargo of grain loaded at the Alberta Wheat Pool's Prince Rupert elevator. Shortage of required grades of grain caused the delay to the Sydland.

Overnight 20 carloads of grain arrived from the prairies for the local house. The movement of grain to the port is reported to be lightening up again and there is uncertainty as to when another ship may be expected here to load.

Advertisement for 'Going up!' featuring a man on a beam and a bar chart showing industrial payroll and construction growth from 1916 to 1927.

AFTER all, there's no place like British Columbia in which to work and live and play! Here, there are no long "off seasons" to cut down a man's working time. Our temperate climate keeps a man fit... enables him to produce more... earn more.

The producers' average weekly wage in British Columbia is \$28.39... 49% higher than the rest of Canada. In 1926 seventeen industries increased weekly wages by \$12.95! Actually in ten years our annual payroll has grown from 78 million dollars to 175 million dollars... the greatest advance by far of any Province during that period.

Construction, that outward evidence of the faith we have in our province, has played a large part in the wage situation. In ten years British Columbia's construction activity has gone up ten times. In 1916 it involved only \$2,860,000... for 10 months in 1927 it amounted to \$27,277,000!

This activity has an immediate effect on current conditions. Cash funds are disbursed for materials, employment is good... wages fairly steady... money in circulation.

It increases the capital investment in our Province. And there can be no surer indication of future progress than when producing machinery increases... a sign of growing markets... a sign that British Columbia products are winning a place in the markets of the world.

Life is more enjoyable... we have more time to enjoy the year-round pleasures and recreations at our doors, while our general standard of living is very much higher. Taxation during the last four years has been reduced by two and a half million dollars... concrete proof of our province's sound financial condition.

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

## KOLSTER RADIO

THE NEW HOME MAKER  
 RADIOS ARE GREATEST OF ALL ENTERTAINERS AND EDUCATORS  
 KEEP FAMILY AT HOME

The radio is becoming almost generally used in this northern country. Many in the homes and camps are now enjoying entertainment that ever a few months ago was not thought of as in the realm of probability.

The Radio is one of the best means produced to keep the young people at the home fireside at night. It also keeps "the old man" in at night and home life is coming back.

The Radio is not only a great entertainer—it is also a great educator. Every home should have a radio, particularly in this part of the country where reception is improving, and where many forms of musical and educational programs are few and far between.

The family sit in their easy chairs near the fire and music, play or lecture comes in over the air; no effort is required to enjoy the program.

The Radio is a real service and source of enjoyment—ask any owner.

Kolster Radio is recognized as one of the best on the market.

## INSPECTOR OF RADIO COMING TO TEST SETS

Leaving South on March 5 and Will Go Through to Prince George.

President D. C. McRae of the Prince Rupert Radio Association has had a reply to his latest letter to E. J. Haughton of Victoria, divisional superintendent of radio for British Columbia, stating that A. L. Gray, one of the radio inspectors, will leave there March 5 for Prince Rupert to investigate the matter of radio interference. He will not come direct, but will stop off, presumably at Ocean Falls, on the way.

Prince George has formed a radio association and has also requested a visit from an inspector and has been told that the same man will visit that city.

President McRae has been writing to every settlement in the north suggesting that they form a radio association and, if there is need, ask for an inspector.

The proposal is that one of the four inspectors be located in Prince Rupert, or in some other northern centre, from which he would work the whole country south to Ocean Falls. This would be a large territory and would keep him busy, it is claimed.

Mr. McRae says that if we expect to get help in this part of the country we must go out after it. We are entitled to an inspector as there are an immense number of radio sets throughout the country, most of them paying license fees.

## STIRLING-SHARKEY FIGHT WILL NOT BE BROADCAST FEB. 27

William F. Carey, vice-president and treasurer of Madison Square Garden Corporation, explains that the Garden's decision not to broadcast the fight, which will be staged on Feb. 27, is purely a matter of experiment, and that it does not signify intention of the Garden to abolish broadcasting from its future programs. "We are trying to see how much a fight depends upon radio broadcasting for its success," he said. "It is not a question of trying to sell more tickets, but is an experiment in business. We want to find out how successful a show of this kind can be without radio facilities as a supplement."

## HEARS ENGLAND VERY OFTEN ON SHORT WAVE SET

Dave Eastman Tells More About His Reception From Long Distance

Dave Eastman, who on Saturday at midnight heard Commander Byrd broadcasting from his base near the South Pole, when asked for further information in regard to his short wave set, said that for the person looking for musical entertainment he would recommend that they buy the ordinary long wave set as sold commercially. On the other hand, anyone looking for experimental work could get more interest from a short wave set. He said that the short wave sets were more tricky than the others, more difficult to tune in and the stations from which they receive do not have regular programs like the long wave stations. Sometimes they are on the air and sometimes not.

The advantages of the short wave seems to be that they are more constant in reception. They can hear night and day and in all kinds of weather and are not subject to static conditions. Local interference does not seem to bother Mr. Eastman, who lives on Tenth Avenue East. He gets stations from all parts of the world and particularly from a couple of stations in the eastern states.

One station which comes in often here is GSW of Chelmsford, Essex, which is on the air three nights a week and can almost always be heard. Mr. Eastman wrote to the station telling him of the splendid reception he got from there and received a reply which intimated this was nothing out of the ordinary. He told him not to trouble to report again, as he got thousands of letters from all over the world and had not time to answer them.

All last week when local stations were getting practically nothing, Mr. Eastman says he was getting wonderful reception, and Sunday night when the reception was very good on the long wave his was not quite as good.

## STILL A FEW COMPLAINTS

Radio Fans Annoyed by Small Receiving Sets That Cause Caterwauls in Air

England has prohibited the sale of regenerative sets that cause the squeal which all radio fans know and abhor. Unfortunately there are a number of these sets in Prince Rupert and the owners seem to be always busy. It is even worse on poor reception nights than on good ones because they keep trying to get through and their wails and caterwauls are exasperating.

There are not many of them but sometimes they seem like a thousand. They are an annoyance to several hundred legitimate radio fans who operate their sets without broadcasting to their neighbors and interfering with their enjoyment.

Those who have tried to run down troubles in other places have found that the most common local interference is that of electric irons with loose connections, oil burned motors with sparking brushes, and different household appliances.

New receiving sets are being purchased by local people and this adds daily to the number of local radio fans. The more there are the greater will become the demand that conditions be made perfect for reception.

## CHARGING BATTERIES ARE AN ANNOYANCE

Complaint is made of some radio men going away and leaving their batteries charging all evening and thus interfering with the reception of those in the neighborhood. Doubtless this is only thoughtlessness and it only needs to be drawn to their attention to insure that it will not occur again.

The New  Plug in!

# Victor Radio

has conquered the Dominion

—conquest by "peaceful penetration." Since the first Victor Radio announcement August 1920, thousands of owners have brought the joy of the New Victor Radio into their homes. They are proud of their sets.

And why? Because in designing this New Victor Radio, the well-known Victor standard of "quality first" was observed to the letter, and the purchasers profited by it. This standard has resulted in world leadership for Victor products. Where music is known - Victor comes first. Statistics prove it.

The JURYMAN'S LOGIC

A lawyer once asked a man who had at various times been on several juries: "Who influenced you most, the lawyers, the witnesses or the Judge?"

He expected to get some useful and interesting information from so experienced a jurymen. This was the man's reply: "I'll tell ye, sir, 'ow I makes up my mind. I'm a plain man and a reasonin' man, and I ain't influenced by anything the lawyers say, nor by what the witnesses say; no, nor by what the Judge says. I just look at the man in the dock, and says: 'If he ain't done nothin', why's he there?' And I brings 'em all in guilty." —Law Journal.

#### NFW HAZELTON

St. Peter's Anglican Church at Hazelton has elected officers for the year as follows: rector's warden, E. R. Cox; people's warden, W. W. Anderson; vestry, L. Stevenson, Douglas Lay, S. J. Winsby, Mrs. Dugate, Mrs. Wrinch and Mrs. Hogan; vestry clerk, Mrs. Myros; auditor, R. S. Sargent; lay delegates to synod, James Proctor and Mrs. J. C. K. Sealy.

Mr. and Mrs. S. J. Winsby entertained at five tables of bridge last Monday evening. Prize winners were Mrs. C. H. Sawle, Mrs. McTaggart, C. H. Sawle and James Turnbull.

Mrs. Peter Smith has been spending a few days at Beament where Mr. Smith is section foreman.

#### SMITHERS

C. T. Lawrey, assistant district sales manager for the Union Oil Co., who was a visitor here last week, announced that his company was planning the establishment of a fuel station in Smithers.

From various mining camps in this district requests are being received for old magazines. Reading is the sole diversion for the men in some of the camps.

Mr. and Mrs. Norman Kilpatrick have moved into the house on Third Avenue formerly occupied by E. M. Sales.

With the amalgamation of the Hefferman and Thorne businesses and their removal to the new store in the Watson Block, A. L. Evitt has leased the building vacated by Mr. Thorne.

#### BURNS LAKE

Jack Gilgan of Tachesinkit Lake is reported to be seriously ill following a recent attack of influenza.

Mr. and Mrs. Howard Pringle of Southbank were visitors in town last week.

Phil Brunell has been on a business trip to Prince Rupert where he has purchased the stock of the late Thor Johnson who was drowned last fall.

Guy Stearns of Columbus, Ohio, will motor here this summer to visit his brother, R. G. Stearns at Tintagel. He will be accompanied by his wife and family.

John J. McKenna has moved his stationery store from the McDougall building to the Dr. Steele block. Dr. and Mrs. Holmes have taken up residence in the upstairs quarters.

#### VANDERHOOF

Mrs. R. C. McCorkell was soloist at evening service in the United Church here on Sunday.

Mr. and Mrs. Kenneth Warner of Burns Lake visited town to attend the Smithers-Vanderhoof hockey games last week.

Mrs. Maigret left at the first of this week to visit at Prince George with her daughter, Mrs. Bradshaw.

R. C. McCorkell expects to finish the contract for the building of a new wharf at Fort St. James by March 10.

Mr. and Mrs. M. M. Connolly and Mr. and Mrs. Steele of Fraser Lake were in town last week to attend the Smithers-Vanderhoof hockey games.

#### PRINCE GEORGE

P. Burns & Co. has intimated to the committee of the Prince George Board of Trade investigating the possibility of the establishment of a creamery here that, if the company proceeds with plans along that line, Prince George will be considered as a

site. The company is still uncertain, however, as to whether a sufficient supply of cream is available in the Prince George and Vanderhoof districts.

The lowest thermometer reading here during the past week was 22 below zero on Sunday according to R. E. Carter, Dominion meteorologist, who predicts fair and warmer weather for the next few days.

After a stormy investigation into recent action of City Clerk R. Cleriue in dismissing members of his staff, a special committee of the city council has recommended giving the clerk a free hand in reorganizing the local City Hall staff.

Gave Helpful Address to Baptist Church Fireside Club on Subject of "Character Building"

The principal feature of the program at the regular weekly meeting last night of the Fireside Club of First Baptist Church was an enlightening address by Rev. T. Ivon Jones, pastor of First Presbyterian Church, on the subject of "Character Building." Rev. W. E. Price presided and conducted the devotional exercises and other items on the program included a piano solo by Miss Aletta McKinley and vocal duet by Rev. and Mrs. Price.

Playing of games and serving of refreshments brought an enjoyable evening to a close. There was a good attendance.

EMBARRASSING MOMENTS

THERE'S A SPLASH... the placid waters of the crystal pool take life as the pebble disappears. First a circle, then two, then six, then twelve, as if by magic the ripples race over the surface of the pool to its furthestmost edges. The stone that stirred the pool to life was one of your dollar bills, the pool is British Columbia... B.C. with its industries and natural resources, you, me, and everyone. The ripples are beneficial disturbances set up by your dollar... all the elements of B.C. industry responding to replace that commodity purchased by your dollar.

What is the moral of the stone in the pool? Every dollar you spend for B.C. products helps sustain B.C. labour and all its dependent sources of production and distribution. Your own prosperity is dependent on your purchasing interest in those articles manufactured for you by your fellow men and women. Every man employed earns wages, spends wages, and keeps others employed. Demand the B.C. product! It is an expression of faith in your local industries and pride in the products of your Homeland.

#### MR. CASEY'S PROPOSAL

Editor, Daily News:—

As the wood cutting scheme which I proposed, and was accepted by the workless workers on Sunday evening is entirely dependent for its success upon public patronage, I desire to briefly set out the terms of the agreement, so that all may judge for themselves as to whether or not we are attempting to exploit either the public or the unfortunate workers, who at present are destitute.

We are to offer the public Jack Pine and Hemlock, cut in stove lengths at \$10.00 per cord. Red Cedar, \$9.00. If any desire it in four foot lengths these prices will be reduced \$1.50 per cord, everything delivered.

The Casey Cartage Co. supplies all tools, does all the hauling and cuts the wood in stove lengths with their power saw, conveys the men to and from work and divides, 50-50 with the men after the Government Royalty of 35c per cord is paid.

This is not a storing proposition. It is based upon immediate sale and delivery for cash. Most any household can find use for a cord of wood in the course of a year, thereby assisting those in need and at the same time getting value for money. Phone all orders to the Grain Handler's Union, Blue 627, or 303, Casey Cartage & Fuel Co.

Local Talent Scores Success in Staging of "Green Stockings" for I.O.D.E.

The rippling three-act comedy "Green Stockings" was given a splendid presentation by local talent before a crowded audience in the Capitol Theatre last night under the auspices of Municipal Chapter, Imperial Order, Daughters of the Empire. The effort, which was crowned with much success, reflected great credit not only upon the members of the cast but particularly upon Mrs. Sheldford Darton, regent of Municipal Chapter, under whose personal direction it was staged. Several new performances on the local amateur stage were introduced and notable among these were Mrs. H. L. Shadwell and Mrs. F. G. Dawson, who distinguished themselves with their ability in the leading roles. Every member of the cast contributed excellently to making three hours of solid entertainment and the audience was not slow in expressing its appreciation of a notable achievement on the local stage.

Mrs. H. L. Shadwell, in the role of Celia Faraday, maiden oldest daughter of an English family of some social standing, proved herself a real acquisition and carried off a difficult and heavy role in a manner which left little to be desired. The enthusiastic applause of the audience for her performance from her entry out of the storm in her slicker and oil skins to the final curtain when she captured the heart of her realistic invented Colonel Smith was her consistent reward.

Mrs. F. G. Dawson, as the virtuous Aunt Ida from Chicago, and the unwilling partner in Celia Faraday's "immoral" schemes, shared honors with the leading lady. It was also Mrs. Dawson's debut to the general public, although she had been previously enjoyed in smaller affairs. The role gave her full opportunity to exhibit marked elocutionary talent—first as a horror stricken matron, then in a severe attack of hysteria, and, finally, as a jolly inebriate.

James Farquhar, as Colonel Smith, though not entering until the second act, had a heavy part from then on and he acquitted himself in his usual capable manner as the gruff, though soft-hearted, military man. To such roles, he has become particularly adapted.

#### Others in Cast

A. A. Eason sustained the character role of Robert Tarver, a most English Englishman having political ambition, with marked skill and much of the comedy devolved into his capable hands. Miss Margaret Palmer, as Phyllis Faraday, the youngest of the four daughters, was his demure fiancée and also took a prominent part in the action.

H. A. Ponder "God Blessed My Soul" to the keen delight of the audience as the father of the four girls and J. A. Teng, as Admiral Grace Retired, handled another character role with much aplomb. Miss Maizie McDonald made a dignified second married sister and Miss Margaret Maguire was a winsome third and widowed sister. Dr. J. R. Gosse and William Mitchell were cast as young men in lighter parts.

G. V. Wilkinson, as an obsequious butler, efficiently completed the cast. Beautiful costumes worn by the ladies were a pretty feature of the

Beautiful Gilda Gray in "The Devil Dancer" at Capitol Tonight Only

Mysterious lamaseries, the savage desert of Tibet; the hill stations of the Himalayas; the dust-laden plains of India; Delhi, the old mogul capital; nautch houses and narrow streets thronging with colorful native life. A wonderful background and mood for a sensational story—yet where have you ever seen it?

Several years ago a young man went into Tibet with an expedition, as far as Gyantse, which is almost half-way to the forbidden city of Lhasa. While there he acquired an intimate knowledge of the customs and manners of these strange people; and he also heard a story which gave him an idea for a motion picture.

He also learned other amazing customs. While staying at Gyantse, he heard of a nearby lamaserie where the monks buried themselves alive. On a visit to this monastery he saw several of the monks actually practicing this horrible form of self-mortification and sealing themselves up in cells under the earth.

From New York cabarets to the temples of the East is a far cry. Yet with one gesture Gilda Gray covered that distance, becoming a sacred dancer, dedicated to the Goddess Tara, in a Tibetan lamaserie. The story was written by this young man, Harry Hervey.

play. These were loaned by Mrs. H. S. Parker. Furs were loaned by William Goldgloom and suits for the men by Bryant and Greer.

George C. Mitchell, as stage manager, contributed much to the success of the production. Miss Etta Robertson and M. J. Dougherty were in charge of costuming and make-up and Miss Mary Easthope acted in the capacity of prompter.

Sheldford Darton was cashier and Misses Laura Frizzell, Molly Cross, Frances Cross, Lucy Pillsbury, Jean Grieve and Willa Dyer were usherettes.

After the play members of the cast and others who assisted were entertained by Municipal Chapter at a dance in the I.O.D.E. hall. Mrs. Darton expressed the appreciation of the I.O.D.E. to all those who had assisted in making the play a success and announced that the objective of \$200 desired to clear off the debt on the hall had been more than realized as a result of the effort. Dancing was enjoyed until 2 a. m. with music by Mrs. J. S. Black, Fred Wells, Dave Eastman and Jack de Jausserand, and delicious refreshments were served.

The seventy-second birthday of Lieut.-Gen. Sir R. S. Baden-Powell Bt., K.C.B., G.C.V.O., brilliant defender of Mafeking during the Boer War and founder of the boy scouts organization in 1908, was suitably observed by the Third Prince Rupert Troop of Boy Scouts and Wolf Cubs. Games were played under the direction of Assistant Scoutmaster F. Burdett and Rev. W. F. Price of First Baptist Church gave an interesting talk on "Doing Our Good Turns Every Day." After partaking with zest of sandwiches, cake and tea, the scouts sang "God Save the King," and were dismissed after having spent a very enjoyable evening.
