His Wholesale Grocery Business to Malkin

F. G. Dawson of this city announces that he has sold John R. Mitchell, Ninth Avenue out his wholesale grocery business to W. H. Walkin Co., Ltd., of Vancouver, who has purchased the whole stock and fixtures and taken over the building, where they will kinson, on behalf of the company carry on as a branch of the Vancouver firm, the change to take place October 28. Outside of himself, it is understood that practically no

change will take place in the personnel of the staff. Mr. Dawson is not leaving the city. His home is here was played and delicious refresh-

and he has a number of interests ._ that will keep him busy. He will, been appointed manager, and is

at once open an office here. Mr. Dawson opened up in a tent proceeding to Prince Rupert. He in Prince Rupert in 1908 and the will be accompanied by G. W. Laidbusiness has grown steadily until it ler as accountant. has reached large proportions. In 1912 he bought out the interests of W. J. McMillan in the city and in Sells Out Business Douglas Company. For six years he handled dry goods as well as groceries, but last June he sold out his stock to J. Kirkpatrick of this city, who has been handling it at

It was seven years ago that Mr. Dawson was appointed a director of the Canadian National Railways and since that time he has had to give a certain part of his time to that work, making frequent trips to Montreal to attend board meetings.

While Prince Rupert people will regret Mr. Dawson giving up his business, they will be glad to hear that he intends to remain in the city and make his home here. He has been for many years looked upon as one of the leading citizens and if he moved the loss would be great.

Mr. Dawson's successors are a very active firm. They have been in the wholesale grocery business many years and for a long time have had a local representative looking after northern and central British Columbia. The business is not likely to suffer any at their hands. It may even prove to be another tie, drawing Vancouver and Prince Rupert closer together.

A Vancouver despatch says H. E. DeWolf, who has been in charge of the sales department there, has sale grocery to Malkin & Co.

Silver Wedding Presentation

Mr. and Mrs. Frank Vickers Hon-ored by Friends at Home of Mr. and Mrs. J. R. Mitchell

To mark the occasion of their resilver wedding anniversary, Mrs. F. V. Vickers were guests of honor last night at a delightful surprise party held by friends at the home of Mr. and Mrs.

The feature of the evening's proceedings was the presentation to Mr. and Mrs. Vickers by G. V. Wilassembled, of a beautiful silver tea service. Mr. Wilkinson spoke appropriately in making the presentation and Mr. Vickers replied

During the evening court whist ments were served. Before the party broke up, George Hill thanked Mr. and Mrs. Mitchell for lending their home for the occasion

Those present, besides the guests of honor, included Mr. and Mrs. John R. Mitchell, Mrs. J. J. Payne, Miss Barrie, Mrs. John Manson, Mr. and Mrs. J. Krikevsky, Mr. and Mrs. BIG SCHEME Harper, Mr. and Mrs. Alex McNeill, Mr. and Mrs. Thomas Silversides, Mr. and Mrs. G. V. Wilkinson, Mrs. George Wilson, Rev. and Mrs. Alfred Wilson, Mr. and Mrs. William Gilchrist, Mr. and Mrs. George Hill. Mrs. J. W. Moorehousee, Mr. and Mrs. A. Squire, Mrs. Dingwall, Miss Phyllis Lamb, Miss A. Garnett, Miss Vickers.

Australia Goes Labor Once More with Defeat of Premier Bruce; is Indicated in Two-Thirds of Vote

MELBOURNE, Australia, Oct. 12.—The defeat of the Bruce coalition of Nationalists and Country Parties was indicated as the counting of ballots in today's elections progressed. Tonight, with more than two-thirds of the vote counted, it seemed safe to assume that the Labor Party led by James Henry Scullin would have a clear majority in the next house.

The possible standing in the next house compared with that recently dissolved may be: Labor, 50; Nationalists, 16; Country Party, 9. Total, 75. 'In the last house the numbers were: Labor, 32; Nationalists, 30; Country Party, 13.

Mackenzie King Will Probably Be Asked For Views On Halifax Armament Reduction Proposals

WASHINGTON, Oct. 12. - Premier Mackenzie King probably will be asked by Premier Ramsay Macdonald whether his government would consider reduction of the fortifications of Halifax.

The forthcoming visit of the British premier to Ottawa will furnish opportunity for personal discussion of a number of matters touched upon between Premier Macdonald and President Hoover. The general impression here is that one of the topics will be the armament at Halifax. By reduction of armaments is un-"-

derstood to mean the removal of effective batteries. fortifications, more important at least to the American public, are the British naval bases of Bermuda and West Indies. Their proximity to the Panama canal has been stressed by the United States press and it would be considered by the lay public a notable gesture were

Mr. Macdonald will also probably canvass the views of Premier King and his government on the general question which attaches to prohibition enforcement in the United States, the smuggling problem.

More important than the Halifax All Canadians Are British and Must Be So Considered

MONTREAL, Oct. 12.—Steps will be taken by the federal government at the earliest opportunity either by means of legislation or through the next census to establish clearly the difference between British subjects born in Canada and those from other parts of the Empire or from foreign countries, stated the secretary of state. Canadian nationality will take into account that citizens of this country are part of the British Empire and that as such wherever they go in foreign countries they can be considered only as British subjects.

Deliveries of Ice in Farther North

EDMONTON, Oct. 12: - "Old Man Winter is already making deliveries of ice in the far north," says the Edmonton Journal, quoting Thomas Creighton, prospector just arrived in this city from Coppermine River delta. Most of the lakes in the far north are already frozen, the prospector said, and blizzards which have been raging along the Arctic Coast, made flying hazardous.

"Coming west from the barrens to reach the Mackenzie River at LAST EVENING Fort Norman, Oreighton found that this post, notable for the oil rush which occurred there some years ago-was also suffering from an unprecedented cold snap, for this time of the year. The distance from the mouth of the Coppermine is more than 2,000 miles from the city via Great Bear Lake and Fort Norman."

Prince Rupert Has Fall Storm

Wind Reaches Near Sixty Miles an Hour and Rain Fell Abundantly but No Serious Damage

Prince Rupert experienced its first severe southeast storm of the season during the night and this morning when the wind reached a velocity of close to sixty miles an hour. As far as can be learned, no serious damage was caused either in the city or on the waterfront. The wind has been accompanied by

WEALTH ATTRACTIVE

The Peace River country probably has more natural wealth than any other section of the Canadian prairies. While this has been known for many years, it is only now being fully realized, and the result is that many schemes are being hatched to try to secure a portion of the wealth. Schemes galore have been formulated, but none so far have come to fruition.

The farmers of the Peace object to being made the purchased early in the year to Bert at Tucks Inlet, Prince Rupert, has you are not particular at all, you subject of all these outside plans and especially of immigration schemes. They say that all they need is transportation and the fame of the country will do the rest. They want a western outlet, but prefer it should go west- a 4 h.p. Easthope engine. ward instead of southerly. They cast their eyes across to Prince Rupert and feel it is the port with which they should tie up.

What will happen no one can say. The big railways are not quite ready to build the western outlet, and, in the meantime, there is a possibility of someone else undertaking the work, which should be theirs.

News of the Mines

AROUND PRINCE RUPERT

Alice Arm District Has Had Good Year; Gold Strike On Hastings Arm, Near Saddle; Esperanza Reorganized

Mining in the Alice Arm district this year has been the most successful during the past eight years, declares the Alicie Arm Herald in a retrospect of 1929 operations. More ore has been proven up than in any previous year and continuation of this good work may be expected. Companies operating at present are the Britannia Mining & Smelting Co., who are developing the Toric and Wolf; the Utility Mines No. 1 Ltd, on the Tiger; the Kitsault Eagle on the Sunrise; and the Esperanza Mining Co., which is

continuing development on the -Esperanza. All the above companies have made excellent progress with development plans. The outstanding feature of this year's development work is the success being attained at the Toric mine by the Britannia. Latest reports from the mine state that the shaft being sunk on the ore body is disclosing a good grade of ore. At the completion of the shaft drifts will be driven so that the ore can be devel oped at a lower level. Diamond drilling is also being conducted by the company on the Wolf property. In connection with its plans for future operations, the Britannia Co. is endeavoring to obtain control of the water powers of the Upper Kitsault district.

A sensational strike of gold ore is the mining field directly tributary reported to have been made by to the town of Alice Arm. James Flynn of Alice Arm on the Elkhorn group on Hastings Arm. The Esperanza Mining Co. has in-Samples show the ore to be impreg-nated with free gold and in several creased its capitalization from 500,specimens the gold is visible to the 000 to 1,000,000 one-dollar par value naked eye. Inthat he had encountered something dications of the ore being encounwide and already has been traced nel are promising. Ore has been A. for a distance of 150 feet on the coming in bunches and it is expect-

Mining engineers have already visited the strike and are reported to have classed it as the best strike of gold in the north outside of the famous Engineer mine in the Atlin district. The Elkhorn, which is owned by J. Flynn, W. McDonald and J. Collins of Alice Arm, adjoins the Saddle property on the east and it is expected the ore vein will be traced into Saddle ground. much development work as possible is to be done by the owners before snow flies this fall. Several claims adjoining the Elkhorn were staked immediately following the gold strike. It is reported that the country immediately adjacent to tidewater there will stand a lot of further prospecting. The find still further extends the boundaries of

Around The World With Sport Fans

(By The Tramp)

Badminton is still spreading as a winter game, especially in places where outdoor sports or games are difficult during winter evenings. Almost every week one reads of new courts being opened and clubs formed. The game is already crossing the boundary line into the United States and the probability is it will become popular there. It should be particularly suited to Alaskan towns which are situated somewhat similarly to Prince Rupert.

It is expected that the new National Hockey League rules will do away with obnoxious bell-ringing on the part of referees. Under the old code, officials who lived up to instructions, and called all the illegal plays that they could detect, were anything but popular with the magnates or the fans. They were charged with being over-officious, the fact that play- RAILWAY FROM PEACE ers, and not the referees, broke the rules being given scant atten-, CONNECT WITH COAST deep centre. BRINGING UP FATHER

welcome bere by many plends b

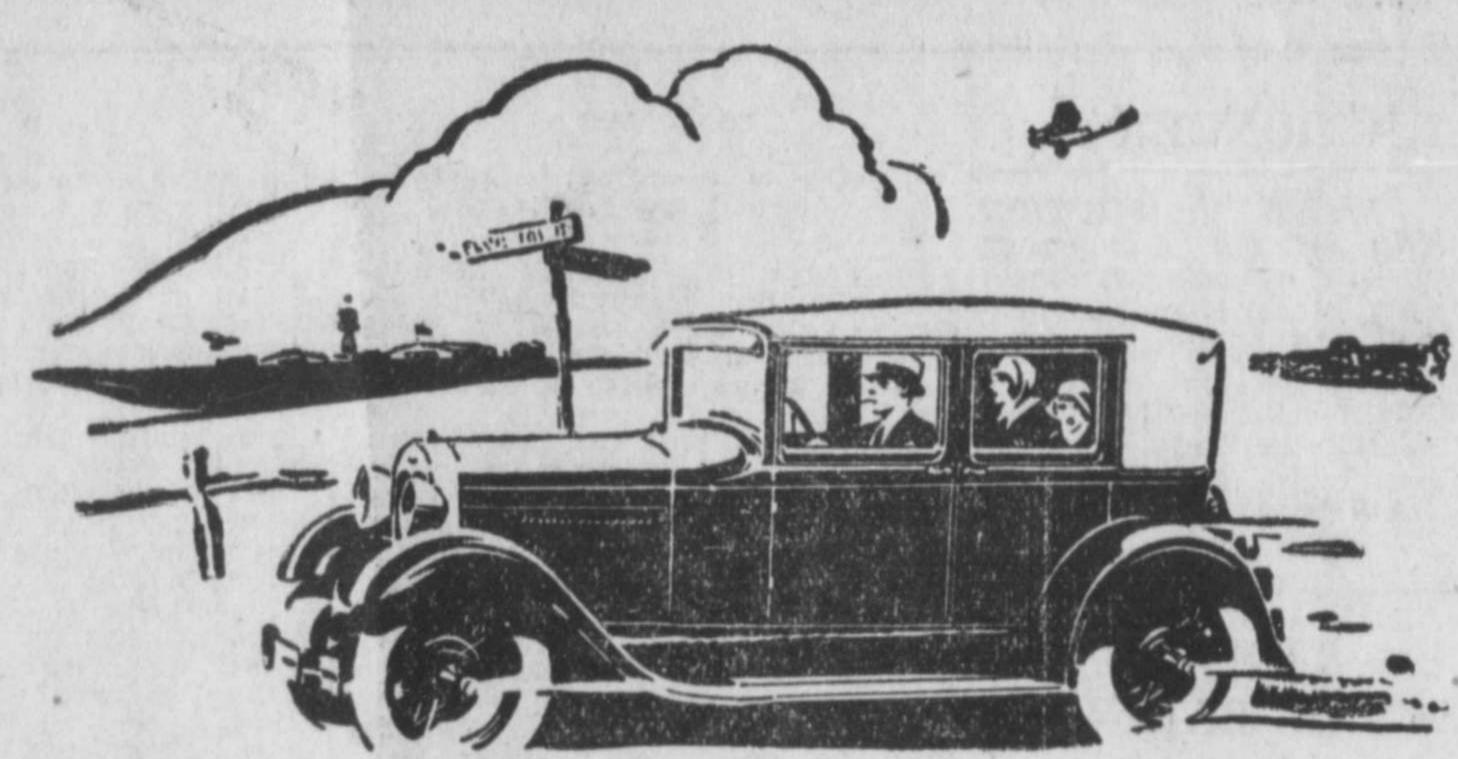

YOU BIT OVER IT-

By George McManus

You'll like the Easy-Riding Comfort of the Ford Car

THE Ford car is one of the easiest-riding cars on the road because of its low centre of gravity, minimum unsprung weight, Houdaille hydraulic shock absorbers and the unique construction of its transverse springs.

Furthermore, you are as comfortable in mind as in body when you drive the Ford car. You have confidence in the performance of the car because you know something

of the quality that has been built into it.

Remeber these two points when you select your next car. These are combined to an uncommon degree in the Ford.

Come in and drive a Ford car yourself through thickest traffic, up steepest hills, over roughest roads. A thirty-minute demonstration will convince you that there is nothing quite like it anywhere in simplicity of design, quality, price and performance.

Those Splitting Sick Headaches!

"FRUIT-A-TIVES" Stop Those Health-Robbing Pains

Mrs. Michael Coulis, Killaloe Station, Ont., writes:

"After using Fruit-a-tives' the headaches and tired-out feeling soon disappeared, and for two years now I have been in the best of health." Sick headaches that come back on you time after time will rield to "Fruit-atives". Mrs. Coulis is only one of thoua-tives" is a natural medicine, made of intensified fresh fruit juices combined tributable partly at least to lack of with the finest medicinal ingredients. It

HELD SOCIAL

Large Attendance at Affair Last Night; Moving Pictures and Presentation Feature of Program

There was a large attendance at last night in St. Andrew's Anglican Cathedral.

The proceedings, which were presided over by Dean J. B. Gibson, opened with community singing after which games were played Mrs. Donald Ross and H. Lincoln accompanied by Mrs. C. E. Cullin sang acceptable vocal solos.

An interesting feature of the program was the exhibition of motion pictures suitably described, by Bishop G. A. Rix. The views depicted scenes on the Naas, Skeena and Peace Rivers, in the vicinity of Prince Rupert, and elsewhere in the diocese of Caledonia.

After the pictures another interesting ceremony took place when W. E. Fisher was presented by Bishop Rix with a handsome chime clock in recognition of his long and faithful services as choir master. Mrs. Fisher was presented with a beautiful bouquet of flowers by little Miss Jean McLean. Mr. Fisher responded briefly.

Community singing was again enjoyed and delicious refreshments were served, with Mrs. W. J. Greer, Mrs. W. H. Smeeton and Mrs. George Rorie in charge.

Commander Murray, senior naval officer on this coast, who came 70 north this week aboard H.M.C.S. .75 Vancouver, sailed last evening by .45 the Cardena on his return to Es-.75 quimalt naval station.

.45 Washington head lettuce Victoria hothouse tomatoes Cukes, outdoor, each ... B. C. celery 2.95 Leeks, bunch .60 Green beans, 2 lbs. .25 Green peppers, lb. Cauliflower, head White, 100 lbs.
