DEBATE ENDS AT VICTORIA

H. D. Twigg Defends Action of Premier and Answers A. M. Manson

VICTORIA, Feb. 9.—The debate on the address in reply to the speech from the throne concluded yesterday afternoon, after H. D. Twigg, Conservative member for Victoria, and C. F. Davie, Conservative member for Cowichan-Newcastle had spoken. The address carried without division.

Mr. Twigg declared that A. M. Manson, former attorney general, had not been consistent in regard to his recent attitude toward the P.G.E. problem in criticizing Premier Tolmie's effort at a solution. Members of the late government and supporters of it had declared during the election campaign that if the Liberals were returned there would be a sale of the P.G.E. to the C.N.R. They had negotiated with the heads of the C.P.R. and the C.N.R. and they had given assurance that settlement would be effected and the road taken over.

Premier Tolmie after but a few months in office, Mr. Twigg continued, had entered into negotiations with the two railways and it looked like a settlement of the whole matter.

Mr. Davie urged action be taken by the minister of mines to prevent further unemployment in the coal mines on Vancouver Island.

EARLY FISHING CAPE ST. JAMES

Fish That Look Like Young Salmon Appear in Grey's Bay Near Sandspit

SKIDEGATE, Feb. 9.—Most of the fishermen here are getting their trolling boats ready early this year and some of them expect to try the early run of springs that come to Cape St. James.

Hundreds of silver bright fish which look like small salmon were seen last week all over Grey's Bay, about five miles south of Sandspit Point.

WIFE OF FOKKER JUMPED FROM WINDOW

NEW YORK, Feb. 9.—Mrs. Viola Fokker, wife of Anthony Fokker, airplane designer, was killed last night when she jumped or fell from the window of her apartment on the 15th floor of the Riverside Drive Apartment House.

PRICE OF WHEAT

VANCOUVER, Feb. 9.—The price of wheat here today was \$1.28.

OTTAWA, Feb. 9.—The department of fisheries announced today that it would defer consideration of any applications for licenses for new salmon canneries in British Columbia which have or may be submitted. The open door of the past is thus closed for the time being.

Officials of the department commented on the statement of the department's attitude pending decision of the privy council as to the rights of the provincial or Dominion governments to control licensing of Pacific coast canneries and explained that the present stand was taken in order that the provincial authorities might not be embarrassed by the final decision.

Colonel Fred H. Kisch, above, British war hero, and now chairman of the Palestine Zionist Executive

BREAKDOWN ON THE VANCOUVER

Canadian Destroyer Returns To Esquimalt for Repairs

VICTORIA, Feb. 9.—H.M.C.S. Vancouver returned to Victoria Friday afternoon with her port engines crippled through a broken stern gland. The destroyer was bound for Magdalena Bay on a training cruise and had just left for San Francisco when the engine trouble was encountered. She is to be overhauled for repairs at Esquimalt.

FUNERAL NOTICE

Owing to a change of plans the funeral of Mrs. Meeker will take place tomorrow afternoon from Haynor Bros. chapel at 2:30. Rev. A. Wilson officiating and interment will take place at Fairview cemetery.

SCIENTIST PRESCRIBES DIET ACCORDING TO TYPE

Consider your body as a laboratory in which chemicals fuse, refuse to mix, "fight" one another, take on different forms or explode, much as they do in a scientist's test tube! That's the advice of Dr. Benjamin Gaylord Hauser, noted physiological chemist, who believes that the chemical personality of any individual can be accurately charted and his health fortified and safeguarded by following his "type" diet. Dr. Hauser is seen above with his "chemical man," used in demonstrating his theories on diet. Below is Jack Dempsey, analyzed as a "sodium" type, and Miss Millie Dove, who is a "hydrogen" type. "Classify yourself!" cried Dr. Hauser, and stick to your proper foods. The process won't necessarily make you wealthy, but it will certainly make you healthy—and wise. Here are some representatives of the different types: Sodium: Galli Curci, Pola Negri and Jack Dempsey; Hydrogen: President-elect Hoover; Phosphorus: Col. Lindbergh, President Coolidge; Calcium: Thomas A. Edison and Mussolini.

Fishermen Pass Resolution of Protest Against Proposals of Cannerymen to Limit Activities

The passing of a resolution protesting against proposals of the cannery companies in the matter of limitation of fishing and packing privileges and the creation of small, separate fishing areas was the principal item of business at a largely attended mass meeting of salmon fishermen which was held last night in the Grain Handlers' Union Hall. The meeting was presided over by A. Morrison and George Murray was appointed record secretary. A resolutions committee consisting of Mike Anderson, A. Snelman and H. Kohrt was appointed. There was a large attendance at the meeting.

Following was the resolution, which was moved by George Murray, seconded by Mike Anderson, and carried unanimously: "Whereas the B. C. salmon cannerymen are sending a delegation to wait upon Hon. P. J. A. Cardin that will urge him to change the

(Continued on page two.)

HANGED HIMSELF

VICTORIA, Feb. 9.—The body of Michael Engstrom, aged 67, was found suspended from a beam by a sash cord in his bedroom at 762 Esquimalt Road.

STILL MORE RIOTING

BOMBAY, India, Feb. 9.—Hindu-Muslim rioting commenced again today, four Hindus being killed in the bazaar section of the city.

Big Parliamentary Guns Will Roar on Monday When Bennett and Mackenzie King Will Debate

OTTAWA, Feb. 9.—The House of Commons is expected to get down to business in earnest Monday, when R. B. Bennett, Conservative leader, will open the discussion on the address in reply to the speech from the throne, criticizing the government policy and making suggestions. He will be followed by Premier Mackenzie King, who will defend the government's actions and reply to the position leaders' criticisms.

FOUR KILLED VICTORIA DOCK

VICTORIA, Feb. 9.—Four men were injured yesterday afternoon at Ogden Point when the C.N.R. ferry slip crashed into the water, pinning two workers underneath. The injured were William Gurney, serious injuries to the spine; Alex Nicol, both shoulders fractured; Frank Miller and Gordon King, scalp injuries.

PAID PENALTY OF ASSASSINATION OF PRESIDENT OREGON

MEXICO CITY, Feb. 9.—Jose de Leon Tolal, who assassinated President-Elect Obregon, was executed by a firing squad today.

YOUNG PEOPLE ARE ENTERTAINED AT RUPERT EAST GYM

The Rupert East United Church Young People's Society entertained the Young People's Society of First United Church last evening in the gymnasium, quite a large number attending.

The gathering opened with devotional exercises led by Rev. T. H. McAllister, who also welcomed the visitors. Community singing, games and contests were enjoyed during the evening, the contests being original and interesting. Parodies on some of the old songs proved very amusing.

Refreshments were served by Mrs. A. J. Squares, Mrs. M. Lamb, Mrs. T. H. McAllister, Mrs. Leighton and Mrs. Feasby.

Mr. Stocks, president of the visiting society, proposed a vote of thanks to their entertainers. Rev. A. Wilson also made a few complimentary remarks, the evening closing with community singing.

FREIGHTER ALLOWAY UNDER OWN POWER, TUG OFF TO GET HER

SEATTLE, Feb. 9.—The freighter Alloway it was reported late yesterday is proceeding to Dutch Harbor, Alaska, under her own power and did not require aid.

VICTORIA, Feb. 9.—The Salvage King will leave today for Dutch Harbor to tow the freighters Haille and Alloway to either Victoria or Seattle.

The Haille is now at Dutch Harbor having developed trouble on her passage to Japan.

VICTORIA, Feb. 9.—The Salvage King which left Victoria this morning for Dutch Harbor was ordered back to port on advices from Seattle. The Alloway is reported steaming to Dutch Harbor under her own power.

THE COFFIN SALE

An Aberdeen Undertaker anxious to increase his business advertised a few coffins at half price. Next week there were six suicides in the Granite City.

News and Views In The World of Sport

TWO HUNDRED MILE DOG DERBY RETURNS TO NORTH COUNTRY

After a lapse of four years, the endurance dog derby which once thrilled the north country and, it might be said, the world, is returning to The Pas, Manitoba. The gruelling non-stop race which brought fame to Northern Manitoba and its hardy mushers will be revived at the frontier town's winter carnival, March 4 to 7. The course will be from The Pas to the famous Flin Flon mine and back, a distance of two hundred miles, and the prizes will consist of the Walter Goyne-Grant Rice memorial cup, which has an intrinsic value of \$1,000, and cash prizes amounting to another \$1,000. The winner will have the dog racing championship of the world. The famous youthful musher, Emil St. Godard, present champion (seen above with his dogs), will be one of the leading contestants this year, and it is likely that "Shorty" Rusick, veteran driver, will also enter. The lower picture shows some of the mushers who have already commenced to train their teams for the great test in March. They are, left to right: Earl Bryger, Emil St. Godard, Oliniski, Leo St. Godard, Solomon Cook and Praento.

Local Items ST. ANDREW'S CARPET BOWLS

Duncan Brown, well known local troller and electrician, returned to the city on the Princess Mary this afternoon from a trip to Vancouver.

Dr. Williams, Skagway dentist, and Mrs. Williams were passengers aboard the Princess Mary this afternoon returning north after a trip to the United States.

J. M. Griesbach, well known Skagway merchant, who has been on a trip to Seattle, was a passenger aboard the Princess Mary this afternoon returning north.

Pallbearers tomorrow at the funeral service for the late Mrs. J. A. Meeker will be James McRae, Harry Smith, C. J. Stevens, George Eckerman, F. W. Hart and C. F. Joslin.

Mr. and Mrs. H. N. Brocklesby, who have been residing for the past year or so in one of Jack Johns' houses on Sixth Avenue East, are about to move to the Summit Apartments.

F. J. Vandewal, United States customs officer at Skagway, was a passenger aboard the Princess Mary this afternoon returning north after a holiday trip to Seattle and other points in the south.

Rev. Ivan Jones, newly out from Wales, arrived in the city on the Princess Mary this afternoon and will supply in the pulpit of First Presbyterian Church here for the next few weeks. He will preach for a call.

FISHERMEN PASS RESOLUTION OF PROTEST AGAINST PROPOSALS OF CANNERS TO LIMIT ACTIVITIES

(Continued from page one)

present fisheries regulations to the effect:

"That the use of fish packers in connection with seining be prohibited.

"That the transfer of salmon from one area to another be permitted only if the fish is gutted and packed in boxes with ice.

"That no more cannery licenses be issued and that the coast be divided into fishing areas that existed before the appointment of Duff fisheries commission; and

"Whereas, the present deputy minister, W. A. Found, in the course of visiting the important fishing ports in B.C. during November and December of 1928, was presented with the unanimous opposition on the part of the population of those ports against all of the 22 proposals of the canners, indicating that the conditions of serfdom that existed for salmon fishermen before the appointment of the Duff commission are not wanted and that the organized salmon fishermen have sent their protests on February 8, 1928, through the office of the local department of fisheries, clearly indicating that the inauguration of those infamous proposals into the fisheries regulations will result in the impoverishment of all salmon fishermen; and

"Whereas, the present proposals are a modification and improvement on those of 1928 with the addition of "no more cannery licenses" intended to establish a monopoly for the present cannery owners; and

"Whereas, the prohibition of packers in connection with the seiners will compel the seiners to pack their own fish, which will consume the biggest part of their fishing time with the eventual result that the seiner will be driven into the already large army of the unemployed, and then, with the seiners abolished, the ground will be clear for another campaign and delegation to Ottawa with a plea for fish traps;

"Be it resolved, that we, the salmon fishermen, and all interested assembled in mass meeting on February 8, 1929, in Prince Rupert, are protesting against the inauguration of any of the cannery proposals into the fisheries regulations, on the ground that the effect of such regulations will endanger the livelihood of all salmon fishermen."

Going Upstairs Had to Sit Down Breath So Short

Mrs. H. Brousseau, Magog, Que., writes:—"For many years I suffered with shortness of breath; then four years ago I had palpitation of the heart, and was so bad I had to sit down two or three times when going upstairs. I read about

so I got a box, and in no time I felt better, so I took three boxes more and I have never had shortness of breath since."
Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Paul Warnick, one of the Mormon organizers, who has been here for some time, sailed today on the Princess Mary for Ketchikan.

"S.S. Salvor" has arrived again with a full cargo of Nanaimo-Wellington Lump coal. Albert & McCaffery, Limited, Phone 116 and 117.

Passengers arriving here last evening from the south aboard the steamer Princess Royal included Dr. Joseph Gosse, Dr. G. H. Acres, Mr. Stelfox and A. E. Meeker.

Mrs. D. Ruiten of Delkatla, who has been spending a couple of days in the city, will return to the Islands on the Prince John tonight.

Dr. Joseph Gosse, local dentist, returned to the city on the Princess Royal yesterday afternoon after having spent a two weeks' vacation visiting in Vancouver and Victoria.

George Armstrong, lighthouse keeper at Langara Island, having been taken ill, was brought to the city aboard the lighthouse tender Newington, Thursday night for treatment in the Prince Rupert General Hospital.

The school board spent a good deal of time last night in the preparation of the estimates for the year which are now nearly complete. They have to be submitted to the city on or before Feb. 15.

C.P.R. steamer Princess Mary, Capt. C. C. Saintry, arrived in port at 12 noon today from Vancouver and sailed an hour later for Skagway and other Alaska points where she is scheduled to call here southbound next Wednesday afternoon.

Dr. G. H. Acres, Dominion Government veterinarian, was a visitor in the city last evening aboard the steamer Princess Royal on which he was making the round trip north on official duties. Dr. Acres for a number of years was mayor of the town of Grand Forks in the southern interior of the province.

Leslie J. Martin, engineering manager for the Home Oil Distributors Ltd., who has been here for the past couple of days letting contracts in connection with the establishment of the company's new station on the local waterfront, sailed last night on the Princess Royal for Vancouver but expects to be back in the city again shortly.

Reports made to the schoolboard last night indicated that during the month of February the schools were visited by Inspector Fraser and Dr. Carson, health officer. There have been mild cases of impetigo and other sicknesses of a mild nature at some of the schools. Several of the teachers were off and substitutes had to be provided.

Members of the schoolboard present at the regular monthly meeting last night consisted of Trustees McMeekin, Thompson, Gilchrist and Barrie; Secretary Williamson; Principals Thomas Peddie, Miss Mercer, Miss Mills, Miss McArthur and Miss Vickers. The new members of the board were welcomed by Chairman Thomas McMeekin who introduced Earl Barrie and J. H. Thompson.

WEATHER PROSPECTS

While there was a bright colorful sunrise through the clouds in the east, that was the only sign this morning that there might be a softening of the weather locally following two weeks of pretty consistent cold conditions. The meteorological station at Digby Island reported that the wind was in the north and the barometer was high and inclined to rise at 30.46. The lowest thermometer reading during the night was 26 above.

Paul Brooke of Prince George will leave today for Petersburg, Alaska, sailing from here on the Princess Mary.

Miss May Thompson and Miss Gertrude Smith sailed last night on the Princess Royal for Vancouver where they plan to remain.

An interesting and instructive booklet "Farm Hazards" has been issued by the Bank of Montreal. It tells means of avoiding a thousand and one accidents which are prevalent around the ordinary home and farm.

Frank Waterhouse freighter Robert H. Merrick arrived in port at 7 o'clock this morning from the south with 400 cases of dynamite for delivery to the Owen Lake Mining & Development Co.'s operations in the interior. The vessel is loading out a cargo of grain screenings at the elevator for Seattle.

A financial and investment analysis of the Canadian Pacific Railway has come to hand and it gives some interesting information about Canada's great railway system. It is openly admitted in the booklet that the C.P.R. owns the Consolidated Mining & Smelting Co. and that company is listed as one of the railway concern's assets.

NEED FOR SMELTER IN NORTH

There is no doubt of the need of a smelter in northern British Columbia to take care of the output of the mines which are constantly increasing in number and in shipping possibilities. The article published yesterday epitomizing the opinion of the mining men of the interior that the smelter should be erected near the mouth of the Skeena River proved very interesting reading to many who were not aware that the Consolidated Mining & Smelting Company were so heavily interested in the district. In the circumstances they would seem to be the logical people to erect and operate the smelter.

PUBLICITY FOR PRINCE RUPERT

Prince Rupert is beginning to get publicity in the east as a result of the deal with the Canada Power Corporation. If that million dollars is spent here, as it is to be presumed it will be, we shall be a good deal more in the limelight. The very fact that a big concern is willing to invest money here to that extent is an indication to the world that this is a permanent city with an expanding future. Nothing could so bring us to public notice as the prevalence of such an idea.

DE VALERA IN JAIL

De Valera has gone to jail for a month because he refused to abide by the laws of Northern Ireland. This is probably a publicity stunt which is part of the campaign eluding up to the next general election. De Valera will be likely to get a great reception when he returns south. It is said to be likely that at the next election the present Irish government will be defeated. What will be the outcome is not at all clear. Possibly the country will then declare itself wholly independent of the rest of the British Isles. Possibly, too, De Valera may, like the premier of South Africa, changed his tune once he is in a position of responsibility.

RUMORED ROYAL ENGAGEMENT

Rumors, not explicitly denied, have been emanating from London, that the Duke of Gloucester, third son of King George, is to marry Lady Angela Scott, daughter of the Duke and Duchess of Buccleuch and Queensberry, shown in the upper picture. In the lower picture are Prince Henry (the Duke of Gloucester), and Lady Angela Scott.

C. N. R. BALL GREAT SUCCESS

Largest Crowd of Season Attended Annual Event Held by Employees of Railway

The largest attended ball of the season was the fifth annual dance last night in the Moose Hall of the Canadian National Railways employees. There were three hundred and fifty persons in attendance and the dance was in merry sway from 9 p.m. until 3 a.m. Beautiful decorations, appropriate to the occasion, were a notable feature, these including artistic posters which were the work of Joe Edwards. Splendid music was furnished by Dave Eastman's Orchestra. A. L. Holby was master of ceremonies and presiding at the door were William Reed and Harry Thrupp.

At midnight, delicious refreshments were served. Patrons of the ball were Ald. F. G. Dawson, local director of the Canadian National Railways, and W. H. Tobey, divisional superintendent.

Committees responsible for the success of the affair were as follows:

Decorations and orchestra—Tom Annesley, J. Campbell, F. Derry, J. Adams, Joe Edwards and Mr. Armstrong.

Invitations—Walter Smith, Bob James, Roy Summers, Howard Hill, J. Horton and Jack Mair.

Refreshments—Tom Wilson, F. Rogers, Cecil Rose, Leslie Parkes, Bill Brass, Teddy Teng, J. Strachan, R. Sherk and W. Thompson.

FISHERMEN ON ISLANDS MEET

SKIDEGATE, Feb. 9:—A very enthusiastic meeting was held at Skidegate Mission on February 4 by the Northern British Columbia Salmon Fishermen's Association. This meeting was attended by all the fishermen on Skidegate Inlet. Amongst those from Queen Charlotte City were Captain Valley and R. Roberts, and Capt. Bert Roberts, secretary of the meeting.

The people on the Queen Charlottes are pleased to hear that the B.C. Packers are opening an office in Prince Rupert and that Mr. Mathers is to be in charge. Mr. Mathers is well known and is a popular man on the Queen Charlottes. It is suggested that all the fishing concerns operating in the north follow the example of the B. C. Packers and at the same time it is hoped that the Provincial and Dominion Governments will patronize people in the north. In the past building material for construction work such as wharves and bridges has been fir from the south when other lumber manufactured on the Islands is just as good and lasts much longer.

SCOUTS ACTIVE PORT CLEMENTS

PORT CLEMENTS, Feb. 9:—During the month of January the boys have been going full swing having held four Scout nights and four social evenings. On the 22nd, a very interesting talk on the compass was given by George Mayer and all are looking forward to such another in the near future.

Scout Rennie had the misfortune to have an accident with his bicycle, receiving a nasty cut about the head. Scout Pelton has missed most of the meetings through sickness.

On Feb. 22 a very enjoyable whist drive and social evening was spent in the Scout Hall, the prizes being as follows: ladies' first, Mrs. Hampton; gents first, W. T. Ward; ladies' consolation, Mrs. L. Dyson; gents consolation, Mr. Hammond. After whist, refreshments were served, followed by a dance.

The boys wish to thank the community and visitors for their loyal support. The proceeds amounted to \$18.70, which goes toward camp funds.

ALD. DIBB IS LIBRARY HEAD

P. H. Linzey is Elected Secretary of Board, Estimates Brought Down Last Night

Ald. Frank Dobb was elected chairman of the Prince Rupert Library Board for the year 1929 at the initial meeting of the new board last night. P. H. Linzey was elected secretary. James Black, retiring chairman, welcomed Mr. Linzey, who is a new member of the board.

The report of the librarian for the month of February showed that a total of 4,323 books had been loaned and the library had been open for twenty-one days so the daily average of books loaned was 210.6. Books loaned came under the following classification:

fiction, 2824; non-fiction, 449; duplicate pay, 226; juvenile, 924. Forty-six new borrowers had been enrolled during the month and 31 memberships had been cancelled, leaving the total number of persons using the library at 2749. Eighteen books had been received during the month by gift; seventy-three had been purchased; and thirty discarded, leaving a total of 6594 books on the shelves.

The annual report for 1928, previously published, was read to the meeting.

Estimates for the year amount to \$4,045 as compared with \$3,737 last year. The increase is due to \$150 insurance falling due this year and approximately \$150 being required to provide the librarian with an assistant.

Those present at the meeting were James Black, Mrs. W. J. Kirkpatrick, P. H. Linzey, Victor Basso-Bert, and G. V. Wilkinson.

Roads and Bridges

ROADS and TRAILS
1916 26,220 MILES
1926-7 31,900 MILES
BRIDGES: The present valuation of 63 miles of Bridges is \$848,000

UPON the arteries of communication depend the settlement and growth of the nation. First the trails... then the rough oxcart ruts... the wagon roads... the automobile highways.

The scattered population of British Columbia has made the construction of roads between centres a matter of vital importance, yet one of almost insurmountable difficulties. Mountain sides have to be blasted away... clefts and chasms tresselled... rivers bridged!

With the opening of the Cariboo Highway through Fraser Canyon in 1926, the last link of British Columbia's great arterial highway... a highway unexcelled the world over as an engineering feat and one of unmatched scenic beauty... was forged.

Eastern British Columbia greeted its western brothers! Markets and railways were brought closer to the farmer, the miner, the industrialist. New fields for agricultural and trade development were opened up.

For the ten years just past, an aggressive highway programme has been carried out. Thousands of miles of good roads and dozens of sturdy bridges have been built.

Our roads system now totals 31,900 miles... an increase of over 5,000 miles during the last ten years. Of this mileage, 12,000 miles are earth roads; 4,000 gravel roads; and 1,000 macadam, bituminous, concrete and cement concrete. The 5,000 miles which were added to our roads system include: 884 miles of main trunk roads, 602 miles of lateral roads, 281 miles of industrial and mining roads, 1,133 miles of settlement and farm roads, and 2,000 miles of ordinary and mining trails.

During the years just before 1917, a large number of bridges had been constructed in the Province, nearly all of which were temporary timber structures. Since 1917, the problem of maintenance and renewal of these structures has been a serious one, involving a large expenditure, particularly between the years 1920 and 1927.

The policy has been to improve design of and workmanship on temporary bridges and to renew all the large bridges on main highways over the principal rivers with concrete and steel.

Today, the valuation of our 63 miles of bridges is nine million dollars.

This construction activity has distributed wages and salaries over our whole Province and has been a material aid in bringing about the current period of British Columbia's prosperity.

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

BRITISH COLUMBIA'S PROGRESS

LONE WOMAN FLIER ARRIVES HOME FROM AFRICA

Lady Bailey, wife of Sir Abe Bailey, is here seen with her two daughters on her arrival at Croydon Aerodrome, England, at the completion of her flight in a tiny Moth plane from Capetown, S. Africa. Lady Bailey has been awarded the coveted medal of the International Air Society as the greatest woman flier in 1928.

Waterfront Whiffs

All Set For Halibut Fishing Season; Pleasure Boat Nancy Sold; Herring Seining in Full Swing

The 1929 halibut fishing season will open next Friday and everything is now rapidly getting into readiness for the commencement of another year's outfitting, fishing and shipping activity. Much optimism is felt on the part of the fishermen by reason of the fact that cold storage stocks all over the continent are low and good prices are expected. There will be quite a rush to be first on the grounds and first back to port with the initial catch. Already, in fact, movement of boats to the high spots has commenced.

The Takla, Capt. Chris Parkvold, and Cape Beale, Capt. Edgar Armstrong, leaving yesterday for Ketchikan, where they will take on ice, oil and bait, were the first local vessels to get away. They will take on the westward banks. It will be next Tuesday or Wednesday, however, before many local boats, fishing on closer banks, will get away. Many Seattle boats are now on their way north and the first of these to call here was the Kanaga, which arrived on Wednesday night and took a fresh bait at this port before proceeding north. This well known schooner was resplendent in brand new paint and looked shipshape and fit enough. The American vessels Venture and Ivanhoe called here yesterday, also to take on bait. About February 22, or a week after, fishing commences, it is expected the first boats will be back here with their catches, although it is quite possible that the old small boat may be in a day or so in advance of that date. All will soon be set for a big season that gives considerable promise of being more generally prosperous than some of the past.

The American boat Cedric, acquired recently by Capt. A. Anderson, is outfitting here for halibut fishing. The Cedric did no fish halibut last year, but spent most of the season trolling around Petersburg.

The recent cold spell is reported to have hit rather hard some of the local pleasure vessels which may have had too much water in their gadgets. In at least one or two cases considerable damage was done and the

shop, which was upset by the big gale several weeks ago, has been put again on an even keel this week, although no attempt was made to raise it to its former elevation level with the road. No steps have yet been taken to right the gasoline tank at the Union Oil Co.'s station which was blown down in the same hurricane.

The trolling boat Half Moon has been on the Suga ways this week undergoing overhaul preparatory to the resumption of fishing.

Captain Kohrt is whiling away part of the dull season by engaging in the building of a skiff for Capt. Tom Smith, new owner of the Ringleader. He is doing the job in the Suehiro boat building establishment.

One of the next overhaul jobs to be undertaken at the plant of the Star Welding will be that of the 16 h.p. Vivian engine in the local halibut boat Unome. Capt. Dave Ritchie, owner of the Unome, is expected back shortly from his holiday trip to his native heath in Auld Scotia.

Capt. Dolf Prince of the Scrub is another of the local halibut skippers who is expected back soon from a jaunt abroad. He has been spending the winter in Newfoundland, where he, as well as many other good fishermen, was reared.

The United States government vessel, Seal, with members of the Alaska game commission board, arrived in port Wednesday night from Ketchikan and spent Thursday tied up at the floats of the Pacific Salvage Co. The vessel made other calls here during the week.

During the absence of D. B. Tann, who left this week to spend three months engaged in research work at the University of Manitoba in Winnipeg, H. N. Brooklesby will again take over the duties of acting director of the Prince Rupert fisheries experimental station.

Jim Bacon, head of the Bacon Fisheries, returned to port this week after a comparatively brief absence of seven weeks, although he covered a considerable amount of ground in that time. He got all the way to England and spent a week's time at his native home in Essex County, about 40 miles from London. He was called home on account of the illness of his mother, who, happily, he found to be making a good recovery. Speaking of conditions in the old land, Jim expressed the belief that, if the folks there, as a whole, had half the pep that one is required to have in this neck of the woods, they would be able to find considerable to do and times might not be quite so bad. Of course, there are serious industrial conditions which are not conducive to prosperity and the country is groaning under a burden of taxation. Development of transportation was one thing that the local fish curer marvelled at in the old country. One hardly knows he is on a train there until he is dashing over the landscape at 60 miles an hour or more. While he had an enjoyable trip, Jim, like the most of folks who leave Prince Rupert, says he's glad to be back again at the old grind. While over there Jim had intended looking up our old college friend, Sid Webb, former popular editor of these columns. "Time and space," however, did not permit which Sid, who has been taking Fleet Street by storm these many moons, will understand.

The Massett Cannery's big fish packer Jedway is expected to return to Prince Rupert about the first of February from Vancouver, where she is having a new 120 h.p. Bolinder full diesel engine installed to replace a 50 h.p. Frisco-Standard gas engine which was placed in the company's smaller service boat Delphinium. The 40 h.p. Frisco-Standard engine, formerly in the Delphinium, is now being offered for sale. While the new engine will not materially increase the speed of the Jedway, it will give her much greater power for towing purposes, etc. With her new motor, the Delphinium is now able to run off about 100 miles or so an hour. Capt. Shorty Hatlin, commodore of the Massett Cannery's fleet, has had charge of the installation work, both in the Jedway and Delphinium.

C. O. Rowe's Cow Bay tank

of coal for Albert & McCaffery and left Wednesday morning on her return south via Cassiar cany, where she unloaded fin plate. The Prince John, in port this week-end, unloaded a cargo of coal at the dry dock power plant for Albert & McCaffery.

Capt. Jud Thurber has given the contract to the Atlas Boiler Works for the tanks of his new halibut boat and Johnny Walker, blacksmith, has the iron work job. Good progress is being made with the construction of the fifty footer at the Suehiro plant in Cow Bay.

The diesel powered seineboat Faith of Sechart, west coast of Vancouver Island, under charter to the Bradbury & Yelf concern and with Capt. Al Wole in command, arrived at Prince Rupert from the south on Thursday afternoon to engage in herring fishing.

After having spent since before Christmas in Seattle and Vancouver on commission business, Norman L. Freeman, local representative of the International Fisheries Commission, returned to Prince Rupert this week, and leaves today to make a brief trip to Juneau before returning to his post here for the season.

The local halibut boats Nuba and D. S. T. have been on the grid of Edward Lipsett (Prince Rupert) Ltd., this week for painting and hull repair work preparatory to the opening of the fishing season.

"La Peche Maritime," published in Paris, France, has an excellent account of the work of the Prince Rupert experimental station. There is, however, one break which shows a sad lack of knowledge of the geography of North America. It speaks of the "fisheries experimental station of the biological board of Canada situated at Prince Rupert, near Halifax."

For nearly half a century the quality of Blue Ribbon Tea has been uniformly good, because it has come from the same choice plantations in India and Ceylon. Insist on Blue Ribbon Tea. Simply refuse substitutes.

Sold by all Good Grocers and Chain Stores

In 1/2 and 1 lb. Red Packets Freshly Packed

Herring Fishing
With weather moderating, herring seining at Port Simpson has again been on in full swing during the past week. The seine boats Azurite, Capt. Ole Skog, and Zenardi, Capt. R. Gammon, are fully occupied there and regular deliveries of the fish are being made to port. The herring are unusually fat and prime this season and the Canadian Fish & Cold Storage Co. is using many of them for storage as well as for halibut bait storage.

George Smith, wharfinger at the government wharf, has been able to return to his duties toward the end of this week after having been laid up at his home for the most of the last two weeks with a dose of the flu.

Beware of Colds

NOW!

whether you've had
the FLU . . . or not

This is the time of year when serious cold troubles, such as deep chest colds, bronchitis, and pneumonia are always at their worst. Just now, with so many people in the weakened condition that follows a flu attack, it is more important than ever to heed every cold as a danger signal and check it promptly before complications can set in.

Quick Direct Treatment

At the first sign of a cold, melt some Vicks in a bowl of hot water and inhale its healing vapors. Also place some up each nostril and sniff well back. This quickly opens the air passages.

At bedtime, rub Vicks vigorously over throat and chest and cover with a warm flannel. Most colds yield overnight to Vicks' two-fold action:

Acts 2 Ways at Once

(1) Its medicated vapors, released by the warmth of the body, are inhaled direct to the inflamed air passages, loosening the phlegm and easing the difficult breathing.

(2) At the same time, Vicks acts through the skin like a poultice "drawing out" tightness and soreness, and thus helping the vapor to break up the congestion.

Mothers especially appreciate this simple external treatment because it cannot upset children's delicate stomachs, as to much "dosing" is so apt to do.

News of the Mines

AROUND PRINCE RUPERT

Duthie's Side of New Deal; Stampede Into Iskut Country Forecast; Machinery for Georgia River

In a lengthy letter to the Omineca branch of the British Columbia Chamber of Mines at Smithers, J. F. Duthie, president of the Duthie Mines, Ltd., explains the new deal on the Hudson Bay Mountain property and expresses regret at criticism that has been directed against him through the capitalization of the company being doubled in connection with the transfer of control. After it had become necessary for him to advance considerable of his own personal funds to pay

for development work made necessary by new conditions arising in the mine, Mr. Duthie states in his letter that "it became necessary for ways and means to be found for supplying additional capital. Therefore, the mine was examined by very eminent mining people and negotiations entered into with their associates and arrangements made to carry on the work. The fact that people so prominent in the mining game thought so well of the mine justified our previous decision and I am sure by April wonderful results will be obtained. The stockholders probably do not realize that myself, being the largest individual stockholder, have more at stake twice over than the balance of the stockholders. I have heard many rumors that I was unloading my stock and getting out and I want to give you the assurance that I have not unloaded any stock. The change of management means very little as, in our opinion, the mine is made. Jack Turner and myself will be up in the north just as soon as the spring weather permits and you may be assured that we will be back with renewed vigor."

Following the report of Dr. Kerr of the geological survey, on the district, which he examined last season, prospects are that there may be a stampede this spring into the Iskut-Stikine territory. Between the Naas River and Yukon-British Columbia boundary is a stretch of 250 miles of territory, as yet unprospected. Government mining engineers speak highly of its possibilities. Stewart claims that it is more strategically situated as a point of entry for this district than either Alice Arm or Hastings Arm, or via the mouth of the Stikine River. It is said that the Iskut will prove one of the richest mineral areas in western Canada.

In order to extend the scope of its operations on Portland Canal property, the Georgia River Mines Ltd., has just placed an order for machinery, the first part consisting of a heavy portable unit capable of driving two large drifters, this to be followed by a stationery plant which will be placed at a point on the property where operations at the different workings can be carried on to best advantage. It had been hoped to instal machinery last fall, but road and weather conditions prevented this being carried into effect. The machinery will be transported to the property over the snow early in the spring. As some of the richest gold ore from the Portland Canal district has been taken from the Georgia River property, gratifying results were confidently expected as development proceeds.

A new high-grade ore body six feet wide is reported to have been encountered recently in under-

And it has held first place for thirty years.

"SALADA" TEA

'Fresh from the gardens'

The Melvin Syndicate has decided to change into a limited company with capitalization of \$500,000. Development of the property of the company at Stewart will be continued by the Marmot Metals Co. under an agreement whereby the company has an option on all outstanding units.

COLD WEATHER ON QUEEN CHARLOTTE

SKIDEGATE, Feb. 9.—Skidegate Inlet has had the coldest weather of many years. Snow has been lying on the ground and there have been storms from the north.

was unable to tie up at Skidegate Mission on one of her regular calls.

BILLMOR MILL MAY NOT START CUTTING UNTIL JUNE REPORT

While no official statement is being given out by the management, men applying for work at the Billmor Spruce Mills sawmill near Prince Rupert the mill will not be opening until June and that there will be no work for them before that time.

DAILY NEWS' SHOPPING SERVICE

for Out-of-Town Subscribers

To serve its women readers, and particularly those who live at a distance from a retail centre, The Daily News has instituted a Shopping Service. The Daily News is read by hundreds of women living far from any urban facilities for shopping and it is for these that this shopping service is primarily intended. Of course, The Daily News Shopper will attend to the man also, although he can buy a pair of braces anywhere. But not everywhere can a woman get a bit of lace matched—or a piece of embroidery thread—or the thousand and one things that make up the difference between a woman's wants and a man's.

The Prince Rupert Merchants Carry between them Stocks running up to \$2,000,000

and while it is not possible to purchase everything in this world in Prince Rupert, most things are available by return mail.

None of the Prince Rupert merchants can possibly advertise everything they carry in stock, but if the thing wanted is to be got in this city, our out-of-town readers may be sure that The Daily News Shopper will get it when asked for.

If any of our women readers cannot get what they want in their nearest store, all there is to do is to write to The Daily News Shopper, stating what is required with whatever details there may be, enclosing the cost, and if it is in Prince Rupert, The Daily News Shopper makes your purchase.

This Service Free

to our women readers and is the outcome of many individual requests made to our staff on their travels through the district in seasons past. This service has been appreciated in these individual cases and is now extended to all with the hope of the same appreciation.

So Do Not Hesitate

Do not think you are imposing upon The Daily News. Our shopper is awaiting your requests.

SMITHERS MAN GOES SOUTH TO FINANCE MINES

L. S. McGill Tells of Two Properties In Which He Is Interested

Going south to arrange for the financing of two mining properties, L. S. McGill, president of the Chamber of Mines, and chairman of the mining bureau of the Board of Trade at Smithers, arrived here Thursday and sailed yesterday for Vancouver on the steamer Prince Rupert. He expects to remain away about three weeks and while in the south will attend the meeting of the chamber of mines at Vancouver.

The two properties in which Mr. McGill is particularly interested are the Jessie and the Schufer mines on Hudson's Bay Mountain.

The Jessie is 4½ miles from Smithers and only 2½ miles from the railway. It carries gold, silver and lead and zinc. The main development during the past two summers has been in opening up three veins on the surface in all extending for 1600 feet. The main showing is number two where the ore is four to five feet in width and goes approximately \$40 a ton, smelter test.

The Schufer property, 11 miles from Smithers, part of which is owned by Schufer and McGill has recently exposed two new veins of very high grade silver lead ore, one of which is opened 1,900 feet on the surface. The ore is three feet wide carrying 75 per cent lead and 100 ounces of silver. This has the makings of a big mine.

EASILY DONE

Stern Employer—Why are you so late this morning, Jones?
Jones—I fell downstairs, sir.
Stern Employer—H'm. That shouldn't have taken you so long.—Royal.

Was Bothered With Severe Headaches Is Not Troubled Now

Mrs. James Resiter, Riverside, N.B., writes:—I was bothered with severe headaches, for years, and tried many different medicines, but to no effect. One day a friend told me about

BURDOCK BLOOD BITTERS

and after I had taken three bottles I found it had done me a world of good. Now I don't know what a headache is like. I certainly have great faith in Burdock Blood Bitters.

Man in the Moon

If I were an onion I'd take Isterine.

Good spelling is a sign of superficial education; good thinking makes the real man.

A very great man may write so badly that no one can read what he writes, yet he may be none the less great for that.

Several years before the Christian era there was a millionaire sentenced to hard labor for a crime. It has not happened since.

When men meet men What do they say? Do they talk of topics Grave or gay?

Another topic on which information is sometimes sought is whether a man is better, married or single.

When a man is married, Alas, by heck, He carries a millstone Round his neck!

Orchestral Special—"TEA FOR TWO."

Matinee 35c and 10c.

50c and 15c.

Child's Lucky Ticket will be sold at the Saturday Matinee.

"AIR CIRCUS" AT WESTHOLME IS WONDERFUL

"The Air Circus," the week-end offering at the Westholme is a truly wonderful picture. Packed with breath-taking thrills and excellent comedy it has attracted large crowds at all the leading theatres and was greatly enjoyed here last night. It is claimed by many to be far superior to "Wings."

YOGEN MARU RESCUE VESSEL

It was an odd coincidence that the Japanese freighter Yogen Maru which was reported yesterday to be standing by the United States Shipping Board steamer Alloway, in distress in mid-Pacific, was the same vessel which, a month or so ago, stood by and finally rescued the crew of the Chief Maquilla which sank in mid-Pacific. For the rescue of the Chief Maquilla crew, Capt. K. Matsuda and other officers of the Yogen Maru were honored by the Canadian Merchant Service Guild in Vancouver.

It was on the trip from Japan to Vancouver that the Yogen Maru rescued the Chief Maquilla crew. On the way back to Japan, she went to the aid of the Alloway yesterday.

The coincidence is all the more interesting in Prince Rupert by reason of the fact that the Yogen Maru loaded grain here the season before last.

NEWS OF NORTHERN B.C.

TERRACE

T. Elwood Brooks left on Monday for Usk, to take temporary charge of the C.N.R. depot there, following the sudden death of the agent, H. H. Henderson.

Foster McLeod, who has spent the past few months in the employ of the C.N.R. at Smithers has returned to his home here.

Mrs. E. T. Kenney left on Tuesday for Prince Rupert to accompany Mrs. T. E. Brooks home from the hospital where she recently underwent an operation. They returned home on Wednesday.

Fred Hampton returned on Wednesday after spending several months in Victoria.

Constable McKenney returned on Wednesday after accompanying a prisoner to Prince Rupert and continued on to Usk on official duties.

Mr. and Mrs. W. C. Sparkes entertained a number of their friends on Monday evening when music, cards and dancing were enjoyed.

Following their lodge meeting on Monday evening the I.O.O.F. were hosts at a whist drive to

which the general public were invited. The winners were Mrs. A. W. Riley and Emil Haugland. Arrangements have been made to hold some sort of social evening each Monday night following lodge, at which non-members will be welcome. Next Monday night a lecture by Rev. A. W. Robinson will be a part of the entertainment.

On Wednesday evening the Rebekahs entertained their brother I.O.O.F. members at a whist drive and dance in the lodge rooms. The prizes in whist were won by Mrs. Harry King and W. Ungerer while consolations were given Mrs. E. T. Kenney and Harry King. Following whist, refreshments were served and dancing enjoyed later.

R. A. McRae was in from the Lakelse Hatchery during the week.

The members of the Anglican Church Children's choir were entertained at the home of Mr. and Mrs. A. C. Head on Wednesday evening the occasion being the eleventh birthday of Miss Dorothy Head. Rev. A. W. Robinson assisted with the entertaining of the children who thoroughly enjoyed the evening's fun, as well as the dainty refreshments supplied by the hostess.

Fred Cox of Prince Rupert was a visitor in town during the week.

Oscar Olander of Rosswood spent the week in town.

PREMIER

The New Year's Cabaret which was postponed on account of the flu, will be held tonight, Feb. 9. It will be bigger and better than any of the previous affairs.

Mrs. Smith has recovered from her illness.

The snowfall so far this winter is fully three feet less than last year.

A delightful little farewell dance, in honor of Mr. and Mrs. R. M. Jackson, was given on Saturday, February 2, at the B.C. Silver Mine. Mr. Jackson leaves here to join the engineering staff
