Locomotive Plunged 40 Ft. Down Embankment Only One Man Killed

HAMILTON, Ont., Jan. 19.—Mark Ricker, fireman, was killed, and from 20 to 34 passengers injured, when the Toronto-Hamilton and Buffalo express train was derailed three miles east of Stoney Creek last night.

The engine left the rails and plunged 40 feet down the steep embankment. The baggage car and smoking car also left the rails.

The fireman's body was found beneath the engine. Patrick Gant of Hamilton, engineer, was the most seriously injured. He had both legs broken and was scalded. Washing balast from beneath the ties following a down-pour of rain is held responsible.

HALF-MILLION CORPORATION FOR FLYING

Plans to Establish Air Mail Line Seattle to Juneau

SEATTLE, Jan. 19.—A half million dollar corporation to operate the air mail line from Seattle to Juneau and to equip a Seattle factory has been formed by Verne C. Gorst, president of the Seattle flying service, it was revealed here yesterday.

YESTERDAY'S TRADING ON STOCK EXCHANGE

Number of Portland Canal Issues Made Advances but Big Missouri Was Down

VANCOUVER, Jan. 19.—Trading continued in large volume yesterday and in spite of further profit-taking the price trend was generally upward.

George Copper closed 10 up at \$10; Pend Oreille, 10 up at \$13; Porter-Idaho, 10 up at \$4.40; Sunloch, 15 cents up at \$4.40; Toric Mines, 10 up at \$2.10; Grandview was up five to 80c; Big Missouri was down 15c at \$1.35.

KING HAD A QUIET DAY AND GOOD NIGHT

LONDON, Jan. 19.—The King's physicians issued the following bulletin: "The King had a quiet day and there is no change to report. The next bulletin will be issued tomorrow night." Another bulletin says: "The King passed a good night. The slight progress continues."

PROPOSAL IS VOTED DOWN

PENTICTON, B. C., Jan. 19.—Fruit growers in the session on Friday voted down the proposal for the central selling agency for the B. C. Fruit and Vegetables.

PIONEER DIES

SEWARD, Jan. 19.—After suffering from a paralytic stroke for four years, August Peitman, aged 75, the earliest Kodiak pioneer, died yesterday.

LORD PEEL

Who succeeded Lord Birkenhead as Secretary of State for India in the Baldwin Cabinet.

WILL NOT TAKE PART IN RAILWAY DISPUTE SAYS ALBERTA MINISTER

EDMONTON, Jan. 19.—

Whether or not the Alberta government will have anything to say to do in regard to the construction programs of the Canadian National and Canadian Pacific Railways is in the lap of the future. Hon. Vernon W. Smith, minister of railways, says that the matter has not yet come before the government in any way, and no occasion for taking action or adopting an attitude in respect to it has thus far arisen.

Now that the province is on the verge of going out of the railway business, there is not the same likelihood of the government taking a hand in the prospective fight between the two companies, the chances being instead that they will be left to work things out themselves. Mr. Smith points out, however, that Alberta people, in common with all other Canadian citizens, are directly concerned in the welfare of the National lines and will therefore naturally take an interest in the later developments.

If the matter gets to the stage of the house of commons railway committee and the western provinces are asked by that body to be represented at its sittings, it is altogether likely, the minister thinks, that Alberta will be there. As yet, however, it isn't a live question.

DELAY LIKELY IN PACIFIC COAST LINE

EDMONTON, Jan. 19.—When Dr. King was passing through Edmonton he stated that the prospects for a Pacific coast outlet from the Peace River country was unlikely for the immediate future for the reason that the railways had such large expenditures on terminals at Vancouver.

WATER POWER COMPETITION

Two Big Concerns Want Campbell River One For Paper Mill The Other For Utilities

VICTORIA, Jan. 19.—The question of who shall get the Campbell River power where it is said that 40,000 horsepower or more could be developed will have to be decided pretty soon. The Crown Williamette paper concern which controls the mill at Ocean Falls was planning to use it for pulp and paper making but now application for it has been made by the B. C. Power Corporation which claims it is needed for the proposed smelter and for other developments on Vancouver island and the lower mainland.

Some decision must be arrived at soon as the paper concern has deposited a guarantee with the Government that they will commence operations before next fall.

WHO WILL FORM NEW COMMITTEES

Interest Being Taken in Possible Choices of Mayor S. P. McMordie

Now that the municipal elections are over, speculation is already rife as to who will be appointed to the 1929 civic committees by Mayor S. P. McMordie. There are three new aldermen but, while each has had considerable experience in matters of administration, it is uncertain as to which, if any of them, will be given chairmanships.

It is hardly expected that, with Ald. Collart in for another year and Ald. Brown re-elected, there will be any change in the chairmanships of the finance and utility committees respectively. This leaves the chairmanship of the Board of Works the only one to be filled with a new appointment to succeed Ald. W. J. Greer, who did not seek re-election this year. Ald. Prudhomme and Ald. Rudderham, members of last year's Board of Works, remain on the council but it is not certain that either will be elevated to the chairmanship of the committee. There is the alternative of appointing any one of the aldermen to the post.

The finance committee of last year, as far as membership of the council is concerned, remains intact with the exception of Ald. Tinker. To this committee, it is practically certain that either Ald. Elect. Orme or Dawson, or both, will be appointed. Ald. Collart and Ald. Dibb, members of last year's finance committee, are still on the council.

From the utilities committee of last year, Ald. Linzey is missing through not being re-elected. Ald. Elect. S. D. Macdonald was formerly chairman of the committee.

It is quite possible that, except for the chairmanships of the finance and utilities committees, there may be a general shuffle from last year's appointments. Mayor McMordie will announce the personnel of the committees at the first meeting of the new council next Thursday night.

WELL-KNOWN LADY DIES IN THE EAST

Word has been received here that Mrs. Sarah Schmidt, wife of Professor Schmidt of Toronto, died December 24. The late Mrs. Schmidt was a sister of the late Mrs. F. W. Hart, also a sister of Mrs. Fred Salisbury of Vancouver. She was well-known as Miss Crawford in the boundary country. She is also an aunt of Mr. Crawford of the Crawford Logging Co. at Port Clements.

REMOVAL NOTICE

To enable the owner to carry out extensive alterations in our retail store, we are moving temporarily to the vacant store next to the Capitol Theatre, from Monday morning, January 21 until further notice. Same telephone numbers, 62 and 63. BURNS & CO. LTD.

Left to right: Signora Edda Mussolini, Romano, Bruno and Vittorio, the three sons, Benito Mussolini and his daughter, Edda.

OPENING TO BE NEXT TUESDAY Prince Rupert Waters Are Best Surveyed in whole World for 100 Miles Out, 75 Miles Wide

State Dinner to Be Given at Government House and Reception at Empress Hotel

VICTORIA, Jan. 19.—With the recent change in Government, the opening of the Provincial Legislature on Tuesday, will take on additional interest, with Conservative hostesses coming to the fore in the round of entertaining which follows in its wake.

His Honor the Lieutenant-Governor and Miss Mackenzie will entertain at the usual state dinner following the opening of the House, to which the new cabinet ministers, members of the judiciary, and other officials will be invited. This will be followed at 10 o'clock by a state reception to which the members and their wives, officials, and private citizens from Vancouver and Victoria have been invited. There will be an orchestra in attendance for dancing.

The ceremony at the Parliament Buildings will be followed by an informal reception at the Empress Hotel, when Premier Tolmie and Mrs. Tolmie will be "at home" to the Cabinet ministers and members of the Legislature and their wives, and tea will be served.

In order not to conflict with the Premier's reception, the Victoria Women's Conservative Association have postponed their reception, which was to have taken place following the opening to February 6.

The election resulted in an unusual number being chosen from Vancouver, and as a consequence there will be several newcomers among the women who will attend social functions arranged following the opening of the House.

PRICE OF WHEAT

VANCOUVER, Jan. 19.—Wheat was quoted on the exchange today at \$1.22 1/2.

VANCOUVER, Jan. 19.—Stressing the importance of properly charted waters and coast lines in an address to the foreign trade bureau of the Board of Trade here, H. B. Parizeau of the department of marine and fisheries, hydrographic survey branch, at Victoria, said that Prince Rupert was the most thoroughly surveyed in the whole world for an area of 100 miles out to sea and 75 miles wide.

Mr. Parizeau pointed out that properly charted waters lowered insurance risks and made vessel owners willing to send their ships to a port, thus increasing its trade. The coastline of Canada was longer than any other in the world and British Columbia contributed 10,000 miles of it. It would take a boat 42 days to go around the B. C. coastline travelling 10 miles an hour for 24 hours a day.

MURDER FARM HORRORS SHOWN

RIVERSIDE, Cal., Jan. 19.—Bones of different descriptions, bits of hair, pieces of scalp, cartidges, toe nails and fingernails, were described as having been found on Northcott's ranch by Special Sheriff Lester Graham yesterday. He said the evidence had been screened from the dirt in the ranch chicken house.

MOVER AND SECONDER OF OTTAWA ADDRESS

OTTAWA, Jan. 19.—T. M. Cayley of Oxford South will move the address in reply to the speech from the throne. The seconder will be Charles E. Farland, elected recently in Joliette, Quebec.

FOCH IMPROVING

PARIS, Jan. 19.—Marshal Foch's physicians reported this morning that the patient showed a slight improvement.

ELECTED PIESIDENT

PENTICTON, Jan. 19.—Thomas Abriel of Naskup, was elected president of the B. C. Fruit Growers' Association, yesterday.

LIEUT.-GOVERNOR MANITOBA DIES

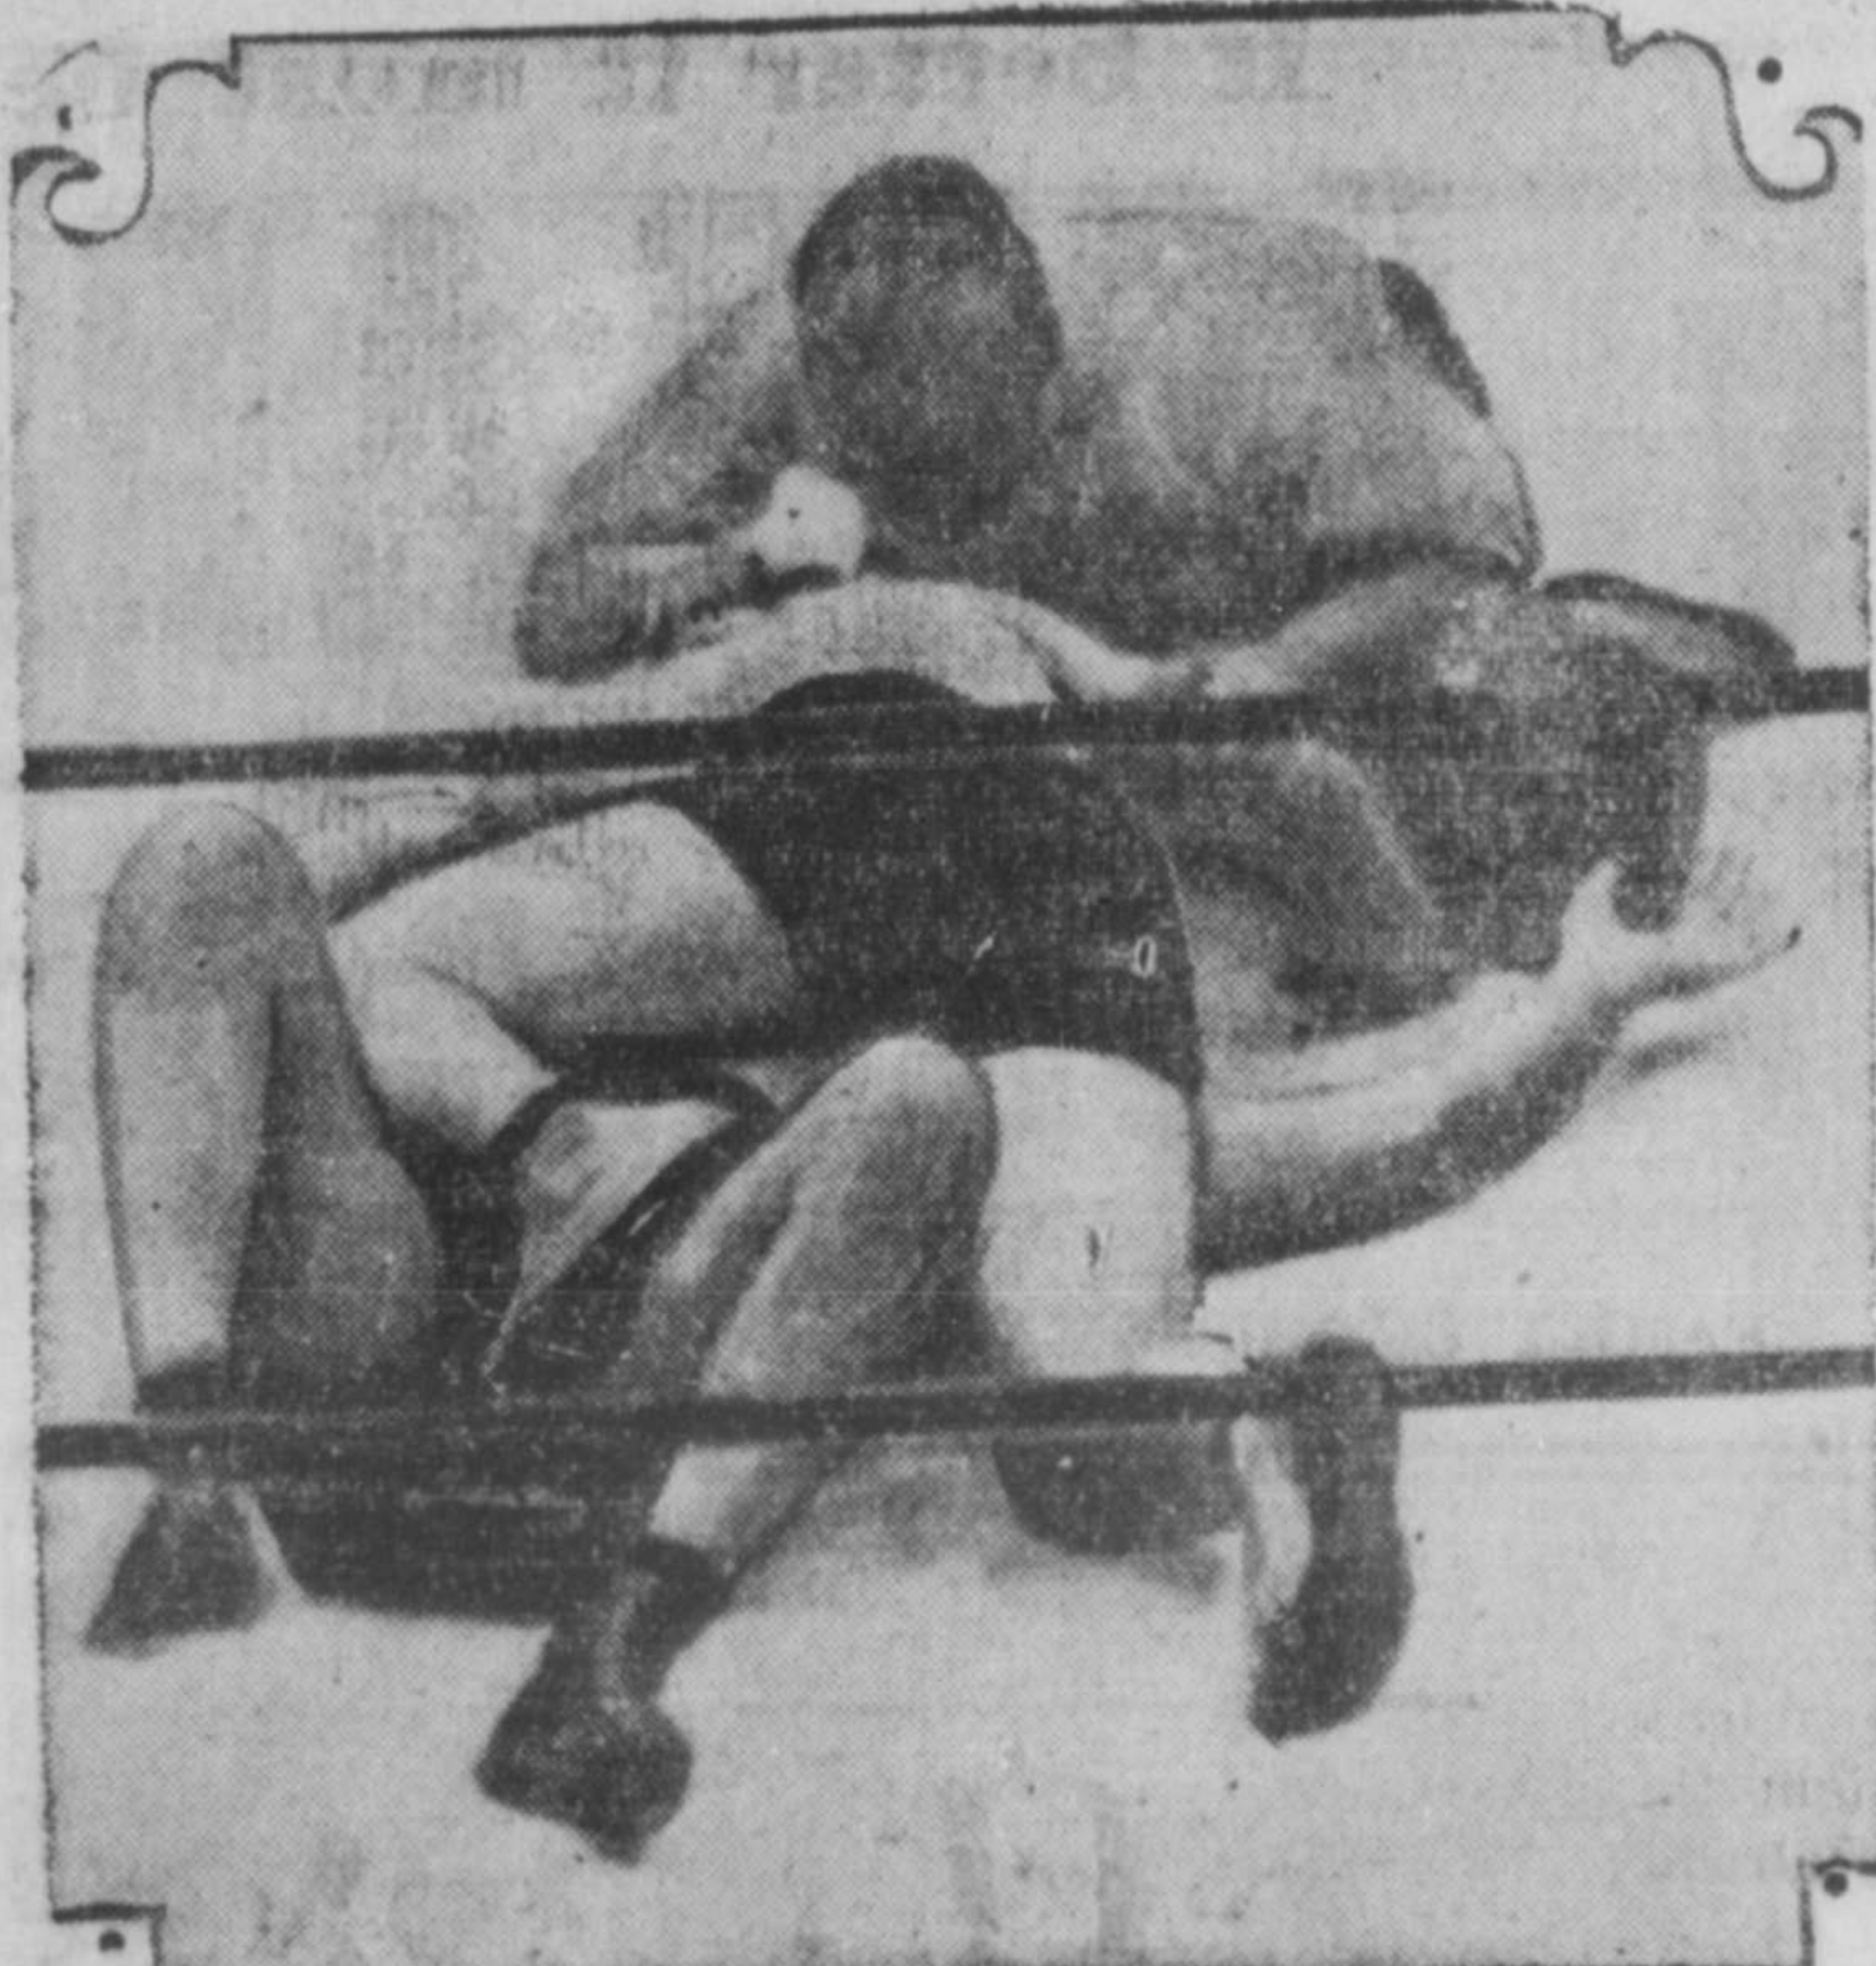

WINNIPEG, Jan. 19.—Hon. Bedore Burrows aged 71, lieutenant governor of Manitoba, died here in hospital last night. He was operated on for appendicitis a week ago and his recovery was anticipated until late last night when he suffered a relapse. He had been sitting up during the afternoon. Mr. Bedore was appointed governor in 1926.

NINE DEATHS FROM TORNADO

EVANSVILLE, Indiana, Jan. 19.—Nine deaths and injuries to thirty persons mostly children was the toll of the tornado which swept through the four middle western states yesterday accompanied by heavy rain storms.

News and Views In The World of Sport

SONNENBURG WINNING WRESTLING BOUT FROM LEWIS

Here is an extraordinary act on photo taken during the heavy-weight wrestling match between "Dynamite Gus" Sonnenburg and "Strangler" Lewis, in Boston. It shows Lewis flat on his shoulder on the mat, with the former Dartmouth football star sprawled on top of him. The latter won the first fall and was conceded a second, thus succeeding to Lewis's title and a diamond-studded belt.

PORT SIMPSON BASKETBALL TEAM BEAT LOCAL ALL-STARS AT EXHIBITION HALL BY SMALL MARGIN IN CLOSE GAME

Port Simpson Y. P. E. A. defeated Prince Rupert All-Stars by a score of 31 to 29 in a fast and nip-and-tuck game last evening in the Exhibition Hall. While many shots were missed, good combination featured the game. The score was even for the last 10 minutes with both sides scoring alternately. Sankey put in the winning basket for Port Simpson only a couple of minutes before time. Sankey opened the scoring for Port Simpson on Howard's foul and Howard scored first for Rupert on Bryant's foul. Prince Rupert was leading by 8 to 2 in the first 10 minutes. The score at half time was 17 to 15 in Prince Rupert's favor. Details of scoring were as follows:

Port Simpson		Prince Rupert	
	Pts. Per		
A. Wesley	3	W. Mitchell	8
R. Sankey	13	George Mitchell	6
R. Brentzen	11	W. Lambie	1
R. Knott	0	S. Gurvich	0
H. Bryant	2	Poli Howard	14
R. Johnston	2	Dr. J. Gosse	0
	31		29

In two Intermediate League matches which completed the program, Big Four won 31 to 11 over T&C H, while C.N.R. beat Naval Reserve 21 to 12. R. B. Skinner refereed all games and was assisted by Lee Dell. Danny Morrison was time keeper. The attendance was rather small.

Short of Breath Smothering Feelings Choking Sensation

Mrs. H. Day, Dartmouth, N.S. writes: "For over a year I was troubled with smothering spells and shortness of breath, and it was impossible for me to walk, even a short distance, because of the choking sensation which followed. After trying many treatments, in vain, I at last decided to try

and in a surprisingly short time they did me much good. Price 50c per box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Advent of "Porky" Levine With Flashy Brand of Hockey Gives Seattle Win Over Vancouver

SEATTLE, Jan. 19.—The league-leading Vancouver team after a long string of victories in a row went down defeat here last night in a Pacific coast hockey game at the hands of the Seattle Eskimos. The score was two to nil.

The Seattle team was strengthened by the acquisition of "Porky" Levine, goal tender, who was recently secured from Detroit and who displayed a flashy brand of hockey that swept the Lions off their feet. This was only the sixth win for the Eskimos in 17 games, but it had so much impressiveness about it that it carried weight. Vancouver played just as good hockey as they ever did, but against a different hockey team.

RUGBY GAMES OLD COUNTRY

TWICKENHAM, England, Jan. 19.—England defeated Wales in the international rugby, 8 to 3. EDINBURGH, Jan. 19.—Scotland defeated France in the international rugby 6 to 3.

Sport Chat

Sharkey is guaranteed the sum of \$100,000 to fight Young Stribling of Atlanta at Miami Beach on February 27. The referee is to be acceptable to both fighters, and Jack Dempsey will make the announcement as to who he is.

Smithers curlers are engaged in an inter-rink bonspiel for a handsome silver cup which has been presented by Olof Hanson. Mild weather has kept the ice surface in a tricky condition but nevertheless, some close and interesting games are being played. There are twelve rinks and the skips are: W. Simpson, Frank H. Johnson, J. P. Downey, George Findlay, Charles Reid, Dr. R. C. Bamford, S. H. Hoskins, J. A. Macdonald, William Doodson, J. A. Finnerty, Robert Elliott and J. G. Stephens.

Tom McArdle, Madison Square Garden matchmaker, has begun negotiations for a return match between Ray Miller, Chicago lightweight, and Baby Face Jimmy McLarnin, the Vancouver slugger who suffered a technical knockout at Miller's hands recently. Last week McLarnin staged a comeback by outpointing Joe Glick of Brooklyn, another leading contender on the same night that Miller knocked out Tommy Geogan of Omaha. McArdle hopes to stage the bout in New York on February 15.

COOL WEATHER IN INTERIOR

Yukon Territory Warm and Cloudy While Northern B.C. Is Cold

The cool clear weather following the snow of a few days ago has spread to the whole interior and coast section of northern B. C. according to the report of the Government Telegraphs this morning. The weather in the Yukon continues warm and cloudy. At no place there is zero weather reported, whereas twenty below was registered this morning at at least one interior point. Following is the report:

- Prince Rupert—Clear, calm; temperature, 28.
- Haysport—Clear, calm, 26.
- Port Simpson—Clear, calm, 18.
- Terrace—Clear, calm, 18.
- Roeswood—Clear, calm, 12.

HOOPSTERS FROM KETCHIKAN HERE

Basketball Series to Be Played Next Month; Re-Opening of League Activities Not Yet Set

The Prince Rupert Basketball Association is in communication with Ketchikan which is desirous of sending a senior men's team here for a series of three games. Ketchikan suggested that the games be played next week, but the local association, fearing cold weather, proposes that they be delayed until February. The series will probably take place about the same time as the northern B. C. championship games are played here. Ketchikan offers similar terms to what Prince Rupert may set for a return series at Ketchikan.

The date for the re-opening of basketball league activities in Prince Rupert has not yet been set. It is likely that there will not be as many teams in the second half of the season as there were in the first. Port Simpson has withdrawn from the Senior League in which it had an easy lead, owing to the fact that the members of the team are unable to obtain work here. Whether or not Kincolith will be back is not definitely known. Withdrawal of these two native teams would leave only two aggregations in the Senior League—Native Sons of Canada and Players' Club. For various reasons, the Drill Team quintette in the Ladies' League is now broken up with only two players left. To provide opposition for the Maple Leafs, an attempt is being made to form a team of older games. The Intermediate and Junior Leagues are still intact.

DEVELOPMENT IN THE WEST

Total Value of New Work Along C. N. R. Lines in Year Was \$27,426,500

WINNIPEG, Jan. 19.—"There is no doubt but that the eastern and American manufacturers are looking to the west as a promising field for future expansion," said Cecil Ewart, commissioner of industries of the Canadian National Railways, western region, in submitting his annual report to William Phillips, manager of the industrial department, Montreal. The total industrial development on the Canadian National lines in western Canada in the past year amounted to \$27,426,500 he said. Of this sum, \$21,827,500 represented new industries, including country elevators, oil, warehouses and coal sheds. Existing industries on the National lines increased their plants to the extent of \$5,527,000 nearly 3000 men were given work in the new development.

The outstanding feature during 1928 was the enormous increase in the values of buildings erected, Mr. Ewart stated. Building permits in Port Arthur and Fort William totalled approximately \$14,000,000, in Winnipeg \$12,500,000, in Saskatoon and Regina \$5,000,000 each, Edmonton \$4,000,000 and Westminster \$21,000,000.

In the three prairie provinces 296 new line elevators were built along the railway, as against 120 in the previous year. The rapid growth of the oil industry was indicated in the locating of 115 new bulk storage plants, as compared with 78 in 1927. One of the new wells at Wainwright was producing 800 barrels a day. Mention was made of the completion of the Manitoba Northern Railway to the Flin Flon mine and of the plans of the mining developments to spend \$50,000,000. The Manitoba paper company had added a new unit to its plant at Pinefalls, increasing its output 40 per cent, the total investment in this plant and the townsite to date is \$11,000,000. Due to the increased industrial activity in Saskatchewan, and to

KETCHIKAN FISHING BOATS CHANGE HANDS

KETCHIKAN, Jan. 19.—From present indications there will be several changes in ownership of boats when the halibut season opens on February 15. However, so far as can be learned at the present time there will not be so many new boats to enter the list as made their maiden trips last year.

Among the recent changes, is the sale of the interest held by Captain Christ Ross and Alfred Howe in the Senator and Marcus Ness and Sig Ness. Marcus Ness is one of the owners of the Foremost and has been engineer on her and Sig Ness was fisherman on the Foremost. Andrew Peterson will take the place of Marcus Ness on the Foremost and the Ness brothers will take out the Senator.

Captain Chris Ross left for the states on the Norco and is said that he will look around to see if he can pick up another boat.

MANUFACTURED VIRGIN BLUSH ON FACE OF A PICTURE IS CREAM

MONTREAL, Jan. 19.—The creation of a virgin blush was accomplished at McGill University one night recently by Dr. W. B. Hatcher of the chemistry department. A picture of a very pretty, cheeked Laura LaPlante placed a bell jar, suddenly was filled with color by some peculiar method known to chemistry, and the hue was identical with the which springs into the face following one of life's embarrassing moments.

Blossoms of a paper plant sprayed with an unknown substance and turned into yellow, pink or purple as the whim of the alchemist seemed to dictate, white liquid almost instantaneously became black as night; the liquids, appearing like water, were poured together and suddenly burst into flame.

DUSTY MILLER IS MATCHED TO MEET YOUNG P. JACKSON

VICTORIA, Jan. 19.—Boy scout, matchmaker of the Central Boxing Club, announced this morning that he has matched Dusty Miller, colored light-heavyweight with Young Peter Jackson of Los Angeles, the bout to take place at the Tillicum gymnasium on Saturday, January 26.

WHERE DOES LIFE BEGIN?
A TABLE for YOU & ME

There were two children, healthy and strong, who were climbing the ladder of learning—learning that life holds forth a promise to faithful students, rewarding them with opportunities and sometimes fame. Now these two children dreamed dreams and made wishes as they saw the end of schooldays and looked into the years ahead. Their country was prosperous, because the products of the land and factory were the first choice of all the people. All the land and its industries prospered and abounded with opportunities for the children of the people. Each child began the battle of life with the occupation of his choice, and few there were who failed in after years.

There's a moral to this story

The children of today are the nation of tomorrow. Every dollar you spend for a B.C. Product helps certify the industrial progress and prosperity of British Columbia. Your dollar spent for B.C. Products helps provide opportunities and careers for your children in the industries of British Columbia. After all, that is where "life" begins.

This is the fourth advertisement of a series authorized by the B.C. Products Bureau of the Vancouver Board of Trade in the interests of the manufacturers of British Columbia.

LEIF ERIKSON NEW OFFICERS
Karl Dybhavn Elected President Last Night on Retirement of Jack Selvig
The annual meeting and election of officers of the Lief Erikson Society took place last night in the Metropole Hall, about sixty members being in attendance.
Last year's president, Jack Selvig, thanked those who would have liked to have seen him remain president this year but stated that he had decided not to take the office owing to his health not having been good recently. He asked that the members give their support to the candidates who might later be nominated to succeed him.
The election of officers for 1929 then resulted as follows:
President, Karl Dybhavn.
Vice-president, I. Fenness.
Secretary, John Thorstensen.
Treasurer, O. A. Bruskeland.
Executive, Mrs. T. Strand.
Alternates
For vice-president, Gunnar Selvig.
For secretary, Mrs. J. Moen.
For treasurer, E. Stockland.
For executive, Mrs. C. Lindseth, Guards, E. Stockland and Nels Gundersen.
Auditors, Gunnar Selvig and Jens Moen.
To the program committee, Mrs. Karl Dybhavn, Mrs. John Johansen, Jens Moen and Nils Jensen were appointed.
Various reports covering activities during 1928 were presented.
After the business session, refreshments were served and dancing and music followed.

Hill 60 Chapter I.O.D.E. will hold a tea and sale of home-cooking in the Prince Rupert Hotel Dining Room on Saturday, January 19 from 3 to 5.30 p.m. 14

PREPARING THE GARDEN

This is the season of the year to commence preparing for a garden. Many who saw what their neighbors were doing last year have made up their minds to emulate them this coming spring and see if they too cannot have a lawn or a flower garden on their lots.

While gardening the musk is not quite an easy matter, it is not so difficult as to prevent anyone having a garden. Flowers of the hardier varieties grow well and vegetables are a good crop, once the soil is sweetened. The first thing is to turn it up to the air and light and drain it. The rest comes easy.

When the weather is right in January or February is the best time to dig, but good gardens have been obtained by later cultivation.

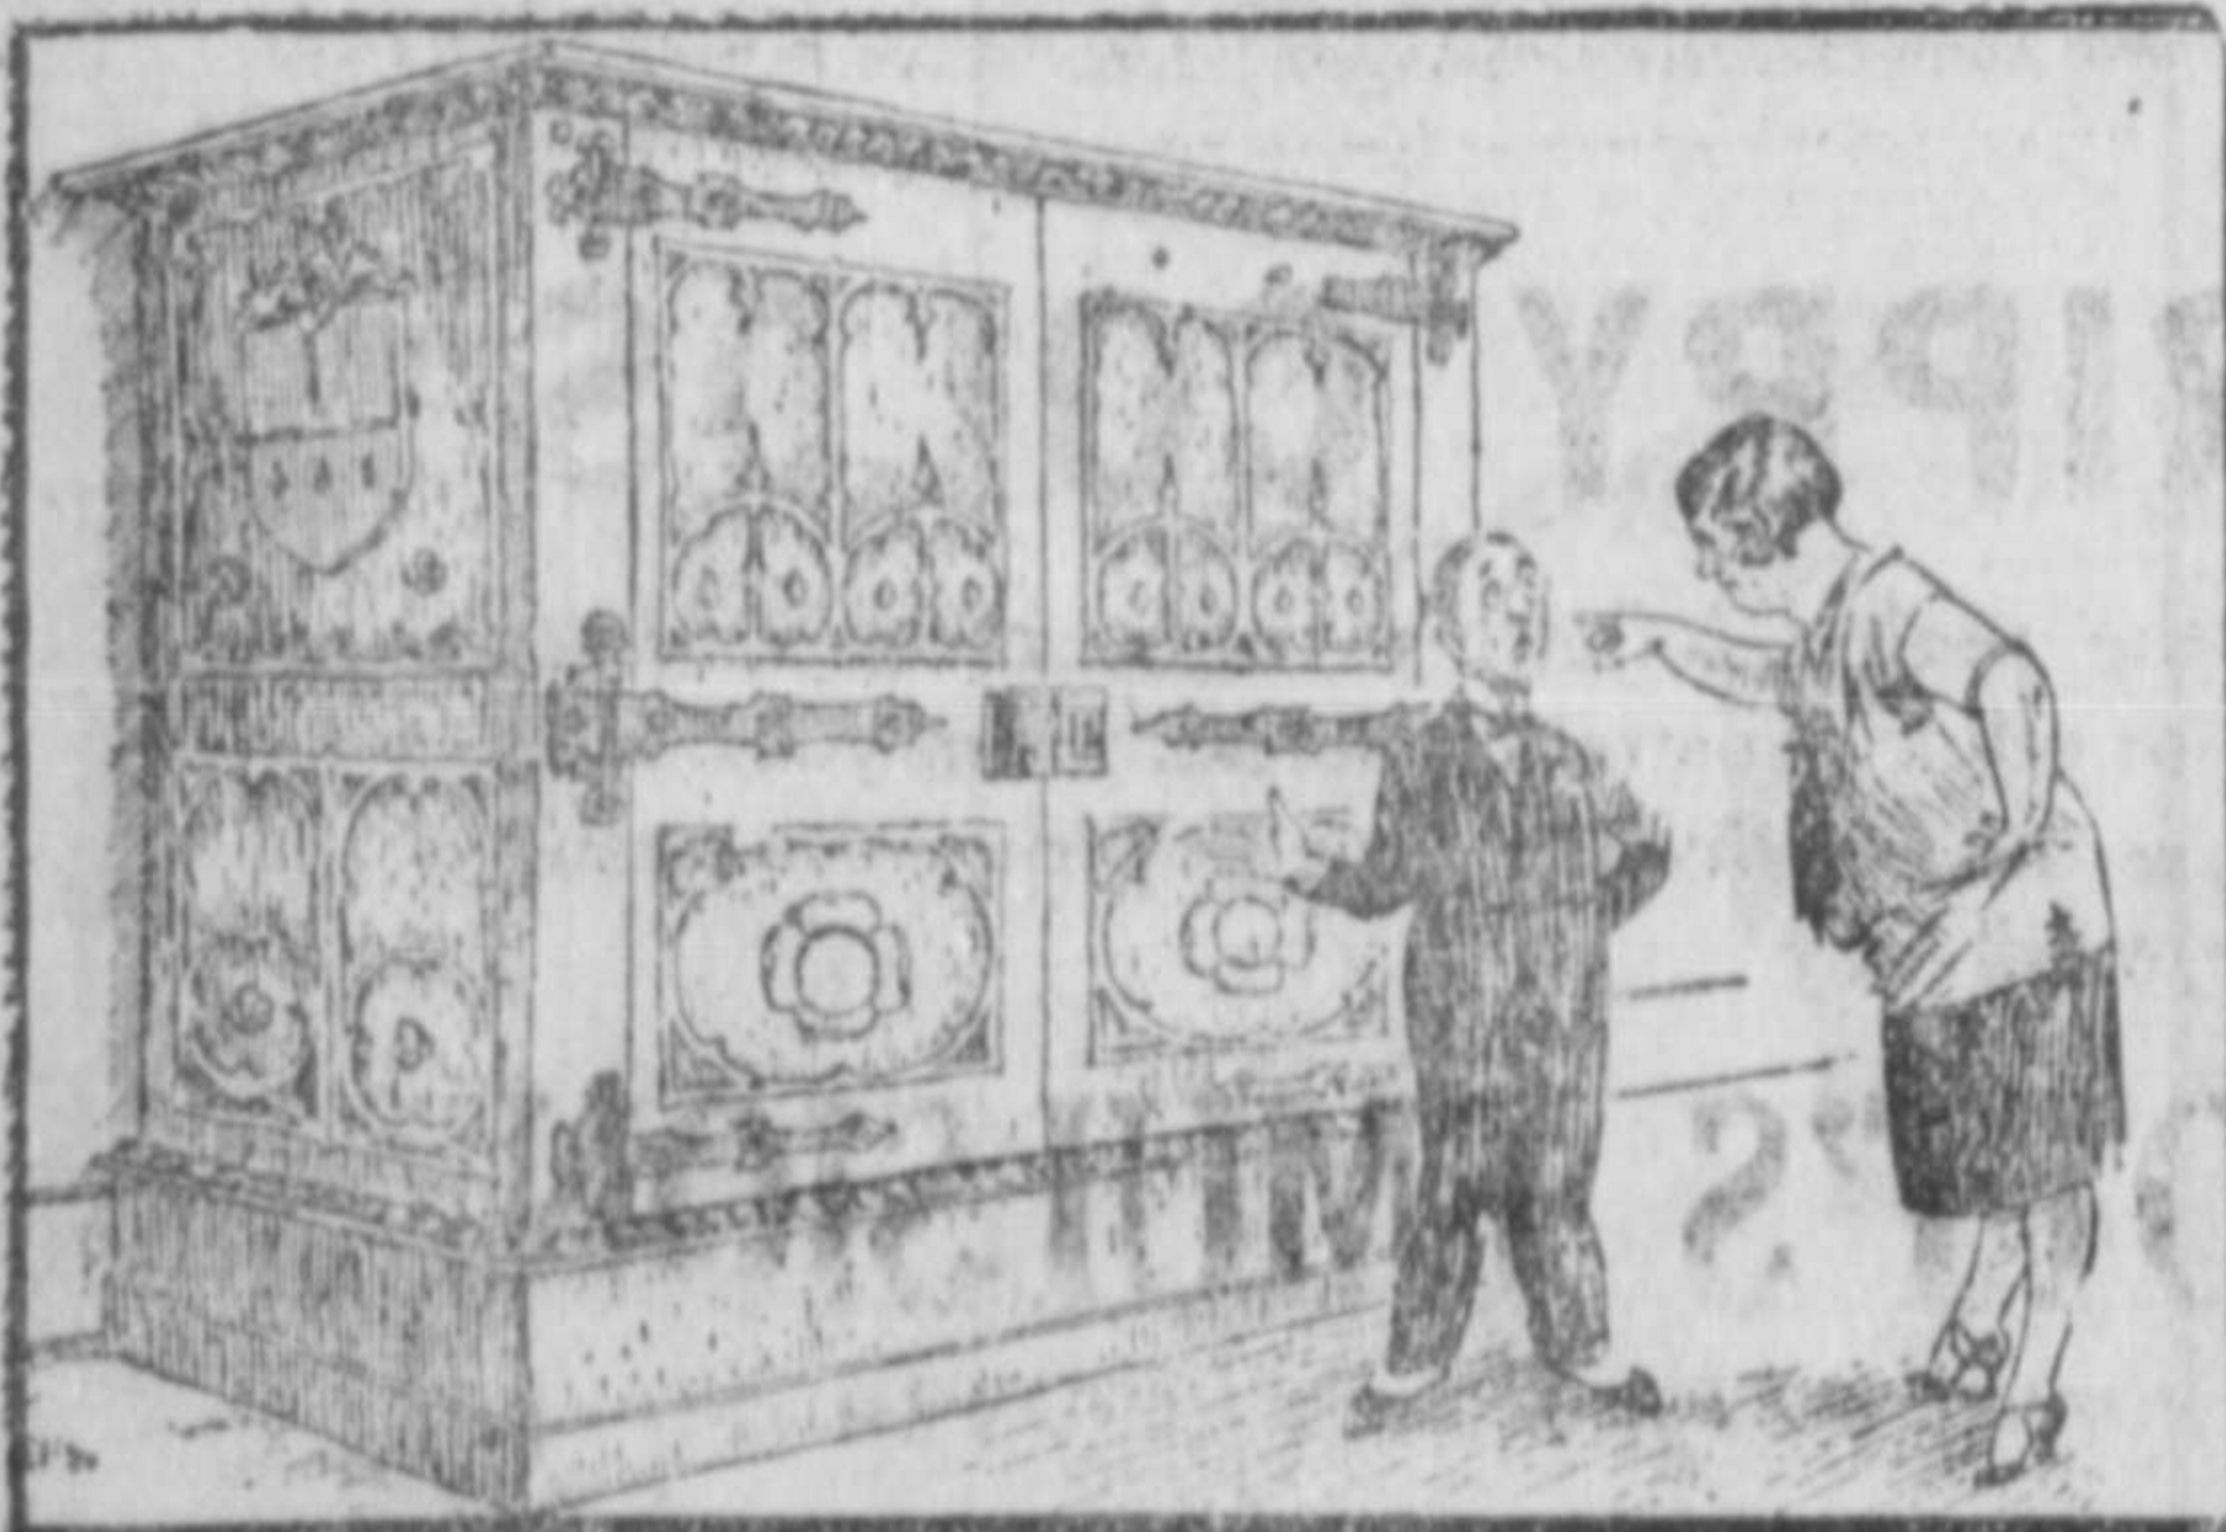

AFGHAN SITUATION

While Great Britain may not be taking any active steps in connection with the Afghan rebellion, it is plain to everyone that the Empire is vitally interested in the situation because Afghanistan is a close neighbor to India and controls the passes through the mountains. This gives a great opportunity for propaganda or even for military advantage and the government of India would find the situation difficult with a hostile neighbor, even sufficiently hostile to poison the minds of the people of India against the government.

The Indians and Afghans are not like the people with whom Canadians ordinarily have to deal. They are of a different race with different religion and ideals. They are influenced in a different manner from those of the white race. The situation cannot be judged according to similar conditions in Canada or the United States. The people connected with the government of India know this and act accordingly.

CONSOLIDATED MOVE

The report that the Consolidated Mining & Smelting Company plans to open an assay office in Prince Rupert and has already appointed a man to take charge of it is one of the best bits of news we have yet been able to publish. It is still another indication of the change in the local situation and the desire of some of the big interests to make use of the advantages which exist here. With an assay office here many mining men will come and bring their samples for testing. There are already men engaged in handling mining stocks here. The next step will be to establish a mining bureau and have it as complete as possible.

What on earth did you want to buy a great massive cupboard like that for?"

"But my dear, it's a genuine antique. They don't make things like that nowadays. Why, an old crusader used to lock his wife up in that before he went off to the wars." —The Humorist.

Fashion Fancies

As for furs. As a general rule only the very flat furs are used for coats this year. Soft, supple pelts, looking almost like a fine silk paper, are used, and these are sometimes collared and cuffed with long-haired fur, such as fox, and other are used alone. Fox, however, trims this coat of brown caracul—fox in a new tan shade. Notice its collar. The off-the-collar trim is a feature of the new mode.

What To Do About the Uneven Hemline on Your Evening Frock

Here it is! The solution to that baffling query: "What type of evening coat shall I get for that dress with all the floating draperies?"

The soft metal brocade evening wrap pictured here has a long fishtail back that adequately covers any long dress panels. It is collared luxuriously in yellow fox and velvet and boasts a graceful, slenderizing line.

REALLY GREAT PICTURE

Editor, Daily News:—
I am informed one of our city's moving picture houses is presenting here next week the famous picture "The King of Kings." It was my privilege to see this great picture last September in Massey Hall, Toronto, where it drew capacity audiences in that three thousand seated building for several weeks. I hesitated to go to see this picture as I was fearful that there would be something of irreverence about it. But I was soon put at ease. It created a profoundly reverent impression and was most favorably commented upon by its many patrons. One would only suggest to the management of the house presenting "The King of Kings" that it be not accompanied by a comedy or any picture out of accord with the great leading feature and that the music be in accord with the theme.

I feel that I should write the foregoing because the management of our picture houses should feel they have the sentiment of the city behind them when they present a really great and uplifting picture.

Yours truly,
G. A. RIX.

WISE CHOICE SAYS GLOBE

(Toronto Globe)
The appointment of Hon. J. D. MacLean, former Prime Minister of British Columbia, as chief executive officer of the new Canadian Farm Loan Board is an excellent one. Mr. MacLean was for eleven years a member of the British Columbia Government, and for four years Minister of Finance at Victoria. He is well fitted by training and temperament to direct the system of long term mortgage credit for farmers possessing valuable contacts with several of the Provinces

with which he must co-operate. Loans will be available to farmers at easy interest rates for the purchase of machinery, implements, live stock, seed, drains, fencing and farm buildings, and it is interesting to note that five of the nine provinces are co-operating with the Dominion Government in this new scheme. Hon. James Robb is to be commended for his choice of Dr. MacLean and for the inauguration of a policy which will undoubtedly result in the expansion of Canadian agriculture, our greatest industry.

SUCCESSFUL CARD PARTY AND DANCE

Sixty Couples Present at Catholic Women's League Function Last Night

A successful card party and dance was held last night in the Catholic Hall by the Catholic Women's League, about 60 couples being in attendance.

Winners at cards were: Bridge—Ladies' first, Mrs.

Hill Tout; second, Miss Irene Bourassa; men's first, H. Armstrong; second, L. Richardson.

Whist—Ladies' first, Mrs. C. C. McDonald; second, Mrs. F. A. Lewis; men's first, P. S. Cork on cut with D. H. McDonald; second, Angus Gillies.

Mrs. Frank Doiron was the winner in the raffle of a baby set with ticket No. 26.

After cards, refreshments were served and dancing followed. Harry Astoria was master of ceremonies and music was by Dave Eastman's Orchestra.

Mrs. J. J. Gillis was convener of the event and other members of the committee were Mrs. Wilfrid Gratton, Miss Nicole De Marco, Miss Mary Astori, Mrs. Gillis Couture and Mrs. N. De Marco. Mrs. J. L. Blain was cashier.

MONOLOGUE

"Does your wife let you have the last word in an argument?" "There is never any question on that point," answered Mr. Meekton. "When Henrietta talks there is no argument."—Washington Star.

Sun Life Policyholders To Receive Special Bonus

In Addition To Regular Dividends in 1929 of approximately \$17,500,000

SUN LIFE ASSURANCE COMPANY OF CANADA

MONTREAL January 8, 1929.

To Our Policyholders?

We have just completed another wonderful year, with profit earnings never before equalled. Our Directors have therefore inaugurated the principle of allowing a Special Bonus on maturing participating policies. The basis for 1929 may be summarized as follows:

On policies ten years in force, maturing by death or (on 'reserve dividend' policies) by the expiry of the reserve dividend period, a bonus of 10 per cent of the reserve, increasing yearly to 15 per cent on policies in force twenty years or longer; on endowments, at maturity, a bonus of 10 per cent of the face value of policies ten years in force, increasing yearly to 15 per cent on policies in force twenty years or longer.

Details will be given in the forthcoming annual report.

This special bonus is in addition to, and independent of, the usual annual profit distribution, the scale for which, for the ninth consecutive year, will again be increased.

We congratulate our members on this happy announcement.

It has been made possible only by the large profits earned on the securities selected for the investment of the Company's funds.

As ninety-five per cent of all surplus earned by the participating assurances accrues to our policyholders themselves, they enjoy practical mutuality, combined with the enterprise and stability of stock management. The effect of this combination is evidenced by the results.

Amacaulay

President.

AROUND PRINCE RUPERT

Iskut-Stikine Is Rich Mineral District; High Grade Galena at Owen Lake; Plenty of Ore at Silver Cup

The prospective importance of the Iskut-Stikine country from a mining point of view is evident, declares E. A. Haggen, editor of the Mining & Industrial Record, in a lengthy review of the possibilities of that district from his pen which has just been published. He mentions how Dr. A. F. Buddington of the department of geology of Princeton University, a world authority on economic geology, who has been spending the past several summers in that

region, describes it as "the largest mineralized area tributary to the Pacific Coast of North America." These observations, it is pointed out, are apparently confirmed by Dr. F. A. Kerr of the Geological Survey of Canada. As a route as any for prospecting to go into this country could be provided, Mr. Haggen says, from the Bear River trail up the Nas River and along the west bank to the headwaters of the Iskut. All other routes are from the Alaska side. In the event of the Canadian Northeastern Railway being constructed up the Nas it might be possible to connect it with the Iskut, thus providing that country with transportation from a Canadian port all the year around. The route up the Stikine River is also mentioned and gold deposits of that district are reviewed. There are also other minerals including native silver and a number of shipments have already been made. "The most authentic information available concerning this new and comparatively unknown portion of the province indicates that in the Iskut-Stikine area British Columbia has the richest mineral empire tributary to the Pacific Coast of the continent. Its exploration and development may be expected to add immensely to the wealth of the province, besides affording an immense field for the employment of capital and labor. The opening of the roads and trails necessary to make the country accessible does not involve heavy expenditures. The country appears to offer opportunities like those to repay the outlay and to add to the prosperity of the community as a whole."

So much ore has been encountered in the Silver Cup mine at New Hazelton during the past few weeks that the company has had to cease further mining until the completion of the mill which should be finished very soon now. Drifting in No. 4 tunnel encountered three feet of high grade galena, showing big silver values. Owing to the peculiar shape of the hill on which the Silver Cup is located, there is no room for a large ore dump conveniently placed at this time so it is necessary to wait until the mill uses up part of the ore now ready for milling. The Silver Cup contains plenty of high grade ore and already enough milling ore has been blocked out to keep the mill going for three years. Last spring ten carloads of ore were shipped to Trail smelter and it averaged over \$50 a ton so there are expectations of large profits from the mill. Numerous parallel veins showing on the property have not yet been explored but, if they show up only half as rich as the view exposed in No. 4 tunnel, the Silver Cup should be a rich producer. As soon as the mill starts using the ore already on hand, miners will be put back to work. It is fully expected that the mill will be in operation by the end of this month.

Frank H. Taylor has recently brought into Smithers some fine looking specimens of galena ore from a shaft sunk on one of the main veins of the Diamond Belle group of J. P. Cole at Owen Lake which is now under option

to Taylor who is developing in a big way there. In this shaft a start was made on the surface with decomposed iron caping with zinc and a slight galena. Now it is down ten feet with a width of six feet of clean, high grade galena. In his development, Taylor completed survey of forty-four claims on both the Silver Queen and Diamond Belle groups. In addition, he has taken options on eighteen more claims in the Owen Lake area, practically completing possession of all claims of any importance in that section.

HUNGARY'S KING

The Archduke Otto (above), whom the Legitimist party in Budapest contends is already King of Hungary under an ancient hereditary statute. He is living with his mother, the former Empress Zita, in the tiny fishing village of Legueito, Spain.

MONKS WILL QUARRY ROCK NOVA SCOTIA

Curious Life of Cistercians Who Work in Silence And Are Vegetarians

CUMBERLAND, R. I., Jan. 19.—Although their order is known throughout the world for its skill in agriculture, that branch of the old French colony of Cistercian monks at Tracadie, on the northern shores of Nova Scotia which located in Cumberland many years ago, may desert the soil to develop the extensive granite deposits located on their property here.

After years of patient toil among the thickets of a sparsely settled section of the state, a quarter-century old dream has been realized. The monks have just completed a new chapel, constructed chiefly of the blue-granite hewn from the quarry on the grounds of the Monastery of Our Lady of the Valley. The monks preserved absolute silence as they labored side by side. The chapel contains 14 altars reflecting the mystery and dignity of medieval cathedrals and it is the first and only of its kind in New England. There are three other branches of the order in the United States and three branches in Canada.

The original tract of land was purchased by the bishop of Providence late in the 18 century for church purposes, but was purchased by the prior from Nova Scotia on March 1, 1900. It now consists of 450 acres of land which when first acquired was not considered worth tilling. Today it is free of rocks, excepting the quarry, and brings forth good crops. While the members are by regulation strict vegetarians, additional farm products and dairy products bring in a weekly income.

Their mode of life is strange to the layman. There are three vows—poverty, chastity and obedience. Their habits are of rough course cloth, bound by wide leather straps or wooden girdles.

Two hours after midnight their daily routine begins with the sound of a bell for matins. Arising from their narrow beds of plain boards and straw mattresses and pillows, they assemble in chapel. After an hour's devotion the laymen take up their daily task. The remainder of the day is divided into various periods of labor, devotion and study and at 8 p.m. they return to their hard couches. They are bound to perpetual silence except at their devotions.

In all parts of the world the order has been known for its skill in agriculture and the tilling of the soil has become an unwritten law. The local order, while very successful in this endeavor has had the additional good fortune to discover on its property a valuable deposit of high grade granite. The extent of the deposit is not yet known, but the monks are convinced that the apparently unproductive hill and pasture lands will turn out to be their "acre of diamonds." So instead of adhering to their

reputation for making the desert bloom, they have intimated that the chief industry in the future will be the quarrying of granite.

CONSCIENCE MONEY IS TURNED IN TO HEADS OF RAILWAY

MONCTON, N.B., Jan. 17.—"Conscience money" to the extent of \$1360.28 has been received by the treasurer of the Atlantic region of the Canadian National Railways, the largest single contribution of such character ever recorded by that official.

"Conscience money" was written on the outside of the envelope which was addressed to the comptroller's office, but there was no explanation offered as to the reason for restitution of such a large amount. B. A. Bourgeois, treasurer, with nearly 40 years' experience, and A. E. Plant, comptroller, declared that while three or four sums are received each year for conscience money, these items rarely exceed \$20. They once rose to \$60, but the present contribution has completely established a new record for re-payments.

California ad: "Cook wanted, capable of taking care of sorority house, cafeteria or chicken coop."

MRS. RICKARD AND SORROWING FRIENDS

This photo, telephoned from Miami Beach, Florida, shows, left to right: Walter Fields, close friend of the Rickards; Mrs. Rickard, widow of the famous sports promoter, and Jack Dempsey, former heavyweight champion, as they appeared enroute to the simple services which were held prior to the start north. The widow, dressed in deep mourning, collapsed and had to be supported into the church by Fields and Dempsey.

Waterfront Whiffs

Boat for Local Freight Service Needed Now; Waterfront Active in Preparation for Opening of Halibut Season; Morris H. Changes Hands

The establishment here of an office by the B. C. Packers with a view to purchasing by the company of a greater amount of cannery supplies in the city than has been done in the past brings to the fore again the necessity of a suitable boat being provided to ply between Prince Rupert and points on this part of the coast in the freight and passenger trade. Full advantage, as a matter of fact, cannot be taken of this new business opportunity unless this requirement is filled. A number of local business people have expressed their willingness to become interested in the matter, financially and otherwise, and, no doubt, some one will be found to proceed with the organization of a company to provide the service. Besides that of the B. C. Packers, the provision of such a boat would, no doubt, bring further business to the city from other canneries and the logging and mining industries, etc.

As far as the business offered by the B. C. Packers, in the immediate future at least, from its canneries on the Skeena and Naas Rivers and elsewhere adjacent to the city is concerned, a boat of upwards of 30 tons carrying capacity would meet the situation nicely, though it would probably be inadvisable that the boat should be limited to so small a capacity. It would be necessary to equip the boat with two derricks so as to make convenient the unloading of freight at cannery docks. The suggestion is also made that some kind of accommodation should also be provided for the carrying of passengers. It is estimated that it would not cost more than \$30,000 or \$35,000 to build new such a boat as is required. There are also the alternatives of obtaining a suitable vessel by purchase or charter. In any case, the time seems to have come when the port should be provided with such a boat, so as full advantage can be taken of the business that is being offered the city.

Differences Settled

Differences which it was believed would lead to a dissolution of the partnership of Albert and McCaffery, a well-known local waterfront business, have now been satisfactorily settled. Misak Aivazoff has decided not to proceed with the forming of a new company as he had planned.

Freighter Salvor, Capt. W. W. Rash, is due tomorrow from Vancouver to Albert & McCaffery with a full cargo of coal and cement.

Experts of the Canadian Fairbanks-Morse Co. have been in the city for the past week or so overhauling diesel engines on a number of local fishing vessels, some of which have been making trial runs in the harbor during the past few days. The boats receiving attention have included the halibut vessels Melville and Covenant, the fish packer Taplow II, and the Rupert Marine Products P. R. T.

Miss Ruth Gillies has been appointed stenographer at the Prince Rupert Fisheries Experimental Station in succession to Miss Ina Wood, who is leaving next week for Saskatchewan, where she will be married. Miss Wood, who has been at the biological station since it opened, is receiving best wishes for the future from her many friends.

So as to improve lighting conditions, the chemical and biological laboratories of the Prince Rupert Fisheries Experimental Station are being painted white throughout. Fred Scadden has been engaged in carrying out the work this week.

Alex (Doc) Clapperton of the government wharf staff is rusticated at Prince George for a couple of weeks, having left for the interior town at the end of last week. Doc should be an authority on something else besides football, baseball, cricket, boxing and all the other local sports when he returns, for he said before he left that he was going to take in all the hockey and curling games unless he gets frozen out and has to come home. His many friends will hope that Doc has a real good holiday.

U. Suga, well-known local Japanese boat builder, is expected to return to the city early next month from a trip to Japan, where he attended the recent coronation of the new emperor.

With the reopening of the halibut fishing now less than a month off, business along the waterfront has been livening up in great style during the past week or so. Machine shops report having all the work they can handle and the other service plants are also busy. Very soon the ship chandling establishments will be getting their turn in outfitting the boats before the initial trips to the high spots. The first boats will leave for the grounds about February 10, it is expected.

Another well-known Prince Rupert halibut boat, the Morris H., has changed hands, Capt. John Hansen being the vendor and Capt. Carl Giske, the purchaser. Giske has fished out of Prince Rupert for several years and last season was on the American boat Eureka. The Morris H. is about 10 years old and was formerly known as the Fisher. She was first operated under American registry and was built in Seattle. She is 48 feet long and is equipped with a 30 h. p. Corliss engine.

The Prince Rupert halibut boat Kaien, Capt. Tom Hansen, has been undergoing repairs at the dry dock to damage done when she was stranded in North Island Harbor while returning from her final fishing trip last fall. The keel shoe was broken off its entire length and the hull was also damaged.

The halibut boat Takla is at the dry dock awaiting the arrival of a new tailshaft and wheel following an accident when the vessel made a trip to Anyox recently. The tailshaft parted and the wheel broke off and the Takla had to be towed back to Prince Rupert.

Flanking of the new 50-foot halibut boat which is being built by Y. Suehiro, Prince Rupert Japanese boat builder, for Capt. Jud Thurlow, was completed yesterday and the launching will take place next Friday. The vessel will be completed about the time the halibut fishing season reopens.

Among the Prince Rupert halibut boats that have been undergoing engine overhaul in anticipation of the re-opening of the fishing season have been the Pair of Jacks, Capt. Pete Leland, and Balsac, Capt. John Orvik, both of which were handled by the Star Welding.

Harry Stiles, moving spirit of the Star Welding, had a rather novel job on hand this week when he took down and overhauled the 1000-pound three-foot bell of the Catholic Church. New bearings were put in.

Next Friday K. Tsumura, Cow Bay boat builder, will launch the 38-foot combination halibut and seineboat which he has had under construction for the past several weeks. The vessel will be fully completed, except for installation of its engine, before it takes to the water. It is being offered for sale.

DENTIST

The "beauty diet" that made her ugly

SHE was one girl who was going to stay attractive—so she watched her "beauty diet." But, all the time, she was missing something every diet should have. In the dishes she so carefully selected there was scarcely any roughage. Constipation gained a foothold. Soon, her charm, her strength—the very youth she thought to protect—were paying the price!

Thousands of women and men are paying the price of soft, fibreless meals. Many are dieting—and yet they defeat their own purposes because constipation continues to poison the system. No other evil is more widespread. It may start with aching heads and blemished cheeks. It often ends with serious trouble and disease.

And more's the pity when it can be so easily prevented by means of a simple cereal. So quickly relieved. Kellogg's ALL-BRAN is guaranteed to bring sure relief... safe prevention!

ALL-BRAN is 100% effective
 ALL-BRAN is practically all roughage, or

Kellogg's ALL-BRAN

bulk. This bulk carries moisture throughout the digestive tract. Gently distending the intestines, sweeping out poisonous wastes. Part-bran products seldom contain enough bulk to be completely effective. Doctors recommend ALL-BRAN. It is 100% bran. It accomplishes results part-bran products cannot hope to equal. Kellogg's ALL-BRAN is infinitely better than habit-forming pills and laxatives.

A naturally healthful cereal! To enjoy with milk or cream. Delicious with fruits or honey added.

Use it in cooking too. Recipes on package. Mix it with hot cereals. Sprinkle it into soups. Just eat two tablespoonfuls in some form daily—chronic cases, with every meal. Its regular use will protect your family from the dangers of constipation.

Insist on genuine Kellogg's, the original ALL-BRAN. Sold by all grocers. Served at hotels, restaurants, cafeterias. On diets. Made by Kellogg in London, Ontario.

Guaranteed!
 Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

NEWS OF NORTHERN B.C.

NFW HAZELTON

Owing to prevalence of influenza, the medical health officer has closed the school at Hazelton and all public gatherings are being called off for a couple of weeks.

Jack Salt was a business visitor in Prince Rupert the early part of this week.

A. D. Darlington, formerly of Hazelton, has been elected president of the Disabled Veterans' Branch of the Canadian Legion in Vancouver.

Andrew Falk of Vanarsdol, aged 77, passed away on Tuesday in the Hazelton Hospital where he had been a patient for about a week.

The Felix Bridge Club of Hazelton met this week at the home of Mrs. Walton Sharpe.

Dr. H. C. Wrinch left on Wednesday night for Vancouver where he will attend the meeting of the British Columbia Liberal Association.

The heaviest snowfall of the winter was experienced here this week. It will greatly facilitate the hauling of poles and ties.

Rev. Arthur Barner, superintendent of Indian Schools for the United Church, was a visitor here last week and was the guest of Rev. T. H. Wright at Hazelton.

SMITHERS

Mr. and Mrs. H. Hanson of Forestdale were business visitors in Smithers during the week.

Patronage at the Smithers skating rink is heavy this season in spite of the fact that mild weather on several occasions has caused it to be closed.

Dave Heenan, who has important mining holdings in the Topley section, was a business visitor in town during the week.

Flu of a mild type has been quite prevalent in Smithers of late owing to the unseasonably mild weather.

H. N. Monk has resigned as accountant for the Topley-Richfield Mining Co. to take a similar position with the Owen Lake Mining Co. He has been succeed-

ed at the Topley-Richfield by E. J. Marshall.

The monthly bridge and whist party of the Catholic Women's League was held on Tuesday night. Prize winners at bridge were Mrs. J. R. McIntyre, Mrs. J. H. Rife, L. S. McGill and George Orchard while whist prizes were taken by Mrs. I. A. Bahler, Mrs. Charles Morris, Miss McKenzie and Mrs. W. Grant.

Local hockey players have been holding regular practices but no effort has yet been made toward organizing a team. Vanderhoof has suggested a home and home series of games with Smithers.

Mrs. J. Paulis, wife of the section foreman at Cedarvale, underwent an operation in the local hospital recently and will have to have another performed.

PRINCE GEORGE

J. W. Miers of the provincial department of public works is making a reconnaissance survey of the thirty-mile extension of the provincial highway from Alexa Lake to Longworth. It is expected that tenders will be called in the spring for the building of the road.

The annual meeting of the Women's Hospital Auxiliary was held yesterday afternoon at the home of Mrs. A. P. Andersen.

A successful carnival was held at the local skating rink last night. There were prizes for costumes and the usual races were held.

John A. Fraser, M. P. for Cariboo, has received word of the death of his 94-year old father in Shakespeare, Ont.

James McLane of the local tourist camp is facing a charge of permitting the sale of liquor on his premises.

Weather has been getting colder here during the past few days and, after an unprecedented mild spell, it is beginning to feel more like winter.

All candidates for municipal office here this year were returned by acclamation. Mayor Patterson was re-elected as well as Aldermen Alex Moffatt, Edward Opie and T. A. Griffiths. Wm. Bexon, J. B. Lambert and F. C. Saunders were returned as school trustees.

The home and contents of Mrs. DuBois of Shelley totally destroyed by fire on Tuesday night.

Leslie Friebance left this morning for Coronation, Alta., where he will reside in future.

Angus Joseph McDonald, lumberjack of Longworth, made his debut before the boxing fans.

D. G. MACKENZIE of Brandon formerly a member of the Tariff Board and minister of natural resources in the Manitoba cabinet.

Man in the Moon

Jake says he once underwent an operation. He says it was a criminal operation because it cost \$500 and that was a crime. He plans to pay the bill in the next world.

These are the days when we feel a great and abiding affection for the person who closes the door when he goes out.

A hick town is the one where the police send the prominent citizen home in a taxi when an ordinary drunk would be arrested and charged with several minor crimes.

I think it was Elbert Hubbard who said "Never explain; your friends don't need it and your enemies won't believe it."

This is a great and wonderful world when your particular mining stock goes jumping and you have luck enough to sell out the day before it begins to decline.

I like this weather. I like jumping out of bed gay as a lark in the morning and dashing around the house in my bedroom slippers lighting the fire, I like dancing on the carpet while the room is warming up, slipping out for a bucket of coal which I forgot to get overnight, kicking the cat that slips in past me. And then I like hearing the rest of the family grumble in the next room because I make so much noise getting the house warmed up. Yes, I "just love" these keen mornings when there is a tang in the air. It is so exhilarating.

Ten Years Ago in Prince Rupert

January 19, 1919

Lieut. Col. C. W. Peck V. C. has acknowledged congratulations which were forwarded to him by the local Great War Veterans on his being decorated with the Victoria Cross.

Dr. Stansfield of McGill University recommends the establishment of a steel smelter on the British Columbia coast.

Mr. Justice Murphy issued an order in Supreme Court today authorizing the sale of the holdings of Alphonse Thorsch for taxes.

will be shown at the Westholme next Monday, Tuesday and Wednesday. Sixteen stars of first brilliance in the cast, five thousand characters, backgrounds of majestic beauty and pageantry and the most soul-stirring story of all time. In sheer drama and pictorial magnificence, "The King of Kings" will hold you spellbound.

This mighty De Mille epic was one year in the making. It required the services of a veritable army of writers, technicians and craftsmen. No production has ever been made that compares with it.

The entire family should see "The King of Kings." It provides gripping entertainment for all ages, all creeds, all classes. The experience of seeing this immortal, emotional drama will leave a cherished memory.

SCHOOL TEACHERS' BRIDGE AND DANCE

Delightful Function Held Last Night in Booth School; Retiring and New Trustees Present.

Instead of the regular January business meeting, the Prince Rupert Teachers' Federation held a bridge party and dance last evening in Booth Memorial School. Members of both the retiring and new board of school trustees as well as other guests were present. There were 14 tables of bridge and prize winners were Miss M. Hartin, George H. Stocks, S. D. Johnston, Miss Barrie and F. V. Vickers. After refreshments had been served, there was community singing under the leadership of J. S. Wilson and Miss Thora Thorsteinssen sang delightfully, accompanied by Miss E. P. Gracie. Dancing followed.

MISS NELSON CHARMING BRIDE

Was Married Last Evening to William Watts at Anglican Cathedral

Seldom has there been a prettier wedding than which took place last evening at the Anglican Cathedral, Rev. J. G. Gibson officiating; when Miss Alice Evelyn Nelson, daughter of John S. Nelson of Eighth Ave., became the bride of William Mills Watts, a well-known and exceedingly popular merchant of this city.

The bride was very pretty and charming as she entered the cathedral on the arm of her father while Miss Marjorie Lancaster played the Bridal March from Lohengrin. She was beautifully gowned in crepe back satin with uneven line and necklace of pearls and wearing the conventional bridal veil and orange blossoms. She carried a beautiful bouquet of roses and Lillies of the Valley. The bridesmaid, Miss Millie Osborne, was charming in shell pink georgette with silver girdle and shoes to match, carrying pink chrysanthemums and wearing a wide leghorn hat. George Pearson, formerly of this city but now manager of the Anyox drug store, an old friend of the groom, was best man. The ushers were Eddie Smith, Bob Bartlett and Jack Nelson Jr. The church was artistically decorated, this being the work of some of the nurses at the hospital.

After the ceremony while the register was being signed Miss Lancaster played Andante in G and prior to that Mendelssohn's Wedding March on the organ, the happy couple leaving the church amid showers of confetti and rice.

Following the ceremony intimate personal friends of the bride and groom were welcomed at the Nelson home by Mr. Nelson, Mrs. Galland and Mrs. Shortridge. The large double room was prettily decorated with daffodils and on the dining table at one end was the three layer wedding cake surmounted by streamers and surrounded by candles, the whole setting being very effective. The bride and groom received under a silver bell and the scene was one of much gaiety and merriment.

Bouffet supper was served by nurses from the hospital with Miss Winnifred Dibb, R.N., in charge and assisting her being Miss McMurphy, Miss Morley, Miss O'Neill, Miss Gordon and Miss Mary McTae.

The huge cake was cut by the bride and her health was ably proposed by A. J. Galland. The groom responded and Mr. Pearson and Mr. Gibson also made brief, humorous speeches.

A number of the young folks accompanied the bride and groom to the steamer Cardena on which they sailed to spend their honeymoon at Portland, Seattle and Vancouver. On their return they will reside on Atlin Avenue, Westview. The bride's going away dress was rosewood taffeta crepe and she wore a navy coat with black fur and hat to match.

LARGE AUDIENCE THRILLS AT "FOUR WALLS" PICTURE

John Gilbert Gives Great Performance in Strongest Part Since "Big Parade"

Wonderful Program of Entertainment All Next Week at Capitol

Is it better to marry the girl that will make one an excellent wife or the beautiful, unrestrained flapper that is the life of every party?

This is one of the problems faced by John Gilbert in his new starring picture, "Four Walls," which is now playing at the Capitol Theatre.

Gilbert plays the role of a New York gangster leader "railroaded" to Sing Sing for four years. When he leaves for prison, there are two women left behind who love him. One of them, played by Carmel Myers, moves into his home, helps support his mother, and waits faithfully for his return.

When Gilbert is released from his prison cell he finds both women waiting for him. Each wants his love and the first place in his heart. Which shall he choose?

Gilbert's decision is largely influenced by the fact that he really loves the girl who is the life of the party. But the methods he uses and the struggle he makes to arouse in her a truly great and noble love before making his own decision, contribute to making "Four Walls" one of the greatest pictures of the year.

TOC H. MOVEMENT IS DESCRIBED BY WORD AND PICTURE

Before an audience of about 30 persons in the Baptist Church Hall last night, Frank Webb, Dominion organizer of Toc H., spoke interestingly on some of the features of the movement. Illustrating his remarks with magic lantern slides, Mr. Webb described war scenes, the different houses of Toc H., various pads, etc.

Mr. Webb, who has been here for the past few days, will proceed Monday morning to Prince George in the course of his tour of the west.

Passengers sailing last night on the Cardena for Vancouver included Mr. and Mrs. W. M. Watts, Mrs. George Frizzell and E. Christiansen.

The program of pictures for the week is probably the best yet shown since the opening of the Capitol, and is as follows:

Monday, Tuesday and Wednesday, "WINGS," with Clara Bow, one of the greatest productions of all time; Thursday, Marion Davies in "The Cardboard Lover," (she also includes boxing and vaudeville); Friday and Saturday, Colleen Moore, in "Happiness Ahead," one of the biggest box office attractions of the past year.

The appearance of Jean Wilson-Browne is being anticipated with much pleasure by local music lovers and arrangements have been made to handle a "full house" for her opening here Monday.

TODAY AT THE

CAPITOL

2:30 AND 7 P. M.

25c and 5c; 35c and 5c.
