Thistles and Empress Social Club will meet this evening at the Acropolis Hill grounds in the second game of the Stuart Shield football series and, as they have an interesting game to offer, the league management is hoping that most of the local soccer devotees will not get lost as they did when Regiment and Empress staged the opener last Monday evening. Weakened in the last game which they lost to the solders on account of absence of regular players, Empress is taking steps to gather together as strong a muster of forces as possible for the game with the formidable Scots tonight. They will have to do that too for the Thistles have proven themselves a strong aggregation by picking Volunteer, 5,000, Atlin, 13.5c off the only two pieces of silverware that have been competed Dolphin II, 9,500, Cold Storage, for so far this year. MELBOURNE, July 11:-Commenting on the British government's proposal to abolish preferences, Premier Stanley Bruce today suggested that, at a time when there was increasing necessity for expansion of international trade and development of the Dominion's resources, it was inconvenient that Rt. NATURAL GOODNESS ~ toothsome and tempting

Puffed Rice is Good, too

Quaker Puffed Rice is exploded the same way as Puffed Wheat, and is equally delicious. Full of the ready energy of the finest white rice. For variety, keep both kinds in the house.

N ENTIRELY DIFFERENT kind of cereal is Quaker Puffed Wheat. Airy deliciousness and toasted crunchiness are combined with all the nutriment of the grain supreme. The wheat bran is retained, but you would not notice it, so delicately is it concealed.

Puffing the wheat grain to eight times its natural size cooks it thoroughly and explodes millions of food cells in each grain. Rich stores of protein, carbohydrates and minerals are released for easy digestion. Each puffed grain has a tempting, nut-like flavour that always intrigues a lagging appetite. Always have Quaker Puffed Wheat ready to serve at any meal or at any time between meals. It is relished when fickle appetites set other food aside.
