## ACTION IS TAKEN REGARD ELEVATOR CITIZENS ALMOST UNANIMOUS IN FAVOR POWER BYLAW

### Delegation Will Go to Calgary Representing City Council and Board of Trade Regard Elevator

Mayor McMordie, F. G. Dawson and M. P. McCaffery Committee to Handle Situation by Night Letter First and Later by Personal Visit

Between the Prince Rupert Board of Trade and the city council, quick action was obtained last night in the matter of this port's protest against the "dog in the manger" tactics that are apparently being employed by the Alberta Wheat Pool, as far as the local terminal elevator is concerned. The Board of Trade recommended that a delegation consisting of Mayor S. P. McMordie, Ald. F. G. Dawson and M. P. McCaffery be sent to Calgary to interview the heads of the Wheat Pool with a view to ascertaining why so little use was being made of the elevator this season and, if possible, rectify the situation. This recommendation, presented to the council by Ald. Collart, was immediately adopted, the city undertaking to pay the expenses of the delegation on the trip. This committee is losing no time in getting busy and today laid its case by wire before Wheat Pool headquarters. Failing any satisfaction being obtained by this means, the delegation will be prepared to leave early next week for Calgary. In presenting his motion, Ald. Collart referred briefly at the special meeting of the council to what

### BIG FIRE AT ROSSLAND IS DESTRUCTIVE

Main Business Section of City Destroyed North of Columbia Avenue

### ONLY EMBERS REMAIN

Blaze Started in Vacant Store and Spread Rapidly Carried by Wind

ROSSLAND, B. C., Mar. 2.—Fire, which broke out here shortly before midnight last night was brought under control at 9 o'clock this morning with estimated damage of \$100,000.

### POWER CORPORATION'S APPRECIATION

On behalf of the Power Corporation of Canada, Limited, I wish to thank the citizens of Prince Rupert for their most generous endorsement of the Power Bylaw yesterday. I should also like to express our appreciation of the invaluable assistance we have received from our supporters ever since the commencement of negotiations for the sale of the Prince Rupert power plant. I believe the future will prove that the confidence shown by the people of Prince Rupert in a Canadian enterprise has not been misplaced. Personally, I desire to express my very sincere gratitude for the innumerable courtesies and wonderful hospitality shown to me during my pleasant sojourn in Prince Rupert. H. E. PAWSON, Assistant Commercial Manager, Power Corporation of Canada, Limited.

### TO WIPE OUT UNEMPLOYMENT

Lloyd George Sounds Battlecry of British Liberals

### BRAND NEW POLICY

Would Borrow Millions to Carry Out Work Instead of Paying Dole

LONDON, March 2.—David Lloyd George, sounding the keynote of the Liberal party today, pledged that if the party was put into power it would wipe out the unemployment within a year without adding a penny to the taxes. It would be done, he said, by putting into operation extensive plans for the systematic development of the national resources, notably roadbuilding, re-organization of the national transport, draining of vast swamps and other work adding to the national wealth and efficiency. He held that the government would borrow the money and anticipate an increased revenue from the undertakings just as easily as it could borrow millions to perpetuate the present unemployment. He said that one of the country's outstanding needs was the removal of the nation's present "colossal drink bill."

### CONVENTION WILL BE HELD HERE IN MONTH OF AUGUST

The definite acceptance of an invitation sent by the Prince Rupert Board of Trade to the Canadian Fisheries Association to hold their convention this next August in Prince Rupert was read at the meeting of the Board last night. This will be a large and important convention and the Board will take necessary steps to entertain the visitors.

### TOOK POISON; KILLED SELF IN VICTORIA

VICTORIA, Mar. 2.—E. H. Blackmore, senior clerk of the Victoria Post Office, former president of the B. C. entomological society, died here in hospital this morning following the taking of poison in a dramatic manner yesterday when he was questioned concerning shortages in the Post Office funds. According to available details Mr. Blackmore when questioned by officials, admitted the responsibility and then, turning his back he put something in his mouth. A few seconds later he became ill and it is believed that he took poison in the form of potassium cyanide.

THE TWO CHIEF WHIPS IN THE FEDERAL HOUSE

Above are the two men upon whom the Government and official opposition parties in the Federal House will rely for a complete representation when any motions of importance are to be discussed, during the present Session. They are, left to right: P. F. Casgrain, Chief Whip of the Government, and General McRae, organizer of the Conservative Party and Chief Whip.

### Airplane Race Into the Mining Areas of North Part of the Province

VICTORIA, March 2.—A thrilling race by airplane is being staged by prospectors into northern British Columbia back of the Alaskan panhandle. Dispatches from Telegraph Creek today announced that W. R. George had reached there by airplane from Skagway and White Horse and thus jumped into the lead over a group of prospectors rushing into the area by way of Edmonton with a fleet of three planes of the Northern Aerial Mineral Exploration Company. Both expeditions will be weeks ahead of thousands of prospectors expected to invade the northern area with the spring opening. The prospectors are facing danger not only from cold, but from Nahanni Indians, who are reported to have threatened death to white men attempting to enter their country. Mineral wealth consists, it is said, of big copper and lead deposits in the Cassiar and Liard district.

### Major McLaren Has Contract to Make Air Survey of Route for Highway Pr. Rupert to Terrace

That a contract has been let to Major McLaren to make a thorough survey of the highway possibilities between Prince Rupert and Terrace was reported to the Prince Rupert Board of Trade at its meeting last night. Also, it was decided to make further representations to Victoria with a view to securing the building of the bridge across Galloway Rapids and the continuation of construction on the other side. The matter was brought up by Sid Thompson, who spoke of the road to Terrace as "Prince Rupert's best bet." Last year \$50,000,000 was spent by tourists in British Columbia, but how much did Prince Rupert get? He was ready to wager that if the road was opened there would be 5000 cars come through from the outside the first year. It was reported that 1300 visited Smithers last year. It would bring such prosperity as no one ever dreamed of. He was willing to give a check of \$100 toward a campaign in its favor if such should be started. President Gonzales explained that he understood a contract for survey of the route had been let to Major McLaren, who would use a first-class plane in doing it. Considerable discussion followed, S. E. Parker moving that further representations should be made in regard to the matter. George Nickerson thought the road should go by the canneries, as for three months every year there are 2000 people employed on the river who are idle from Friday to Sunday. He strongly urged that the route should go by way of the canneries. The resolution was carried. VANCOUVER, Mar. 2.—Wheat was quoted on the exchange today at \$1.28 1/2.

### Bylaw Providing for Sale of Power Plant Gets Large Majority

Plant Will Be Taken Over at Once Under J. J. Little as Manager for Northern B. C., and Surveys of Power Sites Made

By the decisive vote of 583 to 80, which gave a majority of 185 over the 60 per cent required to carry, the ratepayers of Prince Rupert at the polls yesterday ratified the agreement between the city and the Power Corporation of Canada whereby the latter, in consideration of a cash payment of \$375,000 and an undertaking to furnish an additional 5000 horsepower of electric energy within two years, takes over the city's hydro-electric plant with a 25-year franchise for the exclusive supply of light and power to the municipality. Immediately after the poll, a special meeting of the council was held to finally reconsider and adopt the agreement, the resolution to this effect being moved by Ald. Collart, seconded by Ald. Prudhomme, and carried unanimously. Briefly referring to the result of the vote, Mayor McMordie stated that he felt sure that the members of the council would be all greatly satisfied that, after months of deliberation and negotiation, the citizens had seen fit to so generally agree with them. Apart from this, there was no further discussion in connection with the final act of what may very well prove to be one of the most momentous decisions that has ever been concluded in the municipal history of this city. After the meeting of the council, two copies of the agreement were duly signed by the mayor and city solicitor on behalf of the city. These will be taken by H. (Continued on page six.)

### STEAMER FOR PRINCE RUPERT

Sum Placed in Estimates for Construction of Vessel for This Port

At the meeting of the Board of Trade last night a letter was read from B. C. Keeley of Vancouver stating that a sum would be placed in the estimates this year at Ottawa to provide for the building of a steamer to ply out of Prince Rupert for local business. The letter was ordered suitably acknowledged and the president expressed thanks to George Nickerson for his work in connection with securing this.

### MAKE READY FOR PLANES

Service Likely to Be Established Seattle to Juneau, Calling at Rupert

Two interesting matters in relation to air navigation came before the Board of Trade last night. A chart was received from the hydrographic department at Washington and the board was asked to mark on it any suitable landing sites for airplanes. This went to the navigation committee for action. President Gonzales brought up the matter of a mail contract for airplanes calling here on the way to and from Juneau from Seattle. No opposition to the suggestion was expressed, but it was left to the trade and commerce committee for report. It was stated that two companies were planning putting on airplane services and one would doubtless establish the line this coming summer.

### FORTUNE LEFT BY WILLIAM TIERNEY

VANCOUVER, March 2.—Probate was ordered in the supreme court today of the will of William P. Tierney, pioneer of British Columbia, railway and highway contractor, who died here on January 26, leaving a net estate of \$363,000.

### BUDGET TAX CHANGES ARE IMPORTANT

Reduction Made Through Increase of British Preference and Abolition of Several SALES TAX REDUCED

OTTAWA, Mar. 2.—Important changes outlined in the budget yesterday include an increase in the British preference, a reduction in the sales tax, abolition of the tax on telegrams, on railway and steamship tickets and on insurance premiums. There are 34 changes in the tariff, mostly in the matter of adjustments. The sales tax is reduced from three to two per cent. Rates of (Continued on page three)

### ALMOST AS NEAR PANAMA AS PORT OF VANCOUVER

Captain Elfort, harbor master, reported to the Board of Trade last night the official distance from Prince Rupert to Panama by Heate Strait was 4,090 1/2 miles. From Vancouver to the same place the distance was 4,043 miles, only 47 1/2 miles less. Going by way of Dixon Entrance the distance to Panama from Prince Rupert is 4,195 miles.

# McLARNIN KNOCKS OUT JOE GLICK AND HEENEY BEATEN

## Vancouver Man Drops Joe Glick Three Times and Wins Bout in Minute and Half of 2nd Round

NEW YORK, March 2.—Jimmy McLarnin, sensational puncher from Vancouver, B.C., knocked out Joe Glick, outstanding lightweight, in the second round of their battle in Madison Square Garden last night. Glick was knocked down for the count of nine before a straight right floored him again for the count. The end came one minute and 30 seconds after the commencement of the second round.

Glick, with blood streaming down his face from a badly cut eye, was no match for the two-fisted slugger from British Columbia. After the third knockdown Glick gamely fought to rise, but he fell flat on his back as the fatal count of 10 tolled. It was a sensational victory for the Vancouver boy, despite the fact that he outweighed Glick by nearly four pounds.

Glick, especially during the last two years, has met and beaten almost all his lightweight rivals. Six weeks ago he dropped a close decision to McLarnin. Last night McLarnin finished the job he started then.

## HEENEY GOES DOWN BEFORE JIM MALONEY

Championship Aspirant Badly Punished by Boston Man

BOSTON, March 2.—Jim Maloney, Boston heavyweight, gave Tom Heeny of New Zealand a bad beating here last night in a bruising 10-round contest.

Maloney punished the New Zealander with hard left hooks and jabs in every round and emerged from the contest unmarked.

Maloney won eight rounds, Heeny one, and the other even.

On a previous meeting Heeny knocked out Maloney in the first round.

### TAILTEANN GAMES

The Tailteann Games in Ireland are the oldest in the world, antedating even the famous Olympic Games of Greece. They were started in 632 B. C.

## CAMEL FIGHTS IN STAMBOUL

Revival of Curious Old Time Sport to Finance Aviation in Turkey

STAMBOUL, Turkey, Feb. 26:—Eight camels, lords of the race that is fast dying out of Turkey beneath the pressure of modern civilization, are to meet in the stadium of Stamboul, there to lay down their lives or at best smash their humps so that more airplanes may sweep through Turkish skies over ancient abandoned caravan trails. The Turkish National Aviation League is to stage the camel combat, the proceeds of which will go to swell the millions of liras already raised in various ways for the purchase of the republic's planes.

Camel fighting is a sport as dear to Anatolians as bull fights to the Spaniard, but this will be the first camel combat held in the metropolis within the memory of the oldest inhabitant. To stage a fight between these stately ships of the desert, the cue is merely to provide a "woman in the case." Two gentlemen camels are led into the ring from which there is a narrow alley of exit. One of these camels is tied and the other left free in the ring. Then a female camel is led in and the untied male is allowed to flirt with her while the tied male looks on with growing jealousy and fury. When the latter has reached a fighting pitch of anger, the lady is led off, the jealous male's rope is untied and he straightway makes for his rival.

The camel's method of fighting is to try to get his humps beneath his opponent and thus to toss the latter over on his back. They do not always fight to the death, the camel who feels he is getting the worst of it often bolts from the ring down the exit which is left open for the purpose, the one who remains on the field being then proclaimed victor.

## Victoria Golf Tournament

His honor the Lieut-Governor Randolph Bruce of British Columbia who officially opened the first annual Empress Hotel mid-winter golf tournament last week at Victoria.

The beautiful E. W. Beatty trophy, donated by him for the championship of the first annual mid-winter golf tournament recently held at Victoria under the auspices of the Canadian Pacific Railway. The cup was won by T. L. Swan who defeated J. H. Lee, both residents of Victoria.

## LIONS LORD IT OVER RIVALS

Beat Eskimos at Seattle Result Sensational Work of Goalie

SEATTLE, March 2.—The Vancouver Lions continue to lord it over their rivals in the Coast Hockey League. They added another victory to their long list of victories by defeating the Eskimos here last night four goals to nil.

Brilliant work by the forward line and defense held the Eskimos in check throughout. The Lions scored one in the first period, two in the second and one in the third. Percy Jackson, Vancouver goalie, gave a sensational exhibition.

OTTAWA, Mar. 2:—Newsy Lalonde has been signed to coach the Ottawa Senators for the next two seasons.

## BITTER COLD IN EUROPE

LONDON, Mar. 2:—Europe's course of bitter wintry weather continued unabated today. Heavy snowfalls in Austria, Hungary and the Balkans further disrupted the railway service. In Greece severe weather with floods have caused great hardships. Violent gales swept France while bitter cold continued in Poland and Galicia. The entire northern Baltic continued covered with thick frost.

## ENGLISH CUP SIXTH ROUND

LONDON, Mar. 2:—The sixth round of the English cup ties played today resulted as follows: Blackburn 1, Bolton 1. Aston Villa 1, Arsenal 0. Portsmouth 3, Westham 2. West Bromwich 2, Huddersfield 2.

## SCOTTISH CUP FOURTH ROUND

GLASGOW, March 2.—The fourth round of the Scottish cup games were played with the exception of Celtic vs. Motherwell and St. Mirren vs. Aberdeen, which were postponed owing to the cold weather. The games played follow: Rangers 3, Dundee United 1. Kilmarnock 3, Raith Rovers 2. The other two were ties.

## GREAT SCORING OF AUSTRALIAN

Woodful Made 275 Runs For Sydney, Australia, Against England

MELBOURNE, Aust., Mar. 2:—The Victoria cricket team today declared their first innings at an end without allowing all their players to bat in the match against England after scoring 572 runs for nine wickets.

Woodful, the great Australian test match bowler, scored a brilliant 275 for Victoria, being undefeated when the innings was declared.

England's total score for two wickets at the close of play was 88.

## BASKETBALL IS RECOMMENCED

Three Games Played Last Night in Exhibition Hall But Intermediate Was Best Contested

The basketball season opened last evening in the Exhibition Hall with a small attendance. The intermediate game was the best of the evening. The senior game between the Native Sons and the Players' Club resulted in the Native Sons forfeiting the game when a number of their players were removed from the floor with four personal fouls. The game up to that time was very poorly played, with many fouls called for rough playing.

The Intermediate game between the High School and the Big Four was a ding-dong battle from beginning to the end. A full time the score was tied and during the extra time, Big Four was able to take the lead and win the game 32-28. This is the first time this season that the High School team has been defeated. High School started out well but the players were not able to keep up the pace which they attempted to set. While they were regaining their wind, Big Four took advantage of the opportunity and was able to equal the score and from then on the game was always in doubt, with each side leading alternatively. The individual scores were:

BIG FOUR—		Pts	Per
Ernie Ratchford	.....	9	0
Eddie Smith	.....	10	1
Ira Katsuyama	.....	8	1
Geo. Hill	.....	0	1
Doug Stalker	.....	5	4
Total	.....	32	7

HIGH SCHOOL—		Pts	Per
Allan Cross	.....	4	1
Harold Macdonald	.....	12	0
Danny Morrison	.....	5	3
Bob Irvine	.....	5	4
Bob Stalker	.....	2	4
Joe Scott	.....	0	0
Walter Johnston	.....	0	0
Total	.....	28	12

The High School junior team defeated the Canadian Japanese Students 19-18 in a real hard played game. The junior boys did very well in their combination plays and shooting. The game was always in doubt from the first to the last. The Japanese boys did very well for their first appearance as an all-Japanese basketball team. The individual scores were:

HIGH SCHOOL		Pts	Per
W. Johnstone	.....	12	0
Roy Wick	.....	6	0
Ted Smith	.....	1	4
B. Bacon	.....	0	0
J. Comadina	.....	0	1
Total	.....	19	5

C. J. STUDENTS—		Pts	Per
K. Nakamoto	.....	5	2
T. Katsuyama	.....	5	2
T. Shikatani	.....	8	0

Mr. and Mrs. J. A. Morris and daughter, who have been on a trip to Vancouver, returned to the city from the south on the Catala last night.

Union steamer Catala, Capt. A. Johnstone, arrived in port at 10 o'clock last night from the south and sailed at midnight on her return to Vancouver and waypoints.

The St. David's Day tea held yesterday afternoon by the Ladies' Aid of First Baptist Church at the home of Mrs. Bert Morgan, 420 Fifth Avenue West, was a very successful affair. Over \$50 was realized.

At the meeting of the Board of Trade last night it was decided to leave it with the president and secretary to continue the agitation for the installation of two lights as asked by Lloyd's agent. The matter will again be urged on the Government.

Mrs. J. B. Agar and child of Terrace, who have been holidaying for several weeks in Vancouver and Victoria, arrived in the city on the Princess Royal yesterday afternoon and proceeded by this morning's train to their home in the interior.

Passengers arriving here yesterday afternoon on the Princess Royal from Vancouver included Charles Welch, A. H. Bain, Mrs. J. B. Agar and child, L. H. Sutton, Mr. Anderson, Miss Wildmark, J. Jefferant, J. Kennedy, Mr. McAuliffe and C. Barnwell.

The matter of white aliens receiving fishing licenses was discussed at the meeting of the Board of Trade last night and it was shown that the fisheries department had acceded to representations made in favor of granting licenses to those who in the past have received them and who are desirous of becoming Canadian citizens.

In Supreme Court in Vancouver yesterday, the injunction restraining Cliff Ford of England from collecting rent for the Westholme Theatre from Col. S. P. McMordeie pending the settlement of an action over repairs to the building was extended until June 5 when the case will be heard in Supreme Court here. The application was made by E. F. Jones on behalf of Col. McMordeie.

The Board of Trade at its meeting last night passed a resolution asking that the seiner Azurite, seized by the fisheries authorities for alleged illegal fishing, be released on a bond or the charge against her withdrawn. It is stated that she was not fishing in the prohibited area as alleged at first but she is being held until the matter can come to trial. S. E. Parker brought the question before the board.

Provincial Constable Harold Raybone sailed last night on the Princess Royal for Butedale on official duties.

Passengers sailing last night on the Catala for Vancouver included S. Alger, H. E. Pawson, Adam Mackie and F. Clendenning.

C. J. Graham will leave on Monday morning's train for San Francisco where he will spend a couple of weeks recuperating from the effects of a recent operation.

The Power Corporation of Canada has taken offices in the Exchange Block where it will conduct its local business, with J. J. Little, manager for Northern B. C., in charge.

F. D. Mathers arrived in the city on the Catala last night from Vancouver to assume his duties here as local representative of the B. C. Packers in charge of the company's office in the city.

John Albertsen, who has been working at Anyox, left on this morning's train for Halifax where he will embark on March 11 aboard the liner Hellig Olav for a trip to his native home in Norway.

### IN MEMORIAM

In ever loving memory of our dear mother, Mrs. Mary Sim, who passed peacefully away on March 2, 1928:

Loving and kind in all her ways,  
Upright and just to the end of her days,  
Sincere and true in heart and mind,  
A beautiful memory left behind.  
Inserted by her sons and daughters.

### WE'LL RID OF NUISANCE TAXES

TORONTO, Mar. 2.—Discussing the budget proposals A. E. Phipps, president of the Canadian Bankers' Association, said that the abating of the "nuisance" taxes was commendable. He added, however, that business looked for a larger reduction in the sales taxes, if not its entire abolition, and hoped for a reduction in the income tax.

### BUDGET TAX CHANGES ARE IMPORTANT

(Continued from page one.)

duty on machinery and equipment used in mining have been reduced. The changes in regard to mining are designed to stimulate mining operations, particularly coal mining.

The fishing industry, both inland and deep sea, benefits by the revision on items covering engines for the propulsion of boats, enlarged to cover such engines used in hoisting nets or lines in boats with free listing under all tariffs of metal swivels and needles for mending nets.

There is a reduction of from 15, 25, and 27 1/2 per cent. to free, 7 1/2 and 20 per cent. for rubber caskets for use in sealing cans.

The new rate on mining machinery is 10 per cent., 15 and 25 per cent, which is a considerable reduction.

Some reductions are made in printing machinery. The rates on passenger automobiles is brought in line with private automobiles.

The tax on the sale and transfer of stocks is changed from a flat rate of three cents to a graduated scale from one to four cents. The tax on insurance premiums other than life and marine of one per cent. is abolished. The tax on railway and steamship tickets is to be abolished May 1. The tax of three cents on telegrams and cables is abolished.

The reduction in the sales tax announced yesterday is effective today and also the tariff changes, as well as the abolition of the insurance tax. Changes which do not come into effect until May first are abolition taxes on certain railway and steamship tickets.

And its metal package keeps it always fresh.

## Church Services

PRESBYTERIAN CHURCH  
Preacher, Rev. T. Ivon Jones, M.A.

Morning worship at 11 o'clock. Subject, "Making the Church Christian." Evening service at 7:30. Subject, "The Only Death Man Can Fear." Sunday School at 12:15.

ST. PETER'S CHURCH  
Service will be conducted at St. Peter's Church, Seal Cove, on Sunday, March 3, at 7:30 p.m., by Bishop Rix.

CHRISTIAN SCIENCE  
Christian Science Society, 245 Second Avenue

This Society is a branch of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. Sunday service at 11 a.m. Subject, "Christ Jesus." Testimony meeting on Wednesday evening at 8 o'clock. The public is cordially invited.

### BIG FIRE AT ROSSLAND VERY DESTRUCTIVE

(Continued from page one)

mates of a loss totalling \$200,000. Ten buildings were burning but the firemen eventually got the blaze under control.

The main business section of the city was destroyed, the fire sweeping the north side of Columbia Avenue from the Bank of Montreal building to and including the Post Office. Nothing but embers remain of many of the business houses.

The fire started in a vacant store, it is believed. A high wind spread it rapidly. The wind changed several times and carried the blaze to the street which survived a similar fire two years ago. The buildings there were destroyed too.

### KING MUCH IMPROVED, ENJOYS HEARING MUSIC

BOGNOR, Sussex, Eng., Mar. 2.—The King has so much improved that his thoughts have turned to music. He has had his phonograph brought from Buckingham Palace and spends long hours listening to it.

DAILY EDITION Saturday, March 2, 1929

NOW FOR A CHANGE

Prince Rupert has sold the power franchise and is promised the expenditure of a million dollars in improvements. Now, it is hoped, Prince Rupert may make progress. We must not expect the millenium, for that will never arrive, but we do expect that we shall get some benefit in a business way from the change.

In connection with the sale, a good deal of credit is due to Mayor McMordie for the part he has played in this connection. He took the matter up in the east last year when he was sent there by the city and he has worked faithfully and well to do the best he possibly could for the city. He has been well backed up by members of the city council and the outcome is most satisfactory.

The one thing needed here was plenty of power and that was what we did not have. Within two years it is hoped that we shall have plenty.

MISLEADING STATEMENT

The "statement of misrepresentation" of George McIvor of Calgary, general sales manager of the Canadian Wheat Pool, as published in the local press on Friday, was interesting if for no other reason than the fact that it was so transparently deceiving. Such methods as those displayed by Mr. McIvor may be employed by the Wheat Pool to convince the prairie farmers of the efficiency of the organization, but the people of Prince Rupert are not to be deluded by any such and it is to be hoped that neither will the federal Department of Trade and Commerce.

The Pool may or may not have been responsible for the recent delay of the steamer Sydland. No doubt the local committee which has been appointed to inquire into the matter will satisfy itself on that point. Mr. McIvor's explanation, however, far from covers the situation to the satisfaction of local people.

Mr. McIvor "explained that the grain was shipped from Alberta in ample time to keep the terms of the contract, but a railway accident, which necessitated a re-routing of the cargo, caused the delay." If Mr. McIvor suggests that the "railway accident" was on Prince Rupert's railway, and this is the suggestion that his statement makes, no explanation being made otherwise, the people of this city are well justified in registering a very decided protest. Mr. McIvor neglected to explain that the "railway accident" occurred not on the line of the Canadian National, but on the Canadian Pacific, and that the Pool was so anxious to keep grain rolling into Vancouver that grain destined for Prince Rupert was diverted to the southern port in order that there might be no embarrassment of the situation there. But, no doubt, the Wheat Pool was not desirous of showing its hand of favor for Vancouver at the expense of Prince Rupert, whose elevator it is holding so that no one else may use it. To make Prince Rupert suffer for no fault of its own is bad enough. To advertise to all Canada that it is the fault of Prince Rupert's railway is adding insult to injury.

Mr. McIvor also says that "we received no complaints from the captain of the ship or the owners of the Sydland." It is sufficient to suggest that no complaints might be expected when the Pool for at least a week was paying \$500 per day in the way of demurrage to the owners of the Sydland for the delay. That was not unprofitable to the owners of the ship.

Mr. McIvor's explanation is altogether unsatisfactory and does not fool the people of Prince Rupert any more than it should delude the farmers of the prairie, whose interests are supposedly the Wheat Pool's first care.

RESIGNATIONS INEVITABLE

(Winnipeg Free Press)

The retirement of Mr. Clubb and Mr. Major from the Manitoba government was, of course, inevitable from the moment announcement was made of their purchases of Winnipeg Electric stock while the arrangements between the company and the provincial government were pending; nor is it possible that anyone could have really believed for a moment that their retention was being considered by the premier. The announcement made yesterday merely registers a decision, which was made for the government by the facts themselves.

This is a community of fine political temper and of good sense; and while this decision will be universally accepted as right and proper, there will be little disposition on the part of the public to give the circumstances the sinister significance which ill-will might readily suggest, with some show of reason. Mr. Clubb and Mr. Major are widely known in this city and province; and no one who knows them will believe that either of them was less the guardian of the public interest by reason of these transactions. Nevertheless, though this be accepted without question, it is incontestable that they, by inadvertence or otherwise, broke certain inflexible rules which govern the relations of public men in office to their colleagues and the public; and they have had to pay the forfeits.

ELEVATOR IS DISCUSSED BY BOARD OF TRADE

Effort to Get Relief From Ottawa Of No Avail So Delegation Decided On

The chief business of the Board of Trade last night was discussing and dealing with the local elevator situation. It was the best attended meeting of the present year so far, the members being out to lend their support to any move that would be beneficial to the port. President Gonzales presided. The sending of the delegation consisting of Mayor McMordie, F. G. Dawson and M. P. McCaffery to Calgary was decided upon and passed on to the city council which met directly after the Board and implemented their recommendation.

M. P. McCaffery, chairman of the grain committee, reported the sending of telegrams to J. C. Brady M. P. and Olof Hanson, Liberal candidate, who was at Ottawa at the time. Both reported that the Ottawa Government could do nothing as the lease was unconditional in regard to the amount of grain handled.

Mr. McCaffery outlined the general situation and said their recommendation was that a delegation from the city should meet the Pool officers and find out what was the trouble and try to remedy it. Other members of the grain committee supported the suggestion, stating they had decided it was the only practical thing to do and suggesting the names chosen later.

S. E. Parker thought the Pool would in its own interest have made a statement of its position here.

Thomas McClymont asked if there was wheat available for shipment in northern Alberta.

J. H. Pillsbury suggested that the 18 cents differential against Prince Rupert caused part of the trouble. Grain was being shipped but it was not coming to Prince Rupert.

Joe Greer said when he was in Vancouver he heard Hecate Straits discussed and it was said to be the best surveyed water on the coast.

Mr. McCaffery explained the situation in regard to the straits. It was purely a matter of Lloyd's. If two lights asked for two years ago were placed in position Capt. Barney Johnson, who was Lloyd's agent in Vancouver, would recommend that the insurance rate be the same by way of the strait as by the other route.

H. F. Pullen mentioned a number of matters in regard to the present situation. It had been said that the Stevedoring Company was at fault but Mr. Pillsbury, manager of the company, said their charges were the same as in Vancouver. Mr. Pullen impressed the desirability of letting the Pool know that Prince Rupert would not take "no" for an answer but would use every possible means to enforce their demands.

It was finally decided to appoint the committee and leave the matter in their hands for the present.

SCHOOL POPULATION  
 1916 64,570  
 1926 101,688  
 Increase 58%  
 SCHOOLS - Increase 31.7%

Our greatest asset

THE material progress of our Province is known the world over. We speak with pride... and rightly... of its vast natural resources awaiting conversion into merchandise and wealth. We take the figures of ten years ago and compare them with those of today... and the world agrees that our progress... considering our population... has been the brightest feature in the recovery of the British Empire from the war.

And if this progress, of which we are so justly proud, is to continue, does not the most vital force of this country lie in our children? Some day, they will take the helm. Events will follow their judgment, skill and decision. THEY ARE OUR GREATEST ASSET!

The Boy of today is the Man of to-morrow... the Girl, the future Mother of our citizens.

On us rests the responsibility of shaping their formative years so that when we hand over the reins, they may carry on the Torch of Progress, undimmed.

How have we met our responsibility? Can we look Young British Columbia in the eye with the feeling that all will be well with the future of the province for which we have planned so carefully and labored so faithfully?

SURELY!  
 In the last ten years our school population has grown from 64,570 to 101,688... 58%. We have 1,065 schools manned by 3,396 thoroughly

trained, competent teachers... an increase of 31.7% and 71% respectively!

Recently we have established special vocational schools for our girls and boys, where they may be fitted for those occupations for which they have a natural bent.

Higher education is amply provided for at our University of British Columbia, where two thousand students are now enrolled, the majority studying for their degree in Science and Agriculture.

And to the school training of our children we add the powerful influence of Home, the religious and other organizations, each of which is contributing its full measure of the physical, mental and character upbuilding of our dearest, most treasured asset... OUR CHILDREN!

With confidence and faith we will hand over our beloved Province's future when the time comes!

Read these announcements and understand your province's progress... clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

### Good Progress on New Cannery at Humpback Bay; Ole Skog Gets in Dutch; Halibut Landings Show Big Increase

Good progress is being made with the construction of the Chatham Sound Fishing & Packing Co.'s new cannery at Humpback Bay, on the north end of Porcher Island, about 20 miles from Prince Rupert, and the plant should be in full readiness for operation as soon as the 1929 season opens. The dock, big shed and cannery buildings are all up now and interior work is at present in progress. Machinery will soon be delivered for installation.

Construction of the cannery is under the personal supervision of H. Hogan who will be its manager. Ronald Wilson of Prince Rupert has received the appointment of storekeeper and Capt. Thomas Watts, well known local halibut seineboat operator, is understood to be slated to take command of the company's cannery tender Carlyle S. Such well known local carpenters as Bert Greer and Rod McLeod have been employed on the construction work.

Capt. Ole Skog arrived in Prince Rupert on Thursday from the herring fisheries near Port Simpson with his big seineboat Azurite and reported that his boat had been seized and his seining license cancelled by patrol officers of the fisheries department for fishing within the Pearl Harbor spawning area. Captain Skog, who has been seining for the Canadian Fish & Cold Storage Co., claimed that he had not been actually fishing within the prohibited area. The case will be settled in the courts. After a month's run or more there, the herring have now left waters outside Pearl Harbor and the seineboats Faith of Sechart and Zenardi have been during the past few days unable to get any of the fish. Halibut boats expecting to take on fresh herring but there outward to the banks were forced to return to Prince Rupert and take frozen bait. Among these boats were the Tramp, Inez H., Atli and Helen II.

Local halibutters leaving this week on their initial trips of the season to the fishing grounds included the Verna, Capt. Pete Thompson; Joe Baker, Capt. Clarence Campbell, and H. and K. Capt. Bob Shruballs.

**A Bad Start**  
With three men losing their lives by being swept overboard from boats within the first five days of the new season, 1929 halibut fishing activities have had a rather tragic start, which serves to give reminder of the hazards which the courageous fishermen have to face in plying their trade and making what is so often erroneously called an easy living. Valdemar Teng, who lost his life from the local boat Takla on the Portlock banks, and Martin Anderson and Brungo Svensen, who were swept over from the American schooner Vansee in the Gulf of Alaska, were all well and favorably known in Prince Rupert. Their loss has been sincerely regretted. Capt. Chris Petersen has been skipper of the Vansee for three seasons and this was not his first trip on the vessel as was at first stated in the Daily News.

Capt. Andrew Johnson's long liner Sherman of Petersburg, which was the high boat of the entire American halibut fleet last season, distributing shares of \$2,969.35 to each of her five men was in port on Tuesday of this

# MINING Stocks

Noon and afternoon closing prices on Vancouver Stock Exchange on our stock-list board daily. We can give instant service in buying and selling Mining Stocks on Vancouver Stock Exchange. We also have facilities for accepting Wheat orders on Winnipeg Stock Exchange. Representing Miller, Court & Co. Ltd. Vancouver. S.D. Johnston Co. Ltd. 617 2nd Avenue Prince Rupert, B.C.

week with her first catch of the 1929 season, amounting to 12,000 pounds, for which 11.4c and 6c was paid.

The high boat of the Canadian fleet last year, the Prosperity A. Capt. A. C. Christiansen of Prince Rupert, also landed her first 1929 catch this week when she sold 14,000 pounds on Monday at 10.4c and 6c. The Prosperity A. shared about \$2500 per man last season.

**Is Snappy Boat**  
Capt. Harvey Dumas' trolling boat Leander will be a pretty snappy little vessel very shortly now on completion of extensive renovation work which the owner has been carrying out all winter on the boat as she lay at the Pacific Salvage Co.'s floats. The engine has been completely overhauled, new pilot house and stern built, mast lowered and fish hold improved, etc. All that remains to be done now is a complete painting throughout and the vessel will then be all ready for sea again.

Bringing back new scows which will be added to the Pacific Salvage Co.'s local service fleet, the big power tug Salvage Princess, Capt. Frank Tyler, is due to return to port about Sunday or Monday. The vessel left Vancouver for the north on Thursday morning. She has been absent from port since Thursday night of last week.

With Capt. Paul Armour personally in charge, the Pacific Salvage Co.'s chartered boat Bertha G. made a trip on Thursday to Oceanic to deliver a winch to the cannery there.

Mitchell & Currie have been moving their outfit over to Digby Island this week in preparation for the commencement at once on their contract for the construction of a new office and operating and power house at the wireless station.

A new berth has been installed near the Trotter dock for the Besned cruiser Rosina B. Capt. Hans Berquist's mind rested free after making several hasty trips to the waterfront during first of the week blows to find that his charge was riding them well.

The capital-to-capital yacht race from Olympia, Wash., to Juneau, Alaska, which proved such a success last summer, is to be held again this year, and, in fact, is to be an annual event from now on. The race will be held early in June this year and rules for the track are to be drawn by a joint committee representative of participating Puget Sound yacht clubs. There is already assurance of at least eight entries, including one and possibly two from California. As was done last year, many of the boats will probably call at Prince Rupert in the course of the race this summer.

**A Poor Judge**  
Shef Thomson, popular caretaker of the Prince Rupert Rowing & Yacht Club, took an evening off and got all dressed up on Wednesday night to attend the box fighting. If Shef wasn't such a good friend of ours, we would be tempted to tell our dear readers what an awful rotten judge he is of pugilists. We hope that it didn't cost him too much to find that even he could have taken on the man of his choice with considerable credit to himself.

An unusual denizen of the deep brought in by Capt. Harry Selig on the American halibut boat Onah last week has been identified by Norman L. Freeman, local representative of the International Fisheries Commission, as belonging to the Cadidae (you tell 'em we know it as the codfish) family. This fish is known to

inhabit the waters off the Queen Charlotte Islands and north and several specimens were taken by the schooner Albatross during scientific expeditions on the coast. These specimens were taken at different stations in the Bering Sea at depths of 350 to 351 fathoms and off the Queen Charlotte Islands, and California at depths of 1588 and 455 fathoms. The scientific name for the fish is antimora microlepis (try that over on your broadcast-casting station). There is no common name, for the fish is not often caught.

Capt. Dan Wedge of Prince Rupert with his halibut boat Bayview landed the first fare of the season at Vancouver last Saturday and was followed close by Capt. Martindike with the Westview. Wedge was paid \$1,000 for his catch of 5,000 pounds and Martindike sold 6,000 pounds to the Canadian Fish & Cold Storage Co. at 18c and 13c. It was only 11,000 pounds altogether but the Vancouver papers made an awful fuss about it and told how there was a veritable riot on the docks among crowds of buyers with their tongues hanging out who virtually mobbed the two skippers in the struggle to obtain the contents of the "two heavily laden vessels." If the reporters who spent the day writing that up could spend a few hours in Prince Rupert they might not get so hot up in the epic descriptions about such a "drop in the bucket."

**Halibut Landings**  
It is a matter for considerable gratification that, while landings of halibut at the port of Prince Rupert from the first of the season until yesterday were more than thirty per cent in excess of landing for the corresponding period last year, the prices have been materially better than those which were paid the first ten days or so of the 1928 season. Since the season opened this year, bids have ranged from a high level of 19c and 8c down to a low of 10c and 6c. Last year the highest bid for this period was 15c and 8c while the lowest prices were 6c and 3c. Generally speaking, there has been a spread of two cents in favor of American over Canadian halibut while both American and Canadian halibut got the low bids of 10c and 6c. Landings at Prince Rupert for the season up to and including yesterday totalled 1,209,800 pounds as compared with 924,400 pounds at a similar date last year. Canadian landings totalled 307,300 pounds as compared with 205,400 pounds while American fares were up to 902,500 pounds from 719,000. Landings for the opening of the season have been heavier than in any year of the past, this despite that fact that rough weather has been general on the banks and has to some extent hampered fishing operations.

February 23, to March 1 was a "million pound week," landings totalling 1,105,200 pounds made up of 268,700 pounds Canadian and 836,500 pounds American fish.

Boats landing catches this week have been as follows:

Canadian—Atli, 6,000 pounds; Alken, 8,000; Bingo, 3,000; Balsac, 12,000; Brant, 4,000; Cape Spencer, 6,000; Cape Spear, 2,000; D.S.T., 1,200; Eric Roy, 8,000; Gibson, 3,000; Helen I, 1,500; Helge H., 3,000; Ingrid H., 6,000; Johanna, 11,000; Kaien, 7,000; Livingstone, 14,000; Marguerite, 2,000; Margalice, 1,500; M. M. Christopher, 4,500; Minnie V., 2,000; Prosperity A., 14,000; P. Dorreen, 5,000; Rose Spit, 4,000; Royal 111, 3,200; Ruth, 4,000; Sea Maid, 12,000; Selma, 6,000; Southend, 12,000; Toodie, 3,000; Trump, 2,000; Takla, 24,000; Viking I, 4,000; Volunteer, 3,000; White Lilly, 3,000; Zero, 6,000; Zopora, 21,000; Dundas, 3,000; Gunda, 1,000; Cape Beale, 26,000; Cape Swain, 5,000; Bolinder, 1,800.

American—Augusta, 15,000; Akutan, 26,000; Atlantic, 22,000; Columbia, 28,000; Celtic, 36,500; Chelsea, 30,000; Defence, 14,500; Don Q., 9,000; Excel, 14,000; Explorer, 21,000; Eureka (Tacoma), 9,000; Estep, 14,500; Flattery, 6,000; Gony, 7,000; Grant, 38,000; Hazel H., 15,000; Irene, 23,000; Ivanhoe, 18,000; Leviathan, 12,000; Lindy, 42,000; Mars, 11,000; Mitkof, 17,000; McKinley, 30,000; Nordby, 27,000; Northern,

26,000; Portlock, 47,000; Pierce, 8,000; President, 5,500; Polaris, 11,000; Sherman, 12,000; Sunde, 21,000; Sunset, 9,500; Tatoosh, 32,000; Unimak, 7,000; Viking, 7,000; Vansee, 21,000; Venture, 20,000; Western, 42,000; Woodrow, 5,000; Yakutat, 48,000; Nar-rancha, 16,000; Virginia, 12,000; Chancellor, 11,000.

# UNLICENSED RADIO SETS TO BE CHECKED

This Reported to Be One of Objects of Forthcoming Visit of Departmental Official

It is understood that one of the purposes of the visit here next week of A. L. Gray (the radio-telegraph branch will be to check up on the number of licensed radio sets in the city. That action may be taken against owners of sets who have not taken out licenses is reported. Only a small number of the many sets in the city are believed to be licensed.

The American flag has not always had thirteen stripes. A stripe was added for each new state until 1818, when it was decided to go back to the original thirteen stripes and place an additional star for each new state in the blue corner.

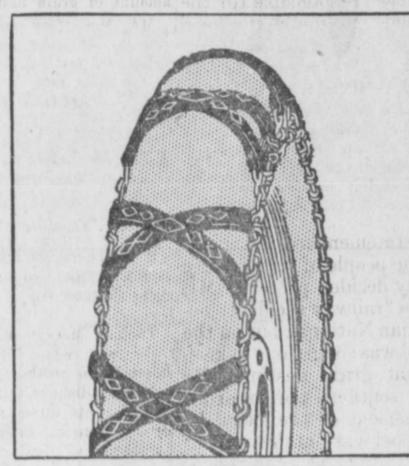

HUSBAND (fearfully): "Maria, m'dear! Beashly eschalator's broken down." —London Opinion.

Every corner of the stove is clean and shining when you use **ZEBO LIQUID STOVE POLISH**. Convenient to use—no hard rubbing. Gives brilliant, jet black lustre. Ask your dealer for Zebo. If you prefer paste, use Zebra. Made by the makers of Reckitts Blue.

# SUPERWEAR

plus

# the silence of rubber

**GOODYEAR CHAINS** with cross links of Goodyear Rubber are quiet; they outwear any tire chains you ever used before. Think of it—no clanging on the pavement and no banging on the fender.

No wonder this silent tire chain is universally popular. It's been proved in three years' service. Check these wonderful features: every benefit possessed by other tire chains plus rubber's restful silence; the tire protection of rubber; the grip of the rubber cross ribs; superwear, outwearing other chains by a big margin; Goodyear Selected Dealers sell them to fit all tires.

Made by the Makers of Goodyear Tires

# GOOD YEAR TIRE CHAINS

# FASHION FANCIES

**A FROCK A LA-MODE**

Here is a model in the new tweed silks, trimmed with black satin. Collar and cuffs are piped and drape to left are lined with black satin to match girdle caught up with flower buckles. Scalloped collar on low cut plain neck, with two color tie, completes an up to date frock.

**A COAT FOR SPRING WEAR**

Here is a snappy model for spring wear. The fur collar is wide and deep with shawl effect, fastening at waist with ribbons of same material as the coat. Note the deep cuffs, extending from wrist nearly to elbow.

**PAJAMAS THAT REST ON FASHION'S PEAK**

If you do not own at least one pair of lounging pajamas this is the time for you to take yourself to your favorite shop and ask to see the newest models. Never before, in the history of the lounging costume, has the pajama been so important—or so smart. Here is a pair that boasts every feature of chic and is yet very inexpensive. It is fashioned of red checked gingham, with white bindings. The blouse is of the tuck-in variety and the trousers are wide enough to please even the most radical.

**THE DAY OF THE EXTREME TAILLEUR IS THREATENED**

Leading couturiers are predicting that the tailored suits for spring will be more feminine. Whether this is so remains to be seen, for the simple, mannish little suit has its admirers. However, judge for yourself, the merits of the new mode. Here is the "feminized" mode. It is in light-weight wool in French blue flecked with white. The silk tuck-in blouse is of lighter blue crepe. Note the three scallops in the lapel.

**This Dashing Jacket Suit Defies Criticism**

The wide variety of styles and fabrics offered for spring costumes, at this time of the year, leaves no doubt as to the continued popularity of the tailored and semi-tailored suit. Here is a smart version of the latter. It is developed in black tweed, with a sleeveless jacket that has a dashing finger-tip length cape. Stitched braid forms a flat round neck and bands for the shoulders and front. The blouse is of white crepe.

## SMITHERS MAN IS FOUND DEAD

Body of J. H. Hetherington, Well Known in Prince Rupert, Discovered in Garage

Word was received in the city this morning that the dead body of Joseph H. Hetherington, who had been missing since Tuesday, had been found in the garage of the W. S. Henry Motor Co. at Smithers. The late Mr. Hetherington was a partner of Mr. Henry and was also secretary of the Bulkley Valley District Hospital Association.

Some 42 years of age, the late Mr. Hetherington was an intense sufferer from after effects of the Great War. He was in France practically for the whole duration of the war and contracted trench feet, infection from which ultimately necessitated the amputation of one of his legs about four years ago.

A native of England, deceased came first to Smithers in early days of that town and, before the war, was a member of the staff of the Union Bank there. He achieved considerable distinction as a foot racer and won the championship of Northern British Columbia in Prince Rupert. Returning to Smithers after the war, Mr. Hetherington worked at first for Fred Watson and later became a partner of Mr. Henry. He was well known in Prince Rupert, having often visited here, the last time about a year and a half ago to take a civil service examination.

Besides his widow, who was formerly Miss Ethel Gray, daughter of Mr. and Mrs. J. S. Gray, formerly of this city and now resident in Smithers, and a niece of Mrs. Ernest Allistone of Prince Rupert, the late Mr. Hetherington is survived by four children, the oldest of whom is fourteen. The children are a daughter, Patricia, and three sons—Jack, Tommy and Gordon. Deceased's mother lives in Ontario and his father died some two years ago. The family will have the deep sympathy of many local friends in its sad bereavement.

The funeral will take place in Smithers.

## BYLAW PROVIDING FOR SALE OF POWER PLANT GETS LARGE MAJORITY

(Continued from page one)

E. Pawson, commercial manager of the company, to headquarters of the Power Corporation of Canada in Montreal, where officers of the company will affix their signatures, one of the copies being returned to the keeping of the city, while the other is retained by the corporation. Meantime, Mr. Pawson goes to Victoria on business in connection with the validating act which is before the legislature. This act will relieve the corporation of responsibility in connection with financial obligations of the city on the hydro-electric plant.

To a representative of The Daily News, Mr. Pawson, before leaving for the south last night, briefly explained the next steps that would be taken in the transfer of the utility. Immediately upon the validating act being passed by the legislature, which should be within a week's time, the Power Corporation will authorize the Royal Bank of Canada to pay the \$375,000 over to the city and will then come formally into possession.

## Was Tortured With Eczema For Years

Mrs. George Shambler, 119 Creighton St., Halifax, N.S., writes:—"After being tortured with eczema, for years, and trying everything possible from doctors and drug stores, a friend recommended me to take

I sent my husband to get me a bottle, and after I had taken it I noticed the cooling of my blood, so he advised me to continue, and after taking several bottles I can truly say it is a wonderful medicine." Manufactured only by The T. Millburn Co., Ltd., Toronto, Ont.

and take over the operation of the electric light system and all its appurtenances. J. J. Little, who is at present superintendent of utilities for the city, will take over the duties of manager for Northern British Columbia of the Power Corporation and will still be in direct charge of the local system.

Field engineers of the Power Corporation will be sent here soon to select the site of hydro-electric development and lay out routes for transmission lines. Either Khtda Lake or Falls River would likely be selected for the development, Mr. Pawson stated. In order that the 5000 horsepower development would be provided within the two years as required by the agreement, it was likely that actual construction work would be started during the coming summer.

Mr. Pawson further explained that it was proposed to float a separate company to cover the operations and developments of the corporation in northern British Columbia, including both Prince Rupert and Stewart. Mr. Little will be the manager of this company with headquarters in Prince Rupert. W. D. Smith will be local manager at Stewart under Mr. Little.

The detail of the vote was as follows:

	For	Agst
A-L	309	45
M-Z	274	35
Totals	583	80
Required to carry, three-fifths	398	
Majority	185	

## DELEGATION WILL GO TO CALGARY REPRESENTING CITY COUNCIL AND BOARD OF TRADE

(continued from page 1)

had transpired and the resolution that had been passed immediately before at the Board of Trade meeting. He urged that the council accede to the recommendation without delay, so that no time might be lost in finding out why Prince Rupert was getting so little grain this year, while Vancouver was getting so much more.

The motion was seconded by Ald. Prudhomme.

Mayor McMordie presumed that it was expected the city would bear the cost of sending the delegation.

Ald. Collart thought this was up to the city and would be worth the money.

Ald. Dawson presumed that the council knew that the elevator was about to be closed up and the most of the staff moved to Vancouver. If the Wheat Pool had found it impossible to use the elevator, he thought the city should find out the reasons and, if possible, take steps towards having them rectified.

Ald. Rudderham thought the move was a good one, but he saw no reason why such a large delegation should be sent. As it was only information that was sought, he thought a delegation of one would be sufficient. Three would only make it that much more costly.

Ald. Macdonald did not agree with Ald. Rudderham on this point. The issue was a big one and an immediate solution was sought. All the pressure possible should be brought to bear on the situation and he thought the citizens would be well satisfied to incur the expense involved in meeting with the recommendation of the Board of Trade. Ald. Macdonald was particularly satisfied with the personnel of the delegation consisting of the mayor, a railway director and a citizen who had taken an active part in the development of the grain traffic here, having been formerly chairman of the special grain committee.

The recommendation was then adopted without dissension.

## WILL ABOLISH INDUSTRIES DEPARTMENT

VICTORIA, March 2.—A recommendation to the legislature that the department of industries be abolished and that work in hand be handled by the finance department with the department of works giving technical assistance was endorsed by the public accounts committee today. Liberal members opposed the recommendation.

Representative of Telephone Company: "I understand you absolutely refuse to pay for the 272 telephone calls we have charged you with?"  
Intrepid Citizen: "Quite."  
Representative: "But, my dear sir, what is your complaint?"  
Intrepid Citizen: "I haven't a telephone."  
—The Humorist, London

## BRITISH ARE ARRIVING ON THE PRAIRIES

WINNIPEG, March 2.—The first of the British families to arrive in western Canada this season under the Canadian National Railways British families scheme have reached Winnipeg and are being sent out to their new homes. John Eustace and his wife and three children have reached their address from Pontypool and are eager to get located.

## IMPROVEMENT SEEN IN HALIBUT PRICES

American Boats Received Up to 13.6c and 6c at Local Exchange This Morning

Prices for American halibut were much improved at the local fish exchange this morning when as high as 13.6c and 6c was paid while Canadian bids showed a slight improvement over yesterday, going up to 10.7c and 6c. A total of 120,500 pounds was sold, of which 106,000 pounds was from American vessels.

Arrivals and sales were as follows:

- American—Eldorado, 30,000 pounds, Booth Fisheries, 13.3c and 6c.
- Omaney, 21,000 pounds, and Royal, 2000 pounds, Canadian Fish & Cold Storage Co., 13.5c and 6c.
- Havana, 19,000 pounds, Royal Fish Co., 13.6c and 6c.
- Nordie, 34,000 pounds, Atlin Fisheries, 13.4c and 6c.
- Canadian—Oslo, 10,000 pounds, Canadian Fish & Cold Storage Co., 10.7c and 6c.
- Margaret L., 4500 pounds, Atlin Fisheries, 10.5c and 6c.

## K. OF P. ANNUAL DANCE IS HELD

Seventy-five Couples Attended Very Enjoyable Affair Last Night in Boston Hall

About 75 couples attended the annual anniversary dance of the Skeena Lodge No. 45 Knights Pythias, in the Boston hall last night. The event was both successful and enjoyable. It was progress from 9 p.m. until 1 a.m.

Excellent music was provided by Al Small's orchestra and William Burken was master of ceremonies. At midnight delicious refreshments were served.

The committee consisted of M. Blake, who presided at the door, M. L. Stepp, G. W. Johnson, Mrs. T. J. Shenton, D. McCullough, Mrs. P. J. and Mrs. Gilchrist.

## LUTHER LEAGUE IS ENTERTAINED BY MRS. UNDERDAHL

The young people of St. Paul Luther League were entertained last night by Mrs. Agnes Underdahl at her home, Beach Place. The time was spent pleasantly playing games and a short program of songs and recitations was enjoyed. Refreshments were served.

## STEEL IS NEARING HUDSON BAY PORT

WINNIPEG, March 2.—Steel now within 19 miles of the port at Fort Churchill, according to report received this morning by H. A. Dixon, chief engineer of the C. N. Railways western division.

An Aberdonian, who was paying his first visit to London, was found standing in the Sun laughing very heartily. A policeman, who also hailed from the North, approached him with the remark "Weel, what's wrong with you?"

"There's naething wrong with me," was the reply, "I'm just laughin' at Glesca."

Makes Pastry Delicious—Ensures Success

EMMELINE PANKHURST MEMORIAL

Proposed statue of the late Mrs. Pankhurst, noted feminist, by A. G. Walker, A.R.A., sculptor of the Florence Nightingale statue. A memorial fund is being raised in Great Britain and in Canada, where Mrs. Pankhurst's work in connection with the Canadian Social Hygiene Council is remembered. Committees are being formed in Montreal, Toronto, Ottawa, and Edmonton.

Man in the Moon

Man is under a severe handicap. Although more courageous than the plaintive sex he has less opportunity to exhibit his backbone.

When I won't give way I'm simply "firm." When any of the rest of you refuse to give way you are "stubborn."

Perhaps it's one of nature's compensations that the smaller the mind the more it wants to express its vacuity.

Now we have passed the bylaw. We should see the old town move; just dig her out and make her jump far from her well-worn groove.

Jake is not a believer in radio. He says he prefers a gramophone with an old tom cat on the fence for static.

Noah was the first naturalist but his method of studying the animal life of the country cannot well be copied by the average scientist.

Noah was also a sailor but he let his old tub run aground.

If a man gives in when he is wrong he is wise, but if he gives in when he is right, he is married.

Table with 2 columns: Time and Height. Rows for Saturday, March 2, High (5:31 a.m. 18.5 ft, 18:29 p.m. 14.9 ft), Low (12:15 p.m. 7.7 ft, 23:47 p.m. 10.1 ft).

Short of Breath Smothering Feelings Choking Sensation

Mrs. H. Day, Dartmouth, N.S., writes: "For over a year I was troubled with smothering spells and shortness of breath, and it was impossible for me to walk, even a short distance, because of the choking sensation which followed.

After trying many treatments, in vain, I at last decided to try

and in a surprisingly short time they did me much good. Price 50c per box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

WATER NOTICE

Diversion and Use Take notice that Billmor Spruce Mills Limited, whose address is 311 Rogers Building, 470 Granville St., Vancouver, B.C., will apply for a licence to take and use 100,000 of water out of an unnamed stream, which flows southerly and drains into the head of Porpoise Harbour, half mile northeast of Lot 6335, Range 5, C.D.

The water will be diverted from the stream at a point about half mile distant from its mouth and will be used for industrial purpose upon the land described as Lot 6335, Range 5, Coast District.

This notice was posted on the ground on the 22nd day of December, 1928, & copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

BILLMOR SPRUCE MILLS, LIMITED, Applicant.

BY B. E. MORGAN, Agent. The date of the first publication of this notice is January 5th, 1929.

EMBARRASSING MOMENTS

Peacetime Patriotism

A Fable for Merchants and Salesmen SHE was an insistent purchaser of local products. She knew the security of her home depended largely on herself, and all mothers like her—depended on their insistence of securing local products. For it was directly through the prosperity and increasing activity of local industry that the men folk of her country enjoyed secure positions and steady employment.

That is why, when shopping for an outer garment for her son, she demanded a local product. The store clerk hesitated and told her the article she required was out of stock at present, but that a certain foreign-made article was "just as good." She refused the foreign garment and left the store.

Back of this mother's insistence was a pride in the products of her homeland—the true peacetime patriotism.

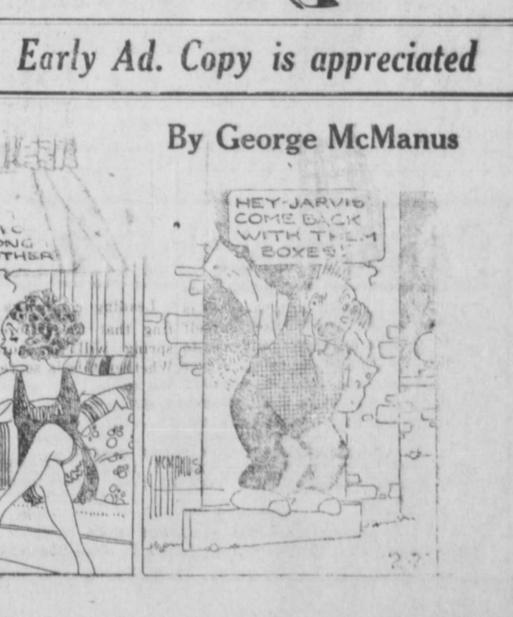

This story has a moral for Merchants

The progress of British Columbia depends on increased production and increased purchasing of British Columbia products by the public. Be fair to yourself! Be loyal to British Columbia! Sell more British Columbia products.

### 'The Masked Menace' Episode No. 4

"A HALF-WIT'S FURY"

ORCHESTRAL SELECTION—"THE THREE MUSKETEERS."

Child's Lucky Ticket Will Be Sold at the Saturday Matinee.

## WESTHOLME REGISTERS A BIG HIT

A crowded house at the Westholme last night enjoyed to the full the initial performance of the synchronized music installation which has just been added to the theatre. That this wonderful instrument is a decided success was plainly evident at the start. Many complimentary remarks were to be heard on all sides.

The feature picture "The Home Towners" is a delightful comedy-drama and its showing was greatly enhanced by the carefully selected program of continuous, tuneful music which accompanied it all through.

"The Masked Menace" recommences where, owing to an unfortunate accident, it broke off, and was welcomed by many.

A fine fable completes the bill. The show will be repeated tonight and should certainly be seen. The musical portion of it is a feast of melody with just a touch of novelty and mystery which gives it an added charm.

## District News

### NFW HAZELTON

Next Tuesday, it is expected, the third carload of ore will be shipped from the Rocher de Boule mine which is being worked by W. S. (Duke) Harris.

William J. Crawford of Stewart spent a couple of days here this week with W. S. Harris.

The Women's Auxiliary to the Hazelton hospital had a sewing meeting at the hospital on Tuesday afternoon.

Miss Menzies of Kispiox is leaving on a holiday trip to Winnipeg.

C. J. Robinson, well known pioneer Edmonton coal dealer, has been a recent visitor at Hazelton with C. W. Dawson.

H. L. Batten, M.E., of Vancouver paid a visit of inspection recently to the Mohawk mine with Thomas B. Lewis, M.E.

Charles Benson has returned from Vancouver, where he spent the winter.

Mrs. Wrench accompanied Dr. H. C. Wrench, M.L.A., to Victoria at the end of last week, when he returned to his duties in the legislature after a brief visit home.

The work of Douglas Lay, resident mining engineer for the provincial government, was spoken of highly by all political sides in a recent debate in the legislature.

Fred Peterson has been confined to his home with illness for several days.

A movement is on foot whereby eastern financial men may take over electric light plants at various points along the railway line, including the local one.

## Relief from Eczema

D.D.D. is the Perfect Antiseptic For quick relief from eczema, chafed skin, pimples, blotches, and other skin troubles apply the pure cooling liquid D.D.D. Clear, soothing, it penetrates the skin and soothes and heals the tissues. ITCHING STOPS THE MOMENT THE FIRST COOL DROPS TOUCH THE SKIN. A 50c bottle proves its merit or your druggist gives your money back. D.D.D. gives skin health. (Use only D.D.D. ointment.)

## SCOTTISH DANCE VERY ENJOYABLE

One Hundred Persons in Attendance at Affair Held by St. Andrew's Society

About 100 persons attended a very enjoyable Scottish dance which was held last night in the I.O.D.E. hall by the St. Andrew's Society. The affair was in progress from 9 o'clock in the evening until 2 a.m. and fine music was furnished by an orchestra consisting of Mrs. J. S. Black, J. B. MacKay, James Watt and John Bremner. At midnight delicious refreshments were served.

Howard Steen, president of the society, was master of ceremonies and other members of the committee in charge included Marcus Andrews, who resided at the door, and James Haddon.

## ST. DAVID'S DAY OBSERVED HERE

Welsh Colony Held Enjoyable Celebration Last Night at Home of Mr. and Mrs. Bert Morgan

Welsh people of the town gathered last night to the number of about twenty-five at the home of Mr. and Mrs. Bert Morgan, 420 Fifth Avenue West, to honor the anniversary of St. David, the patron saint of Wales. The time passed very pleasantly in singing, dancing and refreshments. Vocalists and speakers present proved that the national traditions for harmony and eloquence are being well maintained.
